Odds Bets Salvaged at Random

Before many months pass, we will have rounded out 16 years in Munday.

During that time we've seen a number of things happen and have read a number of signs placed here and there.

But ambling along the south side Monday, we saw a sign we had never noticed before. It read:

"Dr. Eiland's office moved one block EAST."

This was on the door to the stairway which lots of people have climbed to enter the doctor's office.

The work of moving was completed the latter part of last week. And outside of some final touches, straightening up, picture hanging, etc., the office force of Drs. Eiland and Bowden and Markward are comfortably situated in their new office quarters in the Jones building.

And a right snazzy place it is, too, with all that comfortable air conditioning, the attractive entrance and waiting room and all the various other rooms which are designed for the patient's comfort and convenience.

There's the consulting room, examination rooms, x-ray room, three bedrooms, a cloak room, the air conditioning room, and Eva Rae Estes even showed us a "junk" room last Monday.

Another room in the rear of the building is where Eva Rae said the doctor goes through his mail. We'd be inclined to name it the meditation room.

Everything is just as nice as cherry pie over there.

And those connected with the office issued this statement: "We'd be plumb happy for anyone to come in and see the new office building at any time—but we're not going to have open house."

But that don't mean that folks who want to see all the new surroundings won't be plumb welcome when they come. Those folks want to carry on their routine business, take care of sick people, etc., without all the confusion of observing open house hours.

So you'll go on over there and see the new setup any time you want to.

Another building is having its insides remodeled this week, as well as portions of the outside. Mrs. Roger Williams has workmen busy repairing and remodeling the old Corner Drug building.

When we came to Munday, and for a number of years afterward, it was known as the Tiner Drug. Mr. and Mrs. W. V. Tiner were among the very first people we met in Munday.

We understand the building is going to be occupied by a dry goods store—just street talk. Nothing authentic has come our way.

Politics is politics—kinda like the writer way back yonder who wrote an essay on "Pigs is Pigs."

Used to be we had two parties, the Democrats and the Republicans. Now we have various kinds of Democrats—we have Democrats, conservatives, liberals, and maybe some other kinds of Democrats.

We even had two county conventions last Saturday, and each group named their delegates to the state convention at Mineral Wells. Both groups, we understand, hope to be seated at the state convention.

Both have endorsed their gubernatorial candidates. One group for Yarbrough, one for Shivers.

Which kinda throwed us into a tallsipin. With the state convention coming after the runoff primary, we wondered what will happen to the group whose candidate is defeated.

"That's politics," someone told us Tuesday!

Knox City Man Is Champion In Local Golf Tourney; 64 Players Entered

Jeff Graham, golfer and postmaster at Knox City, rounded the links in championship form last Sunday to win high honors in the invitational golf tournament held at the local country club. Graham defeated Joe Morrow of Munday, 2-1, for the championship. This makes several times in recent years these two men have battled for high honors. Clay Markham of Stamford defeated Charles Reese, 1 up on 20, for top flight consolation.

A total of 64 players entered the tourney, making four complete flights. Players were from Crowell, Stamford, Seymour, Knox City, Spur and other towns. In the first flight, Loraine Carter of Crowell downed Neil Chastain, 3-2, while J. K. Jackson won consolation honors 6-5 over Lynn Machen.

Second flight: Joe Dickerson of Seymour downed Bruce Burnett, 4-3, for flight honors and Jess Harkness of Seymour beat Lamoin Blacklock, 2-1, in the consolations.

Third flight: Freddie Wiggins of Welnet defeated his fellow townsman, O. J. Cox, 3-2. Both are members of the local club. Lynn Reynolds of Munday downed Gordon Wood of Stamford, 2-1, in the consolations.

The tourney was a very successful one—even some of the players said they didn't mind the hot weather. Players and guests were served a delicious feed on Thursday evening.

Appropriate prizes were given winners in each flight.

Local Pastor Goes To World Church Council

Rev. E. L. Yates of Roby will preach for the First Methodist Church in Munday at both the morning and evening services next Sunday. Bro. Yates was formerly pastor at Seymour and has preached in Munday a number of times.

On Sunday morning, August 15, Rev. George Tyson of Abilene will preach for this local church. Bro. Tyson is the associate director of religious life at McMurry College. He served as a chaplain during World War II and has been working at McMurry since 1949. The evening service on August 15 will be dismissed at the Methodist Church in order that all the members may attend the revival services at the First Baptist Church.

The Methodist pastor and his family left last Monday for Evanston, Illinois, where they will be in school at Garrett Biblical Institute for a week and then attend the sessions of the World Council of Churches. The World Council is made up of representatives of 161 denominations in 48 countries. During the week of school at Garrett Biblical Institute Bro. Ragle will have the following professors: Bishop Leslie Newbigin from The Church of South India; Mr. W. G. Symons, Methodist layman from England; Dr. Walter Freytag, missions expert representing the German Evangelical Church; Professor J. F. Peter from the Australian Presbyterian Church; and Dr. W. A. Vissers, General Secretary of the World Council of Churches, Geneva, Switzerland. On Sunday evening, August 15, they will attend the Festival of Faith in Soldier Field in Chicago along with the crowd of 100,000.

The trip was made possible by a love offering by the members of the church and friends. The Ragle family will return to Munday on August 21 and will present a report of their trip at the 7:30 service on August 22.

ATTEND CAMP MEETING

Mr. and Mrs. Wylie Johnson attended the Primitive Baptist camp meeting near Azle over the week end and also visited with Mr. and Mrs. Delbert Beauchamp and family. Others from Munday to attend the meeting were Mrs. Joe Walker and Mr. and Mrs. John Burns, who were accompanied by their daughter, Mrs. Austin Floyd of Muleshoe, and her little daughter.

Salvation Army Plans Local Drive For Funds; New Setup And Services Given

Under a new setup, the Salvation Army of Texas is conducting fund raising campaigns to carry on various services and disaster work over the state.

A representative of state headquarters was here this week, and a service unit committee was set up for Munday. It is composed of M. L. Wiggins, chairman; Mrs. Jimmie Rodgers, treasurer; Rev. H. Doyle Ragle, A. R. Booe, Aaron Edgar and Mrs. Wretha Fitzgerald.

The committee met and set Wednesday, August 11, as the date for the first campaign. A quota of \$600 has been set for the Munday area.

All the money raised is spent within the state. One-third remains in a local fund and the remainder goes to Dallas headquarters to be used in supporting the various state agencies. Outright grants in reasonable amounts are made by state headquarters to any community committee needing funds to continue relief operations.

The local committee will carry on a local welfare program, giving emergency relief to those in need. It will provide such items as food and clothing and will help needy children to remain in school by providing necessities they need. All cases will be handled on a local level by the local committee.

In addition, the committee may use the state services which include: Home for unmarried girls at San Antonio, disaster units that give aid any place in Texas in time of disaster, summer camp for mothers and children, men's social centers that provide household furnishings for families who are burned out, and the prison parole system. It was stated that over 1,000 prisoners are now paroled in Texas to the care of the Salvation Army.

This being the first drive in the community, whatever is given locally will more or less set a precedent for future drives. The committee urges everyone to give as liberally as possible so the first campaign will be a success.

The drive is receiving the support of the local Chamber of Commerce, Lions Club and other civic organizations.

Mrs. Mildred Davis of Post spent the week end in the home of Mr. and Mrs. Coy Tuggle.

RECEIVE CATTLE

Mr. and Mrs. Chas. Moorhouse returned Monday from San Angelo, where Chas. and Deaton have been receiving and shipping 500 Angus calves to feeders in Iowa. These calves are some of the same they have been handling for many years and were in good condition, even though the country is still very dry. There is some grass in that county, they reported, but crops are very light.

Mrs. Mack Cummings, age 77, of Santa Anna passed away Tuesday, July 20. Funeral services were held Thursday in the Assembly of God Church with Rev. Miller, pastor, officiating. Mrs. Cummings was a sister-in-law of Mrs. Ida Morrow and Mrs. Nancy Nicholson of this city.

His grandparents like in Merkel and are Mr. and Mrs. Grover Gilbert and Mr. and Mrs. Earl Hughes," says Earl Hughes, not even catching his breath between words. If you see him and he is still talking sorta wild like just remember he has a new son.

As a result of two county conventions last Saturday, Democrats of Knox County will send two sets of delegates to the state convention in Mineral Wells next month.

One group seated those who came to the county convention as a result of precinct conventions. According to reports, only Benjamin and Knox City held their precinct conventions and had eligible delegates to the county meet. This group voted to stand behind Ralph Yarbrough in the general election.

E. L. Park of Knox City was made permanent chairman, and Mrs. Robinson was secretary. Delegates selected to attend the state convention were: J. C. McGehee, Lee Smith, Leroy C. Melton, Sam Leaverton, Doyle Graham, John Hanson and Jack Barker.

The resolution, as adopted, was as follows: "Be it resolved that all committeemen elected by the convention as committeemen or delegates to the state convention be proven Democrats; men who voted the straight Democratic ticket in the last presidential election year of 1952; men who in the past have been aware of, and who have lived by the pledge taken by them when they voted in the Democratic primary."

"Be it further resolved that inasmuch as we now have a candidate for the Democratic nomination as governor of Texas, whose honesty and integrity is unquestionable; a man who has never broken his promise to the Democratic party; a man who has kept inviolate his word and promise to Democratic voters; a man who has voted the state Democratic ticket; a man who has never, for any reason, either for power, for selfish gain, publicity, or reward, has never broken the party pledge.

"Therefore, that this representative body of Democratic voters here and now go on record as endorsing as gubernatorial nominee of the Democratic party, that man, the Honorable Ralph Yarbrough."

The resolution committee was composed of Leroy C. Melton, D. W. Farmer and D. D. Cochran.

The other group passed the following resolution in their convention:

Benjamin, Texas, July 31, 1954.

On this day at 2:30 p. m. at the County Democratic convention held on the above date, the following proceedings were had: Upon proper nomination, and second, Ben B. Hunt was duly elected permanent chairman of the convention. The chairman called the convention to order, the following resolutions were adopted by the convention by a majority vote, to-wit:

Whereas, Allan Shivers received the largest number of votes in the first Democratic Primary on July 24, 1954, and,

Whereas, Allan Shivers' administration has been the most progressive in the history of the State; and,

Whereas, Allan Shivers has given Texas a voice in National politics and has been spokesman for the Texas Democratic Party;

Now, therefore, be it resolved that this county convention join with Allan Shivers in his continued fight for Texas.

The following delegates were duly elected to attend the State Convention at Mineral Wells: Clyde Nelson, Ross Bates, W. W. Coffman, A. J. Loran, Oates Golden, Reuben Bates, Ben B. Hunt and A. B. Wilde.

No further business coming before the convention, the same was duly adjourned.

AN INFERIOR POSITION IN THE WORLD

At the end of June, the Soviet Council of Ministers announced that the world's "first electric station utilizing atomic energy" was in operation somewhere in Russia. Press reports indicate that it is a working pilot model.

As a result, Chairman Cole of the Senate House Atomic Energy Committee emphasized the urgent need for a new atomic energy bill which will open the way to private industry to develop peacetime power from nuclear sources. If Congress adjourns without passing such legislation, Representative Cole said, "It will mean we are deliberately exposing ourselves to an inferior position in the world."

It now remains to be seen whether that small group in Congress which wants an iron-clad government monopoly of peacetime atomic development, and is determined to exclude private enterprise by hook or crook, can block this vital legislation—legislation which has been endorsed by the President, present and past AEC officials, top physicists and engineers, and so on. Few developments could make our enemies behind the Iron Curtain happier. For, in the long-run world struggle, leadership in atomic development as a source of industrial energy can be as important as leadership in the creation of atomic weapons.

The bill permitting private enterprise entry into the field has been approved, 18 to zero, by the Joint Committee on Atomic Energy. It should be made law at once.

THE AVERAGE STOCKHOLDER

One of our biggest manufacturing companies recently made a survey of its stockholders. It found that 56 per cent of them had incomes of less than \$5,000 a year—and that only 10 per cent had incomes above \$25,000. The average income of that 56 per cent was a little less than \$2,800.

In all probability, the situation in any large company would be about the same. It's certainly time we abandoned the totally false idea that stock ownership is practically the exclusive privilege and prerogative of the rich—and that the earnings of industry are distributed among the wealthy few.

GRASS ROOTS OPINION

TALLASSEE, ALA., TRIBUNE: "There's one thing for sure, we are well versed in the 'give and take' field—take from the taxpayers and give to the work."

CONFIDENCE IN THE NATION

A leader in the world of retailing is reported to have said that retail business as a whole may be somewhat less this year than last—but that he expected his own store to show a substantial advance.

This may or may not happen in this case. But it is a good example of a confident and aggressive attitude that is prevalent throughout retail business. A regular retailer feels that he can do a better job of attracting the public than the store down the street or in the next community and that his sales will prove it.

The public interest in such an attitude is clear. The only way any retailer can do more business in these highly competitive times is to offer lower prices, or better qualities, or more attractive service, or some other inducement—and to advertise these attractions and deliver them as promised. That means that we, the consumers, get the best return from what we spend at retail. Going farther, retailers have faith in this country. They aren't scared by recession talk. They, like other businesses and industries, are spending huge sums on improvement and modernization. That augurs well for the nation's future.

GRASS ROOTS OPINION

COLFAX, CALIF., RECORD: "There are many . . . who constantly resolve to improve their minds by reading intelligently written books. In the hope that they will become better equipped to understand the many issues that crowd upon them as they try to keep pace with this modern world. . . . The Bible has long been recognized as pre-eminent in the field of . . . improving human beings. It might be a good idea, then, for all of us to give a little more diligent study to the great truths that are set out in the Book of Books."

MOUND, MINN., MINNETONKA PILOT: "The United States, down to the tiniest hamlet . . . is in the process of finding itself astride a gigantic threshold—one foot firmly planted in the old system of free enterprise and the other about to sink in the mire of socialism."

VERSAILLES, KY., WOODFORD SUN: "As we read on and on about union demands for 'fringe' benefits, paid vacations, shorter work weeks, guaranteed annual wages—in short more and more for less and less—it is downright refreshing to be reassured now and then that the rank and file of American workers are truly interested in their jobs."

DANGER OF BELIEVING ERROR

"But there were false prophets among the people, even as there shall be false teachers among you, who privily shall bring in damnable heresies, even denying the Lord that brought them, and bringing upon themselves swift destruction. And many shall follow their pernicious ways, by reason of whom the way of truth shall be evil spoken of. (2 Pet. 2:1-2.) In olden times there were false prophets, when people followed their teachings they were brought to destruction. Today there are false teachers, those who follow them will be brought to destruction. (2 Pet. 2:1-9.)

Since "Heresies" cause people to be condemned they are not as good as the truth. Paul speaks of some that should believe a lie, then adds, "That they might all be damned who believe not the truth. (2 Thess. 2:11-12.) The truth is not what man says, but what God says. Christ prayed saying, "Sanctify them through thy truth, thy word is truth." (Jn. 17:17.) We are said to be saved through the "Belief of the truth." (2 Thess. 2:13.) Jesus says, "Ye shall know the truth and the truth shall make you free. (Jn. 8:32.)

Some Who Believed Error
 Eve believed the lie of the

serpent in Eden. (Gen. 3:1-6; 2 Cor. 11:1-3.) All know this was not as good as believing what God said. We read of a prophet who lost his life by believing a lie. (1 Kings 13:.) Believing he was right did not make him safe while disobeying the Lord. What one believes is important, for we are what our beliefs have made us. It is what we eat that determines whether we live or die, and not the mere act of eating. One may eat poison the same as wholesome food, but the results are not the same. So of believing the truth and believing error. A right faith is necessary, even "THE FAITH OF THE GOSPEL." (2 Cor. 16:13.) Just any faith will not do. Jude says, "Earnestly contend for THE FAITH ONCE DELIVERED UNTO THE SAINTS." (Jude 3.) Paul predicted that some would "Depart from THE FAITH giving heed to seducing spirits, and doctrines of devils." (1 Tim. 4:1-3.)

THE FAITH we read of in the bible comes from hearing the word of God. (Rom. 10:17.) Any thing we believe which is not written in the bible is the doctrine of men, and is not THE FAITH ONCE DELIVERED UNTO THE SAINTS.

PAYNE HATTON, Evangelist

Texas today has some great ranches—many of them measured in hundreds of thousands of acres and tens of thousands of cattle—but in all the history of the cow business—and that means since the world began—there has never been a cattle king like Don Luis Terrazas of Mexico.

Don Luis numbered his acres by the million, and cattle by the hundreds of thousands. No one—except, perhaps, General Terrazas himself—ever knew just how many cattle he did own; and it is probably that his own books might have been in error by 10,000 head one way or the other—because it is hard to keep an accurate check on herds when they graze on 28,000 acres.

For that, at one time, was the extent of the Terrazas range—a cattle kingdom which took in virtually all of the Mexican state of Chihuahua, which borders the United States below El Paso and the state of New Mexico. As we have pointed out—it is problematical just how many steers Don Luis did own at any

one time, but estimates ran as high as 750,000—along with 200,000 sheep and 100,000 horses. Anyhow, in 1910 alone, he branded 200,000 calves.

Terrazas died in 1923 at the age of 94, but long before his death he was a legendary figure in the Southwest and in the north of Mexico.

He first tasted adventure in 1847 as a youthful private in the Mexican volunteers who repulsed the invasion forces of the American filibuster, Colonel Doniphan, and after this short campaign—still in his 'teens—he turned to the business of cattle raising. In his first ventures, he bought only individual animals and small lots, which he turned at a profit in the retail trade. Then, year by year, he began doubling and redoubling his operations until he ranked among the largest cattle raisers in Chihuahua. Looked upon with favor by the powers in Mexico City, he became, in time, governor of the state, and during the Juarez revolt against the Emperor Maximilian, he was general of the state troops who drove the Maximilian garrison out of Chihuahua City, helping to restore the Mexican Republic.

Don Luis served as general in three different campaigns during those troubled times in Mexico, and later he represented Chihuahua in the Mexican Congress from 1876 to 1880, but despite these interludes into the military and into politics, his heart belonged first to his cattle

CATTLE OPENED WEEK HIGHER AT FORT WORTH
FORT WORTH—Again the week opened with moderate offerings of cattle and calves on hand at Fort Worth and the buying side was forced to pay strong to higher prices for virtually all cattle and calves.

Packer buyers furnished the major impetus in the trade and indications were that most of them needed supplies. Prices ranged fully steady to strong, to as much as 50 cents higher on cattle and calves as a result of this situation.

There was reliable demand for stocker and feeder cattle and calves which had some quality to recommend them, and some sales of these kinds shared the

better market. It has become obvious this month that despite the high temperatures and the fact that some sections of the Southwest are in critically dry shape, that the major part of the region is still in good enough position for grass and water to be able to market their cattle when they want to, instead of when they have to.

This situation, of course, does not always apply in those areas now classed as distress drouth regions, however, it is significant that the first designation included only 23 counties, whereas a year ago the Western two-thirds of Texas was set in the "drouth" distress area on the first go-round.

Good fat steers and yearlings, \$18 to \$22, and plain to medium grassers drew \$10 to \$17, some cull kinds under \$10.

Fat cows sold readily from \$9 to \$12, a few heiferish kinds higher; and canners and cutters drew mostly \$6 to \$9, few emaciated canners under \$6.

Best weighty bulls \$12 to \$13, with lighter and plainer kinds \$8 to \$11.50.

Good and choice fat calves \$14

to \$17, few fancy heavyweights around 600 pounds, above that Common to medium sorts \$10 to \$13, with rannies from \$7 to \$10.

Good to choice stocker steer calves \$15 to \$19, with some load lots above that range. Stocker steer yearlings of good and choice kinds \$14 to \$17, few lightweights higher. Stocker heifers and heifer calves usually \$2 or more under comparable steers.

HOGS RALLY FROM YEAR'S LOWEST LEVEL

Hogs topped at \$22.50 at Fort Worth Monday and with the good and choice variety selling at \$22 to \$22.50, that represented an advance over last week's close of 50 cents.

Hogs topped at \$22 on the previous Friday and this was the lowest point since November 1953.

Sows were also steady to 50 cents higher selling at \$13 to \$18.

Hogs moving to market so far this month have been in unusually large numbers for the season, and there is considerable speculation as to whether the traditionally "high" summer market will develop this year in late summer. Some observers feel that the heavy offerings of hogs in July this year foreshadow an early crop of fall butcher hogs from the farrowings early this year and that prices of the year may already be past the high mark for 1954.

LAMB PRICES CONTINUE TO IMPROVE, UP TO \$20

Lambs topped at \$20 at Fort Worth Monday, the best prices in some weeks. Yearling wethers shared the advance and topped at \$13, a new high for several weeks on that class. Stocker and feeder trade was slow, about steady. Old sheep sold in line with a week ago.

Good and choice fat lambs drew \$17 to \$20, with common and medium sorts \$10 to \$15, and culls around \$8 to \$10, a few below that. Stocker and feeder lambs bulked at \$10 to \$13, with the higher price representing just medium kinds. Fat yearlings sold from \$10 to \$13, with culls down to \$7. Old wethers drew \$6 to \$9. Slaughter ewes sold from \$3 to \$5. Old bucks sold around \$3.

Mr. and Mrs. J. B. Graham and son, Randy, of Ennis visited relatives and friends here over the week end.

TEXAS CROP REPORT
Some 26.1 million acres of Texas land have been put into crops for harvest this year—more than any year since 1949.
Texas farmers had to shift a large number of acres of land to other crops to offset restrictions on cotton and wheat plantings this season but the crop land is still about three million acres above the twenty-three million finally harvested in 1953. Reductions in cotton and wheat were exceeded by a record acreage of sorghums. Plantings of corn, oats, barley, rice, sweet potatoes, and hay crops also were increased.

The 1954 season got off to a slow start in central, southern and southeastern counties. This was due to delayed plantings, irregular germination and slow early growth brought on by critically dry conditions. The plains area and South Texas have been relieved by some rain. Cotton in cultivation early in July was estimated at eight million acres or sixteen per cent less than the 9,568,000 acres last year. Acreage allotment restriction accounts for some of the reduction and the extreme drought is another factor.
Wheat production is estimated at 31,160,000 bushels with a final figure due soon. Last year's crop was 23,035,000 bushels. The 10-year average is 56,221,000 bushels.

on record and some 31 per cent above the long-term average.
First forecast of corn for the season placed this year's crop at 38,448,000 bushels which would compare with 33,874,000 bushels last year. The 10-year average is 51,266,000.
Oats production may reach 42,412,000 bushels, topping 1953's 39,150,000 bushels and far exceeding the 10-year average of 26,309,000.
Rice acreage estimated at 620,000 is a record high. It is eight per cent above the 1953 record. All hay production is expected to be 1,678,000 tons or about 1.6 per cent below last year even with the increased acreage.
Prospective sweet potato production is at 2,475,000 bushels or three per cent below 1953. Irish potatoes are predicted at 2,160,000 bushels, 13 per cent below last year's 2,480,000 bushels.
Peanuts are growing on about 364,000 acres, some 6 per cent more than last season.

"Section 21. There shall be a Secretary of State, who shall be appointed by the Governor, by and with the advice and consent of the Senate, and who shall continue in office during the term of service of the Governor. He shall authenticate the publication of the laws, and keep a fair register of all official acts and proceedings of the Governor, and shall, when required, lay the same and all papers, minutes and vouchers relative thereto, before the Legislature, or either House thereof, and shall perform such other duties as may be required of him by law. He shall receive for his services an annual salary in an amount to be fixed by the Legislature."
Sec. 5. That Article 3 of the Constitution of the State of Texas be amended by adding a new section thereto which shall read as follows:

Knox Prairie Philosopher Ready For His Hibernation Pills So He Can Store His Cows Until It Rains

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek may have an idea this week, but it's ahead of his time.

Dear editor:

I was out here yesterday afternoon trainin my calves to stay on the shady side of their mothers while they go from shade to the watering tank, heard the other day a rancher in West Texsa lost a bunch of calves from sun stroke just from walkin on the sunny side of the cows, and I got to think about an article I read some time back.

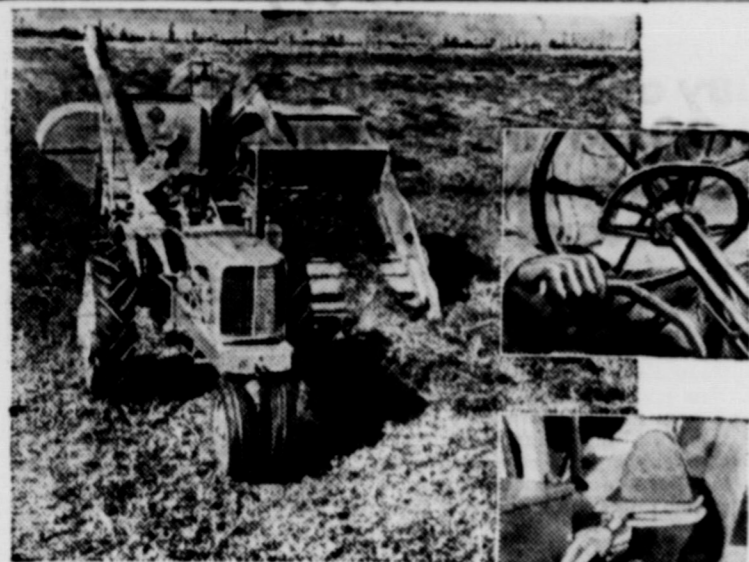

Accordin to this article, a scientist out in California is workin on a method of putting people into hibernation when they get sick. He's trying to develop a pill you can swallow that'll cause you to pass into a month-long sleep or daze, while you recover from whatever is ailin you.

And I've been thinkin. Grass is so short, cattle are so hungry and the price is so low, about the only thing that'll save em is some of them pills.

J. A.

If I could give each one of my cows one of those pills and she would hibernate in the barn until the drouth is over and the grass is knee high once more, it'd beat government relief all to pieces. In fact, I wouldn't see any point in using this method just while a drouth is on, why not arrange to let your cows hibernate every winter? Along about the first frost, hand each one of em a pill and herd em in the barn, shut the gate, and forget about em until next spring when the grass is out one more. Might even try one myself, although up to now there hasn't been much essential difference between my farmin ac-

SENATE JOINT RESOLUTION NO. 18 proposing an amendment to the Constitution of the State of Texas creating the State Building Commission and determining the membership thereof, creating the State Building Fund; providing for the expenditure of such fund under the direction of the Legislature; providing for the expenditure of a limited amount of the building fund for the erection of memorials under certain conditions and limitations; providing for an election thereon, the proclamation of such election, and the form of ballot.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. Article III of the Constitution of the State of Texas shall be hereby amended by adding thereto a new section to be known as Section 61-b and reading as follows:

"Section 61-b. (a) The State Building Commission is hereby created. Its membership shall consist of the Governor, the Attorney General and the Chairman of the Board of Control. The Legislature may provide by law for some other State official to be a member of the Commission in lieu of the Chairman of the Board of Control, and in the event said State official has not already been confirmed by the Senate as such State official he shall be so confirmed as a member of the State Building Commission in the same manner that other State officials are confirmed.

"(b) The State Building Fund is hereby created. On or before the first day of January following the adoption of this amendment, and each year thereafter, the Comptroller of Public Accounts shall certify to the State Treasurer the amount of money necessary to pay Confederate pensions for the ensuing calendar year as provided by the constitution and laws of this State. Thereupon each year the State Treasurer shall transfer forthwith from the Confederate Pension Fund to the State Building Fund all money except that needed to pay the Confederate pensions as certified by the Comptroller. This provision is self-enacting. The State Building Fund shall be expended by the Commission upon appropriation by the Legislature for the uses and purposes set forth in subdivision (c) hereof.

"(c) Under such terms and conditions as are now or may be hereafter provided by law, the Commission may acquire necessary real and personal property, salvage and dispose of property unsuitable for State purposes, remodel, rebuild and equip buildings for State purposes, and negotiate and make contracts necessary to carry out and effectuate the purposes herein mentioned.

"The first major structure erected from the State Building Fund shall be known and designated as a memorial to the Texans who served in the Armed Forces of the Confederate States of America, and shall be devoted to the use and occupancy of the Supreme Court and such other courts and State agencies as may be provided by law. The second major structure erected from the State Building Fund shall be a State office building and shall be used by whatever State agencies as may be provided by law.

"Under such terms and conditions as are now or may be hereafter provided by law,

the State Building Commission may expend not exceeding five (5%) percent of the money available to it in any one year, for the purpose of erecting memorials to the Texans who served in the Armed Forces of the Confederate States of America. Said memorials may be upon battlefields, in cemeteries, or other suitable places within or without the boundaries of this State. The authorization for expenditures for memorials herein mentioned shall cease as of December 31, 1955.

"(d) The State ad valorem tax on property of Two (2) Cents on the One Hundred (\$100.00) Dollars valuation now levied under Section 51 of Article III of the Constitution as amended by Section 17, of Article VII (adopted in 1947) is hereby specifically levied for the purposes of continuing the payment of Confederate pensions as provided under Article III, Section 51, and for the establishment and continued maintenance of the State Building Fund hereby created.

"(e) Should the 53rd Legislature enact a law or laws in anticipation of the adoption of this amendment, such shall not be invalid by reason of their anticipatory character.

Sec. 2. The foregoing amendment shall be submitted to a vote of the qualified electors of Texas at the general election to be held throughout the State on the first Tuesday after the first Monday in November, 1954, at which election those favoring such amendment shall have printed or written on their ballot the following:

FOR the amendment transferring that portion of the Confederate Pension Fund not needed for the payment of Confederate pensions to the State Building Fund to be used for State building purposes as may be provided by law, and also permitting not more than six (6%) percent of such fund to be used for memorials for Texans who served in the Texas Revolution and in the armed forces of the Confederate States.

Those opposing such amendment shall have printed or written on their ballot the following:

AGAINST the amendment transferring that portion of the Confederate Pension Fund not needed for the payment of Confederate pensions to the State Building Fund to be used for State building purposes as may be provided by law, and also permitting not more than six (6%) percent of such fund to be used for memorials for Texans who served in the Texas Revolution and in the armed forces of the Confederate States.

Sec. 3. The Governor shall issue the necessary proclamation for such election, and shall have the amendment published as required by the Constitution and laws of the State of Texas.

News From The U. S. Congress

Congressman Frank Ikard

It now is almost a certainty that Congress will not adjourn before some time around the middle of August. I expect to be home just as soon as possible after Congress does adjourn. Two of the subcommittees on which I serve will hold hearings between now and the first of the year which will be necessary for me to attend. One of the committees deals with military operations, and the other with alleged labor racketeering. Other than the time that is necessary to spend with these two committees, I expect to be in the Dis-

trict most of the time until the first of the year when the new Congress convenes. I expect to visit every community in the District during the recess. I am deeply grateful to the people of the Thirteenth District for allowing me the opportunity to serve them as their Congressman for another term and to make it possible for me to be nominated in the Primary without an opponent. It is my hope that I may be able to fulfill the obligations and trust that have been placed in me in such a way as to continue to merit the trust and confidence of the people that I represent.

Syngman Rhee, the President of Korea, has been in Washington this week visiting President Eisenhower. Apparently the purpose of his mission here is to speed the rehabilitation of South Korea which currently is somewhat bogged down. It is President Rhee's hope that he may secure aid to industrialize and greatly develop his country. He has very great and sweeping plans for South Korea. While I am sure that Dr. Rhee has done a wonderful job for the Korean people that he represents, I cannot agree with some of the statements that he had made recently about the part we should play in his relationship with the rest of the world.

This week the House acted on the Tax Bill, Military Housing Bill, Atomic Energy Bill, the Mutual Security, which leaves only two major pieces of legislation, the Agriculture Bill and Social Security, to be finally acted on before adjournment.

Mr. and Mrs. H. O. Harris of Denton were Washington visitors this week. We have also had visits from Mr. Joe Ward of Wichita Falls and Mr. Henry Rowe of Pilot Point.

Yours faithfully,
J. A.

YARBOROUGH:

Thanks Friends; Predicts Victory

AUSTIN—Democratic gubernatorial candidate Ralph Yarborough said this week he will win the Aug. 28 second primary by a sweeping margin.

Said Yarborough confidently: "678,000 Texans—a majority of Texans—can't be wrong."

"678,000 Texans have hammered home their belief that integrity in their government can be achieved only by a change."

"678,000 Texans have noted their distrust and disapproval of a third term for their government."

"678,000 Texas Democrats have made it crystal-clear they want a leader whose loyalty is unquestioned, who will never betray them."

Yarborough thanked "each and every one of the brave Texans who voted for and with me" in the first primary. He said he was "especially and particularly grateful to the citizens of Knox County who have joined our common fight to restore decency and honor to Texas government."

Yarborough said the campaign issues now are sharply drawn. He said: "Texans can now choose for or against a tradition-breaking third term, for or against straight-forward Democratic leadership and for or against integrity in their State Capital."

The Democratic candidate repeated his thanks to "his friends of Knox County and urged their voting support—along with the votes of all other Texans—Aug. 28."
