KEEP MUNDAY MONEY IN MUNDAY

The Texas Company Will Drill Well South-East of Munday In Near Future

Rig Materials and Casing For Test Have Been Shipped and Location Will Be Made. On Section No. 115, or Immediate Vicinity

For some time rumors have been afloat that The Texas Company would drill a well within the immediate vicinity of Munday, and this rumor was verified the past week by a representative of the company, who stated that casing and other materials had been shipped to Munday and that a location for the test would be made within the next few days by one of that company's geologists, and that the test would likely be made on section 115, or that immediate vicinity, which would insure the well being within a radius of two miles of Munday.

For some months R. E. Alexander of this city has been active in securing acreage for this company, and has succeeded in blocking a large acreage throughout this section of the county, and it is predicted that they will give this section a thorough testing out within the near future.

Humble's Goode Encounters Gas

On Wednesday morning for a time fire threatened the destruction of the woodwork around the derrick of Humble's Goode No. 1, three miles south of Goree and seven miles east of Munday. Fire started when a strong flow of gas was encountered at a depth of about 1300 feet and was extinguished only after strenuous efforts on the part of the crew. The well is making a strong flow of gas and the crew is now engaged in underreaming to set casing.

KNOX COUNTY FARMERS IN TON LITTER CONTEST

By W. O. Logan

Last spring while assisting Mr. J. W. Tidwell, who lives north-west of Goree, with some terracing, we learned he had sold over four hundred dollars worth of hogs (\$400.00) and had some pigs and shoats left. That was for the twelve month period closing then, so we mentioned it in these notes. Last week while out there Mr. Tidwell told us that the closing twelve months had been very good as he had almost doubled the returns from his hogs, having gone pretty close to \$800.00 for the year. We looked over his plant and found a big bunch of shoats, and three or four sows with pigs grazing on a fine wheat field, and with that many on hand would not be surprised if he doesn't beat his last year's work.

Mr. Joseph Decker, Jr. of Rhineland has entered two purebred sows in the Ton Litter Contest, he has Durocs and they are fine. One sow has a litter of nine pigs and the other has a litter of twelve pigs. In six months, 180 days, there will be some of the finest pork seen in Knox County.

Chas. McBeth living south-west of Knox City is a club boy and he has entered his Poland China sow in the contest, she will farrow in a few days. We will enjoy seeing the Poland and Durocs put to their limit, a club boy and an experienced farmer competing to get the highest pig average.

We should have a dozen more in this contest. Some people will tell you any old hog will make more money than purebred, but they don't believe it for they won't keep a record and put them in a contest with a purebred at all. They say, "my hogs ain't good enough, and they won't raise more than five or six pigs." Get the good kind and then fix a place for the sows to farrow and raise eight or ten pigs each time instead of four or five.

The following Protein Supplement is urged to make the best gains:

- 1-4 pound tankage.
- 1-8 pound Gray wheat shorts.

Munday Country Has Big Rain, Much Hail Damage Is Reported

On last Friday evening the Munday country was visited by a severe rain and windstorm accompanied by much hail in some sections, which did much damage to grain and other crops. The worst of the hail seemed to pass thru the Gillespie community and between Munday and Weinert, where in some localities wheat and oats were completely destroyed by the hail and wind.

Many of the older citizens of Munday state that never before have they seen hailstones as large as those which fell at this time, some of them being almost as large as hen eggs, and practically every business house in Munday suffered a loss from damage to flat roofs, and some of them were damaged beyond repair.

Farmers throughout the country say that they will be compelled to replant everything, as cotton, corn maize and other crops that were up and growing were beaten to the ground, and those crops which did not go down in the severe hailstorm were practically destroyed by the sandstorm which raged on Sunday and Monday.

Rainfall in Munday was about two inches, while in the Gillespie community it is believed that the rainfall was much greater than here, and some of the citizens of that community estimate that three inches of rain fell within an hour. In the Grasshopper community south-east of Munday the hail damage was small and a good rain fell, which will greatly benefit the grain crop.

1-8 pound Cotton seed meal.
1-16 pound bone meal.
3-16 pound ground oats.
1-8 alfalfa meal.
Feed this one pound per day every day, mixed this way and in addition feed all the milo, corn, and grazing needed to get results wanted. It is better to grind corn or milo fine and add to the pound of protein supplement what is needed and wet just enough to make a thin mash. Wet it with milk if possible, or kitchen slop, or water.

Some feed store man might mix a few hundred pounds of this if the demand justified it. In quantities it would be

- 200 pounds Tankage
- 200 pounds Gray wheat shorts.
- 100 pounds Cotton seed meal
- 50 pounds Bone Meal.
- 150 pounds Ground oats
- 100 pounds Alfalfa meal.
- One pound of the mixture per day per pig will supply the protein, then other feeds will fatten. Try it on your home meat hogs.

BEAVER RIG NO. 1 DESTROYED BY FIRE LAST WEDNESDAY

The Beavers No. 1, located 2 1/2 miles north of town, drilling at 2,650 feet, caught fire from the forge, about 10 o'clock Wednesday morning. The rig, engine house and tool house were a complete loss. The damage was estimated to be about \$20,000 with insurance of \$12,000.

Mr. J. A. Moore was the driller when the rig caught fire. Mr. Seibert of the Proper Drilling Company, informs us they have sent to Vernon for a rig and derrick and will be drilling again in less than thirty days.

The Pete Jones No. 1, located east of town is drilling at 2,762 feet, but due to a cave in they are closed down waiting for 6 inch pipe.—Benjamin Post.

ACCUSED OF CRIME ULT OF PICTURE AT PEOPLES WED. AND THURSDAY

A wild high-spirited little New York movie actress seeking refuge in the Kentucky mountains from vengeance for a crime she did not commit—such is the story of "The Runaway," which makes its first appearance in Munday at the Peoples Theatre next Wednesday and Thursday.

Clara Bow plays the role of the runaway. When William Powell, who appears as a wealthy young New Yorker, is accidentally shot and dangerously wounded while with Miss Bow in an apartment in a Tennessee city, she realizes how hard it will be to prove her innocence and flees, thinking Powell dead.

On a lonely road, Miss Bow, half hysterical and nearly exhausted, appeals to Warner Baxter, a young mountaineer on the way back to his Kentucky home. He believes that she is running away from danger and takes her with him.

She is chagrined at his disgust when he learns she cannot cook or do any of the daily duties of hill women. At his home she finally wins the confidence of his mother, Edythe Chapman. Several weeks later Powell, the supposedly dead man, puts in his appearance, saying he is seeking the person who shot and left him for dead.

Baxter does not know at first that Miss Bow is the person Powell suspects and he and Powell become good friends. The presence of the "painted woman," as the hill people call Miss Bow, arouses a terrific antipathy toward Baxter and he narrowly avoids being killed by one of their number.

In the end Miss Bow is forced to choose between her old and new lover but not before the three have passed through many crises. George Bancroft, the smiling villain of James Cruze's "The Pony Express," portrays the leader of the clan opposing Baxter.

In addition to the players listed above, William de Mille, who produced and directed "The Runaway" for Paramount used many well known screen artists in other roles.

"Family Disturbance" Presented By Senior Class Monday Evening

The Senior play, "A Family Disturbance," was presented on Monday evening at the city hall auditorium, the storm of Friday evening having prevented its presentation at that time, and the attendance was all that could be desired, the auditorium having been filled almost to capacity, and the fact that liberal applause was given at intervals throughout the presentation evidenced the appreciative manner with which the efforts of the young people were received.

Time and space will not permit a detailed account of the play nor a mention of each of the characters, but suffice to say that each member of the cast exhibited much ability and reflected the thorough training which they had received under the able direction of Miss Lillian Aycock.

Members of the cast presenting the play were Stanley McCarty, Kate Ledbetter, Lois Wyche, Lillian Milam, Nolley Farrington, Oneta Blanton, Chas. McGlothlin, Conway McKenzie, Chase Eiland and Jim Tolson.

Mississippi Flood Victim Is Related To Munday Citizen

A message was received by Mrs. L. B. Lee on Friday of last week advising her of the death of S. D. Lee as Vicksburg, Miss., by being drowned in the flood waters of the Mississippi river, while engaged in rescue work. Clippings from newspapers told of his tragic death, when, as a member of the rescue party, the boat capsized and he was drowned, together with the other three members of the rescue party.

Deceased will be remembered by many citizens of Munday, as he visited his brother, the late Bransford Lee here several years ago. He was also related to Judge Oliver W. Lee.

Deceased is survived by his mother and one child and other relatives, who have our sympathy in their great sorrow.

AT THE BAPTIST CHURCH NEXT SUNDAY

We were disappointed, of course, that we did not have a nice day with everything conducive to church attendance last Sunday we could have had our 400 in Sunday school, as we surely would have, had it not been for the sandstorm and the muddy roads. We had 302, which was only four more than we had the previous Sunday. But we are not complaining, we are still working for and praying for the four hundred. The Mother's Day program was enjoyed by a house filled to the very doors. We are very grateful to Mesdames Reeves, Lair, Reynolds, Briggs, Ingram and others who made the splendid program possible.

We would like to name each boy and girl who took part, but of course that would not be possible. They all did exceedingly well. Weather conditions, cut our Sunday night attendance down somewhat, but we had a good crowd and a splendid service. A supply preacher will be in the pulpit at each hour next Sunday. Brother Joe Burton will preach at the morning hour and Brother Pippin will occupy the pulpit at the evening hour. We hope these brethren will have good congregations, for they are both fine men and good preachers. The public is welcome to all our services.

MISS AYCOCK WILL PRESENT JUNIOR PUPILS IN RECITAL

Miss Lillian Aycock will present her junior pupils in an expression recital on Thursday evening at the city hall auditorium, and a cordial invitation is extended to the public to attend.

Mrs. U. S. Rogers returned Friday from Goree, where she visited her daughter, Mrs. Lavoy Burton, who accompanied her home for a brief visit.

Munday Pays Visit To Vera and Attends The Big Chautauqua

Approximately thirty automobiles filled with Munday citizens journeyed over to Vera by way of the new Brazos bridge on Tuesday evening to attend the opening of the chautauqua which is being held there this week. Everyone carried a well-filled basket and upon arrival a bountiful feast was spread in the shade of the elegant school building, and everyone ate and enjoyed themselves until time for the opening of the chautauqua.

Preceding the opening of the program the Rev. Billingsley, pastor of the Methodist church at Vera made a brief address of welcome to the Munday citizens, to which response was made by the Rev. R. B. Freeman of Munday, who, on behalf of the citizenship of Munday, expressed much satisfaction over the fact that the two communities has been brought closer together by the building of a bridge and road connecting the two towns and communities, and the desire of the citizens of Munday to cooperate with the citizens of that community in all of its worthy undertakings.

It was a great trip. The roads were excellent, for the livewire citizens of Vera had busied themselves after the big rain to make the roads passable in places where they had been washed out. They gave us a warm welcome to their city and made us feel that we were among neighbors and friends, and everyone who made the trip thoroughly enjoyed every phase of it.

The performance given by the chautauqua people was as good as it has ever been our pleasure to see. The comedy, "The Family Upstairs" was presented by a cast of outstanding ability, and every minute of it was thoroughly enjoyed by the immense audience which packed the large tent to capacity.

Here is a partial list of those who were in the party, and while not complete, is as nearly so as we were able to get: Mr. and Mrs. W. R. Moore and children; Mr. and Mrs. C. R. Elliott; Mr. and Mrs. W. O. Wallace and children; Mr. and Mrs. W. H. Chapman and children; W. A. Baker, Bonner Baker and B. L. Blacklock of Floydada; Mr. and Mrs. F. L. Decker; Dr. Ammons; Mr. and Mrs. Lee Haymes; Rev. and Mrs. R. B. Freeman and daughter; C. C. Pippin, Harvey Lee, Miss Katherine Mabry; Mrs. H. C. Craig; Mr. and Mrs. J. C. Borden; Mr. and Mrs. C. M. Hendrix and daughter; Dr. and Mrs. A. A. Smith and children; Mr. and Mrs. John Spann; P. G. Barton; Mr. and Mrs. U. R. Houser; I. M. West; Mr. and Mrs. W. A. Campbell, Mr. and Mrs. J. C. Campbell and children; Mr. and Mrs. Fred Warren and children; Mr. and Mrs. W. H. Atkinson and daughters; Mr. and Mrs. M. H. Reeves and children; J. D. Kethley; Leland Hannah; Mr. and Mrs. F. F. Seifert; Mr. and Mrs. Carol Hopkins; George Isbell; Miss Faye Briggs; Mr. King; Miss Mamie Maxwell, Mrs. Katherine Harlan, Mr. and Mrs. J. A. Kennedy and children and others.

Mr. and Mrs. J. C. Jackson of Truscott were in the city Saturday. They have recently returned to Knox county from Stamford, and say that they are very glad to get back to old Knox. While here Mrs. Jackson called and had The Times sent to their address at Truscott, for which we wish to express our sincere thank.

W. A. Baker and son, Bonner, and B. L. Blacklock, of Floydada, were here first of the week looking after business matters.

Miss Eula Crawford had as her guest during the week-end her sister, Miss Mary Crawford, who is a member of the faculty of the Rule public schools.

CARD OF THANKS

We wish to thank the kind friends and neighbors who so generously came to our relief following the fire which destroyed our home, and we shall ever feel grateful for the assistance rendered us in this hour.

Mr. and Mrs. P. D. Boody.

"Against the amendment to the State Constitution amending Section 2, 3, 4, 5, 6, and 7 of Article V of the Constitution of Texas for the purpose of providing a more efficient judicial system."

If it shall appear from a return of said election that a majority of the votes cast have been cast in favor of said amendment, it shall become a part of the Constitution of the State of Texas.

Sec. 3: The Governor shall issue his proclamation calling said election and have the same published and said election held in accordance with this resolution and the Constitution and laws of this State; and return shall be made and the votes canvassed and counted as provided by law; and if said amendment is adopted by the required vote of the qualified electors of this State, the Governor shall issue his proclamation as required by law.

Sec. 4: The sum of twelve thousand dollars, or so much thereof as may be necessary, is hereby appropriated out of the State Treasury to pay for publication of the proclamation calling said election and any expense of the State in submitting said amendment and holding said election.

P. D. O'Brien
 Subject: Peter at Pentecost.
 Scriptures: Acts 2: 12-14; 32-41.

Golden Text: Repent ye, and be baptized every one of you in the name of Jesus Christ unto the remission of your sins; and ye shall receive the gift of the Holy Spirit.—Acts 2: 38.

Jesus had met with the disciples on several occasions, and under different circumstances after His crucifixion and resurrection. Once in the upper room at Jerusalem with Thomas absent then the following Sunday night with Thomas present. Then He had met them by the lake shore in Galilee, the events of which meeting we studied last Sunday. At another time He had been seen by more than five hundred at one time. But His final appearance was to the eleven on the occasion of His ascension from the brow of mount Olivet. All of this had occurred within a scope of forty days after the crucifixion. His death occurred on the day of the Passover feast, the coming of the Holy Spirit was on the day of Pentecost, which came exactly fifty days after the Passover, if you will take the time and pains to study the nature and meaning of these two feasts, and compare with this the nature and meaning of the crucifixion of Jesus and the coming of the Spirit, you will see how perfectly fitted it was that these two events should have happened on these particular days. The last words of Jesus to the eleven was to the effect that they were to wait at Jerusalem until the Spirit came, after which time they were to be possessed with peculiar power, in which they were to go everywhere proclaiming the good news of His atoning death and victorious resurrection. When He ascended from their sight they returned at once to Jerusalem to wait for the promise to be fulfilled. They waited ten days. As they waited they did two things that are recorded. They selected a man to take the place of Judas who had fallen from his bishopric, betrayed his Lord, and committed suicide. A study of the method which they pursued might help us today in the selection of preachers to fill vacancies. Another thing they did was to pray. For ten days they prayed and waited. Then came the day of Pentecost, the pouring out of the Spirit, and the beginning of the great revival which has ever been the model for all real revivals. This day found them exactly where Jesus had told them to wait, doing exactly what He had told them to do.

And there were no divisions. They were not only all there, but were in perfect accord. These are still the requisites of a revival. God will not bless with a revival any church or community that is divided, and torn asunder with strife and contention. Then the Holy Spirit came. O, what a holy hour when the Spirit of God comes surging into the waiting souls of men. What joy, what power, what unction, what wisdom, what boldness comes with His presence. Luke says He filled the house where they were seated. That it sounded like a mighty rushing of wind. That tongues as of fire sat upon the heads of the twelve disciples. Then they began to prophesy, preach, testify, sing and worship God in every way known to man. See these men who an hour ago were in hiding as they had been constantly for fifty days, afraid to let the Jews know where they were. Startled by every approaching foot step, afraid of every passing stranger. But now as the multitudes from all over the city gather in the streets below, they all stand up boldly and speak with inspired tongues the word of God, and the people are astonished. Fifty days ago they had been scattered like sheep when the shepherd is smitten, now they stand like soldiers in battle, proclaiming the very Christ whom they had deserted on the night of the arrest and trial. What has come over these men? What has wrought this radical change? There is but one answer, and it is sufficient, these men were full of the Holy Ghost. These same characteristics manifest themselves in men to this day when they are filled with the Spirit. He makes brave men out of cowards. He makes wise men out of fools. He makes strong men out of weaklings. There is no doubt that the great need of the Christian world and the individual Christian today is, that they be filled with the Holy Ghost. If this were true, and it can be if we meet the conditions as the disciples did at Pentecost, then we would see that the day of miracles is not that the day of miracles is not.

Then Peter takes charge and preaches. And may we urge the reader to turn again to the first two chapters of Acts, and see how he prepared for the sermon, how he preached, what he preached, to whom he preached, and the results of such preaching. Get your new Testament and turn to this sermon in the second chapter of Acts. See how many doctrines

you can find mentioned in the brief sermon. You will find that not a single fundamental doctrine was left out. Peter who had denied before these same people that he even knew Jesus six weeks before; now stands boldly and charges them with murder of the Son of God. They repented, they believed, they were baptized, they were added to the church. This should be taken as the model of all modern revivals.

BLUE BONNETS

Blue bonnets are blooming in West Texas. Out across the smiling prairies, up the hill slopes and into the valleys, against the green mantle of fresh Spring grasses is spread a magic carpet. Royal purple of wild verbena; crimson and gold of Indian Heads; pale yellow of the buttercups; jet and orange fire of black-eyed Suzans; lavender of the flowering thistle—and land gone mad with color and perfume.

Springtime is like that in West Texas. But Springtime passes and the wild flowers fade. Old Dame Nature, for all her Spring madness, is a serious minded lady. And soon she will have doffed her Easter finery for her work-a-day clothes and turned her attention to the less spectacular of more useful business of raising cotton and ripening grain.

Springtime passes and the flowers fade—but not all the flowers. Here and there, where careful hands pluck out the weeds and tend the soil and carry the water, new blossoms will burst to perfume summer days.

In West Texas wherever you find a building that houses the working tools of this company you will find a flower garden. A soft green lawn, a leafy tree, clinging vine, a climbing rose, a bed of blazing canna lilies—these things will not enhance the value of the electric service that our lines bring to answer the touch of your finger on the switch. But they will add to the beauty of this West Texas of ours and to your joy in living therein.

And that, too, as we see it, is somewhat of the job with which we, as a public service institution, have been entrusted and are charged to do in fulfilling a public trust.

Sebern has not been able yet to make his radio work. Guess it is because he tried to pump his tube up and couldn't. He thinks the antenna is a new kind of radio.

The Sophs are honored! We got to wash dishes and serve at the Junior-Senior banquet. Lucky part is that Joe, Sebern and Earl are the chief dish washers and samplers. The sampling part is where they will shine.

Seniors

Maybe you haven't been hearing much from the Seniors lately, but we are still on earth. The fact is we are and have been very busy with our play and our preparations for graduation. It sure is a lot of trouble though to have to keep on reporting to classes. We figure we would make it alright if it were not for the fact that they keep reminding us that our note books will be due, and our final examinations given in about two weeks.

Faculty Entertainment

Mrs. Ethie Lee P'Pool and Misses Kimmie and Shelley Lee entertained the Public School faculty with a "42" party in the home of their mother, Mrs. J. T. Lee, the evening of May 5th.

The lovely reception rooms were redolent of spring flowers. For the thoroughly enjoyable games—dainty hand-painted score pads and talios were used. After a long series of games, delicious refreshments, consisting of sherbert and angel food cake were served. The favors were very attractively decorated pencils.

With all their reprehensible characteristics, New York bootleggers seem to have a sense of humor—rather grim humor, it is true. In certain speakasies of the metropolis is served what is called a Campbell cocktail. Mr. Campbell, for whom the concoction is named, is a well known undertaker.

Henry Ford seldom gives anything away, but he did a good turn for Mellie Dunham, venerable fiddler of Norway.

Me, when he invited him to Dearborn to play at the Ford home 16 months ago. Since that time Mr. Dunham has earned about \$20,000 in vaudeville as a result of the fame Ford's invention gave him.

Mrs. Ruth Snyder during her sensational trial for murdering her husband received 165 proposals of marriage from men in various parts of the country. Which is not as strange as it might appear, owing to the fact that she is the beneficiary of \$96,000 insurance on her late husband's life.

A HOME-FOLKSY BANK

It is a logical conclusion that friends and neighbors will be more likely to understand each other and each other's problems than would be the case with strangers; they are, therefore, more likely to be useful to each other.

Ours is a home-folksy bank, ready to serve home-folks first.

We hope all our homefoiks will so consider it.

A cheap tube can cost you 10 times its price

THIRTY-NINE YEARS of tube-building experience has proved to Dunlop that "cheap tubes" do not pay.

That is why Dunlop tubes are made casing shaped. It costs a little more than to build them on a straight pole, as cheap tubes are built.

But a casing-shaped Dunlop tube is strong everywhere. The outside edge is not weakened by excess stretch. The side next to the rim has no wrinkles to crack with age and blow out. A Dunlop tube protects your casing, because it fits. And your casing is worth ten times the cost of the tube.

We strongly recommend a Dunlop tube for every casing
