No. 48

Kracker Krumb's Odd Bits Salvaged At Random

They'll have the time of their lives.

They'll have experiences and see things that their dads and granddads have never had or seen.

They'll have a greater insight into this America of ours when they get home. They'll know more about that great American organization of which they are members—the Boy Scouts of America.

They'll have a message of interest for those of their number who remained at home. They should instill the spirit of scouting, and the desire to become scouts, into many boys of this section.

We're speaking of those local Boy Scouts who are now among that great number at the national jamboree at historic old Valley Forge.

The boys are: Jerry Groves, Wayne Searcey, Robert Lynn Bowden, Jerry Lindsey, Stanley Wardlaw and Tommy Ratliff.

Moms and dads were present Sunday afternoon to see them aboard the train at Wichita Falls. The six local boys are a part of the 76 from the Northwest Texas Council who are on the trip.

They had everything necessary for the 15-day trip—clothing, bedding, duffle bags, etc.—equipment weighing around 80 pounds and quite a load for such small boys.

At Denison they joined a special jamboree train carrying 578 Texas and Oklahoma Scouts.

We had a post card Wednesday signed by all six Munday boys. "We are coming into St. Louis, now," they said. "We thank the people who made this trip possible."

At nine o'clock Tuesday morning, Scoutmaster Don L. Ratliff said: "They are now in Washington, D. C."

They were to spend the day at the nation's capital. They visited St. Louis, Mo., on the way up and other visits are scheduled to New York City and Niagara Falls.

They are seeing Boy Scouts from all over the nation, seeing those who are our nation's leaders of today and our nation's leaders of tomorrow.

President Harry S. Truman is to help open the jamboree with a broadcast at 7 p. m. Friday.

By that time the boys will have seen a lot of things and had a lot of experiences, and the national jamboree is likely a huge army of Boy Scouts.

It's an opportunity which comes to boys of Scout age about once every 15 years, according to those in the know.

As one fellow remarked when the trip was first being planned, "My kid who is just a baby now will be too old by the time the next one is held."

Originally, Munday was to be allotted only two boys for the trip.

But as time went by, other openings were revealed because some troops were not sending boys.

Realizing the rare opportunity, our local Scout leaders asked for these openings. The Munday troop was young, and it was thought that the more boys we could send to the jamboree, the greater inspiration it would be for other boys to take up scouting.

There was the matter of finances. It cost around \$200 for each boy making the trip.

There was a little money in the Boy Scout fund. The C. D. A. invested \$200 in this youth opportunity movement.

Some of the Dads financed (Continued on Last Page)

Knox County Hospital Notes

Patients dismissed from the Knox County Hospital since Monday, June 19:

Mrs. George Hardburger, Knox City; W. E. Duke, Fort Worth; Frankland Langley, Knox City; D. M. Wadlington, Munday; Lowry Hughes, Weatherford; Mrs. Howard Johnston, Knox City; Lynda Norris, Benjamin; Mrs. J. H. Dabney, Rochester; Melvin Beard, Benjamin; Mrs. J. L. Ford, Munday; J. H. Glasscock, Truscott; Mrs. Addie Benton, Rochester; Virgil Kolb, Aspermont; Cleto Jo Trammell, Munday; Mrs. L. M. Gates, Knox City; Paul Qualls, Munday; Mrs. J. C. Wickar and Baby, Seymour; Clifton Connell, Fort Worth; Mrs. Leon Bivins, Benjamin; J. B. Justice, Goree; Mrs. Alton Garrett and Baby, Munday; Mrs. M. F. Brian, Vera; Mrs. Dave Cummings, O'Brien; Mrs. Marlin Smith and Baby, Grand Prairie; Travis Floyd, Munday; Wallace May, Knox City; John Tom Johnston, O'Brien; Mrs. Domingo Barrientz and Baby, Knox City; Mrs. Lynn Cook, Bomarton; Floyd Hester, Rochester; Mrs. Hugh Kindrick, Benjamin; Mrs. E. D. Randall and Baby, Gilliland; Mrs. James ones, Knox City; Mrs. Joe Smith, Rule.

BIRTHS

Since Monday, June 19
Mr. and Mrs. Marlin Smith, Grand Prairie, a daughter.
Mr. and Mrs. Domingo Barrientz, a son.
Mr. and Mrs. C. J. Wickar, Seymour, a daughter.
Mr. and Mrs. R. A. Carmack, Rochester, a son.
Mr. and Mrs. Alton Garrett, Munday, a daughter.
Mr. and Mrs. Ed Randall, Gilliland, a daughter.
Mr. and Mrs. D. W. Hodges, Knox City, a son.

Patients in the hospital June 26th:

A. R. Keller, O'Brien; Aurora Rodriguez, Munday; John Dutton, Knox City; Mrs. O. B. Chitty, Benjamin; Mrs. Manuel Cantu, Knox City; Johnny Scrogins, Rochester; Elender Griffin, Munday; T. C. Merrill, Munday; Willie M. Johnson, Munday; Mrs. Mary Smith, Knox City; Mrs. H. B. Maddox, Truscott; J. L. Galaway, Benjamin; Juanita Valancia, Roswell, N. M.; Mrs. A. L. Smith, Munday; Tom Loper, Rochester; Mrs. Anna Mae Peek, Munday; Hattie Trotty, O'Brien; Ramond Reeves, Munday; Mrs. J. W. Trainham, Vera; Mrs. R. A. Carmack and Baby, Rochester; Mrs. A. R. Reeves, Weinert; Mrs. A. P. Nunley, Benjamin; Mrs. D. W. Hodges, Knox City; Manuelo Rios, Knox City.

Fred McCord, Jr. Begins Work With Gas Company Here

Mr. and Mrs. Fred McCord, Jr., of Seymour, have moved to Munday to make their home. Mr. McCord, employee of the Lone Star Gas Co. for the past three years, will serve as helper for Fletcher Gates, local service man for the company.

DR. TAYLOR OF GOREE UNDERGOES SURGERY

Dr. W. M. Taylor of Goree, who was quite ill for several days, underwent surgery in a Wichita Falls hospital recently. He is reported to be doing fine, and is expected to be able to return home in a few days.

Weather Report

For the period of June 22nd through June 28, 1950, as compiled by H. P. Hill, U. S. Weather Observer.

	Temperature

Precipitation to this date,		17.05 in.
1949		
Precipitation since Nov. 1,		16.24 in.
Since last report		1.75 in.

Relative Of Local People Killed By Car

Mrs. Opal Smith Peysen, 39, relative of Munday people, was killed when struck by a car on a Wichita Falls street at 1 a. m. last Thursday. George C. "Jack" Barry, Midwestern University football player, was released on \$1,000 bond following charges of negligent homicide in the death of Mrs. Peysen.

Witnesses told investigating officers that Mrs. Peysen was crossing the street when Barry's car hit her. Skid marks, a total of 156 feet before and after the impact indicated the car was traveling at an excessive rate of speed when the accident occurred.

Mrs. Peysen, co-owner of Dance Haven in Wichita Falls, is survived by her husband, J. F. Peysen; three sons, Alvin, Harold and Jerry, all of Wichita Falls; two daughters, Jo and Karen of Wichita Falls; her parents, Mr. and Mrs. G. W. Smith of Munday; two brothers, Onie and Homer, both of Monahans, and Homer, both of Monahans, and a sister, Mrs. Ola Finley of Munday.

Funeral services for Mrs. Peysen were held Friday at 3 p. m. in Wichita Falls with Capt. Jas. A. Anderson of the Salvation Army officiating.

Munday Scouts Leave Sunday For Jamboree

Six members of the Munday Boy Scout troop were among the 76 Boy Scouts of the Northwest Texas Council who left Sunday for Valley Forge, Pa., and the national jamboree.

The boys were scheduled to arrive there today (Thursday) after visiting St. Louis and spending a day in the nation's capital—Washington, D. C.

Sunday the group piled aboard the train at Wichita Falls. They will start the return trip July 7, and visit New York City and Niagara Falls. They joined a special jamboree train at Denison carrying 578 Texas and Oklahoma Scouts.

In charge of the Northwest council troops are A. V. McFarland of Childress, Cecil Cole of Vernon, Tandy Jackson of Kama, and Eddie Brown, E. A. Olesby and J. Milton Conrow, all of Wichita Falls.

President Harry S. Truman will help open the jamboree with a broadcast Friday at 7 p. m. central standard time. He will be heard in this section through Station KTRN, Wichita Falls.

Local Scouts attending the Jamboree are: Jerry Groves, Wayne Searcey, Robert Lynn Bowden, Jerry Lindsey, Stanley Wardlaw and Tommy Ratliff.

Final Results In Tennis Play Are Announced

Results in the final matches of Munday's tennis tournament were announced Wednesday by Coach Green. The matches were played last Thursday, with the following results:

Junior boys singles: Paul DeBusk defeated Virgil Weaver, 6-3 and 6-2.

Junior boys doubles: Leon Johnson and Winsil Norvill beat Glenn Amerson and Joe Voss, 6-1 and 9-7.

Boys singles: Leo Hill downed Harold Fox, 6-1 and 6-2.

Boys doubles: Gerald Morrow and Leo Hill won by default from Scotty and Danny Ponder.

Girls doubles: Earle ne Crumpton beat Lurlene Crumpton, 6-4, 0-6 and 10-8.

STANLEY WARDLAW'S TO BUTANE CONVENTION

Mr. and Mrs. Stanley Wardlaw attended the butane dealers' convention the last three days of last week at the Texas Hotel in Fort Worth. They also attended the banquet held Saturday night in the Blackstone Hotel.

Their guests for the convention were their son-in-law and daughter, Mr. and Mrs. Ralph Geddie of Dallas.

TALLEST BUILDING IN THE SOUTHWEST

One of the largest and finest office buildings ever erected in this country, shown above, will soon dominate the already impressive skyline of Dallas, the Southwest's great cosmopolitan city. The new Republic National Bank, announced recently by Fred F. Florence, President of the Republic National Bank, will embody the most modern and advanced architecture, including every convenience possible for both customers of the bank and tenants of the building. The tallest building in the Southwest, it will soar 419 feet in height. It will be the largest and most modern structure erected in the United States to include a garage and motor banking, together with banking quarters and office building. The main shaft of the building will rise 36 stories above the ground with an additional four stories below the street level. Its tower, extending some 160 feet further into the sky, will give the structure an overall height of 609 feet.

Work Begins On Bleachers At Football Field

Work on steelwork for new bleachers at Munday's football stadium was started the first of this week, it was reported by members of the C. D. A. athletic committee.

Work of cutting and welding the steel framework was going along nicely the first of this week and will be completed in a few days.

Then the setting of concrete and erecting the stands will be started. By the latter part of the week the new steel bleachers are expected to begin taking on shape.

The committee reported that many football fans had purchased reserved seats for the two-year period, but there are a number of seats yet unsold. Those desiring choice seats for the games should make their purchases within the near future.

Cost of constructing the new bleachers is being financed through the sale of reserved seats for a period of two years, giving the purchaser an option on these seats after the two-year period.

Cartwright Well Shows Production Of Around 80 Barrels

Texas Pacific Coal and Oil Company continued last week to test its No. 1-A Louis Cartwright well, Knox County Strawn discovery four miles southeast of Munday.

Producing through perforations from 4,530 to 4,534 feet, the well pumped 69.9 barrels of oil in 24 hours, with no water. It was pumping 2.31 barrels of oil and hour at the end of a 48-hour test.

After a 16-hour shut-in, production was reported to be 83 barrels of oil in 20 hours, pumping 2 2/3 barrels of oil per hour at the end of the test.

Mr. and Mrs. T. N. Gillespie of Stamford were guests in the home of Mr. and Mrs. J. D. Gillespie last Sunday.

Mr. and Mrs. Brice Farmer of Coleman visited Mr. and Mrs. W. G. Gafford over the week end.

City Requests Elimination Of Open Toilets

The City of Munday requests the cooperation of everyone in eliminating open toilets. The City feels that any open toilet where sewer facilities exist should be immediately abolished; that where such facilities do not exist open toilets should be made sanitary under the prescribed regulations.

We urge groups of citizens where any unsanitary conditions exist to file complaints in writing, thereby enabling the City to declare such conditions a nuisance. The City feels that an emergency exists within its corporate limits and begs the cooperation of all.

W. R. MOORE, Mayor

Business Firms To Close July 4

Munday's business firms are in disagreement about closing on all national holidays, but there's one which practically all of them have agreed upon.

Munday's businesses, or most of them, will be closed on Tuesday, July 4, according to results of a poll taken by Miss Bobbie Price, secretary of the C. D. A. Residents of this trade area are urged to transact all necessary business before July 4, so this holiday can be observed.

The principal holiday on which there is disagreement regarding closing is Armistice Day, November 11, which falls on Saturday. Some ten merchants want to close on the holiday, some want to take Friday off, others want Monday and still others want business to go on as usual.

IN LOUISIANA HOSPITAL

Billie, 8-year-old daughter of Mr. and Mrs. E. J. Cooper of Elmer, La., has encephalitis, or sleeping sickness. She has been in the Alexandria Baptist Hospital since June 14. She has shown some improvement, and her parents expect to take her home this week.

Billie is the granddaughter of Mrs. Emily Carden of Munday and visited here the first of June.

Wichita Man Is Winner Of Golf Tourney Here

The weather was hot, and Everett Vinzant, Wichita Falls golfer, was shooting a hot game of golf here Sunday as he defeated Gene McBride, also of Wichita Falls, 5 to 4, to win the first annual invitation golf tournament held at the Munday Municipal Country Club.

Vinzant and McBride, rated as top-notch amateur golfers in this area, had disposed of their Sunday morning semi-final opponents. Vinzant defeated Buel Gibson of Munday 2 and 1, and McBride downed Chick Nolen of Seymour, 4 and 3.

Vinzant fired a three under par 32 on the first nine and completed the nine holes played with a four under par mark.

Billy Mann, also of Wichita Falls, won the first flight title by defeating Ray Golden of Seymour, 6 to 5.

H. H. Bledsoe, member of the local club, downed W. W. Warren of Haskell, 4 and 3, for the second flight title.

Henry White of Knox City was too good for Wade Mahan of Seymour, as he took the third flight championship, 3 to 2.

Jeff Graham of Knox City defeated Gene Campbell of Seymour, 4 and 3, to take the championship flight consolation.

Ray Holcomb of Munday won first flight consolation, but not until a hotly contested battle with Travis Everett of Haskell. Holcomb won 1 up.

Travis Lee took a 5 and 4 edge on Charlie Harpham for second flight consolation championship, and Eugene Starkey of Seymour went down, 2 and 1, at the hands of Nelmer Byrd of Seymour in the third flight consolation.

County Begins War On 'Hoppers'

Knox County's Grasshopper Poison Bait Mixing Station is now open, beginning June 28. The bait material may be obtained by contacting the County Agricultural Agent, Kenneth O. Lewis. The station is located south of the Knox County Jail House in Benjamin.

There will be a small charge for the bait to take care of expenses incurred by the county. Each farmer wishing to obtain this material is urged to bring sacks for some. This bait is made available through the cooperation of the United States Department of Agriculture, Bureau of Entomology and Plant Quarantine in cooperation with the State and County.

Materials used in this bait mixture will be bran, sawdust or hulls, sodium fluosilicate and water.

Commercial insecticides now recommended by the Extension Service for grasshopper control are:

Toxaphene and Chlordane. These insecticides may be used either as a dust or spray program:

20% toxaphene-40% sulphur, or 3-5-40, or 10% chlordane-sulphur, 15-20 lbs. per acre for dust. For spray use Toxaphene or chlordane, 1 1/3 lbs. per acre.

In order to rid the county of grasshoppers, it is most important that all farmers and ranchers take part in this control program.

Brazos Drive-In Open At Seymour

The Brazos Drive-In, newest drive-in theatre in this section, opened to the public on Thursday, June 15.

The new theatre owned jointly by P. V. Williams of Munday and T. J. Hoosier of Seymour, is located on the Brazos river just this side of Seymour. It has the newest and latest equipment, with in-car speakers, and ramps and speaker stands that will take care of 300 cars.

Showings at the drive-in for the following week are announced elsewhere in this paper.

Sharia Ruth and Suzanne Hightower returned to their home in Dallas last Monday after a visit here with their grandmother, Mrs. E. A. Womble, and with Mr. and Mrs. Joe Bailey King.

Plans Made For Drive-In Theatre For This Area

Plans for the construction of a new drive-in theatre, which will serve the Munday and Knox City areas, were announced this week by P. V. Williams of Munday and Clyde Williams of Knox City.

The new drive-in will be located some four or five miles west of Munday, on the Knox City highway. A tract of land has been secured south of the highway, just east of the north and south road leading to Sunset school.

The theatre will be owned jointly by P. V. Williams of Munday, owner of the Roxy and Roy theatres, and Clyde Williams, owner of the Texas Theatre in Knox City.

The deal for the land was closed the first of the week, and plans for construction on the drive-in to start within the near future, being rushed to completion. It will be called Sunset Drive-In.

The theatre will be a 300-car capacity and equipped with the most modern and up-to-date equipment. It will be of practically the same size and design of the Brazos Drive-In, which was recently opened at Seymour by P. V. Williams and J. T. Hoosier and sons.

Liberty Bell Is Seen Here By Few Citizens

It interrupted the noon-day lunch hour, but despite this, a small group of Munday's citizens were on hand here at 12:30 p. m. Tuesday to view the huge replica of America's Liberty Bell as it made its appearance here.

The huge bell, mounted on a specially designed Ford truck, was stopped on Munday Avenue, in front of the Times office and the Piggly Wiggly store.

Mayor W. R. Moore served as master of ceremonies during the 30-minute period. The program included an announcement of the Independence Bond Drive by W. E. Braly, county chairman; an interesting history of the Liberty Bell by Supt. W. C. Cox and a patriotic talk by Tom Bullington, local talker.

At the conclusion of the program, everyone present—including young and old, white and colored were given an opportunity of pulling the huge clapper and ringing the bell. The tones of the huge replica are said to be exactly like that of the original Liberty Bell before it became cracked and could not be rung again.

The Liberty Bell appeared here in the interest of the Independence Bond Drive, which closes on July 4th.

Munday Juniors Win Two Battles

The Munday junior baseball team, sponsored by the American Legion, took an easy victory from Jud on Thursday night of last week, with a score of 16 to 5. Batteries for the locals were Bailey on the mound, and Stevens behind the plate.

One for the "big leaguers" was played here Monday night, when the locals won from Knox City, 8 to 7, in game that went two extra innings. Munday came from behind to tie the score, then won out in the extra period. Chalking up home runs were Raynes, Ponder and Ford. Batteries were Spelce, pitching, and Howeth, catching.

COLORED BOYS WILL PLAY HAMLIN SUNDAY

Come to the ball game Sunday, July 2—Munday vs. Hamlin. The Munday ball team has had good luck this season, lost one game so far, but it hopes to win this game Sunday.

Play starts at three o'clock on Wallace farm, one mile west of Munday.

B. B. Thomas, mgr.

Mr. and Mrs. Lee Ward of Post were here over the week end visiting Mrs. Ward's parents, Mr. and Mrs. Cecil Fitzgerald.

Act of Congress, March 2, 1879.

OUR NEEDS FOR 1950

1. Completion of our portion of the Throckmorton road, giving the farmers of that area an all-weather outlet.
2. A farm-to-market road to the north and east of Munday, possibly connecting with the Hefner road.
3. A U. S. Federal building. Munday needs a new post office home.
4. More homes in Munday. We did a good job in 1949, but there's still a housing shortage.
5. A new telephone system, giving the town adequate telephone service and tapping the rural area surrounding the town.
6. Greater cooperation of business man, farmer, and citizen toward long-range development for our community.

BETTER BUILDING CODES

The National Board of Fire Underwriters reports that substantial improvement in American municipal codes was made last year. In that period, it helped prepare new codes or revise outmoded ones for 232 cities and towns throughout the country—more than double the number which asked such assistance the year before.

The organization's National Building Code has been revised six times since it was originally published in 1905. It also has an Abbreviated Edition for towns which do not feel the need for the more detailed Code.

This is an encouraging development. A sound building code is one of the most effective and fundamental weapons in the war against destructive fire—and that goes for the small towns no less than the great cities. Firetraps, substandard commercial buildings, inadequate and improper exits, excessively inflammable materials—these and other kindred dangers have been responsible for a huge amount of property loss and for a ghastly number of deaths and maimings. Fire is always waiting for its chance to strike—and poorly built and maintained structures are just what it is looking for.

The war against fire must be fought on all fronts, in all salients. Sound building codes are one, as are adequate fire-fighting facilities and a public which is alert to hazards and knows how to correct them. Our gigantic fire waste is something for which we can have no excuse.

THE ECONOMIC VIRTUES OF LIVESTOCK

A brief article in Country Gentleman, written by L. O. Brackeen of Alabama Polytechnic Institute, says that "using livestock to balance cotton and tobacco production is increasing the income of Southern farmers." He cites a number of specific examples. In one case, for instance, a 96-acre cotton-hog farm over a 10-year period showed an average cash balance of about \$32.25 after deducting all cash expenses. The annual sale of hogs was a big factor, with an average

SUBSCRIPTION RATES

of \$2272. Southern farmers are certainly not alone in appreciating the value of livestock as a dependable and stable producer of cash money. For the nation, as a whole, meat animals represent the greatest part of agriculture's total cash income. And meat animals of one kind or another can be successfully raised in every agricultural area, under virtually all weather conditions, and on a small or a large scale.

Another virtue of livestock from the producer's point of view is that the market is always ready, day in and day out, year in and year out. The farmer and the rancher can sell whenever they choose, and they will receive the going price. That price naturally varies, sometimes sharply. But it is an honest price, based solidly on the supply-demand situation at the time the sale is made. Nobody "controls" the price paid for livestock. Nobody has a monopoly of any kind. Everybody concerned—producer, packer, retailer, consumer—operates in a free economy in which prices automatically find their proper level.

Our livestock population is now rising, and substantial increases are forecast for future years. That is a healthy trend.

IS THERE A "DOCTOR SHORTAGE"?

One of the stock arguments for government regimentation of the practice of medicine is an allegedly severe "doctor shortage." The argument goes on to say that only the government can cure this dangerous situation.

Before accepting that, however, take a look at the cold, hard facts. Today there are 201,531 doctors practicing in the United States—a gain of 26,371 in the last 10 years. Proportionately, the medical population is increasing faster than the general population and our medical schools are graduating more doctors than ever before.

Now, this wouldn't mean anything if the number of patients that each doctor must treat, on the average, were too high. But the fact is that there is only one country in the world with a lesser number of patients per doctor than the United States. That nation is little Palestine. It is bulging with Jewish doctors who fled from Europe to escape the persecution of anti-Semitic dictators.

No one states that the doctor situation is perfect here. In some regions there are fewer medical men available than there should be. But this problem is gradually being solved. The medical profession, for instance, is doing a splendid work in encouraging young doctors to make their careers in rural areas.

Finally, what logical reason can there be for believing that more men would be attracted to medicine under a system where bureaucrats and politicians called the tune? The truth is that such a system would make many men turn to other professions and enterprises. Progress flourishes only in an air of freedom.

Henry W. Grady edited a paper in Atlanta—and it went broke. He started a second, and it suspended; a third and it likewise "folded". But he became editor of a fourth paper, the Constitution; made it the most influential journal in the South, and, through his editorials and brilliant speeches, he was recognized as one of the greatest men America has produced.

There was a young fellow who couldn't make up his mind whether to become a painter or a draftsman—so he became an actor. His name was John

Political Announcements

The Munday Times is authorized to announce the candidacy of the following, subject to the action of the voters in the 1950 Democratic Primaries:

For District Attorney:
ROY A. JONES
D. J. BROOKRESON, JR.
First Elected Term

LONE STAR Aluminum Boats

They're safe, stable, speedy, and economical

America's most complete line of aluminum boats includes fishing and outboard craft from 9 to 16 foot lengths.

There's a Lone Star model for every purse and purpose whether flatbottom, semi-vee, runabout, canoe or dinghy.

Come in today and see these new 1950 Lone Star Boats.

Munday Auto Co.

Barrymore.

Charlotte Cushman was going to be a singer. Her father sustained business reverses and could no longer finance the girl's musical training. But friends contributed the necessary money. Then she strained her voice on high notes and that ended her chances.

Undiscouraged, she turned to the study of dramatics and became the greatest American actress of her day.

Another girl, ambitious for a career as a singer, went to a teacher in Paris. He listened to her for one song and then said, "You have no voice; go back home."

Everybody has heard of Jenny Lind, the "Swedish nightingale." Her tutor of America has never been equalled for the enthusiasm of the throngs. She was the most famous singer in the world. She was the girl that the teachers said could not sing.

50 crowd Is Expected To Paducah Rally

On the eve of their Free Rodeo Show and Old-Time Speaking Rally at Paducah, Friday, June 30 at 8 p. m.—Central West Texas supporters of Senator G. C. Morris in his race for lieutenant governor are receiving assurances for their region that they will hold the biggest political rally of the 1950 Texas campaign.

A gathering of interested spectators numbering five thousand or more is now definitely in prospect.

Of additional interest and of deep concern to the business men of the region is a private gathering of retail merchants, announced and projected for the same day—Friday, June 30 at 7 p. m., in the county court room at Paducah. This meeting of retailers will counsel with Senator Morris, informally but in positive fashion, on combatting the retail sales tax in Texas. The very pressing need of the state

for a new source of tax money has revived the retail sales tax in very active fashion, and as Senator Morris is the acknowledged leader of the opposition to the sales tax in Texas—having managed its defeat twice in the past ten years—he is expected to contribute greatly to the effectiveness of the meeting. All retail merchants of Texas who can attend, are invited, and are urged to contact any retail merchant in Paducah. This retailers' meeting will not be open to the public.

The Free Rodeo Show and Old-Time Speaking Rally, which follows at 8 p. m., is expected to tax the commodious accommodations of the Paducah Rodeo Arena, where it will be held.

The program will be opened by the Cottle County Cowboys, with their lively western music. The musical section of the program will then be followed by the first half of the free rodeo show.

This will be one of the best team match roping contests of the year in Texas—"the pros versus the amateurs". The amateurs will be represented by Sam Baugh of Rotan and Harold Felts of Paducah, while two well-known RCA ropers, Nolan Pitcock of Aspermont and Fred Albright of Knox City, will uphold the pro end. The contest is for a cash prize of \$200. Each team will rope eight calves, and as the contestants are rated high in calf-roping circles and very evenly matched, it is due to be a great sports event.

Following the first half of the rodeo show, Col. Byron Shotts of Paducah, presiding officer, will introduce Hon. Claude Calloway of Crowell, who will present Senator G. C. Morris for the principal address of the evening.

The final half of the rodeo show will then follow, and will bring, as a special feature, a match reining contest between two famous reining quarter horses, Steeldust's Little Sister,

At Roxy, Tues., Wed., and Thurs.

The exciting story of blockaded Berlin is told in "The Big Lift" starring Montgomery Clift and Paul Douglas.

TEXAS CAN REGAIN POSITION OF POWER

(From The Dallas News)
Our tidelands are gone and segregation is abolished. The Supreme Court has spoken. Down you Texas dogs, and take your whipping!

We got exactly what we deserved. Only a few weeks ago our foremost Texas "statesman" and party leaders had a big dinner in Austin for our beloved "Veep" and gave him \$100,000 to carry back North to help elect socialist congressmen who are our sworn enemies. At the moment we handed over the money, the judgments were being written in Washington robbing us of our tidelands and destroying our way of life. We are the biggest bunch of suckers this side of Kamchatka. We are galley

many times a grand champion and ridden by Fred Albright, will meet Sugar, likewise a champion reiner, ridden by Alvis Townley.

The Paducah committee wishes to emphasize that all portions of the program are entirely free, and all are invited.

slaves of the Truman socialist crowd, no tby force of arms but by our own deliberate choice.

What are we going to do about it? We are not going to vote Republican for the simple reason that we can confidently expect the same treatment from them as from the Truman crowd. Where does this leave us? The answer is simple and easy if we only have the gumption to follow the light. Thurmond Wright pointed the way in 1948.

There are 531 votes in the Electoral College which elects the President and Vice-President of the United States. It takes 266 of these votes to be elected. Texas and her sister Southern States hold 137 of these votes and this does not include the border states. Those 137 electoral votes if held together, will prevent the election of either a Republican or a Truman socialist. Either crowd in order to elect a President will have to get our permission. It's just that simple.

In comparison with the other minority groups who are now running this country, Texas and the South is a potential giant.

LOCALS

Mrs. Joe Bailey King and Mrs. A. E. Womble visited in Woodward, Okla., last week. Mrs. King returned home Sunday night and Mrs. Womble stayed for an extended visit.

Mrs. Nora Holder and Mrs. Laura Peterson of California visited with Mr. and Mrs. D. E. Holder and other relatives here over the week end.

Mr. and Mrs. Stanley Wardlaw spent several days last week in Dallas where Mr. Wardlaw attended a state convention of butane dealers.

Mr. and Mrs. H. F. Jungman attended the Fort Griffin Fandangle in Albany last Saturday night.

A. B. Warren is visiting with relatives and friends in points in Tennessee. He plans to be gone about ten days.

Mr. and Mrs. Elbert King and son, Johnny, visited relatives in Archer City over the week end.

It is a sleeping Sampson with its locks unshorn. We have only to put the Democratic party in the several Southern States in the right hands and stand together. No longer will we be scorned and robbed with impunity. Not on your life! We will sit in the seats of the mighty.

The Democratic party in Texas is presently controlled by the Truman crowd and the black and tans. Shall we leave it that way? Or shall Texas in its might rise up and take over its own and bid defiance to Harry Truman and all his unholy crowd?

Your tidelands are gone, Texas! Your way of life is destroyed! Move over, children, and make room for your colored schoolmates, Harry Truman, your master, has spoken. How do you like it, Texas?

FARM NEWS

on the County PMA Committee

PRICE SUPPORTS RESULT IN PROFIT

Price support programs on the agricultural commodities wheat, cotton, tobacco, rice, and corn have not cost the Commodity Credit Corporation more than the time the program was started in 1933 to the present time, Frankley, Deputy Administrator, Section and Marketing Administration, recently told a group in Pennsylvania.

Woolley said that CCC has paid the Federal Treasury present interest on its borrowings and has showed a net profit on these commodities for years of more than \$55 million.

We lost about 40 million dollars on corn; 61 million on peanuts; 45 million dollars on rice; and around a million on tobacco," Mr. Woolley explained. "We gained 206 million dollars on cotton and 5 million dollars on tobacco. The net gain on these commodities as a group has been around 55 million dollars."

It is true that it takes a great deal of money to operate a price support program, but

this doesn't mean that the money used to support prices is lost. A few weeks ago, all of the loans on wheat were being labeled by opponents if price support as total losses. As a matter of fact, our 1949 wheat operations are not likely to involve any material loss.

"Of the total net realized losses of 518 million dollars sustained by CCC on price support from October 1933 through March 31, 1950, a large part has been with the perishable or semi-perishable commodities—with 367 million dollars of this total attributable to potatoes alone. Ever since 1946, the Department has been vigorously pointing out that mandatory price supports on potatoes without production control is economically unsound and not in the interest of farmers generally or of consumers. This weakness with respect to the potato program should not be used as a basis for concluding that all price support programs are similarly unsound. Quite obviously, they are not."

Emphasizing that price supports are still needed to protect the Nation by helping stabilize the whole economy, Mr. Woolley pointed out that farm income has fallen off during the past few years while the total national income continues at high levels.

"Some downward adjustment from wartime levels in farm prices and income was to be expected," he said. "This adjustment has already taken place, and it might have been of disastrous proportions if the price support program had not been

available to cushion the shock. "But there is a level below which farm income cannot go without materially affecting the national economy. It is certain that we cannot drop below that level without serious consequences. . . . A farm price collapse knocks the props out from other segments of the economy. Rural trade is undercut, and that works back into factory jobs. The old familiar cycle of depression is set in motion."

"We dare not take the road of pushing down agricultural prices, with its consequent effect of lowering business activity in the face of a 256-billion-dollar debt—most of it chargeable to war—which must be managed by the Federal government. The annual interest bill to service this debt is over 5 1/2 billion dollars. This is a striking illustration of why we must not let prices and incomes drop to low levels again. At the same time, there is quite a general acceptance in even the most conservative quarters that we must maintain our military establishment in the face of the present troubled situation throughout the world."

"If we are to maintain stability at the high levels that are necessary to manage this national debt soundly and to carry out all other commitments, we certainly cannot afford to lower the economic level of any segment of our economy."

CARD OF THANKS

We wish to thank our many friends for their kindness, sympathy, the beautiful floral offerings, and for all other expressions of sympathy shown during the recent illness and death of our loved one, Arthur G. Iseng. May God's richest blessings be bestowed upon each of you.

Mrs. Arthur G. Iseng
Mrs. P. G. Iseng and family
Mrs. E. V. Sewell and family.

Forecast: Showers, Fun

Water play is recognized as a healthful sport for youngsters. Child specialists advise parents to encourage it. This is easily done by giving children a galvanized steel tub and a sprinkler. Place both in an area where spilled water cannot harm home furnishings. Colorful dolls on a tub's sides give it youthful eye-appeal.

Knox Prairie Philosopher Isn't Worried Over What The Census Will Show For Population In His Area

Ediot's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek discusses the census this week, and we don't mind saying we're publishing his letter only in the interest of freedom of the press.

Dear editor:
I have been reading a lot lately about the census and how a lot of towns and cities is in for a big let-down, due to the fact there is gonna be a big gap between what the Chambers of Commerce has been claimin and what the cold figures will show. For nine years it's all right to stretch things, but in the tenth year a man with foresight keeps quiet.

I understand there is more than one Chamber of Commerce

which is plannin a night raid on population signs along the highway leadin into town, put up during the days people was counted by drawin on the imagination instead of goin from door to door. Also, there is a good many cities plain sick over the fact they ain't gonna be near as crowded as they thought

Uncle Sam Says

Each June if we pay honor to the Stars and Stripes on what is officially designated "Flag Day." Under that flag our country has remained free and it is everyone's desire that it stays that way. It has been said that no country can ever be stronger than its people, citizens are free in every way. One of the blessings in this freedom is financial security and your government has provided a safe, sure and automatic way of saving. It is U. S. Savings Bonds which can be piled up through the Payroll Savings Plan at work, the Bond-A-Month plan at your bank, or for cash at your bank or post office.

U. S. Treasury Department

Opening Day Is Press Day At 1950 State Fair

Opening day of the 1950 State Fair of Texas, Oct. 7, has been adopted by the Texas Press Association in convention in Fort Worth as official Press Day.

The State Fair traditionally honors newspaper and radio men and women on the first day of the giant exposition. More than 2,000 members of the Fourth Estate are expected to attend this year.

An expanded program of activities has been planned by the State Fair for Press and Radio Day this year. Charles Yeager, public relations director of the Fair, told the TPA convention. The press and radio visitors will be guests of the State Fair at "South Pacific," Pulitzer Prize musical show in the Auditorium, and Ice Cycles of 1951, spectacular carnival of skating thrills.

They will also be invited to see Austin College and East Texas

State College clash in a night football game in the Cotton Bowl.

They will view all shows on the Midway and many other attractions to be featured at the 1950 State Fair, Yeager said.

The State Fair also will be host to a mammoth fried chicken picnic lunch for the press and radio people.

"Support by the press and radio of Texas continues to be the backbone of the State Fair's tremendous success," Yeager pointed out "With your support, the Fair is able to continue making very worthwhile contributions to the development of ranching, farming, business and industry in the Southwest."

"The officers and directors of the State Fair of Texas again wish to express their appreciation to members of the Texas Press Association for their cooperation."

The 1950 State Fair will be a gigantic Mid-Century Exposition which will salute the first 50 years of the 20th Century and offer a preview of the second half-century, Yeager declared.

All shows and exhibits will tie in with the Mid-Century theme, and plans indicate the 1950 Fair

will be the greatest spectacle ever presented in the Southwest, he said.

Among attractions will be the All-American Jersey Show, world's biggest cattle breed show, and a Super Science Show.

featuring atomic its direct from Tenn., birthplace of a bomb.

Be careful. Observe state and local traffic laws.

New Instrument Aids Farmer

FORD TRACTORS now coming off the assembly lines at the Ford Highland Park, Michigan, Plant are equipped with the new Proof-Meter, an instrument which "takes the guesswork out of tractor operation." Actually five instruments in one, the Proof-Meter shows engine speed, tractor speed, power take-off speed, belt pulley speed and total hours worked by the tractor. The farmer in the picture is recording hours of tractor operation for use in determining his farming costs. In the lower right hand corner is an enlarged close-up of the Proof-Meter, which Dearborn Motors officials say is the first instrument of its kind to be made available on a farm tractor.

Other Rodeo Events -- All Entirely Free
COME AND BE WITH US — MEET THE TOP MAN IN THE RACE

they was.
Now what I don't understand is what difference does it make what size a town is? Don't make no difference how big a town is, there's another one bigger, until you get up to New York city, which has won the race and the honor of gettin the first atomic bomb if Russia drops one.

Personally, I never was taken in by big numbers. You take this community out here. Can't say it would lessen my Johnson grass a single blade or improve my nappin in the shade if our population doubled. I just don't understand big city people. They don't seem happy until they got a traffic jam. Then ain't happy if some other city's got a bigger one.

As for me, there's plenty of people out here now. I like it as it is, and you won't find us havin to tear down any population signs after the new census figures come out as we never did get around to puttin up a sign after the census ten years ago.

Yours faithfully,
J. A.

ANOTHER STRIKE

AGAINST THE PUBLIC AND INDUSTRY AND AGRICULTURE SERVED BY FIVE WESTERN RAILROADS

President Truman's EMERGENCY BOARD recommends a 40-hour week and a pay increase of 18 cents an hour, or \$1.44 a day for switchmen represented by the Switchmen's Union of North America.

• Notwithstanding the tremendous increase in their expenses involved, the

Railroads' answer to Board is ... **YES!**

Union leaders' answer to Board is .. **NO!**

In face of Board findings to the contrary, union leaders insist on 48 hours pay for 40 hours work. This would be an average increase of 31 cents an hour, or \$2.48 a day. So Union leaders have called a completely unjustified strike on 5 Western railroads, effective June 25.

On June 15, an Emergency Board appointed by President Truman under the terms of the Railway Labor Act recommended the railroads grant switchmen a 40-hour week and a wage increase of 18 cents an hour, or \$1.44 for an 8-hour day.

Despite the added financial burden involved, the railroads are ready to accept these recommendations, as they have always accepted Emergency Board recommendations on national issues.

But the leaders of the Switchmen's Union refuse to accept! They demand an average increase of 31 CENTS AN HOUR OR \$2.48 A DAY—although their present earnings are substantially higher than those of workers in other industries!

Board Says Demands Unjustified
In its report, the Board declared this demand unjustified by all the evidence presented. It also pointed out that it would give the switchmen an unfair pay advantage over other groups of railroad employees, and would add too great a burden to railroad co.

strike in an outrageous and reckless attempt to force demands which the Board clearly labels as unjustified!

Leaders of the Switchmen's Union are calling this strike in defiance of the Board—in defiance of the facts—and at the expense of the public!

In its report on this case, the Board made this statement:

"The railroad industry, the Board believes, needs above all else a period of relative stability to adjust and adapt itself to present competitive post-war conditions."

Despite this warning, the leaders of the Switchmen's Union are upsetting the apple-cart—forcing a completely unjustified strike against everybody who uses the railroads.

We are publishing this and other advertisements to talk to you at first hand about matters which are important to everybody.

**YES!
NO!**

FIVE WESTERN RAILROADS AFFECTED BY THE JUNE 25 STRIKE
The five railroads affected by this strike, which goes into effect at 6:00 A.M. local time, Sunday, June 25, 1950, are:
Chicago Great Western Railway Company
Chicago, Rock Island & Pacific Railroad Company
The Denver & Rio Grande Western Railroad Company
Great Northern Railway Company
The Western Pacific Railroad Company

It is time to put an end to such un-American tactics!

The Answer to a Raw Attempt At Dictatorship is "No!"

In the interest of the public who depend on the railroads every day, there can be only one answer to this outrageous and dictatorial action by the leaders of the Switchmen's Union. And that answer is—"NO!"

Jerry Abandons Reportorial Duties To Become Bride Of David E. Penick

Jerry's done gone and got married!

When she started work for the Munday Times—it would have been three years in September—she sort of looked upon marriage as an adventure for someone else. She seemed somewhat alarmed at the mere suggestion that some day she'd walk down the rose-petal strewn aisle and exchange wedding vows with a man. Marriage was not for her, three years ago.

But that was before she met the "one and only."

Every since last Christmas she'd been flashing the engagement ring and making preparations. Then on Saturday, June 17, she relinquished her duties at the Times office in order to have a week for final preparations.

Then at eight-thirty p. m. Sunday, June 25, it happened. But maybe you'd like to read it in the "society way," so here it is:

The First Baptist Church in Munday was the scene Sunday evening, June 25, of wedding rites which united in marriage Miss Geraldine Margaret Polster of Munday and David E. Penick of Rule. The bride is the daughter of Mr. and Mrs. W. A. Polster of Benjamin, and the groom is a son of Mr. and Mrs. Elmer Penick of Rule.

Rev. Huron A. Polnac, pastor, officiated in the marriage ceremony. For exchange of marriage vows the couple stood before an altar arranged beneath an archway. Greenery and white flowers decorated the archway, flanked with basket arrangements of gladiolus and candelabra bearing lighted pink tapers. White satin ribbon bows and nosegays adorned the family pews.

Wedding guests assembled in the church during the organ prelude played by Miss Shirley Yost of Munday. Candles were lighted by Travis Self and Billy Roy Boyd of Rule. Miss Yost accompanied Mrs. Willard Reeves of Dallas as she sang "I Love You Truly," "Because" and "The Lord's Prayer." After the wedding march, the organist played a muted selection during the exchange of vows and concluded with the recessional.

Calvin W. Polster gave his sister in marriage. She was beautifully attired in a gown of white nylon marquisette over satin.

The closely molded bodice with sheer yolk edged in lace medallions and button trimmed was designed with point at the waistline. Lace motifs adorned the full skirt and extended in intricate designs over the cathedral-length train. Her two-tiered veil of illusion was edged in lace and worn with a headpiece of seed pearls and orange blossoms. She carried an orchid shower corsage atop a white Bible and a white linen handkerchief.

For "something old" the bride wore a ruby ring belonging to her mother, the "something borrowed" was the Bible belonging to Eva Ray Estes; her ear screws belonged to Mrs. Dave Eiland and she used the "lucky" Indian-head penny in her shoe, given her by Mrs. Aaron Edgar.

Attendants for the bride were Miss Caroline Polster of Benjamin, as maid of honor; Mrs. Eva Ray Estes of Munday, matron of honor; and Mrs. M. O. Pickett, Odessa, Miss Bobby Price, Munday; Mrs. Skie Watkins, Venita, Okla.; Miss Doris Anderson, Abilene; Miss Jean Gallo-way of Benjamin and Mrs. Arthur Lacy of Benjamin, all bridesmaids. The attendants were attired in marquisette frocks worn over taffeta. The maid of honor wore pink, the matron of honor, yellow; and all bridesmaids were attired in blue frocks. They wore matching mitts and carried colonial-type bouquets of gladiolus centered with candles.

Miss Janice Jeske of Olney was flower girl. She wore a white marquisette frock over satin and adorned with sash with bow in back. She carried a white satin covered basket with rose petals. Blue and pink satin ribbon streamers adorned the basket. She wore yellow carnations in her hair.

Lloyd Roenfeld of Wichita Falls was ring bearer. Russell J. Penick of Munday was best man for his brother. Groomsmen and ushers were Ray Dean Penick, Rue; Sam Turner, Stamford; Don Mitchell, Quinton Williamson and Nig Laughlin, all of Rule.

The newlyweds were honored at a reception held at the home of Mrs. Effie Alexander after the ceremony. Guests were greeted by Mrs. Polster, mother of the bride, and the honored couple. The wedding attendants greeted guests in various places through out the reception suite. Mrs. Delbert Montgomery presided at the bride's book.

Mrs. Russell Penick attended the punch bowl and Mrs. Chester Bowden presided at the bride's cake. Other members of the house party were Mmes. S. B. Campsey, Effie Alexander, Tom Price, Felton Raynes and Maurysse Blacklock.

Tall baskets of gladiolus adorned the reception rooms. The bride's table was laid with lace and adorned with the bride's bouquet and greenery. The three-tiered wedding cake was topped with a miniature bride and groom and encircled with garlands of lilies of the valley, white, yellow and pink roses.

The couple are well known in this area. Mrs. Penick graduated from Benjamin High School and was employed by the Knox County Vocational School for Veterans before beginning her work with the Munday Times. The bridegroom completed high school in Rule and is an

Bridal Shower Given To Honor Erma Faye Walker

A bridal shower was given in honor of Miss Erma Lee Walker June 23, in the home of Mrs. P. F. Weinert.

Mrs. Cecil Gary welcomed the guests. Mrs. L. W. Tucker registered the guests in the "Bride's" book presented by the hostess; Mrs. Paul Josselet showed the gifts. Mrs. Jim McKinnon, Miss Julia Williams and Mrs. Weinert served alternately at the punch bowl.

The hostesses included Mrs. Paul Josselet, V. P. Terrell, Cecil Gary, Jim McKinnon, P. F. Weinert, R. S. Edwards, Bub Adams, H. A. Marsh, L. W. Tucker, Misses Julia Williams and Monetta Hix.

Refreshments of punch and cookies were served from a table laid with a lace cloth and the punch bowl decorated with pinks.

Guests who called included Mrs. F. A. Ford, C. W. Sargent, Turner Standlee, M. S. Walker, G. L. Walker, E. D. Earle, Melvin Josselet, Oliver Hix, Maudie Hix, Raymon Pace, Winona Pace, R. M. Walker, Edgar Lowe, Gene Brown, Flossie Walker, Lloyd Lemley, Fred Monk, Raymon Lyles, Vern Derr, C. T. Jones, R. H. Jones, M. O. McMinn, and Bruce Edwards; Misses Anna Mae Adams, Alta Josselet, Frankie Joe Tanner, Fannie Sue Beason, Colene Wheeler.

Those sending gifts who were not present included Mrs. Ted Jetton, John Sparkman, John Mayfield, Mrs. Neskari, A. W. Weaver, Lilly Medley, J. W. Derr, Woody Montgomery, J. L.

employee of McCarty-Harrison Company in Abilene. They plan to establish residence in Abilene following a two-weeks wedding trip through the Western states. For travel, the bride wore a pink gabardine suit with all navy accessories. She completed her ensemble with an orchid corsage.

Out-of-town guests for the wedding and reception were from Wichita Falls, Megargel, Olney, Belton, Waco, Odessa, Abilene, Haskell, Weinert, Rule, Goree, Fort Worth, Dallas, Brownwood, Benjamin, Lawton, and Vinita, Okla.

A rehearsal dinner for the wedding party was held Friday night, June 23, in the home of Mr. and Mrs. Russell J. Penick in Munday.

Edward Bell And Miss Ruth Browning Marry June 17th

Announcement was made the latter part of last week of the marriage of Edward Bell and Miss Ruth Browning, well known Munday couple, who were married on Saturday, June 17, at 4 p. m. at the First Methodist parsonage in San Angelo. Rev. Ray R. Johnson, pastor, officiated.

The bride was attired in a white organdy, cap sleeve, fitted bodice and full skirt dress, which was complimented by light blue accessories. She carried red roses.

Attendants were Mr. and Mrs. Lester Dorton of Merkel.

The bride is well known here, having been reared in Munday. She is a graduate of Munday High School, and for the past two years has been employed at the City Drug Store.

Mr. Bell is a graduate of Delton High School. He has been employed by the West Texas Utilities Company for about six months prior to his recent transfer to Stamford.

After the wedding ceremony, a party was given in honor of the couple in Merkel. The newlyweds left on a short honeymoon trip to interesting Texas points. They plan to make their home in Stamford.

J. C. Campbell spent the week end in Abilene, attending the bedside of his daughter, Miss Doloroes Campbell, who is in an Abilene hospital.

Grady Roberts and J. W. Roberts of Wichita Falls were here last Friday visiting with friends and attending to business matters.

J. B. Scott was a business visitor in Wichita Falls last Monday.

Hester, Mack Boykin, Cecil Jones, Marshall Medley, W. E. Sherrod, Charlie Connor, Russell Rainey, C. A. Thomas, J. W. Liles, Chester Smith and Marilyn, Coyt Hix and Letha, Hardin Cofield, M. E. Engagement Of Miss Irene Havran Is Revealed Here

Mr. and Mrs. Adolph Havran of Knox City are announcing the engagement and approach marriage of their daughter, Miss Irene Havran, to Marvin McAfee, son of Mr. and Mrs. Charlie McAfee of Munday.

The wedding will take place on Saturday, July 15, in the First Baptist Church in Munday.

Miss Havran is homemaking teacher in the Weinert schools. Mr. McAfee is engaged in farming near Munday.

RELATIVES VISIT IN MITCHELL HOME

Mr. and Mrs. Lawton Bishop and son, Donald, left Thursday for their home in Oceano, Calif., after a 10-day visit here with Mr. and Mrs. T. J. Mitchell and J. D. Mounce.

Others visiting in the Mitchell home during their stay are: Mrs. R. E. Huggins of McAadoo, Mr. and Mrs. D. B. Higgins of Seminole, Bob Higgins of Lubbock, Mrs. B. T. Swilling of Seymour, Mrs. W. E. McCauley and children, Penny and John Ed, of Phillips, Leemon Arrodd and children of Palo Pinto, Mr. and Mrs. Rich Kunkel of Megargel, Mrs. H. S. Cousins and son, Joe, of Haskell and Mary Ella and Jimmy Krahl of Oklahoma City.

I'm looking forward to those nice warm days on the beach. And those girls and their bathing suits. I saw one gal the other day wearing one of those 1950 models. Quite the thing! She had an hour glass figure, and believe me it was a lot later than she thought!

I read somewhere that the government is in debt for five billion dollars. When the government spends 5 billion more than it has, they call it a deficit. When I spend five bucks more than I've got—they call in the sheriff!

Brother, do I have a generous sponsor. Whenever I do anything special for them, say do a show out of town, they pay me time and a half—that's time to get back to the studio and half a pound of the product!

Isn't it about time I took man and Mayor O'Dwyer took another vacation trip to Florida? It's gotten so, I hear, that other passengers going to Miami just ask the railroad conductor for the straight Democratic ticket.

With the warm weather here the girls can peel right down to wearing something comfortable. Not us men, though. Talk about it all the time but nobody figures out a way to make it easier for the men in the warm weather. We men wear so much clothes, we're as big as a house—and, brother, is it hot on the back porch!

All-Day Service Held Monday By Baptist Circles

The three circles of Baptist W. M. U. met last Monday at eleven o'clock at the First Baptist Church for an all-day business and social meeting.

The Jewel Smith circle was in charge of the program, "On The Rock, or On The Rocks," which was as follows:

Director, Mrs. Andy Hutchinson; opening prayer, Mrs. W. E. Reynolds; solo, Mrs. George Shirley Yost; devotional, Mrs.

Willard Reeves; first part, Mrs. Tom Busby; song, assembly; second part, Mrs. Hutchinson; solo, "Rock of Ages", Mrs. Tweed; closing prayer, Mrs. J. O. Bowden.

Twenty-four members were present for the noon-day luncheon. Mrs. Alvin Reid was in charge of the business session held during the afternoon.

65,000 Texans "Fit" For Service In U. S. Forces

AUSTIN—Texas draft boards have more than 65,000 men fit for duty and available for military service in case of emergency or war, Lt. Col. Morris S. Schwartz, deputy state director of Selective Service, said today. State draft boards during May added almost 5,000 to this group by classification action of its 137 local boards. These figures represent men who have been classified in I-A by the boards under the federal draft law.

The draft boards during May made 12,338 new and original classifications. These represent men who were classified for the first time under the Selective Service Act of 1948. Of this number, 7,830 were classified in a deferred status.

Approximately two-thirds of the classification each month involves men who are classified for the first time. The other one-third involves registrants who are reclassified because of change in status, such as marriage, physical condition, and other factors under the law.

Local boards at the end of May reported the registration of 5,092 youths who reached their 18th birthdays during April. More than 60,000 18-year-olds are registering each year under this

CHURCH OF CHRIST

J. B. Barnett, Evangelist Munday, Texas

OUR SOURCE OF AUTHORITY IN RELIGION

As was stated in our article of last week, that our PLEA is for the restoration of New Testament Christianity just as it was in the days of the apostles. For that to be carried out by all religious people, we must ALL accept the common ground for AUTHORITY. This common ground for authority is the Word of God. We recognize authority in weights, measures, coining of money, spelling and defining words, etc., in the material things of life. Why not do the same in the spiritual affairs? Authority may be defined as, "The right to command and enforce obedience; the right to act by virtue of office, station or relation; as, the authority of the parent over his child." Authority is of two kinds, viz; Primary authority, which grows out of the relation of those who have the right to command and those whose duty it is to obey, and, Delegated authority, which is the right to command and to enforce obedience, which can be given to another by the one holding primary authority. Those who fear the Lord will make a careful investigation of the scriptures to see who has this Primary authority and to whom he has delegated authority. Moses, a long ago said, "And now, Israel, what doth the Lord require of thee, but to fear the Lord thy God, to walk in all his ways, and to love him, and to observe the Lord thy God with all thy heart and with all thy soul." (Deut. 10:12) The wise man, Solomon, summed up like unto this, after he had tried all things and found them to be vanity and vexation of the spirit, "Let us hear the conclusion of the whole matter: Fear God, and keep his commandments: for this is the whole duty of man. For God shall bring every work into judgment, with every secret thing, whether it be good, or whether it be evil." (Eccles. 12:13-14). Therefore, the Word of God for our authority will take us back of all the creeds of men, popes, doctrines or commandments of men. Yes, even to God himself, who has Primary authority, and to his Son Jesus Christ, who has Delegated authority. More to follow.

law. These registrations brought totals on draft board registration lists to 551,228. Of this number, local boards had classified 413,415 by the end of May.

Demand Remains Strong For Light Weight In Hogs

Swine producers may hold the answer to better prices. The lighter weight hogs, those weighing from 200 to 230 pounds, stand the best chance of topping the market, says E. M. Regenbrecht, extension swine husbandman of Texas A. & M. College.

He says that hogs weighing more than 230 pounds are not in strong demand because of their lardiness, and too, after they pass this weight they become less efficient utilizers of the feed they consume.

He recommends watching the hog gains very closely and topping-out the animals as they reach the 200 to 230 pound weight range.

Regenbrecht says that Texas is still a heavy pork importing state and he believes that Texas producers can profitably increase their output of hogs.

He says that hog producers should strive to continually improve the quality of the hogs they produce for market and that good pastures and more efficient feeding and management practices should be followed to cut down the production costs.

Hog producers an especially those who feed hogs for market should watch closely the research work that is now underway at many of the State Experiment Stations, including the State Station, on the use of APF (animal protein factor) vitamin B12 and the antibiotics, in the hog feeding rations. These research findings may very materially affect hog production in the near future.

A. C. Boggs was taken to Dallas Monday morning for another check-up.

Washington News Letter

By Congressman Ed Gossett

WASHINGTON, D. C., June 28.—This will be our last newsletter until further notice, probably until the next session of Congress which convenes on January 3, 1951.

Most members of Congress do not write newsletters during campaign years as a matter of policy, gain, from now until January, will be difficult for me to know where I will be at letter writing time. Next Thursday noon, I will put Mrs. Gossett and our three youngest children on an airplane for Texas. At the time, I will leave Washington by automobile for Texas with our two older children. Mrs. Gossett and the children will spend two months with her father at Quannah. After making a Fourth of July speech in Seymour, and after addressing the State Bar Convention in San Antonio, I will fly back to Washington for further congressional work. Between now and January, it will be necessary for me to make not less than five round trips between Washington and Texas. These trips are at my own expense.

Since we have three children in school, the family must be brought back to Washington around September 1. After bringing them back I will return to Texas immediately.

The House this week passed a bill recommended by the Armed Services Committee to permit the American Army abroad to enlist 2500 aliens abroad per year, for overseas service in the American Armed Forces. After five years of service, these aliens will be given the right to enter the United States and to become American citizens immediately. I voted against this bill, because I thought it to be dangerous and unnecessary. Last year, we passed a law giving the Armed Services a right to admit 100 aliens without anyone's knowledge. This was to furnish haven and refuge for persons who had furnished valuable information or service to this country and whom the Armed Services wished to protect by bringing them here. Again, the House recently passed a bill to permit a Board to select 2500 aliens in any way they wished for admission to this country. This was known as a Selective Immigration bill. It has long been my contention that our Immigration laws were too lax and that we have too many holes in the wall through which almost anyone could slip into this country.

Next week in the House is to

be a stormy one. A tax bill, on which the Ways and Means Committee has labored for four long months, will be debated and voted upon. The principal features of this bill are its reduction and repeal of certain excise taxes and its increase of corporation taxes. The bill reduces or repeals excise taxes upon luggage, jewelry, furs, cosmetics, admissions, cabarets, chewing tobacco, snuff, cigars, distilled spirits, used in medicines, amusement devices, tires and inner tubes, automobile parts and accessories, musical instruments, refrigerators, sporting goods, electric gas and oil appliances, photographic apparatus, business and store machines, matches, telephone and telegraph, transportation of persons and transportation of property.

I note in a recent magazine article that Mr. Ed Holden, manager of the El Paso Chamber of Commerce, is the son of Mr. W. M. Holden, who is manager of the Fort Worth Chamber of Commerce. The very able young man who manages the Wichita Falls Chamber of Commerce is Ben Blanton, son of Mr. Bill Blanton, who is manager of the Houston Chamber of Commerce. Thus it appears that sons are inclined to follow in the footsteps of their fathers. I was startled recently when someone asked my 9 year old son, Glenn, what he was going to do when he became a man. His reply was, "I am going to be a Congressman." Doubtless he will change his ambition when he learns of the turmoil and strife of a Congressman's life.

Another disastrous railway strike threatens the country. The Switchman's Union on a number of roads has refused to accept an 18 cents per hour, or \$1.44 a day increase in pay as recommended by an Emergency Board set up by the President. If this strike occurs, it will stop a number of trains and seriously interfere with the wheat harvest in many areas of the country. Here's another example of the public's damned attitude of an organization willing to abuse its power. Too much power, where ever lodged, is almost always abused.

Weekly Health LETTER

Issued by Dr. Geo. W. Cox
M. D., State Health Officer
of Texas

AUSTIN—Death rates in diabetics is three times as high in diabetics whose condition was not discovered until after complications developed than for patients whose illness was recognized and brought under treatment before advanced symptoms appeared.

Based on recently completed national studies, this was revealed Thursday by State Health Officer Geo. W. Cox.

"Diabetes has not always been a public health problem," the health officer declared. "It became one when we found that the death rate is much greater when the condition is discovered late.

"Public education makes for lower death rates, and public education in such matters is a health department job."

Dr. Cox told this story about diabetes:

It used to be that diabetic patients sought treatment only after having developed serious complications. A considerable number of all diabetics examined at autopsy showed active pulmonary tuberculosis.

The discovery of insulin gave physicians a specific treatment for prolonging patients' lives, even before it was entirely clear what the disease was and what its effects were. Thus, event after event took place with insulin therapy, eventually leading to the realization that early discovery means longer life.

"Diabetes mellitus" — called sugar diabetes by some people — is a condition in which the body cannot properly process the sugar it needs. The result is chronic thirst, hunger, and weakness. Eventually, without insulin, the patient will literally starve to death. Insulin injections will correct the faulty body process.

"In 1949, there were 739 diabetes deaths in Texas," Dr. Cox said. "By comparison that same year there were only 189 polio deaths.

"It's the family physician who is in the best position to discover diabetes or a pre-diabetic condition. That's just one more point in favor of regular medical check-ups," the doctor concluded.

June is Dairy Month. Salute your local dairy industry for they have had a part in making America the best fed nation in the world.

MARINE AIR RESERVE MOBILIZATION * 1950

41 U. S. MARINE AIR RESERVE SQUADRONS, based at 25 U. S. Naval Air Stations throughout the nation, are poised to make the two largest coast-to-coast mass air movements ever planned for American reserve air fighter units in peacetime. 21 Western squadrons will leave home stations (black arrows) simultaneously, July 8th, 1950, for maneuvers lasting to July 22nd at Cherry Point, N. C. 20 squadrons at bases east of the Mississippi (white arrows) will leave simultaneously August 5th, 1950, for maneuvers lasting to August 19th at El Toro (Santa Ana), California. Fast moving Marine mobile radar equipment will be set up in radar networks in the field to direct interception of "attacking" planes.

Official U. S. M. C. Photo-Mat

Carolyn Hannah Is Run-Off Candidate In Queen's Race

ABILENE, TEXAS, June 22—(Special)—Voting was close enough to warrant a runoff between Helen Engle and Carolyn Hannah for Summer Queen at Hardin-Simmons University, tabulations showed today. Miss Engle polled 163 votes and Miss Hannah 156.

Howard McChesney, chairman of the campaign committee, announced that the runoff will be held Wednesday, June 28, during the chapel period. Approximately 1200 students are eligible to cast their votes.

Both candidates have been elected to royalty before—Miss Engle was Queen of Howard County Farm and Ranch Bureau, and Miss Hannah was Duchess to the Cotton Ball, representing four counties. Both have held numerous offices and honors during their enrollment at Hardin-Simmons.

Miss Engle, daughter of Mr. and Mrs. C. J. Engle, Coahoma, is 19 years old and will be graduated with an AB degree in August. She will take a major in English with a minor in speech. She has been a member of the

Cowgirls, Beta Mu Kappa, Alpha Psi Omega, Players Club, and the H-SU Rodeo Association; was treasurer of the freshman class and the junior class favorite. She is engaged to Bill Humphrey, an H-SU graduate and wedding bells will ring for the pair in the latter part of August.

Miss Hannah, 20 years old AB from Munday, is the daughter of Mr. and Mrs. Leland Hannah of that city. She, too, will graduate in August with a major in piano and a double minor of theory and English.

Miss Hannah has served as president of the Hunter Hall Council, student council sophomore representative, the junior class secretary, freshman class favorite, and was elected Beauty and Best campaign held during the fall semester of 1949.

She is a member of Who's Who in American Colleges and Universities, the Y. W. C. A., Cowgirls and Beta Mu Kappa.

A definite date has not been set for the coronation, McChesney said, but it will probably be held during the next six weeks semester. Theme of the program, nor the location, has been decided upon.

The six remaining nominees for summer queen will be "ladies in waiting," to the queen at her coronation. They are Durelle Stokes, Snyder; Johnnie Delle Brock, Snyder; June Posey, Blythville, Arkansas;

Barbara Brown, Midland; Doris Clemmer, Abilene; and either Miss Hannah or Miss Engle.

Miss Iula Yarbrough was a victim of a hit and run driver Sunday night in Bayers, Texas. Miss Yarbrough is a sister of Mr. Ben Yarbrough, well known in Munday. Reports are that her condition remains critical.

Ronald Foshee, Jr. Enters Training At Camp Hood, Texas

FT. HOOD—Ronald E. Foshee Jr., son of Mr. and Mrs. R. E. Foshee of Munday, arrived here recently to attend the Reserve Officers Training Corps summer camp.

Cadet Foshee, majoring in Agricultural Engineering at A. & M. College of Texas, will receive six weeks of intensive field training in weapons, marksmanship, tactics and various other military subjects while at camp.

This training, intended to develop qualities of leadership for future use in military and civilian life, is being conducted for 520 advanced military students from eighteen colleges and universities in ten southwestern states.

Satisfactory completion of summer camp, combined with required military instruction given at school will qualify cadet Foshee for a commission as 2nd Lieutenant in the Organized Reserve Corps of the United States Army upon graduation from A. & M.

The camp is under the direction of Colonel Ray M. O'Day, Professor of Military Science and Tactics of the University of Arkansas at Fayetteville, Arkansas.

Mrs. T. M. Anderson and daughters of Wichita Falls spent the week end with Mr. and Mrs. A. E. Bowley at Lake Kemp. Mrs. Anderson is spending the rest of the week here with Mr. and Mrs. Bowley.

Wallace Moorehouse and daughter, Ann, of Seymour were visitors here last Tuesday.

Seven From County In Summer School At H.-S.U., Abilene

ABILENE—Three persons from Munday, four from Goree, and one from Sagerton are among the 1200 attending the summer school at Hardin-Simmons University. They were enrolled in the first six weeks of school which will be concluded July 8. The second six weeks term will start July 11. There will be a final three weeks term beginning August 19.

Approximately half the students are graduates. Many of them are attending as a result of the Gilmer-Aikin bill.

Those from Munday are Marilyn Jean Edwards, junior; Carolyn Hannah, senior; Elizabeth Sue Bowden, graduate.

Attending from Goree are Martha Ann Waddill, junior; Billy Wright, sophomore; Maggie Arnold, senior; Ina Arnold, senior; Ina Cowan, graduate. The one from Sagerton is Mary Gay, graduate.

\$90,000,000.00

Over 90 Million Dollars cash surplus was in the General Fund of Texas when W. O. REED concluded his term as Speaker of the House of Representatives in 1948. TODAY THERE IS NO SURPLUS.

Elect
W. O. REED
YOUR LIEUT. GOVERNOR

W. O. REED has really done something about efficiency and economy in our state government besides talk about it.

W. O. REED wrote the pay-as-you-go law which put Texas on a cash basis in 1942, and prevents the Legislature spending money it does not have.

W. O. REED believes our state government, like a family, should live within its income.

WE NEED REED!

Legal Notice

THE STATE OF TEXAS

To: G. A. Hernandez, Antonio, his wife, and her children, if any they have, and their wives and husbands, if they have any; whose names and residence are unknown to plaintiff and their heirs and legal representatives and all other persons claiming the lot in this suit, Defendants. Greeting:

You are hereby commanded to appear before the Honorable District Court of Knox County at the Court House thereof, in Benjamin, Texas at or before 10 o'clock A. M. of the first Monday after the expiration of forty-two days from the date of issuance of this citation, same being the 25th day of July, A. D., 1950, then and there to answer Plaintiff's Petition filed in said Court on the 5th day of June, A. D., 1950, in this cause, numbered 4783 on the docket of said court and styled F. H. Russell, Plaintiff vs. G. A. Hernandez and the others above state, as Defendant.

A brief statement of the nature of this suit is as follows, to-wit:

A suit in Trespass to try title and remove cloud from the Title to Lot 11, Block 4, Munday, Texas, as shown on the May recorded in Vol. 10, Page 368, of the Deed Records of Knox County, Texas, in the Office of the County Clerk of Knox County, Texas, which is sometimes now called West Munday, as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Benjamin, Texas, this 8th day of June, A. D., 1950.

Attest:
OPAL H. LOGAN, Clerk,
District Court, Knox County, Texas.

46-4tc

Weekly Health LETTER

Issued by Dr. Geo. W. Cox
M. D., State Health Officer
of Texas

AUSTIN—Commenting on the unusually high incidence of dysentery in Texas at the present time, Dr. Geo. W. Cox, State Health Officer, described dysentery as being an infectious disease characterized by diarrhea, pain in the abdomen, and toxemia. It is caused by a specific

bacteria or germ. These germs cause inflammation of the lining of the intestinal tract which produce pain through the abdomen and the discharge of many loose stools that frequently contain blood and mucus. Toxemia results from absorption of the poisonous substances produced by the germs.

"The germs gain entrance to the body through the mouth," Dr. Cox said, "and then make their way to the intestines in the same manner in which food does. When they reach the intestines they find conditions favorable to their growth, and they establish themselves to the expense of the person infected

Woman Stars In Unusual Sales Job

Outstanding success in an unusual field for women—selling trucks to large operators of automotive equipment—is the record of Mrs. Dorothy Dennis, fleet sales manager of a large Chevrolet dealership in St. Louis and believed to be the only woman in the country to occupy such a position in the automobile industry. Entering the highly competitive fleet business, Mrs. Dennis established a notable record in the sale of cars and trucks to owners of large fleets in the middle-west. Pictured above with two officials of the United Van Lines, Mrs. Dennis says the formula for sales success consists of hard work, enthusiasm and customer service.

Insect Control Pays Dividends, Farmers Told

Tests Prove Application Of Insecticides Bring Added Cotton Profits

Tests in which higher cotton yields and greater profits have been gained through an effective insect control program prove that money spent for insecticides is a wise investment, the National Cotton Council reports.

Cited as an example was the yield of 700 pounds of lint cotton per acre last year on a Mississippi plantation even though surrounding fields were devastated by boll weevil. Although the cost of 10 to 12 applications of poison amounted to \$18.80 per acre, this 2000-acre operation proved to be a profitable venture at a time when many farmers in the area suffered serious losses from cotton pests. In Mississippi last year cotton insects reduced the state yield an estimated 28 percent and inflicted damage set at \$124,057,350.

Comparative Yields
Plots dusted for weevil control of one set of experiments in Arkansas last year produced an average of 1594 pounds of seed cotton to the acre. At the same time undusted plots produced only 345 pounds.

The Alabama Extension Service points out that on unpoisoned plots the seed cotton yield was 650 pounds per acre. When application of insecticides was made, yields ranged as high as 1090 pounds per acre. The average gain in yield as a result of insect control measures amounted to an increase of approximately \$44 per acre in gross income.

Farmers Alerted
Cotton Council officials have alerted farmers to the need for

intensive insect control programs this season because early boll weevil counts show that pest infestation may be the highest on record. Farmers should consult local county agents or vocational agriculture workers and take every precaution to prevent insect damage like the \$617,874,186 pest loss of last year.

IT PAYS TO ADVERTISE

From where I sit ... by Joe Marsh

Maybe This'll Wake Us Up!

Because a couple of thoughtless drivers threw a newspaper out of their car yesterday, Miss Gilbert, our school principal, nearly had a bad accident.

She was following them on the highway and the paper flattened over her windshield, so she couldn't see. In a minute her little coupe was across the line—right in the path of an oncoming trailer-truck. It missed... but only just!

The parties were recognized and soon as I heard about it I ran over to Sheriff Harper—demanded they be brought up on charges. But

Harper says: "Hold on, Joe. Let's talk this out, over supper and a glass of beer at Andy's."

He pointed out that those men aren't criminals. Just careless, like a lot of us seem to be getting these days, judging from the trash you see along roadsides. From where I sit, this near accident may be the lesson we need to make us stop littering our roads—and start showing a little tolerant consideration for our neighbors!

and produce harmful effects."

Dr. Cox warned that dysentery effects young children more often and more seriously than adults, frequently resulting fatally; however, he said, it may occur at any age. It is usually more prevalent during the summer season, and the great number of cases now being reported are unusual for spring.

"The germ is always expelled with the excreta of persons sick with dysentery and may continue to be expelled for some time after the patient recovers from the disease. These persons who still discharge the germ after their recovery are called carriers, and they occur more frequently in this disease than in the majority of other infectious diseases.

"Food protection and adequate sanitary measures are more urgently needed now than ever before if we control the potential possibilities of epidemic dysentery in the State."

Mr. and Mrs. Jack Clowdis and Mr. and Mrs. Melvin Strickland visited in Graham this past week end.

Mrs. Dave Eiland returned Friday night from Philadelphia. She had been there for three weeks visiting her daughter and son-in-law, Dr. and Mrs. George Martin.

Mr. and Mrs. Sidney Winchester are building a large cabin on Lake Kemp. The cabin has three bedrooms, a living room, kitchen, bath, two halls, and a garage.

Mr. and Mrs. Dick Price and Charlotte of Waco, visited Mr. and Mrs. Tom Price and friends in Munday over the week end.

Takes it easy all the time!

Prestomatic Fluid Drive Transmission consists of three compact units... gital Fluid Drive, the Safety Clutch and Prestomatic Transmission. Each unit is designed with a minimum of moving parts, and each unit is ruggedly built to give trouble-free service for the lifetime of the car.

Make no mistake! Although most cars use the Fluid Drive principle that Chrysler first introduced 12 years ago—there's an all-important difference in automatic gear shifting today! Chrysler and only Chrysler gives you full control of your car. While others shift you up and down—even when you don't want to shift—Chrysler's simple, cool-running transmission takes its orders from you. Even at 12 miles an hour, in slow moving traffic, you're in high while others shift down to lower gears. How much quieter your engine runs! How much more smoothly! What a difference in high-gear economy! Come see what Fluid Drive does for you! Examine Chrysler workmanship... compare the quality of materials... discover the benefits of Chrysler engineering! You'll find built-in value all the way through that has no equal! Extra money's worth, we're sure, that will make you a Chrysler buyer for life!

THE NEW YORKER 4-DOOR SEDAN

See it—drive it... there's built-in value all the way through!

Advantages of Chrysler's Fluid Drive

Automatic Gear Shifting—with full control of your car! Better traction—safer on slippery roads. Convenience of clutch for easier parking. Slower Engine Speeds—reduced noise, wear. Saves gasoline! Drive in high while others drive in low in traffic.

Advantages of Chrysler's High Compression Spitfire Engine!

Waterproof Ignition—prevents stalling in rain or high water! Lubricated Cylinder Walls—chemical protection for increased life. Floating Power—helps eliminate vibration. Superfinished Parts—reduce friction, last longer. Exhaust Valve Seat Inserts—reduce need for valve grinding! Full Flow Oil Filter—keeps oil clean!

Chrysler's Advantages in Comfort and Safety

Functional Design—full room for your head, legs, shoulders. Easy to enter and leave! Safe Guard Hydraulic Brakes—smoother stops, less pedal pressure. Cyclebonded linings for double the wear. Electrically Operated Windshield Wiper—constant speed all the time! Chair Height Seats—no crouching, you sit naturally! Safety Rim Wheels—won't throw tires after blowouts at normal speeds.

Class Of 1928 Holds Reunion

On Sunday, June 25, the Class of 1928 of the Munday High School had a fellowship meeting in Munday, Texas. The hall in which they met was decorated with large baskets of zinnias and gladioli.

luncheon was served at the Warren Coffee Shop for eight members, their wives, husbands and children.

Repairing to the hall, a business session was held and Mr. Truman White of Paducah was re-elected president and Miss Bertha McNeill of Wichita Falls as secretary.

The original class prophecy was read, revealing only one out of the twenty-one classmates had fulfilled their prophesied

future. Mrs. Gladys (Crume) McAdams became a teacher in the public schools, later compromising on a one pupil class with the name of McAdams.

Visiting hours over, the class departed to meet again the last Sunday in June in 1955.

Of the eight members present were: Miss Bertha McNeill and Mrs. Delphine Wilson of Wichita Falls; Mrs. Eloise Fatheree, Fort Worth; Mrs. Odell Cenault, and Truman White of Paducah;

Rayon Sun Wear

Sure simple lines and a truly beautiful fabric make an ideal combination for this shorts and blouse set. The fabric is a linen-textured rayon, made with Avisco yarns — washable, sun-fast and crease resistant. The scoop neckline blouse and the shorts with their intriguing Moroccan motif come in exciting shades of flame, champagne, wisteria, smoke and misty gray.

and Miss Imogene McCarty, Mrs. Ruby McNeill, and Homer Lain, all of Munday.

Mrs. W. M. Mayo spent several days during the week end in Seymour, attending the bedside of her daughter, Mrs. Agnes Mayes of Amarillo, who entered the Baylor County Hospital last Friday for medical treatment.

taxes and the balance of 21 percent from a great variety of excise and miscellaneous taxes.

A tax study issued this month by the Brookings Institution, an impartial research organization, revealed that three-fifths of all manufacturing corporations take the corporate income tax into account in determining the prices of their products. This means that the consumer pays a large part of corporation taxes, too.

Ernest Beech, executive vice-president of the Ford Motor Co., in reply to a question whether the price of cars would go down if his company's taxes were cut, said:

"Certainly it would cut prices. In the long run, every corporation must price its products so as to make a reasonable return after taxes in order to survive and grow. In the final analysis income taxes are just as much a cost of doing business as payroll."

A group of Congressmen, doing some rough figuring on their own recently, concluded that a family of three persons with an income if \$3,000 pays \$201.60 of that income in corporation taxes which are not included in the prices of the things they buy. A family of four with an income of \$5,000 pays \$316.80, and the same sized family with an income of \$7,500 pays \$414.

The Agricultural Experiment Station of the Texas A. & M. College System is conducting experiments to test the resistance of certain varieties of sweet potatoes to Internal Cork Disease.

FOR RENT—Remington typewriter, by the week or month. THE MUNDAY TIMES, 31-fc.

The infestation of thrips on flowers and many ornamental plants is particularly heavy this year in many sections of the state. They are hard to see and are often unnoticed until damages caused by them begin to show. They suck up the sap from the plants and cause the affected parts to take on a dried up appearance.

Farm property losses from lightning average about \$10 million per year. An estimated 400 lives are lost and from 800 to 1,000 rural people are injured each year by lightning.

the trip for their boys. Other citizens made contributions, realizing the value of investing in youth. Eventually it was determined that six boys from the Munday troop would take the trip.

Thus it was that the "bread was cast upon the waters." No doubt it will be returned many fold in the future. The boys who stayed at home will take the trip "second hand" through reports from these six who are away for the next two weeks.

The jamboree should make them better Americans. It should make America better.

Survey Reveals Business Taxes Fall On Public

The influence of taxes on the American family will be uppermost in the minds of members of Congress for the next few weeks. They are seeking the answer to this question:

How can they satisfy increasing public demands for tax reduction and at the same time find other taxes to offset such a reduction? Their problem is made double hard by the fact that Uncle Sam wants to spend \$5½ billion above his income next year.

The Council of State Chambers of Commerce today pointed out the problem in a special study by its Washington research staff. It found that the \$40½ billion in all taxes collected by the Federal Government last year came from these sources: 44½ percent from personal income taxes, 28½ percent from corporation income taxes, 6 percent from social security
