

Kracker Krumb's Odd Bits Salvaged at Random

Someone made an important discovery the latter part of last week.

That discovery was that quite a number of Munday people are getting a "free ride" on the paying of our water revenue bonds, while the remainder of us are footing the bill.

It seems, too, that those on the free ride list hadn't asked for it, but naturally, are accepting the deal when it's dished out to them gratis.

People just don't gripe about their bills being too small. It's when they get too high that the gripes begin coming in.

So while some were issuing gripes about their water bills, others weren't griping at all. They've been getting by on the minimum charge each month—and through no fault of their own.

In a conference with Mayor W. R. Moore this week, we learned that well over 200 water customers of the City of Munday were on this "gravy train."

The mayor stated that it was discovered these customers were paying only the minimum charge for water for several reasons.

One was that they had no water meters at all. Another that theirs were "dead meters" or those that did not register the water going through them. Another that the meters registered incorrectly, and the information we have is that they always run slower with age, rather than faster.

So move is under way to get everyone's water meter to "clock" correctly the water that's running through them.

And this is as it should be. It's not quite fair for one fellow to be paying off the revenue bonds while his neighbor is using all the water he needs at the minimum rate.

As we brought out last week, engineers designed our new water rate so as to bring in \$9,000 in additional revenue annually. That means around \$834 per month.

Take a round figure and say there are only 200 meters in town out of commission. If this number were corrected, and the customers used only the old minimum gallons, 6,000 before the new rate change went into effect, it would mean an additional \$240 in revenue.

Not much toward the \$834, but still better than one-fourth of that amount which those with good meters are being forced to pay.

It's the matter of a must now, according to Mayor Moore. The city's contract with the bonding company calls for complete meters over the town.

The matter of fair play upon the part of all citizens calls for complete meters over the town. Our only hope for a cheaper water rate during the summer months calls for complete meters over the town.

We don't mean there will be cheaper water rates this summer, but there will be a chance of them becoming cheaper if everyone is bearing his proportionate share.

So the matter of fair play, the matter of common decency, the matter of helping shoulder the financial load, calls for complete meters over the town.

Some progress has been made. Some old meters have been replaced with new ones. Some old meters have been required so they will work correctly.

But the correct amount of progress won't be made until every one of those 200-odd water users have meters to register the amount of water they use.

It takes money to purchase new meters, but it's costing the city money not to have them.

And, as we said, the water customers who are getting the "free ride" have not asked for (Continued on Last Page)

March 22 Deadline For Applications For Pigs In Sears Foundation Project

It was announced today, that March 22 was the deadline for one pig (DUROC) to be eight registered sow pigs and the submitting applications for the awarded to Knox County 4 H members for the 1952-53 Sears Swine Program.

Awards will be made on judging of letters entitled WHY I WANT A PIG, and ability of the boy to care for the animal. Letters may be mailed to Bill Pailmeyer, County Agent, Benjamin, Texas, or turned in at the March 4 H meetings to be held the week of March 16-22.

To be eligible to win a pig, the boy must be a Knox County 4H member, an agree to show the animal in the County Sears Show, and the District Show if eligible. He will also agree to give one sow pig back to the program in 1953, and if through his neglect, the animal dies, he will pay \$15.00 to replace the registered animal in the following year's program. All animals but the one sow pig that the boy must return are the boy's to dispose of as he sees fit. Three pigs of the litter are to be fed for the county show, but the boy may dispose of these after the show if he wishes.

Prizes are set aside for heavy litters at 56 days of age, and placings in the county show to be held in September at Munday.

Any 4 H member who has not owned a sow in the Sears Program which raised a letter of pigs is eligible to apply for a registered sow pig, and any boy who has not owned cnd fwywy who has not owned the Sears boar pig is eligible to try for the boar.

Auto Licenses Will Be Issued March 17 to 21

M. A. Bumpass, Jr., tax assessor and collector, has given a schedule of visits to the various communities of Knox County for the purpose of issuing 1952 auto license plates. These visits are being made for the convenience of those who find it inconvenient to make a trip to Benjamin to register their motor vehicles. The schedule is as follows:

Truscott, Monday morning, March 17; Gilliland, Monday afternoon; Vera, Tuesday morning, March 18; Rhineland, Tuesday afternoon; Goree, Wednesday, March 19; Knox City, Thursday, March 20, and Munday, Friday, March 21.

Mr. Bumpass urges all motor vehicle owners to bring their 1951 registration receipts and their certificates of title when they come to register.

City Of Goree To Elect Mayor, Two Councilmen

The City of Goree will elect a mayor and two councilmen in the city election on Tuesday, April 1, according to J. B. Justice, city secretary.

There is no opposition in the mayor's race, with the name of R. C. Spinks being the only one appearing on the ballot. It's a different matter in the councilmen's race, however. Six names appear on the election ballot, with two councilmen to be elected.

In the race for councilmen are: Tom Harlan, Jack Beatty, Melvin Cooksey, E. V. Shackelford, R. R. Guess and Reuben Bates.

Graham Infant Dies Of Leukemia

Janet Louise Collier, 15-month-old daughter of Mr. and Mrs. Howard Collier of Graham, died of leukemia in a Fort Worth hospital last Sunday.

Funeral services were held at 3 p. m. Monday from the First Baptist Church in Seymour, with the pastor of Graham's Morningstar Baptist Church officiating, assisted by Rev. Keith Parks, pastor of the Red Springs Baptist Church.

Surviving are her parents; a sister, Suzanna; and the grandparents, Mr. and Mrs. Charles Rallsback of Goree and Mrs. H. C. Collier of Seymour.

Juniors To Present Play Friday Night

The annual junior class play will be presented at the school auditorium on Friday night, March 14, beginning at eight o'clock. The name of this year's play is "Grandma's Best Years," a comedy in three acts.

Students taking part in the production are: Shirley Hill, Charlotte Hannah, Julie Massey, Cliff Good, Shirley Patterson, Sue Hallmark, Joy Lemley, Chub Stevens, Joy Morton, Bobby Guffey, Tommy Gage, Lee Bowden, Lynn Reynolds, Huron Polnac, Wayne Smith and Pat Cook.

Admission will be 50 cents for reserved seats and 35 cents for regular seats. The public is cordially invited to come and see this enjoyable comedy.

Two Alarms Get Call Of Firemen

Two fires were reported during the last week. On Friday of last week a grass fire was reported at the Cecil Guley farm and spread to the Lee Patterson farm before the blaze was extinguished. No damage resulted, except destroying some pasture grass.

On Tuesday of this week a fire was reported behind a West Texas Cotton Oil Company warehouse where a stock pile of telephone poles were burning. The blaze was extinguished with little damage resulting.

Knox County Hospital Notes

Patients in the Hospital March 10th:

Mrs. J. L. Ford, Munday; Paul Gothard, O'Brien; Mrs. Roy Hester, Knox City; Mrs. G. N. Newberry, Munday; J. M. Porter, Munday; Hugh Rogers, Knox City; John Sanchez, Knox City; J. H. Cooksey, Goree; Harold Huntsman, Knox City; Mrs. E. B. Littlefield, Munday; Mrs. Jimmie Robertson and baby, Knox City; Silvana Servantes, O'Brien; Mrs. J. W. Thomas, Knox City; Talland Baby Girl, Knox City; Mrs. Leroy Casey, Rule; Mrs. Roy Day, Knox City; Mrs. J. H. Parsons, Rochester.

Patients dismissed since March 3rd:

J. C. Cook, Gilliland; Jess Avery, Aspermont; Mrs. Glen Paul, and baby, Knox City; Aliva Gaudou, Munday; Mrs. O. K. Edmonson and baby, O'Brien; T. L. Dickerson and Michael, Munday; Mrs. John Lewis, Knox City; Mrs. A. C. Campbell, Munday; Mrs. D. C. McGuire, Knox City; Mrs. Henry Smith, Munday; Mrs. Marlon Hicks, Rochester; Mrs. Sara Reese, Knox City; Beverly Wright, Munday; Ray Murphy, O'Brien; Joe Murray Clonts, Knox City; Mrs. W. E. Pack and baby, Knox City; Mrs. Grady Phillips, Munday; Mrs. Cecil Fox, Rochester; A. B. Thiebaud, Knox City; Mrs. R. S. Brannin, Benjamin; Mrs. T. E. Beason and Jerry, O'Brien; Rev. Joseph W. Van, Knox City; Mrs. Joseph Hester, O'Brien; Lonnie Walker, Rochester; Mrs. John Henderson, Knox City; Miss Maude Newberry, Rochester; Edwin Euing, Benjamin; Mrs. Frank Morris and baby, Knox City; Charles Kutz, Knox City; Tom West, Benjamin; Bobby Lawrence, Seymour; Robert Douglas, Munday; Walter Howard, Merkel; Mrs. Wesley Garrison and baby, Knox City; Mrs. C. M. Thompson, Munday; Mrs. W. G. Welborn, Munday.

Births:

Mr. and Mrs. Glen Paul, Knox City, a daughter.
Mr. and Mrs. W. E. Pack, Knox City, a son.
Mr. and Mrs. Wesley Garrison, a son.
Mr. and Mrs. Jimmie Robinson, Knox City, a daughter.

Deaths:

Mr. T. S. Bradley, Rochester.

Be safe, "Curb" your car when the fire alarm sounds.

Formal Opening Set For Sunday

Formal opening of the Gores Methodist Church, above, which recently underwent a complete remodeling at a cost of around \$15,000 will be held next Sunday, Rev. Bourdon Smith, pastor announced.

The white frame building has been repainted outside and redecorated inside. New pews have been added, and a new altar constructed. A large stained-glass cross is behind the altar in the form of a window. The remodeled auditorium has a sound board ceiling and is attractively decorated. Membership in the church numbers 160.

Formal opening services will begin with the 11 o'clock service Sunday morning, when Rev. Waid Griffin will be the principal speaker. Assisting in the services will be Rev. J. H. Crawford, Stamford district superintendent, and the pastor.

Dinner for everyone will be served at the Goree memorial building during the noon hour, with ladies of the Bible Study Class in charge.

After the meal, the group will return to the church for an informal song service. During the afternoon recognition will be made of all former pastors and former members present.

The afternoon speaker will be

Benjamin Boys Named Officers In Area F.F.A. Body

At the February meeting of teachers and F. F. A. boys, Billy the area vocational agriculture Ward of the Benjamin chapter was elected area vice president of Area 4.

He will serve as vice president of all of the Area 4 meetings, and he is also parliamentarian of the Oil Belt District.

Another Benjamin boy serving as an officer in the Oil Belt District is Jerrel Barnett, district sentinel.

Movie Views Of Munday To Show At Local Theatre

Next Tuesday, Wednesday and Thursday will be "added attraction" days at the Roxy Theatre in Munday, when movie views of local people will be shown. Dorsey Looney, employee of the theatre, has spent some time in taking these pictures and having them developed into "news reel" film.

Movie goers will see about 30 minutes of local film, showing all school kiddies from the first grade through high school. This show will be in black and white. In addition, there will be color pictures of local church congregations as they were dismissed from Sunday morning services. A number of scenes of local homes will also be shown, these, too, in color.

All local people will enjoy seeing these scenes of their friends, and the attraction is expected to draw a large crowd.

Weather Report

For seven days ending March 12, 1952, as compiled by H. P. Hill, U. S. Weather Observer.

REV. IRA C. KIKER

Rev. Ira C. Kiker, former pastor and now executive secretary of the Methodist Board of Education in Dallas.

The evening service will begin at 7:30. Music for all services will be under the direction of Mrs. Orb Coffman, Carol Coffman and Mildred Coffman.

Members of the building committee are: Orb Coffman, chairman; Barton Carl, secretary and treasurer; Billy Hutchens, S. C. Roberts and Homer Moore.

All friends of the church and the public in general are cordially invited to all the services.

Walter Halls To Open City Cafe

Mr. and Mrs. Walter J. Hall have announced that they will open the City Cafe, one block south of the traffic light, on Saturday, March 15.

Mr. Hall, a veteran of World War II, served with the First Army overseas for three years. Since his discharge in 1945, they were in business in Wichita Falls before moving to Munday. They have four children.

Mr. and Mrs. Hall will both be employed at the cafe, and will appreciate your patronage.

YOUNGBLOOD INFANT BURIED AT ANSON

Funeral services were held in Anson, Texas, March 5, for Billie Margie mfwy ffw FWW Margaret Youngblood, two year old granddaughter of Mr. and Mrs. W. A. Harris, formerly of Goree, now of Seymour.

She was the niece of John Harris and Mrs. Paul Brogden of Goree, and spent some time last fall with Mrs. Brogden and had many friends here, as she was loved very much by all who came in contact with her.

Cowan Completes Officer Training

Harry L. Cowan, son of Mr. and Mrs. H. H. Cowan of Munday, recently completed an infantry officer candidate course at Camp Chaffee, Ark. Cowan, who received his B. A. degree from McMurry College in August, 1950, was a graduate research student at the University of Texas when he entered the service eight months ago.

The course he completed on March 2 included 22 weeks of iron discipline, physical training and grueling tests of leadership in training for a commission as second lieutenant. It was a transition from the soldier in the ranks to capable officers, ready to lead these same soldiers in the fight for a free world.

The O. C. course is but one of 21 courses open to officers and enlisted men of the Regular Army, Organized Reserve Corps and National Guard at the infantry school.

Munday Approved For Housing Project

Last Rites For W. S. Yates Are Held Thursday

William S. Yates of Goree, well known farmer of this area for the past 25 years, passed away at the home of a daughter at 2 p. m., Wednesday March 5, after an illness of several weeks.

He was born in Lamar County on January 3, 1880, being 72 years, 2 months, and three days of age at the time of his passing. He was united in marriage to Miss Ester Carter on December 21, 1910, at Throckmorton. To this union six children were born.

Survivors include his wife, two sons, Bill Yates of Seymour, Carl Yates of Carlbad, New Mexico; four daughters, Mrs. Cardie Cunningham, Alma Yates, Mrs. Mary Kennedy, all of Goree; and Mrs. Frances Stillwell of Irving; two brothers, Jim Yates of Direct, Texas, Jack Yates of Pleasant View, Colo.; two sisters, Mrs. Mollie Parks of San Antonio; Mrs. Johnnie Allen of Throckmorton; and several grandchildren, all of whom were present for the funeral service except one sister, Mrs. Parks, who was unable to attend.

Funeral services were held from the Church of Christ in Goree at 3 o'clock last Thursday afternoon. Conducting the services were Minister J. B. Barnett of Munday and Minister Luther Dabney of Wichita Falls. Burial was in the Goree cemetery under the direction of the Laningham Funeral Home.

Pallbearers were: J. D. Cunningham, H. H. Edwards, Oran Chamberlain, Kenneth Johnson, Jack Beatty and Ira Stalcup. Honorary pallbearers were: J. L. Cloud, C. C. Cunningham, W. W. Coffman, J. C. Morton, Luther Williams, and Orb Coffman.

Members of the building committee are: Orb Coffman, chairman; Barton Carl, secretary and treasurer; Billy Hutchens, S. C. Roberts and Homer Moore.

All friends of the church and the public in general are cordially invited to all the services.

Local Girl Named Director Of Nurses

Miss Gwendolyn Groves of Munday, who has been serving in the capacity of house supervisor in the new addition to Wichita General Hospital, has been named acting director of nurses at the hospital.

Miss Groves was named acting director following the resignation of Mrs. LaVelle Yarbrough, who has been serving as director of nurses several years.

She is a graduate of the Wichita General Hospital School of Nursing in 1947, was in charge of the outpatient clinic at the Wichita General Hospital several years prior to her position as house supervisor since the new addition was opened several months ago.—Wichita Falls Record-News.

Methodist Men Meet On Tuesday

The regular meeting of the Methodist Men's Club was held Tuesday night at the Munday church. Thirty-five men were present.

Members of the Munday Cub Scouts were also present, displaying a large variety of their handiwork. Gene Harrell gave a brief outline of Cub Scouting, while J. W. Massey, cubmaster, told of the work the local pack was doing and praised work of the den mothers very highly. Each pack present was then presented in a short stunt.

Travis Lee was the principal speaker of the evening, giving an interesting history of the Church from its beginning to the present day.

BAND BOOSTERS TO MEET MONDAY NIGHT

The Band Boosters will meet March 17, at 7:30 p. m. in the High School study hall. The program will be furnished by grade school band.

The main business of the meeting will be the planning of spring socials for the three bands. All members and guests are invited to this meeting.

Munday has been approved for a low cost housing project!

L. B. Patterson, chairman of the local housing authority, received wires from Washington last Monday informing him of this approval. Telegrams came from the Public Housing Authority and from Senator Tom Connally, stating that Munday has been approved for twenty housing units. The preliminary loan had gone to President Truman for approval.

"This does not mean that we will not get more than 20 units," Mr. Patterson said Monday night, "but this will be determined by the survey of housing needs which is now under way in Munday. If our survey shows the need for more units, I believe."

Final Boxing Show Is Set For Monday Night

The Band Boosters will meet have asked the C. D. A. Athletic Committee to have a boxing program with just the best fighters of the area entered. Monday night at 7:30, the sponsors of these boxing bouts will have just that kind of program. Picked boys from Abilene, Wichita Falls, Hamlin, and Munday will compete against each other in a show that promises to be the very best of the season. This will be the final show for this season and the sponsors have arranged for the best bouts anyone can see anywhere.

Such boys from Wichita Falls boys' club as Raymond Garcia, Jerry Jones, Bobby Goforth, and Dickie Don Woods will be here. Abilene will have Thad Russell, Lacy Bales, Fred Ptello, Perry Elliott, Wilma Hollowell and others. Hamlin is bringing its best five boys, and Munday will be represented by such boys as Simon Chavez, George Spann, Cleburn Fields, and Tooter Goodwin.

Sponsors are trying to arrange a bout for Rudy Munoz of Munday. People of this area know Rudy as our Mexican Law. He has agreed to a bout, if an opponent can be found, just for fun. Rudy says, "Any one who will take Rudy on 'just for fun,' please notify Shorty Gafford, Raymond Carden or Tuck Whitworth."

Simon Chavez will be matched against Fred Portillo of Abilene. Chavez won the decision from Portillo several months ago. Portillo has asked for a return bout. This should really be a scrap.

Lacy Boles, regional middleweight champion, from Abilene, will be pitted against an opponent from Wichita Falls Boys Club.

Raymond Garcia, regional featherweight champion, from Wichita Falls, will be pitted against an opponent from Abilene.

Dickie Don Woods of Wichita Falls, regional flyweight champion, will fight Kenneth Kelly from Hamlin. Woods is the son of the boxing coach of Wichita Boys Club. Last Friday night he fought his 90th amateur bout here at Munday. He was knocked down for the first time in his career, by Connie Fisher of San Angelo. However, Woods rose from the canvas and scored a knockout in the second round. This bout alone should be worth the price of admission.

Mother Of Mrs. Boyles Passes

Mr. and Mrs. Don Boyles left last Monday night for Anadarko, Okla., upon receipt of a message that Mrs. Boyles' mother, Mrs. J. F. Callahan, has passed away. Mrs. Callahan suffered a heart attack a few hours before her death.

Funeral services were held at ten o'clock Thursday morning at Anadarko.

Mr. and Mrs. Austin Floyd and children of Fort Worth and Mr. and Mrs. Ancil Jackson and family of Slaton were guests of their parents, Mr. and Mrs. O. J. Floyd, last week end.

GRASS ROOTS OPINION

GREAT FALLS, MONTANA, LEADER: "The National Bureau of Economic Research, an outfit studying long range trends and not given to spectacular statement, calls what has happened to America's average individual incomes in the past 25 years 'one of the greatest social revolutions in history'. . . the country which Communists—and Socialists, too—contantly exhortate as the despote of the masses is in fact doing far better by the masses than the enemies of capitalism have any hope of doing."

CHESTER, S. C., REPORTER: "The determination to remain free is a decision that all of us must make. Freedom will be protected not by Congress, heads of businesses, labor leaders, or politicians—but by you and me, working from our own personal pulpits . . . and by practicing what we preach."

FOREST GROVE, ORE., NEWS-TIMES: "The simplicity of small town living is its strength. Residents of small communities are able to see most of their governmental, economic and social patterns clearly and know how our cherished institutions function. The self-sustaining features of community life are apparent. The citizen of the small community can observe where each individual who performs a useful service is a valuable citizen because he can see how the activities of each affect the whole. Much government is a direct local responsibility and responsive to local responsibilities and responsive to local control."

OSKALOOSA, IOWA, DAILY HERALD: "During the thirty-nine years of the Federal income tax, the per capita Federal tax burden has grown from \$3.38 in the 'pre-income tax' year, 1912, to \$326.82 in 1951."

CHANGES ARE NEEDED

Before long, the Defense Production Act— which fathered price controls and the Office of Price Stabilization—will be up for renewal. And it is heartening to report that many senators and representatives now seem convinced that some major changes are needed.

First of all, there is strong sentiment in favor of decontrolling items now selling and likely to continue selling at below-ceiling levels. This, it is said, would increase efficiency and decrease administrative red tape—the latter has reached fantastic limits under power-hungry OPS. Many expect that OPS' new director, former Governor Arnall, will be more sympathetic to the problems of producers and distributors than his predecessor.

Second, there has been much Congressional concern with OPS' obvious ambition to control profits rather than just prices. This policy has been especially destructive in retailing—many stores have found that, though their dollar volume has shown a marked rise, the profit left after paying all the bills has been dangerously low. In some cases, actual losses have resulted. Worst of all, the whole philosophy of profit control rep-

resents the kind of thing that could ultimately destroy the free enterprise economic system. This was never intended by Congress and stems, whether the OPS people know it or not, from socialist-communist ideas.

It can be powerfully argued that the best of all solutions would be to abandon price control entirely, and let OPS follow OPA into history. Short of that, a recasting if the law is obviously necessary—if the American system of making and selling things is to be preserved at full strength.

DON'T BE AN EASY MARK

We are living in an age when the fine art of trying to get something for nothing is being practiced by nations, states, cities, and on down to the lowliest pickpocket and professional writers of bad checks.

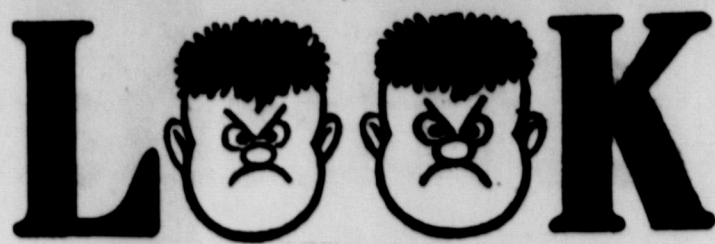

Fred Johnson, Vice President of the American Stores of Philadelphia, has compiled information on the growth of the bad check racket. It reads like a fast moving story. For example, he points out that in the trading area of the American Stores a certain group of banks formerly turned back from three to five worthless checks a day. Now they turn back eighty each day. The recent crime investigations have caused certain lawless elements to switch their activities into other types of swindling, particularly the pushing of bad checks among merchants, with shoplifting, and counterfeit money as side lines.

After listing scores of examples of the way merchants and individuals are imposed on and bilked by the bad check artists, Mr. Johnson gives some sound advice: "Checks should never be cashed on the basis of casual acquaintance, sympathy, hard luck tales, distress telegrams, vague answers, altered credentials, haste, bluff and bluster, offended dignity, personal resentment, threats to report to the main office, or alleged friendship with an official of the company. Phoned instructions to cash checks, regardless of the source, should be disregarded."

There is one rule to follow. Don't cash a check for anyone whom you don't know or who cannot furnish you with absolutely satisfactory credentials.

"My special plea is that all of us should work to further social and economic progress based on the common ethical principles of our religions and as expressed in the Constitution of our country. I am sure that this is the only way to combat the false philosophies of Communism and state planning and that only through a clear demonstration of the material and spiritual benefits of our free system can we convert others to it."—Charles E. Wilson.

" . . . centrally administered controls will not and cannot work efficiently in a capitalist economy, no matter how wise, talented, and honest the administrators may be."—Bennett S. Chapple, Jr.

Let's Talk LIVESTOCK

(By Ted Gouldy)

FORT WORTH — Sheepmen are getting really riled up at the grading program which is causing old crop lambs showing yearling teeth to be sorted out at around \$5 per hundred less than their mates, which may be approximately the same age.

It is the position of the sheep salesmen at the Fort Worth livestock market that the discrimination against yearling wethers is unduly harsh and is costing sheep producers lots of money right now and will cost millions of dollars in the ensuing year unless some relaxation in this arbitrary grading program is allowed.

It seems that under the OPS

STATED MEETING OF KNOX LODGE NO. 851, A.F.&A.M.

first Monday night in each month at 7:30 o'clock. Visitors welcome.

Joe B. Roberts, W. M.
Geo. B. Hammett, Secy.

ceiling price program that grading of sheep and lambs is compulsory—unless the packer wants to grade them nothing above culls.

At some plants the sheep are "mouthed" and graded according to their teeth. At other plants the grading is done on the basis of confirmation, appearance of the meat and the color of the bone, etc.

This strict grading does not assure the consumer any better eating, since it is agreed by one and all that a yearling lamb—for instance—13 months old, will "eat" just as good as a yearling lamb 12 months old or one 15 months old for that matter.

Since this grading, strict as it is, cannot help the consumer get better eating and it oftentimes makes a packer lose money and in turn makes the producer lose a lot of money—the industry wants to know "why"?

For decades, the yearling lambs have not been sorted out vigorously until three months or so later in the season. This year is the exception because of this strict grading program and in a year when sheepmen are already suffering severe losses because of dry ranges, high feed bills and a market that is \$8 to \$10 per hundred or more

Buyer Has 129 Model-Color Choices

A striking array of miniature Chevrolets illustrates the 129 model-color choices available to the 1952 buyer. Brilliant new colors in solid or two-tone combinations with smartly styled interiors in harmonizing shades are features of the recently introduced line. Betty Kennell is shown above making her selection.

lower than a year ago—well, this is too much!

Salesmen at Fort Worth in recent weeks have been issuing press releases to papers, magazines and talking personally with sheep producers for that matter.

At the quarterly meeting of the Texas Sheep and Goat Raisers' Association at San Saba the matter will be given an airing and plans are being laid to take the matter up with congressmen and senators from the sheep producing states.

sheepmen will suffer in the coming season will be very great unless the grading program is brought into some degree of alignment with the way yearling lambs have been handled and graded in the years past, because feeders will simply not want to take a chance on buying any yearling lambs as feeders—unless they are bought very, very cheaply. Several Fort Worth men will be on hand at San Saba to explain this matter.

While it is a little early to be thinking about hot weather, it is not too early to be doing something about it—so the Fort Worth Stockyards is looking forward to greater use of the "pig showerbath" already.

These nifty arrangements of waterpipes and sprinklers in the hog pens will keep the porkers cool on the hottest days and is another example of the "modern hotel service" provided for livestock.

Well finished cattle and calves still bring lots of dollars, for instance this week the Double L

Ranch of Cresson had a load of \$34.50 steers that weighed 1,090 pounds. Those cattle appear to have sold roughly \$2.50 below the peak market of about six or eight weeks ago.

Several long distance loads of steers are appearing at Fort Worth. Three loads here from Roswell, New Mexico, this week came from Joe Mitchell. Well

LOCALS

New Power Plant Being Constructed For Area

STAMFORD — Construction of a steam generating power plant to be built on the Paint Creek Reservoir was formally announced here today by Price Campbell, president of the West Texas Utilities Company.

The Austin Building Company, Dallas, Texas, has been awarded the general contract for the plant proper. M. B. Moore, construction superintendent for the Austin Building Company said, construction on the plant building would begin immediately.

The first unit of this new power plant to be installed will be a 33,000 kilowatt turbo-generator unit. This unit, which was ordered in August, 1950, and is scheduled for delivery in the spring of 1953, is to be put in operation during the summer of 1953. One hundred thirty-two thousand volt lines will interconnect the plant, which is located near the center of the utility company's system, with three other major steam generating stations in the company system.

Future expansion plans call for installation of additional generating units at this location.

"This new generating station providing additional electric power for the industrial and agricultural development of the Stamford-Haskell region," said Price Campbell, "will be used as a basic generating unit in our

interconnected company system."

"Knowing that an abundance of low-cost electric power is essential to the continued growth of an era, our company is constantly planning and building for the future," Campbell said. "When this new 33,000 kilowatt unit goes into operation in 1953, we will have increased, since 1946, the company's generating capacity by 150 per cent."

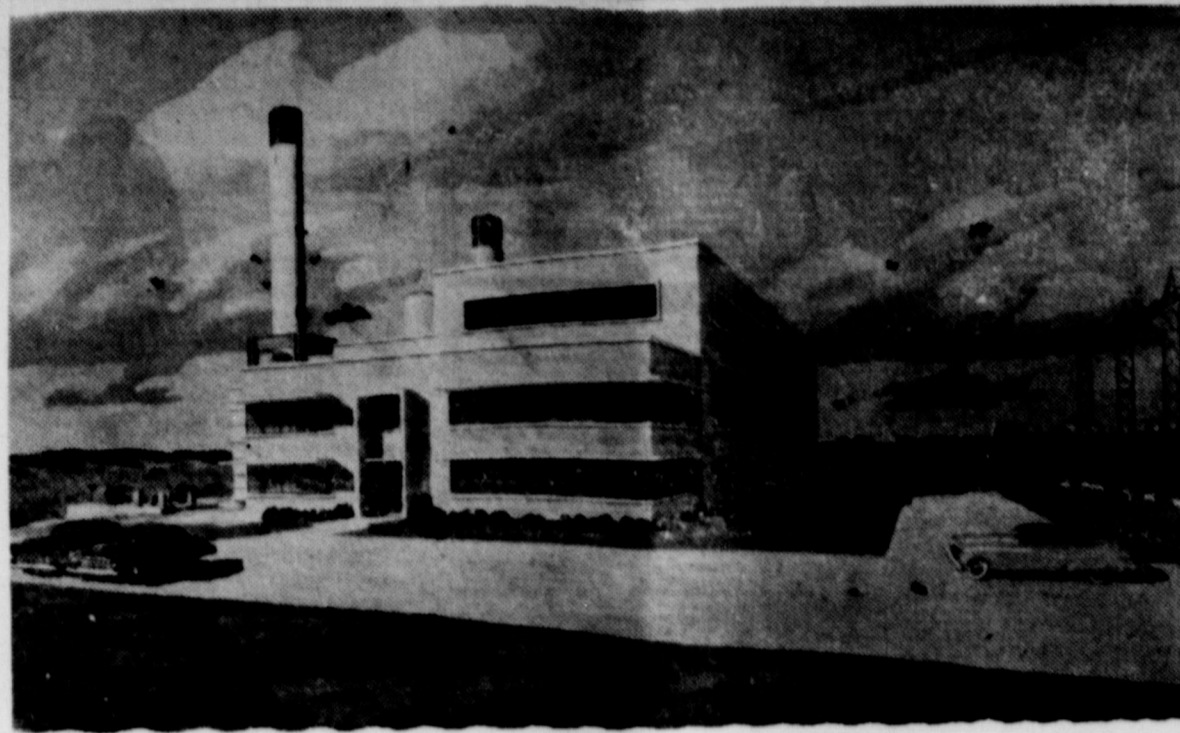

The plant to be located approximately fourteen miles southeast of Haskell and sixteen miles northeast of Stamford, on the north shore of the lake, one mile west of the dam, will be constructed on a 120-acre site purchased from the Scott Estate.

The plant will use water principally for cooling and condensing steam. Water will be pumped through the condensers at the rate of 30,000 gallons per minute. Engineers pointed out that the water merely comes in contact with clean polished brass tubes and can in no way be contaminated by plant use. Water pumped from the lake on one side of the plant will be returned to the lake on the other side of the plant.

A structural steel, masonry and brick structure 100' x 76', equivalent to a four-story building in height, will be built to house the first 33,000 kilowatt turbine. The north wall of this building will be of temporary construction allowing for addition of future units.

The generator will be hydro-cooled and the turbine will operate on 875 pounds steam pressure at 900 degrees temperature. The unit will require five railroad cars to transport it from the factory to Haskell from where it will be moved by truck to the plant site. The stationing of this turbo-generating unit alone weighs more than one hundred tons.

Steam for this unit will be generated by a boiler designed to operate at a pressure of 1,000 lbs. per sq. inch. The boiler, fired by either natural gas or oil, is of the latest outdoor design being placed entirely out of the

WTUC's PAINT CREEK PLANT—The architect's drawing of West Texas Utilities Company's steam generating station which is to be built on the Paint Creek Reservoir. The first unit

to be installed will be a 33,000 kilowatt turbine.

Activities Of The Colored People

Services were well attended at all churches last Sunday. The pastor and members of West Peulah Baptist Church are making preparations to entertain their District Board the latter part of this month.

A nice representative group of our patrons attended "Open House," at the school last Thursday night, in observing Public School Week. Music and singing was provided by Mrs. Helen Shearod, after which refreshments were served by the teachers.

Regular meeting of the P.T.A. will be Thursday night. All parents are urged to be present.

BIRTH ANNOUNCEMENT

Mr. and Mrs. John R. Watts are announcing the birth of a son, who was born February 26, in an Amarillo hospital and weighed about eight pounds. He has been named Garry Mitchell. Both mother and son are doing nicely. Maternal grandparents are Mr. and Mrs. F. O. Gurley of Munday.

Mr. and Mrs. Jeff Mitchell and Becky Arrott visited in Gregory and Corpus Christi over the week end.

Stop your car when the fire alarm sounds. It's safer.

BIRTH ANNOUNCEMENT

Miss Brenda Lynn arrived at a Chillicothe hospital February 29, at 11:30 p. m., a leap year baby, and was claimed by happy parents, Mr. and Mrs. G. D. Lowrance.

Mrs. J. F. Lowrance spent several days with them last week getting acquainted with the granddaughter.

Mr. and Mrs. T. V. Yost visited Miss May Bell Yost, who is in a veterans hospital in Dallas over the week end.

Mr. and Mrs. A. B. Warren visited their son, Mr. and Mrs. Lewis Warren, in Abilene over the week end.

Mrs. Verbon Voss and Mrs. Steve Harrison were business visitors in Abilene on Thursday of last week.

Mrs. Robert Vadney and baby of San Antonio are here visiting her parents, Mr. and Mrs. Johnny Michels.

Miss Ilene McClaren of Wichita Falls visited her mother, Mrs. Ann McClaren, and brother, John H., over the week end.

CARD OF THANKS

Words cannot express our thanks and appreciation for all the kindness and sympathy shown to us during the illness and death of our loved one, W. S. Yates. We want to especially thank those who sat up at night also for the food and the many lovely floral offerings. May God bless every one of you.

The Yates family. 1tp

POWER

A Profit Punch in Every Pound

It pays to be an early bird...

in cotton-insect control

Early season control gets the young plants off to a healthy start . . . and it's no problem at all for aldrin.

So powerful that an early season dust or spray for an acre of ground contains only 2 ounces of actual aldrin, aldrin goes to work at once . . . with dead bugs falling in an hour or two. Even if rain falls the next day, aldrin's killing job is accomplished. At the same time aldrin does less harm to beneficial insect parasites which help to depress aphid and mite buildup.

Lowest cost . . . On an acre-for-acre control basis, aldrin costs less to use (either spray or dust) than any other cotton insecticide. And aldrin is approved in every cotton area in the country!

Aldrin can be sprayed as you cultivate . . . saving an extra operation. Aldrin will not clog spray nozzles . . . use any conventional equipment.

If you want the best at lowest cost . . . ask your dealer for aldrin . . . available everywhere.

aldrin

Goree News Items

GOREE METHODIST CHURCH

Bourdon Smith, pastor
10 a. m. Sunday school, 11 a. m., Preaching. Subject: "Regeneration."

6:30 p. m., Training Union.
7:30 p. m., Preaching. Subject: "Peter's Doctrine of the Second Coming in 1st and 2nd Peter."

The ordinance of baptism will be administered Sunday night following preaching.

The young people will have sing-spiration Sunday evening at the close of the service.

March 17 through 21, we are to have a "soul winner's revival." Study the book "How to Win to Christ."

The following Goree teachers attended the teachers' meeting in Sweetwater last week: Supt. J. T. Lawson, Mr. and Mrs. James Carver, Mrs. H. L. Moore, Mrs. W. M. Taylor, Mrs. Doris Rogers, Mrs. Garland Theibaud, Mrs. Clyde Taylor and Mrs. H. D. Arnold.

Out-of-town relatives who attended the funeral of W. S. Yates on Thursday, March 6, were Mr. and Mrs. Jack Yates, Pleasantview, Colo.; Jim Yates and Cleo Helm, Direct; Mr. and Mrs. Hell Allen, Mr. and Mrs. Rex Allen, Mr. and Mrs. Stanton D. Lyles, Jr., Throckmorton; Mr. and Mrs. Mark Allen, Clarendon; Mr. and Mrs. George V. Boliver, Lake Dallas; Mrs. Catherine Sparrow, Plainview; Mr. and Mrs. Rhodes Allen and Mr. and Mrs. Idell Montgomery of Munday. Other relatives who came and were unable to remain for the services were: Mrs. Mollie Parkes, Mr. and Mrs. A. L. Cook and Joan of San Antonio, Mr. and Mrs. Mayo Carter of Tyler and Russell Carter of Bonham.

J. H. Cooksey, who spent several days in the Knox City hospital was able to come home Tuesday visiting in the Cooksey home the past week were his son, J. A. Cooksey of Amarillo, and daughter, Mrs. Dee Jones of Durant, Okla., a grandson and family, Roland Cooksey of Wichita Falls.

Mrs. E. N. Goode of Clyde visited relatives here last Wednesday and Thursday.

Mrs. V. M. Reeves is visiting in the home of her daughter, Mr. and Mrs. Mark Allen, in Clarendon this week.

Mr. and Mrs. Arnold Haskin were in Abilene visiting Monday.

Mr. and Mrs. Robert Couch and sons of Hobbs, N. M.; spent the week end with his parents, Mr. and Mrs. W. R. Couch, and other relatives.

Mr. and Mrs. Rex Allen and son, Curtis Rex, of Throckmorton, were recent visitors with her parents, Rev. and Mrs. S. E.

Goree P.-T. A. In Meeting Tuesday

The Goree P.T. A. met Tuesday afternoon at 3:15 in the school auditorium, with Mrs. Doris Rogers in charge of the fifth grade program. Piano numbers were rendered by Ann Morton, Nancy Brooks, and Jimmie Dale Beatty.

A patriotic play was given by the entire fifth grade, led by Dwayne Hargrove, Jimmie Dale Beatty, drummer, and Jack Hampton, flag bearer.

Mr. Lawson, superintendent, discussed "What Makes Better Schools."

Baptist Circle Meets Monday In J. O. Bowden Home

The Virginia Wingo Circle of Baptist W. M. S. met Monday night in the home of Mrs. J. O. Bowden.

Rev. Huron Polnac gave the opening prayer, this was followed by the Bible study, which was a heart-warming and inspirational message. The meeting ended by the president of W. M. S., Mrs. Polnac, telling of the work of home mission.

Refreshments were served by the hostesses to the following: Rev. and Mrs. Huron Polnac, Mmes. Don Wardlaw, J. O. Bowden, E. L. Goolsby, R. B. Bowden, Maurice Blacklock, Ruth Searcey, Cecil Honeycutt, Yeda Tankersley, Lula Jones, W. E. Reynolds, Eliza Jennings, Gordon Branch, Lawrence Kegley, Miss Leona Keel and Linnie West, one visitor, Mrs. Jeff Morgan.

Gilliland Club Meets Recently With Mrs. Cure

The Gilliland Home Demonstration Club assembled in the club room March 5 at 2:30 p. m. with Mrs. Omar Cure acting as president.

Miss Henson gave an interesting demonstration on style trends for the season.

Refreshments were served to nine members by the hostesses, Mrs. Oscar Solomon and Mrs. Pendleton.

—REPORTER.

Stevenson.
Miss Burnice Goode received word that her nephew, Charles Goode, and wife of Rifle, Colo., are the parents of a son born Saturday, March 8. He is the son of Mr. and Mrs. Charlie Goode of Kim, Colo., formerly of Goree.

Bobbie Lambeth, son of Mr. and Mrs. Vernice Lambeth, left Tuesday for California where he is stationed with the armed forces. He spent a week with home folks here.

Miss Mozelle Vandiver of Olney spent Sunday with relatives here.

Mr. and Mrs. Leroy Brooks and daughters were Wichita Falls visitors last Saturday.

Mrs. Dwaine Russell and son, Johnny, of Vernon spent last Thursday here with Mrs. J. B. Bowden and other relatives and friends.

Texas Counties Are Included As Disaster Areas

All Texas counties are now under designation as disaster areas by proclamation of the U. S. Department of Agriculture. The action qualifies farmers who have suffered crop losses and who are unable to obtain credit elsewhere for loans from the Farmers Home Administration to up in 1952 crops. Announcement of the designation was made at Dallas, headquarters of the Farmers Home Administration, by L. J. Cappleman, State Director.

Bad weather conditions in 1951 reduced crop yields materially and tightened up credit conditions, to the extent that many farmers were unable to finance crop plantings. Disaster loans are now available in each county. Farmers who have sustained production losses on crops and livestock may apply for funds to pay for feed, fertilizer and materials for insect-control where needed, gas and oil for tractors, feed for livestock, essential farm

and home operating expenses, machinery repairs and other expenses incident to the production of a crop.

Credit is advanced under authority of Public Law 38 and is available to framers who have sustained losses, and who cannot obtain from local sources the funds needed to plant a crop this year. Before a loan is made a County Committee of three farmers must certify that the applicant suffered a substantial production loss. Farmers may apply for loans at the office of County Supervisor Wilburn A. Satterwhite located at Seymour, Texas on the second floor of the County Courthouse.

Funds will be available to ranchmen whose herds have been depleted by the drought. They can borrow to restock their pastures.

Farmers who qualify under the disaster loan regulations may discuss their needs with the county supervisor.

Better farming practices are emphasized in the FHA loan program. These will be discussed and agreed upon by the county supervisor and the applicant when the loan application is prepared. A program of diversification is the safest course Farmers who have carried out a bal-

anced frming program with livestock do not need emergency aid this year even though they did sustain losses because of drought conditions last year, according to a survey of case files, the county supervisor emphasized.

Mr. and Mrs. B. A. Yarbrough spent the week end in Lawton, Okla., visiting with her sister, Mrs. R. W. Wade.

Mrs. Lynn Hay of Abilene spent the week end with her daughter and son-in-law, Mr. and Mrs. Terry Harrison.

Be careful. Observe state and local traffic laws.

Munday P.-T. A. To Meet March 20th

The Munday P.T. A. will have their regular meeting next Thursday, March 20, at 3:30 p. m. in the high school library.

The subject of the program will be "What Makes Good School," with Miss Eugenia Robertson as director. A special number will be presented by the high school students and the high school and junior high school Homemaking classes and Shop classes will present a style show and displays. Prizes will be awarded by the P.T. A.

See You in Church Sunday

Mrs. Eddie Savage of Gainesville spent several days here last week, visiting in the home of her parents, Mr. and Mrs. Ardell Spelce.

LEGUME PLANTING
COLLEGE STATION—Texas farmers, come dry or wet weather, have recognized the value of using legumes in their crop rotation plans. Despite the prolonged drouth during the fall and winter of 1950 and 1951, seed purchases were heavy.

The state office of the Production and Marketing Administration at College Station has just released a report covering the amount of legume seed farmers secured under the purchase order program for the 1951 legume production program. The report shows that 32,677,172 pounds of all types of legume seed were secured by farmers under the program. The total included 10,631,089 pounds of lespedeza.

SEPTIC TANK—Cleaning. Also pump out cess pools and storm cellars, and will clean cisterns and shallow wells. Average home, \$20 to \$35. Phone 381-M, Box 224, Seymour, Texas. J. H. Crawford. 23-tfc

FOR SALE—Jersey milk cows, fresh and heavy springers. Several to pick from. Gynn Hickman, phone 2162, Trustcott. 32-4tp

Other large orders were for winter peas, both Austrian and Dixie Wonder, hairy vetch and hubam sweetclover. Smaller orders were for Madrid sweetclover, melituous indica (annual yellow blooming sweetclover), Singletary peas, Williamette and common vetch.

In addition, a great deal of home grown seed were planted, says E. A. Miller, agronomist for the Texas Agricultural Extension Service. Plantings of sweetclover and hairy vetch were especially heavy from home grown seed supplies.

Miller adds that reports from county agricultural agents show that an estimated 1,513,398 acres of legumes were turned under in 1951. Seed were harvested from 187,910 acres with a total production of 44,524,222 pounds. Most of this seed production was from sweetclover, hairy vetch, alfalfa, Singletary peas and crimson clover.

Mr. and Mrs. Glenn Billrey of Brownfield visited relatives here and at Goree over the week end.

Mr. and Mrs. Leland Hannah attended a wedding in Abilene last Saturday.

Mrs. Joseph Borden was a business visitor in Wichita Falls last Thursday.

Telephone Co. Securities Attract Investors' Interest

Southwestern Associated Telephone Company's offering of 75,000 shares of 5 1/2 Cumulative Preferred at its par value of \$20 per share has created considerable interest in financial circles.

Unlike most offerings, the stock is being offered by the company, instead of pay underwriters, through a selected group of investment dealers who are acting as its agents. The company is assisting dealers by mailing to its users, as well as residents in adjacent territory, cards informing them of the issue. The recipients may secure a prospectus and supplementary information by signing and returning the cards to the company. Such inquiries are then turned over to dealers, who in turn, contact the prospect with the view of consummating a sale.

A plan similar to this was originated by Associated Telephone Company, Ltd., which serves in Southern California and which is controlled, as is Southwestern Associated, by General Telephone Corporation. During the past five years, Associated Telephone Company has had phenomenal success using this method, having disposed of \$17,000,000 of its 5 1/2 Preferred to approximately 10,000 stockholders, a large percentage of whom are its subscribers or residents of adjacent territory.

This announcement is neither an offer to sell nor a solicitation of an offer to buy any of these securities. This offering is made only by the Prospectus.

Ibrahim Woman Observes Her 68th Birthday Sunday

Mr. and Mrs. E. J. Smith of Graham had all of their children, grandchildren and great grandchildren present last Sunday for the observance of Mrs. Smith's 68th birthday.

Children present were Mr. and Mrs. Chester Smith, Munday; Mr. and Mrs. H. M. Montgomery, Morton; Mr. and Mrs. Carl Burns, Sudan. Grandchildren included Mr. and Mrs. Idell Montgomery, Munday; Mr. and Mrs. Delbert Montgomery, Fort Worth; Marilyn Smith, H.S. U., Abilene; Dewain Smith, Munday; Hulen Montgomery, Harrisburg, Pa., and Patsy and Gaylon Burns, Munday. The great grandchildren are Sandra and Ginger Montgomery of Munday. Others present included Mrs. Smith's twin sister, Mrs. Viola Tanner of Fort Worth; an older sister and her husband, Mr. and Mrs. S. A. Smith of Fort Worth; an older sister and her husband, Mr. and Mrs. Sylvester Smith and Milburn, Mr. and Mrs. Cecil Jennings and Rickey, all of Fort Worth; Mr. and Mrs. J. D. Hollis and Jimmie and Mr. and Mrs. Henry Followill, Munday.

It was the first time all had been together in several years, and all reported a very nice time.

Mr. and Mrs. M. L. Wiggins and Mrs. Etta Webb spent Sunday with Mr. and Mrs. J. C. Webb in Walnut Springs, Texas. Mrs. Webb remained for an extended visit.

Garon Tidwell, student at Hardin-Simmons University in Abilene, visited his parents, Mr. and Mrs. Jack Tidwell, over the week end.

Mr. and Mrs. Bob Jarvis and Mr. and Mrs. Kirby Fitzgerald visited Mr. and Mrs. R. L. Davis in Wichita Falls last Sunday.

Way Waheed was a business visitor in Lubbock several days this week. While there he also visited with relatives.

Knox Farmers Urged To Join Scrap Drive

All Knox County farmers and ranchers are urged to assist in the National Scrap Drive which is aimed towards building up the stock pile of scrap needed for the nation's defense.

It has been pointed out that over half of the farms and ranches in the nation have enough scrap lying around the place to buy a television set. Which do you have?

The Scrap Drive is headed by the Knox County Mobilization Committee which is composed of all agricultural workers of the county, and rather than handle the scrap twice, the people of the county are asked to carry the scrap to the regular scrap buyer in the town nearest you.

The defense of the United States is part of the duty of all its citizens, so all are urged to clean up around the place, and turn scrap iron, steel, car parts, batteries, copper and aluminum in to the nearest dealer. By doing this, you will not only be paid market price for the items, but help free your place from hazards that might cause a serious accident.

Remember, when you go to town, take some of that scrap with you to help out in the big scrap.

Mrs. H. B. Stubblefield and Sandy were in San Antonio recently to visit Mrs. Stubblefield's son-in-law and daughter, Mr. and Mrs. Glenn Morrow.

Mr. and Mrs. Paul Pruitt and sons visited with her brother-in-law and sister, Mr. and Mrs. Delbert Montgomery, in Fort Worth over the week end.

Mr. and Mrs. Layne Womble and Mrs. Joe Bailey King visited Billy Womble, who is a patient in a hospital in Dallas, over the week end.

Mr. and Mrs. Joe Bailey Roberts, Sr., Mr. and Mrs. Joe Roberts Jr., and Mr. and Mrs. Walter Rogers spent Sunday in various parts of Oklahoma.

Mr. and Mrs. Hugh Rockwell of Long Island, N. Y., spent the first of this week with their cousins, Mr. and Mrs. Charlie Harpham.

Miss Bernice Bellmer Wed In Tucson, Ariz.

The double ring ceremony uniting R. L. Trammell and Miss Bernice Bellmer was performed February 22 in the Hendricks Chapel of the First Methodist Church in Tucson, Arizona.

The bride was attired in a wedding dress of peach lace. Her accessories were white with lilies of the valley trimmed on her hat. She carried a white Bible topped with white flowers.

Matron of honor was Mrs. William Ewing, sister of the bride, and she was attired in a blue wool suit and carried a bouquet of pink carnations. Best man was Roland Nelson.

Soloist, Anthony Marsala, sang "Ave Maria," and the Lord's Prayer, and Rev. Donald Cumming officiated.

Mrs. Trammell is the daughter of Mr. and Mrs. Fred Bellmer of Tucson, Ariz. She graduated from the public schools there with the class of 1950 and is now attending the University of Arizona, where she is majoring in dietetics.

S/Sgt. Trammell is the son of Mr. and Mrs. Frank Trammell of Munday and attended the Munday schools. He is presently stationed at Davis Mothan A. F. B. in Tucson.

The couple are now at home at 2715 Hopi Place in Tucson.

TO PHILLIPS MEET
G. B. Hammett, Bob Guffey and A. M. Moore, Jr., were in Vernon last Monday night to attend a meeting given by the Phillips Petroleum Company for dealers in this area.

260-cubic-inch high-compression engine gives the 44 power aplenty for heavy field, road, yard and belt work. In plowing, planting or harvesting . . . wherever the success of a job depends on stepped-up production — that's when the 44's extra power pays off in time saved, and in the greater ability to get more done. Ask for a demonstration of the Massey-Harris 44, the tractor that out-powers and out-performs any other tractor in the 3-4 plow class.

Only the New Chevrolet brings these fine features to the low-price field!

No other car in Chevrolet's field offers you a single one of these features. Yet you'll find many of them in America's most costly cars. Here's proof that you're value ahead with Chevrolet . . . again in 1952 the lowest-priced line in its field! Come in and look it over. MORE PEOPLE BUY CHEVROLETS THAN ANY OTHER CARS!

Knox Prairie Philosopher Hails A New Kind Of Plant That Shades Out The Weeds And Needs No Plowing

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek is still hunting for the lazy way out, his letter this week reveals. Dear editor:

As you know, for years I've been in the lead agitating for easier ways of farm and ranching, contending that the experts have been working on the wrong end of the problem, been trying to get me to change my ways in stead of the plants and the cows changing theirs.

Well, I am happy to learn that some of the experts are finally coming around to my view point. I read last night in a maga-

J. A.

zine I picked up in the dentist's office earlier in the day and will return if my tooth starts hurting again where a scientist in Indiana is working on a new way to raise corn, and if it will work on corn it ought to work on other things.

Under his system, he doesn't break his land, doesn't cultivate doesn't plow at all. Only thing he does is scratch a little furrow out and drop the corn in, and then depends on the corn to out-grow the weeds. Under the present system, weeds shade out the corn if you leave them alone, which requires plowing and choppin, but under his system the corn shades out the weeds.

Now we're getting somewhere. It's what I've been looking for all my life, and as soon as he gets around to findin out how you can do the same with all other crops, he can have my vote for President.

However, I am generally a few jumps ahead of even the experts, and those birds don't want

Forty Years of Girl Scouting

GIRL SCOUTS LOOK BACK 40 YEARS. More than a million and a half Girl Scouts in every state are celebrating their organization's 40th anniversary during 1952. Founded in Savannah, Ga., March 12, 1912, by Juliette Gordon Low, Girl Scouting has grown continuously in size and popularity through four decades. Although Girl Scouts today wear trim green uniforms instead of the bulky khaki outfits of yesteryear, they haven't changed much in their interests; home-making, camping, international friendship, nature study, and community service have always been favorite activities.

PLANT GOOD SEED

to quit with a plant that can whip weeds and grow without cultivation. There's still the problem of getting the seed in the ground.

What agriculture needs above everything else, outside of a guaranteed price, a guaranteed amount of rain, and free insurance against insects and hail, is a plant that will re-seed itself every year, or maybe a perennial variety of corn, cotton, wheat, rice, maize, etc. A corn stalk or a cotton stalk or a wheat stalk or a rice stalk—that stays in place year after year, producing three or four ears or ten bolls or bigheads each fall, then goin dormant, comin to lift again in the spring, etc., like a pecan tree, is the next step for me in agriculture. The trouble with farmin is you ain't no more

COLLEGE STATION—Farmers will need to use "every trick in the bag" to meet the production goals which have been set for 1952. The planting season is approaching in most sections of the state and farmers are reminded by L. C. Coffey, associate agronomist for the Texas Agricultural Extension Service, that only top quality seed should be used for seeding the 1952 crops.

He points out that certified seed are usually the best seed of a particular variety available. These seeds are from fields that have been inspected during the growing season, have been properly handled at harvest time, cleaned, tested for purity and germination, and properly stored.

The blue tags attached to each sack of certified seed carry accurate information about the quality of the planting seed. These tags are issued by the State Department of Agriculture

than through with a crop when you have to start over again on next year's.

They talk about a stabilized agriculture but agriculture won't be stabilized for me until a man can plant his farm in his youth and harvest crops every fall from then on out from the original plants.

How does Taft and Eisenhower stand on this?

Yours faithfully,
J. A.

SHORTS VARIETY

for use on seed which have met certain high standards of purity and germination. In 1951, blue tags were issued for 91 varieties of 15 different crops grown in Texas.

Although certified seed may cost slightly more than other seed, the added expense is offset by the assurance of purity higher percentage of germination and varieties that are adapted to Texas conditions, says Coffey. Seed of questionable germination and purity may not be cheap at any price.

Coffey urges farmers to get the seed that will be needed for this year's crops now while supplies are adequate. Last minute seed shoppers may find the stocks depleted and thus will be forced to plant whatever is available. The use of poor qual-

ity planting seed may prove to be a year-long handicap in meeting production goals, warns Coffey.

Joe Choucair was a business visitor in Dallas several days last week.

NOW I FEEL SORRY FOR WOMEN WHO DON'T HAVE MY
CHRYSLER POWER STEERING!

Come Discover Power Steering Today . . . and These Great Chrysler Features, too!

180 V-8 Horsepower, even on non-premium fuel. The Security of Power Brakes . . . Driver-Controlled Automatic Fluid Transmission . . . The Rough-Road Stability of Oriflow Ride . . . The protection of Fully Waterproof Ignition.

You'll never know what she means till you try Chrysler's Full-Time Power Steering yourself! Even other cars with so-called power steering don't offer as much new safety and ease as she gets!

On every turn, hydraulic power does 4/5 of her work, her hand does only 1/5! On every turn, she turns her wheel 1/3 less distance than other cars! At every instant, turning or not, her hands have 5 times her former power to hold and control her car's front wheels!

She eases into parking places you wouldn't even try. She slips through traffic with the precision of a watch. She breezes over bad roads with never a feel of wheel fight, car under control as never before!

She can start in the morning and drive into the night with never a hint of shoulder strain . . . with the same wonderful "wheel feel" and safety in every mile!

Come try this amazing new steering yourself. We promise you never felt anything like it!

(NOTE: Power Steering standard on Crown Imperial, available, extra, on ANY new Chrysler.)

W. O. Lewis, Goree, Retires After 32 Years Service As Mail Carrier

W. O. Lewis of Goree, veteran of 32 years of service as a rural mail carrier, recently retired as carrier on Route Two, Goree. The following article appeared in the Wichita Falls Daily Times, giving some of his experiences:

Muddy roads, runaway horses, and extra long hours were all part of the routine almost 32 years ago when William O. Lewis, 61, Goree, first started his career as a postman.

Rainy weather meant almost impassable roads and delivering the mail by wagon and team or horseback, Lewis recalls. And with the long routes that carriers handled then, it could mean getting an early start in the morning and not getting home until late at night.

Lewis made his first letter de-

livery on April 22, 1920 as a substitute temporary carrier on a 26-mile route from Weinert. On November 22 of that year, he was appointed regular carrier. Later the route was extended to 45 miles and at the death of another carrier, J. D. Milles, the two routes were combined, making a 75-mile route.

Even though he's retired, Lewis remembers the hardships that a mail carrier faces over a period of 32 years. "But if I had my life to live over, I would still want to be a mail carrier," he confesses.

During the time he served as postman, Lewis wore out 16 cars—four Model "T" Fords, two Model "A" Fords, one Whippet, one Willys, six Chevrolets, two Dodge, one jeep and a Ford tractor. In addition, Lewis made many miles in a wagon or on a horse.

The retired postman stayed

with the Weinert route for 14 years and four months. On Sept. 1, 1934, he traded routes with Bert Hellums, and took over Route Two, Goree. He remained on the Goree route for 17 years and four months.

He worked under six postmasters and two acting postmasters, and he had five bonded substitutes besides other helpers.

Lewis, charter member of the Haskell-Stonewall County Rural Letter Carriers Association, says that as a whole he has enjoyed his work very much.

"No carrier ever had a more loyal and cooperative group of patrons than I have had," he declares.

Kracker Krumbs—

(Continued from Page One)

It's just because the ride has been handed them on a platter.

Most people want to bear their share of the community's burdens when the deal is put up to them fairly. And it's nothing but fair that every person who uses water from the city's mains do their part toward retiring the revenue bonds.

Mayor Moore assures the people that the situation is being remedied. Fifty new meters have been promised this month. An additional 100 meters are scheduled to reach us through May.

These will be installed as soon as possible, then old meters that can be repaired will be repaired. "Weather permitting," he said, "we feel sure the entire town will be metered up by June 1."

Mrs. Daisy Wingate of Olus 1st, Okla., is visiting relatives and friends here this week.

Political Announcements

The Munday Times is authorized to announce the candidacy of the following, subject to the action of the voters in the 1952 Democratic Primaries:

For State Senator, 23rd District: **GEORGE MOFFETT, of Hardeman County** (Re-election)

Reeves Motor Co.
Dodge-Plymouth Dealer Dial 5631

"Here's the tire you want!"

GOODYEAR SUPER-SURE-GRIP TRACTOR TIRE

First choice for 2 reasons!

1. Deeper soil penetration — greater pull. Goodyear's open center tread has straight deep-biting lugs. They cut cleanly into the soil, penetrate full depth, full length. Straight bars closer together at the shoulders wedge the soil for firmer grip—don't "plow out" soil at the sides.
2. Balanced straight lug tread design — longer wear. Goodyear open center lugs are all straight, all equal in size and spacing. That's why every lug works equally, pulls fully, wears more evenly.

Goodyear Super-Sure-Grips don't cost a penny more. Get them for your tractor.

Tractor Tire Service

We are equipped to give you a n y type tractor tire service. When you have trouble—in the field or on the road—phone us. Just dial 5631, and we'll come to your rescue!

If you are interested in tractor tires, we have them in stock for both front and rear wheels. Our prices are right—made to fit your purse. Come down our way, and let's trade!
