Baird Bears Pit Strength Against May Tigers Here Today

Though the Baird Bears hold a lead in the district championship race they are still a few jumps from the top yet—three jumps to be exact—May, Clyde and Putnam. The first of these hurdles will be met to-day. Whether the powerful Bear line will be able to withstand the May assault remains to be seen. The Baird team suffers the loss of ace Quarter Back Yarborough who was injured in the Strawn game. Yarborough has an injured ankle which will prohibit his taking part in the game to-day. Yarborough, remember, is half of the passing combination that has done much to increase the Bears rating in the district. Mike Hughes, another nifty, will play Yarborough's position.

The Baird-May game is the last game of the season to be played on the home turf. Both the Putnam and Clyde games will be out of town. There is a possibility of a Thanksgiving day classic on the home field but it isn't definite. At any rate to-day's game is the last conference bout to be played on the home field so it might be a good idea for ye citizenship to unfurl the banners and come out for the affair.

Baird Bears Defeat Strawn 27-0

Last Friday the Baird Bears' eleven met the Strawn Greyhound team in a tussle for the lead in the District Champ race. Between the Strawn fumbles, and Baird lucky breaks, the Bears managed to ring up a score of 27-0 in their favor. I say lucky breaks for Baird, but perhaps the word would be more descriptive of the Bears' playing if it were changed to "plucky breaks," for the Baird team was certainly in top-notch form, playing with the skill of veterans. Anyway you want to look at it, Friday's game was football at its best.

The game started out in high. Strawn kicked off to Baird, Clyde Yarborough received the ball and completed a beautiful lateral to J. B. Pitzer that was good for a 90 yard run for the first score of the game. You can trot out all of the superlatives you wanna for that play and it'll still fall short. This commentator will go so far as to say it hasn't been equalled in any of the college games and if it doesn't put Pitzer and Yarborough on the all-district, there's a screw loose somewhere. Williams, magic toe of the squad, made the extra point. In the second quarter, a completed lateral from Finley to Watts, behind the goal line chalked the Bears' second score. Williams again making the extra point. Third score came in the third quarter when Pitzer galloped 24 yards for a counter. Final score was chalked up by Gene Finley with Williams adding the desired one point count.

Something should be said here in behalf of the Strawn crowd. A horde of boosters, as well as a thirty two member band, accompanied the Greyhounds. A spirited group of pep girls cheered practically incessantly for the Strawn team, while a fully uniformed band added color to the day. Something also, might very well be said for the sportsmanlike attitude of the Strawn rooters. Your writer-upper had the occasion to stand on the Strawn sideline. Usually, entering the boosting lines of the opposition is comparable only to a trek into No-Man's Land. If you show your color, you're—well, from past experience I dreaded the invasion and I'm here to say I was pleasantly surprised and favorably impressed with the Strawnites' behavior. If everyone were as agreeable as that group, it wouldn't belong before sports writers could visit the opposing side lines without a spare gas mask in the hip pocket.

Federated Missionary Society

Federated Missionary Societies of Baird met Monday afternoon at the Methodist church for the regular fifth-Monday meeting when Mrs. J. F. Fielder of Abilene addressed the body on "The Book of All Books." The meeting was followed by serving light refreshments in the basement.

The session was ushered in with prayer by Mrs. Bob Norrell. The congregation sang and Mrs. Ace Hickman gave the devotional from the first three verses in Genesis and an adaptation from the New Testament. Mrs. Buster George sang ascriptural song accompanied on the piano by Mrs. V. E. Hill. The dismissal prayer was said by Mrs. Hamilton Wright.

Around fifty Baird and visiting women registered.

The next meeting of the societies is scheduled to be held at the Presbyterian church.

The following registered at the Monday session:

Mmes. A. L. Cook, M. J. Holmes, J. R. Fielder, Abilene; W. A. Miller, Leadey, Texas; P. M. Coats, N. M. George, Willie Barnhill, Joe R. McGowen, E. B. Mulligan, B. L. Russell, Sr., V. E. Hill, M. J. Red Cross Roll Call

The Annual Red Cross Roll Call begins Friday, Nov. 11-Armistice Day. Tee Bauleh of Clyde has been named roll call chairman and is marshaling his forces for the drive. Callahan people should respond liberally to the call as our people who were sorely in need of assistance following the Clyde tornado were cared for most liberally by the Red Cross.

Mrs. Ace Hickman, who has been named local chairman for Baird, has appointed the following committee to help in the drive for members, the city being divided into four sections, the dividing line being Market Street and the Highway.

Northwest section, Mrs. C. W. Coats.

Northeast section, Mrs. Clyde White.

Southeast section, Mrs. E. C. Fulton.

Southwest section, Mrs. W. A. Fetterly.

Mrs. Hickman and Mrs. L. L. Blackburn will solicit members in the business section.

Activity Increased In Oil Development

Putnam News

Charlie Kleiner and L. O. Warren drilled in a well on the Dr. Clark lease which is said to be good for ten to possibly fifty barrels. This oil was found at about seven hundred and forty feet. McManus and Holder of Breckenridge, who have been operating in the Putnam shallow field some time, brought in a good gusher on what is known as the gopher lease about two miles north of Putnam, Tuesday. This is the third well to be drilled on this lease in the last sixty days, and all of them have been good gas wells.

L. B. Williams, drilling for Fort Worth parties on the L. J. Cook lease about one and one-half miles west of Putnam, brought in a well Tuesday in new territory, which is said to be good for two or three barrels per day. There will be other wells drilled on the Cook and the Dr. Clark lease at an early date however there have been no new locations up to the present time.

The Finley well, section 75, in the southeast corner B. O. H. land on highway 80, east of Baird, closed down at 1790 feet and have had a fishing job several days.

Forest Development Corporation of Abilene filed purchasing leases for the southwest part of Callahan county, block 6, of SPRR land extending into Taylor county this week. They will likely drill a deep test in the near future.

Oil States Exploration Company have eased in block 8, SPRR land and it is reported that a deep test is planned. This location is about 1-2 mile from Taylor county.

I. N. Jackson has leased parts of 4 surveys in the Shackelford Callahan county line to Aloca Oil Company of Dallas recently. This location is north of Baird.

Rambling Reporter

Yep, your old reporter didn't get around last week; a combination of flu and home duty didn't work well for this rambling business. However, we have the situation well in hand this week, and the victim of to-days interview is the Clyde School.

Superintendent Olaf South is a nice sort of person who gives news generously and at the same time hides the pain of the procedure. In fact we always linger awhile with Mr. South so it won't seem so long until we can come back.

Things were certainly astir on the Clyde school front last week. These students staged a big carnival last Saturday night with a coronation in one of the church buildings afterwards. One hundred and seventy-eight dollars and sixty cents was made on the carnival. This money will be divided among the classes and various school organizations. The carnival they tell me, went off like clock-work with the King and Queen equipment helping immensely with the announcements and so on. In the Queen's race, the senior candidate, Kathleen Collins, who came out a few votes ahead of her fair competitors. The coronation according to our friend Mr. South, was really something for the record. The Baptist Church was used for this ceremony with the front of the church magically transformed into the loveliest of woodland scenes for the occasion. Autumn leaves and tree trunks were arranged to resemble a nook in a forest and with the aid of the school curtains and proper lighting the effect was glorious. Jodie B. Babbart acted as herald to announce the queen and her attendants. The Queen, Miss Kathleen Collins was escorted by another member of the senior class, Floyd Patterson. Attending the Queen were Dukes and Duchesses from every class in school, from the Junior room came Annie Jane Tyler and Dane Robinson, the sophomores, had Marjorie Bagwell and Melton Tarrant the freshmen were represented by Opal Morrissett and Dewey Tessier. From the ward school came Queen Willie Nell Armstrong and Leon Freeman with a consort of nobility from the seven ward school grades, these included, seventh grade: Mary Faye Cornelius and Louis Wright. Sixth grade: Beulah Faye Paige and Eston Shellnut. Fifth grade: Virginia Woodall and Billy Kennard. Fourth grade: Wanda Jo Peel and Allen Earl Armstrong. Third grade: Rosalie Forester and Bill Gregg. Second grade: Eva Mae Freeman and Tommy Smith. First grade: Nancy Bailey and Paul Jean Corder.

The Clyde School news paper, which bears the suggestive title of "The Growl" (which more than apt came from the fact that Bull Dogs are the school symbol) has been functioning nicely for the past few weeks. The paper is published in connection with the Clyde Enterprise and has a special corner to itself. The Growl staff includes Editor, C. E. Bently; Manager, Paul Dulaney; Assistant Editor, Grady Jolly; Sports Editor, Jesse Pyeatt; Society Editor, Letha Doris Eager; Jokes, Kathleen Collins; Senior Reporter, Jack Clemmer; Junior Reporter, James Allen Hayes; Soph. Reporter, Hugh Tarrant, and Freshman Reporter, Evalyne Petty.

AROUND TOWN

By Otto B. Grate

Yippee, an' a coupla' lusty whoops! The Baird Bears are sailing on to the district championship, full speed ahead. Hallo-ween is over with no particular damage done to property, etc., and all n' all, things are lookin' up in the ome town this week.

Due to have blown in yesterday was Robert "Let 'er Buck" Estes, who was hurt during a rodeo performance at Madison Square Garden and who is coming back to the home nest to recuperate.

Here's one for the record. A pet dog, dubbed "Snow White" because of her color, followed true to form last week when she presented her owner with seven puppies, all of which were white but one tiny black one, Dopey, of course. This department wonders what would have been the result if the obliging purp had been named Ali Baba.

Birthdays go this week to Shine Henry and Dorothy Estes who'll celebrate with a double header Saturday.

Watch the birdie, kiddies, and smile. The Plaza is importing a gink today to take home movies of the town and probably of the football game. There's a chance that this may be put off until later, if the pictures can't be developed in time for a showing Friday week, but chances are that the Baird-May tiff will be recorded by camera.

The Plaza line-up for the next few weeks looks like a movie fan's paradise. Right up the alley of you jitterbugs is "Carefree," the Rogers-Astaire picture due Sunday and Monday. It features some nifty song hits and the new dance craze, "The Yam." Sunday and Monday week brings in "The Rage of Paris," the show responsible for changing America's hair-dress. If you want still another flicker for the future, there's "My Lucky Star" which checks in two weeks hence on the 21-22. Laying all of these in the shade, however, is the Thanksgiving opus of "Suez." 'Nough said?

Spotlight of the week goes to Pop Corn Man Voschelle of the Plaza. He is one of the younger set, but definitely deserves a pat on the back for his pleasant smiles and friendly attitude. Since it seems you must "grow" a good disposition and not merely "acquire" it, it looks as though Wilbur, starting at it early, ought to have an exceptionally fine one, and have a bumper crop of friends while he is at it.

RAIN AND WIND HERE

A heavy wind and rain visited Baird and vicinity yesterday forming. The wind did considerable damage. The skating rink top was blown down; John Starkes tent in which the family lived was torn down and limbs torn from trees.

A good rain fell for several hours which is of great benefit.

Noted Woman Writer Visits Baird

Mrs. Mary Winn Smoots, better known as "Aunt Lucindy" of Dallas News fame, was in Baird last week gathering material for one of her famous Aunt Lucindy and Jeems Rainwater Touring Texas sketches which have been running for years in papers of Texas and Southwest.

Mrs. Smoots is perhaps the best known writer of fiction in Texas. Her stories of the ridiculous antics of the grotesque old couple Aunt Lucindy and Jeems have entertained reading audiences from coast to coast over a period of thirty years and the drolleries of this quaint but lovable couple as they travel about the country seeking a new location after having "struck ile" in Van Zandt county, Texas, never fail to arouse the risibilities of their many admirers and the visit of Aunt Lucindy and Jeems to any town and the narration of their various adventures in the local newspaper is always hailed with joy by the reading public which never seems to tire of Aunt Lucindy and Jeems.

Quoting from "Notable Women of the Southwest" in which Mrs. Smoots is listed as the oldest living woman humorist in the United States, the sketch of her activities states, "The fact that Mrs. Smoots has written about one character for thirty years and to three generations of readers is a wonderful tribute to her ability as an entertaining writer. It is a fact that Aunt Lucindy stories are read as eagerly today by old and young as they were thirty years ago when she first made her appearance in the Dallas News and Semi-Weekly Farm Sunday and are still going strong which speaks a remarkable liter-

ary achievement." The Star is pleased to state that "Aunt Lucindy in Baird" will soon appear in the Star and run for several weeks. Look out for this interesting narrative of their experiences while getting acquainted with the citizens of Baird and don't miss a single issue. Remember there is only one Aunt Lucindy in the world and she will positively appear in The Baird Star beginning November 11th.

Delphian Club

The Delphian Club met Thursday October 27th in the home of Mrs. W. P. Brightwell, with Mrs. T. P. Bearden as leader for a most interesting program on Travel Through Europe. Roll Call was answered by eighteen members with interesting facts about Europe. Mrs. Melroy talked on France and Belgium and Mrs. Bearden told of England, Spain and Czechoslovakia material from both these parts was taken from letters written to Mrs. Bearden by her niece, Mrs. O. B. Mantell of Prague, Czechoslovakia formerly Miss Melba Tabor of Baird. The program was concluded by a description of Nazi Germany given by Mrs. Earl Johnson, during the business session Mrs. Hugh Ross was elected delegate to the State Convention of Federated Women's Clubs, which meets this month in Austin.

Those present at the meeting were Mrs. E. H. Adams, T. P. Bearden, W. P. Brightwell, R. H. Brison, Irvin Corn, E. C. Fulton, Haynie Gilliland, Lucille Hall, A. B. Hutchison, Earl Johnson, S. L. McElroy, Carroll McGowen, Bob Norrell, Hugh Ross, James Ross, C. B. Snyder, Jr., Ashby White and Nat Williams, members, and one guest, Mrs. L. L. Blackburn. The next meeting will be held on November 8th in the home of Mrs.

R. H. Brison with Mrs. Lucille Hall Baird, leader for a program on Education.

The Fords Tell Their Plans for 1939

If we knew anything better we could do for the country than make good motor cars, we would do it.

By every one doing his best in the job he thinks most useful, this country is going to regain its momentum. We have tried to do our best in our job.

When business was suddenly halted in its recovery more than a year ago, we determined that we should keep going anyway, if not at full-volume motor car production, then at getting ready for greater motor car values that would help future production.

EXPANDING FOR THE FUTURE

We began to build 34 million dollars' worth of new plants and equipment. We felt that if we could not employ all our men building motor cars, we would employ as many as we could building better production facilities.

We were told, of course, that this was no time for expansion, that a wiser business policy would be to "hold everything"—which means, stop everything. But no one ever got anywhere standing still.

Besides, we are not defeatists. We do not believe this country has seen its best days. We believe this country is yet in the infancy of its growth. We believe that every atom of faith invested in our Country and our People will be amply justified by the future. We believe America is just beginning. Never yet have our People seen real Prosperity. Never yet have we seen adequate Production. But we shall see it! That is the assurance in which we have built.

Business is not just coming back. It will have to be brought back. That is now becoming well understood in this country; for that reason 1939 will be a co-operative year. Manufacturers, sellers and buyers will co-operate to bring back the business that is waiting to be brought back.

This construction program is almost completed. It has increased activity and payrolls in a number of related industries. It has given us better facilities for building better cars and trucks, and eventually our new tractor which is being perfected.

THIS MEANS MORE VALUE

The current program has provided a new tire plant, which will turn out a part of our tire requirements . . . a new tool and die plant that will help us cut the cost of dies . . . and a steel-press plant that will enable us to make more of our own automobile bodies. These are in addition to the plants we already had for producing glass, iron, steel, plastics, and many other things.

We don't supply all our own needs, of course, and never expect to. The Ford engine is one thing

Henry and Edsel Ford, on the occasion of the 35th anniversary of the founding of the Ford Motor Company, June 16, 1938

that no one's hand touches but ours. Of nearly everything else we use we build some quantity ourselves, to find, if possible, better and more economical ways of doing it. The experience and knowledge we gain are freely shared with our suppliers, and with other industries.

We take no profit on anything we make for ourselves and sell to ourselves. Every operation, from the Ford ships which first bring iron ore to the Rouge, is figured at accurate cost. The only profit is on the finished result—the car or truck as it comes off the line. Some years, there is no profit for us. But we see to it that our customers always profit. A basic article of our business creed is that no sale is economically constructive unless it profits the buyer as much as or more than the seller.

Our new plants have helped us build more value into all our cars for 1939. That means more profit on the purchase to the purchaser.

We have not cut quality to reduce costs.

We simply will not build anything inferior.

NEW TESTING EQUIPMENT

While we were putting up new plants to produce cars, we constructed new equipment to test them. The first weather tunnel of its kind ever built for automobile research went into operation at our laboratories this year.

It makes any kind of weather to order. The weather it delivers every day would take months to find in Nature. Our cars are weather-tested to give you good service in any climate anywhere.

In other tests, every part of the car is punished unmercifully. Then our engineers tear it down to see if they can find abnormal wear or any sign of weakness.

The money we spend on tests saves you money on repairs. And your family car is safer and more dependable when we put it in your hands.

THE NEW CARS

We have two new Ford cars for 1939—better cars and better looking—but we also have an entirely new car.

It's called the Mercury 8. It fits into our line between the De Luxe Ford and the Lincoln-Zephyr. It is larger than the Ford, with 116-inch wheelbase, hydraulic brakes, and a new 95-horsepower V-type 8-cylinder engine.

We know that our 1939 cars are cars of good quality. We think they're fine values in their price classes.

With new cars, new plants, new equipment, the whole Ford organization is geared to go forward.

F. F. A Plans Spring Stock Show

The Baird F.F.A. Chapter, under the supervision of Mr. E. E. Jones, Vocational Agriculture teacher, plans a stock show for showing of animals now being fed out as projects for individuals of the organization. The show, largest exhibit of its kind Callahan County has seen in a number of years, will be held some time in the early spring.

If the projects underway at the present are to be taken as an indicator of the material to be seen at the stock show, the show will be one of the finest shows in this part of the state. At the present the major project of the club is calf feeding. The boys have 14 calves on feed with the estimated sale of the animals at \$1,000. These are projects less treacherous than feeding. However, this plays an important role in this section where high bred animals sometimes fail to bring a premium market; it prepares the young feeder, enabling the young feeders to take advantage of all conditions of the cattle industry, teaching them to feed when it is profitable and when otherwise, market without feed.

The project ranking second, according to the money it will bring in, is hog feeding. Twenty-six hogs are on feed and a gross estimate places this project to bring in \$390. Many members have selected hog feeding because they feel that more money can be harvested at this time. Then too, they are seeking to develop interest and skill for a future industry. Hogs make especially good projects since they are adapted to more facilities, and the boy who feeds out a hog develops, in part, a skill that will be useful in a phase of the industry whether feeding or not. Boys who have taken hog feeding as a project include, Paul Scherrubie, Glenn Gibson, James Walls, Weldon Corn, James Browning, Marvin Swinson, Marshall Phillips, Jack Browning, James Burks, Robert Warren, C. C. Blakely, Elbert Dunlap, Earl Hughes, W. P. Hughes, Bill Cutbirth (2) Eugene Swinson, J. C. Cook, Harold Cummings, Sterling Reynolds, Arnold Thompson, Dee Thompson, Clifton Harris, Delta Ray Mayes, Buck Cargal, Sam Henderson, Jim Bob Denny, Leroy Manor, and Elihu Grinder.

The third project is sheep feeding. Thirty-eight sheep are on feed. The following boys are feeding two sheep each, Herbert Warren, Troy Robinson, John Fred Alexander, Donald Williams (4 sheep), Fenton Williams, Charlie Coats, J. W. Evans, Mike Hughes, Wallace Blakely, Buddy Brumbaugh (1 sheep) and Wilbert Vochelle.

Eleven sheep were bought by business men and interested individuals and are being fed by the Chapter as a composite project. The following people have invested in lambs: Ashby White, Cliff Harville, Curtis Sutphen, Chester Norvell, Earl Johnson, Robert Estes, Irving Corn, Tots Wristen, Houston Food Store, A. B. Hutchinson and C. R. Nordyke.

The fourth project is Capons. The Chapter has 23 Capons, 11 of which belong to Carl Yarborough and the remaining 17 to James Browning. The boys, with this project expect broilers to be cheap next spring, in which case, many broilers will be Caponized and carried over until the Thanksgiving market opens.

All in all, the Chapter's mass projects should amount to \$1,700 when marketed. The sheep are estimated to market at \$304, in the calves at \$1,000, and the hogs at \$390. With these figures, it is easy to see the material on hand will make a worthwhile stock show in the spring.

FOR SALE—Book Shelving for sale. See Otis Bowyer, Phone 252.

Loyce Bell And Delbert Shocklee Wed

Miss Loyce Bell and Mr. Delbert Shocklee, both formerly of Baird, were married Sunday in Big Spring. The ceremony was performed in the Baptist parsonage by the Reverend R. G. Langster, Russell Warren and Miss Ellen Nunnally of Baird attended the couple, Miss Nunnally has been a life-long friend and school mate of Mrs. Shocklee. The bride wore a plum colored dress of velvet with du-benet accessories while the maid of honor was dressed in teal blue and black.

Mrs. Shocklee is a graduate of Baird High School where she was active in sports and all school organizations, and receiving the title of school favorite on several occasions. She is the youngest daughter of Mr. and Mrs. Earl Bell of Big Spring, formerly of Baird.

Mr. Shocklee is the youngest son of Mr. and Mrs. Alex Shocklee, Sr of Baird. He is a graduate of the Brownwood high school and at the time he resided in Baird was one of the most popular of the town's younger set.

After a dinner at the home of the brides parents the couple left for their home in Ballanger where Mr. Shocklee is the manager of the Ballanger Bowling and Recreation Hall.

Methodist Church Notes

Hamilton Wright, Pastor

The Agape or Love Feast service announced from the pulpit for Nov. 13 has been set up. It will be next Sunday morning at 11 o'clock. The service, once celebrated in our churches, has almost disappeared except at annual conferences. Methodist rubric suggests "after partaking of a little bread and water in a spirit of love participants are given opportunity to testify as to the goodness of God and their experience in the faith." The service Sunday should be solemn, inspiring, creative of brotherly love. A brief sermon may be preached on the occasion. It is hoped church attendants will be punctual in arrival so that no mental interruption occur after it gets under way.

Evening service begins promptly at 7 o'clock. Congregations were large Sunday, especially in the evening. Sunday School attendance last Sunday was 114, far below what it should have been. Two new members. The board announced 29 daily Bible readers. The pastor at the morning hour preached on "The Lost Book." At the evening hour when the largest evening attendance in months was recorded, the feature was the special choir singing of the Baird high school choral club under direction of Mrs. Ann Catherine Ross. The congregation entered into most of the singing with unusual gusto. The pastor preached on "The Pattern Sinner." Many from other denominations and from Bethlehem were present.

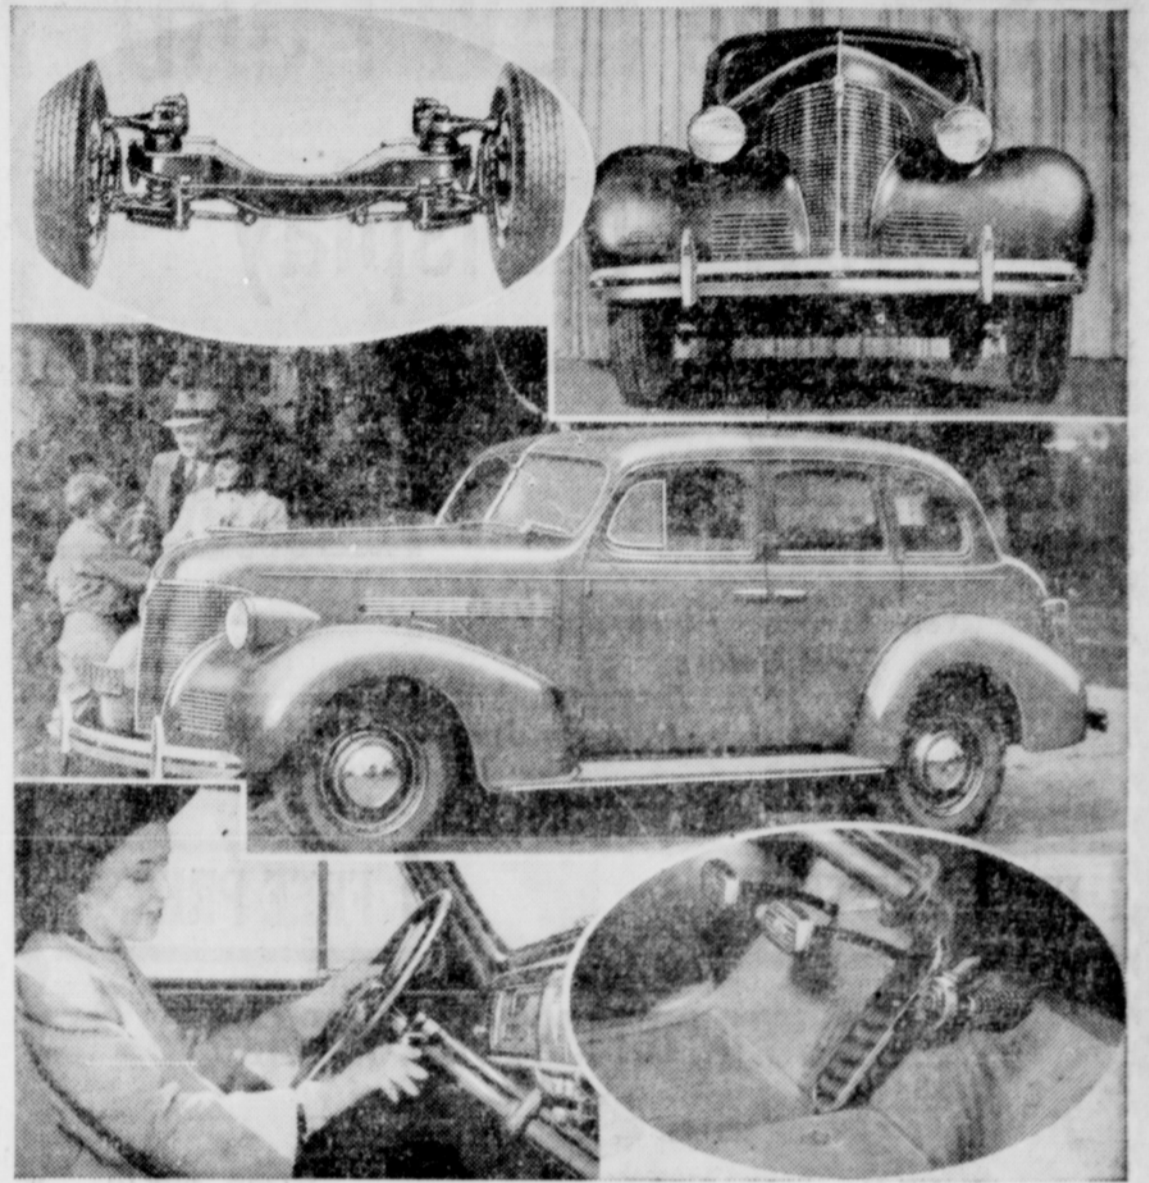

The board of stewards in regular monthly session Monday evening unanimously voted to suggest to the presiding elder and Bishop Ivan Lee Holt to return the pastor to the Baird church for another year. In the Methodist church Bishops appoint preachers to their posts, usually upon the request of the presiding elder. The pastor leaves for annual conference at Memphis in about ten days. Appointments will be made and announced on the evening of Sunday, Nov. 20. Members of the church who have not given to the conference claims (benevolences) of the church are urged to do this at once in order that a full financial report may be made to the conference, Nov. 20 inaugurates a new year for the church here. Persons paying their offerings, both on salary and benevolences, may leave their money with Howard Farmer, at the bank, or hand to any of the stewards or the pastor.

A rally was held Tuesday evening at Eula for the Clyde Circuit of which the Rev. Lloyd Mayhew is pastor. The Baird pastor was principal speaker. The pastor is scheduled to address the student body of grammar school Friday at chapel. He appreciates these opportunities to meet with these fine children and the faculty.

Hugh Ross, Jr., elected by the last quarterly conference as general superintendent of Sunday school, took charge Sunday morning in approved style. He succeeds Judge Leonard B. Lewis,

who for a year performed excellent service. His resignation was generally regretted. Now let's all get behind Hugh and make the school blazon forth in great victory another year. The pastor desires to express appreciation of the church and himself to The Baird Star for the liberal space given weekly during happenings, announcements and the year for the chronicling of the like. The favor has done much toward helping the church during the year. Keep abreast of church activities by reading The Star.

Chevrolet Takes Big Strides Ahead for 1939

New Aero-stream styled bodies combine with major mechanical improvements to provide new beauty, safety, comfort and operating ease, in the 1939 Chevrolets, presented October 22, and featured at the big auto shows this month. The new models are offered on two chassis, the Master De Luxe and the Master 85, both of which are powered with Chevrolet's famous six-cylinder valve-in-head engine. A new vacuum gear shift mechanism with steering column control, optional on all models at small extra cost, does 80 per cent of the work of shifting gears. The Master De Luxe series features a new riding system, in which a brand new Chevrolet Knee-Action mechanism is scientifically co-ordinated with new ride stabilizer and double-acting hydraulic shock absorbers to furnish a smooth, soft ride. Central picture is the new Master De Luxe Sport Sedan. Upper right: front end view of the 1939 car; Upper left: Master De Luxe front suspension unit, complete; Lower left: accessibility and finger-tip ease of operation are two major features of Chevrolet's vacuum gear shift with steering column control; Lower right: As the handbrake on all models is re-located under the cowl, front compartment floor is cleared in cars with vacuum gear shift.

We're gonna have Band uniforms! We're gonna' have Band uniforms! Red jackets, with white braid on 'em an' all the fixings, and you want to know why it's so certain? The Carnival Saturday night put a cinch on everything. Over three hundred dollars was tucked away in that many hours, what with game booths, food concessions, and contests going full tilt. Fifty-six semolians and thirty-six centavos was taken in on the race to elect the Carnival Queen. Results of this contest was a complete upset. The baby of the bunch, blonde and petite Laura Mae Windham, the seventh grade candidate, stepped ahead of her opponents and took all honors.

The coronation of the Queen was held in the High School Auditorium. Clyde Wallace Yarbrough acted as Master of Ceremonies with Russell Chatham doing the crowning honors. Queen Laura Mae was escorted by Carl Yarbrough of the seventh grade, Helen Lee Burleson, runner-up for Queen's title, was escorted by Buddy Brumbaugh. Ruth Dyer, another candidate, was presented at the coronation with Bill Yarbrough as escort. Marion Dyer, escorted by Carlton Gillet, was the Junior representative, while Laverne Chrisman and Richard Windham represented the Senior class. The Queen was charming in a blue ruffled taffeta gown with tiny red flowers nestling in her honey-colored curls.

Mrs. Ben Krauskopf, who brought an accordion band, with violinist and pianist, from Cisco, furnished music for the coronation. All in all, the Carnival was an overwhelming success, a great part of which is due to the splendid cooperation given the school on the part of the business men and people of the community. On part of the faculty, student body, band members, and band parents club, we want to say a heart felt "thank you."

The Baird Ward School bubbled over last week with Hallow'en class parties. It seemed the little folk just couldn't celebrate enough. Thoughtful room mothers and teachers, knowing the youngsters' weaknesses for parties, gave several home-room frolics. Mrs. Lydia, with the aid of room mothers, Mrs. Jack Gilliland and Mrs. Claude Johnson, gave her class a party, with games in the gym. The youngsters wore costumes and were given favors and ice cream refreshments by the room mothers. The Fourth grade room, taught by Mrs. Hall, held a party in their room which was complete with spoons, goblins, and fortune tellers. The class room

was decorated with goblin cut-outs, jack-o-lanterns, and crepe paper light-shades. Apples with funny faces cut in them were hung about the room. The party started at one-thirty and the class came in costumes. The room mothers, Mrs. Hamilton Wright and Mrs. Havens brought paper cups and candy filled Hallow'en napkins. Miss Mae Claire Wheeler assisted in a witch costume, by passing out fortunes written in jingles to the students. Various members of the class brought popcorn balls. The party was preceded with a short program which included a song by Sarah Jane and Louise Livingston, a story by Wanda Jo Windham, a song by Ramona Wright, and a clarinet solo, "Twinkle, Twinkle, Little Star", by Billy Ray. The party was climaxed when a prize for the best grades of the month was presented to Buddy Brame and Rosa Pauline Jones by the room mothers. Several guests were present for the class party, these included, Mrs. B. O. Brame, Mrs. McElroy, Mrs. Frazier, and little Don Frazier.

Not to be out done, the third grade held a jamboree. Several of the students, Bobby Sue Edwards, Madge Loper, and Claudia Black, dressed lolly pops in Witches' garb, and Claudia Black, dressed in the same costume as the candy, passed the favors to the class. The room mothers, Mrs. N. L. Dickey and Mrs. Hinds, sent the class chocolate cats for refreshment. The youngsters held their party in the dancing class room of the Ward school.

Still another party was the one given the fifth grade by its room mothers, Mrs. Nat Williams and Mrs. Osborne. The mothers brought cookies and fruit and a favor of a horn for each student was given. The class sponsored a program.

With all of this going on, it's small wonder the youngsters think their room mothers the nicest ladies in the town and accent the dear when they speak of their teachers.

MRS. ESTES SHOWS DOLLS IN SCHOOL AND IN COUNTY
Mrs. Frank Estes' Doll Pageant consisting of thirty-four hand made dolls, which is fast taking the fancy of the country, were shown in the Home Economics Department of the school this week to an audience of around forty youngsters. Wednesday night Mrs. Estes took her dolls to the Denton Home Demonstration Club for a showing there. Mrs. Estes has received a letter from the National Geographic Society in Washington, from which she has gleaned much of the details in making the dolls, complimenting her work in this field. Mrs. Estes is justly proud of this letter from the Society.

Special Subscription Offer

The Star is making a special subscription offer this week in order to clean up our subscription list and bring in some much needed cash.
For several years we have been carrying some of our best citizens on our list who were not able to pay their subscription. We realize that money is still scarce—it does 'not grow on trees' and we will let by-gones be by-gones and for \$2.50 each, we will wipe the slate clean and mark you up for one year a head—no matter how far back your date may be—you can take advantage of this offer.
We are doing this in order to get our subscription list cleaned up and also because we need the money, badly.
We believe our subscribers will appreciate this offer and will make an honest effort to clear up the back-due subscription and will place their subscription a year in advance.
Who will be the first to take advantage of this Clean-up-Subscription Proposition?

HOW *the* RED CROSS SERVES *the* NATION

FLOOD HAVOC—Unprecedented rains brought dry river beds to flood stage in Southern California, and Red Cross aided thousands of persons whose homes were swept away, as shown here.

STAND BY FOR RESCUE—A trained First Aider in Red Cross Highway First Aid Station prepared to aid the injured.

A DAY BRIGHTENED—Red Cross nurse's visit to a shut-in brings healing touch.

A YEAR'S RECORD

July 1, 1937—June 30, 1938

Minor disasters were unusually frequent; 102 tornadoes, floods, and other catastrophes brought the Red Cross into action to feed, clothe, give medical care and rehabilitate 93,000 people.

War veterans and their dependents, numbering 220,000, aided during the year.

Men in the Army, Navy, Marine Corps and Coast Guard, numbering 35,000, helped in personal and family problems.

Safety in water sports, and first aid in accidents extended through training 82,000 Life Savers and 276,000 First Aiders. Fight against deaths from motor accidents extended through 2,265 Highway First Aid Stations.

Public Health Nurses visited a million sick persons; examined 610,000 children.

How to care for the sick in the home and guard the family's health taught 55,000 persons, through Home Hygiene and Care of the Sick courses.

Volunteers made 520,000 garments for disaster victims and the needy; brailled and printed 720,000 pages for the blind.

School children, numbering 9,000,000, enrolled in Junior Red Cross for service.

Your membership in the Red Cross supports the work. Join during the annual Roll Call.

HELPING HANDS—Thousands of women volunteers make possible Red Cross services; Norman H. Davis, new Chairman of Red Cross, thanks a group of loyal workers.

CHEERING THE SICK—Class instruction in Home Hygiene and Care of the Sick shows simple ways to ease the pain of the invalid.

LIFE RESTORED—Girls in Red Cross Life Saving class learn how life may be restored to drowning person.

YOUTH SERVES—Junior Red Cross boys and girls view nations on world map where children cooperate for good will.

HOME HAZARDS—Red Cross campaigns for safety in the home; falls such as this claim great toll of life.
