MUNDAY, KNOX COUNTY, TEXAS, THURSDAY, MAY 5, 1955

NO. 41

Kracker Krumb

Odd Bits Salvaged
at Random

Looking over toward the Yarbrough Hotel, folks saw a mild explosion which scattered fire and sparks about.

The fire alarm was turned in and firemen rushed to the scene, probably expecting the hotel to be in flames.

But they found the fire in the trash barrel resuming its former quiet method of consuming the trash.

What happened, Ben thinks, is that an empty but capped bottle became heated by the flames and exploded.

There was a slight cloudiness and the fire siren sounded so long that people began scanning the clouds for some sign of a tornado.

But the peace and quiet of a small town Monday evening was resumed in a few minutes.

May 22 to 28 has been set aside as Defense Savings Bonds Week.

People are buying bonds pretty good in Knox County, according to W. E. Braly, bond chairman. But they are urged to buy more during this special week.

Texas has a quota of \$201.9 million. How much of that amount will you purchase?

Bath houses at the local swimming pool are in the final stages of completion.

And the accumulation of sand that collected in the pool from high winds and shifting sand has been shoveled out, swept down and flushed out.

Tops of the dressing rooms of the bath houses are open so as to be exposed to and receive the benefits from the sun.

Reports are that certain bacteria, fungus, etc., that collect in such places cannot be killed by fresh air alone—it takes sunlight.

So the open top part is not an economy, but a public health measure.

We understand the swimming season will open this month, possibly the next week end after schools' closing exercises. So students can spend a week getting ready before going from the school room to the swimming pool.

Wouldn't take most of them that long to get ready. And we expect the vicinity of the swimming pool to be a very popular place very soon.

The 1955 bonds goal means "Full Speed Ahead" for Texas. "This is a Texas-size job for Texas-size people," it was stated.

Back in 1935, the internationally known and loved humorist, Will Rogers, attended the Texas Cowboy Reunion at Stamford.

Twenty years later, in 1955, the reunion will honor the memory of "the most beloved man that America has ever known."

And who is being invited to the reunion. None other than the famous man's son, Will Rogers, Jr. of Beverly Hills, Calif.

Taters and cantaloupes are looking pretty good in this section, we heard, despite the dry weather.

And folks are looking to this project this year. May be a means of revolutionizing farming in this section and giving us another crop that will probably bring in money when it's most needed—early summer.

DELIVER CATTLE

Chas. and Deaton Moorhouse have been delivering cattle this week in Baylor, Knox and Haskell counties. These cattle are feeders and are being shipped to feed buyers in Iowa and Illinois. They have made good gains in weight on grain and grain pastures.

Goree Junior-Senior Banquet Held April 29th

The annual Goree High School junior-senior banquet was held Friday night, April 29, in the school auditorium, carrying out the theme, "An Evening in Paris."

Approximately 50 persons attended. Guests entered the scene at a small park surrounded by a rock wall and hedge of greenery. The artist, Frank Bates, who was painting the Eiffel Tower, and the owner of a small book stall, Kenneth Searcey, added interest to the park. Guests then entered the sidewalk cafes of "Mimi's" and the "Cafe de la Rue," where blue and white awnings gave the effect of French cafes. Each table was centered with a small vase of flowers and red and white candles. Small replicas of the Eiffel Tower and a dancing Parisian couple added interest to the tables.

Dr. W. M. Taylor gave the invocation. French chefs then distributed French menus to each guest. After the meal, Sherry Haskin, junior class president, gave the welcome, and Pat Cunningham, senior class president, gave the response.

Doyle Lowrance, junior, acted as master of ceremonies. He introduced the "Singing Waiters," Don Bowman, David Moore, Philip Struck and Don Rogers, who sang "Happy Daye are Here Again."

Charles Gaither and Buddy Mayo, who represented news commentators speaking from the Eiffel Tower, gave the senior prophecy. John Jones gave a hilarious impersonation of an actress singing "C'est Si Bon."

The Parisian Rocketts, Glenda Morse, Tracy Jakubec, Linda Lambeth, Sherry Haskin and Donna Jetton, sang "April in Paris," and "Vive L'Amour," accompanied by Mona Mobleby at the piano. The highlight of the evening was the address given by Elvin Mathis, coach at O'Brien.

After the address, a trio composed of Linda Lambeth, Sherry Haskin and Donna Jetton sang "I'll Be Seeing You," which was dedicated to the seniors. Ruthann Beatty, the "spirit of Goree High" then performed the candlelighting ceremony, which concluded the gala evening. The junior class is sponsored by Mrs. James Carver.

Last Rites For George W. Brown Held On Tuesday

George W. Brown, 67, well known rancher of the Truscott area, passed away at a Quanah hospital last Monday following an illness of several months. He had been hospitalized at Quanah for the past three months.

Mr. Brown, who had lived in Knox County practically all his life, was born January 4, 1888, and was 67 years, 3 months and 28 days of age.

Funeral services were held from the Truscott Baptist Church at 3 p. m. Tuesday with Rev. Claude Harris of Breckenridge officiating. Burial was in Truscott cemetery.

Surviving him are two sons, Bill Brown of Montana and Buford Brown of Houston; five sisters Mrs. Lois Ator of Kerrville, Mrs. Will Mullican and Miss Naomi Brown, both of San Angelo; Mrs. Tom Westbrook of Truscott and Mrs. Chas. Haynie, Sr. of Munday.

Trammell Now On Sales Force With Reeves Motor Co.

Announcement was made Monday that Frank Trammell, who has been selling automobiles in Munday for these many years, has joined the sales force of Reeves Motor Co. Mr. Trammell is selling both new and used cars.

"We are glad to add Mr. Trammell to our force," the Ford dealers stated, "and he invites you to call on him at our place. He might be induced to trade cars with you!"

AMATEURS AND PROFESSIONALS on the staff of the Federal Civil Defense Administration provide a variety of voices for one of the skits in a series of "spot" announcements on "Conelrad," the emergency Civil Defense radio system. Recorded by FCDA's audio-visual director, Chet Spurgeon, and radio-TV head Nat Linden

Delegates Give Report Of Lions Club Convention

Three local Lions dodged hurled buns Tuesday noon as they tried to give oral reports of the District 2-E Lions Club convention held in Abilene last Sunday and Monday.

Tailtwister J. C. Harpham was feeling puny and didn't try to cope with the rowdy Lions who hurled the bread. To the amazement of one visitor, J. K. Jackson of Wichita Falls, the supposed-to-be fine of \$1.00 was not imposed as a number of Lions tried out their pitching arms.

Mixing comedy with serious remarks the Lions told some of the highlights of the convention and attempted to explain where the club's \$30 in expense money went. They also put in their bid as delegates to the 1956 convention in Mineral Wells.

Lions attending the convention were Tom W. Bullington, president-elect; Gene W. Harrell, first vice president, and Earl Hughes. They came home with new ideas, new interest and a greater appreciation of the work being done by Lions Clubs.

Rodent Control Meetings Planned

Two demonstration meetings on the control of rats and mice were announced this week by County Agent W. J. Bryan.

The meetings will be conducted by Mr. R. E. Aday, U.S.D.A. Rodent Control Service, from Fort Worth. At each meeting Mr. Aday will not only show how to kill the rodents now on hand but will explain how to keep farms and homes free of rats and mice.

A new poison "Pivel" will be used in the demonstrations. This new poison bait has been giving almost 100% control in this area, Bryan said. This bait will be available to anyone who wants it, at a nominal cost, at each of the demonstrations.

The meeting will be held Friday and Saturday. The first one will be held at the American Legion Hall in Knox City, starting at 2:00 p. m. on Friday, May 6th. The other will be held at Dr. J. R. Reneau's farm near Munday, starting at 9:00 a. m. Saturday, May 7th.

Anyone having rodent problems of any kind are urged to attend one of the demonstrations, Bryan said.

Mrs. Grady Phillips and Mrs. Ben Yarbrough were visitors in Wichita Falls last Friday.

Weather Report

For seven days, ending 7 p. m. May 4, 1955, as compiled by H. P. Hill, U. S. Weather Observer.

May 24th Set As Tentative Opening Date of Swimming Pool In Munday

Band Boosters To Sponsor Sales Of Birthday Calendars

The Band Booster Club has adopted a novel plan that is expected to help provide the additional uniforms the band so badly needs, and at the same time promote the good wishes and friendly remembrance of people you know throughout the area.

With the endorsement of the Chamber of Commerce and Lions Club, the band members are introducing a Community Birthday Calendar. The name of each subscriber will be printed on his birthday and everyone will know when your birthday comes without knowing how young you are.

The calendar is a friendly and cordial source of news. It gives dates and events of community interest, and will make a thoughtful gift for friends and relatives in service, college, etc. There will be discount offers and free merchandise for persons whose birthdays are listed.

Everyone will receive a pamphlet with a complete explanation of this project, and the band students themselves will call on you. It is requested that you fill in the blanks you receive and hand them to the students when they call.

This is one sure-fire way not to forget an important birthday or anniversary. Gone will be the days of eating humble pie.

WILL ROGERS, JR. INVITED TO TEXAS COWBOY REUNION

STAMFORD—Will Rogers, Jr. of Beverly Hills, Calif. has been invited to be guest of honor at the twenty-fifth Texas Cowboy Reunion, July 1, 2, and 4.

"We are going to honor the memory of the most beloved man that America has ever known—your father," stated the letter of invitation from President W. G. Swenson. "We can think of nothing that would add more to the Cowboy Reunion than your presence would—as the son of the man whose memory we will honor and as an outstanding figure in the fields of public service, newspapers and motion pictures yourself."

Young Rogers is noted as a newspaper publisher, served in Congress and starred in a film portraying the life of his father, whom he greatly resembles in features, manner and way of speaking.

Will Rogers attended the Texas Cowboy Reunion in 1935.

ATTEND HEREFORD CONGRESS IN ALABAMA

Mr. and Mrs. Henry Arledge of Seymour and Mr. and Mrs. Sidney Winchester have returned from an 11-day trip which carried them to New Orleans, Pensacola, Florida, and Montgomery, Ala., where they attended the National Hereford Congress for four days.

The ladies of the congress were guests at the governor's mansion for a tea on Tuesday afternoon.

When the Munday municipal swimming pool opens, it is likely there will be two qualified Red Cross lifeguards and swimming instructors on duty, according to City Secretary Harvey Lee.

May 24th has been tentatively set as opening date; however, the pool may open earlier if all arrangements have been completed.

Coach Troy Stewart, who has been employed to operate the pool this summer, and "Skip" Cure have been taking instructions in Wichita Falls for some time and will soon become qualified lifeguards and instructors, having completed the Red Cross course.

Members of the city council report work almost completed on the new bath houses. All carpenter work is completed, and early this week there remained the setting of shower petitions, installation of plumbing and painting to be done.

To Teach Swimming

Coach Stewart has asked all those interested in taking swimming instruction for the first four-weeks course, beginning on May 30, to contact him not later than May 15 in order that a schedule may be worked out for the different age groups. All classes will be held in the mornings.

Admission will be 25 cents for students and 50 cents for adults. Season tickets are to be sold at \$10 for students and \$15 for adults.

Mother of Mrs. S. G. Smith Dies At Pep April 24th

Mrs. S. G. Smith was called to the bedside of her mother, Mrs. J. S. Daniel, some three weeks ago and stayed with her until she passed away on April 24.

Mrs. Daniel was 85 years of age. She was well known in Knox county having moved here in 1914 and living in the county until 1925 when they moved to Pep. Her husband preceded her in death twenty years ago.

She is survived by seven children: Mrs. C. B. Qualls, of Morton; Mrs. S. G. Smith, Munday; John Daniel, Morton; Mrs. R. L. Bullion and Bernard D. Daniel, Long Beach, Calif.; Mrs. Gene Skain of Gail, and Mrs. A. W. Lovvern of Farwell; 11 grandchildren and 3 great-grandchildren.

Mrs. Smith returned home with her daughters Mrs. Bobby Graham of San Antonio and Chaplain and Mrs. Willard Reeves of Corpus Christi, who attended the funeral. Mrs. Graham and the Reeves visited here with relatives until Friday.

GOREE P.T.A. WILL MEET ON MAY 13th

The Goree P.T.A. will meet Friday, May 13, instead of the regular meeting. The Homemaking class will furnish the program, the annual style show, under the direction of Mrs. Walter Hadley.

Everyone is cordially invited to attend.

Munday Searchers In Group Finding Body Of Drowned Man At Lake Kemp

Picture Released By Billy Graham To Show At Gilliland

"Oiltown, U. S. A." released by Billy Graham Evangelistic Folios, will be shown in Gilliland on Sunday, May 8. Arrangements are in charge of Rev. E. James Sitze, who has secured the Gilliland Baptist Church for the showing.

Evangelist Graham amazed the entertainment and religious world with the world's first Christian western film, "Mr. Texas." More than 5,000,000 persons have seen the film in its first two years of showing, and the Graham organization reported that over 135,000 persons made "decisions for Christ" through the ministry of the picture during the first 12 months of showings.

"Oiltown, U. S. A." was filmed during Graham's crusade in Houston and features the young evangelist and his team in their meetings in Rice Stadium where the attendance was as high as 60,000 for a single service.

Featured in the 94 minute, full color film are Colleen Townsend Evans, Paul Power, Robert Clarke, Georgia Lee, Ralph Hoopes, and the stars of "Mr. Texas," Red Harper and Cindy Walker.

Doors to the Gilliland church will be opened at 7 p. m., with the picture beginning at 8 p. m. All seats are on a "first come" basis, with no admission charge.

Study Club Will Sponsor Sales Of Cake Mixes

"Let's all bake a cake" will be the week end slogan of the Munday Study Club next Friday and Saturday. Members of the club will hold a "meet your neighbor" sale in four of the local grocery stores.

Club members invite their friends to meet them at Akelson's, Blacklock's, Morton & Welborn's and Beatty's, and buy a supply of Betty Crocker cake mixes. The local club will receive a percent of all sales of cake mixes during these two days.

Funds from this sale will go toward a proposed building program for the local club. "We'll look forward to seeing all our friends at the cake mix bar this week end" stated Mrs. Earl Hughes, publicity chairman.

MUNDAY MAN IN ARMY EXERCISES

FORT LEE, VA.—Maj. Woodrow H. Myers, 35, of Munday, Tex., is participating in LOGEX '55, an Army-wide logistical exercise, May 27 at Fort Lee, Va.

Approximately 5,000 officers and enlisted personnel are trained in supplying combat troops for modern warfare. Although no field units are used, simulated conditions giving realism to the exercise.

Major Myers, regularly stationed at Aberdeen Proving Ground, Md., entered the Army in 1942 after graduating from Texas A. & M. College.

His wife, Katherine, is living in Aberdeen, Md.

Texas Goal Of \$201.9 Million Is Set For Defense Bonds Weeks May 22-28

AUSTIN—Governor Shivers today proclaimed the week of May 22-28 as "U. S. Defense Savings Bonds Week" in Texas, and called upon all Texans to do their part toward national defense by increasing their purchases of United Savings Bonds.

"It is the earnest desire of every American," the Governor said, "that our country maintain an impregnable defense for the protection of our democratic ideals and free way of life. One way to insure this is through increased sale of Defense Savings Bonds. Therefore, I call upon every Texan to join wholeheartedly in this campaign."

More than 1200 volunteer workers representing every Texas county will devote their time

The body of W. W. Pybus, 72-year-old retired carpenter from Vernon, was found by searchers about 3:30 p. m. Monday in shallow waters of Lake Kemp.

Pybus had gone fishing with two other men Saturday. He disappeared just as a rise came in the river caused by heavy rains northwest of Truscott.

His body was found about 400 yards from where his tracks showed he entered a stream that goes into the lake. As soon as waters receded, about 20 men formed a human chain across the stream and started walking down the shallow water until they found his body on the bottom.

Searchers from Munday who answered a call from Sheriff Homer T. Melton for help were in the group locating the body. Sheriff Melton, Deputy H. C. Stone and Chief of Police Lee Bivins of Munday had been at the scene almost constantly since the man had been reported missing.

Volunteers from Munday who joined in the search are H. B. Stubbiefield, Ralph Cybert, Lee A. Parks and T. H. Armstrong. It was reported another group from Munday was preparing to join the search when the body was discovered.

Sheriff Melton expressed his appreciation to the Munday men who aided in the search. "It wasn't really our baby," he said, "but we were just trying to help out, and I surely am grateful to the men who came in response to our plea for help."

Munday Future Farmers Honor Parents Tuesday

The Munday Future Farmers of America honored their parents with a banquet on Tuesday evening. Decorations and plan were worked out by the boys and their advisor E. R. Ponder.

About sixty fathers and mothers, 29 boys and ten guests were present.

Among the highlights of the program were musical numbers by Edward Melton, Rudy Matinez, D. A. Blair, Sr., and Fran Quintero, and the presentation of the honorary Chapter Farm Degree to W. E. Braly for his outstanding aid to the boys of the Munday chapter. The principal address was delivered by Rev. Walter Hadley, pastor of the Grace Methodist Church.

Other guests attending were Mrs. Braly, Mr. and Mrs. E. G. Goolsby, Mr. and Mrs. W. Cox, Mrs. Ponder, and the sweet heart of the Munday chapter and sweetheart of the Oil & District and candidate for AR IV sweetheart, Miss Shirle Guinn, and her mother, Mrs. C. Guinn, Sr.

Johnny Orsak was master ceremonies. The meeting was closed by the boys reciting the closing ceremony.

Sgt. Bobby Joe Tuggle, who has been stationed in Meville, France, visited last week with his parents, Mr. and Mrs. B. Tuggle. He left last Sunday for Fort Ord, Calif., where his wife and son, Robert Coy, will join him about the middle of May.

and efforts to this drive during the week of May 22. Their goal will be: (1) to double the number of people buying bonds weekly on the Payroll Savings Plan and the Bond-a-Month Plan and (2) to ask those already in the Plan to increase the amount of purchases each payday.

"Texas ranked only 38th in nation in 1954 in the percent of the state sales goal attained the Governor said. "This is short of Texas standards. I think we can lead the nation in if every Texan will give matter serious thought and action!"

The 1955 Savings Bonds for Texas is \$201.9 million. national goal is \$5.5 billion.

A DIFFERENT KIND OF FARMER

One thing is certain about the agricultural future—we shall be dealing with a different kind of farmer. That point was made by Wheeler McMillen of the Farm Journal. He added: "Agriculture will necessarily become increasingly a business in which only men of managerial skill can successfully engage. The time is rapidly passing when a farm owner or tenant can expect to survive in business by following indifferent methods while ignoring the principles of good management."

"I do not mean to suggest that the family farm concept has to be abandoned. The farm will probably in our time continue generally to be a family enterprise but it will also be a business enterprise." One result of this, he then said, is that "while our farm population may continue for some years to decline in numbers it will inevitably rise in the average quality of business and managerial ability."

The successful farm of today is a highly mechanized operation. Tractors and other implements do the work that used to be done by human and animal muscle—and do it with infinitely greater speed and efficiency. New developments in seeds, insecticides and various chemical products have also brought great changes. Scientific water and land conservation methods save and improve our precious topsoil. The farmer must have knowledge and he must have the proper tools. And he must be a manager.

This agricultural revolution is as important and as far-reaching as the far better publicized industrial revolution.

THE MINIMUM WAGE AND EMPLOYMENT

Paul L. Poirot has contributed an article to The Freeman magazine which carries the title, "Inhumanity of the Minimum Wage."

That is a startling title indeed—but Mr. Poirot does an excellent job of proving the thesis that a compulsory minimum wage injures the very people it is proposed to help. Here is a key argument: "Work, as such, is not something scarce and useful to human beings. Sheer effort is not one of the things men will buy in the market place. The goods and services produced by workmen are the things valued, regardless of how much or how little labor went into their creation."

Among other ill effects, when wages are artificially boosted with no compensatory increase in production, fewer jobs will be available. So, to quote Mr. Poirot again, "The higher the minimum wage level, the more unemployment there must be."

WHEN QUEEN ANNE REIGNED

To millions of Americans, a beef steak is a gustatory heaven. There is nothing new in this. Way back in the early 18th century, when Queen Anne was on the throne of England, beef steak clubs were organized, with the most famous men of the time as members.

In a more recent age, in rural areas, horsemen placed beef steaks under their saddles on rides as a tenderizing process. This is certainly an indication that the beef of those days was a far different product than the tender, succulent cuts that are available everywhere in the country now.

Actually, our almost universal desire for beef—and other meats—is solidly based on the body's needs and demands. Meat is rich in protein, and protein is a big factor in producing mental and physical vigor. And that isn't just true of people in normal health. Writing in the Journal of the American Dietetics Association, J. E. Rhodes stated that "a generous intake of highest quality meat, suitable supplemented and appetizingly served "is a primary need after major surgery, severe injury, or prolonged illness."

Happily, we don't need to buy the more expensive cuts of meat to get the protein. Some of the cheapest such as kidney, brains, heart and tongue and beef and pork liver are fine protein foods. In addition, they are excellent sources of iron and various vitamins.

GRASS ROOTS OPINION

PORTLAND, IND., GRAPHIC: "The Senate Labor and Public Welfare Committee recently head William G. Garr, executive secretary of the National Education Association, testify in Washington, D. C. on the need for 'substantial help' for school construction. He said what was needed was 'face-finding', not 'fact-finding.' We agree that facing the facts is exactly what we need here in the county but we'd like to see the county face and handle its own problems without looking for federal aid."

KINGSLEY, IOWA, NEWS-TIMES: "The prices we pay for the food we eat are greatly affected by taxes. About \$1.00 out of every \$5.00 that a housewife spends on food goes for taxes of one kind or another. Americans today are paying out for more for taxes than for food, although as recently as 1939 the reverse was true. In 1954, the tax bill amounted to about \$85 billion, compared to \$64 billion for food; in 1939 taxes took only \$12½ billion, and \$16 billion went for food."

WHAT DOES THE BIBLE SAY?

The New Testament Church and the Church of Christ today, continued:

What name did the early church wear?

One of the names it wore was "church of Christ." In Matt. 16:18, Jesus said, "I will build my church." If I should build me a house, I would speak of it as "My house." If you were speaking of it you would say that it is "Payne Hattox's house" or the "House of Payne Hattox." In like manner Christ says, "My church." But when we refer to this institution, we speak of it as "Christ's church" or the "Church of Christ." In Romans 16:16 Paul writes to the church in Rome, and sends salutations from the congregations round about him. "The churches of Christ salute you." In Heb. 12:23, the church is called the "church of the First-born." Jesus was the first born from the dead, Col. 1:18. Therefore the church of Christ is the church of the firstborn. In 1. Cor. 1:2, the church is spoken of as the church of God. Again in Acts 20:28 it is called the church of the Lord. But from John 17:10 we learn that what belongs to Christ belongs to God. Christ says, "All mine are thine, and thine are mine." So it does not make any difference whether we call it the church of God or the church of Christ. Many times in the New Testa-

ment it is just called the church. But if ownership is shown, it is either of Christ or of God.

Of what did the worship of the New Testament church consist?

The public worship consisted of: observing the Lord's supper, contributing their money, singing, teaching the word of God, and praying. Weekly observance of the Lord's supper was a part of the worship of the early church. Acts 20:7 says, "And upon the first day of the week, when the disciples came together to break bread, Paul preached unto them." This shows that the weekly observance of the Lord's supper was a regular practice of theirs. This will help you to understand the admonition of Heb. 10:25, "Not forsaking the assembling of ourselves together, as the manner of some is: but exhorting one another, and so much the more, as we see the day approaching." Most all churches cite these passages to justify the weekly assembly for worship, they also authorize the weekly observance of the Lord's supper. Others may observe the Lord's supper at Lent once a year, quarterly, or monthly. But the Church of Christ will observe it weekly. To do otherwise we would lack just that much being the church of the New Testament. (Continued next week)

IT'S THE LAW
 in Texas
 A public service feature of the State Bar of Texas

CONTRACTS MAY BE FORMAL OR INFORMAL

The word "contract" ordinarily brings to mind a formal, written document signed with pomp and ceremony. The use of that word to describe our daily transactions with the grocer, the plumber, the newspaperboy or the baby sitter would seldom occur to any of us. Yet most contracts arise out of such daily transactions and only a small percentage of the contracts made are even written.

What then is a contract? It is merely an agreement in which two or more persons (or companies or organizations) bind themselves to do or not to do certain acts. Each acquires a right to have the other person keep his promises.

For example, the boy next door asks if he may cut your grass for a dollar. You say, "All right, go ahead." The two of you have entered into a contract whereby he promises to cut your grass and in return you promise to pay him a dollar.

The signing of a sales slip, or-

dering goods on a charge account in a downtown store, is the formation of a contract, though we seldom refer to it as such.

A few contracts, however, by state law must be in writing in order to bind the parties. For instance, contracts for the transfer of real estate.

It would be impractical for you to require that every contract you enter into be drawn up in written form. However, whenever you are engaged in business transactions of any importance you should insist that all the terms of the agreement be put in writing and signed, because it is often most difficult to prove unwritten agreements.

You will often be requested to sign written contracts, all of parts of which have been prepared by the other party. There are two cardinal rules to apply in such cases:

First, do not sign a contract until you have read and completely understand all of its terms and provisions. Of course, you should never sign a contract on a form which is not completely filled out. Be careful of the person who tries to convince you that these precautions are unnecessary or that there isn't enough time.

Second, before you sign be sure that every important promise or provision to which you have agreed is included. Do not be misled into leaving something out by a wave of the hand and a statement that "Oh, we needn't put that in, it is understood."

Failure to insert some important provision may make the entire contract unenforceable because of vagueness. It may mean that you may not be permitted to prove or enforce that particular important provision not inserted. Or it may mean that the law will imply an agreement on

Mr. and Mrs. Deon Martin of Abilene and Mrs. Freddie Morrow spent last week vacationing in Los Angeles, Calif. They returned via Chandler, Arizona, where they attended the graduation of Mrs. Morrow's son, Gerald, as jet pilot. Mrs. Morrow pinned his wings on. Gerald returned home with home for a visit this month.

Kenneth Hendrix who is attending Midwestern University in Wichita Falls, visited his parents, Mr. and Mrs. Frank Hendrix, over the week end.

Mrs. L. Q. Campbell of Abilene was a guest in the home of Mr. and Mrs. H. H. Cowan over the week end.

Boyd Baker of Wichita Falls visited his parents, Mr. and Mrs. J. Baker, over the week end.

LOCALS

Mrs. Joe Layne Womble and son of Midland were week end guests of her parents, Mr. and Mrs. Jessie Yost, and other relatives.

George Salem and Sied Waheed were Sunday guests in the home of Mr. and Mrs. D. Joseph in Ranger.

This point contrary to the one actually agreed upon but left out of the contract.

Mrs. Doris Stone was a business visitor in Knox City on Monday of last week.

Mr. and Mrs. Homer Stephens of Biloxi, Miss., arrived here last week for a visit with her parents, Mr. and Mrs. Fred Stephens and family, before leaving for two years of service

in Alaska. Other visitors in the Stephens home were Mr. and Mrs. Robert Stephens and family of Fort Worth.

Mr. and Mrs. O. J. Beeler of Ralls were week end visitors with her parents, Mr. and Mrs. Noah Gilentine and other relatives and friends.

Mrs. J. C. Patterson returned home Sunday after visiting Mr. and Mrs. Elton Patterson in Pasadena. She was accompanied by her mother, Mrs. Taylor of Fort Worth, who is visiting here several days.

Mr. and Mrs. Buddy Bumpas left last Saturday to attend a convention of tax assessors and collectors in Galveston.

Mr. and Mrs. Jim Melton, Jr. and son of Ralls spent the week end with their parents, Mrs. J. W. Melton and Mrs. Art Sams, and other relatives here.

Mr. and Mrs. Edward Lee Kirk and children spent the week end with her parents, Mr. and Mrs. Bass of Tatum, N. M., who were celebrating their 50th wedding anniversary.

Mrs. Willie Holloway and children of Baytown spent the week end with her mother, Mrs. W. A. Barnett, and other relatives and friends. Other visitors in the Barnett home were Mr. and Mrs. Tom Porter of Seymour.

Mr. and Mrs. Gene Taylor and daughter moved to Munday last Friday. Mr. Taylor is employed by the highway department.

Mrs. Lizzie Kyle of Pueblo, Colo., is visiting relatives and friends here this week.

Mr. and Mrs. Leroy Melton, Jr. and daughter of Arlington spent the week end with his parents, Mr. and Mrs. Leroy Melton. Their daughter Lee Ann, remained for a longer visit with

NAMED Betty Crocker All-American Homemaker of Tomorrow is Delores Arnette of Enterprise, Alabama. The award was presented at the American Table banquet in Philadelphia. Delores received the highest score of the 48 state winners in a homemaking examination given by General Mills in cooperation with the nation's schools. She will receive a \$5,000 scholarship for her college education.

her grandparents.

Leo Benham, who is stationed with the air force in San Antonio, spent the week end with Mr. and Mrs. Douglas Benham and family and other relatives and friends.

Mr. and Mrs. Howard Barnett visited Mr. and Mrs. Murry Rogers and daughter in Clairmont on Wednesday of last week.

Buddy Sams of Dickens was a week end visitor with his par-

ents, Mr. and Mrs. Herbert Sams.

Mr. and Mrs. S. E. Reed and family and Mr. and Mrs. Leon Bivins and son were fishing at Lake Kemp over the week end.

J. L. South of Amarillo spent the week end here with his wife and children and with friends.

Mr. and Mrs. Pete Meinzer and children and Mrs. Murtle Meinzer visited Buck Coody in Seymour last Sunday.

PROUD OF THIS ONE

The entire motion picture industry should be proud of that wonderful motion picture "A Man Called Peter." And while 20th Century-Fox deserves plaudits, here is a picture which is going to do credit to our entire industry and prove to be a grand piece of public relations.

While it is a story of a young Presbyterian minister and his lovely wife; people of all denominations are flocking to see it. My experience with it has been that patrons have returned for a third time. And believe it or not, some of the best comments have come from patrons in the non-Protestant groups.

If Richard Todd doesn't get the Academy Award next year for his great performance, they ought to take those little gold statues and chuck them into the Pacific Ocean. And that also goes for the picture itself. I doubt that anything made between now and then could be as deserving of an Academy Award.

I have never in my experience had so many fine comments on any one motion picture.

What a great experience awaits exhibitors who have not as yet

played "A Man Called Peter."—Georgia Exhibitor.

This highly publicized picture will be showing at the Roxy Theatre on Sunday and Monday, May 15-16.

Mrs. Lee Alfred Parks, who underwent treatment in the Gaston Hospital in Dallas last week, was able to be brought home last Sunday. She is reported to be

doing nicely.

Mr. and Mrs. D. C. Link and children of Lemesa spent the week end with her parents, Mr. and Mrs. Oscar Spann.

Mrs. J. C. Rice left Monday for a weeks visit with her son and other relatives in Dallas.

Drive carefully. The life you save may be your own!

NEWS FROM VERA

(Mrs. Thelma Lee Coulston)

Week end guests in the home of Mr. and Mrs. Jim Kinnibrugh were Mr. and Mrs. Loyd Crownover and children of Graham; Mr. and Mrs. Sylvan Kinnibrugh and children of Floydada and Mrs. Kinnibrugh's mother, Mrs. McCustian of Ralls, Texas.

Mrs. Jewel Ridley and little daughter of Woodson, Texas, spent Friday through Monday with her sister, Mr. and Mrs. Grady Hardin and family.

Mr. and Mrs. Bobby Bradford and son of Sherman visited over the week end with Bobby's parents, Mr. and Mrs. M. A. Bradford.

Mr. and Mrs. Glen Beach and three children and Mr. and Mrs. Loran Patterson and children spent the week end visiting with Mr. and Mrs. Bob Cook and family and Mr. and Mrs. Bill Shu-

mate and children in Morton. Mrs. D. M. Groves of Munday spent the week end with her daughter, Mr. and Mrs. Jake Feemster and family.

Mr. and Mrs. J. H. Adkisson and girls, Gloria and Juanice, visited with J. H.'s parents, Mr. and Mrs. George Adkisson of Levelland Sunday through Friday.

Mr. and Mrs. Ray Loyd of Floydada visited briefly Friday with the Orville Kinnibrugh family.

Mr. and Mrs. Morris Christian of Wichita Falls visited during the week end with Morris' parents, Mr. and Mrs. Luther Christian and Diane.

Mr. and Mrs. Marvin Jones and Mr. and Mrs. Harold Jones of Abilene visited briefly Sunday in the home of Mr. and Mrs. Tom Bowdoin. Marvin and Harold are former residents of Vera and are now enrolled in college in Abilene where Marvin is an

Engineer Major and Harold a Pre-Med major.

La Moine Ritchie and Olen Ray of Amarillo visited over the week end with their parents, Mr. and Mrs. K. B. Ritchie and Mr. and Mrs. Pete Ray.

Mr. and Mrs. Alfred Boone of Seymour attended church services in Vera, Sunday.

Rev. and Mrs. S. A. Wolfe were in Pampa Sunday and Monday when they took Rev. Wolfe's father to Amarillo for a physical checkup. Mrs. Grady Beck of Munday accompanied the Wolfes to Amarillo where she visited with Mr. Beck, who is a patient in the Veterans Hospital.

Mr. and Mrs. R. M. Kimport and daughter, Teresa, of Fort Worth, and Mr. and Mrs. Joe Rone of Sudan, visited recently with the Puttard Boyd family.

Charles Trainham is making his home in Albany, Texas, where he is temporarily employed.

Mr. and Mrs. Ernest Johnson of Harlingen are spending a few weeks with Ernest's mother, Mrs. J. H. Johnson.

Mr. and Mrs. Roy Vehon of Wichita Falls visited recently in the home of Mr. and Mrs. Barney Welch.

Mrs. Viola Sanders and Mrs. Carl Kuchan were in Wichita Falls last Saturday where they visited with their daughter and sister, Mrs. Bob Shawver, who is a patient in the hospital.

Mr. and Mrs. Don Robbins of Lorraine, visited over the week end with Mr. and Mrs. Carl Coulston and children.

Mr. and Mrs. Charles Roberson and two children of Ardmore, Okla., spent the week end with their parents, Mr. and Mrs. Clifford Roberson and Mr. and Mrs. Rube Richards.

Mrs. Lona Feemster and Clyde visited recently with Mr. and Mrs. George Parish of Houston. They were accompanied home by Bill Feemster, who had been spending a few days in the Parish home.

Mr. and Mrs. C. D. Tanner and

How to Save Paint

A SIMPLE way to save paint and keep your paint can clean is shown in the illustration from *American Builder*, authoritative publication for building contractors.

Simply make a bar out of a section taken from a tin can, and lap the edges. Near each end cut

WIPE BRUSH ON THIS BAR

notches so the bar may be fitted over the lip of the paint can. Locate the bar so that about three-fourths of the can is open for easy dipping of the brush into the paint. Wiping the brush on the bar prevents splattering and conserves paint.

three children of Olton, spent the week end with Mrs. Tanner's parents, Mr. and Mrs. Jim Hughes.

Mrs. Grady Hardin was a business visitor in Wichita Falls on Monday.

Mr. and Mrs. Cecil Trainham, Mr. and Mrs. Wesley Trainham, Mrs. Barney Welch, Mr. and Mrs. Ed Trainham, Mrs. Jess Trainham and Mr. and Mrs. Walter Trainham of Benjamin were in Mineral Wells Sunday and Monday where they visited with Robert Trainham, who is a patient in the Nazareth Hospital, following a heart attack suffered at his home in Santo, Sunday morning.

Mr. and Mrs. Clifford Roberson and J. Winston Feemster returned home Saturday from Levelland where they helped the Bobby Robersons prepare to move to Seymour where they are now making their home.

IT PAYS TO ADVERTISE

Farmers Plant More Winter Crops

In areas where adopted, Farmers Home Administration borrowers grew more winter cover crops in 1954 than in any previous year since 1949, according to Mr. Walter T. McKay, State Director of the Farmers Home Administration. The limiting factor was moisture conditions; however, farmers in the eastern half of the state, as well as in the Gulf Coast section, were able to get good stands of legumes and small grains which grew off fairly well.

Early last fall FHA County Supervisors made individual plans with borrowers regarding their winter cover crop program, extending credit where necessary. This resulted in the production of much-needed winter grazing crops for the farmer's livestock in addition to the soil improvement value of the legume crops. Such soil improvement values will be reflected in higher yields of cash crops grown on the land in 1955.

McKay stated that records of past years of the FHA borrowers clearly demonstrate the increase in debt paying ability of borrowers who follow a soil building and winter grazing program in their farming operations.

Mrs. Paul Espey of El Paso is here for an extended visit with her daughter, Mrs. Tom Bullington, and family.

Mr. and Mrs. Joe Williams and sons of Ozona were recent visitors with her parents, Mr. and Mrs. Jim Reeves.

Knox Prairie Philosopher Claims Secretary Of State Dulles Follows His Method Of Uninterrupted Thinking

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek is trying to justify his farming methods this week, but we doubt if he makes it.

Dear editor: People are always asking me how I get my farming done when I spend so much time sitting under a tree, but this only goes to show they don't understand the modern world we're living in.

And while I was sitting under a tree yesterday afternoon looking over a newspaper I was pleased to find out that no less a man than the Secretary of State, John Foster Dulles, follows the same principle I do.

That is, he doesn't let the immediate problem at hand get in the way of his deeper thinking, which is the same principle I've been using out here on my farm.

The other day, according to this newspaper article, Sec. Dulles was talking with a man about having to fire him, and after the talk the man said "he was sympathetic but his mind appeared to be elsewhere, on the

J. A.

big international things, like Quemoy and Matsu."

That's exactly the way I am about my farm operations, and I'm glad to have the Secretary of State following my principles. I'm sympathetic all right with the fact my crops need working, but my mind is elsewhere. Just because a man's garden needs hoeing doesn't mean the international situation should be dropped.

And I'd like to point out that the world situation needs as much thinking about as my farm, and if somebody doesn't forego the job of plowing or hand-shaking and give some thought to it, plowing and hand-shaking may lose their value.

Me and Sec. Dulles have this thing figured out exactly alike, and I hope my neighbors who have been making remarks about the amount of sitting I do will get up on the international level in their thinking and recognize it. It's not that I'm gonna change my habits, and anybody who would chop weeds just to be well thought of is putting a mighty high price on public favor, but if you can attain the latter and still sit under a tree, why not?

Yours faithfully,
J. A.

Drive carefully. The life you save may be your own.

A "New Angle"

You will never see a car in this position, but Chevrolet engineers did recently, when they hung the car by the front axle to make K-frame pictures. The man behind the wheel knows how the Navy's "Pogo Stick" plane pilot feels when he's ready for a vertical takeoff. The chain holding the convertible has been retouched out of the picture.

Miss Shirley McAfee of Midwestern University in Wichita Falls visited her parents, Mr. and Mrs. Charlie McAfee over the week end.

News From The U. S. Congress

Congressman Frank Ikard

The Interstate and Foreign Commerce Committee of the House is winding up its hearings on the several bills that have been introduced to exclude from the jurisdiction of the Federal Power Commission the producers of natural gas. The public witnesses finished their testimony on Friday, the 29th of April, and the Members of the Federal Power Commission testified on the 2nd and 3rd of May. After this, the Committee will go into Executive Session for the purpose of either approving or rejecting one of the bills under consideration. If the Committee reports favorably on a bill, and I believe they will, it will probably not be in the exact language of any of the existing bills but will be a measure that the Committee has drafted in its Executive Session. I am hopeful that a bill will be reported out so that the House can act on this measure sometime during the month of May. One of the

bills being considered by the Committee is H.R. 3902 which I introduced. Hearings on this measure in the Senate are scheduled to commence sometime within the next week or ten days.

According to the present program, the House will consider the Hawaii-Alaska Statehood Bill on May 9th. This measure, as is well known, is highly controversial and one that in all probability will develop long and lively debate. As I have stated before, I do not feel that Alaska is yet ready for statehood even though she may be at sometime in the future. I cannot favor the admission of Hawaii for many reasons that I have set out here in this column before.

There are many serious problems connected with the broad agricultural program. One that is certainly not the least in importance is the fact that under our present system, the farmers who practice good soil conservation practices and in some instances either let their land lay out or plant soil building crops are sometimes penalized for this practice in the allotment of acre-

age for the crops that are controlled. I hope that we may be able to work out some method where a farmer who works at building his soil will not lose allotted acres when the acreage allotments are made for the controlled crops.

In ordering farm bulletins, some people have forgotten to fill in their name and address on the order blanks. Needless to say, when we do not have a person's name and address, it is impossible to fill his order. Anyone who has ordered farm bulletins and has not received an acknowledgment from me within about two weeks might wire me because their order might be one of the ones that we are

holding not knowing where to send it.

Visitors from home this week were Mr. L. B. Haggood and Mr. Jimmy Heath of Henrietta.

Mrs. Billy J. Lain and daughter of Midland spent the week end with her parents, Mr. and Mrs. T. H. Armstrong, and other relatives.

Jimmy Massey of Wichita Falls was a guest of his parents, Mr. and Mrs. Charlie Massey over the week end.

Lloyd Haynie of Wichita Falls spent the week end with his parents, Mr. and Mrs. Charlie Haynie, Sr.

Punch-line to the year's hottest power story—

Chevrolet "Turbo-Fire V8"!

This is the engine that's writing a whole new chapter in the book of automobile performance records. This is the engine that has stock car timers doing a "double take" at their stop-watches wherever experts gather to compare the abilities of the 1955 cars.

For example, in the recent NASCAR* stock car competition at Daytona Beach, Florida, Chevrolet literally ran away from every other car in its class—and a raft of others besides. In the one-mile straightaway run for low-priced cars, the first two places—and six of the first ten—went to Chevrolets. And in acceleration runs from a standing start against all

comers, Chevrolet beat all other low-priced cars—and every high-priced car except one!

What's behind this blazing performance? A compact honey of a V8 that only the world's leading producer of valve-in-head engines can build. Chevrolet's new "Turbo-Fire V8" has the shortest piston stroke in the industry (that means less piston travel... longer engine life!) And it delivers the highest power per pound of any V8 in the low-priced field. It's so efficient that it requires only four quarts of oil instead of the usual five... needs less radiator cool-

ant, too. It's the most modern V8 under anybody's hood!

It puts a new kind of fun in your driving life. You're in charge of 162 high-spirited horsepower—or if you're looking for even more excitement, the new "Super Turbo-Fire V8" (optional at extra cost) puts 180 h.p. under your toe!

Pick the one you'd rather have fun with, then come in and get behind the wheel. You'll see why the Motoramic Chevrolet is showing its heels to everyone else on the road!

No other low-priced car has any—no high-priced car has all—of these great Chevrolet features!

Body by Fisher—Nine engine-drive choices in any model—12-volt electrical system—Anti-Dive braking—Outrigger rear springs — Ball-Race steering — High-Level ventilation — Double-Arch cowl construction.

*National Association for Stock Car Auto Racing.

Combine your new Chevrolet purchase with your vacation plans!

Order a new Chevrolet through us, then pick it up at the plant in Flint, Michigan, see Chevrolets built, if you like, and drive yours home. Chances are you'll save a substantial share of your vacation travel costs!

D. E. Whitworth visited his mother, who is seriously ill, in the Stephenville hospital over the week end. He reports that she is little improved.

Miss Irene McClaran of Wichita Falls spent the week end with her mother, Mrs. Ann McClaran.

The Mississippi has always rolled past Memphis—and, for nearly as long, Joe Curtis has been the river editor of the Memphis Commercial Appeal. He has written innumerable true stories, old and new, about the Father of Waters—stories of steamboats when they were floating palaces and when Mark Twain was a pilot and when gamblers armed with derringers coolly played for fortunes and about races between boats and of boiler explosions and fires with heavy loss of life and heroic deeds.

But of all the writeups of his which I have read, the one I remember best was not about Joe Curtis' beloved river at all.

It was back in 1920 and Arkansas was having its first oil boom though of course Texas and Louisiana had already had numerous oil plays. Editor G. P. J. Mooney assigned Curtis to visit El Dorado, Ark., and write about the oil rush. He did a vivid article, the first detailed account of an oil boom that I had ever read. Soon after that, I left Memphis to come to Texas and with the determination to get a job on a newspaper in an oil section so as to write a book about the romance of oil.

I landed in Eastland County, the scene of the great Ranger and Desdemona booms, and then eventually your columnist turned out not one but four books about the romance of oil, besides a couple of articles on that subject in the Saturday Evening Post and also going to Hollywood to help write M-G-M's "Boom Town."

When William Jennings Bryan placed his speeches in book form, he chose as the foreword these lines by Rev. F. S. Brown:

"I do not know Where falls the seed that I have tried to sow With greatest care; But I shall know The meaning of each waiting hour below

Some time, somewhere!"

In a copy of the book in Memphis' Cossitt Library, some reader wrote, "In the hearts and minds of men, Mr. Bryan."

When Joe Curtis wrote his description of El Dorado's oil excitement, it was, to him, just another assignment in the busy life of a good newspaperman. He wrote it and dismissed it from his thoughts. But, as you have seen, that article had far-reaching consequences insofar as the life of one reader was concerned.

No doubt, if we had any way of knowing, Joe Curtis, in his long and active life of writing, has sowed similar seed in the hearts and minds of many men like "old man river just keeps rolling along."

Charles Yost of Midwestern University in Wichita Falls spent the week end with his parents, Mr. and Mrs. T. V. Yost.

Mr. and Mrs. G. C. Brockett and son of Midland visited relatives and friends here over the week end.

Clean 1951 Dodge Diplomat now listed among our used cars.

It's priced to sell, too!

REEVES Motor Company
—Your FORD Dealer—

New Dodge Custom Royal Lancer . . . glamorous "hardtop."

What's all this talk about "Price Class!"

It gets to be a little confusing—this talk about what "price class" a car is in. This new Dodge is making a clean sweep in every price field!

Owners who are used to paying a thousand dollars more for a car find that money can't buy more luxury, more exciting features and beauty than in the dashing Custom Royal Lancer shown above. It's up to 9 inches longer than competitive models costing more!

And owners of so-called "low-priced cars" are finding that a new Dodge, with all its dashing length and flashing style, can be theirs for only a few dollars a month more than any of the small cars—up to 19 inches shorter and far less exciting!

Check Your Car—Check Accidents!

Severe grasshopper outbreaks can occur in at least 10 Panhandle counties this year. And a large portion of central and north central Texas is on the threatened list. Agricultural producers in these areas should be on the alert for early hatching and if the number of young hoppers reach the danger point, control measures should be applied.

Custom Tailors Since 1895

LET'S TALK LIVESTOCK
BY TED GOULDY

Here's A Switch!

FORT WORTH—The cow country of the United States usually exports large numbers of tourists, a few registered cattle and an occasional lady bull fighter to Mexico, but by and large, what cattle trade we have with Old Mexico is buying cattle from there.

We learned from the Foreign Agricultural Service, USDA, this week that at their mid-March meeting the Sonoran Cattle Raisers Association proposed to import at least 10,000 heifers and cows from the United States!

These cattle would replace the estimated 300,000 herd lost in Sonora due to the drought in recent years.

Grass Cattle Weaker

Early summer movement of cattle and calves was again evident at Fort Worth Monday. Some 3,000 more were offered than a year ago the same day. Trade developed slowly as packers endeavored to lower costs. Fed cattle were steady to 25 cents higher, cows weak to 50 cents lower. Bulls sold steady.

Stockers and feeders with quality moved readily at fully steady prices, as did choice fat calves. However, grassy calves and yearlings of both slaughter and stocker kinds of medium and lower grades eased lower by around 50 cents or more per hundred. Plain stockers sell at about their slaughter values.

The spread between heifer calves and yearlings of the stocker kinds is the widest in months, mostly \$3 to \$4, for the stocker heifers under similar steers unless fleshy enough to sell for slaughter.

Good and choice fed steers and yearlings \$19.00 to \$22.75, the latter figure for load of steers fed by J. W. Miller, Swisher County, that averaged about 1,150 lbs. These were mates to cattle at \$22.50 a week earlier. Plain and medium yearlings and heifers \$12.00—\$18.00. Fat cows

\$10.50—\$13.50; canners and cutters \$7.00—\$11.00. Bulls \$10.00—\$14.25. Fat calves \$14.00—\$21.50; stocker calves \$23.00 down, stocker yearlings \$22 down, and stocker steers \$21.50 down.

Orderly Marketing Needed

Both livestock salesmen and buyers at Fort Worth this week agreed that it would stabilize prices if more sheep and cattle were marketed on Wednesday and Thursday, and the big runs of Monday and Tuesday were held down in the months ahead.

It was pointed out that in recent months Wednesday and Thursday prices have usually been as good as Monday and Tuesday, and in some cases even higher. Last week Shorn lambs topped at \$17 Monday and Tuesday, and on Wednesday, Thursday and Friday sessions topped at \$17.50 for example.

Packers say they are at a disadvantage if they have to buy huge numbers on Monday and Tuesday and carry them to the end of the week to get them killed. Spreading this summer's runs more evenly through the week will serve to level out price trends, and avoid bad price breaks, all agree.

Hogs Open Lower

Hogs opened 25 cents lower at Fort Worth Monday. Pressure generated from the big run reported in the Corn Belt—22,000 more hogs appeared at 12 major markets than a week ago. The crop was more than double that the same day last year!

Top hogs drew \$17 and \$17.25 at Fort Worth, and sows sold from \$11 to \$14.50 some big weights of over 500 pounds at the low end of the quotations.

NAVY ANNOUNCES NEW GRADUATE TRAINING PROGRAM

The Navy has announced that High School graduates are now joining the Navy assured of schooling following Recruit Training.

Men qualifying for this new High School Recruit program are sent to one of the Navy's Class "A" or Class "P" schools immediately after completion of Boot Training.

Applicants are enlisted in one of four ratings:

- a. Electronic Field Seaman Recruit.
- b. High School Hospital Recruit.
- c. High School Airman Recruit.

d. High School Seaman Recruit.

The recruit will be sent to a Navy Class "A" or Class "P" school where he will receive the training in his rate. For example, if a man is enlisted as an Electronics Field Seaman Recruit, he would be selected for one of 14 Navy Electronics Schools.

If a man has enlisted as a High School Hospital Recruit, he will be trained as a Hospital Corpsman or Dental Technician. If he enlisted as a High School Airman Recruit, he would go to Airman Class "P" school. If the applicant is enlisted as a High School Seaman Recruit, training in one of 26 Class "A" schools is possible, with training as Boilerman, Yeoman, Gunners Mate, Mechanic, Storekeeper or one of many other interesting and profitable fields.

Men applying under these programs should contact their Navy Recruiting Office, Post Office Building, Vernon, Texas, immediately for selection in this program.

Mr. and Mrs. Claude Harrison and family of Lubbock and Kenneth Harrison of Denver City

were guests of Mr. and Mrs. E. W. Harrison last week end.

Mrs. Stanley Wardlaw and Dorse Wardlaw visited relatives in Dallas last Sunday and Monday.

Mr. and Mrs. Dorris Tuggle and sons of Brownfield spent the week end with their parents, Mr. and Mrs. T. H. Armstrong and Mr. and Mrs. Ben Tuggle.

Goree Cemetery Ass'n. To Meet

The regular meeting of the Goree Cemetery Association will be held on Monday evening, May 9, at eight o'clock in the memorial building. Plans will be made for the annual homecoming which will be held the first Sunday in June, so all who can are requested to attend the meeting.

The Goree Cemetery Association will serve its monthly dinner on Friday, May 13 in the memorial building. On the menu this month will be a delicious baked ham plate with all of the trimmings. The association urges that you give yourself a treat and eat with them on that day. Plates are sold for \$1. and serving will begin at 11 o'clock. Make May 13 your date!

Goree Students Attend Senior Day at HSU

Ten students from Goree attended the senior day at Hardin-Simmons University, Abilene, on April 30. The group was sponsored by the W. M. U. of the Baptist Church.

A tour of the campus was a highlight of the day. Also on the program were the symphony, Cowboy Band, University Men's Quartet and the afternoon radio.

Attending from Goree were Patsy Claburn, Dorothy Blake, Jeanette Smith, Jackie Latham, Lee Jordan, Wayne Peek, Jimmy Roberts, Michael Kelley, Douglas Beatty and Frank Bates, with these sponsors: Mrs. George Weber, Mrs. Taylor and Mrs. Jack Beatty.

Mart Douglass, son of Mr. and Mrs. Wesley Wright, formerly of Goree, made his appearance in St. Anne Hospital in Abilene at 3:30 a. m. April 23. Maternal grandparents are Mr. and Mrs. P. O. Blankinship of Goree and paternal grandparents are Mr. and Mrs. Bill Wright also of Goree.

Mrs. Claude Maloney of Seminole visited Dr. and Mrs. E. F. Heard recently.

Mr. and Mrs. R. P. Adkins of Arlington visited her brother and wife, Mr. and Mrs. H. E. McMahon, last week.

Mr. and Mrs. B. C. Glasgow of Roswell, N. M., spent last week with Mrs. Kate Glasgow and other relatives.

Mr. and Mrs. W. L. Thornton visited their daughter and family, Mr. and Mrs. Dick Allen in

BARBER-POLE STRIPES

A light-hearted design by Minx Modes features the barber pole look. This cotton coat dress has its own "barber pole" striped separate petticoat, tiny striped matching gloves, and striped bow tie. The cotton dress can be worn open with stripes peeking through or completely buttoned.

Wichita Falls last Sunday.

Mr. and Mrs. Mack Tynes and family spent last Sunday with their aunt, Mrs. Nell Anderson, in Wichita Falls.

Guests in the home of Mr. and Mrs. L. E. Hunter last Sunday were Mr. and Mrs. Roy Miller and sons of Azle, Miss Janet Rhoden, Seymour, Mr. and Mrs. Weldon Floyd and children, Monday; Mr. and Mrs. J. E. Hunter

and children, Knox City, and Mr. and Mrs. John E. Nelson and children, Munday.

Mr. and Mrs. Victor Edwards of Austin visited his sister and husband, Mr. and Mrs. Ira Stalcup last Sunday.

Grady Montgomery, Jr. of Lubbock spent Sunday with Mr. and Mrs. L. C. Belcher and Eunice.

Doug Lambeth returned to El Paso last Sunday after spending a 6-day leave with his parents, Mr. and Mrs. Vernice Lambeth and other relatives.

Eddie Essery of Snyder visited in the home of Mr. and Mrs. Buster Latham and family last week end.

Miss Louise Blankinship of Wichita Falls spent the week end with her parents, Mr. and Mrs. Hubert Blankinship.

Miss Carol Coffman of Wichita Falls visited her parents, Mr. and Mrs. Buster Coffman, over the week end.

Miss Nancy Lawson, student at H. S. U. in Abilene, was a guest of her parents, Mr. and Mrs. J. B. Lawson, over the week end.

Mr. and Mrs. Gerald Myers of Lubbock spent the week end with Mr. and Mrs. W. M. Cooksey.

Mrs. Ruth Temple is visiting her son and family, Mr. and Mrs. Cecil Temple, in Borger for three weeks.

Miss Lola Baughman of Moran visited Rev. and Mrs. J. W. Baughman over the week end.

Mr. and Mrs. Wesley Darilek of Megargel visited Mr. and Mrs. T. M. Tucker last Monday and Tuesday.

Lawrence Haberman of Hentietta visited Mr. and Mrs. J. F. Lowrance last Tuesday.

Mr. and Mrs. Wayne Blacklock and daughter of San Antonio visited his parents, Mr. and Mrs. B. L. Blacklock, the first of this week.

Tom Tuttle of Deleno, Calif., and Mr. and Mrs. C. G. Tuttle of Salina, Okla., were recent visitors in the home of Mrs. T. L. Phillips.

LONE STAR Agriculture

Released by The Texas Department of Agriculture

By John C. White, Commissioner

AMARILLO—"A Day on the Plains without a sandstorm is like a week's vacation in Florida."

That's the way an Amarillo housewife characterized the weather situation in this High Plains city this spring. In a country where the horizon is shrouded in a dusty haze for weeks on end, a clear day free of sand is a rare thing.

But dust storms in West Texas portend more than inconvenience to area housewives. They tell of real trouble to farmers. It means there is a critical shortage of ground moisture. It indicates that another crop season is off to a bad start. And it threatens a fifth straight year of unbroken drouth in many sections of Texas and the Midwest.

A study of soil conditions in the Panhandle is a study of paradoxes. Some sections of this farming country show the benefits of years of strict adherence to good soil saving practices that hold the land and conserve the minimum amounts of rainfall. Yet the adjacent field may be blowing away—mute testimony of a farming system that "mines" the soil.

Even national farm leaders recognize the Panhandle as the center of a disaster area. Secretary of Agriculture Benson surveyed it in one day. But I recognize that even my short week here is not enough to study all the symptoms in the hope of making concrete and practical recommendations for disaster relief measures.

One thing is clear. Texas farmers desperately need emergency help from both the state and federal governments. Not one of

FIRST GAS TURBINE CAR IN TRAFFIC

Motorists in Detroit and its suburbs are seeing Chrysler Corporation's "Turbine Special" for the first time on city streets, but they have to look closely to detect any exterior distinctions from current Plymouth cars with conventional engines. The Chrysler experimental gas turbine engine is the first to successfully power a production type passenger car and the first to solve the long-standing gas turbine problems of high fuel consumption and tremendous exhaust heat. The gas turbine engine is being test-driven on city streets and at the Chrysler Engineering Proving Grounds in a 1955 Plymouth Belvedere sedan. There remain many metallurgical and manufacturing problems to be solved if gas turbine engines are to become the automotive power plants of the future.

time to arrest the process. When the fogging moves to the center of the pupil, the individual becomes conscious of a reduction in vision. The cataract is now well on its way. Its growth may be hastened by ill health, focal infections, overwork and neglect of one's health. Another contributing factor is defective vision resulting from astigmatism, and neglecting to use properly fitted glasses to correct such defects. Eyestrain, conscious or unconscious, can play a major role in cataract formation.

Cataracts which are the result of some infection or injury can be prevented. Cataracts resulting from aging cannot as yet be prevented. The important thing to know about cataract is that doctors can keep it from being incapacitating. Cataracts can be removed when they first appear. They need not interfere with a person's work, or embarrass him in any way—they can often be cured. Cataracts should be treated early, before important skills are lost or unnecessary years are spent in frustration. Without fear of blindness, disfigurement or unbearable discomfort, a person can put himself in the hands of a good eye surgeon, when cataract begins to cause trouble.

IT PAYS TO ADVERTISE

Weekly Health LETTER

Issued by Henry A. Holle, M. D., State Health Officer of Texas

AUSTIN — Though cataracts are considered a rather common affliction of older people, there is no longer any reason to fear them, declared Dr. Henry A. Holle, State Health Officer. Many think that once cataracts appear they are doomed to either blindness or an ordeal of surgery which may destroy what sight is left. Such notions have no basis in fact.

An advancing cataract brings on a dimming of the vision, and, in some cases the individual sees spots before his eyes, or sees double. If a cataract is left to develop long enough, it will appear as a faint grayness in the pupil of the eye. With complete development, the grayness will turn to dead white. Cataract is not a disease but a clouding of the lens of the eye.

the farmers I have talked with has asked for a "handout," however. They merely want aid in the form of long term loans so they can stay on the land and preserve their soil for a future crop year.

The dry land wheat crop in the Panhandle is gone. Drouth and freezes took care of that. Prospects for grain sorghums look equally dim. Unless some rain is had within the next few weeks, not enough moisture will be left in the soil to germinate the seed.

Perhaps the nation-wide attention which has been focused on this country in the last few days will result in some practical emergency measures for the farmers.

In the meantime, a good rain would be a tremendous morale booster—even though it might be too late for many crops.

Cataract can be well under way before the patient notices any visual defect. In such cases, only a physician or eye surgeon can discover the condition in

HERE'S PROTECTION FOR YOUR LAWN

Your lawn represents a big investment in time, labor, and seed. It is worth every bit of its cost for the enjoyment it brings to the whole family and for the real value it adds to your home. Protect your investment by feeding your lawn a square meal this fall. Give it 4 pounds of Vigoro per 100 square feet of area. A well-fed lawn has greater resistance to damage through adverse weather, weeds, or disease.

VIGORO COMPLETE PLANT FOOD

A Product of Swift & Company

• Spreader available free of charge.

Cotton pest time!

Start your control program NOW!

MAKE SURE thrips, cutworms and flea hoppers don't feast on your cotton... treat with aldrin in early season.

And aldrin also controls weevils, grasshoppers, lygus bugs and others. For bollworm simply add DDT.

Aldrin gets these pests three ways—by touch, taste or inhaling. Aldrin works fast; hours after application you will see dead insects.

Get aldrin (say "awl-drin") from your insecticide dealer.

aldrin
(spray or 2 1/2-5-0 dwt)

"I see a man... he's driving a car... an OK Used Car!... Wait, I'll see if he's got a friend!"

This is an **OK USED CAR**

It's clear as a crystal why fortune smiles on the man who drives an OK Used Car. The red OK Tag tells him he can drive with confidence in a car that's inspected and scientifically reconditioned for performance, safety and value. It's warranted in writing by the dealer.

Munday Airman Is Selected As Outstanding Man

M/Sgt. James L. Henderson of the 63rd Air Base Group, in charge of base instrument school, has been selected as the "outstanding airman" at Donaldson Air Force Base. He is the son of Mr. and Mrs. M. M. Henderson of Munday.

The 35-year-old airman served in World War II as an aircraft engineer and gunner, attaining the grade of staff sergeant within six months after he enlisted. From Hawaii he participated in the bombing of Wake Island, the longest over-water flight being conducted at that time. He went to Guadalcanal with the first group of Air Force personnel, and afterwards participated in all major air operations in that area.

He is a veteran of 102 combat missions totalling more than 1,700 combat hours, credited with four aircraft destroyed and

another probably destroyed. His awards include the Distinguished Flying Cross with two oak leaf clusters, the Air Medal with seven oak leaf clusters, and the Purple Heart for wounds received as a result of enemy action.

He returned to the U. S. in 1944 and entered the school for gunnery and flight instructors at Ft. Myers, Fla. and then the Bendix School of Electronics at South Bend, Ind., before becoming a non-com in charge of the turret gunnery section at Ardmore, Okla.

In May, 1945, he was one of the first five to be discharged from the air force under the point system. From then until he re-enlisted in the Air Force in 1950, he completed the Spartan School of Aeronautical Engineering, worked one year under contract with the War Department as superintendent of aircraft and engine maintenance on Guam and spent two years with Braniff International Airways as a mechanic.

He saw action as a C-119 engineer in Korea and during his off-duty time developed an electronic engine analyzer for which

he was awarded the Bronze Star medal and a letter of commendation from the chief of the accessories branch, Wright-Patterson Air Force Base.

From Korea, Sgt. Henderson went to Donaldson in time to participate in the C-119 air drop of construction equipment at various sites on the Greenland icecap. Between flights he supervised the construction of six engine analysers for use with the 45th Troop Carrier group.

SGT. ROBERT W. MOORE SERVING IN KOREA

I CORPS, KOREA—Sgt. Robert W. Moore, whose wife, Myra, lives on Route 2 Goree, Texas, is now a member of the 51st Signal Battalion, part of I Corps in Korea.

An intensive post-truce training program is supervised by I Corps for the UN units under its control.

Moore, a pole lineman in the battalion's Company A, entered the Army in April 1954 and completed basic training at Camp Chaffee, Ark.

A former student at Texas Technological College, he was employed by Phillips Petroleum Co. in civilian life.

His father, Orman E. Moore, lives in Goree.

Mrs. Charles McCauley returned home last week from a ten day vacation in Miami, Fla. She accompanied Mr. and Mrs. J. Bryan McCullum of Wichita Falls and Mrs. Bryan McCullum of Mertens. She reported a wonderful time.
