## FOR SEWER, WATER PROJECTS

### Grants Approved For Goree And Rhineland

Knox County Judge David N. Perdue has announced that Goree and Rhineland will receive community development grants from the Texas Department of Community Affairs. Perdue received a telephone call from Governor Mark White's office Tuesday morning notifying him that the grants would be awarded to the Knox County communities.

Goree will receive \$171,000 for wastewater treatment plant improvements, a project that has been in the works at Goree for several years and is badly needed. Rhineland's grant for \$350,000 will finance a rural water system.

Governor White said 158 grants were approved from 496 statewide applications to the Community Development Grant committees. Competition began at the local and regional level and then advanced to the state level in the Texas Department of Community Affairs before final selections were awarded. The grants are for water systems, improvements to water, sewer and drainage systems, street paving and general community improvements.

Judge Perdue noted that since these programs were implemented under Governor White's leadership, in addition to the Goree and Rhineland grants, Knox City received \$328,000 for water and sewer improvements in 1984 and Munday received \$400,000 for street and drainage improvements in 1985. Knox

County has received \$1,249,000 during the past two years for funding projects.

Goree mayor George Cotton heard

## DON'T FORGET TO VOTE!

### General Election Called November 4

Knox County voters are reminded that Tuesday, November 4, is general election day in Texas, and all registered voters should take the few minutes necessary to cast a ballot. The most widely publicized race, of course, pits incumbent Democratic Governor Mark White against former Republican Governor Bill Clements.

An employee in the office of county clerk Gloria West said 26 absentee votes had been cast in Knox County as of Tuesday morning, and absentee voting will continue through 5 p.m. Friday, October 31.

There are 13 races on the Knox County ballot, all statewide except for the Doug Seal-Beau Boulter con-

test for a seat in the U.S. Congress. Some races have three candidates, as the Libertarian party is still trying to get more of a handhold in Texas politics.

Area names on the ballot include State Representative Steve Carriker, District Attorney Tom Schrandt, County Judge David N. Perdue, District and County Clerk Gloria West, County Treasurer Evelyn Balis, Precinct 4 Commissioner Lee Patterson and Precinct 4 Justice of the Peace John Phillips. All are unopposed.

Four proposed amendments to the U.S. Constitution also take up space on the large ballot, with voters asked to choose for or against the proposals.

Polling places in Munday are the City Hall for voters in Precinct 6 East, the old band hall building for Precinct 6 West voters and the high school foyer for those in Precinct 6 North. Goree residents will cast their ballots at the Community Center, and those in the Sunset area will vote at the Gillespie Church.

The polls are open from 7 a.m. until 7 p.m., and remember, if you don't vote you don't have a right to gripe about the way our country, state and county are being governed!

### Two Cases Heard In Court Proceedings

District court was held in Knox County on October 21 and 22 with Judge David Hajek presiding. Jurors heard the case of Doyle James of Knox City.

The defendant was found guilty on charges of injury to a child and was sentenced to one year in the county jail and a \$1,000 fine. The sentence was suspended and the defendant was placed on probation for one year and assessed the \$1,000 fine.

On October 23, Judge Hajek called the case of Brenda Golleher of Knox City. The defendant pled guilty to charges of possession of marijuana and was placed on probation for five years and assessed a \$1,000 fine.

In both cases the State was represented by District Attorney Tom Schrandt of Seymour.

### Extension Service Info To Be Given

The Knox County Program Building Committee has scheduled an Extension Service information day for Tuesday, November 4. County Extension agents Jane Rowan and David Tunmire will talk to customers and demonstrate computer programs at the First National Bank in Munday from 10 a.m. until noon and at the Citizens State Bank in Knox City from 1 to 3 p.m.

The agents will show information about Extension Service programs scheduled for 1987, as well as demonstrate Extension computer programs. Each bank has donated a \$50 savings bond to be given away, and persons must register to be eligible.

Everyone in the area is invited to come by one of the banks and learn what the Extension Service has planned for Knox County during the upcoming year.

## BAND, GRID ROYALTY TO BE NAMED

### Weather Report

For seven days ending Monday, October 27, 1986, as compiled and recorded by Goodson Sellers, local U.S. weather observer.

	TEMPERATURE	HIGH	LOW	RAIN
Oct. 21	75	55	1.15	
Oct. 22	75	57	.19	
Oct. 23	75	63	.41	
Oct. 24	72	55	.01	
Oct. 25	70	47		
Oct. 26	70	45		
Oct. 27	78	44		

Rainfall this week - 1.76  
Rainfall year to date - 29.29

## Moguls Ready For Tough Game Friday

The Munday Moguls will play their last home game of the 1986 football season when they take on the Aspermont Hornets Friday, October 31, in a game that will decide the zone championship. The winner of the south zone will play the runner-up in the north zone and vice versa.

The Moguls take a 5-1-1 record into the game, and the Hornets are 6-2. Both teams have 2-0 records in district with the final games to be played November 7. The Hornets

have been defeated by Throckmorton and Albany. In the only games in which the teams play a common opponent, Munday beat Rotan 40-13 and Aspermont topped the Yellowhammers 10-0.

"This is a big game for Aspermont," Munday Coach Ron Steele said. "This is for all the marbles, and they have everything to gain and nothing to lose. So we feel they will come on very strong in an effort to win the district title."

The Hornets are led by Tim

Meador, an experienced halfback. The team has plenty of size and some speed, according to Coach Steele, and is well-coached by Ronnie Clifton. "They are a good team, and they play sound, fundamental football. We will have to take them seriously and play well to win."

One plus for the Moguls is that the team is healthier overall than it has been for a while, the coach said. Since this is the final home game of the season, senior Moguls and their parents will be introduced in a pre-game show that will begin at

### Quail Season Opens Saturday In Texas

Quail season begins November 1, and for a week after that, local hunters will be able to hunt both dove and quail until mourning dove season ends November 9. Those hunting both species must have their shotguns plugged to a three-shot capacity, according to the federal law for hunting of migratory birds.

The statewide quail hunt will continue through February 22, 1987. Daily bag limit is 12 birds, with a possession limit of 36.

The regular season for deer and turkey opens November 8 and lasts through January 4, 1987. It has been reported that game surveys in the Big Country area have turned up several sightings of whitetail deer, and wildlife management personnel have predicted a good hunting season.

Hunting for all species of geese is already open, and duck hunters should get ready, too, as that season begins in November.

## Halloween Festivities On Tap This Weekend

Friday, October 31, will be a busy day and a busier night in the Munday area, as Halloween activities vvy with football to take first place in the thoughts of residents both young and old.

If it's costume time at your house, you are in good company. Many Munday business employees have made plans to "dress up" Friday, and they urge all businesses to get in the spirit with employee costumes.

### Seniors To Serve Stew Friday Night

The senior class at Munday High School is sponsoring a stew supper on Friday, October 31, at the high school cafeteria. Stew, crackers, cornbread, cobbler, tea and coffee will be served from 5 until 7 p.m.

Plates are \$2.50 for adults and high school students, and children and junior high students can eat for \$1.50. Persons ordering take-out plates should bring a container for their stew.

Proceeds will be used to finance further senior class activities, so everyone is urged to come eat stew before attending the Munday-Aspermont football game which begins at 7:30.

LEARNING A NEW SKILL last week, members of the Munday High School theatre arts class were impressed and entertained by Christy Miller of Vera, center and her partner, Violet. Mrs. Miller performs her ventriloquism act in a ministry at the First Baptist Church in Seymour and for various other groups. Students pictured with their visitors are Monica Adams, Frankie Fetsch and J.B. Jones. Mrs. Karen Longan is instructor for this new course at the school.

### Ventriloquist Entertains MHS Theatre Arts Class

Twenty-one Munday High School students are enrolled in a new class this year - theatre arts. Taught by Karen Longan, the class has been involved in a variety of activities since the beginning of school, including a trip to McMurry College for a live theatre performance of "Amadeus."

Last week the students began studying a unit on puppetry. Using puppets loaned by the First Baptist Church, the class has learned that

there are several different types of puppets and as many different techniques for operating them. Among the types examined have been hand puppets, rod-arm puppets, human hand and arm puppets, marionettes and ventriloquists' dummies.

Christy Miller of Vera visited the fine arts and theatre arts classes recently and performed with her partner, "Violet." Mrs. Miller explained to the students how the doll was constructed, how to operate it and how she became interested in ventriloquism. She then performed a combination of jokes, dialogue and songs. This homemaker and mother of two has recently moved back to Vera from Perryton and is using her ventriloquism act in a ministry at the First Baptist Church in Seymour and other organizational performances.

This week the theatre arts class was entertained by a professional mime artist from Lubbock.

### Is Your Courier Subscription About To Expire?

We appreciate all the response we have had to our article about paying your November subscription early, but there are still many who haven't paid.

November is a busy month around the Courier office since most subscriptions are due at that time. The due date of your paper subscription is shown at the bottom of the address label. If the date is 86/11/4, your subscription is due in November and we ask that you pay now to help us avoid the rush. We wouldn't want you to miss a single issue. Also, those subscriptions with October due dates should be paid now. If you have let your subscription lapse for some reason, we encourage you to renew it; you can save money with a subscription.

We appreciate all our customers and invite you to come in and shop for all your office supply needs. If we don't have it, we will try to order it for you.

### Gilliland Jamboree Slated Saturday Night

The fall Gilliland Jamboree season kicks off at 6:30 p.m. Saturday, November 1, at the Gilliland Community Center. The jamborees are held the first Saturday of each month except during the summer.

A concession stand will be available. Everyone is invited to come and enjoy some old-fashioned, foot-stompin' country and gospel music, and musicians are especially welcome to add their talents to this event.

## Munday School Lunchroom Menu

Nov. 10-14, 1986

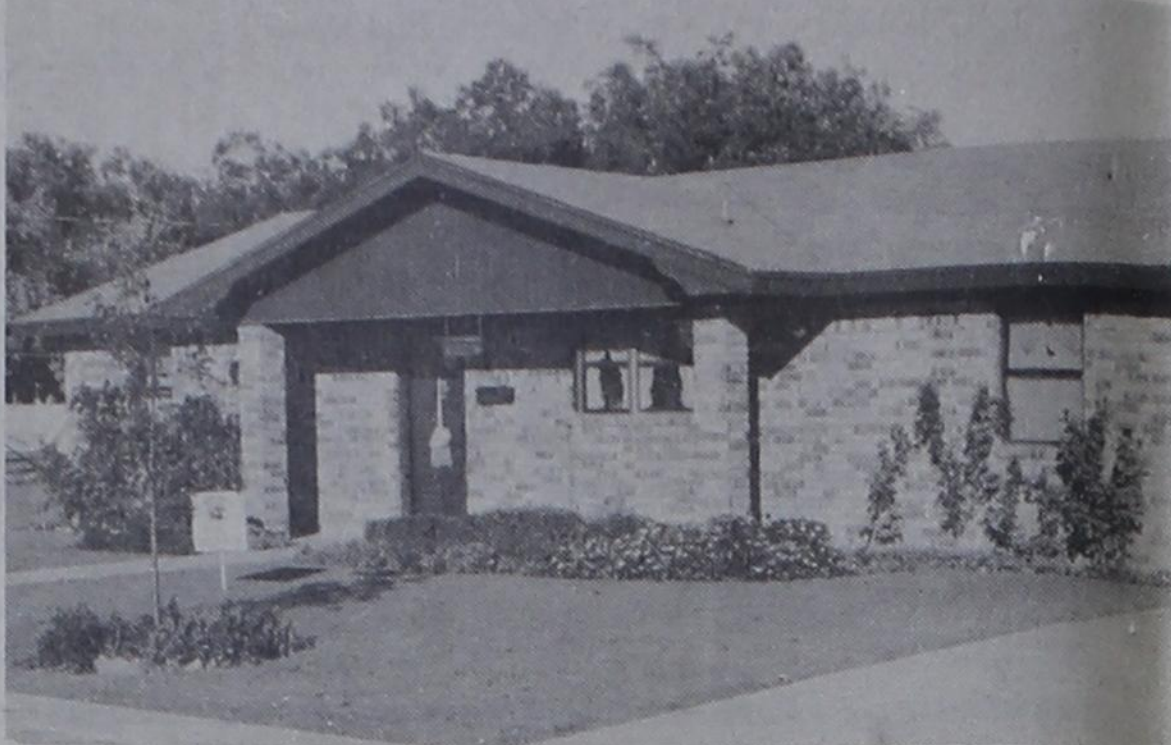

### BREAKFAST

Monday - Cereal, juice, milk.  
Tuesday - Cheese toast, juice, milk.  
Wednesday - Toast, jelly, juice, milk.  
Thursday - Cinnamon toast, juice, milk.  
Friday - Cereal, juice, milk.

### LUNCH

Monday - Corn dogs, pinto beans, cole slaw, fruit bars, milk.  
Tuesday - Spaghetti with meat, blackeyed peas, lettuce wedge, batter bread, brownies, milk.  
Wednesday - Bean and meat chalongas, corn, carrot sticks, honey bars, milk.  
Thursday - Chicken, mashed potatoes, green beans, hot rolls, fruit, milk.  
Friday - Cheeseburger and trimmings, potatoes, fruit, milk.

Lemon juice and ground lemon peel help to tenderize chicken. Before cooking, rub the juice onto the inside and outside and disperse the peels throughout the cavity.

**FALL COLORS** are beginning to show up in yards all over town. Changing leaves and masses of low-to-the-ground flowers, plants and shrubs are featured in the yard of Jimmy and Phillis Urbanczyk on Cedar Street in the northeast part of town. This combination caught the eye of the Munday Garden Club judge, who placed the Yard of the Week sign in this deserving yard.

## Munday Band To Open Region Marching Contest

Approximately 50 musicians at Munday High School have been eagerly practicing and preparing for Saturday, November 1, the day of the regional UIL marching contest. The Munday Purple Cloud band will open the contest with a 12:30 p.m. performance at Memorial Stadium in Wichita Falls.

Following Munday will be the other Class A contestants, Sunray, Jayton and Booker. These four bands are vying for two slots to represent the region at the state marching contest in Austin on Monday, November 10.

Next on the program will be the Class 2A bands, Olney, Shamrock, Seymour and Canadian. Class 3A representatives are Iowa Park, Southlake Carroll and Tulia. After the 3A bands are finished, the results of Class A, 2A and 3A contests will be announced. Munday director Rodney Bennett said this should be about 3 p.m. There are no ratings at the regional contest, just the order in which the bands are ranked by the judges.

Class 4A bands to perform will be Graham, Crowley, Borger, Snyder, Cleburne and Canyon, and the Class 5A groups, Amarillo High, Denton, Abilene High, Fort Worth Trinity and Abilene Cooper, will finish out the contest. The program will be concluded with an exhibition

by the University of Texas at Arlington marching band and the announcement of Class 4A and 5A results.

Bennett said he is very optimistic about Munday's chances at winning a shot at the state contest. The Purple Cloud was a state alternate last year.

"We would like to thank the community for their support," Bennett added, "and we highly encourage as many people as can make the trip to come and watch us march at Wichita Falls Saturday. A big following is very beneficial to our band. There's nothing like marching out onto the field to a standing ovation from your home folks."

The *Courier* staff would like to congratulate the band and its director for their past accomplishments and wish them the best of luck at the regional competition.

Tired of peeling carrots? Drop them into boiling water. Let stand five minutes, then drop them in cold water. The skin should slip right off.

## County Child Welfare Board Plans Fund Raising Drive

The Knox County Child Welfare Board met Tuesday, October 21, at the Citizens State Bank in Knox City. Present were Bob Presnall, chairman; Ann White, vice-chairman; Sarah Meinzer, secretary; Bertha Driver, treasurer; Pat Gonzales, reporter; Don Bunton and Department of Human Services child case worker Sammy B. White. Linda Griffith, Ruth Brown and Dr. Dale Selzer were absent.

The main topic of the meeting was planning a drive to raise funds for the coming year. The board needs to be prepared for the economic crunch the county is suffering and the likely increase in the need for aid for children. There is always an increase in neglect, abuse and pressure put on children when economic situations are poor.

During the past year, the Child Welfare Board has used generous donations on medical care for abused, neglected and suicidal children, for transportation for children placed in foster homes and special schools and for clothing and emergency care for needy children. Public education seminars were offered in Knox City and Munday by Jean Lyons of Lyons and Mayben Councelling in Abilene, who explained to citizens what options the courts have when sentencing a child sexual abuse offender.

The board will again sponsor a Christmas program to offer gifts to abused and neglected children and any other children who need help at Christmas that would not be provided otherwise. The Department of Human Services will identify these children and board members will purchase and deliver gifts to make Christmas a little brighter for them. Donations for this cause will be collected at Citizens State Bank in Knox City and First National Bank in Munday.

The Child Welfare Board was established in 1984 by the Knox County Commissioners Court to meet the growing needs of abused or neglected children in the county. Through educational programs, the board hopes to prevent as much child abuse and neglect as possible.

When abuse or neglect does occur, the board is available to help meet the needs of the child and his or her family.

The Child Welfare Board is composed of Knox County citizens to reflect the feelings of all residents concerning children's needs. If the board is to meet all these needs, it must gain the financial and moral support of every resident in the county. The members of the board ask that county residents be generous in donating to this venture, because it is due to this generosity that the board has met with great success in helping the children of our country.

## United Fund Drive Gets Underway Here

Martha Hunter, drive chairman for the Munday area United Fund, has announced division chairmen for the fund drive which will continue through November 7.

Mrs. Hunter is canvassing the north residential area, and south residential drive is being coordinated by Janie Hendrix. Becky Offutt is in charge of the northeast rural area, Evelyn Booe is handling the southeast rural area, and Nancy Whittemore is chairman for the southwest rural area. Tena Myers is chairman in Rhineland, and Sandy King will be in charge of canvassing Munday businesses for donations.

Residents are reminded that some very important local organizations such as the City-County Library in Munday, the Munday Little League Association and the Knox County Aging Service, are funded by United Fund contributions. Such organizations are non-profit and depend a great deal on what money they receive from the United Fund budget.

Other groups, including the Red Cross, Salvation Army and Child Welfare Department, also are assisted by United Fund dollars. In these times of economic hardship it may

## Birthdays And Anniversaries

October 30 - Daisy Yates and Debra Booker.

October 31 - Amy Huffman, James Gass, Bill Kingston, Freddy Lopez and Cheryl Wright; Mr. and Mrs. Bob Brown.

November 1 - Ty Nix, Larry Tomlinson and Pearl Yates; Mr. and Mrs. Fidel Cavazos.

November 2 - Lisa Booe, Margie Guinn, Helen Homer, and Justin Josselet.

November 3 - Kerri Urbanczyk, Jacquita Welch, Joshua Westmoreland and Royce Tyra; Mr. and Mrs. Billy Redder.

November 4 - Wayne Birkenfeld.

November 5 - Loretta Albus and Zac Sanchez.

seem difficult to find a few extra dollars to donate to the various causes for which we are all called upon to contribute, but this is also the time when these groups need our help the most.

When you are asked to donate to the Munday area United Fund by volunteer workers, remember who the money will be helping and dig a little deeper. It will benefit everyone in the community.

## Mixed Drink Tax Rebate Received

Knox County received \$132.90 this month as its rebate on mixed drink tax revenues. The county collected a total mixed drink tax of \$1,063.21 during the months of July, August and September.

The state levies a 12 percent tax on mixed drinks, and Texas cities and counties receive 12.5 percent shares of the tax under the law that legalized the sale of mixed drinks in the state. The mixed drink tax is collected by the Alcoholic Beverage Commission and city-county rebates are sent out quarterly by the office of State Comptroller Bob Bullock.

## ART LAWLER

The writer gets the feeling I'm "Knock, knock, knocking on Heaven's Door."

"If you have any comments to me you can find me in heaven," he says. "Better yet," he concludes, "write or call Dale Hinshaw at 706 North Pine in Brady, Texas."

The P.S. says, "I think he would enjoy talking to you."

He would enjoy talking to me? Is he, He, or is he Dale Hinshaw? Has Hinshaw previously died, and is he now living in heaven? Or were these God's words telling me to either meet Him in heaven for coffee, or to go see His agent Hinshaw?

The postmark isn't much help. It doesn't say "Heaven," but it doesn't say Brady, Texas, either. What is does say is Abilene, Texas. But this only adds to the mystery.

Are we to assume God sent it to Abilene to be relayed to Buffalo Gap, U.S.A. (12 miles South), or that He sent it to Hinshaw who drove to the Abilene post office to mail the letter instead of dropping it in a box in Brady?

Then again, was Hinshaw only kidding about living in heaven? Or is he a ghost, or an angel who was actually sent from Heaven?

Possibly there is a town called Heaven I've never heard about. It is also possible, though not probable, that Hinshaw had a few too many snorts and thought he was in heaven, when he was in Brady, or Abilene, or Heaven, Oklahoma, or Texas, or wherever.

Then again, I'm probably being too literal. Hinshaw seems like a decent fella. Either God recommended him to me, or he recommended me to God. In either case, it speaks well of the man.

For some reason, I've received hundreds of letters similar to this one through the years. Some were comforting, others disturbing. A few have been signed by, "The Lord." Or "God Almighty." Or "Your Creator." Or "Your Father in Heaven."

Some just weren't very positive. There were prognostications that I was "Knock, Knock, Knocking on Hell's

Door."

One lady not only predicted I was going to hell but promised she would be upstairs looking down on me and laughing.

Another woman sent me a booklet with a picture of the devil on the front. He had horns protruding from his forehead. He had a pointed tail, carried a pitchfork and had the kind of eyes your mother always told you to run from.

Occasionally I've been foolish enough to spar with these people. It always resembled a shootout in Dodge City. I was the guy wearing the black hat and sporting a pistol full of faulty information.

My weapons, I was told, were discovered while walking down paths. The wrong path, the wayward path, the path of destruction, the path of hopelessness, the path of passion, etc., etc.

On the other end of Dodge there was always a tall, right-thinking person wearing a white hat that looked a lot like Matt Dillon's. He usually packed a white King James in his holster and my trendy "Good News for Modern Man" never stood a chance.

Being the sporting type, he would wait until I made the first move.

"It is not necessarily evil to read Huckleberry Finn." I'd fire.

The right-thinking person would then blast me for God, using "Thou shalt not" cartridges.

Naturally, I never won one of those shootouts and I'm tempted to retire from the ring in one piece. You can't get any closer than heaven's door in this life, can you?

Besides, as Willard Scott, the weatherman on the "Today Show," once noted, "When you're on the backside of 40, you're too old to box with God."

Or His agents.

FIRST NATIONAL BANK

IN MUNDAY

13593

MUNDAY, TEXAS 76371

GARY W. SCHUR  
President

October 28, 1986

Dear Knox County Resident:

I am writing to you to ask that you help me save Independent Banking in Texas. You have probably seen some advertising trying to get you to vote for the Proposed Constitution Amendment #4, "Branch Banking." These ads are sponsored by the major bank holding companies headquartered mainly in Houston and Dallas. These ads tell you what great "conveniences" you will have by the passage of this amendment, but they don't tell the great adverse effects the amendment will have on you if it does pass. For instance:

### WHAT HAS BEEN THE BRANCH BANKING EXPERIENCE IN OTHER STATES?

- In North Carolina, 83 percent of the state's independent banks disappeared after branch banking went into effect.
- In South Carolina, 80 percent of independent banks disappeared.
- In Maryland, 71 percent of these banks was lost.
- In Virginia, branch banking affected 65 percent of independent banks.

Personal Banking by your local bank with your personal loan officer who knows you, your business, and your credit history in reviewing any loan application that you may have is an asset that I am sure that you do not want to lose. How would you like for that decision to be made by someone in another town who has no knowledge of you personally whatsoever?

In addition the present law requires that any branch bank of a holding company must be a completely separate bank with its own capital and operate as a completely separate bank. This branch, based on the profits and capital of that bank, pays a franchise tax to the state. A portion of that tax is rebated to the local school districts where that branch bank is located. IF THE PROPOSED CONSTITUTIONAL AMENDMENT #4 IS PASSED ALLOWING FULL BRANCH BANKING, THE BRANCH BANK OF THE HOLDING COMPANY WILL NOT HAVE TO MAINTAIN CAPITAL REQUIREMENTS AND THE FRANCHISE TAX PAID BY THAT BRANCH WILL NOT BE REBATED TO THE LOCAL SCHOOL DISTRICTS WHERE THAT BRANCH IS LOCATED. INSTEAD, IT WILL BE REBATED TO THE SCHOOL DISTRICTS WHERE THE PARENT HOLDING COMPANY IS LOCATED.

Needless to say, this will cause a sizeable loss in revenue to your school district and probably will have to be made up by increased property taxes paid by you to make up for the loss. I am pleading with you to join with me in saving Independent Banking in Texas. PLEASE, ON NOVEMBER 4th, VOTE AGAINST THE PROPOSED CONSTITUTION AMENDMENT #4 ALLOWING BRANCH BANKING IN TEXAS.

Sincerely,

*Gary W. Schur*  
Gary W. Schur, President

## New Beef Checkoff Program Meeting Successful Results

The new, federally-mandated beef checkoff program got underway October 1, and industry spokesmen are calling the first weeks exceptionally successful.

According to Anne Anderson, executive director of the Texas Beef Industry Council, response to the program has been positive. "We had mentally prepared ourselves to expect calls from some very upset cattlemen," she said, "but much to our delight -- and relief -- most of our callers (and there have been many) have had specific questions, either on the forms or a new situation that we had not previously addressed."

"In the few instances where the callers voted opposition to or frustration with the new \$1/head assessment," she added, "this reasonable opposition was expressed with typical Texas graciousness. All in all, we have experienced a very smooth beginning due to the tremendous support by Texas beef organizations."

The checkoff program, known officially as the Beef Promotion and Research Act, was created by the 1985 Farm Bill, and it requires that \$1 a head be collected from cattle producers when cattle are sold. The money is then funneled into existing state and national organizations for beef promotion and research.

Initiated by cattle industry leaders as a measure to revive their sluggish industry, the program is on a 22-month trial run. The federal order requires a referendum be held by spring 1988 for cattlemen to vote on whether or not to continue it.

The mechanics of the program are simple. When cattle are sold, the buyer must collect \$1 for each head of cattle from the seller, unless the seller verifies he has owned the cattle for less than ten days. In that instance, primarily occurring when order buyers are involved, the buyer collects a non-producer status form from the seller. At the end of the month, the buyer totals the checkoff dollars and non-producer forms and enters them on a monthly report form. The monthly form, money and non-producer forms are then forwarded to the beef industry council in the buyer's state of residence.

Anderson noted that a "concerted effort has been made to keep paperwork at a minimum. We do not want the industry flooded with unnecessary forms and bookkeeping. We have also tried to make the forms and information accessible to everyone," she commented. County extension agents and Farm Bureau offices can provide the monthly report and non-producer forms, or cattlemen can call our office and request them."

She also pointed out that the law stipulates refunds be made available to producers not wanting to pay the checkoff. "They still must pay the assessment when they sell cattle," she said, "but they must apply for a refund within 60 days afterwards from their state beef councils."

Penalties for non-compliance with the program are stringent. Fines of up to \$5000 can be levied or restraining orders filed in federal district court.

The program is being administered at the national level by the Cattlemen's Beef Promotion and

Research Board, created by the federal order. The 113 board members were nominated by certified cattlemen's associations and farm organizations and then selected by the Secretary of Agriculture. Each state with over 500,000 head of cattle was guaranteed at least one slot on the board; Texas has fourteen, and one of its members serves as the board's vice chairman.

"We are very pleased with our representation on the board," says Anderson. "Since Texas produces more cattle than any other state, it is important that we have a strong voice in how the checkoff funds are used."

After the state organization collects the checkoff funds, the federal law requires that at least 50 cents of every dollar be sent to the national board for nationwide promotion efforts. The remaining 50 cents can be credited to the state's own beef council to use for in-state programs and to help provide additional funds to the national effort. As a result, more than half of all funds are being directed to national programs.

Texas sends approximately 92 cents of every dollar to the Board and the Beef Industry Council. Of the eight cents remaining in state, six cents is budgeted for industry feedback and two cents for administration.

"We anticipate that over \$60 million will be raised this year through the national program," John Shelton remarked. "That compares to \$18.5 million raised last year from the individual checkoff programs in each state." With substantially more dollars to invest in promotion, the industry expects to pack more marketing punch than ever before. "We ought to be able to spend roughly the same on marketing our product as do such visible companies as Crest, Michelob, Federal Express and MCI," Shelton claimed.

Their marketing effort gets underway on January 15, 1987, when the BIC will begin a national advertising program for network television, radio, and national magazines. It will also allocate funds to educate health professionals and consumers, produce school educational packets, stimulate foreign markets and continue to provide nutritional information for supermarket meat counters.

Some of the issues targeted for research are product and packaging improvement, new product development, nutrition, food safety and consumer attitudes.

According to Anderson, the checkoff program has received broad support from the cattle industry. Citing a 1985 survey, she noted that over three-quarters of the cattlemen interviewed claimed a checkoff was an important investment to their business, and more than two-thirds were willing to invest a dollar or more per head.

"Beef consumption has declined more than 16 percent in the last ten years, and much of that is because consumers are misinformed about beef's nutritional value and its safety," says Anderson. "Cattlemen know that and they want to do something about it."

For more information contact the Texas Beef Industry Council, 6504 Bridepoint Parkway, Suite 400, Austin, Texas 78730, 512-345-3531.

## How To Be A Smart Consumer Before Making A Purchase

- \*Analyze what you need and what features are important to you.
  - \*Compare brands. Utilize word-of-mouth recommendations and formal product comparison reports.
  - \*Compare stores. Look for a store with a good reputation and take advantage of sales.
  - \*Check for any additional charges, such as delivery and service costs.
  - \*Compare warranties.
  - \*Read terms of contracts carefully.
  - \*Check the return or exchange policy.
- ## After Your Purchase
- \*Follow proper use and care instructions for products.
  - \*Read and understand the warranty provisions. Keep in mind that you may have additional warranty rights in your state. Check with your state consumer office to find out. You may do this by contacting: Maria Luisa Mercado, Assistant At-

torney General, Consumer Protection Division, Office of Attorney General, 806 Broadway, Suite 312, Lubbock, Texas 79401. Phone 806-747-5238.

\*If trouble develops, report the problem as soon as possible. Do not try to fix the problem yourself as this may void the warranty.

\*Keep a record of efforts to have your problems remedied. This record should include names of people you speak to, times, dates and other relevant information.

## Removing Tinted Window Film

Removing unwanted sun-control or tinted window film can be a problem because the adhesive bond makes it difficult to pull or scrape off. One way to remove the film is to soak newspapers in water until they are saturated. Spread the wet newspapers over the window on the side that has the film. Once the water from the newspaper has been absorbed by the film, you should be able to peel it off the window.

## Family Gathering Held At Rhineland

The annual Moore family reunion was held Saturday and Sunday, October 25 and 26, at the Columbus Club Hall in Rhineland. Sixty family members registered. Entertainment included bingo games, a family auction and a nostalgic look back at past family happenings.

Attending from Munday were Opal Brewer, A.M. (Slick) Moore, Maynard, Carolyn, Chris and Cory Moore, Bertha Moore, Ray, Diane and Mandi Moore, Lois and Karen Beaty, Bob, Bernadette and Kayla Moore, Arleda and Jeff Decker and Earlene and Perry Kuehler.

Others were Robyn, Jessica and Chad May, Gainesville; J.A. and Chaney Brewer, Buhl, Idaho; Jim and Charmin Graffee, Mount Home, Idaho; W.G. and Lee May, Rule; Danny, Sharon and Phillip Wainscott, Greg and Jean Carol Kuehler and Allen and Kenny Moore, all of Knox City; Lyndon, Beverly, Shawnda and Kendall Moore, Abilene.

Also, Wayne, Britta and Tiffany Bradford and Ramie Lee Fraizer, Haskell; Boyd and Clorene Moore and Derek, Barbara and Cory Big-ham, Pampa; Don and Linda Big-ham, Portales, New Mexico; Lucy Tankersley, Cornelius, Oregon; Scott Tankersley, Darlene Harris, Darla Fran Tankersley and Beverly Tankersley, North Plains, Oregon; Bob Brewer, Fort Worth; Bill Bob Farmer, Dallas; Winston May and Annette Stubblefield, Hurst; and Kelly and Brad Stubblefield, Denton.

## Munday Residents' Kin Buried In Olney

William A. Reddell, 72, of Houston, a native of this area and relative of some Munday residents, died Thursday, October 23, in Houston. Services were at 2 p.m. Sunday, October 26, at Lunn Funeral Home in Olney with Rev. Sam Newell of Houston officiating. Burial was in Restland Cemetery in Olney.

He was born July 20, 1914, in Weinert, and married Louise Riley August 20, 1939, in Fort Stockton. A retired machinist, he had resided in Houston 20 years and was a member of the Assembly of God Church.

Survivors include his wife; a son, James of Pasadena; a daughter, Ruby Hampton of Houston; his father, L.A. Reddell of Munday; two sisters, Irene Sexton of Palacios and Dorothy Reddell of Munday; five grandchildren and three great-grandchildren.

## September DPS Accident Statistics

No fatal accidents were investigated during the month of September by Department of Public Safety troopers stationed in Knox County, according to statistics released by the Lubbock Highway Patrol District. Only two accidents involving property damage were handled, and none were investigated that involved personal injuries.

In the district, four fatal accidents, 62 involving injuries and 65 involving property damage were investigated.

## Letter To The Editor

I wish to express my appreciation to the many people in our area who have helped our Knox County Hospital through the years. These include those who have supported it with tax money of course. I have told the members of the Hospital Board that I appreciate their efforts. This is my effort to reach past members who have ably served us. The present difficulties are not the fault of any one person but are the result of many problems.

Having spent the best working years of my life in public service as a teacher and school and college librarian, I know that the general public is totally unaware of the many problems that beset our public institutions. I can relate some stories of my own and I am sure that the hospital board has many tales that they can tell. I have heard some of them and they are not pretty, as the saying goes.

Also I wish, while I am doing this, to thank those countless people who have served us, doctors, nurses, staff, pastors who have served as chaplains and stood by the sick ones and their families, the Auxiliary (Pink Ladies) who have served as volunteers and through the Thrift Shop have donated thousands of dollars for hospital equipment. Ambulance personnel, too, have the gratitude of many people.

To Dr. T.S. Edwards, who began his practice in the county in 1910, to Dr. Newton Neufeld, who ministers to my needs today, and to many in between, I am profoundly grateful. The games of these men are engraved on our lives and I cannot here mention all of them but I do wish to recall Dr. Chase Eiland who saved the life of a member of my family and Dr. Patrick Hooker who was my physician after Dr. R.G. Howell had to leave. I am grateful to Callie Ann Combs and others who brought Dr. Hooker to our county and only regret that he could not stay.

I feel indebted to many people in the Munday area for their help through the years. The devastating tornado in 1953 left destruction in Knox City and other nearby areas. The Knox City Hospital was hard hit. Neighbors came to help and many of us remember that several couples (husbands and wives) came from Munday to help clear the building and to aid in any way that they could. We have not forgotten this, those of us who lived through that traumatic time.

My family has been here for over eighty years, and the fifth generation is now contributing to arming and ranching on Knox Prairie. Our taxes have not always been easy to pay but we have kept the faith and are proud to have been a part of Knox County, Texas, U.S.A. I personally am pleased that there is a City-County Library and that the county is contributing to its maintenance. I worked for a county library thirty-five years ago but it took the people in Munday to bring it about. Many of my friends are using it and it has been a pleasure to me to refer them to it.

I pledge my taxes, as recently assessed, to the paying of our hospital debt. I appreciate the offer of other hospitals in our area of their facilities, but I sincerely hope that our own hospital will soon be back in full operation.

So thank you all out there who have helped in any way. Let us forget any animosity and work together for an even better tomorrow.

Most sincerely,  
Gretchen Howell Colehour

Mr. and Mrs. Lonnie Offutt, Mr. and Mrs. Dan Offutt, April and Angie, and Dent of North Texas State University attended homecoming at ACU on Saturday, October 25. They were met there by Mr. and Mrs. George Offutt and Brian of Clarksville, and Brad of ACU, Dr. and Mrs. Frank Eggleston of Houston, and Camille of Texas A&M, for lunch and the ballgame.

## Mrs. Perdue Dies At Nursing Center

Lola Lavera Perdue, 85, a long-time area resident, died Sunday, October 26, at the Munday Nursing Center, where she resided. Funeral services were at 2 p.m. Tuesday, October 28, at the First United Methodist Church in Goree with Rev. Russell Byard, pastor, officiating. Burial was in the Goree Cemetery under the direction of McCauley-Smith Funeral Home of Munday.

Serving as pallbearers were Leo Koenig, W.O. Loving, Dean Loving, Gaylon Chamberlain, Dolan Moore and Harold Jones. She was born April 12, 1901, in Desdemona and had lived in Knox County 67 years. A member of the First United Methodist Church in Goree, she married Jodie Judis Perdue May 17, 1919, in DeLeon, and he preceded her in death April 28, 1959. She was also preceded in death by a daughter, Eva Ray Estes, on November 27, 1985.

Survivors include a daughter, Wilma Butler of Wichita Falls; three sisters, Alma Claburn of Wichita Falls and Bobbie O'Neal and Essie Mae Moore, both of Seymour; three brothers, Jack Moore of Holliday and Johnny Moore and Billy Moore, both of Goree; four grandchildren, JoAnn Marr of Munday, Dick Butler of Arlington, Donnie Estes of Goree and Barbara Stouder of Wichita Falls; four great-grandchildren, Shelli Estes Hosea, Traci Butler Blair, Sheila Estes and Jason Stouder; and two great-great-grandchildren, Sarah Hosea and Anthony Blair.

Visiting the past two weeks with Mrs. W.M. Taylor have been Mr. and Mrs. Lucian Madole and J.P. Madole of Beaumont.

To display children's artwork without ruining walls with tape or tacks, hang a fishnet on a wall and hold pictures to it with clothespins.

## ★ VERA HAPPENINGS ★

By Mrs. Thelma Coulston

Mr. and Mrs. Clyde Beck and Mrs. Ricky Busby and Brooke were in Wichita Falls recently, where Aleitha, Myra and Brooke attended a shower for little Christopher Marek in the home of Mrs. Rexine Hardin.

Mrs. Goldie Brown visited her sister, Mrs. Opal Draper and son in Dallas last week. She also visited her niece, Mr. and Mrs. Marvin Armstrong and family.

Mrs. Ruth Hammons and Mrs. Estelle Rhinehart visited in Haskell last Wednesday.

Mrs. Dale Redding visited Mrs. Larry Gansel in Midland several days last week.

## Munday Woman In MSU Honor Society

A Munday High School graduate was among 33 of the top students at Midwestern State University in Wichita Falls who were honored Sunday, October 19.

Kristi Lynne Smith was inducted into Alpha Chi, Midwestern's top academic honor society. Alpha Chi is composed of the top ten percent of MSU's junior and senior classes. Membership requires a 3.6 grade point average on at least 75 academic hours.

Dr. Jeff Campbell, faculty sponsor, conducted the induction ceremonies, assisted by assistant sponsors and officers of the society.

Miss Smith, the daughter of Mr. and Mrs. Richie Smith of Munday, is a senior elementary education major who recently completed her student teaching in preparation for receiving her diploma.

## Longtime Members Of Mothers' Society Honored With Mass

St. Anne's Christian Mothers' Society of St. Joseph's parish recently conducted a membership drive which resulted in 12 new members being inducted into the organization after a special Mass for the living members on Sunday, October 5. After the mass, a breakfast was held at the Columbus Club Hall.

During the breakfast, certificates of honor were presented to 40 members who had accumulated 30 years or more of dedicated service to the society. Special recognition went to Annie Jungman for her 70 years of unselfish devotion.

Others receiving certificates and the number of years they have been involved in the society were Theresa Claus and Mary Redder, 64; Mary Hertel, 63; Rosina Bellinghausen, 62; Lillie Carnahan, 60; Anna Loran and Anna Urbanczyk, 59; Theresa Albus, Fidelia Moylette and Mary Zeissel, 58; Mary Brown, 57; Bertha Moore, 51; Loretta Albus, Clara Herring and Leona Michels, 50.

Also, Mina Fetsch, 48; Irma Albus and Emma Fetsch, 46; Genevieve Kuehler, 45; Alice Reneau and Lillian Rae Verhalen, 42; Theresa Bruggeman and Ellen Kuehler, 41; Mary Edrington, 40; Mary Kuehler, 39; Rosemary Bellinghausen, Geneva Fetsch and Ethel Birkenfeld, 38; Bertha Wilde, 36; Magdalen Michalik, Vlasta Orsak and Betsy Zeissel, 34; Margaret Urbanczyk, 33; Georgeen Meadors and Dot Myers, 32; and Nell Grisham, Dorothy Herring, Maxine Wilde and Jeanette Zeissel, 30.

Current officers of the society are Mary Birkenfeld, president; Betty Kuehler, vice-president; Valera Hertel, secretary; and Annette Welch, treasurer.

## Goree Sophomores Selling Gift Wrap

The sophomore class at Goree High School is selling Christmas wrapping paper as a fund-raising project. A large assortment of paper, ribbon, yarn, and non-crush butterfly bows is available.

Anyone interested in purchasing any of the items should contact Don Patterson at 422-5171, Sherry Hutchens at 422-5508, Amy Greenwood at 422-5113, Gina Harris at 422-5319 or Maricelda Nava at 422-5244, all after 4 p.m.

**THE FRESHMAN CLASS** at Panhandle State University in Goodwell, Oklahoma recently elected class officers. From left are Randy Boutwell of Wichita Falls, president; Janice Mussman of Guymon, Oklahoma and Ned Davenport of Breckenridge, Student Senate representatives; and Jerry Shields of Munday, vice-president. Jerry, a 1986 graduate of Munday High School, is the son of Mr. and Mrs. Ira Shields of Munday. He is attending college on a track scholarship.

## Workers At Nursing Center Earn Awards

Munday Nursing Center employees met Wednesday night, October 15, for a covered dish supper to recognize long-time workers.

Nursing center administrator Joyce Hardin presented a 15-year service pin to Martha Nell Franklin, food service supervisor. Ten-year pins went to Lois Beaty and Mag Michalik, LVN's, and to Willie

Allen and Annie Floyd of the kitchen staff. Aide Ann Moore received a five-year service pin.

Mrs. Hardin thanked each of the employees for their dedicated service to running the center efficiently and to making each resident as happy and comfortable as possible.

## ★ TRUSCOTT—GILLILAND NEWS ★

By Mrs. Clara Brown

The past week was mostly dry, although rain on Tuesday kept fields wet. This week, Sunday and Monday have started the week off with sunshine, fair weather, and smiles. The nippy weather of late is fast giving the trees and brush along the creeks a true autumn look.

It's time for the Gilliland Jamboree again. Everyone who likes country music is invited to the jamboree at the Gilliland Community Center, Saturday, November 1. Music making starts at 6:30.

Tom Ed Smith, a former Truscott resident and brother of the late J.D. Smith, was visiting in Truscott, October 25.

Newell and June Looney spent four days recently baby sitting in New Braunfels with grandchildren Allison, 4 and Ryan, 2, while the children's parents, Nancy and Bobby Becker, took a short trip.

It is Halloween carnival time again and many from Gilliland and Truscott will attend the annual Benjamin carnival Saturday, November 1 at 6:30 p.m. Crowell got off to an early start last week, holding their carnival on October 25.

Ila Mae Bullion and her Lubbock cousin went tree climbing last week, family tree climbing. They attended a McClanahan reunion near Graham and then went on to Palestine to do some record searching.

Mrs. Jessie Cook is in the Haskell hospital, reports her daughter, Valoice, who says she and Glen have made several trips there lately.

Rain has damaged local cotton, but the extent won't be known for a while yet. Rains have also done ex-

tensive damage to private and county roads in several places. Everything is so full of water that a heavy dew will almost cause the ditches to run.

Lee Looney was in Denton on business last week. His wife, Kay, met him there on Thursday and they went on to Stephenville to see her son, Roy, play in Stephenville's Friday night game. Stephenville won the game against Crowley, helped along by Kay's son, who played running back and in this game made over 1,000 yards for the year.

J.H. Gillespie of Crowell and Bob and Kileen Gillespie of Quanah visited the Jack Browns at Truscott Sunday.

Truscott and Gilliland residents are wondering about future medical services. With Knox City, Crowell and Quanah hospitals all having problems the people of the Wichita Divide could soon be 40-70 miles from any hospital service if problems aren't worked out.

The September copy of the Texas Parks and Wildlife Magazine has a cover photograph of a coyote taken by Wyman P. Meinzer of Benjamin. Inside there are eight pages of photographs and information about the Texas Badlands, the country between the Brazos and Wichita from Guthrie to Vera. Wyman's photographs are often spectacular, but the article he wrote matches the pictures.

### Johnson Services Held Here Thursday

Albert Leon Johnson, 79, father of a Munday resident, died Tuesday, October 21, at his home in Stamford. Services were at 3 p.m. Thursday, October 23, at the Munday Church of Christ with Ray Hunter, minister, officiating. Burial was in Johnson Memorial Cemetery under the direction of McCauley-Smith Funeral Home.

Grandsons served as pallbearers. Johnson was born September 28, 1907, in Fannin County and married Dessie Phillips October 14, 1934, in Seymour. A retired lint room operator in a cotton seed mill, he was a member of the Oliver Street Church of Christ and had lived in Stamford since 1964.

Survivors include his wife; a son, Phillip Leon Johnson of Munday; two daughters, Janice New of Orange Grove and Joyce Watts of Hamlin; nine grandchildren and four great-grandchildren.

### Munday Garden Club To Meet November 4

The Munday Garden Club will meet at 2 p.m. next Tuesday, November 4, in the home of Mrs. Norene Hawkins. The program will be given by Paul Richwine.

All members are urged to bring extra plants, seeds or bulbs to exchange.

**C.T. GRAY AND FRIEND:** Mr. Gray is justifiably proud of this sweet potato, which weighs in at five pounds on the money. He said he couldn't find any seed potatoes to plant, so he bought potatoes and cut and planted slips from them. And what results he has had! After no fertilizer, no water, nothing but "Mother Nature, I guess!" the Grays think they will harvest about 300 pounds of potatoes on the old Frank Adams homestead at 221 S. 12th Avenue. Several others in the crop weighed 4½ pounds. The vegetables are delicious, too, Mr. Gray attests, and the neighbors who have benefitted from this remarkable crop will no doubt agree with that.

### Preserve Garden Vegetables Before Winter Claims Them

You can beat Mother Nature to the punch by freezing the peppers, onions and tomatoes in your garden before the first frost damages them.

"Produce which is slightly frost damaged can be salvaged, but the quality will be better if you process them before the tender plant tissues are frozen," says Marilyn Haggard, a Texas A&M University Agricultural Extension Service specialist.

She points out that peppers and onions are the easiest to process because they don't have to be blanched, and can be frozen using the following simple procedure:

\*Wash peppers and remove the membrane and seeds, then dice or slice as you would if preparing them for casseroles or soups.

\*Freeze in a single layer on a baking sheet.

\*When frozen solid, place in moisture-vapor resistant packaging such as freezer bags, rigid containers or glass jars with airtight seals. Onions are best stored in glass containers because their odor easily transfers to other foods in the freezer and is difficult to remove from plastic containers.

The specialist says that Anaheim peppers, often used for chiles rellenos, can also be frozen for later use if the skin is removed first.

Haggard advises removing the skin by blistering over a gas flame, roasting in a very hot oven or heating in a small amount of oil in a very hot skillet. Then remove the stems and seeds along with the skin.

Flatten each pepper to remove air and place in moisture-vapor resistant packaging. Wax paper, freezer paper or plastic wrap placed between peppers before freezing will make them easier to handle when thawing, she adds.

When the first killing frost of winter approaches and you still have green tomatoes on the vine, Haggard suggests testing them for maturity.

Cut a couple of tomatoes that you

aren't certain will ripen. If the knife cuts through the seeds, the tomato is not mature and will not ripen. Use these tomatoes for relish or green tomato pickles.

If the seeds move away from the knife and are not cut, the tomato is mature and will ripen indoors. The mature tomatoes can be made into tomato sauce or picante sauce or frozen for later use.

Mr. and Mrs. Roger Juno spent several days last week with her grandparents, the Cotton Smiths and the Spike Bryans.

"Be nice to people on your way up because you may meet them on your way down." Fred Moore

## ★ BENJAMIN NEWS ★

By Mrs. Gladene Green

### FIRE DEPARTMENT SPOOK HOUSE

The Benjamin Volunteer Fire Department will again sponsor a Spook House during this Halloween. They have been working very hard getting it ready and sounds like it's going to be another good one. They have added some things since last year.

The Spook House will be open Thursday night, October 30, beginning at 8 p.m. and going until the crowd quits coming. Then on Saturday night, November 1, from 9 p.m. until the crowd quits. Admission will be \$2 per person and everyone is invited to come and enjoy it and at the same time support our volunteer fire department.

Kiddoes will be trick or treating this weekend so be watching out for them if you are in a car. They won't be watching too closely as their minds will be elsewhere.

### HERE AND THERE

Bud, Debbie and Michael Clower were in Abilene this past weekend for the ACU Homecoming.

Louise Hertel underwent surgery last Tuesday in a Lubbock Hospital.

She returned home Wednesday and is doing fine.

Don and Virginia Griffith were in Lubbock last Tuesday for medical checkups.

Ken, Gaye and Mark Roberts of Hereford were weekend guests of her mother, Clodell Duke, and their Roberts relatives.

Visiting Mr. and Mrs. Herby Peek last Wednesday were his sister, Kate Brown of Lubbock, and her son and wife, Mr. and Mrs. Joe Brown of Papillion, Nebraska.

# Area Teams In Action While Moguls Rest

## ASPERMONT DOWNS ROBY

Capitalizing on an early fumble, the Aspermont Hornets kept their district slate clean with a 7-0 win over the Roby Lions. The Hornets, who will be in Munday this week for a game with the Moguls, are 6-2 this season and 2-0 in district to tie with Munday. Roby is 2-5 on the year and 1-1 in district.

The Lions fumbled on their own 37-yard line during the first series of downs. When Aspermont's offense took over, Tim Meador promptly carried the ball those 37 yards to paydirt. The score came with only a minute elapsed in the game, and the defenses reigned for the remainder.

Tyrone Johns carried 19 times for 93 yards for Aspermont, and Meador added 92 yards on 20 carries. The Hornets racked up 13 first downs and 247 yards total offense, while holding Roby to 5 first downs and 85 offensive yards. The Lions also lost two fumbles.

## ROTAN LOSES FOURTH STRAIGHT

In another close District 5-A game Friday night, Roscoe finally got its offense going in the fourth quarter to defeat Rotan 16-0. The surprising Yellowhammers, after winning their first four games of the season, have now lost four games, including their three district contests. The Plowboys have a 3-5 record for the season and are 1-2 in district play.

The first three quarters of the game were scoreless before Danny and Sammy Herrera ran for touchdowns late in the game to give Roscoe the edge. The Plowboys had ten first downs and 235 yards of offense compared to six first downs and 158 yards for Rotan.

## HOUNDS SMOTHER CHILLICOTHE

Despite Michael McKnight's 201 yards for Chillicothe, the Knox City Greyhounds exploded for 28 first-quarter points and went on to completely obliterate the Eagles 78-12 in a District 5-A north zone contest. Knox City is 5-3 in 1986 and 2-1 in district play, while the Eagles are 5-3 overall and 1-2 in district.

Shane Lewis got things started for the Greyhounds, gathering in a 21-yard touchdown pass from David Gonzales early in the game. Chillicothe bounced back on McKnight's 34th touchdown of the year. Then Gonzales took it in on a one-yard quarterback sneak, and the Hounds never looked back.

Lewis added two more tallies on a pass from Richie Saxton and a 53-yard run, Anthony Oudems scored on a 50-yard interception return and also kicked eight extra points, and Anthony McCrary picked up three

touchdowns on runs of 30, 44 and 20 yards. Other Greyhound scores were contributed by Brian Correll and Trent Driver.

McKnight finally scored again for Chillicothe in the waning moments of the game. He is the state's leading rusher in all classifications with over 2,000 yards and 35 touchdowns.

## STAMFORD RUSHES PAST HASKELL

Bulldog Isaac Cooper, a 250-pound senior fullback, scored four touchdowns Friday night to lead his team to a 33-13 victory over the Haskell Indians in District 7-2A action. Both teams now own 2-5-1 records overall but Stamford is 1-1-1 in district and Haskell falls to 1-2.

Cooper put Stamford on the scoreboard with touchdowns in the first and second quarters before Haskell's Joel Torres scored after halftime on a 97-yard punt return. But the Bulldogs reeled off three successive scores, two by Cooper and one on a 19-yard pass from Bobby Alvarez to Jeff Gilbreath, to

put the game out of reach. Patrick Perez connected with Ponciano Lopez for Haskell's final score in the last quarter.

## SEYMOUR RALLIES TO OVERCOME ELECTRA

The Seymour Panthers rallied in the second half to notch a come-from-behind 38-14 victory over the Electra Tigers in the competitive District 9-2A Friday night. Seymour, ranked ninth in the state, is 6-2 and 2-1 this year, and the Tigers own an identical record.

The first quarter was no indication of the final outcome. Electra, guided by senior quarterback Rodney Bell, moved the ball at will against the Panther defense. Bell completed seven of his first eight passes for 96 yards and one touchdown as the teams traded scores in the first quarter. Grant Johnson ran it in from the one for Electra, and Joe Pribyla caught a 25-yard pass from Cornelius Hardamon for Seymour. Bell's pass to Mark Graves was good for four yards and another score, but then the Seymour defense tightened the hatches and turned the game around.

Mark Peters capped a 92-yard drive composed of 11 running plays with a ten-yard touchdown just before half, then ran for 151 yards in the third quarter as the Panthers took the momentum. Peters scored twice more in the second half and Chris Hardemon and Chris Beamon added touchdowns for the Panthers. The Seymour defense held Bell to only two pass completions and the Tigers could only manage one first down in the second half.

## ALSO OF INTEREST...

The Goree Wildcats defeated Benjamin 58-44 in six-man play, and Rochester beat Weinert 24-8 in further six-man action. Also in six-man, Rule forfeited its game with Newcastle because of injuries. In Class A games, Throckmorton beat Bryson 53-0, Bronte shut out Miles 38-0, Valley downed Paducah 17-0 for its seventh win of the season, number one Valley View beat Muenster 20-7 and number three Axtell upset second-ranked Meridian 29-20. In Class AA, Anson edged Hamlin 17-15 and Goldthwaite kept its record unblemished with a 27-7 win over Winters.

## Seventh Graders Win First Contest

Munday and Knox City teams split a pair of games played Thursday, October 23, on the local football field. Munday's seventh grade team won 14-0, then the Mogul junior varsity was defeated 12-6. Knox City cancelled the eighth grade game.

Gene Shields scored twice for the seventh grade Braves as they notched their first win of the season. Mattias Nunez scored a two-point conversion on the veer offense. These young men took advantage of a break in their schedule and learned how to put everything together to win a game. Coaches said they played a good game, showing aggressiveness in their blocking and tackling, and enjoyed themselves on a muddy field.

Kent Sanders scored on a pass from Chad Bordovsky to account for the Moguls' only points in the JV game. Knox City scored on both their passing and running offenses. Coach Ron Steele said the junior varsity is still missing the services of at least one key player because of injuries, and this was Chad Bordovsky's first game back in the quarterback slot after a long recovery period.

"We played a good game, looking tougher than we did the first time we played Knox City," Coach Steele commented. "We had a chance to score and get back in the game but our passes just couldn't seem to find their mark."

Only one game is scheduled for this Thursday, October 30, with a combined seventh and eighth grade team to take on the Aspermont junior high at 5:30 p.m. in Aspermont. Parents and other fans are urged to attend.

## Letter To The Editor

## Convenience Banking?

What's So Convenient About:

- PAYING** higher interest on your loans?
- EARNING LESS** interest on your savings?
- PAYING HIGHER** service costs at banks?
- LOSING** local control over banking?
- SACRIFICING** service to the big banks' benefit?

**YOU WILL HEAR A LOT FROM THE SO-CALLED CONVENIENCE BANKERS ABOUT PROPOSITION FOUR BUT YOU PROBABLY WILL NOT HEAR THIS:**

The big banks of Texas hope to create a bank monopoly at your expense. Proposition Four has disguised branch banking as "full service banking". Whatever they call it - Branch Banking is a bad idea for Texas, and Texans will end up footing the bill for the big Texas bank holding companies to get bigger.

You especially don't want this to happen now since the Texas Legislature just passed a law permitting the large banks of New York City to purchase some or all of the large Texas bank holding companies. Not only can this legally happen now, but is almost certain to take place in the immediate future.

For all these years, Texans have never wanted or allowed the big banks of New York City to own and control the Texas Banking Industry. We are sure that this position by the people of Texas still has never changed.

Protect Your Interests And Your Pocketbook On Nov. 4.

# VOTE NO ON PROPOSITION FOUR.

Paid for by Independent Bankers for Texas, P.O. Drawer B, Fredricksburg, Texas 78624, Randy Lofstete, Treasurer

## VOTE FOR BILL CLEMENTS FOR GOVERNOR IN THE TUESDAY NOVEMBER 4th, GENERAL ELECTION

### A PROVEN RECORD PROVEN EXPERIENCE

Think for a moment about Bill Clements' record of achievement as Governor.

- Helped Create 946,300 New Jobs And 160,000 New Businesses
- No New Taxes
- Reduced State Bureaucracy
- Left A Billion Surplus In The State Treasury
- Passed A "Back To Basics" Law
- Raised Teacher Pay 49%
- Launched "Texans' War On Drugs"

## Now Look At Mark White's Broken Promises And Failed Performance.

- Broke His Promise To Cut Your Utility Bills
- Didn't Keep His Word: Gave Texans A Record \$4.8 Billion Tax Bill
- Raised College Tuition 300%
- Texas' Business Climate Is Now #18, Down From #1 Under Governor Clements
- 740,000 Texans Are Out Of Work

There's A Clear, Sharp Difference Between Mark White And Bill Clements. Texas Needs Bill Clements Back As Governor To Hold The Line On Spending And Taxes And To Get Our State Moving Again.

## Bill Clements for Governor

Vote For Bill Clements In The November 4th General Election.

Paid for by the "Re-elect Bill Clements Committee", Bob Perry Treasurer

Your District 78 State Representative Steve Carriker and Family thank you for your continued support and remind you to ...

From there they journeyed on to Phoenix, Arizona to visit Marie and Ella's brother, Bert Wardlaw and family.

**IMPLANTING STOCKER CATTLE**  
Implanting stocker cattle does not seem to be a questioned practice in Knox County anymore. In a recent survey 85% of the producers

### Windbreaks Have Many Uses On Farm

Windbreaks have many uses when planted around the farm or ranch. A windbreak can be a strip or a belt of trees or shrubs around a house, livestock facilities, orchard, or field. It will reduce blowing of soil, control snow drift, conserve moisture, protect crops, and benefit livestock. A windbreak around a homestead can add to the value of the property in several ways. Trees planted in rows not only beautify the homestead, but also can save money on heating and even cooling bills. This is done by stopping wind in the winter and by providing shade in the summer months.

When a windbreak is used around a field border, it reduces wind erosion and damage to growing crops. As the windbreak is protecting crops it is also providing food and cover to many species of wildlife. Around livestock facilities, the windbreak breaks the wind in winter and provides needed shade in the summer.

When planning a windbreak, there are many options to be considered. Species of trees and shrubs that are adapted to the site, soil type and climate are of prime concern. Number of rows, distance between rows, methods of planting, water and maintenance are also very important. When wildlife and aesthetics are involved, ornamentals that increase beauty and species that most benefit wildlife should be considered.

For more information on planning a windbreak and on the tree sales, contact the Wichita-Brazos Soil and Water Conservation District or the Soil Conservation Service at Knox City. \*\*\*\*\*

responding said they routinely implant their stocker cattle.

The main question coming from producers is, are all implants alike? Implants used are often chosen based on ease of use, purchase price per head and past experiences. A question that still arises is which implant will give the best return on money invested, or at today's prices should the money be invested on implants?

Those are some of the questions that Donnie Ryder and Jack Whitten of the R and W Cattle Company, formerly Beavers Mulky Ranch, will be evaluating this fall. They will be conducting an implant demonstration using 160 steers weighing approximately 400 pounds.

The demonstration will include Compudose R, Ralgro R and Steeroid R. Each type of implant will be used on 40 steers. There will also be a group of 40 steers that are not implanted. All of the 160 animals will be run together on the same wheat pasture. Beginning and ending weights will be taken for each treatment group.

Ryder and Whitten invite any interested producers out to the ranch on the day the cattle are implanted. The date will be announced as soon as possible.

Field representatives from each of the companies will be on hand the day the cattle are implanted. Dr. Nelson Adams, Extension livestock specialist, will also be helping to set up the demonstration and analyze the results.
