LARGE CROWD ENJOYS C OF C BANQUET

## Chamber Year Ends With Festive Evening

A large crowd of local and area citizens were on hand Tuesday night to see the Munday Moguls named the Citizens of the Year for 1984 at the Munday Chamber of Commerce and Agriculture's annual banquet. Head coach and athletic director Jim Edwards accepted the engraved plaque given for this award from outgoing Chamber president Ronnie Baker.

The evening unfolded with Baker's welcome, and the invocation was voiced by Rev. Russell Byard, pastor of the First United Methodist Churches in Munday and Goree. A delicious meal was catered by Ernestine Michels of the Shamrock Cafe, and it featured a choice of meats, new potatoes, green beans, a variety of salads, hot bread and dessert with tea and coffee. As everyone enjoyed the meal, local musician Sandy King provided several selections on the piano to set the mood for an enjoyable evening.

Special entertainment was given by Stacy Angle Thompson of Knox City, an accomplished singer. Mrs. Thompson, a regular performer with the Grapevine Opry and the West Texas Opry in Lubbock, has been in the Johnnie High Country Music Revue and has recorded three albums with her sister, Gwen Decker. She has also donated her talents to the West Texas Rehabilitation Center's telethon, and that talent was greatly enjoyed by those attending the banquet, as she treated the audience to several vocal numbers.

Lyndle Reeves, treasurer of the Chamber, introduced and welcomed the many out-of-town guests at the banquet, then turned the program over to Baker, who served as

master of ceremonies. He recognized the officers and directors for the 1985-86 year, who are Gary Decker, president; Jim Cottingham, vice-president; and Lyndle Reeves, treasurer. Mrs. Callie Ann Combs, who is in her third decade as chamber manager, will continue at that post.

Directors for the coming year include Ronnie Baker, Jim Cottingham, Gary Decker, Dolores Lambeth, Dub Moon, Maynard Moore, Lyndle Reeves, Dan Sloan and Gordon Smith. Area directors are Ronelle Cude, Goree, Joe Heard, Gilliland, and Jan Zeissel, Rhineland. Callie Ann Combs and M.L. Wiggins are directors of the West Texas Chamber of Commerce, with Wiggins being a life member of that organization. Retiring directors are Norm Anderson, Bob McWhorter and David Key.

Members of the state championship football team and their coaches were special guests at the banquet. Baker recognized them for their athletic accomplishments, and concluded his remarks with the surprise announcement of the team as the Citizens of the Year.

Stanley White of Stephenville, a farmer-rancher, businessman and professional speaker, entertained the audience with a timely speech that was appreciated and enjoyed by everyone present. A well-known speaker in this area, White has been involved in all facets of agriculture for many years.

In his first duty as new president of the Chamber, Gary Decker pre-

### One-Act Play To Compete Friday

Persons who would like to see the Munday High School one-act play cast give their important performance at area competition in Vernon Friday, April 5, are invited to view the contest.

Mrs. Karen Longan, play director, said the competition begins at 1 p.m., and Munday is slated to go on fourth behind Gold-Burg, Crowell, and Paradise. She said 2:30 would be a good time for local residents to plan on being at the play if they do not wish to watch the preceding performances.

### Don't Forget To Cast Your Ballot

The always important municipal elections are coming up this Saturday, April 6, in all area cities. Remember, if you don't vote, you shouldn't gripe about your city government.

In a special note to Munday voters, city officials have announced that you may cast your ballots this year at the new city hall building which is nearing completion. This marks the first city use of the new facility.

**MUNDAY MOGUL HEAD COACH** Jim Edwards is presented the Citizen of the Year plaque by 1984-85 Chamber of Commerce president Ronnie Baker. ## FmHA Okays Added Overtime To Speed Loan Processing

Texas Farmers Home Administration has been authorized an additional \$16,000 to pay overtime to FmHA personnel to help speed up loan processing, according to state director J. Lynn Futch.

"These funds, which are in addition to the \$84,000 overtime allotment that total to \$100,000 for fiscal year 1985, will help us get more operating loan funds into the hands of farmers in time for spring planting," Futch said.

"FmHA county supervisors and their staffs in 136 county offices around the state are working as fast as possible to process loans under the FmHA's normal farm loan programs as well as handling the more than 6,000 requests for loan reviews under the debt restructuring initiatives. This overtime will help speed up processing of all these loans," Futch said.

In addition to overtime authorization, we have hired 114 temporary employees to help FmHA county offices process loans," Futch said. "We are completing the hiring of another ten temporary personnel. The Soil Conservation Service, The Extension Service and the Agricultural Stabilization and Conservation Service have offered several of their employees from around the state to help FmHA in county offices.

"FmHA county supervisors are proving their dedication to helping Texas farmers continue in farming. So far this fiscal year, they have already approved over 3500 operating loans. With the cooperation and generous personnel assistance from other Federal agencies, we are confident that we will complete operating loan applications in time for spring planting," Futch said.

## Moguls Honored As Citizens Of The Year

In a special group presentation at Tuesday night's Chamber of Commerce banquet, members of the Munday Mogul football team and their coaches were named Munday's Citizens of the Year for 1984. The award plaque was presented to head coach and athletic director Jim Edwards on behalf of the team as several of the Moguls looked on.

Ronnie Baker, outgoing president of the Chamber, told the audience that the Moguls have brought more publicity and recognition to Munday than the city has enjoyed for several years. "Your athletic exploits," he said to the team, "were the subject of Munday morning conversations in many business offices all over the state. MHS alumni in various cities expressed pride in your accomplishments by writing letters to the local newspaper as your fame grew and spread.

"But even more important than the publicity," he continued, "was the spirit of community pride that your winnings brought about. As excitement grew after each game, more and more people got involved with the team, and the evidence of this could be seen all over town on store windows and cars. But our pride in your achievements was never more evident than on the night of December 22, 1984, when so many of us gathered to welcome

the state football champions home. You brought our citizens together as few things have ever done, and we thank you for that."

The Moguls, behind the coaching of athletic director Jim Edwards, Bill Kingston, Randy Burks and David Milson, were undefeated in 16 games in their first season as a Class A team. Rated eighth in the state when scrimmages began, the squad had climbed to the third slot after they were never scored upon in district play. Aspermont, Valley View, Wheeler, Gruver and Wink were disposed of in rapid succession, and the crowning moment of a spectacular season occurred at Kangaroo Stadium in Weatherford when the team defeated Union Hill 13-0 for the coveted state crown. The fact that the championship game took place only three days before Christmas was just icing on the cake!

One Mogul, Greg Urbanczyk, was named to the All-State football team as a defensive lineman, and Jim Earl Dockins and Coach Jim Edwards were selected for Area Player of the Year and Area Coach of the Year honors by the Abilene Reporter News. Urbanczyk, Todd Thompson, Neil Waggoner, Hollis Adams and Dent Offutt were also

**Shopping For Swimwear? Know The Fabrics!**

Before you pay big money for that little bikini, check to see what kind of fabric it's made from. Differences in fabrics will also make a difference in how the swimsuit feels and whether it looks as good in September as when you bought it in May.

Swimsuits are generally made from knit fabrics. These fabrics are stretchy, mold to the body and recover to their original form. Knit swimwear fabrics come with one-way and two-way stretch.

Some swimsuits, especially men's trunks, are made from woven fabrics. Since woven fabrics resist stretching, these swimsuits require elastic at stress areas such as the waist, leg openings and bodice area.

Women's and girls' swimsuits are often made from knitted fabrics of 85% nylon and 15% spandex. Some fabrics contain as much as 25% spandex for greater elasticity and holding power. Cotton and polyester are often blended with small amounts of spandex for knitted fabrics with a natural fiber look.

Here are some fibers commonly used in swimsuit fabrics and their wear features:

•Nylon and polyester are strong, elastic, resist abrasion and dry quickly. Nylon has greater elasticity than polyester. Both fibers are wrinkle resistant and easy care. They are especially good for swimsuits that will get a lot of wear.

•Spandex has excellent stretch recovery and has fair resistance to damage from sunlight, oils and abrasion. It's weakened by chlorine and needs to be rinsed well when worn in chlorinated water. Even with rinsing, fabrics high in spandex will wear out soon if exposed to chlorine frequently. A swimsuit high in spandex might be best seen at the swimming pool rather than in

it!  
 •Cotton is safe and feels comfortable. It's mostly successfully used in swimwear fabrics in small quantities because it is not elastic, has poor stretch recovery, dries slowly and feels heavy when wet.

Whatever fabric you choose for your swimsuit, remember that it's designed to use in cool to lukewarm water. Exposing swimwear to hot tub temperatures will cause the fabric to wear out much more rapidly than normal.

A soft pie will cut easier if the knife is coated with butter first. If you want a brown glaze on your top crust, brush with milk or cream. Wrap juicy pies with a damp strip of cloth before baking to prevent them from spilling over in your oven.

**Beta Chi Members Discuss Education At March Meeting**

The Beta Chi Chapter of the Delta Kappa Gamma met at 2:30 p.m. Saturday, March 30, in the fellowship hall of the First Baptist Church in Haskell. Club members from Rule, Haskell and Weinert served as hostesses for the afternoon.

President Dorothy Myers called the meeting to order. Pat Quattlebaum read the minutes from the previous meeting, and Erma Liles gave the constitution report. Selections of minutes of meetings conducted in the years from 1945 to 1980 were read and enjoyed by all.

Donnie Fincher was presented a guard for her president's pen for services as president of Beta Chi from 1980 to 1982. Mary Sawyers, achievement awards chairman, gave a Red Rose Salute to Mary Martin.

The program was an interesting panel discussion on women in education. Marie Ward, a retired teacher, Vida White, a current teacher, and Lynn Dewey, a future teacher, gave their viewpoints on the advantages, disadvantages and changes in education.

Three recommendations for new membership were presented and accepted. The new members will be initiated at the next meeting, which will be held at noon on Saturday, May 4, in the fellowship hall of the First Baptist Church in Munday.

Refreshments were served to 35 members and guests. The hostesses presented a door prize, a pot of yellow mums, to Lois Smith.

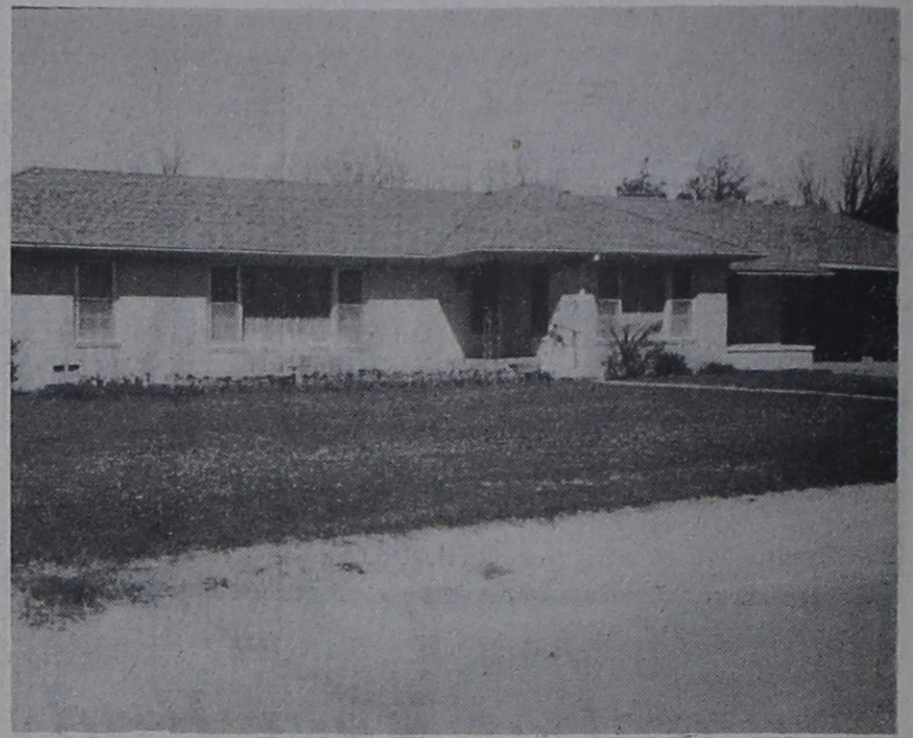

**Cystic Fibrosis Chairman Named**

The Lone Star Chapter of the Cystic Fibrosis Foundation has announced the appointment of Judy Lain as the chairman of its 1985 campaign in Goree.

The campaign will be held to provide the community with pertinent information about Cystic Fibrosis, the number one genetic killer of children and young adults, and to raise desperately needed funds to support research, education and care programs.

CF is difficult to diagnose and, at present, impossible to cure. Each day five babies are born with this tragic disease which will clog and choke their lungs and inhibit their digestive process and their growth. It will eventually take their lives as it takes the lives of three young people every day.

For more information about cystic fibrosis and how you can help in the fight to find a cure, please contact Mrs. Lain at 817-422-5163.

Parents of the couple are Mr. and Mrs. Roy Melburn Johnston of Clovis, New Mexico, and Mr. and Mrs. Burns Key Carroll of Comanche. The bride is the granddaughter

of the late Mr. and Mrs. Jesse Johnston of Munday and the niece of Mrs. Faye Bitz of Munday.

Wedding vows were exchanged before a 15-branch arch with a bouquet of flowers in front. Greenery completed the arrangement. A vocal group sang *Follow Me, There's A Sweet, Sweet Spirit, The Twelfth of Never, The Wedding Song, Faithful and True* and *The Lord Bless You and Keep You*.

The bride was escorted to the altar by her father and given in marriage by her parents. She wore a candlelight floor length dress of white satin with a chapel length train. The bodice featured a lace collar with a lace ruffle around the yoke and full-length sleeves of lace which extended to points over the hands. The flared skirt was accented with a contrasting satin ribbon which tied in a square knot in back. Her circular veil was made of bridal illusion and edged with lace. The bride's ensemble was made by her mother.

The bridal bouquet was a cascade of pink baby roses and lavender carnations with baby's breath and greenery.

Lisa McGlathery of Dallas served

as maid of honor. Sherri Patterson and Darla Finney of Lubbock were bridesmaids. Each wore a street-length dress of lavender satin with a sheer collar and carried a bouquet of white roses and lavender wild flowers with baby's breath and greenery.

Roy Don Box of Tahoka served as best man. Groomsmen were Ben Carroll, brother of the groom, and Jerry Spruill of Sidney. The groom and his attendants wore black tuxedos.

Ushers were Perry Johnston, brother of the bride, Gary Wolfe, David Watson and David Lovejoy of Lubbock. Tracey and Wendy Cross of Lubbock registered guests.

A reception was held in the fellowship hall of the church immediately after the ceremony. The table was covered with a white satin cloth overlaid with white lace, and appointments were crystal. The three-tiered wedding cake was topped with wedding bells and trimmed with lavender sweet peas and green leaves.

Cathy Box of Tahoka and Donava Patterson and Sherry Wolfe of Lubbock served cake and punch.

A rehearsal luncheon was hosted by the bridegroom's parents at K-Bob's Steak House after the rehearsal.

## Texas Farm Real Estate Values On Downward Trend

After bucking the trend of declining farm real estate values over the rest of the country, farmland prices in Texas finally slipped a little the past year.

Texas farmland is now worth about \$725 per acre in nonirrigated areas, a decline of almost 7 percent from the past year.

Irrigated cropland, at the same time, declined slightly to about \$980 per acre, and ranchland dropped in value by about 2 percent to nearly \$600 per acre.

"Until last year, Texas had experienced a basically stable farmland market for irrigated cropland and an increasing value in dryland cropland," points out Dr. Forrest

Stegelin, economist with the Texas Agricultural Extension Service. "Prospects for 1985 indicate that Texas farm real estate values will continue to slip, despite urban sprawl and potential income streams from natural resources."

How will this decline in farm real estate values affect landowners?

"Since real estate accounts for roughly three-fourths of all farm assets, landowners have suffered a substantial paper loss in their net worth," notes Stegelin. "Despite this loss, equity per farm still remains fairly high, but this masks a wide range of situations. A small but growing number of farmers and

landowners now have little or no equity in their farm assets."

The economist points out that the loss of net worth may have relatively little consequence on the farming operations of landowners with little or no farm debt. However, the loss does represent a disheartening blow to their financial nest egg.

"Farmers who rely heavily on farm debt are the ones really hurt by this erosion in farmland values," Stegelin emphasizes. "This loss in equity, unless offset by favorable earnings, can lead to a substantial reduction in their borrowing capacity."

The economist notes that farm real estate values may have retreated to levels that offer higher rates of income return than were required by land buyers over the past several years. Some recent farm real estate transactions have offered positive cash flow prospects for the purchasers. But whether the improved relationship between land values and income returns will soon arrest the current downturn is doubtful, Stegelin says.

"For instance, the growing number of financially-strapped farmers who need to liquidate assets to reduce their debt to acceptable levels adds considerably to the amount of land available for sale," he points out. "At the same time, the tendency of potential land buyers to wait for evidence that land prices have bottomed before buying results in an inordinately weak demand for land relative to the supply available."

"Such an attitude by potential land investors has undoubtedly been reinforced by the Reagan administration's proposals to reduce government farm program benefits," notes Stegelin. "At a minimum, these proposals cast considerable uncertainty about prospective income returns on land ownership over the next few years. Within this environment, agricultural lenders are quite pessimistic about current trends in farmland values."

### Colorful Impressions Are Lasting Ones

Do you come home from the garden center or greenhouse with a tray of this, a flat of that, and then wonder why your yard seems to lack something? The key to a beautiful, harmonious garden is the color scheme. Many gardeners choose a one color theme that uses various shades and tints as monochromatic combinations give most impressive results.

You should take the time to plan your color scheme before plant shopping. The color you choose will influence how the garden makes people feel. Colors are classified as either warm or cool, depending on the mood they create.

The warm, dramatic yellows, oranges and reds grab your attention with their vibrant, compelling look. Their bright, cheerful exuberance tempts the adventuresome spirit. Some annual flowers with varieties in warm colors include snapdragon, calendula, celosia, dahlia, gazania, gerbera, sunflowers, gloriosa daisy, marigold, zinnia, nasturtium, begonia, coleus, impatiens, nicotiana, geranium, red salvia and verbena, and warm petunias.

The cool, subdued blues, greens and shades of purple allow you to rest and relax your senses. Their jewel like quality is elegant and gives

a sense of spaciousness. These tones are best in the small garden as they make it appear larger. For the cool colored garden, you could choose from Bells-of-Ireland, ageratum, browallia, bachelor button, delphinium, morning glory, forget-me-not, petunias in cool shades, pansy, blue salvia, lobelia, blue and lavender verbena, nierembergera, scabiosa and Canterbury bells.

Gardens of white, grey, silver and cream colored flowers have a sparkle and richness. Their bright, pure effect is especially valued by people who want to enjoy the garden at night as white shimmers and shows off then. Choose white varieties of ageratum, snapdragon, alyssum, begonia, impatiens, vinca, dianthus, baby's breath, petunia and geranium. The silver and grey tones of dusty miller add interest to the white monochromatic garden.

Your choice of colors for your garden is a reflection of you and your mood.

## Moguls Ahead Of Field At San Angelo Relays

The weather didn't hamper the Munday Moguls at the San Angelo Invitational track meet last weekend, as the Moguls took the crown in Division IV with 80 points. Anson was second with 63, followed by Menard with 56.

One of the few Class A teams at the meet, the Moguls competed even better than expected, according to Coach Jim Edwards. A strong wind during the finals on Saturday gave many of the runners some trouble, but the Moguls won three of the first six events, even without the services of Jim Earl Dockins, who was ill. He was replaced in the relays by Anthony Stinnett.

The Mogulettes, running in the Jaybird Relays at Jayton, finished fourth with 47 points behind Hamlin, Olney and Rotan. The Munday girls scored more points than any other Class A team at the meet.

Results of both meets follow:  
**MOGULS**

nett, Jerry Shields, Dent Offutt and Todd Thompson, first, 44.61.

Jerry Smith of Red River officiated at the ceremony. The bride is the daughter of Mr. and Mrs. Doyce Gilmer of Dallas, and Mr. and Mrs. F.G. Offutt Sr., of Munday are the groom's parents. The couple will make their home in Dallas, where they are both employed by Southwestern Bell.

named to the All-Area team.

In concluding his remarks, Baker added, "Your parents, grandparents and other relatives had special reason to be proud of you last year. But your family increased considerably in size during the 16 weeks of football season. You were our team - all of you belonged to all of us. You typified what character and teamwork are all about, and your accomplishments reflected back on our town.

"What's more, you aren't just good athletes - you are fine individuals both on and off the field. Your good sportsmanship and fair play show the training you have received at home and carry over into everything you do.

"In short, you have brought credit to yourselves, your school, your families and your town. We were proud to be represented by the Munday Moguls during the football season, and we are proud to name you as our Citizens of the Year."

## Celebration Of Resurrection

Rev. Russ Byard

First United Methodist Church

This coming Sunday is one of the most important Sundays of the year. Who do we Christians meet and worship on Sunday rather than the Sabbath (Saturday)? For many years the Jewish people set aside the seventh day as a day of worship. The reason they did worship on Saturday was that God had commanded that they as a people do so (the fourth commandment).

Why have we changed the day of worship as Christians? The church of Jesus Christ is the Church of the resurrection. Our celebrations each week are celebrations of the resurrection and new life. The new life of Christ began on the day after the Sabbath. Therefore, we have church on the day of the Lord's new life.

In keeping with this on Easter Sunday we will celebrate with the Easter lily, the flower of pure white that reminds us of new life. At the First United Methodist Church we will read the Easter story from the gospel of John (20:1-18). The message entitled "Why Are You Weeping?" will be preached by Rev. Russ Byard at 9:45 a.m. in Goree and at 10:55 in Munday. We invite you to come be with us.

## Local Cable Firm Offering Amnesty

Local cable operator Harmon Cable Communications, formerly Centex Cablevision, serving the communities of Stamford, Haskell, Munday, and Rule, has declared April 1 to 15 Cable Amnesty Weeks.

Cable amnesty is being offered to all individuals in Harmon's cable service areas who have unauthorized or illegal cable connections. Cable amnesty is offered with no questions asked and no installation charges to individuals reporting their unauthorized connection during this period.

Gigi Barnett, Harmon Cable Communication's system manager, said "Cable amnesty is being offered as a last opportunity for people with unauthorized connections to be hooked up legally before we begin a full audit of our systems."

The cable system audit will begin on April 16, immediately following the end of the April 1 to April 15 cable amnesty period. "Our system audit entails a physical check of each house drop in our service areas for unauthorized connections," stated Gigi. If illegal or unauthorized connections are found, she continued, "these addresses will be turned over to the local authorities and Harmon Cable will push for prosecution of violators."

Harmon Cable Communications has proposed local cable television "Theft of Service" ordinances to the city councils of Stamford, Haskell, Munday and Rule. The proposed ordinances, expected to be passed in early May, are in accordance with recent "Theft of Service" law passed by the U.S. Congress. These ordinances make theft of cable programming a crime which will be punishable by a jail sentence and/or a fine.

"Harmon Cable encourages all individuals to take advantage of Cable Amnesty Weeks, April 1 to 15" explained Gigi, "no questions will be asked and no installation charges assessed, as long as we don't need to visit their house to perform the installation."

For more information call the cable office at 773-3391 or Enterprise 2406.

## CLEAN-UP DAY SLATED

It's springtime and with the warm days upon us, most of our thoughts turn to spring cleaning. The Annual Sorosis Club sponsored Clean-up, Fix-up Day will be April 13. Everyone is encouraged to clean up their own premises and that will make a marked improvement in our community's appearance. Also if you have time, after cleaning your own, removal of trash, etc. off of vacant lots could help look of things too!!

## HERE AND THERE

James Redwine of Savoy was a recent visitor in Benjamin.

Billy and Annie Mae Crenshaw of Savoy were Benjamin visitors last week. They were overnight guests of Grace Snailum Wednesday and Thursday night.

Randy and Dorothy Hibdon, Chrystal and A.R. were weekend guests of his parents near Hobart, Okla.

## Woolleys Honored

Sunday afternoon between the hours of 2 and 4 p.m., Rev. and Mrs. K.E. Woolley were honored with an appreciation reception at the Sorosis Club Building in Benjamin. Approximately 75 persons

registered during the calling hours.

The Woolleys came to Benjamin in 1954. He served as pastor of the First Baptist Church in Benjamin for 20 years, retiring in his twenty-first year. He then served as pastor and interim pastor of the Gillispie Baptist Church two years.

Mrs. Woolley was the third and fourth grade teacher in Benjamin Elementary school for 15 years.

Now that they both have retired, they still go to the care home in Knox City every Monday morning for services there for the residents.

Rev. and Mrs. Woolley have two sons, Mark, who lives in Vernon, and Kermit of Spur.

Mark and his wife, Rene', are associated with the Vernon Center. She is a church worker and he teaches horticulture.

Kermit and his wife, Kathy, are part of the faculty at Spur. Kermit is head of the ag department and Kathy is an elementary teacher. They have two children, Daniel and Jamie.

Another son, Tom, died in 1977. His wife, Nelda, and two sons, Tommy and Bart, reside in Abilene.

The Woolleys are very much appreciated by all in the community, and I feel this reception honoring them was time well spent. We wish them a bunch of good years ahead. We need more good people like them.

Brother Woolley quoted First Philippians 3, as his feelings toward the people of Benjamin, "I thank my God, upon every remembrance of you."

## It's A Boy

After all those trips to the doctors, my Mommie and Daddy, Phillis and Jimmy Urbanczyk, finally went to Wichita General Hospital in Wichita Falls and brought home my baby brother.

My name is Nicole LeAnn Urbanczyk, and we have named my brother Brandon Keith Urbanczyk. Brandon weighed 8 pounds, 5 ounces, and is 21 1/2 inches long. Brandon's birthday was Friday, March 29, 1985 at 2:40 p.m.

Our Grandma and Grandpa, Margaret and Louis Urbanczyk, are proud of us. Of course, our Nonnie and Papa, Pat and Bobby Hutchinson, are sure proud of us too. Gram, Anna Urbanczyk, and Granie, Beatrice Hutchinson, are our great-grandmothers.

We have a bunch of aunts and uncles and cousins. Aunt Mickie Hutchinson says we are real special to her cause we're the only niece and nephew she has, and cousin Haley Hutchinson thinks we are special too, cause we are the only cousins she has.

Of course our Mommie and Daddy really love us, and I sure do thank them for my baby brother, Brandon. I will be 3 years old in May, so I'm gonna help take care of him.

## METER TAMPERING NOW A FELONY

The State of Texas has recently adopted an amendment to the State Penal Code making meter tampering a third degree felony. A third degree felony comes with a punishment of confinement in the Texas Department of Corrections for a term of not more than 10 or less than 2 years. In addition to imprisonment, an individual adjudged guilty of a third degree felony may be punished by a fine not to exceed \$5,000.

Before the amendment of the new law, it was a class A misdemeanor for meter tampering unless the loss of service was more than \$200. Under the new law, any meter tampering regardless of the amount of loss is now a felony of the third degree.

Meter tampering consists of, but is not limited to:  
 (1) Diverting electricity from passing through a meter device.  
 (2) Preventing electric service from being correctly registered by a meter device.  
 (3) Unauthorized activation of electric service.

As a special note to our members, it will also be considered meter tampering if a meter is reset and electrical service is restored by anyone other than a Cooperative employee.

All Cooperative meters are sealed. This seal should not be cut or broken without special authorization. In cases where the seal must be cut for emergencies the Cooperative should be notified as soon as possible so that the meter can be resealed.

## Earn Tax Saving For Supporting A Dependent Adult

Many families who care for a dependent elderly relative at home do not know there is a federal income tax credit designed to help them, says gerontologist Dr. Judith Warren.

The dependent care tax credit, also called the child care or day care credit, is often assumed to be for working parents of young children, she says. But it can also be used by persons caring for an adult dependent who is incapable of self-care.

Warren, a specialist with the Texas A&M University Agricultural Extension Service home economic program, says that to claim the credit, your home must have been the principal residence of both you and the person receiving the care.

In addition, the expenses must be work-related and you must have provided over half of the person's support for the year. The credit can also be used for out-of-home adult care in many cases, Warren notes.

The credit is claimed on Form 2441 if you use the "long form" (Form 1040), or Schedule 1, Part IV if you use the "short form" (Form 1040A).

The specialist says that persons needing assistance with this or other income tax questions may contact the Internal Revenue Service toll-free from anywhere in Texas at 1-800-424-1040.

It is strange why other people do not profit when we point out their mistakes. \*\*\*\*\*

## Raw Milk Product Termed Hazardous

Raw milk has become one of the newest -- and most hazardous -- fad foods for the health-conscious.

"Raw milk has always been available to consumers who went looking for it," says nutritionist Dr. Dymple Cooksey, "but now it is being promoted as a 'health' food.

Some people claim that raw milk has a higher nutritive value than the pasteurized kind, says the Texas A&M University Agricultural Extension Service nutrition specialist. In addition, it supposedly protects against dental decay, provides greater resistance to disease, contains a higher enzyme and hormone content and includes an "anti-stiffness" factor, she says.

"These claims for raw milk either have no scientific basis or are greatly over-rated," Cooksey declares.

A study by researchers at the Center for Infectious Diseases have demonstrated the alarming risks of drinking raw milk, she reports. Eleven bacterial diseases, including salmonella, tuberculosis and staphylococcal infections are shown to be spread by contaminated raw milk.

Since the most important component of unadulterated raw milk is germs, people interested in their health should drink the safe, pasteurized product, advises the specialist. \*\*\*\*\*

## Cattle Outlook Is Slightly Improved

Fed cattle marketings likely will be declining in the months ahead, and that's good news to the cattle industry.

Although marketings from feedlots across the nation were up 14 percent in January compared to a year ago, February marketings should be up only about 4 percent and the March level could even be below year ago levels, says a livestock marketing economist.

"With this kind of tapering off of fed cattle marketings, overall prices in the cattle industry should strengthen," believes Dr. Ed Uvacek with the Texas Agricultural Extension Service.

"Another bit of encouraging news to cattlemen is that feedlot placements are down," Uvacek adds. "Cattle and calves placed on feed during January were down 7 percent, representing the first time since last June that placements fell under previous year levels. This also suggests that many of the fall and early winter placements were drought-related calves."

Uvacek says that all this points toward decreasing supplies of beef and should help boost the cattle market in the months ahead. Pork and lamb production is also expected to decrease although some gains are expected in poultry.

"Cattlemen might view this as the first light at the end of a long, dark tunnel," notes Uvacek. \*\*\*\*\*

MRS. RUSSELL BECK  
Formerly Carolyn Hill

### Beck-Hill Vows Read In Wichita Falls Ceremony

Carolyn Lynn Hill and Clyde Russell Beck were joined in matrimony on Saturday, March 16, 1985 in the Faith Baptist Church in Wichita Falls. Reverend Sandy Sandlin, pastor, performed the ceremony before a candlelit altar flanked with spiral candelabras. The setting was enhanced with peach silk flowers and greenery.

Parents of the couple are Mr. and Mrs. Theo Whitfield of Lufkin and Mr. and Mrs. Clyde Beck of Vera.

The bride wore a formal gown of candlelight satin with a fitted bodice. A sheer yoke was applied with lace and seed pearls and edged with a deep ruffle of Venice lace. The full sheer sleeves were finished with deep cuffs of satin and lace and wide ruffles of Venice lace edged the accordin pleated skirt which fell to a chapel length train. Her fingertip veil of illusion was edged in lace with a rose motif and was attached to a lace headband. She carried a cascade of peach and candlelight

silk roses, lilies and baby's breath. Serving as matron of honor was Mrs. Michael Wiley of Houston. Bridesmaids were Ms. Sharron Torrez and Miss Charity Hill, daughter of the bride, both of Wichita Falls. Mrs. Wiley and Ms. Torrez were attired in long gowns of peach eyelet with scoop necklines, short puffed sleeves and full gathered skirts ending in deep ruffles. They wore matching bonnets and carried spring bouquets in peach and candlelight. Miss Hill wore a formal dress of silk organza overlaid with lace. The off-the-shoulder bodice featured a self-ruffle at the neckline, and a matching ruffle marked the hemline of the full gathered skirt. Her bouquet was identical to the other attendants.

The mother of the bride wore an orchid floor length dress, and the groom's mother chose a floor length dress in mauve crepe. Both ladies wore orchid corsages.

Bradley Cox of Seymour served as best man, and groomsmen were John Hejl of Seymour and Daniel Hill, son of the bride, of Wichita Falls. They wore dove brown tuxedos with beige shirts and peach rosebud boutonnières. Lanham Lyne and Edward Marek, brother-in-law of the groom, both of Wichita Falls, and Gregg Pruitt of Childress served as ushers and candlelighters. They were dressed identically to the groom and groomsmen. Miss Carri Thompson of Wichita Falls registered the guests.

Miss Kristi Underwood of Wichita Falls, Rob Dawson of Graham and Mrs. Jerry Underwood of Weinert provided wedding music. *To Give It All, If, Evergreen*, and *Tonight* were vocal selections presented during the ceremony.

A reception was held in the fellowship hall of the church after the wedding. The bride's table was covered with a candlelight lace cloth and centered with an arrangement of peach silk roses and candles. Appointments were silver. The three-tiered wedding cake was centered on four pedestal cakes. Mrs. David Reed of Wichita Falls and Mrs. Brian

Hawkins of Dallas served the guests.

Ms. Sarah Windes of Richmond, Virginia, and Mrs. Johnny Baker of Vernon presided at the buffet table. Assisting with serving were Mrs. Gaylon Scott, Mrs. Rea Carter, Mrs. Harold Beck, Mrs. Ernest Beck and Mrs. Edward Marek, sister of the groom. Music was provided during the reception by Mrs. Jerry Underwood.

The rehearsal dinner was held Friday, March 15, at the Wichita Falls Activity Center.

The bride is a graduate of Claiborne Academy of Hainsville, Louisiana, and is employed by Lanham Lyne of Wichita Falls. The groom is a graduate of Seymour High School and is employed by Import Korner of Wichita Falls. The family will reside in Wichita Falls.

The bride was honored with a bridal coffee on Saturday, March 2, in the home of Mrs. Gaylon Scott of Vera. Hostesses were Mmes. Ray Lynn Moore, Richard Cox, Henry Petrek, Jerrell Trainham, Wayne Sutton, Paul Ponder, Charles Hatter, John Kisinger, Bradley Cox, Henry Hejl, Claudell Bratcher and

Larry Bratcher, Ms. Ranell Scott served coffee and punch and Mrs. Edward Marek, sister of the groom, registered guests.
