

## Kracker Krumb's

Odd Bits Salvaged  
at Random

Retail advertising spent more money in newspapers last year than it did in all other media combined. Newspapers are the one advertising medium that is bought and paid for—invented into the home. Newspapers have the polite approach. They can be taken into the bathroom, the bedroom, the kitchen, be put away and be digested at the convenience of the reader. Advertising is news and, as most salesmen will tell you, the relaxed individual attention of the customer is best for sales.

k-k

What's more, women want ads in their newspaper—six out of seven do, surveys show. Nineteen out of 20 women read ads regularly, while 16 out of 20 men do. Merchants should think of advertising as news. If you have something the people want, don't keep it a secret, that's what we were told.

k-k

The two above paragraphs summed up a recent press meeting and ran in one of our neighboring weekly papers. We are passing these thoughts on because we believe them sincerely. Any kind of advertising is better than none at all, but we believe newspaper advertising tops the list.

k-k

Advertising is an invitation to people to come in, look at and buy your wares. You wouldn't think of barging in uninvited on someone's party or social meeting. Yet there are a number of merchants who expect customers to come in uninvited and purchase the merchandise they have for sale.

k-k

Talk of the area these days is on possibilities of this section becoming a truck growing community, with irrigation furnishing the moisture when the elements fail. According to recent estimates, we have over 1,100 irrigation wells in the Munday trade area. Another conservative estimate is that one of these wells will irrigate around 30 acres. Add the figures together, and we will have around 3,500 acres under irrigation this year.

k-k

And wells are being punched every day—some completed nearly every day—which will mean a more land to be irrigated.

k-k

We learned this week that potato planting is over, and the acreage has been increased from 280 to around 312 acres—a great deal more than twice as much as was planted last year.

k-k

Folks in the cantaloupe business state that around 600 acres will be planted to these melons this year, giving us another crop to be harvested in early summer.

k-k

Still another group has arranged for 250 acres to be planted in carrots, and planting operations were started this week. With a 90-day growing season, these will be coming off and ready for market in early June. Then, too, a fall crop is being planned for August planting.

k-k

What about water melons? From what we gather, it still isn't determined just how many of these will be planted.

k-k

Other truck crops are to be planted on a smaller scale, too, and it looks like this may be the decisive year as to whether the Munday area develops into a truck farming area.

k-k

All the activities, however, tend to remind us of a remark an old timer in this section used to make to us while he was living. He'd bring us a specimen of some vegetable grown in his garden, and would say: "It just goes to show that Knox County soil will grow anything if it can just get water."

k-k

"It's still just as tight as can be," a salesman told us this week in regard to supplying us with newsprint, and he asked us to place our order 90 days in advance to insure delivery. His firm is trying to take care of old customers, but taking on no new ones. So it's justified economy upon our part when our paper goes in the mails with fewer pages than usual. Printing what our business justifies and saving those extra pages may mean the difference in having newsprint later on, or not having it.

## Knox City Man Dies In Wreck

B. E. Northam, Jr., 34, of Knox City was killed instantly last Tuesday afternoon when the truck he was driving collided with a cattle truck four miles east of Guthrie.

Northam, an employee of the exploration department of Shell Oil Co., had lived in Knox City only a short time, moving there from Quanah.

He was driving a water truck that crashed into the right door of the cattle truck, Highway Patrolman M. W. Crigler of Paducah said. His truck burst into flames immediately after the crash, with the Benjamin fire department answering the call.

Stanley D. Scott of Lubbock, driver of the cattle truck, suffered only minor injuries.

Northam's body was carried to Paducah by Norris Funeral Home. Knowles Funeral Home carried the body to Quanah Tuesday night, where funeral arrangements were being made.

Northam is survived by his wife and one child, and his parents, Mr. and Mrs. B. E. Northam of Quanah.

## Local Pastor To Preach Convention Sermon At Haskell

Rev. Robert H. Lloyd, pastor of the First Baptist Church of Munday, will preach the convention sermon for the annual 17th District convention at Haskell Friday (March 9).

The convention will open at the First Baptist Church at Haskell at 9:30 a. m. Dr. Elwin Skiles, pastor of the First Baptist Church at Abilene, will preside. New officers will be elected at a business meeting in the afternoon.

Among the speakers of statewide denominational responsibility will be Rev. Wade Freeman, state secretary of evangelism, who will give the closing message; Dr. Winford Moore of Borger, state Training Union president; Andrew Allen of Dallas, state Sunday school secretary; E. S. James of Dallas, editor of Baptist Standard; Mrs. Clem Hardy of Waco, president of Texas Woman's Missionary Union.

Rev. Lawrence Trott of Abilene, district secretary, will speak on district work and district chairmen will give reports on specific work.

Included in the report of Lueders Baptist Encampment will be progress that is being made on raising funds for the \$20,000 swimming pool which is being planned for the grounds. Churches of the district have been making contributions to the fund for building the pool and it is hoped to be able to start construction soon enough to have the pool in operation at the opening of the 1956 camp season. Rev. Byron Bryant, Encampment president, said.

## Employees Of Gas Company Receive Safety Awards

Two Munday employees of the Lone Star Gas Company have earned certificates of merit for driving automobiles in line of company duty without an accident. They are O. F. Gates, local manager, with a three-year safe-driving record, and J. R. Johnston, one year.

They will receive the awards at a company safety meeting in Seymour March 20. Presentations will be by Glynn Covington of Ranger, Lone Star safety engineer. Covington said that an employee must drive a vehicle at least 5,000 miles in a year to qualify for a safety award.

## Weather Report

For seven days ending 7 p. m., March 6, 1956, as compiled by H. P. Hill, U. S. Weather Observer.

Precipitation to date, 1955		1.88 in.

## County Council Meets On Friday

Knox County Home Demonstration Council met Friday in the Assembly Room, Benjamin. The Council chairman, Mrs. Homer Martin, presided and presented County Attorney Tom Bullington who spoke on "Jury Duty". Two of the women had served on the jury. Mrs. R. M. Almanrode, Munday, was a member of the Grand Jury meeting last November, while Mrs. J. G. Adcock, Truscott, had served on the Petit Jury in February of this year. At the conclusion of this informative talk, and in keeping with Texas Independence Day on the second, the group sang "The Eyes of Texas".

Five clubs were represented, Benjamin, Gilliland, Munday, Truscott, Vera, and one new club was welcomed, Rhineland. After reports were given from the clubs, the business was presented.

The Dress Review will be held in Benjamin on March 23, at which time dresses and suits which have been tailored will be modeled.

The scissors bought cooperatively were distributed, and another dozen pairs ordered.

The Chairman asked for all outstanding THDA work done by the clubs to be reported to the THDA Chairman by April 1.

Plans were made for the women to attend the District meeting in Childress on April 5th, with the number to go reported to Mrs. J. E. Groseclose, Childress by the 20th.

The regular Council meeting is the first Friday of the month.

## Brother Of Local Man Dies Wednesday At Breckenridge

George W. Keel, 79, long-time resident of the Pumphrey community north of Winters, died February 29 in Breckenridge where he had lived since 1955.

Mr. Keel, who was born October 10, 1876, moved to Comanche in 1941. His wife died there in August, 1955, and he moved to Breckenridge to make his home with a son, Roy W. Keel.

Funeral services were held at 2 p. m. Thursday at the Spill Funeral Chapel in Winters with Rev. F. R. Cole of Abilene officiating. Burial was in the Pumphrey cemetery.

Survivors include one other son, V. O. Keel of Midland; three daughters, Mrs. A. B. Couch of Abilene, Mrs. George Lloyd of Snyder, and Mrs. George Dean of Comanche; one brother, J. J. Keel of Munday; one sister, Mrs. Carrie Morgan of Brownwood; 18 grandchildren and 25 great grandchildren.

Mrs. Worth Gafford is visiting her mother and other relatives in Coleman this week.

## Rites Held For Rev. J. W. Copeland At McAlester, Okla.

Rev. J. W. Copeland, 80, Methodist minister for 53 years and father of Rev. Ray Copeland of Munday, died at 4 p. m. Saturday in a McAlester, Okla., hospital following a lingering illness.

Rev. Copeland was born June 30, 1875, at Calico Rock, Ark. He started his ministry as an old time circuit rider, riding horseback in north Arkansas in the early 1890's. He served churches in Arkansas, the East Oklahoma conference and in Texas during the 53 years. He was a member of the Masonic and Odd Fellows lodges.

He was married to Miss Nancy Hevley at Calico Rock, Ark., on October 1, 1897. Survivors include his wife; seven sons, Otto and Cleve Copeland, McAlester, A. A. Copeland, Corsicana; Rev. Ray Copeland, Munday; Rev. Kenneth Copeland, San Antonio; Bill Copeland, Mount Vernon, and J. W. Copeland, Borger; two daughters, Mrs. Pearl Williams, Chandler, and Mrs. Esther LaBure, Healdton; a brother, Rev. Albert Copeland, El Cajon, Calif.; 23 grandchildren and 19 great grandchildren.

Funeral services were held at McAlester, Okla., on Monday afternoon with Rev. Maggard B. Howell of Temple, officiating and Rev. W. Carl Clement, pastor of the Grand Avenue Methodist Church, assisting. Burial was in Oak Hill cemetery at McAlester.

TEXAS HOMEMAKER OF TOMORROW—Sammie McLellan of Hereford High School, Hereford, Texas, was named Texas' Betty Crocker Homemaker of Tomorrow. She received the state's highest score in a written homemaking examination and will be awarded a \$1,500 scholarship by General Mills. She will also receive an expense-paid trip with her school advisor April 8-12 to Washington, D. C., colonial Williamsburg, Va., and Philadelphia. Miss McLellan will be a candidate for the All-American Homemaker of Tomorrow \$5,000 scholarship award.

## 7-Step Cotton Program To Be Explained At Meeting In Benjamin On March 14th

A specialist from Texas A. and M. College will be in Knox County on Wednesday, March 14, to conduct a meeting on the 7-step cotton program, W. J. Bryan, county agent, announced this week.

"Since cotton remains one of the main sources of income in this area, it is very important that we keep up with all the latest research information, all the information we can get on outlook, and anything else concerning cotton production, consumption, exports, etc.," Bryan said.

Specialists from different fields will bring the latest information, including Fred Elliott, extension cotton specialist, Dr. Freeman Fuller, extension entomologist, and others.

The meeting will be held at the court house in Benjamin, beginning at 9:30 a. m., and everyone interested is invited to attend.

## Mart Hardins Are Now At O'Brien; Hardin Is Pastor

Rev. Mart Hardin and Mrs. Hardin are now at home in the parsonage at O'Brien, where Rev. Hardin has accepted pastorate of the Baptist Church.

Rev. Hardin is a native of Munday and a graduate of Texas Tech at Lubbock and the Southwestern Baptist Seminary of Fort Worth. He was pastor of College Heights Baptist Church in Tyler before moving to O'Brien.

Revival services are being planned at the O'Brien church for the week of April 8 to 15, with Rev. Hardin doing the preaching and Lee Roy Till, music director of the First Baptist Church of Houston, leading the singing.

## Soil And Water Loans Total \$19,800,000 During First Year; Irrigation Leading

More than \$19,800,000 has been borrowed by farmers for soil and water conservation since this type of credit was made available a little more than a year ago, Walter T. McKay, Farmers Home Administration State Director for Texas said today.

Farmers used the loans to improve their farms and increase the efficiency of their operations. A report recently made by the Secretary of Agriculture, Ezra Taft Benson shows that about 79 percent of the funds were used for irrigation, including the purchase of pumps and piping, the drilling of wells and the construction and repair of irrigation ditches and laterals. Irrigation systems were developed or improved for about 282,000 acres.

In Texas, through December 31, 1955, 85 percent of the \$2,280,000 loaned was used for irrigation. Irrigation systems were developed or improved for more than 34,603 acres. The remainder of the funds was used for such soil conservation measures as

## Four Names To Go On City Ballots

Saturday, March 3, was the deadline for filing for places on the City Council in the city election which will be held on Tuesday, April 3, and four names were filed for the three places to be filled on the council, according to Harvey Lee, city secretary.

Mayor M. F. Billingsley, whose term expires in April, has filed for re-election, Lee stated.

Filing for the two places on the alderman's ticket were R. M. Almanrode, Varney Moore and M. L. Wiggins. Councilmen whose terms expire are Hugh A. Beaty and Joe Bailey King.

## Work Begins On Church Of Christ Preacher's Home

Church of Christ members have been busy during the past 10 days in the erection of a "preacher's home" for their minister. Members purchased a lot, 100x200 feet, on Ninth Avenue, where the residence is being erected.

Modern in design and structure, the new home will be of brick veneer and will contain around 1500 square feet of floor space. It will have three bedrooms, a den, living room, kitchen and two baths.

Work was started the first of last week and will be completed as rapidly as possible. Much of the construction is being done with "voluntary labor" by church members, it was stated.

Drive carefully. The life you save may be your own.

## Approximately 250 Acres To Be Planted In Carrots; Seeding Begins This Week

### Olen Coffman Enters Race For Knox Sheriff

Olen Coffman, well known Vera man, has authorized the Munday Times to announce his candidacy for the office of Sheriff of Knox County, subject to the action of Knox voters in the Democratic primaries. Mr. Coffman's statement follows:

I am offering my services to the voters of Knox County in the capacity of Sheriff.

I have lived near Vera all my life. I married a school teacher, Frances Witz, in 1938. We have five children, all attending public school. I have always tried to be a good citizen, am interested in all community affairs, the school, the churches and all civic organizations.

I promise, if elected, to give all my time and attention to the office and to make the best sheriff that is in my power to make.

I intend to make a thorough campaign between now and the primary, and will try to see every voter I possibly can. I will greatly appreciate everything that may be said or done in my behalf.

### Football Schedule For 1956 Announced

Mogul football fans will do lots of travelling next season, but Coach Troy Stewart said he had to accept six games away from home in order to fill the season's schedule. The schedule for 1956 is as follows:

- Sept. 7, Rotan there.
- Sept. 14, Seymour there.
- Sept. 21, Albany there.
- Sept. 28, Throckmorton here.
- Oct. 5, Paducah here.
- Oct. 12, Chillicothe there.
- Oct. 19, Open date.
- Oct. 26, Iowa Park there.
- Nov. 2, Archer City there.
- Nov. 9, Holliday here.
- Nov. 16, Crowell here.

### Safety Stickers Must Be On Autos Before April 16th

AUSTIN—Two million Texas auto owners were handed a word of warning today by Col. Homer Garrison, Jr., Director of the Texas Department of Public Safety.

The Safety Director pointed out that that number of the State's registered vehicles have not yet secured safety inspections for 1956.

"Some two million autos in the State," said Garrison, "have not been inspected. That represents about half of the total number of motor vehicles registered in Texas and there remains but six weeks in the current inspection period during which these cars must be taken to licensed inspection stations for their annual safety check."

The DPS head also cautioned that many of the more than 4,000 inspection stations are likely to experience last minute traffic jams at their doors just prior to the April 15 deadline unless car owners move without delay to secure inspections.

"Under the provisions of the law," Garrison added, "Texas Highway Patrolmen will be instructed to begin issuing tickets on April 16 to operators of vehicles which do not bear a 1956 inspection sticker."

### ATTEND MASONIC MEETING IN SEYMOUR

Levi Bowden, master of Knox Lodge No. 851; M. H. Dean, Chester Bowden, and Joe B. Roberts attended the regular Masonic meeting in Seymour last Tuesday night.

Public School Week was observed at this meeting, with enjoyable numbers being rendered by the boys' glee club, and girls' choral club. This was followed by a talk on the importance of public school week by Mr. Johnson, superintendent of the Seymour schools.

### TAKE MASONIC DEGREE

J. C. Harpham and O. V. Milstead were in Dallas during the week end, where they took several degrees in the Scottish Rite Masonic work.

Troutman Bros., well known packers with home office in Cincinnati, Ohio, have interested local farmers in growing carrots in the Munday area, with around 250 acres being planted this year.

The packers, who operate out of Hereford and Laredo, as well as Cincinnati, were here several days last week making arrangements for planting operations. Planting was actually started last Tuesday.

Price Moss of Hereford, foreman for the firm in the Hereford area, is overseeing the planting and will stay with local farmers through the growing season. The crop planted now will be harvested in late May or early June, it was stated, and plans are also under way for a fall crop to be planted around August 15.

Around 30 interested people were present at a meeting last Friday night at the American Legion hall, at which time the carrot planting and harvesting were explained. Some 10 farmers whose land preparation was suitable for immediate planting signed up for the desired acreage.

Some 200 hands will be employed during the harvest, it was explained, around 150 in the fields and 50 in the packing shed. Many of these will be brought in with the machinery, etc. It is necessary to have experienced labor in the fields and with machinery at the shed; however, it was stated as much local labor as possible would be used.

When harvested, the carrots will be processed, placed in cello bags then shipped in 50-pound crates.

## Last Rites For Wm. R. Lain Are Held At Goree

William Roland Lain, 79, better known to many as "Sonny", died on Saturday, March 3, at the Haskell hospital. He never fully recovered from a stroke which he suffered three years ago.

Mr. Lain was born in Parker County, near Weatherford, on February 19, 1877, and lived there until he moved to Knox County in 1922.

He was married to Miss Mary Murphy of near Weatherford in 1902. Mrs. Lain survives him, and they celebrated their golden wedding anniversary four years ago.

To this union were born eight children, two having passed away in childhood. Those surviving are: Fred Lain of Munday, Homer Lain of Abilene, Mrs. Nina Morton and Mrs. Virginia Land of Goree, Leroy Lain of Chihuahua, Mexico, and C. W. Lain of Fort Worth. He is also survived by 14 grandchildren and two great grandchildren.

Some of his life was spent in ranching, but mostly in farming until he retired to his home in Goree about nine years ago. He lived a simple and quiet life. Pretty crops growing were beauty to him, fishing was a hobby he enjoyed, music he loved and small tots interested him much, but since conversion in early manhood a great interest of his was reading the Bible and quoting scriptures.

Funeral services were held last Sunday afternoon from the First Baptist Church in Goree with the pastor, Rev. Mathis, officiating. He was assisted by Rev. Walter Hadley of the Goree Methodist church and Mr. Decker, minister of the Church of Christ. Burial was in Goree Cemetery under direction of the Laningham Funeral Home.

Palbearers were Barton Carl, Buster Latham, Tom Weber, Leroy Brooks and M. C. Cunningham of Goree and C. V. Hackney of Munday.

### IT'S "BACK HOME" FOR THE DOWDLE JEWELRY

The Dowdles are moving their jewelry store "back home," into the building formerly occupied by Richmond Jewelry. They started moving operations late Wednesday.

"We are happy to be back in this location," Mr. and Mrs. W. K. Dowdle said, "and we believe our customers will be happy, too. We invite you to visit us for your watch repairing and jewelry needs of all kinds."

### NO GIVEAWAY!

Writing in Challenge, a magazine published by New York University's Institute of Economic Affairs, Secretary of the Interior McKay clearly explains the Administration's attitude on natural resources development.

He states: "Resources are worthless unless someone develops them. If local public bodies want to do the job, that's all right. But someone should do it and not wait for the federal government to get into the act." He thoroughly refutes the politically-inspired "giveaway" charge: "The Department has not given away a single acre of wildlife refuges or national parks; rather it has enlarged these areas. It has not given away power resources sites, but instead has tried to boost power development through cooperative development."

Then the Secretary makes some important points about government in the power business. He writes: "When the government goes into business politics enters into the situation and, historically, a public business generally employs more people than a private enterprise doing an equivalent job. Also private power firms pay taxes into the federal treasury, while federal power plants do not. Also, it's far easier to regulate a private power industry than it is to regulate a government power industry run by some bureaucrat over whom we have little control."

Socialist-minded groups will oppose these reasonable and progressive views. The rest of us should approve them.

### TO BE WELCOMED

The fear that automation will create widespread unemployment flies in the face of history. Every improvement in production methods, along with every invention of importance, has ultimately produced not fewer jobs, but more and better jobs.

The automobile destroyed the horse and buggy businesses—but an almost infinite increase in employment and opportunity followed. More recently, prophets of gloom forecast that dial telephones would bring a catastrophic degree of unemployment among operators. Yet there are 70 per cent more phone operators than there were 10 years ago.

Automation is to be welcomed, not feared.

"If, to please the people, we offer what we ourselves disapprove, how can we afterwards defend our work? Let us raise a standard to which the wise and honest can repair."—George Washington.

### HOUSEPOWER!

"Housepower" is probably a brand-new word to you. But it won't be for long. It is the key-word in a pending national campaign aimed at the wiring bottleneck in American homes. That is a real bottleneck indeed, in this age in which householders want and buy more and more time-saving, labor-saving, and pleasure-providing electric appliances. All you have to do to make the appliances work, generally speaking, is to plug the cords into wall outlets. And there's the catch. For the chance is strong that there won't be enough juice back of those outlets to efficiently and safely power all the equipment you may have or be planning on.

Here are the facts. At least 20 million American homes need modernized wiring to meet the new demands caused by the ever-increasing number of home appliances. The number is steadily increasing. About half of our homes are more than 30 years old, and electric use was small when they were built. And the problem is not limited to these older homes. A discouragingly high percentage of the wiring that goes into new homes can best be described as skimpy.

Wiring troubles show up in various ways—ineffective operation of appliances, dim, shrinking, flickering TV pictures, and frequent blown fuses are common symptoms. Also, when wiring is inadequate, major appliances such as electric ranges and dryers can't be installed.

So—how is your Housepower?

### THE BIG LOSERS

So far, of the many contestants who have appeared on the country's most popular TV program, "The \$64,000 Question," only two have taken the risk of trying for the top prize. The others have stopped at \$32,000, \$16,000, or still lower levels.

One reason for this is obvious enough—the terrific bite that the progressive income tax takes out of large incomes or winnings. For example, if a single man with other income of \$4,000 were to actually clear \$64,000, after taxes, the prize would have to be an incredible \$448,711!

That's tough on individuals—it's far tougher on the country at large. This is the all-important point made by the Akron Beacon-Journal when it says: "Many a businessman has asked himself this \$64,000 question: Shall I invest, expand, create more jobs with the hope of making more money? And after studying the tax rates, he, too, has often decided to quit while he was safely ahead. The big losers from such decisions are not the businessmen—nor the television contestants—but the small taxpayer and Uncle Sam."

## WHAT DOES THE BIBLE SAY?

### SIN OF WASHING HANDS

Did you know that our Lord presents as a sin even as simple and harmless act of washing hands before eating, when such an act is done as worship? The Spirit of Christ does not tolerate addition or subtraction to God's word and the worship authorized by Him. Rather, He declares that such "are blind guides. And if the blind lead the blind both shall fall into the pit". Matt. 15:14. "Every plant which my heavenly Father planted shall not be rooted up". He has solemnly warned. Even the harmless act of washing your hands before eating, which, of course, is a commendable act, is a sin before God—if it be done as an act of worship. Then how true it must be that the Spirit of Christ will not permit any act or practice in wor-

ship which God has not divinely appointed and revealed in His word.

### LOVE AND OBEDIENCE

Jesus said, "Ye are my friends, if you do the things which I command you". (John 15:14) Also: "If ye love me ye will keep my commandments". (John 14:15) The apostle John, guided by the Spirit of Christ, declared, "This is the love of God, that ye keep his commandments". (1 John 5:3). Our love for God is determined by our obedience to His word. Surely, God refuses to consider one as loving Him who does not faithfully and sincerely refuse any and every act of service and worship, not commanded by God. A profession of love to God, without faithful obedience to the word of God, is pronounced by our Lord as hypocrisy.

### MUNDAY CHURCH OF CHRIST

BOX 211 — PHONE 6151

PAYNE HATTOX, Evangelist

Mrs. L. S. Dutton and baby left last Thursday morning for Port Huron, Mich., after an extended visit with her parents, Mr. and Mrs. F. W. Franklin.

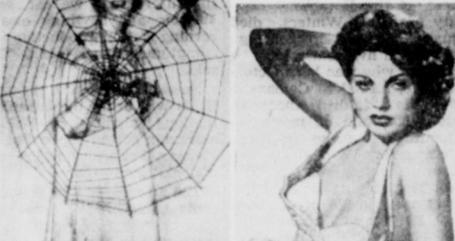

Mr. and Mrs. Aaron Edgar spent Sunday with Mr. and Mrs. Roy Rogers and Mr. and Mrs. Jack Phillips and family near Quanah.

## Weekly Health LETTER

Issued by Henry A. Holle,  
M. D., State Health Officer  
of Texas

**AUSTIN**—A plan for training and certifying the competency of swimming pool operators and for rating pools on the basis of sanitation and safety has been announced by the State Department of Health.

State Health Commissioner Henry A. Holle said the plan, which is voluntary, will get underway by April. It is designed to reduce drownings and similar pool mishaps, and disease transmissions through contaminated water.

Under terms of the plan, any public pool operator may register for "short schools" to be held according to announced schedules. The schools will be sponsored by the health department and the Texas Beach and Pool Association. Operators who successfully complete the instruction and pass a written test will be awarded certificates of competency.

Public pools will be awarded health department placards of approval if periodic inspections show the pools are conforming to minimum standards of safe and sanitary operation as prescribed by the State Health Department.

The placards, similar to those awarded to tourist courts which maintain acceptable sanitation standards, are designed to be hung in a conspicuous place at the pool.

The presence of the placard will denote to swimming enthusiasts that the pool is being run according to accepted standards. Sites for operators' schools during March include: Harlingen, March 13; Corpus Christi, March 14; San Antonio, March 15; Dallas, March 19; Tyler, March 20; Houston, March 21; Waco, March

Texas has well over 1000 public pools—exclusive of private and semi-private pools maintained by tourist courts and like organizations.

Dr. Holle said the recreation departments of several cities had indicated that they will require pool operators to win certification under the new plan as a condition for employment.

## News From The U. S. Congress

Congressman Frank Beard

One of the hottest discussions in Washington at this time is as to whether or not we are behind the Russians in the development of guided missiles. There have been many claims and counter-claims made on this subject within the last few weeks. While all of this discussion is going on, I know that many people are wondering just what importance should be attached in this race for development of an effective intercontinental guided missile. From what impressions we have been able to get here, it seems that we are lagging in this development to some extent but that actually we have made tremendous progress. The intercontinental missile has not yet been tested in this country, but we can expect tests to come within the next year or so. From all information that we can get, the Russians have not tested such a long range missile while they have made tests with short range missiles. The importance of our developing this weapon first cannot be over emphasized, for if the Russians actually achieve marked superiority in this field, they would definitely have the "whip hand", and it is possible that the whole uneasy balance of power in the world would be upset. The immediate push is to develop a missile of a 1500 mile range, for in all probability it will be five, ten, or maybe fifteen years before a 5,000 mile missile can be perfected. A top rating scientist has recently said that in his opinion the United States was ahead of everyone else in the world in missile development, and in his judgment, it was a good bet that the Russians would not have the 1500 mile missile ready for testing this year. The horror of these weapons when we think about them can only lead us to the hope and prayer that we are not racing to see who actually will first be able to destroy civilization as we know it in the world today. When

these missiles have been perfected, perhaps a generation from now, one of them can be released to travel 5,000 miles and to direct it so that it will hit within ten miles of a target. Such a missile equipped with an atomic or hydrogen warhead would wipe out any city in the world, and as of this time, there is no known defense against them. It is important, therefore, that we continue to push our development to the utmost so as to stay ahead in this field. Our possession of these weapons could be used for a great instrument of peace. It is certain that we would never use it in an aggressive manner, and the fact that we had them to be used defensively would certainly prevent any foolhardy country from making an attack on us or from provoking a situation that might bring about a world conflict.

Visitors from home this week have been Mr. J. Leon Osborne of Sanger, Mr. John Staber of Wichita Falls, and Mr. Alex Dickie, Jr., of Denton.

Mr. and Mrs. J. C. Borden were week end guests of Mr. and Mrs. Joseph Borden and son in Midland. Mrs. Borden and son, Joe, returned home with them for a week's visit.

Mr. and Mrs. Joe Patterson visited their daughter and husband, Mr. and Mrs. Jimmy Rhame, in Fort Worth over the week end.

Mother's Kitchen Office

IN MOST homes, a woman's activity center is the kitchen. Probably more time is spent in that room than any other. Since the kitchen often is considered the heart of the home, it should include a planning center for Mother.

Somewhere in any kitchen, whether it is new or old, there is room for a desk or a small table with a drawer. With a

stool or chair, this desk can be made Mother's business headquarters.

With a telephone, or extension, perched at one corner, pencils and stationery handy, and a small blackboard on the wall nearby, Mother can have all the essential conveniences of an office secretary right in her kitchen.

She can ask Dad to make up the blackboard, which is a simple operation nowadays with the major paint companies making a chalkboard surfacing material that comes in cans. This should be applied with a brush, according to the directions, to a piece of Masonite Tempered Presdwood, available at lumber yards. First, round the corners and lightly bevel the edges with a file or sandpaper.

### INJURES HAND IN POWER SAW ACCIDENT

Mr. and Mrs. Ben Tuggle received word last Saturday that their son-in-law, Richard Kirkland, of Fort Worth had gotten his hand caught in an electric saw and lost two fingers on the left hand. He is in St. Joseph's Hospital and is reported to be doing nicely.

Mr. and Mrs. Shelton Phillips and Charles and Mr. and Mrs. Nolan Phillips visited relatives in Foss and Elk City, Okla., last Sunday.

Mr. and Mrs. G. W. Hawkins and Jan were Sunday guests of Mr. and Mrs. Dwayne Russell and children in Vernon.

Mrs. J. B. Bowden visited with Mr. and Mrs. Walter Henderson in Rising Star and with Rev. and

Mrs. W. H. Albertson and Mrs. A. J. Morgan in Brownwood over the week end.

Mrs. J. L. Bain returned to her home in Clarendon last week after a visit with her daughter, Mrs. Rex Howell, and family.

Mrs. A. E. Bowley and Mrs. J. O. Tynes were Sunday guests of Mrs. Tynes' sister, Mrs. T. M. Anderson, in Wichita Falls.

### Are All Cold Remedies Alike?

Not for example, 666 is the wide-activity medicine, which combines 4 of the most effective, widely-prescribed drugs known, to relieve all cold miseries sooner. 666 is more potent and gives positive, dramatic, rapid relief from miseries of all kinds of colds. That's why 666 is unsurpassed in effectiveness. Try it.

No other cold remedy can match 666 liquid or 666 Cold Tablets. **666**

C. P. J. Mooney was a great editor.

I "broke into" the "newspaper game" under him, on the Commercial Appeal in Memphis, Tennessee. He had a droll manner. He would hold a staff meeting (of sub-editors and reporters) now and then and would invite suggestions. One day, a reporter suggested something as the subject for a news article. Mr. Mooney smiled gently and in his drawl replied, "A good idea, a very good idea, indeed! In fact, we had that very story in the paper this morning. You ought to read the paper; it's a rather good paper; lots of people pay money for it."

For four years, I worked on the C. A., then moved to Arkansas and later to Texas. When I would re-visit the Commercial Appeal, Mr. Mooney would always ask, "When are you coming back to work for us? There will always be a job for you."

Once, while visiting Memphis, I called by his office a couple of times but he was out. The third call, I found him in. I said, "Mr. Mooney, I am applying for a job with a big paper in Texas and I wanted to use your name for reference but wanted your permission. However, you were out and I had to send the application off so I used you as a reference, anyway. I hope it was all right."

He smiled and, as was his custom, peered over his gold-rimmed glasses and replied, "Of course; just write out what you want me to say and I'll sign it."

That was the last time I saw Mr. Mooney.

When I visited Mexico City with a group in 1939, we called at the American embassy and met Ambassador Josephus Daniels.

the brilliant North Carolina editor. I mentioned I had worked for his friend, Mr. Mooney and Mr. Daniels said, "Mr. Mooney! The greatest editor of his day in the South!" A noble tribute—and from one who himself was a great editor.

I told Mr. Daniels of my plan to write a book about Mr. Mooney and the Commercial Appeal.

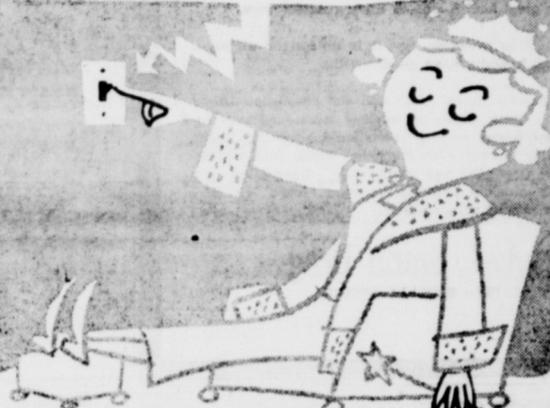

He said, "Send me a copy and I'll review it." The copy was sent. Soon afterward I read that Mr. Daniels had died. Next day, an envelope arrived. It contained a clipping of Mr. Daniels' review of "Cub Reporter" and he had corrected a typographical error in the margin. It may have been the last stroke of the pen of a splendid American.

## 38 muscle-men at your command

It would take 38 men to do the work that electricity does in your home. And these electric muscle men never tire. They're at your beck and call twenty-four hours a day.

All over your house, electric servants work to make your life easier, more convenient. For pennies a day, they help with the laundry, cooking, cleaning, dishes.

Your electric company is constantly striving to supply you with electricity at a price so low that it remains the biggest bargain in your family budget.

**1,874,027 People Did Not Die!**

Fifteen years ago, before the wonder drugs were discovered, death claimed 10.8 out of every 1,000 people. But today, the death rate is down to 9.2 per 1,000 people—the lowest in history.

This means that 1,874,027 people Did Not Die in the past 15 years—thanks to the antibiotics, the hormones, and the other miracle prescriptions which are now available. That's why we say:

Today's Prescription Is The Biggest Bargain In History!

Choice of this big, rangy 4-Door Sedan or the dashing Lancer Hardtop

## BIG... BRAWNY... BEAUTIFUL ...and built for Texas driving!

It's your kind of car... this handsome, rugged Texan by Dodge! At the very first glance, you'll know this is true. And when you take the wheel and "give the gun" to its mighty, aircraft-type, Super Red Ram V-8 engine, your enthusiasm will burst all bounds. For the Texan boasts a power-plant just like the sturdy Dodge that made automotive history on the celebrated Bonneville Salt Flats in Utah.

Surely you've read or heard recently how a '56 Dodge stock car shattered 306 AAA records for endurance and speed in that sensational 14-day, non-stop run. In this officially witnessed performance, Dodge covered the first 10,000 miles at an average speed of 105.43 miles per hour... then went on to cover more than 31,000 miles of round-the-clock driving at a record-breaking clip. This is the greatest distance at the fastest pace any car has ever travelled.

Now this handsome, flair-fashioned, specially trimmed Texan offers you the same rugged endurance and the same eager power as the Dodge that established these records. What's more, your biggest surprise is still to come!

Most likely, you'd expect to pay a pretty price for a great car like this. Not so! The Texan is priced right down with the so-called "low-priced threes." Yet it's big and powerful and luxurious... actually rivaling cars costing as much as a thousand dollars more!

Never will you find a better "buy" nor make a better deal than your nearby Dodge dealer will give you today. Come in today and see the Texan close-up. Then judge for yourself.

Mrs. W. A. Barnett and Omlette were business visitors in Wichita Falls recently.

Week end guests of Mrs. Doris Stone included Mrs. Meda Settler, Michel Joe, and Janice Wyatt and Ray Wright, all of Farmersville.

Guests of Mrs. Myrtle Meinzer over the week end were Mr. and Mrs. Pete Meinzer and daughter of Childress, Mr. and Mrs. Buck Meinzer and daughter of Abilene and Mr. and Mrs. Joe Meinzer of Haskell.

Sunday visitors with Mr. and Mrs. Willard Kilgore and family were Mr. and Mrs. Woody Roberts, Jan and Chuck, of Goree.

D. V. Marcum, M. D. McGaughey, Wayne Young, T. R. Ressel

served a lovely refreshment plate to the following: Mesdames Lee Wayne McGuire, Grady Hardin, Maurice Hughes, Clyde Beck, Sam Shipman, Allen McGaughey, James McGaughey, Calvin Christian, Rube Richards, Lola Scott, Wesley Trainham, J. N. McGaughey and one new member, Mrs. Ernest Beck Jr. Mrs. L. O. McNew of Lamesa was a visitor.

**"The Man From Whom The Joys Of Life Have Departed Is Living No More"**

The "Joys of life" are hard to appreciate unless you also have good health, one of life's greatest joys.

Good health is priceless, but it is no longer unusual. You can and should have good health.

First, you must have faith, and the resolution to do exactly as your physician advises when sickness invades your home, second, you should adopt the habit of regularly having your Physician check your health. Should he prescribe any medication, depend on our completely stocked Prescription room, let us fill and deliver your next prescriptions.

## RELATIVES HERE FOR FUNERAL OF W. R. LAIN

Out-of-town friends and relatives who attended the funeral of Mr. Will Lain in Goree last Sunday were Mr. and Mrs. D. B. Bowen, Abilene; Mr. and Mrs. Lewis Floyd, Knox City; A. E. Sharpe, Mr. and Mrs. W. O. Frontzew, Mr. and Mrs. D. W. West, Mrs. Sam Towels, Mrs. L. O. Towels, all of Weatherford; Mr. and Mrs. T. R. Busby, Anson; Mr. and Mrs. Noble Land, New Mexico; Mr. and Mrs. Roy Ellenberger, Lloyd Ellenberger, Vaughn Moder of Poolville; Mr. and Mrs. Edd Stout of Pampa; Mr. and Mrs. C. V. Hackney, Mr. and Mrs. Elwood Hackney, Mr. and Mrs. Fred Lain and Joan, Mr. and Mrs. Larry Don Lain, all of Munday; Mr. and Mrs. Billy J. Lain and family of Midland; W. W. Lain of Electra; Waymon Lain, Mr. and Mrs. Bob Fitzgerald and Bob Joe, Mr. and Mrs. Edd Jungman of Fort Worth; Mr. and Mrs. Chester Lain and family of Munday and Mrs. A. Y. Barnes of Haskell.

## GOREE P-TA MEETS

The Goree P-TA met March 6 at 3:00 p. m. The Masons presented the program under the direction of Joe C. Butler in observance of Public School Week. Bro. Baughman spoke along that line. Mrs. Rogers' room received the two dollars for having the most parents present.

Mr. and Mrs. Bobby Lambeth of Midland visited their parents, Mr. and Mrs. Vernice Lambeth and Mr. and Mrs. Vester Bowman, over the week end.

Mr. and Mrs. Wayne Walton and Mrs. Carrie Walton of Wichita Falls visited Mr. and Mrs. Lillie Walton the past week end.

Claxton Tucker of Lubbock visited his parents, Mr. and Mrs. T. M. Tucker, last Sunday night.

Mr. and Mrs. Ira Stalcup were Sunday guests of Mr. and Mrs. Beverly King and children in Graham.

Wayne Couch of Big Spring visited his parents, Mr. and Mrs. W. R. Couch, last Saturday.

Mr. and Mrs. Billy Joe Roberts of Fort Worth, Mr. and Mrs. Kenneth Roberts and baby and Jimmy Roberts of Wichita Falls, Mr. and Mrs. Wallace Roberts and Ina Ruth of Hobbs, N. M.,

visited their parents, Mr. and Mrs. S. C. Roberts, over the week end.

Week end guests of Mr. and Mrs. Ed Vaughn were Mrs. Stanley Shelton and children of Colorado City.

Mr. and Mrs. Leo Prator and family of Anson were guests of her mother, Mrs. Roy Lane, over the week end.

Mr. and Mrs. T. M. Tucker of Wellington and Mr. and Mrs. Wesley Darilek and baby and Jo Ann Vecura of Megargel visited Mr. and Mrs. T. M. Tucker the past week end.

Jackie Latham has returned home after several days in the Haskell Hospital.

Mrs. Taylor Couch and family visited Mr. and Mrs. Joe Smith in Wichita Falls last Saturday.

Mr. and Mrs. Kenneth Phillips of Dallas spent the week end with her parents, Mr. and Mrs. Sam Hampton.

Mr. and Mrs. Keith Chamberlain of Wichita Falls visited his mother, Mrs. Bobbie Chamberlain, and Gaylon over the week end.

Mr. and Mrs. Bob Fitzgerald of Fort Worth were here for the funeral of Mr. Will Lain last Sunday.

Mr. and Mrs. Garland Thiebaud visited her sister at Stephenville over the week end. Mrs. Thiebaud's sister is in the hospital there.

Uncle Walt Mayo has returned home after two weeks in the Haskell hospital.

Mr. and Mrs. Billy Joe Cunningham and baby of Electra visited relatives and friends here the past week end.

The Goree Cemetery Assoc. will sponsor a "Chicken Dinner" Friday, March 16th. All you can eat for \$1.00.

Mrs. Opal Knight and daughter spent Saturday in Wichita Falls visiting her daughter and family.

Mr. and Mrs. Orb Coffman have been visiting in Lubbock with their new granddaughter, Martha, who was born last Thursday, March 1, to Mr. and Mrs. Jack Coffman of Floydada.

Bro. C. R. Mathis of the Baptist Church received word of the death of a brother in Virginia last Monday night.

Miss Henrieta Hertel, who is attending school in Wichita Falls, spent the week end with her parents, Mr. and Mrs. W. C. Hertel.

Mr. and Mrs. Dub Moon and son, Mart, visited Mr. and Mrs. Roy Grantom in Abilene over the week end.

**CARD OF THANKS**  
May I express my gratitude for the gifts, calls, and visits while I was in the hospital and since my return home. They meant so much to me.  
Mrs. O. C. Prather.

# Dinner And Family Reunion Honors Local Woman On Her 91st Birthday

Mrs. I. L. West, well known Munday woman, celebrated her 91st birthday last Sunday with a dinner and family reunion in her home. Many relatives and friends were present for the occasion, among them being:

Mr. and Mrs. H. V. West of Meadows, Mr. and Mrs. L. H. West and Wilbert and E. L. West of Weatherford, Mr. and Mrs. W. D. West of Seymour, Mr. and Mrs. Fred Patterson and children, Weatherford; Mr. and Mrs. R. G. Copeland, Pettit; Mr. and Mrs. Bill Beene and Mrs. Eva Crella of Weatherford;

Mr. and Mrs. Gale Gaynor of Wichita Falls; Miss Patsy Yandell, Munday; Mrs. A. A. Clark, Mr. and Mrs. Elzie Jackson and Judy, Dallas, I. L. West and Lenie, Munday, and Mr. and Mrs. Otis Simpson, Munday.

Week end guests in the home of Mr. and Mrs. Burns Ray were her sisters, Mrs. Billy Smith and children and Mrs. C. H. Huston of Fort Worth.

Mr. and Mrs. J. E. Stevens and children of Abilene visited relatives here over the week end.

Mr. and Mrs. P. C. Phillips visited relatives in Clinton, Okla. last week.

## LOCALS

Mr. and Mrs. Manson D. Waits and sons, Ralph and James, of Lubbock spent the week end with Mr. and Mrs. M. L. Wiggins and Mr. and Mrs. J. Weldon Smith and children.

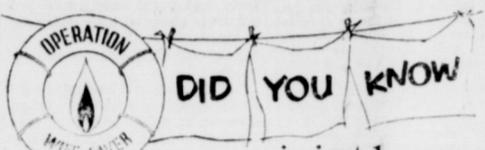

Miss Ilene Bellinghausen and Miss Arleta Moore visited Miss Bellinghausen's sister Mrs. B. W. Pavlicek and family in Fort Worth over the week end.

Mr. and Mrs. D. E. Whitworth were visitors in Lawton, Okla. last Sunday.

Recent visitors in the home of Mr. and Mrs. Gary Reid were Mr. and Mrs. E. H. Perkins and daughters and Mr. and Mrs. Carl Reid, all of Wichita Falls.

Stanley Wardlaw was a business visitor in Dallas last Monday.

Mr. and Mrs. Elmer Cude and children visited his brother, M. C. Cude, and family in Dallas and with Mr. and Mrs. Black and family in McKinney last Sunday.

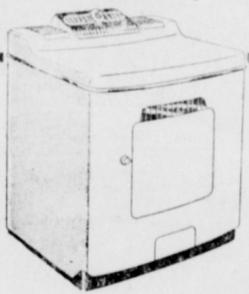

**DID YOU KNOW**

in just 1 year you lift 2 tons of laundry...

and carry it 40 miles to and from the clothes line!

**NOW...** turn laundry days into easy days with the fastest, thriftiest, clothes dryer made...

an automatic gas clothes dryer

No wonder the woman with an old-fashioned clothesline dreads each washday. For the average family of four, in one year she carries 2 tons of washing... walks 40 miles... spends the equal of 24 eight-hour workdays merely carrying laundry!

It's just simple arithmetic! An automatic gas clothes dryer saves time, work, money! It takes clothes as fast as they're washed, delivers them soft and fluff-dried, with that sweet, fresh outdoors smell, ready to put away. Less ironing, too. Gas actually steams wrinkles out. Now rain or shine, day or night, an automatic gas dryer turns your laundry days into easy days.

The perfect Wife-Saver partner in the automatic Gas laundry is an Automatic Gas Water Heater.

**DON'T BE FOOLED**

Almost everywhere in Lone Star Land for what it costs to dry clothes for 1 year electrically... you can dry clothes for 7 years with modern flame-fast GAS!

**LONE STAR GAS COMPANY**

Mr. and Mrs. Bob Fitzgerald and sons, Bobby Joe and Jackie, and Waymon Lain of Fort Worth were here over the week end to attend the funeral of Will Lane in Goree on Sunday afternoon.

Mrs. Stanley Wardlaw was a visitor in Wichita Falls last Monday.

Mr. and Mrs. Earl Hollar and Mr. and Mrs. Alvin Hollar and sons visited relatives in Lubbock last Sunday.

Mrs. H. A. Sloan of Lamesa visited her sister, Mrs. Doris Dickerson, and family and her father, Oran Howard and Mrs. Howard, the first of this week.

Mr. and Mrs. Oran Howard visited relatives in Big Spring over the week end.

Mr. and Mrs. Oscar Spann visited Mr. and Mrs. O. H. Spann, Jr. and daughter, Cindy, in Sweetwater last Saturday and Sunday.

## IT PAYS TO ADVERTISE

## CERTIFIED SEED

### ARE SOUND INVESTMENT

Guaranteed purity, higher germination and top crop yields are all on the credit side of certified planting seed. While germination and final yields are dependent upon available moisture, Ben Spears, extension agronomist, says farmers can't afford to gamble with planting seed of questionable quality.

Certified seed usually are the best seed of a particular variety available. Seed with a "blue tag" comes from fields that were inspected during the growing season, properly handled at harvest time, cleaned and tested for purity and germination.

Certified seed may cost slightly more, but the added cost is good insurance, says Spears. He advises farmers to buy now the seed needed for planting this year's

Don Combs was a business visitor in Hereford over the week end.

Mr. and Mrs. Herbert Stodghill and children visited friends in Borger over the week end.

crops. Seed supplies are generally adequate but last minute shoppers find local stocks depleted.

If the planting seed has not been chemically treated for seed-borne and seedling diseases, Spears recommends treatment. He points out that farmers have found this practice profitable and insurance against poor stands and plant losses during early growth.

Local county agents can supply additional information on seed treating and also on adapted varieties, says Spears.

**FARM CHEMICAL SAFETY**

Insecticides, fungicides and weed killers will soon be in heavy demand in Texas as the new crop year gets underway. These farming "aids" are credited by many agriculturists as being a major factor in crop progress during the past 15 years.

Selective weed killers, new insecticides and fungicides, hormone sprays and feed additives, antibiotics and defoliants are among the chemicals introduced during this period. Along with greater mechanization and better

agricultural practices, such chemicals have helped farmers produce 42 percent more than before World War II.

It has been estimated that savings and additional agricultural production resulting from the use of chemicals is adding about \$1 billion a year to farm income. However, as this "chemical farming" continues to increase, there arises a need for greater emphasis on the safe use and safe handling of pesticides.

It is important to recognize that with the wide selection of pesticides available today, safety hazards vary with the chemicals used.

Some pesticides are safe when used according to good agricultural practices. Some require careful use for the protection of persons applying the material. Others require care to avoid harmful effects on crops. Some constitute a residue problem, while others do not.

Chemical manufacturers and agricultural agencies generally carry on extensive research projects to establish effective and safe procedures adapted to the special characteristics of pesticides. This information is passed along to users on labels and in bulletins.

The Texas Department of Agriculture at Austin maintains up-to-date literature on most farm chemicals sold in the state. In addition, department inspectors regulate certain phases of field applications.

Farmers are urged to contact John C. White, Capitol Station, Austin, for information of this kind. It is essential to maintain safe production of wholesome, high-quality foods and fiber in this chemical age of agriculture.

**Insurance Pays \$79,220,000 In Death Claims During '55**

Texas families received \$79,220,000 during 1955 in death benefits from their life insurance companies, the Institute of Life Insurance reports. These payments were made under 45,086 policies.

The 1955 death payments compare with \$73,236,000 the year before, under 44,577 policies.

"The annual flow of death benefits in this state has risen 121 percent in the past decade," the Institute commented. "In 1945, they amounted to \$35,784,000, under 29,984 policies. The increase has been primarily a reflection of the greater amount of life insurance owned and not a rise in death rates, which nationally declined about one-fifth in these years. Ownership of such protection in this state increased 205 percent between the start of 1945 and 1955. There has been a material gain in the family security provided through life insurance. Many more families are now given the means through policy benefits of holding together and maintaining their improved standard of living."

Of the 1955 death claim payments in the state, \$51,667,000 was under 16,420 ordinary life insurance policies; \$21,176,000 was under 8,456 group life insurance certificates; and \$6,375,000 was under 20,210 industrial life insurance policies.

For the nation as a whole, the 1955 aggregate of death claim payments was \$2,240,731,000 under 1,650,949 policies, compared with \$2,072,206,000 under 1,578,190 policies the year before and \$1,279,667,000 under 1,318,334 policies in 1945. Last year's payments were made up of \$1,379,707,000 under 489,514 ordinary

PAYS TO ADVERTISER

**Pink-Eye And Pilfered Profits**

Some diseases kill farm animals outright; others—like pink-eye in cattle—are more insidious than deadly.

For though pink-eye rarely kills, it is a continuous drain on cattle profits. When the disease strikes, cattlemen are liable to heavy losses from poor condition of afflicted animals and falling off in body weight. In dairy cows, pink-eye often cuts milk flow in half.

Scientists believe that this eye inflammation, called infectious keratitis, is caused by a mixture of germs. It often is spread by flies, gnats, dust and pollen. The disease is widespread among range and feed-lot cattle throughout the U.S. and other parts of North America, and has also been reported in India and Africa.

At the onset of infection, the eye becomes bloodshot, eyelids puff up, and in severe cases, a heavy outflow of pus-filled tears keeps the animal's face soiled and moist. Left unchecked, the infection clouds the eye, dimming sight. In advanced stages, ulcers may form and lead to permanent eye damage or blindness.

Pink-eye flares up most often during warm-weather months. An infected animal quickly spreads the disease, and half the herd may be affected. Cattle of all ages are hit by pink-eye although the dis-

ease is most severe and prevalent among those under two years. Fortunately, in recent years veterinary researchers have discovered that antibiotics are highly effective in treating pink-eye in cattle. The broad-range antibiotic Terramycin rapidly clears up the infection, gets the animal back on normal feeding routine, and thus prevents loss of poundage.

In addition to sapping cattlemen's profits, diseases like pink-eye have a more sinister foreboding. Agricultural economists point out that the U.S. will have to produce enough meat for an expected population of 225 million 20 years from now. Every pound lost through disease is a setback to this goal.

Thus modern veterinary scientists, fighting livestock diseases with potent antibiotics like Terramycin, are helping to meet the challenge of greater meat productivity for the years ahead.

life insurance policies; \$391,435,000 under 242,683 group life insurance certificates; and \$269,589,000 under 928,752 industrial life insurance policies.

Marion Phillips of Hobbs, N. M., and Miss Helen Phillips of Abilene were guests of their parents, Mr. and Mrs. P. C. Phillips, over the week end.

**Safety Conference Slated In Dallas For March 26-27**

The 17th annual Texas Safety Conference will be held in the Baker Hotel at Dallas on March 26-27. The conference, sponsored by the Texas Safety Association, includes a section on farm and ranch safety.

E. C. Martin, administrative assistant for the Texas Agricultural Extension Service and chairman for the farm and ranch section, says an outstanding program has been arranged for the sectional meeting scheduled for the English Room at 2 p. m. on March 26. He extends a special attendance invitation to rural persons who are interested in improving the safety record of the agricultural industry of Texas.

The afternoon program will feature youths and adults. J. Walter Hammond, president of the Texas Farm Bureau and a member of the Association's executive committee will chair the meeting. Speakers include Miss Leah Patton, winner of top honors in the 1955 Texas 4-H safety program from San Antonio; Miss Shirley Merrick, a member of the State winning 4-H safety demonstration team from Harlingen and John Parks, president of the Clifton FFA Chapter.

These youthful speakers have all done outstanding work in farm and home safety and will tell their story of how youth organizations can help cut the accident rate on Texas farms and ranches.

"Motivation and Attitudes" will be discussed by Melvin T. Munn, director of public relations, Blue Cross-Blue Shield of Texas. He is from Dallas. Munn is an authority on accidents and their causes and according to Martin, is equally well known as a public speaker.

Presentation of awards to both individuals and groups who have made outstanding contributions

to farm and home safety during the past year will be made by C. T. Johnson of Dallas. He is a member of the Texas Farm and Ranch Safety Committee and Southwestern public relations director for Sears-Roebuck Foundation.

A short business session will conclude the afternoon meeting. Drive carefully. The life you save may be your own.

Mr. and Mrs. W. C. Hertel and Mr. and Mrs. H. F. Jungman were visitors in Mineral Wells several days last week.

Mr. and Mrs. R. C. Partridge visited relatives in Fort Worth the later part of last week.

Mr. and Mrs. Wilbur Baker of Dallas were week end guests of his mother, Mrs. P. B. Baker.

**Season-long protection against crop loss by HAIL!**

It's a good rule to get the most for your money. And you get more for your money when you place your crop-hail insurance through us. Our policy protects right up until harvest is over—and at no extra cost to you. What's more, your insurance will be placed in experienced, time-tested capital stock insurance companies whose courts and adjusters are famous for fair dealings. Call us. Write us, or drop by and see us.

## Knox Prairie Philosopher Finds Out From The Governor Of New York Just How To Classify His Farming

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek is drawing an odd parallel this week, but that's his look-out, not our's.

Dear editor:  
I was out here on my farm the other day sitting in the sun and watching spring creep up on me and not letting anything worry me, the way I see it, worrying is all right if you ration it and keep it under control, but anybody who sets out to worry about everything that needs worrying about in this world can worry himself to death and still not make any dent in the problems, you take this farm, I could sit down and worry for seven days running and not get around to all the things that call for worrying, but any rate, as I started out to say, I was sitting out here not worrying about a thing and may be dozing a little as the sun warmed up when a newspaper blew across my face and since it was almost in position to be read, all I had to do was take hold of it and hold it away from my face a couple of feet, I went ahead and did it and I'm glad I did.

The first article I read was one I've been looking for, without knowing it.

According to it, the Governor of New York, Gov. Harriman, who is being talked as a candidate for President on the Demo-

J. A.

cratic ticket, explains his position like this: "I am not an active candidate for the nomination, and on the other hand I'm not an inactive candidate."

A lot of people would make fun of such a statement, but not me. It sums up exactly my attitude toward my farming. You might say I'm not an active farmer, but on the other hand I'm not an inactive one. Like Gov. Harriman, I have no objection to making a bumper crop this year, but I'm not actively seeking it. Just because I don't leap on my tractor and start going up one row and down another is no sign I would not like to haul some crops to town in the fall. There's a fine difference between physical activity and mental activity, and I am proud to know me and Gov. Harriman have figured it out.

A man can be sitting in the sun, with his tractor idle and his land un-plowed, but still his brain can be racing.

Yours faithfully,  
J. A.

**IT'S THE LAW**  
in Texas  
A public service feature of the State Bar of Texas

**WHO ENDORSED THAT CHECK?**

Many people scarcely look at the endorsements on a check, even though they accept it from a stranger, and that can lead to trouble.

Take Jack Storm down at the neighborhood hardware store, for example. He's one who will warn

you—emphatically, with gestures—that it's smart to follow the simple rule: "Know your endorser."

Our laws set up many rules to protect us, and one of these rules protects the holder of a check by declaring that if he can't collect from the person who wrote out the check (the drawer), he can collect from the person who signed the check over to him (endorsed it). This, of course, applies only where a check changes hands at least once.

We mentioned Jack Storm. He accepted a \$100 check from a nice looking fellow who said he needed to buy a kit of tools for his new job. We won't use real names, but let's say the check was made out to Will Works and signed by Art Jayson.

"Sure, Art Jayson's lived in the neighborhood for twenty years," Jack said. "I know him well. Just sign your name on the back."

Jack forgot to identify the endorser, and it turned out that Will Works was a phony name, and that Art Jayson's signature was a forgery. Jack had no idea where to find the stranger, and he ended up losing about \$40 in tools and \$60 cash.

Right after that a good friend, we'll call him Bob Samson, bought a \$2 paintbrush from Jack, and gave him a \$60 check.

It was made out to a Paul Smart and signed with "Regno Canning Co., Inc., Rex Rogue, President." Bob Samson placed his signature beneath Smart's endorsement, and Jack gave friend Bob the paintbrush and \$58 change.

Well, there wasn't any "Regno Canning Co., Inc.," and this check also was worthless. But it was a different story this time for Jack. He contacted Bob Samson, and, of course, Bob had to make good on his endorsement.

Bob Samson managed to find Paul Smart, and it was Paul who ended up minus \$60. But, what if Smart had been a stranger to Samson?

In a nutshell, anyone who endorses a check guarantees that any previous signatures are genuine and that the check will be paid. If the check is worthless, or the original maker's signature has been forged, then you may collect the amount of the check from the last endorser. Be sure you know the endorser personally, so you can fall back upon him in event it becomes necessary.

(This column, based on Texas law, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts because the facts may change the application of the law.)

YOU DON'T GET ON EVERY IRRIGATION PUMP INSTALLATION!

We're proud of the job that Peerless does before installing a new Peerless Pump in an irrigation well. First, we secure all the information about a new well—its depth, the amount of water available, the size of the casing installed, and send this information to Peerless engineers. From these facts, Peerless engineers will suggest a pump that FITS YOUR WELL.

There is no guesswork. You know that when it is a Peerless it is not only the best pump money can buy, but it is also engineered for your well. It is THE PUMP that will give you the lowest cost operation, the longest service, the easiest pulling, of any pump that could be installed.

And that's not all. We install the pump here at home and completely guarantee the installation. We are ready, day or night, to back up that guarantee.

## Soil And Water

(Continued from Page One)

vested 63 bales of cotton without using any fertilizer this year. Dryland cotton in this area on similar land made about one-third of a bale per acre. He pre-watered approximately 60 acres of land planted to milo and applied water one time after planting. It yielded 2500 pounds, whereas his dry land milo yielded only 500 pounds per acre. In addition to watering his row crops, he seeded a 2 acre plot to alfalfa which provided a good hog and cow pasture. At the time the loan was made, the farmers had 10 head of livestock and 2 brood sows. He now has 30 head of livestock and 21 hogs and has sufficient pasture and vetch, this farmer is utilizing his irrigation system year-round, and is successful in his farming operations where other farmers in the area, hard hit by drought, are going deeper into debt to continue their operations.

Private lenders provide most of the funds from which these loans are made. The Farmers Home Administration makes and services the loans and insures repayment of the funds advanced. Farmers pay 4 1/2 per cent in interest or in interest and insurance charges for the loans. These loans are scheduled for repayment within the shortest period of time consistent with the ability of the borrower to repay. The maximum repayment period on loans to individuals is 20 years.

To be eligible for a soil and water conservation loan, a farmer must have reasonable prospects of conducting successful farming operations. He must also be unable to obtain the necessary credit on reasonable terms from private lending sources.

Applications for soil and water conservation loans may be made at the county offices of the Farmers Home Administration located in Seymour, Texas, in the Foyt Bldg. or the part-time office in the A.S.C. office in Knox City, Texas, each Tuesday from 10:00 A. M. to 2:00 P. M.

COMPLETE PLANT  
FOOD MAKES  
GARDENING  
SUCCESS EASY!

## Top Awards To Texas 4-H'ers

TWO Texas 4-H Club members have won 19-jewel wrist watches as state awards in the 1935 4-H Entomology and Meat Animal programs.

Bernice Duderstadt, 17, of Harper, has won the state award for all-around accomplishment in the 4-H Meat Animal program for 1935. In recognition of her accomplishments, Thomas E. Wilson presented her a 19-jewel watch.

During her seven years in club work, Bernice has had a total of 123 cattle and sheep. She takes complete charge of her animals and does all the feeding and grooming. Her showmanship with the Angus cattle has won her awards at county and state fairs and she was presented with a trophy from the County Angus Association for her Grand Champion steer. Her Southdown ram and Suffolk ewe were champions at the Harper Show.

Bernice has given 33 talks and made four radio and television appearances. She is a Junior Leader and council delegate. Her leaders are Mrs. M. R. Duderstadt and Victor Wendall.

Jerry T. Smith, 15, of Gilmer, has been selected by the State 4-H club office as the 1935 State winner in the 4-H Entomology program. In recognition of this honor, the Hercules Powder Co. awarded him a 19-jewel watch.

Both programs are conducted under the direction of the Cooperative Extension Service.

B. Duderstadt Jerry Smith

Jerry learned much about insects and insect life through the Entomology program.

He has 125 different insects in his collection and finds that it helps him to understand them as well as control harmful ones. He attended the Entomology short course at College Station.

For his insect control program he used his own garden and cotton fields, which he sprayed and dusted. He also sprayed his livestock for fly control and in his poultry demonstrations showed how to control lice and mites. He has an understanding of insecticides and the correct dosage for certain types of insects. He has been a member of 4-H five years under the leadership of H. C. Smith.

The local County Farmers Home Administration committee determines eligibility for these loans. The Committee for Knox County are Murval H. Jackson, John H. Atterbury, and B. E. Smith. The County Supervisor is Mr. Wilburn A. Satterwhite.

## Conference Guild Meet Is March 17-18

LUBBOCK — First Methodist church here will be host on Saturday and Sunday, March 17-18, to the Northwest Texas Methodist Conference Wesleyan Service Guild meeting.

Major item of business will be the election of new officers Sunday morning. Featured speakers will be Mrs. Harold Soulen of Hutchinson, Kans., vice-president of the South Central Jurisdiction Methodist Woman's Society of Christian Service, and Dorothy Little, deaconess in charge of Houchen Settlement and Day Nursery, El Paso.

Mrs. Soulen will speak Saturday night, March 17, on "To Reach The Goal," and Sunday afternoon, March 18, on "Armored With Christ-Like Graces." Mrs. Soulen will lead the closing commitment service.

Miss Little will show slides of mission work following the Saturday evening session. She will speak Sunday morning on "Outstretched Hands."

Registration is scheduled to begin at 3 p. m. Saturday at First Methodist church. Catherine Royalty of Lubbock, will be in charge. Supper will be served at the church with presidents of Units I and II presiding. Earlier, a tea hour will be given by guild one.

Sunday morning, following attendance at the early worship service, the delegates will go to the Citizens National Bank for a pledge service directed by Mrs. J. C. Cowan, Jr., the election of officers, invitations for the next annual meeting, and a decision concerning the offering.

Mr. and Mrs. Marvin Walters of Haskell visited in the Norton Pendergraft home in Munday, last Sunday evening.

Mr. and Mrs. Joe R. Collier of Grandview and Mr. and Mrs. J. F. Brown of Levelland were weekend guests of Mr. and Mrs. B. L. Blacklock. Mrs. Collier and Mrs. Brown are sisters of Mrs. Blacklock and all visited with another sister, Mrs. Williams, in Haskell on Sunday.

Sunday guests in the C. A. Reagan home were John and Georgie Thornton of Stamford and Mr. and Mrs. J. C. Reagan of Dickens.

Mr. and Mrs. Kenneth Phillips of Dallas visited his mother, Mrs. Ellie Phillips, and with Mr. and Mrs. Sam Hampton in Goree over the week end.

Mrs. Dee Allred visited with her brother, Earl Scott in Oklahoma City, from Saturday until Tuesday. Mr. Scott suffered a heart attack.

Mrs. Joe Bailey King visited her sister, Mrs. R. W. Hightower, and family in Dallas this week.

Mrs. Hubert Hitt and Judy visited in Fort Worth and Gordon over the week end. They returned home with Mr. Hitt who visited in Gordon on Sunday.

Leon Johnson, William Allred and Don Whitworth visited their friends in Lubbock over the week end.

Miss Merle Dingus visited relatives in Big Spring and Andrews over the week end.

Mr. and Mrs. I. V. Cook of Plainville visited friends here a while last Sunday.

Mrs. J. W. Medley of Haskell visited her daughter and husband, Mr. and Mrs. A. B. Warren on Tuesday and Wednesday.

Mr. and Mrs. Ben Yarbrough visited relatives in Duncan, Oklahoma, last Sunday.

George Spann of Texas Tech in Lubbock visited relatives and friends here over the week end.

Mr. and Mrs. Tom Morton visited relatives in Comanche last Sunday.

Visitors in the home of Mr. and Mrs. Chester Lain over the week end were Mr. and Mrs. Bob Fitzgerald, Joe, Jackie and Francis Day, Mr. and Mrs. Ed Jungman and Eddie and Waymon Lain, all of Fort Worth, Mr. and Mrs. Roy Ellenberger and Loyd of Poolville and Mr. and Mrs. Homer Lain and Barbara of Abilene.

## CARD OF THANKS

Words cannot adequately express our deep appreciation for the many kind and sympathetic acts that came to us at the time of our recent bereavement. We are grateful to each of you, and our prayer is that God will richly bless you all.

## IN ABILENE FOR YWA HOUSE PARTY

Mrs. Bill Morris and Mrs. Clovis Winchester accompanied the Misses Peggy Thigpen, Anita Tidwell, Maldee Smith, Bobbie Vance, Jo Ann Booe, Ava Mary Taylor and Paula Conwell to Abilene over the week end where they attended the State Y. W. A. house party at Hardin-Simmons University. Over eight hundred girls enrolled. Programs started at 7:30 p. m. Friday and were held in Behrens Chapel. Saturday's program was from 8:45 until 12:50 with all the state officers present.

Sunday guests in the home of Mr. and Mrs. W. A. Floyd and Earl were Mr. and Mrs. Vester Senn and son, Alfred Earl, of Grapevine, Mr. and Mrs. Gordon Swamer of Arlington, Mr. and Mrs. J. G. Swamer of Wichita Falls, Mr. and Mrs. Eddie Swamer of Knox City, Mrs. Herman Floyd and son, Harold of Munday and Mr. and Mrs. George Gray of Welnet.

C. F. Suggs visited with his brother, Red Suggs, in Wichita Falls the first of this week. Mr. Suggs suffered a heart attack on Monday.

Mr. and Mrs. Jessie George Smith of Dallas wedded week end guests of his parents, Mr. and Mrs. B. E. Smith.

## CARD OF THANKS

We could easily fill a book of gratitude for the many expressions shown us during the illness and passing of our loved one. Each token will remain dear in our memories. The nice meals prepared for us and our visiting relatives and friends, the beautiful scene of flowers, kind words and your presence helped so much. God bless you, our friends. Mrs. W. R. Lain and children. 1tp

## "Texas Day" Is Observed By The Munday Study Club

"Texas Day" was observed by members of the Munday Study Club in their regular meeting on Friday, March 2. Mrs. W. O. Ratliff was program director.

A panel discussion on scenic parks of Texas, led by Mrs. Ratliff, highlighted the program. Parks discussed were: The Big Thicket, Mrs. R. B. Bowden; Palo Duro Canyon, Mrs. Levi Bowden; Big Bend National Park, Mrs. Bob Brown, and Longhorn Cavern, Mrs. Robert H. Lloyd.

A quiz on Texas was conducted by Mrs. Ratliff, followed by the club members singing "The Eyes of Texas."

See You In Church Sunday
