## Annual Rolling Plains PCA Meetings Set For This Week

Rolling Plains Production Credit Association's 54th annual stockholders meetings will be held April 8 at the Childress city auditorium and April 9 at the VIP Center in Stamford. Registration will begin at 9:30 a.m. both days, with meetings set for 10 a.m. Briarstone Manor of Abilene will cater noon barbecues to be served after each session.

Speaker for the 1988 annual meeting is humorist P. Brantly 'Preacher Knight, a well-known after dinner speaker on the topic of cowboy credit and farm lending. A retired national bank examiner, he now ranches in Bosque County.

A director representing the Spur branch office will be elected during the business portion of the meeting. Director W.H. Williams chose not to place his name in nomination for this position again; new nominees for

the post are Mac Driggers of Spur and Lance Morris of Crosbyton.

Rolling Plains PCA is one of 23 member-owned Production Credit Associations in Texas. Collectively they serve approximately 11,200 of the state's agricultural producers. Last year almost 743 million was loaned through Texas PCA's. Rolling Plains PCA is part of the nationwide Farm Credit System, providing over \$52 billion in loans to America's farmers, ranchers and ag-related businesses.

During 1987, Rolling Plains Production Credit Association loaned more than \$79 million to approximately 800 member-borrowers in Briscoe, Childress, Collingsworth, Cottle, Dickens, Donley, Foard, Hall, Hardeman, Haskell, Jones, Kent, King, Knox, Motley, Shackelford and Stonewall counties.

**NEW JUSTICE OF THE PEACE:** Truman Cypert, left, of Munday was sworn in as Justice of the Peace in Precinct 4, Knox County, last week by county judge David Perdue. A longtime local resident, Cypert was appointed by the commissioners court to replace former JP John Phillips, who recently resigned. The new judge was chosen from a small field of applicants for the position and began his duties April 1.

## Uniform Planting Date Is Selected By Cotton Growers

Cotton producers voted on a selection of dates and chose May 16 as this year's uniform cotton planting date in Knox County at a meeting held Monday night at the Knights of Columbus hall in Rhineland. The meeting and supper were sponsored by the Knox County Boll Weevil Association.

Extension Service entomologist Emory Boring of Vernon and Dr. Jeff Slosser, a research professor at the Vernon-Chillicothe research station, spoke to the audience on the boll weevil outlook for 1988 and about the importance of a uniform planting date.

The producers were given several planting date choices in May, and 55 percent voted, by secret ballot, on the May 16 date. The uniform cotton planting date is followed by most cotton producers in the area in a joint effort to reduce boll weevil damage to the crop.

Stanley White of Stephenville catered a fish fry supper for the producers and guests and presented an entertaining program.

Maynard Moore, representing the Boll Weevil Association, was in charge of the meeting.

## April 12 Deadline For Hospital Race

Persons who are interested in running for a seat on the Knox County Hospital Board of trustees have until April 12 to file for election. Anyone applying for this election must submit a petition with names of 25 registered voters in the hospital district before their name can be placed on the ballot, and age and residence requirements can be learned by calling hospital administrator D.L. Stout.

Incumbents Vernal Zeissel of Munday and Jerry Williams of Knox City have both submitted the necessary paperwork to file for their positions. Petitions will be accepted at the administrator's office until Tuesday, April 12.

The hospital board election will take place May 7 along with city and school elections. In person absentee voting for the hospital race begins April 18.

## FFA Judging Teams In Area Contest

Members of the Munday Future Farmers of America chapter participated in the area judging contest in Stephenville this week. All the judging teams were made up of freshmen and sophomore students.

Competing in the land judging contest were Jerry Valencia, Jerry Branam and Andrew Serrato. Dwayne Redder, Joe Hernandez, Tony Hunter and Jessie Hernandez were on the dairy cattle judging team, and livestock judging was done by Jason Brown, David Wilde and Jon Smith.

Results of the contest will be published next week.

## Vote! Important Runoff Election Set Tuesday

Knox County voters are urged to cast their ballots in the Tuesday, April 12 runoff elections. Both Democratic and Republican parties are offering voters choices in various races.

On the Democratic ticket, the one local race to be decided is that of district attorney for the 50th Judicial District. Voters in Knox, Baylor, King and Cottle counties will decide between Chad Williams of Seymour and Larry Evans of Paducah for this post. The winner will run unopposed in the November general election. Voters will also choose between William L. 'Bill' Hudson and Charles E. McDonald for the district 14 seat on the state board of education.

All Democrats in Munday and in the Sunset community will vote in one consolidated box at the Munday City Hall. In Knox County, voters in both precincts will cast their ballots at the Knox County Aging Services Center, and all other Democratic boxes in the county will be in the same locations as in the primary.

More races are featured on the

Republican ballot. The most prominent pits U.S. Representative Beau Boulter of Amarillo against Houston billboard magnate Wes Gilbreath for the GOP nomination for U.S. senator. The winners will face incumbent Democrat Lloyd Bentsen in November. Another contest which has drawn a great deal of interest is that of U.S. representative for District 13, the seat Boulter gave up to run for the senate. Bob Price and Larry Milner are vying for this nomination, and the victor will campaign against Democrat Bill Sarpalus in the general election. All the candidates are from the Panhandle area.

Other GOP runoff choices are Ed Emmett or P.S. 'Sam' Ervin for railroad commissioner and Nathan Hecht or Ronald S. Block for place 2 on the Texas Supreme Court.

With no other information available, it is presumed that Republican voting boxes will be available in Munday, Knox City and Truscott as they were in the March primary. All the polls will be open from 7 a.m. to 7 p.m.

## Local Police Searching For Weekend Vandals

Vandals destroyed a green at the Lake Creek Golf Course last weekend and, in an apparently related incident, caused an FFA hog to be killed. Local law enforcement officials say suspects are being considered and as of Tuesday morning, police chief Henry Dancer said arrests were pending.

The spree began in the early hours Saturday, when a motor vehicle gained entrance to the golf course and cut circles on two greens. One hole was completely destroyed and will have to be replaced. Damage estimate is approximately \$1,000, according to club official Louis Wise.

The perpetrator(s) then traveled to the Munday Future Farmers of America ag farm, where a gate was opened and several hogs were let out. The vehicle apparently chased the animals in the field and on the highway, causing severe injuries to one, which had to be destroyed. Three others suffered numerous cuts and abrasions but should sustain no lasting damage.

## Microwave Cooking School Scheduled

A program on microwave cookery will be presented at 5 p.m. Thursday, April 14, at the Munday West Texas Utilities office by Lisa Hoff, WTU home economist. The cooking class is free and refreshments will be served.

In conjunction with the program, an appliance update will be sponsored by the Knox County home economics advisory committee. Information on the wok, electric skillet and food processor and recipes for using these appliances will be provided.

All persons interested in cooking are invited to attend.

## Public Service Announcement

A representative of the Vernon Social Security office will be at the Munday City Hall from 9:30 until 11:30 a.m. on Wednesday, April 13, to assist local citizens in applying for Social Security retirement, disability, survivors, Medicare or Supplemental Security Income benefits.

## Senior Citizens Schedule Singing Nights, Luncheon

The Senior Citizens have scheduled singing nights for every fourth Thursday of each month until the end of the year.

The regular covered dish lunch-

eon will be held at 10:30 a.m. Thursday, April 7. All senior citizens are invited to attend the luncheon as well as all singing nights.

## ATTENTION PARENTS!

The Munday Little League and Pee Wee League will be having an organizational meeting on Tuesday, April 12, at 8 p.m. at the Munday Fire Hall. It is imperative that all interested persons attend this very important meeting. Topics to be discussed will include fund raising projects, equipment needs, game schedule, senior league baseball program, committee assignments, baseball park maintenance and entry fees. If you have a child who will be participating in this year's program please attend.

## IN SATURDAY MEET

## Absences, Illness Plague Track Teams

Prolonged bouts of flu and virus which have cut deeply into attendance records in the Munday school system had an equally strong effect on the Moguls' and Mogulettes' performances in track meets last weekend.

The girls failed to win their meet for the first time this year, placing second at Breckenridge with 69 points behind Haskell's 95. The Moguls finished a dismal eighth in the Buckaroos Relays with only 28 points. Top girls' star Mindy Myers ran only on a relay and high jumped because of weakness left by the illness, and the boys' team was missing the services of freshmen Terry and Perry Collier, who also fell victim to the virus, and Anthony Stinnett, who had committed himself to be in a wedding Saturday.

"We did real well, considering," commented Mogulette coach Gina Farmer. "It was a good meet with lots of teams, and if we had been healthy I have no doubt we would have won. I feel we were very successful to finish second with so many of the girls out or running sick."

Robin Reneau cut her 3200 meter run time down drastically, running only a second slower than her time at the state meet last spring. April Offutt improved her time in the quarter mile, and Kathy Wilde performed to her usual level of consistency in the hurdles and triple jump, so there were some bright spots in the girls' performances.

The Moguls saw a few shining moments, too, as Lowell Hutchens bettered his distance in the shot put and Trey Thompson trimmed over a second off his 800 meter run time. But those were about the only points mustered by the reduced team.

"It was a shame we could do so little," said coach Jim Edwards. "There were a lot of people there watching us. But this flu just lingers on and the kids are having a real

hard time recuperating."

The Mogulettes will travel to Amarillo Friday for a big meet in which they will compete in a division with Class A, 2-A and 3-A varsity teams and Class 4-A and 5-A junior varsities. The Moguls expect to regain their momentum at the Panther Relays in Seymour Saturday.

Results of the Breckenridge meet follow.

## Weinert Clubwomen Hear About Dietary Guidelines

Weinert Extension Homemakers  
club met in the home of Alice Yates  
for the regular monthly meeting.  
The day was changed to Monday,  
April 4, because of conflicting  
schedules.

As a part of hostess duties, each  
hostess is responsible for the devo-  
tion for the day, and Mrs. Yates  
used the TEHA Creed for the  
opening exercise and the club mem-  
bers said the TEHA prayer in un-  
ison.

Roll call was answered by "What  
I do to Relax." Answers included  
reading, painting, "setting", a hot  
bath and taking a nap. Nine mem-  
bers and one guest answered roll  
call.

The secretary read a thank you  
note from Delores Medford for the  
part the Weinert club played in  
making the tri-county rally day a  
success.

Mrs. Yates gave the council  
report. She urged each member to  
attend the district TEHA meeting to  
be held in Vernon on April 12.  
Delegates elected to the meeting are  
Francis Fischer, Reatha Mullins and  
Betty Sanders. Faye Jetton and Kay  
Smith will serve as alternates.

The council voted to donate \$5.00  
annually to the state scholarship  
fund, and to donate money left over  
from rally day registrations to Coins  
for Friendship, which supports  
Girls Town.

The Weinert club will host the  
council on April 20. The committee  
will be Faye Jetton and Alice Yates.

In the program entitled "How to  
make the dietary guidelines work  
for you," Mrs. Lou Gilley, agent,  
gave an informative program on  
fiber and sodium in the diet. She  
gave a test quiz about fiber, and  
then distributed some handouts that  
provided needed information to  
assure we receive enough fiber in  
our diet. Highest on the list was  
kidney beans, all-bran, dried peas,  
dried apricots and baked beans. The  
lowest in fiber would be the milk

## Junior High Tracksters Fare Well At Seymour

Despite the illness that has weak-  
ened their ranks, the eighth grade  
Mogulettes took a big victory in  
their division of the Panther Pride  
Relays last week in Seymour. Munday  
defeated the host team by a  
margin of 160 points to 121.

The seventh grade boys' team  
narrowly missed gaining another  
win, placing second in their division  
with 165 points. Haskell racked up  
170 points to edge the Braves.  
Seymour placed third with 120.

The seventh grade girls and eighth  
grade boys brought up the rear in  
their bracket of the five-team meet.

These teams will journey to  
Aspermont on Thursday (today),  
April 7, for the district junior high  
meet.

Munday's results of the Panther  
Relays follow.

## Congressman Beau Boulter Reports from Washington

### Whose Civil Rights?

The House of Representatives and the Senate recently voted to over-  
ride the President's veto of the Civil Rights Restoration Act. What is this  
bill? What are the long-term implications of Senator Edward Kennedy's  
legislation and whose civil rights are being restored?

The purpose of Senator Kennedy's bill is to extend federal civil rights  
laws to cover not only the programs receiving federal aid within an insti-  
tution but all of the institution's services. The Civil Rights Restoration  
Act would greatly expand federal control in all types of institutions which  
receive direct or indirect federal aid by binding all of their branches to  
federal provisions regulating sex, handicap, race and age "discrimination."

Let's take a look at the potential impact of this legislation.

For the first time, churches and synagogues will be subject to federal  
regulatory control. Only Title IX of the 1972 Education Amendments Act  
allows a waiver for religiously "controlled" schools. The other civil rights  
statutes included in the bill do not provide for exclusions for religious  
institutions, and would therefore force entire churches to comply with  
anti-discriminatory regulations should they operate one federally-assisted  
program or activity.

How helpful is the waiver provision in Title IX? Proponents of this  
bill argue that any religious institution receiving federal educational dollars  
can apply for a waiver from compliance with the Title IX anti-discrimina-  
tory regulations. The problem with this argument is that only institu-  
tions legally "controlled by a religious organization" will be exempt from  
those Title IX provisions which contradict the institution's religious tenets.  
The following Texas colleges that are religiously-affiliated—but not reli-  
giously "controlled"—asked for waivers and did not receive them: Dallas  
Theological Seminary, Lubbock Christian College, University of Dallas,  
Southwestern Assemblies of God College and Concordia Lutheran College.

Implementation of this legislation will also mean that religiously-  
affiliated schools that receive no federal aid, but whose students do, could  
be forced to achieve a "racial balance" through a quota system when  
the federal government applies an "effects test." This test could deter-  
mine whether or not the institution in question has any practices which  
cause "discriminatory effects"—even if the institution's intent is not to  
discriminate. The extension of the "effects test" to the private sector could  
result in affirmative action plans affecting grocery stores that accept food  
stamps, farms that get federal price supports in future programs, insur-  
ance companies that administer Medicare or Medicaid... the list is endless.

According to William Bradford Reynolds, Assistant Attorney General,  
the purpose of this bill is "to use the overturning of Grove City as a vehicle  
for expanding to the fullest extent possible the reach and role of the federal  
bureaucracy into every facet of the public and private affairs of all our citizens."

I am certainly against discrimination of the disabled, of women, of  
minorities and of the elderly. However, it is my strong opinion that long-  
established and dear liberties exercised by many of our churches, private  
colleges and hospitals will be sacrificed so that bureaucratic intrusion can  
be furthered in every sector of our American society under the guise of  
protecting individual liberties that are already insured by law.

Rest assured that I strongly supported sustaining the President's veto  
of this legislation which, in my opinion, "restores" the rights of no one.

## Home Furniture Refinishers Need To Take Precautions

For do-it-yourselfers, the hours  
spent refinishing can result in beau-  
tiful furniture -- and headaches, diz-  
ziness or nausea.

According to Dr. Peggy Owens, a  
housing specialist, liquid paint and  
varnish removers are the culprits.

"Paint strippers are among the  
most toxic products used in home  
workshops. They contain solvents  
which can damage your skin, eyes,  
respiratory tract, nervous system  
and internal organs," she cautions.

Owens, who is with the Texas  
A&M University Agricultural Ex-  
tension Service, says that although  
do-it-yourselfers typically heed label  
warnings to use strippers in a well-  
ventilated area, they often don't  
realize how much ventilation is re-  
quired.

"If at all possible, it's best to  
work on projects outside. When you  
must work inside, you'll need 10-15  
exchanges of indoor air with out-  
door air every hour," Owens ex-  
plains.

The specialist says that rate of air  
exchange can be obtained with a  
window exhaust fan, but not an air-  
conditioner.

"Air conditioners don't provide  
adequate ventilation for paint re-  
mover fumes because they recircu-  
late air rather than exhausting it."

Owens also suggests that refinish-  
ers wear light-weight plastic splash  
goggles to prevent eye damage, and  
gloves to protect the skin.

All solvents will dissolve the  
skin's natural oil protective barrier,  
she notes, and after prolonged con-  
tact skin will turn dry and develop

cracks. Some paint remover solvents  
will penetrate the skin and enter the  
blood stream.

"Plastic gloves made of blended  
neoprene and natural latex will  
withstand paint remover for a rea-  
sonable length of working time,"  
the specialist says. "If you're using  
steel wool, put cotton gloves over  
the plastic ones to protect them  
from abrasion."

Once you have yourself pro-  
tected, Owens advises protecting  
your property from fire hazards.  
The fire-causing potential of paint  
removers must be stated on the  
label, and will typically be stated as  
"extremely flammable," "flamma-  
ble," or "combustible."

"Before starting a paint stripping  
project, turn off all pilot lights and  
remove sources of heat, ultraviolet  
light or flame in areas where fumes  
may circulate. If you're working in  
a garage with a hot water heater, for  
example, be sure the pilot light is  
off."

As a final precaution, the special-  
ist suggests that family members in  
poor health, children and pets not  
be allowed in areas where paint re-  
movers are being used or where  
fumes from them are present in the  
air.

death of our loved ones. As most of you know, we have ex-  
perienced this for sometime.

But you as friends and a community have made this easier  
for us. You have showed us caring and love during Keith's  
illness, whether it was by your thoughtfulness in asking  
about him, your sending cards, or your visits when he was ill.

In his death, your caring and love were overwhelming. We  
are sincerely thankful for the visits, food, flowers, con-  
tributions, and most of all your prayers. Without this, it  
would have made our loss more difficult.

Sincerely,  
The family of Keith Burnison

**ENGAGEMENT ANNOUNCEMENT:** Mr. and Mrs. M.M. Booe of Munday are proud to announce the engagement and approaching marriage of their daughter, Katherine Lucille, to Thomas Theodore Johnson, son of Mr. and Mrs. J.D. (Bud) Johnson of Seymour. The couple will exchange vows at two-thirty in the afternoon on Saturday, May 21, at the Church of Christ in Munday. The bride-to-be is a 1984 graduate of Munday High School and is a 1985 graduate of American Commercial College in Abilene, where she received an executive secretarial degree. The prospective groom attended Seymour High School and is employed by MHC Explorations in Tyler.

**SEMINAR FOR WOMEN LANDOWNERS**

A special seminar on farm and ranch management for women landowners will be held May 10, 11 and 12 at the Sheraton Hotel in Wichita Falls.

The seminar is designed to help women explore income-generating and tax-saving opportunities for their farms and ranches. Dr. Wayne Hayenga, economist and attorney with the Texas Agricultural Extension Service, will present the three day seminar. Discussions will

center on income taxes, farm leases, business organization, estate planning and oil and gas leasing.

Farm leases and operating agreements take many forms, and many of these will be discussed at the seminar, including benefits and restrictions to both landowners and tenants.

Regarding income tax planning, tax-saving opportunities will be explored for business growth, land sales, retirement income and helping out children and grandchildren.

A session on estate planning will deal with wills, trusts, estate tax deferrals, gifts and property titles.

Estate planning tools which will be discussed include use of corporations and partnerships, selling part of the business, installment sales, oil and gas interests, special farm land valuation, deferred estate tax payments, life insurance and discounted estate taxes (flower bonds).

This is the fifth year Extension is hosting this program series. A registration fee of \$80 will be charged, which includes the cost of lunch and materials. For registration information call our office at 454-2651.

**GET THE MOST TASTE**

More than 15 million people in the U.S. experience some distortion or loss of taste or smell. Common causes for this loss include metabolic, nutritional and neurological disorders. Some people with distorted taste or smell often lose weight since eating is less pleasurable. But others gain weight as they constantly search for flavor.

Taste and smell may decline with age, which is one reason many older people increase their use of salt and sugar. Dentures and prescription drugs may affect these senses. If you want to make the most of taste and smell, eat slower to savor the flavors and aromas of food. It may help prevent overeating. Stop smoking since it can mask food's true flavors. Also avoid eating food very hot or very cold, since that reduces the intensity of the flavor. Fruit, for example, tastes better at room temperature.

By Mrs. Myrtle Plemister

### WEINERT AWARDS BANQUET

The atmosphere was as normal as the usual annual athletic awards banquet is, but there was an undercurrent of sadness and finality as patrons and students gathered in the Weinert gym for the last awards event of Weinert High School. Lack of student enrollment has caused the closing of the high school.

The decorations were the school's colors of royal blue and white, and clusters of balloons hung all over the gym ceiling and enhanced the array of paper festoons of the same color arranged at various places.

The tables were covered with white, and blue placemats of laminated pictures and scenes of the past were at each place setting. Bulldog annuals were scattered up and down each table and were the topics of conversation among the guests. Background music was "What a Wonderful World" by Louie Armstrong.

Supt. H.L. Guess welcomed the group, and senior Laurie Hester, gave the invocation for the event. The delicious meal was catered by the Shamrock Cafe of Munday.

Chet Forehand, principal, served as master of ceremonies and introduced Danny Pruitt, basketball coach, and Steven Green, who presented agriculture awards.

Representative Charles Finnell of Holliday was present for the event and in his brief speech he voiced concern for the fate of the rural schools, having come from a small high school himself.

He praised the Weinert students for the high score they made in the recent TEAMS test which was taken by over 1100 schools in the state. Weinert scored highest overall in our region, and also first overall in the state. We received other honors, also, one being in language arts.

Representative Finnell spoke our sentiments when he noted we have "quality" teachers and students in the school system here. He also complimented the outstanding quality of the decor, the food and the program of the banquet, saying it was by far the best he has attended in his district.

Finnell is a candidate for the Senate seat just vacated by Ray Farabee and he asked for our support in his effort to obtain it.

Among the students receiving honors were Barry Walker, son of Jerry and Doris Walker, who was selected for the first team All-District and as an alternate to the six-man all star basketball games.

Kevin White, son of Jimmy and Gayle White, was selected for the All-District second team, and Shane Stout, son of Wayne and Jeanie Stout, was given honorable mention.

Laurie Hester, daughter of Jerry and Wanda Hester, was an All-District first team selection in girls' basketball, and Corrina Jimenez, daughter of Gilbert and Ruth Jimenez, received honorable mention.

A slide presentation of pictures taken from the high school annuals, compiled by Mary Murphy and Darlene Bellinghausen, entitled "Scrapbook of Memories" was shown as a part of the program to the record attendance of ex-students, ex-teachers, ex-patrons and the present students and patrons.

Kerri Urbanczyk, homemaking teacher, was in charge of arrangements and chairman of the many hands that put the final awards banquet together. It was correctly entitled "Memories, Past and Present."

According to the records found in the Sanders' book "Just Passing Through Weinert", it is exactly eighty years since the high school came into existence. We would have preferred it continue eighty years longer, but we acquiescently bow to our fate, keeping our "Memories, Past and Present."

Birthday greetings will be going to Robert Horan Jr., J.T. Alexander, Juanita Grimes, Stanley Hager, Kenny Forehand, Jerry Don Walker and G.C. Brockett Jr. We hope you have many more "Happy Birthdays".

Ann Glasscock of San Angelo took part of her spring break from school to visit her parents, Roy and Leta Plemister, and attended Bible study on Wednesday night at the Church of Christ. She was accompanied by four of her children, Amanda, Tauna, Cody and Billy. The sad part of her visit was attending memorial services on Friday at Lamesa for the Christian lady who kept her as an infant and had continued as a life-long family friend.

Guests in Mabel Derr's home on Sunday were her daughter, Ann and Bobby Therwhanger and Teresa of

Munday, and Mabel's sister, Rita and Chan Hughes, also of Munday. They all attended the 50th anniversary celebration of Woody and Nellie Frazier in the afternoon.

Kerry and Darlene Therwhanger of Megargel spent the week in the home of her parents, Doris and Dale Carroll.

Alton and Mildred Sanders spent the weekend in Merkel with son Jerry and Joyce, Amanda and Jeremy. On Saturday night they, with their other son, Terry, Beth, David and Kerre, attended the passion play of Jesus' last week, held at the First Baptist Church in Hamlin and presented by local actors. Terry and Beth are in the process of moving to Hamlin, where he will pastor the First Baptist Church. Sunday was his day in the pulpit there.

John Alex and Laverne Mayfield had their whole family home for Easter weekend, and they all attended worship services together. As a special surprise treat, Laverne used the placemats she picked up at the awards banquet, and placed them blue side up until a special unveiling moment at the family dinner. Deena Kay Rhoades, a niece, and son, Max, of Norman, Okla., were also guests of the Mayfields.

Wayne and Linda Plemister of Avoca, with Lee, Lincoln, Laura, Ricky and Missy, were in Weinert to visit Marvin and Myrtle Plemister and other relatives. Jonell Garrett and Emmett McCoy of Wichita Falls came by in the afternoon.

Bob and Melanie Wood entertained a cousin, Vernon and Jenny Labus of Amarillo, over the weekend. They all attended the community Easter egg hunt for the children hosted by Sarah and H.L. Guess, which was attended by approximately 71 children and adults. Caron Yates and Christi Herricks helped with hostess duties.

Marilyn and Johnny Earp had her family home for Easter, and they attended worship services together at the First Baptist Church.

Those attending were Marilyn's parents, Mr. and Mrs. "Check" Smith of Goree, her brother, Mr. and Mrs. Delton 'Hobo' Smith, with Tad and Dale, of Panhandle, Karen Harlan, with Lynzie, of Weinert, and Kelly Earp and Wayne Hutchinson of Angelo State University. Edna Burns of Sudan, Johnny's aunt was also present for the Easter festivities. Lynzie is recovering from chicken-pox and was unhappy to miss a lot of the fun.

Chet and Jeanie Forehand hosted weekend guests, also, when her sister, Brenda Lawrence with son Brent Fite and Donnell Fite, her daughter, all of Abilene, arrived to

visit. They attended worship services with the Forehands at the Church of Christ on Easter Sunday.

Brent is to be commended for his outgoing personality and his acceptance of the wheelchair he will be permanently confined to. He was injured in a car wreck when he was 19 years old, and barely escaped with his life. Brent has a van with a lift, and drives himself wherever he goes. He is not completely independent but has made a great deal of improvement in the five years since the accident. We are proud of him.

Debbie Hutchinson of Junction, with one of her friends, Josefa Martinez, with young daughter Elyse, were in Weinert to spend Easter with her parents, Lester and Kathi Hutchinson, and other relatives.

Louis Perez of Cisco Junior College spent his spring break in Weinert, and attended the awards banquet at his old Weinert High School with his brother, Edward, and many friends.

Buck and Helen Turnbow returned Monday from an extended visit with their daughter, Jeaneane and Gene Perry and family of Stanton. They attended Easter services with them at the First United Methodist Church, attended a song service and enjoyed a family dinner together at Big Springs. Helen came home to rest up a bit! I think many of us know the feeling.

Have a nice day!

### Ladies Auxiliary Meeting Scheduled

**HONORED AFTER MARRIAGE:** A family reception was held Saturday, April 2, in the home of Mickey and Linda Jackson honoring the recent marriage of Mr. and Mrs. Johnny Jackson. The couple was married Monday, March 7, in the United Presbyterian Church in Cleburne. Rev. Michael Thompson, cousin of the groom, officiated. Scott Jackson and Debbie Cypert served as honor attendants. Family members from Munday, Arlington and Watauga attended the wedding ceremony.

## The Lord's Corner

by Dr. Pete Bradfield  
Pastor, First Baptist Church

When a Christian girl told C.H. Spurgeon that she was about to marry a man who neither loved the Lord Jesus nor attended church, he placed before her the apostle's warning, "Be not unequally yoked together with unbelievers."

Then when she tried to assure Mr. Spurgeon that her influence when they were married would lift him up, the preacher asked her to stand on a chair. Now, he said, you try to pull me up to your level. She tugged hard but her efforts were in vain.

Right, he went on, now I am going to pull you down, but do all you can to remain on the chair. She tried hard, but all the trying in the world couldn't keep her there after the first tug.

That, commented the wise pastor, is what will happen if you marry that man; you won't lift him up but he will pull you down.

See you next week, and remember: the gem cannot be polished without friction nor man perfected without trials.

### To The Voters Of Knox County:

Since I have announced my candidacy for District Attorney, I have made an effort to meet each and every resident of Knox County. For those of you I have not met, I am Chad Williams, and I am a candidate for District Attorney for the 50th Judicial District.

I am a member of the State Bar of Texas, American Bar Association, Texas District and County Attorney Association, and I am licensed to practice law in the United States District Court of the Northern District of Texas. I recently was named to the State Bar College of Texas due to the fact that I have completed eighty (80) hours of continuing legal education.

I am currently serving as the Baylor County Attorney.

I am a former resident of Knox County, and I currently live in Seymour, where I maintain my law office, but I frequently practice law in the District Court of Knox County, Texas, and I have tried a number of criminal trials to a jury in Knox County. If elected District Attorney, I will maintain the office of District Attorney in the area.

I want to make the office of District Attorney a 24-hour obligation, not just a part-time job, and if elected District Attorney, I will be dedicated to that commitment.

The District Attorney needs to be accessible to the Court, law enforcement officials and to the public. As a former resident of Knox County and a current resident of Baylor County, I am accessible to the Court, to law enforcement officials and to the public.

On Super Tuesday, March 8, 1988, you, the voters of Knox County, gave me more than 50% of the vote. Now, I would ask each and every voter of Knox County for the same support and for your vote to elect me District Attorney on Tuesday, April 12, 1988.

By Mrs. Clara Brown

Sunday was a beautiful day for Easter egg hunts and family get-togethers. Monday started out almost a duplicate in weather. After reporting last week that a big mesquite was showing signs of leafing out, this writer saw the first mesquite leaf of spring last Monday afternoon. However, a Sunday afternoon check at China Creek showed the big old mesquite barely had leaf ends breaking out of the knobs. It does sound like spring is here though; the mesquite doesn't often get fooled.

Grandma will be serving chicken and dressing at Truscott Sunday. Everyone is invited.

Duane Carroll of VRJC was home for the weekend, visiting his parents, Charles and Kay Carroll, and Michael Daniel.

Michael Carroll placed seventh in the 400 yard dash at the Electra track meet last week.

The J.C. Langstons returned Friday from a two-week visit in Rockport with their children and the Richard Jones family.

Kathy Lowrance's sister and brother-in-law from Michigan, Barbara and Jerry, were here during Easter.

Last week Joan Daniel and Irene New visited the wife of the Gilliland Baptist pastor, Mrs. Fannie Mae Burton, at Hendrick Medical Center in Abilene before her surgery. Irene said she will be in the hospital for a few days this week,

but is doing well. While in Abilene Irene and Joan also visited Margaret Todd at Coronado Care Center.

Tommy Shaw of Hurst visited Elmo and Billy Shaw Saturday. Also visiting the Shaws were the Mike Shaws of Mansfield.

Gail Whitley and Ila Mae Bullion were in Wichita Falls Tuesday for Gail to keep a dental appointment.

Easter weekend visitors in the R.C. Daniel home were Brenda and Tony Dennis and Nicole of Dallas and Johnny, Janet and Lindsey Daniel of Grapevine. Joan said they attended the sunrise service at Gilliland Baptist Church, hunted Easter eggs and rode the wagon out at Don Daniel's.

Saturday afternoon visitors in the home of Mrs. Thelma Jamison were her daughter and son-in-law, Colleen and Alton Patterson, and her granddaughter and her husband, Lisa and Steve Moorman, all of Wichita Falls.

The spring turkey season began last week and game warden Ronnie Ainsworth was out early and late on opening day.

Bette Sue and Derrah Adkins spent Easter weekend with her parents, Carrie and Harold Barry.

Sunday Lula and Louis Beaty again hosted the annual Easter egg hunt and dinner for the Emma and Ruel Scott family. Lula said her brother and all but one of her sisters were present, plus grandchildren and great-grandchildren.

Bill Brown of Brownfield visited his parents, Jack and Clara Brown Saturday through Monday. Easter Sunday dinner guests in the Brown home also included Mrs. Vivian Brown and E.J. Jones.

Benjamin students were on spring break last week. Kim Cash spent Thursday visiting in Crowell and on Friday went to Vernon with her mother, Mrs. Fred Cash.

Tommy Shaw and a friend from Hurst visited Mr. and Mrs. A.L. Cook Saturday.

Curtis Casey was in Abilene Friday. While there he visited his sister, Mrs. Frances Carroll, had lunch with Rev. Claude Harris and his wife, June, and visited Margaret Todd. Margaret's Abilene address is Coronado Care Center, 1751 N.

15th St., Abilene, Texas.

Margaret Jones of Abilene reported several visitors in the home of her mother, Mrs. Bertie Welch, over the weekend. Many came to see Ms. Welch's nephew, Paul McGaughey of Victoria, Australia. He is the son of Joe B. McGaughey, the grandson of John and Pleasie McGaughey, and the great-grandson of H.M. and Lillie Propps Jamison.

Paul McGaughey is presently making a tour of the United States and enjoyed a visit with several relatives and friends while at his aunts. They included Wilfred, Betty and David Welch of Wichita Falls, Charles Welch of Lubbock, Lloyd and Margaret Jones of Abilene, E.D. and Mary Welch of Gilliland, Thelma Jamison, Frances Cook, Glenn and Valoie McGuire, Linda Oustad and Kevin of Munday, and Dennis Welch of Gilliland.

Corinne New reports that her fire damaged room is almost restored.

Herb and Dickie Propps of Benjamin honored his mother with a family dinner Sunday. Avis was 75 on Saturday. Among those attending were Avis and Son Propps of Guthrie, Corinne New of Gilliland, Maurine Propps of Seymour, Bill and Pearl Ryder, Donnie and Jimmie Ryder and Mrs. Eunice Friday, all of Benjamin, Dick and Mattie B. Harper of Thalia, Mrs. Harper's sister, Bill and Judy Bland of Throckmorton and son, Bill Jr., and the Herbert and James Propps families.

Margaret Daniel has announced the recent birth of a great-niece. She is Rebecca Ruth Fisher of Austin, daughter of Mike and LaRue Fisher and granddaughter of Clyde and Jane Bullion of Austin.

Visitors in the Don Daniel home for Easter Sunday were Duane, Nancy, Zane and Jeff Daniel of Guthrie, Michael, Cathy, Neal, Amanda and Mary Elizabeth Daniel of Crowell and Jerry Bob Daniel of Paducah. When R.C. and Joan Daniel called to say that they were coming out in the wagon with Lindsey Daniel and Nicole Dennis, several of those at the Don Daniel home elected to go to town and ride out in the wagon. Brenda and Tony Dennis and Johnny and Janet Daniel also visited Don and Margaret. After the wagon ride the children had another Easter egg hunt. It was a beautiful day for a hunt and it must have been lots of fun riding out in the wagon.

# ★ BENJAMIN NEWS ★

By Mrs. Gladene Green

Well, I hope everyone had an enjoyable Easter. The weather cooperated nicely for those who planned outings with family and friends and for all the youngsters who were out to hunt Easter eggs. I enjoyed lunch with Diane and Ricky Herring in Munday. Also joining us were his parents, Clarence and Clara Herring.

### REMAINS IN HOSPITAL

Homer T. Melton remains in Methodist Hospital in Lubbock according to his daughter, Mary Young, his condition has improved somewhat since last week. He still has a long way to go before returning home and I ask each of you to please keep him and Kathleen and the rest of their family in your prayers.

### FIRST BIRTHDAY

Seth Kuehler is one year old and he had a party on Sunday to celebrate! All his guests enjoyed Mickey Mouse cake and punch and he enjoyed all his gifts.

Those on hand to help him open his packages were Nathan Kuehler, Sara, Jennifer and Will Vacek, Ashley and Matthew Cartwright, Trey Propps, Chance Propps, Kari Sue Kuehler, Bubba Benson, big brother Aaron, and grandparents Dayle and Gerard Kuehler and Bill and Pat Benson, and of course his parents, who hosted the get together, Steve and Sheila.

### HERE AND THERE

Visiting Clodell Duke for Easter

were Ken, Gaye and Mark Roberts of Hereford and Jan Pollock. The Roberts also visited his parents, Kenneth and Jessie Roberts.

Dutch and Imagean Young were in Wichita Falls Sunday to help grandson Anthony Lamb hunt Easter eggs. They also visited DeAnn and Brenda while there.

Earlene Meinzer had her sister and brother-in-law, Archie and Irene Struck of Goree, for Easter Sunday. Rick, Patsy and Trapper Meinzer of Munday also visited.

Visiting the Joe Bartons and the Homer Ralstons and the rest of the Moorhouse relatives during the Easter weekend were Tim, Karen, T.J. and Todd of Dallas and Zell Barton, Danny and Ann Allen and Gloria White, all of Amarillo.

Danny and Chris Robertson and children of Midland and Dee Powers of Thalia visited Bud and Debbie Clower and Michael and Leroy and Gloria West during the weekend.

Jack and Judie Whitten and children spent Easter with his mom in Eastland.

Tres Pierce spent his spring break with his grandparents, Jimmy and Ivolene Pierce, at Megargel.

Jim Bob Conner spent spring break in Wichita Falls.

Brett and Shawna Glenn of Lubbock were recent guests of his grandmother, Nora Hertel.

Our friends, Lona Feemster and Audrey Nolan, in the care home are

doing pretty well. They are always glad to see visitors so if you have time go see them.

Easter weekend guests of Gertrude Brannan were Ann Roddy and family of Denton, Mary Whitsett and family of Carrollton and Johnny Brannan of Lubbock.

Randy Russell, former Knox County jailer, has moved to Dickens where he has accepted the position of deputy sheriff in Dickens County. We wish him well in his new environment.

Lana Gideon of Lubbock and Sue Gideon of ACU in Abilene were weekend guests of homefolks.

Troy Pratt of Texas Tech and Julie Martin of LCU, both in Lubbock, were Easter weekend guests of his parents, Jim and Barbara Pratt.

Now for another update on our "soon coming" grocery store. It's almost ready to start stocking. It is believed that after a hard week's work, maybe, just maybe, it will be ready to open next week or at least by the 15th. We will all be glad and commend Buddy, Janice, Alan and Beverly for all the good work they have done in such a short time. Think little grandson Justin Baty has even helped too!!

## Smith Services Are Held Here Saturday

Cecil Smith, a longtime Munday resident, died Wednesday, March 30, at the Haskell Memorial Hospital. Funeral services were at 2 p.m. Saturday, April 2, at the First Baptist Church in Munday with Dr. Pete Bradfield, pastor, officiating. Burial was in Johnson Memorial Cemetery under the direction of McCauley-Smith Funeral Home.

Mrs. Smith was born October 29, 1903, in Red River County and moved to Munday in 1937. She married Edward Jefferson Smith September 1, 1965, in Munday, and he preceded her in death in March, 1976. She was a retired homemaker and a member of the First Baptist Church.

Survivors include a sister, Gladys Gass of Goree, four grandchildren and several great-grandchildren.

Pallbearers were Larry, Monty, James and Jo Honeycutt and Tad and Del Smith.

## Letter To The Editor

Dear Joyce,

On April 15 and 16 the Headstream Memorial Center in Haskell will be sponsoring a garage and bake sale to benefit the Outreach mental health clinic. It will be held in the building across from M-System in Haskell. Donations will be greatly appreciated.

The Headstream Center is an outreach mental health clinic of the Wichita Falls State Hospital. The center serves residents of Stonewall, Knox and Haskell counties. Services include family support counseling, chemical abuse counseling and individual therapy. The personnel of the center have also worked with the Department of Human Services in child abuse cases.

Because of an increase in the client caseload, the center is needing additional room. The room will be used to expand on existing services and provide space for group counseling and psychosocial activities and various support groups.

I would ask the people in the Munday area to help them in this fund raising event. The center has helped so many people who had no other place to go. We never know when we ourselves might be in need of their service.

Thank you so much.

Dayle Kuehler

- Law Degree from St. Mary's University
- Criminal Law experience as Prosecutor and Defense Attorney
- Currently serving as County Attorney for Baylor County

"Since January 1, 1988, there have been forty-two indictments returned by Grand Juries in the 50th judicial district. Thirty-six of those indictments concern felonies in Baylor and Knox Counties.

We need a 24-hour District Attorney who knows the problems and is accessible to law enforcement officers and most important to the public.

As a current resident of Baylor County and a former resident of Knox County, I know where the problems are and I am accessible to the law enforcement officers and the public.

If elected I will be a 24-hour District Attorney."

## Don't Delay When Applying For Social Security Benefits

People who delay applying for Social Security retirement or survivor benefits for some time after they become eligible may miss out on some checks, Frances Braden, Social Security representative in Vernon, said recently.

This is because the number of months for which back payments can be made is limited.

In general, people who apply for retirement or survivor benefits after they reach 65 can get back benefits for up to six months before the month they apply, but not before the month of their 65th birthday.

People who apply for reduced benefits before 65 generally cannot get benefits for any month before the month they apply.

People who apply for benefits because they are disabled -- workers, adult children, widows, and widowers -- can get benefits for up to 12 months before the month they apply if they are eligible in all other ways.

People can save time when they apply for benefits if they have

the necessary documents ready, Braden said. This includes the person's Social Security card for record of the number, birth or baptismal certificate, W-2 forms or self-employment tax returns for the past year and marriage and death certificates, if appropriate.

More information about applying for benefits can be obtained at the Vernon Social Security office, located at 1701 Cumberland. The telephone number is 817-552-9346. The people there can suggest other documents if those listed are not available.

People who get Social Security retirement or survivor checks and who earned more than the annual exempt amount in wages from a job or in self-employment in 1987 have until April 15, 1988, to file an annual report of their earnings.

The 1987 exempt amounts were \$6,000 for people under 65 all of the year and \$8,160 for people 65 or over any part of 1987. In general, a person has \$1 in benefits withheld

for each \$2 of annual earnings over the exempt amount.

Social Security uses the annual report to decide whether the persons received the correct amount of benefits during 1987. If too much or too little was paid, any adjustment necessary is made based on the annual report.

A special monthly test is used during a person's first year of retirement. Under this test, a person can get a benefit for a month in which they did not earn wages over the monthly limit and did not perform substantial services in self-employment. This monthly test can be used only in the person's first year of retirement.

Most people who need to file a report should have received one in the mail. If a person did not get a form, or lost or misplaced the one they did get, another copy of the annual report form can be obtained at the Vernon Social Security office.

### Rent-To-Own Costs More

Rent-to-own agreements make buying a new television or furniture seem affordable, but can cost more in the long-run, according to Bonnie L. Piernot, a consumer economics expert. Rent-to-own programs vary, but an 18-month rental period is typical. Customers don't have to rent for that length of time, but those who do become owners of the product, explains Piernot, who is a specialist with the Texas A&M University Agricultural Extension Service.

"Advertisements for rent-to-own programs often stress the possibility of ownership and low weekly or monthly payments," Piernot remarks. "But over the months these low payments add up to much more than the cost of the item." For example, if you rent-to-own a 19-inch portable color television set for \$15 per week, the total cost over 18 months adds up to \$1,170. A rent-to-own agreement for payments of \$54 per month adds up to \$972 after 18 months. Since a typical 19-inch color television sells for about \$300-\$400 in a retail store, and sometimes less on sale, a rent-to-own customer can easily pay over twice the price, adds the specialist.

## To the Citizens and Voters of Munday and Knox County:

*I would like to take this last opportunity to speak to you concerning my candidacy for the office of District Attorney of the 50th Judicial District of Texas.*

*The office of District Attorney is in no way similar to that of your friendly family attorney. The District Attorney is charged by law with the duty of prosecuting the most serious crimes which occur in our community, felony-grade crimes such as murder, robbery and sexual assault, to name a few. The District Attorney is a trial attorney, and not every attorney is automatically a trial attorney simply because he is licensed to practice law. A trial attorney earns his skill and proficiency as such through trial and error, picking himself up after hard knocks, and from years of stepping into the arena of the courtroom. That's why there's an old saying, "if you're sick get a young doctor, but if you're sued get an old attorney."*

*On June 1st of this year, I will have had twenty years experience as an active trial attorney, including time spent serving the citizens of Titus, Camp, Morris and Marion Counties in Northeast Texas as their elected District Attorney. I want to put my experience to work for you.*

*When I announced my candidacy, I did so not only because I felt I could do the job better, but because I felt that the citizens of the district had been denied for too long their rightful voice in the administration of criminal justice in the community. Too many cases were being settled out and plea bargains cut without regard to the rights of the people injured by the commission of the crimes, the peace officers who worked long and hard to bring the offenders to justice, and the trial juries who ought to have been allowed to speak out as to what they thought an appropriate punishment in those cases should have been.*

*I promise you that if I am elected, cases are going to be disposed of openly and with due regard to the rights of injured parties, peace officers and all parties concerned. Trial juries will be impanelled and allowed to speak out in all serious criminal cases such as those involving the sale and delivery of drugs and controlled substances. The people will be invited to become a part of the system more often than once every four years on election day.*

*The 50th Judicial District is a four-county judicial district, and no one county is entitled to monopolize the services of the District Attorney. Of course, some counties' needs are greater due to larger populations and the resultant greater activity of crime. I can promise you that if I am elected I won't forget that I am the servant of all of the people of the district and I will do my very best to see that every county is adequately represented. So long as I am not actively engaged in the trial of a criminal case in another county and cannot absent myself, I will never be more than a telephone call away from any citizen or peace officer needing my assistance, and I will personally respond at any time, day or night, and render whatever assistance is needed.*

*If you want me as your District Attorney for the coming term, I urge you to come to the polls on April 12th in the Democratic Primary Run-off Election. Each and every one of your votes will be necessary.*

*I want to go to work for you next year, and I would appreciate your support and influence.*

Sincerely,  
Larry Evans

### METER TAMPERING NOW A FELONY

The State of Texas has recently adopted an amendment to the State Penal Code making meter tampering a third degree felony. A third degree felony comes with a punishment of confinement in the Texas Department of Corrections for a term of not more than 10 or less than 2 years. In addition to imprisonment, an individual adjudged guilty of a third degree felony may be punished by a fine not to exceed \$5,000.

Before the amendment of the new law, it was a class A misdemeanor for meter tampering unless the loss of service was more than \$200. Under the new law, any meter tampering regardless of the amount of loss is now a felony of the third degree.

Meter tampering consists of, but is not limited to:

- (1) Diverting electricity from passing through a meter device.
- (2) Preventing electric service from being correctly registered by a meter device.
- (3) Unauthorized activation of electric service.

As a special note to our members, it will also be considered meter tampering if a meter is reset and electrical service is restored by anyone other than a Cooperative employee.

All Cooperative meters are sealed. This seal should not be cut or broken without special authorization. In cases where the seal must be cut for emergencies the Cooperative should be notified as soon as possible so that the meter can be resealed.

## Watching Washington

This is the time of year when most of us do not feel charitable toward the Internal Revenue Service. To be fair, the IRS has a thankless job—the responsibility for collecting taxes.

It's an essential job, but that does not give the IRS license to carry out its duties in a way that intimidates U.S. taxpayers.

In some cases we have seen that happen. Consider Thomas L. Treadway's four year dispute with the IRS. It began with a seemingly routine audit but ended up a nightmare.

The IRS said he owed \$247,000 in unpaid taxes, penalties and interest for a four-year period. When he objected, the IRS seized his assets and, despite a lack of evidence, the assets of a friend because the agent thought Treadway was concealing funds in her name. He later learned that the agent had taken these steps without consulting IRS attorneys.

Four years later, an IRS appeals officer ruled that Treadway owed \$11,000. The IRS never proved in court that there were any facts to support many of their actions.

Treadway was, understandably, bitter.

"At least the police need a search warrant first before seizing a taxpayer's property. The IRS is allowed to seize anything they want at any time they want, without so much as a court order, even when you don't owe the tax," he told a Senate Finance Committee hearing.

"We have never felt so humiliated and so totally stripped of all of our faith that we have always had in our system of Government. After all, they say, those kinds of things only happen in Communist countries," he said.

The Senate Finance Committee has jurisdiction over taxes, and I'm Chairman of that Committee. In hearings during the past year, we have heard many stories like Thomas Treadway's. We have found that some of those IRS officers really have a bully mentality.

To deal with these problems, we approved the Taxpayer Bill of Rights. It would require the IRS to provide up front a brief but comprehensive written explanation of the taxpayer's rights during the audit process.

It also would prohibit the IRS from using "production quotas" to evaluate agents, allow a taxpayer to tape record meetings with IRS agents, authorize the IRS to enter into "installment payment" agreements with wayward taxpayers, and establish the post of Assistant IRS Commissioner for Taxpayer Service.

Under current law, a taxpayer can only recover costs after a case goes to court and only if he or she takes the case to a final judgment. Under this bill, a taxpayer can recover costs from the time of the first letter from the IRS and is not required to take the case to a final judgment if the case is settled in his or her favor. The bill also shifts the burden of proof, when the taxpayer seeks to recover costs, requiring the IRS to show that its position was justified.

The bill is not an attempt to bash the IRS, but an effort to protect taxpayers from heavy-handed abuse and bureaucratic incompetence.

Thomas Treadway put it this way: "As taxpayers, the system is stacked against us."

We need to turn that around, restore confidence in government and make sure taxpayers are treated fairly.

## Munday Seniors Enjoy Annual Church Suppers

Munday High School seniors have begun their annual round of church suppers commemorating their final days of school. Various churches in the community plan the special meals every year for the entire senior class and special guests.

As members of the St. Joseph's Catholic Church planned their supper for the first day of spring, a spring theme was used in colors and decor. Tables were covered with cloths in shades of blue, purple, green, peach and pink accented with white placemats. Candles floating on colored water centered the tables.

A meal of fried chicken and the trimmings with homemade pie, cake and cheesecake for dessert was enjoyed by the seniors, Mr. and Mrs. Doyle Lowrance, Dr. and Mrs. Bill Kingston, senior sponsors Mr. and Mrs. Dan Sloan and Mr. and Mrs. Lloyd Don Welch and Father Bob Strittmatter.

The meal and favors of paper graduation hats filled with mints were provided by ladies of the parish.

A Mexican taco bar was the cen-

ter of attraction at the supper hosted by the Munday Church of Christ. Round tables were covered with colored cloths and large tissue flowers used as centerpiece were repeated on the walls. Other decorations included sombreros holding taco shells, serapes and large cutouts of cactus and burros.

Tacos and traditional side dishes were served, and make-your-own sundaes were featured for dessert. Twenty-six seniors attended, along with the superintendent, principal and class sponsors, and Church of Christ minister Ray Hunter was also a special guest. \*\*\*\*\*
