## CALF SHOW AT MUNDAY BIG EVENT

Additional and increased interest is developing each day in regard to the 4-H Club Calf Show that is to be held at Munday, Saturday, February 19.

One of the main reasons for additional interest is because of the added feature of a stock judging contest that will include 4-H club and FFA boys from four counties. The stock judging teams of the different service clubs of the county and last but not least, the team of candidates who are making the race for County Treasurer, will add to the attractions.

Other teams of the judging contest realize that there is stiff competition in store for them when men of mature size and experience are in competition. Common gossip over the county is that the candidates will certainly turn in a high score. Two of the service clubs have organized teams so that they may at least make a creditable showing.

The fat Hereford steers are being washed and groomed each day in order that the contestants will not be felled in their judgment. Jack Idol of Benjamin, Henry Arledge of Knox City, and W. C. Cunningham of Munday, will be in charge of the contest and will make the official placings.

J. A. Scofield of College Station will be the official judge.

## N. S. Kilgore, Candidate For Treasurer, Is Former Judge

The Herald has been authorized to announce the candidacy of N. S. Kilgore of Benjamin, for the office of County Treasurer of Knox County, subject to the action of the Democratic Primaries in July. Mr. Kilgore is at present serving as Justice of the Peace, Precinct 1, with offices at Benjamin.

Mr. Kilgore served as County Judge of Knox County several years past and has been in public office most of the time since then. He is well known in this section of the county and offers a good public record to the voters.

In speaking of his candidacy, Mr. Kilgore said, "War conditions will preclude my making an intensive county campaign. I respectfully ask the voters of this county to consider this a personal solicitation for their support."

"Public office is a gift of the people, and whatever you do I feel sure will be right. If you elect me, I shall do my best to give you the service you have a right to expect."

## Southern Cotton Men Protest Freight Rates

The Governors of seven cotton producing states have protested against the inequality of railroad rates, claiming there is discrimination against cotton products and advantages favoring raw materials shipped from the East. The cotton industry is demanding economic adjustments, which in short means balanced rates for the south.

One of the reports submitted is to the effect that southern cotton is face to face with competition of substitute synthetic articles for cotton.

Evidently the south is more interested in economics than it is in continued political hook-ups with the Administration. That's the progressive position to assume.

## Home Canners Should Be Repaired Now

Start now, before March if possible, to have any repairs done on a steam pressure canner, so it will be in order for home canning season, suggests Lucille King, County Demonstration Agent. At the recent National Food Preservation Conference in Chicago, pressure canner manufacturers stated that they can handle such jobs much faster right now before production of 1944 canners gets into full swing. Canners put in order now will be ready for the first spring vegetables.

The national conference went on record as recommending the steam pressure method for home canning all the low-acid vegetables. The War Production Board has authorized manufacture of 400,000 new pressure canners this year. Every old canner that can be put into good shape to preserve food for civilians will be needed also on the food front.

## County Goes Over Top In War Bond Drive

Knox County's bond quota of \$434,000 is in the bag and a little change left over, according to word from the head of the County Finance Committee. The final figures tabulated late Tuesday, the last official day of the drive, put this county out in the clear.

Sales to small investors showed a marked increase over past drives. In Knox City the quota of \$115,000 was reported complete Monday.

Don't stop buying bonds just because the campaign has stopped. The war is still going on in a big way and it takes the cash to keep 'em rolling.

## Eighth Grade Has Valentine Party

The Eighth Grade had a Valentine party at the school building Friday night. A number of new and interesting games were played after which refreshments were served.

Those attending were: Dessie Mae Day, Mary Bea Woodward, Arminia Smith, Mary Lou King, Stella Faye Coyle, Daisy Austin, Louise Bales, Mozetta Feemster, Jessie Mae Bohannon, Harwon Feemster, Ken Clonts, Lloyd Leslie Davis, Bob Bradberry, Darrell Loper, Charles McAuley, Wayne Watson, Joe Neal Stevens, Jimmy Robinson.

## BROCK HOME DEMONSTRATION CLUB MET LAST THURSDAY

The Brock Home Demonstration Club met Thursday afternoon, February 10, in the home of Mrs. John Henderson. The program was remodeling an old trunk into an attractive and useful article of furniture.

A delicious plate consisting of sandwiches, cookies and coffee was served to the eight members and four visitors that were present.

The next meeting will be held February 24, at the Brock School. The program will be a "Machine Clinic" and "Making Sandwich Trays." All members are urged to attend as this will be the social meeting for this quarter.

## MRS. HESTER HAS PAINFUL OPERATION ON EYE

Mrs. W. I. Hester had an operation for the removal of her left eye, at the Knox County hospital, Monday morning. It was removed to check sinus infection in the right eye and in an effort to save the sight also.

All except three of her children were home, one daughter, Mrs. A. A. Comstock was in a hospital at Lubbock and could not make the trip. Other children here were: Mr. and Mrs. T. M. Hester of Los Angeles, Mr. and Mrs. G. M. Thomason of Brownfield, Mrs. C. R. Smith and daughter of El Reno, Okla., Mrs. Norma Loveland of Los Angeles and C. D. Hester and daughter of Brownwood.

## Knox City War Bond Quota Is Subscribed

Again the Knox City community has fulfilled an obligation to the Nation's fighting men and to her government. The Knox City community has again answered this request for a loan of our money from one to twelve years. \$115,000.00 has been subscribed.

There are a number of reasons why this community has fully subscribed to all quotas in both donations and loans; first a successful cooperative loyalty which has always prevailed among our people and a thankful spirit for the many blessings we enjoy.

The only unhappy people in our community now are those that know they have only a small credit of this to their account and have left others to carry the joy of a successful goal.

The local committee wishes to take this means of thanking those that came in near the end of the drive and offered a willingness to do all that was theirs to do. A sympathetic heart and a willing hand is many times more valuable than money.

The local committee also wishes to thank each of you contacted for the courtesy and patience shown when contacted and the willing spirit to cooperate with it in its desire to give of its time to serve the community.

To those with the attitude that this is a free country and it is your business whether you buy bonds or not—you should stop to remember the reason you are free is because your neighbor's sons are fighting and suffering in that far off battlefield to keep this freedom secure. Don't kid yourself that you can be happy while profiting from high prices due to war which means death and suffering of our young Americans and our allies.

There will soon be another call for loans and now while it is fresh on your mind is the time to prepare and decide what is yours to do.

With best wishes, and may God bless you.

KNOX CITY LOCAL WAR FINANCE COMMITTEE

## Time Now To Start Work On That Victory Garden

If Texas meets its goal of a million Victory gardens this year, it's going to require the help of everybody, especially boys and girls. Most 4-H club members, of course, have had some experience with gardening, and they have proved that boys and girls can be highly successful gardeners.

Care should be exercised in selecting a garden site. Keep it away from trees and shrubs where roots will not deprive the growing vegetables of soil moisture and plant food. Remove all grass and weeds. Spade or plow thoroughly, leaving it well pulverized.

Make sure of good drainage. Vegetables will not grow where water stands. In areas of heavy rainfall, prepare ditches at the sides of the garden to carry off excess water, and plant on ridges 6 to 10 inches high. In dry sections, plant at surrounding ground level.

Fertilize for increased yields. For the small garden, say 10x20, use 10 pounds commercial fertilizer or 200 pounds of rotted stable manure. For the medium size plot, 20x40, use 20 pounds commercial fertilizer or 400 pounds manure. For the larger garden, 100x100, use 100 pounds commercial fertilizer or a wagon load of manure. Where manure is used, it should be scattered over the garden and spaded or plowed in at the time it is first prepared. If commercial fertilizer is used, it is applied after the ground has been worked and the rows prepared. Mix with the soil, then cover until ready to plant.

### Vegetable Pointers

**ENGLISH PEAS.** Inoculate seed and plant two inches deep in heavily manured soil. For West Texas plant little Marvel or Thomas Laxton. Moisture is essential. Unless there is ample moisture from rainfall or irrigation, do not plant English peas.

**CABBAGE.** Grow from seed in hotbed four to six weeks before setting in garden, or get plants from seed stores. Set plants twelve inches apart, using Wakefield or Copenhagen market variety.

**BEETS.** When two to three inches high, thin to a spacing of three inches. Fill in skip rows by transplanting from thinned plants. Use Detroit Dark Red or Crosby's Egyptian varieties.

**CARROTS.** If first planting does not make a good stand, don't dig up the whole row but replant the skips. Use Chantenay or Danver's Half Long.

**LETTUCE.** Use the New York or Los Angeles heading varieties. Plant early and thin to six inches when two inches high. Plant black seeded Simpson leaf lettuce in April for summer use.

**MUSTARD.** Plant several times in the spring; not too much at one time. It is tenderest and best at three or four weeks after planting. Use Tendergreen or Southern Curled variety.

**SPINACH.** Plant early, soaking seed overnight in warm water to hasten.

## Non-Residents Help War Bond Sales Here

Helping the old home town get its quota in the Fourth War Loan is not confined to the residents alone. Several out-of-town buyers came in for large shares of the securities. The local finance committee has expressed warm thanks to the following firms and individuals for doing their part:

Brazos River Conservation and Reclamation District, Wm. Cameron Co., J. C. Wooldridge Lumber Co., Lone Star Gas Co., West Texas Utilities, Panhandle & Santa Fe Ry. Co., McMurry College, Southwestern Bell Telephone Co., Ruth B. Roberts and M. A. Bush.

## Benjamin Soldier Gets Promoted To Sergeant

A recent announcement from the Big Spring Bombardier School tells of the promotion of Corporal Reuben O. Roper, son of Mr. and Mrs. E. K. Roper of Benjamin, to the grade of Sergeant. Sgt. Roper is an airplane mechanic with the 812th Maintenance Squadron and doing his part to keep "em flying."

## FORMER KNOX CITY MAN IS PRISONER FOR OVER YEAR

No one will be happier when victory is won than Pfc. J. M. Young, Jr. son of Mr. and Mrs. J. M. Young of Fort Worth, formerly of Knox City. He has been a prisoner-of-war since February 17, 1943.

Young was captured in North Africa and has since been interned in a Nazi prison camp at Stalag III-B near Berlin. The last word heard from him was a short wave radio message received November 5. His wife and small son live in Vernon.

## MASONS CONFER DEGREES ON FOUR CANDIDATES

Orient Chapter 281 of Royal Arch Masons conferred council degrees on four candidates at their regular meeting Monday night. At the conclusion of the ceremony, refreshments were served to 39 members.

Visitors included Masons from Benjamin, Rochester, Rule, Munday, Haskell and Weibert.

## KNOX CITY PILOT COMPLETES FIFTIETH COMBAT MISSION

Second Lieutenant Wayne L. Darr, AAF fighter pilot, has flown 50 combat missions over targets in the Mediterranean theater, according to a release from the Army Air Force. Lieut. Darr has been awarded the Air Medal with nine oak leaf clusters.

The son of Mrs. Etta G. Darr of Knox City, he enlisted in the AAF on June 20, 1941, and received his wings at Spence Field Georgia.

## WFA FARM SUPPORT IS ANNOUNCED

The following proposal for support prices on farm products was released recently by Marvin Jones, War Food Administrator:

"It must be clearly understood," said Mr. Jones, "that this proposal is subject to action by the Congress making provision for carrying out the support price program, and will not be effective unless such provision is made."

The support prices that will effect the products produced in Knox County are listed below:

**HOGS**—The War Food Administration will support, during the period ending March 31, 1945, designated prices for good to choice butcher hogs of specified weights. For the Chicago market, the designated support prices for these grades of hogs, weighing 200 to 270 pounds, for the period ending September 30, 1944, is \$13.75 per cwt., and for period October 1, 1944 through March 31, 1945, for hogs weighing 200 to 240 pounds, \$12.50 per cwt. The support prices at other markets will be at such differentials from the Chicago markets as are specified in Food Distribution Order No. 75.

**WHEAT**—Non-recourse loans at 85 percent of the parity price as of July 1, 1944, will be made available to farmers on wheat stored on farms or in warehouses. A specific schedule of loans with differentials for location, grade, and quality, will be announced at a later date. The loans will be available until December 31, 1944 and will mature on April 30, 1945, or earlier upon demand.

## Study Club Hears Mrs. Campbell Tell of Delinquency Problem

The Knox City Study Club met in regular session in the basement of the Methodist Church, Saturday, February 12, with thirteen members present.

There being no regular program planned, after a short business session the club asked that the time be given to Mrs. B. B. Campbell, who is state chairman of Motherscraft in the Texas Federation of Women's Clubs, for a discussion of her work.

Mrs. Campbell took up the subject of "Delinquency," which is a division of her work. In a very informal way she reminded the women of the alarming increase of delinquency in the country as a whole in the last year, analyzing the causes and pointing out many concrete examples. At this point different women were called upon to give their views. Then she narrowed the field to Knox City and its problems of delinquency.

From this point, the discussion took the form of a round-table talk. The women expressed themselves frankly and freely on the night life in Knox City, with its evil influences.

The club, a time honored institution, which has for its chief aim self-improvement and the fostering of higher civic and moral ideals, expressed a desire to cooperate in a movement to eliminate places and institutions now existing, or that may hereafter be brought in, that are detrimental to the adolescent youths of our community. The club fosters a "Back to the Home and Church" movement among all of the younger people.

One remark that Mrs. Campbell made received a very harmonious comment from the club was, "If something isn't done to get the young people back into the church and church work, twenty-five years from today there will not be a church in Knox City."

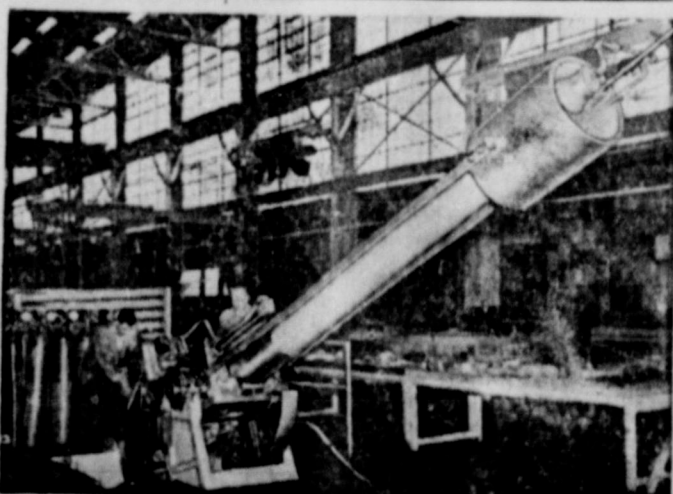

Realizing that delinquency is going to be the county's number one problem in the post war period, the club earnestly solicits the cooperation of other organizations and parents of the community in this movement.

Following Mrs. Campbell's talk, Mrs. E. F. Branton gave the club members present the annual test which is sent out by Time Magazine, on current affairs. Mrs. B. B. Campbell and Mrs. S. M. Clonts tied for the highest score on the test. The sponsors of the test have offered a four months subscription to Time Magazine to the person making the highest score in any group of as many as ten who take this test.

The club was happy to have Mrs. Campbell and Mrs. Clonts make the excellent scores which they did, and thus become entitled to the free subscriptions.

After having expressed themselves as having a very interesting and profitable meeting, the club adjourned.

## Test Naval Gun Without Firing Shot

OUTSTANDING among the contributions made by the automobile industry in the production of armaments is the device shown above which tests, without actually firing the weapon, the kick, rammer and firing of the big 5-inch naval gun which is being assembled at the Fisher Body Pontiac Division. De-

veloped by Fisher engineers in order to create simulated firing conditions thus eliminating the need for a firing range the apparatus substitutes compressed air to obtain conditions resulting from actually discharging the gun. Production of gun has reached volume proportions with work on job divided among four Fisher plants in Michigan.

An instructor said, "Figures never lie. For example, if one man can build a house in twelve days, twelve men can build it in one day." To which a student replied, "And 288 men could build it in one hour, 17,280 in one minute and 1,036,800 in one second." As the instructor gasped, the student said, "If one ship can cross the Atlantic in six days, then six ships can cross it in one day." (From "The Emancipator".)

The once-humble peanut has a hotel named in its honor; the Goober Hotel in Gorman, a large, modern hos-

telery where your columnist recently addressed a dinner attended by more than 100 citizens. Gorman is in the center of the Eastland-Comanche area, a leading peanut-producing district, and is headquarters of a huge peanut marketing association.

Artemus Ward said, "I used to know a man who had a big solid gold tooth right up in the front of his mouth—but he was the best bass drummer I ever knew."

Political notes: Judge Clyde L. Garrett of Eastland is reported considering running for the seat he formerly occupied in Congress. Rep. John Connelly of Trenton is expected to ask for re-election. Connelly and Rep. Klingeman actively sponsored and urged soldier vote legislation during the regular session—a subject in which a lot of politicians, including Lieutenant Governor, have suddenly gotten interested in the last few weeks. Reports around Austin are that the Lieutenant Governor may run for Governor. He and Governor Stevenson have had a wide divergence of opinion on the advisability of a special session on soldier voting and the Lieutenant Governor has carried the difference into the public prints. Of course, he has heretofore proclaimed himself a friend of the Governor—but then friendships in politics have ended before now: it will be recalled that Brutus stabbed Caesar.

Overheard in Austin:  
"What do you say?"  
"I don't know a thing."  
"I know that—but how are you expressing it today?"

**WORLD DAY OF PRAYER TO BE OBSERVED HERE**

A World Day of Prayer, sponsored locally by the Christian Women's Association, with all churches of Knox City participating, will be observed on Friday, February 25. This fellowship call to prayer is being advocated as worldwide in scope and nationally sponsored by the United Council of Church Women.

Rev. J. S. Tierce, pastor of the First Baptist Church, will lead the all-denominational congregation which will meet at the Baptist Church at 7:45 in the evening of the above date. The Baptist, Methodist, Christian and Four Square Churches are cooperating in this movement. Everyone is invited to attend.

Betty Reeves: "Mr. Holcomb, do women prefer men who give in to them, or the other kind?"  
Mr. Holcomb: "What other kind?"  
Milton Bradberry: (complaining about things in general in civics class) "Life isn't fair to the men. When they are born, their mothers get all the compliments and flowers; when they get married, their brides get the presents and publicity; when they die, their widows get the insurance and winter in California."

Monte: "I know something they all thirst after."  
Mr. Graves: "And what is that?"  
Monte: "Salted peanuts."

**Ideal Girl**  
As you know, most boys have an ideal girl, and we will have to admit that the Senior boys are very hard to please when it comes around to girls. Now, Bud Norris wants a girl with long, pretty hair, pretty teeth, medium complexion, long, curled eye-lashes and pretty hands. But most of all, he wants a girl with a nice curved figure and one that has in her possession a charming personality.  
Now, on the other hand, Jack Simmons is not very hard to please. He merely wants a girl that has "everything." So you can easily understand why he has such a hard time finding a girl.  
It seems that Milton Gene Bradberry has found his "ideal," so we will not bother to give you the full details. Harvey Lee Reynolds and Alfred Hendrix readily agree that Bud's girl is good enough for them; so they are looking for something that is hard to find these days.

**Success For K. C. H. S.**  
The volleyball team of Knox City High School has not lost a game thus far this season. They have played Benjamin twice and Rochester twice, winning all games.  
The team is composed of six senior girls and two Junior girls, who served as substitutes. These girls are as follows: Captain, Fannie King; Co-Captain, Joyce Corley; Virginia Helms; Juanell Roberts; Vannie Morrow; Helen Robin; Georgia Lou Cogburn and Jessie Marie Lewis.

germination. Bloomsdale Savoy is a good variety to use.  
ONIONS. Set plants four inches apart. Plants bought at seed stores are usually the Bermuda or Grano varieties. Sweet Spanish is a better keeper, but hotter than Bermuda.  
IRISH POTATOES. Bliss Triumph is best for early "new" potatoes; Katahdin is the best baking potato and the best for storage. Plant when danger of frost is over. Cut potatoes into seed pieces half as large as a hen egg. Plant fourteen inches apart in three to four foot rows.  
GREEN BEANS. Plant twice, first planting when all danger of frost is over and second planting three or four weeks later. Inoculate seed with nitrogen bacteria to stimulate growth. Place seed in fruit jars or glass with the dust, shake well until seed are coated, then plant. Stringless Green Pod or Refugee are good varieties.  
LIMA BEANS. Should not be planted until soil is thoroughly warm. Florida Speckled (pole) is a good variety to plant near a fence. Plants should be four inches apart. Henderson's bush lima is a good variety to use.  
OKRA. Do not plant until ground is warm and danger of frost is over. Thin the plants to two inches apart. Harvest before pods get large and tough.  
TOMATOES, PEPPER AND EGG-PLANT. Set plants two to three feet apart. Tomatoes should be pruned and staked to save space and for earlier production. Eggplant will not stand light frost nor long periods of cloudy weather.  
SWEET CORN. Iona, a yellow deep grained variety is outstanding in quality and hardiness. Honey June, a white grained variety is also good. Plant as soon as frost danger is over. Thin to sixteen inches when about a foot high.  
SQUASH. Yellow Crookneck is preferable to the white variety because of higher vitamin content. Plant seed two feet apart.

**WFA Announces Support Prices For Farm And Ranch Products**

(Continued from front page)  
or in warehouses will be subject to loans by the percent of the price as of August 1, 1944. The basic loan rate will be for middling 1/8 inch cotton and with appropriate premiums and discounts for other qualities and differentials according to location. The loans will be available until May 1, 1945 and will mature July 31, 1945 or earlier on demand.  
PEANUTS—Peanuts produced in 1944 will be supported at base prices to farmers of \$150 per ton for Spanish, Virginia and Valencia types, and \$140 per ton for runner types. Premiums and discounts will be established for other qualities.  
EGGS—During the period ending December 31, 1944, the War Food Administration will support prices to producers for eggs at 90 percent of the parity price, but in no event less than specified prices which will be announced from time to time, and which will reflect not less than an average farm price of thirty cents per dozen in the spring and early summer, and an annual average U. S. farm price of thirty-four cents per dozen.  
CHICKENS & TURKEYS—(Excluding broilers and chickens weighing less than three pounds live weight.) For the period ending December 31, 1944, support prices to producers of chickens and turkeys will be 90 percent of the parity price, but in no event less than specified prices which will be announced at a later date.  
MILK & BUTTERFAT—Milk and butterfat support prices will be at levels not less than 30 cents per hundred pounds for whole milk or four cents per pound for butterfat above the returns which will be reflected by the prices.  
BARLEY—Non-recourse loans on barley stored or in warehouses will be made available to farmers. The loan rate for No. 1 barley will be 85 cents per bushel in Texas. Discounts from the rate will be made for lower grades. A deduction of seven cents per bushel will be made on warehouse stored barley unless the producer has paid the storage charges through April 30, 1945. The loans will be available until December 31, 1944, and will mature on April 30, 1945, or earlier on demand.  
GRAIN SORGHUMS—Grain sorghums will also be subject to loans on the following basis. Grading No. 2 or better will be 95 cents per bushel in this state. Discounts from this rate will be made for lower grades. Storage charge deductions same as applies to barley. The loans will be available until February 29, 1944 and mature June 30, 1945 or demand.
