NINE-YEAR-OLD Amanda Gulley is holding a 12-inch mushroom dug from the back yard of her grandmother, Mrs. Elaine Gulley. The odd plant was growing in a patch of flowers, and had flowers sticking up through it. Mrs. Gulley has no idea how the plant grew in her yard, and said at first she thought someone had planted a melon vine there.

Boulter Addresses County Residents

A group of more than 40 county residents heard freshman Congressman Beau Boulter outline his "back to basics" political philosophy at a reception held Monday afternoon at the Community Center. Representatives from Munday, Goree, Knox City, Benjamin and Truscott attended the gathering, and members of county and city government groups were on hand.

With Boulter were his wife, Rosemary, and Sharon Burks of his Wichita Falls office. A special guest at the reception was Dr. O.J. Eigsti of Goshen, Indiana, the scientist who perfected the locally popular seedless watermelon. Samples of this melon were served with iced tea;

the melons being furnished by Donald Johnson, who won sweepstakes honors and first prize in seedless melons at a recent Wichita Falls melon show.

The Munday Chamber of Commerce and Agriculture sponsored the reception at the instigation of Mrs. Clara Brown of Truscott, county Republican party chairman.

Boulter greeted approximately 50 persons during the reception then spoke to several on issues about which he is concerned, including taxes and balancing the federal budget. Questions concerning possible cuts in small rural post offices and the ever-increasing farm crisis were posed by members of the audience.

Dove Hunters Must Get License For 1985 Season

Hunters in Knox County and elsewhere in Texas will note one important change in hunting and fishing laws this year. In the past, a hunter did not have to possess a license to hunt in the county of his residence, and the same rule applied to fishermen. This has now changed, and persons fishing or hunting in any Texas county must have a license, whether they live in that county or not.

The only time persons can hunt without a license is when they are on the land on which they reside. In other words, if you live on your land, you can hunt on it. But if you own land but live elsewhere, you must have a license to hunt on that land.

This law will be in effect for the 1985 mourning dove season, which begins in the North Zone on Sunday, September 1. The season continues through November 9, with hunting hours remaining constant, from one half hour before sunrise until sunset.

The 12-bird bag limit is still in effect, with a possession limit of 24. Persons exceeding these limits can be fined, as can those who hunt without the proper license. Exceptions to this rule are hunters over 65 or under 17 years of age; they do not have to show licenses.

Knox County Game Warden Vic Lowry says he has not seen many doves in his forays through the county. "They are real spotted," he commented. "Most of the birds I've seen are in flocks of 50 or 100,

migrating. We've got more maize than in several years, so there is plenty of forage, we just don't seem to be getting the birds."

Lowry blames the all-day hunting for this lack of doves. "Too many hunters are staying out there all day, shooting as many as they can. It's just wiping out our dove population," he said.

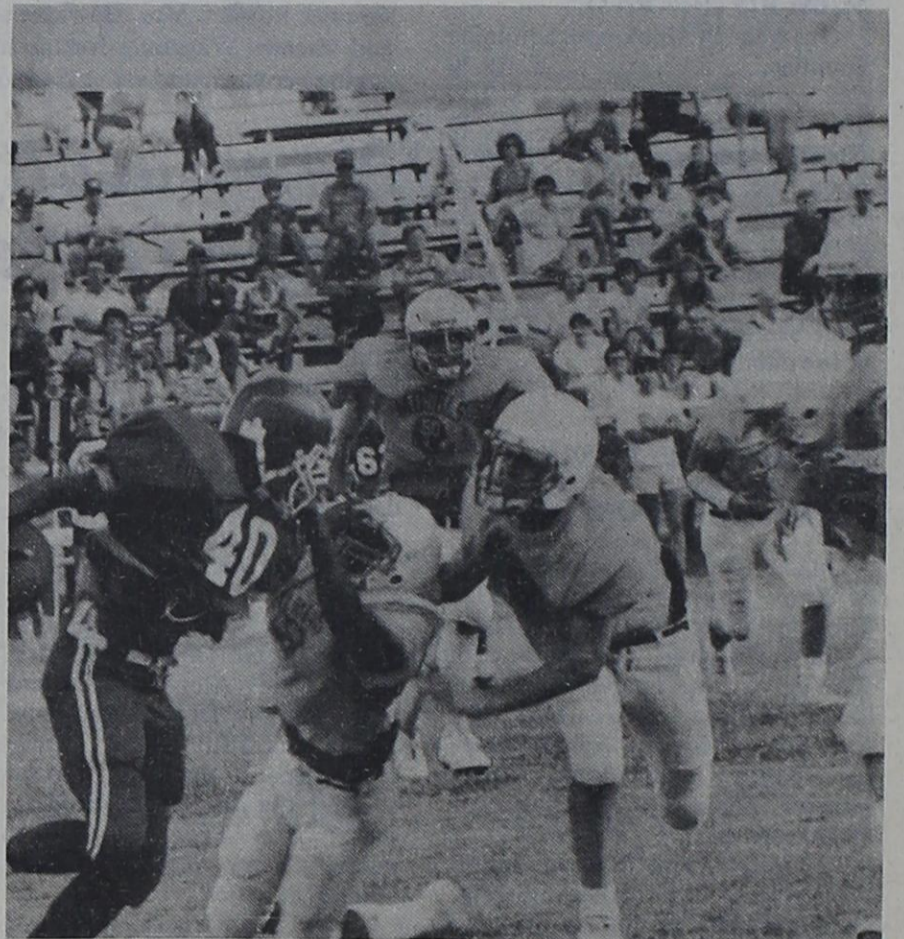

But it apparently depends on where you are in the county, because other spotters report large numbers of birds in some areas. So it may just be a matter of being in the right place at the right time during the hunting season.

Local enthusiasts will be glad to learn that local insurance agent Terry Alexander will handle hunting licenses, so Munday residents do not have to go out of town to obtain their permits. Licenses are also available at both hardware stores in Knox City and at the county clerk's office in Benjamin.

Mogul Tickets Are On Sale

Reserved seat tickets for Munday Mogul home games are on sale at the West Texas Utilities office in Munday. These membership tickets are \$3 for each game.

The Moguls will open their home season September 20 against Rotan. Persons wishing to purchase reserve seat tickets should do so as soon as possible.

A PIED PIPER running back is about to be stopped by Mogul defenders at the Hamlin-Munday scrimmage held here Friday evening. The Moguls showed their championship form in driving for a touchdown the first possession, and did a good job holding the Pipers, ranked high in state Class AA football.

Coaches See Moguls' Strong, Weak Points

In their first scrimmage with an opposing team, the 1985 Moguls looked as good as expected, driving for a touchdown on their first possession. Both varsity and junior varsity players got a good workout against the Hamlin Pied Pipers.

Coach Jim Edwards said, "When we were fresh, we played exceptionally well, but we fell to mediocre when most of the players got tired. We need to work hard to maintain a high level of competition."

Edwards felt the team was a little better than at this time last year, and the scrimmage proved this out, he said. "The boys know more what to expect than they did in pre-season last year. We got a good look at our strengths, and we also saw the weaknesses we need to work on. Overall, I was real pleased with the kids' effort."

Hamlin scored on its third possession, going over on a third and goal situation after a determined Mogul defense had stopped them short of the goal line on two successive plays. The remainder of the practice was a see-saw, with both teams experimenting with plays and players.

At the end of the scrimmage, the teams squared off for an 8-minute regulation game. Although no score was made, the Moguls completely dominated the short contest, receiving the kickoff and making some headway before being forced to punt, then intercepting the ball back before Hamlin had a chance to move downfield.

Both varsity and JV teams will travel to Holliday Friday night to scrimmage the Eagles. Kick-off is at 6 p.m., and local fans are encouraged to go and support the team. Edwards said the Eagles are big and strong and very physical, and it should be a good practice for both squads.

Crop Insurance Sign-Up Date Near

September 30, 1985 is the last day to apply for crop insurance for wheat, barley and oats in northern Texas counties, according to Bruce Hottel, district director of the USDA's Federal Crop Insurance Corporation (FCIC).

Crop insurance covers unavoidable loss of production resulting from adverse weather conditions, wildlife, earthquakes or fire.

"Three coverage levels (50, 65 or 75 percent) are available for insurance protection. Additionally, FCIC offers three optional price elections for valuing production lost or damaged," says Hottel.

A new crop insurance plan, called Actual Production History (APH), is available this year to producers of wheat, barley and oats. Producers of these crops may now qualify for higher yield guarantees by proving their yield history. Rates have been developed to offer reduced premium for producers with above-average yields. "With the increased cost of producing a crop and the risk associated with adverse weather such as drought and hail, it makes good sense to take a look at this new concept," says Hottel.

To find out more about coverage and cost for wheat, oats and barley, contact a local authorized agent. As to the requirements necessary to establish a yield history for insurance purposes on each farm where wheat is to be grown, producers should contact their local ASCS office prior to the final sign-up date.

Marty Griffith and son, Brandon, of Houston, visited their mother and grandmother, Ruth Griffith, several days last week.

104th Fire Convention To Be Held In Munday

The 104th semi-annual convention of the West Texas Firemen and Fire Marshals Association has been set for Sunday, September 8, in Munday. The Munday Volunteer Fire Department will host the event.

Registration for out-of-town firemen will be held from 10 a.m. until 1 p.m. at the new fire station. A business meeting is planned for 1 p.m. at the Munday High School auditorium.

When the business session closes, firemen and their families will move back to the City Hall square, where fire convention contests will be held. These include hose and hook-up races and water polo for both men's and women's teams. Local citizens

are invited to come out and watch the races, which are guaranteed to be fun for participants and onlookers alike.

The Ladies Auxiliary of the local department will serve a hamburger lunch at the City Hall between 11 a.m. and 1 p.m. Local citizens are invited to stop by after church and purchase a plate lunch featuring grilled hamburgers, trimmings, chips and homemade dessert from this group. The women will also have a concession stand during the afternoon's contests.

Munday firemen will serve supper to their visitors and guests at the fire hall that evening.

Taxing Entities Gain Bank Franchise Funds

State Comptroller Bob Bullock has sent checks totaling \$61.6 million from the first collection of the state's new franchise tax on banks to 1,996 local taxing jurisdictions.

In a special session last year, the Legislature brought banks under the franchise tax for the first time and allocated receipts from the tax to cities, counties, school districts and other local taxing units where the banks are located.

Banks are taxed at the same rate as other Texas corporations. Previously, bank stocks were subject to local property taxes. The Legislature exempted the stocks from property taxes, substituting the new bank franchise tax. Collections are prorated among local taxing units

based on their tax rates. Several taxing institutions in Knox County received checks. The city of Munday was the recipient of \$2,703.60, while the Munday Independent School District garnered \$6,758.98. The North Central Texas Municipal Water Authority received \$2,814.41.

Knox County's check was for \$3,145.68, and the Knox County Hospital District became richer by \$1,661.21. Knox City received a check for \$2,354.99, and the Knox City-O'Brien school district earned \$3,895.23.

A&M Budget Cuts Won't Affect Local Research Facility

Budget cuts at Texas A&M University aren't likely to affect the local vegetable research station, which is a part of the A&M system, according to officials.

"As far as we know, it won't make any difference for us," said Dr. David Nagel, director of the Munday station.

More than 700 jobs have been cut out of the A&M system's operating budget for the coming fiscal year. The 1985-86 budget of \$688.9 million includes a 3.6 percent increase from the current budget.

The Munday station employs 11 persons. Other research and experiment stations are located at Chillicothe, Vernon, Throckmorton and Iowa Park, and a total of 42 employees are used at these facilities.

SEVERAL LOCAL MEN are shown moving the Chamber of Commerce and Agriculture community billboard one day last week. The sign was moved to the southeast corner of the City Hall square, where it will be more visible to traffic on both major highways.

Melendrez Rites Held In Knox City

Guadalupe Aguirre Melendrez, 87, of Knox City, died at 3:31 a.m. Tuesday, August 20, in the Knox County Hospital. Graveside rites were at 10 a.m. Thursday, August 22, at the Knox City Cemetery with Rev. Sergio Morales, Spanish Baptist pastor, officiating. Smith Funeral Home was in charge of arrangements.

Pallbearers were Weldon Skiles, Ancil Flores Jr., Richard Garcia, Cecilio Bermea, Simon Casillas and Tommy Kent.

He was born December 12, 1897, in Reeves County and married Marta Flores December 23, 1944, in Rotan. A retired farmer, he had lived in Knox City nearly 40 years.

Survivors include his wife; two brothers, Alfred Bermea of Reseri, Calif., and Florentino Bermea of Pacoima, Calif.; and several nieces and nephews.

45 Deaths Expected During Coming Labor Day Weekend

The Department of Public Safety estimates that as many as 45 persons may lose their lives in traffic accidents in Texas during the 78-hour Labor Day holiday period.

"This number is an estimate, not a prediction," said DPS director Jim Adams. "We hope this number will prove to be far too high."

In 1984, 41 persons were killed in collisions during the holiday period, with five others dying later of injuries suffered on the Labor Day weekend.

In an effort to hold down the number of deaths, the DPS again this year will conduct Operation Motorcide, in which the deaths

during the period beginning at 6 p.m. Friday, August 30 and ending at midnight Monday, September 2 will be counted with periodic reports being made to the news media.

"Our philosophy is that public awareness of the number of people who are dying on our streets and highways will make drivers more cautious and help reduce accidents," Adams said.

On September 1, Texas' new mandatory safety belt law goes into effect. The law provides a 90-day grace period before fines can be assessed.

"We're hoping Texans will start getting in the habit of using safety belts," Adams said. "If the vast majority of motorists make a conscious effort to buckle up during this Labor Day holiday period, we will see a dramatic decrease in the number of deaths."

Last year, 28 of the 46 persons who died were killed in accidents where speed or drinking were factors, Adams said.

"That amounts to 61 percent of the fatalities for the period," the director continued. "The message to Texas motorists is obvious: speeding and drunk driving kill."

In addition to conducting Operation Motorcide, the DPS will place additional troopers on duty to deal with the higher volume of traffic anticipated during the period.

Cotton, Sorghum Tour Date Set

The Knox County Crops Committee has scheduled the annual Knox County cotton and sorghum tour on Tuesday, September 3, 1985. The tour will depart from Farmers Grain Co-op in Munday at 8 a.m.

The tour will make six stops to discuss and evaluate demonstrations being conducted with cotton and sorghum. Cotton demonstrations will include dryland and irrigated variety tests, plant population demonstrations and dryland and irrigated fertility plots. Sorghum demonstrations which producers will be seeing include a dryland variety test, date of planting demonstration, planting pattern test, fertility plots and a seed treatment demonstration.

Al Alexander, Extension agronomist, Emory Boring, Extension entomologist, Dr. Robert Berry, Extension plant pathologist, and Bob Stewart with American Cyanamid will be on tour to discuss this year's crops and factors which have affected them. They also will be available to answer questions throughout the tour.

The tour will conclude with a sponsored lunch. The Knox County Crops Committee, Vernal Zeissel, David Albus, Ray Escobar, Louis Baty, Bernard Brown, Clarence Brown, Wayland Hardin, Larry Smith and Randy Jones, invites all area producers to attend.

Guidelines For School Meals Announced By Area Officials

Local school superintendents have announced prices for regular and reduced price meals at their schools.

Munday students will pay 45 cents for breakfast. Elementary lunches are 65 cents, and high school lunches are 70 cents. Reduced price breakfasts for all students will cost 30 cents, and lunches are priced at 40 cents.

Breakfasts in the Goree school system will be 25 cents, and lunches will cost 50 cents. Reduced prices are 15 cents for breakfast and 30 cents for lunch.

Kindergarten through sixth graders in Benjamin schools will pay 80 cents for lunch, and students in grades seven through 12 will pay \$1. Breakfasts for all students are 50 cents. Those eligible for reduced-price meals will be charged 30 cents for breakfast and 40 cents for lunch.

Some schools will give each student a letter for their parents explaining the lunch and breakfast programs in the school. Applications for those wishing to apply for free or reduced-price meals will be enclosed. The application should be filled out, signed and returned to the school as soon as possible.

Applicants must answer every question on the form. Applications will not be processed if they do not contain the following information: the total household income, broken down into the amount received by each family member and the type of income it is, or the food stamp case number of a household receiving food stamps; names of all household members; social security numbers of all household members 21 years old or older or the word "None" for any member not posses-

Bride-To-Be Feted Sunday Afternoon

Miss Janet Birkenfeld, bride-elect of Mike Eavenson of Seymour, was honored with a bridal shower on Sunday, August 25, at the Munday Community Center. The couple will exchange vows September 14 at St. Joseph's Catholic Church in Rhineland.

Greeting guests was Mrs. Mary Birkenfeld, aunt of the bride-to-be. In the receiving line with the honoree were her mother, Mrs. Ethel Birkenfeld of Goree, and the prospective bridegroom's mother, Mrs. Polly Eavenson of Seymour.

Debra Birkenfeld, the bride's sister, presided at the registry table, and Connie Birkenfeld, sister-in-law of the honoree, and Jane Hammonds, the groom's sister, served refreshments.

The table was covered with a white cloth overlaid in lace. An arrangement of yellow and white daisies, peach azaleas and lilies, baby's breath and geranium foliage was flanked by a pair of crystal candleholders with yellow candles.

Hostesses for the occasion were Mmes. Irma Albus, Mary Birkenfeld, June Blake, Annette Brown, Frances Brown, Donna Cotton, Arleda Decker, Glenda Decker, Candy Estes, Debbie Harlan, Nell Haskin, Valera Hertel, Mary Hutchens, Betty Kuehler, Dulah Lambeth, Peggy Myers, Geneva Penartz, Peggy Presnall, Stannie Orsak, Dot Skelton, Vivian Steinbach, Margaret Urbanczyk, Suzette Urbanczyk, Maxine Wilde, Betsy Zeissel, Jeanette Zeissel and Mary Zeissel.

in household income, an increase in family size or if someone becomes unemployed, an application should be made at that time.

Foster children may be eligible for meal benefits. Schools are prohibited from discriminating in any way against any child receiving free or reduced-price meals.

Each family applying for the benefits has the right to a fair hearing. Those who do not agree with the school's decision on their application should discuss this with school officials. The information families provide will be treated confidentially and will be used only for eligibility determinations and verification of data.

If anyone needs help with the application or has any questions about the meal program, they should contact the school official named below. Persons applying for meal benefits will be notified when the application is approved or denied.

Munday residents should contact Doyle Lowrance, superintendent, at 422-4241. Principal G.K. Cotton is the Goree official, and he can be reached at 422-5218. In the Benjamin school district, call Ben Grill, superintendent, at 454-2231.

Above is an income eligibility guideline for free or reduced price school meals in all Knox County schools.

Superior grain yields with
a good grazing bonus.
Excellent straw strength, too!

Our researchers were impressed by the tremendous pasture production and grain yields from these new varieties during testing. And now that the varieties have stood the test of actual production on many farms under many conditions, the proof is in!

They grow off well and show strong resistance to SBMV, leaf rusts, fungal leaf blights, and the Hessian fly.

• New 2157 gives you good, early grazing, then stays with you through the winter. And the grain yields are right up there with anything you care to compare it against. Choose 2157 for dryland or limited water production.

• New 2165 works with your irrigation program to make the most of all you put into the crop. Pasture comes on strong in the fall and grain yields are among the best you'll find, bar none.

Local Serviceman Completes School

Pvt. 1st Class Gary F. Birkenfeld, son of Francis and Mary M. Birkenfeld of Rhineland, has completed the wire systems installer course at the U.S. Army Signal School at Fort Gordon, Ga.

The course provides instruction for soldiers to install, operate and perform operator and organizational maintenance checks and services on voltage and current protection devices, telephones and auxiliary equipment.

During the seven weeks of training, soldiers also received instruction in stationary telephone installations, field cable transmission lines and field training exercises.

A 1981 graduate of Munday High School, Birkenfeld is scheduled to serve at Fort Huachuca, Ariz.

His wife, Judy, is the daughter of Joe H. and Jeanette Seaton of Jayton.

The biggest trouble with little tiny white lies is that they seem to pick up so much dirt while traveling.

THIS FAMILY must be proud of its five generations of lovely ladies. Shown at the bottom of the photo is Clarice Rhea Mitchell, and clockwise from Mrs. Mitchell are her great-great-granddaughter, Kourtnee Rhea Harris, her granddaughter, Clarice Annette Offutt, her daughter, Patricia Ruth Shannon, and her great-granddaughter, Shari Offutt Harris. Mrs. Shannon is from Birksborg, Virginia, and the other ladies reside in Munday.

Energy Savings Plan

It Will Save You Money!

An E.S.P. Home will save you up to twenty-six percent in home energy bills a year. An average 1800 square foot home will cost approximately \$775 a year to heat and cool. The same size E.S.P. Home will cost approximately \$570 a year to heat and cool. That results in an annual savings of over \$200! (Energy savings may vary according to the type of home, family size and individual energy usage habits.)

All E.S.P. Homes have been

carefully inspected and qualified to meet the strict energy efficiency requirements that will help you get the maximum value for every kilowatt-hour of electricity you buy.

And, if you decide to sell your E.S.P. Home in the future, you'll have the Energy Savings Plan helping you save money again through an increased resale value. Most prospective homebuyers will be looking for a home that will give them the best value for their energy dollar — YOUR E.S.P. HOME!

Collier-Russell Vows Said Saturday In Goree Ceremony

Jeanette Russell and Johnny Collier exchanged wedding vows Saturday, August 24, in the First Baptist Church of Goree. Rev. Dever officiated.

The bride is the daughter of Mr. and Mrs. Leroy Russell of Goree. Parents of the groom are Mr. and Mrs. Lonnie Collier of Munday.

The church was decorated with an arch of greenery accented with white flowers and bows flanked by stands of fern.

The bride wore a formal gown featuring a train inset with lace and a matching picture hat. White flowers and greenery comprised her bouquet.

Ruby Allen of Goree was maid of honor and Cindy Reagins and Jackie Russell, the bride's sister, both of Goree, were bridesmaids. Christy Martin was flower girl.

Lawrence Collier of Munday served his brother as best man, and Jerry Collier of Munday and L.C. Collier of Knox City, also the groom's brothers, were groomsmen. W.D. Robinson of Goree and Ryan Offutt and Jerry Shields, both of Munday, were ushers and candle-lighters.

A reception was held after the ceremony in the Memorial Building in Goree.

The bride is a spring graduate of Goree High School, where she was a three-year cheerleader and a mem-

ber of the basketball and track teams. The groom, a graduate of Munday High School, distinguished himself in sports participation. He is employed by KMA Oil Company, and the couple will make their home in Goree.

Town To Close For Labor Day

Monday, September 2, is Labor Day throughout the United States, and most businesses in Munday will be closed in commemoration of this national holiday.

All government and state offices will take a long weekend, and many stores will close, as that day is one of Munday's designated holidays for 1985. School children and teachers will savor this last day of freedom before nine months of education begin on September 3.

The Munday Courier bunch, however, will not be enjoying the holiday with everyone else. We find that Monday is generally our busiest day, and it is very difficult to put out a paper with news gained on Friday and Tuesday. So, we will be open for business as usual. If you have Labor Day visitors or if you visit out of town, be sure and let us know.

We wish all our customers and readers a safe and happy holiday.

Texas Calendar Of Events Is Available

Many Texans stoutly assert that autumn is the very best season in the Lone Star State. They cite the warm days and cool nights that the season brings. There's fall color in the trees and the fish are biting, and the days are still long enough to enjoy outdoor activities.

Fall is a season to celebrate -- and that's just what Texans do. The Fall Calendar of Texas Events, just issued by the State Department of Highways and Public Transportation, lists more than 350 different events coming up in September, October and November.

The diversity of those events is as varied as are Texans themselves. Fun-seekers enjoy rodeos and road racing, or they'll be found at arts and crafts shows and music festivals.

Good food is always worth celebrating, and food will be featured at events ranging from an international food and wine festival in Houston to a chicken-fried steak cookoff in Weatherford. Of course, Texans are always waging chili and barbecue cookoffs; there's a kolache festival honoring the original Czech wedding pastry in Caldwell, and dessert-lovers will converge on Amarillo for the Chocolate Lovers Weekend.

There's something for everyone among events scheduled throughout Texas this fall. For the whole list of what's going on, pick up a free copy of the Calendar at any Texas Tourist Bureau, or write Calendar of Texas Events, Box 5064, Austin, 78763.

Watch For Increased Bollworm Eggs

Increased number of bollworm eggs are expected this week, according to Emory Boring, Extension Entomologist. This means that damaging bollworm infestations could be in the fields during the last few days of August through the first week in September.

Boring recommends that producers inspect fields that are still squaring every three to four days to keep up with the bollworm situation. Bolls are not safe from bollworms until they are beginning to dry and are difficult to cut through the middle with a sharp knife, states Boring.

If you took an especially interesting summer vacation, let us know about it. News deadline is noon each Tuesday.

Some African groups prized milk as a precious food and reserved it for adult men.

MUNDAY CITIZENS should recognize several of these fans who watched Friday night's Hamlin-Munday scrimmage. The Moguls looked good in their first tussle

with an opposing team, but you couldn't tell it from the faces of this crowd.

Seymour Resident Buried At Hefner

Bertha Mae Thurman, 88, died Sunday, August 25, in the Seymour Hospital Authority. Services were at 2 p.m. Tuesday, August 27, in the Calvary Baptist Church in Seymour with Rev. Arthur Tigert, pastor, officiating. Burial was in Knox County's Friendship Cemetery at Hefner under the direction of Seymour Memorial Funeral Home.

She was born June 17, 1897, in Jack County, moved to the Lake Creek community in Knox County as a child and to Seymour in 1962. She was a member of the Lake Creek Home Demonstration Club and the Calvary Baptist Church.

She married Amon O. Thurman November 23, 1913, in Knox County, and he died in 1947. Also preceding her in death were two sons, Leland and Otis, and a daughter, Flora Coffey.

Survivors include a daughter, Roberta McKinney of Seymour; a son, Alton of Seymour; a sister, Lora Wisdom of Seymour; seven grandchildren, 14 great-grandchildren and one great-great-grandchild.

Our roots are firmly planted right in your own back yard!

For years, the Terra Seed Company has been a valuable part of farming communities throughout the country. As quality producers of certified seed, and by offering a wide variety of seed products, we've become like a member of the family at planting time... doing our part to bring you the best wheat seed yet.

Our roots go deep!

Your wheat crop needs a good strong root system to assure its survival. One that goes deep in search of food resources and won't leave the plant high and dry. Terra Seed Company's roots are deeply embedded in its over 30 year history in the seed business. And now the roots grow stronger with the backing of Terra International, so you

know your seed is coming from a tried and true friend who will stand by you at planting time.

Breaking new ground.

Our roots are firmly planted in quality production of clean certified seed. By continually searching for the sturdiest, high yielding wheat strains, we make sure we're offering you the best seed available. It's our goal and our promise to continue producing new types of seed to increase the harvest of today's farmer.

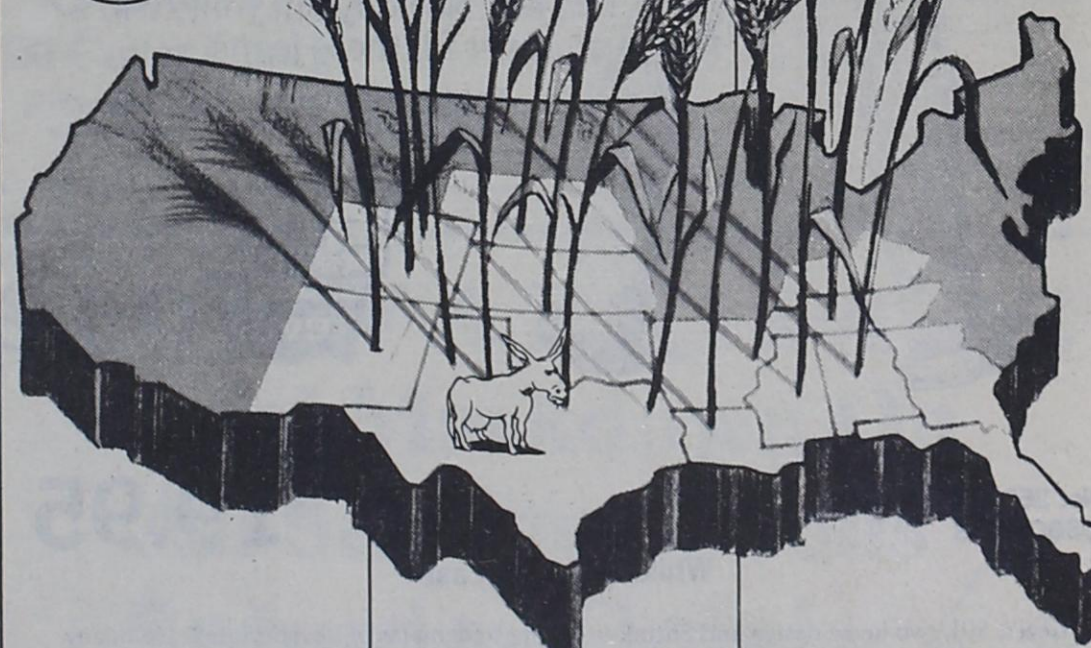

Consistency

When you plant your wheat fields you're putting your livelihood into the ground, so you have to make sure

that what comes up is a consistently healthy high yielding wheat crop. Terra Seed Company has always offered the highest quality wheat seed available to make sure your fields produce a great crop year after year.

SODIUM LABELING RULE DELAYED

The Food and Drug Administration has extended until July 1986 the deadline by which nutrition labels on processed food must include sodium content. The proposed rule, set to go into effect this July was extended by a year, after food processors complained of the economical burden of having to destroy their inventories of labels printed before notice of the rule. Consumers on low-sodium diets will still find many products that already comply with the rule on the market.

CURE A COLD? ALMOST

The best way to avoid a cold is to wash your hands and keep them away from your face. Experts studying the common cold report that cold viruses are not transmitted through the air. Cold viruses tend to collect on surfaces. People pick up viruses by touching contaminated surfaces with their fingertips. Then, they touch their nose, mouth or eyes with their hands and expose themselves to the viruses.

REMOVAL OF MUSTY ODORS

The damp and humid weather in some parts of Texas is conducive to mold growth and the musty odor that goes with it. But even in drier parts of the state, any damp, warm, poorly-aired and poorly-lighted place such as a shower stall, can take on a musty odor.

Take special precautions to get rid

of musty odors as soon as possible, not only to rid the house of offensive odors but also to prevent damaging mold growth.

Sometimes the odors will disappear if the area is well heated and dried, or if it can be cleaned, aired and fumigated. If it will not harm the article, dry it in the sun.

On concrete floors, tiled walls and floors, and bathrooms, get rid of mustiness by scrubbing with a diluted solution of ½ to 1 cup of liquid household bleach to a gallon of water. Rinse with clean water and wipe as dry as possible. Wash quickly and carefully on plastic and asphalt tile to avoid spotting the surface. Keep doors open until walls and floors are thoroughly dried.

Excellent commercial products are available for removing and inhibiting mildew growth. Other household products that are effective in absorbing odors are baking soda, talcum powder, silica gel and charcoal. Using vinegar rinse water in cleaning or washing articles is also effective in controlling odor.

If the odor was caused by smoke, it may be necessary to seal the odor. Once it is in the grain of wood it's difficult to remove. Sand the drawers lightly, then vacuum and apply a thin coat of varnish or other finish. Commercial products such as oil of wintergreen may also help camouflage the odor.

HOMESTYLE Hungr-buster

If you enjoy the special taste of a juicy, tender, home-cooked burger, you'll feel right at home with our Homestyle Hungr-buster.

We start with a quarter-pound, 100% pure beef patty, cooked up fresh and hot. Then, we add your choice of toppings to make it just the way you like it — lettuce, tomato, pickles and onion. And right now, we're serving it up at a price that hits close to home.

The Dairy Queen Homestyle Hungr-buster. It's one burger that's worth leaving home for.

"Better than ever"

★ BENJAMIN NEWS ★

By Mrs. Gladene Green

Undergoes Surgery

Dorothy Hibdon underwent major surgery last Tuesday evening at the Bethania Hospital in Wichita Falls. She was able to return home Friday and is feeling fine, however, she will have to take it easy a few days.

Attend Funeral

Benjamin residents attending the funeral of Elizabeth Coppedge Sunday were Rev. and Mrs. K.E. Woolley, Maudie Clower, Meritha Patterson, Hes and Louise Hall, Virginia Griffith, and Van and Gladene Green.

The Coppedges were former residents of Benjamin but had lived in Guthrie for the past several years.

Attend Seminar

Gloria L. West, Knox County and District Clerk, attended an election seminar held in Austin three days last week. This school was conducted for all clerks and tax-assessors in Texas and Gloria said she learned a lot from the sessions.

HERE AND THERE

James and Edna Birchfield of Sulphur Springs visited relatives in Benjamin during the weekend.

Mark, Debbie, Kelly and Kim West of Springtown are visiting Mark's grandmother, Edith West, and his uncle and aunt, Leroy and Gloria West, a few days this week.

Clodell Duke and Jane Pollock, accompanied by Mary and Mikie Sawyers of Hamlin, visited the Ken Roberts in Hereford during the weekend.

Peggy Brown of Lubbock visited her mother, Audrey Nolan, and the Don Griffiths a couple of days last week.

Michelle Bufkin spent a couple of days last week with friends at Canyon.

Visiting K.E. and Oliver Woolley last week were her sister and brother-in-law, Mr. and Mrs. Norman May of Riverside, Calif.

Kenneth and Mary Isbell and son, Kenny of Enid, Okla., spent the latter part of last week with his

mother, Leola Isbell, and his sister and family, the Don Hertels.

Laurie Albus of Lubbock was a weekend guest of her grandmother, Nora Hertel.

Oderal Draper and Bob of Greenville visited his aunt and cousin, Ozelle Stephens and Galen, a few days last week.

Mrs. Diane Parchman and son, Todd, of Lubbock and Mrs. Helen Scheffler of Hurst visited their parents, Mr. and Mrs. Douglas Myers, last week. Joining them here for a weekend visit were Howard Scheffler and some friends, Rob and Elaine of Euless.

TO 'HIS' MOTHER
In Memory of Mrs. Sam Alcalá

Mother-in-law they say, and yet,
Somehow I simply can't forget
'Twas you who watched his baby ways
Who taught him his first hymn of praise;
Who smiled on him with loving pride
When he first toddled by your side.

Mother-in-law, but oh, 'twas you
Who taught him to be kind and true;
When he was tired almost asleep,
'Twas to your arms he used to creep,
And when he bruised his tiny knee,
'Twas you who kissed it tenderly.

Mother-in-law they say, and yet,
Somehow I never shall forget
How very much I owe
To You, who taught him how to grow.
You trained your son to look above,
You made of him the man I love;
And so I think of that today,
Ah! Then with thankful heart I say
Our Mother!

Buckle Up For Safety Or Pay Fine After September 1

Hundreds of new laws are introduced each year, and many are passed without the general public's approval or awareness. Often, these laws don't directly affect any part of our lives.

But a law which goes into effect Sunday, September 1, will not only affect us, it might save us!

On that day, it has been decreed that all passengers in cars equipped with seat belts must use the restraining devices. This is not a matter of choice, it is a matter of obeying the law.

Texans have protested the ruling to no avail, and even those who feel the law is an infringement on their personal rights must buckle up or be subject to a fine. Officers will give warnings to offenders during a 90-day grace period imposed to help everyone adjust to the seat belt law, after which time fines will be given.

It has been speculated by some law enforcement officers that vehicles will probably not be stopped for seat-belt checks, but persons involved in accidents or stopped for some other violation will be ticketed

if they are not wearing a seat belt. But persons who do not want to run the risk of being fined - or of being hurt or killed in a serious accident - are urged to heed the law.

Department of Public Safety statistics show that a great number of traffic fatalities could have been avoided if the persons involved had been using their seat belts. Officials say that instances of being trapped by a belt in a burning or submerged vehicle occur too seldom for these to be valid excuses for not wearing a belt.

Although restraining devices are not comfortable, new models are much easier to use than the earlier ones, and we will just have to get used to them.

Like it or not, it's the law!

Thank You
Our hearts are so full of gratitude that only someone who has been the recipient of such an outpouring of love can truly understand how we feel. We want to express our appreciation to everyone who helped with the recent Bloodmobile in Munday, the volunteers and those who contributed to the canteen. And to those who donated their gift of sustaining life, even to those who tried but were not able to donate, we offer our heartfelt thanks. It's wonderful to be a part of a community where everyone pitches in to help their friends, and the knowledge that your thoughts, prayers and love are with us brings us comfort during these trying days.
Thank you, and may God bless each of you.
