

Last Game Best Of Season Nazarene Revival in Progress

Wednesday afternoon the best game of the base ball season was played when Knox City defeated Gorse, one to nothing.

Hassell Hill pitched a two hit game with only one reaching second base. He also made the only score of the game. What a game, what a pitcher.

This is the last game to be played in Knox City this year. Only two more games are yet to be played, one at Sun Set Sunday the 28th and the last at Rochester on the 4th.

BROADWAY COMIC IN FAIR REVUE

Dallas, Texas, Aug. 24—With the addition of Julius Tannen, widely known Broadway comedian to the cast of the "Dream Girl Follies," auditorium attraction at the 1932 State Fair of Texas, the huge revue will be a three-star production it has been announced by Ernie Young producer of the musical show.

Tannen is widely known for numerous Broadway successes, as well as his work as master of ceremonies in night clubs, and on the radio. He will act as master of ceremonies in the "Dream Girl Follies" and will direct the comedy units of the production.

The other two stars who have been previously announced are Alice Joy, musical comedy star and radio crooner, and Henry Santrey's 17 piece stage band.

The selection of Tannen as the master of ceremonies will give producer Young, the strongest all-star cast ever seen in the auditorium. These three outstanding stars will headline a company of stars the company numbering 100 people.

One of the outstanding features of the "Dream Girl Follies" will be the beauty chorus of fifty girls, who are now rehearsed in Mr. Young's Chicago studio, where the revue is being put into shape ready for its premiere at the 1932 Texas exposition.

Among the numerous headline features in the "Dream Girl Follies" are Moss and Manning, The Thomas Saxton, Kirby and De Gage, Isabel Mohr, Fay, Lillian Lawson, Val Vestoff, and many others. Mr. Young is still dicker with Kosloff, internationally famous dancer and teacher to stage his ballet numbers.

E. O. Jamison, Ed Campsey, J. W. Smith, L. W. Graham and A. G. Guy motored to Spur this morning, Thursday, to visit the Experiment Farm.

They are studying the farming at the station with the purpose of gaining information of soil conservation. They will doubtless have an interesting report on their return home so watch the Herald next week for an article.

Mr. and Mrs. Aulcie Stevens, Miss Pauline Walker and Joe Stevens were Monday visitors Tuesday afternoon.

MIRIAM A. FERGUSON

In the July primaries, "Ma" received 402,238 votes, Sterling 296,286, and Hunter 220,391. Mrs. Ferguson led Sterling by a vote of 105,952. Who will lead Saturday?

The Herald would have been glad to have carried the picture of Governor Sterling but he failed to send one. Regardless who you favor Vote! Vote!

Wednesday night the Nazarene Revival meeting began with Reverend E. G. Theus of Oklahoma City doing the preaching. The first service was well attended, among those being Reverend and Mrs. Homer Land from Abilene.

Misses Fay and Jewell Rogers are conducting the song services and offering special music each service.

Mrs. Pearl Keaton, pastor of the Nazarene church of Knox City, extends a cordial invitation to every one to attend the services.

The morning services will be held at ten o'clock in the Theatre building, and it is hoped that a location in town will be secured for the evening services.

Attention Republicans! Public Sale

CLOSING OUT SALE OF THE GRAND OLD PARTY

As our lease with Uncle Sam expires on March 4th, 1933, and our title to the Political Jackpot will be transferred to the "Sons of the Wild Jackasses", we will hold an auction sale on the White House lawn in Washington D. C., on November 8, 1932, and sell to the highest bidder all our political machinery and our entire stock of supplies now on hand, to-wit:

One Political machine, 1931 model, badly in need of repairs, can only be recognized by it's rattle.

One moss grown platform with all it's planks broken.

One large, ever bearing Mellon vine, with several small branches badly frost bitten. Classed as frozen assets.

One billion dollar crime wave, made to order, old enough to wear sired by Volstead and dammed by everybody.

Fourteen million Moonshine stills, all operating to full capacity.

Seven hundred rum running vessels, have learned to swim and know all the dives.

Eleven million dinner pails, all empty.

Twenty-one thousand miles of bread lines without a vacant space.

One seat on the Board of Trade, good for any amount of wheat, no profits.

Free lunch at noon. Holes with out doughnuts will be served by the Farm Board.

The Board of Temperance, prohibition, Public Morals and Society of Reforms will serve Roast Crow to the Wickersham Committee.

The Army, Navy, Coast Guard and all available stool pigeons will assure Dolly Gann of her place at the luncheon table.

Should the present Prosperity continue, we reserve the right to sell under the Hoover Moratorium Plan.

If the Chief Executive arrives in time to assist at the sale, it is respectfully requested that all present who still have a hat stand uncovered while he Band plays, "God Help Our King".

Exchange.

When you need a new tire, buy a National because it is both guaranteed and insured. Sold in Knox City at the Knox City Motor Company.

It is safer to re-tire with Nationals for they are guaranteed and insured as no other tire. See Rudolph Hackfield at the Knox City Motor Co.

Reverend and Mrs. Sharp and children motored to Vernon Monday evening for a few days visit with his parents.

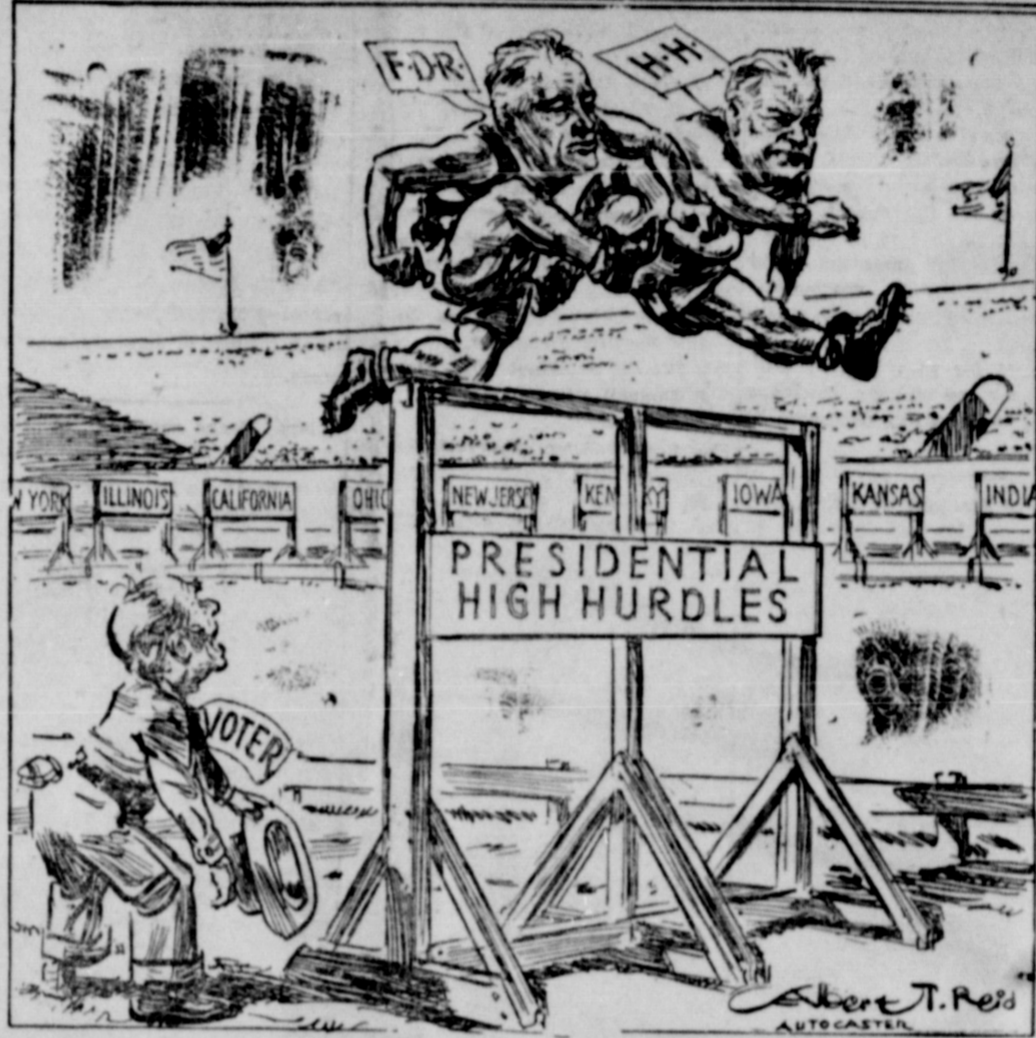

SCHOOL NOTICE

All high school pupils meet at the High School building at one o'clock Friday, August 26th, to be classified and issued books.

Grade pupils will be classified and issued books Monday morning, August 29th.

To Send Car of Maize to Orphanage

Mr. Wayne Cypert was the first man to bring in a ton of maize for the car which the Methodist church members are sending to the Methodist Orphanage in Waco.

This maize is being carried to the City Feed Store where Mr. Ray Willis will supervise the loading and shipping of same. Mr. Willis states that the maize is not dry enough to bring in yet which fact accounts for the slowness of the Methodist farmers. Four men have voluntarily promised to bring in a ton next week and by that time it is expected that a number of others will be driving to the City Feed Store with a ton of maize for the Orphanage. All donations will be greatly appreciated. Any one who cares to help in this gift for the Methodist Orphanage may do so, just take your maize to the City Feed Store and state your desire.

Mr. and Mrs. U. S. Nicks and son of Westaco spent a few days here this week with Mrs. Hardberger and Mrs. M. A. Reeder and other old time friends. Mrs. Nicks was the daughter of Mr. and Mrs. R. W. Warren, the same being among the first interprising citizens of Knox City. Mr. Warren built one of the first houses; it still stands in the East section of the city.

First Bale In Monday

Knox City had its first bale of cotton this year when Mr. Hugh Webb drove to town Monday morning. Mr. Webb's bale weighed 485 pounds, and sold for seven cents. The owner also received a premium of \$20.00 in cash and merchandise. Mr. Webb is farming the Keny and Wiltback place.

A second bale was also in the city Monday. Mr. Pat Large, who lives west of the city across the river, brought in a bale. When ginned this bale only weighed 315 pounds which was under the standard bale weight. Mr. Large received seven cents for his cotton also.

Cotton is worth 8 cents today. Thursday. Picking will begin over most of our territory in 2 or 3 weeks.

Hospital Notes

Patients in the Hospital this week include Mrs. McMinn of Benjamin, Marvin Collins of Haskell, Mr. Dullington of Gorse, Gerajine Hunt of Rule, Mrs. Bevels of Knox City and Mrs. Moffett of Needmore. Mrs. Taylor and her baby son returned to their home in Haskell Wednesday of this week.

Mr. Fortenberry of this city was here Monday for treatment. Tommie Glover of Benjamin was here Saturday for treatment and the little Gore boy from this city was here Tuesday with a broked arm which he sustained Monday evening when he fell from a wind mill.

Mrs. Hunley of Lancaster spent the weekend here with her Mother Mrs. Moffett.

Mrs. Stella Thompson, night nurse, spent the past weekend in Plainview.

71 AT WATER MELON FEAST

On Friday evening of last week the Glad Hand Mass of the Baptist Sunday School, of which Uncle Joe Smith is teacher, entertained the Couples Class of the Methodist Sunday School, of which Mrs. T. S. Edwards is teacher, with a water melon feast on the lawn of the Milton Bradberry home.

Seventy-one people gathered for the feast and the melons were all home grown, the larger portion coming from Uncle Joe's patch. Although seventy-one is quite a number of people, it did not include all the members of either of the classes, but despite the absence of some of the members, those present had a most enjoyable social hour as well as a splendid appetite for melon.

Uncle Joe and Mrs. Edwards are contemplating quite a few joint sojourns for the Fall and winter months.

BAPTIST INVITES YOU

Vacation time is over, it is time to work. Begin next Sunday morning. "Do what you can", be in your place in Sunday School and church. Encourage someone to do the same, and you can best help others by helping yourself.

The Master does not expect you to do something that you are unable to do, but He does expect you to do what you can.

We hope to see every Baptist at church Sunday, and we welcome all who will come and worship with us. The pastor has been away several Sundays but we feel that we will be able to do more than ever. Come, you owe it to yourself, to God and to the church.

Foot Ball Work-out Begun

Coach Travis Dean arrived in Knox City last Friday and has spent much of this week with the boys going in for Foot ball this season. Mr. Dean states that the school has the prospect of an excellent team this year. In addition to the good players in the school this year left from last year, the school has received several transfer pupils and boys whose physical make up promise to be fine foot ball boys.

Workout started this week and every boy as well as the coach, is in high spirits concerning the coming season.

Coach Dean had as his guest over the weekend Mr. Martin of Dickens City. Incidentally, Mr. Martin is coach in the Dickens City school and has scheduled the first game with Knox City to be played here about the second.

Mr. Dean states that the second game for Knox City will probably be played with Rule on the 9th in Knox City.

Mr. and Mrs. Andrew Dutton of Arizona spent the past weekend here with his parents, Mr. and Mrs. J. H. Dutton, and other relatives. Andrew and his wife went the first of the week to Amhurst where they are visiting her parents. They will return to Knox City the last of the week.

Mr. and Mrs. Elbert Smith returned to their home in Waco the first of the week after attending the reunion of his family here.

Bro. Willhite Is Recovered

The Revival Meeting now in progress at the local Church of Christ was halted the first of the week because of the illness of Brother J. Porter Willhite. Brother Willhite missed several services a portion of which were taken care of by Brother Jim Cameron of Rochester. Brother Cameron preached two fine sermons, one Tuesday night and the other Wednesday morning.

Brother Willhite was back in the pulpit Wednesday night and delivered a great sermon. Everyone is welcome to all the services at the Church of Christ.

LABOR DAY SOCIAL

One of the most unique socials given recently was that Monday afternoon in the home of Mrs. Henry White honoring the ladies of the Methodist Missionary Society.

The first of the afternoon was given to the Bible Study conducted by Mrs. Sharp. The study was a profitable one. The remainder of the afternoon was given to social pleasure and games were conducted by Mrs. White and her joint hostess Mrs. Shirley Park. The games were clever and did justice to making merriment; however, the climax of a Labor Day social was reached when to tables were erected and thurmos jugs containing iced tea were placed thereon; also in the arrival of a large box containing paper sacks filled with refreshments. The entire plan was very unique.

C. W. A. MEETS MONDAY

The Christian Womens Association meets Monday afternoon, August the 29 at four o'clock in the Methodist church. Following is the program for the meeting.

- Song: Devotional, Mrs. T. P. Frizzell Jr.
 - Talk, "Working together as a community", Mrs. G. D. McCarty.
 - Special music: Business.
- All the ladies of the town are urged to come. The Association has several important matters to be discussed.

Gin smoke is prevalent in Knox City now which indicates the harvest is here.

The gins are testing out and will be ready for the abundant crop that Knox City is producing. The two bales that were ginned this week look good on the yard and are aiding in the elevation of spirits.

Maize heading is the order of the day, every farmer trying to get this work done before real cotton picking begins. The crops in a field looked fine but a good many of the farmers are finding that on heading the maize, the same is weighing out even more than expected.

The blacksmith shops are enjoying an increase in business this week. Wagons, trucks and trailers are being repaired for the removing of the harvest.

Although we apparently are "peniless" God has blessed us abundantly.

Mickie, the Junior editor, is numbered among the happy working people this week. He is kept very busy caring for the infant pig which was given him by Mr. Roy Smith.

Incidentally, since the Herald family owns two pigs now, it is necessary that they (the pigs) be fed. Read our advertisement in this paper and see how you can get a good price for some of your maize.

J. V. Jones made a trip to Paducah Monday.

Miss Stella Cooner left the city Wednesday for McAadoo where she will teach school this year. We are glad to have her ask that the Herald follow her.

H. F. Phillips and family have taken rooms with Mrs. Pope, to move in the first of next week. Mr. Phillips will be employed at the Farmers Gin.

Mrs. Sawyer and son James Reeder of Oklahoma are spending this week with her mother Mrs. M. A. Reeder.

Gain Physical Vigor—Youthfulness With Clear Skin and Vivacious Eyes That Sparkle With Glorious Health

Here's the recipe that banishes fat and brings into blossom all the natural attractiveness that every woman possesses.

Every morning take one half teaspoonful of Kruschen Salts in a glass of hot water before breakfast—cut down on pastry and fatty meats—go light on potatoes, butter, cream and sugar—in 4 weeks get on the scales and note how many pounds of fat have vanished.

Get bottle of Kruschen Salts—the cost is trifling and it lasts 4 weeks. If even this first bottle doesn't convince you this is the easiest, safest and surest way to lose fat—if you won't feel a superb improvement in health—so gloriously energetic—vigorously alive—your money gladly returned.

But be sure for your health's sake that you ask for and get Kruschen Salts. Get them at any drugstore in the world.

Guests of Mr. and Mrs. J. T. May Sunday were Mr. and Mrs. H. L. Chambers and two daughters Misses Fay and Ray Chambers, and Miss Myrtle Chambers all of Rule.

Mr. and Mrs. Ray Denton are the proud parents of a new baby boy who arrived on the 17th. Mr. and Mrs. Denton live at the Withrow Hotel.

Mrs. Henry Arledge arrived home last Thursday from a visit some three weeks with her mother Mrs. Carlisle in Waco.

Mr. and Mrs. Edwin Clarke returned to their home in Knox City last week. They have been in the home of his mother near Brownfield, assisting with the crop.

Mrs. C. B. Teague is in Canyon this week with her grand daughter Miss Ruth Hammock. The two will return home Friday, the summer session W. T. S. T. C. being over.

Mr. and Mrs. W. K. Joiner of Jayton were the guests of his brother here Sunday. Mr. and Mrs. H. E. Wall.

Mr. John Page of Wetherford and Mr. McDaniels of Eastland were dinner guests of Mr. and Mrs. Joe Averitt Monday.

I am pleased to support the nominees of the primary.

DICK DRESSER THANKS THE VOTERS OF KNOX

I thank the voters of Knox County for the generous vote accorded me in my aspiration for the office of District Attorney of the 50th Judicial District of Texas. Please allow me to express my deepest gratitude to my friends and acquaintances who gave me their support and influence in this race.

I shall, as the years go by, have pleasant memories of the past campaign.

Fearing that there are some who have not learned of the votes cast for each candidate in each county in the district. The result is as follows:

Baylor County	1640	501	355
Knox County	864	716	425
King County	104	148	89
Cottle County	363	599	529
Totals	2371	1964	1388

Column 1, Dresser, 2 Dickson and 3 Wheat.

The best of feeling has existed throughout this campaign with two fine opponents at it has been my pleasure to know and the whole campaign has been a source of pleasure to me.

In the coming second primary I solicit of you the same open-minded consideration of my candidacy, based on qualifications for the office and an earnest plea for your support and when elected I will repay you in service to the trust and honor you bestow upon me.

Miss Lula Pearl Puckett is spending a few days in Dallas this week.

Mrs. M. E. Lanier is spending this week with her son in Crowell.

Mr. and Mrs. L. N. Bridges and L. N. Jr. were recent visitors in Mc. Lulu. They visited with Mr. and Mrs. Cubine.

Grady and Earl Benedict, H. L. Daniel and Dr. Frizzell were fishermen over the weekend at Lake Kemp. They caught plenty fish.

Charles Turner returned to his home in Fort Worth last Wednesday after spending some two weeks with relatives here.

Mr. George Pinkard of Wichita Falls spent several days last and this week here with his sister, Mrs. M. E. Jones.

Mrs. W. A. Smith returned home Monday after spending a most enjoyable week with relatives in Electric.

Mrs. E. F. Branton returned to Knox City Wednesday evening from Lubbock where she spent the summer in Tech.

The Primary Department of the Methodist church are enjoying a party on the lawn at the church this afternoon, Thursday.

C. L. Beason, county agent of Brazos county, tells a good one. A 4-H club boy attending the annual short course at College Station found that his one and only shirt was too dirty to stay longer, so he walked home 10 miles, had the shirt washed, and walked back again to take in the program. The boy won the right to represent his club by the excellence of his corn demonstration.

Of the Wichita county farmers cooperating with the county agent in raising alfalfa by demonstration methods, Penton Dale of Iowa Park reported the highest July yield with 3500 pounds of hay per acre on 5 acres.

Soy Beans continue to spread throughout the State, especially in East Texas, in the wake of Demonstrations conducted by county agents of several years. The experience of J. H. Hague of San Augustine county is typical of many. He harvested 1 and one-fourth tons of soy bean hay per acre from a 2-acre demonstration and finds his dairy cows relish this high protein feed.

LaGrange—A six-point pig feeding system got results for Albert Fisher, 4-H club boy of Ammansville community with Fayette county farm demonstration agent, W. H. DuPuy. Farmers invited to come over to observe the weighing of his pig asked him to write out his method of caring for the animal when it was found that it had gained 74 pounds in 30 days. The system of finishing pigs for market in six months instead of feeding 18 months to get the same results, as outlined by Albert consists in having a well bred pig; plenty of green grazing; plenty of fresh cool water; a balanced ration of skim milk, cottonseed meal and corn before the pigs all day long; lice and worm control; and good shade.

Canning more than 500 containers of vegetables on halves for other people has supplied Mrs. C. E. Marsh, Menard county home demonstration club member, with enough money to buy paper and lumber to finish a bedroom for her boys.

Hen Lice Eat Up Half The Profits
 College Station—Hen lice took half the profits in the few demonstration flocks infested with these parasites in a recent month in which an investigation of the effect of lice on profits was made by E. N. Holmgreen, poultry husbandman of the Texas A. and M. College Extension Service. Flocks having lice made an income above feed cost of 4.43 cents per hen above feed cost. The study was based on poultry flock demonstration records submitted on about 800 flocks by county farm and home demonstration agents.

"It is interesting to note that the eggs from flocks free of lice sold for almost 1 1/2 cents more per dozen," says Mr. Holmgreen, "which indicates that lice control is a part of general good management. The common methods of lice control consist of painting the roosts with nicotine sulphate, or in dusting each bird with sodium fluoride. The former is a little more expensive but less work."

Quanah—At least 85 per cent of the farm population of Hardeman county is being helped by home demonstrations this year, it is revealed in a recent report by Miss Elsie Phillips, home demonstrations this it is revealed in a recent report by Miss Elsie Phillips, home demonstration agent. Three hundred warm women have improved the diets of their children to permit greater freedom of movement; 200 have made foundation patterns to ease the job of making garments at home; nine gardens have fitted with sub-irrigation systems; and 27 hot beds have been made. Following the lead of 4-H pantry demonstrators the total canning of the county is expected to break all records.

Mr. and Mrs. R. E. Moore of Tulsa Oklahoma were guests of Mr. and Mrs. Holt Moseley Sunday night. Mrs. Lutts and two daughters of San Antonio are visiting her brother, Mr. and Mrs. Russel Boyd. R. E. Lee has returned to Knox City from an Abilene Business College.

Mr. Melton Jones of Longview was the weekend guest here of his brother M. E. Jones.

Mr. and Mrs. T. E. Robbins and daughter JoNell returned home last Saturday from their vacation trip.

Mrs. J. M. Lee spent last weekend with her friend Mrs. Kelly in Rochester.

Mr. and Mrs. J. H. Darnell of Truscott spent Sunday here with Mr. and Mrs. G. T. Hardberger. John H. Darnell spent last week here with his grandparents but returned home with them Sunday evening.

Mrs. A. J. Malouf and children and Mr. and Mrs. Dave Whitford spent Sunday with relatives in Roaring Springs. Little Miss Juneve remained in Roaring Springs for the week.

UNEQUAL REGULATION IN TRANSPORTATION CAUSES DISORDER AND CONFUSION

The instability, confusion and disorder which unrestrained truck transportation has brought about is responsible in large measure for much of the distress in which all business finds itself today. Texas has moved to find a remedy and all concerned in the welfare of this state and its institutions should cooperate in the effort to restore stability and order to our transportation systems.

The Texas Railroads, in these advertisements, have endeavored to place before the people of this state some of the reasons why the existing laws, regulating motor transportation, should be upheld and enforced.

1. The railroads are necessary for the successful marketing of the enormous production of this state, which is used and consumed in every other state in the union.

Uniform, published, non-discriminatory transportation service rates are essential to the orderly conduct and welfare of business.

Unregulated truck transportation inevitably results in discriminatory charges and practices, rebating, unfair and unbusinesslike competitive methods, bringing about losses and commercial insecurity.

The wholesaler, jobber, retailer and local merchant suffer from the unfair competition of truckers and peddlers who, for the most part, are non-residents, pay no taxes and contribute nothing to the community welfare.

The farmer and agricultural producer must have at his command facilities adequate to transport crops and produce which move long distances in large volume, at low cost, by rail.

2. The railroads build and maintain their own roadways, pay heavy taxes for the support of state and municipal governments and institutions, and expend millions of dollars for payrolls, materials and supplies. Railroad workers are substantial citizens, home owners, and valued members of their communities.

3. Rail transportation is the most efficient and economical in existence for the movement of traffic in volume by land.

4. Texas highways belong to the people and are built and maintained at heavy cost. Their use for commercial purposes is a privilege, not a right. They should be kept safe for general use and not prematurely destroyed by heavy trucks.

5. The stability, security and orderly conduct of business require reasonable control and regulation of all transportation agencies.

THE TEXAS RAILROADS

DAYS OF DOUBTS

Another young man had grown up near by Jesus' home in Nazareth and was beginning to be heard from in the larger world. His name was John. How much the two boys may have seen of each other we do not know; but certainly the younger, Jesus, looked up to and admired his handsome fearless cousin.

We can imagine with what eager interest he must have received the reports of John's impressive success at the capital. He was the sensation of that season. The fashionable folk of the city were flocking out to the river to hear his denunciations, some of them even accepted his demand for repentance and were baptized.

John's fame grew; his uncompromising speeches were quoted far and wide. The business men of Nazareth who had been up to Jerusalem brought back stories and quotations. There was considerable head-wagging as there always is; these folks had known John as a boy; they hardly believe that he was as much of a man as the world seemed to think.

But there was one who had no doubts. A day came when he was missing from the carpenter shop; the sensational news spread through the streets that he had gone to Jerusalem, to John, to be baptized.

John's reception of Jesus was flattering. During the ceremony of baptism and for the rest of that day Jesus was in a state of splendid exaltation. No shadow of a doubt dark

ened his enthusiasm. He was going to do the big things which John had done; he felt the power stirring in him and he was all eager to begin.

Then the day closed and night descended and with it came the doubts. The narrative describes them as a threefold temptation and introduces Satan to add to the dramatic quality of the event. In our simple story we need not spend much time with the description of Satan.

We do not know whether Satan is to be regarded as a personality or as an impersonalization of an inner experience. The temptation is more real without him, more akin to our own trails and doubts. With him or without him, however, the meaning of the experience is clear. This is its meaning, the day of supreme assurance had passed; the day of fearful misgiving had come.

What man of outstanding genius has ever been allowed to escape these trials and doubts? For how many days and weeks do you think of the soul of Lincoln must have been tortured? Inside himself he felt his power, but where and when would opportunity come? Must he forever ride the country circuit, and sit in a dingy office settling a community's petty disputes?

Had he perhaps mistaken the inner message? Was he, after all, only a common fellow—a fair country lawyer and a good teller of jokes? Those who rode with Lincoln on the circuit testify to his terrifying moods of silence. What solemn thoughts besieged him in those silences? What fear of failure? What futile rebellion at the narrow limits of life?

WELL BOYS—TODAY REX IS GOING TO ZOOM OVER SOME OF THE PAGES OF PAST HISTORY—MY FACTS HAVE TO DO WITH LEGENDS OF THE "GREAT FLOOD"—THERE'S REX OVER THERE LETS GO!

MANY SAVAGE LEGENDS CONTAIN THE STORY OF THE FLOOD EVEN WHERE TRIBES DWELLED THOUSANDS OF MILES APART. HERE, FOR INSTANCE, THE ESKIMOS BELIEVED THAT THE WORLD HAD ONCE BEEN TIPPED OVER AND ALL PEOPLE DROWNED.

THE TRADITION OF THE SOCIETY ISLANDERS IS THAT A FISHERMAN CATCHING HIS HOOK IN THE HAIR OF THE GREAT SEA-GOD AS HE LAY ASLEEP GREATLY ANGERED THE GOD SO THAT HE FLOODED THE LAND. ONLY THE FISHERMAN AND HIS FAMILY SURVIVED.

A WELL AUTHENTICATED MYTH OF THE DELUGE HAS BEEN FOUND AMONG THE NATIONS OF AMERICAN INDIANS.

IN FIJI THERE IS A LEGEND THAT THE DELUGE WAS CAUSED BY TWO GRANDSONS OF A GOD KILLING HIS FAVORITE BIRD—AND SO IT IS REMARKABLE THAT THIS STORY HAS EXISTED MANY CENTURIES IN MANY PARTS OF THE WORLD.

COME GET YOUR HANDS AND FACE WASHED FOR SUPPER BOYS—WHERE'VE YOU BEEN THIS PAST FIFTEEN MINUTES?

ST. LUKE CHAPTER 9

Sometimes we may wonder why our Lord sends the disciples out in pairs to preach the gospel. It is true He imparted divine power over sickness and physical infirmities, also over demon possessed souls, but doubtless this missionary journey was imposed as a practical lesson in the work these disciples would be called to do after Jesus departs. We find Him telling them twice in this chapter that He was soon to be removed from them, but as yet they do not understand. Perhaps we should not condemn them to severely, because the multitudes that continually followed no doubt prevented thoughtful meditation upon their part, for we find upon their return when Jesus would take them apart into the desert, the people follow and it becomes necessary for Jesus to feed them by His divine power, before He could send them away.

Then as He is alone with the disciples and in prayer and meditations, He no doubt knowing the answer to the question asked but seeking the confession necessary for every Christian. "Whom do you say that I am", Peter, the speaker readily confesses "Thou art the Christ the Son of the Living God."

Then why does He command them to tell no one. I think we may thus reason, Jesus was already rejected by Israel, and before the work of redemption is complete He must be slain to make the perfect atonement for sin, and raised again the third day; this He foretells and also gives them a test of discipleship. He does not say it is an easy matter; he who would follow Jesus must deny himself, (that is forgot the sinful-self pleasure and gain of the world) and take up the cross daily (that is the spiritual obligations imposed by God's will every day of the year.)

There is a promise in verse 27 that is sometimes badly misunderstood; it was then; it is now Jesus said, "there are some standing here who shall not taste death till they see the kingdom of God," but the next verse explains that this came to pass eight days afterward. Peter, James and John were taken upon the mountain, and as Jesus prayed He was transfigured before them, and with Him they found Moses and Elijah. In my Bible there is a foot note that explains this representation of the Kingdom that shall be established when Jesus returns in these words: (1) The Lord Jesus not in humiliation, but in all over and glory; (2) Moses, glorified, representing the redeemed who have passed through death into the kingdom; (3) Elijah, glorified, representing the redeemed who have entered the Kingdom by translation; (4) The three disciples, not glorified, representative of Israel (5) The multitude at the foot of the mountain representing the nations who are to be brought into the Kingdom after it is established over Israel.

There are many students who reject the idea of the literal return and reign in a righteous kingdom by our Lord but the prophets of the old testament declare it over and over and Jesus confirms it in His personal ministry and Revelation explains the doom of those who will not accept Him when He returns. He will be all-powerful and there shall be no compromise with sin; Satan will be shut up for one thousand years and every human being will be placed upon one side or the other; there will be no middle ground, no luke warm or worldly christians, then indeed shall the sheep be separated from the goats.

Benefits Are Widely Spread With Widespread Power

The power line which carries electricity over the countryside is bringing the benefits of industrial development to small communities as well as large cities.

When an equal power supply is commanded by both, the production efficiency of small, decentralized establishments matches that of large metropolitan factory. Moreover, with its freedom from the high costs imposed by congestion, the small community factory can even surpass the large city factory in economical manufacture.

This is the opportunity which the widespread distribution of electric power has opened . . . an opportunity which the West Texas Utilities Company has made available to 125 progressive West Texas cities and towns served from its 2,500 mile transmission line system.

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule . . . and adds only a small amount to your total bill?
