Odd Bits Salvaged
By The Editor

Some of the combines started pulling out during the week end. Not that the wheat harvest is over — it's still coming in — but it seems there was an over-supply of the harvesting machines.

The news got around to us that some of the combine operators, when getting ready to leave for other places, remarked: "There's still lots of wheat to be cut here, but there's a combine for every patch." From the way the golden grain is being stacked on the ground at elevators, there must be an over-supply of combines and a shortage of storage space.

We, as well as the farmers, are happy that the weather has cooperated with wheat harvest crews during the past two weeks. A few more days of dry, windy weather, and it would possibly be okay for a shower to come.

As combines pull out, other people are coming in for the potato harvest, and this seems to stimulate some kinds of businesses, especially the type that feeds hungry people.

People were shaking hands in a congratulatory manner with Welton Leflar early this week. That was after reports got circulated about the big fish he caught at Lake Kemp. Welton said he was really mad at Oscar Spann for just a minute. Spann stopped his boat to visit a while with Welton, and when he left pulling a skiff behind the boat, Welton was almost jerked out of his own boat. He thought that Oscar had hung his trolling with the ski, but what really jerked the line was the 22-pound drum which Welton landed.

Next Tuesday, we vote on whether or not we become a member of the North Central Texas Municipal Water Authority for the development of the Miller Creek reservoir. Your vote to confirm the authority is a vote for a dependable water supply for years to come.

This is a far-reaching program — one which is claimed to completely solve the water problems of all area towns invited to membership in the authority, and none of these towns is without a water problem. We're told that even Rule, which years ago shipped water out to other towns by the train loads, now has such a problem.

We wouldn't attempt to tell you how to vote — but we would urge you to vote. This is a program, too, which should have careful study, thought and vision before you go to the polls. Well informed people generally do not go wrong when the future of their town is at stake, so become informed, if you're not already, about what an ample supply of good water will mean to your town and other towns of the area.

Knox City Soldier Completes Course

PORT GORDON, GA. (AHT NC) — Pvt. Orland D. McNulty, son of Mr. and Mrs. Oscar J. McNulty, Knox City, recently completed the 15-week cable splicing course at the Army Southeastern Signal School, Fort Gordon, Ga.

McNulty was trained to install and maintain all types of aerial and buried cables.

The 19-year-old soldier entered the Army in October 1957 and received basic training at Fort Carson, Colo.

He is a 1957 graduate of Knox City High School and a former employee of the General Telephone Company in Brownfield.

ANITA TIDWELL TO TEACH MUSIC LESSONS

Miss Anita Tidwell will be teaching music lessons through the summer months. Those interested in taking music may contact her from 3 to 5 p. m. Friday at the First Baptist Church.

Miss Tidwell is a music education, piano, major in Texas Technological College in Lubbock.

TO RELATIVE'S FUNERAL

Mrs. Lola Cartwright and Mrs. Al Cartwright attended the funeral of Fred Hoefler at 2:30 p. m. Saturday in Plainview. Mr. Hoefler was Mrs. Lola Cartwright's brother-in-law. He passed away in Los Angeles, Calif., on June 3 and was brought back to Plainview for burial beside his wife who preceded him in death eight years ago.

MOUNDS OF WHEAT — As the wheat harvest began reaching its peak in the Munday area, elevators were filled to overflowing when neither the elevators nor freight cars could take care of the grain. The huge piles of wheat shown above are at the J. B. Graham Grain Co., as the grain continued to be dumped on the ground over a wide area. Early this week, combine operators reported at least another week of harvest.

Jack Williams Now Commander

Col. Jack W. Williams of Munday, Texas and the USAF, recently departed Ladd AFB, near Fairbanks, Alaska, for his new duty assignment as Commander, 408th Fighter Group at Kingsley Field near Kalmuth Fall, Oregon.

While at Ladd, the Colonel has served as Director of Materiel for the 11th Air Division, Commander of the Maintenance and Supply Group and for the last year was commander of the 5060th AC&W Group.

He is married to the former Elizabeth J. Crow of Arlington, Texas, and they have four children, Jackie Lou, Jane Ann, Jack W. Jr., and Vergil Roy.

Mrs. Williams is the daughter of Mrs. Corinne Crow of 6220 Centwood Drive in Fort Worth. The Colonel is the son of Mr. and Mrs. P. V. Williams of Munday, Texas.

Upon their arrival by air in Seattle, Colonel Williams and his family plan to continue their trip by automobile, driving from Seattle to Fort Worth and Munday, before returning to Oregon for their new assignment.

Pony League Is Organized

At a meeting in Haskell early this week, the Cotton Belt Pony League baseball club was organized with the following officers:

Carl Anderson, president; J. Omar Cure, vice president; Erwin Meier, secretary and treasurer; and Gene Thompson, player manager. The league is composed of players from Munday, Knox City, Haskell and Rule.

Team managers are: Munday, Randall Walling, Lyndal Walling and R. J. Duncan; Knox City, Robert Bailey, Ben Knight and Ted Darling; Haskell, Pete Mullins, Maxie Mullins and Coach Gaines; Rule, James Moore, Bill Blankenship and Erwin Meier. The game schedule follows:

June 20, Haskell and Rule; Knox City and Munday; June 24, Haskell and Knox City, Rule and Munday; June 27, Knox City and Rule, Munday and Haskell; July 1, Rule and Haskell, Munday and Knox City.

July 7, Knox City and Haskell; July 8, Munday and Rule; July 11, Rule and Knox City, Haskell and Munday; July 15, Haskell and Rule; July 14, Knox City and Munday;

July 18, Haskell and Knox City, Rule and Munday; July 21, Knox City and Rule; July 22, Munday and Haskell; July 25, Rule and Haskell, Munday and Knox City; July 28, Knox City and Haskell; July 29, Munday and Rule; August 1, Rule and Knox City, Haskell and Munday.

Miss Jo Ann Duke of Lovington, N. M., came in last Saturday for an extended visit with her grandparents, Mr. and Mrs. A. B. Warren, and with her aunt and uncle, Mr. and Mrs. Ben Yarborough, and other relatives.

Mr. and Mrs. E. L. Goolsby of Lubbock visited Mr. and Mrs. W. C. Cox one night last week.

Wheat Support Level Depends On Quota Vote

The level of price support for the 1959 wheat crop will be determined by the outcome of the June 20 referendum on marketing quotas for next year's crop, Searcy M. Ferguson, Chairman, State Agricultural Stabilization and Conservation Committee, declared today.

"Aside from a choice between a marketing quota program and no marketing quotas, the big issue to be decided by the June 20 vote will be the level of price support available for the 1959 wheat crop," the Chairman stated. "Acreage allotments will remain in effect no matter how the vote goes, as a means of determining eligibility for support."

As announced on May 1, price support for the 1959 wheat crop will be available in the commercial wheat area at a national average of at least \$1.81 per bushel, or 75 percent of parity, if marketing quotas for the 1959-crop of wheat are approved by at least two-thirds of the growers voting in the referendum. This minimum will not be reduced, but may be increased if a combination of the wheat parity price and wheat supply relationships as of July 1, 1959 indicate a higher support price.

If quotas for the 1959 wheat crop are not approved by at least two-thirds of the voters, however, the support level in the commercial wheat producing area will drop to about \$1.20 per bushel, or 50 percent of parity, as directed by law. Compliance with allotments would continue to be a condition of eligibility for the lower price support.

Those farmers who vote in the referendum will be the ones who decide whether or not marketing quotas will be in effect for the 1959 wheat crop. Chairman Ferguson points out. All farmers are eligible to vote if they will share in the 1959 wheat crop from a farm in the commercial wheat area on which the wheat harvest for grain in 1959 will exceed 15 acres and provided they did not take part in the 1958 feed wheat program.

Oil Activities

A 1,900-foot rotary project is to be drilled five miles northeast of Goree. It is Horn Drilling Co. of Seymour No. 1 Ross Bates. Location is three-fourths mile southeast of the Golden (Tannehill) Field but separated from it by a 2,006-foot dry hole.

Lakes Carbon Corporation No. 1 Lee Smith is a 2,500-foot project five miles west of Knox City and about 1½ miles southeast of the Few Tannehill Pool.

HAS TONSILECTOMY

Cathy Browning, 7, daughter of Mr. and Mrs. William Browning, entered the Baylor Hospital in Seymour on Wednesday of last week. She underwent a tonsillectomy on Saturday morning and was able to be brought home Monday. She is reported to be doing fine.

Books Donated To Munday Library

The Munday Public Library is continually adding new books to its shelves, either by donation of books by friends of the library, or by purchases when funds are available.

The following books for teenagers are among the recent donations:

Kissing Kin, by Elswyth Thane; Beloved Bondage, by Elizabeth Yates; Because of the Lockwoods, by Dorothy Whipple; The Outsiders, by Jane Abbott; Tammyout of Time, by Cid R. Summer, and The Pink House, by Nella Gardner White.

In addition, an adult book, "To Live Again," has been donated to the library in memory of the late Mrs. S. A. Bowden.

Methodist VBS Closes June 6

Children attending the Methodist Vacation Church school climaxed their week's activities on June 6 by participating in a closing program in the church sanctuary. Guests were present for the hour and visited in the various departments.

The leaders in the pre-kindergarten department were Mrs. Marion Elliott, Mrs. Dwight Key and Mrs. W. O. Ratliff. The leaders in the kindergarten department were Mrs. Bill Wright, Mrs. Martin Bowman and Mrs. Henry Malette.

The primary department leaders were Mrs. Rhodes Allen, Mrs. Charles Baker, Mrs. Ed Jetton and Mrs. Robert Patterson. The junior department leaders were Mrs. George Beaty, Mrs. Kenneth Baker, Mrs. Bill Hulse and Mrs. W. R. Moore, Jr.

High school girls who directed the recreational program for the week were as follows: Nancy Cowan, Sharon Cypert, Barbara Kierner, Linda Browning, Linda Kay Smith and Donna Partridge. The superintendent of the Vacation Church School was Mrs. Wendell Partridge and her acting secretaries were Claire Harpham and Jan Pendleton.

Mrs. Speir Passes At Crosbyton May 30

Mrs. Mary Speir, 87, passed away at 5 p. m. on May 30 in the home of a daughter, Mrs. E. D. Cash, at Crosbyton.

Funeral services were held May 31 at Crosbyton. Mrs. Speir died after an extended illness.

Survivors include two other daughters, Mrs. Eula Floyd of Azle, formerly of Munday, and Mrs. Bonnie Richardson of Bowie, 11 grandchildren and 28 great-grandchildren.

Many will remember Mrs. Speir having met her when she visited relatives here.

IN BETHANIA HOSPITAL

Mrs. Rose Jones, who suffered a broken hip and underwent surgery in Bethania Hospital in Wichita Falls on Tuesday of last week, is reported to be improving. She hopes to be home some time this week.

Heavy Vote Expected In Confirmation of Reservoir

C. L. WILDE AND BIG CAT

25-Pound Ocelot Is Killed Sunday On Joe Wilde Farm Near Rhineland

Last year it was a huge rattlesnake — last Sunday it was a 25-pound ocelot that was killed on the Joe Wilde farm near Rhineland.

C. L. Wilde, son of the farm owner, killed the big cat, the first ever reported killed in Knox County.

Wilde killed the animal while hunting barn rats in a pasture with his nephew, Johnny Wilde.

Graveside Rites At Knox City For Former Resident

Graveside rites for Mrs. C. E. Alford, 76, were held at the Knox City Cemetery at 5 p. m. Wednesday, June 4.

Mrs. Alford died at Portales, N. M., Monday. Funeral services were held in Portales Wednesday morning.

Officiating at the graveside rites here was her nephew, Rev. Hayden Fortenberry, pastor of the Methodist Church at Skidmore.

The former Maude Brock, Mrs. Alford moved to the Knox City area with her family in 1892. The Brock community west of Knox City was named for her family.

Survivors are her husband, of Portales; a daughter, Mrs. Clarence Frazee of Rogers, N. M.; one grandson; the nephew and a niece, Mrs. Willie Weaver of Oklahoma.

Other relatives here to attend the services were Mrs. Fortenberry and Hayden Fortenberry, Jr., who is a student at the University of Texas, Mr. and Mrs. Don Weaver and family of Wichita Falls, and Jerry Nolan of Seymour.

Mr. and Mrs. Merle Weaver and family, Mr. and Mrs. Glen Weaver of Walters, Okla.; W. F. Alford of Waco; J. G. McElhane of Wichita Falls; Mr. and Mrs. Martin of Tipton, Okla.; Mrs. Edna Jones, Mrs. Ed Jones and Mrs. Mary Dunagan of Lubbock.

GUINDELL RITCHIE PARENTS OF A SON

Michael Ken Ritchie — that's me. I am the new son of Mr. and Mrs. Guindell Ritchie of Wichita Falls. I made my arrival at a hospital in Wichita Falls, Monday, June 9, and I weighed 6 pounds and 5 ounces. I have a big 3 year old brother, Gary Lynn who is staying with my grandparents, Mr. and Mrs. Omar Cure in Munday, until I get to go home. He sure is proud he's got me for a little brother. My other grandparents are Mr. and Mrs. K. E. Ritchie who live in Vera.

Interest developing in the election on confirming Munday's participation in the North Central Texas Municipal Water Authority indicates a heavy turnout of voters in confirmation election called for Tuesday, June 17.

In addition to Munday, similar elections are being held on the same date in six neighboring towns of Rule, Rochester, Knox City, Haskell, Goree and Seymour on the proposition of confirming membership in the authority.

No bond issue nor tax rate is being voted on in the June 17 election, it was pointed out. Voters in each town will vote for or against membership in the Authority, or water district.

Confirming membership in the Authority is the first phase in developing a municipal water supply for Munday and the six other towns on Miller Creek, about 15 miles east of Munday.

Should voters of any town fail to approve entry into the Authority next Tuesday, that town will be automatically out of the Authority and will have to look elsewhere for its future supply of water. The temporary committee set up for the area towns to study the situation point out that the costs are too great for the member cities to build sufficient capacity for a town that may want to come into the authority at some future date. Engineers will revise the system to accommodate only the towns becoming a member of the Authority in Tuesday's election.

After the June 17 election, towns joining in the Authority will then determine the definite cost of the project, based on the number of towns to be served. Any bond issue required will then be submitted in separate elections in each member town, when voters will have an opportunity to approve or reject a bond issue. Also, subject to approval of voters, will be a water purchase contract between the Authority and each member town.

Baptist Rally Day At Lueders Set For June 19

Fourth annual Rally Day of Baptist District 17 will be held at Lueders Baptist Encampment grounds Thursday, June 19, with three services during the day and plenty of leisure and free time.

Meals will be served at the cafeteria at noon and evening. Activities will begin at 10 a. m. and will be concluded following the night preaching service.

Rally Day opens the camp season at Lueders Baptist Encampment grounds, which will run through August 8.

The program for Rally Day is expected to interest the entire family and a good attendance is expected from throughout the eight-association district.

Featured speaker will be Dr. Harold Basden, pastor of the Gaston Avenue Baptist Church, Dallas, who will speak at 11:20 a. m. and 8:35 p. m.

Rev. Bryon Bryant, Encampment president and pastor of the First Baptist Church, Breckenridge, will preside. Jesse Sutton of Ranger, district music director, will be in charge of the music. Rev. L. L. Trot of Abilene, district missions secretary, will speak.

Doctrinal message will be brought at 3:30 p. m. by Rev. Jack Southerland, pastor of the First Baptist Church, Stamford. Missionary speaker will be Rev. Gerald Riedell, missionary home from Columbia, who will speak at 4:40 p. m. Riverside vespers will be conducted by Rev. Billy Burk, pastor of the First Baptist Church at Girard, at 7:15 p. m.

Music will include several special groups. District youth leaders and others will speak.

VISITS IN BELGIUM

Mr. and Mrs. Joe A. Brown received word that their son, SP/3 Clarence J. Brown, who is stationed at Wildflecken, Germany, with the Army, had returned to his base there after a fifteen day leave. He visited places in Belgium and spent one week at the World Fair at Brussels. He reported a wonderful time and said the people there are so friendly and the country beautiful. At Wildflecken he said it is warm enough for a swim and everything is beautiful and green. Last May they had snow there.

WHAT GOES UP COMES DOWN

Retailing is an enterprise which is highly sensitive to economic change. Ups and downs in the cycle are quickly felt in the stores.

Some views expressed by the head of one of the biggest American department stores are of particular interest now. He sees the situation this way: "In the world of economics, as in the natural world, what goes up, comes down . . . Somewhere along the line business must level off, must pause to consolidate its gain, must even fall back a bit in order to correct any excesses.

"And while it is naive to think that prosperity is never ending, it is equally foolish to despair at the slightest setback. Because, just as good times cannot last forever, harder times are always temporary, too.

"And perhaps even siller than faith in good times forever, is the belief that the economic life of a nation can be managed . . . that the peaks and valleys can be completely leveled off.

"Those who believe that government can 'outlaw' fundamental economic laws and can legislate 'corrective measures' are deluding themselves. The idea of legislating the economic law of supply and demand is hogwash."

In modern times we have seen all manner of governmental efforts to apply such "corrective measures", including price controls and other economic strait jackets — and these efforts have almost invariably produced worse problems than those they were designed to cure. The hope is that we will profit from this experience, and not push the "panic button" again.

PROFITS AND PEOPLE

A recent Opinion Research Corporation survey shows that 83 per cent of the American public believe that companies make "too much profit" and that this profit comes to 14 per cent net. The correct figure is about 5.9 per cent.

Commenting on this misconception, Donald P. Jones*, speaking before the Friends Society at Lansdowne, Pa., said: "When we look realistically at our industrial society, let us always remember that the principal beneficiary of profits is people."

A major purpose of profits is to provide incentive which gets things done — "producing things people want and, conversely, stopping production of things people do not want."

*Comptroller, Sun Oil Co.

WHEN YOU CAN CALL YOUR MONEY YOUR OWN

This year, Tax Freedom Day fell on May 13. It bears that name because it was the first day of the year on which you could call the money you earned your own.

Here's the story. Estimates say the personal income of everyone in this country will come to \$350 billion in 1958. The Federal, state and local tax bill will add up to \$125 billion — 36 per cent. So, on the average, each of us must work 133 days to pay the cost of government before there is anything left for ourselves.

Dorothy Thompson devoted a recent column to the heavy dependence of the American economy on war spending. This spending she wrote: ". . . takes millions of employables off the labor market onto the government payroll, and furnishes an inexhaustible market for the basic industries, since its purchases are perpetually obsolete, sometimes even before they have moved or left the drawing board. An arms race is continual turnover, as each new weapon invented by an enemy must be matched and if possible surpassed."

Weeds are a worse threat to farmers than bug or blight. They cause a staggering loss estimated at \$5 billion a year, and reduce crop yield by 10 per cent. New herbicides, perfected in oil industry laboratories, are proving effective in reducing the damage, and the search for still better ones goes on.

A Western railroad recently announced the discontinuance of two passenger trains. The reason: It costs \$1,800 a day to operate them — and they carried an average of only one passenger per trip.

The National Association of Manufacturers points out that the Department of Agriculture plans to spend \$756 million to remove farm land from production under the soil bank program — and that, at the same time, the Bureau of Reclamation wants to spend \$216 million to get more land ready for production by building dams and irrigation systems.

As of mid-1957, industry's average capital investment for each production worker was about \$16,000 — an increase of \$1,200 in a year.

There's Nothing Like Checking Convenience

Just ask your friends and neighbors. They'll tell you that a checking account gives triple threat convenience, and makes handling money easier than ever before.

At tax time — or any time — you can check up on expenditures easily by referring to your cancelled checks. Then, too, personal checks travel to pay out-of-town bills so easily. With so much convenience at hand, more and more people are using First National checking accounts to handle their finances.

This bank offers you every service consistent with good banking.

MODERN HOMEMAKING

Recipes . . . Household Helps

By Julia Hunter

HOME ECONOMICS DIRECTOR, LONE STAR GAS CO.

June is Dairy Month! Pastures are green and milk production is at nearly record rate. Milk is as basic to cooking as flour, but this is the month when menus should star all dairy products. Because production is up, dairy food prices are averaging lower than last year at this time.

Highlight menus with milk, cream, cheese, butter and ice cream. Top breakfast fruits and cereals with thick sweet cream. Toss salads with tasty sour cream dressings. Make dips and spreads with cheese. Crown desserts with peaks of whipped cream. Serve ice cream in great variety of flavors.

Refreshing glasses of ice cold milk are real thirst quenchers. Buttermilk is the just right beverage to go with meals of fresh spring vegetables and cornbread. Flavored milk drinks are favorites with the younger set at mealtime or snacktime. Make spiced milk by adding 1/8 teaspoon cinnamon, 1/8 teaspoon nutmeg and 1/2 teaspoon sugar to 1 cup chilled milk. Pretty and pink and delicious is a peppermint milk shake. Add a tablespoon or two of crushed peppermint candy to a glass of chilled milk. Place in refrigerator until candy is completely dissolved. Top with a scoop of vanilla, peppermint or chocolate ice cream and serve at once.

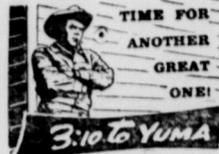

A dollop of sour cream on a baked potato is a favorite with many. The same treatment for green beans is well worth a try. Cook and season the beans as usual adding the sour cream just before serving.

RECIPE OF THE WEEK

Ice Cream Crunch: Roll 4 1/2 cups bite-size shredded rice biscuits into fine crumbs or put through finest blade of food grinder. Pour crumbs into large mixing bowl. Add 1/4 cup brown sugar, firmly packed. Mix thoroughly with fingers. Melt 1/3 cup butter or margarine and pour over crumb-sugar mixture. Mix with a fork until crumbs are

coated with melted butter or margarine. Line an 8 inch square pan with a double thickness of waxed paper or aluminum foil, letting two sides extend about 3 inches beyond pan so dessert can be easily lifted from pan for slicing and serving. Press half the crumb mixture evenly over the bottom of the pan. Pack 1 quart soft ice cream over crumb mixture. Sprinkle remaining half crumb mixture over ice cream, packing lightly. Cover pan with waxed paper or aluminum foil. Place in freezing compartment of gas refrigerator until firm. Remove from pan and cut in rectangles or squares to serve. Makes 8 servings.

OUR WORLD OF TOMORROW

Lies In Our Hands TODAY!

The vote June 17th is only to confirm our city as a member of the North-Central Texas Water Authority - no more than that. The bond election and election to approve a water purchase contract will come later.

Our World...

Its opportunity for continued growth, its hope of inviting industry to locate here, its hope for continued growth, for bigger achievements for better living, depend on an

ABUNDANT WATER SUPPLY

This can be assured for 100 to 150 years for towns of this area with the Miller Creek Reservoir, bringing us plenty of good water that will eliminate excessive damage to plumbing, air conditioning units, and not require excessive amounts of soap and detergents.

We'll Be Out

If we do not vote for confirmation, we will automatically be out of the Authority and will have to look elsewhere for our future supply of water.

Costs are too great for the member cities to build sufficient capacity for a town that may want to come into the Authority at some future date. The system will be built to accommodate only the towns voting into the Authority.

Taxes, Yes!

An ad valorem tax will be levied. From 1959 to 1965, you will pay the Authority about the same amount of money, give or take a little, as you paid your city in 1957. After 1965, taxes begin a yearly decrease and are eliminated after 1989.

But...

Engineers report that in every oil field area where an abundant supply of water is made available, the purchase of water for oil field flooding has completely eliminated the ad valorem taxes. In our rich oil area of four counties, this is entirely possible as soon as the reservoir is filled.

Look To Future Years!

Assure Your Home Of Plenty Of Good Water!

Let's Vote For Confirmation On June 17th!

NEWS FROM VERA

(Mrs. Thelma Lee Coulston)

Mrs. T. M. Hurd left Monday morning for Olton to visit for a few days with her daughter, Mr. and Mrs. Leland LaDuke.

Kenneth Trainham visited last Monday with relatives and friends here. Kenneth has just returned from Germany where he spent two years in the Army. He will make his home in Holliday with his parents, Mr. and Mrs. Edd Trainham and Bobby.

Mr. and Mrs. Thurman Allen of Jacksboro and son, Theo of Louisiana, visited over the week end with Mr. and Mrs. Edd Allen.

Wesleyan Service Guild Members Meet On Monday

The regular meeting of members of the Wesleyan Service Guild was held last Monday evening at the First Methodist Church, with Miss Merle Dingus as hostess.

Program chairman was Mrs. J. T. Offutt, who gave an interesting talk on missions. Mrs. R. M. Almanrode gave a talk on Congo and Cuba, while Mrs. C. P. Baker showed a film on missions in Korea.

A short business meeting was held with the president, Miss Dingus, in charge. The meeting was closed with the Guild benediction.

Refreshments were served to 18 members, a visitor, Mrs. G. R. Elland, and one new member, Mrs. Rex Mauldin.

Capt. and Mrs. Harold Honeycutt of Abilene visited his mother, Mrs. Cecile Honeycutt, and other relatives here several days last week.

Mrs. Cecil Honeycutt and John visited Capt. and Mrs. Harold Honeycutt in Abilene last Monday and Tuesday.

Linda Bedford And Glenn D. Henson To Marry In July

WINTERS — Mr. and Mrs. B. B. Bedford are announcing the engagement and approaching marriage of their daughter, Linda, to Glenn D. Henson, son of Mr. and Mrs. H. D. Henson of Munday.

The wedding will be held in the First Baptist Church on Sunday, July 13, at 4:00 p. m.

Miss Bedford was graduated from Winters High School in 1956 and attended Mary Hardin Baylor College at Belton for one year.

Mr. Henson was graduated from Munday High School in 1953, and received his Bachelor of Science Degree in Petroleum Engineering from Texas Technological College at Lubbock in 1957. He is employed with the Halliburton Oil Well and Cementing Company at Winters.

Mr. and Mrs. B. L. Blacklock and Mrs. Leland Hannah were in Wichita Falls last Saturday to visit Mrs. Rose Jones in Bethania Hospital.

Mr. and Mrs. Waymon Pistole of Noodle visited friends here last Sunday.

Dorcas Class Meets Recently In Rogers Home

The Dorcas Sunday school class met in the home of Mrs. U. S. Rogers for a business and social meeting with Mrs. Gilstrap as hostess.

The devotional was given by Mrs. Bertha Fincannon. She read a portion of the 8th chapter of Romans with some discussion by the class members. She then called upon Mrs. J. O. Bowden to lead the opening prayer.

At the close Mrs. A. U. Hathaway led the prayer.

Delicious refreshments of cake and cream was served by the

FARM LAND PRICES HOLDING STEADY

The price of farm land in Texas and elsewhere is more than holding its own. Apparently, the business recession has not had an effect on land prices any more than the recent seven-year drought.

According to a recent nationwide survey, good farm land will continue to be a scarce commodity. During the 12-month survey period, only 31 of every 1,000 farms were voluntarily put up for sale. This compares with 57 ten years ago. As recently as 1952, more than 53 percent of all land sales were made by active farmers; now only 50 percent are.

There is a possibility that social security may result in some slight easing of the tight land supply situation, however. The acreage offered for sale by re-

tiring farmers is increasing. But competition to buy land is becoming stiffer. Bulk of the demand is by farmers wanting more acres for expansion. The survey showed roughly 40 percent of all farm real estate purchases were made by active farmers for farm enlargement. And this percentage is increasing.

Not just farmers are bidding furiously for farm land. More and more city folks are in the market, too. Thirty-six percent of buyers were non-farmers, up from 32 percent five years ago.

Other findings showed the average value of farm real estate increased 6 percent from the spring of 1957 through the spring of this year. And values in two regions of the country climbed substantially more — the southwest (up 10 percent, largely because of Florida) and the Northern plains states (up 9 percent).

Total values of all farm real estate in the U. S. is now figured at \$116 billion — up \$109 billion a year ago, \$74 billion 10 years ago, and \$35 billion 20 years ago. Want to know how to get a farm? An eight-page booklet is available telling how to find a farm, where to get advice, and how a farm can be financed. This may be old stuff to most farmers but is worthwhile reading for any would-be farmer.

To get a copy write: John C. White, Commissioner of Agriculture, Capitol Station, Austin, Texas.

accident? At such times it is hard to keep your wits about you and know just what to do. It is therefore a good idea to plan in advance just what you would do in event of a smash-up. Here are a few simple rules that every driver should commit to memory:

1. Stop! Failure to stop can result in serious criminal consequences.
2. Render Aid. If anyone is injured: (1) Render first aid. (2) Stop bleeding. (3) Call a doctor or an ambulance or both. (4) Do not move an injured person in any way that could possibly add to his injury.

3. Protect the Scene from Further Damage. You may be liable for damages to approaching drivers, unless they are properly warned. If the highway is obstructed at night, have someone turn his headlights on the wrecked vehicles.
4. Call an Officer, Policeman, Highway Patrolmen, Sheriffs and their deputies are trained accident investigators whose testimony may be invaluable in establishing your civil claim for damages.

5. Gather Information. . . . Write it Down. Don't trust your memory. Don't guess — be specific. Measure skid marks. Step off distances. Be sure to obtain names and addresses of witnesses. You are required by law to exhibit your driver's license to the other driver — and he must do the same.

6. Be Careful What You Say. Even if you feel you probably are to blame, it is best to make no admission. You may learn later that the other driver was equally at fault, or more so. Emotional comments can be misconstrued by others, or may be misquoted. Whatever you say, make it factual.

7. See Your Doctor if there is the slightest chance you may be injured. Serious injuries do not always result in immediate pain or bloodshed.
8. Consult Your Lawyer Immediately. The sooner your lawyer is brought into the matter, the better he can advise you and protect your rights. He can obtain statements from the witnesses while their memories are fresh, and do many other things to insure that the true facts are preserved. Get your lawyer's advice before giving any interviews or statements to investigators or adjusters for the other side.

9. Inform Your Insurance Company Promptly. Failure to do so

may void your policy.
10. Report the Accident to the Department of Public Safety. This is required by law if there is any injury, death, or total damages exceed \$25.00.

An official accident report form may be procured from the Police, Sheriff's Dept., Highway Patrol, or State Dept. of Public Safety.
(This column, prepared by the State Bar of Texas, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

INSTALL THE **All Electric** YEAR 'ROUND AIR CONDITIONER

Scientists have known for years that enough natural heat exists in outdoor air, even in the coldest weather, to heat every home in the world. If this heat could be extracted... concentrated... and brought indoors — what a solution to everyone's heating problem!

But that's just what a summer air conditioner does... in reverse. It extracts and concentrates indoor heat and moves it outdoors.

The All Electric Heat Pump Air Conditioner is an air conditioner that can reverse itself automatically to cool or heat as needed to maintain indoor comfort at an even level. An improved reverse-cycle valve, sensitive to indoor temperature changes of even a few degrees, switches from cooling to heating and back again automatically... to maintain the comfort level at which you set the thermostat.

COMPLETELY AUTOMATIC
The Electric Heat Pump is completely automatic. During changeable weather, even if it is within the hour, the Heat Pump will switch from heating to cooling and or back again as the temperature changes require.
You do not need to change the temperature dial, you just set the thermostat for the temperature you desire and forget it. The Electric Heat Pump is the ONLY completely automatic Air Conditioner.

SUMMER SEASON GETS CATTLE SALES TO NORMAL
FORT WORTH — The live-

stock business all across the United States swung into a normal marketing pattern for the first time this year, with the opening of the summer marketing season and the start of June.

In the previous five months of 1958 below normal numbers of cattle and calves have been sold, and this has resulted in some warnings from government statisticians. These experts feared the buildup in cattle numbers was being too rapid, and warned that the light selling was kiting prices which might later result in an unduly sharp downward adjust-

ment.

However, with the summer sun hastening the harvest all over the southern parts of the Great Plains, and field work advancing in the Cornbelt, cattle numbers at the markets soared to surpass the previous week and also the same interval a year earlier.

Cows were still in small numbers at all markets, however, yearling steers and feeder heifers were numerous in stocker cattle centers. Cornbelt markets reported movement of finished cattle was heavy, indicating the heaviest out-movement of fat steers and heifers of the season.

Prices wavered at all points, but downward adjustments were no more than a normal seasonal dip in prices, according to most observers at Fort Worth. The likelihood of serious price impairment was considered still remote.

Talk of "high" cattle prices found little agreement among Fort Worth marketmen, who pointed out that livestock prices have been just "catching up with" the rest of the economy following the low prices during the late drought.

TRADE MONDAY GENERALLY STEADY, STOCKERS NUMEROUS

About 65% of the cattle and calves at Fort Worth Monday were stockers and feeders, and all cattle and calves changed hands at prices in line with the previous week's close.

Good and choice fed steers and yearlings cashed at \$23 to \$27.50, with young cattle at the higher figures, and mature fed steers largely from \$26.25 downward. Medium to good butcher kinds sold from \$18 to \$22, and common sorts ranged down to \$15.

Fat cows cashed at \$16.50 to \$20.50, while canners and cutters drew \$12 to \$16.50. Bulls sold from \$15.50 to \$21.50.

Good and choice slaughter calves bulked at \$23 to \$27, with odd head to \$27.50. Common and medium butcher calves drew \$16.50 to \$22, and culls sold from \$13 to \$16.50.

Medium to good stocker steer

calves sold from \$22 to \$28, a few lightweights to \$30. Stocker steer yearlings of medium and good kinds sold from \$21 to \$26, and heifer calves sold from \$25 down, with heifer yearlings from \$22 downward. Medium and good stocker cows cashed at \$16.50 to \$19.50.

SHEEP, LAMBS FIRM, BUT HOT WEATHER HURTS QUALITY

The recent high temperatures which have turned much of the sheep country pastures brown is taking its toll of the bloom in the present crop of sheep and lambs. This development has been quite noticeable in the quality of the offerings in the several days at Fort Worth.

On Monday the trade was active and prices strong, compared to the previous week's close.

Good and choice slaughter spring lambs cashed at \$21 to \$22.50, and cull to medium springers sold from \$12 to \$20. Stocker and feeder spring lambs cashed at \$18 to \$20. Good and choice old crop lambs sold from \$17 to \$17.50, and some heavies sold around \$16. Cull to medium yearlings sold from \$12 to \$16. Yearling ewes drew \$17 to \$19.

Aged wethers were reported from \$12.50 downward, and two-year-old wethers sold from \$14

downward. Slaughter ewes cashed at \$6.50 to \$7.50. Aged bucks drew \$6 to \$6.50. A few solid mouthed ewes sold at \$13 to \$14, with broken mouths on down to \$8 to \$9.

Canner goats sold around \$6.50 to \$7, and some stocker goats went back to pasture at \$9.

HOGS OPEN STRONG TO 50c HIGHER, TOP \$23.00

The hog market at Fort Worth Monday was strong to 50 cents higher as choice hogs topped at \$22.75 and \$23, medium to good butchers sold from \$20 to \$22. A few feeder pigs sold around \$21. Sows drew \$18 to \$20.

FFA & 4-H YOUTHS STUDY MARKET AND INDUSTRY

Many of the visitors to the Fort Worth Livestock Market are Future Farmer Chapters, or 4-H Club groups, who study the market and packing plants and also get a chance to study various big industries in the area.

Huge grain and feed mills, big packing plants, the Ford or General Motors assembly plants, the giant toll road between Fort Worth and Dallas, Carswell Air Force Base, Bell and Conair airplane and helicopter plants, steel works, etc., all furnish the young people chance to see American business at its best.

A group here Monday was the

FFA Chapter from Buffalo, Texas, with Vocational Ag Instructor H. R. Teddlie. These boys toured the market, a packing house, then took the Turnpike toll road to Dallas to tour the Ford plant.

Clyde Warren is a patient in the Baylor Hospital in Seymour this week.

Mr. and Mrs. Oscar Cypert and Cathy were visitors in Wichita Falls last Monday.

Susie and Richard Whitworth, Jr., of Tulsa, Okla., are here for an extended visit with their grandparents, Mr. and Mrs. D. E. Whitworth.

CARD OF THANKS

We wish to thank our neighbors and friends for their thoughtfulness in our recent loss by fire. Your help held our loss to a minimum. Again, we say thanks.

BENJAMIN NEWS

Nolen Parker of Dell City spent the week end with his parents, Mr. and Mrs. L. A. Parker. Mrs. Hedrick visited Mr. and Mrs. Freddie Hedrick and son in Munday one night last week.

Mr. and Mrs. Ray Skidmore and daughters, Sharon and Billie, visited his parents and other relatives in Grapeland over the week end.

Mr. and Mrs. Douglas Benham and children, Marsella and Von, of Chillicothe spent one day last week with Mr. and Mrs. Leo Benham.

Mr. and Mrs. Von R. Terry were business visitors in Seymour last Saturday.

Bobbie Idol visited Miss Beckie Brown in Temple last week. Beckie's father, Mat Brown, is seriously ill there.

Barbara Kilgore is visiting Marcella Benham in Chillicothe this week.

Visiting in the home of Mr. and Mrs. Pete Barnett are Mr. and Mrs. Howard Barnett and family. Mr. and Mrs. Willie Holloway and family, all of Baytown. They have been on vacation. Mrs. W. A.

Barnett returned home after spending several weeks in Baytown.

Miss Willazell Kilgore is visiting Miss Nanelle Roberts in Gortee this week.

Mr. and Mrs. W. T. Ward of Pueblo, Colo., visited Mrs. J. W. Melton and other relatives and friends here last week.

Mrs. Walter Buck Meinzer and children of Knox City visited Mrs. Myrtle Meinzer last Sunday.

Mrs. Mary Foster and daughter, Bobbie Jane, of Lubbock visited Mr. and Mrs. A. Golden last Sunday. They also visited her father, who has been ill in Crowell.

Mr. and Mrs. Lee Snailum and Mr. and Mrs. Charles Snailum and daughter accompanied Mrs. Snailum's mother, Mrs. Ollie Turner, to her home in Weatherford last week.

Mrs. Charles Snailum accompanied Charles to Dallas and he took a plane from there Monday for Brazil and Chile to be employed with a drilling exploration company.

Mrs. Mattie E. Taylor and Bobbie Hudson of Seymour spent Sunday with Mr. and Mrs. Grady Hudson.

Miss Judy Shipman of Seymour is visiting Miss Barbara Waldron this week.

Mr. and Mrs. W. H. Herndon of Knox City visited Mrs. Bertie Littlepage last Sunday.

Mr. and Mrs. Harold Sipes and children of Galena Park, near Houston, visited his grandmother, Mrs. Hedrick, last Monday.

Mr. and Mrs. Jerry Snailum of O'Brien visited his parents, Mr. and Mrs. Lee Snailum, over the week end.

Miss Doris Jennings left last week for Dallas, enroute to Paris Island, S. C., for basic training in the Women's Marine Corps. She was formerly employed in the tax assessor's and collector's office here.

Everybody has heard of "salted" mines, which means of course that a mine was made to appear much richer than it was. One way to do this was to expose a formation, then fire a shotgun

at it — the firer of said shotgun first having loaded the weapon with bits of gold. Doubtless there were other ways.

Perhaps not so well known is the fact that an oil well can be salted, too. It is related that a promoter late one night climbed to the top of a derrick of a well that he was drilling. He was all alone, having given the crew the night off. He did not climb to the top of the rig to scan the horizon for wandering bands of redskins nor was he seeking privacy for meditation. He had with him a bucket and he poured the contents on the derrick. He repeated this, over and over, until the derrick was black and glistening with oil — for oil was what the bucket had contained.

Next morning, he had a picture made and he sent it out to the stockholders as proof that he had drilled a gusher and please rush the special assessment of one dollar per share so he could provide steel storage until the pipeline was extended to the well.

"She came in during the night; made a big flow," he explained to the crew.

If they thought it slightly odd that the inside of the derrick was not oil-stained, they made no comment. And of course the under side of the structure did not show in the photograph.

The stockholders hastened to send in the special assessment.

Funny thing, though! The promoter drilled deeper — and actually did get a gusher.

One of the greatest orators this country has ever known was Robert G. Ingersoll. He was an agnostic and he gave a lecture, "Mistakes of Moses" to large crowds.

On one occasion, an editor announced that when Ingersoll spoke in that city, he would answer the orator in the next day's paper. The editor took a seat on the platform, a pad of paper in readiness on his knee and his pencil poised. Ingersoll began speaking. An hour later when the lecture ended, the editor's pencil and pad were lying on the floor — he had not made a single note.

LOCALS

Dave Kline of Grants, N. M., was a week end guest of Dickey Morrow. He was enroute to Austin to attend summer school at Texas University.

Mrs. Etta Webb received word last Friday that her son-in-law,

Jack James, of Santa Barbara, Calif., had died suddenly of a heart attack. Funeral services were held Tuesday morning at Santa Barbara. Mrs. James is the former Hazel Webb.

Mrs. Leon Reagan of Spur spent the week end with her mother, Mrs. Etta Webb.

Mrs. C. H. Ross of Jacksonville visited her brother and wife, Mr. and Mrs. M. A. Masters, several days last week.

Mr. and Mrs. Reed Gilliland and Nancy of Fort Worth spent Monday night with his aunt, Mrs. J. O. Tynes. They were enroute to points in New Mexico and Colorado on their vacation.

Mr. and Mrs. Don Yandell and daughter, Kim, of Graham visited their parents, Mr. and Mrs. H. C. Yandell and Mrs. Bess Guinn, over the week end. Miss Patsy Guinn, who spent last week in Graham, returned home with them.

Mr. and Mrs. V. M. Lee of Denison are spending their vacation this week with her mother, Mrs. S. E. Robertson, and other relatives.

Capt. and Mrs. Jack Thomas of Miami, Fla., and Mrs. Tom Burns of New Orleans, La., visited in the home of their brother, Mr. and Mrs. Zane Franklin, last week. They also visited relatives in Rule.

Mrs. Stanley Wardlaw is visiting Mr. and Mrs. Dorse Wardlaw and children in Fort Worth this week.

Miss Patti Patterson and Miss Shirley Duncan are visiting in the home of Miss Patterson's aunt and uncle, Mr. and Mrs. C. H. Howell, in Plainview this week.

Mr. and Mrs. Riley Bell, Glenda and Vicky, were in Abilene last Friday and Saturday for Vicky to receive her polio check-up.

Knox Prairie Philosopher Amazed To Find Senatoring Is Like Farming, You Just Spend More Than You Take In

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek probably is confused this week, but it's not the first time.

Dear editor:
According to an article I read yesterday afternoon while I was sitting under a tree out here on my farm — I could have said while I was resting under a tree but I have never felt that a man had to be tired before he could sit down in the shade of a tree in the summer time and I sat down under this tree because I wanted to — the high cost of campaigning for office has become a serious problem and the two major political parties are trying to do something about it.

As I understand it, it sometimes costs more to run for an office than the job pays. One U. S. Senator said it costs between \$150,000 and \$200,000 to run for that office, while the job only pays \$135,000 for a full six-year term.

You mean to say Senatoring is no better job than farming? I can understand how a farmer would spend more making a crop than he gets, it happens all the time, but I always figured a Senator was smarter.

However, what interests me about the thing is that the two parties are going to do something about it. A drive is now underway to get individuals all over the country to contribute more money. Doesn't make any difference which party you give it to, give it to the one of your choice, but give something, and the money will be taken and distributed around to cut down on the high cost of campaigning. This way a candidate will be obligated to a lot of people instead of a few.

I think we ought to get behind this program. It'll keep politicians interested in their jobs. Anybody can see if a man has to pay more for his job than his job pays, it won't be long until he gives it up and tries something else, and how could the

Mrs. Leslie Tremmier of Hale Center and Mrs. Emmett Cross of Muleshoe visited their sister, Mrs. Clarise Mitchell, and Annette, last Thursday night. Ardeth Tremmier, who spent last week here, returned home with them.
Mr. and Mrs. M. H. Collier and son, Jerry, Chelsea, Okla., visited Mr. and Mrs. Cecil Voss last Sunday night and Monday enroute to Abilene to visit her mother.

**Best timesaver ever—
the long
distance call**
—it's quicker, easier—and
means so much more than writing

How many times have you told yourself that you really should sit down and write a letter to your family? And by the time you actually do, days have gone by!

A long distance phone call is easier than writing. It's quicker than writing. And it means so much more than writing.

Best of all, long distance calls cost a lot less than you think. Why not put in your call tonight.

CONVERTING MORE PEOPLE TO CHEVY!

This superbly fashioned Impala Convertible is making new friends for CHEVROLET faster than you can say TURBO-THRUST V8. Here's the car that puts you in a top-down, fun-hearted, go-places mood!*

Once you've been infected by the fun of driving this Impala Convertible, no other car can take its place. Whisking along with the top down holds that same extra something as cooking in the open, dancing under the stars or just relaxing in a lawn chair—with only a cloud or two and the sweet smell of summer between you and the sky.

It's not simply that this car is a convertible—for it is much more than that. Your dealer's waiting now with the facts on the new Turbo-Thrust V8, the Safety-Girdler frame and all the other features that mean more summer fun in a Chevy.

The only all-new car
CHEVROLET
in the low-price field.

*Optional at extra cost
