

GOREE YOUTH KILLED IN CAR WRECK SUNDAY

Dundee, Texas, June 19.—James Moore, 17, of Goree, was killed and his three companions were injured tonight when the automobile in which they were riding overturned on hi-way 30 four miles west of Dundee.

Luther O. Chamberlain, 21, was the most seriously injured. Little hope was held for his recovery at a Seymour hospital. The other injured youths were Floyd Hutchins, 18, and Boyd Moore, 19, cousin of Floyd. They were not seriously hurt. All lived at Goree.

Occupants Thrown Out

State Highway Patrolmen C. G. Conner and Watson Howell, of Wichita Falls who investigated the accident, said the boys were driving at a high rate of speed, and the car had turned over four times throwing all four of its occupants about 15 yards from the machine.

According to the officers the boys had been to Wichita Falls, where they had spent Sunday visiting friends. They were returning to Goree at the time of the accident.

C. L. Jeter, Seymour constable, who was driving to Wichita Falls, said he met the boys near Dundee and turned around to pursue them. However they were driving too fast and was unable to catch them.

Youth's Car Weaves

Jeter said they were involved in a slight collision with the automobile of Othar Hancock of Parkridge, Ill. just outside of Dundee. As Jeter was chasing the car it was weaving across the highway and going at a fast pace, he told the highway officers.

Jeter said the car ran off of the highway on the left side, and as the driver whipped it back to the right it started turning over. He said the boys were thrown from the car as it tumbled over the barbed wire fence.

James Moore's body was taken in charge by the Seymour Undertaking company pending word from his relatives in Goree. He was the son of Jack Moore, Goree farmer.

Sheriff Chloe Shawver of Seymour, who investigated the accident, said no charges had been filed against the injured boys. He said complete investigation would be delayed until their exact condition could be determined.

G. W. McLAIN CIVIL WAR VETERAN, DIES LAST SATURDAY IN JAYTON

Jayton, Tex., June 16.—Last Saturday morning Kent county's last old soldier of the confederate cause, turned in his worn uniform, closed his eyes, and passed to the great beyond.

Mr. McLain was nearing his 92nd birthday and had been a resident of this part of Texas for more than thirty years. He was a real West Texas Pioneer, and had weathered all the hardships of life, from the days of his early youth when he entered the Confederate army and did service for the cause then so dear to the Southland. For some years he has had the distinction of being the only Confederate veteran living in Kent county.

His last mortal remains were laid to take their long and well earned rest, in the Girard cemetery, Saturday afternoon, while many friends and old-timers, and relatives stood with sorrowing hearts and uncovered heads.

—The Jayton Chronicle

G. W. McLain was the brother of J. H. McLain of Knox City, who was unable to attend the services in Jayton due to his illness.

IN SEYMOUR

W. M. McCraw
Bill McCraw who is said to be one of the leading candidates for Governor will speak today in Seymour.

POLITICAL RALLY

The Knox City P. T. A. are sponsoring a Political Rally Saturday night for all candidates of state, district and county offices. Sixty eight invitations were sent out and several of them have already filed their acceptance and will be here.

Mayor Hoge will be Master of Ceremonies. The platform will be back of the Lumber Yard and a loud speaker has been arranged for. Come out and hear your candidate and his opponents.

STAMFORD BOOSTERS HERE YESTERDAY

The Stamford Boosters, about thirty-five strong, came to Knox City about six o'clock yesterday afternoon and entertained the people for fifteen minutes in the big Cowboy Reunion to be held in that city beginning July 4th and continuing through July 6.

This is the ninth annual reunion and they claim that they have spent several thousand dollars in making improvements and are looking forward to the largest gathering within its history. Mayor Hoge welcomed the visitors to our city and said he would guarantee that Lee Smith would attend the rodeo and take part.

PICNIC AT RHINELAND MONDAY, JULY 4TH

The citizens of Rhineland announce their annual picnic for July 4. Arrangements have been made for all attractions for everyone and a good time is expected by all who attend.

There will be dancing on a large outdoor platform and music will be furnished by the Brown Derbies of Abilene, and the Lone Star Band will be present and render music during the day. All political candidates have been invited to attend and an effort is being made to have some state candidates there.

LIGHT RAIN FALLING

Thursday morning a light rain is falling over this section of Knox County. Reports from the western part of the state say that good showers have fallen over the south plains section. The farmers have all been busy in their crops this week and a light rain will help the growing crops. The majority of the small grain has been harvested.

TOO MUCH OF IT ALREADY!

HARD TIMES FOR THE ACCIDENT RACKETEERS

The claim fraud "artist" is finding the going tough these days.

State and municipal authorities, working in cooperation with experts from the Claim Bureau of the Association of Casualty and Surety Executives, are making constant progress in fighting the accident racket—and seeing that the accident racketeer gets just what he deserves.

During the month of May, for example, eight persons, including one doctor, were found guilty of various insurance frauds. In a single recent week state authorities took action against three persons, including two doctors, for offenses connected with the liability claim racket. One Los Angeles doctor was the last of sixty persons indicted for being part of a single fake accident ring.

Some years ago claim fraud-became a "big business." Men and women would pretend to

be seriously injured by automobiles, by falling down in department stores or hotels, etc. crooked lawyers would sue, and conniving doctors would support the case with faked evidence. And a very high percentage of judgements in favor of the racketeers were handed down.

Then the insurance industry went to work—and was the prime mover in starting the war on the racketeer. The utmost cooperation and aid is given to police and prosecutors. Elaborate records are kept, and all suspicious claims are investigated with a fine tooth comb. The result: More and more convictions, and a real "racket depression."

What this means to the public is obvious. The people pay for all crime—in higher insurance rates, and in many other, tangible and intangible ways. The successful fight against claim frauds is of benefit to every honest citizen.

SOCIAL SECURITY BOARD POSTS WAGE ACCOUNTS

Wichita Falls, June 16.—Wages of millions of men and women for whom the Social Security Board has established old-age pension accounts were being posted during the last of May at an average rate of approximately 650,000 entries a day. J. Gordon James, manager of the Wichita Falls office of the Social Security Board, said today.

The wages now being posted, James explained, are from employers' wage reports for 1937, which were filed at the end of each six month period. Approximately 75,000,000 wage items reported by employers for 1937 have been received by the Social Security Board from the Bureau of Internal Revenue, and about 40 per cent of these have been posted to employees' accounts.

Under revised regulations effective January 1, 1938, employers now file a tax return every three months, when they pay their taxes and their employees' taxes. On the same form they list the amount of wages paid to each employee during the quarter. Approximately 2,100,000 wage items

reported by employers for the first three months of 1938 have been received by the Social Security Board. Employers' wage reports are filed with the Bureau of Internal Revenue; and, after they have been checked against the employer's tax return, are turned over to the Social Security Board where each employee's wages are recorded in his old-age insurance account.

Although there is a few months' lag between a worker's pay day and the time his wages are recorded in his old-age insurance account this will not cause delay in settling a claim for benefits, Mr. James said. Lump-sum payments are now being made to workers reaching age 65 and to heirs and surviving employees' wages need rates of workers who have died. Supplemental information needed in settling such claims is obtained on the worker's employer. James stated that the insurance had an employer denied this cooperation.

S. E. Youngblood, Sam Clonts and E. Q. Warren were visitors to Haskell Monday night.

BACK HOME

CON. McFARLANE BACK
IN HOME DISTRICT

The Herald Editor in a conversation over the telephone with Congressman McFarlane of Graham, Wednesday stated that he had arrived home from Washington and that as soon as possible he would begin an active campaign over the district seeking re-election. He was detained in Washington until last week on account of Congress not adjourning sooner. He informed us that he expects to make every county in the district and that he would appear in Knox City soon. The date will appear in the Herald and the voters of the entire county are invited to hear him.

STATE CANDIDATES ARE GETTING ACTIVE

The state candidates are really getting busy the past week soliciting votes. The Herald receives from ten to twenty circular letters each day and we would have to employ a secretary to open and read all our mail. We usually throw them into the waste basket without opening them. It is the state candidates who have sent us literature the past two months would have used the money in this office in the way of advertising. They could have secured more than a page ad. They still believe the country editors are a bunch of nuts and spend their money with the big dailies and think the country editors will still continue to give them publicity. They should remember that seventy per cent of the voters in the state reside in the rural country and scarcely ever see a daily newspaper.

NOTICE FARMERS AND CATTLEMEN, WARNING

We have been requested by the State Highway Department to announce to the framers, cattlemen or any other person owning cattle that the State Highway Department will put out grass hopper poison beginning next Saturday. This is done in order to assist every way possible to destroy the hoppers that are causing so much damage in this section of the state. Those owning cattle are hereby warned that they may eat some of this poison and it will mean almost certain death. Please assist in this work by keeping your cattle from all state highways.

BRIDGES GROCERY HAS NEW MEAT CUTTER

Vernon Bridges proprietor of the Bridges Red and White Grocery has secured the services of Mr. White Hudson, of Rochester who will be the meat cutter for this firm. Mr. Hudson is well known in this section and we welcome him and his family to our little city.

Benjamin, June 18.—Three children of Julian Stroble, 38 year old tenant farmer of the Vera community, 15 miles east of here, are alive at their home because they drank little of a bitter tasting milk shake prepared by their father.

Stroble died an hour after he emptied one of the four glasses filled with pink-looking milk, according to A. H. Sams, justice of the peace, who returned a verdict of suicide.

Children Recover

Funeral for the victim was held at 10:30 o'clock this morning in the Vera Community. The Rev. Charles Jarrett, pastor of the Primitive Baptist church, officiated.

The children, Lola Jean, 8, Joe Wayne, 4, and Cecil Jeanette, 3, recovered in a Seymour hospital, where they were rushed by Clifford Roberson. They had complained of "tummy ache." The two smaller children recovered quickly. Lola Jean was severely ill several hours.

According to County Attorney J. C. Patterson, one of the investigators of the case, when the children complained of pains in the stomach, Stroble told his wife he had given them poison and for her to get help quick. She rushed to the home of Ike Shipman, an uncle of the victim, a quarter of a mile away to secure aid. That was shortly after dusk Friday.

Mrs. Stroble told officers she and her husband had been working in the field all day. She had been shocking feed and went to drive in turkeys while Stroble went in to turn his teams loose. As the woman approached the house, the older daughter, suffering pain, ran to her mother and complained. When questioned if she had eaten anything, Lola Jean said she hadn't, but said her daddy had given her a milk shake.

Patterson related that Stroble first denied giving the children anything, then confessed giving the children poison and taking some himself. He then turned to the lot, unharnessed his team turned them to pasture and shut the gate, according to the County attorney. The body was found by Ike Shipman, 450 yards away from the house, face down.

An unsigned note was found on the person of the victim by Sheriff Louis Cartwright and deputy O. H. Capehart. The officers said the note read as follows: "Let me lay where you find me."

Stroble, a world war veteran, had lived in the Vera community 35 years.

RUTLEDGE — BARNES GIVEN TWO YEARS

Adran Rutledge and Red Barnes were tried Wednesday in the District Court before Judge Newton on a charge of cattle theft and both pleaded guilty and were assessed two years in the state penitentiary.

George Hardberger of this city lost several jersey cows several months ago and after traveling several thousand miles he finally located them in Lubbock. He secured enough evidence against the young men that the Knox county grand jury indicted them two weeks ago, and Judge Newton set the cases for trial Wednesday. This is the first conviction of cattle theft in this county in several years.

Herbert Sams of Benjamin, candidate for County Attorney, was in Knox City Wednesday, meeting the voters.

That when he made his West Texas tour he had telegrams from every town within fifty miles of his route asking him to stop, "if just for a minute."

That a woman trying to pass out literature for another candidate talked to fifty women before she found one who was not for O'Daniel.

That a poll was taken in a little West Texas town showed 29 people for O'Daniel, one for the other candidates.

That a speaker for one of the other candidates, at a Czech meeting in Central Texas, was flabbergasted when after he finished the people crowded round asking, not about his man but about O'Daniel.

That O'Daniel supporters locally predict 40,000 people for his Austin meeting and are trying to get Memorial Stadium for the meeting.

That his Waco crowd doubled or tripled that of McCraw and Thompson, both of whom held prior meetings there.

That the O'Daniel People are chanting this slogan: "It's about time the hillbillies had a voice in government."

That at his Waco meeting a woman fainted and the crowd was so dense she couldn't fall down.

That at his Waco meeting a woman whispered breathlessly to her companion,

That the Hunter boys are saying it will be Hunter and O'Daniel in the runoff.

That the O'Daniel boys are saying there won't be any runoff. — State Observer.

DEATH BEGINS AT FORTY

The Travelers Insurance Company has just issued a little booklet, "Death Begins at Forty," in which it is pointed out that underlying reasons for America's horrifying automobile accident record in 1937 were "too much speed and too little courtesy."

According to the booklet, statistics show that if one has an accident while driving under forty miles an hour there is only one chance in forty-four that somebody will be killed, but if the accident comes while one chance in nineteen that somebody will be killed. Forty-thousand-three-hundred persons met death in traffic accidents last year. Nearly forty per cent of these fatalities were directly traceable to speed, and ninety-seven per cent of drivers involved in accidents had had one or more years of driving experience — In other words, they should have known better.

The driver guilty of speed and discourtesy on the highway is a potential murderer—and should be treated as such upon apprehension. Common discourtesy is usually simply a mark of ignorance, but when applied to the fast driver is a mark of maniacal disregard of human life. No amount of "wire-pulling" should allow such a person to escape punishment.

Laws in themselves cannot instill common sense and chivalry in a road hog—only fear and respect for the law will do that; and rigid, impartial enforcement is the club to use.

The Democratic Executive Committee of Knox County met at the Court House Monday in Benjamin and certified all the candidates who desire their names on the ballot for the July 23rd. primary. There were almost forty names presented and the Committee will make up the ballot next week. All candidates will be notified this week the amount they have been assessed and the money must be in the hands of Secretary LeRoy Melton not later than Saturday, June 25. The ballot will be made up next week and printed and then absentee voting will begin.

The Editor and wife drove over to Oklahoma Sunday and between here and there we found several hundred combines threshing wheat and at all railroad stations there were several trucks loading the grain into box cars. The average wheat in that section is twenty bushels to the acre. The oat crop is good but the farmers are complaining about the low prices they are receiving.

THE FORGOTTEN MAN

I GIVE YOU TEXAS

By Boyce House
Visitors in Austin comment on the politeness of the newsboys. Austin newsies in offering their wares, say, "Paper, sir."

There is one Mexican newsboy who always smiles, even though he is shouting tidings of calamity, disaster or catastrophe. In fact, the greater the loss of life or the more gruesome the murder, the wider his smile seems to be.

Zola would have made some thing of the little scene that this scribbler witnessed the other day. Two blind newspaper vendors listened carefully while a friend read the headlines they were to call out.

Look alikes: Charles Ruggles, the movie star, and Bill Cooper, Pecos insurance man, who formerly was editor at Colorado. They even talk alike—and probably Bill wouldn't mind if the resemblance went as far as to include income.

An expression is gaining quite a vogue in the Capital City — "That's a good-un," it originated in these parts with Tom King, the big and genial State Auditor. For the benefit

of those not familiar with the soft and sometimes telescoped pronunciation of the Old South, such, the translation is, "That's a good one." Somehow, it sounds more effective when given in the King style, however.

Porter and White

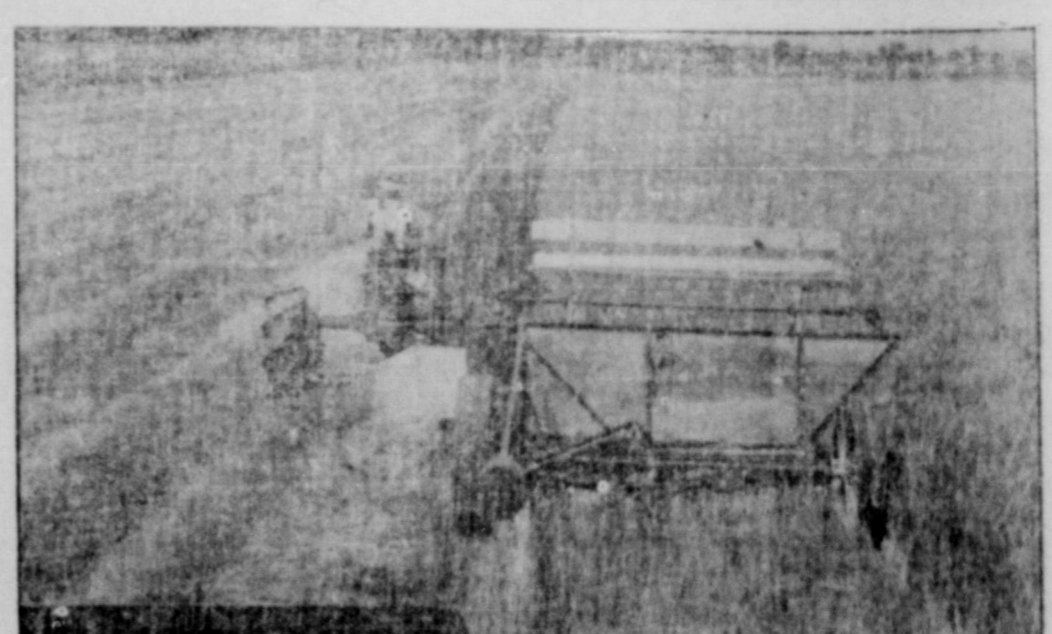

Brann, the iconoclast. The writings of this brilliant editor who died before the turn of the century, have been hard to obtain for many years. A few copies of an out-of-print edition could be found at old book stores. Now however, a big publishing company has published a popular edition and probably there will be a bearish effect on the price of the rarer volumes which, though, will still appeal to collectors.

Austin street lights (one of the favorite themes of this commentator) were recently referred to by Major Bowes in his radio program. He spoke of the Capital City as the home of "perpetual moonlight"—no, Clarence not "perpetual moonshine." The city has 29 steel latticework towers; originally, there were 33. They were purchased in the period from 1893 to 1895 at a cost of \$113,000. The towers are 150 feet high and in 1930 a boy who had climbed to the top fell almost to a platform 20 feet above the sidewalk. His plunge was inside the shaft and was broken somewhat by striking the frame work, first on one side and then the other. He recovered.

New York World's Fair House of Friendship

One of the most unique buildings now being erected at the New York World's Fair site on Long Island, N. Y., is the House of Friendship (shown above) of the New York City Young Men's Christian Association. The structure designed along modernized classical lines will be just what the name implies, a place for rest, refreshment, and relaxation. It is expected to become one of the most popular meeting places within the fair grounds as the Y.M.C.A. plans an international campaign among its more than 2,000,000 members to popularize the slogan "Meet at the Y" at the New York World's Fair in 1939. The House of Friendship is being built by the New York City branches of the Association as their contribution to the entertainment of members from all over the world who will visit the city next year. It is to cost \$150,000 and contain more than 15,000 square feet of floor space devoted to lounges, rest rooms, lobby, cafeteria, dining room, dining terrace and offices.

THE TAXES WERE PAID WITH WHEAT

It would have taken 2,086,257 bushels to pay Lone Star Gas System's 1937 tax bill

Based on average 1937 Price of \$1.00 per Bushel

THIS is a lot of wheat—nearly half of the entire 1935 crop harvested in the 58 Texas counties in which Lone Star Gas System operates. To move these 2,086,257 bushels to the tax collector's office to pay the 54 different kinds of city, county, district, state and federal taxes would require 1,780 freight cars forming a train 13.8 miles long! So you see taxes are a very great factor in our operating expenses. Last year they amounted to 23.3% of operating and maintenance costs!

Taxes charged against this system have been increased 42% during the last four years and our rates are not up proportionately. This has created difficult conditions for us in maintaining our record of dependability when less and less of your gas dollar has been left to pay for the essentials of service.

In spite of greatly increased taxes and regulatory expenses Lone Star Gas Service still remains the cheapest fuel on your household budget. One cent's worth of gas will heat a gas water heater from 8 to 18 hours or cook a good dinner for three people.

Cowboys to Open Annual Round-Up Fourth of July

Lower right, an old stage coach in the parade, and at left you get an idea of what happens when a cowboy gets astride a wild Brahma steer in the rodeo arena.

The New Deal In Knox County

Here in Knox County, Texas, the soil conservation checks issued by the AAA to farmers who make the required acreage reduction in cotton is based on the assumption that in ten years an acre of Knox county land will produce on average year a yield of approximately 138 pounds of lint. This is in my opinion, as nearly correct as it is possible to figure our cotton production and assumes an average yearly yield of slightly above average weight bale of cotton to four acres of land.

The AAA also issues checks to those who follow certain practices recommended to improve range or grass land. These range improvement checks are based on the assumption that an average section, or square mile of Knox County land, will support thirty two head of cows.

From fifty-one years of living in Knox County I conclude that the AAA is correct again, and that it will take twenty acres of Knox County land to produce enough feed to supply the needs of one cow on an average year.

Now Knox County was in my youth a cow county. Cows were the principal source of income. Knox County's population was very sparse. Cattle would not support many people. At twenty acres to the cow only large landholders could keep enough cows to be able to live.

Then cotton came. A bale of cotton would sell for as much as a cow and Knox County land would produce five bales of

cotton on the same number of acres required to keep one cow. The result was an increase in the population of Knox County.

In March, 1933, the schools took a census of the scholastic population of Knox County at 3,598.

Mr. Roosevelt had just been inaugurated President when that census was taken. He initiated the new deal, and under its program began cutting cotton acreage and cotton production in Knox County.

In March, 1937, after four years of the new deal, the public schools of Knox County took another scholastic census. This census showed that Knox County had a scholastic population of 3,054, a loss during four years of 544. The school census for 1938 is not complete but I am informed that it will fall consistently below 3,000.

The AAA and the new deal's latest farm loan cuts Knox County's cotton acreage to around 70,000 acres, whereas before the new deal it was 120,000 acres. Knox County will probably lose heavily in scholastics and population in the year 1938.

Of course this may be as it should be. It may be a good thing for Knox County to be short on people and have schoolhouses standing empty, but I do not think it is. I was here before there were any schoolhouses and when there were very few people, and I have always been glad to have people move to Knox County and have always hated to see them leave.

New Rodeo Stock To Afford More Thrills at Cowboy Reunion

Stamford, June 22, Some 200 top cowhands from Texas ranches will compete for \$2,300 in prizes in the rodeo contests during the ninth annual Texas Cowboy Reunion in Stamford, July 4, 5, and 6. The rodeo is the central attraction in an elaborate program of entertainment for the three-day celebration which is expected to bring 75,000 visitors to Stamford.

R. M. Swenson, rodeo director, announced this week completion of arrangements for a line of rodeo stock calculated to give contestants plenty of difficulty. The Reunion's own string of bucking horses, which includes such well known outlaws as "Calamity Jane," "Dr. Blackwell" and "Pitchfork Bay," has been supplemented with 25 pitching steeds leased from Homer Todd of Ft. Smith Arkansas. Todd supplied some of the stock which gave bronc-riding contestants so much trouble last year.

The Reunions own herd of 25 bucking Brahma steers has

been increased by 40 animals secured from J. P. McFarland of Weatherford, assuring plenty of action in the steer riding contest. Stock for the wild cow milking contest and the calf roping event was secured in South Texas by Scandalous John Selmon, arena director and Bill Lyons of Petrolia. Sixty Brahma calves were picked from a large number to secure uniformity of size and amplitude.

The distinctive feature of the Reunion rodeo is that its contestants are actual cowhands from the ranches rather than professional rodeo performers. Three performances will be held daily, 8:30 a.m., 2 p. m. Besides the regular rodeo contestants in bronc-riding, calf-roping, steer riding and wild-cow milking at all nine performances, a cutting horse contest will be held on the morning of July 5. Oldtime cowboys, over 55 years of age, will compete in a special calf-roping contest.

In addition to the daily cash

prizes, five special made saddles will be presented as championship awards.

BOY SCOUTS HOLD MEETING TUESDAY EVE

The Boy Scouts met Tuesday June 21, for a very pleasant evening of fun. The meeting was opened with a prayer led by L. F. Tezarrien, followed by the repeating of the Alligance to the flag. The scouts decided to have a troop contest among the four patrols. The object of the contest is for all the Boy Scouts to have passed the tenderfoot or second class tests before July 19. A knot tying contest was then held. It was a relay race to see which side could tie the different Boy Scout knots. It was greatly enjoyed by all. The meeting was then closed with a song and the repeating of the scoutmaster's benediction.

Mrs. T. H. Hagood and little son arrived from Abilene last week and joined her husband who is manager of the R. and H. Motor Company. They are occupying the Bruce Campbell house in the east part of town.

KARL CROWLEY

Karl Crowley, above, candidate for Governor, who has waged an aggressive campaign during the past four weeks, on the issues of giving Texas an honest, Jim Hogg type of Government, and of paying full \$30 pensions to all over 65, placing himself in the generally-conceded rank of being in the run-off.

BATEMAN MOVES CATTLE

Ed Bateman of the B Bar Cattle Company was in town Wednesday and left an order for job printing. He has made a deal to place a number of his cattle on the Sam Clonts farm which contains sudan grass and they will remain there until next fall. Mr. Bateman is making an experiment of this and is of the opinion that the cattle will thrive on sudan grass. He estimates that one acre will take care of a cow during the entire season.

Mr. and Mrs. A. A. Seal of Brady, Texas, were the weekend guests of Mrs. B. B. Gibbons.

O. W. Causey of the Edwards Self Service Grocery was transacting business in Abilene Wednesday.

Earl Sams our popular Assessor-Collector was here Wednesday from Benjamin. He is a candidate for re-election.

Tom West of Benjamin was transacting business in Knox City Wednesday.

Mr. and Mrs. L. N. Bridges returned the first of the week from McCain, Texas where they visited their daughter, Mrs. E. C. Cubine.

Mr. and Mrs. Lynn Waidrip and little daughter spent Sunday with friends in Seymour.

Since the announcement reached Knox City that W. Lee O'Daniel did not pay his poll tax and could not vote in the primary election, Walter Hyde and Buck Propps have taken on new life and both say that their candidate will be elected. Do not become confused, as they are not supporting the same candidate.

Mr. and Mrs. Everett Kelly of Austin are here this week visiting Mrs. Kelly's parents, Mr. and Mrs. W. H. Benedict.

Finis Walker was in town yesterday from his farm west of town and said that he had all his grain threshed and stored in the barn. Finis is one farmer that does not sell his grain as soon as it is threshed. He just recently loaded out three car loads of wheat from last years crop.

HEFNER H. D. CLUB HAS MEETING TUESDAY

Tuesday at Mrs. Felton M. Lambeth's the Hefner H. D. Club held their monthly meeting. Her home was decorated with assorted cut flowers beautifully arrayed.

Roll Call "My Favorite Flower."

Mrs. Ben Holder gave some very interesting advice on care of various flowers.

After the opening with the song "Beautiful Texas" business was taken up. Each member was given their article to make to fill one linen chest and will begin work on same immediately, by our president.

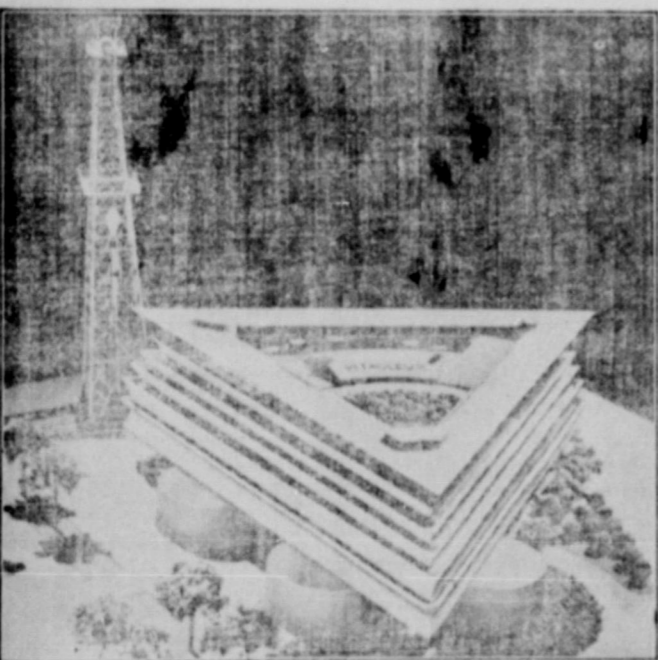

Cake and Iced Drinks was served to all present.

Mrs. E. E. Jones favored us with a short discussion.

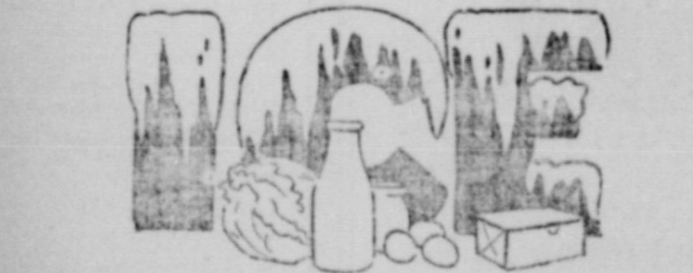

Collegiate Dancer "Most Artistic"

Creation and artistic execution of modern dance won for Palma Robinson of Coleman, Texas, the annual Leman Award which is given to the senior making the most artistic contribution to Texas State College for Women in Denton. The daughter of Mr. and Mrs. C. V. Robinson, she has studied dancing in the department of Physical Education throughout her college career and has been presented in numerous programs throughout the state. The medal has been won by writers, artists and musicians, but this is the first time it has gone to a dancer.

PETROLEUM'S WORLD OF TOMORROW—A brilliant triangle of gleaming blue metal supported twenty feet above the ground by four huge replicas of oil tanks will house the Petroleum Industry Exhibit at the New York World's Fair 1939, as indicated in the model above. Dramatic and spectacular exhibits will show how research in petroleum has aided human progress. A unique feature is the derrick in back which, manned by living workers, will demonstrate the process of drilling for oil.

VISIT HASKELL SWIMMING POOL SUNDAY EVENING

Mr. and Mrs. Vernon Bridges and little daughter, Mr. and Mrs. Jack Sikes, Mr. and Mrs. J. O. Hamm and little daughter Chad Wilson and family and Mr. and Mrs. Bill Clark and little son were visitors to Haskell Sunday and enjoyed the swimming pool.

Roy Earnest, salesman for a gin machinery supply company of Lubbock was here Friday.

Horace Jones who has been on the sick list for the past few days was able to be at work today.

A reception is planned for Rev. Rogers and family tonight.

Several people plan to attend the old settlers reunion at Aspermont this week end.

The fire boys were called out Tuesday to put out a blaze at the X-1 Service Station.

Attend the Political Rally here Saturday night.

THE AWFUL PRICE YOU PAY FOR BEING NERVOUS

Overwrought nerves can make you old and haggard looking, crazy and hard to live with—can keep you awake nights and rob you of good health, good times and jobs.

What you should try is a particularly good woman's tonic—and could you ask for anything whose benefits are better proved than that world-famous Lydia E. Pinkham's Vegetable Compound? Let its wholesome herbs and potent body Nature calm your churning nerves, tune up your system, give more energy and make life worth living again.

More than a million women have reported benefit—why not let Pinkham's Compound help YOU, too, to go "smiling thru" trying times like it has other grateful women for the past 3 generations? BY MARY BEE JACKSON

Watch Your Kidneys!

Help Them Cleanse the Blood of Harmful Body Waste

Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove incursions that, if retained, may poison the system and upset the whole body machinery.

Symptoms may be nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of pep and strength.

Other signs of kidney or bladder disorder may be burning, stinging or too frequent urination.

There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. Doan's have been winning new friends for more than forty years. They're a national reputation.

Are recommended by grateful people the country over. Ask your neighbor!

LISTEN TO THIS

By TOM FIZDALE

Between the ukulele, the camera and her surrealistic painting, Gracie Allen manages to keep rather busy for a gal who is supposed to be slightly on the dumb side, capable of grasping only one thing at a time.

Being the network zanie she is, no one probably ever suspected Gracie could be serious long enough to play the uke, much less draw pictures with such titles as "Dogs Gather on Street Corner to Watch Men Fight" and "Eyes Adrift as Sardines Wrench at Your Heartstrings"—and maybe she wasn't serious. But the paintings have drawn great crowds when exhibited in Hollywood and Chicago and are now scheduled for a New York showing. Anyway, Gracie must have had fun doing them.

That "Attorney at Law" daily drama starring Billie DeVore, Jim Ameche and Frances Carlon, with Dolores Gillen, Connie Osgood and other radio stars featured in the cast, is so popular it has been moved on an afternoon spot on the NBC-Blue network. Now heard at 1 p. m., C. S. T., daily. Makes a great afternoon radio fare as it follows the popular "Betty and Bob," "Arnold Grimm's Daughter," "Valiant Lady" and "Hymns of All Churches" on NBC.

Richard Himber, maestro of the CBS "Monday Night Show," has stirred up plenty of melody and laurels for his thirty years. Plenty of brains behind his skyrocketing to fame . . . Speaking of fame—those DeVore Sisters on "Vocal Varieties" via NBC are due for plenty of it. Critics hail them as the best sister team on the air.

Fred Waring and his Pennsylvanians, long absent from the airwaves, return early next fall in a series of weekly half hour programs . . . Year's contract reported to call for a \$10,000 weekly paycheck . . . Norris "Abner" Goff of "Lum and Abner," has just bought a six-hole golf course which adjoined his property in Hollywood.

Jean Blaine, "Valiant Lady" serial star, is mulling over two Broadway stage offers . . . Bob Burns is laying away his bazooka for a vacash from the Bing Crosby show . . . Crosby himself rests for eight weeks this summer when the same Robin Burns will be in charge of the Thursday night Music Hall proceedings . . . Likewise, Edgar Bergen will be tucking Charley McCarthy away in the suitcase Charley calls home ere long for a two weeks' rest from microphones. Don't be surprised if W. C. Fields chooses that particular time to sneak back to the coffee program while the "little nipper" is in his satchel.

Lola Hutchinson, 16-year-old singer from Wichita, Kansas, who made her first radio appearance on NBC networks a few weeks ago, already has been tagged a corner . . . The Friday night "Song Shop" on CBS is scheduled to fade June 10 . . . Benny Goodman is studying European boat sailings . . . The Monday "Radio Theater" shuts its doors July 11 for a summer lull, reopening Sept. 11 . . . Linda Lee, de-lovely Ripley warbler, is homesick for New-leens . . . Jan Garber, who checks out Burns & Allen, July 4, may be featured in his own program, "What Do You Know About Movies?" . . . Walter King, Eddie Cantor's announcer, has scored as a singer on the show . . . Jim (Fibber) McGee, Jordan plenty proud of daughter, Kathryn, high-school grad this month.

Richard Himber

Herbert Finley who has been attending school at A. and M. College at College Station is home for a few days.

L. F. Tegarden was in Ben-jamin on business Tuesday.

Velma Mabrey left Monday for her home near Rising Star where she will spend the rest of the summer.

A Man Who Leaves NO WILL Does His Family a Big Injustice

A Life's Savings is Protected by a Will

Make Your Own Last Will and Testament

Make Your Will NOW. Safeguard Your Loved Ones.

Everyone needs a Will, those who have little, more than those who have much. Neglect to make a Will causes untold grief, suffering, family disputes.

This Actually Happened

A happy man with a good wife and two lovely children, owned a \$7,000.00 house with only a \$2,000.00 mortgage, and had about \$3,000.00 in the bank. He caught a cold; it developed into double pneumonia and within a week he was dead.

There was no will. An executor had to be appointed by the court, a bond paid and a lawyer appointed. He had two brothers with whom he was on bad terms. Each applied for one-third of the estate. The executor got 5% and had one year to settle.

The mortgage was foreclosed, the widow dispossessed. Today this man's family are on relief, destitute. If our Will booklet at a total cost of one dollar had been used, all this trouble would have been saved. Things like that are happening every day.

A Legal Valid Will—\$1

Our booklet giving samples of Standard Last Wills and Testaments, with many separate clauses, enables one to make just the kind of Will desired by simply copying the wording and filling in your names.

With our booklet comes a Will blank with full instructions how to sign and have it legally witnessed so as to make in SECRET, without other legal advice, a perfectly legal will.

Mail One Dollar for booklet and legal form Will blank.

GOSSETT IN DENTON CO.

Ed Gossett, candidate for congress, concluded a busy week of campaigning with three speeches in Denton County; speaking at Sanger, Pilot Point and Lewisville.

Denton County was one of the 8 counties out of 15 in the district carried by Ed Gossett in his 1936 campaign for congress. According to O. C. Knight, Denton County chairman of the Gossett For Congress club, his majority in Denton County will be greatly increased in this campaign.

RALPH YARBROUGH Judge Ralph Yarbrough of Austin candidate for Attorney General.

Attorney General's race to present a new and colorful figure every four years. A few campaigns back, it was Van Moody, energetic and picturesque; then came Jimmy Allrod, boyish and eloquent; four years ago, big Bill McCraw, with his humor, came on the scene; and now it's Ralph Yarbrough, whose smile, sincerity and oratory are providing the color in this year's contest.

A Question of Relative Values

ACCORDING to a friend of mine, two traveling Americans met in Europe. The casual conversation between the tourists reached a point where personal achievement obtruded. It was plain that either of the gentlemen felt a sense of pique that the other was ignorant of his prominence in his community at home. At length, one of them with scorn in his voice said:

"So? I guess you don't know who I am? I am Mr. Cohen—the rich Mr. Cohen of St. Louis. And what's more, I am so rich that I don't care who you are or what you've got, I can buy and I can sell you." "Is that so?" said the other. "Well, well! So you are the rich Mr. Cohen of St. Louis! Well, let me tell you who I am: I am Mr. Ley—the famous millionaire merchant prince of Chicago; and let me tell you this, Mr. Cohen of St. Louis, it makes no difference to me how rich you are, because I am so wealthy that I can buy you and then keep you—I don't have to sell you again."

Quite a number of the people inquired of us why we did not write our bunch of foolishness for the paper this last week. About the only excuse that we could render was that just about the time when we should have written the stuff we lay down and went to sleep and when we woke up it was after press time. Editor Garner gave us a severe raking over but being some what of a soft sooper we managed to get by.

T. P. Frizzell, Sr., and uncle Johnie Smith have just about completed arrangements for their vacation. The first two days will be spent with Dr. and Mrs. I. M. Wilson at Sunset, Texas. The Dr. has promised the boys plenty of fish and brown mule chewing tobacco.

If you know of anyone in need of some extra cats see or write Ruby Darden, O'Brien Texas. We understand also that Denny Davis can supply the demand.

One of the largest gatherings in the history of Knox City assembled here Saturday night for the purpose of attending a political rally in the interest of the several candidates for Governor. The Speakers for the occasion were local men. Boss Benton was selected as chairman, with Sale Hutchinson as master of ceremonies. The speakers allowed only 10 minutes each in which to present their views and the following were introduced by Sale:

B. M. Farmer, Lloyd and Carl Davis, Ed Shaver, H. M. Warren, M. A. Bumpas, J. C. Angles, Sam Favor, and Uncle Billy Jones. The large crowd gave close attention to the different speakers and much interest was manifested. The speakers have all agreed to go to O'Brien on next Saturday evening.

In conversation with one of the leading farmers of this section of the county one evening this week we were discussing the grasshopper situation and as we were anxious to learn something about this pest we asked this wise gentleman just how often they had a new crop of hoppers he informed me that he was not sure yet but would be able to tell for sure a little later on as he has a small bantam hen setting on 4000 hopper eggs.

Tom Loper looks much better since he has changed diets. Geo. Grenzo Stubbs is taking his 15 days vacation and is fighting hoppers and harvesting careless weeds on his fine farm north of town.

G. A. Branton harvested 40 bushels of oats per acre on his farm east of town.

The last report from Jake Hester was to the effect that he was on the verge of starvation and was calling for assistance.

Jot Rodgers is at present straw bossing for E. L. Park. Jot is a past master when it comes to weeding a hoe.

Miss Bertha Sweatt in Company with her sister miss Flora was in the city Saturday night.

Spurgeon Hyde and Panny Farmer came over from Abilene Saturday and spent a few hours with home folks.

Mrs. Sylvia Favors and little son returned early this week from Houston. Sylvia says that the mosquitoes in that section of the country make things unpleasant.

Sale Hutchinson and Wayne Cypert came down to the post office Sunday morning for their mail. Sale is still wanting more rain. Roy Boker is praying for dry weather so there you go.

W. W. Hyde received this week a large photo from James A. Farley, Postmaster general with his compliments.

Mrs. J. E. Mays of Mineral Wells spent a few days with her daughter, Mrs. T. J. Smith this week. Her little grandson who had been visiting her the past two weeks returned with her.

Mr. and Mrs. C. H. Keck spent Sunday with relatives and friends in Baylor county. They report the harvest underway in that section and the average is much better than was first expected.

The editor and wife and little grandson, Gene Garner of Ranger, and Harry Garrison the popular manager of the Black and White Grocery spent Sunday in Altus Oklahoma.

Two Local Students Attend Dramatics Course at Denton

DENTON, June 22.—Paul L. Hoge and L. N. Bridges of Knox City, members of a selected group of All-State high school actors, debaters, and public speakers, have been ad-

mitted to the second annual summer speech institute now in progress at Texas State College for Women.

Both boys, awarded scholarships on achievements in dramatics and extemporaneous speaking during the last school year, will receive six weeks intensive training from Emory G. Horger, director of the institute, other TSCW faculty members, and Thomas A. Rouse, visiting professor from the University of Texas.

High school students are being cast in two full length plays and six one-act plays to be presented in the college auditorium and the outdoor theater. They will debate every afternoon and hold daily extemporaneous speaking contests, while practical and theoretical instruction in direction and coaching will be given college students and high school teachers enroute.

Bridges is the son of Mrs. L. N. Bridges, and Hoge's parents are Mr. and Mrs. C. C. Hoge.

WHEN LIFE DEPENDS ON TIRE SAFETY

IT'S ALWAYS Firestone
FOR 19 CONSECUTIVE YEARS THE WINNERS OF THE INDIANAPOLIS 500 MILE RACE HAVE PROTECTED THEIR LIVES WITH FIRESTONE GUM-DIPPED TIRES

On May 31, Floyd Roberts shattered all track records for the 500-mile Indianapolis Race, averaging 117.2 miles an hour using Firestone Gum-Dipped Tires.

THEY said it couldn't be done — that tires could not withstand the torture of the new high speeds. Yet Floyd Roberts set a new record, at this year's Indianapolis Race, averaging 117.2 miles an hour for the 500 miles on Firestone Gum-Dipped Tires.

With the sun-baked brick of the straight-away and the granite-hard surface of the turns pulling and grinding at their tires, 33 daring drivers, every one on Firestone Tires, waged a thrilling battle for gold and glory. Never before have tires been called upon to take such punishment. Never in all the history of the motor car has tire safety been put to such a grueling test. Yet not one tire failed — not one single cord loosened — because Gum-Dipping, that famous Firestone patented process saturates and coats every cotton fiber in every cord in every ply with liquid rubber counteracting the tire-destroying internal friction and heat that ordinarily cause blowouts.

Why risk your life and the lives of others on unsafe tires? Join the Firestone SAVE A LIFE Campaign today by equipping your car with Firestone Triple-Safe Tires — the only tires made that are safety-proved on the speedways for your protection on the highways.

Knox City Invited To Send Entry To Revue

SWEETWATER, June 22. — Knox City is one of 55 towns in this section invited to enter a young lady in the fourth annual "Goddess of West Texas" beauty revue here July 15, it has been announced by the Sweetwater Board of City Development, sponsoring organization. Twelve communities had already accepted Monday. They are: Fort Worth, Mineral Wells, Graham, Breckenridge, Colorado, Rotan, Abilene, Stamford, Abilene, Midland, Roscoe and Snyder.

Miss Frances Frewit of Stamford won the first place in the revue last year and was awarded an all-expense trip to the

Fort Worth and Dallas expositions. The winner this year is to be given a week's all-expense trip to Galveston. Second and third place winners are given cash awards.

The contest to select "Miss Sweetwater" is to be held the night of July 14. As in previous years, she will not be eligible to compete for the regional title. She will serve as hostess to the visiting girls and will represent Sweetwater for the coming year in similar celebrations in West Texas. Miss Thelma Margaret Fife is reigning queen.

Entries in the two revues here are graded and judged 60 per cent on beauty of face and form 20 percent on poise and graceful carriage, and 20 percent on personality. Contestants are forbidden to wear jewelry or hair ornaments and they are not permitted to use suntan or other artificial body coloring.

More than 25 West Texas towns were represented in the Goddess revue last year and the number is expected to reach 50 this year. A reception, tea, and goddess' ball are among the entertainment features extended visiting beauties.

The Gulf AAU annual swimming and diving meet, to be held in Sweetwater Saturday and Sunday, July 16 and 17, is expected to attract the best amateur swimmers and divers in Texas. Alfred J. Stiles is in charge of the meet.

Jerry—SADLER—Harley

Harley Sadler, (right), famous Texas showman, has broken a life-long custom of keeping out of politics to become the West Texas campaign manager for his kinsman, Jerry Sadler, (left), of Longview, 30-year old candidate for Railroad Commissioner of Texas. "I consider Jerry the best man for the job," is Harley's explanation for breaking his non-intervention policy. Harley says: "Put Sadler in the Saddle and he will ride the broncho of monopoly."

METHODIST CHURCH

We returned home Monday from a two weeks meeting at Jlden, Texas, one of my former charges. We had a very fine meeting. God was present, and graciously manifested himself to us. A number of souls were saved, and added to the church. Perhaps the outstanding

service of the meeting was the Young People's meeting on Sunday afternoon when six young people consecrated themselves for special service in the Kingdom of God. It was indeed a happy meeting, and God's presence was felt. We enjoyed the fellowship with old friends, and new, and we received a mighty refreshing blessing.

from the presence of the Lord. Praise God from whom all blessings flow. There hath not failed one word of all his good promises.

Only two weeks remain until our revival, July 10-24. Are you prepared for it. John's Sermon is as applicable today as when he preached it in Judea. "Prepare ye the way of the Lord, make his paths straight." Jesus will come and will do what we have made ready for him to do. But he will not do what we can do. Let us prepare the way.

We appreciate and are under obligations to our visiting preacher brethren for the good messages you were privileged to hear in our absence. But we invite you back next Sunday to the regular fare. Bring the family and invite your friends.
