

Kracker Krumbs

Odd Bits Salvaged at Random

Many times we've welcomed the appearance of the sun.

We hadn't been too adept at adhering to the philosophy of a wonderful woman in Wisconsin whom, we heard, said: "Remain cheerful during gloomy days, and the sun will come inside with you and remain until the skies clear."

Dark, snowy, sleety, misty, drizzly days never did appeal to our vanity too much.

They are usually days, especially at this time of the year, when you have to stick by a fire if you stay in and bundle up too much when you go out.

They are days when we'd rather sit by the fire with a good novel, a funny paper or some form of light entertainment, the radio going, and just while away the time.

But those kind of days usually come when the work's to do, regardless, and we have to bundle up and step out into the chilly breezes.

Like last Monday for instance. We came to work all bundled up in a vest, two-breasted coat and overcoat, all prepared to withstand the chill of winter if it would just give us some moisture.

We soon felt too bundled up, kinda hampered in our movements, like we had a heavy quilt strapped around our middle.

So we returns to our abode, discards the two-breaster, and dons a light jacket to go underneath the overcoat.

We found the soles of our every-day shoes too thin, so we selects another pair and returns to our job, tromping the wet sidewalks looking for advertising, job printing, subscriptions, news—those things without which there ain't no newspaper!

Among the first we called on pointed it was too wet to advertise, that people couldn't get to town to buy anything, etc.—the usual story on wet days, as if that kind of weather would continue forever.

And it was the kind of weather we'd all been praying for ever since this dry spell got prolonged into a drought.

We tried to remain cheerful, agreeing that the moisture was beneficial as well as being needed; agreeing, too, that it could continue falling forever at its present rate and still we would not have much moisture.

During the day it would sprinkle, mist, snow, then sleet—almost any type of moisture you could wish for all mixed up with freezing temperatures—and yet not more than enough to puddle nicely on the concrete.

But it was moisture, and it was falling on an area that was badly in need of moisture.

We goes home at the end of the day, kinda prepared for a wet night on the outside, our hopes all bolstered up by the belief that maybe the weather prognosticators were wrong—that clearing skies wouldn't come about just yet.

Our Missus wanted to know if we'd like supper earlier than usual, then go to bed, since she'd already caught us yawning, and which idea appealed to us.

Which we did, lying there in majestic comfort, listening to the radio, and ready for the weather to bring us a generous portion of moisture.

Over the radio came the story of the woman whose philosophy we quoted above. We thought it a nice philosophy.

Then next morning the sun came shining bright through our window, and we didn't have the warm welcome for it we've had so many times before because the moisture laden clouds had not kept it hidden long enough.

Massey Takes Job As Local Police Chief

Joel W. Massey, well known Munday man has been named as local Chief of Police, succeeding D. E. (Tuck) Whitworth, who has resigned.

Mr. Massey assumed his duties the latter part of last week. In tendering his resignation to the City Council, Mr. Whitworth was asked to continue on duty until March 15 to help the new chief of police in getting acquainted with the various duties of the office.

Whitworth, who has served as local Chief of Police for a little over five years, has not announced his plans for the future.

Massey is well acquainted with the citizenship of this area, having served as a mechanic here for many years. At the time of his appointment as Chief of Police, he was a member of the City Council and police commissioner of that body, which place he resigned to take over the new job. He asks the cooperation of local people in seeing that lawlessness is kept at a minimum for our town.

Father Of Goree People Dies Sunday

Funeral services were held at 2:30 p. m. Monday from the First Baptist Church in Seymour for J. M. Railsback, 73, who passed away last Sunday after an illness of two years.

Born in Arkansas, Mr. Railsback moved to Seymour about 38 years ago, where he farmed until his retirement a few years ago.

Surviving him are his wife; two sons, Charlie Railsback of Goree and Floyd Railsback of Seymour; five daughters, Mrs. Howard Peek of Goree and Mrs. Fred Kinney, Mrs. Raymond Broom, Mrs. Tom Carter and Mrs. James Bright, all of Seymour.

Funeral services were conducted by Rev. Keith Parks, pastor of the Red Springs Baptist Church, who was assisted by Rev. John E. Lewis, pastor of the Seymour church. Burial was in Riverview Cemetery in Seymour.

World Day Of Prayer To Be Observed Here

On Friday of this week, the righteous forces of the world are calling all people who believe in God and prayer to go to their churches for a season of prayer for peace, righteousness and human brotherhood.

In answer to this call, the Methodist Church of Munday will remain open throughout the day so all who believe in God and in prayer may go by at their own convenience to pray for these great needs of our world and of ourselves.

Regardless of creed, race or denomination, you are invited and urged to kneel at the altars of the church in devotion to God and to make your requests known unto Him.

Friends of Munday, let us go to God in earnest prayer for the peace of the world. The time is shorter than we think.

"O Thous, by whom we come to God,

The Life, the Truth, the Way,
The paths of prayer Thyself hast trod,
Lord, teach us how to pray."

Children's Pictures To Be Taken Again

A representative of Woltz Studios of Des Moines, Iowa, is returning here on Monday, March 10, to take pictures of children of this area. He will be at the Munday Hotel.

Through an agreement reached between the studios and this paper, all pictures of local children will be published as a series in the paper, as they have in the past. Further details will be given next week.

D. E. (TUCK) WHITWORTH Ends his duties as Chief of Police in Munday on Saturday, March 15, after more than five years of service as local law enforcement officer.

Youth Revival Opens At Local Baptist Church

A Youth Revival, a five-day revival campaign which is designed to attract practically every youth in the community, opened on Wednesday night of this week at the First Baptist Church in Munday. The meeting will continue through Sunday night, with services being held at 7:30 o'clock each night.

Evangelists for this youth campaign are Milton Thompson and Mart Hardin, both young men who were reared in Munday and are studying to take their places in the ministry. Both of these young men have preached at the local church, and their messages will be of especial interest to the youth.

Music for the services is under the direction of Bill Harbage, while Huron A. Polnac, Jr., will serve as youth pastor. Assisting with the music are the youth choir, Miss Charlotte Hannah and Miss Patsy Tidwell. Special music has also been arranged.

Among those who are to give special testimonies at the services are: Herbert Stodghill, Marshall Benner, Garon Tidwell, Jesse G. Smith, Bob Anderson, Durwood Thigpen, John H. McClaran, Bill Harbage, Huron A. Polnac, Jr., Patsy Tidwell, Mary Lou Anderson, Ann Elliott, Peggy Thigpen, Bobbie Nance, Anita Tidwell and Barbara Fields.

The public is invited to attend all services of the youth revival.

A safe driver does not follow the fire trucks!

Local Boy Gets Commendation For Scholastic Work

Alfred Guinn, Munday student who is attending Midwestern University in Wichita Falls, recently received a letter of commendation from the dean of administration at the college. The letter read in part:

"Members of the faculty and the administrative staff congratulate you on the fine scholastic record which you made this past semester. Your record shows that you made straight A. This is the highest honor anyone can attain at Midwestern.

"Again, may we congratulate you and send our best wishes for your continued success."

Alfred is the son of the late Mr. Guinn, and Mrs. L. C. Guinn, Sr.

Irrigation To Be Discussed At Meeting Friday

A meeting has been called for Friday night at 7:30 at the American Legion Hall for the purpose of discussing irrigation problems of this area.

Two irrigation engineers, Mr. Clark Bower and Mr. Harold Lee, will give a discussion on the use of the sprinkler systems. A question and answer period will also be held. All persons interested in irrigation are urged to attend.

The meeting is being sponsored by the Knox-Plains Pump Company.

C. D. A's Annual Banquet Is Set For April 3rd

The annual C. D. A. banquet has been set for Thursday evening, April 3, at the school auditorium. It was announced this week by Winston Blacklock, president, who also stated a committee of Munday ladies had been appointed to look after the banquet details.

Members of the committee are: Mrs. C. P. Baker, chairman; Mrs. J. C. Borden, Mrs. Paul Pendleton, Mrs. Fred Broach, Jr., Miss Eugenia Robertson and Mrs. Winston Blacklock.

Jeff Williams of Chickasha, Okla., one of the most outstanding after-dinner speakers of this area, has been secured as the principal speaker for the banquet.

BILL HARBADGE Choir and youth director, who is assisting in the Youth Revival now under way at the First Baptist Church of Munday.

Visitation Week Set March 3 to 6 In Local School

As a part of the observance of Education Week, March 2 to 8, over Texas, the Munday public school has announced that next week will be observed as visitation week. All parents and school patrons are urged to visit the local school during this period.

Visitation days will be Monday through Thursday, Supt. W. C. Cox stated, as the local school will be closed on Friday so teachers may attend the district teachers' association meeting in Sweetwater.

"We are hoping that all parents will visit the schools during these days," he said. "Our regular school program will be carried on, and there will be places where you may sit and observe the work of the various classes. Feel free to visit any and all the classrooms."

Officers of the Munday P. T. A. will join the faculty in urging patrons to visit the school during the next week.

ANOTHER BLACKLOCK GIRL

Another girl has been added to the Blacklock family with the arrival of Pamela Gayle, who was born to Mr. and Mrs. Wayne Blacklock, 4025 Lynnwood Lane, Abilene. The blue eyed brunette arrived at 3:50 a. m. February 24 at the Stamford hospital, weighing eight pounds and nine ounces.

Mother and daughter are doing fine, and "papa" is improving every day.

Grandparents are Mr. and Mrs. B. L. Blacklock of Munday and Mr. and Mrs. Hoyt Perry of Haskell.

Local Cagers Battle Way To Lubbock Regional Play

J. C. Patterson Announces For Dist. Attorney

The Munday Times is authorized this week to place the name of J. C. Patterson, in its announcement columns for the office of District Attorney for the 50th District of Texas, which comprises Knox, Baylor, King and Cottle Counties; subject to the action of the Democratic primaries.

Mr. Patterson needs no introduction to the voters of Knox County, as he has served the past four years as County Attorney and before that time, was County Judge of this county, which has been to his advantage in making criminal investigations.

Mr. Patterson is known as a careful investigator, working with the Sheriff's Department, and other law enforcement officials, he has gained worthwhile knowledge of the ways of the criminal, and what to look for in making such investigations.

In making his announcement, Mr. Patterson stated: "I will make an aggressive campaign, and try to see as many of the voters as is humanly possible, but in case you are one who is not personally contacted, I shall consider it a favor to make your own investigation relative to my qualifications, seeking such information from any law enforcement officer in Knox or adjoining counties."

Stated Mr. Patterson: "Any kind word spoken to a friend in my behalf is solicited from each voter, and rest assured your confidence will not be misplaced, for I have a desire to serve and serve well."

Brumleys Buy Holder Grocery

Announcement was made this week that A. T. Brumley and son, J. T. Brumley of Gilliland have purchased the Holder's Grocery from D. E. Holder, taking charge of the business on Monday morning.

Both these men are well known in the county, having lived in the Gilliland community for several years, where they were engaged in farming. The elder Mr. Brumley said:

"I've been feeding the worms for a number of years; now I'm going to help feed the people of this area. We expect to maintain an up-to-date grocery store, and our prices will be in line.

"Charlie Edwards, an old hand in the market, is ready to serve you in the market. We now have a completely clean and new stock of market items and we want to serve you with the best. We will appreciate your continued patronage and consideration at all times."

The Holders will continue to make Munday their home, and it is expected that Doss will sort of go on the "semi-retired" list—doing what he wants to when he wants to.

World Series Film To Be Shown At Rhineland

Announcement was made Tuesday that the baseball film, "Highlights of the 1951 World Series" will be shown at the Rhineland school auditorium tonight (Thursday) at 7:30 o'clock.

This is the same film which the Wichita Falls Spudders showed at Benjamin last Friday night. It attracted much interest there, and many who did not see it will want to attend the showing at Rhineland. The public is cordially invited to attend.

J. C. PATTERSON

Sunset Drive-In To Open Saturday

"It'll open Saturday, come rain or shine, sleet or snow." This is the announcement made Monday on the re-opening of the Sunset Drive-In theatre by its owners, P. V. Williams of Munday and Clyde Williams of Knox City.

The drive-in has been closed for about two months.

The opening picture is a first-run show, "The Secret of Convict Lake," starring Glenn Ford, Gene Tierney and Ethel Barrymore. Other pictures showing during the next week are: "Rawhide," "Jim Thorpe, All-American," and "Tokyo Joe."

Mr. and Mrs. Joe Jungman, Munday, a daughter.
Mr. and Mrs. Raymond Carden, Munday, a son.
Mr. and Mrs. Levey Kennibrough, Vera, a son.
Mr. and Mrs. Frank Morris, Knox City, a son.

BIRTH ANNOUNCEMENT

Mr. and Mrs. Joe B. Norton of 4310 Fifth Road, Wichita Falls, are announcing the arrival of a son on January 31, who has been named Terry Glen. He weighed seven pounds and twelve one-half ounces. Mrs. Norton is the former Genevieve Herring of Munday.

Abernathy To Be First Foes Of Tourney

The Munday Moguls, cage champions of District 8A, will hit a tough hurdle in their bid for the regional crown next Friday afternoon in their first game of the regional tourney at Lubbock.

They drew the highly-rated team from Abernathy, which some local fans have said were rated for the state championship. This game is scheduled for 4:30 Friday afternoon.

Class A teams that have been certified as district winners and entering the regional tournament at Lubbock are: White Deer, Dimmitt, Abernathy, Denver City, Big Lake, Ozona, Clyde and Munday.

Annexing two of the three-game play-off series to their side of the ledger, the Munday Moguls won the district 8A championship in the final game last Saturday night on the Hamlin court. Hamlin was selected as the neutral court for the final game on Friday night, following the Mogul's win on their home court in Munday.

The Badgers moved out in front Thursday night when they won the first game of the series, 56 to 47, at Merkel. Sonny Lang of Munday was top scorer in this game with 24 markers, while Billy Harris of Merkel connected for 15.

Merkel led at the end of the first quarter, 17 to 12, and 28 to 24 at the half. They pulled into a 12 point lead at the end of the third period, 27 to 35, and held the local boys to the 47-56 score.

The thriller of the series came Friday night, when the Moguls evened the score on their home court. Both teams playing jam-up defensive ball, more than half of the first quarter expired before a score was made.

Munday led 4 to 2 at the end of the quarter, but yielded to Merkel at halftime, 11 to 10. The Badgers held a 23 to 19 edge as the third quarter closed. Scoring then started in the last period, with Don Guffey flipping a two-pointer that sent the Moguls ahead 34 to 33 near the close of the game. The contest ended as Munday added another two points, making the final score 36 to 33.

Lang was again high point man for the Moguls, followed by Guffey with 11 points. Williamson took scoring honors for the night with 21 points.

With things all even, the two teams tangled again in the final game at Hamlin, which saw the Moguls come out with the championship by virtue of a 54 to 41 victory.

Hitting the basket more effectively, the Moguls took a 21 to 11 lead at the first quarter, held a 30 to 22 advantage at halftime, and were 36 to 29 ahead when the third quarter ended.

Lang and Ford tied for the high point honors, with 16 each. Williamson was high for Merkel with 11 points.

BIRTH ANNOUNCEMENT

Mr. and Mrs. Albert Andrae, Jr., announce the arrival of a daughter on Sunday, February 10. She has been named Rebecca Mary. Grandparents are Mr. and Mrs. Henry Haiduk of Panhandle and Mr. and Mrs. Albert Andrae, Sr., of Plainview.

Stop your car when the fire alarm sounds. It's safer.

Goree Boy Killed In Action In Korea

Word was received Tuesday, February 26, that Pfc. Floyd Shahan of Goree was killed in action in Korea on Friday, February 22. Details of his death had not been learned at press time Thursday.
Shahan, son of Mr. and Mrs. Joe Shahan of Goree, had seen action in Korea for several months.

GRASS ROOTS OPINION

MEDFORD, MASS., DAILY MERCURY: "Herbert Hoover warns against blanketing the present collectors into the civil service without vigorous investigation into their character, loyalty and competence. His reorganization commission did suggest that employees of the internal revenue bureau be placed under civil service to improve their qualifications and character and give them freedom from politics, but simply to draft the present employees into civil service would solidify present incompetence and political favoritism."

CAPE CHARLES, VA., NORTHAMPTON TIMES: "Although the people of this great country are opposed to increasing non-defense spending and although most of the recently elected public servants in their most recent campaigns promised to cut non-defense spending, we learn that the total Federal non-defense outlay for the first half of this fiscal year has been increased by about one billion dollars over the corresponding six months period of 1950."

KNOXVILLE, IOWA, EXPRESS: "There are no real labor unions today—what were called labor unions are nothing but organized groups aspiring to political power through pressure methods."

HARTFORD, KY., OHIO COUNTY NEWS: "The Federal administration has been justly criticized for withholding non-military matters of public record, and The Ohio County News joins the American Society of Newspaper Editors in appealing to all public servants on the city, county, district and state levels to ever keep public records, and sessions of public bodies open to the public and to the press. Secrecy breeds discontent, communism and dictatorship."

HERE'S REAL INFLATION!

We all talk about how prices charged for various articles have double or trebled over a period of years. But when it comes to inflation, one thing has all the rest licked to death—and that thing is taxes.

According to U. S. News and World Report, the tax take of the Federal government alone in the next fiscal year will amount to \$472 for every man, woman and child in the country. That is about the size of the average per capita income in 1881. It is 120 times as much as was the case in 1900. In spite of this incredible burden of taxation, the government, according to official estimates, will still be more than \$14 billion short of meeting its costs, and that money must be borrowed.

To quote U. S. News directly, "Altogether, the government in the year beginning next July 1, that is half again as much money as the people ever asked to contribute to government at the people are expected to provide \$76 billion for the cost of World War II. It is eight times as much as the government spent in the most lavish years of the New Deal and more than 13 times

as much as the government collected in those years."

Just read those figures over again and let them sink into your mind. Remember that the Administration, not satisfied with the present intolerable situation, wants still another tax boost. Then answer a simple question: "How long can this nation remain strong and progressive when the government takes, spends and wastes more and more of the wealth, resources and labor of the people? It is time to curb government spending with drastic economies to save our nation from bankruptcy."

AGRICULTURE TAKES A STAND

The American farmers has been a potent factor in preventing the blight of compulsory government health insurance from covering this country. That is the substance of a recent Christian Science Monitor editorial.

"Opposition to the introduction of government health insurance in the United States is intensifying in agriculture," the Monitor said. "The biggest of the farm organizations, the American Farm Bureau Federation, with a membership of 1,452,000 families, recently reiterated its hostility. The Farm Bureau's annual convention adopted a resolution declaring: 'We oppose any form of compulsory health insurance.'"

"Similarly, the National Grange, oldest and second largest of the farm bodies, at its convention a short time previously voiced again its stand against any plan of national compulsory health insurance or socialized medicine. . . ."

"Rural rejection to government health insurance has been little recognized in larger cities which usually hear much more of labor's viewpoint. But though labor's call for compulsory health insurance has been much better publicized, it remains the demand of a minority. . . . Meantime agriculture provides a balance against labor on this issue and a formidable safeguard."

In agriculture, which deals daily with such eternal matters as soil and weather, the old virtues of independence and self-reliance are still in vogue. That is one of the finest protections we have against the unlimited growth of the welfare state—which is a pleasant synonym for socialism. Agriculture's stand on compulsory health insurance is perfect in accord with our American traditions.

"One hears much these days about closing 'tax loopholes' but not enough about closing 'expenditure loopholes'—especially where such spending has pronounced inflationary effects, as in the case of public works, subsidies to promote building, and high support prices for farm products."—Excerpt from monthly letter published by National City Bank.

"It is little men, who inwardly feel their own insufficiency, who try to pull 'rank' on others."—Merryle S. Rukeyszer.

Spring on Clothesline Keeps It Taut

THERE'S nothing so annoying as having to dodge the clothesline in the basement. Here's a simple remedy, illustrated below.

The one end of the line to a screen door spring. Since the spring is not strong enough to carry the weight of a

line of clothes, run the end of the line past the spring and tie it to the hook also. Leave sufficient slack so that the weight is taken by the line after the spring stretches about one-quarter of its length.

This arrangement keeps the empty line taut and does not interfere with the line in use.—Illustration reproduced through courtesy of Popular Mechanics.

Knox Prairie Philosopher Maps Out A Plan For Eliminating All The Tax Collecting Tax Collectors

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek won't get anywhere with his proposal this week, but it may have its attractive side.

Dear editor:
I was out here yesterday sweatin over my income tax records, it's a good thing they don't hold elections at this time of the year, wouldn't anybody get elected when a friend came by and suggested we go fishing and I let my pencil drop from where it was in mid-air and went with him.

J. A.

While we was fishin he got to talkin about how high his income tax was and what a lot of trouble makin out a government report is and I told him about a suggestion one of my readers made recently and one thing led to another and we worked out a system of eliminatin all this annual figurin and self-demoralizin which I am suprised somebody in Washington hasn't thought of before now.

As I understand it, under the present system there is considerable complaint over withhold-

A Farm Plan for Machinery Replacement

I'M OLD AND TIRED... MY DAYS ARE NUMBERED BUT MY BOSS HASN'T SAVED ANY MONEY FOR A NEW TRACTOR WHAT'LL HE DO WHEN I'M GONE?

THAT'S NO PROBLEM ON OUR FARM. THE BOSS KEEPS A REPLACEMENT FUND IN U.S. DEFENSE BONDS. THAT'S WHY HIS MACHINERY IS ALWAYS IN FIRST CLASS SHAPE.

A Farm Plan for Machinery Replacement

Build YOUR replacement fund the safe, easy Defense Bond Way. For example - invest \$225 a year and have \$2,537 in 10 years. Depreciation is a real loss - plan now to take care of it.

BUY U. S. DEFENSE BONDS

in taxes, social security taxes, income taxes, payroll taxes, etc., not only over the fact that it takes money to pay em but because it's such a nuisance to keep books on the whole shebang. Time a man keeps all the forms and records necessary to satisfy the government he ain't got enough time left for any original thinkin in his business or ain't in the mood.

Now under the new system I'm workin on all the bookkeepin and form fillin-out would be eliminated. All tax frauds would end. Instead of a business man withholdin part of an employee's pay, makin out a form for the government and one for the employee and one for himself, then sendin the withheld money to the government and the government and the employee balance their books at the end of the year, with generally considerable argument and dissatisfaction and glowerin over which one wouldn't be any records at all. He'd just withhold everything.

Under this system, whenever anybody makes any money, worker, owner, or what not, it's turned over to the government right then, all of it. No deductions, no withholdin, nothing

kept back. Everything a man bought would then be charged, and all grocery bills, drygoods bills, etc., would be turned over to the government for settlement. Anything left over the government would hold for your old age, if it could not think of any new dams to build.

This would virtually eliminate the need for any cash, except maybe pocket change for tippin and carfare in the cities and something to put in the cold drink machines, nobody would have to keep any records, no more overdrawn bank accounts, very few banks. It would be impossible to cheat on your income tax and impossible to make an error, since there wouldn't be any more income tax reports, would eliminate fraud among tax collectors and the temptation to fraud by simply eliminatin the tax collectors, and would free everybody's mind for deep thinkin on world problems.

If you think this program has any merit, what's Congress hung on?

Yours faithfully,
J. A.

IT PAYS TO ADVERTISE

By-Product Feeds Of Grain Sorghums Become Important

Grain sorghum by-product feeds—sorghum gluten feed and sorghum gluten meal—may become more important in the rations of livestock grown in Texas. These feeds have been available for only three years.

Grain sorghum made up about 30 per cent of the total grain grown in Texas from 1941 to 1950. In 1950 it made up nearly 50 per cent of the total grain produced in the state.

One reason for the increasing importance of grain sorghum in Texas is its expanding industrial use. The grain now is being processed in a manner similar to corn.

Sorghum gluten feed and sorghum gluten meal are by-products obtained when sorghum grain is processed for starch, sugar and oil. These feeds are offered for sale as "milo gluten feed" and "milo gluten meal."

The Texas Agricultural Experiment Station conducted a

series of feeding trials from 1947 through 1951 to determine the value of these by-products. Beef cattle, dairy cattle, poultry, sheep and swine were fed in the tests.

"Grain Sorghum By-product Feeds for Farm Animals," B-743, a new bulletin released by the Experiment Station, discusses

the feeding value of sorghum gluten feed and sorghum gluten meal. This bulletin is available from the Publications Office, College Station, Texas.

At present prices, homemakers will find it profitable to freeze and store eggs for future use.

How to get what you want and need in a truck

"Dodge 'Job-Rated' Trucks are the best we've ever used!"

... says PAUL CRUCE,
Cruce Butane Co., Tulsa, Okla.

"We do a lot of driving on narrow roads, in and out of driveways, in small yards and other tight spots. We need trucks that are real easy to handle, so we switched to Dodge. They'll turn on a dime!"

"We service oil wells, too, and that's the toughest off-the-road hauling there is. We need plenty of pulling power. For mud and heavy pulling, Dodge 'Job-Rated' trucks are dependable and economical to operate."

Power with economy. The big high-compression engine of a Dodge "Job-Rated" 1 1/2- or 2-ton truck operates with outstanding economy. You get chrome-plated top piston rings, and exhaust valve seat inserts.

Time-saving performance. Low loading height on 1 1/2- and 2-ton models and hinged center sections on stake bodies make loading easier. 5-speed transmission available on most models for more power, speed.

Easy handling. Exceptional handling and steering ease is made possible by wide front tread and short wheelbase. Thanks to shorter turning diameters, you can turn sharper either right or left — back into tight places easier.

People, Spots In The News

FISHERMAN'S luck was good at White Bear lake near St. Paul, with more than 5,000 fishing through ice in annual contest. BUT (see bottom picture)—

NATIONAL GRANGE Master, Herschel D. Newsom, urged modernization of nation's transportation policy. Though Grange helped originate regulation of railroads 70 years ago, he said, today's situation holds peril of government ownership or government subsidy, and "neither solution is tolerable."

SHAPELY Marilyn Monroe of the films shows off a new wrinkle or two (not many, at that) in bathing attire on Hollywood beach.

BAD luck overtook owners of some 40-65 autos when ice sagged on lake near Mt. Clemens, Mich. However, none of the fishermen got dunked except in efforts to rescue their cars.

WCS Completes Bible Study At Meeting Monday

Members of the Woman's Society of Christian Service met at the Methodist Church last Monday afternoon for the last study of the Book of Acts.

A large class attended the meetings throughout this study. Key words were "Power and Visiting," and the group learned more of the great things that were accomplished in the early days of spiritual christianity, and how they may be the same as Jesus said greater things today. We all have the power if we learn how to use it.

In this study, members learned how so many wonderful things are being done in the world today which proves that Jesus' prophecy is being fulfilled.

Mr. and Mrs. A. H. Mitchell spent the week end in Midland with their son-in-law and daughter, Mr. and Mrs. Michael Sloan, and daughter, Sandra.

Munday Junior Girls 4-H Club Meets February 22

The Munday Junior 4-H Club girls met with the county agent, Miss Henson, on Friday, February 22.

The girls discussed the divisions of the dress revue, which will be held at Benjamin on April 19. Girls who have entered in this contest are to make dresses and other clothing, such as aprons, skirts or blouses, which they will model in the dress revue.

In the discussion of cooking, Miss Henson showed the girls how to mix each ingredient in making spoon bread. The meeting was adjourned at 2:15 p. m.

Miss Lynn McCaughey of Spur spent the week end with her sister, Mr. and Mrs. L. J. Hill, and family.

the home of Mrs. W. A. Barnett and family Sunday.

Miss Rasall Drabek of Crowell was a guest of Mrs. Lillian Gibbens Friday evening.

Guests in the home of Mr. and Mrs. Leroy Melton over the week end were: Mrs. Lee Rhoades and Mrs. W. T. Daughtie of Dallas and Mrs. A. J. Gore of Knox City.

Activities Of The Colored People

COLORED ACTV . . .

An interesting Sunday School was held at the Church of God in Christ, last Sunday with M. H. Hendrix in charge. Also services were held at West Beulah Baptist Church, Rev. Shellman, pastor, at his post.

The March of Dimes is progressing nicely. Charles Frederick spent a few days with grandparents, Mr. and Mrs. Simon Williams.

Rev. and Mrs. S. L. Sanders have returned from a district meeting at Coleman. They reported a wonderful time.

We wish to thank Mrs. J. R. Smith for the magazines donated the school.

The Dunbar Tigers and Tigerettes met the Rule team last Thursday night in the Sunset gym. The Tigers lost by a narrow margin and the Tigerettes tied 12-12.

R. V. (Bob) Burton, accompanied by Mr. and Mrs. Cecil Burton and daughter, Ruth, of Seymour, visited Capt. and Mrs. Joe Burton and baby in Baton Rouge, La., several days last week. They also attended the Mardi Gras in New Orleans.

YOUR HEALTH

Is a Planned Proposition Between:

YOU—who must cooperate in every possible way to safeguard the most valuable possession you have—your health.

YOUR PHYSICIAN—who is justly proud of the fact that Americans today enjoy the highest standard of health of any country in the world. He constantly seeks additional means of improving medical care.

THE PHARMACEUTICAL MANUFACTURER—who spends literally millions for research to the end that better and cheaper medicinals will be available for the relief of pain and the conquest of disease.

YOUR PHARMACIST—who skillfully fills your doctor's prescriptions exactly as written.

We call for and deliver your prescriptions. Day phone: 5151; night phone: 5191.

LOCALS

Lt. and Mrs. Ronald Foshee of Fort Benning, Ga., are here visiting with his parents, Mr. and Mrs. R. E. Foshee, and other relatives and friends. He is being transferred to California.

Mrs. Joe McClellan of Newport, Ark., is here visiting her sister-in-law, Mr. and Mrs. C. N. Smith, and other relatives.

Mrs. S. E. McStay spent the week end with her son and daughter-in-law, Mr. and Mrs. J. D. McStay, in Vernon.

E. L. Butler and Wayne Butler were business visitors in Jacksboro on Tuesday of this week.

Mr. and Mrs. William Dixon and family visited with relatives in Stephenville the past week end.

Mrs. Verbon Voss visited friends and relatives in Abilene several days last week.

Mr. and Mrs. Press Phillips visited relatives in Jacksboro last Sunday.

A safe driver does not follow the fire trucks!

First Trip Up Treacherous River

First man to make the trip up Oregon's fast treacherous Rogue River is Glen Woodriddle, famous "white-water" navigator. The trip covered 120 miles of falls and rapids previously considered too rough to run. Woodriddle used a standard model Mercury 25 h.p. outboard motor to make this dangerous trip.

Mrs. Tony Kundysek and children of Jacksboro visited Mr. and Mrs. E. L. Butler, and other relatives here Friday of last week.

Mr. and Mrs. C. N. Smith visited in Hobbs, New Mexico, several days last week with her brother and family, Mr. and Mrs. Earl McClellan.

Production Of Dairy Products Below Average

Texas dairymen have a long way to go before they produce milk as efficiently as the average dairyman of the nation.

This is shown by 1950 cost and production averages for members of Texas Dairy Herd Improvement Associations and for the average DHIA member in the United States.

Although the average Texas DHIA dairyman received more

for his milk and had more money left after paying his feed bill than did the average U. S. DHIA dairyman, this was not the result of higher producing cows or a more efficient feeding program. Higher price for milk in Texas was the reason for this difference.

Cows in Texas associations produced an average of 6,781 pounds of milk in 1950, compared to 9,172 pounds for the average cow in associations of the whole nation.

Total feed cost per cow for Texas DHIA dairymen averaged \$151. The U. S. average was \$147—with 2,391 pounds more milk produced.

Too much dependence on feed

from a sack is the reason for the Texas DHIA member's high feed cost, says A. M. Meekma, dairy husbandman for the Texas Agricultural Extension Service.

Meekma points out that 100 pounds of total digestible nutrients from a concentrate mix feed costs approximately \$5.00. The same amount of total digestible nutrients would cost only about 50 cents from improved pasture, or \$1.70 from silage.

Meekma emphasizes that the average Texas dairyman must have higher producing cows and feed more roughages if he is to raise himself to the ranks of the average U. S. dairyman in efficient milk production.

Summer Camp Is Announced For Army Reserves

AUSTIN—Approximately six thousand members of the Army Organized Reserve in Texas will attend two-week summer camps between June 15 and August 31, Col. C. M. Culp, Chief of the Texas Military District, announced today.

The majority of the reservists will go to Fort Hood, Texas, where the 90th and 75th Infantry Divisions and non-divisional engineer and non-divisional units will conduct their training. Non-divisional artillery, ordnance and transportation units will go to Fort Sill, Okla., anti-aircraft units to Fort Bliss, Texas, aviation engineers units to Wolters Air Force Base, Mineral Wells, Texas, and certain specialized units to Camp LeRoy Johnson and Camp Polk, Louisiana.

Col. Culp said that 296 Texas units will go to camp this year. This is the second year of mandatory field training for all members of troop program units and the largest attendance yet experienced is anticipated. "Annual field training for reservists is one of the most important features of the Army Reserve program. It complements armory training carried out during the other 50 weeks of the year and its importance is in the fact that during this two-week period actual field work is accomplished that is not possible at the home stations," Col. Culp stated.

Individual and small unit training will be emphasized this year. Unit commanders will assemble, move their commands to the training sites and carry out their training schedules as a part of their own training in command responsibility.

Mrs. Juanita Rippetoe received word from her husband, First Lieutenant William Rippetoe, who is now in Korea, that he is to return to the United States around March 15.

Durwood Scott, senior at Texas A. & M. College at College Station, spent the week end with his parents, Mr. and Mrs. J. B. Scott.

Miss Frances Hallmark of Fort Worth visited her parents, Mr. and Mrs. M. C. Hallmark, over the week end.

Mrs. Juanita Rippetoe and Mrs. M. H. Dean spent several days this week with relatives in Demmitt.

year. Unit commanders will assemble, move their commands to the training sites and carry out their training schedules as a part of their own training in command responsibility.

DRIVE WITH SAFETY

YOU SEE MORE because YOU GET MORE

No doubt about the fact you see more GMC trucks on the roads today than ever before—and the reason's no mystery. This popularity must mean that GMC owners are getting more of the kind of performance they appreciate in a truck. Like what? Like more horsepower. Not more than you need, but all that you need to meet exacting schedules—without relying on excessive speeds to make up the time many trucks lose when the going is rough.

Like more hub-to-hub, bumper-to-tail-light stamina. Plenty of brawn in the right places—yet a GMC is a trim truck, engineered so that it doesn't penalize your payload with dead weight. Whether your hauling involves gasoline or Diesel power—light, medium or maximum loads—why not come in and see a new GMC? See why you get more!

Get a real truck!

New Highway Travel Map Is Now Available

The shortest distance between two points is established by an old axiom, but from the standpoint of motorists, the shortest distance between two points can only be established by the Official Highway Travel Map.

Mr. D. C. Greer, State Highway Engineer, announced today that the Department's new 1952 Official Highway Travel Map is now available free to the general public. The Official Highway Map is revised and published annually. It is used by all state agencies as the basis for computing official car mileage. The new map is 28"x36" and is chock-full of travel guidance and information on Texas. The material is illustrated and in color for easy comprehension and appearance. Several important changes have been made in this year's map which include a topographical relief drawing along with the addition of sym-

bols, which show the locations of the 854 roadside parks and turnouts. Special emphasis has been placed on indicating various recreational, scenic, and historical spots. All U. S. and State highways are shown. The more important Farm and Ranch to Market roads which serve the cross-country motorist are also shown. The travel information reflected on the map is designed to supply motorists with guidance needed for safety, comfort and pleasure while traveling Texas highways.

The back side of the map is jam-packed with factual and pictorial Texas history. The story of Texas is unfolded within the map. Many famous milestones and landmarks are described and portrayed pictorially. There are 26 pictures in full color of the more popular historical points of interest in the State with a full caption explaining each scene. A panorama is used to introduce some of the more popular historical characters in a "passing parade" of Texas history.

Included also for the first time is a map of Mexico, incorporated with the small U. S. map, showing the principal high-

You Can See ... WHAT'S COOKIN'!

(Courtesy of Tel-Tru Thermometers)

With a modern roast meat thermometer, the roasting temperatures of ham, beef, pork and other meats can be read easily through the "peeking" window of the newest ovens without opening the oven door. Here, one of the newest roast meat thermometers is shown. It has a large, clock-like face which can be read at a glance for checking the proper rare, medium or well-done stages of roasts. A strong stem of sanitary stainless steel permits this thermometer to be inserted in roasts without making a preliminary hole with a skewer.

School Thanks C. D. A. Committee For Activities

The Munday Schools feel that it is due an expression of thanks to the C. D. A. Athletic Committee for the wonderful help and cooperation received during the past several athletic seasons.

It was through the work of this committee that we have the nice stadium for our football field. This season they have presented the schools with an electric scoreboard, which is one of the finest in this part of the country. In fact, it is one of the best to be found anywhere.

We especially thank this body for turning over the entire proceeds of the games last Friday night when the Vagabond Kings appeared in connection with the district game played between the Merkel and Munday high school teams. The receipts amounted to approximately twice as much as has ever been realized from the receipts of a high school game alone.

This committee is doing a fine job, and it deserves the commendation and cooperation of all who are interested in a good, clean worthwhile athletic program. This committee has also been wonderful in seeing to it that our athletic teams have been fed on numerous occasions, and other help given the school too numerous to mention.

THE MUNDAY SCHOOLS. 31-1tc

Mr. and Mrs. Sam Salem of Dallas, Mrs. Ollie of Lubbock and Mrs. Cabbul of O'Donnell spent the week end with Joe and Abraham Choucair.

COACH STEWART AND BRAVES THANK PEOPLE FOR JACKET AWARDS

Coach Stewart and his Munday Junior High Braves wish to express their appreciation to the business and professional men of Munday, and to all others, who had a part in presenting the football team with the nice award jackets. Both coach and team agree that these are the handsomest jackets they have seen, and the boys are enthusias-

tic in their desire to prove themselves worthy of wearing them. Since it is impossible to thank each one in person Coach Stewart and the boys are taking this method of saying to each of you, a sincere and hearty "Thank You."

Mrs. Terry Harrison visited with her daughter, Miss Peggy Harrison, and her mother, Mrs. L. Hay, in Abilene last Friday.

Sturdy, easy-to-clean-and-keep-clean shelves add more beauty and lasting service.
- Greater Operating Economy**
The powerful Meter-Mixer mechanism (with 5-Year Warranty) produces oceans of cold on a mere trickle of current. Quiet, dependable, more economical than ever!

Now's The Time To **TRADE IN!**

Glenn Weaver And Miss Jo Ann Smith Marry Recently

Announcement was made last week of the marriage of Glenn Weaver and Miss Jo Ann Smith, both of Munday. The wedding was solemnized in Wichita Falls with the justice of the peace of that city officiating.

Mr. Weaver is the son of Bert Weaver and Mrs. Willie Weaver, while Mrs. Weaver is the daughter of Mr. and Mrs. H. C. Smith, also of Munday. Both are well known by the younger set of this area.

The newly weds are making their home in Munday.

Soil Conservation Practices Continue High In County

The Wichita-Brazos Soil Conservation District Board of Supervisors met at their regular meeting Friday, Feb. 22, at Knox City.

The most important subject at this time of the year is planting various grasses. District board purchased 1,000 lbs. of K. R. Bluestem, 500 lbs. Sand Lovgrass and 500 lbs. Blue panic seed. All of this seed will be made available to farmers and ranchers through the John Smith's Hatchery at Knox City. Farmers wishing to plant grass

New Truck Runs on 'Liquid Gas'

A milestone in the trucking industry is the introduction of production-built vehicles specifically designed to use liquid petroleum gas (LPG) as fuel. Announced by Reo Motors, Inc., the model shown above is powered by a 142-horsepower, six-cylinder engine built for LP-gas. The fuel is a mixture of propane and butane. Among the features of the new LPG truck listed by Reo are reduced operating costs, smoother engine performance, longer engine life and reduced maintenance costs.

seed may contact John Smith. The past year, about 3500 acres of land in the district were planted to various permanent grasses. District owned grass seed drills to plant these grasses may be had by contacting the vocational agriculture teachers or Soil Conservation Service technicians. Several farmers are planting hubam and madrid sweet clovers for soil conditioning to improve soil structure, for grazing, and seed production. It is best to put the clover in rows and cultivate to keep down weed competition.

Fifteen farmers have secured assistance from the district the past month through initial agreements, starting at least one

or more conservation practice towards a coordinated soil conservation district program.

Soil Conservation Service technicians are assisting farmers and ranchers in laying out tanks, terraces, irrigation systems and grass planting the past month.

David Elland, and a friend, Tommy Sudwischer, both students at Schreiner Institute in Kerrville, spent the week end with David's parents, Dr. and Mrs. D. C. Elland.

Mr. and Mrs. Dale Williams and children, Terry and Dianna Dale, of Plainview spent the week end with relatives here.

BOYCE HOUSE

One of the greatest statesmen in the history of the Southwest was James Stephen Hogg, who was governor of Texas many years ago. In the 50th anniversary issue of the Wood County Democrat some years back, my good friend, the late E. S. Shoaf, able editor and civic-minded Texan, published an interesting

article about Hogg. Gov. Hogg lived in Wood County and in Tyler and the article was an interview with Col. T. N. Jones, who assisted in managing Hogg's campaigns for attorney general and governor. Col. Jones said, "I might tell you about one of the qualities of Governor Hogg that was little discussed in his lifetime. He was a great Christian and lived a life wholly consistent with the teachings of Christ. I would like to call attention to two incidents that occurred which demonstrated conclusively his views. One of them told to me and the other occurred in my presence. "Sometime during Mr. Hogg's administration as attorney general, a lawyer left Tyler Saturday afternoon for Austin, ex-

Asbestos Avenue

All of the houses on this street, typical of many to be found in America's new residential developments, have one thing in common—they are finished on the outside with asbestos-cement siding shingles. Asbestos siding, according to a recent HHFA survey, has made the greatest gain in popularity of any siding material used over wood frame construction. One out of every four wood frame homes built in 1950 was asbestos sided, the survey showed, as compared to one out of 25 in 1940. Low first cost, economy of maintenance and incombustibility have helped the material find favor with the public. Each of the houses above has its own individual and attractive color plan.

pecting to see Hogg Sunday morning. He communicated with the attorney general on Sunday and Mr. Hogg asked him what it was he wanted to discuss. When the attorney general was told that the lawyer had a matter of business that needed attention, Mr. Hogg told him that it would have to be put off until Monday morning. In spite of insistence on the part of the lawyer that he would have to be back in Tyler Monday morning, the governor-to-be refused to discuss the business with him and made the appointment for Monday.

"In 1892 I actively assisted in managing and directing Governor Hogg's campaign against George Clark for the Democratic nomination. There was never a more bitter campaign conducted in the state. At that time we did not have a primary system. The nominating convention was held in Houston. Some 30 to 40 Hogg delegates from different sections of the state had gathered in the Hogg headquarters in a hotel. About 8:30 Sunday morning, he came in and after shaking hands with each of us he said: 'Gentlemen, there will be no politics discussed here today.'

"We did not see him again until a few minutes before 11 o'clock when he walked in with his hat in his hand and said, 'My friends, let's all go to preaching.' About 25 of us join-

Weekly Health LETTER

Issued by Dr. Geo. W. Cox
M. D., State Health Officer
of Texas

AUSTIN — This is a story about flies, told by a man who despises them for the disease they spread.

"Flies are one of the few species of life which does absolutely no good on this earth," State Health Officer Geo. W. Cox, charges. "Other insects are annoying, but they earn their existence by pollinating plants or by feeding on less desirable forms of life. But not flies."

He says the black swarming insects have but one saving grace: their short lives. A fly reaching maturity in the spring won't live to annoy autumn picnickers. One reaching adulthood in the fall might make it through the winter, but by spring he'll be aged and feeble, too old to pester folks out to witness the wonders of the fresh new season.

But during its lifespan, Dr. Cox says, a fly is extremely pro-

ductive and we all went to church. We didn't see him any more until Monday morning."

lific. If a single pair begin their family in April, and if all their progeny live, there would be countless millions by fall.

"That's no pipe dream," the doctor said. "It's based on the most accurate entomological evidence."

In case you have ever wondered how far a fly can fly, Dr. Cox has the answer to that one, too. He says entomologists have found an energetic one can cover up to 15 miles in one day without the aid of wind currents. How did they find out?

They trapped one, fed him radioactive phosphorus and let him loose. Retrapped, experimenters used a Geiger counter to make the identification. He was 15 miles from the starting point.

There's only one answer to the fly problem in Texas, Dr. Cox believes. He says cleanliness, using chemical science as a tool, will keep them under con-

Mr. and Mrs. James Gaither, and son, James David, and Everett Gaither of Goree, attended the funeral of Mrs. Bell Lee, sister of J. W. Gaither, in Arkadelphia, Ark., February 15 at 2 p. m.

Mr. and Mrs. Idell Montgomery and family and Mr. and Mrs. H. M. Montgomery of Morton visited in the home of Mr. and Mrs. Delbert Montgomery in Fort Worth over the week end.

Mr. and Mrs. Buddy Gafford and daughter of Wichita Falls visited his parents, Mr. and Mrs. Worth Gafford, and friends here over the week end.

Mr. and Mrs. Jim Choate of Lubbock visited her parents, Mr. and Mrs. Leland Hannah, over the week end.

that saves money!

MASSEY-HARRIS

3-4 plow 44

- 47.04 Max. Belt H.P.
- 41.36 Max. Drawbar H.P.
- 260-Cubic-Inch Engine
- Full-Pressure Lubricated
- Positive Valve Rotators
- Removable Sleeves

260-cubic-inch high-compression engine gives the 44 power plenty for heavy field, road, yard and belt work. In plowing, planting or harvesting . . . wherever the success of a job depends on stepped-up production — that's when the 44's extra power pays off in time saved, and in the greater ability to get more done. Ask for a demonstration of the Massey-Harris 44, the tractor that out-powers and out-performs any other tractor in the 3-4 plow class.

Kracker Krums

(Continued from Page One)
to benefit this area to any great extent.

But that little Petunia that blossomed so beautifully at the south side of the breezeway had done dropped plum down on the ground. The freezing temperatures had taken their toll.

Mr. and Mrs. J. E. Reeves visited relatives in Fort Worth over the week end.

Two Fire Calls Made This Week

Only two fires were reported during the last week. On Wednesday, February 20, a trash fire was reported at the home of Bob Goodwin on Munday Avenue. Due to the quick action of everyone concerned, no damages were reported. Again on Tuesday morning of this week at approximately 10:30, a car was slightly damaged by fire near Wardlaw Magnolia Service Sta-

TINTING DOLL HAIR NEWEST PLAY THRILL

Here's a wonderful new thrill for junior hair stylists. The Tintair doll with a specially treated Dynel wig makes it possible for the first time to change the personality of a doll by coloring the hair over and over again. A unique formula using harmless food coloring in carot top and chestnut shades is featured in the hair coloring kit accompanying each doll; two brush applicators, a plastic dish and plastic curlers also are included. This miracle doll's hair can be shampooed, brushed and set as well as tinted, providing an all time high in play value.

The Munday Volunteer Fire Department was honored by the presence of many distinguished guests at their regular meeting Monday night, February 25. They were as follows: M. L. Raynes, Oscar Spann, honorary member; Rev. Huron A. Polnac, chaplain; and Hoyt Gray, the only paid fireman. Mr. Gray is to be commended in doing an excellent job of keeping the fire trucks clean and ready for service at any and all times.

YOUR MUNDAY VOLUNTEER FIRE DEPARTMENT

Mr. and Mrs. Zane Franklin visited with his parents, Mr. and Mrs. W. S. Franklin, and sister, Mrs. Fred Hughes, in Rule over the week end.

M/Sgt. and Mrs. J. W. Stevens of Mobile, Alabama, are here this week visiting their parents, Mr. and Mrs. E. Y. Johnson and Mr. and Mrs. Cal Stevens.
