THURSDAY, SEPTEMBER 3, 1987

HOSPITAL BOARD TRUSTEE Bill Baker of Knox County (in suit) greets visitors on the walk of the Knox County Hospital at the open house held Sunday afternoon. The hospital re-opened September 1 after being

closed for several months due to financial problems. Some 350 area residents visited the facility during the open house, which was hosted by the hospital auxiliary.

Art, Music, Watermelon Part Of Labor Day Lineup

Although next Monday, Labor Day, is a town holiday, the city will not be vacant. In fact, there will be a lot of activity going on - at the Chamber of Commerce office, anyway! The Chamber will be taking donations for the Muscular Dystrophy

Association Sunday night and Monday in conjunction with the Jerry Lewis Labor Day telethon which is broadcast nationwide every year. Donations may be phoned in to the Chamber office during most of the telephone hours.

To add some interest to the event, several activities have been planned. Three young ladies from Munday, Karen Munoz, Holly Jackson and Kathy Byard, will present a musical program east of the Chamber office at 7 p.m. Sunday. These girls have been singing together for some time and recently have "gone on tour" to several surrounding churches.

An art exhibit will be held in the Chamber lobby on Sunday evening and all day Monday. Items to be displayed include a collection of Wyman Meinzer photographs, paintings by Aree Tidwell, samples of wood carving done by James Merrell and a vintage roadster owned by Munday mayor Doris Dickerson. Area residents are invited to drop in and view the exhibit as many of these items have not been displayed publicly before.

A special feature for Chamber members and their guests will be a free watermelon feed from 3-5 p.m. on the city square Monday. In addition, an ice melting contest will be held during the day, and certificates commemorating Grandparents Day will be offered at the Chamber office. All these activities were planned in order to raise more money for the MDA, and local residents are urged to take part in them and give generously to this fine cause.

Joann Norman To Fill Library Vacancy

Directors of the Munday City-County Library have announced the appointment of Joann Norman of Munday as librarian to replace Kathy Burnett, who recently resigned. Mrs. Norman's duties began immediately.

The new librarian is not a newcomer to Munday or to the library either. She worked part-time with former longtime librarian Edith Hobert for several years and has filled in this summer when Mrs. Burnett needed to be out taking care of family matters. She said she is familiar with all the library's operations except the paperwork and is busy getting acquainted with that side of the job now.

A native of Haskell, Mrs. Norman has lived in Munday since 1959 with her husband, Clint, a loan officer with the Rolling Plains Production Credit Association office in Munday. The family includes sons Layne of Abilene and Gregg of Wichita Falls and daughter Lynette, a student at Texas Tech University in Lubbock.

Hospital Open House Draws Large Crowd

More than 350 Knox County residents turned out Sunday afternoon to take a walk through the Knox County Hospital before it opened for business on Tuesday of this week. The Pink Ladies Auxiliary hosted the open house at the newly refurbished facility.

Several hospital personnel were on hand to greet visitors and show them around the building. Several changes have been made in the hospital, which has been serving Knox County and area patients since 1922. After being closed almost a year while trustees paid bills and approved necessary repairs, the hospital now has a new roof, lowered ceilings, a first floor nursery and a polished-up appearance, with the prospects of a sprinkler system and modern smoke alarms.

The facility also has a smaller debt, thanks to the 100 percent increase in taxes approved by county taxpayers in January. The hike is due to be cut back to the original rate after two years, and the hospital will have to be operated on the smaller revenue or be closed again.

The staff numbers have dropped considerably, and new administrator Dick Stout said personnel will be utilized as fully as possible, with many employees serving more than one function. Veteran RN Mabel Chaney will serve as director of nurses, a position she held before the hospital closed.

Stout admitted the hospital probably won't see many patients at first, but he maintains that caring for one patient is just as important as caring for 1,000. "In a rural community, the police department doesn't make as many arrests as a big city police force does. But we still need police protection. The local fire departments don't put out a lot of fires, but they are certainly needed when a fire breaks out. In that same vein, our small hospital may not care for a great many patients, but our residents still deserve good medical care at home, whatever the cost."

Prominently placed above many pieces of equipment in the hospital were signs listing the cost of particular items. These showed the purchases of the hospital auxiliary and pointed out the enormous benefit the Pink Ladies have been to the hospital. Through profits from the Thrift Shop they operate in Knox City, the auxiliary has purchased items ranging from water fountains and business furniture for administrative needs to an ice machine and room televisions for patient comfort, in addition to large purchases such as a fetal heart monitor in the nursery and other equipment vital to patient care.

At press time, Stout said his staff had performed some out-patient and emergency room services on opening day but had not admitted any patients.

1987 GRID SEASON OPENS

Munday, Haskell To Square Off Friday

The Munday Moguls will open their 1987 football season at home Friday night, September 4, against the Class AA Haskell Indians. Kick-off is at 8 p.m. for the opening night battle that has become a tradition for both teams in the past few years. Last year the squads struggled to a 14-14 tie.

The junior varsity Moguls will travel to Haskell on Thursday for a 7 p.m. contest. Local fans are urged to be on hand for both actions to show their support for Munday teams.

The Moguls looked good again in winning their second scrimmage of the year Friday night at Holliday. The team played without the services of seniors Sam Hunter and Trey Thompson, both of whom are sporting injuries. Hunter will see a sports physician in Dallas this week for a prognosis on his knee, and Thompson, who has a pulled ligament in his lower back, is not expected to see action for a couple of weeks.

Munday won the scrimmage by a margin of three touchdowns to two, giving up the last score in a game situation after fumbling in their own territory.

"Holliday was a tough, sound football team," said athletic director and head coach Ron Steele. "Iowa Park had beat them 2-0 the week earlier, and the Hawks went to the play-offs in Class 3-A last year, so I felt we did real well to win. They really played hard and I thought we took it to them. The films show that we completely dominated the line of scrimmage both offensively and defensively."

Donald Edrington subbed at full-back for Thompson and is looking good at the position, according to the coach. Marc Andrade and Chad Bordovsky are both doing a good job at the quarterback post, but Bordovsky looks even better at tight end, so it is likely that Andrade, a sophomore, will start the season as signal-caller. Having some younger quarterbacks who are capable of directing the team leaves the coaches with the option of fitting versatile senior Anthony Stinnett in where he can do the most good.

The best quality of this year's Moguls, says their coach, is their attitude and winning spirit. "There's not a bad attitude anywhere in this team," he bragged. "We're not real big, but we're fast and smart, and the boys really have a desire to win." He continued that the team has the potential to be very successful if they improve from week to week and avoid costly injuries.

The junior varsity lost its scrimmage 3-0 against a big, tough Holliday squad. "These young men are having to adjust to playing without the Colliers," the coach said. "This week we hope to have Marty Navarrette back, and the whole offense will be together for the first time. The team is playing as hard as they can; some of the sophomores are really coming along."

Haskell, said Coach Steele, has a lot of speed and is a talented ball club with good size. Quarterback Mark Young will throw the ball as often as 70 percent of the team's offensive possessions, and halfback Stephen Brockington can run the ball as well as anyone in this area.

"We'll just have to try to cover their receivers," Steele said, "because they can definitely throw. We must play hard, not make mistakes and avoid the big play in order to win."

Golf Scramble Rescheduled

Due to the fact that Sunday is part of the long Labor Day weekend, the golf scramble planned for that day at the Lake Creek Golf Club has been postponed until the following Sunday, September 13.

MUNDAY MOGUL coaches are ready for Friday night, when the 1987 Moguls will host the Haskell Indians in the season grid opener. The Moguls are in good shape after two grueling weeks of two-a-day workouts, with the exception of injured seniors Sam Hunter and Trey Thompson. Shown from left are coaches Ralph Klinkerman, Mark Dobson and Bill Greene and head coach and athletic director Ron Steele. Klinkerman and Greene are newcomers to the Munday staff.

Hamburger Supper Slated Before Game

The Munday Lions Club will sponsor a hamburger supper prior to the Munday Moguls' first game of the season against the Haskell Indians. The meal will be held outside just west of the high school building.

Plates of hamburgers and all the trimmings will be sold for \$3 each. Serving hours will be from 6-7:30 p.m., which will give everyone plenty of time to eat and be in the stands for the 8 p.m. kickoff.

Advance tickets are available from any Lion.

Football Seats Still Available At Courier

Sales of advanced tickets to Munday Mogul football games are picking up as the football season approaches. The tickets will be available at the Munday Courier office until 5 p.m. Friday, September 4, and the remaining seats will be sold at the game.

These tickets are \$3 each and entitle the ticketholder to a reserved seat at all home games after they pay general admission at the gate. All proceeds will be used by the Mogul Booster Club to support youth athletics.

Cookbook To Benefit Red Springs Community

"Red Springs Country Cooking," a collection of recipes and community memorabilia, is now being sold by members of the Red Springs Community Center committee. The books were compiled in 1986 to help pay for the community center, which was dedicated in May, and the first 500 sold almost immediately. The second order was received last week and books are now available.

Containing recipes from the community's cooks, the book also features artwork by Valerie Reed and a section of memories, including church and school histories, pictures, poetry and other pieces of history such as "remember when" items.

The books are priced at \$8 and can be obtained from most any member of the Red Springs community.

Public Service Announcement

A representative of the Vernon Social Security office will be at the Munday City Hall from 9:30 to 11:30 a.m. Wednesday, September 9, to assist citizens in filing for Social Security retirement, disability, survivors, Medicare or Supplemental Security Income benefits.

Dove Hunting Looking Good

The 70-day mourning dove season began Tuesday in north Texas, and area hunters should have plenty of game for the sport. The season runs through November 9, with shooting hours set from 30 minutes before sunrise to sunset. Bag limit is 12, and possession limit is 24.

No large numbers of birds have been spotted yet in the north hunting zone, but cooler weather may bring some migratory birds in to join the local fowls. According to a Wichita Falls man who conducts a bird-hunting operation, most of the wheat land has been plowed at least twice and won't have much feed for birds. Sunflower fields, which haven't opened yet, may be a better place to look for doves as soon as the open heads begin offering feed.

A Texas Parks and Wildlife spokesman called range conditions excellent throughout most of the state and rated hunting prospects from average to good. He estimated that 400,000 Texans will shoot 5-7 million doves this season.

Munday hunters will have to go out of town this year to obtain their hunting licenses, as no one in the city is selling them at the present time.

 pas, lettuce, sugar cookies, peaches,
 milk.
 Friday - Cheeseburger with trim-
 mings, potatoes, fruit, milk.

25 Amendments To Appear On November 3 State Ballot

The November election ballot will contain a record number of proposed constitutional amendments, Secretary of State Jack Rains announced, after drawing numbers to determine the order in which the 25 amendments will appear on the Nov. 3 ballot.

For the first time in Texas history, Rains said, two statewide referenda will be presented to voters. By law, those will follow the constitutional amendments, he said.

Local issues, if any, will follow the statewide questions. At least four counties have already decided to place local-option horse racing before their voters.

Gov. Bill Clements issued a proclamation designating the order for the two referendum propositions set to voters by the Legislature.

The propositions, in the order of ballot appearance, are:

●SB 86: provides for retaining the State Board of Education as an appointed-rather than elected-body. Unless voters approve this proposition, the board is scheduled to return to an elected group with equal representation throughout the state of Texas in 1989.

●SB 15: Legalization of pari-mutuel wagering under the Texas Racing Act on a county-by-county local option basis.

Rains' drawing of paper slips out of a cowboy hat, set the proposed constitutional amendment ballot order as follows:

●HJR 104: Provides for the surety of a grain warehouse fund to be established by the grain industry for the protection of farmers and depositors in public warehouse facilities.

●HJR 60: To permit raising the maximum property tax rate that may be adopted by certain rural fire prevention districts, but only if approved by the districts' residents.

●HJR 48: Permits limiting school tax increases on the residences of the surviving spouse of an elderly person if the surviving

spouse is at least 55 years old.

●HJR 5: Authorizes the Legislature to provide assistance for encouraging economic development.

●HJR 65: Authorizes agreements between the State Department of Highways and Transportation, and the Texas Turnpike Authority and the governing bodies of counties with a population of more than 400,000 adjoining counties and cities and districts located in those counties to aid turnpikes, toll roads and toll bridges, by guaranteeing bonds.

●HJR 4: Allows the Legislature to provide for state financing of the development of Texas products and businesses.

●SJR 55: Authorizes the issuance of general obligation bonds to finance local public facilities.

●SJR 56: Authorizes issuance of general obligation bonds for projects relating to corrections institutions and mental health and mental retardation facilities.

●SJR 9: Provides that a member of the legislature is eligible to be elected or appointed to serve in a different state office but may not receive an increase in compensation granted to that office during the legislative term to which he was elected.

●SJR 12: Allows the Legislature to exempt from ad valorem taxation certain personal property.

●SJR 12, Part 2: To allow the Legislature to exempt from ad valorem taxation certain property located in the state temporarily.

●SJR 35: Permits spouses to hold community property with right of survivorship.

●SJR 27: Allows for the creation and establishment, by law, of special districts to provide emergency services.

●SJR 34: Would give the state of Texas a limited right to appeal in criminal cases.

●HJR 35: Permits the abolishment of the office of county treasurer in Gregg, Fayette and Nueces counties.

●SJR 6: Providing that certain justice precincts may contain more than one justice of the peace court.

●SJR 26: Allows the legislature to define for all purposes the governmental and proprietary functions of a municipality.

●HJR 18: Relates to creation, operation, and financing of jail districts.

●HJR 88: Authorizes the issuance of general obligation bonds to fund undertakings related to a superconducting super collider research facility sponsored or authorized by the U.S. government, and to make appropriate grants.

●HJR 96: Allows the Legislature to provide ad valorem tax relief for certain offshore drilling equipment that is not in use.

●SJR 17: Permits the Legislature to include the speaker of the House or speaker's appointee in the membership of an executive agency or committee.

●SJR 53: Permits the Legislature to limit the authority of a governor to fill vacancies in state and district offices during the end of the governor's term if not re-elected.

●SJR 54: Authorizes the issuance of an additional \$400 million in Texas Water Development bonds.

●HJR 83: Allows a county to perform work, without compensation, for other governmental bodies.

●SJR 5: Authorizes the Legislature to permit the Amarillo Hospital District to serve certain residents of Randall County.

Services Held For Longtime Resident Loyd M. Patterson

Loyd M. Patterson, a Knox County resident for more than 50 years, died at 4 p.m. Saturday, August 29, at Humana Hospital in Abilene. Funeral services were held at 2 p.m. Monday, August 31, at the First Baptist Church in Munday with Dr. Pete Bradfield, pastor, officiating, assisted by Rev. Wayne Varnell, pastor of the First Baptist Church in Goree. Burial was in Johnson Memorial Cemetery in Munday under direction of McCauley-Smith Funeral Home.

Friends who served as pallbearers were Spike Bryan, Walter Hertel, Douglas Myers, Mickey Jackson, Kenneth Baker and Clyde Yost.

Patterson was born January 12, 1917, in Comanche County and moved with his parents, the late Louis Bert and Ada Margaret Hediger Patterson, to Knox County from Rochester in 1929. He and Helen Polson were married October 16, 1937, in Stamford. A retired farmer, he had served as a director of the Munday Chamber of Commerce and was a member of the First Baptist Church in Munday, where he was a deacon and head usher for many years.

Survivors include his wife; two brothers, L.B. Patterson Jr. of Munday and Lee Patterson of Goree; two sisters, Mrs. Helen Hutchinson of Munday and Mrs. Johnnie Void of Allentown, Pa.; and several nieces and nephews.

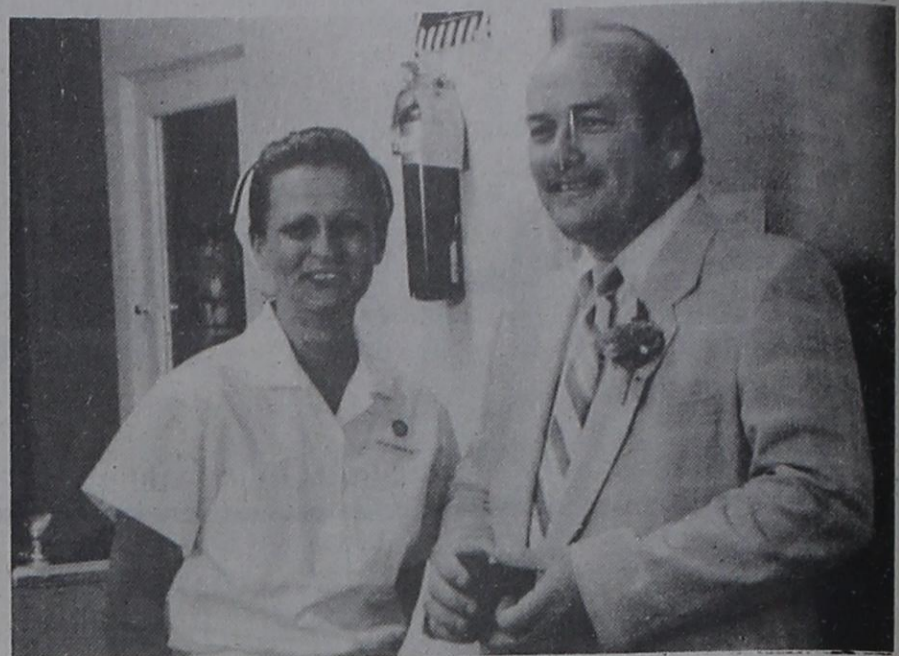

Singers Enjoy Evening Of music

The Munday Senior Citizens singing held last week was attended by approximately 20 persons who spent an enjoyable evening participating in and listening to the music.

Special thanks were extended to Mr. and Mrs. Clyde Williams, Leona Elliott, Eunice Raynes and Clyde Yost for their help. Several regulars were ill and unable to attend, but they are expected to be back in good voice by next month.

The September singing will be announced later.

Classified ads in the Munday Courier bring results. Call 422-4314 before noon Tuesday.

KNOX COUNTY HOSPITAL administrator Dick Stout chats with Gayle Hudson of Goree, night shift RN at the newly-opened hospital, during open house festivities Sunday afternoon. Mrs. Hudson, who has been commuting to Aspermont for work, is one of several former hospital employees who have accepted their old positions at the hospital.

DRIVE SAFELY

SCHOOL OPENS

Now that schools everywhere are opening their doors to our children to teach them what they will need to know to carry them into adulthood, please, drive carefully and watch out for our children—they may not be watching out for you.

Children don't always obey traffic rules, but please see that you do—especially in and around school zones. Give our kids the opportunity to grow and learn proper safety.

Give our kids a brake—the future depends on it!

 "Your Satisfaction Is Our Security"

★ Weinert News ★

By Mrs. Myrtle Phemister

We were blessed with some rain this week, and the cotton crop can use the 2.6 inches we received. Cotton looks beautiful these days.

If you are keeping score on my errors, chalk up a couple more! Christy Herricks will not be moving to Throckmorton, but will commute to her teaching position there. Christy will be speech and English teacher and will be in charge of the school plays. Congratulations!

Kim Stewart did not get to Sinton to see her husband, Mark, who is harvesting cotton there. Instead she stayed with her mother, who spent some time in the local hospital. Mark and his crew are expected home in a few days, as the cotton harvest will soon be completed in that area.

OUR VISITORS

David Sanders of Abilene spent the weekend in the home of his grandparents, Alton and Mildred Sanders.

Mr. and Mrs. Roy Lynn Phemister of Odessa, son of the Roy Phemisters, spent the weekend with his parents and attended worship services at the Weinert Church of Christ. Roy Lynn teaches horticulture in the Odessa schools, and in the college there, and has just returned from the state meet held in Houston. This year he is specializing in native wild flowers, shrubs and trees and is doing research on some rare species.

Mr. and Mrs. Dick Skipworth of Robert Lee were in town to spend some time with their daughter's family, the Chet Forehands.

David Phemister of Wimberly was in town to see his son, Greg, and other relatives Friday night before going to Midland for a preaching engagement on Saturday and Sunday.

Linda Moody of Kingsville is visiting her mother, Lucile Adams and other relatives this week.

The First Baptist Church hosted a fifth Sunday singing on Sunday night. They welcomed a good crowd and the singing was exceptionally well done.

Bryan Adams was in for the weekend to bring his harvesting crew home. John Bruggeman will remain to work here, but Louis Perez, Shannon Forehand and Ricky Perez will enroll in college.

Ann and Bobby Therwanger of Munday called to report to Mrs. Mabel Derr, Ann's mother, about their recent visit to Baltimore, Maryland, where they enjoyed a few days with their son, Bobby D. and his family, and said that the little ones have not forgotten their great-grandmother (Mabel).

Hale Alderman, Cindy and Dana, were in Weinert to bring Mildred Guess home after her extended visit with them and with her son, Bill and family in San Antonio. Welcome home Mildred. We missed you.

Missy and Randy Alexander, children of Ronnie and Veta, have returned from a two-week visit with relatives in Petersburg and Krum.

Visitors in the home of Mr. and Mrs. Ronnie Alexander last week were two of her sisters, Peggy Bearden of Krum and Wanda Bearden of Petersburg.

Jimmy and Gayle White were in Brady Sunday to visit her sister and family, Peggy and Rodney Hamon and children.

Mr. and Mrs. Paul Chambers and

family, pastor of the Weinert Four-square Church, have returned from a flight to California to visit relatives and friends.

Buck and Helen Turnbow accompanied W.R. and Joyce Hager on a relaxing late summer vacation. They went as far as Ruidoso, N.M. and enjoyed 42 degree weather one morning. They spent a few days just driving. They tried to find the best New Mexico apples, but because of a late freeze the apple crop is not good. Perhaps they are to be commended for bringing the cool front home with them. Thank you!

The Church of Christ was in charge of the program of devotion at the Munday Nursing Center on Sunday afternoon.

Congratulations to our birthday people--Joyce Hager, Elna Davis, Jimmy White, H.H. Grimes Jr., Gilbert Jimenez Sr., Jerry Don Hudgins and Russell Rainey. And I, too, observed my 71st birthday on September 2. Our 54th wedding anniversary is on September 3. We have so much to be grateful for - good health, good friends, and a good community to call home.

BRUGGEMAN REUNION

Twenty-one of the descendants of the late Robert and Lisa Bruggeman met at the Weinert Community Center for their second annual reunion on Sunday, August 30.

Plans were made to continue the get-together for each third Sunday in August henceforth, and Weinert will be the gathering place again in 1988.

Enjoying food, fun and fellowship were Mr. and Mrs. Louis Bruggeman, Linda and Lynn; Mr. and Mrs. Danny Bruggeman and Mrs. Isabell Lehde, all of Haskell; Mr. and Mrs. Tom Bruggeman and Richard of Ft. Worth; Mr. and Mrs. Dan Hughes and David of San Antonio; Mr. and Mrs. Gary Schuttles of Reisel; and the host family, Mrs. Dora Bruggeman, Melvin, John and Larry, of Weinert. Francis Moeller was a guest.

GIFT TEA HONORS MRS. JERRY DON WALKER

Mrs. Jerry Don Walker, nee Leisha Del Valle, was honored at a gift tea on Sunday, August 23, in the home of Mrs. Bobby Raynes.

Pastel shades of pink, yellow and blue were used in the decorations, and appointments were of crystal and silver. Refreshments of punch, cookies, mints and cheeseball were served.

Receiving guests with the honoree were her mother, Mrs. Del Valle of Rule, the groom's mother, Mrs. Jerry Walker of Weinert, and the groom's sister, Mrs. Deena Hacker of Knox City.

Hostesses for the tea included Wanda Hester, Tinka Herricks, Kim Howard, Leisa Hutchinson, Kathi Hutchinson, Patsy King, Erlinda Mayfield, Joyce Robertson, Mildred Sanders, Margie Stewart and Betty Raynes.

The Weinert Church of Christ will be host to the area First Sunday Singing on September 6 at 2:30 p.m. Guests are expected and welcomed.

We have many young people enrolling in college and by next week I hope to have a round-up to share with you.

Until them, be good to yourselves!

JUNIOR VARSITY MOGULS will get their first taste of action Thursday night in a 7 p.m. contest against the Indians at Haskell. The young Moguls have struggled

with injuries and inexperience during the practices and scrimmages that preceded their opening night. The players pictured above are incoming freshmen this year.

Breast Screening Unit Slates Visit

A breast screening mobile system from Numed, Inc., in Denton will be in Munday on Wednesday, September 16, and Monday, September 28. The system provides low-dose mammography, an accepted method for the early detection of breast cancer in women.

The fee for the test is \$90, which includes interpretation. An all-female staff of medical professionals handles the screening process. Changes in the schedule may occur if no more than five patients make appointments for the half-day period or no more than ten patients schedule for a full day. Persons who did make appointments will be asked to reschedule.

Call for an appointment at 1-800-527-4159.

Maine is the only state in the United States whose name has one syllable.

The Lord's Corner

Dr. Pete Bradfield
First Baptist Church

"A CHANGED MAN"

For years he had been too busy to worship in his home church. Then he returned. No more a 'no-show', he was now a changed man.

No, the roof didn't fall in and good thing; it was raining. That provided quite a contrast for someone who had always let the least little excuse like rain keep him from church. Naturally, this was not just another service. His return was such a big event that family and friends accompanied him. Even the minister publicly recognized his presence.

Some family members became emotional about the matter, but the man himself expressed absolutely no emotion. He seemed to be at a total loss for words. Neither did he sing nor smile. That may seem strange to some, but it was considered consistent with his spiritual nature. From all other indications, however, he was indeed a changed man.

At the close of the service there he was at the altar, the center of attention. He was no longer present just 'in spirit'. Now his body had finally caught up with that spirit. It was such a nice funeral!

See you next week, and remember - we should be investing our lives on earth in that which has eternal value.

Bro. Pete

Thompsons Honored On 67th Anniversary

On August 28, 1920, sixty-seven years ago, Hub Thompson and Ola Latmon were united in marriage at Fergo, Texas. In celebration of that anniversary, the Thompsons were honored with a luncheon at the home of their daughter, Alva James of Munday, on Saturday, August 29.

An enjoyable day was spent visiting neighbors and friends and receiving calls, cards and flowers.

Attending were their son, Dick and Mary Thompson; their grandsons, Don and Jana Thompson and Richard of Abilene and David and Janice Thompson, Jon, Darryl and Daniel, of Angel Fire, N.M.; their granddaughter, June Carlton; and the hostess, Mrs. James.

County Cancer Unit Earns Year Achievement Award

The Knox County unit of the American Cancer Society has been presented the Golden Achievement Award for 1986-87, having reached an all-time high of \$7,751.58 in contributions. Grace Welch, crusade chairman, reported that approximately 1,100 families have been reached with educational material, and \$5,766.98 was received by crusade volunteers in donations. Memorial chairman Shirley Ameron has collected \$1,384.50 in memorials.

The award follows on the footsteps of one received by the county's American Heart Association unit, a fact that prompted cancer society president Loyd Clark of Vera to say that Knox County residents' hearts are in the right places when it comes to donating to truly worthy causes.

The Vera community hosted a talent show and bake sale as a special county-wide event, and \$600.10 was brought in during the evening. Myra Busby was chairman, and Sam Albright of Radio Station KWFT in Wichita Falls served as master of ceremonies. Adrienne Barker, district director of the American Cancer Society, spoke briefly about the organization and introduced new officers for the local unit.

Assisting Mrs. Clark were Pearl Ryder of Benjamin, vice-president; Virginia Griffith of Benjamin, secretary; and Bertha Fay McKinney of Vera, treasurer.

The large crowd at the talent show was entertained by the host band, Ricky Busby and Country Magic. Other talent included Rose Ann Priddy and Kelly Emsoff of Seymour, the Munday community choir and barbershop quartet, Gary and Donna Hale of Goree and

Evelyn Balis of Knox City, and special guests were the Quick Steppers of Wichita Falls, a group of young ladies who dance the old-country clogging style.

Tommie Crawford, service and rehabilitation chairman, has reported 11 patients in the county who received some type of assistance from the local unit during the past year. Equipment such as hospital beds, wheel chairs, etc. as well as supplies and comfort items are available to cancer patients on request and with approval by their physician. For more information on this service, interested persons may contact Mrs. Crawford in Munday or any other member of the county cancer unit.

Mrs. Clark commented, "Thank you, good folks of Knox County, for your support of your American Cancer Society."

The organization's new fiscal year began September 1, and the first meeting of the year will be held at 6 p.m. Tuesday, September 15, at the First United Methodist Church in Munday. All interested persons are invited to attend and urged to join this worthwhile organization.

Watching Washington

One of the real kindling points of the Nicaraguan revolution that brought the Sandinistas into power was the assassination of Pedro Joaquin Chamorro, publisher of the independent newspaper *LA PRENSA*.

Now, ironically, the Sandinistas are trying to run *LA PRENSA* out of business.

The newspaper has a long and consistent history, begun during the dictatorship of the Somoza family, of opposition to repression in Nicaragua.

The paper challenged Somoza, and the dictator sent Chamorro to jail. *LA PRENSA* didn't back down, however, continuing to publish even after Chamorro was gunned down on the streets of Managua by still-unidentified assailants.

The editor's wife, Violeta Chamorro, continued to publish the paper, maintaining its position as an independent voice opposing the state-controlled press.

Over the years, the Sandinista government has thrown every possible obstacle into her path. They limited the size of the paper and restricted access to newsprint. They routinely censored large sections out of the paper because they did not like stories which revealed truths about the government and worsening conditions.

The censors even objected to stories about the special stores where the Sandinista commandantes can buy goods that are unavailable to the ordinary Nicaraguan.

I've seen this censorship myself. I have stood at *LA PRENSA*'s headquarters with Mrs. Chamorro and looked at a proposed front page with huge sections cut from it that morning. Many days, the censors cut out so much there was no publication at all.

Despite this—as well as attempts to buy out Mrs. Chamorro and terrorize the employees—*LA PRENSA* continued to publish as it could, fulfilling its historical role as an independent source of news for the Nicaraguan people.

Finally, the Sandinistas took the only step a dictatorship had left and closed the paper by decree. Then they required Mrs. Chamorro to pay salaries to the entire staff, even though the paper isn't being published and even if it means selling the paper's assets. Obviously, they're trying to bankrupt *LA PRENSA*, force the sale of the printing presses and kill the chances she will ever publish again.

We can't allow this to happen. To that end, I have been working with the National Endowment for Democracy, which is made up of business, labor and political parties, operating under a mandate from Congress to promote democracy abroad.

At my request, NED has agreed to follow up its previous assistance to the newspaper and provide additional, significant funds to keep the paper solvent. In addition, I am working on other options for long-term support of *LA PRENSA*.

Even Anastasio Somoza in his heyday as dictator never dared to close this newspaper. The Sandinistas have shut it down for now, but we must not let it stay closed.

★ TRUSCOTT-GILLILAND NEWS ★

By Mrs. Clara Brown

The traditional August northern blizzard over the weekend, several days late, but it cooled things down. Everyone is watching the tropical storm reports since we often get late summer rains out of these. Wheat farmers are talking about soil test reports and fertilizing, getting ready for wheat sowing in a few weeks if all goes well.

Autumn is creeping up. One sure sign is that Margaret Daniel started school Monday and the students will start next week. Margaret will not be driving the bus for the first time in several years.

The Harrold Barrys had trouble with a leaking water pipe last week which forced them to pull out some carpet and take other measures. People here always seem to have too little water, or too much.

Vivian and Clara Brown were in Wichita Falls last Friday. They visited Vivian's sister-in-law, Helen Winstead, and niece and her husband, Martha and Tom Skinner.

Orville Burgess has been bothered with fluid on his lungs again and Scotty reported they will go to Quanah this week so he can have a checkup.

Curtis Casey said Sunday that his great-niece, Judy Smith, the daughter of Carol Beth Pogue Derryberry, was on her way from her home at Conroe to her mother's at McKinney when she was involved in an accident. Sunday evening Judy was in critical condition at the Baylor Hospital in Dallas.

Jackie Miller of Slaton brought his sons to Gilliland to stay with their grandparents, the O.R. Millers, this week while Jackie and Paula are busy with getting ready to teach.

Kristi Kimmell attended a retreat in Abilene Friday and Saturday. A friend from Gail, Susan Stevens, returned to Truscott with her for a few days while Susan's truck is being repaired.

Jimmy and Jeannie Jones of Seymour visited Clara Owens Thursday.

Judy Conner of Benjamin, a former Truscott resident, had hip surgery at Lubbock recently.

Lee Whitley's sister and family, Debbie and Roger Mullenix of Littlefield, visited Lee, Gail and Cris-

tal last Wednesday on the way to Ft. Worth and again Sunday on their way home.

Ila Mae Bullion helped the Knox County Home Extension Council cater a meal at Rhineland last Tuesday in connection with a beef seminar. Other Truscott ladies cooked the barbecue for the meal and Ila Mae helped serve.

Jody Miller reported Sunday afternoon that her husband, Clarence, is doing pretty good. Weekend visitors in the Miller home included Mary Nell and Kevin Hinds and girls of Richardson and Jerry and Kay Hayes and children of Abilene.

Last week Margaret Daniel visited her aunts, Mrs. Ruth Stoker and Mrs. Marjorie Yeager, in Mineral Wells.

Lindsay and Johnny Daniel returned home last Friday after two weeks at Truscott with the R.C. Daniels, then Jackie, Janie and Sarah of Ft. Worth visited in the Daniel home over the weekend.

Mr. and Mrs. Paul Bullion visited Murry and Shelley Bullion and children in Plano over the weekend.

Gail Whitley and Crystal and Martha Kay and Mitzi Welch accompanied the district dress review winner, Tracy Baylor of Crowell, to the state 4-H fashion show at Amarillo last Monday to Wednesday.

Clara Owens and Vivian Brown were in Munday last week and enjoyed a visit at the Munday Chamber of Commerce with Kay Looney.

Christi Shook and sons, Zane and Cody, spent the weekend with her parents, Mr. and Mrs. Elmo Shaw. The Shooks moved to Lillian in June and Jim Lynn is working at Bell Helicopter.

We are glad you are reading the Munday Courier, and we hope you enjoy each issue.

Arbor Foundation Offers Shade Trees

The National Arbor Day Foundation is giving ten free shade trees to everyone who joins the nonprofit foundation during September, 1987.

A sugar maple, weeping willow, red oak, green ash, thornless honeylocust, pin oak, silver maple, tulip-tree, river birch and red maple will be given as part of the foundation's campaign to encourage tree planting. These trees were selected because they provide beautiful orange, red, and yellow autumn colors and cooling summer shade, according to John Rosenow, the foundation's

executive director.

The foundation will give the ten free trees to members contributing \$10 during September. The six-to-twelve inch trees will be shipped this fall between October 15 and December 10 when conditions are right for planting. They will be sent with enclosed planting instructions, and are guaranteed to grow or they will be replaced free by the foundation.

To become a member of the foundation and to receive the free trees, a \$10 membership contribution should be sent to Ten Shade Trees, National Arbor Day Foundation, 100 Arbor Avenue, Nebraska City, NE 68410, by September 30, 1987.

BUILDING SUCCESS . . . step by step

Newspapers Offer Wide Variety of Reader Audiences

Today's newspaper offers the retailer an unlimited variety of formulas to best get his ad message across - effectively and to the right audience.

- Some advertisers want their messages going to specific audiences. Others prefer saturation coverage. And still others desire general coverage. Newspapers, and newspapers ONLY, have systems available for meeting such a variety of demands.

- Newspapers are the ONLY medium serving all three categories of advertising . . . retail, classified and national.

DON'T SHOOT AT POWER LINES!

NEVER SHOOT AT POWER LINES or the insulators that hold them, because the result could be a dangerous downed electric line. A severed line could cause a serious electrical outage, and the downed line itself could be extremely hazardous.

ADDITIONAL SAFETY TIPS:

- **Use Power Tools Wisely**
Be sure wiring is in good condition and all circuits are grounded. Never use electric tools in the rain or on wet surfaces. Also, when buying new equipment, look for the "UL" seal of approval from Underwriters Laboratories.

- **Keep Children Away from Electrical Outlets**

Don't let small children play near electrical outlets. A child could put some object in an outlet when you're looking away. A wise safety precaution would be to put safety caps in all wall outlets.

- **Always Disconnect Cords by Pulling on the plug**

When disconnecting electrical items, be sure to pull on the plug — not the cord! If you pull on the cord, you'll eventually wear it out and expose hazardous wires. Also, don't overload extension cords or outlets.

Remember REDDY Supplies the energy — but only YOU can use it safely!

PUBLIC NOTICES

"BECAUSE THE PEOPLE MUST KNOW"

PUBLIC NOTICE
A public hearing to approve the fiscal year budget (October 1, 1987 - September 30, 1988) for Knox County Texas, will be held at 1:30 p.m., Monday, September 14, 1987, in the Commissioners' Courtroom, courthouse, Benjamin, Texas. A copy of said budget will be filed with the County Clerk for inspection by any taxpayer. The county's total budget can be inspected before the hearing at the office of the County Judge at the courthouse in Benjamin, Texas. Provisions of assistance for the handicapped citizens will be available upon request to all interested persons. Senior citizens are invited to attend and give written or oral comments.
David N. Perdue
Knox County Judge 49-1tc

PUBLIC NOTICE
The Munday ISD Board of Trustees will accept bids on the old tax office located across from M-System. A key is available in the Superintendent's office for anyone desiring to inspect the building. Bids must be received no later than 12 noon on Thursday, September 10, 1987. The Munday ISD reserves the right to accept or reject any and all bids. 48-2tc

NOTICE TO BID KNOX COUNTY
The Commissioners Court of Knox County will receive sealed bids until 10 a.m. on Monday, September 14, 1987, for the purpose of general repair work to the Knox County Courthouse.

Repair work will include office construction, lowering of ceilings in District Courtroom and Clerk's office, lighting, air and heat fixtures and changing of electrical system.

For more information or specifications, contact

David N. Perdue
Knox County Judge
P.O. Box 77
Benjamin, Texas 79505
or call 817-454-2191.

Knox County Commissioners Court reserves the right to reject any or all bids, and award the bid or bids which best serves the interest of Knox County. ***** 49-2tc

Highway Patrol Report

Two accidents with personal injuries and three involving property damage were investigated by Knox County Department of Public Safety troopers during the month of July, according to Sgt. Sam Wester of Haskell. The statistics were gathered by the Safety Education Service of DPS Region 5 in Lubbock.

July was a busy month for troopers in the Lubbock district, with four fatal accidents, 61 involving personal injury and 59 in which property damage occurred. *****

SCHOOL TIME IS HERE SO REMEMBER...

Breakfast benefits children. Children and teens who skip breakfast may be skipping quality in their daily diets. Lack of this meal may lead to an inadequate intake of key nutrients such as iron, vitamin A and calcium. Female teens were found to be the most prevalent breakfast skippers. Ready-to-eat cereal with milk and a glass of milk along with that, was the most often consumed. This breakfast was found to be a good source of problem nutrients and is considered beneficial to children's nutrition.

Business Survival Workshop Scheduled

A workshop for current and prospective small business owners will be held from 9 a.m. to 2 p.m., Thursday, September 17, at the Hamlin Chamber of Commerce Community Building, 60 Southwest 5th Street in Hamlin.

The workshop is being presented by SCORE/ACE (Service Corps of Retired Executives/Active Corps Executives, Abilene Office) under the sponsorship of the U.S. Small Business Administration in conjunction with the Hamlin Chamber of Commerce and Aspermont Small Business Center.

The workshop will include helpful information on business survival for those now in business and for persons interested in starting a business.

Speakers will include members of SCORE as well as outstanding community authorities on small business operation, including business survival, business records, business organization, evaluating market position and financing.

An attempt will be made upon request for special accommodations for the handicapped.

Registration fee is \$10 and includes all materials and refreshments.

Advance registration is recommended by calling the Hamlin Chamber of Commerce, P. O. Box 402, Hamlin, Texas 79520, 915-576-3501 mornings.

Participants will be accepted on a first come - first served basis. *****

Community Calendar

- September 3 - Munday JV at Haskell; Munday VFD Auxiliary.
- September 4 - Haskell Indians at Munday.
- September 6-7 - Chamber of Commerce Labor Day activities.
- September 7 - Masonic Lodge.
- September 8 - Lions Club.
- September 9 - St. Anne's Mothers Society.

Looking for business supplies? We might have what you need. Munday Courier, 422-4314.

Order your rubber stamps at the Munday Courier, 422-4314.

their advantage. Making smart color and fabric choices at seasonal sales can take your wardrobe from one season to another as comfortably as possible. This is known as transitional shopping.

The best sale items to buy now and wear this fall are neutrals such as beige, khaki, taupe, olive, brown, black or gray. Vibrant colors such as red, yellow, hot pink, or aqua blue can also be worn through the fall. Avoid pastel backgrounds and ultra sheer blouses. Medium colors work best for clothing you plan to wear for several seasons.

Breathable cotton knits made into three-piece outfits that include a lightweight jacket can be worn alone or under a heavy coat for colder days. Woolen blends and silks are very practical since they can be both lightweight and wrinkle-proof. Short sleeved dresses and separates can be worn with a straw hat and sandals in the summer, and a dark pile jacket and leather pumps later.

By shopping for transitional clothing from early fall selections and resort clothes sold around the end of the year and early spring, you can have a smaller collection of well-chosen clothes than can take you through several seasons. *****

Ex-Resident Earns Diploma Recently

Judy Bruggeman Whitfield, a former Munday resident, was among 1,174 Southwest Texas State University students who were candidates for degrees awarded in commencement ceremonies August 14-15.

Graduating magna cum laude, Mrs. Whitfield received a bachelor of business administration degree with a major in marketing. She earned a scholarship award in the school of science while at SWT.

She is the daughter of Mr. and Mrs. Philip H. Bruggeman of Rhineland.

THURSDAY, SEPTEMBER 3, 1987

AN UNIDENTIFIED MOGUL sweeps around the end with Holliday Eagle defenders in hot pursuit at the Munday-Holliday scrimmage held Friday night. Munday won the practice battle three touchdowns to two despite having two starters out with injuries. The Moguls, state ranked

and favored to win the district again, will be the team to beat among this area's Class A schools. A big crowd is expected to be on hand when the team opens its season against Haskell Friday night at Mogul Stadium.

★ VERA HAPPENINGS ★

By Mrs. Thelma Coulston

Recent visitors in the home of Mr. and Mrs. Harold Beck were Paul Mackzum and grandchildren, Alex, Julie, Jocelyn and Kent, of San Bernardino, Calif. Also visiting Harold and Edith was an uncle, Grady Beck of Buda.

Word has been received here of the death of Warren Morton, 70, who passed away at his residence in Tyler Friday evening, August 7, after a lengthy illness. Memorial services were held at Pleasant Retreat United Methodist Church with Rev. Richard Phillips officiating. Burial followed in Rose Hill Cemetery under direction of Burks-Walker-Tippit Funeral Home. He was a graduate of Abilene High School, McMurry College and Hardin-Simmons University and attended Texas Tech University and the University of Texas in Austin. He lived in Tyler 11 years. Warren, Jeanette, Danny and Janice resided in the Vera community in the early 1950s where Warren was superintendent of Vera Consolidated Schools. He had retired as school administrator after 35 years in public education. He was a Mason and a member of the Lions and Toastmaster clubs. Survivors include his wife, Jeanette of Tyler; a son, Daniel B. Morton of Fountain Valley, Calif.; a daughter Janice Smith of Temple; six brothers, Grady Morton of Bowie, Weldon Morton of Palestine, Duke Morton of Henderson, Tom Morton of Winston Salem, N.C., Baker Morton of Austin and Glenn Morton of Raleigh, N.C.; a sister, Freda Moore of Jacksonville, Fla.; and three grandchildren.

Mr. and Mrs. George McKinney entertained the 42 club members with a dinner and games of 42 in their home Saturday evening. Attending were Mr. and Mrs. Claudell Bratcher, Mr. and Mrs. Armon Smith, Mr. and Mrs. Jerrell Trainham and Mr. and Mrs. Clyde Beck.

Larry Dan Gore visited his parents, Mr. and Mrs. Dalton Gore, Saturday.

Mrs. Jerrell Trainham and Mrs.

Sabra Rice, accompanied by Stephanie Crooks of Seymour, were in Justin Sunday to visit Mrs. Rice's sister, Mrs. Syble Ferrell. They also visited their friends, Tommie Sullivan and daughter, Glenda, in Denton.

Following is a list of folks who have purchased meal tickets this past week for Vera's community homecoming to be held at the community center this Saturday evening and Sunday, September 5 and 6:

Oliver Albright, F.B. Brown, Flo Bratcher, Trula Mae Byrket, Clyde Beck, Loraine Burton, C.P. Boone, Billy Bradford, Douglas Crow, Calvin Christian, R.D. Feemster, Marlin Hawkins, Maddie Hardin, Mary Parham Hall, Sammie Chapman, Lois Sullins, Paul Weiss, W.W. Wood, L.D. Welch, Gerald Wiles, Floyd Brown, Glenn Prescott, Ray Lynn Moore, Ola Mae Nichols, Ileta Gore, Mary Lou Gore, Violet Patterson, Betty Kinnibrugh, Arlin Kinnibrugh, Ruby Petty McPheeters, Bob McGaughey, Kenneth McHughes, Mrs. O.L. Patterson, Elmer Rutledge, Carole Reynolds, Bill Rutledge, Mrs. R.W. Talbot and Jerry Timberlake.

Mr. and Mrs. Tom Crawford of Lubbock were visitors with her grandparents, Mr. and Mrs. Bill Townsend and the Carl Coulstons.

Gidget and Heidi Miller of Seymour were visitors in the home of their grandmother, Mrs. Loran Patterson, last week.

Local Heart Association To Meet Next Week

Members of the Knox County American Heart Association unit are urged to meet at 7 p.m. Tuesday, September 8, at the Knox County Aging Services Center in Knox City.

Officials say all members need to be there to help plan events for the upcoming year.

LUSH ELEPHANT EARS fill the flower bed at the Allen Beaty residence at 110 West M in Munday. Offsetting the display of deep green are a group of pink and white blooms near the porch and various flowers in other locations. More greenery spills out of the brick window box, and the overall appearance of this neat yard won the Munday Garden Club's Yard of the Week distinction.

★ **Goree News** ★
By Mrs. Grace Smith

HOSPITAL NOTES

Lloyd King and Eddie were in Abilene last Monday to see an optometrist.
Mrs. Dewitt Green took her mother, Mrs. Hallie Campbell, to Graham Monday for a medical checkup.

CELEBRATES BIRTHDAY

Mrs. Virginia Land and Mr. and Mrs. J.D. Hicks of Munday visited Mr. and Mrs. Glendon Hicks and family in Seymour. This occasion was to celebrate Mrs. Hicks' and Joshua's birthdays.

ATTEND FUNERALS

Mr. and Mrs. Mutt Chamberlain attended the funeral of his cousin, Dan Gregory Jr., in Lubbock on Saturday.

Mr. and Mrs. Raymond Melton and Mr. and Mrs. John Brown and Joey of Weatherford visited here and attended the funeral of Loyd Patterson at Munday on Monday.

VISITORS

Dinner guests Sunday in the Elkin Warren home were Mr. and Mrs. Greg Melton and Taylor of Haskell and Mr. and Mrs. Jack Steward.

Visiting Mr. and Mrs. Marshall Gass on Sunday were James Gass, who is attending school at Texas Tech, and Mrs. Brenda Smith and Angie Partridge of Munday.

Weekend guests in the Charles Atkinson home were Mr. and Mrs. Benny Wallace and Christy of Houston, Mr. and Mrs. Jerry Atkinson and Matt, Haskell; Mr. and

Mrs. Sam Roberts, Goree; and Mr. and Mrs. Ruyal Don Arant and daughters of Levelland.

Mrs. Bobbie O'Neal of Seymour visited Mr. and Mrs. Billy Moore last Wednesday.

Visiting in the Joe Birkenfeld home during the weekend were Mr. and Mrs. Tony Scott and Amanda of Snyder, Mr. and Mrs. David Birkenfeld, Jenny and Derek, and Mr. and Mrs. Mike Eavenson and John St. Clair, all of Seymour.

Mr. and Mrs. Curtis Seale and Mr. and Mrs. Reuben Richards of Seymour visited in Taos, New Mexico last week.

Mr. and Mrs. John Lowrance of Colorado City and Mr. and Mrs. Wayne Couch of Skellytown visited Mrs. Lanna Mae Lowrance during the weekend.

Mr. and Mrs. Roy D. McCauley of Bomarton visited Mrs. Ina Roberts and in the Wallace Roberts home Saturday evening. Mr. and Mrs. Kenneth Roberts of Plainview visited in their homes Sunday night and Monday.

Kipp Cotton will be attending school at Midwestern State University in Wichita Falls this school term.

Ashley Land of Comfort visited her grandmother, Mrs. Virginia Land, last Tuesday night.

Mr. and Mrs. Lloyd King and Eddie visited Mrs. Neva Lee Claburn in Anson last Monday.

Mr. and Mrs. Doug Donoho and Zane of Munday visited Mrs. Ruth Hammons and Mrs. Estelle Rhinehart last Monday evening. Mr. and Mrs. Ivan Gresham of Munday visited in their home last Tuesday evening.

Visiting Mrs. Ballie Cooksey on Sunday were Mr. and Mrs. Ward Cooksey of Throckmorton, Mr. and Mrs. Jack Wilson, Denise and Debra, of Rule and Mandi Myers of Goree.

Mr. and Mrs. E.B. Hosea spent the weekend with their son and family, Mr. and Mrs. Brad Hosea,

Amber and Andrea, in Wichita Falls.

Mr. and Mrs. Cordas Ray Lambeth visited his parents, Mr. and Mrs. Felton Lambeth, Saturday.

Mr. and Mrs. Mutt Chamberlain returned home Saturday evening from several days of vacation in Colorado and New Mexico.

Mr. and Mrs. Doug Donoho and Zane of Munday and Mrs. Merle Lambeth spent the weekend visiting Miss Kathy Donoho at Mart and Jay Donoho, who is attending Baylor University at Waco.

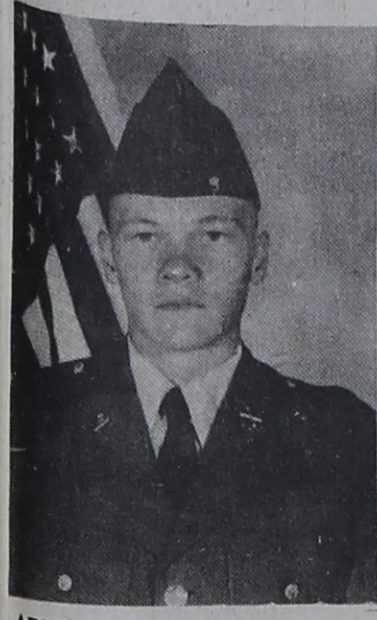

Mr. and Mrs. Lloyd Bradley spent last week visiting their sons, Mr. and Mrs. Jerry Bradley in Arlington and Mr. and Mrs. Clifford Bradley and family in Irving. They also visited with his niece, Mrs. Jay McDonald, and her brother, Mr. and Mrs. Jack Barger and family at White Settlement near Ft. Worth.

Fire Auxiliary Meets Tonight

The Ladies Auxiliary of the Munday Volunteer Fire Department will meet Thursday (tonight) at 8:00 p.m. at the Dairy Queen.

Plans for the hamburger luncheon to be served during the fire convention September 13 will be finalized. All members are urged to be present.

Members of the racing team will meet at 7:00 prior to the meeting in front of the high school building for practice.

ARMY PVT. TRACY J. SIMPSON, son of Janice Merrell of Munday, has arrived for duty with the 12th Field Artillery, Crailsheim, West Germany. A lance missile crewman, Simpson is a 1986 graduate of Anson High School. He completed basic and advanced individual Army training at Ft. Sill, Oklahoma.

LOCAL

Mrs. L.A. Allison of Seymour visited relatives here on Monday and left them a check to renew her Munday Courier. She said she wanted to keep up with the Moguls. They were residents of Munday for a number of years.

Optimism Seen Toward End Of '87 Texas Farm Picture

Higher cattle and cotton prices are expected to improve the 1987 agricultural income for Texas, according to an economist in marketing with the Texas Agricultural Extension Service.

These two commodities account for more than half of the state's farm income, says Dr. Carl G. Anderson of the Texas A&M University System.

Livestock receipts may exceed \$6 billion, an increase of 11 percent from a year earlier. Crop marketings are expected to total about \$3 billion to remain about steady with a year ago.

"In addition, large government payments and agriculturally-related income from hunting leases, horses and other outdoor recreation, and off-farm income will likely increase net farm income some 5 to 10 per-

cent this year," Anderson estimates. Farm expenses overall will probably remain stable, he predicts. Energy and chemical expenses may increase slightly, while depreciation, capital and land costs are expected to remain low.

Anderson notes that land values are showing signs of stabilizing, the credit crunch appears to be easing, and with the weaker dollar, export prospects are improving.

"Farm commodity markets the first half of this year, compared with the same period last year, show prices 25 percent higher for calves and lambs, wool is up 20 percent, beef cattle and sheep are showing a 15 percent increase, hogs are posting a 12 percent rise, and milk is up 3 percent. Partially offsetting these increases, however, are 7 percent lower egg prices and 4 percent lower broiler prices," Anderson says.

He points out that most crops are marketed in the second half of the year. At mid-year, however, prices for cotton are substantially higher, and rice is up slightly from levels of a year earlier. Sorghum and corn prices are considerably lower, with wheat down moderately.

The keys to restoring farm prosperity lie partly beyond the farm gate, Anderson says.

"Nationally, a smaller deficit, lower interest rates and a weak dollar are needed to facilitate capital investments and enhance farm exports. Stronger trade agreements and a competitive world price would help encourage agricultural shipments overseas," the economist adds.

With low agricultural returns, producers are striving to use more and better production and market information to manage a business, not just a farm, Anderson explains.

STRAIGHT TALK FROM TDA

MIKE MOELLER

DEPUTY COMMISSIONER TEXAS DEPARTMENT OF AGRICULTURE

Fungi, commonly called molds, mildews, wilts, rusts and rots, are fascinating, plant-like organisms that lack chlorophyll. Most fungi resemble dirt or dust more than they resemble typical green plants.

Because fungi lack chlorophyll, they can't use sunlight to make their own food. Like people, they get their energy by feeding on organic matter. Normally fungi are beneficial, because they decompose dead organic matter, thereby making nutrients available to living plants. Some fungi, however, can feed on the leaves, stems or roots of living plants or on animals and may be considered pests.

Fungi such as botrytis, leaf spot, black spot and root-and-stem rot can act as disease organisms. All live naturally in soil. When mother nature's checks and balances are in place, the threat of fungal attack is greatly reduced. But undernourished soil, poor drainage and high humidity in both warm and cool weather are good news to a fungus. Add to that a non-resistant plant variety, and conditions are perfect for fungal disease to flourish.

There's not much you can do about humidity. But you can take several steps to prevent fungal diseases.

Bring on the Competition. By building up garden soil with organic matter such as manure, compost and mulch, you encourage soil microorganisms that slow fungal growth. These organisms compete effectively with fungi for nutrients, thus controlling the fungus population.

Pull the Plug. Another variable you can control is drainage. Plants in soggy soil are prone to fungal attack.

Resistant Varieties. Many vegetables and ornamentals are now bred to be fungus-resistant. Others are naturally resistant. Texas native antique roses, for instance, are enjoying renewed popularity because of their natural resistance to fungi.

Resistant vegetable varieties are usually labeled with the letters "V" and "F" on the small plastic stake in the plant container. These letters mean the plants are resistant to verticillium and fusarium wilts.

Seeds can also carry fungal diseases, and seed-packet labels identify resistant varieties. Labels also tell whether the seeds have been treated with fungicides, so you can choose or avoid treated seeds, as desired.

Classic Treatments. Garlic and sulfur are natural fungicides, and sulfur dusting has been a common practice for many years. Many gardeners still find garlic and sulfur effective. But they aren't foolproof, and many fungi have become resistant to them.

Keep Plants Clean. Water can splash fungus from soil onto plants. A thick layer of mulch helps minimize this process. Removing contaminated leaves and branches as soon as you see them breaks the fungus' life cycle. Don't forget to clear away infected fallen leaves, too.

The Chemical Option. When you apply chemical fungicides, resistance can develop in a few short fungus generations. Then alternative fungicides are needed to kill them, and the process starts over.

Hybrid roses are a good example. When breeders selected for better bloom quality, size and fragrance, they inadvertently selected against and lost the plant's natural ability to resist fungal attacks. That started the chemical treadmill, and hybrid roses now need increasingly stronger fungicidal support to survive. This illogical "teamwork" between toxic chemicals and genetically weakened plant stock has been going on so long that few folks give it a second thought.

Nevertheless, like all pesticides, fungicides deserve to be approached with great care. Many fungicides are under special review by EPA for their serious chronic health risks. Handled improperly, dusts or sprays from fungicides can enter your body through your nose, mouth or skin.

So if you do use synthetic fungicides, be careful. Follow the label exactly, dress properly and minimize your exposure to dusts or sprays. And remember that the better your soil and drainage and the more resistant the plant varieties you grow, the less you'll need fungicides.

To a chilled, halved grapefruit add a topping of cooked cranberries and a thin sprinkle of mint leaves.

FARM AND RANCH REPORT

David Tunmire, County Agent

PLANTING WHEAT FOR GRAZING

Land preparation for wheat planting has begun throughout most of the county. The good rains last week mean a lot of producers will be planting soon so they'll have plenty of winter grazing for those stockers.

Probably the first question a producer asks about a wheat variety these days is, "How much grazing can I get and still have a good grain production?" Last year Bernard Brown of Rhineland started addressing that question with a wheat grazing demonstration he conducted this past year.

On September 19, 1986, NK812, Siouxland, Mustang and TAM 101 were planted in individual plots on a Miles fine sandy loam soil at a seeding rate of 80 pounds per acre. A preplant fertilizer of 46-0-0 at 100 pounds per acre was applied with an additional 75 pounds per acre of 10-34-0 at planting.

Under the direction of Al Alexander, Extension agronomist, forage samples 1/1000 acre in size were clipped from the same two locations on each variety. After February 25, 1987 three more clippings were taken only from one location in each variety. The remaining site was left for grain production. Samples 1/1000 acre in size were harvested from the grazed and non-grazed site in each variety for grain production evaluation.

Through February 25, 1987, NK812 produced the highest total forage production with 13,994.2 pounds per acre on a wet basis followed by TAM 101 with a wet weight of 13,354 pounds of forage per acre. Siouxland and Mustang produced forage amounts during the same period of 8,967.2 and 8,109.1 pounds per acre on a wet basis, respectively.

After the final clipping on May 22, 1987, TAM 101 had produced the highest total forage at 23,135.2 pounds per acre on a wet basis followed by Siouxland with a wet weight of 21,747.0 pounds per acre. Total forage production on a wet basis for NK812 and Mustang was 20,994.6 and 19,082.7 pounds per

acre, respectively.

After clipping for forage production until February 25, 1987, Siouxland produced the highest grain yield with 44.9 bushels per acre. TAM 101 was second with 30.7 bushels per acre followed by NK812 and Mustang with 25.6 and 24.8 bushels per acre, respectively.

TAM 101 showed the lowest effect on grain yield from grazing with a 7.0 bushels per acre yield decrease.

Siouxland was second with a 7.5 bushel per acre decrease.

Producers need to consider that this demonstration represents just one year's data. More than one year is needed to truly evaluate the performance of a wheat variety. Brown will be working on this demonstration again this coming year.

MEMBERS OF THE KNOX COUNTY HOSPITAL Auxiliary, identified as Pink Ladies by their pink smocks and service pins, registered guests and served refreshments at the hospital's open house Sunday afternoon. The refreshment area was the center of attention as television news crews conducted interviews and visitors observed the changes that have been made in the hospital during its 65 years of operation.

Area Six-Man Teams Launch Seasons Friday

Decreasing enrollment, eligibility problems and injuries have taken their toll on area six-man football teams, but at least two small schools, Goree and Benjamin, plan to begin their season Friday night.

The Goree Wildcats are under the direction of a new coach this year, and Cliff Gilmore is pleased with his team's prospects after two successful scrimmages. "We're ranked eighth in the state, and we looked good in both our pre-season games," he said. "We defeated Guthrie three touchdowns to two on scores from Grady Weaver, Spencer Dixon and Lonnie Shahan."

Weaver accounted for two more touchdowns as the Wildcats bested Vernon Northside 4-1. Dixon and Paul Lucio each accounted for a tally, with Jimmy Castorena passing for three of the four touchdowns scored.

Players on Goree's roster include senior Spencer Dixon, senior Paul Lucio, senior Walter Smith, senior Grady Weaver, senior Jimmy Castorena, junior Rodney Hardeman, junior Chris Lucio, junior Lonnie Shahan, junior Don Patterson, junior Floyd Smith, sophomore Tony Patterson, freshman Gary Dixon and freshman Jay Hutchens.

The Wildcats will play Lorraine there at 7:30 p.m. Friday. Other dates scheduled are September 11, Harrold at home; September 18, Lueders-Avoca at home; September 25, Woodson there; October 2, Paint Creek at home; October 9, Newcastle there; October 16, Weinert at home; October 23, Benjamin there; October 30, open; November 6, Rochester at home; and November 13, Rule there.

There are eight boys enrolled at Benjamin High School, and each of them will hit the football field Friday night as the Mustangs take on Vernon Northside in Benjamin. School superintendent Ben Grill is coaching the team this year, and he said the team did well in scrimmages against Harrold and Patton Springs. "We tied in our scrimmages," he said. "The teams looked pretty even."

Leading the Mustang team is all-state prospect Jeff Pierce, a senior. Other players are senior Kemp Jones, junior Jeff Conner, senior Jody Stone, freshman Lanham Jones, freshman Fred Redder, senior Buster Redwine and senior Phil Boone.

Benjamin will play Guthrie on Jaguar Field September 11, then opens the district schedule by host-

ing Woodson September 18. Other games on the schedule are September 25, Paint Creek there; October 2, Newcastle at home; October 9, Weinert there; October 16, open; October 23, Goree at home; October 30, Rochester there; November 6, Rule at home; and November 13, Lueders-Avoca there.

Just before press time we learned from Weinert coach Chet Forehand that the Bulldogs have decided to cancel their 1987 gridiron season. The team was down to just eight players this year, and when senior quarterback Barry Walker was lost for the season after being injured in a scrimmage, it had been speculated that the school would have to drop its football program this year. As both Goree and Benjamin listed Weinert on their schedules, these teams will have to find other opponents for those dates or take another night off.

Fall's Approach Signals Time For Planting Garden

Although there is still plenty of hot weather ahead, it's time to get that fall vegetable garden started.

Much of Texas is still suited for year-round gardening, and fall vegetables generally have better quality and flavor than those grown in the spring, points out Dr. Sam Cotner, horticulturist with the Texas Agricultural Extension Service.

Many popular warm-season vegetables such as tomatoes, peppers, eggplants, pole beans, potatoes, okra, cucumbers and squash can be planted during the final weeks of the summer season.

Also, the so-called "winter" vegetables such as broccoli, cabbage, cauliflower, greens, parsley and carrots can be planted now for early harvesting. Later plantings of these cold-hardy crops will supply fresh vegetables well into winter, notes Cotner.

What are some of the important aspects of fall gardening?

First of all, get the land into good shape, suggests the horticulturist. If you had a garden this spring and applied fertilizer, little if any additional fertilizer will be needed before fall planting.

For new gardens, apply two to three pounds of complete fertilizer such as 10-20-10 per 100 square feet and work it into the soil. If plants grow slowly, Cotner suggests applying a light amount of fertilizer bet-

Noah Hotline In Effect September 1

Victims of family violence who feel there is no one who will help or listen to them can now call for assistance, as a 24-hour hotline has been operational on a daily basis since September 1.

The hotline is sponsored by the Noah Project, an outreach service of the Texas Department of Human Resources. Coordinator Betsy Nanny said the calls will be kept confidential and a local number will be used.

Volunteers for the Noah Project began their training phase recently, and further training sessions are planned later for newer volunteers or those who were unable to attend the first activities.

Persons interested in learning more about the Noah project, its training or programs, should call Mrs. Nanny at 817-864-3972 or inquire at the Noah Project outreach center on the third floor of the Haskell County courthouse.

★ TRUSCOTT-GILLILAND NEWS ★

By Mrs. Clara Brown

Fall weather came in on cool showers last Thursday and "baby" northerners have kept the temperatures pleasant. Before sunup a little fire has felt good for the last three or four days. Summer weather will probably come back again, but it is not likely that there will be a really long hot spell. Some say the early arrival of north winds and the way we have continued to get north winds from time to time point to an early and cold winter.

Remember the late 60s and early 70s when most skirts were shorter than today's "big shirts"? Well, fashion seems to be turning back. The teenagers who fussed with their mothers over skirt lengths then ("You can't leave the house in a dress that short!) are now old enough to have daughters in junior high and high school. Wonder what their conversations will be like? (See first parenthesis for a possibility.)

At Crowell High School the girls used to kneel, so we were told, and the skirts could not be shorter than nine inches above the floor, as measured by the high school principal. A recent report in the Foard County News on a school board meeting shows that times have changed some, now the skirt must reach the top of the knee when standing. Tank tops are also prohibited and any clothing that allows unnecessary exposure is prohibited.

Some kind of rules are an academic necessity or the boys would never be able to learn anything, resulting probably in a combination of pass and play that Mr. Perot didn't even consider when making the "no pass, no play" rule.

According to the Wichita Falls paper, in late September and early October the five member panel established to study the Red River Chloride Control Project should hold its first meeting.

The Corps of Engineers says two representatives from Texas, one from Oklahoma and one from the federal government will assess the improvement in the water quality of the Red River since the project was launched in the early 1980's. This reference is to the cleaning up of salt pollution, of which the Truscott Brine Lake is a part.

Presumably the river has been less salty this year if for no other reason than that the greater rainfall would have diluted the salt water spring flow.

The place of the meeting will be in Knox County, but the city has not been announced.

Mildred Cook reports she was in Knox City August 15 in the home of Mrs. Monty Penman, formerly Exa-

Experts Say Solution To Rural Economic Problems Must Involve Cooperation, Creativity

If rural America is to recover and prosper, local coalitions from the private and public sectors must work together to plan individualized, long-term solutions.

That's the consensus of a panel of rural economic experts who recently spoke to employees and sales representatives of Pioneer Hi-Bred International, Inc. (Des Moines, IA) at the first session of the company-sponsored "Search for Solutions" seminar, focusing on the economic issues facing America's small towns.

The speakers emphasized that creative efforts within communities can be undertaken to bring new life to those hard-hit by population movement, the trends of the world economy and technological change.

"The search for solutions to the question, 'What can we do?' begins with more questions," said Dr. Janet Ayres, assistant professor of Agricultural Economics, Purdue University. "What do people need? What resources do we have? How can we get together to meet our goals? What stands in our way?"

Dr. Ayres said that communities should not rely on outsiders, but rather, appoint local leaders who are both visionary and practical. She pointed to several examples of strong commitment using creative problem-solving techniques:

"All across America, small towns, once in trouble, are now becoming successful," said Dr. Ayres. "They're discovering that 'liabilities' can be turned into assets. But accomplishing change for the better means taking responsible risks — the kind a town chooses for itself, not the kind outsiders choose for it."

"There's Cando — a chicken-and-wheat town in North Dakota. Because wheat and eggs add up to pasta, Cando is now home to a nationwide pasta manufacturer. And there's Hibbing, Minnesota, an Iron Range mining town that turned from taconite to timber, built a \$5.3 million manufacturing plant, and now plans to export six billion chopsticks to Japan!"

During the session, experts cautioned Pioneer employees against looking for a "quick fix" to the problems plaguing small towns.

"Quick fixes are bandages that don't address fundamental problems and have no staying power," said Brady Deaton, associate director, office of International Development,

Virginia Polytechnic Institute and State University. "Our thinking must be in terms of decades, not in terms of months."

Dr. Deaton identified five long-term strategies for improving the quality of life of a local community, to stimulate growth:

- Cultivate existing industry
- Identify local entrepreneurs
- Develop capital formation plans (strengthening local bankers)
- Make industry visitations
- Evaluate efforts

The 250 participants in the Search for Solutions seminar came to Des Moines from more than 150 towns across the country to garner important economic information and ideas to take back to their communities. The participants are now assessing their local needs, and are starting a coalition-building process. Later, the group will return to Des Moines accompanied by their community leaders to create and refine workable plans for local growth.

Pioneer Hi-Bred is sponsoring the Search for Solutions as part of its commitment to invest in programs which help develop self-sufficiency.

"We want to provide to those communities where we live and do business, an informed, active corps of educated leaders," said Tom Urban, president and chairman of Pioneer.

Dr. Janet S. Ayres

Burgess Thursday and Friday of last week.

LaNay Cash took her mother-in-law, Edith Cash of Crowell, to Lubbock last Wednesday for another eye examination.

School starts Tuesday for children in the Crowell and Benjamin school districts. There were some good things that came out of House Bill 72, and the decision to return the school starting date to September was one of them, as any teacher or student who ever sat through a class on a hot, mid-August day will confirm. The air-conditioning was never sufficient to counteract the heat radiating from the sun outside and thirty bodies inside.

Kim Cash finished her summer job at the Crowell nursing home August 25. Kim has been accepted into Who's Who Among American High School Students. She has been a cheerleader, on the basketball team, and active in track in her high school career.

Mrs. Elmer Welch, the former Bertie Jamison, celebrated her 90th birthday Sunday at a party in her home hosted by her children, Mrs. Margaret Jones of Abilene, E.D. Welch of Gilliland, Charles Clinton Welch of Lubbock, Weldon Welch of Kansas and Wilfred Welch of Wichita Falls.

A birthday card signed by President and Mrs. Reagan was displayed to the 71 guests who attended. Mrs. Welch still lives alone and still gardens.

A sister, Mrs. Ottis Cook of Wichita Falls was present but a brother, Homer Jamison of Amarillo, and sister, Pleasie McGaughey of California, were unable to attend. Two brothers, John Jamison and Hubert Jamison, and a sister, Jessie Cook, are deceased.

Numerous grandchildren, great-grandchildren and friends were present.

PARKER IMPLEMENT COMPANY

RAISE/LOWER WITH "HITCH COMMAND"

Case IH added a touch of genius to 3-point hitch operation with electronic "Hitch Command" in new MAGNUM tractors. Just touch a switch to raise the hitch. Touch again and it lowers. Always to the exact limits you pre-program . . . and at precisely the speed that optimum operating conditions require.

Only new Case IH MAGNUM tractors give you electro-hydraulic hitch actuation that saves time and effort at the headlands and with all soil types, implements and field conditions. Isn't it time you switched to electro-hydraulic hitch control? It's standard on the all-new Case IH MAGNUM tractors, 130 to 195 PTO hp. See us for details.

MAGNUM means more.

Introducing the new

MAGNUM 7140

And the first all-new tractors from Case IH

Case IH put more into the new MAGNUM tractor line than any farm tractors developed in over twenty years. Here's why you'll get more out of it:

MAGNUM means more. Outstanding field performance from a new 505 cubic inch turbocharged engine with reserve power. MAGNUM power.

The MAGNUM tractor's powershift puts 18-speeds of shift-on-the-go workpower at your fingertips—standard. And only MAGNUM tractors offer a full powershift creeper transmission with six additional speeds from .5 to 2.1 mph . . . for more control and performance. MAGNUM performance.

The MAGNUM tractor's new larger cab has 48 square feet of window area . . . virtually unobstructed visibility . . . a roomier interior . . . for extra comfort. MAGNUM comfort.

It all adds up: The Case IH MAGNUM 7140 tractor sets new standards for the 195 hp (145 kW) class . . . and for you. See us for details.

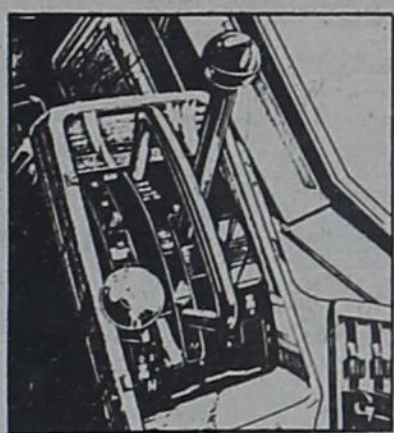

GET 20% MORE POWERSHIFT WORKING SPEEDS.

FIELD SPEEDS

DEERE																	
CASE IH MAGNUM																	

You get 18 in-line, no-clutch, full powershift speeds in the new MAGNUM tractors compared to only 15 with Deere's powershift.

The 18-speed transmission is standard on all new Case IH MAGNUM tractors, while Deere's 15 speed is optional on all but the 4850. And, as an option, the Deere powershift adds about \$4,000 to their price.

The new powershift in MAGNUM tractors gives you seven speeds from 3 to 8 mph; six higher speeds for

transport; a top speed of 19 mph. You can start in any gear. Shift forward to reverse without clutching.

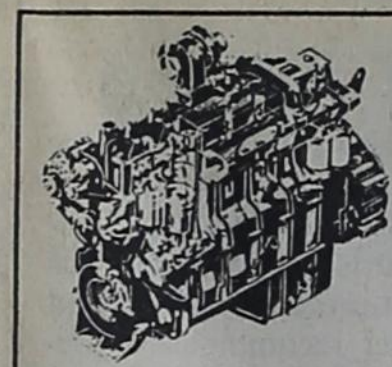

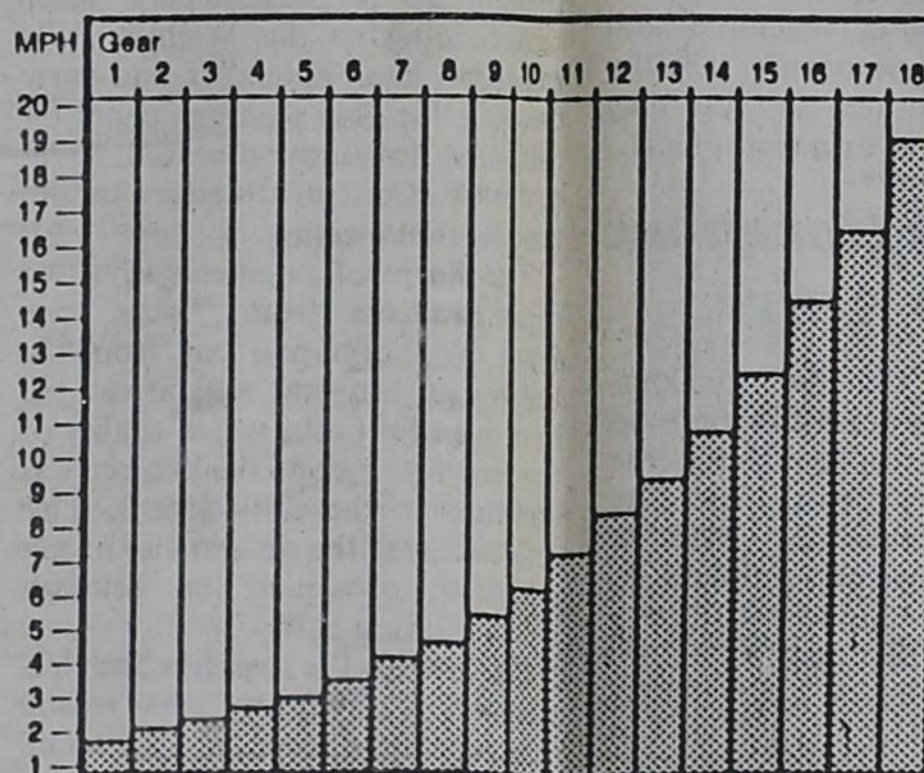

MAGNUM tractors also offer an exclusive option — six additional speeds from .5 to 2.1 mph in the industry's only full powershift creeper transmission.

Shift up to a new Case IH MAGNUM tractor now — for 20% more working speeds . . . more power, more comfort and more.

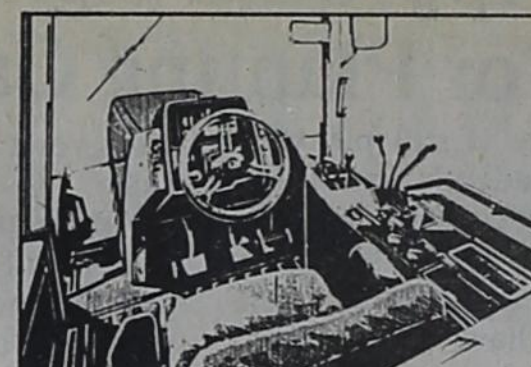

Ask us about these four all-new Case IH tractors, 130 to 195 PTO hp. MAGNUM tractors . . . tractors that will do more for you.

MAGNUM means more.

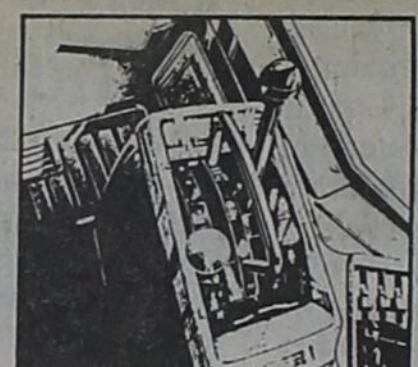

Forward Ground Speeds (20.8 x 38 tires)

MAGNUM Power. More lugging ability and economy.

MAGNUM Comfort. A more productive environment.

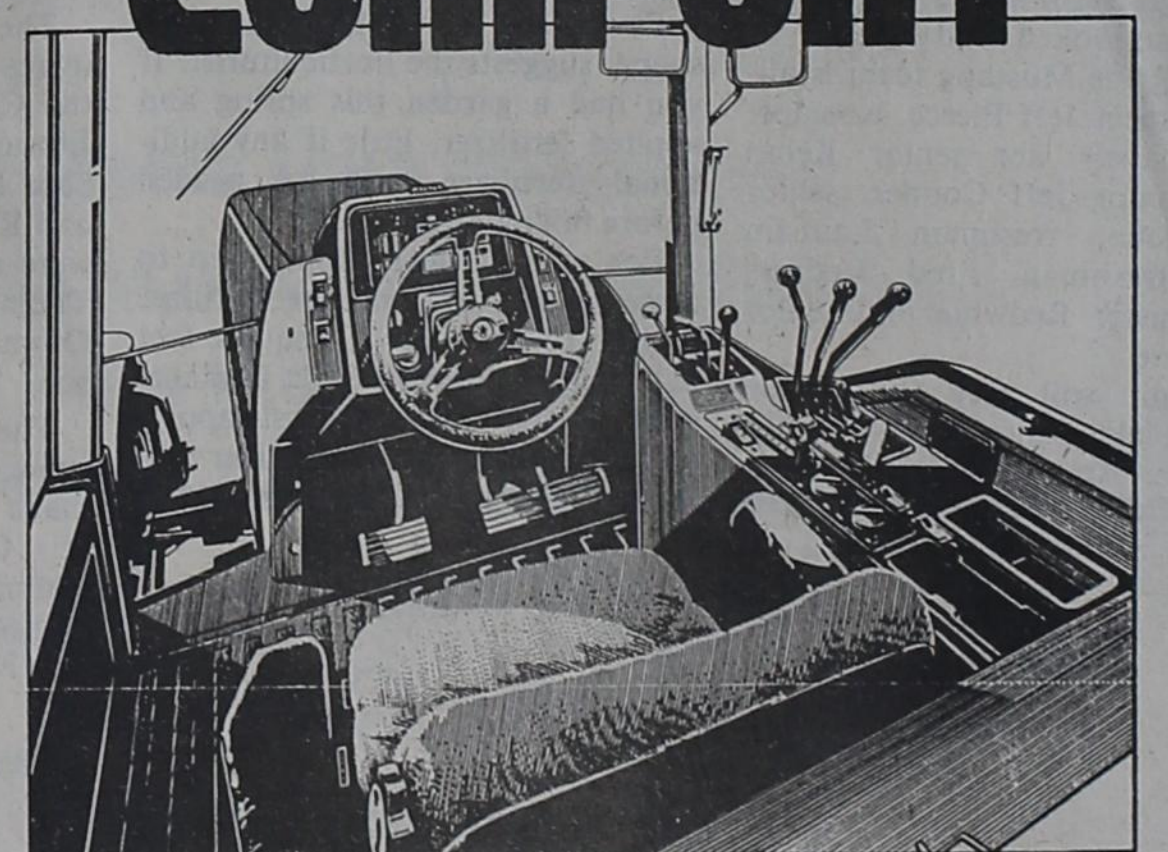

MAGNUM Performance. 18-speed field and road performance.

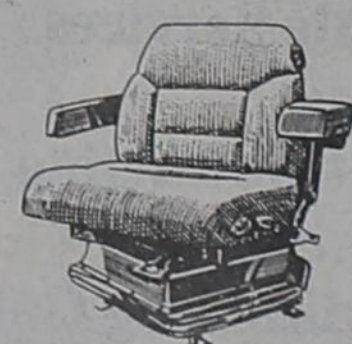

MAGNUM means more.

MAGNUM COMFORT

See more. Feel better.

MAGNUM comfort means more cab comfort and operator efficiency for every working

visibility ahead. This cab is bigger, with more head room. A wide, fully-adjustable swivel and lumbar supportive seat makes driving a pleasure. This cab is quiet. It's tight. It's clean. All controls are conveniently located, and designed for comfortable low-effort operation.

The new MAGNUM tractor cab will keep you going strong and feeling good. And it's standard equipment on all Case IH MAGNUM tractors. Four all-new models, 130 to 195 PTO hp. See us for details.

minute. There's 48 square feet of window area. And the tractor's sloping hood and hidden exhaust provide unobstructed
