

Kracker Krumb's Odd Bits Salvaged At Random

People who chuck people's houses at night, rattle their doors or ring their door bells are traveling in the wrong direction.

Reports are that such activities are becoming rampant in Munday lately, with local people being frightened after they've retired by brickbats, huge chunks of concrete, or large rocks crashing their homes with terrific noises.

The general belief is that the pranksters are boys; if so, they are boys who are playing the wrong game.

There's always the possibility of someone being shot, because people don't like molesting noises about their premises after nightfall.

There's the possibility, too, of someone getting caught in the act and made to pay for their mischief. No one has been caught yet, that we know of, but they will be sometime.

As we said, people who pull those acts of mischief are traveling in the wrong direction. The street they're traveling will likely end up as a "dead end" street, and they'll find no escape eventually.

Some people report their houses disturbed as often as once or twice a week.

Some are older people who made their contributions to society by long lives of peacefulness and usefulness, and have now settled down to the quietude of declining years.

Being so unceremoniously disturbed during the dead quiet of night does not contribute to their health, happiness or peace of mind.

Such acts are becoming destructive, too. Large boulders could bring injury to house-tops, breaking the protective roofing and causing leaks during wet weather.

Reports have come, too, that door glassess in one or two homes have been broken by the thrown missiles.

Victims of such acts couldn't all be those against whom some "mean kid" has a spite. In the main, are people who live their own peaceful lives, doing harm to no one and having no foes, who want peace and quiet in their homes.

They are the people who, in every way of thinking, are entitled to nights of undisturbed quiet and rest.

Such acts should be stopped—and quickly.

But our police force is severely handicapped. By the time a disturbance is reported and police arrive, there's no one in the area, nothing that might lead to an arrest.

But the practice will be stopped, sooner or later. Some time the culprit will approach the wrong house to do his mischief.

Citizens of the town are somewhat reticent about reporting the disturbances, thinking that perhaps the acts are performed by kids who will then take spite out on them.

But our police welcome the reporting of these incidents. They realize how severely they are handicapped unless they receive the full cooperation of the people.

They can't be everywhere at the same time—and those up to mischief generally have a pretty good idea where the police are when they're performing their acts.

We need to cooperate with the police and everyone else to get their practice stopped. An entire neighborhood should be alerted when one act of disturbance is performed.

We need to help to make the way these folks are traveling (Continued on last Page)

Knox County Hospital Notes

Patients dismissed since January 15th:

E. E. Teaff, Knox City; Earl Strickland, Aspermont; Manuel Gonzales, O'Brien; Luna Erres, Knox City; Marie Webber, Knox City; Weldon Patterson, Benjamin; Mrs. Arthur Iseng, Gilliland; Ben Allen, Rule; Mrs. James Dutton, Knox City; Mrs. Lou Miller, Rochester; Wanda Beth Welch, Gilliland; Mrs. John Walker, Weinert; Mrs. Bernard Kuehler, Munday; Judy Ehler, Munday; Myrtis Farris, Knox City; Darwin Frazier, Aspermont; Mrs. Agnacio Costillo and baby, Weinert; Mrs. Juan Perez and baby, Rochester; Mrs. W. T. Montgomery, Knox City; Charlie Moorhouse, Benjamin; L. R. McMahon, Vera; Opal Pettit, Rule; Baldera Micales, Knox City; Mrs. Elsa Figuero, and baby, O'Brien; Mrs. James Hobbs and baby, Knox City; Mr. and Mrs. Jesus Aquero, Benjamin; Mrs. R. C. Partridge, Munday; Mrs. C. Mooney and Don, Seymour; Leona Joyce Perry, Knox City; A. Hall, Rochester; Donald Belcher, Goree; Lael Faiz Salman, Rochester; Herbert Sams, Benjamin; W. A. Tigert, Goree; Alta Johnson, Munday; Carl Clarke, Rochester.

Patients in the hospital January 22nd:

Timmy Kilpatrick, Ft. Worth; Bob Thompson, O'Brien; Glenda King, O'Brien; Mrs. W. L. Moore, Goree; Mrs. Lee Smith, Knox City; Mrs. Harold Beck, and baby, Vera; Mrs. Ida M. Watson, Munday; Mrs. T. J. Strange, Munday; Mrs. Ivan B. Gresham, Munday; John Dutton, Knox City; Carolyn Hannah, Munday; Mrs. Jessie Mashall, Benjamin; A. L. Kinnebrogh, Mrs. Refugio Alsides, O'Brien; C. A. Steinvide, Munday; T. James, Knox City; T. E. Robbins, Knox City; Earl Sams, Benjamin; Dorothy Ann Tatum, and baby, Munday; Lula Williams, Munday; J. D. Strickland, Rochester; Mrs. Frank Adams, Munday; D. B. Jones, Goree; E. G. Richards, Vera; Mrs. T. J. Strange, Munday.

Births:

Mr. and Mrs. Juan Perez, Rochester, a daughter. Mr. and Mrs. Ignacio Costillo, Weinert, a daughter. Mr. and Mrs. Harold Beck, Vera, a daughter. George and Dorothy Ann Tatum, a daughter.

Well Known Crowell Man Dies Jan. 15th

J. D. Johnson, age 90, of Crowell, passed on Monday, January 15, and funeral services were held at Crowell on January 17.

A granddaughter, Mrs. Carl Howry of Goree, was at his bedside when death came, and Mr. Howry and children attended the funeral services.

Mr. and Mrs. Lowry Wilson and Kathy left last Sunday afternoon for Fort Worth to make their home.

Four Generations of Harrisons

Clearance Sale Opens Thursday At Cobb's Store

Adhering to a policy of several years' standing, Cobb's Department Store in Munday this week announces its annual January clearance sale. The sale opened Thursday morning of this week.

It's really a problem to have a clearance sale at a time like this, when merchandise continues to advance regularly," E. E. King, manager of the store, said. "But it has been the custom of Cobb's Department Store to hold a clearance sale in January and we're continuing that custom.

"Our sale also comes at a time when lots of merchants are 'playing it safe' and keeping regular markups on their merchandise, but we are making drastic reductions in prices during this sale.

"You can stock up with quality merchandise at astoundingly low prices, and you need have no fear of the quality, as Cobb's feature nationally advertised brands. Stocks are limited in some instances, so it will pay you to visit our sale early."

This sale also celebrates the first anniversary of Cobb's Department Store in Munday. It was on January 24, 1950, that Cobb's took over the firm of Baker-McCarty.

The local store was closed all day Wednesday, while employees were getting merchandise marked down for this sale.

Collander Infant Buried January 14

Funeral services were held Monday, January 15, from Sarsvers Baptist Church in Irving for Kenneth Wayne Collander, who died Sunday, January 14, at the age of 1 year and 4 days. Rev. W. M. Biggs conducted the services, and burial was at the Shady Grove cemetery.

Pallbearers were Jack Proffitt, J. T. Barnett, Bobby Joe Farmer and Jerry Don Collander.

Survivors are the parents, Mr. and Mrs. W. A. Collander; a brother, William Ray, and a sister, Janice Ann, all of Irving; grandparents, Mr. and Mrs. Jim Proffitt of Goree, and Mr. and Mrs. George Callander of Dallas; great grandparents, Mrs. E. Attaway of Alvord, William Attaway of Dallas and Mrs. Alois Collander of Czechoslovakia.

BIRTH ANNOUNCEMENT

A girl weighing 6½ pounds was born to Mr. and Mrs. Bill Fuller of Arlington on Tuesday, January 16. She has been named Carolyn Kay. Mrs. Fuller is the former Bobby Proffitt.

Mr. and Mrs. Emmett Branch and Carl George were in Dallas last Tuesday, where Mr. and Mrs. Branch attended the bedside of a relative, who is in a Dallas hospital.

Farmers Plant Bluestem Grass, Do Terracing

The following cooperators of the Wichita-Brazos Soil Conservation District have started planting King Ranch bluestem grass seed: Claud Reed on the Jamison farm east of Knox City, O. O. Putnam, Floyd Bowman, C. P. Baker and Lloyd Paterson, all east of Weinert. They are using the District grass drill. This land is being retired to grass to be used for grazing livestock and is a part of their conservation plan to use their land according to its best capacity. It is anticipated that a rather large acreage of this grass will be planted this spring, as better than fifty-five cooperators have spoken for the use of the drills.

Terrace lines have been run on the following cooperators: Roy Lebus Ranch west of Benjamin, M. C. Webb near Judd, John Maly's farm near Haskell, C. Y. Mirris near Rule, League Ranch near Benjamin, Barney Arnold west of Knox City, and J. A. Jenkins southeast of Munday. The lines were run by technicians of the Soil Conservation Service assisting the District. The constructing of terraces and the planting of grass by these cooperators is but a part of their coordinated plan to use their land wisely now so that it will be in good shape for future generations.

Delivery to Fort Worth and Denver City Railway on an order for 250 new box cars began January 12th. On that day, 22 new box cars came off the assembly line and the remainder will be turned out at the rate of 17 per day until delivery of the entire order is completed.

January 31 Last Date For Paying Taxes

M. A. Bumpas, Jr., county tax assessor and collector, called attention to Knox County people this week that January 31, 1951, is the last date on which to pay poll taxes in order to vote during this year.

"This is also the last date to pay your state and county ad valorem taxes without penalty, plus interest," he said. City Secretary Harvey Lee has also announced that penalty and interest will also be added to all unpaid city and school taxes after January 31.

"Any person who desires to do may pay their taxes by mailing in a check," Mr. Bumpas said, "but when paying poll taxes you should give the following information if you did not pay your poll tax in the county last year: Name, town, voting box occupation, number of years residence in the state, in Knox County and in the voting precinct. Poll taxes are \$1.75 each.

Mr. and Mrs. Sidney Winchester, Mr. and Mrs. Tolby Winchester and Miss Shirley Yost spent the week end in San Antonio, visiting Bobby Ray Winchester, Charles Hardin and Chester Gray, who were at Lackland Air Base but were to be shipped out this week.

J. C. Campbell of Munday, John May of Knox City and Barton Carl of Goree were business visitors in Dallas the first part of the week.

All-Star Team Downs Haskell Here Monday

What was the score? "Oh, about 50 to 30, I think." And that's the report we got on the basketball game here last Monday night which featured some of the gridiron greats of the Southwest Conference.

The first half was a good game, they reported, but the Hooker-Vandergriff all-stars of Dallas were just too much for the Haskell boys who were playing against them. In the second half, these SMU Ponies just lounded around, and shot goals when there was no one handy to pass the ball to—making easy pickings out of their opponents.

Making up the Dallas team were Kyle Rote, Fred Benners, Percy Penn, Ben White, Tom McKnight and Bud Bellis of SMU and Richard Kozad of Texas Wesleyan College.

It was almost a full house that night. Basketball fans and friends of Gerald Myers, Mogul star who broke a limb in a conference game recently, turned out in large numbers for this benefit game.

Those who scheduled this exhibition game to benefit Myers are enthusiastic in their thanks and appreciation to those who cooperated in attendance or the purchase of tickets.

Burlington Orders New Freight Cars

Delivery to Fort Worth and Denver City Railway on an order for 250 new box cars began January 12th.

On that day, 22 new box cars came off the assembly line and the remainder will be turned out at the rate of 17 per day until delivery of the entire order is completed.

R. Wright Armstrong, Vice-President, Burlington Lines, Fort Worth, said, "It is a great thing to continue to receive delivery on equipment of this kind which will be so helpful in the transportation job ahead for America's railroads."

Oil Activities

T. D. Humphrey and Humble Oil and Refining Co. No. 1 Mary A. Bush, a wildcat in the extreme-southwest part of Knox County, was drilling ahead several days ago at 5290 feet in shale and sand.

Indications are that the Pritchard Oil Corp. No. 1 Maude E. Harber well, a wildcat located four miles south of Munday in the north edge of Haskell County, will be placed on pump. Some of the equipment is already on the site. Strength of the well has not been announced, if determined as yet.

J. C. Campbell of Munday, John May of Knox City and Barton Carl of Goree were business visitors in Dallas the first part of the week.

Sgt. Horan Now In Korea

WITH THE 27th FIGHTER ESCORT GROUP IN KOREA Jan. 10—Staff Sergeant Robert F. Horan, son of Mr. Robert F. Horan, Sr., Munday, has recently arrived in Korea and is now serving with the combat echelon of the 27th Fighter-Escort Wing there.

Pilots of Sergeant Horan's unit, equipped with the hard-striking Republic F-84E Thunderbolt fighters, are flying daily combat missions against the Communist aggressors in North Korea. The machine gun fire, bombs, rockets and fire bombs (napalm) directed at the enemy on these missions have resulted in countless enemy troops destroyed, defense and industrial resources.

These latest-type heavily armed jet fighter craft were introduced into the United Nations conflict in Korea with the recent arrival of the 27th Fighter-Escort Group. The 27th, a part of Strategic Air Command's 8th Air Force, is now on indefinite temporary duty with the Far East Air Forces from Bergstrom Air Force Base, Austin, Texas.

Enlisting in the Air Force in April 1946, Horan has previously served a two-year tour of duty in the South Pacific area. He has been with his present unit for over two years.

His wife, Benie Jewel, is now residing in Weinert, Texas.

D. G. Chamberlain To Receive Degree

DENTON—D. Clifford Chamberlain, son of Mr. and Mrs. M. T. Chamberlain of Munday, has made application for graduation at North Texas State College.

Graduation exercises will be held at NTSC at 3 p. m. on Feb. 1 in the men's gymnasium. Due to the large graduating class, there will be no speaker for the ceremonies, according to President W. J. McConnell.

Chamberlain will receive the bachelor of science degree with a major in mathematics.

Moguls To Play Haskell Friday

Another District 9-A cage game will be reeled off in the Munday gym on Friday when the Munday Moguls meet the Haskell Indians. The B game will open at 7 p. m., being followed by the A game. A large crowd is expected to see these games.

The Moguls defeated the Anson Tigers, 26 to 21, on Tuesday night in one of the closest games of the season. This makes 14 wins for the local team, against three losses this season.

F. A. Robinette of Seymour was a business visitor here Thursday of last week.

Cornell Grid Coach And Ring Cleat Shoe

DALLAS, TEXAS—George "Lefty" James, Cornell football coach, was on hand at the American Football Coaches Association Convention here this week with the revolutionary Ring Cleat football shoe (left). The new shoes are designed to reduce injuries to ankles, knees and hips, and provide equal or more traction than the seven conical cleats (right) now in common use. The Ring Cleat shoes, developed for MacGregor Goldsmith, Inc., have been tested extensively at Cornell.

S. W. Reeves, Pioneer Of Area, Passes Away

S. W. Reeves, one of the oldest pioneers of this area, passed away at about noon last Sunday. Mr. Reeves had been in failing health for several years.

Born in Tennessee on March 10, 1859, Samuel Willard Reeves was 91 years, 10 months and 11 days of age. He came to Munday in 1904 and was engaged in farming here for many years, retiring several years ago because of his advanced age.

He had been a member of the Baptist church for nearly 75 years, uniting with the church in his native Tennessee when 15 years old. He served as Sunday school superintendent and choir director for some time.

An energetic, christian character, Mr. Reeves devoted much of his energies toward the betterment and advancement of his church and community. Even after passing his 90th birthday, he loved to associate with his friends and he was frequently seen in town conversing with them.

He was married to Nancy Caroline Nolan on April 17, 1881. They were the first couple to be married in Pickett County, Tenn. Then children were born to this union, seven of whom survive. His wife preceded him in death in April of 1934.

Surviving him are four sons and three daughters, who are: Jim E. Reeves, Marvin H. Reeves and Raymond Reeves, all of Munday; A. G. Reeves of Lubbock, Mrs. Leland Hannah and Miss Elizabeth Reeves, both of Munday and Mrs. S. E. Stevenson of Goree. Other survivors include a sister, Mrs. Alta Thrasher of Hale, Kentucky, and two brothers, A. M. Reeves of Rochester and Bethuel Reeves of Hazard, Kentucky.

Funeral services were held from the First Baptist Church in Munday at three o'clock last Monday afternoon, being conducted by Rev. Huron A. Polnac, pastor, who was assisted by Rev. S. E. Stevenson of Goree and Rev. Rex Ray, a cousin who was partly reared in the Reeves home and a returned missionary from China.

The body was laid to rest in Johnson Memorial Cemetery, with the Mahan Funeral Home in charge of arrangements.

Gransons acted as pallbearers. They are: J. E. Reeves, Jr., Perry Reeves, J. R. Reeves, Heard Reeves, Jimmy Reeves, Joe Williams, Troy Denham, Mark Allen, Rex Allen and Travis Martin.

Former Knox Citizen Dies At Greenville

Relatives here received word last week of the death of O. L. Wall of Greenville, who died while fighting a grass fire on his farm on Thursday, January 18.

Passersby found the burned body, and it was stated there were no eyewitnesses to his death. A justice of the peace inquest verdict was that Mr. Wall probably suffered a heart attack and burned to death as he fell into the burning grass.

Ocie L. Wall was born in Mississippi on December 25, 1892, and lived in Knox County for several years before moving to Greenville some 21 years ago. He was married in Goree to Oleva Bilbrey on April 5, 1920. She preceded him in death on April 15, 1950.

Relatives who attended the funeral in Greenville last Saturday morning are: Mr. and Mrs. Jim Gaines, Mrs. J. E. Justice of Goree, and Mrs. M. L. Barnard.

BIRTH ANNOUNCEMENT

Mr. and Mrs. Harold Beck are announcing the arrival of a new girl, who was born Saturday, January 20, at 11:30 p. m., in the Knox County Hospital. Both mother and daughter are doing nicely.

Mrs. Fred Hughes and son David, of Rule, visited in the home of her brother, Mr. and Mrs. Zane Franklin, over the week end.

MEETING THE DEMANDS OF DEFENSE

As 1950 ended, the president of the Association of American Railroads issued an important statement to the public. It dealt with the position and plans of this vital industry in the light of the national rearmament program.

First of all, the railroads will continue in 1951 the billion-dollar-a-year program of expansion and improvement which has marked the last five years.

They entered the new year with orders for 125,000 new freight cars, to be added to the 42,000 which were put into service in 1950, and the 345,000 which have been purchased since World War II ended. They also have on order more than 2,000 units of motive power, to be added to the 11,000 such units bought since the last war.

The big thing, from the public point of view, is that the railroads now have a substantially greater carrying capacity than they had at the time of Pearl Harbor. This the result of improvements in every segment of the industry—more powerful locomotives, larger cars, better tracks, signals, yards, shops and so on. In 1950 the average freight train turned out transportation service each hour equivalent to moving a ton of freight 20,000 miles—an hourly output which was nearly 15 percent above the peak movement of World War II, and almost three times as great as in the first war.

The Association's release emphasized one more point of great significance. In time of emergency, railroad capacity is capable of a high degree of expansion. Between Pearl Harbor and the war traffic peak which occurred three years later, for example, freight movement jumped more than 50 percent. As the release says, "With access to the manpower and materials needed to continue the program of enlargement and improvement . . . and with the continued cooperation of shippers and government agencies, the railroads once again can increase their transportation output in step with the increasing demands of defense."

SPINDLETOP'S ANNIVERSARY

Early in January, the birthday of a new era of progress in America's industrial and economic history was celebrated in Beaumont, Texas. It was the golden anniversary of the famous Spindletop oil well, which was brought in in 1901. Spindletop was not the first oil well. At the time there were producing oil fields in Texas and other states. However, Spindletop was the granddaddy of all the big wells that have been brought in since. When it came to life with an earth shaking roar that January morning, nothing like it had been seen or imagined by oil men. Oil blew 200 feet into the air for nine days before Spindletop was finally capped and tamed. When the well was brought under control, some 8,000,000 barrels of crude oil formed a lake, measuring about 100 acres. Two months later, des-

pite all precautions, sparks from a passing locomotive set the oil on fire, and it was lost in flames and thick smoke that mushroomed thousands of feet into the air. Nowadays the possibility of such a fire in modern oil fields is extremely remote. The engineers and the scientists have taken care of that.

The news of the incredible well brought 50,000 people to Beaumont, all bent on cashing in on this new Klondike. A quiet community with a population of 9,000 became a roaring boom-town almost overnight. Land values soared to fantastic figures. A year later there were 138 producing wells in the area, the boom was fading into history, and the oil men had settled down to the long-term job of efficient development and production. The vast Texas oil industry was well underway. Spindletop had started a great new era in America, and the oil industry of today is the well's monument.

GRASS ROOTS OPINION

PLATTSMOUTH, NEB., JOURNAL: "Every line of business has been competition these days. Competition is the backbone of the private enterprise."

BISHOPVILLE, S. C., MESSENGER: "Legislators . . . should not only preach economy but should practice it. They might begin right at home in their own counties."

OSKALOOSKA, IOWA, DAILY HERALD: "Some of those who are urging price and other controls as an emergency measure, hope to make them a permanent part of our economic system. Should that happen, government would be absolute master of the economy—and regimentation of industry and individuals would be here to stay."

LIBERAL, KANS., HERALD: "At a time when Communism and Fascism are so widely pronounced, let us loudly stress Americanism."

"One frequently hears that if private capital will not flow abroad when the Federal government must make loans and investments in underdeveloped countries. Why has the government a right to take risks which are rejected as excessive by experienced persons who invest their own funds? No great genius is required to lose money. If foreign loans and investments are not profitable and recipient countries fail to benefit, at the same time that the wealth of the United States is wasted."—W. W. Cumberland.

"It should not be forgotten that in our race for survival as a free people our number one asset is our capacity to make things well and quickly . . . It should not be impaired to any degree by imposing bureaucratic control over management effort."—Merryle S. Rukeysser.

"Tenants having difficulty raising the rent have a lot in common with landlords these days."—Joseph C. Salak.

Cover Old Sewing Machine
 A SLIPCOVER for an old-fashioned sewing machine will convert it into an object of beauty. First make a cover to fit over the top of the machine. Use 1 by 2-inch lumber for the rectangular framework, attaching a panel of Mason-

ite 3/16" Tempered Presdwood with casing nails.
 Apply a good quality prime coat. Then fill the nail holes with putty or plastic wood, and enamel the surface with any desired color.
 A length of fabric equal to twice the distance around three sides of the cover will be needed for the skirt. After the top has been hemmed, tack the material to the wooden frame of the cover. In attaching the goods, deep pleats may be formed. An alternative is to gather the material and stitch it before tacking it in place.
 Fit the skirt and cover on the machine, measuring a hem one-half inch from the floor. Make the hem, press the fabric, and the job is done.

From time to time, anecdotes have been told in this space about Big-Foot Wallace, that grand old frontiersman and colorful Texan. Several years ago, Annie A. Poor of San Antonio wrote me a letter about Big-Foot:

"He was my great uncle and would visit our home when he came to San Antonio, my mother's maiden name was Mary Jane Wallace and she was born in Gonzales County.
 "Big-Foot was very palsied and it was my duty and pleasure to help steady his coffee cup.
 "A hammered silver brooch

TEN PREMIUM FEATURES!

set with an amethyst, is one of my treasures, presented to me by Big-Foot on my fourteenth birthday.

"I recall a reunion of Confederate veterans was held in Floresville, celebrating the dedication of the new courthouse. Big-Foot was the center of attraction. The evening's festivities started with a ball which Big-Foot and I were to open by leading the grand march.

"The merchants of Floresville decided at the eleventh hour that he should be fitted in new clothing instead of marching in his old homespun clothes and brogan shoes with brass toe tips. The result was I was standing around waiting for him. He finally arrived as the marchers swung around and we brought up the rear. As soon as the march was ended, Big-Foot sat down near the door, pulled off his new shoes and put on his brogans."

"Wild and woolly" characterized much of Firt Worth's life in the 1880's. Most celebrated of six-gun exponents was long-haired James Courtright, who could shoot equally as well with either hand and was a master of the "border shift" wherein a pistol was drawn, fired, tossed in the air, caught in the other hand and firing resumed. He was city marshal; then as head

of a detective agency, he convinced saloon and gambling hall proprietors that they needed his protection—except Luke Short, owner of the White Elephant Saloon, who had done quite a little shooting in Arizona and the Kansas boom towns.

The two had a short conversation and both went for their guns. A bullet from Short's weapon, out first, hit Courtright's right thumb; he tossed up the gun in the air for the "shift" but, while it was in the air, Short fired three more times and Courtright had the longest funeral procession Fort Worth had ever seen.

PAUL JONES PROMOTED TO RANK OF COLONEL

Paul A. Jones, who is home on leave to visit his mother, Mrs. Claudia Jones, and other relatives, received word while here of his promotion to the rank of colonel in the U. S. Air Forces.

As lieutenant colonel, Jones has been serving as commanding officer at Westover Field, Mass., but reports back to duty at Norfolk, Va. He has been in the service continuously during and after World War II. His wife and daughter are visiting here, also.

CORTEZ ROY LAMBERT UNDERGOES SURGERY

Cortez Roy Lambert, son of Mr. and Mrs. Felton Lambert, suffered an acute attack of appendicitis and was rushed to a Wichita Falls hospital where he underwent surgery Monday. He is reported to be doing nicely. He is one of Goree's top football players.

ANOTHER KING IS IN HASKELL HOSPITAL

Blaise King of New Harmony, Indiana, who with his wife and little daughter rushed to the bedside of his brother, Lloyd King, who with his son was injured in a car accident on January 13 while enroute to Haskell to see another son who was in the hospital, suffered an attack of appendicitis the day he

arrived and underwent surgery at the Haskell hospital Saturday, January 20. He is doing nicely.

Lloyd and sons were able to return home this week. They are sons of Mr. and Mrs. J. B. King of Goree. Other members of the family to visit them are Mrs. E. L. Johnson of Shreveport, La.; Mrs. H. T. Taylor and son, Bossie, La.; Mr. and Mrs. P. J. Burk, Grandfield, Okla. and H. R. King of Longview.

Mr. and Mrs. Mark Allen and daughter of Clarendon, Heard Reeves and Jim Reeves of Wichita Falls visited their mother Mrs. Alma Reeves, last Sunday and Monday. They also attended the funeral of their grandfather, S. W. Reeves, at Munday last Monday.

Mrs. W. L. Moore was taken back to the Knox County Hospital for treatment.

Mr. and Mrs. Chas. Knefel, who has been living in Abilene, spent a few days with Mrs. Knefel's parents, Mr. and Mrs. George Crouch, before leaving last week for their new home in Michigan.

Mr. and Mrs. Cortie Coffman of Morton were here this week visiting relatives and attending to business matters. They also visited Mrs. Coffman's father, Allen McKenzie of Seymour.

Mackey Murdock, who is attending college in Denton, spent the week end with his parents, Mr. and Mrs. J. T. Murdock.

Bobbie Fitzgerald of Abilene spent Sunday with his parents, Mr. and Mrs. Bob Fitzgerald.

Mr. and Mrs. Foy Bain Barnett and baby of Moran spent Sunday with his parents, Mr. and Mrs. W. O. Barnett. Little Becky Barnett, who spent a week with her grandparents, returned home with her parents.

Mr. and Mrs. John Powell of Judd were Goree visitors last Saturday.

Mr. and Mrs. Woody Roberts and children visited Mr. and Mrs. Lee Ward and Shirley Fitzgerald in Post during the week end.

Mr. and Mrs. J. L. Brown of Pilot Point spent several days last week with their daughter, Mrs. Herman Caldwell and family.

Better Cough Relief

When new drugs or old fail to stop your cough or chest cold don't delay. Creomulsion contains only safe, helpful, proven ingredients and no narcotics to disturb nature's process. It goes right to the seat of the trouble to aid nature's soothing and heal raw, tender, inflamed bronchial membranes. Guaranteed to please you or druggist refunds money. Creomulsion has stood the test of many millions of users.

CREOMULSION

Relieves Coughs, Chest Colds, Acute Bronchitis

Dealers Display New 1951 De Sotos

A multitude of sweeping changes have completely transformed the new 1951 De Soto line, on display at De Soto-Plymouth dealers on Saturday, January 27. The improvements have brought distinctive and distinguished exterior and interior styling, a new standard of riding comfort and convenience, exceptional safety features, and added power from a larger engine.

W. R. Caldwell, who has been ill for several weeks, is reported to be improving.

Don Coffman, who is attending college in Cisco, and Miss Jane Houstace of Cisco spent the week end with Mr. and Mrs. Buster Coffman.

Mrs. J. B. Justice, Mr. and Mrs. Jim Gaines and Mrs. M. L. Barnard of Munday attended the funeral of a brother-in-law, Ocie L. Wall, in Greenville last Saturday. Mrs. Wall, the former Olivia Bilbrey, passed away last summer.

Mr. and Mrs. C. T. West and Tommy were visitors in Abilene last Sunday.

Virgil Edwards and Ewen Beaty made a business trip to Houston and Liberty this week.

Mr. and Mrs. Elmer Hutchens and family and Mr. and Mrs. Floyd Hutchens and family left last week for Beebe, Ark., where they have purchased farms.

Mr. and Mrs. Lewis Hutchens and family left a few days ago for Vashit, where they have purchased a farm. We regret to lose these families from our midst.

Visiting Mr. and Mrs. W. O.

Lewis and Mr. and Mrs. J. J. Smith last Sunday were Mr. and Mrs. Robert Tidwell and twin daughters, Geraldine and Shirlene, of Haskell; Mr. and Mrs. Jeff Fletcher and Lindsay, Rochester; Mr. and Mrs. G. C. Brockett and Mr. and Mrs. W. C. Nance of Munday.

Ruth Robinson of Holliday and Margie Robinson of Wichita Falls visited Mr. and Mrs. W. E. Robinson during the week end.

Mr. and Mrs. Carlton Mooney and little son left Saturday for their home in Abilene after spending a few days with their parents, Mr. and Mrs. Walter Mooney.

Mr. and Mrs. Leroy Brooks and daughters, Jerry and Nancy, spent the week end visiting in Freemont.

Mrs. Erin Betterton of Abilene was a business visitor here last Tuesday.

Misses Betty Stodghill and Bera Faye Spann visited in the home of Miss Sylvia Beard in Electra over the week end.

CARD OF THANKS

Your deeds of kindness, words of condolence, thought of love and sympathy—everything you did for us during the illness and in the death of our loved one, is deeply appreciated.

We shall always cherish the memory of your kindnesses, and we pray God's richest blessings upon you all.

The Family of S. W. Reeves.

CARD OF THANKS

We shall always be grateful to our many friends who helped us out in Roy's and my sickness, also for the nice flowers that were sent Roy from the Church of Christ. May the Lord bless every one, is our prayer.

Mrs. T. I. Phillips and Roy.

IT PAYS TO ADVERTISE

Legal Notice

NOTICE TO BANKING CORPORATIONS:

NOTICE IS HEREBY GIVEN, that the Commissioner's Court of Knox County, will receive bids from any Banking Corporation, Association, or individual Banker, in Knox County, Texas, for the depositing of Public Funds, belonging to said County, and funds in the hands of the County and District Clerks Trust Funds, up to and including ten o'clock A. M., February 12, 1951.

The Bank, Association or individual Banker, will be required to enter into a bond, as required by law, before qualifying as County Depository, and the Commissioners Court reserves the right to reject any and all bids.

Given under my hand and seal of said Court, this 17th day of January A. D., 1951.

J. B. EUBANK, JR.,
County Judge, Knox County, Texas.

9. Cuts Plowing Costs in Half
10. Plows all Types of Land without Adjustment

The story of a faith that paid off

YOU KNOW IT'S TRUE BECAUSE IT'S HAPPENED TO YOU AND YOUR FRIENDS AND NEIGHBORS

PROBABLY YOU'VE never thought of yourself as a maker of history. But you are. And here is how you, as a citizen of the United States, are creating the greatest success in all history.

Remember back in 1941 when the Defense Bonds you were buying suddenly had to become War Bonds? How you and your neighbors pitched in to buy them in ever-increasing numbers, to back our fighting men and to help achieve the victory of World War II? After V-J Day, when those bonds became Savings Bonds, you continued to buy them because you had learned how regular saving could build security and contentment for yourself and those you love.

The face of the land has undergone some dramatic changes in those years since V-J Day. Now the landscape is dotted with new homes that Savings Bonds built. Thousands upon thousands of new automobiles travel the highways—Savings Bonds cars, bought with the product of individual thrift. On the farms, Bond-purchased equip-

ment has helped produce bumper crops and prosperous years. Everywhere in America, man's urge to get into business for himself has become a bright reality. So has the ambition of loving parents to send their children through college. Time and time again, Savings Bonds have made those dreams and many others come true.

You KNOW they've come true, because it's happened to you or to some of your own friends.

And this is only the beginning of the story. Even after accomplishing so much, millions of American families still enjoy the financial security of owning more than fifty billion dollars—fifty thousand million dollars in Savings Bonds. More than at the peak of war-time Bond holdings!

How much money is that? It's enough

to build a new \$10,000 mortgage-free home for every family in San Francisco—and Sacramento—and Salt Lake City—and Denver—and Kansas City—and St. Louis—and Indianapolis—and Cincinnati—and Pittsburgh—and New York City—and the whole state of Texas!

And every week, everywhere in America, new millions of dollars are added to the total—as crisp new Savings Bonds are typed up with your name on them.

Kind of a king-size success story, isn't it? Your success story because you and the millions of your neighbors are living it right now. Your own faith in America—your own desire for the warmth of family security and independence—have made the story of United States Savings Bonds the thrift miracle of all time.

For your security, and your country's too, save now - through regular purchase of U.S. Savings Bonds

Knox Prairie Philosopher Says That Taxing Till It Hurts Won't Ever Raise Nearly Enough Money

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek may have a point this week; he ought to have one some of the time.
Dear editor:
I have always made it a pol-

icy to agree with my wife and the President of the United States, that is orally but not to the point of doing anything much about it, when my wife or the President says I ought to work harder, I agree but don't let it interfere with what I'm doing, yet the other day I was out here wanderin' around contemplating how much work could be done on this place but never will, when I found a copy of the Abilene Reporter and picked it up and went to the south side of the barn in the sun and settled down and read where President Truman has announced we "must be taxed until it hurts," if we get prepared in time.

As I say, I don't like to disagree with the President of the United States, but it will take more taxes than that. That measuring stick won't raise enough money.

There ain't nobody in this country who ain't already taxed until it hurts, and if that's the stoppin' point we'll never get prepared.

In fact, I ain't never seen a tax that didn't hurt. Ain't one been invented yet. Might as well try to find a fire that won't burn you.

I been trying to figure up my income tax and I'm here to tell you it hurts. Whenever I get a notice from the court house to pay a tax, and I've gotten plenty in my lifetime, sometimes two or three about the same tax, it hurts. There may be some, but I ain't acquainted with anybody who throws his hat in the air with delight and feels good all over when he gets taxed. Taxes are necessary, in an abstract

Lone Star 4-H'ers are National Champs

THREE Texas youth won 1950 national honors in the 4-H Tractor Maintenance, Dairy Achievement and Farm and Home Electric programs. Each received a trip to the 29th annual 4-H Club Congress held recently in Chicago, and a \$300 college scholarship.

Marcus Hoelscher

T. G. Herring, Jr.

Charles Hoelscher

Marcus Hoelscher, 20, of Rowena, won the tractor maintenance award which was provided by Stanolind Oil & Gas Co. One of his main accomplishments was to save some 150 gallons of gasoline per year in operation of the family tractor on the 160-acre farm. Marcus attributes this savings to proper carburetor adjustment which he learned through his tractor project. A 4-H'er for eight years, he has won several awards, and was president of the county 4-H group. He also is junior leader of his local club.

An outstanding record in the dairy achievement program brought high honors to T. G. Herring, Jr., 19, of Crosbyton. Also an eight-year club member, young Herring has made 176 dairy exhibits, and was high point man in dairy judging at Roundup this year. He has won seven grand, eight junior and five senior champion awards at major shows.

Earning a substantial income from his dairy project, T. G. has purchased a half interest in his father's herd, and farms more than 200 acres of cotton, grain and milo. He serves as junior leader of his local club and is president of the county group. Lederle Laboratories provided his award.

Charles Hoelscher, 19, of Rowena, was named national winner in the 4-H Farm and Home Electric program. His award was provided by Westinghouse Educational Foundation. Charles has applied knowledge gained in the project to adjustments, repairs, and installation work around his home and farm. Among his many innovations are an electric cream separator, an improved electric motor for the washing machine, and a thermostatically controlled electric brooder.

These activities are directed by the Extension Service of the State Agricultural College with USDA cooperating.

Weekly Health LETTER

Issued by Dr. Geo. W. Cox
M. D., State Health Officer
of Texas

AUSTIN—Rheumatic fever is serious because it may affect the heart, says Dr. Geo. W. Cox, State Health Officer. Age is important. Rheumatic fever usually begins in childhood at about age 5 or 6, although adults may have it. There is a susceptibility to the disease which causes rheumatic fever to be more common in some families than others. The other factors which may favor its onset, combined with an individual susceptibility, are frequent chilling, damp or overcrowded living quarters, and a poor diet.

It is also known that one attack of rheumatic fever does not protect a child from future attacks as, for example, one attack of measles does. On the contrary, rheumatic fever tends to recur. Repeated attacks are more likely to damage the heart. It is not communicable as chickenpox and measles are, and there is no danger of catching it by being in contact with a child who has had it.

The physician is the only one whose judgment can be relied upon in this matter, and his directions should be followed ex-

actly, no matter how well the patient feels or how slight the attack.

Good nursing is important for rheumatic fever patients. In communities which have visiting nurse service, a visiting nurse can give help of great value to the patient and to the doctor.

The child who has had rheumatic fever, with some degree of heart damage, should not be coddled but should be led to enjoy his home and school life, just as other boys and girls do.

While it is important to provide the child with healthful surroundings and to encourage him in healthful living habits, harm can be done by overemphasizing the physical handicap.

If serious heart damage exists, and his activity is limited, he must learn to stay within these limits. But even children whose activities must be rigidly restricted because of a severely damaged heart can have a wholesome interest in life and enjoy many of the pleasures of their more active associates by the intelligent planning of understanding parents, teachers, and physicians. However, rheumatic children do need special help in choosing a life-work which will give them the best chance of avoiding recurrences of acute infection.

With care in choosing work and play, people with rheumatic heart disease, even many with severely damaged hearts can live reasonably active and useful lives.

Families should keep an inventory of all durable goods. In the case of a fire, tornado, explosion or theft, many families do not know exactly what to claim as a loss when the insurance adjuster calls on them. Better keep two copies—one at home, the other in a safety deposit box.

Since about 90 percent of all farms in Texas now have electricity, there is little excuse for farmers to do their chores in the dark.

sort of way we're all glad we live in this country and are able to pay them, when we are, but it's gettin' like a shot of penicillin in the hip, it's good for you, it'll do you good, you'll operate better for it later on, but at the time it blame sure hurts.

Nope. President Truman will have to find some other measure of taxin if we keep Russia in line. Taxin till it hurts and then stoppin' will throw us back to Plymouth Rock.

Yours faithfully,
J. A.

Select the sit for the home orchard with care. A well-drained, sandy loam soil is preferable. It should be free of neotodes and away from the old orchard. Newly cleared land not recommended and the site should have a slight slope and be free from air pockets.

Texas DHIA records for 1949 show that a dairy cow that produced 224 pounds of buttermilk or less than 71 cents worth of feed to produce a pound of buttermilk while a cow that produced 475 pounds or more buttermilk, produced it at a cost of only 39 cents per pound.

Harrison County home demonstration club women last year conducted a very successful marketing demonstration. At their market, they sold fresh vegetables, fryers, sausage and home baked products.

Although swine flu is seldom fatal, it causes a big loss in flesh and slows down the rate of gain.

Knox City To Be Host For Calf Show on February 10

Committees have been appointed to work out the details for the annual Knox County 4-H and FFA Livestock Show, which is to be held in Knox City on Saturday, February 10, according to an announcement by Kenneth O. Lewis, Knox County Agricultural Agent.

The annual show, sponsored by the Knox City Lions Club and Munday Community Development Association, is held alternately in Knox City and Munday.

Competition should be keen this year, Mr. Lewis said, with a good number of boys readying calves for the show. Winners in the county show will be entered in the district show at Wichita Falls.

Those named to the various committees are as follows:

General Superintendent, Lee Smith.

Finance Committee: Claude Reed, chairman; Ancil Waldrup, and S. N. Reed.

Arrangements Committee: B. B. Campbell, Lee Smith, Barney Arnold and Rip Collins.

Foods Committee: Roy Baker, chairman; O. W. Causey and Charlie Keck.

Auction Sale Committee: S. N. Reed and L. W. Graham.

Publicity: Irene Branch.

Plans formulated by the committees will be announced at a later date, the county agent said, and it is hoped to make this one of the better shows of the area.

Munday Teams Win Trophies In Local Tourney

As a result of the grade school invitation volleyball and basketball tournament of the past week end, two handsome new trophies have been added to the collection in the trophy case which stands in the hall of the Munday elementary school. These trophies were awarded to the Munday junior volleyball

NEW SPEAKER SWORN IN

Secretary of State John Ben Shepperd is shown administering the oath of office to the new Speaker of the House of Representatives of the 52nd Texas Legislature, Rep. Reuben Senterfitt of San Saba. Shepperd officially opened the House of Representatives Tuesday January 9, and presided until the unanimous election of the San Saba attorney as Speaker. Representative Senterfitt is beginning his sixth full term in the Texas House. He is the senior member of the law firm of Senterfitt, Crump and Jameson in San Saba. The Secretary of State convenes the initial session of each Legislature according to requirements of the Constitution and Texas law. Both Shepperd and Senterfitt, in opening remarks to the legislative body, termed this Legislature as one of the most important and crucial in the history of the state.

and basketball teams each of which won first place in their respective divisions of the tournament.

Nine grade schools participated in the tournament which began on Friday night, January 19, continued through Saturday and ended Saturday night when the finals in both championship and consolation brackets were played. Participating schools included Goree, Knox City, Benjamin, Red Springs, Bomarton, Weinert, Rochester, Rule and Munday.

Munday girls defeated Benjamin 36 to 6 and Goree 27 to 13 to reach the finals. Munday boys defeated Bomarton 36 to 16 and Red Springs 36 to 17 to reach the finals.

The Munday volleyball team won the championship game with Rochester with a score of two games to one, while Munday's basketball team won first place honors over Rule in the final game with a 36 to 13 score. Benjamin girls and Bomarton boys carried off consolation honors in games with Weinert. High point man of the basketball tournament was Harley Reeves of Weinert with 55 points.

The Munday girls' team coached by Mrs. J. H. Bardwell, included Mildred Greeson, Barbara Corver, Alicia Peek, Patsy Jo Tidwell, Janice Johnson and Mary Beth Sharp, with Gloria Guffey, Ann Hammack, Betty Jo McNeill, Peggy Parks, Annette Brewer, and Frances Pruitt as substitutes. The boys' team coached by Mr. Troy Stewart, had for its starting line-up Joe Sharp, Virgil Weaver, Terry Harrison, Winsel Norvill, and Joe Howeth, with Harrell Ford, Charles Killian, O. D. Wallace, Jerry Groves, Durwood Thigpen, and Jack Lang as substitutes.

Mr. and Mrs. Michael Sloan of Borger spent the week end here with Mrs. Sloan's parents, Mr. and Mrs. A. H. Mitchell.

Washington News Letter

By Congressman Ed Gossett

WASHINGTON, Jan. 19—This is our first weekly news letter for this session of Congress. Henceforth, these letters will be prepared on Friday of each week and mailed to all papers in our District.

In many speeches and letters for many months, I have stated that our country was in grave peril; that to survive, we must maintain, (1) economic stability, and (2) military invincibility. The Communist program is clear. The Communists, both domestic and foreign, expect us to destroy ourselves. They hope we will be bled white through ex-

tended supply lines and guerrilla warfare in various parts of the earth. If this does not work, they hope and expect our country to collapse from within.

All good Americans, of course, are determined that such will not be our fate. However, we can destroy our democracy in our efforts to preserve it.

A case in point is the Universal Service and Training Act submitted to the Congress on yesterday through the Secretary of Defense, Mr. George C. Marshall. This is not only a universal training bill, but it goes much further. It proposes registration at 17, draft at 18. Then it proposes a gigantic rehabilitation program for all young men who may be rejected for physical and mental reasons, such as physical and mental rehabilitation to be done, of course, at government expense. The billions now spent on GI education would be but a drop in the bucket. It proposes further to draft and train in government schools annually, 75,000 doctors. This is socialized medicine in one package. Such complete regimentation of a country's manpower was never before proposed by anybody at any time within a democratic nation. Congress will not pass such a bill, the high brass not withstanding.

Chief witness for the Department of Defense on this monstrous bill has been the foreign-born, controversial Mrs. Anna M. Rosenberg, Assistant Secretary of Defense in charge of manpower.

On November 10, when the nomination of Mrs. Rosenberg was announced, I made the following statement:

"The appointment of a foreign-born female social worker to be an assistant secretary of Defense is preposterous. Politics, especially in a time of national peril, should be secondary, not primary."

It is hoped that the Senate will exercise good judgment and refuse to confirm Mrs. Rosenberg. She doubtless is a very fine woman but we have at least 100,000 native-born American men better equipped for this job than she."

While I do not know that Mrs.

Rosenberg is the architect of this so-called Universal Service and Training Act, it reads like the work of some visionary, impractical social worker, to say the least.

Congressman Olin Teague, of Texas, heads up a Subcommittee of the Veterans' Affairs Committee, investigating fraud in the GI Educational Training Program. When Congressman Teague's report is published, it will shock and startle the country. Even some of our leading educational institutions have been guilty of swindling the Veterans' Administration of many thousands of dollars.

The House today passed a Resolution calling on the United Nations to brand Red China as an aggressor nation. We should go much further than this. We should stop all trade with Red China and should compel some of our allies to stop their trade with Red China until she makes atonement for her unlawful and outrageous Korean campaign. Furthermore, if and when the issue of seating Red China as a member of the United Nations comes to a vote in the Security Council, Amer-

ica should certainly exercise her veto power. This would be our first veto. It's hard to imagine a more appropriate place in which to exercise this power. Secretary Acheson, sometime ago announced to the world, and has reiterated frequently, his intention of asking our Representatives not to exercise the veto on Red China, but simply to sit futilely by and abstain from voting. If we do not have the courage and intelligence to punish unconscionable enemies, when within our power to do so, we can hardly expect the respect of either friends or enemies.

GOREE, TEXAS

From where I sit... by Joe Marsh

Right Under Our Nose!

Sometime back, we got word from the Governor, asking if we wanted to use the State Fire Inspection Team—a group of experts they send around to communities to inspect public buildings.

We sent a letter saying: "Okay! Give us the once-over!" They came down, all right—last week.

After the inspection, we got their report. Came out pretty well, all told. Town Hall and the School were O.K. Post Office just needed more sandbuckets. In fact, everything got a clean bill of health, except—the Fire Station!

Joe Marsh

YOUR FIRST FIELD TEST WILL CONVINCe YOU... THERE'S MORE POWER IN A MASSEY-HARRIS

It's out in the field, on your own farm, that you discover the real power in a Massey-Harris. Out in the field doing your regular work... watching it lick the tough spots only you know... feeling the quick response of a lively engine that's ready to dig in from the word "go."

That's the big test. The test a Massey-Harris likes. The test that will convince you there's more power in Massey-Harris high compression engines... more power-saving economy in Massey-Harris straight-line transmission design. It's out in the field where you learn about economy too. The real dollars and cents kind that lets you do more work on less fuel. Economy is built right into a Massey-Harris. Better design in the engine, the transmission and distribution of weight let you cover more acres at less cost.

But try it for yourself. Get on a Massey-Harris. Drive it. Discover a new thrill in better tractor performance.

1-Flow Pony—62 cubic-inch, 4-cylinder engine, 3 speeds forward.

2-Flow "22"—140 cubic-inch, 4-cylinder engine, 4 speeds forward.

2-3-Flow "30"—162 cubic-inch, 4-cylinder engine, 5 speeds forward.

3-4-Flow "44"—260 cubic-inch, 4-cylinder engine, 5 speeds forward.

4-5-Flow "55"—382 cubic-inch, 4-cylinder engine, 4 speeds forward.

3-4-Flow "44" Diesel—260 cubic-inch, 4-cylinder engine, 5 speeds forward.

Wesleyan Service Guild Meets With Mrs. J. W. Massey

The Wesleyan Service Guild met Monday evening in the home of Mr. and Mrs. Joe Massey, co-hostess for the evening was Mrs. I. V. Cook.

A very interesting program on "Our Youth" was given with Mrs. I. V. Cook directing. Mrs. Robert Green gave a lovely devotional. Others on the program were Mmes. C. P. Baker, Levi Bowden, Bob Hicks, and Weldon Smith.

Mrs. Oscar Spann sang, "Are Ye Able," accompanied by Mrs. Weldon Smith. After being dismissed, the group was served pie and coffee. Members present were Mmes. Weldon Smith, Levi Bowden, Erin McGraw, Bill Gaither, A. H. Mitchell, Robert Green, Bob Hicks, Oscar Spann, Charlie Harpham, C. P. Baker, and Misses Ruth Baker, Merle Dingus, Florence Gaines, the guest, Bro. Butler, and the hostesses, Mrs. Cook and Mrs. Massey.

GILLILAND H. D. CLUB MEETS JANUARY 16th

The Gilliland home demonstration club met in the club room on January 16, with Mrs. Arnold Navratil in charge. Twenty-one members were present.

New officers were installed at this meeting, and year books were issued and filled out. After the business meeting refreshments were served by the hostess, Mrs. J. I. Welch.

Mr. and Mrs. Bob Jarvis visited friends and relatives in Newcastle over the week end.

Doris Williams Honored At Shower Last Wednesday

Miss Doris Williams, of Goree, bride-elect of W. D. Putnam of Wichita Falls, was honored with a bridal shower on Wednesday afternoon, January 17, at the home of Mrs. Jerry Williams, aunt of the bride. Assisting Mrs. Williams were Mmes. Fay Vance and Amos Williams.

The lovely refreshment plate was carried out in the Valentine motif. The plate consisted of beautifully decorated cake squares, coffee or hot chocolate, and mint cups filled with candy hearts. Plate favors were red hearts with "Bill and Doris" printed on them.

Guests included were: Mmes. Ben Williams, Walter Patton, Rex Allen, Cliff Moorman, Garland Thiebaud, R. C. Spinks, Lynn Cooke, John Goode, Edgar Bowman, A. L. Hord, W. O. Lewis, Bob Moore, Johnny Chamberlain, J. D. Hicks, Kenneth Johnson, P. H. Routen, Frank Allen, Wilford Kennedy, Mack Cooke, and Luther Williams, mother of the bride-elect.

Mrs. Myrtle Marshall of Munday, Mmes. Robert Newton, J. N. Newton, and Misses Ann and Nell Newton, all of Seymour.

Mmes. Walter Williams and Roy D. McCauley of Bonarton, and Lois Williams of Abilene.

Those sending gifts were: Mmes. T. M. Tucker, J. W. Rutherford, Lucy Kelley, Walter Hicks, S. E. Vandever, Nina Vandever, Jim Cooke, Grady Williams, Charles Williams, H. D. Arnold, Lester Bowman, Melvin Cunningham, Billy Hutchens, Marvin Cooksey and Peggy Cody West, Gill Wyatt, Vernon Routen, S. E. Stevenson, Jeff Grant of Big Spring, Hill Allen of Throckmorton; W. S. Yates and Alma, E. B. Dodd of Vera; Dr. R. L. Nesom, Mmes. J. D. Gray, Ura Wilson, Tom Price and Bobby, all of Munday, and Gerry Richeson of Seymour.

17-Year-old Mother Wins Baking Award

NEW YORK — New made star Ruth Deroousseau outshines such stellar personalities as Art Linkletter and Arthur Godfrey at Pillsbury's Grand National Bake-off II at the Waldorf-Astoria Hotel, December 11 and 12. The 17-year-old mother of two from Rice Lake, Wisconsin, outshone twenty-four other junior finalists. She first learned of her success at a show case luncheon in the Waldorf's plush Starlight Roof where 100 women gasped and sighed through six major and six minor awards, presented by the Duchess of Windsor, totaling \$130,000 and including a top senior section prize of \$25,000 and a complete electric kitchen.

Birthday Party Given To Honor Ronnie Price

A birthday party honoring Ronnie Price on his first birthday was given by Donovan Cheek, at home, 1944 Hurley Street, Fort Worth, on Tuesday, January 16, from 3 to 4 p. m.

Guests were Johnny Yale, Vera and Carolyn Brown, Dolly and Jimmy Elzie and mother, Mrs. Roy Elzie; Terry Hollar and mother, Mrs. Harrison Hollar; Mike Gipson and mother, Mrs. James Bipson; Tommy and Linda Kay Floyd and mother, Mrs. Austin Floyd; Mr. and Mrs. Henry Thompson, Mrs. Vernon Spaeth, Mrs. T. A. Walker and Mrs. Jim Price. Sending gifts were Carole Jane Samsill and Bill Rae.

Ronnie's birthday cake was baked and decorated by Mrs. Harrison Hollar, having the words, "Happy Birthday" spelled in green and pink, and the single candle was white. After refreshments of cake and punch were served, the honoree opened his many beautiful and useful gifts.

Mrs. Dickerson Directs Program For Study Club

The Munday Study Club met in the club house at four o'clock, Friday, January 19. Mrs. A. E. Richmond was hostess, with Mrs. Doris Dickerson as director of the program.

Mrs. Herbert Partridge gave a discussion on "What We Know About the Russians." Mrs. Dickerson's topic was "Communism: Its Strength and Its Future."

Mrs. W. T. Sharp presided at the business meeting.

'51 De Soto Car To Be Displayed Here Saturday

A multitude of sweeping changes have completely transformed the new 1951 De Soto line and brought distinctive and distinguished exterior and interior styling, a new standard of riding comfort and convenience, exceptional safety features, and increased power from a larger engine.

The new cars will be displayed by De Soto-Plymouth dealers on Saturday, January 27.

Of particular interest in the new De Sotos is the installation of Oriflow shock absorbers, one of the most pronounced improvements in car riding comfort in automotive history.

Exterior styling changes include a distinctive new grille; a new, wide hood; new front fenders; new crest-type front end ornament; new rear fender moldings placed lower on the fenders; new Custom stone shield; and a belt mouding that completely encircles the car. The length of the new De Soto is accentuated by a new top fender line that extends further back on the front door panel.

The new grille, consists of nine, husky, curved vertical bars, which can be individually and economically replaced if damaged.

Front and rear end bumper guards are newly styled. The front bumper is larger and heavier and is integrated with the grille styling; the rear bumper is designed so that it follows the contour of the rear fends. It is also much deeper and heavier.

Visibility has been increased front and rear by widening of the windshield, narrowing the front corner posts, sloping the hood and fender forward, and increasing rear window area by 88.7 square inches.

Custom models have beautiful new stainless steel wheel covers with a bas-relief of the head of Hernando De Soto on them.

Advanced interior styling improvements include a new instrument panel of superb beauty. It is finished in a new brown-oriental walnut grain. Letters and numerals are of atomized gold on a dark maroon background and instruments are edge-lighted to avoid glare. The panel is deeply skirted and sweeps down almost to the floor, a new, luxurious styling note. A new map lamp has been added, and all instruments and gauges are placed where they are easy to see, easy to use.

Mr. and Mrs. Leland Hannah returned home Saturday after a visit to interesting points in the Rio Grande Valley.

Mr. and Mrs. Terry Harrison and Mr. and Mrs. Verbon Voss visited relatives in Abilene Sunday.

Mrs. J. C. Campbell left Tuesday for Lubbock to visit with her son, Mart Hardin.

150 Catholic Women Attend The Deanery Meeting In Wichita Falls

Rev. Fabian Diersing and a number of Catholic women attended a deanery meeting in Wichita Falls which closed last Thursday.

Rev. Anthony E. Daly, moderator, charged members of the National Council of Catholic Women to perform faithfully their duties as Catholic women. He also directed the high mass which opened the meeting and conducted installation of officers.

Highlight of the afternoon session was a movie entitled "You Can Change the World" on the Christopher movement.

New deanery officers installed included Mmes. Owen C. Berg of Wichita Falls, president; Joseph Hoffman of Scotland, first vice-president; Alfons Vecera of Megargal, second vice-president; Leo Fetsch of Rhineland, recording secretary; Joseph V. Dobry of Wichita Falls, treasurer; William Reynolds of Wichita Falls, auditor; Charles B. King, Wichita Falls, delegate

at large, and Frank Scheffe, of Windhorst, parliamentarian.

Reports of women's organization were given in the respective churches, with Mrs. George J. Zeissel reporting for the Rhineland church.

Mr. and Mrs. Sid Waheed and sons, Dickie and Bobby, of Lubbock, visited in the home of Mr. and Mrs. Dee Clough over the week end.

A-H ANTI-HISTAMINE TABLETS

NOW HARD OF HEARING CAN HELP THEMSELVES TO HEARING

Here is sensational news for the hard of hearing of Munday and surrounding community. Science has overcome a major type of deafness. Now sufferers from middle ear deafness need no longer wear a hearing aid in either ear. NO EAR BUTTON—NO HEADBAND, NO PRESSURE IN EITHER EAR. A FREE hearing clinic will be held in Munday, Tuesday, January 30th at the Munday Hotel from 10 a. m. to 5 p. m. by John W. Schwartz, ("Specialist in the problem of the hard of hearing") at which time he will check the hard of hearing for the individual hearing problem and discuss with each the new scientific correction that may be theirs. He will also demonstrate to each sufferer of the middle ear deafness that they no longer need to wear a hearing aid in either ear, thanks to a discovery made by Acousticon, the world's finest and oldest manufacturer of electrical hearing aids. If you know what type of deafness you have, you are invited to visit, examine and

try this sensational new discovery without cost or obligation—ABSOLUTELY FREE.

Think of it, if you now wear a hearing aid and have this type of deafness, you can take your hearing aid out of your ear forever, say goodbye for life to ear buttons and head bands. If you have been too embarrassed to wear a hearing aid in your ear, you may NOW HEAR AGAIN with thrilling clarity and comfort with absolutely nothing in your ear. Only a limited number of the Acousticon inventions are available, so come into this CLINIC for one of the great thrills of your life. This may be the answer you have waited for. A thrilling, exciting new way to hear, science's astounding victory over middle ear deafness. Prove now that you can HEAR AGAIN with nothing in your ear. Attend the free clinic.

ACOUSTICON OF ABILENE Abilene, Texas 1717 Sycamore Street Acousticon, the world's first and only manufacturer of electrical hearing aids.—(Adv.)

In Appreciation

I take this means of expressing my sincere appreciation for the many kind courtesies and the patronage extended me during the years I have been connected with the Fair Store in Munday.

I'll soon be leaving Munday, but I shall always remember your many friendships and courtesies as bright spots in my memory. Best wishes to all.

Very sincerely,

Sam Salem

Let's Talk LIVESTOCK

(By Ted Gouddy)

FORT WORTH, Texas, Jan. 18—The flurry of rumors that came flying out of Washington to the effect that price freezes and wage freezes were only a matter of days away have caused the livestock industry to study their position closely.

Hints that some prices would be rolled back to Jan. 1st levels seem well founded, and in the case of most farm products, such a roll-back would not be disastrous.

Only a segment of the industry that would be crippled by such a roll-back would be the broiler growers, who in the period mentioned, were losing considerable money as broiler prices hovered around the 20c marker. A price which resulted in losses of \$250 to \$500 per house in some cases. An adjustment of the broiler prices would be in order, or probably they would not be affected by the roll-back.

Good and choice slaughter steers and yearlings at Fort Worth on Jan. 1st sold from \$30 to \$32.50 and plain and medium kinds around \$23-29. Thus a roll-back of \$1 to \$2 might be in order compared with current prices.

Cows would have a similar roll-back since fat cows sold mostly from \$21.50 to \$24 on New Year's Day, and fat cows

sold this week mostly \$26 down except for a load of 1,200 pound cows from I. S. Scott of Castro County that topped at \$26.50. Canners and cutters at \$16 to \$21.50 range on New Year's, would have to surrender \$1 per hundred from their present price.

Bulls that sold at \$20 to \$26.50 on Jan. 1st would face a roll back from \$21 to \$28 this week.

Fat calves on New Year's selling from \$29 to \$32.50 would drop back \$1 to \$2.50 per hundred, as those kind this week sold for \$30 to \$34.50 and \$35. The cull, common and medium calves would drop back mostly \$1 per hundred.

Stocker calves and cattle would be subject to from \$1 to \$3 roll-backs if such animals were frozen in price, too. However, during the control periods of the last war, stockers were not affected, and were allowed to seek their own levels and this quite likely would be the case again.

However, the failure to include stockers and feeders under controls provided a very large loophole for the black market buyer last time, since anytime he bought cattle that were obviously over the ceilings he conveniently labeled them "feeders" and started them rolling in trucks or cars, and their identity and destination soon was lost and many of them went straight to black market slaughtering places.

Hogs on Jan. 1st topped at \$20 to 20.25, and since the top this week was \$21 to \$21.25, a roll-back might or might not be in order there. It is believed that hogs would not be affected since pork prices are currently much more favorable for consumers than beef, veal or lamb. Just for the record, sows on New Year's sold for \$17 to \$18.25, and this week at \$17.50 to \$18.50. Pigs at \$17.50 down on New Year's, sold from \$18 down this week.

Woolled lambs had a top of \$32 on New Year's, against \$34 this week. (Some Club lambs from Coleman County topped at \$35.) Clipped lambs at \$28 to \$29 on Jan. 1st now sell from \$29 to \$30. Feeder lambs at \$28 to \$30 on Jan 1st now sell from \$30 to \$34, the rising wool market-enhanced values. Ewes are currently around \$1 to \$2 higher than on Jan. 1st.

Mr. and Mrs. C. D. Hopkins of Artesia, N. M., and Mr. and Mrs. J. F. McCullough of Stamford were visitors in the home of Mr. and Mrs. Lee Haymes on Wednesday of last week.

Mrs. Woody Morrow, who is attending Midwestern College in Wichita Falls, visited friends and relatives here over the week end.

Mr. and Mrs. Tom Morton and Mr. and Mrs. Clayton Wren and Erwin Wren visited in Ballinger Sunday.

DOUBLE PAY-OFF—Some folks think twins are double trouble, but not E. M. Pyatt, Red Oak, Texas. Pratt is shown here with twin calves which one of his cows presented to him last year, and they grew into a really profitable calf crop. The yearlings averaged 910 pounds each and sold at \$33 per hundred at Fort Worth this week, making this cow's calf crop bring over \$661. It is believed to be a record for a grade cow calf crop in a single year.

The second annual Texas Fertilizer Conference will be held in the Memorial Student Center on the campus of Texas A. & M. College on January 10 and 11.

Shiny spots from ironing cottons—especially dark-colored fabrics—can be prevented by ironing on the wrong side, then finishing on the right side.

Increase In New Homes Shown In Past Decade

FORT WORTH—American homes have increased in number by 25 percent during the decade just ended, according to Joe Driskell of Fort Worth, president of the Texas Association of Home Builders.

"This period marks ten years of production and progress in home building never before equalled," Mr. Driskell stated, in releasing a study of population and housing based on 1950 census figures.

In 1949, for the first time in history, the homebuilders put up more than a million homes in a single year, Driskell said, and they topped that figure in 1950, adding nearly nine million homes during the decade. At the time of completion of the 1950 census, the study showed a whopping total of 46,151,000 dwelling units available for the estimated 43,468,000 households. The census, Driskell pointed out, includes only a small portion of the estimated 1,300,000 homes built during 1950.

While the population was growing 14.3 percent, from 131,663,000 to 150,556,000, the number of homes grew 23.6 percent during the same ten years. Starting

with 37,325,000 homes in 1940, the homebuilders completed more than 8,826,000 during the following decade.

Texas stood high in home-building achievements during the year just completed, Driskell

said, with some estimates of new homes running close to a quarter million during 1950.

Dr. J. M. Croley attended the Mid-Winter Clinic in Dallas last Wednesday.

1950 Taxes Become Delinquent

February 1, 1951

All City and School Taxes for 1950 become delinquent on the above date and interest and penalty will be added after that time.

Teenager Gets Appetite Back; Thanks HADACOL

HADACOL Supplies Vitamins B₁, B₂, Nicotin and Iron Which System Locked.

According to Sara Lorraine Beck, Box 253, Coker, Missouri, when a person is only 19 years old and feels terrible, can't eat or sleep the way they should, it's mighty bad. That is the way Lorraine says she used to feel, but that was, of course, before she started taking HADACOL. Lorraine found that taking HADACOL helped her system overcome deficiencies in Vitamins B₁, B₂, Nicotin and Iron, which HADACOL contains.

Here is Lorraine Beck's own statement: "I was run-down, sick and skinny, and weighed only 90 pounds before I used HADACOL. I would not eat because I had no appetite. Now I weigh 123 pounds and have an appetite. I feel a lot better. I have been taking HADACOL 10 months and am still taking it. I am 15 years old. HADACOL has done me lots of good."

On Display Saturday!

...the RIDE is a REVELATION!

the '51 DE SOTO

New beauty... really different..

more responsive performance whether you're maneuvering through traffic or streaking down the open highway!

NEW BEAUTY... New, different styling gives the '51 De Soto new glamour, from its massive, new front grille clear back to the new contour-type rear bumper.

NEW RIDE... The new Oriflow shock absorbers make the difference! De Soto adds their amazing cushioning action to other famous De Soto comfort features to give you a Ride that's a Revelation!

NEW POWER... The new high-compression engine is bigger... more powerful! Gives smoother,

Come in today... and see the really new De Soto for yourself!

Don't miss GROUCHO MARX in "You Bet Your Life" on both Radio and TV each week on all NBC stations.

LOOK AT THE EXTRA VALUE DESOTO GIVES YOU:

- New "Oriflow" Shock Absorbers
- Tip-Toe Hydraulic Shift and Fluid Drive
- Big, New, High-Compression Engine
- Big, 12-inch Brakes for Extra Safety
- New Parking Brake—Easy to Apply
- Waterproof Ignition for Quick Starts
- Long Wheelbase, Full-Cradled Ride
- Featherlight, Shock-free Steering
- Big Windows for Maximum Visibility
- Scuff-Resistant Cylinder Walls

NOTICE FARMERS

FARM PROGRAM NEWS

From the County PMA Committee

"DIFFERENT SITUATION TODAY," SAY PMA SPEAKERS

National defense today is a far different story from that of 1940. This was the thesis underlying most talks by speakers at the Annual Conference of the Production and Marketing Administration, December 11 to 14.

Seymour E. Harris, Professor of Economics at Harvard University, said it is significant that we start the current mobilization from a high level of output and very little unemployment. It means that in the future we shall not be able to get war resources from additional output, as in World War I and II. What we get, he said, will come primarily at the expense of current consumption and investment.

Should we need \$50 billion of additional resources for war in 1951-52, Mr. Harris explained, we might get \$15 billion out of additional output—expanded by 6%, and \$35 billion at the expense of consumption and private investment. If we should need \$125 billion—roughly the equivalent of the 1944 effort, then we would have to cut investment drastically and even reduce civilian consumption close to one-half. Prices will tend to rise, the speaker declared, since large incomes will be earned as hours of employment rise, as the numbers of employed increase, and as workers are upgraded. The way to deal with this excess income is to increase taxes and stimulate savings.

For farmers, Mr. Harris said

the current mobilization will have many effects—manpower shortages as workers move to factories; competition from the military for raw materials needed for fertilizers, insecticides, machinery, equipment, and electricity; high taxes and higher prices for commodities. Although the farmer's economic position should be relatively favorable, in the course of a long military effort his consumption standards will suffer and his capital plant will run down.

H. B. McCoy, Assistant Administrator of the National Production Authority, also discussed the difference in the two defense periods. He mentioned the country's unparalleled prosperity since the end of the last war, almost-full employment, higher national income, and a more rapid advance in our standard of living.

"We find ourselves in 1950, with an urgent necessity to greatly expand production for national defense and at the same time having an economy that is operating at almost maximum levels for non-defense purposes," he said.

The Defense Production Act recognizes this situation, Mr. McCoy explains, and also that the Government must have extraordinary powers to insure right-of-way for a military program; to deal with inflation; to provide for facilities to increase defense output; and to regulate non-defense activities so as to minimize the adverse effects of defense output; and to regulate non-defense activities so as to minimize the adverse effects of consequent dislocations flowing from military procurement.

The speaker stressed the importance of large production to provide ample food supplies, but said that agriculture, like all other segments of our economy, must take its sacrifices in order that maximum quantities of our total resources can be applied to direct military uses. The current status of the defense program was summarized thus:

Military requirements for materials and facilities are being supplied as needed; the balance of materials for non-defense use is being equitably distributed to all users by industry and individual firms; production facilities are being expanded wherever possible, to meet increased defense needs; we intend to conserve strategic and critical materials by limiting their use and in other ways; with all of this, we intend to preserve our eco-

1951 DODGE CORONET FOUR-DOOR SEDAN

The 1951 Dodge Coronet four-door sedan has a wider windshield and wider rear window for improved driver vision. Bumpers and bumper guards are larger and the grille and hood are of a new modern design. All 1951 Dodge cars are equipped with the new, more comfortable riding Oriflow shock absorbers. The model shown above is available with Gyro-Matic shift-free transmission.

conomic strength—expand and contract.

SOCIAL SECURITY TAX GUIDE

Farmers may obtain a booklet with complete instructions in the Social Security Act which became effective for farm workers on January 1st by writing to the Bureau of Internal Revenue, U. S. Treasury Department, Washington 25, D. C. Ask for "AGRICULTURAL EMPLOYEES SOCIAL SECURITY TAX GUIDE"—It's free.

Kracker Krumbs—

the "dead end" street that will bring an end to such minor violence.

Those who do the mischief should stop, too, before their deeds lead on to something more violent and more terrible.

We don't need rock throwing, brick throwing, light bulb stealing, concrete throwing acts in our town at night. And we believe it will stopped one way or another.

Texas Farmers, Ranchers Have Prosperous '50

Texas farmers and ranchers had a very prosperous year in 1950, according to Virgil P. Lee, President of the Production Credit Corporation of Houston, which supervises production credit associations making crop and livestock loans all over the state.

Lee says the loan figures for the 36 production credit associations reflect the higher cost of production as well as the higher returns from the sale of livestock and crops in 1950. Total loans made during the year were \$137,207,000. Liquidation was especially good from cattle, sheep, wool, rice and cotton.

The production credit associations in Texas have just wound up their first year operating wholly on their own without benefit of any government capital, which was all paid back at the end of 1949. Lee states that the associations have had a very successful year, having in-

creased their capital stock from \$9,274,505 to \$10,077,470 and their surplus and reserve funds from \$6,003,228 to \$6,907,084.

According to C. G. Burson, President of the Stamford Production Credit Association, most farmers and ranchers in the 8 county area served by the association did well in 1950. Crops were good and there has been ample gross for cattle. J. L. Hill, Jr., Secretary-Treasurer, states that the association had a good year and will begin the new year with about \$63,000.00 more capital and reserves than a year ago. The association now has \$482,915.00 in capital stock and \$216,588.00 in surplus.

Other directors in addition to C. G. Burson are: J. F. McCulloch, Stamford; J. Spurgeon Reeves, Hawley; Lasater Hensley, Guthrie; and J. B. Pumphrey, Old Glory. The association offices in the Stamford territory are in Stamford, Anson, Haskell, Munday, Aspermont and Spur.

Be careful. Observe state and local traffic laws.

LOCALS

Ronald Foshee, who is attending A. & M. College, visited in the home of his parents, Mr. and Mrs. R. E. Foshee, over the week end.

Mrs. A. B. Warren and Miss Jo Ann Duke visited Mrs. J. W. Medley, who is in the Haskell Hospital, Sunday.

Mr. and Mrs. Ben Yarbrough visited in Abilene over the week end.

Ernie Reynolds returned Tuesday to Fort Worth, after visiting in the home of his sister, Mr. and Mrs. Don Wardlaw.

Mrs. F. L. Bowley and Mrs. J. O. Tynes visited last week in Big Spring. Mrs. Bowley returned home Sunday, while Mrs. Tynes stayed for an extended visit.

Mr. and Mrs. Harrison Harber and family of Jacksboro spent the week end in the home of Mr. and Mrs. J. T. Harber and with other relatives.

Margie Hill is visiting her sister and family in Jayton this week.

Mr. and Mrs. J. C. Greenway of Hamlin and Mrs. Mattie Malcom were visitors in the home of Mrs. Ann McClaran and family over the week end.

Radio Repairs

We are now able to give you high quality radio repair work, with up-to-date equipment and expert workmen handling every job.

2-Day Service

Usually we can give you two-day service on your radio, and for many ordinary repairs, quicker service can be given. Bring us your radios for repairs.

TWO REASONS WHY MORE FARMERS WANT

GOODYEAR SUPER-SURE-GRIP TRACTOR TIRES

1. Deeper Soil Penetration — Greater Pull
2. Balanced Straight Lug Tread Design — Longer Wear!

Goodyear's open center tread has straight deep-biting lugs. No curves to cut traction — no hooks, knobs or elbows to blunt their bite. They cut cleanly into the soil, penetrate full depth, full length. Straight bars closer together at the shoulders wedge the soil for firmer grip—don't "plow out" soil at the sides.

Goodyear open center lugs are all straight, all equal in size and spacing. That's why every lug works equally, pulls fully, wears more evenly. This means a smoother, steadier pull, less vibration and wobble — more riding stability — plus longer life. Get Goodyears for your tractor — they don't cost a penny more.
