

### Baseball News

Last Wednesday on Monday's ground our club suffered defeat by the Munday lineup, perhaps a more correct way to state it would be to say that our club defeated themselves by making a number of very unfortunate errors, while the final score was 5 to 4 against us, if our errors had been pumberek like the hits of the opposing club, there would be a much more beautiful story to tell. Tankersly pitched wonderful ball, getting fourteen strikeouts and allowing only three hits against a collection of the very best ball players among amateurs.

A program will be rendered in the School Auditorium Saturday evening by the pupils of Miss Thomaia Brummett's expression class, to which everyone is invited.

one agrees that it is good  
ness and good economy for  
farmer to organize and do  
these things, but only the Texas  
Farm Bureau has offered a plan  
to accomplish these very desirable  
things in time to meet the present  
emergency. This plan is  
known as the Texas Farm Bureau  
Cotton Growers Cooperative  
Marketing Association. It is the  
result of eight weeks discussion  
with all

any of them would rather starve to  
death than ask for food, but they will  
almost get down on their knees to beg  
for clothes.  
Another report reads: "At Erfa, I  
saw little children walking around in  
the snow barefoot. Their entire  
bodies were almost completely naked.  
The scattered old rags that were  
about them were practically  
no protection against the cold  
weather. Yet most of them  
managed to survive, though the  
death rate was very high; far higher  
than it would have been had they  
been more old clothes from America  
to distribute among them and among  
the adults, who were just as  
off."

Shipping Address Announced  
To remedy these conditions  
Near East Relief is appealing to  
people of Texas to contribute  
their bundles of old worn out  
clothing. A bundle for those who  
nothing. No clothing is in  
may receive full credit for  
in this life saving work.  
Financial support  
to the Dallas, Tex.  
Bureau office.

"We have some truly heart-rendering pictures, facts, figures and information on the great need for such old clothing," Mr. Lowry said, "and are ready to place this material in the hands of those volunteering to aid in this life saving work. Particularly do we appeal to the church people of the state, for these people who are facing such destitute conditions are from the oldest Christian nation in the world, women and children of the Bible lands."

Carload From Temple, Texas  
An entire carload of old clothing recently was gathered and sent from Bell County, Texas, and in several other localities of the state similar movements are under way. The Texas Near East Relief Committee plan to start other County Carload shipments if volunteer workers or shippers can be secured.

In releasing this general appeal for old clothing, Charles L. Sanger, Vice President of Sanger Bros., of Dallas, State Chairman for the Near East Relief, said:  
"All have garments that are not in use. They are hoarded for sentiment, are kept to make over, those out of style, spotted, or too torn to be respectable."  
"People in Armenia will need these clothes this winter. Last year the clothes that were sent were eagerly sought by people of education and of some time wealth as well as by widows and orphans, for all alike had nothing else to replace the latter's patched remnants of garments that they wore when driven into the desert four years before.

Thousands Froze to Death  
"There were not enough to go around and thousands froze to death, or died of disease brought on by exposure to the severe climate of the mountain climate of Armenia."  
"Conditions this year will be as bad or worse than last year."  
Chairmen Urgently Needed  
The first and most necessary work, however, is to get in touch with individuals or organizations who will carry on this work, Mr. Lowry said, and those interested in this appeal should communicate with him directly. Since Mr. Lowry has been since as National Executive Director which day it is hoped it will be able to have completed the appeal to the people of Texas for old clothing.

The ball games between Knox City and Leaders last Friday and Saturday resulted in the following score: Friday, Knox City 5, Leaders 13; Saturday Knox City 4, Leaders 2. On Wednesday of this week the Seymour team came over for a game and lost to Knox City by a score of 7 to 3. In the first game with Leaders Tankersley and White did the pitching and in the second Billie Ward. Tankersley pitched the game between Knox City and Seymour.

In inferior gasoline much of the propelling force to motors is lost through the exhaust in the loss of heat units. It is the same thing with lubricating oils. Friction is reduced by the use of a good oil such as "Pennant" of a good oil. We handle only the best grade of both gas and oil. Hence more miles per gallon, less cost per mile.

### San Saba County Claims Lost 'Bowie Mine'

Rich beyond the iridescent dream of Croesus is supposed to be famous legendary "lost mine" some where in Texas. This lost mine is in some legends known as the 'Bowie mine.' The Spaniards who first came to Old Mexico and with Cortez captured the fabulous City of Mexico, came with magic fancies of indescribable wealth awaiting their conquest. The Indians were accustomed to point the finger to the north in mysterious ejaculations about a glitter of rubies and pearls with no one could describe. These Indian
