

## W. P. A. ROLLS WILL BE REDUCED APRIL FIRST

Washington, March 19.—Works Progress Administration officials Saturday drafted orders to cut 400,000 persons off WPA rolls while the administration battled economy advocates in Congress for \$150,000,000 to continue relief at its present level until July 1.

WPA Administrator Francis C. Harrington will issue orders Sunday providing a plan for the severance of 400,000 persons from relief rolls April 1 if Congress does not provide the additional funds. The plan, approved by President Roosevelt, calls for the April 1 cut to be followed by a 600,000 reduction early in May and an additional 200,000 reduction in June.

Relief rolls now stand at about 3,015,000 persons. If the additional \$150,000,000 urgently requested on two separate occasions by the President is approved by Congress, the orders for relief reductions will not be made effective.

The House appropriations subcommittee considering the new request, however, gave no indication it would grant the full \$150,000,000. It was learned authoritatively that proponents of economy, the same group that pared Mr. Roosevelt's original relief request from 875,000,000 to \$725,000,000, are organizing support to cut \$25,000,000 or 50,000,000 from the new \$150,000,000 request. Such a reduction will force revision of WPA plans for reducing relief rolls.

The House subcommittee, under unrelenting pressure of administration leaders in Congress, will end its hearing on the new request by Wednesday night at the latest.

Harrington told the subcommittee the reduction order cannot be delayed longer on the assumption that the legislators will act favorably. He said the \$725,000,000 voted WPA by Congress permits carrying an average load of only 2,000,000 persons on relief during April, May and June, and that he must comply with the law as it stands.

WPA officials indicated, however, that the cut order will be made as painless as possible with reductions based on ability of individual sections to absorb layoffs rather than a flat percentage cut throughout the nation.

The Workers Alliance protested to the House group against delay and argued that a minimum of \$275,000,000 is needed to finance relief until June 30, the end of the fiscal year.

### CITY ELECTION APRIL 4

The regular city election will be held Tuesday, April 4.

Mayor Hoge is a candidate for re-election and at present has no opposition. It is said that no one will oppose him. Mayor Hoge has served the city well, and as there is a great deal of WPA work under way his friends say that he should be elected without opposition in order to carry out these projects. In the Commissioners' race there are two candidates, Sam White who seeks re-election and O. W. Causey. In the City Marshal race J. J. Stephens is seeking re-election for a second term and is opposed by J. O. Cook.

### PREMIER SHOWING OF 1939 MODEL FRIGIDAIRE AT WEST TEXAS UTILITIES COMPANY ON MARCH 28

The general public is urged to attend the premier showing of 1939 model Frigidaires at the West Texas Utilities Company display rooms in the Holt Moseley Tailor Shop building, March 28, according to Guy Glenn, local manager, who said the display rooms had been arranged to take care of hundreds of visitors.

The new "Cold-Wall" model, designed to save women the necessity of covering up dishes of food, will be a feature of the show, he announced.

"In comparison with past showing of new models," he declared, "we feel that this will be the most important since electric refrigerators first were placed on the market. Special attention is directed to the new Cold Wall Frigidaire, which offers the most modern development in electric refrigeration since they were introduced more than a quarter of a century ago."

The lower half of the cabinet in the new model is partitioned by a solid glass shelf and concealed coils in the wall maintain low temperatures without the aid of circulating air which heretofore has forced women to cover food.

Many other new refinements have been added to all 1939 models, Mr. Glenn said, tending to increase efficiency and economy.

### MENS' BROTHERHOOD

The members of the Baptist church met recently and organized a Mens Brotherhood, which meets once each month. Odie Karr is the president and they held their second meeting Tuesday night in the basement of the church with about thirty-five members present besides a number of visitors. Rev. Dick O'Brien, pastor of the Baptist church at Stamford, was the principal speaker. They urge all Baptist men to join them. Refreshments were served after the speaking.

## HOUSE REVERSES ITSELF ON OLD AGE PENSIONS

Austin, March 22.—Reflecting the utter confusion in the minds of many members of the Legislature, the House of Representatives after a week of debate upon the taxation problem, like the King's soldiers in the old song, marched up the hill and then marched right down again. The House, considering the proposed constitutional amendment written by its revenue committee, which is an omnibus measure including a two and one half per cent sales tax, plus levies on natural resources and utility bills, voted by a scant majority to take out the sales tax and substitute a net income tax provision with rates and exemptions similar to the Federal income tax law. After passing the substitute to engrossment, the House reversed itself under terrific pressure from the special interest lobby which is working for the sales tax, and killed the income tax. It also voted to increase the proposed tax on natural gas slightly, and was considering increases in the levy on oil and sulphur, when adjournment was taken for the weekend.

The present tax fight presents one of the strangest anomalies in legislative annals in Austin. The special interests which have advocated a sales tax for years, and have fought all other tax plans, have united behind the committee constitutional amendment, which is largely authored by Alfred Petch. The reason for this is that the amendment will place by far the major part of the proposed \$42,000,000 burden for social security purposes—including pensions, for the aged, for teachers, and aid for dependent children—upon the backs of the poor, through the imposition of a sales tax. The concessions made by the natural resource group to take increases are made with the hope that by freezing the rates into the Constitution, they will be safe from future additional levies, and the pension burden will be taken care of, with the poor folks bearing 3-4 of the cost. This situation has brought about the strange sight of the lobbyists for utilities, sulphur, amusements, oil, gas, railroads and corporations lying down in the same bed together, whereas they are usually fighting among themselves like cats and dogs, to shunt the tax burden onto each other. Only they are not lying down this time, but are working night and day to push through the sales tax, in the most highly concerted drive seen in Austin since the days of the big fight over control of the East Texas oil field.

Opinion of the most experienced observers here is that whatever the House does on the present amendment will make little difference in the long run. So far, the sales taxers have mustered a maximum of 90 votes for their program, on various test votes, which is 10 less than necessary. Under the terrific pressure from the united special interest lobby, it appears likely the House committee amendment may be adopted.

But adoption by the House means little, since the Senate is certain to make radical changes in the amendment, if the House should adopt it. That means, if a two thirds vote can be mustered in the House for any kind of a tax amendment, it will be rewritten by the Senate, and then will go to a conference committee. The last 48 hours of the session will probably see the legislators confronted with a choice of taking a conference committee's report, or nothing. The best guessers here believe that will be a straight sales tax, with perhaps small impost-

much smaller than those proposed in the House—on natural resources. Whether the legislators then will take such an amendment, in preference to rejecting it and passing no tax program at all, will depend on the pressure from the lobbyists and old folks. Most observers here believe they will take the sales tax plan, rather than go home without adopting any tax program, unless the folks back home make it clear during the next few weeks that they do not want any tax program that will extort another \$45,000,000 a year from the pockets of the small tax payers to put into the pockets of the aged.

In the Senate, Clint Small has a constitutional amendment, providing a 2 per cent sales tax, and writing limitation of \$15,000,000 for old age pensions, as the maximum for all time, from State funds. The Small plan may well be the one finally adopted, and there is a strong sentiment in both houses in favor of that part of it, at least, which would put some kind of a ceiling on old age pension payments.

### "STAGE COACH"

John Wayne - Claire Trevor  
George Bancroft - Louise Platt  
Thomas Mitchell-Andy Devine  
John Carradine - Donald Meek  
Burton Churchill

This, in our estimation, is one of the finest Western Epics we have ever seen. To treat it as an ordinary Western would be criminal.

The cast may not be big box office names but from the standpoint of casting and real characterization it is perfect. Brother, for once in your life you'll see western characters of the stage coach era that are perfectly typed.

John Ford's direction is perfect and interest sustaining from start to finish, and setting and locale are "actual." The story concerns a stage coach running between two New Mexico towns at a time when the Apaches are on the war-path.

The train of events which happen to the occupants who include Andy Devine, the driver; George Bancroft, the Sheriff; John Wayne, the "Ringo Kid" and his prisoner; Claire Trevor, an ostracized lady of easy virtue; Thomas Mitchell, a drunken doctor; John Carradine, a gambler; Louise Platt, an expectant mother; Donald Meek, a liquor salesman and Burton Churchill, a crooked Banker—form the basis of the story.

You'll see riding by real Apache Indians when they attack the stage coach, the likes of which you've never seen before, and you'll think that every scene is a Frederick Remington painting come to life.

**FOUR DIE DAILY IN TEXAS AUTO ACCIDENTS**

Austin, March 19.—Even reduction in the traffic toll in January, the Highway Department's safety division announced Saturday four deaths and thirty-nine injuries in 41 accidents daily.

During the month 131 persons were killed, a reduction of thirteen from the preceding January, in 1,287 reported ac-

cidents, a reduction of sixty-eight, in which 1,218 persons were injured. The department based its figures on 100 per cent reports of fatal accidents but only 15 per cent on non-fatal ones.

"While the reduction from January, 1938, is encouraging, there actually were 41 accidents, four deaths and 39 persons injured every day. They occurred at all hours of the day and night, with a low of

19 accidents between 5 and 6 a.m. and a high of 93 between 6 and 7 p.m. and 95 between 7 and 8 p.m. Wednesdays were low with 115, and Sundays high with 290. Saturdays ran second with 241. More accidents occurred in daylight than in darkness, and 56 per cent of all accidents were in clear weather.

"The majority of accidents occurred when the drivers apparently were normal; 176 had been drinking, 41 were tired or asleep, and 38 were blinded by glaring lights. In 21 per cent of the fatal accidents, the driver had been drinking and 21 per cent of the fatal accidents were head-on collisions."

**LICENSES EXTENDED**

Austin, March 21.—Police administrators of other states were notified today of an indefinite extension period for Texas drivers' licenses after April 1, Ralph L. Buell, chief of the licensing bureau, announced.

The bureau head said a measure is pending before the legislature to provide for the reissuance of driving permits which expire April 1, after 3 years of validity. The new licenses will be issued by the public safety department instead of by tax collectors who distributed them when the law went into effect in 1936.

Chief Buell said temporary licenses will be assigned to drivers who pass examinations for their first permits and will remain valid until the amended statute becomes effective.

Chauffeurs' licenses will not be affected by the extension period, as they are issued annually.

**MUSIC'S MAGIC MIRROR**

Benny Goodman's swingstress learns how records are made.

MARTHA TILTON SINGS as America's "King of Swing" plays another record hit. A microphone picks up her song for the recorder which mirrors subtle blending of words and music.

IN THE GROOVE—a tiny sapphire stylus etches the music's pattern on a disc of polished "wax." Martha studies the recorder which mirrors her song in its grooves.

DUST FOR THE "MASTER"—in the vast record plant at Camden, N. J. Martha sees the "wax" dusted with metallic powder so that it can be "metalized" to conduct electricity.

A BATH WITH A "SHOCK"—and the "master" is made. The "wax" is copper-plated in a tank of sulphuric acid. Martha looks at the disc, now sheathed in a thin metal film.

ON THE RECORD—a "biscuit" of record material is locked between two "master" dies. It is heated, stamped under terrific pressure, and cooled all in one operation.

MIRRORED FOR MILLIONS—The finished record with Martha's tricky swingstress and Benny Goodman's instrumentation goes out to jukeboxes everywhere.

Knox City also has an unusually large and talented choral club this year. Taking everything into consideration, Knox City is turning out some excellent material to compete in the literary events which take place Friday, March 24,

at Munday. The track meet will be held Saturday, March 25, at Benjamin. The track team has not yet been selected. However, the boys are doing some good work, and it is hoped that they will carry away top honors in the events in which they participate.

## ONE-ACT PLAY CHOSEN

Friday night in the high school gymnasium before a small but appreciative audience, the two one act plays were given in competition to see which was the better play for the county interscholastic competition. "Luncheon for Six" received the nod from the judges and will represent Knox City in the county meet in Munday Thursday night.

Both the plays were exceptionally well done. "Farewell Cruel World" was the first play given, but bowed to the more experienced actors in the other play.

The characters in the winning play are Geneva Walker,

Wynette Farmer, Margaret Dutton, Bobby Armstrong, O-gell Carver and L. N. Bridges.

## JUNIORS AND SENIORS GUESTS OF SUNSET

Members of the Junior and Senior classes of Knox City high school were guests at a reception given by the Junior class play Friday night. Both of the classes wish to express their appreciation for the cordial welcome accorded them, and for the exceptional entertainment that was presented.

## SENIOR CLASS MAKES PROGRESS

The Seniors have been making plans for these last few weeks of school. They have ordered their invitations and have even seen their diplomas. The Senior play has been selected, and the characters have been assigned. There are alternate parts for every girl, and the winning girl will be given the role. The name of the play is "Pleased To Meetna," and promises to be a great success. The date for presentation of the play has not been set, but work will begin immediately.

In these last few weeks of school the class hopes to make each day profitable and worthwhile.

## TENNIS MEET

Saturday the Tennis meet was held in Munday, and the entries from Knox City made a successful showing. Nella Shaver won second place in the Senior girls' singles, and Ernestine Teaff and Annie Mae Rice failed to place in the Senior girls' doubles. The Junior girls' singles were won by Emma Jean Shaver, and Helen Ruth Marr and Tomi Jane Teaff placed third in the doubles.

Melvin Dutton failed to place in the Senior boys' singles and the final decision in the Senior boys' doubles will not be determined until later in the day. Paul Edward Benedict and David Clarke will represent Knox City in this event. Sam Ed Carpenter and Dale Graham won third place in the Junior boys' doubles, and Billy Dean Davis won second place in the singles.

Knox City is proud of these boys and girls, and whether they placed or not, everyone is sure that they did their best and upheld the honor of the school.

## HAVE YOU HEARD?

Dearest People: It seems to me that the past week has been one of great enjoyment and fun for everyone here in K.C.H.S. All of the boys and girls were seen having a good time, or at least seeming to.

Our own "Sweet Sue" has

been doing all right for herself lately. She has been seen acting very much at home in a certain blue Buick. Nina Mae Davis is another member of K. C. High that believes that Rule isn't such a bad place after all. Some of the other Rule addicts are Wynette and Anna Lou. Incidentally Anna Lou had two boy friends from there Sunday night. Lillian and Rowena Hutchinson reported Monday morning that they had an exceptionally elegant time all day Sunday. Some others who visited other towns last Sunday were Doyle Graham, R. E. Humphries, and Truman Cypert. Jean Anne and Zena are still courting O'Brien. At least that is the impression they left the last few days. They celebrated with buckets and everything.

Paul Edward and David really had some ardent fans at the tennis matches in Munday last Saturday, and they played over there all Sunday afternoon, too!

Mary Frances seems to have had a very, very pleasant surprise last week end. Just three guesses, and I would guess the same thing every time. Geneva is another one of the fair sex who seemed to be enjoying herself Sunday night.

All in all, this was a very successful week end. May all the rest be just as well.

## SENIOR PLAY

The Sunset Seniors have selected "My Mother-In-Law" as their play for this year. They are going to present it Friday evening, April 21. The play is a matrimonial mix-up in three acts written by the noted writer Wilbur Braun. It is a Samuel French Company play of the present time and a pleasant May-time setting.

## LITERARY TRY-OUTS

In the high school read-writers tryouts, Glendon Matthews, a Junior boy, won first place.

Juanita Hunter won in Senior declamation again. She is each year since she has been in high school.

A new face in high school, Mildred Jeanette Smith, a Freshman, won out as the high school Junior girl declaimer.

Howard Payne Shannon is the high school boy declaimer. He had no competition.

E. G. Parkhill and Mary Herring, both Seniors, compose the high school spelling team. They are good spellers, and have entered the county meet before.

In the high school music work, Vaudine Stockton has entered as soloist. Katie Bell Sweatt, Cleta Jones and Virginia Parkhill are the girls, trio.

## AMONG THE CLASSES

### Freshman Report

After the Junior play all the fish are talking about being glad when they are Juniors and can put on a Junior play. Not long to wait, fish, just two years.

The Freshmen were sorry that Marie Cornett was unable to attend school Monday.

The English I class has been working hard on home projects, even though there hasn't been one turned in yet. Just give them time, teacher, because they are going to hand in some really good ones.

### Sophomore Report

In English II the Sophs have been studying short stories and magazine fiction. After studying the contents of a short story and reading several, each student wrote one.

## Junior Report

Friday night of last week the Juniors presented their play, "Three Days of Grace," to a packed house. They received many nice compliments upon the success of the play. All the characters were said to have been well suited to their parts and each did his part toward making the play a success.

After the play an informal reception was held in the high school study hall with the Sunset Juniors as hosts. Juniors and Seniors were present from Knox City, Weinert and Sunset. Students and sponsors from these schools were introduced, and a number of short talks were given. After several musical numbers by various students, refreshments were served by the Home Economics girls.

The Sunset Juniors wish to express their sincere appreciation for the grand support given them by the visiting guests and all who attended the play.

## AMONG THE GRADES

The first grade is planting small crops of grain and watching them grow. The girls are planning the house and garden while the boys have charge of the barn, silo building and the care of the crops.

Already they have started an interesting book on the farm. Each day they add a page to the book and it is filed by the teacher until it is completed, when the book will be put together with an attractive back.

The second grade pupils are continuing their community unit. They are now working on their country store and post office.

The third grade pupils are very sorry to have Leroy Russell out of school this week. He broke a leg last Saturday trying to jump the garden fence.

The sixth grade will be well represented in the various events Friday and Saturday. In the choral club they have Fred Reddell, Wanda Sue Partridge, Cleta Jordan, Keith Burnison and Billy Bob Burton. For the Junior spelling they have Winona Cheek, Mildred Screws and Keith Burnison. In declamation they have Glenn Myers and Wanda Sue Partridge. In Junior track they have Glenn

Myers, Harold Freeman, Grady Tomlinson and Houston Sweatt.

The seventh grade has only a few entries in the county meet but they are proud to present them. For ready writers they have Glendolyn Frost. In music memory they have Gaynelle Phillips and in the choral club they have Edna Fay Hardin, Gena Beth Griffith, June Stockton and Frances Walling. The trio, which consists of Edna Fay Hardin, June Stockton and Frances Walling, will sing "Lonesome, That's A.I." For track Victor Thomas, Joe Waldron, Harold Watson and Garland Screws will represent the seventh grade.

Everyone enjoyed the chapel program given by the Junior class last Friday afternoon.

## SENIORS ON PARADE

The Senior on parade today is Miss Winters Groves. She was born on June 7, 1922, three and one half miles from the present site of the Sunset High School. Winters seemingly lived a very uneventful life in her childhood because we were unable to get a response from her pertaining to her early life.

The first account we have of Miss Groves is when she started to school at Jungman when she was in her sixth year. She entered Sunset when she was in the third grade. In the Sunset grammar school, she took an interest in interscholastic debate work. In the fifth grade he entered declamation and

went to the county meet. She played baseball for two years while in grammar school also. Again, after her graduation into high school, she took a place on the high school junior baseball team for two years.

At the end of her high school career, Winters plans to enter Draughon's Business College at Wichita Falls.

Here are a few of her favorites: Hobby, kadaking; song, "It Makes So Very Much Difference Now"; actor, Tyrone Power; actress, Myrna Loy; boy friend, tall, dark and handsome; sport, swimming.

### NEW TAILOR SHOP OPENS HERE

Press Clarke returned yesterday from Abilene where he purchased equipment for a tailor shop which he is having installed in the rear of the Kay and Eads Barber Shop. He informs us that he expects to be ready for business the first of the week. Clarke is well known as a tailor in Knox City, as he followed this profession for several years, and the Herald predicts that he will do a good business.

Mrs. Mabel Pyeatt spent the week end in Fort Worth and attended the Fat Stock Show.

### EGG MARKET SHOWS INCREASE

According to one of the local produce men Knox City received more than a thousand dollars worth of eggs the past week end. One trucking company carried away 218 cases and there were others who purchased eggs during the week end. It is conservatively estimated that more than one thousand dollars was paid out here. This looks like the hens of Knox county are desperately trying to do away with the depression. The farmers and other people have begun to realize that they must diversify if they expect to remain in business in this section of the state. There is a big demand for cream and other farm produce in this section and the farmers are gradually taking advantage of this and are raising a surplus for the market.

Cecil Lewis of Seymour was here Tuesday transacting business. He was formerly manager of the Conoco Oil Company here.

Buck Propps was transacting business in the county seat Monday.

Mrs. Hampton and little daughter of Dallas are here this week visiting Mrs. Hampton's parents, Dr. and Mrs. T. S. Edwards.

Curley Angle attended the Fat Stock Show in Fort Worth Sunday.

Roy Baker and Rev Peacock and C. P. Baker of Munday were in Silvertown Monday. They went after Mr. Baker's aunt, Mrs. C. D. Goodwin, who is a patient in the Knox County Hospital.

Mr. and Mrs. E. O. Jamison, who have been spending the winter in Phoenix, Arizona, arrived home last week. They report a nice vacation.

### UNCLE JACK HENDERSON SERIOUSLY SICK

Just before going to press the Herald is informed that Uncle Jack Henderson, who resides five miles west of town, is seriously ill with the flu. He is past eighty years of age.

Mercer Armstrong was in the county seat Monday afternoon.

Two dragons, each requiring 200 strong men to carry them, have arrived for use by San Francisco Chinese at the California World's Fair on Treasure Island.

### BONNY SPRING BONNETS

By HELEN E. HOLME

If you're swept by a patriotic urge as most of us are these days, you can go so far as to inspect your new Spring felt to make sure that you're buying a strictly American made hat. You'll find any foreign markings stamped on the body of the hat itself for it's required by law. And speaking of Spring and Easter bonnets, here are several very flattering silhouettes you'll want to consider when replenishing your hat wardrobe.

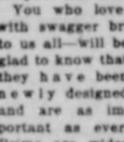

Stiff sailor brim felts are being shown with a variety of crowns from the flat pancake to the high conical postillion crown shown here with its wide roman striped band and veil. This model is sometimes trimmed with huge, bright flowers in front and the inevitable veil. Other sailors are seen with white pique bands and bows which contrast smartly with soft, pastel felts. Over-sized stiff ribbon bows or big birds also adorn the fronts of smaller, more conventional sailors.

The small, mushroom brim silhouette, as illustrated, is generally seen with a cluster of multi-colored ribbons or flowers nestled snugly in the telescope crown. This type also is topped off with a frothy feminine veil which may be draped around the crown or drawn tightly over the face. Veils are more fashionable than ever this Spring and are combined with every conceivable trimming... with flowers, birds, fruit, fancy ribbon bands and bows. Lace edging or trimming will also be seen on many hats and looks especially well with the new frilly shirt-waists and skirts.

In keeping with girlish pleated skirts and short dresses, off-the-face felt hats or bonnets carry out the youthful mode. They're the newest silhouettes and also come with quite wide brims which provide a flattering frame for your face and hair.

You who love the casual felts with swagger brims—so flattering to us all—will be glad to know that they have been newly designed and are as important as ever. Brims are wider and crowns are high and manipulated with trimming of straw braid, wool embroidery, or contrasting brightly colored ribbon. These classic felts are a little dressier this Spring and very important in pastel shades... to be worn with gay prints as well as with suits and for spectator sports wear.

Walter Hyde met us on the street Saturday and requested us to state that in his opinion Press Hitchcock was the most valuable man in Knox City. We informed him that Haskell recently elected a lady of that city as the most valuable person.
