Our editorial page, this week is featuring a bit of the early history of Munday.

Even our "Needs for 1948" have been taken out this week in order that this interesting story of Munday's growth, which is somewhat lengthy, yet told as briefly as possible, might be given to our readers.

But the "needs" will be back next week as a reminder to you that they're still needed and that some of them will be realized this year.

This history comes to us as a result of some very hard work and interesting research upon the part of Mrs. A. L. Smith of Munday.

She gave this paper at a recent meeting of the Munday Study Club, and these ladies thought it interesting enough to pass on to you.

We thought so, too, but various delays in getting it set up in type have prevented your reading it sooner.

You will find that Mrs. Smith mentioned one of our beloved pioneer citizens, W. A. Baker, who has now gone to his heavenly abode, but who was still with us at the time Mrs. Smith presented this interesting article to her club.

If you've lived in Munday one day or 23 years, you'll enjoy this article. Turn now to page two and read it.

The string on our finger . . .

Is to remind you to remind you that we want you to continue reading the Munday Times.

So if you haven't attended to the matter of fixing your subscription for another year—if the date opposite your name on this paper doesn't read right—then you'll find us willing to fix it up promptly, either by mail or in person, or you may pay your postmaster or mail carrier.

"Appreciation Day" continues to draw large crowds to Munday on Wednesdays. This little event has proven quite popular.

Some few people have benefitted quite a bit by attending Appreciation day. Others weren't here when they later wished they had been.

Someone is made glad he, or she, came to Munday each Wednesday. And Munday's merchants are glad you all come—that's why they have Appreciation Day.

A discouraging sight is our paper collecting truck driving down the streets and alleys collecting papers on a windy day, and with no end gate in the truck.

This was taking place last Monday, with gusts of papers falling from the truck and blowing over town.

Then we have people who want the boxes containing our waste papers out in the alleys. They just sorta take command of the situation, empty the loose papers out on the ground and make away with the boxes.

And some boys dig through the papers, looking for discarded funny books, etc.

It's creating a worse situation than we've ever had—and some are willing to go back to the old method of burning papers again.

Keeping a town clean is an endless job—and a discouraging one, too, unless everybody works together and cooperates.

The most welcome thing to happen since early in January—sunshine!

Dignitaries, Huh? Just Plain Everyday People To Us!

We secured this picture from the Abilene Reporter-News which called the group above "Munday's Civic Dignitaries". We know them, and so do you, as just plain everyday people whom we see most every day.

On the left is the president of our Community Development Association, which is a dignified sounding title, but he's none other than old jovial, hard-working Lyle Stodghill. The camera didn't get his wife, who's seated on his right.

Next is Mrs. W. C. Cox, who is sitting next to her husband, who heads the Munday Public Schools and whom we know as Claude.

Mrs. W. R. Moore is laughing over some incident which happened at the banquet, and having just as much fun is her husband, Bill. Mrs. Moore will agree that he isn't too dignified, although he's mayor of our town.

The last lady on the right is Mrs. W. M. Barr, who does the chores around the Methodist parsonage, and next to her is her husband. His name's William, but a lot of us call him Preacher. These and a lot more of us just sorta pushed dignity aside as we gathered at the school cafeteria and enjoyed the C D A banquet in its fullest.

Where Is Your Child Tonight?

"Oh, Where Is Our Boy Tonight" might well be sung by many parents in Munday, according to our mayor and city marshal. For many boys are roaming the streets long after bedtime, and some after midnight, according to these officials.

And there's meanness being done, too. Several instances of petty thievery and disturbances in local cafes have been reported. Buildings of the Munday school system were broken into three times in 10 days.

"A lot of this can be controlled in the home," our officials say, "and if the practice of petty lawlessness continues, drastic measures will have to be taken. We will have to track down a lot of it and make some arrests."

Mogul Cage Team Bounces Hamlin In Game Last Monday

The Munday Moguls came from behind in the last four minutes of play at Hamlin last Monday night to bop the Hamlin Pied Pipers, 38-35, in a District 6-A east cage encounter.

Royce McGraw of the Moguls was high point man of the game with a total of 13 points, followed by his teammate, Herbert Ford, with 12.

Led by Seth Adams and Asa Goodgame, the Hamlin B team won a 17-14 decision and the Hamlin grade schoolers won by a score of 24-14.

Postal Employees Meet On Tuesday At Knox City

The Brazos Valley Postal Association met at Knox City in the American Legion Hall last Tuesday night.

In the absence of the president, Mrs. Pearl Monke of Weinert, Buster Chamberlain of Goree, vice-president of the association, was in charge of the business meeting. Postmaster, Jeff Graham of Knox City, led the group in a round table discussion on all phases of office work.

After the business meeting, members of the Knox City office served cookies and coffee to representatives from Benjamin, Sagerton, Goree, Rule, Munday, Haskell and Vera.

The next meeting will be March 8th in Benjamin with the Benjamin office employees at host.

Mr. B. L. Blacklock, Mrs. Nell Hardin, Don Reynolds and Charles Hardin were visitors in Abilene last Wednesday.

Mrs. Hattie Williams of Abilene spent this week here with her sister and brother-in-law, Mr. and Mrs. D. E. Holder, Sr.

Mr. and Mrs. Elmer Dickerson and Mr. and Mrs. Clay Grove visited Mrs. Ross Johnson, who is ill in a Wichita Falls hospital, last Sunday.

Mr. and Mrs. R. M. Almanrode had as their guest last week, Mrs. Mamye Vandiver of Houston.

4-H Club Girls Dress Revue To Be Held On May 10th

All Knox County 4-H Club Girls interested in entering the State Dress Revue this summer will have to have the dresses finished by May 15th, according to Eugenia Butler, Knox County Home Demonstration Agent.

This fact was brought out at an Agents Training School held by Miss Mary Routh, Extension Service Clothing Specialist, and Mrs. Myrtle D. Negy, District III, Home Demonstration Agent, at Quannah recently. Arrangements for the meeting were made by Mrs. Hazel Harrison, Hardeman County Home Demonstration Agent.

A this meeting, plans for county and State Dress Revue Contests were discussed; Knox County 4-H clubs will have to hold their dress revue by May 10th, in order to be eligible to go to College Station June 6th to represent this county. Also attending State Round-Up this year will be Shirley Jo Patterson, Munday, 4-H Gold Star girl for 1948.

Successful March Of Dimes Campaign Held At Rhineland

The campaign for the March of Dimes in the Rhineland community was very successful again this year.

It was reported that a total of \$182.84 has been contributed, which is an average of slightly more than 40 cents per person. It more than doubled the established per capita.

A social entertainment, which featured a box supper, netted a total of \$131.63. Personal donations accounted for \$41.50, while school children's contributions accounted for the balance.

Mrs. C. J. Albus, chairman of this drive, wishes to thank Mrs. Leo Fetsch, her co-worker, and each individual in the community who helped in this successful campaign for such a worthy cause.

Munday's Schools Finishing \$110,000 Building Program

A new seven-room annex to Munday High School is expected to be completed by March 1, according to Superintendent of Schools, W. C. Cox.

The red brick construction would have been completed a month ago, but work was delayed by the recent cold and ice storms.

When the new high school annex is completed, it will mark the close of a \$110,000 construction program in the Munday school system. A modern new cafeteria has been built at the elementary school.

The entire high school building has undergone a complete renovation. New floors were installed. It has been painted, and a modern heating and lighting system added.

The new annex will alleviate a crowded condition that has existed in the high school for some time.

E. L. Goolsby is principal of the high school—Abilene Reporter-News.

Local People Have Feed, Fun And Foolishness At CDA Banquet Thursday

Feed, fun, foolishness, entertainment, and serious thoughts were enjoyed last Thursday evening, as members of the Community Development Association and the ladies gathered at the Munday school cafeteria for a membership meeting. This was the first meeting of the entire membership since the watermelon feed last summer.

Around 200 people just about filled the cafeteria to capacity to enjoy the delicious menu of Virginia baked ham, potatoes, green beans, hot rolls, coffee, fruit cocktail and cherry pie that was prepared and served by the home economic department under the direction of Miss Eugenia Robertson, home economics instructor.

Rev. Wm. G. Barr opened the feed bag by giving the invocation. When appetites were appeased, J. L. Stodghill, CDA president, welcomed the guests, and the program got under way. While eating, the group enjoyed piano music by Misses Bernadine Suggs and Shirley Yost.

J. C. (Appleknocker) Harp-ham led the group in a general sing-song, then surprised them all by announcing that a "secret committee" had chosen the four most outstanding men in the community for the past year, then called Dick Atkinson, Gene Harrell, Horace Stubblefield and M. L. Raynes forward to receive their awards. He introduced them as Munday's popular barbershop quartet and called on them for a song, whereupon they made a stab at singing "Hail, Hail, The Gang's All Here."

W. R. Moore, mayor of Munday and director in the CDA, gave some of the accomplishments of the organization and praised the cooperative spirit of the people of the community. Among the accomplishments named were the city-wide clean-up and garbage disposal plan which was inaugurated last summer, securing of a fogging machine and of 24 trash containers placed in the down town area; work on securing hard surfaced roads for the county, progress on the drainage program, and working toward a spirit of good will among all communities of the county.

John Hansen of Knox City, an ex-vaudeville entertainer, cracked several jokes that kept the group in a laughing mood, and sang several special numbers to the accompaniment of Mrs. E. Q. Warren, also of Knox City.

The serious part of the program, mixed with humor, was

Auction Sale Has Large Run

The Munday Livestock Commission Company reports a good run of cattle and hogs for Tuesday's sale, with a good active market. All classes of cattle sold higher than a week ago.

Canner and cutter cows sold for \$11.00 to \$15.00; fat cows, \$15.50 to \$17.50; butcher bulls, \$17.00 to \$19.50; butcher yearlings, \$16.50 to \$19.00; fat yearlings, \$20.00 to \$24.00; rattle calves, \$20.00 to \$21.50; butcher calves, \$18.00 to \$21.00; fat calves \$22.00 to \$24.50.

Hotel Coffee Shop Will Open Here Friday

Mr. and Mrs. B. A. Yarbrough have announced that the newly remodeled Hotel Coffee Shop will hold its formal opening on Friday of this week. The public is cordially invited to come in and inspect the new place Friday afternoon, at which time free coffee will be served.

The coffee shop has undergone extensive remodeling, with everything being installed new. In the kitchen is a new stove, new stainless steel steam table, and even the dishes and silver are new.

The dining room has likewise been entirely revamped, with new counters, booths and tables being added, and everything is just as clean and attractive as it can be.

Mrs. Letha Snelson, who was employed in the Terry Coffee Shop for 15 years, will be in charge of the kitchen, while the entire shop will be under the personal supervision of Mr. and Mrs. Yarbrough.

LOUISE SPIEGELMIRE TO RECEIVE DEGREE

Miss Mildred Louise Spiegel-mire, Munday, last week completed requirements for a master's degree at Texas Christian University.

She is a member of the largest mid-year senior class in T. C. U. history—168 persons completed graduation requirements with the end of the first semester Jan. 28 and will receive degrees at the regular spring commencement May 29.

She is now teaching in the music department at North Texas Agricultural College, Arlington.

Mr. and Mrs. Roy Parnell of Abilene visited relatives here one day last week. Mr. and Mrs. Lynn Hay returned with them for an extended visit in the Parnell home.

Large Crowd Expected To Attend Calf Show At Knox City Saturday

A large crowd is expected to gather in Knox City next Saturday for the annual 4-H Club calf show, which will be held at the Bruce Campbell barn, site of the Knox City show for many years. The show is being sponsored by the Knox City Lions Club.

An attractive premium list has been arranged for the show. It has been announced as follows:

Grand champion, \$20; reserve champion, \$20; first place, \$20; second place, \$17.50; third place, \$15; fourth place, \$12.50; fifth place, \$10; sixth, seventh and eighth places, \$7.50 each. These prizes will be awarded in both the senior and junior divisions.

Fifteen calves will be shown, including one by J. L. Ford of the Munday F.F.A. Ray C. Mowery of Texas Tech, Lubbock, will be official judge of the show. Activities will begin at ten o'clock Saturday morning with a livestock judging contest. Competing will be the Haskell 4-H Club boys, and teams from the following F.F.A. chapters: Haskell, Weinert, Munday and Rochester.

Funeral For Joseph I. Davis Held Friday

Funeral services were held for Joseph I. Davis, a resident of this county for many years, passed away on Thursday, February 3, at a Wichita Falls hospital. He had been in ill health for some time.

Funeral services were held from the Mahan Funeral Home at 4 o'clock Friday, February 4, with Rev. Huron A. Polnac, pastor of the First Baptist church, officiating. Burial was in the Johnson Memorial Cemetery by the Mahan Funeral Home.

Mr. Davis was born January 10, 1858, and passed away at the age of 91 years and 23 days. He is survived by one son, William Davis of Seminole; three daughters, Mrs. Lula Seay of Bryan, Mrs. Lela Harrison of Knox City and Mrs. Ethel Floyd of Munday; 21 grandchildren, and a number of other relatives.

Funeral services were held at the Mahan Funeral Home, Linnstaedt and B. C. Lawrence.

Alonzo Cartwright Made Instructor In Veterans School

Alonzo Cartwright, who at mid-term received his B. S. degree in agriculture from Texas A&M College, has been named instructor in the Knox County Vocational School for Veterans. He began his duties on January 24.

Cartwright is in charge of the agriculture class at Munday.

He majored in animal husbandry while in college. He is the son of Mr. and Mrs. Louis Cartwright.

Gordon Gaines and Keith Anderson of Texas Tech., Lubbock, visited Gordon's parents, Mr. and Mrs. Jim Gaines during mid-semester.

Plastic Hearts To Be Seen Soon

Funds Are Asked To Combat Nation's No. 1 Killer

Plastic hearts, which were used last year in the drive to secure funds to combat the dreaded heart disease, will soon be seen again in this area, as the Texas State Heart Association drive gains impetus.

The drive is being held during February, with special emphasis being placed on Valentine Day for securing funds. Mrs. Don L. Ratliff has been named as local chairman for the drive this year.

One out of every three die with heart disease, a disease more deadly than the next five causes of death combined, the number one killer of children.

Your help is needed in combating this disease. Be a member and assist the American Heart Association in its fight against heart disease through your Texas State Heart Association by dropping your loose change or folding money into the plastic hearts, or seeing your local chairman.

Valuable information on heart disease will be given by Dr. D. C. Eiland when he speaks at the "parent's night" program of the Munday P. T. A. next week.

New Bill Would Give Munday Auto License Agency

Munday has been tentatively selected as one of the towns in which a full-time agent of the State Highway Department would be located for the purpose of issuing automobile licenses, if a bill introduced in the Legislature is adopted.

Other towns in Knox County which would have permanent agencies would be Benjamin, according to tentative plans submitted to Sen. W. A. Shofner of Temple by E. J. Amey, director of the motor vehicle division of the Highway Department.

Senator Shofner is the author of a bill which would transfer the duty of registering cars and handling title transfer papers from the county tax assessor-collector's office to agents of the State Highway Department.

One of the reasons for having more places that cars can be registered in is that it will save many people a trip to the courthouse and eliminate many wasted hours of standing in line.

LOCAL PTA TO HOLD FATHERS' NIGHT HERE THURSDAY NIGHT

The Munday P. T. A. will observe its annual "Fathers' Night" program at the school auditorium on Thursday night February 17. An enjoyable program is being planned.

Elsewhere in this issue is a story to the effect that this will be on Wednesday night. This is an error, so stay away Wednesday night and come out Thursday night, please.

Mrs. A. L. Smith Gives Interesting History Of Munday At Club Meeting

An interesting paper on "My Home Town, Munday" was given by Mrs. A. L. Smith at a recent meeting of the Munday Study Club. This history reveals many interesting incidents in the town's history and much research upon the part of Mrs. Smith. The article is being reprinted below for its interest and historical value.

MY HOME TOWN, MUNDAY

Do you know your home town? Do you know who the pioneer residents were and what part they played in the building of our town?

Frankly, I ask myself these questions and to my amazement found my knowledge of these important things very vague in my mind. I set out to find someone who could give me authentic information about this and, truly I have had a wonderful time visiting and talking to friends and neighbors.

Not only did I find Mrs. W. A. Baker a storehouse of information, but had in her prized possessions papers yellowed with age and pictures of our early town that are indeed a delight to look upon.

My thanks also to Harvey Lee who furnished me dates and information of our city government; to Miss Maud Isbell, Mr. and Mrs. Austin Caughran, Dr. and Mrs. A. A. Smith, Mrs. J. R. Smith, and Miss Shelly Lee.

To you who know the history of our town, it will be a pleasant

trip through memory lane and to others like myself, it will certainly be educational and interesting.

In 1893, the first business house in Munday was built in what was then called West Munday. Today the Barton home stands in its place. This business was a supply store and housed our postoffice. To my surprise, I found that for a few weeks our town was called Maud, being named for our own, Miss Maud Isbell.

When they learned that in the far corner of the state another town was named that, Washington asked for another name to be submitted.

Mr. R. P. Munday, a pioneer of this section, offered to keep the postoffice if he were allowed to submit the name. He submitted the names of Lowery and Munday and Washington sent official documents October 8, 1894, for a postoffice to be called Munday. This is the origin and naming of our own beloved Munday.

In 1898 the Wichita Valley Railroad was surveyed out and then East Munday began to take form where the present business section is today.

Our first business in east Munday was the Alexander Merchantile that was established in 1900 and managed by our own Mr. Chas. Mayes. This business was in the location that Tiner Drug stands today.

Then followed the Baker Bry-

ant Co. managed and run by our beloved Mr. W. A. Baker. The present Baker-McCarty store stands on the same location. Gins and other businesses followed.

Our first bank was organized and started business August 1, 1903, in a small space in one corner of the Baker-Bryant store. This bank was called the Knox County bank and was an unincorporated institution.

Mr. Baker tells amusing incidents in connection with the opening of the bank. They had no capital stock except one safe that was purchased at a cost of \$1,000 on credit. This safe and a shingle with the word "BANK" on it was their stock in trade.

The first deposit was made by Dr. J. T. Lee for his mother, Mrs. Maud Lee. The first check was drawn by R. J. Smith for \$2.50. This check was cashed at a bank in Seymour. The Knox County Bank had no correspondents or no exchange and when the check finally reached them, it was remitted by money order.

In those days before the railroad, currency and silver for the new bank were freighted in on wagons from Stamford. J. A. Rayburn was one of the freighters who hauled most of it, and usually he was two days and nights getting in, and even though his money pack usually held \$5,000.00, nothing was ever thought of him losing it. Usually it was carried in his chuck box.

Here is another interesting incident concerning the Bank. Mr. Baker at that time not only was serving as general manager of the Baker-Bryant store and pre-

sident of the newly formed bank, but he bought most of the cotton from the farmers. This was paid in currency and not by check. One day after he had bought about 85 bales of cotton, a very agitated and nervous cashier looked him up and advised him to let up on cotton buying as there were out of money. This did not shake the faith of our farmers. They sold their cotton with the promise of Mr. Baker that their money would be in the following week.

Even though this bank started with nothing, on January 4, 1904, when it was incorporated with the First National Bank, \$30,000 in deposits were handed over.

Mr. Baker was the honor and distinction of being the only one of the organizers and officers.

Our first hotel was owned by Uncle George Reeves, and this amusing incident was told to me by Austin Caughran.

On July 6, 1906, our first passenger train arrived in Munday, and Uncle George was celebrating his 66th birthday on the 6th day of the 6th month and the train blew its whistle six times as it came into Munday.

Miss Maud told me an interesting story of her train ride from Haskell to Munday soon after its advent into our realm. She boarded the train at Haskell about mid-morning. Her lunch hour was pleasantly spent munching sandwiches and watching the beauties of nature unfurl. She arrived in Munday in mid-afternoon.

On August 22, 1907, about seven years after the surveying of the railroad, the Munday Times, edited and staffed by Thomas Durham, Standley T. Switzer, Clarence Knight, M. Clendinin, and Clifton Branham published a thirty-six page paper on the growth, history, and development of our town. Much of my information was gained from this edition.

A wonderful sense of humor was very brilliantly brought into display on the following descriptions of five of our early business pioneers, these men being J. F. McClendon, Charlie Mayes, W. A. Earnest, Walter H. Cousins, and W. G. Sherrod. These men stayed here and worked, enduring the privations and hardships that are incident to the development of a new country. They met financial reverses like men and when they fell down they demonstrated to the world their ability to get up again. The secret of their success is the fact that they pulled together for Munday.

From the Times issue August 22, 1907, I quote:

1. Son-in-law of Uncle George Reeves.
2. Justice of Peace 4 years.
3. The first and present Mayor of Munday.
4. Confidential secretary to the Hon. Bud Weiser, M. C.
5. Hot air dispenser for the North West Texas Local Option Association.
6. State poet for the Texas Pharmaceutical Association.

In 1900, W. A. Earnest pulled about him a bunch of boys and started the present City of Munday. He came to the vicinity of Munday in 1894. No proposition is too large for his ability and none too small for his attention. His business in Munday has been that of a ginmer and builder.

Chas. Mayes came to Texas in 1888 and in 1900 he became the manager of Alexander Merchantile Co., the first business of east Munday. As a business man and financier, he has few equals and no superiors in Western Texas. He has always done every thing possible to advance the interests of Munday and the Munday country.

W. G. Sherrod is cashier of the First National Bank. His business ability and sterling worth as a business man was obtained from the school of experience.

J. F. McClendon, oldest of these pioneers, was here many years before the present town of Munday was thought of. All the old timers know him as a gentleman of sterling worth and integrity.

Walter H. Cousins was born in 1878 near the Leon River in McLennan County. We all know that the heart and hand of Walter Cousins is always open to help the needy and he is an apostle of "Sunshine and Happiness," and by universal concession is voted the biggest package of good fellowship in the town of Munday.

In his youth, Walter Cousins showed no symptoms of what is now a well developed case of greatness. He could open his mouth as wide and squall as loud as any kid along the river, and medical reports show that the stone bruises on his heels were as numerous as those possessed by any boy.

At the age of nineteen we find him waving a pair of white sox in the air as a token of surrender to public criticism, and with a frock-tailed coat and derby hat as his sole evidence of learning, he applied for, obtained, and taught a country school. He was so successful in flattering the young ladies and cajoling the old maids in the community, that he was forced to teach for another term. Then he landed high and dry in the realms of the lotus eaters and dope dealers of a pharmaceutical career, and in January, 1901 he migrated to Knox Prairie with a bottle of turpentine and a can of crude carbolic acid in his grip, set up a dope joint in one corner of Uncle George Reeves' cotton patch and in company with a few other young hopefuls began to put Munday on the map. Since that eventful hour, honors have thrust themselves upon him until he has a string of beads that look like this:

1. Son-in-law of Uncle George Reeves.
2. Justice of Peace 4 years.
3. The first and present Mayor of Munday.
4. Confidential secretary to the Hon. Bud Weiser, M. C.
5. Hot air dispenser for the North West Texas Local Option Association.
6. State poet for the Texas Pharmaceutical Association.

7. Pencil pusher for the people in general.

8. Originator and patentee of the famous "Baby Sue Cigars."

9. Author of the proverb, "Our store makes others look like an old maid at a mother's congress."

10. Proprietor of the finest drug store in West Texas.

Here's hoping that his string of beads will grow until when the weight of declining years is upon him, his honors and distinctions may no longer be counted sands; and whether Munday ever puts Chicago in the shade or not, her citizens will ever remember and point with pride to the ideal of its first mayor, Walter H. Cousins.

Pioneer citizens of our town included P. B. Broach who came here in 1888 and hauled his first cotton to Albany 85 miles away to be ginned. R. P. Munday, who gave the first business lot in east Munday.

Others were: R. B. Wilson, G. W. Olicer, John Fisher, A. J. Glasgow, R. C. Rodgers, R. E. Bell, E. B. Goodwin, W. S. Ledbetter, E. B. Tull, J. F. Bolander, Thomas A. Lane, N. L. Newsom, G. H. Isbell, J. R. Reeves, W. R. Moore, John Naylor, J. L. Johnson, W. P. Clark, Jas. Partridge, J. J. Switzer, E. E. Akers, D. L. Camp, T. D. L. Johnson, M. E. McKinley, J. N. Campbell, R. G. M. Eiland, John Couch, John Terry, B. L. Bowden, M. A. Lowery, G. W. Wren, E. R. Hobert, and others too numerous to mention.

Our pioneer doctors were Dr. J. T. Lee, who came to this country in 1900, and Dr. J. R. Smith, who came to this country in 1891, but not until 1900 did he have an office in Munday. Dr. Lee's influence for good was far-reaching, and he was ever ready to respond to any call that was for the welfare of his town and community.

Dr. Smith came to Texas from Kentucky with a wagon train which disbanded in Bonham, Texas. Even though he had to come alone, he made his way out to the Knox Prairie.

These doctors lived in the horse and buggy day, but they cared for the sick, and no call was too far, nor the weather too bad, to answer.

Other doctors to come later were: Dr. A. A. Smith, Dr. W. P. Farrington, Dr. D. C. Wylie, Dr. Crume, and Dr. T. G. Easley, dentist.

Our pioneer pastors will be remembered as Rev. R. G. M. Eiland, who came to this country in 1878, pastored the church at Benjamin and Vera for fourteen years before moving to Munday in 1904. He was pastor when our first Baptist church was built.

Rev. L. G. Carlton and Ed R. Wallace are mentioned as the first pastors of the Methodist church, which was the first church ever to be built in Munday.

In 1906, the Christain Church was built and though two other denominations, the Presbyterian and the Primitive Baptist, did not have churches, they were well represented.

Many businesses had been established through the years from 1900-1906, and as proof of such is the following list quoted from

the Times issue, August 22, 1907. I quote:

1. A \$90,000 oil mill.
2. Two large general merchandise stores.
3. One large hardware and furniture store.
4. Three grocery stores.
5. Four dry-goods and furnishings stores.
6. Two exclusive furniture stores.
7. Three hotels.
8. Four lumber yards.
9. Two meat markets.
10. One jewelry store.
11. Two National Banks.
12. Three, 3 chair barber shops.
13. An acetylene gas plant.
14. Four grain elevators.

Your dollars, compared with what they would buy in August, 1939, are now worth only 57 cents each.

The more of them you spend for things you don't need or can't afford, the less they will be worth.

On the other hand, if they are put aside regularly in your banking account, or invested in Savings Bonds, they will build up your future purchasing power, and will help to bring prices back down to where they should be.

Knox Prairie Philosopher Says "That Government Price-Controlling Can Sure Lead To A Lot Of Places"

Editor's Note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek this week discusses, of all things, haircuts, a subject he obviously knows as much about as he does scientific farming.

Dear editor:

I don't know what paper it was in, but I read the other night where some organization is tryin' to get a bill passed to control the price of haircuts, that is, control the minimum price.

Now if I was a barber I guess I'd want a minimum price on haircuts, although this would eliminate the fun we used to have when one

barber shop, seen business get a little slack, would cut the price ten percent, another would counter with twenty percent, another would slash it some more, and finally they'd get down to ten cents apiece with maybe a shave thrown in, but I think the barbers finally discovered reduc'in' the price to practically nothin' didn't increase the number of haircuts very much.

Now I ain't gonna get involved in no argument with the barbers, they talk too much as it is, unless they intend to get a bill passed controllin' the number of times a man has to have his hair cut, which would violate the constitution as far as I'm concerned, but I have been thinkin'.

As far as I can recollect, there are laws now tryin' to control the minimum price of:

Tooth paste, Hair oil, Automobiles, Plow points, Baking soda,

J. A.

Lipstick, Wash tubs, Bedsteads, Dog food, Tobacco.

And so many other items you wouldn't have room to print em, and what I can't understand is that the folks that holler the loudest for minimum prices set by law for their business can't see nothin' but bureaucratic nonsense in minimum prices for cotton or corn or wheat or rice or hogs or cows. Some business folks want a government-controlled price on mouth wash so they can make enough profit to gargle and clear their throat and yell against a government-controlled price on what a farmer sells.

The problem is too big for me, but government-controlled price is like buildin' a fire for your wife. You do it once or twice and you blamed near got to do it the rest of your life.

Yours faithfully,
J. A.

Washington News Letter

By Congressman Ed Gossett

WASHINGTON, D. C., Feb. 5, 1949—Subcommittee No. 1, of the Judiciary Committee of the House of which I am a member will hold hearings next week on J. H. Res. 2. This is my resolution to abolish the Electoral College. This is the amendment which has been referred to throughout the country as the Gossett-Lodge amendment. It will be debated and discussed throughout the nation this year in many study clubs and in many schools and universities. It will be my purpose to see that the hearings are full and complete on all phases of this subject. Such hearings, when completed, will be published in book form and will doubtless become something of an historical document.

The National REA Convention in New York City was attended by more than 35,000 registered delegates. Some three hundred Texans attended. Most members of Congress, including myself, had breakfast with a large crowd of these Texans on Friday morning as they were returning from the New York Convention. All of us perhaps have some peculiarities and eccentricities. I have just finished talking to Congressman Clare Hoffman, of Michigan, whom I have known for many years. Congressman Hoffman has his suits made without pockets in the trousers or the coat, and of course, no cuffs on the trousers.

The world as this time is afflicted with fear and pessimism.

Because of a good many gloomy letters I have received, I want to repeat in this week's letter some quotations carried last year on the subject of pessimism. Pessimism is a disease of age, not of youth. Our country is too young to succumb to the defeatists' philosophy. History will record that each generation has had many smart men who despaired of the future. In 1800 Archbishop Wilberforce said, "I dare not marry. The future is so dark and unsettled." In 1837 Queen Adelaide of England stated, "I have only one desire—to play the role of Marie Antoinette with bravery in the coming revolution." Then in 1849 the great Prime Minister of Britain, Disraeli, declared, "In industry, commerce, and agriculture there is no hope." In 1851, just before his death, the Duke of Wellington remarked, "I think God will be spared from the consummation of ruin that is gathering around." And in 1875 another great Prime Minister, William Pitt, said, "There is scarcely anything around us but ruin and despair."

In Harpers Weekly in October, 1857, there appeared the following: "It is a gloomy moment in history. Not for many years—not in the lifetime of most men who read this paper—has there been so much grave and deep apprehension; never has the future seemed so incalculable as at this time."

In France the political caldron seethes and bubbles with uncertainty; Russia hangs as usual, like a cloud, dark and silent upon the horizon of Europe; while all the energies, resources and influences of the British Empire are sorely tried, and are yet to be tried more sorely, in coping with the vast and deadly Indian insurrection, and with its disturbed relations in China. It is a solemn memento, and no man can feel an indifference—which, happily, no man pretends to feel—in the issue of events.

"Of our own troubles (in the United States) no man can see the end."

One of the most often quoted statements of our late President, Franklin D. Roosevelt, is "we have nothing to fear but fear itself." While this, of course, is not literally true, it reminds me of an old Arab folk tale. Pestilence once met a caravan upon the desert-way to Bagdad. "Why," asked the Arab Chief, "must you hasten to Bagdad?" "To take 5000 lives," Pestilence replied. Upon the way back from the City of the Caliphs, Pestilence and the caravan met again. "You deceived me," the Chief said angrily. "Instead of 5000 lives, you took 50,000!" "Nay," said Pestilence. "Five thousand and not one more. It was Fear who killed the rest."

Mr. and Mrs. Levi Bowden and Jerry of Fort Worth were business visitors here last week end. They also visited relatives while here.

NO 'BALL OF FIRE'

A little boy who wears this cotton baseball suit may be a "ball of fire" with a speedball, but there's no danger of flames in this uniform. This is a safety suit which has been flameproofed and tested by Macy's bureau of standards for protection against flames. The National Cotton Council reports this and other flameproof cotton play-suits are favorite Christmas gifts for children.

Mrs. Geo. Brown and Mrs. Virgin Tarpy of Truscott were business visitors here last Friday.

Mrs. Sterling Hastings of Chickasha, Oklahoma, visited her parents, Mr. and Mrs. J. R. Counts, and with friends the latter part of last week.

Mr. and Mrs. Glenn Bilbry and daughter of Brownfield spent the week end in the home of Mr. and Mrs. M. L. Barnard and with relatives in Goree.

is the most Beautiful BUY of all

The most Beautiful BUY for Styling

Chevrolet for '49 is the beauty-leader—inside, outside, and from every point of view! For the bodies are by Fisher—finest of all car bodies—found only on Chevrolet and higher-priced cars.

The most Beautiful BUY for Comfort

You'll enjoy a new and finer kind of comfort with "Five-Foot Seats" plus extra-generous head, leg and elbow-room. Moreover, it's a "car that breathes" for an advanced heating* and ventilating system inhales outside air and exhales stale air.

*Heater and defroster units optional at extra cost.

The most Beautiful BUY for Driving and Riding Ease—with new Center-Point Design

What a thrilling experience will be yours when you take your first ride in Chevrolet for '49! New Center-Point Design—including Center-Point Steering, Center-Point Seating, Lower Center of Gravity and Center-Point Rear Suspension—provides driving and riding results heretofore available only to owners of more costly cars. Here is another "first for Chevrolet"—another vital contribution to low-cost motoring—another treat for Chevrolet owners! Remember—only new Center-Point Design can give these finer motoring results; and only the new Chevrolet offers Center-Point Design at lowest cost.

The most Beautiful BUY for Performance with Economy

For the finest balance of performance and economy, there's nothing like a Chevrolet! Its world's champion Valve-in-Head engine—now setting a trend for high-priced cars, but remaining exclusive to Chevrolet in its field—holds all records for miles served and owners satisfied.

The most Beautiful BUY for All-Round Safety

Here is fivefold safety protection found in no other low-priced car: (1) New Certi-Safe Hydraulic Brakes; (2) Extra-Strong Fisher Unisteel Body Construction; (3) New Panoramic Visibility; (4) Safety Plate Glass all-round, and (5) the super-steady, super-safe Unitized Knee-Action Ride.

Munday Study Club Holds Its Regular Meeting Friday

The Munday Study Club met last Friday evening at the Study Club House with Mrs. Fred Broach, Jr. as hostess. The program carried out was a home making program and Mrs. A. A. Smith, Jr. served as director. Mrs. Chas. Haynie, Jr. gave a

talk on "Children's Interest in the Home". And Mrs. Al C. Williams, accompanied by Miss Margie Lou Campsey, gave a musical reading entitled, "The Guests Depart". Miss Eudora Hawkins, home economist for the West Texas Utilities Co. in Abilene, showed a film, "The Dawn of New Living", which, along with the talk she gave, proved very interesting to the members of the Study Club. Following the program, a re-

gular business session was held with Mrs. A. A. Smith, Jr., president, in charge.

Leita Lane Gentry Donald C. Duggan Marry In Seymour

A wedding of interest to many Knox County people is that of Miss Leita Lane Gentry to Mr. Donald Coleman Duggan of Lubbock. The Gentry family formerly lived in this county, before moving to Baylor county in 1943.

The wedding took place at 10 a. m. Saturday, January 29, at the home of the brides parents. Only a few close friends, relatives and families of the couple were present.

Minister R. L. Roberts, of the Church of Christ, read the impressive double ring ceremony, before an improvised altar, decorated with palms and gladioluses. Miss Marcia Emhoff, pianist, played "Because" as Mr. Clyde Whiteside of Austin, lighted tall, white tapers in candelabra. She also played "Lohnengrin," wedding march. Mr. John L. Stallings of Wichita Falls, served as best man.

Miss Martha Jane Gentry, sister of the bride, was maid of honor. She wore a suit of brown faille, with green accessories. Her corsage was gardenias.

The bride, given in marriage by her father, wore a suit of rose-beige gabardine, with hat of same shade, her accessories were of sablest suede. She carried a white Bible, topped with a large white orchid, with Stephanotis in cascade arrangement. For something old and borrowed, she carried her mother's wedding handkerchief. She wore a touch of blue, and a new coin in her shoe.

Mrs. Gentry, mother of the bride, wore black crepe, with corsage of pink carnations. Mrs. Duggan, the groom's mother, wore forest green crepe, and her corsage was shaded ranunculus.

At the reception the table was laid with a lace cloth and centered with the three-tiered wedding cake, decorated with white buds and topped with a miniature bride and groom. Lighted candles burned in crystal holders. Miss Bobbie Duggan presided at the pretty crystal punch service. Others assisting were Miss Sue Duggan and Mrs. John L. Stallings.

Mrs. Duggan is the daughter of Mr. and Mrs. Homer A. Gentry. She graduated from Seymour high school in 1945 and T.S.C.W. in Denton. For the past year she has been employed in the office of the local J. C. Penney Co.

The groom is the son of Mr. and Mrs. C. C. Duggan of Seymour. He finished Seymour high in 1944 and attended Texas Tech one year before he entered the army, where he spent about sixteen months, after which he resumed his studies at Tech. After a short wedding trip the

couple will make their home in Lubbock for a few months. Mr. Duggan will receive his degree in textile engineering next summer.

Sunset Club Meets Thursday In Almanrode Home

The Sunset Home Demonstration Club met Thursday, February 3rd, in the home of Mrs. R. M. Almanrode, with eight members present and two visitors, Mrs. W. E. Chapman, Talco, Texas and Mrs. R. G. Vandaveer, of Houston.

In absence of the president, Mrs. R. C. Partridge, the vice-president, Mrs. T. J. Partridge, presided.

Mrs. Roe Myers, the recreation chairman, led the group in their opening exercise with a heart puzzle game.

Mrs. Jerry Nix, the marketing chairman, showed the club the samples on the Downe Satin, but the club decided not to order satin.

Mrs. Jerry Nix gave a report of the last council meeting of January 28th at Benjamin.

Mrs. T. J. Partridge and Mrs. R. M. Almanrode had on display pillow cases they had made using the rick rack trimming. Also Mrs. W. E. Chapman of Talco had on display a hand-made hooked rug which she made.

Miss Eugenia Butler, county home demonstration agent, gave a demonstration on color harmony in decorating the home. Mrs. R. M. Almanrode is the living room demonstrator.

Refreshments were served to the following members: Mmes. Gill Wyatt, Roe Myers, Joe Roberts, Layne Womble, Jerry Nix, T. J. Partridge, Weld on Floyd, the guests, Mrs. R. G. Vandaveer, Mrs. W. E. Chapman and the hostess, Mrs. R. M. Almanrode.

The next meeting will be Thursday, February 17th in the home of Mrs. Jerry Nix at 2 o'clock.

Dorothy Melton, Preston Williams Wed In Peaster

Miss Dorothy Melton, daughter of Mr. and Mrs. Leslie Melton of Peaster, became the bride of Preston Williams, son of Mr. and Mrs. Finis Williams, Sr., also of Peaster, at 8 p. m., January 22, in the candle light ceremony in the home of the bride's parents. The Rev. J. L. Harris read the single ring ceremony.

The bride given in marriage by her father, wore an all navy form fitted suit and navy accessories. She carried a white Bible topped with showers of white carnations, huacinths, angle hair, fern and white satin streamers. For something borrowed, the bride wore a single strand of pearls belonging to her aunt, for something blue, she wore a blue blouse, something old, a pin given to her grandmother when she was a girl.

"Because" was played by Rama Melton while Mac Ables lighted the candles. Miss Melton also played "Always" and the traditional wedding march.

Miss Doris Duvall was bridesmaid. She wore a white wool suit and carried a bouquet of pink roses.

Finis Williams, Jr., brother of the bridegroom, was best man.

Immediately following the ceremony, a reception was held in the home of the bride's parents. The table was centered with white gladiolus, fern and candles. According to the old tradition, the bride and groom cut the first piece of the three-tiered wedding cake, which was topped with a miniature bride and groom. Mrs. Raymond Melton, aunt of the bride, served the cake while Mrs. Elmer Berry served the punch. Opal Barnicoat, aunt of the bride, secured signatures for the bride's book. The couple attended high school together at Peaster and Mrs. Williams is now a freshman at Weatherford College. Mr. Williams is employed at Fort Worth.

The couple left immediately for a week end in Dallas.

Mrs. Williams is the grand daughter of Mr. and Mrs. J. B. Booe, Sr. of the Thorp community near Munday.

Mr. J. B. Reneau, Sr. and Dr. and Mrs. J. B. Reneau were visitors in Wichita Falls last Tuesday.

Mr. and Mrs. F. L. Bowley returned last Wednesday from a months' visit in south Texas with relatives.

CARD OF THANKS
We wish to express our sincere appreciation to every one for their many kindnesses, sympathy and floral offerings in the death of our darling baby, Mr. and Mrs. Boyd Meers and sons, Mr. and Mrs. E. H. Mullican, 28-1tc.

Methodist WSCS Meets Monday In Mrs. McStay's Home

The W.S.C.S. met in the home of Mrs. S. E. McStay on Monday, February 7th, at 3 p. m. in the business and social meeting.

The president, Mrs. McStay, presided for a short business session.

The first two chapters of the Bible study was taught by Mrs. W. G. Barr. "The Newness of Life" is our new Bible study and it is a very interesting book. Mrs. J. C. Borden will direct the study next Monday and we urge the women of the church to be present.

The hostesses served a delicious plate of pineapple cake and whipped cream and coffee to the following members: Mrs. H. A. Pendleton, Mrs. W. R. Moore, Mrs. E. E. Lowe, Mrs. Gill Wyatt, Mrs. G. W. Dingus, Mrs. Muncie Almanrode, Mrs. R. D. Atkinson, Mrs. T. C. Merrell, Mrs. Oates Golden, Mrs. A. M. Roden, Mrs. J. W. Tyler, Mrs. J. C. Borden, Mrs. W. G. Barr, Mrs. J. D. Crockett and Miss Shelly Lee.

Billie Speice Honored At Shower Last Saturday

Miss Billie Lou Speice, bride-elect of Mr. Clyde O. Pierce, Jr. of Dallas, was honored with a bridal shower last Saturday evening, February 5th, from 7 to 9 o'clock at the Munday Study Club House.

Guests were greeted at the door by Mrs. J. O. Bowden, who in turn presented Miss Speice, the honoree, Mrs. Ardell Speice, mother of the bride-elect, Mrs. Stanley Wardlaw and Mrs. Chan Hughes.

The party rooms were decorated with pink gladiolus and fern.

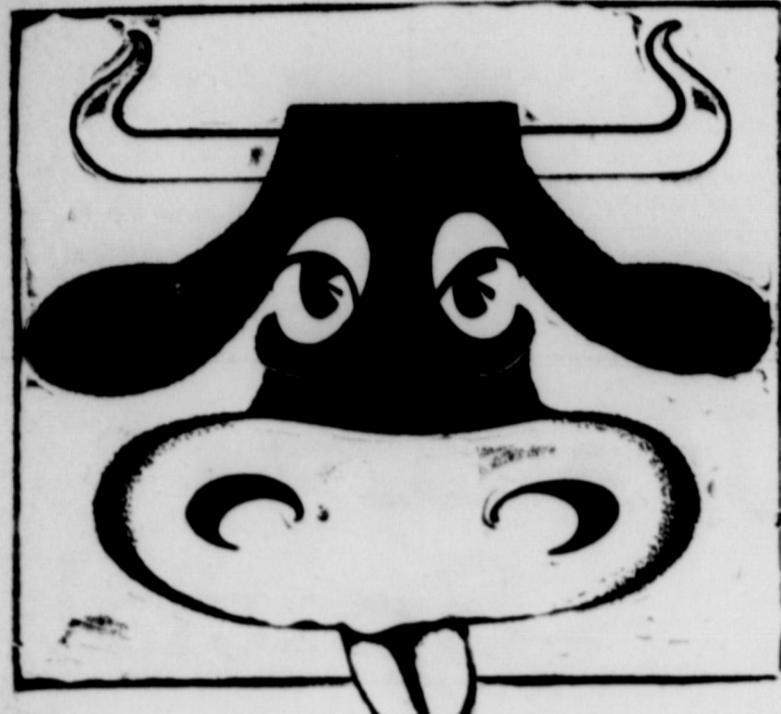

Refreshments of cake squares,

topped with green icing and salmon colored initials of "P" and "S", salted nuts, mints and hot spiced tea were served the guests. Miss Merle Dingus poured the tea while Mrs. Dorsey Collins served the cake. White napkins with gold letters of "Clyde and Billie, Feb. 12, 1949", served as plate favors.

After being served, the guests viewed the many beautiful gifts that were on display and were shown by Miss Jerry Polster.

Mrs. Troy Lindsey secured the names for the brides book.

Hostesses for the evening were Mrs. Chan Hughes, Mrs. Troy Lindsey, Miss Jerry Polster, Miss Merle Dingus, Mrs. J. O. Bowden, Mrs. Dorsey Collins, Mrs. Stanley Wardlaw and Mrs. D. D. Clough.

Who Is Nabuck, Anyway?

In this picture, Supt. W. C. Cox has just completed his story of the Negro preacher who wanted to preach on Nebuchadnezzar but couldn't pronounce the name, so he took as his text, "Nabuck Had A Razor". But Cox got down to serious business later

as he called on the people to be "broad in their thinking" and stated that a community has no boundary lines.

Eighteen members from the two circles of the Baptist Women's Missionary Society attended an all-day service conducted by the Haskell association on Monday, February 7th.

Miss Edith Chaney, a missionary nurse from Nigeria, delivered an interesting address and Mrs. T. C. Jester of Houston,

taught a book of instructions on W.M.U. work.

Approximately two hundred ladies were present for this meeting.

Mr. and Mrs. Mac Haymes of Eastland and Miss Louise Spiegelmire of Arlington spent the week end in the home of Lee Haymes.

We Cordially Invite You To Our FORMAL OPENING FRIDAY

The Hotel Coffee Shop, with everything new from wall to wall, will hold its formal opening Friday, February 11.

Free Coffee Friday!

We want you to come in and inspect the shop, go through the kitchen and see for yourself that it's spotlessly clean.

Free coffee will be served Friday after 5 p. m., and we will start serving our regular meals Saturday.

Mrs. Snelson Is Back

Mrs. Letha Snelson, who was employed by Mr. Terry for 15 years, will be in charge of our kitchen. You are assured of appetizing meals, served in clean surroundings. Come in and visit us.

Winter is a tough time of the year to drive, so it's a good idea to take extra precautions at this time of the year. It stays dark longer now, the roads are slippery and rain, snow, fog, ice and frost cause poor visibility. Weather like that means more hazards to driving, so play safe and drive carefully.

Agricultural economists are predicting that the demand for commercial fertilizers will be the greatest in all history this coming spring. Order your supplies now.

Probably the main cause of colic in horses is sudden changes in feeding habits. Feed them regularly with high quality hays and grains. Water temperature for drinking should be cool in the summer and moderately warm in the winter.

Farm Bureau Meet Is Held At Wichita Falls

Director Loye D. Barbour presided over a district Farm Bureau Clinic in Wichita Falls in the Holt Hotel last Thursday, February 3. Some 125 farmers from 16 counties were present for the Director-Officer meeting. J. Walter Hammond, president of Texas Farm Bureau Federation, spoke in the feature event of the afternoon session and complimented the members of this district on having the best Farm Bureau organization in Texas. President Hammond stressed the need for more members in the Texas Farm Bureau Federation "if we are to be heard in the national organization." A larger membership would indicate the wholehearted interest of the Texas Farmers and their resolutions would be considered to have more power. Talking to the group, Hammond said that "it is my fault and your fault if the farmers of Texas do not get together and speak up to be heard."

Other speakers included Mrs. Myrtle Negy, district home demonstration agent from Vernon; Cecil Streadwick, district director of the Blue Cross from Wichita Falls; Marvin Carter, organizational director; Dave Mieber, executive vice president of the Southern Farm Bureau Life Insurance Company; and Austin Crownover, field representative. In her brief talk, Mrs. Negy disclosed what she termed was a trend toward family education instead of individual members of families. This idea that the Extension service is suggesting will tie into the Farm Bureau work exceptionally well since it is an organization for the entire family.

Marvin Carter took charge of caucus meetings at 11:30 and divided the group into their different categories such as the Service Agents, County and Home Demonstration Agents, Presidents and Secretaries and Directors. Each group discussed the duties and developments of their different offices in relation to members hips of the Farm Bureau Federation.

Those attending from Knox County: W. M. Ford of Vera, George Wall of Knox City, Sammy White of Knox City, K. O. Lewis of Benjamin, Ted Russell of Vera, Howard Myers of Sunset and L. B. Patterson of Munday.

Mr. and Mrs. J. B. Graham attended the stock show in Fort Worth last Sunday.

Miss Billie Dickerson of Wichita Falls is visiting her parents, Mr. and Mrs. Elmer Dickerson, for a few days.

Mr. and Mrs. Moulton Wiggins attended the stock show in Ft. Worth last Sunday.

PROGRAM
from the County Agricultural Conservation Committee

Purchase Orders Available Under ACP

Purchase orders for obtaining conservation materials and services will be available under the 1949 Agricultural Conservation Program, according to Emmett Partridge, Chairman of the Knox County Agricultural Conservation Committee.

Provisions for the use of the purchase order are about the same as they were under the 1948 ACP program. The form is a little different but the purchase order may be used in the past to obtain materials such as, seed, terracing, tanks, phosphate and wells in Knox County, and services such as the digging of drains, construction of dams or building of terraces. Mr. Partridge explains that under the Agricultural Conservation Program assistance is provided on a share-the-cost basis to help farmers carry out needed conservation practices. In practices where

it is necessary to purchase materials or to contract for services, the farmer should obtain a purchase order at the county Agricultural Conservation Association office. The order will cover the share of the cost to be provided under the program with the farmer paying the balance.

It amounts to an advance on the assistance provided under the program for carrying out conservation practices. And the farmer has the responsibility of using the materials and services as prescribed for the practice. The members of the county committee are Emmett Partridge, Chairman; C. C. Browning, Vice chairman; and T. H. Jones, member. The county Agricultural Conservation Association office is located at Benjamin.

Storage For The 1949 Crop

With most of the 1948 grain crop in storage—by a tight squeeze—it's not too early to begin preparing for the 1949 crops, says Emmett Partridge, Chairman of the Knox County Agricultural Conservation Committee.

Crop prospects based on present conditions generally are good, the chairman points out. With the large carryover from last year, storage may be more of a problem in 1949 than it was last year.

Certain materials may continue to be scarce and hard to get. He suggests that by anticipating needs, getting orders in early, many difficulties and delays can be avoided.

Where it is at all practical, he advises farmers to order material and construct storage early rather than waiting until the crop is being harvested, when many others may be bidding for limited supplies.

The chairman points out that such forehanded effort also is a part of conservation. The Nation has a vital interest in seeing that crops are properly stored—that the food and feed produced are saved.

Graham and Schumacher who farm five miles west of Vernon in Wilbarger County forsook the need for more storage last year so they constructed storage 81 feet long, 12 feet wide and 10 feet high. This construction cost them \$980. They had 60 acres of milo which was seeded following alfalfa and at the time of harvest they were offered \$1.75 per cwt. They stored 205,400 pounds in the newly constructed storage and secured a Government loan of \$2.28 per cwt. or a total of \$4683.12. If sold on the market at time of harvest they would have received a total of \$3594.50. Therefore the loan value was \$1088.62 above the available market which paid for the storage

with \$1088.62 over. They have recently been offered \$2.35 per cwt. at the granary which would have added another \$164.32, making their profit over and above the expense of constructing the storage \$272.94 and the storage is available for future years.

15. Two cotton gins.
16. Two drug stores.
17. A studio.
18. A town government.
19. An independent scholl district with a scholastic population of 600.
20. A new three story brick school building.
21. Five church organizations and three church buildings.
22. An estimated population of 1500 to 2,000.

Following this, you can see a wide awake townspeople with a faith unshakable in their town and country.

As proof of this let me quote the advertisement of Ledbetter Brothers Real Estate to you. I quote:

"We can sell you a home in the west. Where the deer and the antelope play, Where scarcely a discouraging word is heard And the sky is not cloudy all day.

Where wheat and oats do extra well, Where corn and cotton are successfully grown, Where gardens and fruits are the best in the land, Where chills and fever are scarcely known."

The aspirations of our pioneer people were voiced by their declaration for wanting better roads, better streets, better sidewalks, better sanitation, better health, better prosperity, and a faith that all these things would come for Munday.

Our present form of city government was officially incorporated in April, 1910, with our mayor and five aldermen. On down through the years the town's needs have been discussed, developments made, and public services rendered.

In November, 1922, the Chamber of Commerce was organized with its supreme purpose to foster the things that would be for the upbuilding of the town and community.

The Study Club was organized in 1920 and became a Federated Club in 1921. Our present P. T. A. organization of our school is an outgrowth of the

Study Club.

The club has sponsored and established a public library and has on its shelves today more than 800 books and many magazines.

So through the years of development and growth, we can look back and see the hopes and aspirations of our pioneer residents being realized because better roads, streets, sidewalks, sanitation, schools, and churches have been realized.

Today, our town comprises of:

1. Postoffice and City Hall.
2. Two beautiful brick school buildings complete with work-shop, home economics rooms and a school hot lunch room.
3. Seven denominational churches and two negro churches.
4. Two large and complete drygoods stores.
5. Four auto and home supply stores.
6. Two ice houses.
7. One delinting plant.
8. Two doctor's offices and medical rooms.
9. One dentist's office.
10. Two lumber yards.
11. Two theatres.
12. Two tailor shops.
13. Two jewelry stores.
14. One hatchery and feed store.
15. Three grain elevators.
16. One oil mill.
17. Four gins.
18. Three laundries.
19. One tin shop.
20. Four plumbing supply houses.
21. Nine businesses carrying appliances.
22. One upholstery shop.
23. Two poultry houses.
24. Four cafes.
25. Four drug stores.
26. Three firms selling new furniture.
27. One second-hand store.
28. Seven implement houses.
29. Ten service stations.
30. Twelve garages.
31. Twelve grocery stores.
32. Three hotels.
33. Two tourist courts.
34. Two insurance offices.
35. Four beauty shops.
36. Two barber shops.
37. Two variety stores.
38. Two dress shops.
39. Two shoe repairing firms.
40. Six business houses that

sell new cars.

40. A locker plant.
41. The Munday Times.
42. A motor freight depot.
43. The West Texas Utility Company.
44. The Telephone office.
45. Three cotton offices.
46. The Livestock commission barn.
47. The Munday Compress.
48. Stamford Production and Credit Association.
49. The Munday Community Development Association.

Our hopes, our aspirations, and our faith for the future of our town are even greater than those of yester-years. So to you, and you, lets do our part, even though it be small, to carry on with the faith and loyalty of our pioneer residents, the tasks that confront and face us today. Lets remember: "No one can defeat us except ourselves."

Hospitalization and outpatient treatment provided by the Veterans Administration are not available to members of veterans' families, VA said in response to a number of inquiries.

Many wives of veterans were treated by Army and Navy doctors while their husbands were in service. Some wives now erroneously believe they also are entitled to medical treatment from VA physicians.

Only ex-servicemen and women, if discharged under conditions other than dishonorable, are entitled to hospital treatment under the following priority system:

First—Emergency cases. Second—Those suffering from injuries or diseases incurred in or aggravated by military service.

Third—Those who state under oath they are unable to pay hospital charges for treatment of non-service-connected disabilities or illnesses. These veterans, if not in the emergency category, must wait until a bed becomes available.

Outpatient treatment is available only for veterans with service-connected disabilities. Each

veteran's eligibility must be determined by VA before treatment of this type can be authorized.

Veterans of World War II who were discharged on or before July 25, 1947, can apply for readjustment allowances up to July 25, 1949, under present legislation, VA reports.

Men discharged after July 25, 1947, are entitled to readjustment allowances until two years after their date of discharge. No readjustment allowances are payable after July 25, 1952.

More than 9,000,000 World War II veterans applied for education and training under the GI Bill and Public Law 16 since the two laws went into effect in June, 1944, and March, 1943, respectively.

Questions & Answers
Q. Some time ago I heard that the 4 percent rate of interest on GI guaranteed loans would be increased to 4 and one-half percent. Has this been done?

A. No. The Administrator of Veterans Affairs announced recently that there will be no increase in the 4 percent rate of interest at this time.

Q. I have an opportunity to go into the business of raising frogs for several well-known restaurants. Can I get a GI guaranteed loan for this type of business?

A. Veterans Administration will guarantee loans on any kind of legitimate business, but it will be up to you to find the lender and make your arrangements with him.

Q. Is it true that VA will only guarantee business loans up to \$4,000 or less?

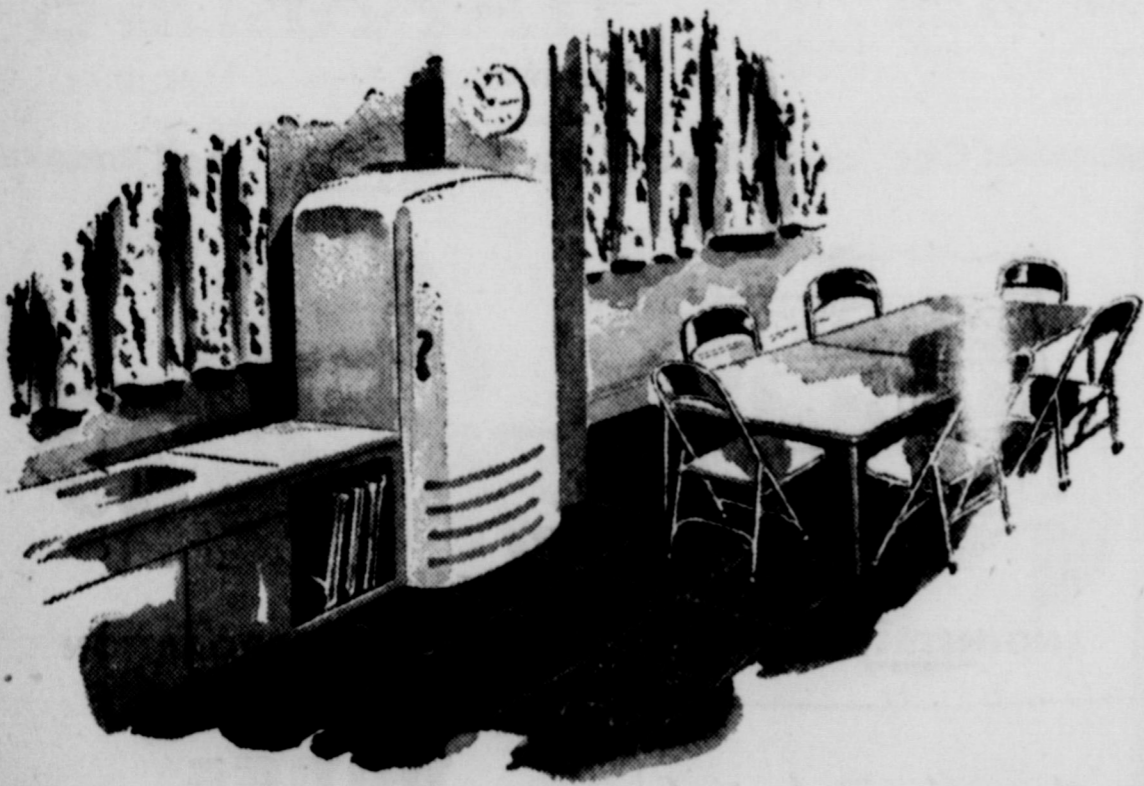

A. VA will guarantee 50 percent of the loan up to a maximum of \$4,000 if the loan is for the purchase of business real property, and up to \$2,000 for non-real estate business loans. The veteran may borrow whatever the lender will advance, but limits are placed only on the VA guaranty.

Q. I have heard so much about National Service Life Insurance dividends and would like to know when they will be paid.

A. Dividends on NSLI will be paid as soon as the administrative work of determining the amount due to each participant can be accomplished.

Duke Gets His Tractor

Duke Thomas bought a farm with the money he'd saved in the Service, but he couldn't get a tractor. He needed it badly, but was tenth on the local dealer's list.

"Tell you what," old man Peters says. "If those nine fellows ahead of you agree, you'll get the next one I get in." "No, thanks," says Duke. "I'll just take my turn."

But old Peters mails out nine postcards. And the other day he tells Duke his tractor will be in next week. "I simply wrote the facts to the fellows ahead of you. They decided it."

From where I sit, it's that spirit of understanding that helps make our democracy so great. Understanding for the other fellow's problems and respect for the other fellow's rights—whether it's his right to earn a living, his right to cast his vote against your candidate, or even his right to enjoy a moderate, friendly glass of beer or ale—if and when he chooses. Let's always keep it that way!

They said,
"Rich man's toy!"

THAT'S what "wise guys" of the 1830's called the newfangled electric service. And that's all it might be today... IF...

IF people hadn't risked their savings to start electric companies such as yours, and to keep them growing.

IF others, often against expert advice, hadn't poured out their energy and time—to extend the wires farther and farther, make the service better and better, bring rates lower and lower.

They took the risks—they developed the skills—and everybody benefits. That's the way the American business system works. Rich man's toy? Today, electric service is every man's good right arm!

THOMAS A. EDISON, father of the Electric Age, was born February 11, 1847, and died October 18, 1931.

There is no monument above his grave. It is unmarked to this day. Somehow that seems quite fitting—because, after all, the real monuments to Edison's greatness are found all around us.

We at the West Texas Utilities Company pay special tribute to his memory, for Edison founded the first business-managed electric service company 67 years ago.
