**YOUTH IN ACTION:** The Community Life Involvement Council at Munday High School has been working to construct Christmas decorations that will be placed on the City Hall square during the holidays. Standing with the red and white fireplace that looks sturdy enough to hang all their stockings on are, clockwise from left, Alexis Bordovsky, Natalie Hernandez, Corey Moore, Holly Jackson, Jeremy Hutchinson, Kent Sanders (who is holding a piece of wire away from Holly's face), Lisa Steedley, Shawna Simpson, Christie Wilde and Rita Ramos.

## Spook House Is Highlight Of Local Halloween Events

Persons in the vicinity of North Third Street in Munday shouldn't be alarmed if they hear a few spine-tingling shrieks, sinister snickers or ghostly wails on Wednesday, Thursday and Saturday nights of this week. The sounds will probably be coming from the thrill-seekers - or participants - in the Munday Chamber of Commerce spook house.

• Located at 411 N. Third (across the street from Nolan Phillips), the house has been elaborately refurbished with all the comforts of home - if your name is Morticia or Munster, that is! Members of the Chamber and other interested persons have been working for some time to ensure that the spook house can be enjoyed by both young and old.

The house will be open for courageous visitors from 8-10:30 p.m. Wednesday, 7-11 p.m. Thursday and 7 p.m. till midnight on Halloween Saturday. Chamber manager Kay Looney said groups of three or four may go in together and that they will

tone down the scares and turn on the lights, if necessary, for children. Admission is \$1 per person.

On Saturday night, a costume contest will be held at the spook house at 8 p.m. The entry fee is \$2 per person, and costumes will be judged in children's and adult divisions for originality, theme and design.

Hotdogs, popcorn and drinks will be sold at the spook house, which was planned so local persons could enjoy a fun, safe Halloween without leaving Munday. Perry Kuehler is chairman of the event, and he encourages all the strong of heart (and even those more weak-kneed souls) to come by and admire the work these community-minded citizens have put into this project.

## Tax Meeting Slated By Young Farmers

The Brazos Valley Young Farmers are sponsoring a tax information meeting at 8 p.m. Tuesday, November 3, in the Munday High School vocational agriculture building. Certified public accountants James Castagna and Jeff Gregg of Seymour will present a program on the changes in the 1987 and 1988 tax laws.

All area agricultural producers are urged to attend.

## Band Booster Meeting

The Munday band boosters will hold their regular meeting at 7 p.m. Monday, November 2, at the band hall.

All members are encouraged to attend.

## SATURDAY IN WICHITA FALLS

# Band To March In Region Competition

For the third consecutive year, the Munday High School Purple Cloud band will represent District II at the regional marching contest. The competition begins at noon Saturday, October 31, at Wichita Falls' Memorial Stadium, and Munday will march first on the program.

All three judges awarded Munday first division ratings at the district contest held last Saturday in Wichita Falls. And Director Rodney Bennett felt the superior ratings

were well-deserved.

"It was great! It was absolutely fantastic," he enthused Monday. "The sound was so clean and pure. But as good as it was, it will have to improve to get to Austin."

Bennett said the band is reaching its peak in ability just at the right time. "They did a magnificent job at the festival earlier in the month, and after our practice last week I expected them to be very good for contest."

The festival judges were very complimentary, Bennett said, and the contest judges commented on the fact that Munday is one of few bands to play traditional marches.

Other Class A bands receiving I's at the contest were Petrolia and Paducah. Knox City and Windthorst received III's, and Crowell was rated IV. In Class AA bands, Olney won the right to represent the district at the regional contest. Seymour, Henrietta and Electra bands also received I ratings, Quannah took a II, Holliday and Archer City made III's and Nocona garnered a IV.

The other half of the district contest was held the same day in Abilene, and Jayton won a berth to the Class A regional contest. Last year, Munday and Jayton were the regional representatives at the state contest. The defending champs will compete with bands from Claude and Booker for the 1987 regional titles.

The two Class A winners should be announced at approximately 1 p.m. Saturday, Bennett said. Each school marches a 12-minute show, and the time slots run very close together so there is almost no break

## FOR 7:30 KICKOFF

## Moguls Travel To Aspermont Friday

After taking a break from action, the Munday Moguls are back on the field this week, preparing for Friday night's contest with Aspermont. Munday is still ranked number one in the Class A state rankings with seven wins and no losses.

The Hornets are 0-2 in district after losing to Rotan and Roby. They have a record of two wins, five losses and a tie for the 1987 grid season. After going 6-4 last year, the team lost half its starting lineup to graduation. Pacing the team this year are tackle Jerry Coplen and guard Brad Parks, who pave the way for quarterback Joey Parker and fullback Tyrone Johnson in the wishbone offense. Returning to the defense are John Robinson and Jason Counts.

The Moguls hoped to be 100 percent for this game after crippling through most of their contests this season with assorted injuries. The regular season comes to a close at home Friday, November 6, when the Moguls will host the Roby Lions.

## MHS Bandsmen Earn National Honor

Fourteen Munday High School students have been selected as being among the country's most outstanding high school musicians. Four seniors and ten juniors will join the ranks of "Who's Who in Music" with other students from all 50 states, the District of Columbia and several foreign nations.

Selection to Who's Who is based on academic achievement, service to the community, leadership in extracurricular activities and potential for continued success. Nominations are submitted from faculty members.

Band members chosen for Who's Who include seniors Alexis Bordovsky, Annette LeFevre, Natalie Hernandez and Christi Nelson, and juniors Debbie Cypert, Ronald Edrington, Lowell Hutchens, Scott Hutchens, Holly Jackson, Lynn Parker, Angie Partridge, Rita Ramos, Melissa Zachary and Cheryl Bunton.

## Seven Teams Enter Sunday Golf Action

Richie Smith, Raymond Carden and Don Coffman teamed up to win the Lake Creek Golf Club scramble Sunday with a score of 64. Second place in the prize-winnings went to Jack Nuckols, Louis Wise and Ronnie Baker, with a 65; and third place went to Bobby D. Burnett, Oscar Cypert and Ed Jetton, who combined for a 66.

Other teams included Bully Ratliff, Jeff Anderson and Bob Bowen, 68; Wayne Ziessel, Dick Moore and Stacia Cook, 69; Jerry King, Marion Waggoner and Daniel Ramirez, 69; and Felton Jackson, Terry Bufkin and Lupe Figueroa, 70.

Another scramble will be held Sunday, November 1, with a 1:30 p.m. tee-off time.

**AN AWARD WINNING BAND** deserves a special equipment trailer. So Gail Ramirez painted a lightning-streaked purple cloud on the side of the Munday band's instrument carrier, and the artistic design, along with the musical notes and multi-colored lettering, give the much-used trailer a more striking appearance.

## Voters To Decide 27 Issues At Polls

Twenty-five proposed amendments to the Texas constitution and two referendum propositions will be put before the state's voters on Tuesday, November 3. The referendums are the most hotly contested, with the appointment or election of the State Board of Education and the question of legalized pari-mutuel wagering to be decided.

In Munday, polls will be open from 7 a.m. until 7 p.m. at the Munday City Hall. Absentee voting can be done at the Knox County

Clerk's office in Benjamin through October 30.

We urge every registered voter in Munday to become familiar with the proposed amendments and cast his or her ballot at the polls next Tuesday.

## City Supports Amendment 17

Mayor Doris Dickerson of Munday has expressed support for Amendment 17 on the November 3 general election ballot. The mayor said that Amendment 17 must pass if Texas cities are to successfully face the liability insurance crisis which has plagued municipal

(See Amendments, Page 2)

## School Officials Support Elected Board Of Education

The November amendment ballot will contain a referendum proposition that is very important to the educational system of Texas. Proposition One refers to the appointment or election of the State Board of Education.

In 1984, House Bill 72 temporarily did away with the 27-member elected board and instituted a 15-member appointed board. However, the bill provided for this entity to revert back to the elected board in 1988. Voter approval of Proposition One could halt the return of an elected board and ensure that selection to the State Board of Education would be by appointment only.

A "yes" vote on Proposition One will maintain the 15-member appointed board, while a "no" vote will allow the voters of Texas to elect the 15 members. Those who vote in this statewide referendum will make the decision as to whether Texas has an appointed or elected State Board of Education.

The Texas Association of School Administrators and the Texas Association of School Boards are both supportive of the elected board. Currently, Munday Independent School District is part of District 14, represented on the board by Katherine Raines of Cleburne.

## Heart Association To Meet Tuesday

The Knox County chapter of the American Heart Association will meet at 7 p.m. Tuesday, November 3, at the Benjamin Ex-Students Memorial Building. All members are encouraged to be present.

in the action. Competition for 5-A bands will finish out the day's judging, and the contest is expected to end not much later than 6 p.m.

"I am confident that they can do the job," Bennett said of his 62 band members. "I said before school started that I felt this would be my best band in Munday, and if they go out and march the program they are capable of putting on, we will be going to Austin."

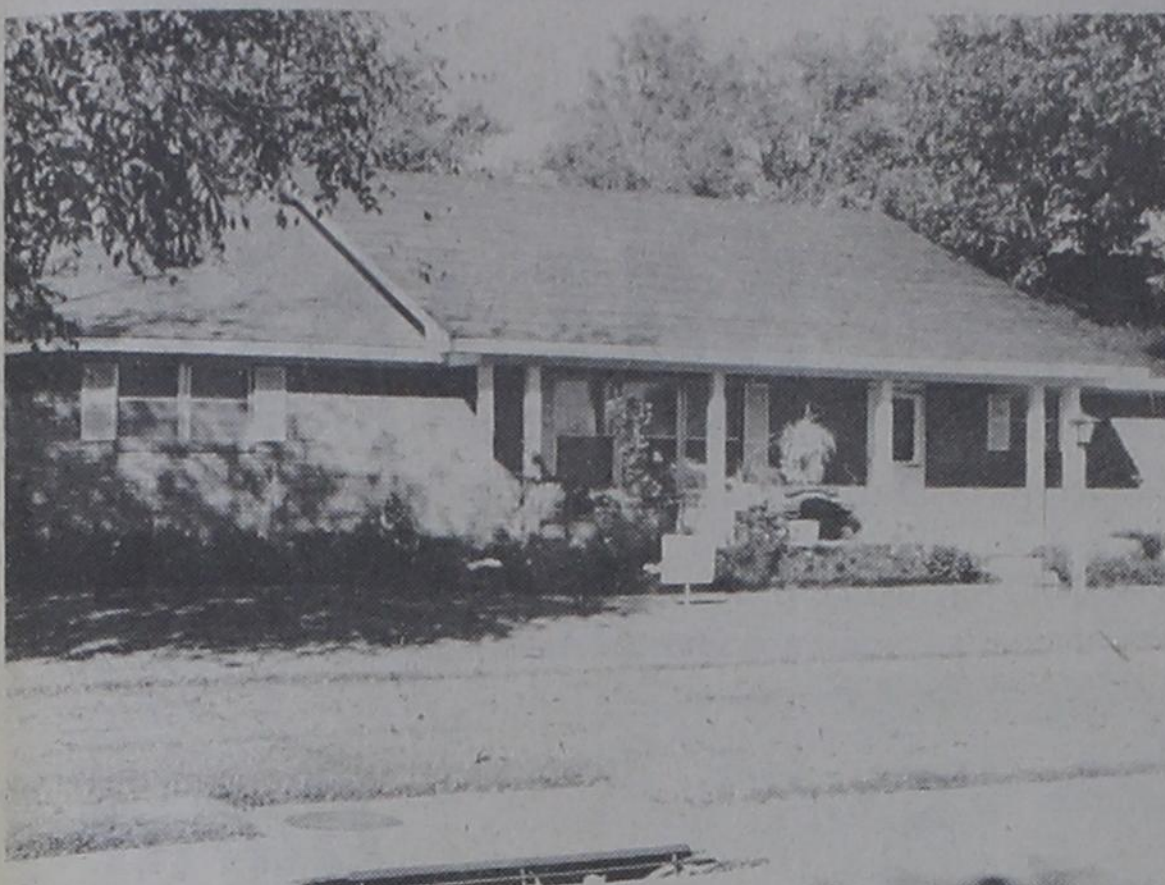

Bennett is especially proud of the fact that he lost no students to failing grades during the first six weeks. "Of 62 students, we are still 100 percent passing," he bragged. "That really shows the effort these young people make, because band is not the only thing they are involved in. They work hard at everything they do."

Munday twirlers Alicia Cook and Angie Offutt received first division ratings on twirling solos and will compete at the state contest. Tonya Kuehler, an eighth grade member of the band, earned a 1 on her junior high level twirling solo.

Twirlers receiving II's were Jenni Bowman, Christi Nelson, and Dixie Reid of the high school band and young high students Brandy Branam, Kim LeFevre and Miss Zeissel. Also participating in the contest were Kammie Haynie and Christy Williams in solos and a high school trio.

government for several years.

Amendment 17 would empower the state legislature, and not the courts, to determine how much liability a city has for each of its activities. Some municipal activities, known as "governmental" activities, are subject to limits of liability. For other activities, known as "proprietary" activities, the city faces unlimited liability.

"This amendment will finally bring some predictability to the municipal insurance marketplace," the mayor said, "because it will allow the legislature to specifically determine which activities are governmental and which are proprietary. I believe that with predictability will come stabilized insurance costs."

Historically in Texas, the courts have decided whether a municipal function was governmental or proprietary. "Each court decision changed the playing field," the mayor said, "and insurance premiums continued to climb, if coverage was available at all."

The mayor noted that premiums for municipal liability insurance have skyrocketed in recent years, and pointed out that taxpayers suffer when municipal insurance rates increase, because taxpayers ultimately pay the premiums. "We

believe that over the long term, Amendment 17 will help hold costs down," the Mayor said.

"Amendment 17 will not allow any city to avoid liability lawsuits," the mayor said, "but it will allow us to plan better for them and to better predict our losses."

The Texas Municipal League, of which the City of Munday is a member, resoundingly endorsed passage of Amendment 17 at the league's annual conference.

**Odessa Women's & Children's Hospital Breast Cancer Detection Unit Available To Area Women**

Call 658-3535 For Appointment

in Munday Thursday, November 5 A Service of Knox County Hospital

According to the American Cancer Society, one out of ten women in the United States will develop breast cancer sometime in her lifetime. It is currently estimated that over 37,000 women die each year as the result of breast cancer.

Ninety percent of breast cancers are diagnosed by women or their physicians finding a lump in the breast. Women who are diagnosed with a lump large enough to feel have a 50 percent five year survival rate. A woman who is diagnosed as having breast cancer by mammography, before a lump can be felt, has a 97% five year survival rate and a 90% 10 year survival rate.

A mammogram can detect a cancer this small, ● even before it can be felt.

Appointment may be made by calling 658-3535

The Mobile Breast Cancer Detection Unit will be in Munday at City Hall parking lot on Thursday, November 5.

The American Cancer Society has established guidelines for mammography in asymptomatic women. (Women who have no symptoms of disease). Those guidelines have been adopted by the American Academy of Family Physicians, American College of Obstetricians and Gynecologists, and The American College of Radiology. Those guidelines are:

- I. 35-40 years of age - One baseline mammogram.
- II. 40-50 years of age - A mammogram every 1-2 years depending on breast type and risk factor.
- III. 50 years of age and over - An annual physical examination and annual mammogram.
- IV. Asymptomatic women under 50 years of age with significant high risk factors

should be examined at appropriate intervals. These risk factors include previous breast cancer and family history of cancer.

V. A symptomatic woman should have a mammogram at any age when she experiences a mass, nipple discharge, skin changes or unexplained breast pain.

A screening mammogram is an x-ray of the breast using extremely low dosages of radiation (usually comparable to dental x-rays) and is designed to find very early cancers.

A female technologist who is highly trained in mammography will perform the examination.

The charge for the screening mammogram is \$50.00. The Unit accepts cash, check, Visa, Mastercard and American Express.

For more information or to make an appointment call 658-3535.

Rain is still needed for the wheat. The wheat that is up needs rain and the wheat that is still in the bin needs rain in the field before sowing. Several have started dry sowing, "dusting in", and will need rain to ring up the wheat. It is hard to believe that a year ago people were looking for weather to dry the fields so they could get in to sow.

Funeral services were held for James Welch, 40, son of Grace Welch and the late Jimmy Welch, at Munday on Thursday morning. Many of those attending the service came far and were as marked by sun and mesquite as James, who grew up on the Divide and cowboied and raded horses all over this part of Texas.

Bob Whitaker died at Chillicothe Saturday night. Funeral services were set for Tuesday afternoon at Chillicothe, with burial at Crowell. He was the son of Jack Whitaker.

John Lowrance celebrated his fourth birthday with a party at the community center Sunday. Highlight of the festivities was the breaking of a pumpkin pinata. Those attending included the honoree, Julie and Adam Welch, Crystal Dishman, David Lowrance and Todd, Kayla and Cody Hudgens of Crowell.

Edwin Jones of Rosewood has been in a serious condition at the hospital in Gilmer, according to his wife, Faye Ryder Jones. They hope to move him to a Dallas hospital this week.

John and Everie Todd of Ft. Worth visited Mrs. Clara Owens Sunday afternoon.

Last week Mrs. Clara Owens visited Mr. and Mrs. Leon Kincaid in Cisco Thursday to Sunday. She also saw her eye doctor while she was there. A Community Halloween party for all the children of Truscott and Gilliland will be held at the Truscott Community Center Thursday night at 6:30 p.m.

Anyone who wants to give treats to the children can either send them to the center for use as game prizes or stuffing the pinata or notify Kathy Lowrance or Charlotte Welch if you want the children to come to your house for treats. They will only

go to houses in Truscott this year and only on request, in an attempt to keep the party short enough for the young party goers. Everyone is invited to come eat hot dogs at 6:30 and see the children in their costumes.

Angie Palacio, Crystal Dishman, Ila Mae Bullion, Gail and Lee Whitley and Shelley Bullion and sons attended the 4-H Awards banquet at Crowell Saturday night.

Paul Bullion and Murry played at the senior citizens fund raiser at Benjamin Saturday night.

June Navaratil has been here for several days clearing out her house at Gilliland. Her son and daughter have also been here helping her. She has sold the house to Dennis and Charlotte Welch who plan to move in sometime this week.

Kyleen Gillespie won the quilt given away by the Twist 'n Tumblers Friday night. It made \$333.00.

Eddie Lowrance has a new young ostrich, one about 4 feet tall. This brings his (what do you call a bunch of ostriches?) collection to five. Covey sounds alright for quail, but it doesn't seem appropriate for these giant birds.

Ila Mae and Paul Bullion spent last week visiting. Between Meridian and Cranfield they visited the Norse Church where Paul's grandparents, Mr. and Mrs. P.G. Iseng, were married. At Thornton they visited Paul's aunt, Mrs. A.B. Iseng, and at Groesbeck they saw his cousin, Catherine Capps and her husband, R.T.

Murry and Shelley Bullion and sons, Marek, Matthew and Carter, spent Friday through Sunday visiting his parents, the Paul Bullions. They attended the homecoming game at Crowell Friday night.

Ila Mae Bullion's cousin, Mary McClurg of Lubbock, visited for a while Saturday afternoon.

The garage sale netted over \$170 for the "Between the Wichitas" publishing bill. The committee is hoping that Christmas sales will be good as they would like to get the publishing debt paid off within the next year and start on funds for historical markers on the Divide.

There was a very good turnout from Crowell for the sale and it was really appreciated. The dealer from Haskell came again and brought several items. One old oak dresser was taken off by a Crowell woman who said she liked old furniture and had told her children that the furniture would be their estate.

Ruby Meers and Jeremy Hutchinson went to Lubbock last week to see Ruby's grandson, Kyle, play football.

## Local United Fund Team Begins 1987 Campaign

The Munday area United Fund drive is underway, with workers concentrating their first big push on local businesses. Moulton Wiggins is drive chairman for this year's campaign, which needs to net enough funds for a reduced \$5,800 budget.

The United Fund benefits nine agencies which originate in or have some impact on Munday. These organizations include the Munday Little League, the Knox County Aging Service Center, the City-County Library, the Headstream Memorial Center in Haskell, the Knox County Child Welfare Board and the Red Cross. This week our public service information spotlights the last three agencies helped by the area United Fund, the Girl Scouts, the Salvation Army and the West Texas Rehabilitation Center.

### GIRL SCOUTS

The cost of providing this program, according to executive director Barbara Brock of the North-Central Girl Scout Council, is \$124.76 per girl. In addition to contributions such as that from the United Fund, the program utilizes funds made from the annual cookie sale.

One Daisy Girl Scout troop is active in Munday at the present time. Leader Eloise Sosa is assisted by Pam Reed in guiding the five members of the troop. Mrs. Sosa said the Munday program is very small because of a lack of adult leaders, and she said that anyone interested in starting another Girl Scout troop could contact her.

The contributions of youth groups such as the Girl Scouts have been well documented throughout the year, and they are generally thought of as great assets to a community.

### SALVATION ARMY

This religious and charitable organization reaches over 500 communities in Texas and can muster and dispatch dozens of emergency disaster vehicles on a few hours notice. Through volunteer Service Unit Committees, the Salvation Army provides clothing, food and fuel for the distressed, emergency relief for disaster victims, meals and lodging for transients, shoes and clothing for children, temporary assistance to families, shelters for homeless children and abused

women and children, a summer camp for youngsters near Midlothian, assistance for parolees and their families, a missing persons referral service, rehabilitation for willing alcoholics and homes for unwed mothers.

Volunteers who administer the program come from all walks of life and share an interest in the spiritual, moral and physical well-being of their fellow citizens. Best known for its "bell-ringers" who collect contributions during the holidays and for its disaster relief services, the Salvation Army stands ready to find ways to meet unusual needs.

### REHAB CENTER

The West Texas Rehabilitation Center is the largest and most comprehensive outpatient center in the state, according to Rehab personnel. Located in Abilene and San Angelo, the center has been serving the handicapped of the southwest without charge for more than 30 years.

Approximately 75 cents of every Rehab dollar comes from gifts, with the balance obtained from contracts and insurance reimbursement. No one in need of rehabilitation services who is referred by a physician or accredited agency is ever turned away, and except for special services in orthotics and audiology, no patient is ever charged for treatment services.

A professional staff of more than 150 persons, including on-site consultants and support personnel, provide a wide range of services, including physical therapy, occupational therapy, speech and language pathology, audiology, neuropsychological evaluation, cognitive rehabilitation, social services, special education classes, orthotics, medical clinics, adaptive appliances, genetic counseling, transportation and work evaluation.

## Castillo-Bruggeman Vows Said In Austin Wedding Mass

On Saturday, October 24, 1987, Brenda Gayle Bruggeman and Henry Castillo exchanged vows in a wedding mass at St. Theresa's Catholic Church in Austin. Officiating at the 7 p.m. mass was Monsignor Edward Jordan. Lector was Judy Whitfield, sister of the bride. Melinda Haynes, also the bride's sister, greeted and registered guests.

The bride is the daughter of Mr. and Mrs. Phillip H. Bruggeman of Rhineland. Mrs. Dolores Castillo and the late Vincente Castillo of Lockhart are parents of the groom.

The bride, escorted by her father, wore a formal white gown overlaid with chiffonet featuring long Elizabethan sleeves of chiffonet and re-embroidered lace. The lace-encrusted bodice was designed with an illusion inset at the neckline which extended to a scalloped beaded lace collar. The cathedral train, layered with baby-ruffled re-embroidered lace and ornamented with three satin bows, flowed from a basque waistline of Venise lace. The skirt front was scattered with lace medallions detailed with beaded embroidery. The bride chose to wear a white satin hat accented with white silk flowers and elbow-length white net veiling fastened by a single white silk rose. She carried a cascade of fresh sonia roses and alstroemeria, white larkspur and carnations with trailing English ivy.

The tradition of something old, something new, something borrowed and something blue was carried out in the old pair of pearl earrings worn by the bride, her new wedding dress, a borrowed petticoat and a blue handmade garter.

Serving as maid of honor was the bride's sister, Nelda Bruggeman of Austin. Bridesmaids were Mrs. Bar-

MRS. HENRY CASTILLO  
formerly Brenda Bruggeman

bara Hansen of Wichita Falls and Mrs. Pam Lenart of Austin. The attendants wore identical coral teal-length gowns featuring strapless bodices accented with ruffles and fitted cummerbunds around full gathered skirts. Matching long-sleeved lace jackets and white shoes completed their ensembles. They wore haircombs with varying arrangements of coral and white silk flowers and carried bouquets of sonia roses, white carnations and baby's breath with white and coral streamers.

Steve Reed of Austin was best man, and groomsmen were Dennis Neller of Austin and Greg Brunk of

Hurst. Ushering guests were Vern Larson and James Spralding of Austin, Terry Branson of Plano and Michael Harrison of Maynard, Ma.

The groom chose a charcoal grey classic cut-away tuxedo with pin-striped black and charcoal pants, a white shirt, light grey vest and pale grey and black striped ascot. A fresh sonia rose, like those in the bride's bouquet, was worn in his lapel. His attendants wore identical tuxedos like the groom's with dark grey and black striped ascots. Their boutonnières were of silk sonia roses and baby's breath.

The bride's mother wore a long-sleeved dress in rose pink with beige

shoes, and the groom's mother chose an ivory long-sleeved dress with matching shoes. Both wore corsages featuring three pink silk orchids with baby's breath.

A floral arrangement of sonia roses and white carnations decorated the nuptial area in front of the altar. Wedding music included *Ave Maria* and *The Call* sung by Barbara Ballard. Mary Robbins was pianist.

A reception was held at Stouffer Austin hotel. Serving the bridal cake and punch were Pat Moore of Austin and Pat Walters of Wash, Pennsylvania. Kim Peterson of Claremore, Oklahoma, niece of the bride, served the groom's cake. A buffet dinner and dance followed the reception.

The bride, a graduate of Munday High School and Midwestern State University, is a dental hygienist for Dr. Danny Cox, DDS. The groom graduated from Lockhart High School and attended Southwest Texas State University and the University of Texas. He is a design engineer for Tandem Computers.

After a wedding trip to Cancun, the couple will live in Austin.

## ★ Weinert News ★

By Mrs. Myrtle Phemister

I don't need to mention to you how pleasant and beautiful the autumn days have been. We had a slight shower of rain, which cleared the air of some dust, and we are in need of more rain.

The cotton is being harvested, and the wheat is looking good, except for lack of moisture.

We will be singing "Happy Birthday" this week to little Angela Hager, Walter Patton, Kerri Urbanczyk, Tina Briscoe and Tandy J. Yates.

Congratulations are offered to Bennie and Robert Haran Jr., who are celebrating a wedding anniversary.

Marvin Phemister was feted with so many parties as he celebrated his 74th that he will be hard to live with (or play dominoes against!).

His sister, Edith and Richard Daws, took him to lunch on Friday with another sister, Retih and Coy Keahey of Rule, meeting them at Glenn's in Haskell.

On Saturday, R.S. and Betty Sanders hosted a lunch at the Shamrock in Munday for Marvin, Myrtle, Eddie and Myrnie Sanders, Alton and Mildred Sanders of Weinert, and Terry and Beth Sanders, Kerri and David, of Abilene, were special guests also.

Mr. and Mrs. Randy Phemister of Haskell, Dacia, Joseph, Deshea and Geoffry, hosted a family birthday dinner in their home on Saturday night, with special guests being all those who celebrated birthdays in October. Others present were Mr. and Mrs. Wayne Phemister, Lee, Lincoln and Laura, of Avoca, and Ricky of Haskell.

Bud and Lucile Offutt have returned from a week's tour of Texas, with destination Corpus Christi. They were accompanied on their vacation by their son, Wayne and Shirley Offutt of Wichita Falls. In their absence, Eddie and Myrnie Sanders had the privilege of sitting with the Offutt's children in Wichita.

J.E. Jetton was honored at a retirement dinner hosted by the city council members at Glenn's in Haskell on October 20.

Invocation was given by Erlinda Mayfield, and a plaque engraved with an inscription honoring Mr. Jetton for his 22 years as Mayor of Weinert was presented by Hal

Guess, city secretary.

Those who are presently serving on the city council, and present at the dinner, included Mayor Pro-tem Ed Murphy, Lester Hutchinson, Melvin (Scooney) Vojkufka, Donald Griffith and Tiffen Mayfield.

Mary Murphy was photographer at the event, and wives of the other councilmen were special guests, also.

R.S. Sanders gave his testimonial of God's healing power in his life at the Sunday night service at First Baptist Church.

Mr. and Mrs. Julian Estrada with Mrs. Angie Costello and Amy were delegates to the annual Catechetical Conference held at Lubbock on Saturday, October 24. On Saturday, October 31, the ladies will be in Snyder with others from this area for the annual Catholic Deonery Convention of Catholic Women.

The UIL representatives from area schools met at the Weinert High School on Wednesday night for an organizational meeting. Rochester school will host the UIL events this school year. Refreshments were served by Wayne and Linda Phemister, representing the Lueders-Avoca school.

The Weinert gym will be the scene for the annual harvest festival on Saturday night, October 31. There will be plenty of food and fun, and everyone is invited to be present. Events start at 7 p.m.

The board of directors of the Weinert Cemetery Association met in the home of Myrtle Phemister for a called meeting on October 25. Those present for the business meeting were Robert Horan Jr., president; Eddie Sanders, vice-president; Ronnie Alexander and Tiffen Mayfield. The resignations of Joe Yates and Hugh Miller were accepted and Johnny Earp and Elmer Adams were elected to replace them on the board.

The fifth and sixth grade classes, with Deena Hacker as teacher, hosted a dental hygiene workshop on Tuesday, October 20, at the Weinert school. Derinda Larned of Wichita Falls, with two of her co-workers, gave the demonstration and lectures. After her presentation, they visited briefly with Derinda's parents, Donald and Gracie Griffiths.

We regret the loss of another young couple to a larger city. Mr. and Mrs. David Boling and their young daughter have moved to Knox City where he has accepted a job with a drilling crew. David's brother, Douglas, has also moved to Knox City, and is working with the same crew.

We regret also that Roy Herricks is hospitalized in the Stamford hospital with a serious heart problem. He will be transferred to Lubbock Methodist soon. While he is away, Bunt's sisters, Jessie Couch, Phoebe Stout and Jeffie, are helping Dianne

Carroll care for Bunt. We pray for his speedy recovery.

Ted and Faye Jetton were in Amarillo Friday to visit Faye's brother, Dan and Nora McMillen.

Dale and Doris Carroll, Denise and Dianne, were in Megargel Sunday to visit their daughter, Darlene and Kerry Therwhanger.

Ricky and Linda Wade and Taylor, were in Weinert for the weekend. On Saturday they traveled to Wichita Falls where Ricky's volleyball team was involved in a tournament, and came home with the first-place trophy. Alice and Toby Yates accompanied them to Wichita.

Evelyn and Carl Ellington were down from Muleshoe to visit her mother, Bertie Alexander.

Donnie King has been ill and is in Lubbock at this time for tests.

The Weinert Baptist ladies enjoyed a good attendance at the foreign food fare on Monday night. Each lady came dressed in a costume depicting a woman of the Bible.

On Monday, November 2, Weinert Baptist Church will host the Haskell - Knox Associational meeting of WMU with a day of prayer, beginning at 9 a.m. Betty Sanders will be in charge of the program.

Jean Forehand hosted a love-gift party in her home on Monday, October 26, for little Caleb James Hudgens, infant son of Doneta and Jerry Don Hudgens. Other hostesses included Vicki and Linda Adams, Betty Raynes, Brenda Hager, Debbie Crump, Kim Stewart, Rosa Perez and Shelia Castorena, two of Doneta's special ed students.

Ricky and Karen Harlan, Jeremy and Lindsey, Mr. and Mrs. Johnny Earp and Johnny III were in San Angelo for Angelo State's homecoming, and were guests of Kelly Earp, a student at the university. They savored the defeat of the ACU Wildcats, as Kelly's friend plays on the Angelo team.

Kregg Sanders was home from Denton for a visit with his parents and other relatives.

Donnie Crump, pastor of First Baptist Church, attended the Bible study and pastor's conference at Southwestern Seminary in Fort Worth last week and reported a spiritual renewal.

### Farabee Receives Public Policy Award

Senator Ray Farabee received the annual Public Policy Award given by the Texas Association of Community Health Centers this week in recognition of his work to improve the availability of health care for all Texans.

"Health care availability is a major issue for all of us," said Farabee, "and I am pleased to be recognized by the Texas Association of Community Health Centers."

In his acceptance speech Farabee highlighted the four major issues in health care he anticipates the state will be facing during the next biennium:

- \*Medical liability and its serious impact on the cost of health care in smaller communities;
- \*Medical ethics issues and his recent work in making organ donation more available;
- \*The problem of workers' compensation; and
- \*The allocation of health care resources for older citizens and children who are uninsured.

Farabee expressed special concern over the growing number of doctors who cannot deliver babies in rural areas because of the high cost of malpractice insurance premiums. He also noted the need for the state to explore solutions to the AIDS crisis before it bankrupts our health care financing system.

## Get Social Security Numbers For Income Tax Dependents

"People who intend to list dependents age 5 and older on their 1987 Federal tax returns must show Social Security numbers for those dependents," Frances Braden, Social Security representative in Vernon said. This is required by the Tax Reform Act of 1986.

"We urge people to apply now for these numbers while there is more than ample time," Braden said. "If they wait until 1988, they may find that the process takes longer due to heavier workloads, and they would be unable to file their tax returns early."

A person can apply for a Social Security number at any Social Security office. Persons 18 or older must apply for a Social Security number in person.

"But, parents applying for children can do so by mail," Braden said. "In fact, they can start the ap-

plication process by phone. Or, if they prefer, they can make an appointment."

"When a person applies, they will need evidence of age, U.S. citizenship or lawful alien status, and identity," Braden stated. If a person was born in the U.S., usually an original or certified copy of a public record of birth established before age 5 can be used as evidence of both age and citizenship. For children, school, medical, or day care records can be used for identity.

"Approximately two-thirds of all young people already have Social Security numbers," Braden said, "and they will not have to reapply."

For more information about applying for a Social Security number, people can call 552-9346.

### Garden Club Meeting Planned

A plant exchange and a slide presentation of flowers will be the major activities at the monthly meeting of the Munday Garden Club, which has been set for 2 p.m. Tuesday, November 3, at the home of Sara Offutt.

Those attending are asked to bring extra bulbs, seeds or plants to be exchanged. The program will center around a slide showing of flowers found here and elsewhere.

Both members and guests are cordially invited to attend.

### LOCAL

Elaine Gulley, Ruth Griffith and Cotton and Marie Smith visited their sister and husband, Micky and Andy Habib, in Corpus Christi, recently. Other visitors in the Habib home were Melvin and Frances Bridgewater of Hurst and Elizabeth Bodiford of Springtown.

### Welch Rites Held At Local Cemetery

James Martin Welch, 40, died Tuesday, October 20, at his home in Gilliland. Graveside rites were held at 11 a.m. Thursday, October 22, at Johnson Memorial Cemetery in Munday with A.B. Martin Jr. of Red Springs, a Church of Christ minister, officiating. McCauley-Smith Funeral Home of Munday was in charge of arrangements.

A lifetime resident of the county, Welch was born December 9, 1946, in Knox City. He was a 1965 graduate of Munday High School and was engaged in farming and ranching in the Gilliland area.

He is survived by Rose Anne Riggs of Gilliland; his mother, Grace Welch of Knox City; one sister and brother-in-law, Juanita and Bob Killian of Lubbock; and one nephew, Kerry Killian of Lubbock.

Callbearers were Bob Gillespie, Johnny Hunter, Randy Reed, Jackie Brown, John Hendrix, Cyle Carver, Bob Brown and Lawrence New.

## The Lord's Corner

by Dr. Pete Bradford  
Pastor, First Baptist Church

### SAY, HOW DO YOU GIVE TO YOUR CHURCH?

Some witty person once said there are three kinds of givers - the flint, the sponge, and the honeycomb. To get anything out of the flint you must hammer and hammer it, and then you only get chips and sparks.

To get water out of the sponge you must squeeze it, and the more you squeeze, the more you get. But the honeycomb just overflows with

its own sweetness.

Some people are stingy and hard; they give nothing away if they can help it. Others are good-natured; they yield to pressure, and the more they get pressed, the more they will give. A few delight in giving without being asked at all, and of these the Bible says, "The Lord loveth a cheerful giver."

See you next week, and remember: Satan is never too busy to rock the cradle of a sleeping Christian.

Information on educational programs scheduled for 1988 and 4-H programs will be available. The latest Extension computer programs will also be demonstrated.

The program council invites everyone to come by and visit and learn more about Extension programs in Knox County.

**Goree Methodists Schedule Revival**

A revival will be held at the First United Methodist Church in Goree on Sunday, Monday and Tuesday, November 1-3. Services will be at 6 p.m. each evening, according to Rev. Russ Byard, pastor.

Rev. Bill Fitzgerald will deliver the message each night, and on Monday night he will also show slides from his work in Nigeria. Rev. Fitzgerald, who is no stranger to local residents, has been a missionary in Nigeria for nine years and is currently on a leave of absence working for the Global Board of Missionaries of the United Methodist Church, stationed in Abilene. He has been highly supported by congregations of various faiths in the Munday area.

Special music will be a part of the revival as well. The featured singer on Sunday night will be Hester Washington of Abilene, a former Goree resident and a student in Goree schools when her father was pastor at the Church of God in Christ. Singing on Monday night will be Gloria Dena of Munday, the former Gloria Arismendez, and who is also a former Goree-ite. Tuesday evening's music will be provided by some of the Goree kindergarten students of Christy Gannaway.

Everyone in the area is invited to attend these special services of worship and music.

**Weinert School To Sponsor Carnival**

A Halloween harvest festival has been set for 7 p.m. Saturday, October 31, in the Weinert school gym.

Game booths for the entire family will include pasture pool, bingo, dart balloon throw, basketball throw, pumpkin patch, pumpkin shoot, pan for gold, pumpkin toss, dominoes and dangerous driving, among others. The senior class will serve hamburgers and other concessions, and everyone is invited to join in the fun.

**BALL GAME NEWS**

It was a good game till the end Friday night with Benjamin remaining undefeated in district as they beat Goree 40-32 (A detailed account of the game appears elsewhere in the paper.) But it was a hard-fought battle and both teams are to be commended for their efforts. Members of the Mighty Mustang football squad are Jeff Pierce, Buster Redwine, Phil Boone, Kemp Jones, Jody Stone, Jeff Conner, Lanham Jones and Frederick Redder. A might enthusiastic pep club led by Kim Cash, Rebekah Duke, Christi Whitten and Sandra Bolonos is always on hand to cheer the boys on, and lots of fans are always there to wish them well. This week they travel to Rochester for a meeting with the Steers.

**Good Luck Mustangs! FUND RAISER SUCCESSFUL**

The county-wide fun raiser - musical and cake walk - held Saturday night here in the Memorial Building was successful, according to Jimmie Klutts, local coordinator. Somewhere in the neighborhood of \$600 was raised and Mrs. Klutts expressed her very deep appreciation to everyone who had any part in helping make it as successful as it was. As we always say, it takes everyone doing something to put this type of thing together and thanks again!

**NOTICE:** It is pathetic to pay thousands of dollars for cars, trucks and tractors and have them wear out in 100,000 miles or less... Low cost modifications from bumper to bumper will about double the life and have less servicing cost. These modifications are great for any machine and can be swapped on your next purchase. ## It's A Girl!

I got here just a little too late to lead the cheers at homecoming, but you can bet I'll be yelling for Goree by the time another one rolls around! Who knows - I might just follow in the footsteps of some of my relatives and be a famous Goree Wildcat!

I'm Kayla Marie Gray, and I hit the field at 7:32 p.m. Sunday, October 18, 1987, at the Wichita General Hospital. I weighed in at 8 pounds, 12 ounces before they gave me my shoulder pads and helmet, and I measured 21 inches long - but wait till I get my cleats!

I know I'll be the center of attention since I come from such a small family. My proud parents are Karen and Terry Gray, and my grandparents are Mr. and Mrs. Joey Gray of Seymour and Mr. and Mrs. Louis Urbanczyk of Goree. Mrs. Anna Urbanczyk and Mrs. Johnnie Gray of Munday and Mr. and Mrs. Felton Jackson of Goree are my great-grandparents, and I have just a few dozen other close relatives who will want to help me get whatever my little heart desires!

## It's A Girl!

Mr. and Mrs. Nolan Morgan of Austin are proud to announce the arrival of a baby girl, Anna Elannor Taylor Morgan, at 7 a.m. Friday, October 23, weighing 7 pounds.

Her proud grandmothers are Mrs. Lala Morgan of Munday and Mrs. Jane Green of Abilene, and little Anna has lots of other relatives in Munday.

**FOR SALE:** Close to Munday on Rhineland Highway. Beautiful country home of Joe and Jessie Roberts with or without 70+ acres of good farm land. This 3 bedroom, 2 bath rock home has approximately 2600 square feet of living area nestled in among 20 pecan trees. Large 2 car garage. Producing oil royalties are negotiable. Shown by appointment only by David Counts.

## Letter To The Editor

To All Concerned:  
I am closing my medical practice here on November 8, 1987. It was not an easy decision to make, but I have to accept this new challenge in my career as well as for my professional advancement.

I would like to express my sincere thanks to all my patients; to all the nurses, especially to Mabel Chaney, whom I admire for her ardent dedication to her job; to all members of the hospital board; all hospital staff; and my office staff.

My husband, Joe, and my son, Ivan, join me in thanking all our friends and neighbors who have been very nice and wonderful to us.

Sincerely,  
Shirley Barretto, M.D.  
and family

## Senior Citizens Close Singing Year

The last Munday Senior Citizens singing of the year was held Thursday at the Community Center with approximately 24 singers present, including several from Goree.

Thanks were expressed to Mr. and Mrs. Clyde Williams and Mr. and Mrs. M. Pickering of Haskell for their participation, to Leona Elliott and Eunice Raynes for piano accompaniment and to No'lan Phillips for the various duties he performs.

The monthly gospel singings will resume in the spring.

This is the last in a series of informational columns on the constitutional amendments and referendum proposals which Texas voters will consider on November 3. This column highlights the two referendum issues which will appear at the end of the ballot. Be sure to exercise your right to vote on these important issues November 3.

**Referendum No. 1: "The State Board of Education shall be composed of members who are appointed from districts instead of elected, with equal representation from throughout the State of Texas."**

Well, H. Ross Perot is back again, telling us common folks how we should run our public schools. The State Board of Education, as part of HB 72, is scheduled to become an elected board with the 1988 elections. H. Ross thinks an elected board is a mistake, because he can pick a better Board of Education than you can.

This referendum proposition will cancel the scheduled election of the board next year, making the appointed board permanent. The current elected system would have the voters choose 15 SBOE members for staggered four-year terms which would begin in 1989. The Legislature never intended to install a permanent appointed board. HB 72 explicitly said that the appointed panel was a temporary measure to coincide with other school reforms. If you defeat this referendum proposal, the elected board will occur as scheduled with the 1988 elections.

**Referendum No. 2: "The legalization of pari-mutuel wagering under the Texas Racing Act on a county-by-county local option basis."**

This is your choice to decide this controversial issue directly at the ballot box. As you know, this proposition would allow gambling on horse and greyhound racing in Texas. Racing permits would be issued only after approval by local voters in the county where the track would be located.

The racing law would allow no more than three greyhound tracks. If approved by local voters, these would be located in Galveston, Corpus Christi, and Brownsville. For horse racing, three levels of tracks would be authorized by the Texas Racing Act. There would be no more than four "Class-1" tracks in the state. These major racetracks would be located in Dallas, Houston, San Antonio, and Fort Worth-Arlington. The secondary "Class-2" tracks are restricted to 44 race days each year, except for Class-2 tracks located in a national historic district (no limit on race days). The "Class-3" tracks would be operated by a county or nonprofit fair, and could not have more than 16 race days each year. There is no limit on the number of Class-2 and Class-3 horseracing tracks.

Supporters say horse racing would boost the economic development of the state and provide badly needed revenue to the state. Supporters assert that more than 20,000 Texas jobs will be created by this new industry. Opponents say that legalized gambling will lure organized crime to Texas. The opponents fear that the long-term harm of increased criminal activity far outweighs any benefits which might be derived from legalized racing.

You know where you stand on this topic. The fate of this controversial issue will be decided by you, the voter.

## THANK YOU

A very special Thank You to our friends, neighbors and relatives who helped us through a trying time of our lives when our baby Justin, had to be rushed from Knox County Hospital by Care Flight to Cooks Children's Hospital in Fort Worth. We would especially like to thank Father Bob Strittmatter for coming to the hospital before transporting Justin to Fort Worth.
