"How Green Is My Valley" is the title of a book and show which most of us are familiar with. But we'd like to switch the wording around, and ask, "How Clean Is My Alley?"

It seems that alleys have an uncanny knack of becoming sort of cluttered up during the winter months and when we start spring cleaning in our yards. Some of our alleys have attracted attention of our city officials, for just last week we were requested to run the following article:

"The ordinances of the City of Munday forbid the dumping of cans, trash, garbage or litter of any sort in the alleys and streets of the city. It is the intention of the City Council to have the ordinances relative to this matter enforced. Your voluntary cooperation in this matter will be appreciated."

A little spring cleaning in our alleys during the yard cleaning process, then a little vigilance during the remainder of the spring and summer could keep our alleys in much better shape than in former years.

Coming events: The city election is next Tuesday, and we will elect two aldermen and a mayor who will serve a period of two years. Will your ballot help elect them?

The annual Chamber of Commerce banquet is Friday night. Reports are that a good feed and good program are in prospect, and preparations are being made for around 350 people. Our speaker this year, Mr. Melvin T. Munn of Dallas, is reported to be up in the "better class" of speakers. You will want to hear him.

The annual school trustee election is coming up Saturday of next week. In addition to trustees in each of the various school districts, voters of the county will elect a county trustee-at-large to serve all precincts, a member to the county board for Commissioners Precinct 2, and a member for Commissioners Precinct 4. That's three new members to the county board, if old ones are not returned. Will your ballot help elect these?

The first Democratic Primary will be held on the fourth Saturday in July. Another addition to the gubernatorial circus is Senator Price Daniel, who announced his candidacy early this week. This announcement did not come as a surprise, since he's been opening his mail for several weeks. The surprise may come July 28. Will your ballot help to determine the winner?

M. T. Chamberlain is back home after a sojourn of some two months in California, where he spent the time with some of his children and other relatives. "I imagine it will seem kinda quiet here," he said, "after being in all that hustle and hurry out there."

Each tick of the clock brings the deadline for securing your 1956 auto license plates nearer and nearer. After making the rounds of the county a few weeks ago for the purpose of issuing the license plates, Buddy Bumpas reported Monday that this week started off with around 1,400 yet to be issued. His office will remain open Saturday afternoon so the last-minute boys may get theirs before the deadline. And since April 1 is on Sunday, they will be given Monday to drive on the old out-of-date license tags.

Sunday, April 1, is also Easter Sunday; one time, at least, on which most of us feel inclined to attend church services. We think, too, the inclination is not just to show off or see all the Easter finery being worn, but in commemoration of the occasion. There's a little religious feeling, we think, in even the worst of us.

COUNTY MEN TAKE SCOTCH RITE WORK

J. C. Harpham and O. V. Milstead of Munday, and Judge L. A. Parker and James McGaughey of Benjamin were in Dallas over the week end where they received advanced degrees in the Scottish Rite Masonic work.

They will return to Dallas on April 7th to receive the two final degrees.

Anita Gray Of Knox City Wins In Spelling Bee

Fourteen-year-old Anita Gray, eighth grade student in Knox City Junior High, spelled her way to the championship in the Knox County Spelling Bee held Saturday morning in the Vera High School.

Anita, daughter of Mr. and Mrs. J. E. Gray of Knox City, got her chance at top spelling honors when the last remaining contestant, Marianne Coffman, misspelled "granary."

Anita went on to spell it correctly and then knocked off the winning word, "grate."

Other Contestants
The only other contestant, Sarah Ragle, 11-year-old fifth grader representing Munday Elementary School, dropped out early in the contest on the word "academic."

Marianne, 13-year-old seventh grade student representing Vera Elementary School, received second place honors... proving that she was as good a speller as her mother, Mrs. Olen Coffman of Vera.

Mrs. Coffman also spelled her way to second place in a Vera Spelling Bee for adults held during Public School Week here.

Mrs. Dorse Rogers, Goree, served as pronouncer for the Saturday morning Bee, with Mrs. James Carver, Goree, Mrs. Otis Cash, Knox City, and M. J. Kirby, Vera, school superintendent, serving as judges.

Merick McGaughey, Benjamin, superintendent of Knox County schools, was in charge of the county Bee at Vera. Praising the importance of spelling bees, McGaughey noted that the adult Spelling Bee held at Vera "was the first one we've had since I was a student here."

He added that the ribbons presented spellers were given by the county superintendent's office to encourage spelling in Knox County.

The ribbons were awarded for first, second, and third places and carried the words "1955 Knox County Spelling Bee."

Mother Of Local Man Dies On March 21 At Henrietta

Funeral services were held Wednesday, March 21, in Henrietta for Mrs. Ida Ann Cunningham, resident of Clay County for 80 years and widow of a former Clay County sheriff.

Rev. Rinis Crutchfield of Dallas and Rev. Roy Anderson, pastor at Henrietta, officiated.

Survivors include four sons, Herbert Cunningham, resident engineer of the Highway Department at Munday, and Glenn, Jess and John Cunningham, all of Henrietta, and a daughter, Mrs. W. D. Kirbow, also of Henrietta.

Massey Now With Frost Chevrolet Co.

Joel W. Massey, well known local mechanic, recently transferred from Harrell's to the Frost Chevrolet Co., where he is now in charge of the company's service department.

Mr. Massey has served motorists of this area for many years, and he invites them to visit him in his new location for every type of automotive service.

"The make and model of your car doesn't matter," Mr. Frost said, "as our mechanics know their jobs and can give you prompt and efficient service. Drive in for service any time."

Apco Station To Open Saturday

Formal opening of the new Apco Service Station has been announced for Saturday, March 31. Jimmy Bell of Munday is the new owner and operator.

This is the station erected by O. V. Milstead, located on the Haskell Highway.

On opening day, Jimmy will give away 150 ladies' nylon hose to customers who purchase 10 gallons of gas and will also have free cigars for the men, bubble gum and suckers for the children.

The public is cordially invited to visit this new station on its formal opening day.

Leaders In Methodist Revival

QUAY PARMER

Rev. Quay Parmer of Fort Worth will be the evangelist, and Mr. Earl L. Ward of Waco, will be the Evangelistic singer and youth worker for the revival in the local Methodist Church beginning next Wednesday evening, April 4. Services will be held at 7:30 p. m. and 10 a. m. for the ten day period ending April 15.

Rev. Parmer has had experience as a pastor, army chaplain and has, for the past ten years been engaged in evangelistic work. He has conducted more than 200 revivals in 16 states. He has twice been elected to office in the Association of the Approved Evangelists of the Methodist Church.

EARL L. WARD

Mr. Ward has been working as an evangelistic singer and youth worker for twelve years and has helped in revival meetings in many states.

The Methodist Church is looking forward to a really great revival and extends a cordial invitation to everyone to attend these services.

Tax Collector To Be Busy With License Plates

The office of M. A. Bumpas, Jr., tax assessor and collector, will be a busy place during the remainder of this month, if all auto owners secure their 1956 license plates in time.

Up until Monday, Bumpas said a total of 2,600 license tags had been issued, which was some 1,400 short of the regular number. However, around 250 were issued Monday.

The office will be open all day Saturday, April 31, to allow owners to secure their license tags. Since April 1 falls on Sunday, auto drivers will be given an extra day of grace. Sheriff H. T. Melton stated the sheriff's department would not "pick up" anyone on Monday, April 2, for not having the 1956 car tags.

But watch out on Tuesday. Best to get them this week.

Contract Let On Paving Project

Bryan and Hoffman of Plainview have been awarded the contract for 11.1 miles of grading, structures and paving on the cutoff between Knox City and U. S. Highway 82, it was announced recently. The firm had a low bid of \$139,143.

H. T. Cunningham, local resident engineer, had previously announced that actual work on the project would begin 30 days after the contract was let. The job is to be completed in 160 working days.

Six miles of the cutoff west from Knox City have been paved for some time and completion of the road, which has been designated as Farm Road 143, will culminate years of planning and effort by civic leaders and county officials of Knox and King Counties.

The distance from Knox City to the Plains area will be shortened by about 14 miles, it was stated.

Mrs. T. C. Bengel visited friends and attended church services in Abilene last Sunday.

District Deputy To Visit Local Lodge

C. L. Sims of Woodson, district deputy grand master of the 91st Masonic District, will pay his official visit to Knox Lodge No. 851, AF&AM, next Monday night, it was announced this week by Levi Bowden, master of the lodge.

Possibly some degree work will also be done at his meeting. The meeting will begin at 7:30 p. m., and all Masons are urged to be present.

Easter Scene Is Being Erected At Methodist Church

A scene depicting the events of Good Friday and Easter Sunday will be constructed at the west entrance of the Sanctuary of the local Methodist Church. The entrance way will be used to represent the tomb of Jesus Christ. The tomb will be guarded by Roman soldiers.

On Easter morning the stone covering the tomb will be rolled away revealing an angel proclaiming the resurrection of Christ.

The scene is being prepared by a group of volunteers from the church in an effort to make the events of Easter more realistic, particularly to the youth and children of the community.

BIRTH ANNOUNCEMENT

Mr. and Mrs. Albert Pavlock of Rosenberg are announcing the arrival of a son on March 23, 1956 at 12:43 a. m. He topped the scales at 7 pounds and 5 1/2 ounces. He has a brother, Rodney Charles, 17 months old. Grandparents are Mr. and Mrs. Jack Franklin of Richmond and Mr. and Mrs. John Pavlock of Rosenberg.

ANOTHER NAME FILED

The name of J. D. Hicks has been filed as a candidate in the Goree school trustee election to be held Saturday, in addition to those reported last week.

First Homecoming And Gym Dedication Set At Rhineland For Friday, April 6

Plans are in final stages of completion for Rhineland High School's first homecoming which will be held on Friday evening, April 6. The occasion will also be celebrating the completion of and dedication of the new school gym which has just been completed.

Registration of ex-students and teachers will begin at 6 p. m. at the Community Hall, to be followed by a supper for all visitors.

Around 50 Men Meet With Goree Men's Club Mon.

Around 50 men were present last Monday evening at the First Methodist Church in Goree for the regular meeting of the Goree Methodist Men's Club.

Barton Carl, club president, served as master of ceremonies, recognized guests and introduced the speaker.

Dr. Earle W. Crawford, pastor of the First Presbyterian Church in Wichita Falls and widely known for his interesting and inspirational messages on the TV "Meet the Minister" program, was speaker for the evening. He brought a very timely message on "The Gauge of Greatness," citing several principal requisites to becoming great in service to others, then closed with the inspirational thought that most important was to be great in the sight of God.

Prior to the program, a kitchen committee served refreshments of sandwiches, potato salad, pickles, pie, tea and coffee. Several denominations were represented at the meeting, with about 15 Munday men attending.

Munday To Elect Two Trustees

Two trustees for the Munday Independent School District will be elected in the trustee election held next Saturday, it was announced Tuesday.

The terms of J. B. Scott and Wayne Patterson expire, and four names had been filed with Harvey Lee, city secretary, up to the deadline, 5 p. m. Tuesday. These are Wayne Patterson, Bill Gaitner, J. D. Gillespie and John L. Phillips.

Carry-over members of the board are: Ray Holcomb, president; Travis Lee, secretary; Weldon Floyd, J. T. Offutt and Gene Thompson.

The election for the Munday district will be held at the Sunset school, west of Munday, with Roe Myers as election judge, and at the city hall in Munday, with Harvey Hill as judge.

"Martin Luther" Will Be Shown In Area Next Week

The outstanding film "Martin Luther" will be presented twice in this area next week. On Monday night, April 2, it will be shown at the Gillespie Baptist Church, and on Tuesday night, April 3, it will be shown at the First Baptist Church of Munday. These showings, both of which will be at 7:30 p. m., will be sponsored by the Brotherhoods of the respective churches, with the public cordially invited to attend.

The audience will relive one of the most dramatic periods of all church history as they see the monk, Martin Luther, come to the conviction that Christ is the only hope of salvation and watch him take his brave stand against the strongest powers of that day. The film is a thrilling portrayal of our spiritual heritage.

This film has won a number of awards and citations for excellence of content and production and is an unforgettable experience.

W. E. Braly, president of the First National Bank in Munday, last Tuesday announced plans for extensive remodeling work on the bank building, to begin as soon after April 15 as possible.

The contract has been let to the W. D. Collins Bank Fixture Co., Inc., of Denison and will include complete remodeling, both inside and outside.

"During the remodeling work," Mr. Braly said, "we will move directly across the street north into the building owned by Mrs. Roger Williams and recently occupied by Tucker's Booterie. This building will be convenient since it is near our present building and we can serve the public better, as it will be necessary to keep some of our records and safe deposit boxes in the vault of our present building."

This will be a major remodeling, both inside and out, with entirely new fixtures and new and more adequate vaults. The entire building will be utilized, with the bookkeeping department on the mezzanine floor. Heating and cooling systems and storage will occupy the upper portion of the building. Offices and banking facilities will occupy the main floor. The main entrance will be on the east and near the center of the building.

"When work is completed, the bank will be as nearly modern as possible," Mr. Braly said, "with a night depository, more working space and other facilities which we believe our customers will appreciate. Remodeling work will require a period of several months, but when completed it will be a building and facilities of which we believe the community will be proud."

Jack Whitaker Funeral Rites Held Thursday

Funeral services were held at 3:30 p. m. Thursday from the First Christian Church in Truscott for Jack Whitaker, manager of the West Texas Utilities Co. office in Truscott for many years.

Mr. Whitaker died suddenly while fishing in a stock tank near Baird at about 9:15 a. m. Wednesday, March 21. He was found dead in a sitting position on the tank bank by a farmer and other members of the fishing party. He and his wife were visiting her brother, E. Y. Elliott, and Mrs. Elliott of Clyde at the time.

Survivors include the wife, one daughter and five sons.

Mr. Whitaker had been an employee of the utilities company for about 30 years and had lived in Truscott most of this time. He had been in failing health for several years.

Pioneer Woman Dies On Tuesday

Mrs. A. L. Lea, 86, known as "Aunt Kate" by all her friends, died at 4:15 p. m. Tuesday following a long illness.

She was born December 19, 1869, at Springtown, Parker County, and had lived three miles west of Knox City since 1900. She was married June 17, 1889, in Springtown and moved to Benjamin during that year.

Funeral services were held at 2:30 p. m. Wednesday from the First Methodist Church in Knox City with Elder E. J. Norman, Primitive Baptist minister of Childress, officiating. He was assisted by Rev. Walter Driver, pastor of the Methodist Church in Knox City. Burial was in Knox City cemetery.

Mrs. Lea was a member of the Primitive Baptist Church. Survivors include one son, Ulrich Lea of Knox City; four grandchildren and 11 great-grandchildren.

MOVE TO DALLAS

Mr. and Mrs. Toby Lane and daughters left last Monday for Dallas where they will make their home while Mr. Lane is attending the John Deere Training School. He had been employed by Frost Chevrolet Co. for several months.

GRASS ROOTS OPINION

Covington, Tenn., Leader: "We feel that labor unions have served useful purposes in the past. However, if they are to continue to serve the best interests of the people, labor leaders must realize that restrictive tactics and 'feather-bedding' produce not more jobs, but fewer jobs in this age of mass-production, prefabrication and automation."

Ogallala, Nebr., News: "Financial statements of the major companies show that the packers, by an almost unbelievable elimination of waste and development of profitable by-products, reflect an efficient job and at a margin of a small fraction of one penny for each dollar volume of business."

Norwalk, Conn., Hour: "The common economic goal of the free world, to discourage communism, is removing barriers to the flow of capital. The opportunities for achieving a stronger free world and at the same time for sound investment are fabulous. By strengthening capitalism abroad, we are strengthening the free enterprise system, which is basic to our own way of life."

Mainfield, Ind., Messenger: "We do not need to look to the federal government for help. Let's learn again the fine art of taking care of ourselves and our own."

SHARING THE WEALTH

A wage-profit study made by the National Association of Manufacturers reveals some striking facts. Between 1950 and 1955, wages and salaries increased by 39 per cent in this country. The 1955 figure was an all-time high—\$124,000,000,000, exclusive of government payrolls—and resulted from the greatest number of people working at the highest pay rates in our history.

In the same period of time, however, the profits of corporate industry showed a slight decrease—from \$22,100,000,000 in 1950 to \$21,800,000,000 in 1955.

This doesn't mean that industry at large is complaining about the profit picture. But it does emphasize something everyone in the country should know—that, in a free enterprise economy, the greatest rewards of progress go to the masses of working people.

Actually, in typical industries, profits are among the smaller items in the financial statements. They are always dwarfed by payrolls—and in some cases are far below taxes.

To put it another way, capitalism has done an extraordinary job of sharing the wealth! American purchasing power is concentrated in the hands of the millions—not in the hands of the few. Freedom and abundance go hand in hand.

BEST BUY

In discussions of the farm problem, one statement is frequently heard. It is that the price of mechanized farm equipment is high in the light of what the farmer now receives for his produce. This statement about equipment just isn't accurate.

Since 1941, the price of farm equipment has gone up less than the price of farm products. That is true despite the decline in farm product prices since 1953. In today's market, farm prices are still ahead of equipment prices.

Secondly, farm equipment prices have increased much less than have the costs of the principal items of operating expense borne by the equipment manufacturers. The experience of one leading company, which is typical of the entire industry, tells that story. Since 1941, the cost of iron and steel has risen 127.4 per cent; hourly wages have gone up 165 per cent, and taxes have advanced 225 per cent. In precisely the same period, the prices for farm machines have been increased by 94.2 per cent. And the new machines are far more efficient and productive than were the older ones—which in itself means greater economy for the user.

In this era, in which mechanized farm equipment is absolutely vital to agriculture, facts such as these should be generally known and appreciated. That equipment, measured by any standard, is one of the farmer's best buys.

"GOVERNMENT HASN'T A DIME"

"Education has always been a matter for the localities in the states," writes James W. Douthat in the Idaho Voter. "The Federal Government hasn't got a dime that it doesn't take away from the people. So it can't give anything to a school system without first having taken it away from the very people who should be supporting the state system."

This is true of all other federal "grants" to local government. Government, like an individual, can't get anything for nothing. The taxpayers must put up the money—plus the large additional sums absorbed by the bureaucrats and administrators.

Given time and a lot of it, even a Government eventually learns a thing or two. For example, the U. S. Government plans to buy surplus pork, but instead of placing it in storage, it will supply it to school children and needy persons."—Runge News.

WHAT DOES THE BIBLE SAY?

DANGER OF BELIEVING ERROR

"But there were false prophets among the people, even as there shall be false teachers among you, who privily shall bring in damnable heresies, even denying the Lord that brought them, and bringing upon themselves swift destruction. And many shall follow their pernicious ways, by reason of whom the way of truth shall be evil spoken of..."

SOME WHO BELIEVED ERROR

Ever believed the lie of the serpent in Eden. (Gen. 3:1-6; 2 Cor. 11:1-3). All know this was not as good as believing what God said. We read of a prophet who lost his life by believing a lie (1 Kings 13). Believing he was right did not make him safe while disobeying the Lord. What one believes is important, for we are what our beliefs have made us. It is what we eat that determines whether we live or die, and not the mere act of eating. One may eat poison the same as wholesome food but the results are not the same. So of believing the truth and believing error. A right faith is necessary, even "THE FAITH OF THE GOSPEL." (2 Cor. 16:13). Just any faith will not do, Jude says, "Earnestly contend for THE FAITH ONCE DELIVERED UNTO THE SAINTS" (Jude 3). Paul predicted that some would "Depart from the faith giving heed to seducing spirits, and doctrines of devils" (1 Tim. 4:1-3). THE FAITH we read of in the Bible comes from hearing the word of God (Rom 10:17). Any thing we believe which is not written in the Bible is the doctrine of men, and is not the faith once delivered unto the saints.

News From The U. S. Congress

Congressman Frank Ikard

Since this is an election year, we are again hearing considerable talk about the possibility of amending the Constitution so as to change the method of electing the President and particularly to either do away with or considerably change the function of the antiquated electoral college. Under the Constitution as it now exists, if a candidate for President gets only 51% of a State's vote, he gets that State's entire vote in the electoral college. Under the present system, the winner takes all, and it is possible for a President to be elected from the big States without receiving a majority of the popular vote. In fact, this actually happened. The present system exaggerates and builds up the influence of organized minorities which can throw their vote one way or the other in a Presidential election. It has been under the present system that the influence of these minorities has grown to a point where they exercise an influence over this country's affairs that is out of all proportion to what it should be. A number of plans have been suggested for reform or change in this field. Some would abolish the electoral college entirely while others would relate the vote in the electoral college to the popular vote; while some of the plans seem to be much more workable than others, there is no question but what if we are to continue to have a truly representative government, one of them or a compromise between them will have to be adopted. I am hopeful that some action can be taken in the field during this session of Congress so that the people of the country may have an opportunity to consider a proposed amendment to the Constitution at the earliest possible date.

The highly important Agriculture Bill will probably not be finally acted on by the Congress for another three or four weeks. The Senate has recently passed a bill; however, it is considerably different from the one that was passed in the House last Spring; therefore, it will be necessary that the whole agricultural program be considered by a Conference Committee made up of mem-

The recent action on the part of the present rulers of Russia to discredit Joe Stalin is very interesting. In the first place, they are not telling us anything we did not already know about Stalin. In the second place, even though they now are saying all kinds of uncomplimentary things about him and even going so far as to intimate that he was crazy, I have not noticed any inclination on their part to right some of the horrible wrongs that he created such as granting freedom to the Satellite States or releasing some of the thousands they are holding in Russian prisons.

Bridal Shower Given To Honor Miss Joy Lemley

The Fellowship Hall of the First Baptist Church was the scene of a bridal shower honoring Miss Joy Lemley on Tuesday night, March 27. Miss Lemley is the bride-elect of Kenneth Baker.

Guests were greeted by Mrs. A. L. Smith, who presented them to the honoree, her mother, Mrs. Bill Lemley; Mrs. C. P. Baker and Mrs. Charles Baker.

Decorations were in pink and white, the bride-elect's chosen colors, throughout the room. The table was laid with a white linen cloth centered with an arrangement of white gladiolus and pink carnations above a base of wedding bells entwined with pink ribbon and a miniature bride and groom. Pink ribbon streamers with "Joy and Kenneth" and the wedding date completed the table decorations.

Frosted punch, cookies, mints and nuts were served by Miss Arleda Moore and Mrs. Don Coffman. Miss Ilene Bellinghausen presided at the guest book where approximately 100 guests registered.

Hostesses for the occasion were Mrs. Gene Thompson, Verne Frost, L. B. Patterson, Jr., Wayne Patterson, James Carden, Don

Coffman, A. L. Smith, Levi Bowden, Misses Ilene Bellinghausen, Audrey Kegley, Peggy Armstrong, Janie Haynie, Helen Ford and Arleda Moore.

Dorcas Class Meeting Is Held On Thursday

The Dorcas Sunday School class of the First Baptist Church met in the home of Mrs. Dessie Fields last Thursday for a covered dish luncheon, quilting and business meeting. Mrs. Johnny Owens gave the devotional. Mrs. Ed Thompson gave the opening prayer.

A short business session was conducted by Mrs. Johnny Owen, president. Nineteen members attended.

Closing prayer was given by Mrs. J. O. Bowden.

The next meeting will be with Mrs. J. J. Keel.

Sunday guests in the home of Mrs. L. B. Snelson to help celebrate her birthday were Mr. and Mrs. L. E. Lahn and son, Lovone, and Mr. and Mrs. Richard Crain of Lorenzo, Mr. and Mrs. Gilbert Green and children of Wichita Falls, Mr. and Mrs. J. C. Notes From Knox Farms, Ranches

By W. J. Bryan, Knox County Agent

Red ants around the home and in the lawn are a constant nuisance. These can be controlled and now is the best time of the year to start on them.

Ant colonies are easier to control in the Spring than at any other time of the year because the colonies are weaker after going through the winter and also there are fewer Queen Ants (mothers of the colonies) to kill in the Spring.

Either a 2 per cent dieldrin or a 5 per cent chlordane dust is recommended for control of these pests. Spread about one-half a pound of the dust around the entrance hole in a continuous band 4 to 6 inches wide. These chemicals will kill all ants that come in contact with it. If the band is broken by wind or rain, repeat the treatment.

To control ants in the home, it is advisable to spray with a two per cent chlordane household spray. The spray should be applied to the baseboards, windows and door facings, water pipe fittings and other places where ants may enter the home. This control measure will provide only temporary relief; therefore, it is advisable to treat around the found-

ation of the house and other outside premises to destroy colonies. This will help prevent reinfestation. Chlordane dust or spray may be used. Apply a five per cent or ten per cent chlordane dust to the surface of the ground for a distance of several feet out from the house.

Colonies of small ants that are widely-scattered over the lawn should be dusted thoroughly with five or ten per cent chlordane or two per cent dieldrin dust. Sprinkle the lawn after applying the dust. Dieldrin is for use only outside the home.

Week end guests of Mr. and Mrs. D. L. Thigpen were Mr. and Mrs. Louis Riles and family of Laurel, Miss.

Miss Hutcheson, Reginold Purvis Wed In San Antonio

The Methodist Church in San Antonio was the scene Friday evening, February 17, for the wedding ceremony which united Miss Joan Hutcheson and A/2c Reginold H. Purvis in marriage. Rev. Anderson officiated at the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Douglas V. Hutcheson of San Antonio, formerly of Munday. The groom is the son of Mr. and Mrs. O. T. Purvis of Glenville, Ga.

Baskets of pink and white gladiola and an arch of greenery and gladiolas formed the nuptial setting. Branched candelabra holding the burning tapers flanked the altar. Mrs. John Bennett of Washington, D. C. sang "I Love You Truly" and "Because" with Mrs. Anderson playing the organ. White tapers marked the pews the entire length of the aisle to the altar.

The bride, given in marriage by her father, was lovely in her imported brocade faille suit. Her accessories were white. She carried a white Bible topped with white carnations and white satin lace knots. For something old she carried a white handkerchief belonging to her grandmother, Mrs. L. C. Floyd. Something new was her rhinestone necklace and earrings, a gift from the groom; borrowed was the white Bible from Miss Linda Gail Hediger, and she wore a blue garter given by Mrs. H. B. Stubblefield and a penny in her shoe.

Miss June Hutcheson, sister of the bride, was maid of honor. She

wore a blue faille suit with brown accessories and carried a colonial bouquet of pink carnations. Candelighters were Misses Sue and Paula Hediger, cousins of the bride. James Polly of San Antonio served as best man.

Following the ceremony, the bride's parents were hosts for a reception in their home. The bride's table was covered with white net over satin. The cake of white with pink rosebuds, topped with miniature bride and groom, centered the table. Bouquets of the bride and maid of honor were on either side. Crystal holders and pink candles completed the decorations. Green punch was served from a crystal service by Mrs. Glenn Morrow. Mrs. H. D. Hediger and Mrs. Junior Hediger served the cake, and Mrs. Douglas Meinzer of Knox City presided at the bride's book.

The couple left for a short wedding trip. For her going away suit the bride wore a brocade sheath dress of aqua and white cotton with a matching duster. She wore aqua accessories.

The newlyweds are making their home in San Antonio, where the bridegroom is stationed.

Out-of-town guests included Mr. and Mrs. L. C. Floyd, Mrs. Douglas Meinzer and daughters, Judy and Penny, all of Knox City; Mrs. Glenn Morrow of Munday and Mr. and Mrs. Ray Lillis of New Jersey.

Don Thompson, Jean Galloway Marry March 24th

Miss Jean Galloway, daughter of Mr. and Mrs. J. L. Galloway of Benjamin, and Don Thompson, grandson of Mr. and Mrs. W. L. Motley of Hollis, Okla., were married on Saturday, March 24, at the First Baptist Church in Clovis, N. M.

The double ring ceremony was performed at 10 a. m., with Rev. John J. Cole of Clovis officiating. The bride is a graduate of Texas Tech, and the bridegroom is an engineering graduate at Oklahoma A&M College.

The bride chose a navy blue suit with navy accessories and a corsage of white orchids. Her twin sister, Mrs. Arthur Lacy of Benjamin, was maid of honor. She wore a navy suit trimmed in white and with white accessories. Her corsage was white orchids.

Best man was K. B. Watkins of Muleshoe.

After a short honeymoon trip to parts of New Mexico, the couple will be at home in Pampa, where the bride is teaching and Mr. Thompson is working as a geologist.

Mr. and Mrs. Paul Pendleton were week end guests in the home of Mr. and Mrs. Troy Oglvie in Dallas over the week end. Mr. and Mrs. L. M. Palmer of Van were also guests in the home. Mrs. Oglvie is the former Mary Couch.

Sample of the 100,000,000 colorful '56 Easter Seals mailed in Texas this week is discussed by Mrs. Henry J. Martyn, Jr. (left) and Mrs. Temple J. Barcafer, typical volunteers among the hundreds of Texans who annually give their spare time during the Lenten season for preparation of the huge Texas mailing. The 1956 Easter Seal Appeal, which opened March 10, will send the Seals into 1,000,000 Texas homes with an appeal for funds to aid thousands of crippled Texans. Mrs. Martyn and Barcafer are officers of the Women of Rotary Club of Dallas, one of the many organized service groups over the state which help in preparation of the Easter Seals.

Mrs. T. I. Phillips Honored At Dinner On 80th Birthday

With five of her children, five grandchildren, and seven great grandchildren, Mrs. T. I. Phillips celebrated her 80th birthday last Sunday with a delicious fried chicken dinner.

Present for the dinner were Roy Phillips of Munday, Mrs. Homer Woods of Harrah, Okla., Mrs. Gene Horne of Winnewood, Okla., Mr. and Mrs. Wilbur Morrison of Paxon, Okla., Mr. and Mrs. Ross Johnson of Walters, Okla., Mr. and Mrs. Duane Johnson and son of Fort Worth, Mr. and Mrs. Phil Johnson and three children of Lubbock, Mrs. A. C. Evans of Irving, Mr. and Mrs. Calvin Johnson and daughter of Lawton, Okla., Mr. and Mrs. Rex Spoon and two children of Odessa and Mr. and Mrs. Grady Phillips of Munday. A number of friends called during the afternoon.

If the farm shop is cluttered and crowded, it is probably a hazardous place to work. Now is the time to give the shop a spring housecleaning.

Bridal Shower Given To Honor Miss Betty Brown

Mmes. Anna Urbanczyk, Louis Urbanczyk, John Brown, H. P. Decker, R. F. Kuehler, Arnold Wijde, Misses Geneva Redder, Ilene Bellinghausen and Arleida Moore were hostesses for a bridal shower honoring Miss Betty Brown, bride-elect of Al Kuehler, on Sunday, March 10, in the Rhineland Parish Hall.

Miss Brown's chosen colors of blue and white were used in the decorative scheme with arrangements of gladiolus adorning the registering table where Miss Maxine Henson registered approximately 80 guests.

Refreshments of cake, ice cream and coffee were served alternately by the hostesses.

Bride-Elect Is Honored At Coffee Saturday Morning

Miss Joy Lemley, bride-elect of Kenneth Baker, was honored with a coffee last Saturday morning in the home of Mrs. P. V. Williams a. m. Approximately 75 guests attended.

Miss Lemley is the daughter of Mr. and Mrs. Bill Lemley, and Mr. Baker is the son of Mr. and Mrs. C. P. Baker, all of Munday.

The dining room table was laid with a lace cutwork cloth, with a centerpiece of orchard hydrangeas and white stocks, bouquets of white iris and yellow daffodils. Hostesses were Mmes. H. A. Pendleton, S. E. McStay, R. L. Ratliff, A. H. Mitchell, J. C. Borden, R. D. Atkinson, W. R. Moore and P. V. Williams.

The couple plan their wedding for early April.

Mr. and Mrs. Dock Hollar and son, Terry, of Fort Worth spent the week end with her parents, Mr. and Mrs. Ezra Pryor.

Mr. and Mrs. Elmer Combs of Hereford were guests of his brother, Mr. and Mrs. Don Combs and Luann, last Friday night.

Mrs. Frank Garrett, Brenda and Linda, attended a reception honoring Mrs. Don Garrett, nee Janice McAdams, at the homecoming cottage in Haskell last Tuesday afternoon.

HOLY THURSDAY MASS AT RHINELAND

Holy Thursday mass will be held at St. Joseph's Church in Rhineland, beginning at 7:30 p. m., in commemoration of the Last Supper. The Blessed Sacrament will then be taken in procession to the repository. Public adoration of the Blessed Sacrament will continue until midnight. This adoration starts again at 7 a. m. Friday and continues until 2:30 p. m., at which time we will have the usual Good Friday services with general communion of parishoners.

No service will be held on Holy Saturday until the Easter Vigil, beginning at 10:30 p. m. and followed by midnight Mass. Easter Masses will be at 7:30 and 9:30 a. m., with Mass at Santa Rosa Church in Knox City at 8 a. m. Happy Easter to all.

ARB FARM TAX RATES FAIR?

It's income tax season again, and some farmers may have received some net income above expenses in 1955.

If you're one of these, here's a suggestion for some self-education in tax policies which may help you to understand why some people are so willing to make big cash contributions to the election campaigns of some Congressmen and Senators.

You must report your income, and pay the tax on it, before April 15. As soon as you have filled out one set of blanks, start over again on the other set.

But this time, instead of figuring your tax as you did on income that you earned by working for it, figure it as if you had received it all in the form of dividends from corporations.

You will discover that the tax law enacted in 1954 gives about a 25% saving to people who don't work for a living.

For example, a farmer and wife with two dependent children and the standard deductions would have to pay a tax of \$416

on an income of \$4,999. (That's the top income for which the tax can be computed by the tax table.)

But another man and wife and 2 children who got their income from corporation dividends instead of by milking cows and moving hay would have a tax bill of only \$317.

That's a penalty of \$99 which the farmer has to pay for living on the wrong side of the economic tracks and having to work for his income instead of getting it from investments in corporations.

A stockholder without children gets an even higher premium to reward him for not having to work for his living. A playboy bachelor stockholder who clipped \$4,999 last year on the General Motors stock his daddy left him would pay \$164 less in tax to Uncle Sam than a bachelor farmer who dug an equal \$4,999 out of the cotton field.

Mr. and Mrs. L. L. Williams of Ballinger were guests of Mr. and Mrs. Clayton Wren, Mr. and Mrs. Tom Morton and Mr. and Mrs. W. G. Welborn over the week end. Mr. and Mrs. Morton and Mr. and Mrs. Williams visited relatives in Lubbock on Sunday.

Terry Don Harrison of ACC in Abilene visited his parents, Mr. and Mrs. Terry Harrison, and attended the senior play last Friday night.

After Sam Houston resigned the governorship of Tennessee and turned his back on civilization, he dwelt among the Indians. His redskin friends asked him, a former Congressman, to go to Washington to present their side of a matter. There, he was assailed by one Stanbery of Ohio in a speech on the floor of Congress implying that there was fraud in the proposed Indian supply contract.

Houston challenged him to a duel but Stanbery refused to accept the challenge. So Sam said, "I'll introduce myself to that rascal" which he did by caning him on the street. Stanbery drew a gun and pulled the trigger. The weapon did not go off. Had it done so, the history of Texas, as we know it, would have been changed. But Houston tore the gun from his hand.

The Ohioan had Houston ordered to trial before the House because the Constitution provides that a member of Congress can not be called in question elsewhere for anything he says before Congress.

President Andrew Jackson, always Sam's friend, sent for him. The caller was wearing a big-brimmed hat, buckskin breeches and an Indian blanket. Old Hickory said, "Buy yourself some clothes" and gave him a sum of money.

When Houston appeared for the trial, he was clad in fine raiment and his stalwart frame, towering height and strong features made him an impressive figure. After the evidence had been presented, he arose to plead his own case. He said, "I stand before the House branded as 'a man of broken fortune and blasted reputation.'"

"I ask no sympathy. The thorns which I have reaped are of the tree I planted."

The galleries applauded as he eloquently assailed legislative tyranny. A woman cried out, "I had rather be Sam Houston in a dungeon than Stanbery on a throne." A bouquet fell at Houston's feet. He picked it up, bowed but did not raise his eyes.

He was mildly censured by the House as, technically, he had broken the rules—and that was the end of the matter. Later, Houston said, "I was dying out and, had they taken me before a justice of the peace and fined me \$10, it would have killed me but they gave me a national tribune for a theater and that set me up again."

He came to Texas—and everybody knows the rest.

Weekly Health LETTER

Issued by Henry A. Holle, M. D., State Health Officer of Texas

AUSTIN—Texas will meet the 1956 tornado season with one of the world's most complete storm warning systems, and with a well-oiled disaster relief organization.

Radar storm warning sets are in operation in 16 of the state's 20 first-order weather bureaus. All state highway patrolmen have been carefully schooled in the wily ways of the weather and are keeping a sharp eye on the sky as they patrol the state.

A patrolman is credited with sounding the first warning of the awesome San Angelo storm of 1953.

Texas "local severe weather warning system," the first established anywhere in the world, is made up of sets operating around the clock in Amarillo, Wichita Falls, Abilene, San Angelo, Waco, Austin, Fort Arthur, Galveston, Houston, Corpus Christi, Victoria, San Antonio, and Brownsville.

Only four of the state's first-order weather bureaus—El Paso, Laredo, Del Rio, and Dallas, are without warning networks.

All stations are connected by teletype and radio. Any station is able to instantly appraise all other stations of a tornado traveling in their direction. When such a warning is given, the weather bureau in the storm's line of approach immediately notifies all communities in the area.

The sets were offered to local areas by the U. S. Government from war surplus stock. Each one was converted into a storm warning set at a cost of \$10,000, borne by the cities.

Louisiana and Oklahoma are cooperating in the southwestern warning network by operating limited networks of their own.

"We now have what we consider one of the best local severe

weather warning services possible to render at this time," said the U. S. Weather Bureau's regional office in Fort Worth.

Dallas is reported to be considering installing a set. Heretofore the set in Fort Worth has served both cities. A set is said to be badly needed in Del Rio.

State Health Commissioner Henry A. Holle said his department stood ready to provide vaccine and public health engineering and emergency nursing know-how to stem the threat of disease in event of weather disaster.

Meanwhile, the Commissioner urged these precautions if and when a tornado is sighted.

Take shelter in a storm cellar, cave, or underground excavation. When underground protection is not available, take protection along the inside walls on the lowest floor of a strongly reinforced building, or against a southwest corner of a house.

In open country, move away at right angles to the path of the storm. If there is no time to escape, lie flat in the nearest ditch or depression to avoid flying debris.

Mr. and Mrs. Claude Rogers, Jr. of Amarillo visited friends here during the week end.

Binder for Recipes, Menus
WHEN you want a certain recipe or menu, you can find it readily if it's in a looseleaf book containing similar items. For instance, if you're a clipper of magazine ideas, menus and recipes, you could very well have a binder labeled Easter Dinner Ideas. Paste each on a page of construction paper.
The same holds for other holiday menus and collections, such as Christmas, Thanksgiving and

St. Patrick's Day, and you could make binders for Favorite Birthday Menus, Party Recipes and others.
The covers illustrated are simple to make and inexpensive. They're pieces of Masonite 1/2" Tempered Preswood. Corners are rounded and edges beveled lightly with a file. Holes are drilled for notebook rings. The lettering may be done by hand or with die-cut letters or decalcomanias.
The covers can be varnished, shellacked, painted or enameled, or you can apply decalcomanias. Masonite Tempered Preswood available at lumber yards, is a smooth, moisture-resistant panel material which has many uses in the kitchen.

Hogs Top At \$15.00; Best Here Since October

FORT WORTH—Butcher hogs advanced 25 cents per hundred at Fort Worth Monday and choice heat type hogs sold for \$14.75 to \$15.00, the latter being the highest prices here since the last of October. Less desirable weights and grades cashed at \$10.50 to \$14.50. Pigs drew \$9.50 to \$11.50.

Runs have been steadily declining across the midwest for the past three weeks and the hog price has been strengthening accordingly. Despite the increased offerings Monday, which were 2,000 ahead of the same day last week, the hog prices continue to show strength.

Packers report inventories of pork in a good position and the government purchase program on pork and boned, canned hams, as hams in far less pressure than was the case last year just before Easter.

Smaller Cattle Runs Fall To Bring Strength

Cattle movement to market was again smaller Monday than week ago, and was well behind last year at this time. However, buyers at Fort Worth found their efforts to raise prices unavailing in the face of stern buyer resistance.

The trade was slow and just about steady on both slaughter and stocker varieties of cattle and calves. The continued dry conditions in many parts of the outwest has caused increasing concern and this factor is reflected in the more narrow outlets for replacement stock.

Comparative prices: Good and choice slaughter steers and yearlings \$15-18; heifers \$17.50 down. Common and medium grades \$12-15. Fat cows \$11-12.75; canners and cutters \$7-11; bulls \$10-14.50; good and choice slaughter calves \$16-19; lower grades \$10-15.50; tocker steer calves \$19 down and steer yearlings \$18 down; feeder steers \$16.50 down; stocker cows \$10-13.

Spring Lambs Again Sold On Weaker Basis

A few milk fat lambs topped at 20 at Fort Worth Monday, but most of the better kinds sold around \$19.50 and \$19 and downward. The trade was steady to \$1 power, and medium and lower grades were on the longer end of the lower prices.

A few of old crop lambs sold stronger, but weakness was evident on stocker and feeder kinds of lambs. Some feeders sold around 50 cents lower, with other steady to weaker.

Good and choice milk fat lambs sold from \$17 to \$20. Cull to medium milk lambs sold from \$12 to \$16. Shorn slaughter lambs of strictly choice grade with No. 1 pelts topped at \$18.50, best price

for the class in several days here. Some full woolled choice lambs topped at \$18. Shorter pelt lambs with No. 2 skins or less sold from \$17.50 down. Cull, common and medium old crop lambs sold from \$10 to \$15.

Slaughter ewes sold from \$6.50 to \$7.50; old wethers drew \$8 to \$12. Old bucks sold for around \$5 to \$6.

Flash bulletin from Mobilgas Economy Run

FORD WINS IN ECONOMY TOO!

V-8 WINS CLASS A

In this year's Economy Run a new Ford V-8, with Fordomatic was the official victor over every car in its field, with a winning average of 47.7643 ton-miles per gallon. This means that the sturdier, heavier Ford carried more weight, with greater gas economy per pound, than any car in its field.

This latest Ford victory was scored over a rough and rigorous 1,468.8-mile route running from Los Angeles to Colorado Springs. The winning Ford threaded its way over the tough and twisting course averaging better than 40 mph. Through the heat of Death Valley and over the chilling height of an 11,000-foot mountain peak . . . through

the gas-eating stop-and-go of city traffic and over the straight-line open road . . . Ford proved anew its traditional reputation for economical performance.

The winning Ford was a regular-production model taken right from the assembly line and officially impounded until the starter's gun sounded. It was no different than thousands of '56 Fords you see on the road and in dealers' showrooms. This proves that Ford, the Performance, Style and Safety leader, leads in Economy, too! That adds up to four big reasons why the '56 Ford is worth more when you buy it, while you drive it, and when you sell it, too!

The "ton-mile" formula is used by contest officials to insure equal chance for all cars in each class regardless of size or weight. Ton-miles per gallon equals the car weight (including passengers) in tons, multiplied by the number of miles traveled, divided by number of gallons of gasoline consumed.

Dear editor:
As I understand it, there is considerable concern in Washington over the fact Congress has taken so long to get a farm bill passed it might not get into operation before the planting season arrives.

HE AROSE

The importance of Easter lies in the fact that Christ rose triumphantly from the tomb. By accepting Christ we, too, have victory over death.

"... I am the resurrection, and the life: he that believeth in me, though he were dead, yet shall he live." John 11:25.

I estimate there are in this country at least a million or two people whose job consists of telling farmers how to farm. You take all the magazine editors, newspaper agricultural writers, agricultural college professors, radio farm editors, Department of Agriculture experts, extension workers, vocational agriculture teachers, private farm foundation experts, street corner town experts, business men who believe they could farm better than farmers, luncheon clubs with farm programs, and politicians who promise to solve the farm problem, and add them up, and you'll get a pretty sizeable figure.

Well, I'm not objecting to all this advice, but as it is very few of us farmers are using enough of it and it ought to be put into use, and who could do it better than the people who are giving it?

Here's the way to eliminate the surplus:
Let all these people switch jobs with farmers for two years, and I guarantee the surplus will disappear.

If you think this suggestion has any merit, come on out.
Yours faithfully,
J. A.
