"One of the most sanitary pools in this entire area."

That's the statement made to Mayor M. F. Billingsley by Mr. Power, field representative for the State Department of Health, after he had inspected the Munday swimming pool recently. The mayor also received a letter from C. M. Ehlers, director, bureau of sanitary engineering, in which he said in part:

"The general condition of the pool and operating attention being given received commendations from Mr. Power, and we wish to take this opportunity to thank you for your public health interest and cooperation in compliance with the high standards of sanitation and safety."

"The only suggestion that our representative has to offer as a result of his visit is that water samples should be collected from the pool at weekly intervals and submitted for bacteriological analysis..."

So we guess there's no question about our swimming pool being safe and sanitary. There's no question, either, about its popularity, judging from people out there and from sun-tans we see on the youngsters."

Somebody's boys are getting rather destructive with their rifles, from reports we get from those who like to enjoy softball games during the evenings."

The boys, they say, are shooting at lights that light up the softball field and football field. They've scored a direct hit several times."

Those large bulbs don't come for free. They told us the bulbs cost \$4.40 each—and just last Friday four of them had to be replaced."

A workman from West Texas Utilities Co. was installing them, and in removing one of the broken bulbs he found the destructive B-B shot inside one of them."

This is the type of destruction that's expensive to those trying to keep up the athletic field. It is uncalled for and should be stopped, voluntarily or otherwise."

Another milestone has been passed. It kinda slipped up on us and went by without fanfare, but last week we racked up the last issue of Volume 50 of this newspaper."

This week a new volume, No. 51, Issue No. 1, is started, which means the Munday Times has completed fifty years of being published. It may not seem that long to some of the old timers, but we guess it's been fifty years since Tom Durham put out the first issue."

The ups and downs of this newspaper are just typical of those of the community. We've all had our good times and bad, our joys and our sorrows, our times of great happiness and of bitter disappointments. We don't expect it to be too much different as we start out on the second fifty years—those things just make up life."

We like to think this newspaper has served the community during these years, recording those events and happenings that are a part of the community. This has been the purpose of its editor since we first became associated with the newspaper and with the people of Munday and area."

Come to think of it, that's been nearly 17 years. We didn't know whether we'd be here six weeks, six months or six years at that time. Another reminder that "Time Marches On," too, is the fact we observed another birthday on Wednesday of this week."

BIRTH ANNOUNCEMENT
Mr. and Mrs. Coy Phillips, Jr. of Lubbock are announcing the arrival of a new daughter on the 23rd of July. She has been named Sherri Lynn. Her great-grandparents are Mr. and Mrs. J. C. Phillips of Munday.

Baptist Revival To Begin Sunday

The annual summer revival at the First Baptist Church begins this next Sunday with preaching services scheduled for 11:00 a. m. and 8:00 p. m. The evening services during the week will begin at 8:00 o'clock with prayer and Bible study groups meeting at 7:30. Week day services will be at 10:00 a. m. beginning Tuesday and going through Friday.

The pastor, Robert H. Lloyd, will bring the messages at each service. The musician-organist, Carlos Gruber, will begin his work with the Monday night service. The members of the First Baptist Church invite their friends to worship with them during this week of special evangelistic emphasis.

Salvation Army Making Plans For Drive Next Fall

A representative of state headquarters of the Salvation Army was here last Tuesday and met with members of the local service committee to discuss plans for the fall drive.

The board also reviewed work done locally during the past year, as well as those who benefited through local funds of the Salvation Army.

The annual drive will be held during the two weeks, October 10-21. A county-wide drive is planned this year.

Death Of Cordell Hull Refreshes Local Woman's Memory of Early School Days

When news of the death of Cordell Hull, the man who served as Secretary of State at the nation's capitol longer than any other man, came over the radio last Friday, a local woman's memory went back through the years to the days when she and Mr. Hull attended school together.

She is Mrs. O. W. Lee, 84, who has lived in this area over 60 years.

Mrs. Lee and Cordell Hull attended the Celina Academy at Celina, Tenn., at the same time and both stayed at the Gilliland Boarding House while in the academy. She recalled that Hull was really of the backwoods type and so bashful he would rarely come to the living room when the girls had company. The sleeves of his only coat struck him midway between the elbow and wrists.

Mrs. Lee is probably the only

In Revival Here

Carlos Gruber, a musician of southwide reputation, will arrive Monday to direct the music at the First Baptist Church revival. Mr. Gruber has worked in over 200 revivals in Southern Baptist Churches. He was born in Riga, Latvia, and was converted at the age of 11 during the Great Latvian Revival. Moving to Brazil at the age of 13, he was active in jungle mission work in the State of Sao Paulo. He graduated from college in Sao Paulo and studied music and violin with several outstanding European teachers.

Mr. Gruber came to Brazil in 1937 and graduated from Southwestern Baptist Seminary in 1940. For six years he was pastor of the Latvian Baptist Church in New York City. At the same time he was editor and publisher of the Latvian language monthly "Drauga Vests" (Friends Message). He also promoted and successfully conducted an intensive relief campaign for the Latvian Displaced Persons.

Each night, beginning Monday, Mr. Gruber will present a short violin concert of sacred music a few minutes before the start of the 8:00 o'clock service.

Mr. Gruber has spoken to many civic groups on international and missionary subjects. During his visit in Munday he will speak to the Munday Lions Club at their regular meeting on Tuesday, August 2.

Bacilio Ramos Died Friday At Wichita Hospital

Bacilio Ramos, 67, local Mexican resident, passed away at a Wichita Falls hospital at 3:35 p. m. Friday, following a lengthy illness.

Funeral services were held from the Assembly of God Church in Munday at 3:30 p. m. Sunday, with Anthony Enriquez, local clergyman, officiating. Burial was in Johnson Memorial Cemetery by McCauley Funeral Home.

He is survived by seven children: Agapito and Fructoso Ramos, both of Munday; Petra of Iowa; Feliz Leija of Tulsa; Margarite Alcala of Goree; Eusebia Martinez of Alaton and Francisca Morena of Mathes.

UNDERGOES SURGERY

Raymond Reeves underwent major surgery in the General Hospital in Wichita Falls last Friday. He is reported to be getting along fine.

Munday Man Named Wes-Tex C. C. Director

ABILENE—W. El Braly, president of the First National Bank has been re-elected to represent Munday as a director of the West Texas Chamber of Commerce.

The announcement was made here by Ray Grisham, president of the regional chamber which serves 132 West Texas counties.

Grisham, who was elected in March at the WTCC's 37th annual meeting, said that organization of the executive board will be effected following directors meetings in each of the chamber's ten districts.

The directors, WTCC officers, and the president of the Chamber of Commerce Managers Association of West Texas constitute the general board of directors.

The executive board, which acts for the general board between regular board meetings each quarter, is composed of the officers, five directors-at-large appointed by the president, ten district vice-presidents elected by directors within their respective districts, and the immediate past president of the WTCC.

Knox City Rites Held Friday For Mrs. J. W. Hickson

Funeral services for Mrs. J. W. Hickson were held last Friday from the Assembly of God Church in Knox City with the pastor, Rev. James C. Nelson, officiating. Mrs. Hickson died Thursday at 4:45 a. m. She had been in ill health for 10 years.

Born Joan Scarborough in Hunt County on June 24, 1878, she married John William Hickson Nov. 5, 1896, near Greenville. The family moved to Knox County in 1935, settling in Benjamin. In 1943 they moved to Knox City.

Survivors include the husband; five sons, Norris of Dallas, Hubert of Sweetwater, Howard of Dallas and Lonnie of Garland City, Ark.; five daughters, Mrs. Ella Bailey of Dallas, Mrs. Cleo Sells of Sweetwater, Mrs. Stella Brown of Abilene, Mrs. Carmeta Baird of Snyder and Mrs. William Westerman of Garham; two brothers, Gus Scarborough of Wolfe City and Albert Scarborough of Loraine, and one sister, Mrs. Lizzie Ratliff of Ardmore, Okla.

Revival Begins Friday At Goree Baptist Church

Beginning Friday, July 29, the First Baptist Church of Goree will conduct a 10-day revival meeting.

Rev. Truett Stovall, pastor of the First Baptist Church of Raton, N. M., will be the evangelist. He is a splendid preacher. He grew up in the Gillespie community, so he is well known by many people in this part of the county.

"We extend a cordial invitation to everyone to attend this revival," Rev. S. E. Stevenson, pastor, said. Services will be held at 10 a. m. and 8 p. m.

Mr. and Mrs. C. B. Barbee and son, Randy, left Tuesday for their home in Magnolia after several weeks visit with her parents, Mr. and Mrs. Clyde Nelson.

Billy Mitchell Is New Operator Of Gulf Station

Announcement was made Tuesday that Billy Mitchell has purchased the interests of Bruce Edwards in the Gulf Service Station here, taking charge of the business on Monday morning.

Mr. Mitchell invites the continued patronage of all former customers and asks his friends and new customers to drive in for service. He will maintain a complete automotive service at all times.

Mitchell is experienced in this business, having operated a station here before.

Cotton Penalty Rates Are Set

Farmers who did not comply with the cotton acreage allotments established for their farms will be subject to a marketing quota penalty on each pound of the excess cotton. T. H. Jones, chairman of the County Agricultural Stabilization and Conservation Committee, has announced. Rates of the penalties have just been determined.

The penalties on 1955-crop cotton are 17.7 cents per pound for upland cotton and 36.6 cents per pound for extra long staple cotton. The rates are based on 50 per cent of the June 15 parity price for the respective kinds of cotton.

Chairman Jones pointed out that the number of cotton farmers with excess cotton acreage is small. Moreover, such farmers have 20 days after the date of the county committee's notice of excess cotton acreage in which to dispose of the excess acreage. It therefore is likely that few farmers will be subject to the cotton penalty.

Any farmer who knowingly overplants and does not adjust his farm cotton allotment will also be ineligible for price support on the crop of cotton which was overplanted. The two kinds of cotton are treated independently, and one cannot be substituted for the other. Thus, if a farmer has both kinds of cotton allotments on his farm and complies with the upland cotton allotment but does not comply with the extra long staple cotton allotment, he will be eligible for price support on the upland cotton but not on the extra long staple crop. The reverse would also be true.

Legion Officers Installed Tuesday

Newly elected officers of Lowry Post No. 44 of the American Legion were installed at a meeting last Tuesday night at the Legion hall. Bernie Arnold of Wichita Falls, 13th district commander, was installing officer.

The new officers are: Hubert Hitt, who succeeds Tom Bullington as commander; M. L. Wiggins, first vice commander; Zane Franklin, adjutant; Varnie Moore, re-elected finance officer; Lee Bivins, service officer; R. F. Horan, sergeant-at-arms, and H. Doyle Ragle, chaplain.

Commander Hitt stated a meeting will be held at 7:30 p. m. Tuesday, August 23, for the purpose of forming a Legion auxiliary. The district president of Wichita Falls will be here to help in the organization.

Wardlaw Child Is Saved From Drowning

The first near-tragedy of the swimming season occurred last Tuesday at the Munday swimming pool when Tim Wardlaw, 8-year-old grandson of Mr. and Mrs. Stanley Wardlaw, was rescued from deep water.

The child wandered into water too deep for him and went under. His plight was discovered by Gaylon Allred, who reported to lifeguards, Jerry Lemley and Tooter Goodwin got the child out of the pool, and Coach Troy Stewart gave him artificial respiration.

This is the first accident reported at the pool, and the quick and efficient work of pool officials is credited with preventing the tragedy.

Tim, son of Mr. and Mrs. Dorse Wardlaw of Dallas, is reported to be getting along fine, suffering no ill effects from his experience.

UNDERGOES SURGERY

Gary King, son of Mr. and Mrs. Floyd King of Goree, underwent major surgery at the Haskell hospital last Monday morning. He is reported to be doing fine, but will remain in the hospital for several days longer.

KNOX LODGE TO MEET ON MONDAY

The regular stated meeting of Knox Lodge No. 851, AF&AM, will be held next Monday night, opening at eight o'clock. Important business will be taken up, and all Masons are urged to be present.

Weinert Woman Mrs. B. A. Wilhite Passes Sunday

Mrs. Ben A. Wilhite, 77, passed away at the home of her daughter, Mrs. John Scott of Weinert, at 9:20 p. m. Sunday.

She had been living with her daughter for 10 years. Mrs. Wilhite was born at Springtown on April 18, 1878. The former Nancy Ann Pierce, she was married to the late Ben A. Wilhite on April 23, 1891, at Weatherford. He died in 1924.

The body was prepared for burial by McCauley Funeral Home and turned over to White Funeral Home of Weatherford. Funeral services were held from the Poolville Methodist Church at 2 p. m. Tuesday, with Rev. George Hudgins, pastor of the Weatherford Baptist Church, officiating. Burial was in the Poolville community cemetery.

She is survived by the daughter; one sister, Mrs. Betty Fulton of Ashport, Ariz., and one brother, Sam Pierce of Weatherford.

Burr Burners In Munday May Be Eliminated

A move is under way by the local gins and agricultural committee of the Munday Chamber of Commerce whereby burr burners at the Munday gins may be eliminated.

This, of course, will depend a lot on how many farmers want to return the burrs to their soil. If they don't want the burrs, then the gins must dispose of them—and likely by their present method of burning.

It was pointed out by those interested that the burrs are valuable as a soil builder when turned under and also may be used as a "filler" in livestock feed.

Local gin managers have expressed willingness to provide methods of catching the burrs so farmers may haul them back to their farms. The move may be completed before the 1956 ginning season.

Annex To Kay's Department Store Opens This Week

Sied Waheed, owner of Kay's Department Store, announces the opening of a "bargain annex" to the store this week which gives him nearly twice the room he formerly had. The annex is located in the building formerly occupied by Raynes Grocery, and a doorway near the center gives access to both stores.

Mr. Waheed announces many bargains for the opening of this annex, and it is there you'll find his dollar day specials for this week end. He invites the public to come in and see the new annex.

Sunday guests in the home of Mr. and Mrs. M. L. Raynes were Mr. and Mrs. Clarence Boyles of Bisbee, Ariz.; Mr. and Mrs. T. C. Edwards of Clovis, N. M.; Bob Edwards, Mr. and Mrs. Jiggs Edwards and daughters of Weinert, and Mr. and Mrs. Bruce Edwards and daughter. Lt. and Mrs. Billy Cammack of Lubbock visited Sunday afternoon.

Seven meetings on the control of cotton insects are planned for Knox County within the next week. W. J. Bryan, county agent, announced today.

The outlook is for a heavy infestation of insects this year if more rain is received. Flea hoppers have been very bad all summer running as high as 80 percent infestation in many fields. Very few boll worms have been found, however, large numbers of boll worm eggs have been found in every field checked since last Friday, these should hatch in about 5 days, so we should be on the look out for the small worms, Bryan said.

Hundreds of dollars can be saved if farmers know where and what to look for and the right time to apply poison. At each of the meetings colored slides will be shown of all the cotton insects both harmful and beneficial, their life cycle will be given and how and when to control. Following this a trip will be made to the field to make an insect survey.

Meetings are planned as follows:
Friday, July 29th—Knox City, 9:30 a. m., Grade School; Munday, 2:30 p. m., Co-op Gin Office.

Monday, Aug. 1—Benjamin, 9:30 a. m., Court House; Rhine-land, 2:30 p. m., Gin Office.

Tuesday, Aug. 2—Goree, 9:30 a. m., Community Building; Gilliland, 2:30 p. m., Gin Office.

Wednesday, Aug. 3—Vera, 9:30 a. m., Legion Hall.

All farmers interested in the identification and control of cotton insects are invited to attend.

Seymour Scout Wins Honors In Swimming Meet

Bill Hailey, Troop 72, Seymour, swam away with top honors at the Brazos Valley District Aquatic Meet in Munday, Thursday, July 21.

Hailey entered four events and took first place in each—25 yd. free style, 25 yd. breast stroke, 50 yd. breast stroke, and 100 yd. free style.

Jerry Lindsey, Troop 76, Munday, took four firsts and one second—50 yd. free style, 50 yd. breast stroke, 100 yd. side stroke, life saving, and 100 yd. free style, respectively.

Other boys winning first place events from Troop 76 are Joe Gray, diving and Jerry Jetton, 50 yd. back stroke and diving.

First place winners from Troop 161, Knox City, are Jim Anderson, life saving and Joey Watkins, 100 yd. free style.

George Johnson, Troop 72, of Seymour, took a first in the 25 yd. back stroke.

All the first place winners of the Brazos Valley District are eligible to compete in the Northwest Texas Council Aquatic Meet to be held in the Wichita Falls Boys Club, July 29, at 7 p. m.

Meeting Begins At Northside Church Of Christ On July 30th

A series of gospel meetings will begin at the Northside Church of Christ on Saturday evening, July 30, it was announced last Monday. The meeting will continue through Sunday, August 7th.

Services will be held nightly at eight o'clock during the week, with both morning and evening services being held on Sundays. Bro. Owen Campbell of Wichita Falls will be in charge of the services, and the public is extended a cordial invitation to attend.

Willard Reeves visited friends in Tulsa, Okla., the first of this week. He was enroute to Kansas City, Mo., and Louisville, Ky., to visit the seminaries there to see if he can secure courses he requires for missionary work and to obtain his Ph.D. degree.

Mrs. Stephen Harrison and children of Montgomery, Ala., who are spending the summer with her parents in Haskell, are visiting in the home of Mr. and Mrs. Terry Harrison this week.

THE TRAVEL BOOM

Americans have become a much-traveled people—not only at home, but abroad.

Reports indicate that this year all foreign travel records are being smashed. That overseas ship and air lines are running at peak capacity as armies of Americans satisfy their desire to see the countries of the old world.

There's another form of travel of which we don't hear so much—but which is growing apace and is vital to the welfare of this country and the entire free world. That travel is being done by goods, not people. We are a major importing nation—both of certain types of consumer goods, and of strategic national defense materials which either do not exist at all or are found in insufficient quantity within our own borders.

We are also a major exporter. All manner of agricultural and manufactured products go to overseas markets in a huge and endless stream. Whether they know it or not, the farmer in Kansas and the auto worker in Detroit—to take but two examples out of thousands that could be cited—directly or indirectly get a part of their livelihood from foreign trade. They may never have seen an ocean—yet oceans are the highways of commerce which help to keep the American economy running in top gear.

Virtually all imports and exports, of course, must travel in merchant ships. It would be folly, in this chaotic world we live in, to depend on the ships of even the friendliest of foreign nations—their services could be denied to us overnight. That's why we must protect and strengthen the American merchant marine—in the interest of the national defense and of our material prosperity alike.

HOW IT HAPPENED

Dorothy Thompson recently listed the factors that have resulted in America's gigantic production and consumption in one king-sized sentence: "Great national resources, scientific ingenuity, managerial know-how that has concentrated on mass production at high wages and low profits per unit of production insuring a high level of mass purchasing power, an internal market of continental proportions, merchandising skills that constantly stimulate new demands and foster rapid turnover, high rewards for individuals possessing outstanding managerial capacities, and government policies aimed at keeping this dynamism operating in some sort of equilibrium between inflation and deflation."

The American factory, the American farm, and the American retail outlet have no superiors on earth.

NO PLACE FOR MONOPLY

The production of atomic weapons is a job for the government. But when it comes to putting the atom to work to serve the arts of peace, private enterprise must enter the picture.

Right now private enterprise is building the first commercial scale atomic-electric plant. Proposals for four other plants have been presented by private enterprise to the Atomic Energy Commission. These are pioneering steps, and initially the power will probably be expensive to make. But it will be sold at regular rates. The electric industry expects to learn from such experiments how to build more economical and efficient atomic-electric projects for the future.

There are those who want a government monopoly of the atom—in electric power production and everything else. That attitude is not shared by the men in top policy-making governmental positions. Actually, the surest way to prevent progress is to have a monopoly, governmental or otherwise, of anything. The more minds and more resources we can devote to any problem, the sooner it will be solved. The element of competition comes into this too—monopolists can afford to take things easy. Men who work under competitive conditions can't.

No one knows how soon atomic power will be practical on a really big scale. But private enterprise can be counted on to bring it about in the shortest possible time.

GRASS ROOTS OPINION

Elk Grove, Calif., Citizen: "With the completion of the 10 millionth home in the United States since 1945, it is safe to say that America has built more homes in a decade than any other country in history . . . It illustrates how the many cogs in the free enterprise machine work in harmony, for building construction is not merely a matter of putting materials together. Back of the construction industry is the vast army of producers and suppliers, along with the banks and other financial institutions, which gather individual savings and mobilize them for building and other useful purposes."

Beaver Falls, Pa., New-Tribune: "The people in this country who would like to have their taxes reduced (and who wouldn't?) should take note of this. Tax reduction is the reward of having a balanced budget. Our taxes can be reduced again when the administration and Congress get our budget back into balance. Let's hope it won't be too long."

WHAT DOES THE BIBLE SAY?

The New Testament Church

"To the general assembly and church of the firstborn, which are written in heaven" (Heb. 12: 23).

The church of Christ is the noblest institution known to man. In the text above members of the church are, on account of their high honors and privileges, called "the firstborn" even as the Son of God is called "the firstborn of every creature" (Col. 1:15). James informed the Christians to whom he was writing that they were "a kind of firstfruits of his creatures" (James 1:18). Further, members of the church are honored by having their names registered in heaven. When one obeys the gospel and is added to the church by the Lord his name is enrolled in heaven (Phil. 4:3). Sin will cause one's name to be blotted out of the book (Ex. 32: 33).

Many false ideas abound in the world regarding the church that Jesus built. The church is not a denomination but is "the fulness of him that filleth all in all" (Eph. 1:23). The idea that the church is non-essential, in-different, and unimportant, suggests a lack of familiarity with the divine record. An institution

that cost so much could not be unimportant (Acts 20:28). The New Testament church was not established: (1) to provide its members social prestige, (2) to give them financial standing, (3) to entertain them, or (4) to serve as an agency of the government to raise funds for worthy causes.

Distinctive Features of the Church

Jesus built the church (Matt. 16:18). The following points should be remembered: (1) Christ is the builder, (2) He built it on Pentecost, (3) It was built in Jerusalem. It is easy to test whether one is a member of the Lord's church, since, a church lacking in any of the above characteristics simply could not be the New Testament church. Christ purchased the church (Acts 20:28). It belongs to Him; it is the only church that the Lord claims as his own. It is Christ's church, or as Paul put it "the churches of Christ salute you (Rom. 16:16). Christ is the head of the church (Eph. 1:22-23). The church is his body (Eph. 1:22-23; 4:4). It is a "glorious church" (Eph. 5:27). And Christ is the "saviour of the body" (Eph. 5:23).

Knox Prairie Philosopher Unworried About America Becoming Soft Due To Soft Living; Says It Costs Too Much

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek discusses easy living this week, a subject he ought to know something about.

Dear editor:

Anybody can rest after he gets tired but it takes forethought to rest ahead of time and I was out here on my farm yesterday morning enjoying this thoughtful type of rest and I got to thinking about an article I read in a newspaper the night before.

According to it, an expert in Washington, worried about the health of the nation, said "easy living habits are steadily reducing America's stamina to the danger point."

"No one can estimate what the automobile has cost the American people in muscle, or the radio, television and motion pictures in active participation in recreation," he said, adding, "A nation that indulges in this easy living is steadily reducing

its stamina to the danger point."

This is the type of thinking, if you ask me, that is mostly an argument for resting before you get tired, to avoid such outlandish conclusions.

Sure, I'll admit it, we've got more automobiles in this country than the rest of the world put together, more radios, more television sets, more automatic washing machines, more air-conditioning, etc. In fact, just looking at the figures, you might say we've got easy living in this country and the expert is right.

But here's the point: we've got easy living in this country, but you have to work so hard to get it, and then work so hard to keep it running and replace it with new models coming out next year, it's a full-time job and you're not in any danger of getting soft.

If automobiles reproduced themselves, if washing machines had little washing machines to grow up and take their place when they wore out, if electricity was free to operate all the gadgets, and gasoline, too, there

4-H'ers Eliminate "Accident Havens"

How many hazards can you find?*

SAFETY, a crop to be harvested on every farm and in every home, is receiving special attention from more than one-half million 4-H Club members taking part in the 1955 National 4-H Safety Program.

As a part of their 4-H Club work, members in all 48 states are correcting hazards such as those seen in the above drawing. They are attempting to reduce the Nation's annual farm toll of 14,500 lives, 1,250,000 injuries, and an economic loss of about a billion dollars.

4-H'ers, working as individuals or in groups through their local clubs, conduct surveys to locate hazards, then correct the unsafe conditions. They give demonstrations on hundreds of topics pertaining to farm, home and highway safety. Members present talks before group meetings and over radio and television; put displays in store windows; and build booths at fairs.

To assist the Cooperative Extension Service in conducting the 4-H Safety Program, General Motors has just published a new "4-H Safety Handbook for Local Leaders," which provides how-to-do-it ideas for carrying out successful safety programs. Copies of the manual will be distributed to volunteer 4-H leaders through County Extension Offices.

In addition, GM provides incentives in the National 4-H Safety Awards program which is arranged by the National Committee on Boys and Girls Club Work. Medals are made available to four county winners; an all-expense trip to the National 4-H Club Congress in Chicago is given to the state winner; and \$300 college scholarships are presented to eight national winners.

*In the drawing, there are more than 45 accident hazards or unsafe practices shown. Don't let them occur on your farm or in your home.

A YEAR OF CROP SURPLUSES

Prospects for the fall of 1955 foretell another bumper farm crop year despite the ravages of drought in mid-western states.

That is the prediction of the National Agricultural Research bureau in Washington. Not only will it be a "bumper" year, but perhaps the biggest production year of all time, if the experts are correct.

It is a paradox that increased production in 1955 will spell trouble ahead for Texas and the nation's farmers in the form of prices, mounting surpluses and critical storage problems. And no relief from the farm cost-income pinch is in sight. As a result, the "farm problem" is certain to become more and more of an issue in 1956 politics.

Washington apparently is uncertain as to what—if anything—to do next. It is not likely that Congress will act to ease the price squeeze before adjournment around the first of August.

Farm officials in Washington show no sign of easing their determination to block a return to 90 per cent mandatory supports for basic crops. Large supplies of most farm products now indicate supports will be lowered to the 75 per cent of parity minimum for basics—cotton and to-

bacco excepted—next January. Wheat already has been announced at 76 per cent.

Crop reports indicate SURPLUSES—in capital letters. The storage space, especially for feed grains, is at a premium. The Commodity Credit Corporation announced this month plans to build up to 100 million bushels of new space. Need for storage will be even greater than that if crop prospects hold up. And the farmer must have his goods stored to get supports.

Nation-wide it looks like record production on barley, soybeans, grain sorghums, hay—and near record for corn, oats, and dry beans. Compared with last year, production may fall on wheat, cotton, rice, sugar, tobacco, apples and peaches.

Trouble looms for potato growers. Irish potato production is forecast at 44.3 million bushels over last year and the sweet potato crop looks 15 per cent larger. There is new talk about a demand for potato price support program—an unpopular notion with those who remember the disastrous program of the 1940's.

Miss Donnie Haynie spent the week end with Mr. and Mrs. Butch McCanlies and Susan in Benjamin.

Use Pre-Primed Board

NOW that a factory-primed hardboard is available at lumber yards, making a home chalkboard becomes easier than ever. Major paint companies sell chalkboard material in both black and green.

The factory-primed board, known as Masonite Primecote Tempered Presdwood, has an ideal surface for the slate-like material. One coat covers. When it's dry, rub it down with a clean cloth and the chalkboard is ready for use.

Note, in the illustration, how the do-it-yourself fan has rounded the top corners of the board and drilled holes for hanging it. He

also has beveled the edges all around and cut a piece of molding which he'll fasten to the bottom as a chalk trough.

Excellent locations for home chalkboards are the kitchen, recreation room, children's room and basement or utility room. Boards made as suggested are professional in quality, as good as those found in schoolrooms.

If the primecote Tempered Presdwood isn't available, obtain some unprimed board and give it a coat of clear sealer before applying the chalkboard surfacing material.

Primecote Presdwood, of course, may be used for many other things around the home.

"How does it feel to write a book?" a newspaperman asked me. He was a good friend who was obtaining an interview just after "Tall Talk from Texas" had come out.

"There's nothing to it; anybody can write a book; you can."

"What could I write a book about?" he asked.

"About something that you know something about. Of course this narrows the field a whole lot, I must admit."

"For example," he persisted. "Sports thrills you have witnessed and the sports personalities you have known as the Southwestern sports editor for a great press association."

"Do you suppose I could?" he inquired, doubtfully.

"Of course, you can; in fact, you've already done it—day by day for the newspapers. Just bring back in mind the most exciting events and the most interesting competitors and coaches and write it over again."

"What would I call the book?" he asked, beginning to get animated.

"Shake the Hand that Shook the Hand."

"What in the world does that mean?" he demanded.

"When John L. Sullivan was the world's heavyweight champion, he used to spend a lot of time in bar rooms. Some small-town visitor, recognizing John L., would invite him to have a drink and Sullivan never refused. When the man got back home, he would tell the boys in the barber shop and the livery stable about it, then would thrust out his hand and say, 'Shake the hand that shook the hand of John L. Sullivan.'"

A few months later, there came a long distance call. It was the sports editor. "I've done it," he said, excitedly. "I've written the book. What do I do now?"

"Send it to the Naylor Company in San Antonio; they print my books and I'll write them a letter about you."

And a few months after that, here came an autographed copy, the title altered a little to "I Shook the Hand" by Harold Ratliff. So I wrote him a note, "How does it feel to write a book?"

of human experience is that God loves us. So great is the measure of His love that Jesus Christ, His Son, died to give us a place in heaven. Share the joy of this discovery with us at our church this Sunday. God sent out His Son into the world to condemn the world, but that the world through Him might be saved. John 3:17

SEASON FOR FAIRS AT HAND IN TEXAS

In many a city and town of Texas today, community leaders are making plans for an important annual event which many folks have been eagerly looking forward to all year. During the next several months it will be fair-time throughout Texas—with county and regional fairs and festivals taking place in every section of the state, the culminating event being the State Fair of Texas in Dallas, October 7-23.

Texas possibly has a bigger percentage of large, widely patronized fairs than any other state. Several of Texas' big regional fairs attract more visitors and have more impressive fairgrounds than state fairs in some other sections of the nation.

The State Fair of Texas is, of course, the largest annual fair in the United States in terms of attendance, with over 2½ million visitors from all parts of America, and a magnificent fairgrounds with facilities valued at \$35 million.

As with most fairs the country over, Texas events carry a heavy emphasis on livestock and agriculture. Entertainment naturally covers a wide range, from carnival sideshows, rodeos, folk festivals to the Broadway musical comedy "Pajama Game" which will be presented at the State Fair. Competition in making jams and jellies, succulent cakes and pies and other examples of traditional homemaking skills still occupies a big place in the program of most Texas fairs.

Fairs in Texas date back over 100 years. The first fair to be held in the state may well have been one in Corpus Christi in 1852, which featured bullfights, a circus, cockfights and fireworks. During the same decade Dallas County became the first county in the state to organize a fair. The State Fair was founded in 1886.

A good fair regardless of size can be a valuable asset to its community, in the opinion of James H. Stewart, general manager of the State Fair and vice president of the International Association of Fairs and Expositions.

Monday for a visit with his parents, Mr. and Mrs. Arthur McGaughey and family. He returned to his home in Terminal, Texas, Wednesday where he is pastor of the Saint Matthews Methodist Church.

Attending the Methodist revival from out of town last week were Rev. Doyle Ragle of Munday, Rev. C. R. Copeland and family of Munday, Rev. Rufus Noll and family, Seymour, Mr. and Mrs. O. L. Patterson, Mrs. Malom Shipman and Mr. and Mrs. Merrick McGaughey of Benjamin.

Mrs. Ed Trainham visited her daughter, Reta Trainham, who is employed in Fort Worth, Friday through Monday.

Mr. and Mrs. Carl Coulston, Jim Frank and Vicki Dawn were in Wichita Falls Saturday on business.

Mrs. Savoy and Lona Faye returned home recently from Fort Worth, where they visited Wayne Feemster, who is in the St. Joseph hospital following a car wreck he was involved in July 1.

Mr. and Mrs. Henry Patterson were in Fort Worth Sunday where Mr. Patterson preached.

Mrs. R. C. Spinks Sr. of Goree has moved back to Vera where she is making her home with her daughter, Mr. and Mrs. Lee Feemster.

Mr. and Mrs. Sylvan Kinnibrugh and family of Floydada, visited over the week end with his parents, Mr. and Mrs. Jim Kinnibrugh.

Mr. and Mrs. Jack Hayes and family of Amarillo visited during the week end with the Laws and Hayes families.

Tommy Parris, son of Mr. and Mrs. Porter Parris, formerly of New York City and now of Houston, has been visiting with his uncle, Mr. and Mrs. Weston Parris for a few days.

Miss Betty Faye Bradford, daughter of Mr. and Mrs. Monk Bradford, and Mr. Sonny Armstrong of Midland were married Sunday in Abilene. Sonny is employed at Tye, Texas.

Mr. and Mrs. Calvin Christian and Diane Christian returned home Tuesday after vacationing in Colorado and New Mexico. They were accompanied on the trip by his sisters, Mr. and Mrs. David Paterson of Dumas, Mr. and Mrs. Jack Bentley and an aunt, Mr. and Mrs. Sam Hutcherson of Dalhart.

The Methodist Revival closed Sunday night with six new members added to the church roll. Rev. S. A. Wolfe urges everyone,

not attending Sunday School on Sunday, to come and worship. Sunday School begins at 10:00 a. m., preaching services at 11:00 a. m., M.Y.F. at 7:30 p. m. and church services Sunday evening at 8:00.

The Baptist revival will begin Thursday evening, July 28. Rev. Carl Wright, pastor of the First Baptist Church in Newcastle, will do the preaching.

Weekly Health LETTER

Issued by Henry A. Holle, M. D., State Health Officer of Texas

AUSTIN—Parents, has your child had a physical examination this summer? In just a little more than a month he will be starting to school, and if he is in good health he will have a happier, more profitable year. It's up to YOU to give HIM a healthful send-off, says Dr. Henry A. Holle, Commissioner of Health.

After he has his check-up by the family doctor, be sure to take him to the family dentist. Teeth are mighty important, and decayed ones often cause a heap of trouble. They may start infection in other parts of the body. Strong, healthy teeth add

attractiveness to appearance and personality. Help your child to grow up with good teeth . . . see that he has a dental examination twice a year.

Sometimes children need glasses and their parents don't realize it. An examination by an eye specialist is important. A child who needs glasses, if taken to an eye physician now, will have time to get used to them before school starts.

When children are grouped together in a classroom, they expose each other to communicable diseases. Has your child been immunized against diphtheria and smallpox? Does he know he should use only his own drinking glass? Does he know he should avoid boys and girls who are victims of colds? Do you keep your child at home when he shows signs of a cold?

Plenty of exercise and recreation, the right kinds of foods daily, and 12 hours of sleep a night, are necessary for a child of elementary school age.

Get your child an appointment for a check-up today . . . the first day of school is not far away!

Mr. and Mrs. Herby Peek visited with Raymond Reeves in the General Hospital in Wichita Falls last Sunday.

Mrs. R. F. Suggs of Dickens was a Sunday guest of Mrs. D. L. Thigpen.

ENTERTAINMENT CENTER

Amateur Builds Novel Divider

This glamorous entertainment center and room divider was built by an amateur craftsman at a cost under \$75 for material. Using framework construction covered with Masonite hardboards, he created a colorful device having a high fidelity recording unit and amplifiers, bar (over girl's head), desk, record and game storage behind sliding hardboard doors and drawers for linen storage. "Peg Board" panels cover the other side, facing the dining room. The perforated panels are used for hanging works of art. The entertainment center is colorfully painted in two shades of yellow, three of blue, two of tan, one of red.

Livestock Receipts Continue Light

FORT WORTH—The cattle, hog and sheep offerings at Fort Worth Monday were about on a par with the previous Monday which was the smallest since early in the year.

Lighter receipts put more life into the market and most classes sold strong. Fed cattle were slow, but about on a par with last week's closing prices. Good and choice slaughter steers brought up to \$21.25. Cows were 50 cents higher and good cows sold around \$12.50, a few up to \$13. Bulls were slow but about steady at \$9 to \$13.50.

Slaughter calves started slow in the early trading Monday, but prices were steady with the previous Friday's close. Slaughter calves brought \$9 to \$19. Stockers and feeders were fully steady. Only a small per cent of these are really choice kinds, most being medium quality yearlings and calves. Medium and good stocker and feeder steers sold at \$14 to \$19.50. The same kind of stocker steer calves brought \$14 to \$20.50.

Hog Prices Rally

Hogs regained most of last week's losses with both choice butchers and sows \$1 higher than the previous week's close, and lightweights around 50 cents higher. Top butchers cashed at \$17.75 to \$18. Lightweights and less desirable kinds drew \$16.50 to \$17.75. Sows sold largely at \$12 to \$15, but light, smooth sows weighing 300 or less brought up to \$16.

Sheep Steady, Feeder Lambs \$1 Higher

The sheep run Monday consisted mainly of spring lambs and ewes. All classes of slaughter lambs and sheep were fully steady to strong. Spring lambs topped at \$20. Good shorn slaughter yearlings brought up to \$14 and aged ewethers cashed at \$7 to \$10.50. Old ewes drew \$4 to \$5. Feeder lambs were not too plentiful and demand was strong enough to push prices up fully \$1. Small lots of feeders sold at \$15 and one good load brought \$16.

Miss Jerry Patterson returned last Saturday from a ten-day vacation. She visited her parents, Mr. and Mrs. Clifton Patterson in Hamlin a few days. She and her sister, Nancy, and Matthew Syptak of Seymour joined her uncle and aunt in Wilson and all made a tour of Carlsbad Caverns in New Mexico.

Guests in the home of Mr. and Mrs. B. O. Norvill during the week end were Mrs. Curtis Gollehon and son Tommy, of Vega, Mr. and Mrs. Kenneth Bloom and children of Waco, Mr. and Mrs. Doyle Hughes and children of Lubbock and Mr. and Mrs. M. B. Norvill and children of Seymour.

Mr. and Mrs. Jimmy Peek left last Monday for their home in Pasadena, Texas, after a week's visit with relatives here and at Goree.

Mrs. Felton Raynes and children were week end guests of Mr. and Mrs. Earl Tayntor in Wichita Falls.

News From The U. S. Congress

Congressman Frank Kard

This week promises to be one of the busiest in recent times in the House of Representatives. Due to the fact that every effort is being made to adjourn sometime during the first week in August, it will be necessary this week to act upon the bill setting up a Federal highway program. The tax provisions in this measure have been scaled down considerably from what was originally provided. The controversy

with regard to this legislation is whether or not there will be a pay-as-you-go highway plan that would require increased taxes on gasoline, diesel fuel, tires, and trucks, or whether some plan similar to that recommended by the Administration which would be financed by a bond issue with no new taxes. Other matters on the program are the Upper Colorado Storage Project, Polio Vaccine Assistance Act, the Housing Bill, and the Amendments to the Natural Gas Act that would limit the jurisdiction of the Federal Power Commission. Each of these is important and highly controversial. To say that consideration of them can be completed in one week can only mean we will probably have to be in session every night.

Due to the fact that Congress will adjourn shortly, this will be the last weekly report that I will send out. Immediately after adjournment, I plan to return home and will be in the District most of the time from adjournment until the first of the year when the next Congress convenes. I expect at some time during the late summer and fall to be in every County and Town in the District. My office in the District is at 206 Federal Building in Wichita Falls. While during the time Congress is not in session, I will spend most of my time being out over the District. This office will be open at all times.

Another important bill to be considered next week is the Military Reserve Bill. This Bill passed the House in a different form than the bill the Senate approved; therefore, it was necessary for it to go to a Conference

RIGHTS AND LIABILITIES

Rights can be assigned but liabilities can't. Or, to state it another way, ordinarily you can sell or convey what you own, but you can't free yourself from your debts by getting somebody else to promise to pay them.

The usual application of this is obvious. If I borrow \$100 from you and promise to pay it back, I can't release myself from liability to you for the \$100 by getting my neighbor to promise to pay it for me. True, he may become bound to pay it also, but I am also liable, unless you, as creditor, agree to release me and substitute him as debtor.

This simple principle, when involved in a more complicated contract, is sometimes lost sight of. For instance, Adams sells his house to Brown under a contract which calls for monthly payments of \$100. After making payments for about three years, Brown decides he wants to sell to Carver who is willing to pay him the amount of his property (his equity) and to assume and pay the remaining \$100 monthly payments as they become due.

Now Brown ordinarily can assign his interest in the contract to Carver with or without the consent of Adams (unless the contract calls for the consent of the vendor). He can do this because it is a property right which he owns.

But because Carver has assumed and agreed to pay the remaining balance owed on the Adams contract, Brown isn't released from liability even though Carver has also become liable. The only one who can release him is Adams. Brown can't without Adams' permission, erase his name from the contract and

make a stranger to the contract the only one liable under it. Adams has the right to hold Brown to his original promise. (This column, based on Texas law, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts, because the facts may change the application of the law.)

From where I sit... by Joe Marsh
Modern Science Finally Catches Up With Grandpa

I got put in my place the other night. Deserved it, too. My father-in-law said we were due for bad weather. "Birds are flying low," he reported. "That means a storm."

I started to josh with the old gentleman about being superstitious. Then my nephew Jim, on vacation from college, pipes up. "Grandad's right," he says.

"At least, that's what they say at school," Jim goes on. "The heavy air you get before a storm forces insects down low—so high-flying birds have to swoop along the ground if they want to eat."

From where I sit, there's probably sound reasoning back of most old sayings... back of anything people have learned to believe in. Take the idea of a stitch in time saving nine—sparing rods and spoiling children—of drinking hot milk, or a refreshing glass of beer, at bedtime. You may not hold with any of these beliefs yourself... but it's not smart to give them the "bird."

Committee. The bill that was worked out in the Conference Committee that now comes before the House, in my opinion, is a much better bill than the original House version in that it does not require reserve service by those who are at this time in the Armed Services or who are ex-service men. In other words, it does not place a great burden of reserve service upon those who have already served their time in one of the branches of the Armed Services. In view of the changes that have been made in this bill by the Conference

Committee, it now seems highly probable that this bill will pass without a great deal of difficulty.

Visitors from home this week were Mr. and Mrs. Wayne Lane of Wichita Falls.

Brotherhood Rally Slated At Lueders Tuesday, August 2

C. D. Allen of Haskell, superintendent of schools and district Baptist Brotherhood president, will preside for the district Brotherhood rally at Lueders Baptist Encampment grounds on Tuesday, August 2.

Some 400 to 500 men of District 17 are expected to be present for all or part of the rally, which opens at 2 p. m. and continues until after the evening service.

Rev. J. D. Brannon of Fort Worth, district missionary of District 12, will be the speaker at 8:30 p. m., following special music and reports from Association Brotherhood presidents.

Charlie Cluck of Abilene, district treasurer, will read the Scripture and offer prayer at the opening of the evening service after the singspiration led by Joe Rucker of Abilene, beginning at 7:30 p. m.

Fish supper will be served at the encampment cafeteria at 6 p. m. and some of the men, who cannot be there for the afternoon session, are planning to reach the camp grounds in time for supper.

Afternoon speakers will be Rev. Huron Higdon, pastor of the Belmont Baptist Church of Abilene, who will talk on Brotherhood and Local Missions, Harry Grantz of Carbon, district RA leader, who will talk on Preparation to Meet the Royal Ambassador Challenge, and Bill Allcorn of Brownwood, district attorney, who will talk on Texas Brotherhood at Work.

Dr. W. A. Stephenson, dean of Hardin-Simmons University, Abilene, and first vice president of the Texas Baptist Brotherhood, will give the opening Scripture reading and prayer.
