

## Kracker Krumb's

Odd Bits Salvaged  
At Random

How much did it rain today? How much rain did we get?  
.....  
These are two questions which have been propounded a local man for, lo, these many years.  
.....

They are the questions which we, at times have hesitated to ask. We get into the way of thinking that perhaps the questions get monotonous.  
.....

Just like the questions: "Have you moved yet?" or "When are you going to move?"  
.....

In that case, the questions don't get so monotonous as having to give the same answer; "We don't know?"  
.....

Guess that's why the weather questions about how much it rained, how cold or how hot it got to be, etc., don't become monotonous to this man.  
.....

He can give a different answer, at least part of the time.  
.....

But they're not monotonous to him. He enjoys answering them. And he told us to phone any time—if he isn't there his wife knows the answers.  
.....

We're referring to our beloved citizen, Harvey P. Hill.  
.....

This business of keeping the weather is a hobby for him. He does it without remuneration or without thought of any.

It started way back yonder, we understand, some 25 years ago or more.  
.....

Then later, he started keeping the records for the Weather Bureau.  
.....

His instruments are of the bureau type, are located and situated just right, so the moisture and temperature can be recorded with accuracy.  
.....

Sometimes he'll say: This was the hottest day for this time of year, or this was the wettest month since he'd been keeping the records.  
.....

But lately he hasn't had very much wetness to report!  
.....

Some few got to thinking about how much time Mr. Hill has spent in answering our questions about the rainfall and temperature.  
.....

Especially after a long dry spell gets broken by a good rain, it seems everybody in the country wants to know how much it rained.  
.....

And Mr. Hill has the answer. He's always very glad to give the answer. Then maybe we'll say "Thank you," and maybe we won't.  
.....

It's available service he renders to the community as well as to the weather bureau.  
.....

Usually on Thursday morning around 8:30 or 9 o'clock, we can bet on Mr. Hill coming in the Times office with his recordings of temperature and rainfall. Sometimes for variety's sake he may record it as precipitation, instead of rainfall.  
.....

This report has become a very valuable little three or four inches in our paper.  
.....

Let him miss a time or two, especially if we have weather that's different to the dry weather we've had for five months, our readers will set up a howl because we don't have the weather.  
.....

So we few people got to thinking about the service rendered, of the number of times he's answered the telephone just to tell folks how much it rained, etc., and decided this hobby had also been quite a bit of trouble to him during all these years.  
.....

We decided we couldn't remunerate him for his trouble, but that the community owed him some token of appreciation.  
.....

And the best way to make it a community-wide expression was through the Community

## Knox County Hospital Notes

Patients in the Hospital February 26th:  
Mr. and Mrs. D. B. Jones, George; Pierce Baby, Munday; Kenneth Benson, Benjamin; Mrs. Vito Esparax, and baby, Knox City; Mrs. Matt Brown, Benjamin; Lucy Norman, Rule; Mrs. J. W. Hoge, Throckmorton; Mrs. J. M. White, Munday; J. F. Marquis, Aspermont; G. A. Hulls, Knox City; Lillian Gibbins, Benjamin; Mrs. G. M. Sharp, Rochester; Mrs. A. Hall, Rochester; Gerald Barnett, Benjamin; Mrs. Ella Bradley, Rochester; Patricia Montandon, Knox City; W. A. Smith, Munday; Mrs. T. J. Cypert, Knox City; Mrs. Lou Miller, Rochester; Mrs. Susie Butler, Rochester; Lee Wampler, Knox City; Mrs. E. S. Allen, Gilliland; Mrs. Dwayne Russell, Munday.

Patients dismissed since February 19th:

Mrs. T. J. Strange, Munday; Auguera baby, Knox City; Mrs. Ethel Branton, Knox City; Mrs. Clyde Covey and baby, O'Brien; W. L. Aldridge, Knox City; F. S. W. L. Moore, Goree; Ben Allen, Rule; Mrs. C. G. Hudson, Rochester; J. E. McMeekin, Rochester; Celya Dean Bishop, Knox City; John Ray Underwood, Knox City; Ina Maria Luna, Gilliland; Gene Reid, Munday; J. O. McMahon, Munday; Mrs. U. L. Bennie, Knox City; Mary House, Munday; Leala Salmaan, Rochester; Mrs. Mildred Ahoelhorn, Munday; Mrs. Frank Driver and baby, Benjamin; Birkenfeld baby, Munday; Mrs. G. J. Stewart, Knox City; Mrs. J. B. Blackburn and baby, Seymour; Mrs. A. D. Strickland, Knox City; Mrs. Refugio Alsides, O'Brien; J. W. Shytles, New Port.

Births:

Mr. and Mrs. J. B. Blackburn, Seymour, a son.  
Mr. and Mrs. Clyde Covey, O'Brien, a son.  
Mr. and Mrs. Frank Driver, Benjamin, a son.

## King And Kane Purchase Spann Tailor Shop

After serving the people of this area for some 29 years, John C. Spann is no longer in the cleaning and pressing business.  
Announcement was made this week that Joe Bailey King and Jerry Kane of K. & K. Cleaners have purchased Mr. Spann's interest in the tailor shop. Mr. King is serving as manager and is now in charge of the business.

The new owners announce that all employees of the firm are continuing with them, and another experienced presser, to the force. They invite the continued patronage of all of Mr. Spann's customers.

Mr. Spann will devote his time to his farming interests in this area.

## Gwyna Lee Smith Is Society Pledge

WACO—Miss Gwyna Lee Smith, Baylor University coed from Munday, has been pledged by Theta Sigma Phi, national honorary professional society for women in journalism.

Miss Smith is the daughter of Mr. and Mrs. A. L. Smith of Munday. She is a sophomore student in Baylor majoring in journalism and minoring in home economics. She is a member of the Daily Lariat staff, campus newspaper.

## Weinert Juniors To Present Play

The three-act comedy, "Which Shall He Marry?" will be presented by members of the Weinert Junior class on Friday night, March 2, at the Weinert school auditorium.

This play will furnish an evening of good, wholesome entertainment, and the public is cordially invited to attend.

Miss Joy Jones of Fort Worth spent the week end with her parents, Mr. and Mrs. Marion Jones.

## To Speak At McMurry College

Dr. Louis Hadley Evans, pastor of the First Presbyterian Church of Hollywood, and Dr. Evelyn Millis Duvall of Chicago, executive secretary of the National Council on Family Relations, will be featured during the sixth annual Willson Lectures at McMurry College in Abilene on March 6-9.

Miss W. E. Hammack, beloved resident of this community for nearly 25 years, passed away at her home here shortly after seven o'clock Monday night. Although she had been in declining health for several years, her death came unexpectedly. She became ill Saturday night.

## Goree To Name Three Aldermen

Qualified voters of the City of Goree will elect three members of the city council at the annual city election which will be held on Tuesday, April 3. It was announced this week by J. B. Justice, city secretary.

Nine names have been filed for places on the ballot, and the three will be elected from this number.

Appearing on the ballots will be J. W. Laningham, Everett Barger, Pete Beecher, Wilford Kennedy, Orb Coffman, Barton Carl, J. J. Smith, Ira Stalcup, and L. M. Tucker.

## Rule Church To Hold Open House Next Sunday

The First Baptist Church of Rule is to hold open house for the general public on Sunday, March 4, from 4 to 5 p. m.

The Rule congregation has recently completed a two-story brick and tile education building at a cost of \$40,000. At the same time the church has done considerable remodeling on the older portion of the church, as well as install a central heating system for the entire plant, according to Rev. Houston Walker, pastor.

The new building contains church offices, Sunday school rooms, kitchen and banquet facilities.

Friends are most welcome to visit the church and see these fine facilities.

Be careful. Observe state and local traffic laws.

## All-Occasion-Crepe

Beautifully textured rayon crepe is perfect for all-occasion wear this year, in smart dresses which can be worn all day and, with new accessories, for nighttime smartness, too! This crepe, made with Avisco rayon, combines smooth firm body with soft color and subtle texture.

## What Time Is It? Last Days of Course

Knowing this first, that there shall come in the LAST days scoffers (those who will scorn), walking after their own lusts, and saying, where is the promise of His coming? For since the fathers fell asleep, all things continue as they were from the beginning of the creation.

The Lord of that servant shall come in a day when he looketh not for Him, and in an hour that he is not aware of, and shall cut asunder, appoint him his position with the hypocrites: There shall be weeping and gnashing of teeth. 2 Peter 3:3-4, Matt. 24:50-51.

## Knox Singers Will Meet At Knox City

The regular Knox County Singing Convention will be held at the First Baptist Church in Knox City on Sunday, March 4, it was announced this week by J. B. Justice of Goree, president of the convention.

Opening at 2:30 p. m., a good program of group singing and special numbers will be given. The public is cordially invited to attend.

## D. L. Ratliff Buys J. I. Case Agency

Announcement was made Wednesday that Don L. Ratliff has purchased the Hughes-Dayton Implement Co., and has moved the D. L. Ratliff agency to this location.

Mr. Ratliff will add to the present stock of Case parts, making his plans to have a complete line in the near future. New tractors and equipment are also coming in.

Plans are going forward for holding a formal opening in the new location. Watch for further announcement regarding the date of opening.

## VISIT IN MISSISSIPPI

Mr. and Mrs. E. L. Morgan and Mr. and Mrs. Joel Morrow left last week for Mississippi for several days visit with relatives. They are visiting Clarksdale and Calhoun City.

## HOME FROM CALIFORNIA

Mr. and Mrs. Sidney Winchester and Mr. and Mrs. Tobie Winchester returned home last week from Riverside, Calif., where they visited Bobby Ray Winchester, who is at March Air Force Base. They also visited in the homes of the Clovis Normans and the Frank Myers in Los Angeles. They drove to Abilene and went from there by plane.

## TO BANKERS' MEET

Mr. and Mrs. W. E. Braly and M. L. Wiggins were in Fort Worth last Thursday to attend a meeting of the Texas Bankers' Association. They reported a very enjoyable and profitable meeting.

Alfred Bennie Guinn, student in Midwestern University, Wichita Falls, spent the week end with his parents, Mr. and Mrs. L. C. Guinn, Sr.

## Legion Names Committees For Boy Scouts

Various committees which will help carry on the work of Munday's Boy Scouts were named last Friday night by executive officers of Lowry Post No. 44 of American Legion, sponsoring organization.

Don L. Ratliff was re-elected scoutmaster of the local troop and his assistants are E. L. Goolsby and Dr. Joe Croley. Committees are as follows:

J. Weldon Smith, chairman of troop committee; Gene Harrell finance chairman; W. R. Moore, Jr., advancement chairman; Chan Hughes and Aaron Edgar, publicity. The camping committee is composed of Dwight C. Key, chairman; Boyd Meers, Doris Dickerson, Elmer Cude Al Cartwright and J. D. Gillespie.

Named by the Northwest Texas Council are Winston Blacklock, district co-ordinator and Gene W. Harrell, council member.

## Last Rites For Mrs. Hammack Held Wednesday

Mrs. W. E. Hammack, beloved resident of this community for nearly 25 years, passed away at her home here shortly after seven o'clock Monday night. Although she had been in declining health for several years, her death came unexpectedly. She became ill Saturday night.

She was born Minnie V. Stogner in Huntsville, Ala., on October 5, 1869, and was 81 years, 4 months and 11 days of age. She had been a faithful member of the Baptist Church for 70 years.

She was married to Mr. Hammack on December 9, 1890, and the family moved here from Leila Lake, Texas, in February of 1928. Mrs. Hammack had made her home here since that time.

Surviving her are four children, Miss Maggie Hammack, Mrs. Henry Decker, George C. Hammack, and Mason Hammack, all of Munday; two brothers, Henry Stogner of Clarendon and Ted Stogner of El Cajon, Calif.; three sisters, Mrs. Sallie Noble and Miss Lucy Stogner, both of Munday, and Mrs. Exa Ewing of Lubbock and six grandchildren.

Funeral services were held from the First Baptist Church in Munday at 10 o'clock Wednesday morning, conducted by Rev. Vick Allen of Acuff, and Rev. Huron A. Polnac. Burial was in the Clarendon, Texas cemetery under the direction of Mahan Funeral Home.

Pallbearers were Ed Thompson, Buck Tidwell, Ardell Speice, Oscar McNulty of Knox City, Chester Bowden and Worth Gafford.

## Munday Student Is Initiated Into Phi Theta Kappa

Alfred Bennie Guinn, student from Munday, Texas, was one of twenty-one new members initiated into Phi Theta Kappa at Midwestern University in Wichita Falls last week. Phi Theta Kappa is the freshman and sophomore honorary corresponding to Phi Beta Kappa on the upper-classman level.

Members were honor guests at a dinner in the University Center's Indian Room the night following the candlelight pledge service which initiated them. Phi Theta Kappa colors, blue and gold, and the fraternity emblem were used in dinner decorations.

## MOVE TO FORT WORTH

Mr. and Mrs. Keith Cartwright and son, Joel, have moved from Knox City to Fort Worth. Mr. and Mrs. Louis Cartwright went over last Saturday and helped them move to their new home.

Mr. and Mrs. M. L. Barnard were business visitors in Dallas the first of the week.

## Heads Seminar

Bobby Whitworth, Jr., daughter of Mr. and Mrs. D. E. Whitworth, has been named seminar head for the fifth annual Hardin-Simmons University Religious Focus Week to be held March 5-9.

Miss Whitworth is a member of the YWA, Life Service Band, Future Teacher Association and P. E. Club.

Religious Focus Week is held annually on the H-SU campus Seminars, classroom visitation, informal discussion periods and night and chapel services are scheduled.

This year, thirteen Baptists, leaders in their lay and religious fields, will be team members for the week.

## Johnny L. Hammons Receives Promotion

A FIFTH AIR FORCE BASE IN JAPAN—Recently promoted to the grade of Sergeant, Johnny L. Hammons, son of Mr. and Mrs. J. R. Hammons of Goree, Texas, is currently assigned with the First Communications Squadron, at this Fifth Air Force Base in Japan. The Fifth Air Force, occupation Air Force of Japan, has bases throughout Japan and Korea.

A graduate of Goree High School, class of May 1948, Sgt. Hammons, enlisted in the United States Air Force at Abilene, Texas, June 1, 1948. After attending a technical school, Sgt. Hammons was assigned as a radio operator, at Walker Air Force Base. He arrived in Japan December 24, 1949.

## Weather Report

For the period of February 22 through 28, 1951, as compiled by H. P. Hill, U. S. Weather Observer.

	1951-1950	1951-1949

1950	1.71 in.		Precipitation since Nov. 1, 1950	
	.81 in.			

Cotton farmers are reminded that treating planting seed will aid them to secure a better stand and will also help to control angular leafspot and shoenish.

## Recent Bride

Pictured above is Mrs. Bobby Joe Schwartz, the former Frances Nance, whose marriage took place on Saturday evening, February 24. The couple are making their home in Stamford.

## Public Schools Week Designated For March 4-11

The week of March 4 to 11 has been designated as Public Schools Week in Texas by Gov. Allan Shivers, who has urged all citizens to visit the public schools in order to see the great progress being made in our educational system.

Supt. W. C. Cox has extended a personal invitation for people of this area to visit the Munday schools during this week. The theme of the program is "The Public School—Democracy in Action."

"The little red schoolhouse which was the symbol of public education a century ago has expanded into a network of elementary and high schools, junior and senior colleges," the governor said.

"It has been a great cooperative venture. We like to believe that the opportunities afforded our children for a sound basic education are not excelled anywhere. If we are justified in this conclusion it is only because our citizens have shown a personal interest in education and because public-spirited men and women have been willing to devote their lives to the teaching of our youth.

"It is of paramount importance that this interest be strengthened and that those in the teaching profession be supported and encouraged in their efforts. I urge every citizen to visit a public school during this period to become personally acquainted with the programs and accomplishments of our education system," he concluded.

## Munday Boy Gets ROTC Medal Lately At Tech Ceremonies

Arlene Suggs of Munday was among the 25 Texas Tech students who received distinguished military student badges recently in a special ceremony held on the college drill field.

Lt. Col. Willard White, commander of the Army ROTC unit and Lt. Col. Ollen C. Turner, commander of the air ROTC, presented the medals.

Honored cadets were chosen in October by the combined staff of air and army ROTC officers. To be selected as a distinguished military student a cadet must have an academic standing among the upper third of the class; have completed one year of advanced ROTC training; possess outstanding qualities of military leadership, high moral character and definite aptitude for military service; and distinguished himself by demonstrated leadership in regular campus activities.

## Partnership In Munday Auto Co. Is Dissolved

Dissolution of the partnership of J. V. Cook and R. D. Atkinson in the Munday Auto Company was announced last week when Mr. Atkinson became sole owner of the firm.

The DeSoto-Plymouth agency will continue to be operated under the firm name, with Mr. Atkinson in charge of the business. J. W. Massey and Buck Walsh are continuing in the repair and service department, it was announced.

Mr. Cook is also opening the Cook Auto Supply, new parts jobbing house, at 808 Main Street, in the building formerly occupied by the Ideal Beauty Shop. This new firm is opening for business the latter part of this week.

## Mrs. Joseph Borden New CDA Secretary

Mrs. Joseph Borden, the former Hattie Ann Phillips, has accepted the position of secretary of the Community Development Association, beginning her duties on Wednesday of last week. She will also serve as librarian for the Munday Public Library. Mrs. Borden succeeds Miss Bobby Price, who has served as secretary for about two years.

### THE CHOSEN FEW

In legislatures, there is truth in the old saying that many are called but few are chosen. We are not speaking here of the legislators themselves, but of the proposed laws the must consider.

For instance, between the opening of the session in Austin on January 9 and February 15, the Texas Legislature had 534 bills introduced—311 in the House and 223 in the Senate. There is, of course, some overlap in these bills, but not as much as might be expected.

The realistic legislator and the realistic citizen—knows very well that all of the bills are not intended to be made into laws. A great number are introduced by legislators simply to satisfy persevering constituents who are interested enough in specific things to push their Representatives and Senators into taking some action. Such bills get only "lip service" from their introducers, and they die in droves in the legislative committees. They are never voted upon.

Therefore, a lot of people in Texas who figure they have won a cause because their pet bills have been introduced in the House or Senate, are doomed to have their fond hopes blasted.

The only practical way to get a law passed or repealed is for you and people like you to keep pegging away at your legislators until they know they must work actively on your projects if they want to keep your support and votes.

Only a chosen few of the hundreds of bills introduced in this session in Austin will become laws. Among the good and bad bills already introduced are many which will vitally affect state economy, spending and taxation.

Are you interested in any of them? If you are, you had better begin communicating with your legislators right now, and keep on doing it. Otherwise, the things you are interested in will probably not be among the "few that are chosen."

### STOPGAP MEASURE

The present price-wage freeze is largely a stop-gap measure, as top government officials charged with the law's administration have recently said. As soon as possible, the whole control policy will be reviewed and necessary changes made. Some express the hope that many controls may be removed in the near future.

Be that as it may, those consumers who have believed that all that was needed to stop the price spiral was to issue an edict are clearly due for a disappointment. The roots of inflation go far beyond the farmer, manufacturer, the retailer, and the others involved in the job of producing and distributing all the things we use. It cannot be too often repeated that high prices are a symptom of disease—not the disease itself. The disease lies principally in government spending, government credit policies, so-called "cheap money", and all the rest of government's

activities in the broad field of fiscal policy.

Business is next to helpless when it comes to doing something about prices. The manufacturer must pay rising wages and costs all along the line. The retailer, who is most often blamed by consumers for high prices, is caught in the same squeeze—when his wholesale costs go up, there's nothing he can do except pass the increase along to his customers. The consumer may complain, and cut his buying as much as possible—but that doesn't change conditions.

It is an unfortunate fact that the public was misled by some very high officials, who argued that price control was the answer to practically everything. We now begin to see how mistaken that view is. And we have yet to go after the real causes of inflation.

### GRASS ROOTS OPINION

CLARISSA, MINN., INDEPENDENT: "Minnesota Municipalities, the monthly publication of the League of Minnesota Municipalities carried an editorial in its January 1951 issue that we hope all state, county, village and township officials, to say nothing of Federal employees and the ordinary citizen can well take to heart. The editorial said that it is time for citizens to pull in their belts and quit asking the government on all levels for a kinds of unessential services."

MEADE, KANS., GLOBENEWS: "We take a dim view of these old welfare state items that have been presented repeatedly to Congress in recent years, and that have been repeatedly rejected by Congress in late years being included in the budget for national defense."

MAYVILLE, N. D., TRIBUNE: "We have grown into a self-centered nation of people, each separate section demanding the maximum of benefits from a munificent government, caring little whether others are treated likewise. As a result the national cost of living has grown to such proportions that our original dollar has been cut to less than half its former value."

WEST BEND, WISC., NEWS: "A responsible newspaper regards as one of its most solemn duties . . . bringing to the attention of the citizens details of public services which they pay for and control . . . The great task is separating the wheat from the chaff; getting that part of the news of public affairs that is essential to full understanding of government and its operations."

"In order to be strong henceforth, it is desirable to begin to think straight. The orgies of governmental handouts not only deteriorated governmental strength, but also tended to impair the fiber of young people."—Merryle S. Ruker.

"It will take more than guns and ammunition to stop the rising tide of Communism. Economic preparedness must go hand in hand with military preparedness."—Paul Mazur.

## First National Bank Increases FDIC Coverage

W. E. Braly, president of the First National Bank of Munday, today announced receipt from the Federal Deposit Insurance Corporation, Washington, D. C., of a new certificate of membership giving effect to the recent increase in insurance coverage to \$10,000. The local bank has been a member of FDIC since 1933.

Mr. Braly pointed out that this insurance does not cost depositors of the bank a single penny. The surplus of Federal Deposit Insurance Corporation which now exceeds \$1,300,000,000, in addition to all deposit insurance losses and operating expenses of the Corporation has been paid in by the 13,650 insured banks of the nation in the form of annual assessments based on their total receipts.

"Under the leadership of its chairman, Maple T. Harl, and his predecessors," Mr. Braly said, "the Federal Deposit Insurance Corporation has made a great contribution to the soundness and solvency of our banking system and to the safety and security of bank depositors. It has been seven years since any depositor of an insured bank suffered a loss, a new record for depositor safety in this nation."

"This is in sharp contrast even to the synthetically prosperous days of early 1929 when the State Bank Division of the American Bankers Association reported with pride that: 'All told there were 41 states in which there were no bank failures at all reported in the 1928 period, nine of these also having a clean record in this respect for two or more years. The states with the clean 1928 record were Alabama, Arizona, Connecticut, Delaware, District of Columbia, Maine, Massachusetts, Nevada, New Hampshire, New Jersey, New Mexico, Rhode Island, Vermont and Washington. In the four states of New York, Utah, Virginia and Wyoming where the count remained the same as the year before, the numbers of failures were small, there being only one in the New York and Wyoming each, two in Utah and three in Virginia.'"

A letter from FDIC Chairman Harl accompanied the certificate. It read in part:

"This certificate can be displayed in your banking rooms with pride in the accomplishments of a Corporation in which you and 13,600 other banking institutions are banded together for the protection of your depositor's funds."

"Each bank can take a great share of the credit for the fact

that nearly seven years have passed since an insured bank was placed in receivership.

Improved bank management coupled with diligent bank supervision, plus Federal deposit insurance have brought to our nation an era free from the specter of losses to depositors and eliminated the dread of and the devastating results from bank runs.

"This Corporation has made an outstanding contribution to this marvelous record, furthermore, has accumulated a surplus of nearly one and a half billion dollars as additional protection against any and all contingencies which might in any way effect the solvency and stability of the dual banking system. In addition thereto, recent legislation enacted at the request of the Directors of this Corporation has materially simplified the assessment reporting procedure for all insured banks, likewise has provided a substantial reduction in the amount of their annual assessment outlay."

"We are proud of the accomplishments and achievements of the American banking system, and by the same token we hope that you take justifiable pride in the record achieved by your Federal Deposit Insurance Corporation since its inception," Mr. Harl's letter concluded.

## Traffic Death Toll Tops 35,000 During 1950

NEW YORK—The fast pace towards the millionth traffic death since 1900 was speeded up last year by increases in fatalities in Texas and 42 other states—the largest number to report an upward trend since 1946—while only five states held street and highway deaths below their 1949 tolls, a survey by the Association of Casualty and Surety Companies disclosed today.

Noting that this group of 43 states more than three times greater than the number which reported bigger death tolls a year ago, the Association' accident prevention department warned that "a tragic trend to more fatalities in all but a few states threatens to eclipse new gains in highway safety in 1951." Unless most states reverse this trend this year, declared Thomas N. Bate, the Association's director of public safety, "Victim X—the millionth traffic fatality—will be killed in about 10 months. Auto deaths since 1900 now total about 968,000, he said.

Only 14 states reported greater traffic fatalities for the year 1949. Mr. Bate pointed out. A year ago 32 states boasted fewer deaths in 1949, nearly seven times the roster of "honor states" for 1950. In 1948, 23 states had fewer deaths; in 1947 there were 31, and in 1946—the first full year of unrestricted motor travel following World War II—there were two. Twenty-one states reported more deaths in 1948, he said, 17 in 1947 and 45 in 1946.

Texas had 454 more deaths in 1950 than in the previous years, with 2,382 persons killed on its streets and highways, compared to 1,928 in 1949. Traffic fatali-

# FARM NEWS

From the County PMA Committee

## KEEPING UP ORGANIC MATTER IN DRY-FARMED SOILS

How to keep up the organic matter content of the soils in the dry farming areas of the country is a problem that has not yet been worked out to the satisfaction of either scientists or farmers, says B. F. Vance, chairman of the State PMA Committee. In many of the methods the grain stubble is used to replenish the organic matter in the soil, he explains, but in most cases the yield of the following wheat crop is reduced with consequent income loss to the farmer. Much of the land in these areas is in fallow one year and in wheat the next. The fallow is prepared by plowing the land in the spring and then cultivating it with various tools during the summer to keep down weed growth. It is when the stubble is turned under in the spring that the yield of the succeeding crop of wheat is reduced. The common explanation for this, the chairman explains, is that the bacteria which break down the straw into humus use the nitrogen in the soil and so deprive the wheat of the needed nitrogen.

Following this theory, a farmer in eastern Washington disced 2,000 acres of his wheat stubble in the fall of 1948 and plowed it in the spring of 1949. In the fall of 1949 he put on 50 pounds of ammonium nitrate when he planted his wheat. In the spring of 1950 he put on an additional 150 pounds of ammonium nitrate been fertilized. As he figured the comparatively bare spots. The yield of wheat on the 2,000 acres averaged 50 bushels to the acre which was 17 bushels more than from similar land which had not been fertilized. As he figured the return, if only 10 bushels of the increased yield were credited to the fertilizer, he got 10 bushels of wheat for \$4.00 worth of fertilizer.

## CCC GRAIN SORGHUM LOANS MATURE MARCH 31, 1951

Texas farmers who have 1950 crop grain sorghums under loan with the Commodity Credit Corporation should be prepared to meet the maturity date of March 31, 1951, according to B. F. Vance, State PMA Committee.

## Symptoms of Distress Arising from STOMACH ULCERS DUE TO EXCESS ACID QUICK RELIEF OR NO COST

Ask About 15-Day Trial Offer!

Over four million bottles of the WILLARD TREATMENT have been sold for relief of symptoms of distress arising from Stomach and Duodenal Ulcers due to Excess Acid—Poor Digestion, Sour or Upset Stomach, Gas, Heartburn, Sleeplessness, etc., due to Excess Acid. Ask for "Willard's Message" which fully explains this remarkable home treatment—free—at

CITY DRUG STORE THE RENALL STORE

## Chairman.

Vance says that there has been some talk that the March 31 maturity date might be extended. Information received in the State PMA Office this week from the U. S. Department of Agriculture states that the maturity date will not be extended. Most of the grain sorghums grown in the nation are produced in Texas. Approximately 26,000 Texas growers have almost 40 million bushels of grain sorghum under CCC loan. About 2 million bushels of this grain is in storage on the farms where it was produced. The other 38 million bushels are in commercial warehouses.

## Texas Hybrid Corn Program Is Announced

The acreage planted to corn hybrids in Texas last year amounted to only about 57 percent of the total acreage planted to corn in the state. According to E. A. Miller, extension agronomist of Texas A. & M. College, hybrid acreage should be increased. He points out that many more farmers could profit from planting hybrids instead of the lower yielding open pollinated varieties that are now being used.

The Texas Certified Hybrid Seed Corn Association is sponsoring again in 1951 a production program that is aimed at demonstrating the productive ability of Texas hybrid corns and how profits from corn growing can be increased through the use of good planting seed, legumes, fertilizers and cultural methods.

For the purposes of this program, says Miller, the state has been divided into four areas, and awards will be presented to the five producers in each area who make the highest yield per acre. Miller says that farmers and 4-H boys are eligible to participate in the program. Commercial hybrid seed corn growers, members of their families and their employees are not eligible to participate.

All participants must enroll with their local county agricultural agent, says Miller, and a minimum of one acre must be harvested, each participant must furnish the local county agent with a report which will show yield, number of the hybrid, fertilizers used and other information dealing with the demonstration. The county agent will submit the reports to Miller who will have charge of selecting the area highest yield in the state will be winners. The producer of the recognized and awarded a plaque.

Miller says all county agricultural agents in Texas have been supplied with the details of the program and suggests that

## Arkansas Cage Team Will Play At Stamford

STAMFORD—America's sweethearts of basketball, the Arkansas Travelers, will appear in Stamford, Thursday night March 1st at 8 p. m. playing the Stamford National Guard All Stars game under men's rules.

The Travelers, a team of professional girl cagers, play only men's teams under men's rules in their extended tours through the nation. Former Hamlin Leaders and Stamford High School cagers compose the National Guard team.

Under the auspices of the Stamford Junior Chamber of Commerce, the Travelers will appear in Stamford featuring their main attraction, a ten-time All-American, Hazel Walker. She will give a half-time free throw exhibition from a

standing, kneeling or sitting position and challenges anyone. She is undefeated through the past four seasons.

The game will be played in the new Stamford gymnasium with a seating capacity of 1300 persons. Mr. and Mrs. W. A. Elder, Ruthie and Bill, spent Sunday in Wichita Falls.

## See the New KELVINATOR Refrigerators

## Frances Nance And Bobby Joe Schwartz Wed On Saturday

Miss Frances Nance became the bride of Bobby Joe Schwartz in an impressive marriage ceremony on Saturday evening, February 24, at five o'clock. Rev. Huron A. Polnac, pastor of the First Baptist Church in Munday, officiated at the ceremony.

Mrs. Schwartz is the daughter of Mr. and Mrs. Frank Nance of Munday, and the bridegroom is the son of Mr. and Mrs. E. Schwartz of Stamford.

The bride was attired in a white gabardine suit with navy and white accessories.

Mrs. Ed Beel served as maid of honor, while Edward Beel was best man.

The bride was reared in Munday and graduated from the local high school. She was employed at the City Drug Store until a few months ago, when she accepted employment in Abilene.

The couple left immediately after the ceremony for a short wedding trip. They will make their home in Stamford, where Mr. Schwartz is employed at the First National Bank.

## Wesleyan Service Guild Members Meet Monday

Mrs. Bill Gaither was hostess to members of the Wesleyan Service Guild last Monday evening. Co-hostess for the evening was Mrs. Weldon Smith.

A short business meeting was held by Mrs. Bob Hicks, president. The program opened by singing "Help Somebody Today," which was followed by group prayer led by Mrs. E. R. Ponder. Mrs. Spann led the study of the second chapter of James.

Refreshments of cake and coffee were served to Meses. O. H. Spann, I. V. Cook, C. P. Baker, Joe Bailey King, Levi Bowden, Robert Green, Erin McGraw, Joe Massey, A. H. Mitchell, L. L. Womble, E. R. Ponder, Bill White, Misses Florence Gaines and Gianna Gaither; two guests, Mrs. Jim Reed and Mrs. Juanita Rippetoe, and the hostesses.

Mrs. Clarence Jones and Mrs. Clyde Yost were business visitors in Wichita Falls Monday of this week.

## Rayon Headliner

Fabric news is good news, and smartly styled rayon flannel suits like this are the talk of the town. Made from Avisco rayon, this fabric emphasizes comfort, durability and warmth. Rayon flannel suits are easy on the budget and easy on the eyes.

## Goree Bible Class Meets On Monday With Mrs. Gaither

The Goree Bible Class met in the home of Mrs. Everett Gaither on Monday night, February 19.

The president, Mrs. Barton Carl, presided during the business session. The group sang several hymns and Mrs. Orb Coffman led in prayer. The study, given by Mrs. Reuben Bates, was "The Career and Business Women of the Bible" which included Miriam, Deborah, Lydia and Phoebe.

Refreshments were served to the following: Meses. Barton Carl, Orb Coffman, Billie Hutchens, Buster Coffman, Everett Barger, Walter Coffman, Terrell Boggs, Tiny Jameson, J. W. Baughman, Reuben Bates and the hostess.

The next meeting will be in the home of Mrs. Walter Coffman on Monday night, March 5. Visitors and new members are welcome.

Mr. and Mrs. J. C. Borden visited in Abilene last Sunday.

## Clara Belle Byrd And Joe N. Boyd Marry February 16

Miss Clara Belle Byrd, daughter of Mrs. Ada Byrd, became the bride of Joe N. Boyd, son of Mr. and Mrs. N. W. Boyd of Waco, in the home of Mr. and Mrs. J. L. Stodghill at 7 o'clock, Friday afternoon, February 16.

Rev. R. L. Butler, pastor of the First Methodist Church, performed the double ring ceremony, before a background of palm leaves and white gladiol tied with a white satin ribbon. Preceding the ceremony, soft recordings of "Because" and "Give Me Your Hand" were played by Mrs. Mary Lois Zecker, of Kansas City.

The bride was given in marriage by Mr. J. L. Stodghill. She was attired in a gown of white slipper satin with a shirred yoke, long fitted sleeves and an ankle length skirt. Her veil was of white nylon net and hung from a crown of white net, outlined in seed pearls. On the white Bible which she carried was an arrangement of white carnations and sweet peas and a cascade of white ribbon tied with sweet peas and white net bows.

The bride's attendant was Miss Nell Melton, who wore a dress of green slipper satin with black accessories and a corsage of pale pink carnations.

Robert Hatch of Fort Worth, friend of the bridegroom, served as best man.

The bride's mother wore navy blue crepe dress with pink accessories and a corsage of pink carnations.

Following the ceremony, a reception was held in the home of Mr. and Mrs. J. L. Stodghill. The couple was assisted in the receiving line by Mrs. Ada Byrd, mother of the bride, and Mrs. Bob Puckett of Wichita Falls, sister of the bridegroom. The table was covered with a blue linen damask cloth and looped with white and pink satin ribbons tied with pink rosebuds. A centerpiece of pink snapdragons decorated the buffet. The cake, which was three tiered squares, garlanded with pink rosebuds and topped with a miniature bride and groom, was served by Miss Bobbye Price. The punch was poured by Miss Janie Haynie, who also secured names for the bride's book.

For the wedding trip, the bride wore a beige gabardine bolero suit with a pink blouse and hat and navy accessories. She wore the carnations from the bridal bouquet as a corsage.

The bride is a member of the graduating class of Munday High School and is employed by the First National Bank. The bridegroom is a graduate of the Waco High School and is employed by Southern Geophysical Company.

## Gilliland Club Meets Recently In Club Rooms

The Gilliland home demonstration club met on February 21 in the club room with eleven members present.

The program opened with a sing-song led by Mrs. W. T. Cook. Mrs. Arnold Navratil was in charge of the business session. In the absence of the secretary, roll call and reading of minutes were by Mrs. Charlie Groves.

Two interesting demonstrations were given. Mrs. A. L. Cook gave one on how to make plackets in little girls' dresses, and Mrs. Charlie Groves gave the other on making darts.

Mrs. W. T. Cook, hostess, served delicious cherry pie topped with whipped cream, coffee and cocoa.

# "GIVE ME THIS '51 DODGE for long life...dependability"

"I've driven Dodge cars for years...know from experience that you just can't beat a Dodge for DEPENDABILITY"

—Says Don B. Alford, Chicago, Ill.

## Here's why Dodge delivers more miles per dollar

EVERYTHING about this great new '51 Dodge—the way it looks, feels, rides and handles—tells you that here's a car that's built to last. It's a car that's stunning to look at, with plenty of head, leg and shoulder room—a car engineered from bumper to bumper to last longer, go farther at lower cost.

Spent 5 Minutes With Us  
Five short minutes behind the wheel will tell you why this is the car for you—for the years ahead. You'll find that the new Oriflow

Shock Absorbers not only give you a truly new kind of ride—but the resulting smoothness and freedom from wheel "hop" and "bounce" mean less car wear, prolong car life. Famous Dodge Fluid Drive, with its smoother starts and stops, "cushions" all moving parts from engine to rear wheels—adds to car life, saves tires, lowers costs.

Come in Today  
See how you could pay \$1,000 more for a car and still not get all the extra room and rugged dependability of this new '51 Dodge.

NEW KIND OF RIDE! New Oriflow shock absorbers let you float down roads so bad they stop other cars. Never before anything like it!

The '51 Dependable  
**DODGE**  
Just a few dollars more than the lowest-priced cars

**Reeves Motor Co.**  
Plymouth Cars — Dodge Trucks — Munday, Texas

# Our Most Sincere Thanks

We have sold our tailor shop to Jerry Kane and Joe Bailey King, who are now in charge of the business. We will devote our time to our farming interests.

It is with deep sincerity that we express our thanks and appreciation to the best people we have ever known for the wonderful patronage you have given us. Starting out 29 years ago with a wash tub and very little equipment, we built a good business during these years. This was due to your wonderful patronage all the time, and we are grateful to you.

## OUR ACCOUNTS SOLD, TOO

Desiring to be entirely free of the duties of business, we have also sold our accounts to the new owners. All accounts which were due John C. Spann are payable to the new owners at the place of business.

We solicit your continued patronage for the new owners, believing they will be just as faithful and efficient in serving you as we have tried to be.

Very sincerely,

# John C. Spann

## Knox Prairie Philosopher Offers Some Little Help To Legislature In Its Search For More New Tax Sources

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek seems to be talking about taxes this week, if we understand his letter, which we aren't always sure we do.

Dear editor:

I borrowed a copy of a newspaper off the front of my neighbor's radiator, where he's put it I guess to protect it during the freeze some time ago, some newspapers are fine for keeping out the cold, others for keepin' out ideas; likewise they's good for keepin' out the heat in the summertime, protect your face from gnats when you're takin' a nap, fine for puttin' on a tractor seat to keep it from gettin' too hot when you go to the house for a drink of water in the middle of July, what I like about a newspaper is it's a year-round article, good in any season, can't

say the same for the radio, ever hear of anybody tryin' to protect a radiator with one? Be the worst mess you ever saw.

At any rate, I figured the freeze was over and took the paper and went home and after helpin' my wife with the dishes, figured a gentleman ought to do this once in a while, just to experience the let-up in naggin' didn't work, she kept right on, and sat down and read where the Texas Legislature is eyeing the state closely huntin' for new tax sources.

The people's demanding more spendin' and more economy simultaneously can be handled satisfactorily durin' the campaign, but when the Legislature get in session and the facts stare em in the face, the tax hunt gets underway.

Now understand, I'm in favor of doin' what's necessary, everybody's in favor of economy and good roads too and if it takes more taxes to accomplish it, it's

## Texas Venture

In Education • 1876-1951  
Our first state college—Texas A. and M. is now in its seventy-fifth year

TEXAS' OLDEST STUDENT ORGANIZATION — THE ROSS VOLUNTEERS

Organized in 1887 as an honor company and crack drill unit, the Ross Volunteer company at the A. and M. College of Texas is the oldest student organization in the state. The first company was called the "Scott Volunteers" in honor of the popular Col. T. M. Scott, then business manager of the college. In 1890, when the illustrious Lawrence Sullivan Ross, Confederate General and former Governor, became president of the college, the name was changed to honor him, and the group became permanently established as the honor company of the college. Through the years the Ross Volunteers have held to high standards of character, scholarship and military precision. In addition to their spectacular precision drills, they have served as honor guards for distinguished visitors to the campus and have participated in many state ceremonies as an honor guard to the Governor. Ross Volunteers, in their white dress uniforms, are shown here grouped around the statue of their patron, Sul Ross, which is a campus shrine at the Texas school.

all right with me, but in the interest of savin' the state some travel expense money, I would like to let the Legislature know there ain't no use extendin' its hunt for new tax sources out to my farm out here at the creek's edge. I have already looked high and low and there ain't a possible spot you could extract another penny from. The place has not only been taxed to death, but I've taken all the remaining cash out of it myself for my own use, me and erosion together. Tryin' to get more taxes out

### Surveys List Top 25 Records Of All Time

Surveys made among music publishers, composers, bandleaders, disc jockeys and music stores showed that records made by Bing Crosby, Artie Shaw and Glenn Miller lead a list of "The Top 25 Records of All Time."

Results of the poll, which are published in the February issue of Cosmopolitan magazine, list three of Bing's records among the top 25, with Shaw and Guy Lombardo winning two places each.

Crosby's "White Christmas," which sold over eight million copies, was named the most popular in the survey, and his "Jingle Bells" was runner-up.

The next four platters, listed in order of their popularity, are: Glenn Miller's "In The Mood"; Artie Shaw's "Begin the Beguine"; Les Brown's "Sentimental Journey"; and Shaw's "Stardust."

Guy Lombardo's "Winter Wonderland" and "Humoresque" were in 17th and 24th place.

of this place out here would be about like tryin' to get vitamins out of a bale of my Johnson grass hay. Can't be done. I got cows to prove it.

Yours faithfully,  
J. A.

## Navy Encourages Volunteers For Aviation Duty

NEW ORLEANS—Navy volunteers for active duty in aviation and general line categories are now being encouraged by Eighth Naval District headquarters here.

Aviation ground officers, mostly lieutenants and below qualified in CIC, air intelligence aerology, photo interpretation electronics, aviation maintenance, law and personnel administration are needed, the Navy said.

Naval reserve aviators released from active duty in the past 18 months and not currently attached to carrier or patrol organized squadrons, were also asked to volunteer for active duty involving flying. For both ground and flying officers, active duty applications should be made to the Bureau of Naval Personnel through Eighth Naval District headquarters here.

At the same time the Navy lowered its educational qualifications on applicants for general line officer commissions in the naval reserve.

Physics requirements have been eliminated and mathematics reduced to trigonometry, which may have been taken in college or secondary school. The college degree requirement still stands, the Navy said, and still applies for naval reserve commissions. College students may apply for commissions 120 days before graduation.

Full information on the officer procurement program is avail-

able from the Offices of Naval Officer Procurement at 1114 Commerce Street, Dallas, Texas and 423 Canal Street, New Orleans.

able from the Offices of Naval Officer Procurement at 1114 Commerce Street, Dallas, Texas and 423 Canal Street, New Orleans.

Mrs. Leland Floyd, Mrs. L. B. Patterson and Mrs. J. B. Scott were business visitors in Wichita Falls Wednesday of last week.

Dr. James Boren, president of Midwestern University in Wichita Falls, was guest speaker at the First Methodist Church Sunday.

Eddie Marshall, L. A. Parks, Toby Lane and Joe Lane were business visitors in Electra last Sunday in connection with the fire department.

## BOYCE HOUSE

COWHIDE has played an important part in the history of our country. Up in the North west in 1853 a party of emigrants going across the Cascades came to a sheer bluff, 25 miles south of Mount Ranier. The cliff was 30 feet, straight up and straight down. Below it was a long slope too steep for any ox to stand on. Yet they could not turn back. It was go or starve.

One man had a piece of rope 180 feet long—but it wasn't long enough. One of the emigrants said, "Kill one of the poorest of the oxen; make a rope of his hide and fasten it to the end of this rope." In all, they had to kill four oxen, cut the green hides into strips and knot the ends together.

On one end of this long rope was tied the hind wheel of a wagon. The remainder was twisted around a nearby tree and paid out, little by little. In this manner, the covered wagons were let down.

A still earlier use of green hides by Western travelers was in the making of "bull boats." Washington Irving described a trip by Captain Nathaniel Wyeth in 1830 down the Big Horn, then down the Yellowstone to the Missouri in a bull boat. It was made of three buffalo skins stretched over a light frame with the seams stitched as tight as sewing could make them and then filled with elk tallow and ashes. This boat was 18 feet long. Irving commented:

"It is surprising what rough shocks and thumps these boats could endure. Their duration, however, is limited; they require frequently to be hauled out of the water and dried, to prevent the hides from becoming water-soaked; and eventually rot and

## Let's Talk LIVESTOCK

(By Ted Gouldy)

FORT WORTH, Feb. 23—There were four major developments in the livestock industry during the past week which were noted in Fort Worth.

1. The packers were caught in a squeeze between prices they can get for the meat at their ceiling levels and the fact that stocker and feeder buyers were getting the bulk of the calves since their prices are restrained only by the degree of optimism with which they view the future.

2. The sharp advance of stocker prices, especially calves and yearlings.

3. The rumors that Washington administration circles are girding for a battle which would separate ceiling prices and wage controls and that there is some talk of abandonment of the parity principal in Washington circles.

4. Increasing indications that hogs will be the first livestock and meat to have ceilings imposed nationally and that dates between the first and 15th of March are the popular guess as to when this will happen. Rumor has it that \$24 is the top being talked of for hogs.

Some small packers were reported cutting down slaughter operations because of the inability to get sufficient numbers of calves. Most packers were limited to paying around \$35 to \$36 for fat calves (they had to sell the meat at ceilings) and the kind of calves which would attract such packer bids were bringing from \$37 to \$40 as stockers and light calves sold to \$45, and baby calves reached \$50 to \$65 per hundred. The F. M. Richards Estate, Brady, had some baby calves at \$50 and av-

The five sons of Harvey S. Firestone unveiled a statue of their father in the dedication of an impressive memorial to the founder of The Firestone Tire & Rubber Company on its Fiftieth Anniversary, August 3, at Akron, Ohio. Located on twenty-five acres of trees and lawn surrounding the Firestone Research Building, the statue, which is the focal point of the memorial, overlooks the mile-long array of plants which are the nucleus of the world-wide industrial organization Mr. Firestone founded in 1900. Left to right, the five sons, all active in the management of the company, are: Roger S. Firestone, President, Firestone Plastics Company, Pottstown, Pennsylvania; Raymond C. Firestone, Vice-President, The Firestone Tire & Rubber Company; Leonard K. Firestone, President, Firestone Tire & Rubber Company of California; and Harvey S. Firestone, Jr., Chairman, The Firestone Tire & Rubber Company.

## Animal Greases Needed To Supply Defense Effort

Critical shortages in animal by-products during World War II were recalled today by Jim McDonald, general manager of Central Hide and Rendering Company in a letter to the Munday Times.

During those troublous times, according to McDonald, the farmers and stockmen of this area aided materially in supplying the needed greases, animal hides and protein concentrates used in vat quantities to further the defense effort. They did so by promptly reporting the presence of dead or crippled stock on their farms and in their feed lots to Central Hide and Rendering Company, which is the largest concern of its kind offering free removal service in Knox County.

"The current re-armament

program is again creating serious shortages in these commodities," McDonald said. Manufacture of such items as gun powder, medicine, plastics, soaps and shoes for the armed services, and of vitamin enriched stock and poultry feeds for the farmers and stockmen at home, account largely for current shortages, he explained.

"Stock raisers can now contribute materially to the re-armament program, and benefit themselves at the same time by promptly reporting all dead stock. Farms, pastures and feed lots can in this way be kept clean and free of dead animals," he said.

For prompt removal service, telephone Central Hide and Rendering Company, 12-J, Munday, collect.

Cecil Fitzgerald spent the week end in the home of his daughter and son-in-law, Mr. and Mrs. Lee Ward and daughter, Brenda Kay, in Post.

## LOCALS

Mr. and Mrs. Gene Russell moved to Seymour this week where Gene is employed with Billy Mitchell and Tab Garrett at their service station.

Mr. and Mrs. A. L. Garnier of San Antonio visited in the home of her parents, Mr. and Mrs. Press Phillips, Tuesday and Wednesday of this week.

Mr. and Mrs. Leo Guffey and Mr. and Mrs. Don Wardlaw were visitors in the home of Mr. and Mrs. R. B. Walsworth of Spur last Sunday.

Tom Price and Mauryce Price were visitors in the home of Mr. and Mrs. Dick Price and family in Waco last week.

Mr. and Mrs. E. E. Akers were business visitors in Wichita Falls on Tuesday of this week.

SMILE  
SMILE  
SMILE

Cause the want-ads can bring in extra money by selling the things you don't want or need! Use them FOR PROFIT . . .

THE TIMES  
Want Ads

eraged around 160 pounds. Some 170-pound calves sold at \$65 later in the week. Joe LaRoe Kaufman, had some 260-pound calves at \$45. J. S. McDowell, Ranger, had some 349-pound mixed steers and heifers at \$42. One load of 300-pound calves bought in the country at \$29 last week, brought \$43.25 this week.

In the steer and yearling line, Nelson Davis, Buckholts, had 27 mixed yearlings at 670 pounds at \$32.50 and 12 Brahmas at 774 pounds at \$32.60. L. E. Robinson, O'Donnell, had two loads of 553-pound steer yearlings at \$41, and 501-pound yearlings at \$37. B. T. Gardner, Winters, had some 30 steers at 925 pounds at \$32.50.

A new all-time record for heavy steers was set as a load of 21 weighing 1,107 pounds from Werner Bros., of Coleman County, drew \$37.

G. A. McClung again proved the value of creepfeeding calves when he sold around six loads

of yearlings at Fort Worth that averaged about 870 pounds from his Johnson County ranch which topped at \$37. Mr. McClung is a strong believer in keeping his calves on the mend at all times and feeds them steadily from the time they will eat. His success in topping the market time after time reflects the success of this type of operation. The yearlings he sold this week netted him around \$313 per head.

J. W. Tabor, Goodlet, had two loads of \$33.25 yearlings that averaged 677 pounds. M. S. Wells, Childress County, had some heavy mixed steer and heifer yearlings that scaled 1,002 pounds at Fort Worth and brought \$32.50. Several strong sales in the feeder department included 15 head from M. and Mrs. J. D. Cartwright of Terrell at 961 pounds at \$34. R. L. Kincaid of Crowell had same 680-pound feeders at \$34 at Fort Worth. Hunt Oil Company, Winona, had 31 feeder steers of 887 pounds at \$34 and the plainer end were 17 steers of 897 pounds at \$33. W. M. Covington, Alvord, marketed 17 yearlings at 437 pounds at \$40.

New all time Fort Worth record for milk fat lambs was set

at \$38.50 this week when Andy Taylor of Plainview had 41 head that weighed 89 pounds at the price. A. L. Neal of McCulloch County, set a new all time Fort Worth record with 380 clipped yearlings, they were clipped the day before they were sold, at 117 pounds at \$28 per hundred. A new all time Fort Worth record for woolled feeder lambs was set by Paul Kropp of Floyd County, the 66 head weighing 98 pounds at \$37.50.

The weaker hog market this week was credited to heavier receipts around the market circle.

The dressed meat trade in the East was sharply lower as the week ended, reflecting in part the roll-back of some packer prices and also probably caused by consumer resistance to high prices in some degree.

Mr. and Mrs. J. C. Campbell and Mart Hardin visited friends and relatives in Konawa, Chickasha, and Duncan, Oklahoma, over the week end.

Joe Lynn Yost, who is attending Hardin-Simmons in Abilene, spent the week end with his parents, Mr. and Mrs. Jessie Yost.

### BENJAMIN NEWS

(Elda Purl Laird, Reporter)

Among those attending the annual District Calf Show held at Wichita Falls on Thursday, February 22, 1951, were Mrs. Ethel Laird and daughter, Elda Purl Laird, Mrs. Margie Gribble, Kenneth Lewis, County Agricultural Agent, Sam Leaverton and J. B. Moorhouse, Bill Ryder and the 4-H club boys, Donnie Ryder and Nickie Leaverton, all of Benjamin.

Mr. and Mrs. Frank Hill left Saturday of last week for a few days visit with their daughter, and family, Mr. and Mrs. Jack Coy, of Texline.

Mr. and Mrs. Loren Reynolds, of Mertzon, visited in the home of Mr. and Mrs. Ernest Allen during the week end. Mrs. Allen returned to Mertzon with them for a short visit.

Mrs. W. A. Barnett and Mrs. Wynelle Porter were in Wichita Falls shopping and on business Saturday of last week.

Mrs. Jim Jeffries and son, Freddie James, of Lamesa, visited in the home of Miss Elda Purl Laird Saturday of last week. They were enroute home after a two weeks visit with relatives in Wichita Falls.

Mrs. Margie Gribble and Mrs. Frank Glover visited in the home of Mr. and Mrs. A. L. Jones and family during the past week end. Mrs. Gribble's little daughter, Rebecca Ann, returned to Benjamin with them.

Mrs. Floyd Nunley and girls, of Eldorado, and Mr. and Mrs. Darr Snailum, of Pecos, visited in the home of Mr. and Mrs. Lee Snailum and family during the past week end.

Mr. and Mrs. Tom Bivins, of St. Andrew, California, visited in the home of Mr. A. F. Bivins during the week end.

Mr. and Mrs. E. C. Beckner, of Seymour, visited in the home of Mr. and Mrs. A. F. Bivins during the week end.

Mr. and Mrs. E. C. Beckner, of Seymour, visited in the home of Mr. and Mrs. Leon Bivins and son, Sunday of this week.

Mr. and Mrs. Roy Russell and Mr. and Mrs. Elmer Christian,

### Cotton Leaders Fight Diseases

An educational program to fight diseases of cotton is being conducted in Texas and across the cotton belt by agricultural leaders. The objective of the campaign is to reduce the huge annual losses which cotton farmers suffer because of seed rot, scab, or damping-off, angular leaf spot and anthracnose boll rot.

Proper treatment with a seed disinfectant can reduce the effects of all these diseases and the importance of seed treatment is being emphasized by a poster and by educational releases on the subject from the Texas Extension Service. Because of the huge cotton production goal for 1951 and a below average supply of cotton seed, the treatment of seed is particularly important this year.

Texas leaders are shown above examining the poster for the campaign, which is being distributed for display in county agent offices, cotton gins, seed stores and other farm headquarters. Left to right are: Dr. G. M. Watkins, head of the Department of Plant Pathology, Texas A. & M.; Fred C. Elliott, Cotton Specialist, Texas Extension Service; and J. D. Prewitt, Chairman of the Texas Cotton Production Committee and Associate Director of the Texas Agricultural Extension Service.

### Local Girl Takes Part In Class Stunts

DENTON—Miss Charlotte Williams, daughter of Mr. and Mrs. P. V. Williams, will be in the chorus of the Junior Class Stunt to be presented February 23-24 at Texas State College for Women.

The stunt tradition began thirty-six years ago with a circus frolic and became an "all-college event" in 1938 with the awarding of a silver loving cup to the class presenting the best twenty minute production.

The four classes write and produce their own skits and each lot is kept a secret until opening night. Emphasis in judging is on originality and effective production.

of Turkey, visited in the home of Mr. and Mrs. Doyle Pyatt Tuesday of this week.

### Soil Conservation Activities

The planting of sweet clover in the Wichita-Brazos Soil Conservation District will start as soon as the ground is dry. Mr. C. C. Browning and Marion Chowning of Truscott plan to plant Evergreen sweet clover. Also planting the same clover is John Spann and Wendell Partridge near Munday. Joe and Jim Ferguson near Weinert plan to plant Evergreen sweet clover also.

Evergreen sweet clover is a new clover for this area but promises to be much better than Madrid. It is a biennial and can be used for grazing the first year. The second year a seed crop can be harvested. This clover is a very good soil improving crop as it is deep rooted and will break the hardpan. It deposits large quantities of nitrogen in the soil as well as adding a large amount of organic matter. A lot of the land in this district needs clover, believes the Board of Supervisors. Hubam sweet clover is especially good to rid your land of root rot.

The planting of King Ranch bluestem is continuing with the weather permitting.

Mr. and Mrs. Weldon Warren and children of Plainview spent the week end with Mr. and Mrs. Jim Morton of Goree and Mr. and Mrs. S. J. Warren of Munday.

Mr. and Mrs. John Phillips, Mrs. Ben Yarborough and Mrs. Joe Duke visited in Wichita Falls on Monday of this week.

Joe Lynn Floyd, son of Mr. and Mrs. Herman Floyd of Sunset, left Monday for San Diego, Calif., where he is stationed with the Marines.

### Now The Hard Of Hearing Can Help Themselves To Hearing

Here is sensational news for the Hard of Hearing of Munday and surrounding community. Science has overcome a major type of deafness. Now sufferers from middle-ear deafness need no longer wear a hearing aid button in either ear. NO EAR-BUTTON—NO HEADBAND—NO PRESSURE—NOTHING IN EITHER EAR. Yes, it's absolutely true—sufferers from "middle-ear" deafness need no longer wear a hearing aid button in either ear thanks to an amazing new scientific discovery made by Acousticon, the World's first and oldest manufacturers of electrical hearing aids.

A FREE HEARING AID CLINIC will be held Tuesday, March 6th at the Yarborough Hotel, Munday, Texas, from 10 a. m. to 5 p. m. by Mr. John W. Schwartz. If you suffer from "middle-ear" deafness, or if you don't know what kind of deafness you have you are invited to try this sensational new discovery without cost or obligation—Absolutely Free.  
Think of it—if you now wear

a hearing aid button with an ear button it is possible for you to take the button out of your ear forever, say goodbye to life to ear buttons and head bands. If you have been too embarrassed to wear hearing aid button in your ear you may now hear again with thrilling clarity and comfort—with absolutely nothing in your ear. All this is made possible by the development of a tiny receiver disc which is almost completely hidden on the skin behind the ear. Only a limited number of this Acousticon invention are available. Read the free try-out offer below, then act now, for one of the greatest thrills of your life.

Absolutely Free Tryout. So come in to this clinic. This may be the answer you have waited for—a thrilling, exciting, blessed new way to hear, science's astounding victory over "middle-ear" deafness. Prove—Right now that you can hear again with nothing in your ear. ACOUSTICON OF ABILENE 1717 Sycamore Ave. Abilene, Texas

—Adv.

### Washington News Letter

By Congressman Ed Gossett

WASHINGTON, Feb. 23—On each February 22, the birthday of George Washington, the House of Representatives convenes and some member appointed by the Speaker reads Washington's farewell address. Although I have heard the reading of this address many times it always seems new and profound. The address was delivered September 17, 1796.

Speaking of public debt and taxes, the Father of our Country had this to say: "As a very important source of strength and security, cherish public credit. One method of preserving it is to use it as sparingly as possible, avoiding occasions of expense by cultivating peace, but remembering, also, that timely disbursements, to prepare for danger, frequently prevent greater disbursements to repel it; avoiding likewise the

accumulation of debt, not only by shunning occasions of expense, but by vigorous exertions, in time of peace, to discharge the debts under which unavoidable wars may have occasioned, not ungenerously throwing upon posterity the burden which we ourselves ought to bear."

This admission and advice should lay especially heavy upon our hearts at this time. We began World War I with a federal debt of about 40 billion dollars. We started World War II with a federal debt of about 40 billion dollars. We start our defense program in an effort to avoid World War III with a federal debt of more than 250 billions of dollars. The President's budget for the next fiscal year requests appropriations of 71 billions of dollars. To partially meet this increased budget, the President is asking for new taxes in the amount of 16 billion dollars.

This week, a number of the House members spent an afternoon discussing the federal debt, the budget requests and tax proposals. It was pointed out that if the budget requests could be reduced by 10%, the

### RED CROSS CALLS HOME CHEER UP KOREA WOUNDED ARRIVING IN U. S.

"Mom, I'm in Texas—just flew in from Japan." Cpl. Bob Cronin's free phone call has been put through by the Red Cross hospital worker at his bedside, and the wounded Korea veteran enjoys a happy "reunion" with his mother in Hastings, Nebr. Wounded flown to Lackland Air Force Base, Texas, are met by the Red Cross, official welfare agency of the armed forces, which provides many services for the evacuees at their first Stateside stop. The Red Cross free phone call rates top with these men.

tax requests could be reduced by 50% and we could then meet the all-important objective of balancing the budget. After eliminating all defense spending, the President's current budget seeks 500 million dollars more for purely domestic civilian spending than was appropriated last year. His request exceeds by 3 billion 700 million dollars our domestic civilian spending in 1948. It exceeds by 6 billion 200 million our domestic budget civilian spending in 1946.

Senator Harry Byrd contends that non-essential federal expenditures in the current budget could be reduced by 9 billion 100 million dollars.

I suggested to colleagues that we send the budget back to the President and ask that he reduce it by 8 billion. However, after discussion, it was agreed to be too late for this procedure. This Congress is confronted with the tremendous task of reducing the budget and increasing taxes. The President lumps foreign military and economic aid and asks for appropriations of 7 billion 500 million dollars to take care of the same. Conceding that we must spend several billions by way of military aid to members of the North Atlantic Treaty Alliance we certainly ought to cut out all economic aid not already in the pipeline, so to speak.

By cutting out unauthorized economic aid, we probably could reduce the 7 billion 500 million item by some 4 billion dollars. More and more, intelligent Americans are beginning to ask the question: will we waste and spend ourselves into economic collapse and national suicide? This is possible, if not probable. We must exercise courage and wisdom to avoid so doing.

Among private bills this week reported by our Subcommittee on Immigration, was H. R. 1169 to waive the moral turpitude

clause against the admission of a White Russian by the name of Boris Kowarda. In 1927, at the age of 19, Boris Kowarda, then a student in Warsaw, shot and killed the Russian Ambassador to Poland. Such Russian Ambassador was a member of the Communist Secret Police which had participated in the liquidation of Kowarda's family, including his father who was an officer in the Czarist army. Kowarda was given a life sentence but was later pardoned by the Poles. Our committee decided that the killing of the Russian Ambassador under such circumstances was not moral turpitude.

Mr. and Mrs. T. A. Brown returned home this week end after spending a few weeks in the home of their daughter and son-in-law, Mr. and Mrs. O. B. Paulsel, in Fort Worth.

### Weekly Health LETTER

Issued by Dr. Geo. W. Cox M. D., State Health Officer of Texas

AUSTIN—"It has been well said that procrastination not only is the thief of time, but frequently the thief of health and life," Dr. Geo. W. Cox, State Health Officer, said today. "Indeed, medical reports in physician's offices and hospitals prove that many persons die because they do not receive early diagnosis and prompt treatment for their condition. An outstanding example of this fact is the great number of deaths from tuberculosis that could have been prevented."

"Tuberculosis is a powerful enemy, no matter what its stage, but the fact remains that early discovery and adequate treatment offer the best opportunity for cure. If the patient upon being told that he has tuberculosis cooperates fully with the strict regimen and discipline outlined for him, the disease can usually be overcome."

Dr. Cox said that in line with some of the other major killers, tuberculosis is insidious in its approach. Acute pain and discomfort are absent usually, and the symptoms are so comparatively mild that the patient is thrown off guard and considers them of little importance. Herein lies the real slaying ability of tuberculosis.

"The symptoms which, singly or in combination, demand an immediate checkup by the doctor are easy tiring, a persistent cough, and continued loss of weight."

"While it is true that any of these symptoms can be present without the patient having tuberculosis, this is no reason to imagine that such is the case. Therefore, if one is suffering from any of these manifestations, the only sensible and safe thing to do is seek the advice of the family physician at once," Dr. Cox warned. "If such a

course is pursued, and the condition turns out to be serious nothing has been lost. On the other hand, if tuberculosis is discovered, the patient by doing the wisest possible thing has probably saved his life."

Mr. and Mrs. H. M. Barnes and children of Abilene visited in the home of Mr. and Mrs. Jack Cloudis and family over the week end.

Mr. and Mrs. Howard Collins of Lubbock spent the week end with Mr. and Mrs. A. L. Smith, and other relatives and friends.

Be careful. Observe state and local traffic laws.

### —The Purchase of— SPANN'S TAILOR SHOP

This is to announce that the interest of John C. Spann in the Spann Tailor Shop, which has been operated here for some 25 years, has been purchased by Jerry Kane and Joe Bailey King of the K. and K. Cleaners.

In the future, the firm will be operated as the Munday Cleaners. All accounts owing Mr. Spann are payable to us at the place of business.

Former employees of John C. Spann—Mrs. Jennings, Mrs. McMahon and Kelsey Nelson—are continuing with us, and in addition we have another experienced presser, Zane Franklin. Mr. King will serve as manager.

We solicit the continued patronage of all the firm's old customers, as well as that of new customers, assuring you that we will do our best to give you the same quality tailor work you have been accustomed to with promptness and efficiency.

Our shop will be open during the usual business hours, and we assure you your business will be greatly appreciated. All prices will remain the same.

## "Keep Clean"—Defense Advice

Take it from a renowned health authority:

Grime doesn't pay! According to Dr. George Uhl, head of the Los Angeles Health Department, there is an important relationship between high standards of household cleanliness and national defense.

"Cleanliness begins at home," said Dr. Uhl, "and provides one answer to the oft repeated question: 'What can I do to help national defense?'"

"Keep clean," he urged. "We learned much during the second World War and we have continued to improve public health practices and methods since then. Food handlers, for instance, have been taught the importance of cleanliness and our public schools have stressed courses in health instruction. Due to a vigorous national and local health education campaign, people are more health minded today. The great number of new home washing machines now in use in this country are a plus factor in the public health favor," he said.

His statement underlines the acceptance of the electric washing machine as essential to the health and morale of the American home.

Around the world, wherever there are Americans, there is soap and the unrelenting instinct to keep clean. The G.I. takes his bath in his helmet. The sailor dips himself in the sea. And Americans at home rely first on the family washing machine, a tool that is fast becoming the nation's best morale booster.

Americans spend more time washing than they spend eating. Dishes, faces, elbows and clothes

The washing machine is a favorite member of every family. It provides a never-ending supply of good health and that "clean feeling." In times like these, the family washer is essential to the health and happiness of the American home.

are dipped in suds every day in forty million homes, for cleanliness is a virtue and an old American custom.

These days, clothes like their wearers must work harder, last longer, and be ready for emergencies. Shortages, higher prices, and general tightening of supplies of civilian wearing apparel make clothing economy a must. Washing economy is the only way to meet this critical situation, and the washing machine is the best economizer.

gargle visited in the home of her brother, George Crouch, this week.

## What Price Eggs? At \$5,000---Maybe!

FAYETTEVILLE, Ark.—Sixty dozen eggs are worth less than fifty dollars today, but they may be worth \$5,000 to a Texas poultry farmer four months from now.

Two cases of prize hatching eggs arrived at the University of Arkansas Experimental Farm here today from Joe Fechtel, owner of Western Hatcheries, Dallas. Eggs from 40 poultrymen from all parts of the United States will be placed in mammoth incubators tomorrow—and 21 days later—thousands of fluffy chicks will be hatched to compete in the National Chicken-of-Tomorrow Contest.

This competition is the climax of nationwide research during the last six years to develop bigger and better chickens for the dinner table. The pay-off will be June 15, when the breeder whose birds are judged best after a 12-week growing period will receive a \$5,000 award from A. & P. Stores, sponsor of the test in cooperation with the U.

S. Department of Agriculture national poultry associations and agricultural colleges.

The Lone Star finalist qualified by placing high in 1949 and 1950 state and regional contests.

Contest chickens are judged, both alive and dressed, for rapid growth, rate of conversion of feed to meat, uniformity of size and quality, yield of edible meat and eye appeal to the consumer.

Fechtels entry will be of the White Plymouth Rock breed, a type originated in New England and now popular among poultrymen through out the United States.

Mrs. Eula Stubbs of Cordell, Okla., is visiting in the home of her sister, Mr. and Mrs. E. J. Brazell, this week. They all made a trip to see their children, Mr. and Mrs. O. O. Shoe of Abilene and Mr. and Mrs. Clifton Vaughn of San Angelo.

The little son of Mr. and Mrs. Alton Garrett of Seymour, formerly of Munday, was released from a Seymour hospital last Tuesday after several days medical care. He is reported to be doing fine.

Mr. and Mrs. E. C. Zeckser and son, Mike, have returned to their home in Topeka, Kans., after a two weeks visit with Mrs. Zeckser's parents, Mr. and Mrs. G. H. Beaty, and other relatives and friends.

Mr. and Mrs. Henry Russell, Mr. and Mrs. Gene Russell and Mr. and Mrs. Dwaine Russell left Wednesday afternoon for Mineola, after receiving word of the death of Mr. Russell's father.

## Kracker Krumbs—

(Continued from Page One)

Development Association. Its directors voted so, unanimously.

So word was sent to Mr. Hill that the C. D. A. wanted to present him with a nice suit of clothes.

Last Monday night, President E. B. Littlefield read a letter of appreciation from Mr. Hill. It was as follows:

"I wish to express to you, each and everyone, my sincere thanks and appreciation for the nice suit of clothes which you have given me. It is with much gratitude that I express my thanks to you.

Sincerely yours,

H. P. HILL"

Thanks to you, Harvey Hill. We appreciate you and your hobby, too.

And we hope before the week's out we can ask you how much it rained, and you can reply, "Plenty!"
