Knox City Quint Takes Two Real Games From Abilene Hi

Proving superior to their opponents in shooting goals and team work the Knox City High School basketball team took both games of the two day series of games from Abilene High at the Simmons College gymnasium Friday and Saturday.

In Friday's game the Greyhounds made easy work of the Rabbits of Abilene, taking the lead early in the game and holding it with no danger of losing it during the rest of the game.

The ball was kept at the Knox City goal most of the time and it was almost impossible for the Abilene team to ever break 'em up.

Notwithstanding the large number of personal fouls made, our boys did clean playing and showed good sportsmanship throughout both games.

Saturday night's game was a thriller from the spectator's standpoint and our boys gained support from the College students, due to the fact that they played clean basketball. The first half had gone thirty-five minutes when it was suddenly discovered there was no time-keeper. This was a tax on the opposing team, as Abilene Hi used several substitutes and our team was limited. The last half was slower on account of the long period of work in the first half, and in plain facts the Greyhounds defeated Abilene Hi in two and one half games, considering time.

The score of the first game was 27 to 11 and of the final encounter 25 to 18 in our favor.

This proves the superiority of the Greyhounds in their basket ball knowledge and we are sure of sending a winning team to district.

Line-up:
Abilene: Estes, Right Forward; Moore, Left Forward; Johnson, Right Guard; Bond, Left Guard; Byran, Center.

Knox City: Park, Right Forward; Milford, Left Forward; Clark, Right Guard; Carpenter, Left Guard; Babin, Center.

Substitutes for Knox City, Waldrip and Hitchcock.

To their many friends' surprise, Messrs: Hayden Fortenbury and Sidney Turner took their semi-annual bath Saturday night.

The V. D. S. Club met with Miss Isla Mae Lochabary at the home of Mr. and Mrs. J. R. Sanders on Tuesday Evening, January 16.

The guests attended the Texas Theatre and returned to the home of the hostess. They enjoyed a number of musical selections given by Miss Alma Hyde, Miss Daisy Smith, Miss Daisy Dillard and Mrs. J. R. Sanders.

Refreshments were served to Misses Bess Keny, Beulah Bolin, Lessie Bolin, Willie Jones, Reta Turner, Daisy Smith, Daisy Dillard, Lucile Park, Lila Lochabary, Eunice McMurray; Mesdames Walter Short, L. L. Wright and the hostess.

Miss Lochabary was assisted by Mrs. Sanders and Mrs. Gillispie.

METHODIST MISSIONARY

The W. M. S. of the Methodist church will meet Monday afternoon at 3 o'clock for a social meeting at the home of Mrs. L. N. Bridges with Mrs. U. S. Sherrill assisting as hostess. All ladies of the church are urged to be present at this meeting and for other meetings of the society.

Mrs. H. M. Warren returned home Sunday from Abilene where Mrs. Warren has been with her son, Hollis, who recently underwent an operation at the Hendrick Memorial Hospital. He will return home the last of this week.

CHILICOTHE, Texas, Jan. 19.—State Representative George Moffett of Chillicothe announced Wednesday he will be a candidate for the State Senate from the Twenty-Third District. He is a farmer and has served eight years in the House, where he is chairman of the Committee on Conservation and Reclamation.

He has been active in matters pertaining to agriculture and livestock and has consistently supported oil conservation measures. He recently was author of a bill to establish a laboratory to find new uses for cotton.

P. T. A. MEETING HELD MONDAY

The Knox City P. T. A. met Monday night in a regular program meeting. An unusually good program was presented to a large crowd of parents, teachers and visitors. The theme of the program was "Thrift."

The P. T. A. was honored by the presence of Mr. and Mrs. T. R. O'Dell of Haskell, and Mrs. Sellers of Throckmorton. Mrs. O'Dell is President of the 13th District P. T. A. Each of the guests made a very interesting and inspiring talk. Mrs. O'Dell described the new home of the P. T. A. in Austin. Each district may give a gift to the home, and the 13th district plans to give a mantle picture painted by Mrs. O'Dell.

The program was followed by a social hour. Sandwiches, cookies and coffee were served. As it was Mrs. O'Dell's birthday, the social hour was closed with the singing of "Happy Birthday To You."—Publicity Committee.

FOUR SQUARE GOSPEL CHURCH

The Lord is still blessing us in the Little Foursquare Church. We are expecting even greater blessing and greater things from our Lord. He has promised us He would be with us even unto the end of the world. We are so happy to announce that Rev. Fred Beard will be with us Saturday night January 22. We will have a special service. Bro. Beard has just returned from the convention at Los Angeles. He will have a wonderful message from God.

Everyone make a special effort to be there and hear Bro. Beard.

Services:

Everybody welcome—Rev. and Mrs. Carl Pool.

Mr. and Mrs. J. K. Morgan and sons of Haskell spent Friday with Miss Juanita Morgan.

Miss Georgia Brown, Ben and Paul Brown of Anson, spent the week-end here with Mr. and Mrs. Barney Arnold.

Mr. and Mrs. Lynn Waldrip moved to their home here this week from Monday.

WEATHER MODERATING IN EASTERN STATES

The east's sharpest cold wave of the winter abated slightly today. With the slowly rising temperatures came a prospect of snow in several areas.

In New York City last night's lowest temperature was 7 above zero compared with 5 degrees yesterday. Probable snowfall tomorrow was forecast throughout the state.

Hartford, Conn., registered a low of 5 degrees below zero, the lowest temperature there in two years.

Severe cold at Niagara Falls formed an ice bridge 10 feet thick and 1,000 feet wide just below the falls.

NEW MACHINERY INSTALLED

The Ashcroft Chevrolet Company have recently installed in their service department a new style Van Norman Re-Boring Bar and Black & Decker Valve Hard Seat Grinder.

Mr. Ashcroft informs us that he is prepared to re-bore any cylinder for cars or tractors, and can give sudden service. His mechanics are factory trained and they specialize on tract work. This is said to be the best equipped shop between Wichita Falls and Abilene.

NEW FURNITURE EXCHANGE

R. H. Hamner has opened a used furniture exchange in the old tin shop building west of the Davis rooming house. He expects to buy and sell all kinds of furniture. He will also do plumbing and tin work in connection with the business.

JUDGE COVEY HERE

County Judge Covey of Benjamin met with several Knox City businessmen Wednesday in the City Hall in regard to the building of a new road from here to Munday. He also met later with the Munday business men but we have been unable to learn just what action will be taken in regard to the road.

Mr. and Mrs. Joe Averitt spent Tuesday and Wednesday in Ft. Worth as the guests of Mr. and Mrs. Buster Averitt.

Mr. and Mrs. C. H. Keck have as guest in their home Mrs. Keck's sister, Mrs. Joe Franklin, who has been a patient in the Knox County Hospital.

S. L. White and H. L. White made a business trip to Oklahoma Monday.

Band Mothers Give Party

Three "42" parties, sponsored by the Band Mothers were given Friday evening for the benefit of the band. Another party will be given soon for the entertainment given in the S. M. Clonts home, Mesdames Clonts L. N. Bridges, Press Clarke, A. E. Propps, A. G. Varnell, H. M. Warren, and A. Dutton, were the hostess. At the John May home, the hostess were Mesdames May, C. W. Armstrong, Joe Averitt, S. L. White, H. L. White, W. E. Clonts, and Grady Benedict. Mesdames L. W. Swift, C. C. Hoge, N. F. Mullins, Roy Smith, Frank Herring, Milton Bradbury, and D. L. Dodgen were hostess for the party given in the Swift Home. The proceeds from the three benefit parties amounted to \$19.00.

The W. M. U. of the First Baptist Church met for the regular business meeting at the church Monday afternoon at 3:00 o'clock.

After the devotional given by Mrs. A. B. Reese, the president, Mrs. H. W. Finley, presided for the business session. The society will meet next week in circle meetings. The Floy Hawkins Circle will meet with Miss Willie Jones, The Ellen Lockett Circle will meet with Mrs. Joe Averitt. Both groups will study the mission book.

LEWIS TO SEYMOUR

The Herald has been informed that Cecil Lewis who has been wholesaler agent here for the Continental Oil Company has closed a deal with an oil company in Seymour and will soon move there to reside. We regret to lose the excellent family from Knox City.

SANTA FE OFFICIAL HERE

Mr. W. C. Anglund, Traveling Freight and Passenger Agent of the Santa Fe Railroad with headquarters in San Angeli was here today and called at the Herald office. He reports business good in this section of the state and says his lines are looking forward for a much better year than last year.

G. W. Moore of Goree, candidate for County Treasurer was here Wednesday and called at the Herald office.

Buck Propps and the Editor were visitors to Benjamin Monday afternoon.

THROCKMORTON MAN ASK FOR STATE OFFICE

THROCKMORTON, Texas, Jan. 6.—John Lee Smith, attorney, announced Saturday he will be a candidate for Lieutenant Governor in the forthcoming Democratic primaries.

In 1932 Smith was a member of the Democratic national convention and was active in the original Roosevelt movement. In 1936 he was active in the national campaign and served on the national veterans' committee for Texas which was an auxiliary of the Democratic National Committee.

He was for four years a member of the State Department of Education and served as Throckmorton County Judge three terms. He served overseas in the World War as a private, and has been delegate at large to two national conventions of the American Legion. For two years he was chairman of the local State committee of Americans.

He has spoken throughout the Southwest.

Peevy Out For Commissioner

We are authorized to announce the candidacy of E. O. Peevy as commissioner of precinct Number 1. Mr. Peevy needs no introduction to the voters of the precinct, having served as chief of the Federal Farm Program in the Sunset Community since its introduction in 1933. Mr. Peevy has always taken an active part in community and civic affairs, and because of his long business and public training he is well equipped to discharge the many exacting duties of this office in an efficient and business like manner. Mr. Peevy respectfully solicits your support and influence.

WPA COUNTY-WIDE LIBRARY PROJECT WORKER RECEIVES PROMOTION

Mrs. Birdie Allen, Junior Clerk worker on the Knox County WPA Library was recently notified that she had been promoted to County Supervisor of the Library project, according to information from the county superintendent's office. Mrs. Allen's duties will consist in visiting the workers, in each of the libraries where a WPA worker is employed, and in conducting demonstrations in library science.

Orient Drug Closes Doors

Monday the Orient Drug Store, the oldest business institution in Knox City closed its doors, and is now in the hands of H. S. Gray of Wichita Falls who has been appointed receiver.

This was quite a shock to the people of this section of the county as they have always enjoyed a good business. The assignment was voluntary and the matter will be thrashed out between the different creditors and will be sold soon to the highest bidder. We regret to announce the closing of this business but feel sure that it will be re-opened at an early date.

CHURCH OF CHRIST

The Church of Christ has a welcome for all who want to learn religious truths and to be inspired to live according to it.

The Sunday School for all classes begins at ten o'clock.

At eleven o'clock we have a service of songs, scripture, reading, prayer, sermon, and Lord's Supper.

At six thirty we have a short Bible drill on some live religious topics.

The evening evangelistic service is at seven o'clock.

On Wednesday evening at seven we have a Bible study.

We have regular preaching by Arthur B. Tenney of Abilene. He is a preacher and debater and writer of experience. At present he is science teacher in the demonstration school of Abilene Christian College and supervisor of the college print shop. Next Sunday morning he will use a diagram in connection with the subject: "The Bank of Self," of it can be called "Capital and Interest." The evening subject will be announced at this service.

KNOX CITY HATCHERY OPENS

The Hatchery, known formerly as the Waldrip Hatchery, opened Tuesday for the spring and summer season. It will be managed by Pete Whitten, who is a native son of Knox City. Mr. Whitten operated the hatchery last year and is very capable of managing such a business. He invites you to come in and see him, and he would appreciate any business that you give him.

Mrs. J. R. Bradbury, Mrs. Curtis Coates and Miss Lois Jean Coates are visiting Mr. and Mrs. Jess Hitchcock in Albany this week.

Mr. and Mrs. S. L. White and Mrs. W. L. White visited in Stephenville, Texas Saturday. Mrs. W. L. White remained for a visit of several days.

"THE REST OF THE RECORD"

By James V. Allred, Gov. of Texas
As this is written I have just returned from Bismark, the capital of the State of North Dakota, where I spoke at the Jackson Day Dinner. I found many enthusiastic Democrats there, and according to all reports the people are overwhelmingly behind President Roosevelt, just as they are in this State.

Incidentally, when I saw the President in Washington recently he appeared to be in the best health and happiest spirits of any time I have ever seen him. He seemed to appreciate it when I told him that the people of this State were behind him almost 100 per cent.

"Pay your poll tax!" That should be the slogan if all good citizens began now until February first.

One of the most important offices filled by vote of the people is that of Lieutenant-Governor. Generally little attention is paid to it by the voters, but it is a powerful office.

The Lieutenant-Governor presides over the State Senate and appoints the various senate committees. This is especially important when a conference committee is appointed. The Lieutenant-Governor's rulings can generally determine whether a bill is to pass or not pass. For this reason you can see how important it is.

Several candidates are being discussed, though none have made a formal announcement. Among them are:

1. Senator Will D. Pace, of Tyler, who is chairman of the State Affairs committee. Where all the tax bills died during the regular session of the Legislature. At the beginning of the regular session Senator Pace voted against race track gambling, but later switched to the other side and voted with the gambling crowd all the way during the remainder of the regular session; when the race track gambling law was repealed.

2. Coke Stevenson, who was twice elected speaker of the House by the Ferguson forces; and whose ruling as speaker first made it possible to legalize race track gambling.

3. Senator Wilbourne Collie, who voted for repeal, and

4. Senator G. H. Nelson, of Lubbock, who introduced the bill to outlaw race track gambling and successfully pushed it through.

This is part of the records of those who have been discussed as candidates. If definite announcements are made, I shall be glad to give you "the rest of the record" as to the records of those gentlemen from time to time.

Regardless of whom you expect to vote for, for Governor, for Lieutenant-Governor, or for any other office—"Pay Your Poll Tax!"

POLL TAX EXEMPTIONS

Tax collector Earl Sams, of Benjamin requests us to publish the following in regard to poll tax exemptions for the young voters of this county.

"A person who has become 21 years of age since January 1, 1937 and before January 1, 1938 will be required to secure an exemption certificate prior to January 31, 1938 in order to vote in the elections of 1938.

"A person who will become 21 years of age after January 1, 1937 and prior to the elections of 1938 will be allowed to vote without securing an exemption certificate for the elections of 1938.

"A person who was 60 prior to January 1, 1937 can vote in Knox County without securing an exemption certificate. This is due to the fact that only in towns of 10,000 or more an exemption is required."

Rev. and Mrs. W. D. Green are visiting this week in Bridgeport and Ft. Worth. While in Ft. Worth they will attend a meeting of State Sunday School workers.

THE ADVENTURES OF OZZIE

IN TWO YEARS PENSIONS TAKE THIRD PLACE

The two great money spending agencies of the State are the public school system and the highway department, in the order named. The public school system of Texas costs approximately \$90,000,000 annually, and the highway costs approximately \$45,000,000. The new and third greatest money spending agency of the State comes under the general head of social security and covers old age assistance, neglected children, blind, unemployed and teachers retirement. So far taxes have been provided by the State for the old age pension and the unemployed and the amount collected to November 1, 1937, amount to approximately \$27,000,000. Taxes to provide for the neglected children, the blind and to pay the State's part of the teachers retirement together with the increased social security tax in 1938 will increase per capita materially the \$27,000,000 already paid for the first year, and by 1940 this fund will likely exceed the cost of building and maintaining the combined highway system of Texas.

The taxes collected by the State this year, not including the unemployment taxes, amounted to \$154,120,631, of which \$20,201,758 was ad valorem (general revenue, school and Confederate pension), franchise and inheritance taxes. The remainder, \$133,918,273, was paid in the main by utilities, oil, sulphur, cigarettes, gas, telephone, gasoline and insurance companies. The Texas railroads alone advertise their entire tax bill amounting to \$17.80 per minute.

These facts are given to show from what sources, in the main, the State gets its tax money and to ask the question where will the increasing tax money come from in the near future?

With the present tax increases and the increases in prospect we still continue the policy of no tax system a continuation of our restricted tax base, non enforcement of our tax laws and continue to get millions escape taxation. It is a great injustice to those who continue to pay their taxes to keep up this "Faldersah-and-the-fiddle" policy.

VERSE TO A BUSINESS MAN

Sock him on the kisser, put him on the pan,
Roll him in the gutter—He's a business man.
Pillory the sucker, poke him in the eye.

Jump upon his torso—He's a business guy!
Has he built a buine to enormous heights?

Brand him as a cheater—Never mind his rights!

Does he give employment? Is the payroll big?

Put the bum in irons! Toss him in the brig!

Does he pay in taxes what the law calls for?

Why, the dirty reptile should be paying more!

Blast him in the headlines, charge some crooked acts,

Let this be your slogan: "Anything but facts!"

Has he made some money? Get his scalp today!

Say, where does he think he's going, anyway?—Daily Leader-Times, Kittanning, Pa.

UNICAMERAL LEGISLATURE TO BE CAMPAIGN ISSUE

AUSTIN, Texas, Jan. 15.—The issue of a unicameral Legislature may be brought directly into a State-wide race this summer as Senator G. H. Nelson of Lubbock Saturday said he practically had decided to run for Lieutenant Governor.

Nelson, who is a holdover Senator, said he would announce early next month he has been an ardent advocate for substituting a one-house chamber for the present bicameral method and was a leader in the administration campaign last year which brought repeal of the horse race betting law.

Names of two other Senators have been brought into discussion of probable entrants in the race to succeed Lieut. Gov. Walter F. Woodul, who wants to be Attorney General. They are Will D. Pace of Tyler and W. B. Collie of Eastland. Another West Texan, Coke R. Stevenson of Junction former speaker of the house for four years, also has been considering making the race and indicated in a recent letter to a House official that he intended to announce next month.

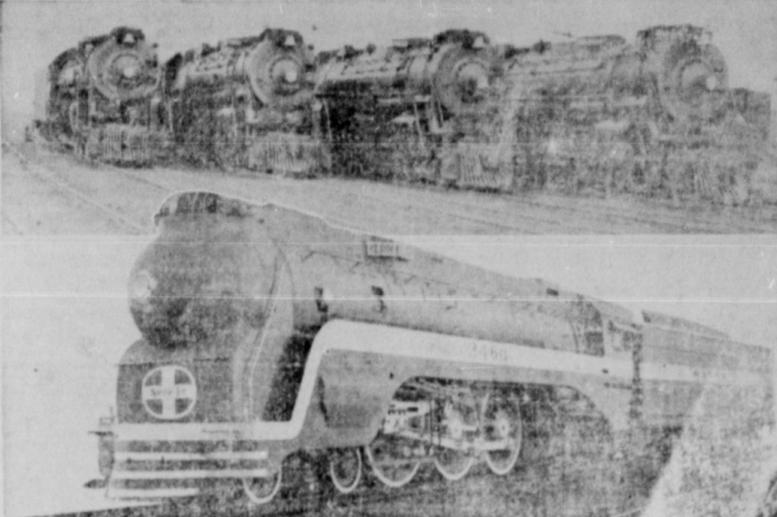

One of the several candidates for speaker of the Fifty-Sixth House, Alf Roark of Saratoga, who also was here Saturday, affirmed his decision to run for re-election rather than a local office in Hardin County. So far Roark has no opponent as a candidate for re-election from the district containing Hardin and Liberty Counties.

Aligned with the administration group in the House, Roark is chairman of the Revenue and Taxation Committee.

TEXAS GETTING READY FOR FDR'S BIRTHDAY

DALLAS—Every county in Texas is now being organized for the crippled children's benefit campaign which will mark President Roosevelt's birthday January 29th.

State Headquarters for the President's Birthday Celebrations have been opened at 1102 Santa Fe Building in Dallas. Jesse H. Jones, of Houston, Chairman of the Reconstruction Finance Corporation, heads the Texas campaign with George Waverley Briggs of Dallas as Vice Chairman. Mr. Briggs is actively directing the work from state headquarters. Mr. Jones has come to Texas from Washington to lead this drive against infantile paralysis and response from all parts of the state to his appeal on behalf of the child victims of this dread disease has been immediate. From hundreds of communities assurance are given that benefit entertainments to aid the National Foundation for Infantile Paralysis will be held Jan. 29th. These presentations or other novel attractions. The benefit program is not strictly limited to a dance, although this form of birthday party seems at present the most popular.

For the first time this year the effort to aid the fight against infantile paralysis and to help in the wake of epidemics which swept many parts of the United States last summer, is being coordinated by state and counties into a single intensified national effort. In particular is the campaign being supported by women's organizations throughout the nation. In Texas those interested in aiding combat infantile paralysis are asked to write State Headquarters in Dallas and full cooperation will be afforded them.

The WEEKLY CONSTITUTIONAL

By MAX BERNIS

The Chief Justice

What are the duties of the Chief Justice?

"The Chief Justice of the United States, to give him his correct title, is probably the most exalted judicial officer of the world," says the United States Constitution Sequelentennial Commission. "During the 147 years since the Judiciary Act became law, only eleven men have held the position."

As the titular head of the Court, the Chief Justice, as its executive officer, presides at its sessions and conferences. But in rendering decisions, he is merely one of nine judges, as every action of the Court is based on a concurrence of a majority of its members.

The Chief Justice usually calls the case, states the pleadings, the argument and his conclusions, and invites discussion which continues until all the judges are satisfied. So that each judge may be uninfluenced by more experienced judges, voting is in the order of precedence, commencing with the junior judge. The Chief Justice then designates one of the majority to write the opinion unless he himself is in the minority, in which case the senior

Associate Justice in the majority assigns the case for opinion.

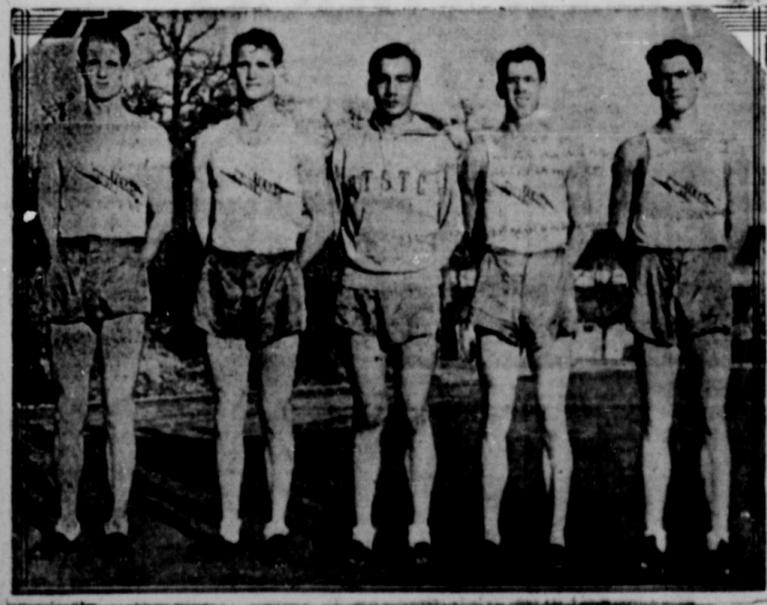

In addition to these duties, our Constitution specifies that in a trial in the Senate for impeachment of a

President, "the Chief Justice shall preside." This replacement of the Vice President of the United States who ordinarily presides in the Senate provides a presiding officer at such a trial who is non-political and who, because he is not a potential successor to a President would have less difficulty in being impartial.

INDIAN IN THEM

Denton, Texas—Five runners boasting Indian blood are included in Coach Choe Sportman's cinderpath training camp at North Texas State Teachers College at Denton this year, but nobody knew that four of them

were the well-known Rideout and Brown twin until a half-blood Piegion Indian, Floyd (Dade) Martain, formerly a student at Woodrow Wilson High School in Dallas, appeared in the Eagle camp this fall and raised

the question. Pictured are (left to right): Indians Delmer and Elmer Brown, Martain, and Wayne and Blaine Rideout.

Weekly News Letter From Congressman McFarland

Abolish All Holding Companies
Last Friday the President at his press conference came out in favor of abolition of all holding companies. He did not indicate what form of legislation he favored to bring about the result, whether through taxation, license, or through attempted regulation. No doubt, the President will clarify his position regarding same in the near future. His statement regarding holding companies is of interest because of his conference last week with the utility groups, which included Mr. Carpenter of Dallas. His company is one of those affected by such legislation.

TAX REFORM
The Subcommittee studying tax reform made their report to the full committee of the Ways and Means last Friday recommending 63 different tax reforms. Some of these proposed tax changes would:

Retain the principle of the undivided profits tax in modified form on 10 per cent of the Nation's corporations, earning more than \$25,000 annually.
Exempt from any undivided profits tax 50 per cent of the corporations, all in the less-than \$25,000 class and substitute more moderate graduated normal rates.

Give intermediate transition treatment to companies, earning just over \$25,000 mark.

Smooth out sharpness of present capital gains tax, favoring those with a net income above \$60,000, with the minimum 40 per cent tax reached as assets held for five years instead of 10 years.

Give much more liberal deductions for capital losses.
Eliminate a present requirement that capital gain of wealthy individuals be forced into highest surtax brackets, with an alternative flat tax provided.

Moderate reforms throughout seem to favor the wealthy and fail to eliminate many loop holes previously pointed out. The report fails to contain statistical information from the

Treasury Dept., to support recommendations of the Sub-committee. Reports fail to indicate the attitude of the Treasury Department of the President regarding the Sub-committee's recommendations of the proposed radical changes in our tax laws on undistributed profits and Capital Gains.

Hearings started Monday on the new so-called tax reform bill and it is known the Tax Bill will have the right of way in the House as soon as they decide to report same which is now believed to be next Monday, the 24th.

It will now be interesting to hear what the Treasury Department has to say regarding the recommendations of the Subcommittee, in view of the President's statement last Monday on Taxation:

"We should rightly change, certain provisions where they are proven to work definite hardship, especially on the small businessmen of the Nation. But speculative income should not be favored over earned income. Our conclusion must be that, while provisions should be corrected, they should not be corrected in such a way as to restore abuses already terminated or shift a greater burden on the less fortunate."

The President closed his Message last Monday with these statements: "I do not propose to let the people down. I am sure the Congress of the United States will not let the people down."

It will be interesting to follow the hearings, and learn if possible, what the Records of the Revenue Department show as to the operation and effect, if any, of the undistributed profits Tax and Capital Gain Tax have had upon the recession, if any, now confronting us.

Independent Offices Appropriations Bill

This Bill passed the House on Jan-

uary 11th, giving the President broad power to veto individual items in appropriation bills. Items deleted by the President would be sent back to Congress within 60 days and if not passed over the President's veto would become effective after that time. Upon the President's signature the remainder of the bill would become a law. This Presidential individual item veto amendment was presented by the Chairman of the Subcommittee without having previously considered same in his Subcommittee nor the full Appropriations Committee, and with a very small present in the House, last Thursday, at a full meeting of the Appropriations Committee. The Committee repudiated the action and called upon the Senate Appropriations Committee to eliminate this veto amendment.

Those favoring the amendment claim it will allow the President to veto unnecessary and ill-considered appropriations, while those opposing the amendment claim it will place a club in the hands of the President that will enable him to force through legislation and impose upon members of Congress through such power and in this way destroy Representative Government.

Eight-in-One Fuse Acclaimed

"The Nation's Housekeepers will applaud this new invention. It's an eight-in-one fuse, built into Farberware urns and percolators. Should the fuse burn out, just turn the wheel to another notch, and your coffee perks cheerfully on. The eight-in-one fuse eliminates troublesome repair trips, and the embarrassment of having a household of guests and a coffee maker that doesn't work."

They Keep Childhood Oath

"We solemnly swear . . . to stick together . . ." Thus these six girls formed a secret society in fourth-grade days in Belton, Texas. Now that college days are here, the six original members are still banded together at Texas State College for Women, Denton. From top of circle to right, these young ladies are Val Jean Singleton, Violet BeVillie, Gladys Dulrose, Dorothy Pirtle, Mary Alice Garner, and Rosemary Polk.

Weekly News Letter From Lubbock Texas Tech College

LUBBOCK, Tex., Jan. 18.—With reservations at Red Horse Inn at Stratford-upon-Avon. Shakespeare's home, a group from Texas Technological College this summer will study the great poet and dramatist surrounded on all sides by Shakespeareana. The study will be a college field course in English carrying six hours credit, under the direction of Dr. Allan L. Carter, head of the department.

The Red Horse Inn was the temporary home of Washington Irving while he was writing the Sketch Book, familiar to all American school children. The Memorial Library containing 10,000 volumes on Shakespeare will be open to members of the party.

Another feature of the stay at Stratford will be the opportunity of the group to attend 12 performances of Shakespeare's plays during the month's stay, three each week, in the Shakespeare Memorial theatre built by private subscription in England and America. The plays will be put on by the best professional talent.

The ocean trip will be made by U. S. Lines, the group sailing July 27 from New York on the Manhattan. The cost of the trip, including room and board at the famous English hotel, will be \$50 from New York.

LUBBOCK, Tex., Jan. 18.—When U. S. Pilot Lee Moore, just before the Christmas holidays, flew to Tundra Village, across the Alaskan wastes of ice and snow, to carry Roy L. Jamison, a former student of Texas Technological College, to a hospital for a serious operation, he found the dread meningitis plague had broken out in a village. A mercy plane bearing Dr. E. W. Werbel and flown by Pilot Gordon Mackenzie was hurried to the stricken village with serum and assistance.

Mr. and Mrs. Roy L. Jamison are both former students of Tech and teachers in the U. S. Indian service and stationed at Tundra Village, Bethel, Alaska. Jamison's duties, besides teaching, include care of reindeer herds, training the natives in agriculture, and social work. He received his B. A. degree in history at Tech in 1934, and did graduate work here in agriculture in the summers of 1936 and 1937. His wife completed requirements for a bachelor's degree also at Tech and will receive it next June, probably in absentia.

The village in which the Jamisons are located is in the extreme western portion of Alaska near the Bering sea. Dean J. M. Gordon of the Tech Arts and Science Division, only recently received a letter from Jamison dated October 24, 1937, describing the long trip he and his wife made to get to their far-away post. Bethel has weekly mail service by plane weather permitting, during the winter months, but Tundra Village is a long distance from Bethel and the mail service, Jamison says, is very irregular. Weeks pass sometimes, he says, with no opportunity even to mail a letter.

"We sailed from Seattle Aug. 17," Jamison writes, and continues: "We sailed to Juneau by way of the inside passage. The scenery is indeed beautiful. The water is very calm. There are countless islands densely covered with evergreen trees. The passage is so narrow that at times we were within throwing distance of the shore. On both sides were high snow capped mountains, waterfalls and glaciers.

"We were delayed at Seymour Narrows because here the passage is so narrow the water at tidal change rushed in so fast that ships must wait for slack tide before passing through Greville Channel is so narrow for 45 miles we could see every tree on both sides of the high forest covered shores. Many animals swam from the side to the other across the channel.

"We were in sight of several villages on the Canadian coast. Ketchikan is the first Alaskan town on this voyage. It is located on a narrow channel and has a good harbor. The harbor was filled with fishing boats. The city has fine schools, a modern hospital, and a radio station. Almost every village along the southeastern coast has one or more totem poles in view.

"The Boxer docked at Juneau Aug. 23. Juneau is located on the Gastineau Channel at the foot of Mt. Juneau which rises 5,000 feet almost perpendicular. Streams fed by rain and snow rush down the steep mountain slopes. Juneau is the largest and perhaps the most modern city in Alaska with a population of 4,500. It has several public buildings, including a new Federal and Territorial building which houses a very interesting museum. The largest gold mine in the world is near the city."

He left Juneau Aug. 24 for Valdez and reached Seward Aug. 29. From Seward the route was to the Alaskan Peninsula and Alutian islands, as far as Urala's a "barren area and the birthplace of Storms." From here the ship sailed north to the Kuskokwim river, and up that river to Bethel, arriving there Sept. 15. Tundra Village is ten hours from Bethel by motor boat or dog team.

LUBBOCK, Tex., Jan. 18.—Naturalization papers to the Republic of Texas, dated June 6, 1837, and signed by Robert Kleburg, have been offered for sale to Texas Technological College by Robert Harwell of Odessa, grandson of the original holder. Harwell's need of money to finance an operation motivated the offer.

Immemorable articles having real or supposed historical value have been offered West Texas Museum, located on Tech campus, for a price, according to Dr. W. C. Holden, curator. Probably one of the most amusing was a dead Eagle which a New Mexico man brought to Lubbock in a trunk and offered to sell for \$5. Reason for the sale, he explained, was to raise money for a much needed set of false teeth, price \$5. The remaining \$2 he hoped to raise from another source.

Another was a rusty corn knife, offered by a Santa Anna man who found his 16 monthly pension for Confederate service insufficient to cover cost of an operation. The corn knife he believed to be an early adaptation of the dagger.

LUBBOCK, Tex., Jan. 18.—Experimental feeding of 120 Rambouillet wether lambs at Texas Technological College, shows costs per head per hundred pounds in weight ranged from \$5.89 to \$9.49 during the second thirty-day period, which closed Jan. 11.

Costs the first thirty days of the experiment, W. L. Stangel, head professor of animal husbandry, said ranged from \$4.42 to \$6.06. Divided into six groups over twenty each, each group of animals is receiving a different variety of feed for a minimum period of ninety days. At the end of that time, cost of feeding each group and weight gained will be computed. Whole milk, alfalfa hay, cottonseed meal, kaffir, silage, cottonseed hulls, milo chops and pulverized oyster shell are the feeds being used.

The experiment is being used by Merrill Polson, graduate student, as basis for a master's thesis. In an effort to determine ideal feeding rations for lambs in this section.

This is the sixth experiment of the kind undertaken at Tech.

ED GOSSETT ENTERS CONGRESSIONAL RACE

Ed Gossett today authorized the Knox County Herald to announce that he would be a candidate for Congress from this district, subject to the 1938 democratic primaries.

Mr. Gossett expressed sincere appreciation for the splendid vote given him in this county in his 1936 race for Congress. In that race Gossett carried 8 of the 15 counties in this congressional district, and was defeated in the second primary by a comparatively few votes. His friends feel that with his increased age, experience and acquaintance he will without doubt be successful in this campaign. Gossett's term of office as district attorney in Foard, Hardeman and Wilbarger counties expired December 31, 1936, after which time he became associate with his

old friend Edgar M. Moss of Wichita Falls in the law firm of Moss & Gossett. A detailed statement of Gossett's platform and policies will be made at an early date. He assured us that he would make a clean and aggressive campaign in which public issues would be thoroughly and honestly discussed. Gossett stated that he believed in the local ideals and objectives of President Roosevelt; and that among other things he would advocate a program to put farmers back on the farm, and workers back on jobs, in private employment, at living wages.

AMERICAN REVISION OF THE 23RD PSALM

The politician is my shepherd! I am in want. He maketh me lie down on park benches. And he leadeth me beside the still factories; He disturbeth my soul. He leadeth me in the paths of destruction, for Party's sake. Yea, though I walk through the valley of the shadow of depression, I anticipate no recovery, For he is with me. His policies and his diplomacies, they frighten me. He prepareth a reduction in my salary, in the presence of mine enemies. He anointeth my small income with taxes; My expense runneth over; Surely, unemployment and poetry shall follow me all of the days of my life, and I shall dwell in a mortgage house forever.

The Eagles visited the O'Brien building last Tuesday night and took a game with scores of 20 to 18. Wednesday night they played host to the Redmen Mustangs. This was also an all Eagles' victory, without many difficulties. Friday afternoon the Eagles entered the initiation tournament given at O'Brien, was their first opponent. The Eagles took the game by a 22 point margin. The next Sunday victory was over Seymour Saturday morning. The Seymour team showed a great fighting spirit, but they could not out do the Eagles. The game ended with Sunset leading by about fifteen points. The defeat that the Eagles received from a fast Leaning outfit was to finish like a Southern Conference team in the South Bible. At the last the Sunset Lads were leading with 22 to 20 points. But the game ended with scores of 22 to 14, with the Eagles only scoring two points, the last fifteen minutes cover half of the Leaning point, was, few stars.

Friday night the Senior Boys will enter a tournament at Red. They are expecting to go a good way, but they will have plenty of competition.

SUNSET GIRLS TAKE A NEW START

The Eagles had a little better luck the first week as they won one game and lost one. The girls went to O'Brien Tuesday night. The game did not seem very good, but the ball just would not go in the goal for the forwards. The game ended with the sunset 27 and 19 in O'Brien's favor.

Wednesday afternoon all the Sunset girls were talking about winning the game with Mattson to be played that night. Every girl was determined to win. The team as a whole showed some real teamwork when they started to play Wednesday night. We want each girl to know that we are going to play the way she did. With the spirit the girls had they just couldn't lose the game and the girls ended with the sunset girls victorious. The scores were 21 and 22.

SO GO THE SENIORS

The senior class has been spending the last few days reviewing the periods in English literature. The review was made very interesting. An outline form was followed when all through the review interesting poems and selections from essays written by the famous English poets and orators such as Bacon, Shakespeare, Burke, Milton, and the Bible's poet, Burns were read. Burns gave us some philosophy that impressed most of us a great deal. "I want some Power the Gifts give us. To see ourselves as they see us."

We are "stuffing" for mid-term exams which are coming next week. We are having to burn some midnight oil to make up for time spent in more interesting procedures. We cannot seem to convince our teachers that the truth of Mr. Bacon's statement, "To spend too much time in studying is sloth."

The Seniors are coming along nicely with their Year book, up to date they have said thirty-two names. Several names are apparently being put before the mirror. From some reports I hear that they managed to give the photographer one of their sweetest smiles. They are still looking forward to Wednesday night when they can see just how they look to other people. We do hope they are favorably impressed by that picture, because it would be quite disappointing to know that all the time they spent before the mirror was wasted.—Leroy Henderson.

FRESHMAN NEWS

It's almost mid-term exam time and the Freshman Class has really been working. They have been busy this week giving reading reports and memorizing poetry.

They were told that they would take algebra instead of General Math last fall.

Although next week is exam week the Freshman class will be happy Friday (if they make good grades) for they will not have to come to school.

ROME ECONOMICS CLUB MAKES PROGRESS

Rome Economics Girls Serve Buffet Supper

An January 22, the Junior and Senior Rome Economics girls planned, prepared and served a buffet supper. Each girl planned a menu, and then the dining table was set which would be served.

The menu selected consisted of: Stuffed peppers, potato chips, vegetable salad, potato hot rolls, coffee, lemon Jello.

All of the girls helped out the food cooked and then invited of them 20 of us guests, with five of them finished preparing the supper and served it.

Before the supper was completed, Miss Synthesis, Home Economics Teacher, was called to the table to help judge some of the Economics projects done. However, she was confident that the girls could complete the project without her further assistance. The girls did not disappoint her because Friday morning that the department looked very nice and clean.—Dorothy Gamwell.

THE SUNSET HOME DEMONSTRATION CLUB MEETS

The Sunset Home Demonstration Club met January 21, in the kitchen of the Home Economics department. Six members, Madeline I. W. Walling, T. J. Pertridge, S. M. Almondo, H. D. Gamwell, W. C. Kinsborough and J. W. Ripley attended and all with their bright and weight, some of the ladies were overweight and the underweight. Miss Katin was also present.

Plans were made for the year's work; all the club year books were filled out. All the programs are arranged and the club hopes to accomplish much this year.

Miss Katin gave a demonstration on left over foods. Her carrots, an-

DANGEROUS

It is dangerous to sell a HUNDRED DOLLAR car for just to make three or four cents more. Customers are your best asset, lose them and you lose your business. 600 is worth three or four times as much as a HUNDRED DOLLAR.

Demureness with Daring—Miss Madeline Carroll of Sweden, presents a pretty picture in beige slacks and dark top with pulled sleeves.

Cold weather and snow bring action on the part of Autolat Jean Milosh who is seen taking steps toward giving her car proper protection from cooling blasts by installing a winterfront that fits between radiator and grille of the car. The installation, on easy matter, is taking place under the watchful gaze of an automotive expert. The winterfront slips down out of sight and stops the cold from getting at the engine or into the car's interior through the radiator. This winterfront is operated by dialing a knob on the dash.
