

Kracker Krumb's Odd Bits Salvaged At Random

A. J. JOHNSON, DECEASED

"Here's a picture of one of the best men that ever lived!"

With that remark, Kelly Johnson handed us a photograph of father, the late "Uncle Jack" Johnson.

Kelly was giving us some of the history of the Johnson Memorial cemetery. He'd given us every minute detail—and Kelly Johnson is a man of remarkable memory.

The son said he'd tried to follow the good example his father set before him, but he agreed that he'd never been and never would be the type of good man his father was.

And we agreed likewise about our father. He, too, in our opinion, is one of the best men that ever lived—just like Kelly's father, and your father.

And most of us will, like Kelly Johnson, readily admit that we're not the same type of good man our fathers were.

Anyway, we gazed at the photo of "Uncle Jackie" and asked that we might have an engraving made to run in connection with our cemetery story.

Kelly gave his consent, and off the photo went to the engravers with the admonition that we receive it back by Tuesday.

Tuesday came, Wednesday came, Thursday arrived, but still no engraving. We waited until the last minute, then had to "go to press" without our prized engraving. We thought it would top off our cemetery story just fine.

And that's why we're running the picture this week. That good man of the rugged pioneer days is the one to whom we of the present generation are indebted for a burying place for our deceased loved ones.

He donated the parcel of land for that purpose, and just recently, with the erection of the two arches, the land has become known as the Johnson Memorial Cemetery.

Members of the cemetery committee are still short of funds for the upkeep of this plot of ground. The drive is still on, and if you haven't contributed you'll feel better by having a part in keeping the grounds clean and attractive.

This is Monday, and, come tomorrow, we'll be taking our check over to Harvey Lee. We have a small part in providing funds for the cemetery upkeep each year, and guess we're a little late this year.

Speaking of drives, sometimes we think we should all declare a moratorium on them, but when they're for such worthwhile causes we like to have a small part in them.

There was the "March of Dimes", the drive to provide funds for combating the dread disease of polio—infantile paralysis.

There was the drive, just closed, to provide funds for research and finding means of combating America's No. 1 Killer, heart disease.

And if you'd heard the talk

Country Club Members Name New Officers

Golf is getting in the air again, and with clearing and warmer weather you'll see local golfers digging up those little "divots" on the fairways of Munday Municipal Country Club.

At a recent meeting of the club members, new officers were elected as follows:

Troy Lindsey, president, to succeed Paul B. Pendleton; Bryan Cammack, vice president, succeeding Chad Wilson of Knox City; Travis Lee, re-elected secretary treasurer. The board of directors will be composed of the three officers and J. L. Stodghill, Paul Pendleton, Jeff Graham of Knox City, R. C. Couch, Jr., of Haskell, Buel Gibson of Gilliland and Buster Chamberlain of Goree.

The group voted to place new sand on the greens, improve fairways and place the course in shape for the summer's activities. They also discussed plans for installing tennis courts on the club grounds.

To Instruct Boys.
Fred Atkins will continue as caretaker and "pro" instructor at the course. Mr. Atkins stated that he would teach a group of younger boys, 12 and 14 years of age, this summer, provided a group was interested in learning the game. He will devote some time each morning to instructing the youngsters.

Further improvements have been made on the club grounds. The city has planted trees around the club house and caretaker's residence. Club members have prepared the club house lawn for setting out grass, and they plan to maintain a lawn there this summer.

It was pointed out that the club house and other facilities belong to the individual citizens, as well as club members, and anyone may feel free to ask those in charge for the facilities of the club house for special occasions.

Former Munday Girl Selected As F.T.A. Sweetheart

The Frances L. Merritt Chapter of the Future Teachers of America of Haward Payne College in Brownwood met February 7 with President Jay Williams in charge. The minutes were read and approved. Mrs. Wanda Barbee was chosen Chapter Sweetheart and will be candidate for state F. T. A. Sweetheart.

Mrs. Barbee is the daughter of Mr. and Mrs. Clyde Nelson of Munday.

Stewart Equipment Co. Holds School Here Thursday

The Stewart Equipment Co. conducted a school of instruction with J. L. Stodghill, local Ford-Stewart dealer, on Thursday of last week, dealing with the hydraulic mechanism of the Ford tractor.

Mr. Stodghill feels fortunate in that his place was selected for the school, so all of his employees could be in attendance.

The school was for five dealerships in this area: Munday, Seymour, Paducah, Crowell and Haskell.

Unsigned Letters To Newspaper Will Not Be Published

Frequently the Munday Times receives letters with the request that they be published, yet the writer neglects to sign the manuscript.

When that happens, the paper can, under no circumstances, publish the contents of such letter. All letters must be signed by an authentic person in order to be considered for publication. Merely signing them "a friend" or "a booster" will not get the job done.

Usually, we welcome letters of reader interest or of constructive nature; even then, the matter of their publication must be left up to the discretion of the editor.

Mr. and Mrs. Jimmy Silman of Lubbock spent last week end here with George and Joe Salem.

They Tooted Mean Tooters In Them Days

Pictured above is Munday's first band, according to Kelly Johnson, and these boys tooted a mean tooter in them days. The group made a trip to Ellenville to play, at which time the above picture was made.
Mr. Johnson recalls that the Knox County Cornet Band serenaded P. B. Broach and Mrs. Broach when they were married. It was almost a Johnson band, too, and look at the brass!

Here are the names. See if you know them.
Standing, left to right: Jim Clark, Jim Raines, N. T. Fitzgerald, J. K. Johnson, Mose Bryon.

J. E. Munday, T. D. L. Johnson, drummer; Oscar Floyd, snare drummer.

Seated, left to right: A. J. V. Johnson, Moss Johnson, Mont Byron, Cicero Floyd, and J. L. Johnson. Standing near center of group is Bandmaster Frank Byron.

Masonic Lodge To Meet Next Monday

A lodge meeting is slated for Knox Lodge No. 851 on Monday night, March 7th, at 7:30 in the Masonic building.

At this time, work in the master's degree will be done and the District Deputy Grand Master will be present.

A good attendance is expected for this meeting and everyone is asked, if at all possible, to be present.
Refreshments will also be served.

Bids Asked For Proposed Work On Drainage

Commissioners of the Knox County Drainage District No. 1 have asked for bids for the proposed work of constructing the drainage system for the town of Munday.

Sealed proposals, as stated in the notice elsewhere in this issue, will be received until 10 o'clock a. m. Thursday, March 24, at which time they will be publicly opened and read. Proposals must be accompanied by bidder's bond or a cashier's check in the amount of \$2,000.

Bidders are expected to inspect the site of the work as to inform themselves regarding local conditions. It is the hope of the commissioners to get this work under way in the near future.

Appointed as commissioners of the drainage district were: R. D. Atkinson chairman; J. L. Stodghill and C. P. Baker.

Mrs. Williams To Present Pupils In Recital Sunday

Mrs. Al C. Williams will present her high school pupils in a piano recital at the First Baptist Church in Munday on Sunday, March 6th, at 4:00 p. m.

Everyone is cordially invited to attend this event, which will last about an hour.
The recital will be postponed if any event such as a death or bad weather is at hand.

Local Girl Named Candidate To Reign As Queen Cotton

DENTON—Miss Charlotte Anne Williams, daughter of Mr. and Mrs. P. V. Williams, has been elected one of the candidates for Queen Cotton to reign over the 15th Annual Texas A&M Cotton Pageant and Ball, April 29. She is a freshman at Texas State College for Women.

From the 32 candidates elected, eight from each class, nine Texas A&M agronomy students will choose Queen Cotton and her eight Duches March 5. The Pageant is sponsored by the Texas A&M Agronomy Society.

Miss Williams was Drum Major in high school and also soloist in the High School chorus.

Club Boys Win Prizes At Show For This Area

Five Knox County 4-H club boys brought home a total of \$1824.80 in prize money and money received from the sale of their calves at the Annual Area Wichita Falls 4-H and F. F. A. Fat Steer Show, held February 23, 24 and 25, according to Kenneth O. Lewis, Knox County Agent.

Boys exhibiting calves were H. C. Chafin and Tom Bush Craft, Knox City; Gary Cure, Gilliland; Buddy Crenshaw and Nickie Leaverton, Benjamin. These boys calves were placed on a grade basis and had one choice calf, three good calves and one medium calf.
An average of 36 cents per hundred was paid the boys for 4575 pounds of beef by merchants of Wichita Falls and \$178.60 in prize money was won by the five boys.

According to officials, judges and county agents, this year's Wichita Show was the best ever held in this area. A total of 89 steers were entered for competition but only 60 calves could be exhibited, so 29 steers were sifted out before the show began, and were sold through the auction channels. The remaining 60 steers were sold through the auction ring for an average of \$44 per pound, which included the \$2.05 per pound paid for the grand champion and \$1.05 for the reserve champion.

Mexican Woman Accidentally Shot Here On Sunday

Mrs. Ignacio Naverette, semi-natal Mexican woman, was accidentally shot here last Sunday afternoon while sitting in her home, near a window.

Local officers reported that two small boys were shooting birds with .22 calibre rifles near the sales barn, and a bullet from one of the guns struck the woman. The bullet traveled approximately 1/4 of a mile to the Latin-American labor camp of the Farmers Union Gin. It entered a window of the woman's home and lodged in her left thigh.

A local doctor treated the injured woman, reporting that she was not seriously wounded.

Local officers again issue the warning that state laws and city ordinances prohibit the shooting of firearms in the city limits or on or across the roads and highways.

Mrs. S. E. McStay spent the latter part of this week with her son and family, Mr. and Mrs. Dee McStay an son in Vernon.

Sam Salem left last Saturday for San Antonio where he is visiting his daughter and family, Mr. and Mrs. Dan Summers and son, for a few days.

Knox Singers To Meet In Goree

The Knox County Singing Convention will be held on Sunday, March 6 at 2 p. m., at Goree. It was announced here this week.

L. D. Huffstetler of Dallas, well known singing school instructor, will be present, and an interesting program is being planned for this occasion.
Mr. Huffstetler will teach a 3-week singing school at O'Brien, beginning on March 17.

A cordial invitation is extended to everyone to attend the singing convention.

Award Letters To 14 Moguls On Cage Teams

Coach Billy Cloud announced Wednesday that fourteen Moguls in Munday high school were awarded letters for their basketball activities this year. They are as follows:

A Team: Durwood Scott, Jim Boyles, Royce McGraw, Herbert Ford, Scotty Ponder and John Odell.

B Team: Bobby Lowrance, Joe Stevens, Danny Ponder, Garron Tidwell, Troy Lowrance, N. A. Howeth, Milburn Johnston and Don Haynie.

Munday won ten basketball games and lost ten. The locals won six district games out of twelve.

"We have had a hard time building this team," the coach said, "because we lost all of the '48 squad. We hope to do better next year, as we will have four returning lettermen on the A team, with the help of a good B team which won three-fourths of their games."

Beta Chi Chapter, Delta Kappa Gamma To Hold Banquet

Beta Chi Chapter of Delta Kappa Gamma will hold its annual public relationship banquet in Haskell on March 12, in the activity building at 7:30 p. m. Members of the chapter and all friends are cordially invited to attend.

The chapter will present Miss Lillie V. Lillard, head of the speech department of John Tarleton College, Stephenville, as their guest speaker. She is recognized as being one of the most charming speakers in the southwest. She will discuss "Nations in the Lighthouse Today".

Miss Lillard has an outstanding collection of dolls in authentic costumes. She uses the dolls in a most interesting and unique manner in her lecture.

Anyone desiring tickets locally should contact Mrs. W. C. Cox.

Mrs. E. E. Lowe, Mrs. J. C. Rice and Mrs. S. E. McStay attended the zone meeting of the Methodist church in Knox City last Tuesday.

Mrs. J. L. Mayes and daughter of Corpus Christi visited Mr. and Mrs. C. L. Mayes and other relatives over the week end.

Goree Raises Quota!

City Aldermen To Be Elected Here April 5th

Three aldermen for the city of Munday will be elected in the city election to be held here on Tuesday, April 5, 1949, according to an announcement made this week by Harvey Lee, city secretary.

In accordance with law, all names for places on the ballot must be filed with the city secretary 30 days prior to the election; or, in this case, by Saturday, March 5, at closing time. Ballots must be printed 20 days before the election, the law states.

Aldermen whose terms expire are: Wade T. Mahan, who has moved to Seymour; P. V. Williams and Travis Lee. Carry-over members of the city council are: W. R. Moore, mayor; Don L. Ratliff and E. B. Littlefield.

Football Schedule For 1949 Announced

The Munday Moguls will play eleven football games next fall, five of which will be on the home field, according to the 1949 schedule announced Wednesday by Coach Billy Cloud. The schedule is as follows:

- Sept. 2, Rochester, here.
- Sept. 9, Crowell, there.
- Sept. 16, Seymour, here.
- Sept. 23, Throckmorton, there.
- Sept. 30, Rule, there.
- Oct. 7, Open.
- Oct. 14, Anson, there.
- Oct. 21, Stamford, here.
- Oct. 28, Roby, there.
- Nov. 4, Albany, here.
- Nov. 11, Haskell, here.

Grass Drill Is Purchased For Soil District

The Supervisors of the Wichita Brazos Soil Conservation District have recently purchased a new grass drill, which will be used by district cooperators to plant grass seed on worn out acres. This drill was badly needed by the district, as there are approximately twenty thousand acres of land in the district that are not economical to farm and should be retired permanently. The farmers and ranchers of this district should be proud of this drill, as there are many districts that are still without a good drill. This drill was specially constructed to plant fluffy grass seed, and very small grass and clover seed. It was obtained from the Kerr Construction Co. at Geary, Oklahoma. The Supervisors have set a price of seventy-five cents an acre for the use of the drill.

Seeding of grass has already begun on the League-Davis ranch, and the drill will be routed to other cooperators as rapidly as possible. It is not too late to order your grass seed now if you have some land that should be retired from cultivation. The grass seed to be planted this spring will mostly be a mixture of bluestem grasses, which are available in Oklahoma at a very reasonable price. If you are not certain whether your land should be retired or not, consult your local soil conservation district.

It is now time to start planting sweet clover. Carl Chaffin, northwest of Knox City, started planting this week on some land he wanted improved. He is planting Madrid in rows, and will graze it with livestock. Madrid is a biennial if planted in the spring, and will furnish grazing the first year and make seed the second. Increased yields of maize and cotton have been the usual thing following sweet clover. Take care of your soil and it will take care of you.

Mr. and Mrs. Tug Nesbitt and son, Lynn Royce, of Dallas visited relatives and friends here over the week end. They were accompanied to Munday by Mrs. Nesbitt's mother, Mrs. Emmett Branch, who had been visiting in Dallas for several days.

Workers Raise Quota In First 2 Days Of Drive

The Goree-Hefner community was Knox county's first to go over her quota in the annual Red Cross Roll Call, according to Troy Lindsey, county chairman.

Getting off to a good start Tuesday, April 1, the volunteer workers had exceeded the quota by noon Wednesday, and the funds were turned over to Mr. Lindsey that afternoon.

Much of the success of the workers is due to the spirit of cooperation shown upon the part of Goree citizens in contributing liberally to the Red Cross.

Workers responsible for raising the funds were: Mrs. G. W. Weber, chairman; Mrs. H. E. McMahon, Buster Chamberlain, Mrs. Clarence Jones and Mrs. I. T. Murdock.

With a quota of \$175.00, the Goree-Hefner community workers turned in a total of \$208.00.

This is the only community in the county to make a report to the chairman. Workers are raising Munday's quota this week, getting off to a good start Wednesday, and they expect to complete the work in short order.

When disaster strikes, when members of our armed forces overseas need help, when assistance is needed among our veterans in the veterans' hospitals, your Red Cross is there. This work is made possible by your contributions. Help them now!

Junior Class Play Slated For Next Thursday

The junior class of the Munday high school will present a play entitled "Romance In The Boarding House" on Thursday night, March 10 at 7:30 o'clock, according to announcement made Wednesday of this week. The following is a sketch of the play: "Romance In The Boarding House"—Yes, that's it. The play that is to be put on by the Munday high school juniors. You don't want to miss it. It's really good and you will get your money's worth in laughs.

Margie Lou Campsey plays the part of a young girl whose name is Mary Ann Smith. Her father, Joe Stevens, and her mother, Marguerite Hammett, plays the part of Mr. and Mrs. Smith. They run a boarding house in a small town. Garon Tidwell is Mortimer Throttebuton, Mary Ann's boy friend. Troy Lowrance and Burna Dean Suggs are Mr. and Mrs. Throttebuton, Mortimer's parents and aristocrats from New York. Alfred Guinn plays the part of the Duke of Sussex, a friend of the Throttebutons. Mrs. Benson, a boarder, who is almost deaf, is played by Betty Sue Yost. Boyd Baker, who is Bill, is Mary Ann's home town boy friend. Miss McGillicuddy, a very nosy boarder, is played by Carolyn Stone. Hettie, the maid, is played by Newana Goolsby.

This will be Thursday, March 10th, at 7:30 p. m., in the Munday school auditorium. The admission is fifty cents for reserved seats and thirty-five cents for others.

Scholastic Census Begins In County

County Supt. Merick McGaughey announced Wednesday that the scholastic census for Knox county is now under way. Enumeration began on March 1 and will continue through all of the month, or until the census is completed.

Enumerators are listing the names of all children who will become six years of age by September 1, and those who will not become eighteen before that date.

McGaughey said a total of 2,566 scholastics were accounted for last year, and he expects this year's census to at least reach that number.

The amount of state money for scholastics has not been set, he said. Last year's apportionment was \$55 for each scholastic, \$35 of which has already been paid to the county schools.

LOCAL NEEDS FOR 1949

We're pulling for these needs in 1949. What will the year bring?
1. A modern street sweeper. Our paving cost us money, let's protect it!
2. Paving of road through Rhineland, and definite progress on Throckmorton road.
3. Completion of our drainage system. It's gonna rain one of these days.
4. An adequate waterworks system. This is a must for the continued growth of Munday.
5. Building of more housing projects. There continues to be a housing shortage.
6. Recreational facilities for our youth of today—our citizens of tomorrow.

COMMON SENSE

Robert Kazmayer, who is one of the most popular and stimulating lecturers on foreign and domestic affairs, recently gave this excellent advice in one of his talks:

"War talk, mounting tensions, crises, these will return. You may as well get used to them, take them in stride, they're going to be with you for a long time. Better learn to live with them. These years demand of the intelligent citizen that he do everything in his power to strengthen moral and spiritual fibre of his nation, to sustain its economy and direct its course.

"Having done that, you may as well relax, enjoy the days of your years, make life as pleasant as possible for yourself and for those around you. Take the longer look, keep the over-all picture in mind. There's no percentage in waiting for happier days. They will not come in your lifetime or mine.

"If you keep eyes glued to headlines, ears to radio, jump at every alarm, you will not successfully plan and conduct a business; you'll join the ranks of the one-in-ten who are already mental cases."

This isn't the first world crisis and it won't be the last. The "war of nerves" is producing too many victims in the United States. The best medicine for survival lies in calmness and strength, and a determination to stand by our principles.

The Munday Times is Democratic, yet supporting only what it believes to be right, and opposing what it believes to be wrong, regardless of party policies, publishing news fairly, impartially.
NOTICE TO THE PUBLIC: Any erroneous reflection upon the character, standing, or reputation of any person, firm or corporation which may appear in the columns of this paper, will be gladly corrected upon due notice being given to the publisher, at the Munday Times office.

THE HUMAN ELEMENT

The fire prevention experts are unanimously agreed that the human element is responsible for most destructive fires. Here is a true story of how human failure caused a fire and permitted it to do an extreme amount of damage.

A man was working on the floor of his living room with a flammable solvent. It was cold outside, and doors and windows were closed. He was smoking.

The can of solvent was accidentally overturned and as he stopped to retrieve it a glowing ash fell from his cigarette. The result was a flash of flame that quickly spread throughout the room. He ran from this room into the next, and the fire followed through the open door. This was repeated from room to room. By the time the fire was extinguished, damage to the structure, totaling several thousand dollars, had occurred. This, fortunately, was covered by insurance. But there was an equivalent damage to furniture which was not insured.

Here was a typical fire, which can be credited to human error alone. Flammable liquids should be used with the utmost care, and only if suitable non-flammable preparations are not available. They should never be used in a closed room, and the user should avoid smoking at all costs.

Then, when the fire did break out, the opening of doors into other rooms was the worst possible mistake. The draft thus created fed the fire perfectly. Had it been confined to the one room, damage could have been greatly minimized.

This little story would never have been written had the man in question known the basic rules of fire prevention—along with what to do if fire does strike. Mass education is the only road to fire prevention.

The game of chess originated more than 5000 years ago in Hindustan.

Gypsies came originally from India, not Egypt.

Washington News Letter

By Congressman Ed Gossett

WASHINGTON, D. C., Feb. 26, 1949—This is Saturday and the first opportunity to write our newsletter. When we write it as late as Saturday, we have to put air mail stamps on all envelopes in order to get them to you in time. Incidentally, our office stays open on an average of 10 hours a day 6 days a week.

A few days ago, Congressman Omar Burleson of the 17th District, whose home is Anson, Texas, and myself had dinner with the Spanish Charge d'Affaires the Honorable Jose F. de Lequerica. We do not maintain an Ambassador in Spain and they do not maintain an Ambassador here. This is because we have refused to recognize the Spanish government under dictator Franco. In Madrid, we maintain a Charge d'Affaires who occupies the American Embassy there. In other words, both Embassies, the Spanish Embassy in Washington and the American Embassy in Madrid are occupied and run by Charge d'Affaires. Since our governments are not on friendly terms, the Charge d'Affaires in each case carry on the work usually done by Ambassadors.

Many people contend that our attitude toward Spain is detrimental and inconsistent. They point out that while Spain has a dictatorship they have the most stable government on the European Continent and that they are perhaps the most violently and successfully anti-communist regime existing in Europe. Since we are fighting communism throughout the world many say that we should do business with Franco whether we like him or not. The strategic importance of Gibraltar and the Spanish Peninsula is of course conceded. (A letter I have just received from Madrid has two stamps on it—one carries the picture of Christ, the other a picture of Franco.)

I am told that Spanish bankers recently came to America and sought loans through American banks (not from the American Government) for money they could repay in 10 years. American banks were willing but our State Department said "no". The Spanish were going to buy at least 250,000 bales of cotton with this money. They need the cotton because their mills are now running at about 1/3 capacity and spinning is normally a big industry in Spain. Since they

cannot buy cotton here they get what they can from India and Egypt. We are told that the French are using 40 million dollars of money secured from us to purchase critical minerals from the Spanish, such minerals as we need and should stockpile in this country.

The President's reference this week to columnist Drew Pearson as an "SOB" has been the subject of much Washington gossip and debate. All agree that the President should not use such language. However, Shakespeare makes one of his characters refer to another as "The son and heir of a mongrel bitch." (Act 2—Kink Lear). All agree, however, that the President did have great provocation. Many people agree that Mr. Drew Pearson is something similar to what he was called by the President. Some of the dog lovers of the country are said to feel their pets have been maligned. While fearless commentators and journalists are an asset to any country their adherence to principles and truth is very important. The more hearers they have, the more prominent they are, the more particular they should be about truth and ethics. Since the beginning of his journalistic career Mr. Pearson has gone in for sensationalism. Apparently where he lacks news he makes it up. Nearly every prominent official in Washington has had occasion at one time or another to call him a liar. Mr. Cordell Hull once referred to a Pearson statement as "a monstrous and diabolical falsehood." Then our late President, Franklin Delano Roosevelt said that he considered Secretary Hull's enunciation of Drew Pearson to be mild. Honorable Kenneth McKellar, for nearly 40 years a Senator from Tennessee—now President Pro Tem of the Senate, in a speech on the Senate floor entitled "Personal Statement about a Lying Human Skunk" calls Drew Pearson nearly every sort of a liar, including "a pusillanimous liar, a pee-wee liar, a paid liar, and a revolving liar." Perhaps I am a bit prejudiced against this distinguished columnist, since none of his several references to me have ever approached the truth.

We concluded hearings this week on my proposed Constitutional Amendment to abolish the Electoral College. The last witness was Mr. Norman Thomas many times a candidate for President on the Socialist ticket. Mr. Thomas agreed with the majority of other witnesses to the effect that our present system is inaccurate, dangerous, and undemocratic and should be changed.

ed. However, he thinks the Gossett-Lodge amendment doesn't go far enough. He strongly supports the Langer-Lemke proposal to elect presidents by direct popular vote. He concurs with most authorities in saying that our present system discourages the people from voting in large sections of the country—that under it the major distinctions between the Republican and Democratic parties has largely disappeared. He further agrees that we have been just lucky in the past not to have gotten into serious civil strife from our method of electing Presidents.

The Crop You Know Best, Does Best

It's just plain old common sense. All of us can do best the things we know the most about doing.

In farming, that means the crops we know best usually produces higher yields per acre—are more dependable—and pay us better.

COTTON IS THE CROP WE KNOW BEST.

Year-in and year-out, COTTON is the crop that produces best—that is most dependable—that pays us better.

That's why its good business to build a balanced farming program around enough cotton to produce the cash income—plus needed feed products—that you need to go along with your pastures and grains.

That's why it will pay to plant cotton in 1949.

YOU KNOW COTTON BEST COTTON DOES BEST YOUR BEST BET FOR 1949 IS COTTON WESTERN COTTON OIL CO.

Knox Prairie Philosopher Glad To See General Eisenhower Endorse His Program Of "Deep Thinking"

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek contends Gen. Eisenhower is endorsing his indolent way of life, but we suspect it's just the opposite. Dear editor:

A lot of people think there's a lot of things wrong with this country and maybe there is, maybe you could do better, but generally it suits me, although there is one or two small improvements I could make. There is too much advising goin on, for one thing.

For example, a newspaper turned up out here the other day with a statement from another expert sayin too many people are leaving the farm and goin to the city, and he was advisin the city folks ought to move to the country, not countin him, of course.

That's where I draw the line. There ain't nothin harder on the peace and quiet of country life than to have a city man move on a farm near you. Just as soon hire an agitator in a bomb factory. He ain't satisfied with the world like he finds it, the first thing he does is install an electric pump, pipe water all over the place, paint his barn, build new fences, put a attic fan in his house, gravel his road, buy a new mail box, and unsettle the whole area.

If you stick with it long enough and argue hard enough, you can come close to convincin your wife you ain't got time to

hang the front gate, that the barn roof has lasted fifteen years, it ought to last awhile longer, that a well on this place won't justify no electric pump, that paint's gonna be cheaper next year, etc., but let some city man move out and start improv-in, and he plays havoc with a man's peace of mind, and I was readin only this mornin where Gen. Eisenhower says this nation is endangered by paralysis of the mind.

Accordin to him, this country needs a lot of thinkin done, and I am happy to see him endorse my system. Didn't know he knew about me. Anybody, if he works hard enough and sleeps less and less can acquire all the gadgets there is, but me and Gen. Eisenhower realize it takes some contemplation along with the hustlin to keep this country safe. Some folks attribute it to laziness when they see me lollin in the sun, but I ain't dozin, I'm thinkin. My eyes may be shut but my mind is racin.

Let the city folks stay in the city and do the hustlin. I'll stay out here and do the thinkin. Yours faithfully, J. A.

BOYCE HOUSE

I was the young editor of a weekly paper in a small town.

Roomier Rear Compartment of Dodge Coronet

This view of the more spacious rear compartment of the new Dodge Coronet shows the increased head room, leg room, and wider knee level seats to provide more passenger comfort. The new vent wing in the rear door supplies individual rear seat ventilation, and the wider rear window permits better rear-view visibility.

Being a stranger, I wanted to become acquainted and of course make as many friends as possible. Most of the people showed a friendly spirit but there was one fellow who seemed to be natural grouch and he was downright rude.

Finally, I got tired of it and one day while a bunch of us were waiting in the postoffice for the mail to be put up, I asked each man his opinion on a subject—that is, each man but the killjoy. He said, "You didn't ask me for my opinion." I snapped, "No, because nobody gives a darn what it is!"

His face lighted in a broad grin; he stuck out his hand and said, "Shake! I didn't think you had it in you."

And he became one of my best

friends.

Howard Peak in his book, "A Ranger of Commerce," (Naylor Company, San Antonio) said a traveling man told him this story:

"I was stopping at a boarding house and, in the evening, while out on the stoop smoking, I heard a little boy in an adjoining room crying, to the accompaniment of a descending slipper. I eased to the open window and, looking into the room, saw the mother with a small boy across her lap, administering a pretty warm chastisement. Nearby was a baby in the throes of laughter. I heard the boy cry out:

"What are you whippin' me for mother? I ain't done nothin'." The mother answered, "I know it, sonny, but the baby has got to be amused."

A while back, your columnist interviewed an old-timer and then I was talking to a mutual friend and remarked, "he is 79 years old and his mind is as clear as mine." My friend said,

"Yes—at least that clear."

Mark Twain declared, When in doubt, tell the truth as it will confuse your enemies and amaze your friends.

And Mark also once remarked, "Few of us can stand prosperity. Another man's, I mean."

There are more than 1100 active farmers' cooperatives in the state, and 95 percent of these serve local groups of approximately 200 members each. Eighty-nine new cooperatives were chartered during 1948.

Hogs may be wormed at any time, but two weeks after they're wormed is the best time. Use five grams of sodium fluoride in a pound of dry feed for pigs up to 25 pounds. For those weighing more, give them another dose of the same 12 hours later.

Wesleyan Service Guild Meets With Miss Merle Dingus

Miss Merle Dingus was hostess to the Wesleyan Service Guild in her home last Monday evening, February 28.

The Guild began a Bible study on "What Am I" and will be led throughout the entire study by Mrs. M. F. Billingsley.

A salad plate was served to the following members and guests: Mrs. Robert Green, Mrs. A. H. Mitchell, Mrs. C. P. Baker, Mrs. I. V. Cook, Miss Ruth Baker, Mrs. J. B. King, Mrs. Oscar Spann, Mrs. Joel Massey, Mrs. Bill Gaither, Mrs. James Gaither, Mrs. Bob Hicks, Mrs. R. J. Penick, Mrs. Weidon Smith and the guest, Mrs. J. C. Rice.

The Guild will meet again next Monday, March 7th, in the home of Mrs. I. V. Cook.

Munday H. D. Club Meets Thursday With Mrs. Foshee

The Munday Home Demonstration Club met in the home of Mrs. R. E. Foshee, Thursday, February 24th, at 2:30 p. m. with fifteen members present.

An auction sale was held, with Mrs. Leland Floyd acting as auctioneer. The proceeds of the auction are to go to our club fund.

Mrs. Joe Patterson read the constitution and by-laws. These were filled out, voted on, adopted and filed.

Mrs. Joe Patterson was elected T.H.D.A. delegate from the Munday Club.

Mrs. Leland Floyd gave an interesting demonstration on "Making Clothes Pin Bags."

Delicious refreshments were served to the following: Mrs. J. C. Gollehon, Mrs. Joe Patterson, Mrs. Buel Claburn, Mrs. Louis Cartwright, Mrs. Frank Bowley, Mrs. Aubrey Roden, Mrs. Verbon Voss, Mrs. J. B. Graham, Mrs. J. R. King, Mrs. Bill Gaither, Mrs. Otis Simpson, Mrs. Leland Floyd, Mrs. Fred Lain, Mrs. James Gaither and the hostess, Mrs. R. E. Foshee. The next meeting will be March 9th in the home of Mrs. J. B. Graham.

Claude Hill made a business trip to Wichita Falls and Seymour last Friday.

Mrs. M. F. Billingsley returned home last Saturday from Odessa where she had been visiting with relatives.

Janis Patterson, Thomas E. Collins Wed At Benjamin

Miss Janis Patterson, daughter of Mr. and Mrs. O. L. Patterson of Benjamin, and Mr. Thomas E. Collins of Detroit, Michigan were united in marriage last Friday morning at 10:30 o'clock in the home of the bride's parents.

Rev. J. P. Patterson, pastor of the First Methodist Church in Benjamin, read the double ring ceremony.

The bride wore a dusty rose dress with black accessories and a corsage of American beauty roses.

Mrs. R. L. Henderson of Jacksboro attended the bride as matron of honor. She wore a blue dress with a pink carnation corsage. She is the former Neva Van Zandt, and also former Home Demonstration Agent for Knox County.

Mr. R. L. Henderson of Jacksboro served as best man.

Immediately following the ceremony, a reception was held in the home of the bride's parents. The bride's table was covered with a lace cloth and decorated with gladiolus and fern. The white two-tiered wedding cake and coffee were served to the guests present.

For her traveling frock, the bride chose a spring suit of white wool coat and blue skirt with blue accessories.

The newly weds departed for a short wedding trip, after which they will make their home in Rotax, Texas.

Baptist Circles In Royal Service Prayer Program

Both circles of the Baptist W. M. U. met at the church Monday afternoon for Royal Service and Week of Prayer program.

Mrs. J. O. Bowden gave the royal service program while Mrs. Niel Brown had charge of the week of prayer. She was assisted by Mrs. Andy Hutchinson, Mrs. M. H. Reeves and Mrs. Don Reynolds.

Miss Burna Dean Suggs sang "Take My Life and Let It Be," accompanied at the piano by Miss Shirley Yost.

Twenty-two ladies were present for this meeting. A week of prayer program for Home Missions was put on one hour each day throughout the week.

GOREE BAPTIST CHURCH
S. E. Stevenson, Pastor
10 a. m., Sunday school; 11 a. m., preaching, subject: "John's Witness of Christ." John 1:6-7; 7:15 p. m., preaching, subject: "Christ's Fullness and the Christian's Filling." John 1:16.
The Knox County singing convention will meet in our church Sunday afternoon at 2 p. m.
Our church is emphasizing soul winning. In the months ahead we will use the gospel of John as the basis of our preaching. John's gospel was written for the purpose of leading a sinner into the way of salvation.

CARD OF THANKS
To our friends and neighbors, we are thankful for every deed of kindness shown us during our recent illness.
Mr. and Mrs. Walter Beavers and children. 1tc

GOREE METHODIST CHURCH

Eugene L. Naugle, pastor
Next Sunday, February 27, is Laymen's Day. The laymen of the church will have charge of the program at the morning hour. Mr. Grady G. Morton of Seymour will be the principal speaker.

Tell your friends and lets make it a "big" day.

FIRST METHODIST CHURCH

Wm. G. Bair, pastor
Sunday School At 10:00 A. M.
Joel Massey is Gen. Supt. Classes for all ages.

Morning Church At 10:55 A. M.
The Pastor will be in charge of the service.

Vesper Service At 6:00 P. M.
The Youth choir will sing. The pastor will bring the message.

Youth Fellowship, 7:00 P. M.
Joy Morton is president of the group.

The Revival Meeting will begin March 23, with Dr. Frank L. Turner, Fort Worth, Texas, doing the preaching and Reverend W. W. Pittman, of Lancaster doing the singing.

It pays to Advertise.

Goree Cub Scouts Hold Birthday Banquet Recently

The Cub Scouts of Goree celebrated their first birthday with a banquet on February 28th, in the American Legion Hall.

The menu consisted of baked chicken with all the trimmings and was prepared by the cub mothers. The tables were decorated in cub colors, with a miniature cherry tree surrounded by lighted candles in the center.

The cubs gave a short program followed by a talk by Mr. Leslie Treat, cub master. Mrs. Roy Mayo, Mrs. Lloyd Bradley and Mrs. Leslie Treat are den mothers.

The boys are going forward in their work and all boys between the ages of eight and twelve are invited to become members.

Guests at the banquet were cub members and their parents.

CARD OF THANKS

We wish to express our thanks and gratitude to each and every one for their deeds of kindness shown us during the recent illness and death of our loved one. Mrs. O. C. Raynes. And thanks for the beautiful floral offerings. May God bless each and every one.
Mrs. J. A. Brown and children. 1tp.

COTTON CHARMER

When the sun shines bright on the winter resort scene, beauties blossom out in pretty cotton costumes for suntime fun. This fair lassie enjoys the Southern climate in a cotton chambray sundress by Lela of California. A boned bodice, halter, and ruffles add to its feminine charms.

County Council Meets On Friday At Benjamin

The Knox County Home Demonstration Council met in regular session in the assembly room of the court house in Benjamin at 2:30 p. m., February 25th. There was a total of twenty-three persons present, representing all the clubs in the county.

A brief installation ceremony was held, installing Mrs. R. M. Almanrode of Munday as secretary, Mrs. J. C. Gollehon of Munday, treasurer; Mrs. E. D. Richards of Vera, reporter; and Mrs. Wesley Trainham of Vera as parliamentarian.

Several of the clubs reported that they were going to show a film on cancer in their community in the near future. The clubs also reported their contributions to the "March of Dimes".

After council adjourned, Mrs. Omar Cure, T.H.D.A. chairman, called a meeting for the purpose of electing delegates to go to the district meeting, which meets in Wichita Falls, April 21st. The delegates elected to go were Mrs. Omar Cure of Gilliland, Mrs. Q. D. Williams of Truscott and Mrs. Norman Clark of Vera.

Mr. and Mrs. Boyd Moore of Pampa visited relatives in Goree and Munday Saturday and Sunday.

Mr. and Mrs. Philip Jones and children of Grand Prairie spent the week end visiting their parents, Mr. and Mrs. E. J. Jones and Mr. and Mrs. John Lambeth.

Bobbie Graham, grandson of Mr. and Mrs. W. R. Caldwell, is able to be back in school after spending a few days in a Wichita hospital where he had his tonsils removed.

Mr. and Mrs. Herman Caldwell and family returned home Tuesday from Denton where they visited Mrs. Caldwell's parents, Mr. and Mrs. J. L. Brown.

FARM NEWS

from the County Agricultural Conservation Committee

The 1950 Agricultural Conservation Program.

Although 1949 is only about 2 months old, with County Agricultural Conservation Association offices busy finishing up the 1948 Agricultural Conservation Program and with farmers just getting started on the 1949 ACP, work on the 1950 Program already is underway.

According to Emmett Partridge, Chairman of the Knox County Agricultural Conservation Committee, this is the time of the year when recommendations for the next year's program are made. The program for each year is developed from suggestions and recommendations from each of the Nation's 3,030 agricultural counties which in turn reflect the needs and experience of farmers in the counties.

Every farmer is invited to make recommendations, says the chairman. In developing the program, he explains, only the most essential and practical practices can be included and final decisions must be based upon available funds. The chairman explains the procedure as follows: recommendations from each county are considered along with the recommendations of all the other counties in the State by the State Production and Marketing Administration Committee and the agricultural specialists who make up the State Technical Committee. The recommendations from each State are sent to Washington for consideration in the national program.

Recommendations fall into 3 general categories, Mr. Partridge said.

1. Changes in the current program—changes in practices or specifications and the amount of assistance for practices now in the program.

2. Elimination of practices or provisions. When a practice is sufficiently established so that it will be carried on without assistance or there is no longer a need for it, the policy is to take it out of the program.

3. New practices. As science finds new and better methods of conservation or as changing conditions make new practices necessary, the recommendations for new practices are made.

Most of the practices and provisions are continued from year to year, the chairman explains, but this yearly opportunity to go over the program carefully and make suggestions for improvement, keeps the program flexible and in line with conservation progress and new developments.

PMA Committee Will Survey Commodity Storage Needs.
An over-all survey of future storage needs for agricultural commodities, and the facilities which will be required to meet needs, is being carried out by the Production and Marketing Administration, PMA Administrator Ralph S. Trigg announced on February 4.

A working committee of storage and commodity specialists, headed by Roland F. Ballou, Chief of the PMA Commodity Office at San Francisco, will coordinate the survey and report directly to Administrator Trigg. Representatives of Commodity offices in the South, Southwest, Midwest, and Eastern regions of the country will serve on the special committee with Mr. Ballou. All PMA branches with responsibilities for commodities.

or services related to these commodities, will work with the committee.

The committee will make an across-the-board study of general agricultural storage problems. It will consider storage facility needs by commodities, the places where facilities should be located, and any other questions involved. The basic objective will be the determination, in as much detail as possible, or requirements for the development of a sound, over-all national storage program to meet the needs of the months and years ahead.

Legal Notice

NOTICE OF TRUSTEE ELECTION

To All Whom This May Concern:

Notice is hereby given that a school election will be held on Saturday, April 2, 1949, in the following districts for the purpose of electing school trustees:

Munday Independent School District, Goree Independent School District, Knox City Independent School District, Sunset Consolidated District No. 27, Vera Consolidated District No. 28, Gilliland Consolidated District No. 29, Truscott Independent District, Rhinehard Consolidated District No. 11, Hefner Consolidated District No. 5, Brock Consolidated District No. 18, Lake Creek District No. 10-A, Benjamin Consolidated District No. 1.

On the above named date, there will also be elected one county school trustee for Commissioner Precinct No. 1, and one county school trustee for Commissioners Precinct No. 3.

Signed this 28th day of February, 1949.

Merick McGaughey
County Superintendent
Knox County Schools

High School Track Activities Are Important; Track Schedule Is Given

Coach Billy Cloud has announced the following track meet dates for his boys in 1949: March 10, Holliday, Texas; March 18-19, Southwestern Exposition meet, Fort Worth; March 24-25, North Texas relays, Denton; April 1-2, Texas relays, Austin; April 15, District 6-A track meet, Merkel.

Regarding the importance of track in connection with high school athletics, Coach Cloud made the following statements: "The only way to build speed for football is through track. I have approximately 18 boys taking part in track and there are other boys in high school that should be participating but are not and they are being left behind."

I am a great believer in track because it is the foundation for all sports—it takes speed. Take Holliday for example—the coach told all high school boys if they were coming out for football they had to take part in track. Holliday won their district last year.

I am not a dictator and will not demand that the boys come out for track because we live in democracy. We have approximately 50 high school boys that could be taking part in track in order to prepare themselves for football, but I believe that they are being influenced by drug-store quarterbacks and others not to take part in athletics and to be that little "town toughie". They find marble machines and smoking along with late hours more worthwhile than being a clean-cut athlete.

I don't want to be sarcastic or too forward, but I want to face facts, help the boys and I ask the community to help them by encouraging them to do the right thing. My time is the boys time and I will work with them until "Kingdom come" as long as they abide by the rules.

I had a good athlete last year that every coach dreams about. He was sincere in everything he undertook. If there were a goal to be reached, he did all in his power to reach that goal. He won at the district track meet

which qualified him for the regional meet which was held at S.M.U. in Dallas. He won there and I took him to the State Track Meet in Austin which is an honor for any school boy. Clifton is in college now and doing well because he is determined to go on and get an education.

College coaches do not get to see high school football and basketball games during the season due to their lack of time but during the spring they do have time to attend the District, Regional and State Track Meets. These coaches are looking for boys with speed that continue from football and basketball on into track. They want the boys who have the determination to go on.

get over is that an athlete has to go "all the way" and not "half way" in order to make a success. The superintendent, principal, coach and faculty are doing all they can to make these boys good citizens—it takes a little help from the community, too.

Mrs. Freddie Morrow, Miss Merle Dingus and Miss Christine Burton were business visitors in Wichita Falls one day last week.

Weekly Health LETTER

Issued by Dr. Geo. W. Cox
M. D., State Health Officer
of Texas

AUSTIN—In a vigorous campaign to elevate the State health level by preventing the spread of communicable diseases which might be transmitted by foods, the State Department of Health, is conducting training schools for food handlers in all sections of Texas, according to Dr. Geo. W. Cox, State Health Officer.

"Food handlers are being instructed in sanitary methods of preparing, handling, and serving food for public consumption," Dr. Cox said. "Actual experience has shown that an insanitary eating establishment is one of the surest sources of spreading infection. The lack of proper sanitation in food handling is a definite menace to public health and our goal is the education of cooks, waiters, butchers, bakers, fountain men, and all other food handlers to such a level as will insure an elimination of this

Some like it hot, some like it cold—for vacations. This young lady chooses the colder climes for her winter outing. She's all dressed up for skiing in a smart cotton ski jacket that is Zelan-treated to keep her dry and warm. The cotton fabric has a finish which sheds snow & showers.

health hazard." The training schools consist of elementary courses in bacteriology, communicable diseases, medical zoology, foods, disinfection, sterilization, personal hygiene, and sanitation.

Since the program was instituted about years ago, more than 400 schools have been conducted, with a total of over 25,000 food handlers receiving their certificates of completion in the courses.

Arrangements for such a food school can be made through any county health unit, by requesting the service from the Division of Health Education, State Department of Health, Austin, Texas.

Miss Maxine Hill, who is attending school in Denton, Mrs. Claude Hill and Glyn Pat visited Mrs. Hill's sister and brother-in-law, Mr. and Mrs. R. T. Parramore of Dallas over the week end. Mr. Parramore has been ill for several weeks but has shown some improvement at this time.

Mrs. E. N. Felty of Celeste came in last Saturday for a visit with her daughter and son-in-law, Mr. and Mrs. J. K. Jackson.

BENJAMIN NEWS

(Elda Purl Laird, Reporter)

Mrs. W. A. Barnett, Miss Omite Barnett and Mrs. Frank Hill were in Wichita Falls shopping Saturday of last week.

Mrs. Ernest Allen is now visiting in the home of her daughter and husband, Mr. and Mrs. Loren Reynolds, near San Angelo.

Miss Eugenia Butler spent the past week end visiting with her parents, Mr. and Mrs. Robert A. Butler, of Dallas, and other relatives and friends.

Mr. and Mrs. Von Ray Terry spent the past week end visiting relatives and friends in and near Blue Ridge, Texas.

Mr. Kenneth O. Lewis spent the past week end visiting with his parents, Mr. and Mrs. Charles Lewis of Sweetwater and other friends.

James A. Stephens returned Monday of this week after an extended visit with his daughter, Miss Lucille Stephens, and other relatives and friends in Dallas.

Mr. and Mrs. Bobby Meizer of Carlsbad, N. M., are visiting this week in the home of her parents, Mr. and Mrs. Orb Russell, his mother, Mrs. Myrtle Meizer and other relatives and friends.

Letters From The People

L. A. JUNGMAN WRITES MORE ABOUT WEATHER IN "SUNNY" CALIFORNIA

Editor's note: Along with L. A. Jungman's renewal subscription the other day, came this letter on California weather:

The Munday Times, Here are a few lines from good old Sunny California, where the sunshine spends the winter. But somehow the sun must have got lost along about December 15, 1948, for since that time we have seen very little of it and felt less, for it has been cold ever since.

In fact sometimes it was colder here than down in good old Munday, for I compared the readings of the Los Angeles report with Mr. H. P. Hill's of the Munday Times, and at one time for a whole week our readings were from two to four degrees lower than yours. However, our lowest reading was 24, and that is awfully cold for this part of the world, considering the fact that it rarely ever gets cold enough to frost. You see, we have lived here since 1943, and up to 1949 we have had ice only a very few times.

But it really made up for lost time this winter. For about two weeks straight we had ice every morning, and one morning we had a little snow on level ground, and all of the hills and

Reclaim It With Paint

Don't throw away those seemingly useless attic pieces acquired over the past years. Look them over with an imaginative eye, add a little handiwork, put on a coat of paint and come up with something useful and attractive like this terrace outfit. Ray Hookway, color consultant for Sherwin-Williams, produced this setting by (1) remodeling a junior's old express wagon into a server for ice bucket, pitcher and glasses; by (2) converting two old pickle barrels into attractive flower pots; by (3) turning an old discarded mirror into a gay dart board; and by (4) modernizing an old vestibule chair into a gay seat and storage unit. Hookway says, "Combining good ideas with a bit of painting skill makes for good fun and good sense these budget-conscious days."

"At Home Day" Designated At Munday Auto Co.

Saturday, March 5, will be "At Home Day" at the Munday Auto Co., De Soto-Plymouth dealership, just East of Atkeison Food Store, when the new line of DeSoto cars will be seen by the public for the first time.

In issuing a general invitation to the residents of Munday to visit his place of business, Mr. I. V. Cook, president of the dealership, said:

"We're proud of the beautiful new DeSoto car that just arrived and, naturally, we want to show it off to as many Munday people as we can. We hope everybody comes. The more the merrier. We hope that after everyone has inspected the new car from bumper to bumper that they will spend a little more time with us and see our service and parts departments."

The local firm has been decorated with pennants, special displays and banners, special lighting will bring out the true beauty of the new cars, and the staff is ready to explain all of the many features of the new cars.

Slick Lick Sells Chick; Brings Dick

BELTON, Feb. 17—A slick lick with a new racket to sell chickens brought in the Bell county officers today and resulted in the arrest of a Kentucky man who was charged with swindling. Sheriff Buck Ray said the racket was a new one that had recently sprung up all over the state and he explained that the arrested man, Keith Share, alias P. J. Gorman, bought several lots of day-old cockrels from a Temple hatchery.

Then, according to the charge filed against him, Share peddled the baby chicks in eastern Bell county, guaranteeing them to be 97% pullets.

B. J. Patterson, a highway patrolman, arrested Share on information furnished by Sheriff Ray.

mountains were white. All of the higher peaks from 5,000 feet up are still snow-covered and present a very beautiful view, especially in the early morning.

These mountains are from 30 to 40 miles away, but are visible from the coast at Venice and Santa Monica.

I have just been thinking and comparing the two newspapers I have here before me. One is the Munday Times, and the other is the Los Angeles Examiner. Well, the Examiner has 40 pages. We get it delivered to the house every morning. Well, that is just routine, and as I go to work at 7 a. m., I never get to read it until about 6 p. m. It just doesn't appeal to me very much; in fact, if it weren't for the good woman I just wouldn't subscribe for it.

But come Monday and the Munday Times doesn't show up—we! that is quite different. You see, as your famous Knox Prairie Philosopher would say, it isn't (or rather ain't) much of a paper, but somehow we look forward to it because it has that certain something that is close to our hearts, and it keeps us informed as to what is going on in and around a small country town where we spent the bigger portion of our lives with people we knew and called by their names.

And then, there are the lamentations of the Kracker Krumbs, the Knox Prairie Philosopher, mystery character who signs off J. A. Could you give us a little hint as to his identity?

Then there is "I give you Texas" by Boyce House, the editorial page and lots of other features that make for good reading. Add all of those things together, and your little Munday Times has all the features of a 40-page whopper—and you can read it in less than one-tenth of the time it takes to even glance at all of the big gleaming headlines, say nothing about the reading of the small print under them.

So you see, your Mr. J. A. would be very wrong, and to

prove my point, I am going to help you pay off that next note. So please send the Munday Times to the following addresses:

L. A. Jungman
809 Verdon Ave.,
Venice, Calif., and

A. C. Chamberlain Of Lubbock Adds More To Early History Of Munday

The following letter from A. C. Chamberlain, 1514 17th street, Lubbock, which was received last week, adds more to the interesting history of early days in Munday:

Dear Editor:
It was with joy that I read the article by Mrs. A. L. Smith in regard to the early history of Munday. As my parents moved to the Munday country in 1899, anything relating to those early days is of intense interest to me, and with your permission, I should like to add a few words and fact to what Mrs. Smith has set out.

At that time there were four post offices in Knox county south of the river; Munday, Goree, Rhineland and Kasoga, with Rhineland being the greater as far as business was concerned.

Goree, Munday and Kasoga had one store and post office each, with Goree and Munday each supporting a blacksmith shop. Rhineland had two stores, a blacksmith shop and a gin. Rhineland also had a Catholic church building; Goree had a Methodist church, the only protestant church in that section.

I attended the school term of 1899-1900 of the Munday school. G. S. Blount and Jesse Smith were the teachers. The school was a long, box-like type of building, built especially so that a Masonic Lodge could be furnished above, which was done during the spring and summer of 1900. It was the first in Knox county.

At that time there were not so many pupils in school, but the quality was excellent. In recalling the roll, I know there are very few not living in that section. Among the students were the following: Bolander, Campbell, Craft, Waldron, Cowser, Tompkins, Johnson, Rayburn, Munday, Hefner, Cowan, Barton, Jones, Fitzgerald, Hobert, Floyd, Reed and others.

At that time, there was not much entertainment or diversion. Dances, spelling matches and box suppers, along with preaching occasionally, furnished all the society those pioneers had time for.

Up to that time, no one had ever dreamed of an East Munday, where the present Munday is located. All there was to

Munday was the store and post office, owned and run by Tom Tompkins, later joined by Frank McLendon.

Uncle Tom Layne had a blacksmith shop just west of the store. Tompkins and family lived in the back of the store building. The only residence house in Munday at that time was that of Granny Jones. That, with the school building, was all there was to Munday.

In the late summer of 1900, W. A. Earnest built his gin and residence in what is now, Munday. That was the beginning of East, of the present, Munday. The gin stood just back of where the bank is.

In the early days of 1901, F. G. Alexander & Co. built their store, soon followed by Baker-Bryant & Co., and Walter Cousins' drug store.

The first exclusive hardware store was that of Ed M. Hart & Co., operated by the Duggans, later purchased by the Blounts. This was in West Munday.

About the time that Walter Cousins started his drug store, either Ed Young or John Fisher put in one in West Munday.

The first business or residence lots sold in Munday were sold by McLendon and Tompkins, between the school house and West Munday, in the fall of 1900.

The first doctor to locate in Munday was Dr. Guest, who came there in the winter of 1899. The first cafe was that of John Terry. The first barber was Dave Eiland. Dr. Lee came to Munday in the summer of 1900. Ed Young was the first dentist.

In 1900, the law was administered by Andrew Reeves, as constable, with Uncle Jesse Campbell as justice of the peace. Chas. Coombes was district attorney, R. M. Ellard, county attorney, and Ed Burch, sheriff.

In the summer of 1900, the people of Munday held a picnic on the school grounds. They came for miles around—typical western and frontier style—baseball game, cowboy rodeo and a dance platform. Music was furnished by Jack and Jim Waldron. They had a real western political rally in the afternoon. The chief question before the people was whether the county should be taxed to build a bridge across the Brazos to

First Drug Store In West Munday

This thriving business was the first drug store of West Munday, operated by J. K. Johnson and Dr. Young, and later being operated by John Fisher.

Kelly Johnson recalls that West Munday was quite a village at one time, and he remembers the following as the first business houses, in addition to the drug store above:

Gin, Myers and Jones; hard-

ware, Blount and Moore, later selling to the Duggans; blacksmith shop, Mr. Gleason; hotel, Mr. McClain; general store, McLendon and Tompkins; millinery shop, Bertie Wilson; dry goods, Akers and Smith; livery stable, Wilson and Tankersley; harness and leather shop, Mc. McAdams; studio, Mr. Bradford.

replace the one washed away in the summer of 1899. Those old timers simply watched their tax money; no new dealers in Knox county at that time.

In regard to the churches of Munday at that time, they used the school house for such services. The Baptists had a church, but no house. Rev. Farmer of Haskell was the pastor. In the summer of 1900, Rev. Lovelady, Methodist pastor of a church at Lake Creek, held a protracted meeting at Munday, and at the close, either moved the Lake Creek church or organized one at Munday. Mrs. Alex Jones probably knows which.

The first regular pastor of Munday was Rev. Young, followed the next year by Ed R. Wallace. Unless my judgement is in error, Rev. Young built the parsonage; however, I could be wrong there. Ed R. Wallace built the first church building. He preached and held meetings in every community for miles around.

As to the rest of Munday's history, there are many now living in Munday who know the facts full well.

A. C. CHAMBERLAIN.

LOCALS

C. B. Jones of Mineral Wells was a visitor in Munday last Tuesday.

Mr. and Mrs. W. E. Braly visited relatives in Graham last Sunday.

Veterans News

Questions and Answers
 Q. I served more than 3 years in the U. S. Army during World War II. I now wish to take institutional on-farm training and would like to know how much training I will be permitted to take?
 A. An institutional on-farm training course may be as long as, but no longer than, is necessary to meet your individual training needs or until you have exhausted your four-year period of eligibility.
 Q. Do I have to meet any set standard if I am taking an on-farm training course?
 A. Yes. Once you start training, it is your responsibility to meet the standards of progress, set by the institution in which you are enrolled. If you fail, your benefits will be discontinued.
 Q. What farming tools and farming implements do I get

while I am taking an on-farm training course under the GI Bill?
 A. VA will furnish you with no tools or farm equipment since there are articles with which the farm must be equipped to meet the provisions of the law. However, books and incidentals supplies required for classroom work will be furnished you.
 Q. I am a veteran of World War II. What is the latest date on which I can start on-farm training under the GI Bill?
 A. You may commence training within four years from July 25, 1947, or within four years from your discharge or separation from service, whichever is later.
 C. S. Ameen of Lubbock was here Monday, visiting with friends and attending to business matters.
 O. H. Spann, Jr., of McMurry College, Abilene visited his parents, Mr. and Mrs. Oscar Spann, and other relatives and friends last week end.
 Mrs. Jo Mae Davis and daughter, Marilyn, were business visitors in Abilene last Saturday.

Mr. and Mrs. R. C. Stevens of Slaton spent last Sunday here visiting Mrs. J. B. Stevens and boys.

When Your Back Hurts -

And Your Strength and Energy is Below Par
 It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood.
 You may suffer nagging backache, rheumatic pains, headaches, dizziness, getting up nights, leg pains, swelling. Sometimes frequent and scanty urination with smearing and burning is another sign that something is wrong with the kidneys or bladder.
 There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. It is better to rely on a medicine that has won countrywide approval than on something less favorably known. Doan's have been tried and tested many years. Are at all drug stores. Get Doan's today.

Legal Notices

**SECTION NO. 1
 ADVERTISEMENT FOR BIDS**
 Sealed proposals will be received by the KNOX COUNTY DRAINAGE DISTRICT NO. 1, Munday, Texas, at the City Hall in Munday, Texas until 10:00 o'clock A. M., March 24th.

DRAINAGE IMPROVEMENTS
 and at that time and place the proposals will be publicly opened and read.

The proposals must be accompanied by a bidder's bond or a cashier's check in the amount of Two Thousand Dollars (\$2,000.00) payable without recourse to the order of KNOX COUNTY DRAINAGE DISTRICT NO. 1, Munday, Texas, as a guarantee that the bidder will enter into a contract and execute a Performance Bond in the forms provided within ten (10) days after notice of award of contract to him.

The successful bidder will be required to furnish a Performance Bond for 100% of his total bid, written by a responsible surety company satisfactory to the Commissioners of the Drainage District. The District reserves the right to reject any or all bids and to waive formalities.
 Bidders are expected to inspect the site of the work and to inform themselves regarding

local conditions.
 Plans, specifications, and other proposed contract documents are on file at the office of Joe E. Ward, Consulting Engineer, 45 Nacoi Building, Wichita Falls, Texas, and at the office of Mr. M. F. Billingsley, Attorney for the District at Munday, Texas. Copies may be secured upon the deposit of Fifteen Dollars (\$15.00), which will be returned if the contractor submits a bona fide bid and/or returns the plans and specifications before the bid opening date.
 The proposed work includes approximately the following:
 114,500 Cubic yards Excavation for Drainage Ditches.
 4,500 Yard quarters Overhaul.
 1,010 Feet 43" x 27" Corrugated Metal Pipe Culverts.
 15 Concrete Retards. 31-2c.

Come in and see the new DE SOTO

On display beginning Saturday March 5th

Let us show you all the new features of this great car

Here is what thoughtful people everywhere have been looking for and hoping for!

Here, at last, is a car that gives you all the best features of modern design without demanding sacrifices of your family's comfort, safety or convenience. It was designed to fit YOU... instead of you having to fit into it.

You don't have to wriggle into the new De Soto. You walk in... and keep your hat on. The steering wheel does... knees. There's more leg room for all passengers, front and back. And not only are the windows and windshields bigger.

You can see out of them... because you're sitting on luxurious chair-high seats.

Yes, it's a thrill to look at. But you won't have to rebuild your garage to get it in. A dented fender doesn't mean an expensive body job. And you can still change a tire, if you have to.

Ride? The smoothest you ever had. Drive? De Soto lets you drive without shifting. New features? Come in and see them all. No matter what car you thought you were going to buy, compare it with this brilliant new De Soto. Then decide.

Tune in "HIT THE JACKPOT" every Tuesday night, all CBS stations

DE SOTO FEATURES THAT MEAN MORE ENJOYMENT EVERY MILE

- ★ Tip-Toe Hydraulic Shift with Fluid Drive
- ★ New Feather-Light Steering
- ★ High Compression Powermaster Engine

Kracker Krumbs

(Continued from Page One)
 made by Dr. D. C. Elland at the P. T. A. "Father's Night" program, you would have wanted, more than ever, to have had a part in this drive.

Now the Red Cross roll call drive is on—which, like the others, comes very year.

When we think of how the Red Cross comes quickly in times of distress and disaster, we want a part in that drive, also.

Disaster came to Crowell several years ago when the terrible cyclone struck, almost without warning. And ever since that date, Crowell has met her Red Cross quota on the first day of the drive.

So with all the different drives on each year, none of us contribute more than we're allowed

under "contributions" on our income tax return.

Which reminds us that March 15th will be the conclusion of one of the greatest drive of them all—the drive for income tax payments.

We're running late in that drive, too, but, shucks, we're scratching holes in our pockets and making deep furrows in our forehead, trying to devise ways and means of raising the money!

That's one drive in which you can't contribute four-bits, two bucks, or five bucks and have it over with. You've got to "balance" with Uncle Sam.

Gee whiz! Think we'll just drive on home and eat supper.

Rev. and Mrs. Wm. G. Barr, Mrs. L. J. Hill and Mrs. R. M. Almanrode were business visitors in Abilene one day last week.
