

## Kracker KrumbS

Odds Bits Salvaged  
at Random

What we know about radar is exactly nothing.

That is, until last Friday. Now we know the stuff works because we saw it working.

Chief of Police J. W. Massey paid us a visit Friday morning. "The sheriff is coming by about noon, he says, 'and we're going to Wichita Falls to some kind of radar school. They said to bring the newspaper man along.'"

If there's anything we need schooling on it's radar, so we decided to go along. We thought we'd be in pretty safe company with the sheriff, chief of police and City Secretary Harvey Lee.

On the way up, Homer T. just plain admitted he didn't know what we were getting into but said it was something about a radar speed meter that clocks the speed of autos.

Then we remembered a clipping from a Tyler newspaper, which a former resident, L. M. Palmer of Van, Texas, sent us. It showed a picture of Sgt. Philip Zeissel demonstrating the hoots. We then knew more about the nature of the trip than any of the other three, but still we knew nothing.

As if we didn't have enough police protection, Homer T. picked up another member of law enforcement in Seymour.

We went past Jeter's—without stopping—and about a mile farther we came upon the greatest assembly of patrol cars and highway patrolmen we'd seen at any time.

There were also sheriffs, county judges, deputy sheriffs, police chiefs, and a few just ordinary people, like we are. People who didn't know what "the score was", thought it was the greatest shakedown of run-runners in the history of West Texas.

Philip Zeissel had his equipment set up, which he set out to explain kinda like this:

"It's hooked onto an ordinary car batter under the hood, here. That thing on top of the car is a transformer which sends the proper voltage into the other equipment. On the turtle is the radar equipment that sends out radio beams some 200 feet down the highway. An approaching vehicle reflects the beams back, and they're recorded on the meter setting up here on the hood.

"See how the needle quivers as the vehicle approaches the field of the beam; then as the car comes in direct contact, the needle peaks—and that's the speed, which is also recorded in red on the graph setting here on the ground.

"When installed in a patrol car, all of the equipment is inside and cannot be readily detected. We place it on the outside for demonstration purposes."

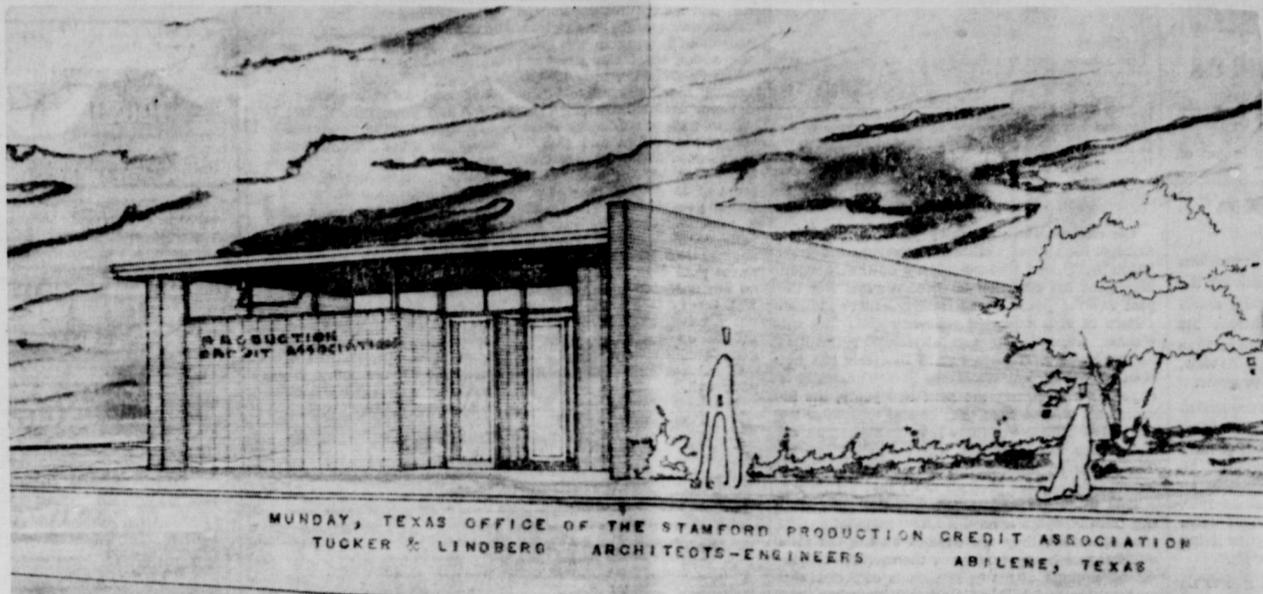

Then patrolmen and others brought their cars through the demonstration lane at various speeds and had them recorded on the speed meter.

Homer T. brought his through setting on 60, then came back at 80—but he was just demonstrating, and didn't get a speeding ticket. A patrolman decided to do better than that, so he came through clipping off a nice 100. Said the speedometer might have hit 101 as the car struck a down grade.

Everyone seemed pleased with the demonstration. Zeissel said Senator Harley Sadler spent some two hours at the Abilene demonstration on Thursday. Zeissel said the department hopes to have at least one machine in each of the 16 highway patrol districts. They don't cost nothing much—about \$1,125 per unit!

And so it may be that radar, the war-born device to track enemy planes, may soon be used over the state to stop everybody's enemy—the speeder.

Mrs. R. A. Clements of Dallas is visiting with Mr. and Mrs. Chas. Moorhouse and Dr. and Mrs. D. C. Elland this week.

## Goree Friends Help Rotan Woman, A Shut-in, To Have TV In Her Home

Editor's Note: Recently a story appeared in a daily paper of how radio "hams" and other friends helped a Rotan woman to secure television in her home. The following account was given in the Times by letter from this grateful woman, Mrs. Cecil Parks of Rotan:

I used to be a Goree resident, and still call it my home town. I've been a shut-in for several years now, and at one time was in desperate need of something to take my mind off of myself. I had to give up leather work, excessive reading and hand work, so was having a bad time.

Mr. and Mrs. Cliff Moorman encouraged me to study for a license to become an amateur radio operator, as this would not require strength and I could also find much pleasure in daily contact with people.

I received my license after much study, and Cliff Moorman but my first transmitter. Soon other amateurs were helping me with more needed equipment, and I wasn't unhappy any more.

Then television came along, and due to a series of droughts in most of Texas and especially in my community near Rotan, we decided that television could wait. My Goree friends didn't think so, and one day Mrs. Grady Williams, Mrs. Dude Coffman and Mrs. Cliff Moorman put their heads together and decided they would find a way for me to get TV. They talked with Goree friends and some in surrounding towns whom I knew. Letters were sent to folks who had moved away, and soon people were responding. Everyone wanted a part.

The Goree friends decided my own community should have a part in it, and also my "ham" friends with whom I had daily contact. Soon all were reached by letters and special signals on the air. They decided the TV should be bought in Rotan, so Mrs. Willis Nole, one of my very good friends, was asked to take charge here, and all contributions were sent to her. My friends in Rotan were enthusiastic about it and dug deeply into their pockets, so did the "ham" friends from all over the state.

Soon there was enough money to buy the television set, antenna tower, thanks to the Goree friends who started it all. Now my family and I can enjoy TV, and each time I look at it I never fail to thank God for the many wonderful friends we have who made it all possible.

Everyone seemed pleased with the demonstration. Zeissel said Senator Harley Sadler spent some two hours at the Abilene demonstration on Thursday. Zeissel said the department hopes to have at least one machine in each of the 16 highway patrol districts. They don't cost nothing much—about \$1,125 per unit!

And so it may be that radar, the war-born device to track enemy planes, may soon be used over the state to stop everybody's enemy—the speeder.

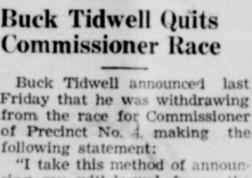

## Knox Singers To Have Goree Meeting

The Knox County Singing Convention will meet at the First Baptist Church in Goree on Sunday, May 2, it was announced this week by the convention's president.

Singing will begin about 2 p. m. Sunday, and everyone is cordially invited to come and enjoy the good group singing and special numbers.

## Recent Graduate

Miss Helen Harrison, above, daughter of Mrs. Opal Harrison of Benjamin, is a recent graduate of Isbell's Beauty School in Lubbock, getting her diploma in 4-way hair cutting. She was reared in Knox County and is a graduate of Benjamin High School.

Miss Harrison has accepted employment at Opal's Beauty Shop in Munday, beginning her duties on Thursday, April 22.

## Buck Tidwell Quits Commissioner Race

Buck Tidwell announced last Friday that he was withdrawing from the race for Commissioner of Precinct No. 4, making the following statement:

"I take this method of announcing my withdrawal from the race for Commissioner of Precinct 4, as I told Mr. Harrison before he announced that I would withdraw if he entered the race, leaving he and Mr. Nix in the race.

"I have farmed too long, and have decided I would make a complete failure in serving in a public office. If any of you had any intentions of voting for me, may I take this opportunity to say, thank you."

## FOLKS, I GOT A WHOLE LOT OF RELATIONS!

I am Mark Douglas Cunningham. I arrived at 9:22 p. m. Sunday, April 25, at the Knox County Hospital. My father is Lt. Walter D. Cunningham, now on maneuvers at Fort Bragg, N. C., and my mother is the former Marion Merle Moore.

My maternal grandparents are Mr. and Mrs. Billy Moore of Goree; paternal grandparents, Mr. and Mrs. J. D. Cunningham of Bomarton.

I have a host of great grandparents. I am the first great grandchild of M. T. Chamberlain of Munday, and other great grandparents are Mr. and Mrs. W. L. Moore of Goree; C. C. Cunningham of Goree and Mr. and Mrs. J. W. Cowan of Munday.

My mother and I will be at Fort Riley, Kans., with my father after the first of June.

## TRUSCOTT BOY IN OPERATIONS HILL TOP

FORT LEWIS, Wash.—Army Cpl. Howard A. Allsup, 21, whose wife, Betty, lives on Route A, Henrietta, Texas, will move to the Yakimo (Wash.) Firing Center in May to participate in Exercise Hill Top with the 44th Infantry Division.

Allsup is stationed at Fort Lewis, Wash., as a dispatcher in Company A of the division's 135th Engineer Combat Battalion. The son of Mr. and Mrs. Elize E. Allsup, Truscott, he entered the Army in December, 1952.

## RIDE IN REMUDA CLUB AT SANTA ROSA RODEO

E. E. Garrett and family, Mr. and Mrs. Clovis Winchester and Joan and Mr. and Mrs. Sidney Winchester attended the Santa Rosa Roundup rodeo in Vernon last Monday.

## Knox County Hospital Notes

Patients in the Hospital April 26th:

I. H. Spikes, Sr., Knox City; Mrs. Lucy L. Guyann, Truscott; Buck Tidwell, Munday; H. L. Wheeler, Knox City; Mrs. Florence Burnett, Benjamin; Mrs. R. W. Greenwood, Rochester; Mrs. W. C. Taylor, Truscott; Pedre Calas, O'Brien; Mrs. M. Monteyo, Munday; Mrs. Joe Watkins, Knox City; Mrs. H. H. Bales, Knox City; Mr. Clarence Woodward, Knox City; Roy Phillips, Munday; Mrs. Sam Anderson, Knox City; Mrs. J. C. Angle, Knox City; O. A. Lancaster, O'Brien; Mrs. G. D. Jones, Goree; Mrs. H. M. Finley, Knox City; E. E. Teaff, Knox City; Mrs. L. C. Cook and baby, Knox City; Mrs. Durwin Lancaster and baby, O'Brien; Mrs. W. D. Cunningham and baby, Goree; Mrs. Edward Casillas, O'Brien; Jessie Valdez, Munday.

Patients dismissed since Monday, April 19th:

Carlene Manuel, Knox City; Mrs. Don Rallsback and baby, Seymour; Mrs. Truman Winchester, Munday; Mrs. R. E. Rentera and baby, Knox City; Mrs. Carl Chafin, Knox City; Mrs. Neomi Savage, Stamford; Mrs. L. D. Mayberry and baby, Goree; D. V. Gilbert, Benjamin; Mrs. Kenneth Owens and baby, Munday; Mrs. Jesse Dixon, Munday; Mrs. Louise Merchant, Weirnet; Sylvia Catano, O'Brien; Mrs. J. W. Hayes, Knox City; Miss Jo Denton, Knox City; Mrs. G. B. Busby, Knox City; Minnie Olson, Gilliland; Mrs. Alie Ware, Munday; Mrs. W. R. Whitten, Clyde.

Births:

Mr. and Mrs. L. D. Mayberry, Goree, a daughter.  
Mr. and Mrs. R. E. Rentera, Knox City, a daughter.  
Mr. and Mrs. Don Rallsback, Seymour, a son.  
Mr. and Mrs. Durwood Lancaster, O'Brien, a daughter.  
Mr. and Mrs. W. D. Cunningham, Goree, a son.  
Mr. and Mrs. L. C. Cook, Knox City, a son.

## Goree W. M. S. Sponsors Trip For Senior Class

The Woman's Missionary Union of Goree Baptist Church sponsored the senior class trip to Abilene Saturday, April 24, for annual High School Senior Day.

Seniors who went were Joyce Beecher, Louise Blankinship, Mary Kathryn Coffman, Peggy Cooksey, Florine Hammons, Nancy Lawson, Glenda Mayo, Deloris Mobley, Wayne Bingham, Sammy Kelly, Buster Lane and Johnny Lowrance. Class sponsors Mr. and Mrs. James Carver. Other sponsors were Mr. and Mrs. Melvin Cooksey, Mrs. George Weber, Mrs. Ruth Temple and Mr. and Mrs. Milton Kirby.

Mr. and Mrs. G. D. Lowrance and daughter, Brenda, of Chillicothe spent last week end with his mother, Mrs. J. F. Lowrance.

## To Hold Opening

Don Wardlaw, above, operator of the Wardlaw Service Station, has announced the Hollywood Opening 'f his completely remodeled station for Saturday, May 1. He is expecting a large crowd of people of this area to come in and inspect his newly remodeled business.

Munday's "friendly Magnolia dealer" and says he will have free gifts for everyone—for the ladies, men and children.

Funeral and burial services for Mrs. G. W. (Birdie) Hall, 76, were held on Tuesday, April 20, in Rocky Point, Texas, with Rev. Mills, pastor of the First Methodist Church of which she was a member, officiating.

Mrs. Hall formerly lived at Benjamin with a daughter, Mrs. Fred Stephens, and recently went to visit another daughter, Mrs. Nugent Kesseler, in Naples. She suffered a stroke there and passed away on April 19.

Mrs. Hall had been bedfast for several months, after suffering several light strokes.

She is survived by the two daughters; a son, Homer Beard of Safford, Ariz.; three stepdaughters, Mrs. Ellen Ball and Mrs. Sarah Stewart of Munday; and Mrs. Rachel Kirken of Colorado; two stepsons, Tommie Hall of Benjamin and Eddie Hall of Odessa; and several grandchildren and great grandchildren.

## Weather Report

## 164 Projects Exhibited In Livestock Show

4-H and F. F. A. boys from all parts of the county exhibited 164 head of livestock and poultry in the annual junior livestock show held at Benjamin last Monday. Included in the show were 23 head of cattle, 13 head of sheep, 58 hogs, 8 rabbits and 62 chickens.

Prize money for the show amounted to \$600, being donated by friends of the boys from each community in the county. Judges were Marvin Myers, agriculture teacher of Crowell, who judged poultry and rabbits, and Jay Pumphrey, rancher of Old Glory, who judged cattle, hogs and sheep.

Outstanding showmen were Truman Brown, who won a hand-made belt for the job he did showing his Duroc gilt, and Bobby Miller, who won a halter for his skill in showing beef and dairy animals. Both prizes were given by the Knox County Farm Bureau.

Winners in the different divisions were as follows:  
Dry Lot Beef Steers: prime, Bill Moorhouse; choice, Charles Todd, 2 head, and Jim Moorhouse; good, William McGaughy, 2 head; medium, Robert Hertel, 2 head, and Munday F. F. A. chapter, 7 head.

Grand champion and reserve champion went to Bill and Jim Moorhouse, respectively.

Dairy Heifers: Charles Todd, first; Bobby Miller, second.

Beef Heifers: Bobby Idol, first; Jackie Idol, second; Bobby Miller, third; Frank Quintero, fourth and fifth.

Dairy Cows: Jerry Johnston, first.

Sheep: Rams, Charles Todd, first; Charles Carroll, second. Ewe lambs, Charles Todd, first and second; Charles Carroll, third; Ewes, Charles Todd, first and second; Charles Carroll, third; Robert Beck, fourth and fifth. Grand champion ram, and ewe, Charles Todd.

Boars: Charles Yost, first; Edward Melton, second, Charles Decker, third.

Gilts: Byron Gass, first; J. R. Booe, second; D. A. Blair, third, Byron Gass, fourth.

Sows: Edward Melton, first and second; Buddy Clark, third; Charles Yost, fourth.

Sow and litter: James Edgington, first; Wayne Searcey, second.

Champion male, Charles Yost; champion female, Byron Gass.

Rabbits: Fryers—Jerry Snallum, first; Johnny Orsak, second; Johnny Jones, third; Albert Caram, fourth. Bucks—Johnny Orsak, first; Albert Caram, second; Karson Bivens, third.

Poultry: Broilers—Jerry Johnston, first; Jimmy Reed, second.

## Hospital Day To Be May 23rd

A big event in the history of the Knox County Hospital is expected to be the observance of "Hospital Day" on Sunday, May 23.

Some 15 people forming the planning board met last Tuesday afternoon at three o'clock in the nurses' residence of the hospital to formulate plans for Hospital Day. Among the events being planned is a "49ers party" on the lawn for all children born at the hospital in 1949. Munday and Goree head the committee for the children's party.

Then there will be gifts from merchants over the county for the "Hospital Baby," the first baby born on hospital day, or the nearest to that date. Each community of the county will have a part in this event.

Papers, pictures and posters will be displayed depicting the history of the hospital. This will be worked out by Knox City ladies who have access to historical data.

### MORE FOOD FROM FEWER ACRES

A spokesman for two national organizations of advertising agents has flatly contradicted the idea that we're in for a depression or any marked drop in business activity. To buttress his stand, he cited a number of changes which have taken place in the country and which, in his view, mean that the economy will continue to grow.

One of these has to do with a quiet revolution that has occurred in agriculture. He said: "Our farms have become mechanized. And they have better methods and are far more efficient. Although our population has had a net shift of almost 6,000,000 away from the farms since 1940, there has been a 52 per cent increase of farm output per man-hour, resulting in higher living standards for both farm and urban people."

This tribute to the mechanized farm and to its vast influence on the well-being of the whole country, is well deserved. Indeed, the machine, coupled with scientific soil utilization and conservation techniques, is the best weapon we have against the spectre of eventual famine. Some 1,000 new humans are born in this country each day. By 1960, we will have to feed about 180,000,000 hungry mouths. And we will have to do it from farm acreage which, all expect, will change but little if at all. That means that each acre must not only produce more, but must be zealously guarded for the future. More mechanization is the answer.

### BLIND SELFISHNESS

A country editor recently observed that our present system of agriculture price supports, which has led to ever-mounting surpluses, is certainly unsound and needs correcting. But, he continued in effect, groups which are critical of it—excluding business and labor organizations—would be on much stronger ground if they showed some willingness to make a few financial sacrifices on their own hook. His point, in other words, is that almost everybody, not just the farmer, has been looking for profitable favors and preferential treatment.

There is much justice in this view. A parallel is found in the effort to cut government spending—everyone is for it in principle, but cries with pain when it threatens to touch him. And that blindly selfish attitude could ruin this or any country—morally as well as financially.

### SOME THINGS DON'T CHANGE

The electric utility industry provides a striking example of the capabilities of private industry. Ralph A. Tudor, Undersecretary of the Interior, highlights the situation in these words: "For the past several years approximately three billion dollars of risk capital a year has gone into the electric transmission and distribution facilities of the country. It is fortunate that this has not been a part of our increasing Federal debt. It is expected that during the next two years, the investments will be even greater and thereafter we can only estimate but there is little doubt that demands for new facilities will be heavy indeed. The job is so big that investor capital must be encouraged and we propose to do just that."

This tremendous expansion program isn't costing the taxpayers a cent. As new installations go into operation, they are entered on the tax rolls and become heavy taxpayers themselves. The invested savings of many thousands of Americans make this possible. New electric energy has been created as needed. Jobs and opportunities have resulted. If government had undertaken the program, the result would be greater deficits or higher taxes, and further diminishing of the economic opportunities open to the private citizen—lost freedom for all of us.

Times have changed so very much. It's still up to free individuals and private enterprise to keep on building this country.

### GRASS ROOTS OPINION

**PAMPA, TEXAS, DAILY NEWS:** "This is the hour of decision. We are at the crossroads. We shall have to determine whether we shall take the road toward freedom, competitive capitalism, sound money and self-government or the road toward inflation, destruction of our fiscal system, bigger government, and eventually statism."

**KNOXVILLE, IOWA, EXPRESS:** "The first sign that a nation is entering a period of deterioration is when the people begin to depend on the government for everything. The willingness to do for themselves has been an American tradition, but of late years we have seen the notion, the state, the community look to the government to help in everything."

**TOMBSTONE, ARIZ., EPITAPH:** "As always, it's up to the individual, in our great democracy it's the individual that counts; it's his voice the politician hears, and it's his business ethics and general attitude that can make or break a community."

## BE NOT DECEIVED

—By Ted W. McElroy.

### HIS EVIL IS WORSE THAN MINE

2 Cor. 10:22, "They measuring themselves by themselves, and comparing themselves among themselves are not wise." In this verse the deception sets aside the divine standard, and substitutes a human measurement and comparison. Instead of looking in the Bible and seeing what character and conduct should be, they look at another man, and make comparison. It is common for a person to pick out a sorry member of the church and say, "I am as good as he is,"—that often is true, but the question is, are you as good as the Lord wants you to be? Frequently a man in discussing his evil will deceive himself saying, another does evil that as bad or worse than I do." The truth is, no amount of evil in another will justify evil in a man. Be not deceived. You will not be judged by another's lack of good qualities nor does the evil of someone else justify your evil.

### Quit Evil After Fun

Heb. 3:13, "But exhort one another . . . lest any of you be hardened through the deceitfulness of sin." This teaches that sin hardens, makes unfeeling and callous, makes obstinate and obdurate, and conforms in error and vice. But in spite of this warning the silly deception is still practiced, "try sin and its pleasures, and then you will be ready to settle down." "Sow your wild oats" and after you have had your fun, it will be easy to quit sin and you will be ready to work righteousness the rest of your life. Be not deceived, sin is not easy to quit because sin weaves a web and the tendency is to go deeper and deeper—it is only with great effort and inconvenience that one can quit sin. Under the guise of science, it is advocated that experience in the fields of sin better prepares one for a life of happiness. Be not deceived. No one is made better by experience in sin because sin always mars its victims.

### MUNDAY CHURCH OF CHRIST

CLIFFORD WILSON, Evangelist

### Munday's Housing Group Answers Public Questions

Q—How are rents determined?

A—Rents are based on the family's ability to pay, just as income tax is. As a general rule rents charged on average size family or smaller, amount to one-fifth of the family income; whereas rent for families with three or more minors usually equal about one-sixth of the family income.

Q—Is Public Housing "low-cost" housing?

A—It is low cost to the tenant and in the long run it is a bargain for the community according to many cities which have had experience with the program. Actually the cost on construction is comparable to that of similar private construction, since after all it is built by private enterprise.

Q—What is a local housing authority?

A—A local housing authority is a corporate body created by state law and brought into operation by the city council. It is composed of five commissioners who serve WITHOUT pay to direct a program which will be a benefit to their community.

Q—In what way does private enterprise participate in low-rent public housing?

A—Architects, engineers, surveyors, option takers, negotiators, and other professional people perform many of the services for a housing authority. In addition the housing authority advertises its plans and specifications and awards the contract to the lowest bidder. Thus, for all practical purposes the actual planning and construction of the project is done by private enterprise under the business-like supervision of the local housing authority. All bidders submit their bids in sealed envelopes and they are read aloud on a set date and time.

Authors use to be men of action, men who lived and then wrote. Cervantes fought in a great sea battle, was captured by the Turks and sold as a slave, regained his freedom and wrote "Don Quixote." Xenophon led the retreat of ten thousand Greeks through a hostile land, fighting off tremendous forces—and then wrote his history. Sophocles fought in the great Athenian sea triumph, the Battle of Salamis, then penned his plays.

Caesar fought his way to power, then wrote his "Commentaries on the Gallic Wars"—to plague all succeeding generations of schoolboys. L a n i e r served through the War between the States and afterward composed "The Song of the Chattahoochee" and "The Marshes of Glynn."

Dickens was a street urchin, whose father was in debtor's prison—in manhood he wrote novels based on those experiences. O. Henry was cowboy, beach-comber in Central America, and a "number" in federal prison before he wrote his immortal short stories. Twain was editor, Mississippi River steamboat pilot, and mining prospector before he sat down to write the books that made him America's foremost man of letters.

But most writing nowadays is done in a world of moldering documents, old magazines, musty reports. No wonder the words have dust on them. The heavier the reading, the more scholarly the work is accounted. The narrow, Brahmanistic, Pharisaical letter killeth; the spirit giveth life. So-called scholarship and its attendant degrees have become an end, not a means.

Mrs. Clara Nabors left Wednesday for Abilene for a few days visit with relatives. She will return from there to her home in Albany. Mrs. Nabors spent the winter with her brother, J. M. Terry, and niece, Mrs. Olga Payne.

Bob Ballinger of Snyder visited his grandparents, Dr. and Mrs. A. A. Smith, during the week end.

**START FLY CONTROL PROGRAM EARLY**

Neither strict sanitation nor a spray program can eliminate the costly nuisance of the common fly. Instead, a sound control program must be a combination of both practices.

the livestockman, dairyman or general farmer to start his campaign against the fly. If you begin early enough, a small initial outlay of cash and effort will return good dividends in increased production.

Recent tests in Oklahoma showed that cattle protected

**For County Superintendent:**  
**MRS. LEE HAYMES**

from horn flies during the grazing season gained 15 to 30 pounds more than unprotected cattle. An extra income of at least \$3 to \$6 per head was gained at a spray cost of about 6¢ per head.

Dairy cows also respond by giving more milk if unmolested by flies. During one 60-day test, the sprayed herds averaged over 3 pounds more milk each day than cows in unsprayed herds. The 200 extra pounds of milk received per cow was a good return on the small investment for fly control.

Farm sanitation should start with eliminating breeding places such as manure piles, unsanitary poultry houses, dirty hog lots, outdoor toilets, and decaying organic matter. This should be followed by:

(1) Spraying early when fly population has not had a chance to multiply.

(2) Spraying all buildings housing animals and other buildings that are known to attract flies.

(3) Spraying with a concentration according to manufacturers' recommendation.

(4) Spraying animals regularly. Flies are attracted to animals who will continue to bring them into treated buildings.

Remember, the two-fold program—sanitation and fly control—will mean better results from your livestock or poultry operations. And it helps eliminate the dangers of human and animal diseases.

### NEWS FROM VERA

(Mrs. Thelma Lee Coulston)

Mr. and Mrs. Rex Holt and three children of Hamlin visited Sunday in the Irvin Nichols and Carlton Struck homes.

Mr. and Mrs. Willis Peddy visited Sunday with their daughter, Mr. and Mrs. Virgil Thomas and family in Haskell.

Pvt. Charles Johnson of Fort Sill, Okla., spent the week end in the Fred Wiles home. Pvt. Johnson is Fred's nephew.

Mr. Johnny Snyder of San Antonio came Saturday for his mother, Mrs. N. A. Snyder, who had been visiting the past week in the home of her daughter, Mr. and Mrs. Buster Jackson and family.

Miss Jessie Myers has been a patient in the Seymour hospital since Wednesday of last week.

Week end guests in the Ed Trainham were Mrs. Trainham's brother, Andrew Gray of Venton, La., and Mr. and Mrs. James Session of Beaumont.

Mr. and Mrs. Tom Frank Crawford of California visited with their friends, the M. A. Bradfords, over the week end. Mr. and Mrs. Garvin King and

children also visited in the Bradford home Sunday.

Mrs. Grover Coffman accompanied the Tom Bowdoin to Lubbock Saturday for a visit with her mother. The Bowdoin visited their son, Johnny, and family.

Mr. and Mrs. Thurman Allen of Jacksboro and Theo Allen of Wichita Falls visited in the E. S. Allen home during the week end.

Mrs. Don Rallsback of Seymour has been staying in the home of her parents, Mr. and Mrs. A. K. McGaughey, since the arrival of a new son.

Mr. and Mrs. Sam Albright and little daughter of Altus, Oklahoma visited the Ernest and Oliver Albright families over the week end.

Mr. and Mrs. Hardy Lee Richards and two children of Venito, Oklahoma were week end visitors in the Rube Richards home.

Mr. and Mrs. J. L. Trainham, Jr., and son of Duncan, Okla., visited with the Jess Trainhams and other relatives over the week end.

Doss Jernigan and son, Jerry, of Lubbock have been visiting in the home of Mrs. E. S. Jernigan.

Hardin-Simmons University

held its annual Senior Day Saturday, April 24 in Abilene. Vera was one of the 100 communities represented. High school students who made the trip were Betty Jo Townsend, Virginia Jackson, Reta Trainham, Ronald Hardin, Kenneth Trainham and Billy Bradford. They were accompanied by Rev. Berl Cavin, pastor of the Vera Baptist Church, and Supt. Don E. Robbins.

The Freshman and Sophomore classes of the Vera High School journeyed to Fort Worth Saturday, April 24th. While there they attended the afternoon performance of the Ice Capades of 1954. They also visited the Forest Park and Zoo. The classes were accompanied by Mr. and Mrs. Maurice Hughes and a little daughter, Challa, Mrs. Fred Brown and Mr. and Mrs. Carl Coulston.

The Junior and Senior Classes of Vera High School held their annual banquet Friday night, at the High School. The dinner was prepared by the mothers of the Juniors and served by the Freshman and Sophomore girls. The banquet theme was Moonlight Roses. The toastmistress, Reta Trainham, handled the program wittily and capably. The program consisted of a welcome by Virginia Jackson and response by Senior class president, Ronald Hardin; the class prophecy by Betty Jo Townsend, class will by Betty Sue Park. The principal address, "Essentials of Happiness," was delivered by Sumpter E. Reed, Supt. of the Benjamin Public Schools. The program was concluded with a short talk, "Essence of the Finished Roses," by Vera Supt. Don E. Robbins. The menu consisted of fried chicken, mashed potatoes with gravy, green beans, vegetable salad, hot rolls and butter, iced tea, ice cream and cake. Present were members of the Junior and Senior classes; Ronald Hardin, Betty Sue Park, Kenneth Trainham, Billy Bradford, Betty Jo Townsend, Lois Jane Parham, Reta Trainham, Jerry Foemster, Virginia Jackson, Muri Foemster, and John Murphree. Other guests present were Mrs. S. E. Reed of Benjamin, Mr. and Mrs. Joe Reeder of Knox City, Mr. and Mrs. Tom Bowdoin, Mrs. A. H. Sams, Jr., Mrs. Braden McWhorter, Mr. and Mrs. Tom Russell, Mr. and Mrs. Estes Miller, Mr. W. F. Rabe, Mr. and Mrs. Maurice Hughes, Mrs. Don Robbins, and Mr. and Mrs. J. Q. Archer.

### Munday H. D. Club Meets Wednesday With Mrs. Raynes

The Munday Home Demonstration Club met in the home of Mrs. M. L. Raynes Wednesday, April 29. Meeting was called to order by the president, Mrs. Fred Lain. Roll call was answered by "My sewing problem." Mrs. John Rice gave a report on the district meeting held in Vernon.

A very interesting demonstration was given by the agent, Miss Anna Lee Drieschner, on sewing problems which included types of necklines, types of collars and facings.

National Home Demonstration Week will be observed by a window display downtown May 3 to 8.

Refreshments were served to Mmes. John Rice, Buster Pape, R. M. Almanrode, M. L. Walters, John Peysen, A. O. Brazzell, Fred Lain, Miss Anna Lee Drieschner and the hostess, Mrs. M. L. Raynes.

Next meeting will be in the home of Mrs. A. O. Brazzell on May 11. The demonstration will be on preparation of frozen meats.

### Clubs To Observe National Home Demonstration Week

National Home Demonstration Week will be celebrated May 2-8 by 40,000 members of the Texas Home Demonstration Clubs.

A special theme of "Home, the Cornerstone of Freedom" will be observed by the 1,990 Texas home demonstration clubs.

Purpose of the observance is to call attention to the achievements that farm and ranch women have made through organized planning and action.

Women who take part in home demonstration work do whatever seems most important to them in improving their homes or helping their families.

Home demonstration club women in Gilliland, Benjamin, Munday and Truscott are planning exhibits in some of the local store windows to celebrate National Home Demonstration Week. Look for the exhibit in your community.

Mr. and Mrs. V. E. Moore and children took Mrs. T. C. Lowry to her home in Abilene and remained over the week end for a visit. Mrs. Lowry spent the past week end here with Mr. and Mrs. Moore.

Mr. and Mrs. W. E. Braly attended the opening of the newly remodeled First National Bank in Dallas and a meeting in the Baker Hotel on Monday of last week. On Tuesday they attended a meeting and dinner of the 4th District of Texas Bank Association Installation Loan held in the Worth Hotel in Fort Worth.

Smith, Oscar Spann, A. H. Mitchell, E. R. Ponder, Carl Gage, Levi Bowden, H. A. Medford, Doyle Ragle, Aaron Edgar, Joe Bailey King and Misses Ruth Baker, Florence Gaines and Merle Dingus.

# Goree News Items

The junior class of Goree High School was host of the Junior-Senior banquet Thursday, April 22. The guests included the seniors, faculty and speaker for the occasion.

The setting of the banquet, "A Fiesta in Mexico", brought forth old Mexican traditions, bright colors and music.

J. B. Lawson, superintendent of Goree School, gave the invocation. The meal was served by the sophomore girls and two freshman girls. Bobby Lee Jordan, a member of the junior class, acted as toastmaster. The welcome was given by Jackie Latham, president of the junior class. Mary Coffman, president of the senior class, gave the response. The speaker for the evening was Mr. Don Robbins, superintendent of the Vera School.

The musical program included "My Adobe Hacienda", sung by the junior girls, "Mexican Joe," sung by the junior boys and Philip Struck, a freshman, and "Vaya Con Dios," sung by Jackie Latham, Connie Haskin and Dorothy Blake.

The last of the program was a candle lighting ceremony which was performed by Mona Mobley, a sophomore girl who represented the spirit of Goree High School. The Seniors in this group are Dolores Mobley, Gordon Moore, Jerry Bradley, Joyce Beecher, Florene Hammons, Martin Bowman, Peggy Cooksey, Glenda Mayo, Louise Blankinship, Mary Coffman, Wayne Bingham, Sammy Kelly, Nancy Lawson, Wendel Moore, Johnny Lowrance, Jerry Patterson and Buster Lain.

Sponsor of the junior class is Mrs. Vera Carter, English teacher of the Goree High School. Senior sponsor is James Carver, principal of the high school.

Mr. and Mrs. M. J. Kirby, Dolores Mobley and Florene Hammons went to Brownwood Friday where Deloris represented Goree High School in the regional interscholastic typing contest Saturday morning. Deloris won 10th place with the 44 contestants entering.

Mr. and Mrs. Bryan Lawson and daughters, Nancy and Jane, attended the Ice Capades in Fort Worth last Friday night.

Mr. and Mrs. Ross Madole and family of Dallas spent Saturday and Sunday with his mother, Mrs. Laura Madole.

Mr. and Mrs. Lloyd Reed of Oil Center, N. M., visited their parents, Mr. and Mrs. J. L. Reed and Mr. and Mrs. Luther Williams.

Mozelle Vandiver of Memphis spent the week end with her parents, Mr. and Mrs. S. E. Vandiver.

Mrs. Ben Williams and Mr. and Mrs. John Williams of Rule went to Archer City last Sunday for a birthday dinner honoring Mrs. Ben Williams on her 86th birthday and celebrating John and Audrey Bell Peyton birthdays, also, in the home of Mrs. Peyton.

Mrs. Carrie Jones of Durant, Okla., returned home Wednesday after spending a few days with her mother, Mrs. J. H. Cooksey, and Miss Emma Cooksey.

Mr. and Mrs. Cannon Roberts and Jimmy attended the Ice Capades in Fort Worth the past week.

Mrs. T. S. Hollis has returned from an extended stay in North Zulch.

Mr. and Mrs. Henry Kinnard and son of McAllen are visiting his parents, Mr. and Mrs. J. T. Murdock, this week.

Over 100 people from Rule.

Rochester, O'Brien, Knox City, Gillespie, Haskell and Munday attended the Workers Conference at the Goree Baptist Church Tuesday evening at five o'clock despite the stormy weather.

Mr. and Mrs. Don Boyles and son, Jimmy, of Lackland Air Base, San Antonio, spent last week visiting with relatives in Duncan, Oklahoma City, Clinton, and Anadarko, Okla. Mrs. Boyles' father, F. J. Callahan, of Anadarko, returned home with them for a short visit.

## Haskell To Have Rodeo Program On May 13, 14 and 15

Haskell is making preparations to present one of the area's first major rodeo programs of the season the Rice Springs Roundup, on May 13-14-15.

All events will be presented as night attractions in the newly enlarged Fair Park Arena two blocks southeast of the courthouse square and adjacent to Rice Springs Municipal Park.

Six events will be presented nightly, including bronc riding, calf roping, Brahma bull riding, cutting horse contest, double

mugging and cowgirls clover leaf barrel race. The barrel races are strictly amateur, on a jackpot basis. Competition in all other events is open to the world.

Prize money of \$300 will be paid in both the bronc riding and bull riding contests, with silver belt buckles given in the finals in both events.

In calf roping and double mugging contests, prize money will be \$500 in each of the events. A handmade saddle will be presented to the man making the best combined time on four head of stock, two head from each roping event.

Prize money of \$250 will be paid in the cutting horse contest. An added feature Saturday

morning, May 15, will be an Old Timers Jackpot Calf Roping, with entry limited to contestants 55 years old or older.

The three-day Roundup is under auspices of the Saddle Tramps riding club, and will be produced by Dock Pitner of the Denton County Rodeo Association.

Mrs. S. A. Bowden spent the first of this week with her brother in Fort Worth.

Mr. and Mrs. S. J. Warren visited with Mr. and Mrs. Marvin Warren and son Jerry and Mr. and Mrs. Weldon Warren and children in Plainview over the week end.

## Gilliland Club Meets On April 21

The Gilliland Home Demonstration Club met in the club room on April 21, with the president in charge. Opening exercise was with music by Mrs. W. T. Cook and singing by the group.

Mrs. J. T. Cook called the roll, with each member answering by a chosen subject which was "my sewing problem." The group set April 28 as the date to meet for making planter boxes of copper.

The agent gave an interesting demonstration on styling and fitting a dress or blouse of collars. Refreshments were served to 13 members and the agent.

Mr. and Mrs. T. L. Fore of Tulla were week end guests in the home of Mr. and Mrs. W. E. Braly.

Mrs. J. D. McStay and Mrs. T. G. Bengtson spent the week end with Mrs. Erna Mae Lee in Wichita Falls and attended the lectures of Dr. Leslie D. Weatherhead of London.

Mr. and Mrs. Don Collins of San Antonio visited her parents, Mr. and Mrs. Bob Guffey, and other relatives the first of this week. Miss Joy Lemley returned home with them for a short visit.

Drive carefully. The life you save may be your own.

## Stop Taking Harsh Drugs for Constipation

Avoid Intestinal Upset! Get Relief This Gentle Vegetable Laxative Way!

For constipation, never take harsh drugs. They cause brutal cramps and griping, disrupt normal bowel action, make repeated doses seem needed.

When you are temporarily constipated, get *sure* but *gentle* relief—without salts, without harsh drugs. Take Dr. Caldwell's Senna Laxative contained in Syrup Pepsin. The extract of Senna in Dr. Caldwell's is one of the finest natural laxatives known to medicine.

Dr. Caldwell's Senna Laxative tastes good, gives gentle, comfortable, satisfying relief of temporary constipation for every member of the family. Helps you get "on schedule" without repeated doses. Even relieves stomach sourness that constipation often brings.

Buy Dr. Caldwell's Money back if not satisfied. Mail bottle to Box 280, New York 18, N. Y.

## News From The U. S. Congress

Congressman Frank Ikard

Consideration is being given in the Congress to legislation that would provide for the construction of federal buildings such as post offices, on a fifteen to thirty year lease-purchase arrangement. This legislation, if enacted, would allow local capital on competitive basis to build post offices, court houses, warehouses, et cetera. These properties would then be leased back to the Government for periods of from fifteen to thirty years. During this lease period, state and local taxes would be paid by the owners. At the end of the term of leases, title would then pass to the United States Government. No post office buildings have been constructed since before World War II and because of this, many communities have outgrown the facilities of their present buildings and it is thought that this arrangement would make possible some of the new construction that is needed.

Shortly before the Korean conflict, the Public Works Committees of Congress were planning approval of one post office building in each Congressional District, but because of the outbreak of the Korean conflict this program was postponed and has not been renewed. In addition to providing means for some much needed construction by working the matter out with local capital it will eliminate a lot of government red tape which, from personal experience, can be in many instances very frustrating and exasperating.

The House recently passed a bill that will make it easier for the Postmaster General to prevent the sending of filthy literature and obscene matter through the mail. This legislation was necessary on account of the delays that were permitted under the present law and also because there was a need for some quick action on the part of postal authorities. It is hard to imagine the revolting and nauseating character of some of the material that is sent through the mail. It is my hope that this legislation will aid in preventing the further distribution of such vile and immoral publications through the mail.

We continually hear a great deal about the size of our agricultural surpluses. Generally speaking, these surpluses are charged up against our agriculture program. The accumulation of a great deal of these surpluses has been caused by the failure on the part of the State De-

partment for the last several years to make any real effort to move any agricultural products into world markets. In fact, the policy of the State Department has, on some occasions, actually prevented the movement of our agricultural products. For example: in 1953 nearly 5 1/2 million pounds of butter were purchased by our Government from overseas sources for use in the Far East Common. This was done, of course, at a time when our Government owned and held in storage vast quantities of surplus butter.

It seems to me that one of the most important things with regard to our farm program and our surpluses is the development of an aggressive program for the sale of our agricultural products in the world markets.

## Legal Notice

CITATION BY PUBLICATION OF FINAL ACCOUNT

THE STATE OF TEXAS  
To Any Sheriff or Any Constable within the State of Texas, Greeting:

Charles McCauley, Administrator of the Estate of Alfredo V. Valdez, Deceased, having filed in our County Court his Final Account of the condition of the Estate of Alfredo V. Valdez, Deceased, numbered 809 on Probate Docket of Knox County, together with application to be discharged from said Administration.

YOU ARE HEREBY COMMANDED, That by publication of this Writ one time and said publication shall be not less than ten days before the return day hereof, in a newspaper printed in the County of Knox, you give due notice to all persons interested in the Account for Final Settlement of said Estate, to appear and contest the same if they see proper to do so, on Monday, the 10th day of May, A. D., 1954, at the Court House of said County, in Benjamin, Texas, when said Account and Application will be acted upon by said Court.

GIVEN UNDER MY HAND and seal of said Court, at my office in the City of Benjamin, Texas, this 21 day of April, A. D., 1954.

ZENA WALDRON,  
Clerk, County Court, Knox County.  
By LOUISE ISBELL, Deputy

I HEREBY CERTIFY that the above and foregoing is a true and correct copy of the Original Writ now in my hands.  
H. T. MELTON,  
Sheriff, Knox County

Mrs. Doug Moore, who is attending Hardin-Simmons University in Abilene, spent the week end with her mother, Mrs. Maurysse Blacklock, and other relatives.

Kenneth Hendrix of Midwestern University in Wichita Falls, was a week end guest with his parents, Mr. and Mrs. Frank Hendrix.

Drive carefully. The life you save may be your own.

Douglas Benham, Von and Marcella, and Miss Annie Lee Drieschner were in Chillicothe last Sunday to visit Mrs. Drieschner's parents.

Mrs. Doshia Hill accompanied her daughter, Mrs. Cecil McGraw of Wylie, to Dalhart recently to visit Mr. and Mrs. Jack

### Weekly Health LETTER

Issued by Dr. Geo. W. Cox, M. D., State Health Officer of Texas

AUSTIN—"In spite of the knowledge of its cause and spread, and of curative methods, tuberculosis is still a very serious problem not only in Texas, but throughout the United States," states Dr. Geo. W. Cox, State Health Officer.

"It is true that tuberculosis no longer is first on the list of killing diseases, as it was formerly," Dr. Cox said, "but despite having been reduced to eighth place in Texas, it still is responsible for more deaths between the ages of fifteen and forty-five than any other disease. And this fact exists even though the majority of tuberculosis patients could have their condition arrested if it were recognized and proper treatment applied."

"Treatment of the early recognized case is essential. It is of equal importance, from a public health standpoint, that the spread of this devastating infection be prevented. A more intelligent appreciation of this fact would result in the saving of thousands of lives."

"When a diagnosis of active tuberculosis has been made, examination of all of the other members of the immediate family should follow as a matter of course. Tuberculosis runs in families, not because of any special susceptibility to the disease, but because it is communicable, being usually transmitted through close and prolonged contact with the active case."

To reduce the number of deaths caused by tuberculosis, Dr. Cox suggests periodic examination of all adults, a check-up by physicians of the known active cases and contacts, regular examinations of high school children, isolation or hospitalization of the active tuberculosis case, and a

more intelligent application of hygienic living principles.

### LOCALS

Mr. and Mrs. Clayton Wren and Erwin and Mr. and Mrs. Tom Morton were Sunday guests in the home of Mr. and Mrs. L. L. Williams of Ballinger.

Mr. and Mrs. M. L. Barnard visited with relatives in McAlester, Okla., during the week end.

Mr. and Mrs. Conrad Link of Brownfield were week end visitors in the home of her parents, Mr. and Mrs. Oscar Spann. Their sons, Edward and George, who have been visiting their grandparents the past month, returned home with them.

Mr. and Mrs. Tom Bullington and daughter left last Sunday for a ten day vacation trip to visit relatives and friends in Waco, Houston, Orange and New Orleans.

Mr. and Mrs. Cordell Clanton

and son, Milford, were guests in the home of her sister, Mrs. R. L. Brown, and family several days last week.

Mr. and Mrs. J. T. Offutt attended the track met in Brownwood last Saturday.

Mr. and Mrs. D. E. Holder, Jr., and daughter of Lubbock visited his parents, Mr. and Mrs. D. E. Holder, Sr., over the week end.

Mrs. T. A. Brown visited her daughter and family in Fort Worth the first of the week.

Mr. and Mrs. Herbert Stodghill and children left Monday for Bartlesville, Okla., where Mr. Stodghill has been transferred.

Mr. and Mrs. Chester Borden were guests in the home of their daughter, Mrs. Jerry Edwards, and family in Dallas the first of the week.

Mr. and Mrs. Bill Rippetoe and sons, Mike and Pat, of Arlington visited her parents, Mr. and Mrs. M. H. Dean, over the week end.

### Activities of The Colored People

The pastor and members of West Beulah Baptist Church are preparing to attend their district board in Albany this week.

The Y. P. W. W. joint meeting of the Church of God in Christ was held in Goree last Sunday. Rev. S. L. Sanders, pastor, and many representatives from the surrounding area were present.

Charlene Hawkins, formerly of

this city and now residing in Denver, Colo., spent last week with relatives here. Charlene is a former Dunbar student who finished high school in Denver and took up interior decorating in New York City recently.

Junior Hi pupils will present their play Wednesday night at the school auditorium. Members of the cast in the comedy, "No Back Seat for Grandma" are: Jean Jones, Mary Alice Wilson, Delores Lee, Valerie Toliver and Annie Faye Hamilton.

Drive carefully. The life you save may be your own.

**FORT WORTH**—Secretary of Agriculture Benson announced on April 14 that if the favorable situation in Mexico with regard to foot-and-mouth disease continues, and there are no new outbreaks—the U. S.-Mexican border will be opened to meat and livestock imports at the end of this year.

The prospect of heavy imports of Mexican cattle, and beef, are considered likely since the Mexican devaluation of the peso recently. The dollar balance of Mexico can be replenished to a considerable degree by sale of cattle and meat in the United States, but this is not likely to meet with much favor among

the bulk of cattle producers. Especially affected will be the producers of the "plainer" kinds of stocker cattle.

**RAINS FAILED TO SLOW CATTLE MOVE**—Cattle run at Fort Worth Monday was 1,100 above a week earlier and 1,300 above a year ago on the same date. Same pattern developed at all the nation's major markets as shipments were unusually large for the season. 24,500 more cattle, 2,100 more calves, 20,000 more hogs and 13,000 more sheep were reported by 12 major markets than on the same day a week earlier.

The heavy movement turned virtually all classes lower, except fat calves and high grade stockers. These classes were steady, but most other cattle were weak to 50c or more lower. Good and choice fed steers and yearlings sold for \$17.50 to \$23, with common and medium kinds \$13 to \$17. Fat cows drew \$10.50 to \$13.50, a few to \$14 and better on the heiferish type. Canners and cutters drew \$7 to \$11. Bulls \$11 to \$15.

Good and choice fat calves \$17

to \$22, and common and medium sorts \$13 to \$17, with culls \$10 to \$13.

Medium, good and choice stocker steer calves and steer yearlings sold for \$16 to \$20 and similar heifers sold around \$2 to \$2.50 under.

**LAMB PRICES SAG AT ALL POINTS**—Sheep and lamb trade, facing numbers nearly one-third larger than a week earlier at the 12 major markets, weakened at all points. Bearish tone of the Eastern dressed meat trade in which some points reported lamb another \$1 or more lower, had an adverse effect.

Good and choice Spring lambs drew \$20 to \$23, this compared with a \$24 top late last week. Cull, common and medium slaughter Spring lambs drew \$10 to \$19. Stocker and feeder Spring lambs sold at \$13 to \$17.

Shorn fat lambs of good and choice kinds sold for \$18 to \$20, while cull, common and medium kinds sold from \$7 to \$17. Stocker and feeder shorn lambs drew \$14 to \$19, the latter price on mixed and fat lambs.

Aged wethers sold at \$10 to \$12, and yearlings and two-year-olds sold at \$12 to \$15. Old ewes drew \$4.50 to \$6. Old bucks sold for \$4 to \$5.

**Accidents In Area Cost Citizens \$40,645 In Property Damage Alone**

Capt. K. B. Hallmark, Jr., has announced that 66 accidents were investigated by his patrolmen in the month of March. These accidents killed five people and sent 26 to hospitals as a result of injuries suffered in 17 injury accidents, and cost the people of this North Texas district \$40,645 in property damage.

This figure does not include hundreds of dollars spent on doctor and hospital bills and loss of time caused by injuries, nor is there any price that can be placed on the life of a loved one.

This district had five fatal accidents which killed five people in March, 1954, compared with three fatal accidents which killed three people in March, 1953. Only 25 people were injured in March, 1954, compared with 45 in March last year. Although there were only 63 accidents in March of 1953, the property damage loss was over \$10,000 more than in March of this year. Since January 1, 1954, 21 people have been killed in the Wichita Falls district, compared to only ten people during the same period last year.

Clay County was the leading county in property damage loss, with \$13,850, followed by Wichita County with \$7,425, and Wilbarger a close third with \$6,490.

Hallmark said his 17 patrolmen contacted 1963 traffic law violators in March, and again speeding was the leading violation, with 784 stopped for speeding. A total of 405 were stopped for violation of the motor vehicle inspection law, and Hallmark urges everyone to have their cars inspected to avoid being arrested in addition to having the inspection made. Eighteen people were arrested for driving while intoxicated, and five intoxicated pedestrians were arrested. Hallmark also reminds you that if your cars, trailers or trucks have not been registered for 1954 his patrolmen are arresting violators for this offense now.

Two men were arrested by the highway patrol for forgery in Wichita County. These subjects started their worthless check spree in Wichita County several months ago by purchasing a new car with a forged check. They had traveled through several states, returning to Wichita County after forging several thousand dollars worth of checks. They were stopped by the highway patrol with "expired license plates," and the ensuing investigation revealed they were wanted in Wichita, Archer, Montague, and Clay counties, not to mention several other states.

Capt. Hallmark warns that now spring is here and more people will be on the highways, you must be doubly careful in your driving habits, if you are going to live to enjoy the summer.

In Knox County there were two injury accidents in March, 1953, with three people being injured, and two property damage accidents with a loss of \$4,025. In March, 1954, there were 4 property damage accidents with a loss of \$2,445.

Mr. and Mrs. M. L. Wiggins visited in Lubbock on Tuesday and Wednesday of last week, and Mr. Wiggins attended the South Plains Bankers meeting on Wednesday.

family in Corpus Christi and Mrs. Bobby Graham and husband in San Antonio. They attended the Battle of Roses and Alumni Parade while in San Antonio.

Mrs. Wilma Dean Griffith and sons visited her mother in Plains and her brother in Brownfields last week.

**LEO FETSCH**

Protein prices may come down—On May 3 millfed makers will be able to submit bids for the surplus dried milk now in government hands. The USDA has been under pressure from many quarters to sell this protein to help stem the soaring protein feed prices. Short supplies of soybean meal are a factor.

A bigger than anticipated tur-

key crop, and vastly expanded business in hog and pig feeds, has served to push the protein prices up and up.

## Knox Prairie Philosopher Is In Favor Of Television Gadget To Check On Cattle From The Living Room Sofa

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek has a lazy interpretation for a new use for television, his letter this week reveals.

Dear editor:

I have never stood in the way of progress, as most progress has been able to go around me without its slowin down or me speedin up, like wind around the Rock of Gibraltar, and it was with considerable interest I read the other day where the television industry is working on some new gadgets.

One of these for example is a television camera they put up on the look-out tower where fire-watchers now stay in forests, and the camera revolves slowly around, sending a picture to a control center fifty miles away. Under this system, forest fires can be automatically spotted, thus eliminating the lonely work of a man sittin up there all

J. A.

by himself lookin through a pair of binoculars.

I thought this matter over all yesterday afternoon and have come to the conclusion it opens up vast new fields of time-saving, although it has been my observation the more time-saving gadgets mankind gets the harder people work, and I like to cite the example of myself as proof you can have plenty of time on you hands without goin the gadget route. As I have contended all along, a four-row cultivat-

or is no improvement over a two-row if all it means is you're gonna work more land and still plow from sunup to sundown. If a four-row cultivator doesn't enable a man to stop work at noon, in the final analysis he may not be any better off than he was with the two-row, particularly if he works all year and winds up in the hole anyway.

At any rate, this television gadget intrigues me. Farmin would have a whole lot more appeal to me if I could sit in my livin room and direct a robot tractor fan and check on his cattle er just by twirlin some dials. Racin wouldn't be no trick at all if a man could sit under an elec fan and check on his cattle as they grazed in front of a television camera, and I don't see why you couldn't set up another camera to watch your cork while you fished, stretched out on the living room sofa.

Understand, though, when they get these things perfected, they sure want to include a key so a man can lock up the set when he pleases. The last thing I want is a television gadget a wife can flip on to see if her husband is plowin or is stretched out in the sun studyin the clouds.

Yours faithfully,  
J. A.

### JUNGLE RHYTHM

Jungle drums and other native musical instruments printed on this cotton swim suit are responsible for its name, "Jungle Rhythm." Designed by Catalina, the hand printed tapa cotton comes in combinations of blue or brown and yellow.

### CHUCKWAGON FARE AT COWBOY REUNION POPULAR FEATURE

STAMFORD—One of the features which make the annual Texas Cowboy Reunion unique is that not only the old-time cowboys but the general public also can eat a chuckwagon dinner.

The visitor partakes of "regular cowboy fare" and the food is prepared by chuckwagon cooks. On hand are chuckwagons from such famous ranches as "6666", "3-D", "Pitchfork" and "SMS".

As many as 2,000 have been fed at a meal and two meals a day are served. The chuckwagon area is conveniently close to the old-time cowboy buildings where the reunion is held and to the big arena where the rodeo is presented. Dates are July 1, 2, 3 and 5 since July 4 falls on Sunday.

### RUPTURE

SHIELD EXPERT HERE

H. M. SHEVNAN, widely known expert of Chicago, will personally be at the Kemp Hotel, Wichita Falls, Thursday and Friday only, May 6 and 7.

Mr. Shevnan says: The Zoetic Shield is a tremendous improvement over all former methods, effecting immediate results. It will not only hold the rupture perfectly no matter the size or location but it will increase the circulation, strengthen the weakened parts, and thereby close the opening in ten days on the average case, regardless of heavy lifting, straining or any position the body may assume. A nationally known scientific method. No under straps or cumbersome arrangements and absolutely no medicines or medical treatments.

Mr. Shevnan will be glad to demonstrate without charge.

7344 No. Ridge Boulevard, Apt. 8B, Chicago 45

Large incisional hernia or rupture following surgical operation especially solicited.

There will be a rodeo performance each of the four nights as well as a matinee, Monday, July 5.

Mrs. Lennie Kuehler and children visited Mr. and Mrs. Idell Montgomery in Van Horn last week.

IT'S HERE! The ALL NEW

*Cadillac*

## As Great as Its Reputation!

The man you see in this breathtaking convertible is learning a great and inspiring truth. And it makes him very happy.

When he ordered his Cadillac, he seriously doubted whether any motor car could be quite as good and wonderful and satisfying as a Cadillac is reputed to be. Sounded almost too good to be true.

Well, he doesn't doubt it any more! He's five miles out on the road toward home—and he's ready to tell you that a Cadillac is every inch as great as its reputation.

He sensed it the moment he accepted the keys from his dealer and turned on the ignition. That deep, soft, satisfying response of the powerful V-8 engine was too significant for anyone to misunderstand.

He sensed it again when he touched the throttle and moved out into the street. The easy turn of the steering wheel—the soft, quick, positive reaction to

the powerful brakes—the buoyant "lift" of the deep-tufted seats—"Yes, here's a car, all right!"

And then he got past the corner light, and out in the stream of traffic—and his admiration knew no bounds.

"I feel so safe!" . . . "Yet, it's as light as a feather . . . and, oh, so agile and quick and responsive!"

Then there was a break in the traffic—and a stepped-up speed limit—and he bore down an inch or so on the throttle. But his foot came right up and went on the brake! "Have to be a little easier, there!"

And so it went—until he rolled up in front of the house—and sounded the horn for the happiest, most delighted family gathering in years.

Yes, it's true, what they say about Cadillac!

Why don't you come in—and get the whole wonderful Cadillac story? We'd be happy to see you any time.

### Demonstration Radar Speed Meter To Clock Cars Held Near Wichita Falls

Sgt. Philip Zeissel of the Safety Division, State Highway Department of Austin, gave a demonstration of the new radar speed meters near Wichita Falls last Friday. Officers from 12 counties of the Wichita Falls district attended the demonstration, which was held near the Kamay out-off on the Seymour road.

The machines, attached to patrol cars, may be put into use in the near future. Capt. K. B. Hallmark of the State Highway Patrol said. The idea, he explained,

is for the gadgets to be used as warnings for about a six-month period. After that time, they may be used in enforcement.

The radar apparatus enables patrol cars to check other autos moving at various speeds, which are recorded on the meter and on a graph. Viewing the demonstration were city, county, sheriff and police officials of the 12-county district, in addition to many of the district's patrolmen.

How many machines the state will have available when they

are put into operation is still uncertain. Sgt. Zeissel said the department hopes to have one in each of the state's 16 districts.

The Department of Public Safety is putting on demonstrations over the state in an effort to acquaint various persons with the radar setup. For demonstrations, units of the machine are placed on the outside of the vehicle; however, when put into actual use they will be installed inside the patrol or law enforcement vehicles.

Capt. Hallmark said that signs would be placed on highways where radar equipment is used so motorists will know their speed may be checked. The system is an adaption of radar used during the war. It sends out a beam down the highway, and approaching vehicles send the reflection back, thus recording the speed. When the beam is aimed straight down the highway, Sgt. Zeissel said, it is very effective for a distance of 200 feet, and much farther in many instances. Working off the automobile battery, the system has a transformer, a transmitting and receiving unit and the meter and graph for recording speeds.

The system is used successfully in 31 states, and is reported to allow no more than a 2 per

cent margin for error.

Sgt. Zeissel is a former Wichita Falls policeman, serving on the force from 1938 to 1941, when he joined the patrol. His parents are Mr. and Mrs. George Zeissel of Munday.
