NAMED 'MAN OF THE YEAR'

## Munday Man Wins Agricultural Honor

W. R. Moore Jr., of Munday, a longtime wheat and cotton producer in Throckmorton and Knox counties, has been named a "Man of the Year in Texas Agriculture" for 1984 by the Texas County Agricultural Agents Association.

One of seven Texans selected for the honor, Moore was nominated by county agents in the Rolling Plains District of the Texas Agricultural Extension Service, Texas A&M University System. He will receive his award during the annual TCAAA meeting August 5-8 in Brownsville.

The award is presented each year to outstanding leaders in agriculture and related industries who have supported educational programs conducted by the Extension Service, said Shackelford County Extension Agent Lawrence Winkler, TCAAA president. The award recognizes contributions made by these leaders to improving levels of living and economic growth in their communities, counties, state and nation.

Other recipients include Roddy Peebles, San Angelo farm broadcaster; Jack Barton, Houston banker and agribusinessman; C. B. Richards, San Augustine County rancher and businessman; James Leo Greer, Rocksprings rancher and pecan grower; Arnie Lawler, Camp County farmer and retired conservationist; and Bill Nelson, executive vice president of the Texas Wheat Producers Association and Producers Board, Amarillo.

Moore farms 3,000 acres of wheat and cotton in the two Rolling Plains counties and runs a stocker cattle operation. He has had wheat production demonstrations on his farm in support of county Extension programs for more than 20 years and has financially aided agricultural demonstration programs in several counties.

Soil fertility has been a primary concern of Moore's for many years.

### Sheppard Is District Little League Winner

The Little League All-Star team from Sheppard Air Force Base emerged victorious at the district tournament held here last week, defeating the Graham squad 5-1 Wednesday, July 18, for the championship. Haskell was eliminated earlier in the tourney, losing to both SAFB and Graham.

The winners will advance to sectional play Saturday night at Weatherford, where they will face the Coleman All-Stars.

### Phemister Finishes Naval Air School

Marine Pfc. David B. Phemister, grandson of Marvin and Murtal Phemister of Weinert, recently completed Aviation Enlisted Aircrew Training School.

The five week course, conducted at Naval Aviation Schools Command, Naval Air Station, Pensacola, Fla., introduces prospective naval aircrewmembers to the aviation environment. Instruction includes water and land survival techniques, physical fitness, first aid and CPR, swimming and aviation student information.

### Weather Report

For seven days ending at 5 p.m. Monday, July 23, 1984 as compiled and recorded by Goodson Sellers, local U.S. weather observer.

TEMPERATURES		
	HIGH	LOW
July 17	81	78
July 18	97	70
July 19	101	62
July 20	103	69
July 21	102	72
July 22	99	72
July 23	101	70
Rainfall this week	.07	
Rainfall for 1984	5.15	

W. R. MOORE, JR.

The fertilizer program on his farm is based on soil test reports and recommendations from the Rolling Plains Soil Testing Laboratory in Seymour.

In addition to his farming operation, Moore is active in community, state and national agricultural programs and activities. He is currently president of the Farmers Grain Co-op in Munday, is a board member and past chairman of the Texas Wheat Producers Board, is vice president of the Texas Wheat Growers Association, and is a director of the National Association of Wheat Growers. He also serves on the Small Grains Task Force of the Rolling Plains Economic Program.

Moore also has been active in the First Methodist Church of Munday and has served on the city council and school board.

He is a 1940 graduate of Texas A&M University.

### Letters To The Editor

Dear Mrs. Nix:

Renewal time rolls around again. I've been an avid reader of the "Courier" and the old "Times" nearly all of my life, though I left there in 1944. Over the years, I visited so often, many people thought I still lived there.

My Mom and Dad, D. E. "Tuck" and Mary Whitworth either kept up my subscription or mailed copies to me overseas or in various locations in the U.S. all this time. Now that they have passed on, I find it comforting to continue my subscription, because I feel like I still live there, and I just don't want my memories of our families' good friends to fade away.

Also, a weekly perusal of the Courier reassures me that out there is a safer, saner, slower and friendlier place than in the mixed up pressures of the big city. I sometimes wonder if the personal economical advantages for me are worth missing the excellent quality of life most Munday residents enjoy.

I want to thank all of the past and present staff of the "Courier" and "Times" for performing a great service and an excellent job.

Sincerely and Cordially,  
Richard W. Whitworth  
Newport Beach, California

Dear Editor,

I just came home from vacation and found your nice article in the Courier about my father, L. B. Patterson, Sr., along with his picture.

Daddy looked to the future and worked hard to provide for the future generations of that community. You honored him while he lived and he was very proud of those honors. I speak for all of his children when I say thank you for honoring him again.

I have always been impressed by the way you honor those who work hard for the betterment of the community. May it always be so.

Sincerely yours,  
Johnnie Patterson Void  
Allentown, Pa.

## Firemen Taking Training At Texas A&M

Three members of the Munday Volunteer Fire Department are in College Station this week for the annual firemen's school conducted at Texas A&M University. Attending the training course are Gary Decker, Jessie Andrade and Buford Berryhill.

This school is traditionally attended by Munday firemen, not only for the valuable experience, but also to enable the City of Munday to receive credit on fire insurance rates by being represented at the event.

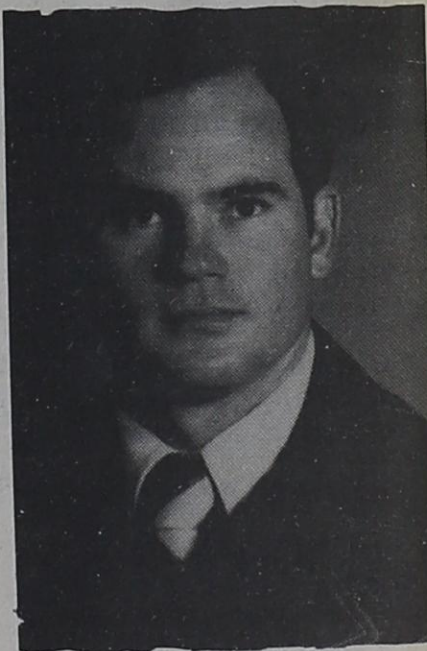

During their week at A&M, the firemen will participate in intensive and up-to-date training in the use of the newest equipment and advance methods of firefighting. They will fight sample fires of all kinds and will receive instruction in the equipment used in each type of fire.

## Football Practice Set; Coaches To Attend School

As most of us are plugging through the long hot summer, area football coaches and athletes are looking ahead to the fall gridiron season and making preparations for its beginning.

Two-a-day football workouts for Munday Moguls will begin at 7:30 a.m. Monday, August 13. A preliminary team meeting has been set for 8 p.m. Thursday, August 9, at the Mogul field house, according to athletic director Jim Edwards.

Munday coaches Edwards, Bill Kingston, Randy Burks and David Milson will leave Saturday for Houston to attend the annual convention of the Texas High School Coaches Association. Approximately 9,000 coaches all over Texas and other states will attend the week-long convention at the Astro hall adjacent to the Astrodome. Meetings and election of officers are on the agenda, as well as explanations of rule changes and talks by several coaches about their athletic programs.

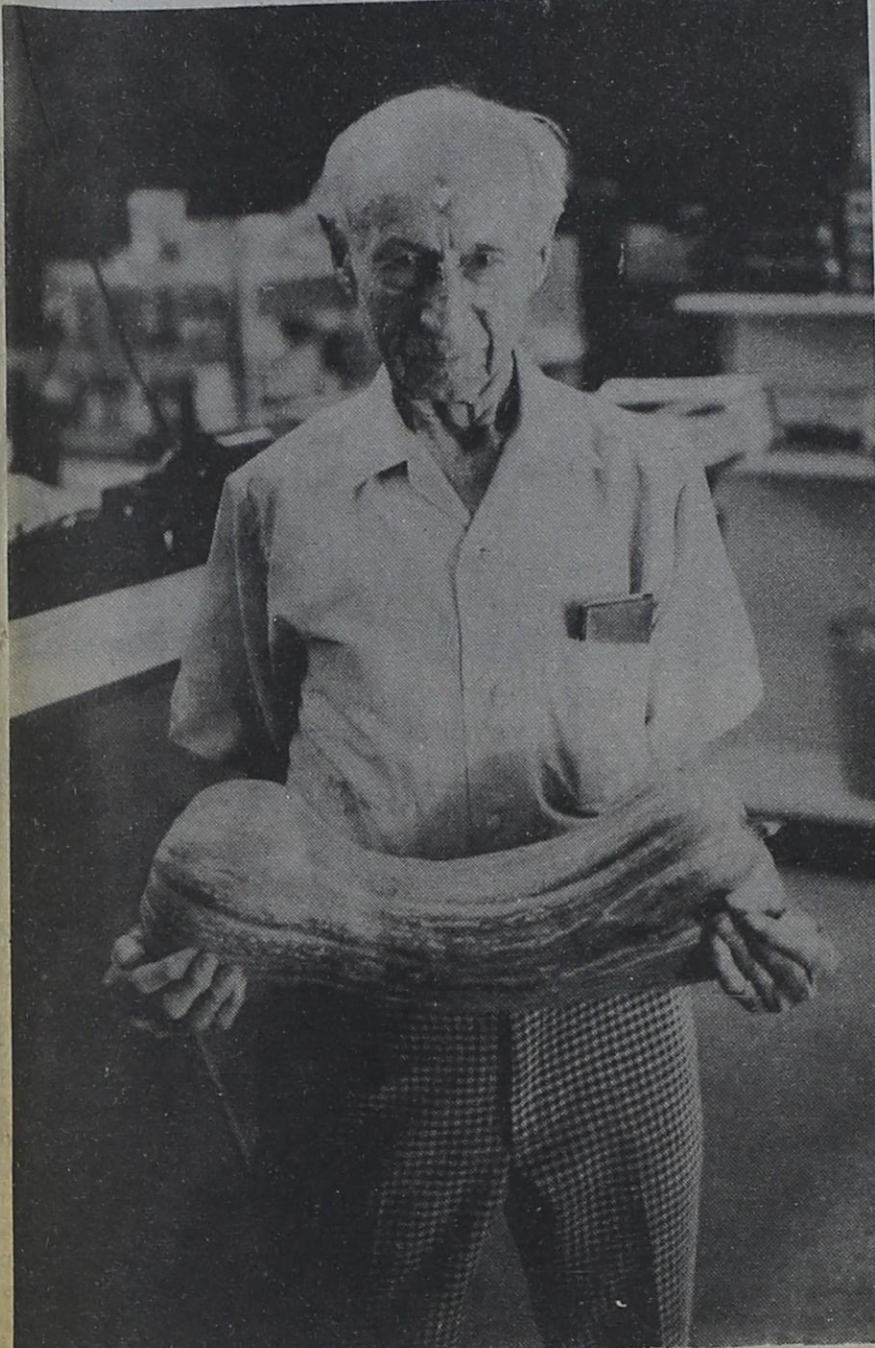

BILL STEWART

## Stewart Selected Outstanding Young Man Of America

William Hurst (Bill) Stewart, Jr. has recently been selected as an Outstanding Young Man of America for 1984. He was recognized for his outstanding professional achievement, superior leadership ability, and exceptional service to the community.

A graduate of Munday High School, Stewart received his bachelor's degree in education from Baylor University in 1971 and his master's degree in education in 1976. He is employed by the Conally Independent School District in Waco as the assistant superintendent.

He is the son of Dr. and Mrs. Wm. H. Stewart of Munday and is married to the former Lana Harper. They have two children, Harper, age 12 and Shelly, age 8.

JOSEPH DECKER of Rhineland is pictured with a 12 pound squash grown in the garden of his daughter, Mr. and Mrs. Ted Herring. The vegetable, named a Tahitian Squash, began as a seed from the George Parks Seed Co. Mr. Decker enjoys gardening as well as keeping bees for honey.

## Hospital Board Issues June Session Minutes

The June meeting of the Knox County Hospital Board of Directors was called to order at 8:00 p.m. Thursday, June 28, by board president Vernal Zeissel. The minutes from the May board meeting were read and approved.

Members present were Vernal Zeissel, David Perdue, Ray Lynn Hardin, Maurine Reeder, Benny Grill, Buster Lowrey and Bernard Brown.

Others present included Randy Abernathy, Brenda Muncrief, administrator, W. F. Thompson, D. O., Bobby Hutchinson, Gary Decker and Jim Reid.

Under old business, Bobby Hutchinson, Gary Decker and Jim Reid met with the board regarding the previously requested subsidy for a weekend driver once a month for the Munday Ambulance. After lengthy discussion, the board requested further information and asked that it be reported to Ray Lynn Hardin. The request was rejected by the board at this time.

Dr. W. F. Thompson then addressed the board regarding the possibility of the Hospital District purchasing the Knox City Clinic. Vernal Zeissel informed Dr. Thompson that, after discussion, the board was not interested at this time.

Brenda Muncrief then presented the financial reports for the month of May consisting of cash flow statement, profit and loss statement, census report, checks written, insurance report, personnel report and DRG report. Mrs. Muncrief then presented a list of May accounts payable for approval. Following discussion, Benny Grill made a motion to accept the financial report as presented and to approve the accounts payable for payment. The motion was seconded by Buster Lowrey and passed with no opposition.

The motion was made by Bernard Brown that the board go into Executive Session. The motion was seconded by David Perdue and passed with no opposition. Executive session began at 9:45 p.m.

David Perdue made the motion

that the board return to regular session. Maurine Reeder seconded the motion which passed. Regular session resumed at 11:10 p.m.

The motion was made by Ray Lynn Hardin to accept the physician recruitment contract as presented by the administration. Benny Grill seconded the motion and it passed unanimously.

Maurine Reeder moved that the Board of Directors give the authority to the administrator to construct and send a letter notifying Dr. W. F. Thompson that he must complete all incomplete charts by July 23, 1984, in order to comply with Medicare requirements. Benny Grill seconded the motion which passed unanimously.

The board agreed that a memorandum should be sent to the department heads of the hospital stating that services rendered by the hospital would be for inpatients and outpatients of the hospital only.

David Perdue made the motion to adjourn and Maurine Reeder seconded. With no further business to discuss, the meeting adjourned at 12:00 midnight.

## Surplus Commodities To Be Distributed Thursday And Friday

The Aspermont Small Business Development Center will be delivering USDA surplus commodities (cheese, butter, etc.) in Knox County at the following times and locations:

Thursday (today), July 26 at the Munday Community Center, 2 to 4 p.m.; Knox City Community Center, 9 to 11:30 a.m.; Benjamin at the Courthouse, 1 to 4 p.m.; and Goree Community Center, 2:30 to 3:30 p.m. Commodities will be distributed from a large white truck in the center of town in Vera from 10 to 11:30 a.m.; from 12:30 to 2:00 p.m. in Gilliland, and from 2:30 to 3:30 p.m. in Truscott.

All applicants must present identification when they pick up these commodities.

## Little Rain Is Better Than None!

Tuesday must be a lucky day in this area, as it has rained two consecutive Tuesdays, and any day it rains here is a lucky day!

Tuesday, July 24, dawned cool and cloudy, thanks to a tropical depression weathermen said was heading west across the country. From our vantage point in the Courier office, we watched the temperature gauge at the First National Bank dip into the 60's during the morning hours, then observed the unusual sight of drivers having to use their windshield wipers as they drove down the street. The moisture was falling slowly in town, but reports were made of heavier showers in outlying areas.

Local U.S. Weather Observer Goodson Sellers measured .05 in his rain gauge about 11 a.m., but drops were still falling later in the morning as this story was being set.

## Needs Of Medicaid Patients Being Met

The Aspermont Small Business Development Center, Inc., operates a Title 19 Medical Transportation Program.

Known as the Double Mountain Coach Transportation System, this program provides current Medicaid recipients from Haskell, Jones, Stonewall and Knox Counties with transportation to medical services. This includes, but is not limited to, trips to doctors, to have prescriptions filled and to have eyes checked or get glasses.

The system is now able to transport wheelchair patients also. However, if you need this service, please notify the Aspermont Small Business Development Center, Inc., at least one week in advance.

Current Medicaid recipients who have no other means of transportation may contact the Aspermont Small Business Development Center, Inc., by mail or telephone at the following address and number:

Aspermont Small Business Development Center, Inc.  
P. O. Box 188  
Aspermont, Texas 79502  
(817) 989-2239

Requests are taken Monday through Friday between 8:00 a.m. and 5:00 p.m. on a first-come, first-serve basis. Twenty-four hour advance notice is required and the following days are reserved for transportation requests from the respective areas.

Monday, Knox County; Tuesday, Stonewall County; Wednesday, Haskell County; Thursday, Hamlin, Hawley and Anson area; and Friday, Stamford area.

## Lucky Stroke Is Popular Feature At Local Course

Is it luck or skill? Does the local golf course need to be updated and perhaps made a little more difficult? Or is the new crop of young golfers a little more talented than some of the more experienced "experts"?

When two young golfers make holes-in-one during the same summer on the same course, one begins to wonder about the answer to some of these questions!

Sunday, July 22, was a big day for Derek Cypert, as he hit a hole-in-one on the ninth hole at Lake Creek Golf Course. Derek was playing in a foursome with his grandfather, Oscar Cypert, Red Hurst and Phil Johnson. As some onlookers watched in awe and envy, Phil wasn't too impressed - he accomplished the same feat on the eighteenth hole earlier this summer.

We wonder how many 30 or 40-year veterans of the game had to bite their tongues and grit their teeth before they congratulated these young men!

Knox City - Edna Eubanks, Lindsay Fisher, Dora Followill.  
Benjamin - Concepcion Estrada.  
Goree - Mary Dixon.

Patients dismissed as of July 20, 1984:

Knox City - Hazel Clark, Beatrice Benedict, Minnie Reeves, James Jackson, George Freeman.

Munday - Lino Perez.  
Guthrie - Arlyn Coppedge, Mary Coppedge.

MRS. JOHN CHARLES MATUS  
formerly Wendy Pollock

## Candlelight Ceremony Unites Miss Pollock, John Matus

Wendy Renee' Pollock became the bride of John Charles Matus at 7:30 in the evening, Friday, July 20, 1984, at the First Baptist Church of Benjamin. The Rev. Darrell Brown performed the ceremony by candlelight.

Parents of the couple are J. E. Pollock of Singapore and Mrs. Jan Pollock of Benjamin and Mrs. Dorothy Matus of Megargel.

Will McCarthy of Iowa Park and Mark Roberts of Hereford, cousins of the bride, were candlelighters.

Music was provided by Mrs. Linda Griffith at the piano and Mrs. Tammy Brown at the organ. *The Lord's Prayer*, *Evergreen* and *Theme from Ice Castles* were sung by Renae Sunday of Paducah.

The bride was given in marriage by her parents and escorted down the aisle by her father. She chose an original gown of white satin covered with layers of Rachel lace. The gown featured a satin bodice with an overlay of Rachel lace accenting a satin bib edged and appliqued with lace sprinkled with seed pearls. The full skirt fell into multiple layers of lace which extended into a cathedral length train. The matching cathedral length veil of flowing tulle was capped by a bandeau headpiece accented with pearls and lace. An edging of matching lace completed the look of her bridal ensemble.

In keeping with tradition, the bride wore a gold bracelet that had belonged to her great-grandmother

as something old, her wedding dress was something new and she wore a blue garter.

Honor attendants were Twylah Pierce of Olney and Mike Matus of Thalia. Bridesmaids were Beverly Tolson, Michelle Bufkin and Debbie Bufkin, all of Benjamin, Mrs. Stasia Antilley of Guthrie and Mrs. Pam Kincy of Seymour.

They were dressed in identical dresses of lilac organza featuring off-the-shoulder necklines. The full skirts extended into ruffles at the hemline. Each carried a bouquet of silk flowers matching their dresses.

The flower girl, Rachael Kincy of

Seymour, niece of the groom, wore a white lace dress and carried a white lace basket of silk lilac flowers. The ring bearer was Jake Crawford of Seymour, nephew of the groom.

Groomsmen and ushers were Alan Baly of Gilliland, Ronnie Kincy of Seymour, Terry Symank of Archer City, Lynn Davis of Megargel, Randy Kulhanek of Olney, Doug Brown and Jake Propps of Benjamin, James Propps of Lockett and Eddie Romo of Denton.

Wedding guests were registered by Lori Griffith.

A reception was held in the Benjamin Memorial Building following the ceremony. The bride's table was covered with a lilac cloth overlaid with white lace and centered with an arrangement of silk flowers intertwined in a silver candelabrum. The three tiered wedding cake was all white and decorated with cherubs. Serving were Marion Duke, Kim Conner and Toni Sutton.

The groom's table was covered with a beige linen cloth. The cake was decorated in a farm scene.

Serving at the groom's table were Mrs. Sharon Hulcy of Wichita Falls and Debbie Symank of Archer City, sisters of the groom.

Marcy McCarthy of Iowa Park, niece of the bride, and Mike Sawyers of Hamlin, nephew of the bride, distributed rice bags.

The groom's mother hosted the rehearsal dinner at the Benjamin Memorial Building.

After a short wedding trip the couple will make their home in Megargel where the groom is engaged in farming. Mrs. Matus plans to continue her education at Vernon Regional Junior College.

## No Secret To Picking A Melon

For some people, picking the "perfect" watermelon is a favorite summer rite that involves thumping and shaking and looking for telltale signs of what could be inside.

But judging the quality of a watermelon is very difficult unless it's cut in half or quartered, says Texas A&M University Agricultural Extension Service food and nutrition specialist Mary K. Sweeten. In fact, one recent produce industry study showed that about forty percent of consumers find melons the most difficult fruit to judge for ripeness and freshness, she adds.

According to Sweeten, there are a few appearance factors which may be helpful - but not totally reliable -

in guiding you to a good, ripe, juicy watermelon.

The surface of the watermelon should be relatively smooth, she says. The rind should have a slight dullness, neither shiny nor dull. The ends of the melon should be filled out and rounded, and the underside of the melon should have a creamy color.

It's easier, but usually more expensive to buy a cut melon, says the specialist. Even then, you may not get the best melon for your money unless you inspect it well. The best melon has firm, juicy flesh with good red color, she says. Look out for white streaks and whitish seeds since these indicate immaturity.

Also avoid a melon with dry, mealy flesh or watery, stringy flesh. These are signs of overmaturity or aging after harvest.

## NEW from France Fragrance Diffusers by

What a wonderful idea! Wouldn't you know the French would come up with it? By putting a delightfully fragrant oil in a specially built "diffuser" bottle, you can fill a room with your choice from five different fragrances.

The hand-made bottles come in different colors, too.

This is a wonderful idea for a gift or for yourself.

Only \$11.95.

## Munday Nursing Center News

BY NANCY CYPERT

Helen Patterson and Elaine Guley came Tuesday afternoon and called bingo for the residents. Each player received a prize. Our thanks go to these ladies for coming.

Mr. and Mrs. Curtis Seale of Goree visited his mother, Maggie Gunn, this week.

Valerie Kinnibrugh of Truscott visited her mother, Henrietta Burgess.

Holly Amerson of Houston visited her grandfather, Hal Amerson, this week.

Dr. Moylette and Dayle Kuehler came Thursday afternoon and called bingo for the residents. Each player received a prize of their choice. We want to thank these ladies for coming.

Laura Moylette of Wichita Falls visited friends in the home on Thursday.

Ina Scarbrough of Goree visited Maggie Gunn this week.

Joe Decker of Rhineland visited friends in the home on Friday.

Howard and Ruby Myers and Marie Burns came Friday afternoon for Bible Study. We want to thank them so much for coming each week to share with the residents.

Jack Proffitt of Roysie City visited Jim Proffitt on Friday.

Mr. and Mrs. David Tomlinson of Midland visited his grandmother, Myrtle Tomlinson, over the

weekend. The Senior Citizen Group came Saturday afternoon for the sing-along with the residents. They always enjoy this and want to thank this group for coming.

Bobbie Joe Tuggle of Wichita Falls visited his mother, Leoma Tuggle, over the weekend.

Visiting Ruby Riddle during the week and over the weekend were her daughter and husband, Mr. and Mrs. J. C. Stone of Corpus Christi, and her grandchildren, Mr. and Mrs. Henry Pape and Mr. and Mrs. Don Wester of Ft. Worth, Mr. and Mrs. Charlie Rogers, Stacy and Billy, of Del Rio, Mr. and Mrs. Buddy Stone of San Antonio and Mr. and Mrs. Terry Moench of Corpus Christi.

Jeanette and Debbie Coody of Farmers Branch visited Lola Moore over the weekend.

Visiting Ralph and Mary Caram over the weekend were Edward Arredondo of Austin, Truman Arredondo and Olivia Palacios of Wichita Falls, and Charlie Tomanek of Knox City.

The Church of Christ in Munday came Sunday afternoon for church services. We want to thank this group for coming and sharing with the residents.

**Olney Savings To Build New Office**

Work has begun on a new building for Olney Savings in Seymour. The new building will have a total of 2700 square feet. There will be three private offices, a three station teller counter, a vault with safe deposit boxes and a four lane drive-in window facility. The building will have a white stucco exterior, while the interior will feature warm earth tones and other accent colors.

"Olney Savings has been very fortunate to have been in Seymour for so many years. As our first branch, the Seymour office was our first step toward a current network of twenty-six offices throughout North Central Texas," commented Alan D. Myers Jr., president of Olney Savings. "We hope this new facility will better serve our customers and friends of Baylor, Knox and Haskell counties. They have been faithful to Olney Savings and we want to provide them with a facility that will best serve their financial needs," added Myers.

"Our new office will enable us to offer new services to our customers that we have been unable to do in the past. We are excited and looking forward to our new home," commented Reeda Jeanes, manager of Olney Savings in Seymour.

The office is being constructed by Electra Construction, Inc., of Electra, Texas. Completion of the project is expected around November 1, 1984. The new building is located at the corner of Main Street and Oregon.

**Benjamin Grad Wins Scholarship**

Vernon Regional Junior College in Vernon has announced that Beverly Tolson, daughter of Mr. and Mrs. Buddy Tolson of Benjamin, has been awarded a \$100 VRJC Merit Scholarship for the 1984-85 academic year at VRJC. The scholarship was awarded to Miss Tolson upon recommendations made by the administration at Benjamin High School.

A 1984 BHS graduate, Miss Tolson was active in basketball, pep squad, tennis, track, Future Farmers of America, Future Homemakers of America, annual staff and student council. She will enter her freshman year at VRJC this fall and plans to major in business.

\*\*\*\*\*

Mr. and Mrs. Jeff Anderson visited in the John Massey home in Amarillo during the weekend and attended the wedding of their granddaughter.

MARY ANN ALBUS and JOHNNY MELTON

### Engagement Announcement

Mr. and Mrs. James Albus of Knox City are announcing the engagement and approaching marriage of their daughter, Mary Ann, to Johnny Lee Melton of Munday, son of Penny Goodwin of Seymour and Edward Melton of Munday.

The bride-to-be is a graduate of Knox City High School and attend-

ed Vernon Regional Junior College. The prospective bridegroom, a Munday High School graduate, owns and operates P&M Supply in Munday.

The couple will exchange vows at 4 p.m. September 8, 1984, in St. Joseph's Catholic Church in Rhineland.

## The Bible: More than meets the eye!

Millions of people read the Bible. Many others are puzzled by this and wonder what it is all about. Still others are aghast that the Bible can make devout and thoughtful neighbors of some and obnoxious fanatics of others. "The Bible saved our marriage," says one couple. A second couple says just the opposite.

Clearly, the Bible is not a simple book that one can sit down with and immediately understand in its fullness. One needs help and preparation before he can discover God speaking to him through the printed word.

Mindful of the incomparable value of the Scriptures and of the need for proper preparation before reading them, the Catholic bishops at the Second Vatican Council in 1965 wrote a special document *On Divine Revelation*. Written primarily for Catholics, it has since proven to be interesting and helpful to an even wider audience. The complete document is now available from many sources, but by way of simplifying it, we have prepared a less technical version. A free copy of this is yours for the asking. Simply mail the coupon. No one will call on you.

### Eating On The Run Is Costly

More and more Americans are eating on the run without realizing what it costs, says home economist Bonnie L. Piernot.

Nearly 35 percent of the food dollar is now spent in away-from-home eating places, with an increasing amount going to fast food restaurants, says Piernot, a specialist with the Texas A&M University Agricultural Extension Service.

The fast food market - with 33,000 franchise outlets in the country - is growing at a much faster rate than the food-at-home market and is expected to increase the size of its bite from the consumer, she adds.

In one recent study, the United States Department of Agriculture compared the cost of selected fast food items with those of the same food prepared at home. The cost of a special hamburger, french fries and soft drink in this study cost \$1.61 at a franchised restaurant and 83 cents for an equivalent meal at home.

"This is almost twice as much for a service that requires no special culinary skills and does not require specialized kitchen equipment," says the specialist.

Such fast food favorites as fried chicken, pizza, cookies, pies, milk shakes or french fries prepared from fresh potatoes were not included in this study, notes Piernot.

Other studies indicate, however, that a meal eaten away from home costs an average of 2.6 times that of a comparable meal prepared at home, she points out.

## Allsup's Stores Continue Working For "Jerry's Kids"

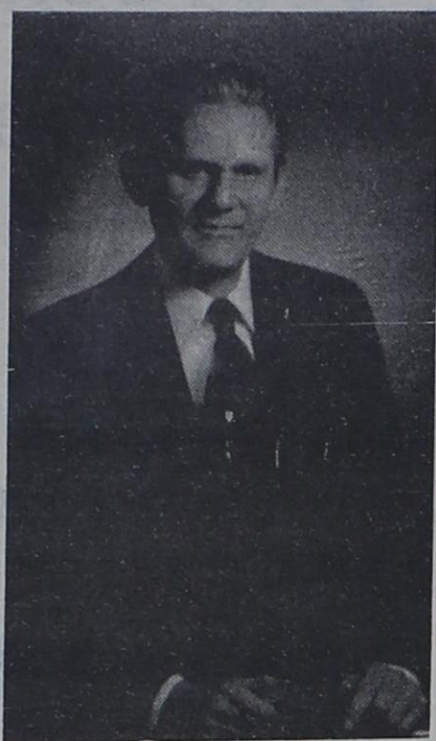

Allsup's Convenience Stores will again join the fight for the Muscular Dystrophy Association in 1984. Through Labor Day, Allsup's will display collection canisters for "Jerry's Kids" in all 271 stores in New Mexico, Texas and Oklahoma.

According to Jack Crow, director of public relations, "The Muscular Dystrophy Association is seeking causes and cures for forty crippling neuromuscular related disorders. They depend almost entirely on contributions from private contributions and corporations, and the proceeds from the Labor Day Telethon, so the canister collections play a very important part of the fund-raising activities. We, at Allsup's, are proud to be a part of such a worthwhile endeavor."

In addition to the canisters, Allsup's "Door Bell Brigade" will be marching again this year. All area youngsters who would like to help MDA and "Jerry's Kids" are encouraged to pick up the brigade packets at your local Allsup's store on Saturday and Sunday, August 25

and 26. After collecting door-to-door and returning the collections to the store, each youngster will receive a free fountain drink of their choice.

From Jack Crow, "We're looking forward to working with area youngsters in the campaign against Muscular Dystrophy. Thanks to all our friends and customers for your generosity, because your nickels and dimes add up to millions of dollars for research and treatment. So, look for the MDA coin collection canisters and give to "Jerry's Kids". Your pocket change can be the key to the cure."

DR. DICK DAVIS HARRELL

### Past Resident And Noted Doctor Dies In Pennsylvania

Dick Davis Harrell, M.D., 59, of Rosemont and Philadelphia, Pa., a former Munday resident, died Thursday, July 12, after a long illness. Dr. Harrell was a well known physician and educator who practiced and taught for more than 30 years in the Philadelphia metropolitan area. He was noted as an expert in both pulmonary and gastroenterologic medicine.

Memorial services were held at 7 p.m. Tuesday, July 17, at the Old St. Joseph's Church in Philadelphia.

Born in Anson in 1924 to Mr. and Mrs. E. W. Harrell, he moved with his family to Munday in 1936 and graduated from Munday High School before receiving his bachelor of arts degree from the University of Texas at Austin in 1946. He went on to receive his M.D. from the University of Texas campus in Galveston in 1950.

Harrell went to Philadelphia in 1950 as an intern at The Graduate Hospital and completed his residency and subsequent training in the Graduate School of Medicine of the University of Pennsylvania in 1955. He served as Medical Director of the U. S. Navy Medical Corps Pulmonary Disease and Gastroenterology Wards from 1955 to 1957.

Dr. Harrell held a variety of teaching posts during his career and instructed in medicine at The Graduate Hospital, the University of Pennsylvania School of Medicine and at Presbyterian University of Pennsylvania Medical Center. He also served on the staff of the Philadelphia Naval Hospital and Sacred Heart Hospital, Norristown, during his career.

As director of the pulmonary disease section of The Graduate Hospital from 1959-1979, he authored a variety of publications with the renowned Dr. Henry Bockus and Dr. Harold Israel. Dr. Harrell made significant contributions to the understanding and research of sarcoidosis, a degenerative disease affecting the organs and skin. He also collaborated as author of a chapter of the standard reference text "Gastroenterology" with Dr. Henry Bockus.

In addition to active involvement with a variety of professional societies and organizations, Dr. Harrell served as internal medicine consultant for the Philadelphia Eagles. He was perhaps best known by colleagues for his well attended weekly chest conference presentations at The Graduate Hospital.

Dr. Harrell is survived by his wife, Alice of Rosemont, Pa.; his son, Richard Davis Harrell of Narberth, Pa.; four daughters, Catherine Harrell Friel of Lancaster, Pa., Elizabeth Harrell Tisdall of Summit, New Jersey, Susan T. Harrell of Boca Raton, Florida, and Alice Welsh Harrell of Philadelphia; a brother, Gene Harrell of Albuquerque, New Mexico; and three grandchildren. He was the stepson of Mrs. Claudia Harrell of Munday.

## Benjamin News

By MRS. GLADENE GREEN

### HERE 'N THERE

Captain and Mrs. Michael Pyatt, Brad and Mary, of Norfolk, Va., visited his grandparents, Lee and Grace Snailum, during the weekend. Thursday guests of the Snailums were Carol, Casey and Amy Snailum of Garland.

Visiting Clodell Duke and Jan and Wendy Pollock last week were Gaye and Mark Roberts of Hereford, Sue, Will and Marcy McCarthy of Iowa Park, Mary and Mike Sawyers of Hamlin and Polly Marion of Knox City. Ken Roberts, Denny McCarthy and Derrell Sawyers joined their families here for the Pollock-Matus wedding and spent the weekend. Also here for the wedding and remaining for a weekend visit were Butch, Doris and Marion Duke of Levelland.

B. W. and Irene Duke of Ft. Worth visited relatives and friends here Friday and attended the Matus-Pollock wedding.

H. T. and Kathleen Melton are vacationing in Colorado this week.

Jack and Katy New and Catlyn of Seguin visited her mother, Ruth Ressel, and her sister and family, the Dub Cartwrights, during the weekend.

Karen Eager and Linda Morris of Ft. Worth visited Jan Pollock Friday and attended the wedding.

Enjoying a vacation in Colorado last week were Mr. and Mrs. Kenneth Roberts, Mr. and Mrs. Freddy McGreger and Chris and the Donnie Roberts of O'Brien.

### ATTEND ALL-STAR GAME

Don, Louise and Craig Hertel, Weldon, Jane, Lana, Sue, and Oscar Gideon, Benny, Belle, Kate and Diandra Grill, David, Sue and Sulynn Oxford, Bill and Pearl Ryder, Jake and James Propps, and Barbara and Jim Pratt attended the East-West All-Star football and basketball games in Stephenville Saturday. Kent Hertel played on the West basketball team and Troy Oxford played on the West football team. The basketball team lost 93-88 and the football team won 38-28. Troy Oxford was one of the captains on the football team and scored two touchdowns. We're proud of our Benjamin boys!

### MORE HERE 'N THERE

Nora Hertel returned home Sunday after a week's visit with her daughter and family, the Daniel Albus', in Lubbock.

### Knox County Konections

L. JANE LOCKNANE  
COUNTY EXTENSION AGENT - HOME ECONOMICS

The salad bar has become about as American as apple pie. They can now be found in every type of restaurant from fast food stores to the finest steak houses.

Of course, restaurants have salad bars because their customers want them. This is largely a result of the physical fitness awareness that has

swept the country the past few years.

People like salad bars for a variety of reasons, most of them having to do with nutrition. Often they'll say they eat at the salad bar because it's not fattening, it's nutritious, you can make it any way you want, you can make a whole meal out of it, and it's good for you even if you're on a special diet.

Salad bars can live up to these nutritional expectations but it's not automatic. Whether your salad is high in nutrients, low in calories, right for your special diet or adequate for a one-dish meal depends entirely upon the choices you make.

For some people, a salad is a bowl of iceberg lettuce with dressing. That type of salad is high in fiber and low in calories if you don't over-do it on the dressing. But you can do better nutritionally by adding vegetables high in vitamins A and C.

Pale green leaves, such as iceberg lettuce, don't provide much vitamin A and C. But dark green leaves like Romaine lettuce and spinach do.

The typical salad bar also has many other good vitamin A and C sources such as hot red peppers, broccoli, carrots, cauliflower and cole slaw.

Vegetables can't do everything

for you, however. So if your salad is supposed to be an entire meal, you should also include some non-vegetable ingredients like bacon bits, shredded cheese, chopped egg or cottage cheese. These are good sources of protein, calcium and riboflavin.

Some nutrients, like thiamin, iron and niacin, are primarily supplied by foods you don't often see at salad bars, such as meats and grain products.

If you're looking for a low-calorie meal, the salad bar may not necessarily be the best place to find it. By choosing helpings of potato salad, cottage cheese, gelatin and cole slaw along with your vegetables, then topping it with bacon bits and croutons and using a non-diet dressing, you can wind up with more calories than a "regular" meal.

To keep your calorie count down when you go to the salad bar, follow these suggestions.

\* Select plain raw vegetables because they have the lowest calorie counts.

\* Don't take too many pickled foods. They're somewhat higher in calories because sugar is added in the pickling process. Pickled beets, for example, have twice as many calories as plain beets.

\* Avoid the non-vegetable items such as cottage cheese and various high-calorie dressings. Cottage cheese and cheese are good sources of calcium, however, so you might want to include them if you are not normally a milk-drinker.

\* Stay away from prepared salads like cole slaw, potato salad and marinated salads. Prepared salads are higher in calories than plain vegetables because they use high-calorie dressings. For example, cole slaw contains more than six times the calories of plain cabbage.

\* Use only a small amount of diet dressing. Some diet dressings have as much as 30 calories a tablespoon, and the calories will add up fast if you use a large amount.

So enjoy a salad bar but eat from it wisely.

### O'Brien Man Dies July 18 In Abilene

Jose Solis 'Joe' Rocha, 52, a machine operator from O'Brien, died at 11 p.m. Wednesday, July 18, at West Texas Medical Center in Abilene after an apparent heart attack.

Rosary was at 7:30 p.m. Thursday, July 19, at Smith Funeral Home in Knox City. Funeral mass was held at 10 a.m. Friday, July 20, at Santa Rosa Catholic Church in Knox City with Father Bob Strittmatter, pastor, officiating. Burial was in O'Brien Cemetery under direction of Smith Funeral Home.

Rocha was born January 3, 1932, in Mexico and married Alexandra Rodriguez in November, 1960, in Knox City. He had worked for Bronco Seed Co., in Stamford and was a member of Santa Rosa Catholic Church.

Survivors include his wife; eight sons, Johnny and Mague, both of Knox City, Jaime, Max and Arthur, all of Abilene, and Joe Jr., George and Harvey, all of O'Brien; four daughters, Rosa Richardson and Chela Ferguson, both of Graham, and Adela Gutierrez and Estella Rocha, both of O'Brien; his mother, Natalie Rocha of Haskell; a sister, Mary Rojas of Haskell; and 13 grandchildren.

### LOCALS

Rob, Angela and Jason Anderson of Aledo are visiting their grandparents, Mr. and Mrs. Jeff Anderson and Mr. and Mrs. Bob Brown, this week.

JEFF HARDIN

### Goree Couple's Grandson Is Victim Of Fire

A Wichita Falls firefighter who lost his life in a used furniture store fire Thursday, July 19, was the grandson of Goree residents Mr. and Mrs. Homer Lambeth.

Services for Jeff Hardin, 26, were held at 11 a.m. Saturday, July 21, in the First Baptist Church in Wichita Falls, with Dr. Morris Chapman, pastor, officiating. Burial was in Crestview Memorial Park. Flags at Wichita Falls fire stations flew at half-mast Friday in honor of Hardin, the first WF firefighter to die in the

line of duty since 1960.

Some of Hardin's fellow firemen served as pallbearers, and others formed an honor guard as his coffin was carried past. Fire dispatchers called for 30 seconds of silence in his memory during the 8:30 a.m. radio check Friday.

Fire chief Jim Jameson said Hardin was an exceptionally good firefighter. As hoseman at the fire at 410 N. Eastside Drive, he advanced the water hose into the fire. Jameson said the early indication is that Hardin lost his way in the building and succumbed to smoke inhalation. He was found around 11 p.m. in an aisle of the junk-littered metal building which housed Northside Trading Post.

Co-workers described Hardin as being one of the nicest and most polite firefighters in the department. His superiors said Hardin was a conscientious firefighter and one of the few "model" students in each academy class. Battalion Chief Bud Davis said, "He was probably as good at this point in his career as anybody." The men agreed that Hardin's death was the kind of thing they hoped never happened, but something that firemen face

each time they answer a call.

Hardin was born January 8, 1958, in El Paso and had lived in Wichita Falls since 1972. He was a 1976 graduate of Wichita Falls High School and had been with the Fire Department just over a year, graduating from the Wichita Falls Fire Academy in September. He was a member of the First Baptist Church.

Survivors include a daughter, Randi Shae Hardin of Wichita Falls; his parents, Mr. and Mrs. Ron Hardin of Wichita Falls; four sisters, Mrs. Michael Tennyson of Fort Worth, Mrs. Peter Foley of Waco, Mrs. Kevin Willeford of Archer City and Jenifer Hardin of Wichita Falls; and his grandparents, Mr. and Mrs. P. A. Hardin of Seymour and Mr. and Mrs. Homer Lambeth of Goree. He was a cousin of longtime Munday fireman Ray Lynn Hardin.

One inch of rain over one acre of surface would weigh more than 113 tons.

## Farm And Ranch Report

DAVID TUNMIRE  
COUNTY EXTENSION AGENT-AG

### Bollworm Moth Activity Increasing

Bollworm moth activity has increased and egg numbers found in fields can be expected to increase. The Moth ZV model indicates egg numbers should be reaching their peak July 26 at Goree and August 4 at Rhineland. Daily reports on bollworm moth trapping in Rhineland by Marvin and Vernal Zeissel and in Goree by the Texas Agricultural Experiment Station were used in the Moth ZV model prediction.

Emory Boring, Extension entomologist, recommends that any field which is squaring and is not drought stressed should be checked every three to four days for increased bollworm egg numbers. The moths will select the most attractive fields in which to deposit their eggs.

Moths usually lay eggs singly on the top of young tender terminal leaves in the upper one-third of the plant. Eggs are pearly white to cream color and are about half the size of a pinhead.

Wait till you find the small larval and evaluate the damage being done before you use control measures, recommends Boring. Also, beneficial insect populations should be taken into consideration when evaluating bollworm populations and damage.

When control is necessary, consider using a microbial insecticide, if at all possible, to preserve the beneficial insects. Use of conventional insecticides to control bollworms often kills beneficial insects.

I have in my office in the Knox County Courthouse a free publication, "1984 Management of Cotton Insects in the High Plains, Rolling Plains and Trans-Pecos Area", which gives more detailed information about bollworm control, damage evaluation and suggested insecticides. Also contained in the publication is some very good information about other cotton pests.

Depending on the condition of the cotton and if it is irrigated or dryland, each producer will have to evaluate their fields and determine if and when insecticide control measures are needed. When insecticides are decided upon, always follow label instructions.

### Control White Grubs In Lawn

White grubs are a common problem in home lawns which are often over-treated. The best time to control white grubs in Knox County is from late July to early August.

May or June beetles are emerging from the soil and starting to swarm in late evenings. Females are laying eggs, and white grub worms that hatch will soon be feeding on roots of bermuda grass and St. Augustine

### Vacation Safety Habits May Stop Summer Traffic Deaths

Accidents don't take a holiday during the summer months in Texas, so plan for safety as well as enjoyment before starting out on that long awaited vacation trip in your car.

Last year, 3,823 persons were killed in traffic accidents in Texas, with 1,053 of these deaths occurring during the months of June, July and August. Three hundred and seventy-four deaths were recorded during July, making it the deadliest month of the year.

A few simple precautionary measures can keep you from becoming one of these grim summer holiday statistics, according to the Texas Department of Health.

To begin with, get an early start on a summer trip and plan the route ahead of time so you can reach your destination without hurrying. Allow enough time for the return journey also, because it can be the deadliest trip of all due to weariness and the desire to get home quickly.

In addition, remember that a lengthy stay in the sun, particularly at a lake or at the beach, can affect your night vision.

For any trip, it's wise to make certain safety checks on your car. Good tires and brakes, proper lights and correct wheel alignment are important. Check the car's hoses, belts and fluid levels, as well as tire pressure.

While most adults are aware by now that they should wear their seat belts, in some areas of the state as few as four percent of the children ride in car safety seats. Last year in Texas, 78 children ages 0-4 died in motor vehicle accidents, and another 6,603 were injured - many seriously.

Since not all medical problems can be avoided on the road, it's a good idea for the traveler to take along a first aid kit. Consider packing these items:

- ★ prescription medicines, properly labeled, and extra prescriptions if you think you might run out.
- ★ lip balm, sun screens, insect repellent and an extra pair of glasses or contact lenses.
- ★ first aid guide.
- ★ adhesive bandages and tape, gauze pads, safety pins, scissors, tweezers and a thermometer.

### Police Report

by Police Chief Gerald Saffel  
During the reporting period of July 1-22, the Police Department issued seven traffic citations and 11 warnings, and worked four accidents, two of these involving vehicles that hit stationary objects.

We investigated one report of burglary which was unfounded and the owner did not file charges. Carden Plumbing reported a theft of tools that amounted to approximately \$265, and this case is still under investigation. We had a report of two children trying to pass a forged check; when found they were detained and released into their parents' custody.

One male subject was arrested on charges of violation of probation and placed in the Knox County Jail at Benjamin.

Two dog calls were handled and three skunks were shot.

The department assisted Haskell agencies, the county officers and the Knox City Police Department, and we were assisted by other agencies numerous times.

### Services For Daniel A. Loran Held In Rhineland

Daniel A. Loran, 63, a former Rhineland resident, died Friday evening, July 20, at his home in Weatherford.

Rosary was at 8 p.m. Sunday, July 22, at McCauley-Smith Funeral Home in Munday. Funeral mass was held at 10 a.m. Monday, July 23, at St. Joseph's Catholic Church in Rhineland with Father Bob Strittmatter, pastor, officiating. Burial was in St. Joseph's Catholic Cemetery under direction of McCauley-Smith Funeral Home.

He was born August 26, 1920, in Rhineland and moved from there to Weatherford in 1975. A veteran of World War II who served in the U.S. Air Force, he was a retired farmer and member of St. Joseph's Catholic Church.

Survivors include three brothers, Ralph Loran of Weatherford, Fedelis Loran of Windthorst and Bro. Eric Loran of Subiaco Abbey, Ark.; and seven sisters, Sister Martha Loran of Canyon, Monica Myers of Harlingen, Roselia Pokorny of Wichita Falls, Sister Andera Loran of Fort Smith, Ark., Ruth Loran of San Antonio and Mary Kuehler and Jeanette Zeissel, both of Rhineland.

## PUBLIC NOTICES "BECAUSE THE PEOPLE MUST KNOW"

### SHERIFF'S SALE

The State of Texas, County of Knox NOTICE IS HEREBY GIVEN That by virtue of a certain Execution issued out of the Honorable 215th District Court of Harris County, on the 17th day of April, 1984 by District Clerk of said Court for the sum of thirty-five thousand, eight-hundred thirty-one dollars and six cents (\$35,831.06) plus one thousand, five hundred fifty-five dollars and twenty-six cents (\$1,555.26) in attorney's fees and costs and costs of suit, under a certain judgment, in favor of H. S. Thaxton in a certain cause in said Court, No. 84-12462 and styled Bank of Casper vs. H. S. Thaxton and placed in my hands for service, I Morris E. Nix as Sheriff of Knox County, Texas, did, on the 9th day of July 1984 levy on certain Real Estate, situated in Knox County, Texas, described as follows, to-wit:

All of his right, title or interest in or to one certain oil and gas mining lease made and entered into by and between W. C. Hertel and wife, Elizabeth Hertel, as Lessors and T. C. Foley as Lessee, covering the following described land in Knox County, Texas, to wit:

The East one-half (E/2) of the South Four Hundred Acres (400) of Survey No. 13, Block No. 2, D & W Ry. Co., Survey, Certificate No. 142, described by metes and bounds:

Beginning at a point in the South boundary line of said Section 13, 680 varas East of the Southeast corner of said Section No. 13, the same being the Southeast corner of the West Half of the South 400 acres of Section No. 13; Thence East 680 varas to the Southeast corner of Section No. 13; Thence North 1,661-3/4 varas to corner in East boundary line of Section No. 13; Thence West 680 varas to Northeast corner of West Half of the South 400 acres of Section No. 13; Thence South 1,661-3/4 varas to the place of beginning and containing 200 acres, more or less.

Said lease being recorded in the office of the County Clerk in and for said county in book 127 page 179, together with all personal property used or obtained therewith.

And levied upon as the property of H. S. Thaxton and that on the first Tuesday in August 1984, the same being the 7th day of said month, at the Court House door, of Knox County, in the City of Benjamin, Texas, between the hours of 10 a.m. and 4 p.m. by virtue of said levy and said Execution I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said H. S. Thaxton.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Knox County News & Munday Courier, newspapers published in Knox County.

Witness my hand, this 9th day of July, 1984.

Morris E. Nix  
Sheriff, Knox County, Texas  
By Jan Carver, Deputy  
39-3tc

### PUBLIC NOTICE

The Knox County Commissioners Court met in special session on July 20, 1984, but recessed until August 6, 1984 at 9:00 a.m. The purpose of this meeting will be to:

Review and interview all applications for Project Director of Knox County Aging Services.

Anyone else wishing to apply for this may pick up applications at the County Judge's Office or County Clerk's Office, only.

grass in home lawns. Once grubs begin feeding, control measures should be taken.

Feeding by the larval stages can cause such extensive damage that the turf can be rolled up like a carpet. This was the type of damage observed by Evelyn Balis of Knox City in her lawn.

Home owners need to evaluate the number of white grubs before treating. Check for white grubs by cutting a square foot section of sod with a shovel and examining the roots and soil to a depth of four inches. Examine at least one square foot of sod for 1,000 square feet of lawn area. Chemical treatment is needed if there are more than four grubs per square foot of sod.

Diazinon or Dursban provide adequate control and should be used at recommended rates given on the chemical container label. The granular form is easier to apply and to wash into the soil than liquid or spray formulations. After using granules, drag the grass with a tow sack or water hose to knock them down to the soil. Then apply enough water to soak the granules into the soil.

Balis will apply a diazinon spray at the rate of 25 gallons of water, including the insecticide, per 1,000 square feet to wash the insecticide into the soil. Wetting the lawn before spraying also helps. Always keep children and pets off the treated lawn until the grass is dry.

The key to white grub control in home lawns is proper timing of chemical applications and getting the insecticide through the grass to the root zone where grubs are feeding.
