The people who know him trust him. This is evidenced by the manner in which his neighbors and friends, in his own community supported him in the primaries by giving him a commanding lead over all opponents. At the same time, a commanding lead over all opponents. At the same time, er. the man who is doing most to impugne the character of John Connally, was repudiated by his own townsmen when they failed to give him a majority. In the November 6, general election Texans have a choice. They may choose a man who has made a tremendous success of his personal business — one who has demonstrated time after time his ability of leadership, one who has remained true to his principals, one who has offered the people of Texas a plan for going ahead: or they may choose one Texas a plan for going ahead; or they may choose one who has offered nothing constructive in his campaigning, Survivors best one who was repudiated by his own party on two occasions, as was John Connally's opponent. We urge you to consider the qualifications of the two men, consider their background, consider their demonstrated abilities, compare the campaigns they have waged, look at their platforms. If you make a careful comparison we know that
you will join other Texans in electing John Connally by

## SPUNKY NEW WAGONS THAT LEAD LONGER, HAPPIER LIVES

What a new kick you'll get out of going places in this one! And what a solvent feeling you'll get as the savings on upkeep mount! There's a full line of models, including three wagons. Basically, we've kept Chevy II's liveliness and roominess and easy loading ways. Kept its crisp looks, too (with a bit of freshening here and there). The changes we've made weren't for change's sake, you see—but for yours. Just for a sample: the brakes are self-adjusting. The new Delcotron generator gives you more electrical reserve power and helps your battery reach a vigorous old age. The Body by Fisher

beauty lasts longer, too; air pushes rain and wash water down through the rocker panels (where most rust begins!) in a clever new flush-and-dry system. The ride is smoother and quieter because of a large number of small improvements we've made. And things are a lot plushier inside. Now you've read this far, haven't you? Isn't that good evidence that Chevy III is made for you? The clincher will come when you take the wheel at your Chevrolet dealer's.

See four entirely different kinds of cars at your Chevrolet dealer's . . . Chevrolet, Chevy II, Corvair & Corvette.

See the "New Reliables" now at your Chevrolet dealer's!

# LET US REASON TOGETHER

# **Humble Statement Of Our**

As humbly as we know how, we state here our stand on the issue of the legalized sale of alcoholic beverages in Baird and in Callahan County so that there may be no question in the minds of our friends on both sides of the issue.

First, let us state that the sale of alcoholic drinks IS NOT, AND NEVER HAS BEEN CONSIDERED A FOLITICAL ISSUE. IT IS, and has always been A MOR-AL AND A SOCIAL ISSUE. We have been accused of attempting to deny the people of Baird their right to vote when we promise to make public the names of those who sign the petition. That is far from true. We will join in any fight to preserve the right of an individual to vote. .. But, since we consider this issue MORAL rather than POLITICAL, we shall continue to fight it with every means at our disposal. .. We shall oppose the sale of alcohol in Baird and Callahan County in any form, in any way and in any location.

We shall oppose the legalizing of IMMORALITY in any form, whether it be the sale of boer, whiskey and wine, gambling, murder or any form of it — WE WILL OPPOSE IT. We feel it is our duty to our families, and to yours, to exert all our power and influence in defeating the legalization of this form of immorality, and we ask you to join us in our fight. .. Do not sign the petition seeking to legalize the sale of all types of alcohol in Baird, is our plea. ..Join us in our stand against this evil. ..There is too much evidence that alcohol is behind the rising crime rate among both adults and juveniles and that it is responsible for the deaths of countless men, women, boys and girls for us to stand idly by without raising our voices in opposition to the legalizing of the sale of such a vile thing.

We fight it with malice toward no one, but we shall continue to fight it with every means at our command.

# We Issue The Following Challenge

To those of our friends who are thinking that the legal sale of alcoholic beverages in Baird will bring a more prosperous community, we make the following proposal. First, let us challenge that statement. The sale of alcoholic beverages benefits only the ones who sell it, the one who manufacture it and the ones who distribute it wholesale. .. Precious little of the revenue remains in the community, and that is a high price to pay for the probable heartbreak and possible moral breakdown of the community.

However, to those who are sincere in their beliefs, we offer you the tollowing challenge: let us all join hands in a worthwhile effort to improve the economic stature of Baird. We will meet with you – we will work with you in an effort to bring payrolls to our town. IF WE ALL EXERT OUR EFFORTS, IN UNITY, TOWARD A WORTHWHILE MORALLY ACCEPTABLE PROJECT, MUCH CAN BE ACCOMPLISHED TOWARD MAKING BAIRD GROW AND PROSPER.

We believe in Baird. We believe in its people. And we ask you to join hands with us in an all-out effort. Let us combine our efforts; combine our moneys and let us strive together for a better place in which to raise our children. ..Let us strive to help our community grow to a point where our youths may find their place at home, rather than having to leave to seek employment. By working toward a common goal which meets the approval of God, we can accomplish that. Will you join us, or will you take the lead in that direction that we may work
