New Deputy Sheriff Appointed; Began Work Saturday; Positions Filled Now

SHERIFF H. C. STONE

DEPUTY KEN LAMASCUS

Knox County's new deputy sheriff started to work last week and he and his wife, Sylvia, and their three sons are making their home in the Benjamin jail.

Kenneth LaMascus, 32, was a former investigator for Retail Credit Co., and made his home in Seymour since 1957.

He has been employed by the credit company in insurance investigations.

He was raised in Oklahoma and New Mexico and has lived in Texas since 1948.

Former sheriff H. T. Melton was in Austin last week in training for the Texas Ranger job he was appointed to last month. He will be in Lubbock this week to get acquainted with his company. He will be stationed in Benjamin.

Sheriff H. C. Stone was appointed to fill the sheriff's post until the next general election by the County Commissioners.

Fire Siren To Blow Tonight at 7:30!

When the fire siren blows at 7:30 tonight, don't run for the cellar, 'cause its probably just the announcement that the Fire Dept. is starting its kickoff for the selling of switch plates.

The firemen are seeking a way to raise money for the kids baseball teams.

Minimum cost is \$1.00 and they will be installed at time of purchase. The plates list the phone numbers of the fire department, police, and hospital.

Homecoming Plans Announced

Knox City's Homecoming Parade will be held Friday, Nov. 3, at 4 p.m. Response to the parade has been good with 25 merchants entering and the junior and senior classes, Future Farmers and Pep Squad signing up.

Trophies will be awarded the sweepstake winner, runner-up, and most original. Presentation of the flags will lead the parade followed by the Knox City High School Band, then the homecoming queen and her attendants. Nominees for homecoming queen are Samantha Graham and Kathy Lowrey.

Judges have been selected for the parade. Anyone wishing to enter, call 658-3162, 658-3191, or 658-6391.

Christian Workers School To Open Monday, Oct. 23

A Christian Workers School will be held at First Methodist Church beginning next Monday, October 23 and concluding on Thursday evening, October 26. The classes will begin each evening at 7:00, and will include courses for parents, and teachers of children aged pre-school, school-age and youth. A special enrichment course, "The Teachings of Jesus," will be taught for adults.

The instructors for the school are: Mrs. Paul Hoffman of Abilene who will be teaching, "Teaching Pre-School Children." Mrs. Hoffman, who received her training in the East before coming to Abilene, teaches a weekday kindergarten at the St. Paul Methodist Church of Abilene.

Mrs. Virgil Patterson, of Merkel, will be teaching the course, "Guiding Children in Christian Growth." Mrs. Patterson, former Conference Director of Children's Work of the Northwest Texas Conference, has also taught leadership training schools throughout this conference and the Southwest.

Rev. Albert Lindley of Lubbock will teach, "Guiding Youth"—He is pastor of Overton Methodist Church in Lubbock and is a former pastor of Aspermont Methodist. He is a graduate of McMurry College and Perkins School of Theology in Dallas.

Dr. J. Edmund Kirby, Abilene, is the treasurer of the Northwest Texas Conference. He has served many pastorates and is a former District Supt. of the Pampa District. He will be teaching the course, "The Teachings of Jesus."

The Board of Directors for the Christian Workers School are: Joe Clonts, chairman; Mrs. Zeb Smith, Mrs. Doyle Graham, Miss Samantha Graham, Mrs. Paul Fitzgerald, Ulric Lea, Monty Penman and Alton Fitzgerald.

All churches are invited to participate as the instructors are certified not only by their own church, but by the National Council of Churches. Rev. Jarrell Sharp, pastor, said.

New Cub Packs Gets Scout Master And Assistant This Week

Kenneth Lankford has accepted the Scoutmaster position for the newly organized Cub Scout troop here, and his assistant will be Joe B. Turner.

The troop now has 16 boys and 15 signed up at the meeting last Tuesday night at the American Legion.

The American Legion is sponsor of the Cubs here.

LIONS VIEW FILM ON HOW TO SURVIVE AN ATOMIC FALLOUT

Knox City's Lions Club observed their weekly meeting and luncheon at the Methodist Educational building Wednesday and Lion President Gerald Averitt asked the club to vote on whether it desired to enter a float in the Homecoming activities planned here for Nov. 3.

The motion was made and seconded and met with the approval of the club.

J. M. Averitt presented the club a check from Mrs. J. W. Howell in the amount of \$100, "to be used for glasses or anyway you want to use it."

The club expressed its gratitude to Mrs. Howell on her generous contribution.

Paul Hoge, program chairman, supplied the program for the club in the form of a State Department Civil Defense release on the procedure to safeguard the home front in the event of an atomic explosion.

The film explained in detail the meaning of fallout and the rate of travel an atomic blast could contaminate.

A bomb explosion in the center of the United States could easily have two-thirds of the country under contamination in a single day the film showed.

In the film it said if St. Louis were hit by one atomic blast, four states would be in danger within three hours.

Not only is the radio active particles deadly to all living creatures, but land and all our agricultural supplies would be ruined.

The amount of radiation or Roentgen measurement the human body can stand is less than 200 in a single day. 600 Roentgen or "R" is fatal—200 R or more causes radiation sickness.

Shelter, the film said was the answer.

An explosion is made up of 85 per cent light, heat and blast and the remaining 15 per cent is radiation. Residual radiation after a blast goes as high as 15 miles and forms a cloud. It the cloud are debris of things picked up in the initial blast. The heavier objects fall fast, and some of the particles may circle the earth several times before falling to earth.

Naturally the closer the blast the higher the radiation.

The speed at which the radioactive cloud will spread depends on the direction and speed of the winds.

Only two things are important to withstand a fallout the film showed—First is the distance from the blast and second, the shelter. These are the only two ways to combat it.

"You can survive a fallout if you observe instructions," the film related.

Brotherhood Meets At Munday, Oct. 23

The Haskell-Knox Association of Brotherhoods will meet at the First Baptist Church in Munday, Monday night, Oct. 23.

A chili supper will be served at 7 p.m. and the program will begin at 8 p.m.

Demp Emerson, the new Association president, said that four local laymen will be the principal speakers.

Emerson said they realized this was a particularly busy time of the year for everyone, but that all men of the area are urged to attend the meeting.

Cub Scouts Have First Meeting

The newly organized Cub Scout troop here held their first meeting Monday afternoon in the home of Mrs. Estelle Hawkins.

There were nine boys present for the meeting. They were: David Speck, Johnny Carver, Brice Hill, J. L. Burleson, Clint Fletcher, Don Hawkins, Danny Feemster, Terry Clayton and Johnny Helms.

The Scouts will hold their next meeting at the American Legion Hall. They will meet each Monday afternoon.

Greyhounds Lose To Archer City By A Score, 14-12

Barry Morrison of Archer City made a long pass to Oliver for another touchdown in the last two minutes of the ball game last Thursday night making the score 14 for Archer City and 12 for Knox City.

Archer City scored first in the second quarter to give them an 8-0 lead at the half time.

In the third quarter, Eddie Williams scored to make it 8-6 in favor of the Wildcats.

Late in the fourth, Hound Fullback Charles Bateman scored to put Knox City ahead 12-8. Then Archer City fired up again to score their long touchdown.

At the end of the game, Knox City was on the 2 yard line, after completing a long drive from the Wildcat side.

Band Sweetheart, Beau Crowned

Miss Jackie Givens and James Eiland were crowned band sweetheart and beau at the half time at the Archer City game here Oct. 12.

Miss Givens, a senior, is head majorette for the band. Eiland, also a senior, is the band's vice president.

Holly Hines and Dwain Darland were crownbearers.

ATTENDS CONVENTION

AND MORE LEADERS — Joe Mark Clonts, Carla Shelton, and Jan Guinn. Second row, left to right Gwen Angle, Stacy Angle, Sheila Cobb. Third row, Pam Skiles, and Melinda and Roy Bryan Bankston.

Local Pilot Killed In Accident At Munday, Wed.

Robert A. Vadney, aviator and duster pilot of Knox County, was killed in a plane crash at Munday, Wednesday at approximately 1:30 p.m.

Vadney was working for Leflar Flying Service of Munday at the time of the crash.

He had been defoliating cotton and was attempting to land the plane at the air strip east of town.

In a telephone conversation with the Munday Times Editor Aaron Edgar late Wednesday, he told the Herald a number of persons witnessed the accident.

He said the left wing of the plane hit the ground first and bounced approximately 50 feet. Several who witnessed the accident attempted to remove Vadney from the plane but it burst into flame shortly after hitting the ground.

Cause of the accident was not determined at press time.

Brazilian Family To Speak At Foursquare Oct. 24

Rev. Lloyd Dickerson and his family of Brazil, and his sister, Velma Dickerson, will speak at the Foursquare Church in Knox City Tuesday, Oct. 24 at 7 p.m.

They will speak of their experiences in Brazil. Rev. Dickerson spent four years in the jungles. He will also show films of his travels.

Rev. Floyd Bailey, pastor, said the public is invited to attend the services.

Bill Johnston Of O'Brien In Serious Condition In Dallas

Bill Johnston of O'Brien who was injured in a fall from the top of a garage he was working on last Thursday, was transferred to a Dallas hospital Friday.

Latest reports are that he is in very serious condition there, after undergoing surgery the first of this week.

Jimmy Dutton Will Become Member Of National Chapter

Jimmy Seale Dutton, senior at Hardin-Simmons University, who is studying for a Bachelor of Arts degree will become a member of the Xi Epsilon Chapter of Sigma Tau Delta, National Honorary English Fraternity, at the initiation ceremony May 9.

The requirement of the initiation is to write a creative work and read it at the ceremony. Jimmy's poem was entitled "The Voice of Britain."

QUARTERBACK TO MEET

The Knox City Quarterback Club will meet tonight (Thursday) at 7:30 p.m. at the Field House.

Co. Commissioners Have Meeting

Knox County's Commissioners met in regular session, Monday, Oct. 9, with County Judge L. A. Parker presiding, and all members of said court being present as follows: J. V. Carver, precinct one; W. W. Trainham, precinct two; J. B. Eubank, precinct three; and George Nix, commissioner precinct four.

George Nix made a motion, seconded by J. V. Carver, that all approved bills be paid to the Justice of the Peace fee reports and all county bills be paid.

All voted in favor of the motion.

George Nix made a motion, seconded by J. V. Carver, that D. R. Donoho be appointed as Justice of the Peace for Precinct No. 4, to fill the vacancy left by the death of L. E. Hunter. Such appointment to be effective until the next general election.

All voted in favor of the motion.

J. V. Carver made a motion, seconded by W. W. Trainham, as follows:

WHEREAS, it has come to the attention of the Commissioners' Court of Knox County, Texas, in Regular Session on this, the 9th day of October, 1961, that the Texas Highway Department will order a location made from State Highway 222 in Knox County, southeast to Haskell County line provided Knox County, through its Commissioners' Court, agrees and obligates itself before location is made to fulfill the following requirements, on location approved by the Texas Highway Department, without cost to the State: (1) Provide clear title to the following, with standing timber: a minimum of 100 foot right-of-way, and right-of-way for such drainage facilities as may be required, such title to be in the name of the State of Texas; (2) remove all obstructions and encroachments except standing timber; and (3) do the fencing.

IT IS THEREFORE ORDERED, that Knox County herein by and through its Commissioners' Court, agrees and obligates itself, before location is made, to fulfill the following requirements at its own expense and without recourse on the state for any costs or other obligations incurred thereby:

(1) Provide clear title to the following with standing timber; a minimum of 100 foot right-of-way, and right of way for such drainage facilities as may be required, such title to be in the name of the State of Texas.

(2) Remove all obstructions and encroachments except standing timber; and

(3) Do the fencing; from State Highway No. 222 in Knox County, southeast to Haskell county line on location approved by the Texas State Highway Dept.

Signed: L. A. Parker, J. V. Carver, W. W. Trainham, J. B. Eubank, and George Nix.

George Nix made a motion, seconded by J. V. Carver, that hereafter, effective as of Oct. 1st, 1961, the Commissioners' salaries be paid out of the individual precinct's Road and Bridge funds.

All voted in favor of the motion.

FLAMELESS Electric RANGE...

the most exciting thing that ever happened to cooking

BLUE RIBBON PRIZE WINNER,

Mrs. Bob Branch, 818 Glenhaven, Abilene, Texas, has good reason to believe flameless electric cooking is best. The rolls she baked on a flameless electric range won the blue ribbon prize at the 1961 West Texas Fair.

Like so many good cooks — Mrs. Branch has secrets not found in recipe books — and flameless electric cooking is one of them. BE CHOOSY—do as prize-winning cooks do — cook ELECTRICALLY!

REFRIGERATOR ROLLS
Crumble cake of yeast over 1/4 cup sugar. Set aside. Melt 1/2 lb. margarine or butter. Add 1 cup of milk to melted margarine or butter to make lukewarm mixture. Stir sugar and yeast together to make a liquid and add to milk and margarine or butter. Add 2 eggs, beaten. Add 4 cups flour and 1 tsp. salt. Chill 4 hours. Shape into rolls and let rise at room temperature till doubled. Bake 15 minutes at 400°.

Uncle Ben from Benjamin says:

For a spell there after the election it looked like they were going to try to run the country without any pamphlets and free advice from them Government agencies. It was gitting so the rural mail carrier out our way wasn't more'n half earning his

pay. But this is to report, Mister Editor, that the pamphlet boys in Washington has now crossed the New Frontier in force. Even the wimmen folks is now gitting advice from the various bureaus on how to keep house.

For instant, my old lady got one last week explaining how she might live five year longer if she'd take some short cuts in the household chores. Being as how she's already liable to outlive me by about 10 year, I think they was sending this stuff to the wrong party.

Anyhow, this piece from the Home Economics Division—whatever that is—claims the average wife walks 262 feet and circles a bed 3 to 4 times making it up. They claim only 23 feet and onct around the bed will do the job scientific. The piece also says wimmen should quit ironing socks, towels, sheets and such items and just fold 'em. I ain't got no comment, Mister Editor, on such goings-on from the Government. If you've got any, I'm shore the men folks would ap-

preciate it if you'd put it on the editorial page.

And about all the fellers at the country store Saturday night reported gitting a pamphlet last week from the U. S. Bureau of Standards on how to judge a hearing aid. Some of them was a little riled up about tax money being used on this piece.

Ed Doolittle, for instant, allowed as how most Government business was now done on television, especial the elections, and the Bureau of Standards ought to be working on better bifocals. But Zeke Grubb figgered maybe they was preparing the voters for the next election so they could judge the debaters better. Bug Hookum sided with Ed, said in the next debates he was going strictly on looks and was going to vote for the frontier man that looked the most like Daniel Boone, regardless of how the candidates talked. It was general agreed by all that what this country needs most right now ain't a better hearing aid.

Clem Webster said he ain't got the official pamphlet on it yet but he saw in the papers where the Health Department claims a feller's mind is a little off when he's dead tired. Clem, who ain't knowed for long hours and hard work, claims a feller that'll work till he was dead tired was a little off to start with.

Yours truly,
Uncle Ben

"AMONG OTHER THINGS . . ."

By BOB BURNETT, JR.

It is rather tragic that so many of us Americans are so ungrateful for the many blessings we have. We never stop to consider that out of the world's two billion people, we are the chosen few. Instead, many of us spend entire lifetimes trying to compete with the people across the street.

For example, the average adolescent (including yours truly) is highly insulted if asked to mow the lawn; and putting in a good, hard, day's work is considered a violation of the child labor laws. The only exercise many of us ever get is walking to and from the car.

A young American girl is also indignant if her friend's new formal cost \$1.98 more than hers did. She also considers the week lost if she doesn't have her hair done in the latest style. It is very sad that on other parts of the globe, a woman is considered rich if she has three or four good dresses, and two pair of shoes.

Neither, however, are Mom and Dad blameless. Instead of considering themselves highly fortunate to have the clothes on their back and three meals a day, they are unhappy if the clothes are not the finest quality and most expensive materials—and if the meals do not consist of loin steak. It upsets me to know that others, even in our own country are starving to death while we are throwing food in to the garbage pail that

they would give eye-teeth to get.

It all boils down to the fact that Americans today are too fortunate. We have been showered with countless blessings and yet we are constantly trying to get our greedy little hands on more and more material wealth.

To sum it up it is commendable to raise our standard of living but let us also raise our stand-

ards.

The Grand date this 27, will m in the first the year.

QUALITY JOB PRINTING

What is Job Printing? Actually it is anything and everything you see printed on a sheet of paper . . . Such as the letterheads and envelopes you receive your bills in each month—plus the statement itself.

The Herald is equipped to print anything and everything you want, need, or desire in the form of a printed sheet of paper.

On top of that, we are always glad to help you plan and produce any type original form or idea you may want.

In other words—what do you want in the way of printing? Just let us know and we will produce it for you!

In the past month we have printed, envelopes, letterheads, business cards, statements, a bushel or two of varied ruled forms, wedding announcements, several club books (one with an embossed cover) and a number of cards and miscellaneous other types and forms of printing.

Another service we offer is imprinting bank checks—either for business or personalized . . . or checks designed especially for you or your business.

Next time you have a printing order—let the Herald have a crack at it! That way, we'll both be pleased!

Call 658-2281 . . . and we'll be right out to do business with you.

the book worm

"Students should have exciting, stirring books, documents and source materials."

This quotation is from an article entitled "Needed: Revolution in the Social Studies" by Charles R. Keller, SATURDAY REVIEW OF LITERATURE, Sept. 16, 1961.

The article intrigues Old Chel in several ways. Keller points out that the social studies (history, geography, political science, economics, sociology, anthropology, psychology and the like) are being taught differently from the way that we were taught. History (his story) is in biography, letters, diaries, documents, maps, newspaper clippings, magazine articles, personal interviews, etc.

How much richer a course with these aids than the one that Old Chel had with only a textbook. To fill the big gap in our learning we acquired some years ago Commager's DOCUMENTS OF AMERICAN HISTORY. Into this we have delved many times.

For instance here are some of the documents that Commager's book gives: "Privilege and Prerogatives Granted to Columbus, April 30, 1492," "The Mayflower Compact, Nov. 11, 1620," "Jefferson's First Inaugural Address, March 4, 1801," "The Monroe Doctrine, Dec. 2, 1823," "The Annexation of Texas, March 1, 1845," "Lincoln's Message to Congress, July 4, 1861." There are hundreds of other documents in the collection, a true jewel in any library.

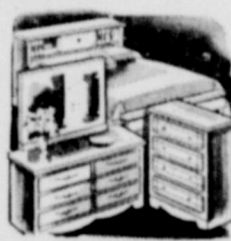

How long has it been since you have read the Constitution of the United States? It might be an interesting study to find how many people out of a dozen have NEVER read it. Some of our naturalized American citizens can put some of us to shame.

Do you HAVE a copy of it? Do you have a copy of the United Nations Charter? Have you read it? For a few cents you can have these documents. In fact, THE WORLD ALMANAC contains both the Constitution and the U. N. Charter. The Texas Almanac has the Constitution.

The High School Library has all of these books and many more. It contains a good collection of biographies and many more are being added as weeks go by. World figures in the news make good additions to a collection. We saw a series of scrap books once in a newspaper library. Several contained stories on Woodrow Wilson we remember. Is anyone keeping such a scrap book in our community for one who is making the head-

ness is of the Lord: He is their strength in time of trouble. Who-so-ever will may come unto Him and be saved and when you are you can say, "The Lord is my light and my salvation; whom shall I fear? the Lord is the strength of my life of whom shall I be afraid?"

FM ROAD BUILDING PLAN — State Highway Chairman Herbert Petry Jr., of Carrizo Springs completed one major assignment for Gov. Price Daniel, but has a tougher one ahead.

Petry and Daniel worked out agreement with the Texas County Judges and Commissioners Association under which the farm-to-market road building program will be modified, along lines long advocated by the Texas Good Roads Association and the Highway Commission.

But now the plan has to be sold to the powerful Texas Farm Bureau at its convention in Galveston November 13-15.

Governor Daniel vetoed the \$15,000,000 appropriation for FM road construction from general revenue for the year starting next September 1, saying it was time to settle the question of rural road maintenance. He got together a committee of road-minded people.

County Judges and Commissioners agreed to this plan — pay for about \$17,000,000 of the present \$18,000,000 cost of main-

taining rural roads out of the \$50,000,000 now going to FM road construction. They also agreed to build a total of 50,000 miles of FM roads, instead of 35,000 miles now set as unofficial goal. Present mileage—34,000.

COUTH OPENS — Appellate courts opened their fall terms, handing down dozens of decisions.

Key case of great importance was decision in suit of Key Western Insurance Co. of Abilene against the Board of Insurance, from both insurance and legal points of view.

Here the Supreme Court upheld a new requirement that appeals from decisions of the Board of Insurance on approvals of life insurance policies must be tried "de novo" or "anew" rather than accepting the old rule that an administrative agency is to be upheld if its decision was not arbitrary or capricious.

Of major importance also was award of \$139,250 to the City of Graham for damage done its sewage treatment plant by backing up of water of the Brazos River Authority's Possum Kingdom Dam. Case goes back for retrial of whether Graham can collect for damage to its water plant.

PADRE STUDY — Gov Price Daniel got together his special committee to study the idea advanced by Land Commissioner Jerry Sadler to make Padre Island a state park instead of a national seashore area.

Sadler, a member of the committee, did not get word about the meeting and was not present.

State Parks Board Chairman J. Carter King of Albany, said the whole appropriation of the board for the next two years would not scratch the surface of making Padre Island into a state seashore area. King is worried about the 74 presently designated state parks.

Daniel asked the study committee to have a recommendation ready in time for the winter special session of the Legislature to take policy action on the state vs. federal issue.

Daniel feels Padre should be dedicated as a public area, by

The KNOX COUNTY HERALD, KNOX CITY, TEXAS, THURSDAY, OCTOBER 19, 1961

INSURANCE CLAIMS RISE—Insurance spokesmen estimate that \$5,000,000 already has been paid out on windstorm insurance policies. Rate of payment of the claims will reach 20,000 a week soon, William J. Harding, coordinator of the Texas Joint Loss Catastrophe Plan, said.

BUSINESS BETTER — Texas business perked up in August. University of Texas Bureau of Business said new sales tax, taking effect Sept. 1, accounted in part for August activity hitting all-time high.

September figures are expected to be badly out of kilter because of the slowdown in industrial and nearly all activity on the Gulf Coast during and after the hurricane.

WHERE TO GO — Big events of Texas communities during the spring months are advertised in the State Highway Department's "Texas Calendar of Events," just out.

Lovers of good cars - what more could you want!

'62 CHEVROLET

Hasn't this one got it, though! Class. Freshness. Stretchout comfort. All the things you could reasonably want.

Fourteen lovely, lively models to choose from, including a Sport Coupe with a roof line that's a dead ringer for the convertible's.

For "git," you can pick an economical 6 or your special favorite of five vigorous V8's (right up to two 409-cubic-inch powerhouses*). For putting that power to work: just the way you want it, there are four transmissions.

More? Plenty. You've got the Chevrolet's Jet-smooth ride, cradled by a Full Coil spring at each wheel. Plenty of handy helpers like longer lived mufflers for all engines and a standard-equipment heater and defroster. All this on top of Body by Fisher craftsmanship.

Still more? You bet. And your Chevrolet dealer's just itching to tick it off for you firsthand.

New Chevy II 4-Door Sedan. Mmmmm!

NEW CHEVY II

Sensibility at its Sunday best in a totally new line of cars!

Here's sturdy simplicity that saves you money in service and maintenance. A frugal 4- or satiny 6-cylinder engine (in most models). Mono-Plate rear springs that eliminate the friction of multi-leaf springs. Nine new-sized models including the soon-to-be-available hardtop, convertible and station wagons with heater and defroster as standard equipment—and with roominess that'll make many a full-sized car sit up and take notice.

Pop into your Chevrolet dealer's and see what a pleasant turn driving's taken in the neat new Chevy II.

Mrs. Finley Speaks At Study Club

Mrs. H. W. Finley spoke to members of the 1946 Study Club Tuesday on the "Preparation of Dried Materials." She displayed a number of attractive arrangements and explained their contents.

The speaker told of several methods of drying flowers and foliage and showed examples of

each. Mrs. George Houston introduced the speaker and Mrs. Robert Ferrier presented her with a gift following her talk.

Refreshments of chocolate cake coffee and nuts were served to the members as they arrived.

The serving table was centered with a dried arrangement made by Mrs. Finley.

A Hallowe'en motif was carried out throughout the room. A large Jack-O-Lantern was used on the piano with orange py-

racantha berries.

Hostesses for the afternoon were Mmes. Don Railsback, Arnold Glover, and Ferrier.

Mrs. Curtis Hines sang "Trees" accompanied by Mrs. Tommy Heffington.

Mrs. Mary Leone Hoge was a guest. Mrs. Leon Burkham was voted as a new member.

Other new members welcomed to the club were Mmes. J. F. Lewis, Archie Lieb, Harold DeMoss and Malcolm Schwadlenak.

The club voted to send a donation to the State School at Abilene for assistance with their Hallowe'en Carnival. Cans of nuts were distributed to members for sale.

Mrs. Ben Knight was appointed chairman of the float committee for the Homecoming Parade. Others on the committee included Mmes. Clyde Voss, Kenneth Crowover, Curtis Hines and Tommy Reynolds.

Next meeting of the club will be Nov. 7, when Jack Cox of Breckenridge will speak on Americanism. Hostesses will be Mmes. Paul Hoge, A. J. Keathley, DeMoss and Lieb.

Uncle Ben From Benjamin Says:

DEAR MISTER EDITOR:

I see by the papers where they has outlawed exposed shirt tails on the public streets in Florence, S. Carolina. Any feller caught with his shirt tail hanging out gits fined \$12 and the court cost.

That's a mighty fine law and I aim to write the Mayor of that city and congratulate him. This fad of wearing your shirt tail blowing in the breeze is a abomination unto decency. In the first place, you never know fer shore if the feller is wearing it outside on purpose or whether it slipped out when he wasn't looking. And you walk down the street a block wondering about that instead of keeping your mind on your troubles.

Man is a ornery animal anyhow. Fer centuries he has been plagued with the job of keeping his shirt tail in. It would crawl out ever time he'd lunge fer the butter at the table. And sometimes it would just jump out from pure cussedness. A feller walking down the eyeel at church Sunday morning never knowed fer shore if his shirt tail was in or out. It was a matter of constant concern fer all modest men.

Then, a few year ago, somebody come out with a invention to keep the shirt tail from crawling out. They put little rubber strips inside the waist band. That turned the trick. It was a remedy fer a bad situation that had existed since the first day man wore shirt tails.

And about the same day this smart inventor solved the creeping shirt tail problem, some other feller come out with this crazy fad of wearing the shirt tail on the outside. Sometimes I think man gits about what he deserves in this world.

I see where this column writer just back from Russia says ole Khrushchef ain't gitting no place with his horse meat program. I reckon it's pritty hard to sell them Russians the idea they're burying the West with production and sell 'em a horse meat diet at the same time. My sympathy is all fer the horse and I'm agin horse meat as a matter of principle, but if horseburgers will help them Russians develop some horse sense, I'll go along with it fer a spell, starting with Khrushchef.

Well, Mister Editor, fall is just around the corner, vacations is gitting over and folks will leave to git down to work agin. I've found that after 50 a feller still has lots on the ball, but it's harder to git the ball rolling. Most of the city kinfolks has all gone home from their summer visit and all us country folks has got to do now is refill the cupboard.

Yours truly,
Uncle Ben

Benjamin School News

Benjamin High School football team played Guthrie Friday, Oct. 6. Benjamin won 28-0. It was a very good game. Congratulations fellows.

The Benjamin Grade School football team was not quite so fortunate. They played Weinert and lost 25-7. Better luck next time!

The Benjamin Mustangs traveled to Jayton Friday night and lost 60-12. The boys played well and the pep squad really yelled, but it just took a little more than that.
