

Kracker Krumb's

Odd Bits Salvaged at Random

According to the records, Knox County will be voting stronger, but not much stronger, than she did two years ago.

k-k

Poll tax sales at the end of January totaled 2,228, according to Buddy Bumpas, tax assessor and collector for the county.

k-k

And there might have been a few more added. Buddy said at that time he would issue poll tax receipts to those who mailed their applications in before midnight Tuesday.

k-k

Folks were all smiles about the snow and subsequent moisture that accompanied it. Even a very few fussed about the disagreeable weather, with temperatures down around 15 degrees.

k-k

Nothing like they had in the Plainview, Hale Center, Lubbock, Hereford, and other areas on the high plains.

k-k

Tommy Harper, the busy man around Quality Implements, is busier than ever this week. He's making preparations for the annual "John Deere Day" show.

k-k

A new wrinkle is being added to the refreshment period. You won't have an old implement dealer dishing out the coffee and doughnuts.

k-k

We've been approached on at least two different occasions about running a correction in the columns of this paper.

k-k

Our informants say we ran a news story some weeks ago—before the deer hunting season closed—to the effect that Terry Harrison went hunting and got his deer.

k-k

We hate to see the Firestone store go out of business. We hate to see any business quit, because it isn't a boost to our town.

k-k

We were asked several times last week if we still had just three horses to a four-horse plow, which we did.

k-k

Our thanks to someone at the Knox County Hospital. We have our hospital news running again this week.

Feature For John Deere Farm Show

A treat of six all-color films awaits farmers and their families who are to be guests of Tommy Harper of Quality Implements on John Deere Day to be held Monday, February 13.

The film fare, which is to be shown at the Munday school gymnasium, will be headed by a full-length feature entitled "Tim's Choice."

\$9,000 Theft Reportedly From Munday Hotel Room Is Error, Check-up Reveals

It had the town talking in a big way; but shucks, it was too much excitement to have happened in a little town.

A story in Tuesday's issue of a daily paper reported that \$9,000 worth of valuables were stolen in a Munday hotel last Saturday.

The story which caused the exciting conversation follows: \$9,000 Valuables Stolen from Widow in Munday Hotel

MUNDAY, Feb 6 (RNS)—Detectives were attempting Sunday to trace almost \$9,000 worth of valuables stolen Saturday in a downtown hotel room from a 55-year-old widow.

Mrs. S. E. Youngblood of Antton, former Knox County resident, told officers two diamond rings worth about \$4,000, a diamond-studded wrist watch worth about \$4,000, a \$750 mink stole and \$150 cash were taken.

Suspects are a middle-aged man and woman. Mrs. Youngblood met Saturday. She told police she met the woman in the hotel lobby.

The two women went to a restaurant where they met the man, supposed to be an "old friend" of the woman, Mrs. Youngblood said.

Mrs. Youngblood owns some property near Knox City. It just goes to prove you can't believe everything you see in the newspapers.

Goree Girl Named Future Homemaker; Is Presented Pin

The Betty Crocker Homemaker of Tomorrow in Goree High School is Glenda Morse, daughter of Mr. and Mrs. Melburn Morse.

She received the highest score in a written examination which tested the homemaking knowledge and attitudes of girls in the graduating class. She will be entered in competition to name the state's candidate for the title of All-American Homemaker of Tomorrow.

Little Pam and Glenn Elliott of Aspermont spent last week with their grandparents, Mr. and Mrs. Otis Simpson.

Knox County Hospital Notes

Patients in the Knox County Hospital February 5, 1956:

Mr. E. R. Hobert, Munday; Mr. R. L. Grady, Rochester; Mr. S. P. Keny, Knox City; Mrs. S. E. Strickland, Rochester; Mrs. Laura Mann, Rochester; Mrs. Pete Garcia and baby, O'Brien; Mr. Lee Adams, Knox City; Mr. Hollis Gideon, Knox City; Marva Kay Denton, Knox City; Mrs. Whisenhunt, Goree; Mr. W. B. Hamilton, Benjamin; Mr. John Rader, O'Brien; Miss Patsy Carver, Rochester; Mrs. W. O. Brummitt, Knox City; Miss Cora Kuykendall, Fort Worth; Mrs. C. F. Suggs, Munday; Mrs. M. Boggs, Munday; Mrs. G. B. Reed, Knox City; Mr. W. W. Keen, Vera; Herrera Baby, Goree; Virgil Allen, Goree; Eugene Curtis, Munday; Mr. M. G. Nix, Munday; Mrs. Joe Vasquez and baby, Munday; Sam White, Goree.

Patients dismissed since Monday, January 29, 1956:

Mr. C. H. Gilbert, Munday; Mr. Geo. L. Jackson, Benjamin; Douglas Kennibrough, Vera; Mrs. J. R. Hitchcock, Knox City; Mrs. Ruth Clark, O'Brien; Mrs. Josephine Cantu, O'Brien; H. L. Bird, Knox City; Mrs. J. E. Messenger, Swenson; Mrs. Chas. Ray Grant and baby, Knox City; Mrs. J. T. May, Knox City; Mr. Leon Bivins, Benjamin; Mrs. Manuel Ramos and baby, Knox City; Mrs. O. B. Knight, Rochester; Francis Warren, Knox City; Bobby Vadney, Munday; J. O. Brothers, O'Brien; Mrs. J. L. Wright and baby, O'Brien; Mrs. Gene Burt and baby, Knox City; Mrs. O. J. Huntsman, Jr., Rochester; Mr. Earl Holmes, O'Brien; Mary Kathryn Kane, Munday; Mr. T. L. Tanner, Rochester.

Merkel Trips Moguls, 73-59

The Merkel Badgers pushed their contention for the 8-A cage title last Tuesday night by defeating the Munday Moguls 73 to 59 on the Merkel courts.

Glenn Amerson of the Moguls was high for the Moguls with 18 points. Jerry McLeod and Kermit Rutledge paced the Badgers, both scoring 19 points.

The win brings Merkel into a showdown with Throckmorton for the loop title. The Badgers play the Greyhounds at Throckmorton on Friday night.

Munday P-TA Will Meet February 16

Members of the Munday Parent-Teachers Association voted to have meetings last fall when it was being discussed whether to continue with the P-TA, and a program was planned with only a few meetings being held.

A meeting will be held at 8 p. m. Thursday, February 16, with a good program being planned. With Joe Massey as counselor, a youth forum will be held, discussing the activities of our youth.

Mr. Massey has suggested that as many young people attend as possible.

HOME FROM HOSPITAL

Ardell Spelce was discharged from the Veterans Hospital in Dallas last Thursday and is reported to be doing nicely. Mrs. Spelce and Kenneth visited with Mr. and Mrs. Eddie Savage in Dallas while Mr. Spelce was in the hospital. They returned home on Saturday.

Drive carefully. The life you save may be your own.

Mrs. Clayborn, 89 Dies Wednesday; Funeral Today

Mrs. Antha Belle Clayborn, 89, pioneer mother and resident of Knox County since 1900, passed away at her home here at 1 p. m. Wednesday. She had been in ill health for about 16 months.

Mrs. Clayborn was born November 10, 1866, in Tennessee and was 89 years, 2 months and 28 days of age. She was married to J. F. Clayborn in 1884 in Tennessee. Mr. Clayborn, a farmer, passed away in 1938.

Funeral services were slated for 2 p. m. Thursday from the Church of Christ in Munday with Payne Hattox, minister, officiating. Burial in Johnson Memorial Cemetery will be under the direction of McCauley Funeral Home.

Survivors include four daughters, Mrs. Florence Thompson and Mrs. Myrtle Cox of Munday, Mrs. Tom Harlan of Goree and Mrs. Savannah Wilson of Meador; two sons, H. C. Clayborn of Munday and Earl Clayborn of Marysville, Calif.; 27 grandchildren, 36 great grandchildren and five great great grandchildren.

County Supt. M. D. McGaughy of Benjamin was a business visitor here last Tuesday.

Mrs. Russell Doran of Odessa spent last week here with her parents, Mr. and Mrs. W. C. Bevers.

Three, One-half Inch Snow Adds Moisture To County

Mrs. R. A. P'Pool Services Held Here Saturday

Mrs. Ethie Lee P'Pool, 74, pioneer Munday school teacher to whom death came last Thursday, was buried in Johnson Memorial Cemetery Saturday morning.

Funeral services were conducted by Rev. Royle Ragle in the First Methodist Church, in which Mrs. P'Pool's membership dated back to one month short of charter authorization. In recent years she had lived with her daughter, Mrs. Paul Mathers, in Hereford, and was in an Amarillo hospital at the time of her death.

Mrs. P'Pool was born in Springville, Tenn., in 1881 on February 24. In 1906 she was married to R. A. P'Pool, who died in 1913. Until illness invalidated her twelve years ago Mrs. P'Pool was prominent in local school, church, and civic affairs. She taught in the schools here and from 1927 to 1935 served as school superintendent of Knox County. Also well known in Wichita Falls, she had resided there several years in the home of her brother, the late Dr. Q. B. Lee.

Six nephews who served as pall bearers were Travis Lee, Moulton Wiggins, Bob Lee, Quincy Joe Lee, Dr. Frank Lee and Dr. James T. Lee.

Besides her daughter, Mrs. P'Pool is survived by two sons, Guy P'Pool of Orange, Texas and Casey P'Pool of Longview, Texas; two sisters, Miss Shelly Lee and Mrs. Austin Caughran of Munday; a brother, Homer Lee of Wichita Falls; one great-granddaughter, four grandchildren, nine nephews and five nieces.

Besides Mr. and Mrs. Mathers, those from out of town who attended the services were Mr. and Mrs. Homer Lee, Mrs. Q. B. Lee, Bob Lee, Quincy Joe Lee, Dr. Frank Lee, Dr. James T. Lee, all of Wichita Falls; Guy P'Pool, Mr. and Mrs. Casey P'Pool, Miss Geraldine P'Pool of Longview and Dallas, Bert Cantwell of Dallas; and Mr. and Mrs. Sam Canteley III of Fort Worth.

Guest Preachers To Fill Pulpit At Methodist Church

Rev. Marshall Rhew, Superintendent of the Stamford District, will be the guest preacher for the First Methodist Church next Sunday at 10:55. Bro. Rhew has been serving as superintendent of the District for three years and has been in the Munday church many times.

Rev. C. R. Copeland will be preaching at the 7 o'clock evening service. He and his family have been living in Munday during the year and have become well known to the entire community. A cordial invitation is extended to the general public to attend these services.

The pastor, Rev. Doyle Ragle, will be teaching a course on "Understanding and Using the New Testament" in a District Training School in the First Methodist Church in Brownfield. All the Methodist Churches of the Brownfield area will be cooperating in the school. It will be one of the largest schools ever conducted in the Northwest Texas Conference.

Weather Report

For seven days ending 7 p. m., February 8, 1956, as compiled by H. P. Hill, U. S. Weather Observer.

Table with columns for date, low, and high temperatures for February 2-8, 1956. Includes precipitation data for 1956 and 1955.

Prize Winner

Mrs. Dessie Fields has received word that her granddaughter, Cheryl Jean Barton, age 10, daughter of Mr. and Mrs. Bobby Barton, of Pecos had won first prize of \$10.00 in the Paymaster Youngsters Christmas coloring contest.

Former Munday Resident Dies At Amarillo

C. L. Ledwig, 69, died at 9:15 Wednesday, February 1, at St. Anthony Hospital in Amarillo, where he had been seriously ill for several months.

Funeral services were held at St. Mary's Church in Groom at 10 a. m. Friday, February 3, and burial was under the direction of Boxwell Funeral Home of Amarillo.

Conrad Lawrence Ledwig was born November 5, 1886, at Yorktown, Texas, and was married to Miss Jennie Ruff at Corpus Christi on September 18, 1915. He had been a resident of Groom for 34 years, moving there from Munday in February, 1922.

At the time of his death, Mr. Ledwig was president of the Farmers Grain and Implement Co. of Groom and Claude and of Ledwig's Elevator, Inc., of Groom. He was also engaged in farming and livestock raising.

Mr. Ledwig was a member of St. Mary's Church of Groom and a fourth degree member of the Knights of Columbus.

Surviving him are his wife, Mrs. Jennie Ledwig of Groom; two daughters, Mrs. Louise Dane of Groom and Mrs. Jeanette Keller of Amarillo; three sons, James and Bob of Groom and Jack of Stinett; one brother, Felix Ledwig of Groom, and 16 grandchildren.

New License Tags Are Being Issued

Beginning on Wednesday, February 1, M. A. Bumpas, Jr., county tax assessor and collector started issuing the new 1956 vehicle license plates in the county. The new tags may be purchased at any time, now, but must be on all vehicles by April 1.

Knox County's tags for passenger cars carry the numbers AR-10 through AR-1149 and AT-8150 through AT-9999 this year. They are black with orange numerals and are slightly longer than the old tags. The prefix letters are side by side and the same height as the numbers instead of one on top of the other, as in the past.

The new size is an attempt to standardize plates throughout the United States. Officers claim the numbers will be easier identified.

Mr. Bumpas also reminded automobile owners that April 15 is the deadline for the new automobile inspection stickers.

GOREE P-TA MEETS TUESDAY, FEBRUARY 14

The Goree P-TA will hold its regular meeting on Tuesday, February 14, at 3 p. m. The program will be presented by the eighth grade.

Rev. J. W. Baughman will speak on "The Family Assumes Civic Obligations."

Several days of chilling temperatures and moisture in the form of snow have brought a slight change in general conditions for this area. Although the snow brought only around 35 of an inch of moisture, it stuck rather close to the ground and all moisture soaked in as the snow melted.

The snow started on Thursday and continued through Saturday night. H. P. Hill, local U. S. weather observer, stated around three and one-half inches of snow fell, bringing the 35 of an inch of moisture. The wind remained mild, and the snow fell rather evenly.

Temperatures dropped to around 15 degrees during the several days of severe weather. As the sun came out Monday, the temperature climbed to 50 degrees and a large portion of the snow disappeared. Spotted patches were visible in open places on Tuesday, while greater amounts remained in the shaded areas.

Knox County appeared to be just in the edge of the severe storm which struck the high plains, where 24 inches and better were reported at Plainview, Hale Center, Hereford, Lubbock, and other oints where many families were marooned in their homes.

Children's Photos To Be Taken Here Tuesday, February 14

Next Tuesday is the big day for the picture taking of your youngsters! The Munday Times is having pictures taken of all children who are brought by their parents or other guardian to the Munday Hotel between 10 a. m. and 5 p. m. absolutely free of charge.

The Woltz Studios of Des Moines, Iowa, a nationally known portrait studio, will be in charge of the photography. The Times wants a picture of your child to print in its forthcoming feature, "Citizens of Tomorrow," a series of photographic studies of local children. The more we get the better the feature will be, so the cooperation of the mothers and fathers is urged.

It often seems to parents that children are little one minute and are grown up the next, so fast does a child's growing stage pass. Here is a splendid opportunity to catch a likeness of your child or children at the present stage for the pleasure you will get out of it in future years and for the pleasure you will enjoy in seeing it in print. You will want to clip it from this, your home town newspaper, and preserve it for the youngster when he or she grows up.

There is absolutely no charge or obligation for taking the pictures. Parents don't even have to be a subscriber to the paper, nor even a reader. You do not have to purchase pictures either, although you may obtain additional prints by arranging direct with the Studio representative if you want them. That is entirely up to you!

Injured Couple Still In Hospital After Accident

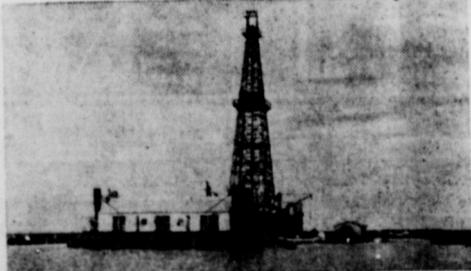

Mrs. Mahlon Boggs and Mrs. C. F. Suggs, both of Munday, remained in the Knox County Hospital for treatment the first of this week, receiving treatment for injuries received on Wednesday, February 1.

The two were injured when the 1955 Chevrolet in which they were travelling began spinning on the ice coated Wichita River bridge near Guthrie and turned over. An ambulance from Paducah brought them to the Knox County Hospital.

M. W. Crigler, state highway patrolman of Paducah, and Sheriff Dub Hollar of Guthrie investigated the accident.

MOVE TO WICHITA FALLS

Mr. and Mrs. J. Bryan McColm and children moved to Wichita Falls the first of this week to make their home. Mr. McColm will be employed by the Mattingly-Grace Bulck Co.

WORLD'S DEEPEST WELL—Prospects for oil production are encouraging at this record depth well which has "bottomed" at 22,559 feet. It was drilled by barge-mounted rig of Richardson & Bass in marsh country south of New Orleans, La. Drillers report that record depth was reached without a single drilling pipe failure. All the drill pipe and wire rope were supplied by Jones & Laughlin Steel Corporation. The "hole" is now being conditioned for oil production in zones above the deepest penetration. Previous record depth was 21,482 feet, set in Kern County, Calif.

THE PRESIDENT'S FARM PLAN

The New York Herald Tribune has devoted a thoughtful and sympathetic editorial to the farm problem. The basic trouble, it points out, is that increased farm productivity has been accompanied by a declining market. During and after the war we fed much of the world and, rightfully, farmers were given every incentive to expand acreage. But these incentives—of which the biggest was high fixed price supports—were continued after world conditions had greatly changed. The inevitable result was enormous and incredibly costly surpluses.

Then the Herald Tribune considers the President's new farm plan, with particular emphasis on its principal element—the soil bank. Under this concept, acreage would be withdrawn from all production and the farmer, in return, would receive cash or its equivalent in grain now held by the government. At the same time there would be a long range conservation project to put marginal land into forest or grassland that would retain water and reduce erosion. The paper said: "President Eisenhower's program constitutes constructive answers to the most pressing economic problem facing the country. His proposals are far better for the farmer and the country than a mere return to fixed parity prices, which would only encourage greater surpluses at greater cost to the nation in payments and in storage expense. Land will not be diverted from one surplus crop to another, or to grazing, which would add to the livestock raisers' woes."

Finally, the Herald Tribune made a point with which all should agree when it said: "The farm problem must not become exclusively the political football of an election year. It is a national issue, demanding, within the limits of reasonable controversy, the judicious consideration of both Republican and the Democratic parties as well as of all sections of the country."

PARTNERS

The vast construction expenditures being undertaken by producing industries have their counterpart in distribution enterprises.

According to Chain Store Age, the chains spent \$1,065,000,000 for construction and modernization last year. This was 22 per cent above the 1954 figure and was also a new all-time record. And it will be exceeded, the magazine says, this year.

Other kinds of stores are right in the swim of progress too. Mass production and mass distribution are full and equal partners. They go forward together—to the benefit of everyone.

GRASS ROOTS OPINION

Preston, Idaho, Citizen: ". . . Unless businessmen who can't be bothered with politics start smartening up and speaking up and fighting for our economic system, the rising curve will meet the reward curve coming down—and there goes free enterprise! We shall then have the 'welfare state' for which we shall all be working."

Saugerties, N. Y., Daily Post: "The dairy people . . . have begun to promote their own goods on their own merits, and the demand is growing."

Norwalk, Conn., Hour: "Every time a motorist fills his gas tank, he pays well over a dollar in taxes to the state and federal government. This fact, said T. S. Petersen, president of Standard Oil Company of California, might well push the tax up to a point of diminishing returns on a commodity supposedly not in the luxury class."

Fayetteville, N. Y., Eagle-Bulletin: "Are a few dollars in federal aid (which you, as a taxpayer, would pay in the first place) worth the sacrifice of the free educational system? Are a few dollars in federal aid worth learning from books and teaching standards established by a vast federal government that consciously or unconsciously would include political thinking in its mandates?"

Johnston, S. C., Ridge Citizen: "There are powerful forces at work in this nation attempting to federalize the schools along with the power industry and others. We should be on guard against these forces."

Norwalk, Conn., Hour: "The family doctor is a great institution. His financial reward may not be as great as the specialist's but the personal and professional satisfaction he gets in his practice truly is beyond price."

MILLIONS NEVER SAW AN ELEPHANT!

Some may wonder why the circus keeps coming back year after year. After all, the acts and the animals and the clowns and all the rest of it are pretty much the same.

One reason is that a great new audience comes into being in this country each year. Last year, for instance, 4,000,000 babies were born—and none had seen an elephant!

In other words, the circus comes back because the American scene is forever changing. There's a lesson in that for merchants and all other business people. They must keep on selling their wares and attractions to their new customers as well as their old. And they must help sell, too, the philosophies and ideals, based on freedom, that have made this country what it is. For the new faces need to learn about them—and all the rest of us need to be constantly reminded.

WHAT DOES THE BIBLE SAY?

RESURRECTION OF THE DEAD

When Jesus comes again, not only will the dead in Christ be resurrected, but all the dead will be raised. Listen to the words of our Lord himself, recorded in John 5:28-29. "Marvel not at this for the hour is coming in which all that are in the graves shall hear His voice, and shall come forth, they that have done good unto the resurrection of life; and they that have done evil, unto the resurrection of damnation." When Jesus comes, He said, all will be raised from the dead—at the same time; both the righteous and the unrighteous; the good resurrected unto eternal life—the evil, resurrected unto eternal damnation! There is no such thing taught in the Bible as two resurrections—a thousand years apart.

EXECUTE JUDGMENT

When our Lord comes again he will come to execute judgment and take vengeance on them who know not God and

who obeys not the gospel of Christ. (2 Thess. 1:8) God has given him authority to execute judgment. "And hath given him authority to execute judgment also, because he is the Son of man". (Jn. 5:27). He is the author of eternal salvation unto all them that obey him" (Heb. 5:9). He will come to separate the righteous from the unrighteous, the sheep from the goats; to reward the faithful with the crown of life and banish the unfaithful to eternal damnation. (Matt. 25:31-46). Eternal damnation in hell will last just as long as eternal life in heaven.

We are all, every one, bound to meet the Lord in judgment! What will be your destiny? If you are not a Christian, will you not accept Him upon the terms laid down in the Bible? Come believing, repenting of your sins, confessing Christ as the Son of God and be baptized into Christ for the remission of your sins. Thus becoming a child of God, a Christian. (Mk. 16:15-16; Acts 2:38; Acts 17:30; 22:16).

IT'S THE LAW
in Texas
A public service feature of the State Bar of Texas

COURTS APPLY STRICT TESTS FOR TRUTH, RELEVANCY

The tests of truth and relevancy which courts apply are stricter than those which we use in daily life. As a rule we don't put a man under oath. We don't cross-examine him if his story fails to hang together. We don't jail or fine him if he lies to us. But we do these things in court.

Why is that? Because we think everything that takes place in a courtroom is important. Your property, your personal or civil rights—even your family's welfare or your life or liberty—may rest upon the truth of testimony in court.

Eager as courts are for facts, their tests fall short of those of science. When a scientist doubts the outcome of an experiment, he need not rely upon somebody else's word. He just repeats the experiment in question.

But not so in court. The acts told of in courts cannot be lived over again, for the court to see first hand. For example, you cannot bring back and ask a dead man whether he signed a will or whether the accused killed a man. We cannot re-do a murder; we

can only get the witnesses to tell what they know first hand.

To protect each party, there are a number of safeguards. One of these is that we put the witness under oath on pain of penalties for lying. Another is that we cross-examine the witness.

The relevancy test is still another example. Evidence which does not meet the test may be excluded from consideration in determining the facts of the particular case, upon objection by the opposing attorney.

Evidence is "relevant" only when it legitimately tends to answer some question of fact involved in the controversy or case at hand.

Lawyers may seem always to be objecting to testimony. They have a duty to their clients and the court, to see that the judge and jury hear only what is true and relevant under the law.

If a lawyer protests, the judge may rule out some kinds of facts and tell the jury to ignore them. Sometimes too, some facts seriously break the rules of evidence. Then the judge declares a "mistrial" and orders a new trial. He does this when the testimony is so unfair as to put the rights of the accused in danger. He does this also to protect the public.

(This column, based on Texas law, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts because the facts may change the application of the law.)

NEW RESERVE ARMORIES PLANNED FOR TEXAS

AUSTIN—An extensive program for construction of new Reserve armories in Texas has been announced by Brig. Gen. Lewis S. Griffing, Chief of Texas Military District.

This program, according to Griffing, is aimed at furnishing suitable training facilities for the expanding U. S. Army Reserves, expected to result from passage of the Reserve Forces Act of 1955.

At the present time permanent type Reserve armories are located at Houston, Beaumont, Fort Worth and Austin. In other Texas cities and towns, Reserve training is conducted in either leased, rent-free facilities, or at Regular Army installations.

Already under construction is a 200-man type armory at Huntsville which is expected to be completed about February 29; a 200-

Qua

Gas Company's Sales Promotion

Munday and some 350 other cities and towns in Texas and Oklahoma and he will have headquarters in Dallas. Lynn replaces Kenneth Watkins who takes over management of the dealer assistance section of the General Division Sales and Promotion Department.

Lynn began his Lone Star career September 15, 1930, in Dallas. After working in the meter shop and home service department for two years, he became one of the company's first four retail salesmen in Dallas. He was appointed to the post of sales supervisor in Dallas in 1939 and became assistant new business manager in 1941. He was named new business manager in 1945, holding this post until his appointment as sales and promotion manager for Lone Star's Dallas Division of Distribution in 1954. His new assignment in the General Division becomes effective February 1.

A graduate of Soldan High School of St. Louis, Missouri, Lynn was graduated from Southern Methodist University in June, 1928, with the Bachelor of Science Degree. He is a member of the Southern Gas Association, the Dallas Sales Executive Club, associate member of the Dallas Real Estate Board and past president of the Blue Flame Merchandising Club of Dallas. He is a Methodist.

Mrs. Lynn is the former Josephine Abraham of Plainview. The Lynn children are Jo, 17, and Jane, age 15 years.

"Marketing Texas Wool on A Quality Basis" is the title of a new bulletin just released by the Texas Agricultural Experiment Station and Extension Service. It is available at county extension offices or from the Agricultural Information Office, College Station, Texas.

Rules and regulations for the 1956 Texas Broiler Festival have been released. County agents and teachers of vocational agriculture can supply details on the program.

Loans Made To Farmers To Meet Special Needs

The Farmers Home Administration has broadened its lending authorities to meet the special needs of established small farmers who, due to drought and other adverse conditions, have been forced to work part-time off the farm in order to make a living for the family. Walter T. McKay, the agency's State Director announced today. The extension of credit to these small farmers, who are in need of credit primarily for farm operating expenses that cannot be obtained from their usual source of credit, together with the income from their off-farm work will permit them to continue farming and to maintain a satisfactory standard of living, McKay said.

These loans are short-term credit designed to help farmers finance one year's operations. Credit may be extended to farmers who are operating units no larger than a family type farm provided there is a sound basis for credit. McKay stated this means that the anticipated gross income from farming and other sources must be sufficient to repay the loan, meet farm and home expenses not provided for in the loan and provide a reasonable margin above such amounts.

Applications may be filed at the county office located in Seymour, Texas, or the local county office located in the A.S.C. office in Knox City, Texas, each Tuesday, Mr. Wilburn A. Satterwhite is the County Supervisor. The local Knox County Farmers Home Administration Committee, B. E. Smith, Murval H. Jackson, and John Atterbury, determines the eligibility of applicants for these loans.

Credit is also extended by the Farmers Home Administration over longer periods to finance adjustments and improvements in farming operations.

The brooder house should be cleaned and put in good repair several days prior to the arrival of the chicks. Operate the brooding equipment also to be sure it is in proper operating condition. The first few days of the chick's life are very important. Give them the start they need.

Texas vegetable growers and others concerned with processing and shipping are cautioned by Extension Entomologists to follow closely recommendations covering the use of pesticides on food crops. Crops showing excessive poisonous residues are illegal in intrastate commerce and when seized represent a complete loss.

A favorite bit of philosophy: If a bird doesn't fly very high, he doesn't have so far to fall.

Mr. Crump of Memphis was called "the last of the big city bosses."

When I was a young reporter on the Commercial Appeal many years ago, he had already become the political ruler of the Tennessee city. The "C. A." led a movement against his candidates and I was assigned to cover a rally at which the principal speaker was Hunter Wilson, who was running for attorney general (district attorney). Our paper was for an other candidate and Mr. Crump was for still another, Sam Bates. The speaker let both his opponents have it, "hot and heavy". I wrote in full his remarks assailing Bates but merely said, "He also paid his respects to his other opponent," without giving any details.

Bates read the account and obtained the impression (which I had hoped he would) that Wilson

had singled him out. So, that night, Bates devoted most of his speech to Wilson and I wrote up all his onslaughts on his rival.

I will always believe that I would have succeeded in producing a "cat-and-dog" fight between the two and that the public would have turned to the third man in the race; but I was assigned to something else, and so Mr. Crump won another election!

Some months back, when a Texas county needed some land, the owners were paid \$6,000 for it. The land was on the tax rolls for \$30.

It might be a good thing to pass a law that, in case a city or county needs a piece of property for public purposes, it could buy the property at not more than three times what it is on the tax rolls for.

In Hot Springs, a candy shop sells flavored popcorn—you know, like the jello which comes in seven delicious flavors. And at a

Memphis theater lobby stand, you can buy a dill pickle.

Uncle Zeke says, "If a man gets a flat-top haircut with the intention of appearing ridiculous, he will be happy to know that he succeeds completely."

A lawyer asked a witness, "Do you talk in your sleep?" He replied, "I don't know; I never have stayed awake to see."

The losses from farm accidents are so appalling and the benefits of a safety program so greatly to be desired that everyone interested in the permanent welfare and progress of agriculture must push ahead for greater safety says the Texas Farm and Ranch Safety Committee. Work at safety . . . to make safety work.

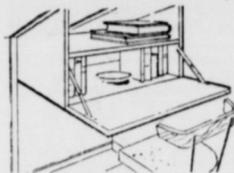

Potatoes, pork, beef, grapefruit and cabbage top the plentiful food list for February.

Drive carefully. The life you save may be your own.

Remember Desk in Attic

IN MODERNIZING an attic, don't forget the advantages of a built-in desk, like the one shown in the illustration. Construction is simple, but the framing should be installed before covering the rafters with panels. Actually, this is a desk plus two storage shelves. The door may be made the same height as

the space between the shelves or it may extend above the top shelf. In the latter case, you'll protect the contents of the shelf and have a larger writing surface.

Both the desk door and the shelves are made similarly, by forming frameworks of 1 by 2-inch lumber, fastening them together with corrugated metal, and gluing Masonite 3/16" Tempered Presdwood to both sides.

A permanent material for covering attic rafters is Masonite Panelwood, a hardboard that's easy to work, quick to install and long lasting. Available at lumber yards, it comes in 4 by 8-foot panels which go up in a hurry with a minimum of fuss and muss.

For a free plan showing the desk and other plans for modernizing an attic, write to the Home Service Bureau, Suite 2037, 111 West Washington St., Chicago 2, Ill., requesting No. AE-297.

Texas State Board Of Water Engineers Needs Information On Surface Water

Water is the subject these days of as many conversations as the weather. The two are of vital importance to the general welfare of Texas.

The last session of the Texas Legislature, by law, made provisions for the gathering of information badly needed by the State Board of Water Engineers for making a more nearly complete inventory of all surface water in Texas.

Among the provisions of the new law is one dealing with reporting on the use of surface water for irrigation, industrial and certain other purposes. This does not apply to those using underground water for any purpose nor to surface water used for domestic or stock-raising purposes.

It is the responsibility of the State Board to collect and ana-

lyze the information obtained from the reports.

Board Chairman R. M. Dixon points out that anyone using water from streams or natural water courses or from reservoirs located on such courses is required under the new law to file by March 1 each year a report on water used. The report forms are short and can be easily completed. The report forms may be obtained from the State Board of Water Engineers, 1410 Lavaca Street, Austin, or from the office of the local county agricultural agent.

Dixon says the Board recognizes the riparian rights of landowners and considers it a legal use of water. Also that the Board desires to serve those concerned in the best possible manner and asks the full cooperation of all in carrying out the provisions of the new law.

"It is the duty," he adds, "of those required to file a report to do so on time. Promptness on the part of the water users concerned will speed-up the work of collecting the vitally needed water use information. Our only intention is to get information."

The information collected will be used by the board to deter-

Goree Woman's Study Club Has Meeting Feb. 2nd

The Goree Woman's Study Club met in the home of Mrs. W. M. Taylor on Thursday, February 2, to study outstanding personalities of today in art, religion, and statesmanship. Mrs. Taylor introduced Mrs. Alma Reeves, who gave a very informative talk on Albert Schweitzer, the noted theologian and physician.

Ten club members and one guest, Mrs. E. L. Jones, answered roll call by giving information on such persons as Dorothy Thompson, Billy Graham, Sam Rayburn, Harry Truman, Ira Gershwin, Vincent Peale, and many others.

The club president, Mrs. H. D. Arnold, presided.

mine future water use; by engineers in planning dams and watershed projects; by soil and water conservation program planners; by industrial and municipal planners; by irrigation project or program planners; and to condition any permits granted for protection of downstream users.

"The filing of the report," says Dixon, "will in no way prejudice a person's legal right to divert water from a stream, river or natural water course or from reservoirs located on these courses." Those holding permits for water use have been filing reports since 1913.

GAS COMPANY CHIEF AT SEYMOUR MOVES

SEYMOUR—Roy Day, Seymour district manager of the Lone Star Gas Company for the past two years, has accepted a similar position with the company at Taylor.

He will be district manager of the Taylor district. The move was effective Wednesday but Day will not report to his new location until the end of the present school year.

J. L. McCaleb of Ranger, now associated with the Lone Star Gas Company, has moved to Seymour and is the new district manager. Mrs. McCaleb and their three children plan to make the move soon.

The Texas Heart Association says: "Some forms of the heart diseases can be prevented, some cured and almost all helped with proper treatment after early diagnosis."

S. T. Moody, 79 Retired Haskell Farmer, Passes

S. T. Moody, 79, retired Haskell County farmer, passed away at the family home in Haskell at 4:30 p. m. Sunday after being in failing health for several years.

He was born August 19, 1876, in South Carolina, and married Miss Sarah Jane Vollner at Mountain View, Ark., on January 29, 1900. The family moved to Haskell County in 1920, then to Haskell when Mr. Moody retired in 1942.

Funeral services were held at 10 a. m. Tuesday from the East Side Baptist Church in Haskell with Rev. Roland Williams, pastor, and Rev. H. G. Hammer, retired Baptist minister, officiating. Burial was in Willow Cemetery in Haskell under the direction of Holden Funeral Home.

Survivors include his wife of

Haskell; five daughters, Mrs. Millard Melton of Haskell, Mrs. J. F. Hallmark of Munday, Mrs. Bill Hood of Fort Worth, Mrs. A. H. Beaves of Champaign, Ill., and Mrs. Carroll White of Anson; five sons, A. J. and Berna of Haskell, D. L. of Munday, L. S. of New Orleans and R. L. Moody of Anson; two brothers, W. E. Moody of Mountain View, Ark., and Jim Moody of Blytheville, Ark.; one sister, Mrs. Henry Wallace of San Antonio; 15 grandchildren and two great grandchildren.

Rev. and Mrs. Robert H. Lloyd and son visited her mother, Mrs. John Vardeman, and Mr. Vardeman in Megargel last Monday. Mrs. Lloyd and son remained for a few days visit.

Lloyd Haynie of Wichita Falls spent last week here with his parents, Mr. and Mrs. Charlie Haynie, Sr.

SLICK CHICKS

New feed supplements, easily added to growing mash, bring baby chicks to broiler size faster and more economically than most growers thought possible a few years ago. Alert flocks such as this are being raised on Nopcosol M-9, a combination of the vitamins, growth stimulants, antibiotics and trace minerals of proven value in poultry nutrition.

Baby Chicks, Like Human Infants, Require Special Feeding Formula

Modern poultry nutritionists have proved that baby chicks, like human infants, flourish best when fed on formula compounded especially for their health and growth needs.

The practice of turning chicks loose to scratch with the adult flock for food—even food supplemented for the needs of grown birds—is as old fashioned as taking the human infant to the dinner table and feeding him from the mother's plate, nutritionists say.

Scientific studies have shown that chicks need a specially compounded diet of vitamins, trace minerals, antibiotics, and growth stimulants. When they receive these in proportions recommended by poultry nutritionists, they feather and reach broiler size sooner than when they receive the feed given adult birds. Their mortality rate is lower and their general health is far better on specially prepared chick feed.

These facts have been established through scientific studies by universities and research centers all over the country. Only recently, however, have commercial manufacturers found methods of applying the results of this scientific research so that they can be of practical value in the poultry yard. Nopco Chemical Company, for

instance has compounded at its Harrison, N. J. plant, a new feed supplement—Nopcosol M-9—which is made to meet the demands set down by poultry experts for baby chick feed. It not only fits the prescribed formula when made, it is guaranteed to be potent when fed.

TEN POUNDS TO TON
In addition to the correct amounts of vitamins A, D, B12 and E, riboflavin, pantothenic acid, choline, niacin, procaine, penicillin and the trace minerals, Nopcosol M-9 contains components which represent the most recent advances in nutrition: vitamin K, methionine and arsenic acid.

Usually Nopcosol M-9 is purchased by local feed dealers and mixed with the mash which they sell to poultry raisers. Chicken farmers with large operations occasionally buy the ten-pound bags (enough to fortify a ton of feed) and mix their own.

When home flock owners thus spring see their baby chicks grow better than ever before, they can thank their local feed mixer for providing the latest in scientifically balanced baby chick formula.

"BURGLAR" IN SCHOOL WAS JUST CUSTODIAN

Have burglars? Just grab a bucket and broom and run them off!

What was supposed to have been a burglar in the Goree High School early Monday morning turned out to be only the janitor, Garland Thiebaud.

There was a light burning in the building when City Marshall Roy Wallace was checking the town. Thinking it unusual, he went to town and awoke a friend, "Detective Dick Burison," got a gun and shells and went back to the school. They rattled the door, and the "friendly burglar" opened it for his visitors. He was carrying his broom and bucket.

Mr. Thiebaud had gone to the school building to light the heaters.

GOREE GIRLS DEFEAT KNOX CITY

The Goree senior girls defeated the Knox City seniors 57 to 49 in a basketball game Tuesday night. Mona Mobley was high point scorer with 20, while Dorothy Harrison scored 17 for Knox City.

The Goree senior boys were defeated by the Knox City boys, the score being 54 to 49.

Mrs. Imez Dutton and baby of Fort Herron, Mich., are visiting her parents, Mr. and Mrs. F. W. Franklin.

Mr. and Mrs. Gary Franklin of Monahans visited his grandparents here recently.

Mr. and Mrs. Bob Cooke of Fort Worth visited their parents, Mr. and Mrs. Lynn Cooke and Mr. and Mrs. Roy Mayo, last week end.

Waymon Robbins of Coleman visited his mother, Mrs. Annie Edwards, and Mr. and Mrs. Charlie Edwards and Mr. and Mrs. Terry Edwards and family of Munday last Sunday night and Monday.

Douglas Beaty was a visitor with his parents, Mr. and Mrs.

Jack Beaty, over the week end. Mr. and Mrs. Keith Chamberlain of Wichita Falls spent the week end with his mother and brother, Mrs. Bobby Chamberlain and Gaylon.

Mr. and Mrs. Billy Joe Cunningham and baby visited his father and with friends here last Tuesday.

Dick Burleson visited relatives in Electra over the week end. Jack Beaty has been visiting his family for the past several days. He is now employed by a construction company in South Texas.

Mrs. George Crouch and Donnie have returned home after a week's visit with Mr. and Mrs. Heard Crouch and Jimmy Crouch and also with Mr. and Mrs. Bud Yates and girls of Wichita Falls. Jimmy Crouch and Bud Yates brought them home and spent the day here Sunday.

Mr. and Mrs. Charles Atkinson and children of Borger visited their parents, Mr. and Mrs. Lock Atkinson and Mr. and Mrs. Walter Coffman, over the week end. Miss Mozelle Vandiver of Memphis is visiting her parents, Mr. and Mrs. S. E. Vandiver, and her sister, Nina.

Patsy Cunningham of Abilene visited her parents here over the week end.

Mr. and Mrs. Jerry Hudson visited with Mr. and Mrs. Boyd Baker in Munday last week. Sue had injured a foot.

Mr. and Mrs. Elvis Massey of Red Springs visited Mr. and Mrs. Jerry Hudson last Sunday evening.

BURGLARY AT AUCTION SALES BARN REPORTED

A burglary at the cafe of the Munday Livestock Auction Co., operated by Mr. and Mrs. L. C. Sweatt, was reported by local officers this week. The burglary took place either Monday night or early Tuesday morning. It was reported, and was supposed to be the act of youths.

Entrance was gained to the building, and a quantity of cigarettes, candy and chewing gum was taken.

Children Earning \$600 Qualifies As Income Taxpayer

The many inquiries received indicates that there is a misunderstanding regarding the taxpayer status of dependent children earning \$600 or more. C. B. Dixon, administrative officer in charge of Internal Revenue Service in Wichita Falls, Texas, announced today.

"A child earning \$600 or more qualifies as a taxpayer and must file a return and pay any tax due. This is true whether the parent claims the child as a dependent or not. Parents are responsible for the tax due from minors," Dixon said.

"Parents may claim the dependency deduction for a child earning \$600 or more under certain conditions. The parent must furnish more than half the support of the child to qualify the child as a dependent. The child must be under 19 years of age, or if 19 or over must meet the qual-

ifications of a student. A student must attend a full-time school during at least five months of the calendar year. Such schools include only institutions with a regular faculty and student body and do not include correspondence schools, night schools and employer training schools.

"For example, a child 21 attended a college as a full-time student during 1955 and earned \$720 which he used for school expenses. The father spent \$850 for the child's support. The child is required to file an income tax return and pay tax due on the above earnings. The father can claim the child as a dependent on his return since he contributed over half to the child's support. A child earning less than \$600 who has had tax withheld should file a return so that the tax withheld may be refunded to him," Dixon said.

Mr. and Mrs. J. D. Nelson and children of Fort Worth were visitors in the E. F. Yeager home last week end.

Recreation Room Divider

FOR materials costing under \$75, the amateur craftsman can build for his home a good looking, well designed recreation center that serves also as a room divider.

The unit has three roomy cabinets behind sliding doors, a four-drawer chest, shelves and a

bar cabinet. It provides room for a high-fidelity phonograph and speakers. It has a built-in desk for writing letters and for a family business center.

The entire back, formed of Masonite "Peg-Board" panels, may be used for displaying photographs, pictures, dishes or other decor.

Made of lumber and Masonite Presdwood, the combination unit has style, utility and beauty.

For a free plan detailing how to make this unusual combination project, write the Home Service Bureau, Suite 2037, 111 West Washington St., Chicago 2, Ill., requesting No. AE-314.

THE SOIL BANK PROPOSAL

Recent proposals concerning the national farm program have given added weight to the old declaration—"there is nothing new under the sun".

The idea of a "soil bank" is a sound one. Certainly, any program which is directed towards maintaining and preserving that vital six-inch average of cover that feeds and clothes our nation is worthwhile. We have had it before.

The Soil Conservation Service will recognize the soil bank as an old friend with a new name. The program was almost strangled by cut-backs in appropriations and adverse policies some three years ago. Now it is being revived with a few minor changes.

Opponents of this theory point out that this same program, under the title of soil conservation a few years ago, did not have the effect with which it is now attributed. Its primary purpose was to enrich the soil so that it could produce MORE when the land went back into production—which it eventually does. The crop lost during the "laying out" of the land was more than compensated for during succeeding years of

production. Can this lead us to more surpluses in future years?

Proponents of the "soil bank—less surplus" theory say it will take marginal land out of production. To a certain extent, it will. But at the same time, a great number of entire farms can be classified as marginal. These farms are not going to be abandoned entirely under this plan. Only a certain percentage of the land will be retired on a temporary basis to re-vitalize the soil.

Nevertheless, this soil bank or soil conservation program—call it what you will—can provide many long range benefits. But harm also can come from it when the plan is advocated as a cure-all for the problems which plague agriculture today. It should not be used as the focal point to draw attention away from the pressing needs of our farm people in Texas and the nation.

The soil bank is not the complete answer to our farm dilemma. But it is a well-remembered friend of all our farmers who mourned its death under the name of soil conservation three years ago.

LOCALS

Ray Ford of Fort Worth spent the week end with his parents, Mr. and Mrs. J. L. Ford.

Mrs. Doug Moore of Stanton visited relatives here over the week end.

Mrs. Della Parnell visited relatives and friends in Abilene this week.

Mrs. D. W. Mitchell of Seymour visited friends here last Monday.

Mr. and Mrs. W. C. Hertel were visitors in Wichita Falls last Friday. They were accompanied home by their daughter, Henrietta, who is attending school in Wichita Falls and who spent the week end with her parents and other relatives.

Boy Scouts Mark 46th Birthday

Onward... For God and My Country

**46th ANNIVERSARY 1956
BOY SCOUTS OF AMERICA**

OFFICIAL BOY SCOUT WEEK POSTER

More than 4,100,000 Cub Scouts, Boy Scouts, Explorers and adult leaders throughout the nation will observe Boy Scout Week, February 6 to 12, marking the 46th anniversary of the Boy Scouts of America.

Since 1910, Scouting has served over 24,500,000 boys and adult leaders.

The new Four-Year Program, "Onward for God and My Country," is launched in 1956 to help prepare America's boys to live

in today's world and to prepare them to carry their full share in the years ahead.

Boy Scout Week observances will feature rededication ceremonies to be conducted by each of the nation's 104,000 units at their meeting places on February 8, the actual birthday of Scouting in America. Demonstrations and exhibits will dramatize the purposes of the Boy Scouts of America and its rich heritage.

News From The U. S. Congress

Congressman Frank Ikard The House unanimously adopted a measure which would exempt gasoline and diesel fuel and other fuels from Federal excise taxes last week. The bill that finally passed the House was one that was written by the Committee on Ways and Means after the hearings that had been held on the bill that I introduced and others that would have had the same effect.

It has again been proposed that first class mail rates be increased so that a stamp for an ordinary letter would cost four cents instead of the present three cents. First class mail has historically made a profit for the Post Office Department, and it would seem that it would be better to thoroughly investigate the possibility of raising the other classes of mail before increasing the only one that has ever made a profit.

Hearings are slated to begin around the middle of February on various bills dealing with the Federal highway program. Undoubtedly these hearings will be

lengthy and possibly will consume several weeks. The Administration's original plan to finance this program by a long-term bond issue has been abandoned by them. It now seems reasonably certain that whatever kind of bill is passed in this session will be based on the idea of paying for the highway construction as it is built. This, of course, will mean that there will probably be an increase in taxes on fuels and tires. It would be impossible now to know, of course, the exact amount of these taxes or how they would be imposed.

The Department of Agriculture has published a bulletin entitled "Conquest of the Land Through 7,000 Years". This bulletin was written by Dr. W. C. Lowdermilk, formerly Assistant Chief of the Soil Conservation Service, after an eighteen month world tour in which he visited areas where land had been cultivated for hundreds or even thousands of years. This

bulletin is a report of his studies and nothing that I have ever seen points up so well what can happen through continued bad land use and what the real benefits of soil conservation are. This bulletin is only thirty pages long. It is well worth anyone's time to read it. If anyone would like a copy, if they will write me, I will be glad to send them one.

Visitors from home this week were Mr. Ralph Milburn, Mr. Floyd Randel, Mr. J. C. Boyd, Mr. Joe Pistocco, Mr. Bill Grace, Mr. Melvin Roberts, and Mr. Robert Mattingly of Wichita Falls. Mr. Ray Farabee, formerly of Wichita Falls, and presently of Philadelphia, was a visitor also.

Self-employed farmers and ranchers can become eligible for insurance benefits under the social security law by mid 1956 if they have earned as much as \$400 from farming in both calendar years 1955 and 1956 and have paid the social security tax.

"FARMER DEVELOPED" "FARMER APPROVED"

Carlton Underground Plastic Pipe

Two year workmanship and material guarantee.

Guaranteed forever against rot, rust and electrolytic corrosion. Can be moved if well fails. Approved for A. S. C. payments.

Won't leak—sold in 30-foot joints—eliminated "down" time for repairs. Reduces evaporation and seepage up to 40%. Reduces water cost.

Fed Cattle Pounded Sharply Lower Again

FORT WORTH—The movement of cattle and hogs continued at unusually heavy levels Monday around the major marketing circle. This coupled with reports of very slow movement of meat at wholesale levels in major consumer centers of population, resulted in a downturn of prices.

Cornbelt markets reported fed steers weak to \$1 and more lower. Chicago had the largest February run in 37 years—or, since 1919 on Monday. Two major markets again chalked up a run of hogs in excess of 103,000 as movement to market was resumed after last week's storms. Historically February is usually one of the lowest, if not the

lowest month, for fat cattle prices. The collapse of fat cattle prices the first time since World War II took place in February 1949 when choice fed steers sold at \$18 and \$19 at Fort Worth. This low point was struck the third week in February.

Fed steers sold at Fort Worth on Monday as low as at any time this winter. Prices were 50 cents to \$1 or more under average prices a week earlier. Cows were active and strong. Bulls ruled fully steady. Stockers and feeders were fully steady. Slaughter calves sold fully steady to strong.

Hogs Dip With Heavier Cornbelt Supplies Reported

Butcher hogs sold 25 to 50 cents lower at Fort Worth Monday and topped at \$13.75 to \$14. Less desirable weights and grades sold from \$11 to \$13.50. Sows sold from \$10 to \$12. Some light pigs were selling in the \$9 to \$11 range.

Some farmers reported that young sows were being disposed of in their section, as the farmers were giving up in disgust as the swine price situation continued to show no signs of improvement. However, there has not been a noteworthy increase in the num-

bers of young sows marketed here as yet, and reports indicate that those being marketed are going to sausage makers in their home localities for the most part.

Lambs Sell On Strong Basis; Supplies Light

Despite bearish reports from the dressed meat trade on the Eastern Seaboard (where the bigger part of the lambs and mutton are eaten) the lamb trade was stronger at Fort Worth Monday. Prices on choice lambs ranged from \$6.75 for some No. 3 pelt lambs and for \$17 to \$17.50 for No. 2 pelts lambs, up to \$17.50 to \$18 for No. 1 or Fall shorn lambs.

Cull, common and medium slaughter lambs sold from \$12 to \$16. Yearling muttons sold from \$12 to \$16. Old wethers drew \$8 to \$12.50. Old ewes sold from \$6.50 to \$7.50. Old bucks sold around \$6.

How To Get A Red Face (One Easy Lesson!)

This writer's deepest sympathy goes to the "expert" in a national livestock magazine just out, who confidently told his readers that the low time was past and that mid-winter livestock prices were on the mend. His publication has hardly hit the mails, when look what happens! Cattle prices tumble. Hog prices start downward again.

One question that every market reporter gets most often is "what do you think these prices are going to do?" Naturally, no one knows that. And, it is very hard sometimes not to take a peek into the future and get out on a limb a little way.

However, if we really did know what prices were going to do—life would be much simpler. We'd just buy and sell on the basis of this knowledge and soon have all of the money around safely in our poke.

Actually, even with all of the available facts and figures at hand it's hardly possible to make more than an educated guess as to what a market will do. The figures are unreliable at best—regardless of the source. Then, too, we have to consider the human element and there are millions of livestock people guesing whether to sell or not to sell.

What they decide to do governs the supply, of course. The supply governs the demand. So on top of that you have the whims of the consumers. Whether they decide to eat fish, poultry or red meat, also governs the demand. Looking at the future—ain't simple, at all!

Mrs. Paul Mathers of Hereford, who was here for the funeral of her mother, Mrs. Ethie P Pool last Saturday, remained several days for a visit with her aunts, Mrs. J. A. Caughran and Miss Shelley Lee, and other relatives.

Fred Lang of Midwestern University in Wichita Falls visited friends here over the week end.

Mrs. Cecil Honeycutt spent the week end with her husband in Waco.

NEWS FROM VERA
(Mrs. Thelma Lee Coulston)

Corporal and Mrs. Guindell Ritchie and son of Killeen visited over the week end with his parents, Mr. and Mrs. K. B. Ritchie. Ernest McGaughey, a student of McMurry College in Abilene, has been home with his parents, Mr. and Mrs. Arthur McGaughey, between terms.

Mr. and Mrs. Willie Allen and Mr. and Mrs. George Allen of Spur visited recently with Mr. and Mrs. Ed Allen.

The Women's Society of Christian Service met in a regular meeting Monday afternoon at the Vera Methodist Church. The classic "A serious Call to a Devout and Holy Life" by William Law, was studied. The following women had part on the program: Mrs. J. D. Jefeocat, Mrs. L. M. Christian, Mrs. Clifford Roberson, Mrs. Wesley Trainham, Mrs. S. A. Wolfe, Mrs. Jess Trainham, Mrs. J. N. McGaughey, Mrs. Olen Coffman, Mrs. Bobby Roberson, Mrs. Claudell Bratcher, Mrs. T. M. Hurd, Mrs. J. M. Roberson and Mrs. W. P. Hurd.

Mr. and Mrs. Sam Shipman visited recently with the Robert Trainhams in Santo, Texas.

Mrs. Jess Trainham entertained the Matrons Club members at her home last Friday afternoon.

Mr. W. W. (Billy) Keene is a patient in the Knox County Hospital.

Recent visitors in the home of Mr. and Mrs. H. H. Gore were Mr. and Mrs. Travis Gore of Wichita Falls, Hollis Gore and Johnny Gore of Hobbs, N. M.

Mr. and Mrs. Milton Kirby and Mr. and Mrs. Levoey Kinnibrugh were host and hostess to the members of the Matrons Club and their husbands at a dinner and forty-two party last Thursday evening. The affair was given in the home of Supt. and Mrs. Kirby. Present were Mr. and Mrs. Ted Russell, Mr. and Mrs. Wesley Trainham, Mr. and Mrs. Gaylon Scott, Mr. and Mrs. Clelan Russell, Mr. and Mrs. Clifford Roberson, Mr. and Mrs. Jess Trainham, and guests, Mr. and Mrs. Carl Coulston.

Two students have enrolled in the Vera School the past week. They are Linda Kay Campbell, in the fifth grade, and Gene Campbell, a 7th grader. They are the children of Mr. and Mrs. Calvin

Creates a Bellows From Plastic Bottle

INSTEAD of blowing out sawdust with the breath from blind holes and crevices, *Popular Mechanics* suggests the use of an empty plastic "squeeze" bottle,

which will serve as a handy bellows.

First, remove any remaining contents from the bottle. Then rinse it thoroughly with water or a solvent, being sure that it is permitted to dry thoroughly before it is used.

The magazine warns that eyes should be protected against flying particles when using a bellows of any type.

Campbell, formerly of San Antonio.

WEDDING PLANS ARE ANNOUNCED

Mr. and Mrs. W. J. (Bill) Townsend of Vera are announcing the engagement and approaching marriage of their daughter, Betty Jo, to Billy Kinnibrugh of Gilliland. The groom-elect is the son of Mr. and Mrs. Amos Kinnibrugh, also of Gilliland. The couple has selected March 11th, as the wedding date. The ceremony will take place at the Vera Methodist Church with Rev. C. R. Copeland of Munday officiating. The double ring ceremony is scheduled for 6:00 in the evening.

Charles Yost of Midwestern University in Wichita Falls spent the week end here with relatives and friends.

LETTER

Issued by Henry A. Holle, M. D., State Health Officer of Texas

AUSTIN—Over 95 per cent of our population is afflicted with some sort of dental disorder. However, if parents took advantage of all the preventive measures available, their children would grow up relatively free from dental disorders, asserts Dr. Henry A. Holle, Commissioner of Health.

Since these dental disorders have their start in children, early attention to proper dental health procedures helps the child avoid the dental disease that plagues his parents, he said.

"Tooth decay," Dr. Holle said, "is probably the most widespread dental disorder among children and improper diet can be blamed for the large incidence of the disease. Sugar, one of the main factors in decay, is consumed in 10 times larger quantities today than it was 100 years ago."

He urged parents to substitute fresh fruits such as apples and oranges and uncooked vegetables such as carrots and celery for sweets as between-meal snacks for their children.

The toothbrush, Dr. Holle has pointed out, is one of the best weapons against decay. He has stressed, however, that to achieve maximum benefits the timing and method of toothbrushing are vitally important.

teeth, the teeth should be brushed immediately after eating. The brush, he said, should be firm and small enough to get to all surfaces of the teeth easily. For best results, he suggested that the upper teeth be brushed down and the lower teeth brushed up.

Another weapon against decay, Dr. Holle said, is fluoridation of public water supplies.

"Scientific studies have shown that fluoridation has reduced our tooth decay as much as 65 per cent," he said. "No ill effects have been discovered from the measure which is currently in effect in more than 1,100 communities in the United States."

In communities that have no public water supply it is suggested that children receive direct applications of a fluoride solution from their dentists. These treatments have been found to reduce decay up to 40 per cent.

Parents are urged not to neglect periodic dental visits for their children in order that small cavities and other irregularities can be detected before they become serious. He also advised that early visits tend to eliminate any fears in the child, since little or no discomfort is involved.

By sticking to a regular, year-in and year-out blackspot control program, rose growers can get more and larger early blooms. Fungicidal dusts, either zinc or copper-sulfur, applied once each week during the growing season will give good control of black-spot.

THE HIGHEST GOAL

in life is not wealth—or success—or popularity—but to know God and to possess eternal life. This experience can be yours by believing in Christ. "Christ... hath once suffered for sins, the just for the unjust, that He might bring us to God." I Peter 3:18

In School Lunch And Milk Programs

Both the School Lunch and the School Milk Programs continued

of the current school year. The number of children eating complete lunches under the National School Lunch Program is up 10 percent over last year, and the number of schools approved for

is up 48 percent. Texas now has 2,061 schools approved for the program. The National School Lunch Program provides children with well-balanced lunches furnishing one-third of their daily nutritional requirements. There were 9,400,000 children eating lunches with milk under this program in October. This is a gain of 10 percent over the 8,500,000 children in October of last year. Over 2,000,000 more were participating in the milk-only feature of the National School Lunch Program last year, making a total participation of nearly 11,000,000. This year, however, this feature has been consolidated under the revised Special School Milk Program.

The Special School Milk program, now in its second year of operation, is designed to increase the consumption of milk by the school children, both in schools having feeding facilities and in other schools where space limitations or other factors prevent the establishment of food preparation and service facilities. At mid-December, 62,000 schools had been approved for the program. Latest reports on actual consumption are for October. Fifty-four thousand schools were operating in the program. In that month, approximately 162 million half pints of milk were consumed under the program.

The United States Department of Agriculture estimates that 16 million school children were drinking milk in October under the program, and consuming milk at a rate of 17.8 million half pints a day.

Drive carefully. The life you save may be your own.

Majority Leader of the Senate Lyndon B. Johnson and Tommy Woodward, 5, of the March of Dimes, shake hands for victory over polio at Senator Johnson's office in the Capitol in Washington. Tommy is the 1956 poster boy and the Majority Leader told him his state of Texas will keep fighting infantile paralysis until the crippling disease is licked. Tommy said he was going to Texas on his trip around the country.

Notes From Knox Farms, Ranches

By W. J. Bryan, Knox County Agent

Four Knox County 4-H boys and girls exhibited their nurse fed beef steers in Fort Worth this past week. Exhibitors were Ava Mary Taylor, Mary Ann Reneau, Rodney Taylor and John Reneau.

The show was very good this year with about 750 steers being shown in all classes. Ava Mary's steer placed 7th in the middle weight Angus division, Mary Ann's steer 16th in the same class and John's steer placed 13th in the heavy weight open class.

Eight other club members will show their steers in the Wichita Falls show next week with the judging to be on Thursday. Exhibitors from Knox County will be Glendon Hicks, Wayland Jackson, Charles Todd, Donnie Ryder, Bobby Miller, Eveland Garrett, Sue Ryder and Samuel Garrett.

I have received reports that some transit salesmen over the state have sold ordinary white and in some cases red grain sorghum seed as hybrid seed.

There is very little hybrid seed available for planting this year and most of this will be given out for test plots. I have received seed for about eight tests to be planted in Knox County this year.

I understand that there will be plenty of seed available for all farmers to plant in 1957, but this year true hybrids are only available from three sources. They are: The DeKalb Hybrid Seed Co., Farmers who grew one-acre apprentice blocks last year with seed from the Experiment Stations, and The Texas Agricultural Experiment Stations.

As most all these seed are going into test plots this year I would like to advise farmers not to buy hybrid grain sorghum seed from anyone that they do not know.

Did you know—Farmers are now getting only 39 cents of every dollar spent for food in the retail store. This is the smallest share since 1944, and compares

TEXAS COUNTY AGENTS REPORT PROGRESS IN PASTURE IMPROVEMENT

Drouth, in combination with lower prices for livestock products in 1955, cut profits and made good pasture management difficult in many Texas areas. But, E. M. Trew, extension pasture specialist, in a year-end report said sound forage programs continued to be much more important from the profit standpoint in 1955 than in years of high prices and normal rainfall.

He said extension workers continued to emphasize the need for getting maximum livestock production from pastures. But for the state as a whole, forage produced was 24 percent below actual needs. On the brighter side of the picture, county agents reported that educational programs which they conducted within the counties added an estimated \$35,651,228 to the value of pastures. Farmers and ranchmen stored 12 percent more hay and bundle feed and 37.6 percent more silage than in 1954, and the same reserves were 44 and 31 percent respectively above those stored in 1953.

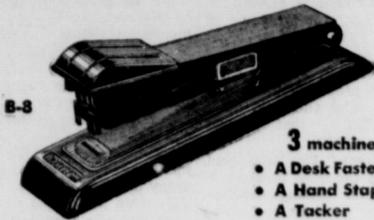

Trew said the county educational programs on pasture improvement involved the holding by county agents of 1,009 inflow meetings with more than 31,000 persons attending; 340 pasture tours attended by 16,600; the writing of 1,800 news stories and supervising 5,058 demonstrations involving approximately 800,000 acres. These demonstrations included permanent and temporary pastures, fertilization and rotation grazing.

In addition, county agents established another 2,536 new permanent pasture demonstrations on 111,687 acres. Trew said the drouth years have made Texas livestock producers appreciate more than ever the importance of forage reserves for use when green grazing is not available.

with a peak of 53 cents in 1945 and 42 cents in 1954.

Retail food prices in November were less than 2 percent below 1954, while farmers had taken a 10 percent reduction in their price for the same interval. Marketing and handling charges increased 5 percent during the same time.

For School and College BOSTITCH Personal Stapler

3 machines in 1
• A Desk Fastener

Knox Prairie Philosopher Comes Out Now In Favor Of Unemployment Pay For The Farmers In Bad Weather

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek has a new idea this week, with which he'll get about as far as he ever does.

J. A.

Dear editor: One of my neighbors had his son-in-law from the city visiting with him last week and when I asked him if it wasn't an odd time to be taking a vacation, in the middle of the winter, he said he wasn't taking a vacation, the plant where he works has temporarily shut down and he's drawing his unemployment compensation from the government.

This put me to thinking. This unemployment compensation is a fine thing, it's stabilizing, a man has to eat whether he's working or not and grocery stores still like to get cash, but what I want to know is why hasn't Congress extended the idea to farmers?

You take weather like we had last week, when it was too cold and wet to do any farm work, right then would have been a good time to be drawing farmer's unemployment compensation. Regardless of what the Secretary of Agriculture's secretary writes to the magazines, farmers are necessary. Producing food may not be as important as producing automobiles and television sets and bobby pins, but it's pretty close, there aren't many people who can really enjoy a television program when they're starving to death, and when a farmer gets layed off on account of the weather, it ought to be in the same category as being layed off for re-tooling to bring out a new model automobile or a new television set.

Of course, there'd have to be some rules, drawing unemployment compensation while you went fishing for a few days might be all right but stretching it out for several weeks would be frowned on, although laying off when farm prices, because of the surplus, dropped so low you're about as well off sitting in the shade as plowing ought to be considered legitimate and bonafide.

In fact, as I understand it, in industry for example when a plant produces too much, it shuts down and lays off the people until consumption catches up, and a similar situation seems to exist with farming right now, and if we had this farmer's unemployment compensation in effect, I imagine a good many farms could be shut down for a while until consumption caught up with production and the weather got prettier.

If you think this idea has any merit, let's get to work on it. Even if you don't think it has any merit, let's get to work on it. I've done my part. I've got my mail box in good shape and am ready for the checks to start arriving.

Yours faithfully,
J. A.

Bond Sales Are High During '55

Mr. Nathan Adams and Mr. Ed Gossett, State Co-Chairmen of the U. S. Savings Bonds Committee, stated today that Series "E" and "H" Savings Bonds sales during 1955 were the highest in the ten post-war years.

A total of \$193,154,377 of Savings Bonds were purchased in Texas during the past year, as compared to \$163,851,000 in 1954. Sales of Series "E" Bonds, which are current income Bonds, last year exceeded 1954 by more than 50%.

Adams said, "The sales of U. S. Savings Bonds, which are the safest investment in this nation, will continue to increase through the coming year."

"We have a fine organization of volunteers and we want to thank them for the work they have done. It was their interest and efforts that made our 1955 sales record possible," Mr. Adams continued.

Gossett paid tribute to newspaper, radio, television, theater,

outdoor and transit advertising people over the state. "Last year the Savings Bonds Program received, throughout the nation, over 50 million dollars in free advertising. Advertising media donate their services to the U. S. Treasury as a public service. Without the fine cooperation and support of Texas' advertising media we could not have made this 1955 Savings Bonds record," Mr. Gossett stated.

LOCALS

Mr. and Mrs. Oran Chamberlain recently received word that their son, Pvt. Billy R. Weir, has enrolled in San Francisco College taking up his studies in petroleum engineering. He is taking one English and two algebra courses this semester. Mr. Weir is serving in the U. S. Army at Fort Winfield Scott, Calif., having taken his basic training at Fort Ord, Calif.

Mr. and Mrs. Keith Chamberlain of Wichita Falls were weekend guests of her mother, Mrs. Dessie Fields.

Shall We Make A New Rule Of Life From Tonight?

Resolve to depend more on your Physician to keep you well, rather than calling on him for help only when you are real sick.

Self treatments are not always dangerous, but they often leave you with serious after effects that your physician can help you prevent.

The Goal of modern medicine is to keep you well, and prevent any serious illness. In our prescription department are many important medicines your Physician can prescribe to achieve that goal. Make it a "Rule" to consult him at the Beginning of any illness.

Our Prescription department is stocked with complete lines of reputable pharmaceutical firms.

Have your Physician phone us your next prescription for prompt and efficient service. Free delivery, if it will add to your convenience.

Mrs. T. C. Stewart's Funeral Is Held At Rising Star

Funeral services for Mrs. Thomas C. Stewart of Rising Star, who died early Thursday in a Dallas hospital, were held at 2:30 p. m. Friday from the First Methodist Church in Rising Star with the pastor, Rev. Ray Brooks, Jr., officiating. Burial was in the Rising Star cemetery.

Mrs. Stewart and her husband moved to Rising Star from Mineral Wells about three years ago. She was a member of the Methodist church, and was treasurer of the Tri-County Art Guild, which includes members from Callahan, Eastland and Brown counties.

Survivors include her husband; a son, T. C. Stewart of Lubbock; a daughter, Mrs. E. C. Thompson of Munday; six grandchildren; two brothers, Cole Menefee of Odessa and Emory Menefee of El Paso; two half-brothers, three half-sisters; three step-brothers and one step-sister.

Sunday guests in the home of Mr. and Mrs. Lester Arnold were Mr. and Mrs. Charles Woods and children of Haskell and Mr. and Mrs. Lester Arnold, Jr., and sons of Seymour.

Bumpas Speaks At Munday Lions Club

Buddy Bumpas of Benjamin, tax assessor and collector of Knox County, was guest speaker at Tuesday's meeting of the Munday Lions Club. Around 30 members were present for this meeting.

Bumpas brought a very interesting and inspiring message upon the importance of working together as a unit for betterment of the community and giving more thought to your fellow man rather than personal gain in your every-day life.

VERA SCHEDULES PARTY FOR FRIDAY

The American Legion Auxiliary of Vera is sponsoring a forty-two party and pie supper at the high school on Friday night, February 10, at 7 p. m.

Admission will be 25 cents for each forty-two player, and there will be free bingo for the children.

Each lady is asked to bring a pie. The pies will be auctioned off and enjoyed with free coffee.

Mr. and Mrs. Herby Peek were in Wichita Falls last Monday for Mrs. Peek to receive a medical checkup.

Munday H. D. Club Meets Wednesday With Mrs. Weeks

The Munday Home Demonstration Club met in the home of Mrs. Ralph Weeks at 2:00 o'clock Wednesday afternoon.

After the general business procedures, plans were completed for feeding the chairmen of the Community Workers here on February 23 at the Legion Hall.

T. H. D. A. constitution and by-laws were reviewed by Mrs. R. M. Almanrode. Munday's nominee for a delegate to the district meet at Childress on April 5, is Mrs. Fred Lain and nominee for a new T. H. D. A. chairman is Mrs. Almanrode.

Etiquette was the theme for a short program.

Refreshments were served to six members. The next meeting will be in the home of Mrs. Johnny Peysen on February 22.

Lt. Durwood Scott Receives Promotion

FORT POLK, LA.—Johnny D. Scott, 24, son of Mr. and Mrs. John B. Scott of Munday recently was promoted to first lieutenant at Fort Polk, La., while serving with the 1st Armored Division.

Lieutenant Scott, a reconnaissance officer in the division's 16th Armored Engineer Battalion, entered the Army in June, 1954, after his graduation from Texas A. & M. College.

Cub Scouts Get Instruction For Use Of Rifles

Den 2 of Cub Scouts received another period of valuable instruction on Thursday of last week when Police Chief Lee Bivins gave them instruction on the use of rifles. The Daisy air rifle and the Benjamin pellet rifle were used in the instruction.

Cub Scouts included Allen Eiland, den chief; Art Smith, Bill Moore, Herbert Jean Griffith, Kenneth Smith, Jimmy Carden, Skip Lane and Tommy Hattox.

Mrs. A. B. Warren visited her daughter, Mrs. Joe Duke, and family in Wichita Falls last Sunday night and Monday.

Avoid over-weight. It puts a needless work load on your heart and blood vessels, says the Texas Heart Association, sponsor of the 1956 Heart Fund.

FISHING TIME

Vacation time brings out fishing poles and cool, cotton sportswear. This fisherman wears a comfortable cabana outfit designed by Catalina in colorful Lowenstein "Signature" fabric. The short sleeve shirt features big, useful pockets, and the shorts are neat boxer style.

March Of Dimes Totals \$1,266.00

More contributions this week have brought the March of Dimes fund above that of last year, according to Mrs. Johnny Peysen, one of the local chairmen. The following amounts have been turned in during the past week:

By Mail	\$11.00
School cards	1.20
Collection	
from Theatre	19.50
Legion Auxiliary	15.00

This brings the total for the 1956 drive to \$1,266.00.

TAX RETURNS FOR SOME FARMERS ARE DUE FEBRUARY 15

Farmers who passed up the January 15 deadline for filing estimates of 1955 income need to file their final 1955 income tax return by February 15, 1956 to avoid penalty, says Mr. C. B. Dixon of the Wichita Falls Internal Revenue Office.

For income tax purposes, a farmer is one who derives two-thirds or more of his gross income from farming.

UNDERGOES SURGERY

Mrs. Joe Lane entered the Bethania Hospital in Wichita Falls Wednesday afternoon and underwent surgery at 7 o'clock Thursday morning. Her mother, Mrs. Ed Johnson, and sister, Mrs. Floyd Patton, left early Thursday morning to be with her. Mr. Lane and another sister, Mrs. Alton Hunter of Iowa Park, were with her for the operation.
