

TRUSCOTT BOY'S CALF IS GRAND CHAMPION

45th Army Division To Move Through Munday

Largest Movement To Pass Through Here February 28th

The first general movement of 45th Division troops from Fort Sill, Okla., to Camp Barkeley at Abilene will be started February 28th, according to word received here this week.

A letter from Lieut. Col. John H. Church from Fort Sill to T. W. Harber, superintendent of the Sunset Rural School, announced the troop movement will come through Munday, arriving here in the early afternoon.

Supt. Harber announced Monday he would dismiss school on that afternoon so all Sunset students could see this troop movement. Mr. Church's letter follows:

My Dear Mr. Harber:
In reply to your letter of the 12th, I am very glad to inform you that the 45th Division will move to Abilene, Texas, on four days, by two routes, one of which will pass through Munday.

The largest movement passing through Munday will take place on February 28th and will have about 2,000 troops transported in approximately 550 vehicles. This group will be composed almost entirely of infantry, and will reach Munday some time during the early afternoon and require about three hours to pass through.

Another large movement, made up principally of Artillery, will pass through Munday on March 7 about the same time. Route 277 will be used.

Sincerely yours,
John H. Church
Lt. Colonel, Inf.
AC of S G-3

Many citizens are expected to congregate along the route and view this troop movement. It is believed the two routes have been selected so as to hamper traffic on the major highways as little as possible while the troops are being transported.

Young People's District Meet Is Announced

A district rally of Methodist young people of the Stamford district will be held at Seymour on Friday and Saturday of this week.

The meeting will open at six o'clock Friday evening with registration of delegates who will be assigned to Seymour homes for the night. Friday night's devotional will be led by Rev. T. M. Johnston, district superintendent.

Rev. Luther Kirk of Munday will lead the morning devotional Saturday. An interesting program has been outlined, and many young people are expected to be in attendance.

Registration fee will be 25 cents.

Sunset Seniors To Sponsor Games In Volleyball

The Senior Class of Sunset High School will sponsor volleyball games in the auditorium at Sunset Friday night, February 21, at 7:00 o'clock.

Several games, including basketball, will take place. The senior basketball boys will put on their dresses again, and the public is invited to come out and see the boys play "dress up." They will play the girls in a game of volleyball. Besides staging a little fun, a neighboring school has been invited to play Sunset's girls in a game or two of volleyball.

The admission will be 5-10 and 35¢ a family.

VISIT IN SHREVEPORT

Mr. and Mrs. C. S. Ameen and family of Lubbock visited relatives here the latter part of last week. Accompanied by Jimmie Silman, they went on to Shreveport for a visit with Nabih Ameen, who left for Puerto Rico for service in the U. S. Air Corps.

Funeral For J. A. Hendrix Is Held Friday

County Pioneer Dies After Illness Of Several Weeks

Funeral services for J. A. Hendrix, well known Knox county farmer, were held last Friday afternoon at 2:30 o'clock from the family home northeast of Munday.

Mr. Hendrix died shortly before noon last Thursday, following an illness of several weeks. He was well known over Knox county, having been engaged in farming here for nearly 40 years.

Mr. Hendrix was born in Bethel Springs, Tenn., on February 3, 1861 and died February 13, 1941, at the age of 80 years and 10 days. He had resided in Knox county since 1904.

Survivors are his wife, three daughters, and six sons, 22 grandchildren and three great-grandchildren. The daughters are Mrs. B. M. Haymes, O'Donnell; Mrs. H. L. Caughran, Grady, N. M.; and Mrs. Otis Simpson, Munday. The sons are J. N., J. S., C. R., L. L. and E. F. Hendrix, all of Munday, and H. J. Hendrix of Houston.

Funeral services were conducted by Rev. Luther Kirk, Methodist pastor, who was assisted by Rev. W. H. Albertson, Baptist pastor. Masons were named as pallbearers, and Knox Lodge No. 851 was in charge of Masonic burial at the Johnson cemetery, where interment was made. Pallbearers were Lee Haymes, L. M. Palmer, Howard Cobb, Chester Borden, J. A. Caughran and E. W. Harrell.

Smitty's Auto Supply Completes Remodeling Work

Remodeling work which has been under way at Smitty's Auto Supply for the past two weeks has been completed, and the newly-built fixtures were painted the first of this week.

The entire interior has been rearranged, affording more room in the building and giving everything a well-arranged appearance. The fixtures have been painted white, and anti-freeze cans have been used as storage places for various automobile parts and accessories.

Everything is attractively arranged, and M. C. Hallmark, manager of the store, invites the public to visit his new place.

Young People Storm Austin Tuesday In Protest of Present Liquor Laws

Twelve Attend Rally From Munday

Twelve Methodist young people of Munday left Tuesday morning for Austin to attend the "United Dries" one-day rally held there in protest of the present liquor laws.

It was estimated that 7,500 young people were there. They came in cars, trucks, school buses and by train. The young people who came the longest distance made a trip of 530 miles to reach the capitol.

The program opened at ten o'clock Tuesday morning in the Austin Methodist church, when speakers stressed the importance of passage of liquor bills now before the state legislature.

At 11 o'clock a parade was formed with the Hardin-Simmons Cowboy band to lead it. Numerous banners proclaiming the purpose of this rally were displayed in the parade.

The parade included a march on the capitol building. Young people entered the building and attended the House of Representatives which was in session. One

COLORED TURTLES

Two pet turtles, one red and one white, are the property of C. H. Mullican, who has been exhibiting them around town for several days. About the size of a half-dollar, Mr. Mullican says they will never get any larger.

The turtles were sent him by his daughter, Mrs. T. H. Blackard of Harlingen. Their names are printed on their backs. One is "Jiminy Cricket," and the other "Figaro," characters from Disney's "Pinocchio."

Doctors Hold Monthly Meet Here Tuesday

The regular monthly meeting of the Haskell-Knox-Baylor counties medical society was held here last Tuesday night in the home economics cottage, with home economics girls serving the luncheon.

Taking part on the program were Dr. Max Diamond, flight surgeon of the army air station at Stamford, and Mr. Culp, also of Stamford.

Members attending the meeting were Drs. J. W. Foy of Seymour; T. S. Edwards and T. P. Frizzell, Knox City; O. J. Emory, Rule; T. W. Williams, Gordon Phillips, and Frank Scott, Haskell; J. W. Youngblood, Stamford, and D. C. Eiland and R. L. Newsom, Munday.

Knox County Men Receive Awards For Safety Records

Two Knox County men, A. F. Bivins of Benjamin, and J. F. Nance of Munday, were among those awarded Certificates of Merit recently by the Texas Highway Department. To qualify for this award a man must operate a truck in the service of the Department for an entire year without injury to himself, his equipment, or his load. Any accident while loading, unloading, or driving a truck disqualifies an employee for the award.

This is the third consecutive year that Bivins and Nance have qualified for this award since the Department began giving it three years ago in recognition of perfect safety records.

Miss Jacqueline Noelke, of San Angelo, does her part to promote the use of woolen products. She is shown above attired in a tailored slack suit in front of West Texas Woolen Mills at Eldorado. Miss Noelke is the daughter of Mrs. H. C. Noelke, president of the Ladies' Auxiliary of Texas Sheep and Goat Raisers Association, which organization is helping to sponsor the formal opening of the new Woolen Mills, Thursday, February 27th.

Drive for Iron Lung is Started Donations To Cause Being Received

The drive for an iron lung for Knox county, which movement is sponsored by the Munday and Knox City American Legion posts, got under way last Tuesday, following a meeting of committees in Knox City last Monday night.

Benton Anderson was appointed chairman of the drive. About 45 interested Legionnaires were present at this meeting.

Both Legion posts are heading the drive with substantial donations. They request the help of every Knox county citizen, because they feel this iron lung is a mechanism that is badly needed when the occasion arises.

Committees from each town in the county will solicit donations. Contributions will also be received at each of the banks in the county. Citizens may feel free to make any contributions they desire. Each contribution will be cheerfully accepted, whether large or small.

The American Legion posts are making an effort to complete this drive with two weeks. Names of donors will be published from time to time.

Fire Insurance Record for Munday Is Given Boost

A boost in Munday's fire insurance record for the past year was announced this week by Marvin Hall, insurance commissioner. Munday's record was boosted from a 10 per cent credit to a 15 per cent credit.

This was obtained through Munday's few fires during the past year and the splendid work of the Munday Volunteer Fire Department which continues regular fire drill periods.

This insurance credit will be of considerable saving to Munday property owners.

BIRTH ANNOUNCEMENT

Mr. and Mrs. Marvin Branch of Fort Worth announce the arrival of a baby girl, Marvann, born on Sunday, February 9. Mr. and Mrs. Branch are former Munday residents, Mr. Branch having been in charge of work on the Munday City Park.

Toastmaster

Rev. P. D. (Dick) O'Brien, pastor of the First Baptist church of Stamford, will serve as toastmaster for the annual Chamber of Commerce banquet here on Friday evening, March 7th. Rev. O'Brien is a former Munday pastor and will greet many of his old friends while here for this annual affair.

Masons To Have Social At Lodge Hall Friday

A social will be held at the Masonic Hall on Friday night of this week, in commemoration of George Washington's birthday.

An invitation to all Masons and their families and all suspended Masons who are eligible for reinstatement in the local lodge and their families is extended by officers of Knox Lodge No. 851.

District Judge Lewis Williams will deliver a short patriotic address. A male quartet will also entertain, and Masons and their families will visit during the evening. Refreshments will be served.

The program committee is composed of Lee Haymes, S. Vidal Colley and Aaron Edgar. Serving on the refreshment committee are Wade Mahan, L. M. Palmer and Howard Cobb.

Carroll Blacklock of Littlefield spent last Saturday night with relatives and friends here. Mrs. Blacklock's parents, Dr. and Mrs. A. A. Smith, accompanied Mr. Blacklock to Littlefield and visited there until Tuesday.

Program For C. of C. Banquet Is Completed

Annual Meeting To Be On March Seventh

Arrangements for the program for the Munday Chamber of Commerce annual meeting were completed last week, and tickets for this event went to sale last Friday. Around 250 people are expected to attend this annual affair, at which officers for the new year will be elected. The banquet will be held on Friday night, March 7th.

Rev. P. D. O'Brien, pastor of the First Baptist church of Stamford, will serve as toastmaster. Rev. O'Brien is a former Munday pastor and is well known here. He will feel at home among Munday people, and his wit as a toastmaster is seldom matched.

Dr. Thomas H. Taylor, president of Howard Payne College, Brownwood, will be the principal speaker. Dr. Taylor is a well known speaker. He has appeared at public affairs in Munday on several occasions, and local people will welcome the news that he is coming back to Munday to speak to this large gathering.

Other features of the banquet will be entertainers from Hardin-Simmons University, Abilene. They will be composed of a marimba trio, a popular group of musicians who are in demand over this entire section; Joedean Propst, tenor; Bob Rogers, trick roper, and two accomplished violinists. This group comes well recommended by the University and will furnish a good program of entertainment.

This annual affair is expected to be one of the most outstanding entertainments ever sponsored by the local Chamber of Commerce.

Sam Clonts Of Knox City Dies

Veteran Merchant Is Buried Tuesday

Sam M. Clonts, 55, died last Monday in the Knox County hospital after an illness lasting only a week. He succumbed to complications arising from peritonitis after having undergone surgery on Tuesday of last week.

Mr. Clonts was president of Jamison-Clonts company, a Knox City hardware concern, and was an active churchman and civic leader. He had lived in Knox City for more than 35 years. He was a member of the Methodist church, a Mason and Knight Templar, a director of the Lions club, a member of the Knox county hospital board and a former city commissioner.

He also had large farming interests in Knox county.

Clonts is survived by his wife, two daughters, Mrs. Charles Wilson and Mrs. Neal Perdue and a son, Sam Emory Clonts, all of Knox City; his mother, Mrs. S. E. Clonts of Knox City; two brothers, W. H. of Knox City and Tom of Muskogee, Okla. Funeral services were held in Knox City on Tuesday afternoon.

Singers to Meet Sun. at Gilliland

The Knox county singing convention will meet on Sunday, February 23, at Gilliland, it was announced Wednesday by J. C. McGee, president.

The meeting will convene at two o'clock Sunday afternoon, and those who enjoy good singing are cordially invited to attend.

MRS. J. F. SIMPSON IN STAMFORD HOSPITAL

Mrs. J. F. Simpson was taken to the Stamford hospital for treatment this week. Friends report that she will undergo a major operation on Friday, and will likely be confined to the hospital for about two weeks following the operation.

Mr. and Mrs. Arthur Smith, Jr., visited relatives in Littlefield over the week end.

Keen Competition In County Show

Ten Top Calves To Be Entered in Show at Wichita Falls

Charlie Guinn Hickman, 14, 4-H Club boy of Truscott, had the first prize senior baby beef that was named grand champion of the Knox County 4-H Club Calf Show Saturday in a class of calves called by competent judges the best lot of calves ever shown in the county.

The calf was bred by the League Ranch of Benjamin and defeated the calf that was first prize winner in the junior division for championship honors that was fed by Kenneth Baker, 4-H Club boy from Munday. This calf was bred by Lee Smith of Knox City and its mother came from the Arledge Stock Farm of Knox City.

The junior winner was unusually well developed for a young calf but weighed only 525 pounds. Ralph Howe, county agent at Crosbyton, who judged the baby beefs, explained that it was a very close decision between the two calves. He said the junior calf had more quality but the older calf carried more finish and, since it was a fat cattle show, he would name the senior calf champion. This was the seventh consecutive year that Howe has judged the Knox County show. He was assisted by his twin brother, Roland Howe, Baylor County ranchman.

Rivalry Is Keen
The rivalry between the breeders of the calves in the show was almost as keen as it was between the feeders of the calves. Most of the calves came from the League Ranch, Benjamin; the Hamilton Ranch, Benjamin; the Hugh Rodgers Ranch and the Masterson Ranch, Truscott. Masterson is a breeder of Aberdeen Angus cattle.

The 10 top calves from the Knox County show will be exhibited at the district show at Wichita Falls on Feb. 26, 27 and 28, a show for club boys from 13 counties. G. R. McNeil, county agent at Wichita Falls, was in Knox City for the show. Other calves, along with some lambs and hogs, were sent to the Fort Worth market Tuesday and sold Wednesday.

All of the calves were shown under the supervision of the Knox City Lions Club, headed by H. M. Jones. Roy Baker was in charge of general arrangements. At noon the Lions Club served lunch to all of the club boys and their parents. About 150 persons were present as guests of the club.

Street Blocked Off
One of the business streets was blocked off for the showing of the baby beefs. A large crowd witnessed the judging. Two classes were arranged for the calves, the senior class for animals weighing over 800 pounds and juniors for those scaling less than 800 pounds. Calves fed by Knox County boys have been very successful in the Wichita Falls show in the last few years.

Winners in the senior class were: First, Charlie Guinn Hickman, second, Wade McGuire; third, Finis Bratcher; fourth, Bob Roberson; fifth, Charlie Baker; sixth, George Jones; seventh, Bob Roberson; eighth, Clyde Hendrix, Jr.; ninth, Pat Hill; tenth, Clyde Hendrix, Jr.; eleventh, Elton Scott; twelfth, Tom Westbrook; thirteenth, Bill Roberson; fourteenth, William Escobar; fifteenth, J. L. Frankham, Jr.; sixteenth, Scott; seventeenth, Hope Bratcher; eighteenth, Leo Koenig; nineteenth, James Browning.

Winners in the junior class were: first, Kenneth Baker; second, Joe Barton; third, Stanley D. Glevor; fourth, Lloyd Hendrix; fifth, Wade McGuire; sixth, Elton Scott; seventh, Billy Hendrix; eighth, Joe Barton; ninth, Jerry Westbrook; tenth, Elton Scott; eleventh, Finis Bratcher; twelfth, Mark Koenig; thirteenth, Bill Roberson; fourteenth, Escobar; fifteenth, Calvin Bates.

HERE FROM LITTLEFIELD
Mr. and Mrs. W. P. Kirk and Mr. and Mrs. Ivan Kirk and children of Littlefield visited in the home of Rev. and Mrs. Luther Kirk and family over the week end.

Mrs. T. A. McCarty of San Antonio is here for a visit with her son-in-law and daughter, Mr. and Mrs. Sebern Jones.

"What a Man Does For Himself Dies With Him— What He Does For His Community Lives On and On"—

MILLIONAIRE—A LA GOVERNMENT
Andrew Paanemen, Finnish-born cranberry farmer of Carver, Mass., who works for the government, was "millionaire for a day" a short time ago. He is under the Department of Agriculture, sending bogs as part of its soil conservation program, and the check he received the other day read this way, believe it or not: "Pay exactly \$1,000,015.25"

It was a clerical error, of course, and the individual incident was highly amusing. But thoughtful Americans, after they've had a good laugh at the picture of Mr. Paanemen presenting a perfectly good government check running into seven figures to the startled clerk at his local bank will be inclined to consider the matter a little more deeply. Back of the simple accident involved is something far more serious. It is this:

As big government has steadily grown bigger—in many cases, as a necessity of the times—the temptation to political-minded individuals to become careless with the taxpayers' money has grown right along with it. Politics in recent years have been far too inclined to shrug their shoulders and say: "Why shouldn't we spend the dough for this pet project? After all, what's another couple of million?"

As a result, the sum of one million dollars—which it would take the average citizen between five and ten centuries to earn—is considered no more worthy of attention than an old hound dog. Carelessness with the people's money in non-defense matters is particularly serious at a time like this when so much is needed for the Army and Navy equipment upon which our national security will depend. Surely in these days beyond all others, politics need to be reminded of the old expression that "money ain't hay—and that millions of dollars aren't cranberries, either!"

MANKIND HAS FAILED GOD

By George Peck

The charge has been made that the World is writhing in agony of war because religion has failed mankind. This charge is false. We offer the counter-charge that mankind has failed religion.

The world has followed after gods which are not gods. It has tried to exalt intellect and science to a divine position, with a false confidence that a scientifically and technically efficient world would automatically be a good and moral world. The gods of totalitarianism are the answer to our vain-gloriousness.

These gods now threaten to destroy the man who so unwisely created them. Only a revival of sound ethical religion can bring about an enduring world peace.

And, pray, what is sound ethical religion? Our definition is that it is any code of principles and rules of conduct based on man's recognition of God as the Supreme Being, the Author of Life, and Creator of all things—of God whom we are accountable for the constructive use or the destructive abuse we make of our lives—of God with whom we finally hope to be united in eternity as a reward for making the proper use of our lives—of God from whom we may be forever separated as punishment for failure to exploit our opportunities.

Jews, Protestants and Catholics, irrespective of how they may differ as to ritual and dogma, can hardly disagree with this definition of religion.

If the conduct of the overwhelming majority here in America could be guided by such a religion, we could expect this majority to see that good laws are enacted and enforced. As an honest, God-fearing and God-loving people—a people of courage and internal good-will toward other nations. We would set such a shining example for other nations that they would be influenced thereby.

But today the youth of America is developing in an irreverent and irreligious atmosphere. Our children are not being taught the Golden Rule. We cannot expect them to inherit a love of God, especially when parents neglect their own religious duties.

No, religion hasn't failed us—we have failed religion—we have turned away from God. Let us start to fill our now-empty churches, synagogues and other places of holy worship—let us get our children back into the Sunday Schools—let us get back to the old-fashioned daily worship in the home. What we need more than any one other blessed thing is a renaissance of religion. Let us achieve that and all the other good things we desire will come to pass, will follow in its wake.

Editor John Redmond of Burlington Kansas, stooped over to pick up a piece of paper and felt a sharp pain in his right side. Doctors found he had a broken rib, suffered when a pencil in his pocket jabbed into his side.

E. A. Ellington, carpenter of Lincoln, Nebraska, lost his brace and bit 25 years ago while working on a post office building. Recently, working on the same building, he found them in good condition inside a crevice.

Burglary of a sheaf of unpaid bills was reported to police in Camden, N. J., where a thief evidently mistook the papers for something of value.

A jug of bootleg whisky exploded when it was placed near a steam radiator and blew out the windows of a police station in Chicago.

Honor is worth its danger and its cost, and life is worthless without honor.—G. Bernard Shaw.

THE PRESENT LESSON

Look at American industry moving today to turn out defense equipment and to make itself as the President demanded, the world's greatest "arsenal of democracy!"

Daily increasing in momentum, it is becoming like a mighty river at floodtide, offering a stirring example of what free men can do by working together when they really set themselves to the task. There are still eddies and slow currents in the river—sure—but as time goes on, they too will become part of the main stream.

Industry is picking up speed every moment. In the last twelve months it produced a total of nearly 6,000 Army and Navy planes sent at least 400 heavy bombers alone to help defend Great Britain. The biggest number of these came in the past three months, which means a rate of production that will produce many, many more planes this year.

The same is true of all other types of military materials. Lately there have come reports that American all-wheel drive motor trucks made in Indianapolis were used in the successful British campaign against Sidi Barrani and Bardia and Tobruk in far-away Africa. Reports like these will soon be commonplace; and all around us meanwhile, will be a vastly increased number of articles for America's own direct defense.

There is a lesson in this tremendous and speedy achievement of industry. It shows that when industry is given a reasonably free hand and the governmental confidence to answer problems—however complex their nature—it can really do the job superlatively well. This is a morale too lately apparent to be applied to the depression years which the nation endured during the past decade, of course. But government and the other groups in our economy would be wise and America-minded if they continue to remember it when the present emergency is ended.

F B I PAYS DIVIDENDS

In these days, when the safety of our country is dependent upon preventing sabotage and subversive activities, it is heartening to see some of the results disclosed in the report which J. Edgar Hoover, director of the FBI for the past sixteen years, submits annually to the Attorney General.

The current year report has just been released and discloses 5,065 convictions for FBI cases during the year, or 96.46 per cent of the cases investigated. Of the 182 kidnappings since they were made Federal violations, 180 have been solved, while the other two are under active investigation. These are but examples taken from the wide field of activity of the FBI, which should be strong deterrents to crime.

On the national defense angle, the report says: "Since the outbreak of war in Europe, there have been no acts of sabotage in our country attributable to foreign agents."

While operating on the amazingly small sum, as government expenditures go, of \$7,300,000 annually, the FBI returned to the government last year \$58,390,180.64 in actual fines, savings and recoveries, or \$8 for every dollar spent.

COMPULSION INDICATES FAILURE

Despite the present need for speed, there are two good reasons for not rushing into a regimented economy. First, it is not the best way to win this struggle; compulsion is a weaker force than the enthusiastic efforts of a free people. Second, freedom too easily surrendered may be lost. The force we are combatting is totalitarianism; let us not surrender to it in advance. . . . There are many in our midst who would like to turn this country into a socialist state and would use this emergency for that purpose.—W. Randolph Burgess, National City Bank of New York.

Accused of tearing down a church and selling the lumber, Levi Daugherty, a Negro, was arrested in Edwardsville, Ill.

F. W. Knapp, dog catcher in Topeka, Kansas, announced recently that two public dances would be held to raise money for the dogs of poor families who cannot afford to buy licenses.

A police dog was put in jail in Texarkana, Ark., when two men contested its ownership.

Gems Of Thought

HONESTY

Make yourself an honest man, and then you may be sure there is one rascal less in the world.—Carlyle.

Honesty is one part of eloquence. We persuade others by being in earnest ourselves.—Hazlitt.

Justice, honesty, cannot be abjured; their vitality involves Life, calm, irrefragable, eternal.—Mary Baker Eddy.

Do your work, be honest, keep your word, help when you can, be fair.—J. P. Morgan.

We enjoy ourselves only in our work, our doing; and our best doing is our best enjoyment.—Jacobi.

NEW RECRUITING INSTRUCTIONS ANNOUNCED FOR MARINE CORPS

In view of the fact that quotas for enlistment in the Marine Corps are restricted, while quotas for enlistment in the Marine Corps Reserve are not, vacancies for 39 men in the Volunteer Marine Corps Reserve Class III(c) for February have been announced.

Men enlisting in this class of Reserve will be assigned to active duty immediately upon enlistment and transferred to Marine Corps Base, San Diego, California for training and duty.

The enlistment period is for four (4) years, same as enlistment for the regular Marine Corps.

The following rules will govern men who enlist in the Reserve: (1) If the Marine Corps is enlarged, they may be discharged from the reserve for the purpose of enlisting in the Regular Marine Corps if they so desire.

(2) That their training, duty and opportunities for promotion will be the same as for men enlisted in the regular service, and (3) that where as they are to be put on active duty immediately, a full four (4) years of active duty cannot be guaranteed as they would possibly be placed in an inactive status if the Marine Corps Reserve should be demobilized prior to expiration of enlistment due to the termination of the now existing emergency.

Applicants may apply at any of the Marine Corps recruiting stations in the following Texas cities: Austin, Dallas, Fort Worth, Houston and San Antonio.

Mrs. Deaton Green and children and Miss Lorene Newsom spent the week end in Wichita Falls, visiting with Mrs. Green's and Miss Newsom's parents, Mr. and Mrs. F. H. Newsom.

Mr. and Mrs. Robert Green and little daughter visited with Mrs. Green's parents in Wichita Falls over the week end.

THEY SAY!

"I am an American, and I thank God for it. The privileges of this great land are incalculable. They did not come easily, and were bought at a great price. To attain the benefits we now enjoy, our forefathers gave their all. With fortitude and unwavering faith they laid the foundation of a government based upon justice, freedom, the rights of the individual to life, liberty and the pursuit of happiness. Their sacrifice is our inheritance."—Alfred Grant Walton, clergyman.

"Deprive a man of the opportunity to compete, to struggle or to fight for something, and he soon ceases to be the fittest. The instincts with which Nature endowed him for his protection and progress become dulled. Physical and manual strength and mental stamina, which can be developed only by exercising them, soften like the rotting of the wood of a dead tree. 'Competition is the life of business' is an old saying. It is equally true that competition is the very lifeblood of a nation. Through competitive enterprise we keep fit, and only the fit can survive."—George F. Nordenholdt, editor of Product Engineering.

MENTALLY AWAKE

"A scout's self-respect demands that he obey the law. He must be mentally awake," according to Dr. Elbert K. Fretwell, writing in Boys Life, "For he knows that ignorance of the law does not excuse him. He knows, or comes to know, that there is no freedom without law—no regularly, orderly way of doing things. There is general rough house and the Troop gets broken up. He wants to have and ought to have a hand in making the ordinary rules of his troop, and thus not only help develop an orderly troop, but at the same time learn something of how governments derive their just powers from the consent of the governed."
"By intelligent obedience to law," Dr. Fretwell continues, "he can come to understand that laws are made by people—by himself as he grows older, and by others like himself. He can be so mentally awake that he knows that man-made laws exist for the good of

the people. If he is really alert, he must know that no one man has the right to dictate the laws for a people. This Scout knows he is a citizen in our democratic country now, that for every right he has, there is a duty, and that for every privilege there is a responsibility."

Keep Tab on Your Social Security Account Number

Wichita Falls.—Thousands of workers are now being called into industry to help build army camps, equipment for defense projects, and perform other work connected with the national defense program. It behooves every individual, therefore, to know what his social security account number is and where it is, according to a statement made by Roscoe L. Surles, manager of the Wichita Falls office of the Social Security Board.

"We have reminded workers many times in the past that a number of employers have adopted a rule whereby an individual is not placed on the pay roll until he has his social security account number recorded on the employer's books. This is necessary in order to enable the employer to make his quarterly wage report to the Collector of Internal Revenue." It was further explained by Mr. Surles, that the Social Security Board's field office at Wichita Falls in the post office building will furnish a duplicate card to any person who has lost or misplaced his original card. This procedure may require a delay of two or three days but, if a worker is applying for his initial social security account card, he may secure it over the counter of the office by calling for it in person.

"Your social security account number card is evidence that you have an insurance account with the United States Government through the Federal old-age and survivors insurance program of the Social Security Act, the purpose of which is to pay a regular monthly income to a worker when he reaches the age of 65 years and retires, or to his family if he dies," Mr. Surles explained.

"A worker needs a social security account number so that his wages may be counted toward his insurance benefits. But only one account number is needed. For each account number issued, there is set up by the Social Security Board a separate insurance account and therefore if a worker has more than one number, he should go to the nearest Social Security Field office and find out which one he should use."

CHILDREN AND SAFETY

College Station.—The more good habits a pre-school or very small child can make automatic, the better prepared he will be for living. That's the philosophy of Dosca Hale, Extension Service specialist in parent education and child development, who says this will also allow a child more time for other things.

For example, Miss Hale emphasizes to look to the right and sizes the importance of teaching left before they cross a road or a street. Here, adults are poor examples for children, she says, since some surveys show that 81 per cent of pedestrians look neither way before crossing a street; 17 per cent look only in one direction; and two per cent look both ways. These days, crossing a street is serious business, so adults should not make this lesson a game. Instead, parents should take enough time to teach their children safety rules as soon as they are old and big enough to walk across a street. She says children should be encouraged to look to the right and left, and continue to look to the right and left until the opposite curb has been reached. With practice, this procedure becomes automatic with the child.

The specialist adds that it is necessary for parents to help their children first on streets where the traffic is light; and then later on they may try streets with more and more traffic.

She explains further that a child likes to walk alone because it gives him the feeling of accomplishing something. Sometimes adults think the child is contrary because he does not want to be carried or led across the street each time. In this case, he is only trying to carry out nature's way of helping him to live safely and well in the world around him.

Her father: "So, my daughter has consented to marry you! Young man, you're the second happiest man in the world."

Relief At Last For Your Cough

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

Basketball Game With Weinert Ends Season

The Moguls are playing their last game of the season with Weinert in the Munday Ward School gymnasium on February 18.

The Munday team and the Weinert team are both runners-up to first place in the Haskell County and the Knox County tournaments.

Those who haven't seen the Moguls in action this year, have certainly missed a lot, because the boys have really shown the stuff they are made of.

Elementary Science students at Munday High School have completed a unit on electrical communication. Alvin Hollar constructed a crystal radio set with which he received broadcast programs.

Jack Strickland and O. H. Spann constructed a simple telegraph machine which they ran between their homes. Nearly every boy in the class of 17 made a telegraph key and sander.

A comparison of the speed of light in air to the speed of light in glass was made by students of senior science at Munday High School. As an application of their knowledge of the light transmitting quality of glass the students constructed a telescope using two lenses and a yardstick. They determined its focal length.

Students in American History are studying problems given by people in the Munday community on a questionnaire and a new book "Stand Fast for Freedom" sent by the Department of Education.

The new book is written by Lowell Thomas and brings the outstanding points in our Democratic government.

Some of the points being studied by the class: Magna Carta, the Bill of Rights, the Story of John Hamp-

den and many others who have made our country what it is today. The book discusses fully the present world situation and the duty of every student and citizen in the present crisis.

Sargent Lowe's ambition is to become a farmer. His favorite subjects are Physics and Physical Education. Sargent's favorite food is ice cream and his favorite sport is boxing.

He is happy when reading Pop-eye or seeing Rochester; and his favorite meal is breakfast. This must be because he gets up at 5:30 every morning.

Sargent's favorite color is blue, which goes nicely with his blue eyes and brown hair.

Sargent wishes for the Seniors of next year, the best of luck.

This Senior girl is happy when eating custard pie or hearing Bing Crosby croon. Her hobby is meeting new people, and her favorite sport is volleyball.

Some of you have probably already guessed that the subject of this topic is Elizabeth Frances Moore, or Lizah to her friends. Lizah's brown hair and brown eyes just calls for red, her favorite color.

Lizah's ambition is to be a nurse and she hopes the Seniors of next year may have good luck and happiness for years to come.

What is the major problem confronting America today? Seventy-five to ninety per cent of the people think it is National Defense.

According to a survey by the American History class to a large number of Munday citizens Defense comes first, Citizenship comes next, Safety, Crime, Aid to Britain, Morality, Unemployment, and Taxation, also rank high in the poll.

For good reasons, names on the questionnaire are not to be mentioned. However, most people signed them.

Doctors, lawyers, farmers, business men, preachers, filled out the forms listing the problems before us for the class to study.

Committees on the problems mentioned most have been selected by the class.

How can these acute problems be solved? That's the question.

One man, a prominent farmer, said, "What to do about unemployment? Ask someone who knows."

"Traffic accidents will be reduced to a minimum when all motorists give the other fellow consideration he would have given him," the citizen also explained.

More about questionnaires and research to remedy the problems sought by the class will be given.

4-B NEWS
Room 4-B had a lovely Valentine party Friday afternoon. Everyone received many beautiful Valentines. Delicious refreshments of fruit and cookies were served.

Otis Coates of Quanah is a new pupil of 4-B.
Donald Waheed was back in the school Monday after being absent about ten days. He was surely missed and everyone welcomed him back.

Ivan Eugene Kirk of Littlefield visited room 4-B Friday. Ivan Eugene is a cousin of R. L. Kirk, Jr. Larry Kinsey visited in Fort Worth over the week end.

Joe France Harrison visited in Spur Sunday.
Opal Louise Maples of Abilene visited her cousin, Charlotte Ann Williams over the week end.

Third Grade News
We are enjoying our Post Office unit very much. We have written letters to the second grade and we are writing letters to the first grades this week. We think they write very interesting letters. We had such a good time with our Valentine mail.

Our room mothers gave us a Valentine party last Friday afternoon. We enjoyed the party and appreciate our room mothers doing

RIGHT OUT OF THE AIR

By EARLE FERRIS

With only four months on the air to prove itself, the Helen Hayes Theater brushed past many established dramatic shows to win

second place among the radio editors' favorite dramatic programs in the 1941 New York World-Telegram poll, whose results have just been announced. Miss Hayes is pictured here.

Last week one of Gabriel Heatter's guests went on a sightseeing tour and didn't arrive at the CBS theater until two minutes before "We, The People" went on the air. Now Gabe has a standard rule that a guest must report to his office every two hours by phone so he can keep track of them.

Youngsters are the order of the day with Phil Spitalny, pictured here. The noted maestro is searching for a successor to Maxine, the songstress who left his NBC "Hour of Charm" series for marriage.

The average age of the eight girls he's considering for the star part is 20 years.

As a result of their huge success as a comedy team on the "Kate Smith Hour," Minerva Pious and Charlie Cantor are already consid-

ered for a successor to Maxine, the songstress who left his NBC "Hour of Charm" series for marriage.

The average age of the eight girls he's considering for the star part is 20 years.

As a result of their huge success as a comedy team on the "Kate Smith Hour," Minerva Pious and Charlie Cantor are already consid-

ered for a successor to Maxine, the songstress who left his NBC "Hour of Charm" series for marriage.

ering bookings for musical comedy productions.

Add Strange Sights: Tough-guy Humphrey Bogart, guesting on the CBS "Screen Guild Theater" with Alice Faye and Herbert Marshall, serving his fellow guest-stars cookies and coffee during rehearsals at intermission.

Carole Lombard, pictured here, will be guest star on the Sunday night "Silver Theater" program

over CBS early in March. The lovely film star is engaged in selecting a vehicle for her forthcoming broadcast.

"Joyce Jordan—Girl Interne," celebrated its fourth anniversary recently with a studio party consisting of a birthday cake, ice cream and two former "Joyce Jordans" in the persons of Elspeth Eric and Helen Claire. Ann Shephard, current Joyce Jordan, acted as hostess.

Bob Hawk, pictured here, and his Sunday Columbia "Take It Or Leave It" series are on a 16-week

tour of the south and west. Probably will make a film while doing personal appearances on the west coast in April.

Side Glances On Texas History

The notion that Stephen F. Austin's settlement around San Felipe was the only colony in early Texas, as though common, is quite false. As a matter of fact, the University of Texas library records show, almost every person living in the state today is living on ground granted to some colonizer before 1832.

Austin, of course, is deservedly remembered as the foremost "impresario" among them all. One of the reasons is that in the beginning it was largely his work that made foreign immigration possible. And he, himself, got five grants for settlements. But, besides these, there were twenty-one other land grants made by the Mexican government, and they covered almost all of the territory now included in the state.

A year after his father, Moses Austin, had received permission to settle 300 families in southeast Texas, Austin in 1822 brought his first group into the granted territory, which extended from the Lavaca to the San Jacinto Rivers and from the Old San Antonio Road to the coast, almost. This group have always been called "The Old Three Hundred," and thought themselves the aristocrats of early Texas.

In 1825, Austin was allowed to bring 500 more families into his colony. Two years later he settled 100 families above the Old San Antonio Road, north of the Colorado River, and in 1828, at least 200 families in the strip of land just south of his first grant, along the coast. Then in 1831, he and Samuel M. Williams, secretary of the San Felipe Settlement, contracted to bring 800 families into the territory farther to the northwest and west. By the end of that year the number of persons in these settlements numbered 5,665.

There were at least six other successful colonies established before 1832. Among the best-known were those of Martin DeLeon, who brought 200 families to the lower Guadalupe and founded the town of Victoria; Colonel Green De Witt who established Gonzales and settled 400 families around it; and Robert Leftwich, whose grant lay between the Brazos and Colorado Rivers and the San Antonio and Nacogdoches Roads.

In addition, Lorenzo de Zavala, later vice-president of the Republic, successfully settled the uttermost southeast corner of the present state, east of the Sabine. John McMullen and Patrick McGloin introduced Irish immigrants around what is now San Patricio county, and James Power and James Hewitson settled colonists around Aransas Bay.

Of all these, however, Austin's settlement was the best-organized, the most prosperous, and the most firmly established. Its center, the town of San Felipe, was the cultural capital, at least, of the entire territory during the era of colonization; and when the Texas Revolution began in 1835, it was named the first capital of the provisional government.

Possibly Haden Edwards's colony just south of Nacogdoches was

the grandest failure, for the climax of its history was the Fredonian Rebellion of 1826, which was begun there. At its suppression, his grant was divided between David G. Burnet and Joseph Vehlein. Burnet's colony soon failed and he left Texas, not to return until 1831, when he became a leader in the revolutionary movement.

"Old Ben" Milam, who took San Antonio in '35, was another who tried to establish a settlement in early Texas, but his grant was north of the San Antonio Road, and Indians prevented any success in its colonization. For the same reason, still other grants in present-day north and West Texas were never successfully settled.

100 Years Ago In Texas
"The appointment of General James Hamilton as minister plenipotentiary of this government in the court of St. James, has been confirmed by the senate."

"The Hon G. W. Terrel has been appointed secretary of state, vice the hon. A. S. Lipscombe has resigned. The hon. T. G. Chalmers has been appointed secretary of the treasury."

"Gen. Felix Houston returned to this city on Saturday last. The recent news from the west is of so pacific a character that the government has concluded to suspend all military operations for a season."—The Texas Sentinel (Austin), January 30, 1841.

University of Texas library services are free to all Texas citizens on request.

PLANNED FARMING AND THE AAA

College Station—Systematic planning of farming operations for the coming year will enable each farmer cooperating with the national farm program to get the greatest benefits from the program.

To that end, representatives of all branches of the United States Department of Agriculture and the Texas A and M College Extension

Service are working together in an effort to have every farmer cooperating with the Agricultural Adjustment Administration fill out a farm plan sheet for 1941.

Working with the individual producers in planning farming operations will be representatives of the various agencies, when possible, members of Land Use Planning Committees and AAA county and community committees. On the farm plan sheet will be listed the farm's allotments, estimated payments for complying with allotments, and estimated maximum soil-building allowance. The farmer and the committeeman will work together in planning the acreage to be devoted to soil-depleting and non-depleting crops and the soil-building practices which will be carried out on the farm.

Preliminary meetings in the 12 districts of the state have already been held. B. F. Vance, state AAA administrative officer in charge of it said. The meetings, at which farm plan sheets and procedure for getting the sign up were studied, were attended by representatives of the interested agricultural agencies.

As soon as a supply of the printed plan sheets is received, similar meetings will be held in each county, followed by intensive drives to sign up all farmers in the state who are cooperating with the farm program.

The planned farming will result in greater conservation of the soil in the state, the administrator predicted, in that the individual producer will have access to technical advice as to what conservation practices are especially needed on his farm, and will be able to plan his operations so as to obtain the greatest benefit of the program.

Sidney Lee, who is employed at Camp Berkeley, near Abilene, visited home folks here over the week end.

Aristel Thompson of Austin visited relatives and friends here over the week end.

Volleyball Report
The volleyball girls were happy to hear that they were invited to a volleyball tournament near Medicine Mound. The girls have been practicing in a big way for the tournament and hope to come out on top.

The girls play the basketball boys next Friday night and they also play another team from another school. We hope to have a large crowd out for the games. The Seniors get the money that is taken in for the games, to help on their trip. So we want to see everyone out for the games.

6th Grade Making Maps
The 6th grade is concentrating on making maps of all the various European countries. Of course a little difficulty is encountered once in a while but on the average we find that most of the maps are real good. We realize that some

of the countries are not today what they show on the maps but a thorough study of the countries as they were before they were overrun by Germany, will help considerably in understanding the particular part of Europe that is being discussed.

7th Grade Completes Geography

This week will practically complete the study of the seventh grade has been making of the geography of the United States. Part of this week is being spent in review and Friday we will take a final test over the entire book and call it a year for physical geography. Beginning next week we will take up the study of the state and national government as we have it today. Approximately 12 weeks will be spent in this study in which time we expect to learn all about the state legislature, Congress, and other phases of the government that have not yet been brought to our minds.

IT PAYS TO ADVERTISE

GET IN..STRETCH OUT.. and enjoy a great new ride!

NEW COMFORT was the keynote as we made plans for this year's Ford.

Get in, through the new wide doors! Stretch out, in room to spare! Seating width has been increased as much as 7 inches. Knee-room and inside length are greatest in the low-price field. Then take the road and try its ride!

A soft, steady, gliding new Ford ride that takes good road or bad in a satisfying new kind of stride. And notice the quietness of this big Ford!

There's news at your Ford Dealer's that's too good to miss! News in comfort. News in value. And news in a "deal" that you'll find easy to take!

Munday Study Club Meets Friday For Interesting Program

Members of the Munday Study Club met on Friday, February 14. The program was opened with two musical numbers, "Little Gray Home in the West," and "Life's Closing Day," sung by Misses Patsy Mitchell, Polly Silman, Evelyn McGraw, Margaret Jean Womble and Audrey Nell Phillips, accompanied by Miss Hylen Holway.

A description of the Black Hills of South Dakota was given by Mrs. Gene Harrell. She also told of the statues of Washington, Lincoln and Theodore Roosevelt that are carved from the granite mountains.

An interesting review of "Grandmother Brown's Hundred Years" was given by Mrs. Vincent Lane as the closing number on the program.

In the business meeting immediately following, Mrs. J. A. Wiggins was elected corresponding secretary and Miss Maud Isbell was named executive member.

The hostess, Mrs. J. C. Harpham, met with the following members: Mmes. R. D. Atkinson, W. L. Barber, H. F. Barnes, Hugh Beatty, R. B. Bowden, Fred Broach, Sr., D. C. Green, R. B. Harrell, Chandler Hughes, Travis Lee, M. H. Reeves, J. A. Wiggins, Arthur Smith, Jr., Fred Broach, Jr., H. A. Pendleton and Miss Maud Isbell.

Luncheon Club Meets Thursday With Mrs. Bengé

Mrs. T. G. Bengé was hostess to members of the Thursday Luncheon Club on Thursday of last week. The tables were laid with Maderia cloths with vases of spring flowers for decorations.

Place cards were scenes of Alaska and places visited by Mr. and Mrs. Bengé last summer. After the luncheon, games of forty-two were enjoyed.

Present were Mmes. P. B. Baker, C. R. Elliott, A. A. Smith, W. R. Moore, H. A. Pendleton, S. E. McStay, Aaron Edgar, Fred Broach, Sr., W. E. Braly, John Ed Jones, Ethie P'Pool and Miss Shelly Lee.

J. O. McMahon And Miss Elba Bromley Wed January 25th

Announcement was made this week of the marriage of J. O. McMahon and Miss Elba Bromley, who were united in marriage at 9 o'clock Saturday night, January 25th. Rev. J. R. Balch, pastor of the Baptist church at Seymour, performed the ring ceremony.

The bride is the daughter of Mr. and Mrs. A. T. Bromley of Gilliland and is a graduate of the Truscott high school. The groom is the son of Mr. and Mrs. John McMahon of Munday and is a graduate of Munday high school.

The young couple plan to make their home at Munday.

New Officers For Auxiliary Named Monday

The Women's Auxiliary of the First Presbyterian church met last Monday with Mrs. Don Ferris. Roll call was answered with each member reciting the first ten books of the Old Testament.

New officers for 1941-42 were announced as follows: President, Mrs. Fred Broach; vice president, Miss Fannie Isbell; secretary and treasurer, Mrs. W. R. Bryant; historian, Miss Maud Isbell.

The cause secretaries are: Foreign missions, Mrs. Ben Browning; Synodical and Presbyterian home missions, Mrs. Joe McGraw; Social service, Mrs. W. E. Braly; assembly's home missions, Mrs. M. F. Billingsley; literature, Mrs. W. R. Bryant; spiritual life, Mrs. Melvin Strickland; pastor's aid, Mrs. Agnes Mayes; Christian education and ministerial relief, Mrs. Don Ferris. Miss Maud Isbell had charge of the Bible study. Members present were Mmes. Jack Mayes, Fred Broach, Alvin Russell, A. J. Bunts, E. M. Wilson, Erin Betterson, Don Ferris, W. R. Bryant, C. Daugherty, Melvin Strickland, Ben Browning, M. F. Billingsley, Misses Maud and Fannie Isbell, and a guest, Mrs. R. M. Scott.

The Auxiliary meets February 24 with Mrs. Alvin Russell at 2:30 p.m.

Wesleyan Service Guild Meets At M.E. Church Monday

The Wesleyan Service Guild met in the basement of the Methodist church last Monday night for its regular meeting.

The book, "Uprooted America" was very beautifully given by Mrs. O. H. Spann and Mrs. R. L. Kirk. The scripture was read by Mrs. Gene Harrell.

Members present were Mmes. Bounds, M. F. Billingsley, Aaron Edgar, Joe Bailey King, Layne Womble and Miss Ruth Baker.

Next Monday night the Guild is studying the 24th and 25th chapters of Matthew. The study will be led by Mrs. Bounds, and every member is urgently requested to be present for this interesting spiritual study.

Munday H.D. Club Meets February 14 With Mrs. Offutt

The Munday home demonstration club met with Mrs. L. D. Offutt on February 14. Nine members and the demonstration agent were present.

Mrs. Van Zandt gave a demonstration of building a frame garden and also showed the club some hand made rugs which she had started.

The club gave Mrs. J. B. Reneau and Mrs. Offutt a birthday shower. A very pleasant and instructive time was had by all.

Hand made rugs will be taken up at the next meeting on February 28 at the home of Mrs. R. H. Howell at 2:00 p.m. Mrs. Frank Bowley will be leader.

Refreshments were served to Mmes. L. W. Hobert, J. B. Reneau, J. T. Offutt, Neva Van Zandt, R. H. Howell, Frank Bowley, Nolan Phillips, H. E. Edge, L. D. Offutt, and Miss Myrtle Munday.

Mr. and Mrs. Ray Taylor and little daughter, Genevieve, of Paducah visited in the home of Mr. and Mrs. W. E. Braly over the week end.

People, Spots In The News

OVER HERE... Realistic scene near Fort Dix, N. J., as a battery of 155 mm. howitzers of the 44th division goes into action while under "heavy gas attack" by 17th infantry during training maneuvers.

DRAFT-FREE... Ivan Heiderich, 33-year-old Marietta, Okla., farmer, and single, was rejected by draft board; he said his mother liked the curls and he just never cut 'em off, for it's "not much trouble" to take care of them.

SUPER-SALESMAN... "Man of the year" in tire business is Charles Wesbecher, who sold 32,500,000 tires for the B. F. Goodrich company—small ones, to be sure, but tires just the same, for use on some 8,062,000 toy planes, trucks, tractors and other play vehicles.

Freddie Lusk And Miss Wilma Smith Marry Sunday

On Sunday night, February 16, Freddie Lusk of Knox City and Miss Wilma Smith of Thorp were united in marriage. The wedding ceremony was performed at the Baptist parsonage by Rev. W. H. Albertson, pastor.

Only attendants were Miss Ruth Harrell of Munday and Floyd Herndon of Knox City.

The bride wore a light blue crepe dress with black accessories. She is the daughter of Mr. and Mrs. W. A. Smith of Thorp.

The groom is the son of J. W. Lusk of Knox City. The couple are making their home in Knox City.

Hefner H.D. Club Meets Tuesday In Hampton Home

The Hefner home demonstration club met Tuesday afternoon, February 18, in the home of Mrs. S. G. Hampton. Roll call was answered by an unusual way to use hemstitching.

A recreational program was enjoyed, and a report of the county council meeting at Benjamin on February 7 was given by Mrs. E. F. Payne. The club voted to help sew and knit for Red Cross needs.

Following an interesting demonstration of hemstitching by Mrs. M. J. Jones, several pieces of dainty hemstitch work were exhibited.

A refreshment plate was served to 17 members and a guest, Mrs. F. Daniel of Goree.

Reuben Bates And Miss Sue Hall Are Wed in Oklahoma

On Sunday, February 9, Reuben R. Bates and Miss Sue Hall, both of Goree, were united in marriage at Altus, Okla. Several friends accompanied them to Altus for the ceremony.

Reuben is a well known farmer and stockman of Knox county. Mrs. Bates has been operating a beauty parlor in Goree for some time. Both are graduates of Goree high school and members of pioneer Knox county families. The couple are making their home north of Goree.

Carl Mahan of Abilene was a business visitor in the city Thursday morning.

Hill Allen, prominent Throckmorton county rancher, was a business visitor in the city Tuesday.

RED LEATHERS MANAGER OF HASKELL THEATRES

Mr. and Mrs. H. B. Leathers, formerly of Paducah, have moved to Haskell, where Mr. Leathers last week assumed management of the Texas and Rita theatres of that city.

Former Munday residents, Mr. and Mrs. Leathers moved to Paducah about a year ago, where Leathers was connected with a finance concern. He was employed by the Roxy Theatre in Munday for a number of years.

Chas. Moorhouse of Benjamin was a business visitor in the city Saturday.

I GIVE YOU TEXAS

By Boyce House

Man is what woman marries. Men have two feet, two hands and sometimes two wives, but never more than one collar button or one idea at a time. Like Turkish cigarettes, men are all made of the same material, the only difference is that some are better disguised than others. Generally speaking, they may be divided into three classes, husbands, bachelors or widowers. An eligible bachelor is a man of obstinacy, surrounded with suspicion. Husbands are of three varieties—prize, surprise and consolation prize. Making a husband out of a man is one of the highest plastic arts known to civilization. It requires science, sculpture and common sense, faith and charity—mostly charity.—Swiped by the Kemp News—and re-swiped by this column.

In noting the powerful posts in our national government that are occupied by Texans—(Sam Rayburn, Speaker of the House; Jesse Jones, head of the RFC and Secretary of the Interior and the numerous House chairmanships) it should be remembered that one of the important positions is that held by United States Senator Morris Sheppard, dean of the Senate and

For Farm ... And Home

Mr. Powers Adds Power To Cotton

Mary Nell Porter (left), 1940 Maid of Cotton, tells John Robert Powers, famous head of the world's largest modeling agency, how he and his "long stemmed American beauties" can help popularize the glamorous new cottons. With Mary Nell is Doris Gibson of Birmingham, Ala., leading Powers model, who wears cottons in support of her home state's greatest crop. Mr. Powers will serve as chairman of the judges committee for the 1941 Maid of Cotton contest to be held at Memphis on January 17, and will offer the winning contestant a preliminary training course in his modeling school prior to her departure on a nationwide cotton fashion tour sponsored by the National Cotton Council, the Memphis Cotton Carnival Association, and the Cotton Exchanges of Memphis, New York and New Orleans.

James C. Williams of Fort Sill, Okla., spent the week end here with his aunt and uncle, Mr. and Mrs. J. B. Williams of Munday.

Miss Ella Louise Knight, who is teaches in the Megargel schools, spent last week end here with Mr. and Mrs. Noble Wright. Miss Knight is Mrs. Wright's sister.

Mr. and Mrs. S. H. Vaughter of Rochester visited with Rev. and Mrs. Luther Kirk last Saturday.

Mr. and Mrs. Pete Tanner and little son of Rochester were visitors here last Sunday.

Miss Patsy Hannah was a visitor in Lubbock and Lamesa over the week end.

Mr. and Mrs. W. M. Ford of Vera were business visitors in the city Tuesday.

At The Churches

FIRST BAPTIST CHURCH

We are planning for a Training Union Revival from March the 2nd to 8th, led by Miss Clara May of Wilson, Texas. Miss May comes highly recommended by Dr. Gardner, our State Secretary. She has had a great deal of experience in Training Union work. She will be with us for the morning service Sunday, March 2. We are hoping that this B.T.U. revival will touch every life in the church. We will have more to say about it next week. Begin to make plans for it. Paul says that we should study that we may show ourselves approved unto God. He tells us that we should be an example. He also tells us that we should be good soldiers, and surely if we are to be good soldiers we must do some training.

We shall be glad to welcome you in any or all of the services next Sunday. If you haven't already done so, turn now and read and LEARN Deut. 33:27; 2 Chron. 7:14; Malachi 3:10, and Luke 13:9. We have faith enough for the saving of the soul; why not have faith enough to believe for the blessings of life?

The freewill offering for the Soldier's Work amounted to \$52.85. We appreciate the generous and hearty response to the work, both local and general.

We have voted to have our summer meeting from July the 20th to August the 3rd.

You who are sick and distressed we commend to the care of Him who knoweth all things, and doeth all things well.

W. H. Albertson

FIRST PRESBYTERIAN CHURCH

The Study Club has invited us to use their building for a meeting place while our church is under construction. This is a generous offer on the part of the Study Club, and we thank them very much. Beginning next Sunday, Sunday School will be held at the Study Club at 10:00 o'clock and church services at 11:00 o'clock. We will hold no night services until our new church is completed. Prayer meeting has also been suspended until we have completed the building program.

Let all the congregation remember that we meet next Sunday at the Study Club building or library. We are hoping that all of our members will be present and continue to be faithful in attendance throughout this temporary arrangement.

METHODIST NOTES

Luther Kirk

They say that it is a long lane that never turns, and I am beginning to believe that it is true. We have been greatly encouraged the past two Sunday by the increase in attendance in all services. After all, the attendance is what you help to make it. If you want good attendance you help make it good by being present yourself and in helping others be present. This may be done in several ways, try them all. After all your church is what you help to make it. Good and faithful influence makes a good impression, while poor and unfaithful influence hinders the progress of any church. Jesus said, "Let your light so shine before men, that they may see your good works, and glorify your Father which is in heaven." Matt. 5:16.

Put Christ first. Come and be with us Sunday at:
10 a.m. for Sunday School
11 a.m. for Worship
7:15 p.m. for Worship

BRUSHY BAPTIST CHURCH

Preaching services will be held at the Brushy Baptist church on Sunday, February 23, at 11 o'clock. J. Henry Littleton, district missionary, will preach. The entire public is cordially invited to attend this service.

CARD OF THANKS

We take this method of expressing our sincere thanks to all our friends and neighbors for their many kind deeds and words of sympathy during the illness and death of our dear husband and father. May God's richest blessings be with each of you.

Mrs. W. F. Hutcheson
Mrs. J. W. Henderson
H. C. Hutcheson
Mrs. Jack Morrow
D. V. Hutcheson
Mrs. L. C. Guinn, Jr.

CARD OF THANKS

We take this means of expressing our heartfelt thanks to all our friends who administered to our relief and comfort in word, deed or thought, during the illness and in the death of our husband and father, J. A. Hendrix.

We pray God's richest blessings on each of you, and may you have such dear friends in your hour of sorrow and need.

Mrs. J. A. Hendrix and Children.

Mr. and Mrs. Bob Parks of Abilene visited friends in Munday a while last Sunday.

COUNTY OFFICIALS STRESS FARM-TO-MARKET ROADS FOR DEFENSE

—Photo by Highway Information Service.

Importance of farm-to-market roads to national defense was highlighted by deliberations of County Highway Officials at 38th annual "Roads for Defense" Convention of American Road Builders' Association in New York City, January 27-31. Left to right, above, are L. V. Belknap, president, ARBA County Highway Officials' Division and engineer-manager, Oakland County Road Commission, Pontiac, Mich.; Paul B. Rynning, Jackson County, Medford Ore., engineer; N. P. Lowrey, vice-chairman, Board of County Commissioners, Miami, Fla., and Manton Hannah, McLennan County, Waco, Tex., engineer, division vice president. Belknap said, "No army, no navy can move without food and supplies. Roads are as necessary to national defense as guns and ammunition. We need roads to the farms where the food is produced. We need roads so our defense forces can be transported wherever and whenever needed."

Goree Defeats Moguls in Finals To Win County Basketball Title

Last Saturday night, Goree high school defeated a good Munday basketball team 34 to 21 to annex the Knox county interscholastic league championship. This was the first time in several years that Munday has gone to the finals in a county playoff.

Ray Moore led the Mogul scoring attack, getting 10 points for the night. Junior Jones was high for Goree, hitting the hoop for a total of 13 points.

Goree cashed 9 personal fouls called in the Moguls for 10 points, while Munday got five points on six personal fouls on Goree.

The Goree boys were particularly hot, and although held to only two points in close shots under the basket, they hit the hoop from far out in front of the Mogul defense.

Munday was the surprise of the tournament. Early Saturday afternoon the Moguls took out the highly favored Benjamin team by a score of 22 to 20. Benjamin had earlier disposed of Sunset by an easy margin of 32 to 20. The Munday juniors also gave a nice account of themselves, going into the finals with the Goree juniors, in which Goree won 19 to 14.

One of the outstanding games of the tournament was the Goree-Knox City game which Goree won 28 to 22. Goree was not consistently hitting their long shots against Knox City but they made up for all they missed in the game with Munday.

Hulen Montgomery was the outstanding junior in the tournament, followed closely by Jim Al Coffman of Goree.

Fitzgerald of Goree was by far the outstanding player in the entire tourney. Next in line were Moore and Patterson of Munday. Fitzgerald, a smooth passer and floor man, was the backbone of the Goree team. The ball handling of Moore and the all-around hustling and quick breaking of Patterson were features of the Mogul attack. Patterson turned in the outstanding individual performance of the meet against Benjamin. He hit the bucket for 14 points and did

Woolen Mill At Eldorado Will Open Feb. 27th

Eldorado, Texas.—Marking the realization of a new industry for West Texas—the manufacture of woolen products from Texas-grown virgin wool, an elaborate program is being worked out for the formal opening of West Texas Woolen Mills at Eldorado, Thursday, February 27. The Eldorado Lions Club, the Ladies' Auxiliary of Texas Sheep and Goat Raisers Association and other civic clubs are sponsoring the event that will attract thousands of people from all parts of the state to this West Texas town.

Governor W. Lee ODaniel has been invited to be principal speaker on the program and formally dedicate the new institution.

Held in connection with Eldorado's annual livestock show, formal dedication of the mill will highlight a full day of entertainment that will include music, a free barbecue lunch, horse show, parade, livestock exhibition, and inspection of the mill.

Housed in a building of native stone, located on Main Street in Eldorado, the new woolen manufacturing plant is now in operation weaving blanket material, yarns and batting that will be displayed one the opening day. Two of the first blankets made on an initial run will be presented to the Governor and sent to the President Roosevelt.

The day's program will be started with a horse parade, including some of the finest horses in West Texas. The livestock show will include an unusual number of fine animals, fed by 4-H club and F.F.A. boys, as well as other animals exhibited by West Texas farmers and ranchmen.

Sheriff Louis Cartwright of Benjamin was a business visitor in the city Saturday.

Legal Notices

NOTICE OF SHERIFF'S SALE

State of Texas, County of Knox

By virtue of an order of sale issued pursuant to a judgment decree of the 50th District Court of Knox County, Texas, by the Clerk of said Court on the 14th day of January A.D. 1941, in a certain suit No. 4114, where in the City of Munday is Plaintiff, and Intervenor, and the State of Texas and Knox County, Texas and Munday Independent School District Impleaded Parties Defendants, and Mrs. Louise Ingram Defendant, in favor of said plaintiff, for the sum of Six Hundred and Eighty-One and 93/100 Dollars for taxes, interest, penalty and costs, with interest on said sum at the rate of six per cent per annum from date fixed by said judgment, together with all costs of suit, that being the amount of said judgment rendered in favor of said plaintiff, and impleaded parties defendants by the said 50th District Court of Knox County, on the 6th day of November A.D. 1940, and to me directed and delivered as Sheriff of said Knox County, I have seized, levied upon, and will, on the first Tuesday in March A.D. 1941, the same being the 4th day of said month, at the Court House door of said Knox County, in the City of Benjamin between the hours of 2 o'clock P.M. and 4 o'clock P.M. on said day, proceed to sell for cash to the highest bidder all the right, title and interest of said defendant in and to the following described real estate levied upon as the property of said defendant, the same lying and being situated in the County of Knox and State of Texas, to-wit:

Being the South one-half of Lot Four (4) and all of Lots Five and Six in Block No. One Hundred Thirteen (113) of the Reeves and Musser Addition to the town of Munday in Knox County, Texas.

or, upon the written request of said defendant or his attorney, a sufficient portion thereof to satisfy said judgment, interest, penalties and costs; subject, however, to the right of the plaintiff for any other or further taxes on or against said property that may not be included herein, and the right of redemption, the defendant or any person having an interest therein, to redeem the said property, or their interest therein, at any time within two years from the date of sale in the manner provided by law, and subject to any other and further rights the defendant or anyone interested therein, may be entitled to, under the provisions of law; Said sale to be made by me to satisfy the above described judgment, together with interest, penalties and costs of suit, and the proceeds of said sale to be applied to the satisfaction thereof, and the remainder, if any, to be applied as the law directs.

Dated at Benjamin, Texas, this the 14th day of January, 1941.
LOUIS CARTWRIGHT,
Sheriff Knox County, Texas.

GROWING RUBBER IN THE WESTERN HEMISPHERE

To make us less dependent on Far Eastern rubber, the U. S. Government has appropriated \$500,000 for research in Central and South America. It requires seven to nine years to produce a rubber tree. Tapping needs a sharp knife, a deft touch, much practice and a skill that holds the steel point to within 1/25 of an

inch of the wood. This picture was taken on the Ford plantation, 600 miles up the Amazon, where in 1929 the Ford Motor Company began to invest upwards of \$21,000,000 in the development of plantation rubber in Brazil. Latex now comes from this plantation to the company's rubber plant in Dearborn.

AN EXPRESSION OF THANKS

More words cannot express the deep sense of appreciation I feel toward the many friends who have been so sympathetic and helpful since I have been sick in the Stamford hospital. Scores of you have sent me cards and letters or flowers, which have been a source of real comfort to me. Four different people have given me their blood for transfusions, and more than twenty-five have offered their blood if needed or usable, along with many others who have indicated a willingness to be tested. Many cars loaded with friends have driven to Stamford to visit me during the week I have been here. My heart swells with gratitude when I think of each one of you. I am under everlasting obligation to those who have divided their blood with me, and deeply grateful

to all who have offered to do so. My hope and prayer is that I may soon be back among you and have the opportunity to show my appreciation by any service I can render each of you. In the meantime, may God bless all of you.
Sincerely,
J. B. Bowden

MOVE FROM QUANAH

O. H. Coates and family moved here from Quanah last week to make their home. Mrs. Coates is employed on completion of the work at the Munday City Park.

Mr. and Mrs. Grant Farmer and son, Dudley, of Seymour visited friends here Wednesday.

Mrs. C. B. Jones of Mineral Wells came in Wednesday for a visit with Mr. and Mrs. Sebern Jones and family.

Freshman News

The Freshmen didn't have anything on Valentine Day, but our room mothers are planning a picnic for us some time during the week. We miss Keith Cartwright, who is in bed with the flu. He has been absent for two weeks, however, we expect him back soon.

Sophomore News

Well, at last the Sophomores had the party they have been wishing for so long. We had a reverse party at the home of Mr. and Mrs. Cunningham last Friday night and everyone wore his clothes backward. When the time came for refreshments, the guests made candy, popped corn, and roasted peanuts. Speaking for the whole class, we have never had so much fun and we wish to thank our sponsors for the party. We wish our late sponsor, Miss Cross, much happiness.

Junior Report

The Juniors are presenting their play, "Look Out Lizzie" Thursday night, February 20. We are expecting everyone to be there.

Senior Personality

Edith Mae Stark was born at Bowie, Texas, January 3, 1925, and moved to Benjamin at the age of three, and started to school at the age of five. She has attended B.H.S. since. Some of her favorites are:
 Favorite teacher: all of them.
 Favorite subject: speech.
 Favorite song: Ferryboat Serenade.
 Favorite color: blue.
 Favorite sport: football.

Sports

The basketball season came to a close last week end—at least so far as official games are concerned. We are very proud of the Mustangs, although they did not win first place. The first game that the Mustangs played in the county meet was with Sunset. We came

out victorious with a score of 32-20. Thus, with soaring hopes, the Mustangs met the Munday Moguls Saturday evening to be defeated by a score of 25-22. Regardless of this fact, we are looking forward to an even more successful career next year with same team, with the exception of one player—Ed Kirk. We wish to congratulate Mr. Barton and boys for the fine showing they made this year, for it was Mr. Barton's coaching, along with the boys' desire to play the game well, that made our team so successful.

The Mustangs have already started track training and the future looks bright. We are expecting great things from the track team, and also the tennis players. The Mustangs will take part in a basketball tournament at Goree, to begin February 28. We need just one more trophy this year, boys!!

Sadie the Snoop

What girls insist on bringing their lunches to school? Why was it so quiet at school last Friday, or was it? Do you suppose Miss Cole is really crazy, or was that trial just a joke? We all wonder... Cidy, was that flat on the front or back?? E. C., did you say you like to play baseball?? Cidy, how did you boys get the offices you wanted? Bud, what do you and Cidy find so attractive down at Butch's?

UNION CHAPEL CHURCH

Sunday School each Sunday morning promptly at 10 o'clock. Brother N. Jerdon is superintendent. Preaching each third (3rd) and fourth (4th) Sunday. Rev. D. A. Ross preaches each third (3rd) Sunday and Bro. Chas. W. Sargent preaches each fourth (4th) Sunday. Sermon subject and text for Sunday morning, Feb. 23rd: "And Jacob awakened out of his sleep." It's a strange thing that so small a flame of fire as that produced by a match will, if applied to either head or feet, awaken us out of literal slumber; and yet we resist most stubbornly God's spiritual fires applied daily to the human heart.

Why not let's get up—"day is breaking."
 Chas. W. Sargent

REA LINES SPREAD

College Station.—Four contracts for building 810.7 miles of lines to serve 1,523 consumers have been awarded by four electric cooperatives in Texas. The Rural Electrification Administration has listed the four co-ops as the Lamar County Electric Cooperative Association of Paris, 172.2 miles, to serve 392 members; the Karnes

Steel Cavalry Bounds Into Action

Speed shot at Camp Holabird, Maryland, during tests on new Light Reconnaissance and Command Cars for United States Army. They carry machine gun and crew of three men at approximately 60 miles an hour. Can climb steeper hills than tanks. The Ford Motor Company, which built the ditch-jumper shown above, has an army order for 1500 of these units.

WHAT ARE EGGS WORTH?

"What are you paying for eggs today?" This question is asked Munday grocerymen many times during each week end. And almost every week end grocerymen expect to take a loss on all eggs they buy, this being done in an effort to hold many valued customers who would go to other grocery firms to trade if their grocerymen did not meet the prices offered for their eggs.

We think a deplorable condition exists when merchants must buy products at more than they can get for them in order to "hold their trade." It doesn't take even as much as common horse sense to show any business man that such a practice is losing him money.

Most Munday grocerymen offer "specials" on groceries over the week end. These specials are reduced below the regular mark-up price necessary for a legitimate profit. When their goods are sold on a close margin and their customers take advantage of these specials, then to lose from one to three cents a dozen on all eggs taken in trade cuts the profit down to a pretty slim figure.

When one firm pays more than the market price for eggs, others are naturally forced to come to that figure in order to hold their trade. Then when another boasts that price another cent, we soon find an "egg price fight" under way, and the grocerymen is losing money on every dozen he buys.

There's no hope for profit under this practice, and, we imagine the grocerymen looks forward to greater egg production with a feeling of dread.

It's only natural for producers to want the highest possible prices for their products, but when that "highest possible" price exceeds the regular market price it's unfair to both producer and the one who buys his product.

We believe most Knox county people know that grocerymen accept eggs in trade is a matter of accommodation to them, and are giving them the convenience of disposing of their products at the same time they are making their grocery purchases. In view of this convenience, we believe the producer would be willing to accept market prices for his eggs.

Under the present practice, the grocerymen would be far better off if he didn't buy the eggs at all.

NOTICE

Read, my dear people, and you shall be told of one of the coming events of Sunset. On Friday, February 21, 1941, the basketball team of Sunset is to dress like girls. They will play the volley ball girls.

This promises to be a very enjoyable event. After the game the girls will have another game with an outside school. The boys are planning to play a game of basketball. The admission will be 10c 15c and 35c for a family.

The seniors get the proceeds to help them toward their class trip.

JUNIORS

Thursday evening, Feb. 13, at 7:30 o'clock, in the home of Evelyn Offutt, the Juniors began an evening of enjoyment, celebrating Saint Valentine's Day.

The beginning of the evening's entertainment was started with the game, Fate Match My Partner, in which the guests matched red hearts. This gave each of them definite partners throughout the evening. Several other games were played carrying out the holiday theme.

A refreshment plate of hot chocolate and pink and white heart-shaped cookies were served to the guests.

The Juniors all reported a grand time and hope to have another party soon.

The Juniors are very sorry to report the absence of Jane Burton, who has been ill for a few days. We wish her a speedy recovery and hope she will be back with them soon.

Fifth Grade

Best citizens for this week were Heta Thompson and Dorman Followill. Edna Earl Travis hasn't answered the roll call for three weeks. We will be very glad when she is well enough to come to school again.

Valentine Day was a breathless one. We boys got to give our favorite girls valentines. In turn, we received a few. I got a declaration of love from eight girls, and there are just 13 in our class. I'm not to have the bighead, though, because my best girl got nine beautiful valentines from boys in our class.

Fourth Grade

The fourth grade enjoyed an exciting time on Valentine day. Many valentines were given and also received. The Valentine party climaxed with the serving of chocolate kisses.

The best citizen of the week was Doris Wayne Phillips.

Seniors on Parade

Claude Richardson, Jr., was born July 14, 1924, at O'Brien, Texas. He started to school at Sunset in 1934.

Claude played baseball in grammar school and in high school. He lettered in football and basketball this year, and acted the comic role in the Junior play last year, and also in the Senior one-act play this year. Claude has been a very active student during his school career at Sunset.

Some of his favorites are:
 Song: "So You're the One."
 Teacher: All.
 Sport: Football.
 Subject: Bookkeeping.

Seniors

Due to the fact that the play "Here Comes Charley" has been presented in this community and another school near is planning to present it this year, the Seniors have decided to use the play, "Aunt Susie Shoots the Works."

To help out on their class trip fund, someone has asked the Seniors to give the school board a banquet some time next week. The menu will consist of:

- Steak
- Cream Potatoes
- Green Beans
- Lettuce & Thousand Island Dressing
- Refrigerator Tray Pie
- Coffee

Sixth Grade News

Best citizens for the past week were Barbara Jane Almanrode and F. A. Johnston.

Friday afternoon our room celebrated St. Valentine's Day with a party. Mrs. Thompson and Mrs. Davis were our hostesses. Of course our valentine box contained a number of delightful surprises. Now we all know who has a crush on who, because those shy lacy valentines from him to her and her to him have a way of letting the cat out of the bag.

We showed our gratitude and devotion to our home room teacher Mr. Ingram, by giving him a fruit shower.

We wonder why Betty Nell

Walker, Martha Louise Walker and Willie Mae Thompson are so quiet in the school room.

Second Grade

The second grade has three new pupils, Frankie Sue Little from Goree and Weldon Cleveland from Vernon and B. J. Sanders from Knox City.

Tommy Frances Yost brought a new pot plant for the room.

Oil Industry Is Heavily Taxed

Dallas, Texas—More than half of all the oil produced in Texas already pays a tax of over 10 cents a barrel, a survey just completed by Texas Mid-Continent Oil and Gas Association statisticians indicates. Twenty-two separate taxes are now levied against Texas oil producers.

The survey, based on tabulation of tax records of all 254 counties and of independent taxing subdivisions, shows that more than half of the State's oil bears taxes of 10.26 cents a barrel. All of the oil produced in Texas pays an average tax of 9.23 cents a barrel, while in some counties the taxes amount to 15 and 20 cents a barrel.

"Texas oil producers now pay 22 separate taxes, or 21 in addition to the State gross production tax," a statement today from the association points out. "In fact analysis of the various tax levies borne by oil produced in 33 Texas leading oil counties, which produce of the States crude output, shows that the State gross production tax of 2 3/4 per cent makes up less than 29 cents of each dollar collected in State and local taxes in oil production and producing properties. The fact that so much of this oil already pays over 10 cents a barrel is noteworthy in view of statements sometimes heard that Texas oil should pay 10 cents a barrel tax."

These 22 taxes do NOT include any paid in refining, pipe lines or any branch of the industry except production. Nor do they include the gasoline taxes paid by the individual motorist.

"The oil tax situation is different from that of any other state," the association statement explains. "There are more than 9,000 separate local taxing subdivisions in our state, each of which is empowered under the Texas constitution to levy and collect taxes. And many of these are independent taxing agencies, such as cities, independent school districts, water districts, road districts, etc. Every oil field within the jurisdiction of any of these taxing agencies is subject to property assessments, and tax levies deemed necessary by the respective taxing officials. And all of these taxes must be paid by the Texas oil producer from the money he receives from his petroleum, his sole source of income."

COUSINS

Mr. Ducken, the new foreman was making the rounds the first morning, and came upon John, idling behind some crates, and said, "I am Ducken, the new boss." John answered: "So am I."

A student's definition of anatomy: "Anatomy is the human body which has three parts—the head, the chest and the stummick. The head contains the eyes, ears and brains if any. The chest holds the lungs and a piece of liver. The stummick is devoted to the bowels, of which there are five, a,e,i,o,u, and sometimes w and y.

The spinal column is a bunch of bones that run up and down your back, keeping you from being legs all the way up to your neck."

Mac Haymes, who is attending N. T. A. C. at Arlington, spent the latter part of last week here with his parents, Mr. and Mrs. Lee Haymes.

Foy Easley and family of Anson visited relatives here last Sunday.

Lemon Juice Recipe Checks Rheumatic Pain Quickly

If you suffer from rheumatic, arthritic or neuralgia pain, try this simple inexpensive home recipe that thousands are using. Get a package of Ru-Ex Compound today. Mix it with a quart of water, add the juice of 4 lemons. It's easy, pleasant and no trouble at all. You need only 2 table-spoonfuls two times a day. Often within 48 hours—sometimes overnight—splendid results are obtained. If the pains do not quickly leave and if you do not feel better, Ru-Ex will cost you nothing to try as it is sold by your druggist under an absolute money-back guarantee. Ru-Ex Compound is for sale and recommended by

Here's Proof:

... Of What the Model-H John Deere Tractor Will Do

... In a demonstration at the T. R. Busby farm last Monday, this tractor listed 1.28 acres of ground in 29 minutes; using 2 14-inch buster points and listed an average depth of 5 inches. The fuel cost was 2 1/4 cents per acre.

The new Model H tractor is now equipped with starter, lights and power lift... at small extra cost.

General Purpose Tractors

5 Sizes... 4 Models

Whether yours is a large farm or small... whether you raise small grains, row crops, vegetables, or fruit... on hilly land or level plain... there's a John Deere Two-Cylinder Tractor to fit your needs exactly—a tractor that will cut your costs and enable you to farm with maximum efficiency, economy and profit.

With a John Deere you enjoy outstanding fuel economy. Your fuel dollars do more work... because of John Deere's two-cylinder design. Maintenance is easier, more economical as a result of the simple, sturdy, long-lasting construction of John Deere Tractors.

When you check over John Deere Tractors, consider their ease of handling... unexcelled vision... convenient hand clutch... smooth, shock-proof steering... the belt pulley on the crankshaft... and many other features that mean more returns for your money. Teaming up with the general-purpose models is a complete line of integral equipment designed especially for John Deere Tractors to save time, labor, and effort.

See us today... get the entire story of easier, better work at greater profit with an economical John Deere Tractor. Ask for a field demonstration of the model that fits your farm needs. You'll want a John Deere Two-Cylinder Tractor.

COUNTY FAIRS WOULD BE AIDED BY HORSE RACES

Austin, Texas, Feb.—Horse racing would be a financial "shot in the arm" to county and district fairs over Texas, it is pointed out by those favoring the bill which is sponsored by the Thoroughbred Horse Association of Texas and was introduced by Rep. John Bell of Cuero.

When racing was legal a few years ago, a number of fairs—notably those in Amarillo, Seguin, Kingsville and Midland—held the horse races, and they proved to be one of the most popular features of the expositions. The attraction drew thousands of persons out to see the sport, and thereby provided revenue which helped to support the fairs and enabled them to offer more prizes for cattle, sheep, goats and agricultural products, which, in turn, helped to stimulate the raising of better farm and ranch products.

The bill which would restore racing authorizes fair association courses in counties with cities of less than 100,000 population and where the earnings would go to no individual but to the fair association for prizes and improvements. The "take" would be 10 per cent of the amount wagered in the pari-mutuels and the state would receive a tax of 2 per cent and the license fee would be \$100.

In the case of major race courses, which would be located within a radius of 50 miles of a city with more than 100,000 population and could be operated by individuals, associations, corporations, or partnerships—the State would collect a tax of 5 per cent of the amount going through the pari-mutuels and would levy a license fee of \$5,000. Also the state would receive a percentage on the concessions and on admission tickets, as well as half the "breakage" (the odd cents remaining when the winnings are distributed, the "break being in multiples of a dime). A total of \$2,500,000 in new tax revenue for the state would be provided by horse racing, with 75 per cent going to old age pensions and 25 per cent going to the state public school fund.

NORTHERN STAR Cotton Seed for Sale

The early maturing cotton. Heavy producer in the field. Medium foliage; stays in the burr well, with a good white premium staple. Talk to your neighbors about this cotton and make more money by growing it. This cotton is being bred at O'Brien.

● Grow a cotton that meets the demand of the spinner as well as high production in the field, with a good turnout at the gin. Seed Ceresan treated. Prices reasonable.

Grade School Room IV
 Jewel Marie Hoffman

We wish to congratulate the following students who made the Honor Roll for the first semester:

Room I: Albert Brown, Florine Decker and Theresia Andrae.
 Room II: Bernardine Homer.
 Room III: Charles Albus.
 Room IV: LaVerne Albus, Arlene Blaschke, Virginia Sue Chandler, Mary Ann Decker, Jewel Marie Hoffman, Margarita Jakubec, Clarence Stengel, Louis Urbanczyk, and Marvin Zeissel.

Senior Report

The Seniors enjoyed the Valentine party which was given in the Rhineland High School by the high school students.

Games were played and late in the evening refreshments were served.

The Seniors are very sorry that one of their classmates, Geneva Wilde, has been ill for the past few days. Geneva, we wish you a speedy recovery.

The Seniors have been wondering what's wrong with Weldon, a Sophomore boy, since he goes to bed with his socks on. (Weldon, that saves you putting them on in the morning, doesn't it?)

The other day we overheard this conversation:

Richard: "I heard Albert got his license yesterday."

Genevieve: "What kind? Oh, Geneva, when is the wedding going to be?"

Richard: "He only got his driver's license."

Seniors on Parade

Mr. Richard Albus, son of Mr. and Mrs. John N. Albus, was born on October 9, 1924, in Rhineland.

Richard started his school career at the age of five years, at Rhineland and intends to finish this year.

Junior Report

The Juniors are improving in their school work. In Prose and Poetry, they are reading much faster and writing much better compositions; in typing they are striving for speed and accuracy; and, although geometry is becoming a little more difficult as they go on, they are anxious to finish the book.

Below is a formula with which few people will disagree. It is the great combination of elements which make up the formula of human accomplishments in its highest sphere.

Pray . . . because without divine guidance and understanding we are vagabonds of fate.

Sing . . . because, like the child who whistles to boost his courage in the dark, music inspires and fortifies us to face the unknown.

Trust . . . because without faith in the best, the fight would not be worthwhile.

Think . . . because, without a plan, all of our efforts may be wasted upon false means to reach our end.

Smile . . . because smiles are the sunshine of life and without them our very existence withers.

Work . . . because work is the motive power behind all great achievement.

Sophomore News

The Sophs seemed to get over the Valentine party. All enjoyed themselves. We received lots of Valentines. But we are not very happy. Why? Just because exams are coming at the end of the week. We will try our luck again. We hope we can do better than the last time.

The girls are still playing volleyball but the boys started to play softball Monday. They are enjoying it as a change and want to improve very much.

Here are the Sophs' bywords:

Bernardine: You did!
 Theresia: You Crazy Thing!
 Mildred: Gee Whiz!
 Helen: Just About Everything!
 Elsie: One of these days.
 Urban: Oh, shut up!

Freshman Report

Neon is a gaseous element found in the atmosphere in the proportion of 12 parts in a million. It was discovered by Sir William Ramsay, an English chemist, in 1898, who observed a gas evaporating in a vessel of liquid air. He named this gas 'Neon,' meaning new.

It is very expensive, but only a small amount is required for a lamp because its light-producing qualities are very great.

The gas is made by chilling air to 400 degrees below zero and catching the neon as it evaporates. It is marketed in tin-walled glass bulbs which contain about a quart each, and which are worth about \$20. One bulb contains enough gas to fill 200 to 300 feet of the tubing used for advertising signs.

News of Room IV

We had our Valentine party last Thursday afternoon, and spent a very enjoyable time. We played some games. Jewel Marie Hoffman won the first prize, Rayford Gene Chandler won second prize, and Veronica Franklin won third prize. Then the Valentines were taken from the beautiful Valentine box and distributed to the students to whom they were addressed. After they were all given out, we drew numbers as to whom the box should belong. Louis was the lucky one. All of us were very happy about the many Valentines we received. Mrs. Kuehler put hers in the scrap book.

Here are some of the favorite songs of Room IV:

Mrs. Kuehler: Only Forever.
 LaVerne: Times Changes Everything.
 Veronica: Sunshine.
 Alene: San Antonio Rose.
 Mary Ann: Sunshine.
 Jewel Marie: Only Forever.
 Louis: Times Changes Everything.
 Gene: Blueberry Hill.
 Alfred: South of the Border.
 Alvin: Only Forever.
 Clarence: Only Forever.
 Fidelis: When It's Harvest Time, Sweet Angeline.
 Robert: America, the Beautiful.
 Chester: Blueberry Hill.
 Francis: When You and I Were Young, Maggie.
 Virginia Sue: In A Vine-Covered Shack.
 Margarita: San Antonio Rose.
 We Wonder Why . . .
 Francis visited in Mr. Hoffman's room last Thursday.
 Fidelis isn't so silly lately.
 Sue was absent last week.
 Bobby has been negligent in getting his arithmetic lesson. Lazy, Hugh?

We are looking forward to having an Easter egg hunt in the near future if the weather permits. Here is hoping it will be pleasant at that time.

Rhineland News

The following made a business trip to Wichita Falls: Mr. and Mrs. Ferd Fetcsch and sons, Felix and Paul and daughter, Marie; Mr. Leonard Birkenfeld, Mr. Robert Albus and Mr. and Mrs. W. A. Jungman and family.

Misses Laura Herring and Ethel Bichel visited here Sunday.

Rev. Father Redder and Miss Clara Schumacher of Scotland, Texas, visited here this week.

Mr. Paul Fetcsch spent the week end in Dallas, Texas.

Mr. G. J. Petrus visited in Arkansas this week.

Mr. and Mrs. George Steinbach and family, accompanied by Albert Kuehler, visited in Pep last Monday.

Rev. Father Matthew Wiederkehr has been attending to business in Arkansas for the past week.

Lamoine Blacklock, who is attending Tarleton College at Stephenville visited his parents, Mr. and Mrs. B. L. Blacklock, over the week end.

TAKEN TO HOSPITAL

J. B. Bowden, well known farmer who resides near Munday, was taken to the Stamford Hospital for treatment last Friday. Friends who visited him Sunday reported that he is doing nicely.

Mr. and Mrs. Riley B. Harrell went to Stamford last Sunday afternoon to visit J. B. Bowden, who is undergoing treatment in the Stamford Hospital.

Wade Mahan and Aaron Edgar were in Wellington last Thursday night, going there to the conferring of a Master Mason's degree at the Wellington lodge.

Mr. and Mrs. G. R. Eiland, Mrs. F. C. Green and Mrs. A. D. Thompson spent the week end with relatives in Lubbock.

S. T. Easley, well-known Munday resident, was admitted to the Knox county hospital last Sunday for medical treatment. Reports are that he is doing nicely.

Ex-Service Men Will Register on Saturday

Fresh off the press in Indianapolis, Ind., a shipment of questionnaires for the local registration, Saturday, February 22, of members of the American Legion and other World War veterans here, for national defense purposes, has reached the Lowery Post No. 44 today.

Post Commander, J. C. Harpham announced that all arrangements have been completed to register every local Legionnaire and World War veteran if possible. The local registration is part of the nationwide program of the American Legion to catalog the qualifications and talents for future possible home defense services of all Legionnaires and War veterans. The registration is to be entirely voluntary. There is nothing compulsory about it.

The registration will provide local posts everywhere their department headquarters, and national headquarters of the American Legion with complete indexes of the qualifications, experience, educa-

tion, and special training of every member, and war veterans in general. These indexes will constitute a vast pool of American Legion resources in manpower and potential abilities that will enable the government to draw upon it for national defense purposes according to its needs. For instance, if the government requires the services of some sort of a technician of proved loyalty, in a certain locality, it can locate such an individual without delay by appealing to the American Legion in that community. The post hopes to have a complete index of every World War veteran, showing his capabilities, and thus will be able to produce quickly any man with the specific qualifications for the specific job. Similarly department and national headquarters will have indexes, only on larger scales.

Voluntary Registration

"The February 22nd registration will be entirely voluntary on the part of local Legionnaires and World War veterans," said com-

mander Harpham. "We must not lose sight of the fact that the national constitution of the American Legion specifically provides that the Legion is a civilian organization. Membership in the American Legion does not affect nor increase liability for military or police service."

"Accordingly the duty which might conceivably be requested of the Legionnaire or World War veteran as a result of filling out the American Legion National Defense questionnaire will always be voluntary in character upon his part."

"We know that practically unanimously American World War veterans will welcome this opportunity of placing themselves in a position of serving their country and community in case of an existing emergency's requiring such a service."

"It is considered that the vast reservoir of practical experience existing within the membership of the American Legion and the potential utilization of this experience, should be catalogued in such a manner that the information contained therein will be readily available to the leadership of the American Legion, should the need for our services be made evident by the constituted authorities of the Federal Local and State govern-

ments.

"We appreciate that the voluntary accomplishment of the registration provided by the use of the questionnaire forms will be a task of great magnitude, and that its completeness will be dependent upon the loyal cooperation of every local Legionnaire and World War veteran."

Miss Geraldine Bookout, who has been visiting relatives in Ranger, returned home last week. She is to be employed in Cecil Bookout's Bakery at Haskell.

Mrs. C. R. Haymes of Stamford came in last week for several days visit with Mr. and Mrs. Lee Haymes and family.

TAKEN TO HOSPITAL

Lewis Floyd of Munday was taken to the Knox County hospital last Friday night for treatment for pneumonia. An ambulance from the Mahan Funeral Home took him to the hospital. Mr. Floyd is reported to be doing nicely.

Mr. and Mrs. Levey Burton and daughter Nancy, of Haskell spent last Sunday here, visiting in the home of Mr. and Mrs. U. S. Rogers.

New Books For Local Library

Several new books have arrived at the Munday public library within the last few weeks. Are you taking advantage of this new reading material? The library is yours, Mr. Public, so why not use it? These new books are the latest publications, and ones which you will enjoy. The library is open six days a week now—from 11:30 a. m. to 5:30 p. m.

Munday P.-T.A. Has Meeting Wednesday

Members of the Munday Parent-Teachers Association held their regular meeting Wednesday afternoon at the elementary school building. The following program was rendered:
A paper, "The Contributing Home," was prepared by Mrs. W. H. Albertson. Wade Mahan made a talk on "Juvenile Protection," and music was furnished by Mrs. Travis Lee and Mrs. Joe T. Hext.

Daredevil Skier Makes Night Trip Down Loftiest Mountain in U. S.

Above, typical view of Mt. Whitney trail—ice, snow and jagged rocks above, right, jumping crevasse on mountainside; right, Hans Georg, who established new world record for skiers.

A NIGHT trip on skis down Mt. Whitney, highest peak in the United States, has set a world record that all but cost the life of Hans Georg, internationally famed winter sports star.

Daring mountain skiers have long wanted to attempt the great California peak, which rises 14,495 feet above sea level. But ice, snow slides, falling rock, and sudden storm conditions have offered too small a chance of survival.

Prepared for his attempt by weeks of study of the mountain, Georg made the upward climb in something over twelve hours. With only a brief pause, he started the downward trip. Even so, two hours later found him in darkness, picking his way along ice ridges and across snow crevasses by flashlight.

Pausing under a rock wall to break the ice on his gloves, he leaned his ski poles against a boulder. He reached for them again—and missed. The poles slipped away and clattered down out of sight in the darkness.

In that moment, Georg knew he was probably done for. Without the poles his skis were useless. He could not balance himself, check his speed, or avoid huge boulders which loomed

up unexpectedly in the beam of his flashlight. Crevasses and ice ridges would block his way. He would freeze to death on the mountain.

Using his light, Georg worked over to the edge of the trail. Ten feet below him were the poles. But only their tips were caught in the frozen crust—the least movement might dislodge them. Georg worked his way down, inch by inch, and grabbed them.

"Hanging on to my light, which I had secured by a strap attached to my belt, I made the rest of the trip," Georg said. "Without that light the climb was impossible. I doubted that the batteries could stand up in that severe cold, but they were fresh when I put them in and they kept a bright beam shining. That, and lots of luck, got me through."

Georg, although almost exhausted when he reached the foothills, came through the experience unscathed. He is known to sports enthusiasts as the world over, and was the first to introduce the new St. Moritz ski method in the United States.

Doves Electrocuted Themselves
Doves were so abundant at one time last fall in the blackland region of Bell County, near Bartlett that they weighed the top wire of a high tension line down until it touched the lower wire. All the doves on the wire were electrocuted, a report to the Game Department offices from a game manager reveals.

Why Cottonseed Cake
Texas' Game Department has trapped more than 500 deer this season for stocking of areas suitable for game, but from which the deer have been shot out. It has been found that cottonseed cake is one of the best lures for getting deer into the traps, and state and federal biologists are pondering the question of why cottonseed cake will lure Texas deer. It does not work in other states.

Mistletoe is the favorite deer bait in South Carolina. Texas deer are particular and will not respond to it. Apples, peanuts, corn, milo maize and oak and sweetbay brows have also been used as bait, but with little success in Texas, while other states report excellent results.

The most logical reason for Texas deer liking cottonseed cake is that ranchers feed it to their cattle in the winter when there is a shortage of food. The deer learn to eat the cake and are attracted to it when it is placed in the traps.

Panthers, leopards and Mexican mountain lions were numerous in the forests along the Southern Texas coast in pre-Revolutionary days, according to old records in the University of Texas library.

Production of rubber is being encouraged by a new Latin-American division created last month in the U. S. Department of Agriculture.

TEXAS OUT-O-DOORS

Austin, Texas, Feb.—Illinois anglers may soon be catching the very desirable red-eared sunfish, due to co-operation of the Texas Game, Fish, and Oyster Commission and North Texas State Teachers College with the Illinois Game Commission, it is announced by the executive secretary of the Texas Game Department.

A total of 125 red-eared bream were taken, with permission of the Game Department, at Lake Dallas and transported 1,000 miles to Urbana, Ill. They are being well there after having been released in the Illinois Natural History Survey aquarium.

The red-eared sunfish was formerly found in Illinois waters, but has vanished. It is one of the larger members of the sunfish family, found in most waters of Texas. The Texas Game Department popularized the fishing for red-eareds by instructing anglers in the proper method of fishing for them. To get best results, an angler uses worms on light tackle and fishes deep, often on the bottom of the lake or stream. Unlike many other members of the sunfish family in Texas, the red-eareds are rarely found near the surface of streams or lakes.

Illinois ichthyologists are confident that red-eareds can be brought back to that state. They do well in Indiana and Ohio, often growing to a foot in length, as they sometimes do in Texas.

Raising Quail in the City

You don't always have to go to the country to find quail. Texas Game Department biologists are working with the State School for Deaf Children in Austin. School authorities found two coveys of quail on the 57-acre tract upon which the school buildings are located on South Congress Street. It was observed that the birds had sufficient cover for protection, but they needed food. Now the children of the school are planting proper food for quail, such as red-top cane and German Millet, and will observe the progress of the birds.

Catches Duck on Fish Bait

C. E. Cade, Jr. of Caldwell, Texas has a mounted greenhead mallard drake on his mantel. That's nothing unusual among sportsmen, but the method by which Cade got possession of the duck is something else.

Cade was fishing near Caldwell in water which has much brush and heavy logs in it. The bass were not striking, although he could see several large ones in the water. Finally Cade eased up back of a large log, tossed his plug into the water, and then heard a splash. Thinking he had caught a large fish, he started reeling in his line. About that time, much to the anglers surprise, a mallard drake flew into the air with the fish bait in his mouth. Cade jerked his line and down came the duck.

Munday Girl On All-College Stunt Committee at TSCW

Denton—Music, dancing and drama will be combined when the four classes at Texas State College for Women present all-college stunts February 27 in the college auditorium. Miss Wanda June Williams of Munday is a member of the dance committee for the senior class.

Daughter of Mr. and Mrs. P. V. Williams, Miss Williams is majoring in speech.

All-college stunts will be an original production, and each of the four classes competes for first place in costuming, staging, skit and music for their class act. The decision will be made by a committee of local businessmen and faculty members.

MUNDAY MAN ONE OF SPECIAL TROOP

L. L. Clarke of Munday was one of the 15 men of Camp Bowie, Texas, center of the Thirty-Sixth Division under provisions of the selective service law, who was recently transferred as private to the Special Troops.

CABBAGE VARIETY TESTS MADE

College Station.—Variety tests conducted by the Rio Grande valley substation of the Texas Agricultural Experiment Station show that Enkhuizen and Midseason Market varieties regularly produce good yields of round, compact, crisp cabbage which finds favor with shippers and consumers.

A recent report from the station states also that some of the late maturing varieties of the Ball Head type are also dependable producers of round, compact, dark green cabbage, but yields from these are not equal to yields of the Enkhuizen and Midseason. This is usually because growers cut heads before they are mature.

Tests of 16 varieties of apples showed that the vitamin C in the peel was about five times that of the flesh.

Milk Consumption at the Texas A. and M. College mess hall averages one and one-half pints daily for each student.

NINE BARLEY LOANS

College Station.—Only nine barley loans were made in Texas in 1940 by the Commodity Credit Corporation. This was the first year loans on barley have been made in Texas. The nine loans aggregated \$3,524.59 on 10,928 bushels. Of this amount, 9,534 bushels are in farm storage and 1,394 are stored in warehouses, the CCC has announced.

In colonial Texas, alligators were a real menace along the Gulf coast, workers in the University of Texas library have found. Alligators often caught dogs at river banks, and eye-witnesses have recorded several instances of their catching and eating men and women, some even as they slept in their tents at night.

A survey of 50,000 Negro farm families last year showed their net worth has increased from \$451 to \$752 since inauguration of the Department of Agriculture's rehabilitation program.

The U. S. Department of Agriculture reports that 2,200 of the 50,000 hales of cotton Spain imported in the first three months of the cotton year were from the United States. The remainder came from Argentina.

Three Cornell University scientists report a new method to retain the full vitamin C content of pasteurized milk by taking the air out of it. A quart of de-aerated, pasteurized milk has a vitamin C content equivalent to a whole orange. Vitamin C content loss in ordinary milk makes a quart equivalent to a slice of orange.

Miss Gladys Buckholt of Wichita Falls is spending a few days as guest of Misses Fannie and Maud Isbell.
