

Kracker Krumb's

Odd Bits Salvaged
By The Editor

"The weather today is good only for polar bears," came the voice of a commentator over the radio at noon Monday.

k-k

But it was also good for quite a number of school kids, too. The report came that 24 schools over the state were closed because of the weather. And with no school and the weather too bad to play outside, it was a trying day on others.

k-k

Guess the snow helped the wheat crops along. Some said the heavy dews of last week were a help. The Agricultural Extension Service issued a statement Saturday that "Texas is much too dry for the good of agriculture. Growth of small grain, winter grasses and weeds for grazing is at a standstill in every section except near the Gulf Coast," so the snow came along to help things along.

k-k

It takes a lot of snow to make much moisture, though. Reports from Wichita Falls were that two inches of snow there amounted to .11 of an inch of moisture. We should our snow crowded two inches, too.

k-k

"Unless you just have to go, it's a good day to stay inside," said somebody connected with the highway department Monday, too. Even if you felt like you had to go — like we did — it still would have been a good day to stay inside.

k-k

Following the doctor's orders to stay inside this week wasn't much of a chore for J. C. Borden early in the week, but it'll likely become more so before the week's up.

k-k

That stay in the hospital ended for Chas. last Saturday, when he was brought home. After getting up a spell Sunday, he said he understood why his doctor said remain at home for a week. He discovered that three weeks' stay in the hospital kinda makes one weak.

k-k

Anyway, we're glad old Borden is home and are looking forward to the time soon when he'll be sitting on the business side of his desk.

k-k

Next week, the United Fund drive for funds will get under way. Newly organized, the United Fund is designed to take care of the several local and national drives started each year, combining them all into one. We like it that way.

k-k

As stated by Travis Lee, who was given the job of perfecting the organization, we have a number of drives each year for various worthy causes. The same people are called upon many times to head the drives or do voluntary work in soliciting funds. They are getting overworked, and tired, and dread to call upon individuals for contributions. Under the United Fund, most of these drives can be taken care of in only one drive — just one week. It is hoped those who have been making contributions to the various drives will "see the light" and do it all at once.

k-k

It will be "later planting time in Knox County, come next week. Some three or four car-loads of seed spuds have arrived, and farmers are getting ready to start putting them in the ground. We hope both the harvest and price will be good when harvest time arrives in early summer.

Safety Program To Be Sponsored By P-TA At Goree

The Goree Parent-Teacher Association will meet at 7 p. m. Monday, February 9, in the school cafeteria.

Richard Long of Wichita Falls will be in charge of the program on "Safety" which will include the showing of a film. Mr. Long is in the insurance business.

Entertainment will be furnished by the first, second and third grades, under the direction of Mrs. H. D. Arnold, Mrs. Garland Thiebaud, and Mrs. James Carver. Refreshments will be served during the social period.

Mr. and Mrs. Wayne Smith of Irving spent the week end with their parents, Mr. and Mrs. Joe Massey and Mr. and Mrs. A. L. Smith.

Crowell Teams Defeat Munday

Crowell bounced Munday into the losers bracket in their first district game here Friday night by a 57 to 40 score.

Gary Carpenter scored 19 to become high point man of the game for Crowell. He was followed by Roger Bell who had nine for Munday.

Crowell won another in the girls game by a 60 to 42 margin with Audrey Trammel and Nevia Morgan sharing high honors for the Munday team with 17 points each. Pat Prosser scored half of her team's total points with 30.

In the "B" game Crowell made it three in a row with a 65 to 43 score. Wes Cummings hit for 19 to be high man of the game for Crowell and Bobby Partridge dropped in 14 to lead Munday.

Knox County Hospital Notes

Patients in hospital February 2, 1959:

Mrs. D. E. Wells, Knox City; Hugh Eubanks, Truscott; C. W. Pack, Knox City; Ida Hertel, Benjamin; Thelma Williams, Munday; Lorenzo Jackson, Knox City; Tom P. Robinson, Knox City; Sam Warren, Munday; June Ann Gough, Knox City; Mrs. S. L. Favor, Knox City; Mrs. John May, Knox City; Josephine Reynolds, Knox City; Mrs. Sam Warren, Munday; Joe Landau Ybarra, Munday; C. C. Anderson, O'Brien; Lola Figueroa, O'Brien; Mrs. Clarence Thompson, Knox City; Mrs. R. Kilcrease, Benjamin; Mrs. John Robinson, Knox City.

Dismissed since January 26: E. H. Harrison, Munday; Mrs. Arnold Brown, Knox City; Mrs. Jewell Day, Knox City; E. H. Wheeler, Knox City; Robert Rhodes, Knox City; A. E. Propp, Knox City; Mrs. J. R. Hanks, Goree; Gerald Dee Gough, Knox City; Mrs. Willis Paek, Knox City; Betty Ray, O'Brien; Elton Williams, Knox City; Altae Williams, Knox City; Alejo Losoya, O'Brien; Delpha Wilson, Knox City; Guy McLaine, Jr., O'Brien; Melissa McCauley, Munday; Mrs. G. R. Haynie, Munday; Patricia Maldonado, Knox City; Karen Crawford, Munday; Frank Scott, Munday; Leslie Joe Morris, O'Brien; J. Mortin Maldonado, Knox City; Stewart Waddell, Knox City; Mrs. V. G. Crawford, Munday; Mrs. Henry G. Jones, Knox City; Mrs. Chas. Moorhouse, Munday; Harry Hickman, Knox City; Willis Paek, Knox City; Mrs. Jean Shwadenak, Knox City; Mrs. Arthur Chaney, Munday; James Williams, Munday; Luz Lasaya, O'Brien; Shirley Nell Williams, Munday; Billy Groves, Knox City; Andy Garcia, Munday; Stewart Harris, Knox City; W. M. Hertel, Benjamin; Mrs. Vern Stubbs, Knox City; Mrs. George F. Hagle, Goree.

Births January 26-February 2: Mr. and Mrs. John Robinson, Knox City, a boy; Mr. and Mrs. Henry Jones, Knox City, a girl; Mr. and Mrs. J. Maldonado, Knox City, a boy; Mr. and Mrs. G. R. Haynie, Munday, a boy.

New Auto Supply Store Opens Here

Chas. W. Smith of Haskell this week announced the opening of Smith Auto Supply in Munday with a complete stock of automotive parts and accessories.

Mr. Smith is experienced in the automotive business, having been associated with his father in Smith's Auto Supply in Haskell for a number of years.

He invites the public to visit his store and see the stock of parts and accessories he has on hand for their convenience.

Oil Activities

Three new wildcat locations have been announced for Knox County. They are:

Fletcher Oil and Gas Drilling Corp. of Dallas No. 1 Ida Wilson, three miles northwest of Knox City, to 5100 feet.

Alvin C. Hope of San Antonio No. 1 B. C. Anderson, two miles west of Knox City, to 5000 feet.

Duffield Oil Co. of Abilene No. 1 Maggie Smith, 3 1/2 miles northwest of Knox City, to 2400 feet.

Bill Hulse attended a Music Meet at Midwestern University in Wichita Falls last Saturday.

TEXAS PUBLIC SCHOOLS WEEK has been proclaimed by Governor Price Daniel for March 2-7. Receiving the proclamation for the ninth annual statewide observance is John McKee of Dallas (right) who has served as state chairman of the Texas Citizens' Committee for Public Schools Week since the week was inaugurated in 1950. Parents and other citizens are urged to visit their local schools during the week.

Vegetable Growers Name New Officers, Plan Planting of Potatoes Next Week

New officers of the Munday Vegetable Growers Co-operative were elected at a recent meeting held at the American Legion Hall in Munday. At the same time, members voted to hold their annual meeting on the last Monday in January in the future.

Gene Thompson, who served as president last year, was re-elected for another year. Other officers are: Alvin Reid, vice president, and William Brown, re-elected secretary.

United Fund's Drive To Begin Here On Monday

The United Fund of Munday, recently organized by Travis Lee as a special representative of the Munday Chamber of Commerce, will open its drive for funds next Monday. United Fund was formed for the purpose of cutting down on the numerous drives for funds made locally.

As many local and national organizations as possible will be included in this one drive. Since formation of the United Fund came a little late — just as some of the national drives are under way — it was thought best to hold the fund drive as early as possible in order to take care of those now under way. Included in this present drive will be the following, for which separate drives have been held in the past:

Red Cross, Heart Fund, Library Fund, Boy Scouts, Blue Birds, Cancer Fund, and possibly others.

When contacted by local workers, you will be furnished a card on which you may subscribe the amount you wish to give and the manner in which you wish to pay.

When the drive is completed, a special United Fund committee will allot the funds to the several organizations to be benefitted by the drive.

"We have been faced with one drive after another in the past," those in charge said, "and many volunteer workers had had a part in several of the drives. We feel that this is an imposition on those who are able and willing to devote time to these worthy causes, and under United Fund we hope to make this one drive take care of them all.

Various chairmen for United Fund were named last week. They are: Mrs. John Peysen, drive chairman; Travis Lee, budget; and Harold Paden, publicity. The board of directors is composed of the following:

Charles Baker, Goodson Sellers, Charles McCauley, Rev. G. N. Allison, Charles Hogsett, Harold Paden and Mmes. O. O. Putnam, Hugh Beatty and John Peysen.

John Deere Day Set February 12

"This year's program will include the greatest variety of entertainment we have ever shown," said Tommy Harper of Quality Implement Co. this week in announcing his annual John Deere Day.

This event will take place on Thursday night, February 12, in the showrooms of Quality Implement Co.

"We will have a great new Gordon Family film," Harper said, "a magic act, a movie visit to the John Deere Harvester plant, 'Oddities in Farming' and many other interesting features for those who attend."

Free coffee and doughnuts will be served, and all farm families and others interested are cordially invited to attend.

He that resolves upon a great and good end, has, by that very resolution, scaled the chief barrier to it. — Tyrone Edwards

Cotton Program For 1959 Will Be Discussed In Meeting Here Feb. 12th

Mr. Gaylon Scott, Chairman of Knox ASC County Committee, today announced that a county-wide meeting of all cotton producers will be held in Munday on February 12, (Thursday night) at 7:30 p. m. The meeting will be held in the Elementary School Auditorium. Every person interested in the 1959 cotton program is cordially invited.

RECEIVES DEGREE

Richard Alan Shropshire of Munday was among the 163 seniors in the University of Texas college of business administration who received their bachelor of business administration degrees at the close of the semester on January 31. He is the son of Mr. and Mrs. L. H. Shropshire.

1959. Other programs will be discussed on a question and answer basis.

Jesse T. Gilpin, County Office Manager of the Knox ASC County Office, will be in charge of this meeting. He will be assisted by R. C. Couch, Jr., the County Committee composed of myself (Scott), August Schumacher from Rhineland and T. J. Partridge from Sunset. In addition, B. P. Davenport, Jr., of Stamford, who is a member of the Texas ASC State Committee will be present.

The Munday Chamber of Commerce, headed by Hugh Beatty as President, will sponsor this all important meeting February 12, 1959. Donald Hobart, Chairman of the Agriculture Committee, said it was of most importance to the producers of Knox County to attend this meeting. Cotton is the basis of our economy and it is only natural we should be interested in maintaining this economy.

Mr. Beatty urges each and everyone who is vitally interested to attend this meeting. He stated that refreshments would be served following the cotton discussion.

FUTURE CITIZENS—Pictured above are, top row, left to right, Ricky Lynn, son of Mr. and Mrs. W. C. Nance; Randy and Suzan, children of Mr. and Mrs. John Brown, and Kelly Wade, son of Mr. and Mrs. Kenneth Stubblefield. Bottom row: Debra Darlyn, Ronald Wayne and Ricky Lee, children of Mr. and Mrs. Alton Patterson; last photo not identified.

Stepped-Up Bond Sales Program Planned For '59

Increased activities will be carried on in this and the other counties of Texas for the 1959 stepped-up U. S. Savings Bonds program. W. E. Braly of Munday, County Chairman of the volunteer bond organization announced today.

Steps for the expanded program were detailed at a District Planning meeting in Wichita Falls. Mr. Braly said, at which the increased importance of Savings Bonds to the sound economy of every person, each community and the nation was emphasized. County bond chairmen, civic and agricultural leaders, bank officers, newspaper editors, radio station officials and others from the counties in this district were called to the meeting.

Mr. Berl Godfrey of Fort Worth, Chairman for the Fort Worth Area Savings Bonds committee, was the principal speaker at the District Savings Bond meeting in Wichita Falls, January 29.

More volunteers are being enlisted to push the program throughout the year in every community. Everything will be done to make the county goal of \$242,000 and thus help achieve the 1959 Texas goal of \$182.5 million. The national goal is \$5 billion.

The chairman urges that everyone in the county help put the 1959 Savings Bonds program over the top by buying more bonds throughout the year.

Junior Class To Present Comedy

The junior class of Munday High School will present the three-act comedy, "Who Wouldn't Be Crazy," on Monday night, February 9, at the school auditorium. Curtain time is 8 p. m.

This play is a wonderful farce with two delightful romances and loads of laughs — a show that will be marvelous entertainment.

Admission is fifty cents for reserved seats, and general admission of 35 cents for students and 40 cents for adults. Evelyn Tomlinson and Jimmie Del Peysen are in charge of reserved seat tickets.

The play cast includes the following: Johnny Pruitt, Sandra Harper, Shirley Howry, Billy Fitzgerald, Jerrilynn Kane, John Massey, Jimmie Lee, Joanna Partridge, Linda Guinn, Nancy Coward, Linda Kay Smith, Roger Bell, Carroll Odell, Eddie Martine, Mary Ann Reneau and Jackie Matthews.

Ornaments are a favorite victim of cotton rot and the disease troubled many Texas homeowners last year. Now is the time to begin planning a control program to combat the disease and reduce damage this year, advises Harlan Smith, extension plant pathologist. For more advice he suggests getting a copy of L-390, "Cotton Rot Rot," from local county agents.

Less Grasshopper Damage Is Expected During The Summer

Grasshoppers are likely to be more widespread in the west and midwest this summer but are expected to be less destructive than in 1958.

A USDA-State survey made last fall showed almost 23 million acres with enough grasshoppers to damage crops and grass. The effective chemical treatment of 5 million infested acres last summer not only saved crops and grass but is now paying dividends in fewer grasshoppers.

The total acreage infested in Texas is placed at 3,460,000, according to Texas Agricultural Extension Service entomologists. The heaviest infestations were found in the two northern tiers of counties in the Panhandle and those along the Oklahoma line on the eastern side of the area.

In the South Plains area only spotted infestations were found by the surveyors. The infestation in the north central area was listed as light and these counties primarily are those located adjacent to and including the Red River Valley from Childress eastward to Grayson. Other light infestations were noted in McLennan, Coryell and Lampasas counties in central Texas and in the river bottomlands of Johnson, Ellis and Navarro counties.

The entomologists point out that weather conditions between now and hatching time will have a strong bearing on the number of "hoppers" which emerge from egg beds found during the survey last fall. Cool, wet weather with heavy rains during the spring hatching season could greatly reduce the "hopper" population, say the entomologists. Predators and grasshopper parasites could also have a pronounced effect on the infestations, they add.

A check will be made next spring during the hatching season to determine the areas where control measures may be needed. Farmers and ranchers in the areas where infestations could cause trouble are advised to keep a close watch on the egg beds during the hatching season.

FOR WEIGHT-WATCHERS

Buttermilk contains all of the health-promoting properties of fresh whole milk, points out Dr. George Shadwick, Meadow Gold Dairy scientist. Only the fats have been removed.

Mrs. Laura Swilling of Fleetwood, Okla., spent the week end with her sister and husband, Mr. and Mrs. Jeff Mitchell.

Deadline For Auto Inspection Set For April 15

The Motor Vehicle Inspection Service of The Texas Department of Public Safety issued a reminder today that registered motor vehicles in Texas must be inspected prior to April 15. This announcement by Captain Alan Johnson stated that only 19% of the vehicles in Region 5 have been inspected. Region 5 consists of 60 West and Northwest Counties.

"Many vehicles are operating on the highways with defective equipment, including a large number with only one headlamp," said Johnson. "These defects make a vehicle hazardous," in addition to being in violation of the law." He further pointed out that vehicles should be inspected early in an effort to avoid a last minute rush.

A check revealed that there are some 428,000 registered vehicles in this region. Following the April 15 deadline, Johnson advised that drivers will be subjected to a fine of \$1.00 to \$200.00 if they operate a motor vehicle without a valid inspection sticker attached.

Captain Johnson also advised that all licensed trailers having a gross weight exceeding 4,000 pounds, are required by law to be inspected.

Applications For Employment Being Received Locally

The local office of The Texas Employment Commission, located in city hall, is taking applications for employment and now has several farm workers available for full-time or temporary employment.

This office was established as part of the Wichita Falls local office, says Ben T. Fowler, office manager, to render a better farm placement service to employers and workers of the Baylor, Haskell, Knox, and Throckmorton County area. Charles A. Dunnam of Weinert is farm placement interviewer in charge. Local farmers and ranchers are urged to list their needs for either permanent or temporary farm workers either in person or by telephone.

No charge is made to either the employer or the worker for this service.

Mrs. George Conwell left last Sunday for Fort Worth to make her future home. Mr. Conwell has been employed in Fort Worth for several months.

HORN-TOOTING NEEDED

High school and college students are greatly underestimating the career opportunities which exist on the reporting and editing staffs of the nation's newspapers.

That is one major conclusion in a study sponsored by Dow Jones & Company, and made by Alvin E. Austin, head of North Dakota University's journalism department. And the study blames newspapers themselves for a widespread failure to inform young people of the opportunities that exist. As a consequence, over 67 percent of the newspapers surveyed regard shortage of manpower as a leading problem.

Newspaper pay has been rising, the report goes on. In addition, the work offers other rewards: Excitement, integrity, prestige, a way of life.

It looks as if this country's newspapers need to do a little more horn-tooting so far as career opportunity is concerned. And there is a big question of public interest involved too. As the report says: "Newspapers always have needed the best minds available to perform their vital task of keeping the public informed. Never has this been truer than now, a time of scientific, social and economic breakthroughs."

SIERRA MADRE, CALIFORNIA, NEWS: "Many persons in our society would like to reserve the protection of the Bill of Rights only for themselves and for those with whom they agree. But the Bill of Rights was adopted to guard us all—the gambler, the hoodlum, the political misfit and the ordinary citizen—from the overwhelming power of the state."

CARLSBAD, NEW MEXICO, CURRENT-ARGUS: "Reports are that some 168,000 Americans have offered to place their entire acreage into long term idleness under the new 1959 soil bank program"

"Restoration of worn out soil is one thing. Overproduction of a given commodity or commodities is another. But there's a principle involved in the soil bank problem that is alien to both premises and somewhat alien to the concepts of the originators of this country."

Five years ago, foreign car sales amounted to about six-tenths of one per cent of the U. S. market. The 1958 figure was about 8 per cent.

AWAKENING NEW FRONTIERS

The 1959 road of modern medical research will continue to lead to more and greater benefits for all mankind.

That, in general terms, is the consensus of member physicians of the Council on Scientific Assembly of the American Medical Association. They "foresee a veritable fairland of achievement in laboratories, clinics, hospitals, and medical research centers throughout the country."

Specifically, these medical leaders anticipate steady progress in dealing with cancer, arthritis, diabetes, and other plagues. New knowledge will be gained of diabetics. Research in the field of surgical techniques holds out high promise. And the clouds that surround mental illness are being dissipated.

As one of the doctors said: ". . . we must remember that as we pass one medical milestone after another, man is being led through a longer path of life into old age. With it, he is plagued with the degenerative diseases of the joints, vascular system, and brain, consigning him to disability, pain, and dependency. Thus, we can say medical science is forever awakening new frontiers to conquer. Piece by piece all of these problems will be solved and the knowledge passed on to everyone."

Thus are the killers and the disablers being subdued.

GOOD ANSWER

It appears that the 40 billion dollar Federal Highway Program is running into major financial problems, and that huge deficits in the fund are impending. And it has been suggested that the cure should be a further increase in the Federal gasoline tax, which is now three cents a gallon and is imposed on top of the heavy state taxes.

The president of the American Petroleum Institute has made an effective answer to this scheme. It is this: If all the Federal taxes collected in special levies on highway users were earmarked for the highways, there'd be no deficit.

Here's the story. In the last fiscal year, these levies produced \$3.6 billion of Federal revenue. But only \$2.1 billion went into the highway trust fund. The rest—a smashing \$1.5 billion—was diverted to other purposes.

So, as the Institute spokesman said, there is no need to increase "the already exorbitant burden on motorists."

SOME FACTS ABOUT DOG FEEDING

There is one dog for every seven people in the United States, and, because the companionship of men and dogs is one of the oldest and respected of human traditions, our dog population is steadily increasing.

Because of the concern of people for the care and well-being of their dogs, increasing consideration is being given to the problems of dog feeding and nutrition.

The majority of dogs today are primarily maintained by commercial dog feeds, and manufacturers of dog feeds try to incorporate an excess of all essential nutrients needed by a dog. Man has a simple means of detecting the adequacy of such a diet by the outward health of his dog, but he would perhaps do well to know more of the actual facts concerned with dog feeding.

There are several basic factors which should be of primary concern to the nutritional well-being of the dog. In puppies, the most important such factor is nutritional deficiency caused by in-

testinal parasites such as round worms or ascariids which may appear when the puppies are two to three weeks old. Preventive treatment is often given pups at this time, and attempts at worm elimination are being made through drugs introduced into the diet of the lactating bitch.

Another sign for need of dietary adjustment in dogs is diarrhea, which may be brought about by any of several causes. In puppies, overeating may bring about diarrhea, just as too much milk in the diet may cause it.

In the former case, restricted feeding three or four times daily will usually eliminate diarrhea. The usual and most reliable guard against diarrhea and constipation in dogs is self-contained in the best commercial dog feeds. This is tomato pumace, the dried residue that remains after squeezing the juice from tomatoes. This product has the power of regulating dogs so that they suffer from neither constipation nor diarrhea, although no one knows precisely the ingredient responsible for this beneficial action.

Among other important elements in the dog's diet are: Bone meal. The ability of the dog to use the proteins of bones has been long known. The protein of raw bones is much better utilized than that of dried or heated bones, so that any dog diet might well be supplemented with occasional bones.

Fats. The dog utilizes more than ninety per cent of the fats such as tallow. In using fat in the dry feeds given dogs, manufacturers are very conservative and seldom bring the fat level above ten per cent. This seems

wise because the table scraps given many dogs in homes are usually rich in fat. If no such table fats are provided, supplemental provisions of lard (not shortening or margarine) can be well utilized.

Although there is still much to be determined on the nutritional requirements of the canine, it is generally true that commercially-prepared diets for dogs are in better balance than most diets enjoyed by man, probably because man does want to "enjoy" his diet just as much as he wants his dog to be healthy.

LOCALS

Mr. and Mrs. Troy McKnight and children visited relatives in Winters over the week end.

Mr. and Mrs. O. H. Spann, Jr., and daughters of Sweetwater visited their parents, Mr. and Mrs. Jack Clowdis and Mr. and Mrs. Oscar Spann, over the week end.

Mr. and Mrs. George Spann of Lubbock spent the week end with their parents, Mr. and Mrs. Chester Linn and Mr. and Mrs. Oscar Spann.

Mr. and Mrs. Leland Hannah visited their daughter and family, Mr. and Mrs. Jim Choat and daughter, in Dallas from Wednesday until Sunday.

Mrs. Ralph Watkins and children of Wichita Falls were Sunday guests of her parents, Mr. and Mrs. W. E. Reynolds.

Bob Cude left last Sunday for Stephenville, where he is attending Tarleton State College, after spending the mid-term semester holidays with his parents, Mr. and Mrs. Elmer Cude.

Dicky Morrow left last Sunday for Austin to resume his studies at the University of Texas after spending the mid-term semester holidays with his parents, Mr. and Mrs. R. T. Morrow.

Mrs. Terry Harrison returned home last Monday after spending several days in Houston with Mr. and Mrs. Kenneth Harrison and daughter and Terry Don Harrison.

GOES AND GOES AND GOES ON A GALLON!

Biscayne 4-Door Sedan shows the Fisher Body beauty of Chevrolet's lowest priced series for '59.

CHEVY'S NEW HI-THRIFT 6

More miles are back in a gallon of regular-grade gas—up to 10% more—and Chevy's new Hi-Thrift 6 engine puts them there. It also gives you more "git" in the speeds you drive the most.

Here's an engine that always seems able to coax extra miles out of a tank of regular-grade gas. In fact, if you're one of those drivers who keep tab on things like gas mileage, you'll soon see for yourself that this new Hi-Thrift 6 gets up to 10% more miles a gallon.

Another thing you'll like about this 135-h.p. 6 is the

extra pep it gives you for passing and climbing hills. This is due to higher torque at normal speeds.

It may be hard to believe anything that looks and moves like this '59 Chevy can be such a stickler for economy. But—whether you pick the Hi-Thrift 6 or a vim-packed V8—this is just one more reason Chevy's the car that's wanted for all its worth. Stop by your dealer's and see. *The smart switch is to the '59 Chevy!*

now—see the wider selection of models at your local authorized Chevrolet dealer's!

Driver Education Is Modern Science For Keeping Alive

By J. O. MUSICK
General Manager
Texas Safety Association

What is Driver Education? Does it really have a place in the Texas' high school curricula? The strongest arguments used against adopting state supported DE courses for public schools are: such courses waste student and teacher time, because they

are, in actuality, frill or snap courses whereby the lazy student can pick up an easy grade; they are too expensive; parents, or other older members of the family can and should fill this gap in a young person's training. Are these arguments valid? Numerous persons and groups of persons think they are not. The proponents of DE courses answer these two charges in reverse order, with:

1. For the most part, even the best intentioned and educated parents today, are not qualified

driver-training teachers. This argument is drawn from the obvious fact that it has been the overall incompetent driving habits of adults which has brought about our present high toll of traffic deaths and injuries. (Since January 1, 1950, nearly 23,000 persons have been killed in Texas traffic accidents and more than 925,000 injured, according to TSA records.)

Too, when a parent teaches a son or daughter to drive, all faulty habits as well as good habits are acquired by the youngster. This includes the all-important development of proper attitudes, which is as necessary as skill in training a safe driver. Also, someone less than a trained, objective teacher is seldom capable of instilling the attitudes needed for survival in our increasingly complex traffic.

As for costs, aside from humane values, DE advocates say that such courses are justified on this basis alone, because they provide the best long-range hope, in traffic accident prevention, to lower the staggering economic costs to Texans which now exceeds \$270 million each year.

In addition, pro-DEers say that Texas insurance companies have found the accident rate of school-trained drivers is so much below that of non-school-trained drivers as to make it possible to give them a 10 to 15 percent reduction in premium rates.

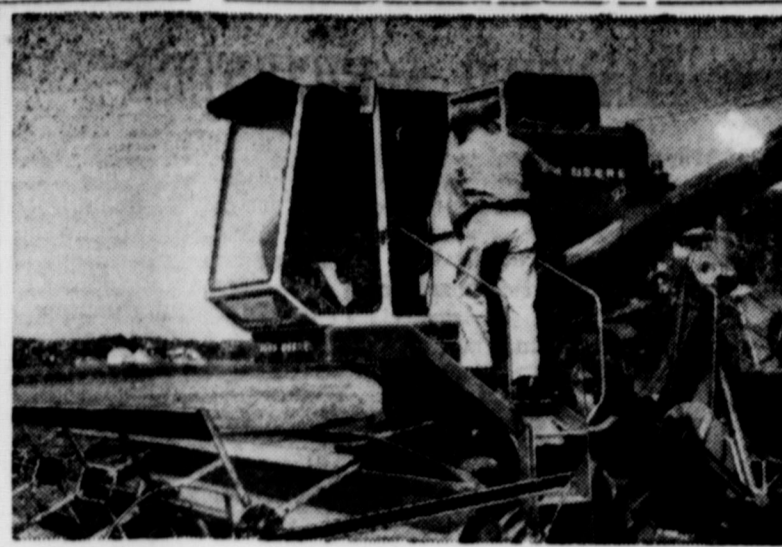

The cry of "frill" course is answered with the questions: Is it a frill to attempt to save the life or limb of every second, pre-school child now in Texas? If the present trend is unchecked, we can expect 50 percent of this age group to be involved in a traffic accident before he or she has had a chance to fully mature.

Is it a frill to reduce a state-wide cost that runs to more than a billion dollars every four years?

Is it a frill to ask the only state institution we have (our schools), which has the capacity to undertake this program for survival and give it its proper place and emphasis in a youngster's training?

Advocates look on driver education as being basically a modern science for keeping alive. One that should provide a young boy or girl with the knowledge, attitude and skill with which they can hope to compete with what is, at best, a hazardous environment. This is citizenship training of the highest order.

Poor food habits and practices are cited by extension foods and nutrition specialists as the most common causes for poor nutrition. The failure to eat enough of the protective foods such as vegetables, fruits and proteins, including milk and overeating rich non-essential foods are among the causes listed.

Many farmers and their families attending the John Deere Day program at Quality Implement Co. on Thursday night, February 12 will see the latest advances in farm equipment. Lots of folks will be talking about this new air-conditioned "command post" for the 95 combine, for example.

REPAIR --- MODERNIZE YOUR RAINBIRD SPRINKLERS

Bring your No. 40 and No. 30 Rainbird Sprinklers to our Lubbock Warehouse no later than February 2 for overhaul and conversion to the TNT bearing. The work will be done at special rates by factory personnel on factory equipment. The Rainbird Factory Portable Repair Shop will be in the area just five days. Don't miss this opportunity!

COURT RULES NECESSARY

Are you hopelessly confused by court room procedure? Words such as "objections," "overruled," "hearsay," "irrelevant" and "opinion" are meaningless to many persons.

The purpose of a trial is to settle disputes that the parties cannot settle by themselves. Before these disputes can be settled, the facts which give rise to them must be established. This sounds simple, but on the contrary it is a difficult task. If the parties agreed on the facts the job would be easy, but each side has its own version.

The trial court has the job of establishing the facts. This is accomplished by questioning witnesses and the introduction of physical evidence. This requires application of the rules of evidence.

Through the years the law of evidence has been established. The rules place restraints on what type of evidence is proper. They have the effect of protecting the rights of the parties by insuring a fair trial.

Hearsay is a word often heard during a trial. Hearsay may involve a statement by a third person of a conversation between two other persons. It would be hearsay if Jones were asked to tell the court what he overheard Smith tell Greene. With certain exceptions, evidence of this type is excluded because it is not reliable, and might open the door to false testimony.

A lawyer objects to evidence he does not believe proper. If a lawyer objects to evidence because it is irrelevant, he means that the evidence is of such little importance that it has no bearing on the case, and if admitted it would bog down the trial so

that the time needed doesn't justify its admittance.

Opinion evidence of one not an expert is not admissible since such opinion carries no weight.

When an objection is sustained by the judge the evidence is not received. Should the objection be overruled, the evidence is allowed to be presented.

The rules of evidence have been built up through many years of court trials. These rules are not arbitrary but are designed to see that justice is done in our courts. The judge is seeking to have the truth established and insure that all parties and witnesses in the trial are given a full and fair opportunity to present the facts.

(This column, prepared by the State Bar of Texas, is written to inform — not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

Social Security Benefits Stop On Earnings At \$1200

Persons receiving social security benefits can save themselves and us a great deal of inconvenience if they will report promptly when they go to work and expect to earn more than \$1200.00 in the calendar year, stated Mr. Erton F. Tate, manager of the social security office at Wichita Falls, Texas.

Most people know that if their earnings are in excess of \$1200.00 for the year that they will not be entitled to a benefit check for every month of the year, Tate continued. However, many folks are confused as to what to do when they don't know for sure

on January 1st what their total earnings for the year will be. Sometimes they go on receiving their benefit checks all year without realizing that their earnings in the last part of the year may cause them to go over the \$1200.00 limit. When this happens they may have to refund part of the benefits they received.

It's much better to advise the social security office as soon as they think they might exceed the \$1200.00 so that we may withhold some of their benefits until they see how much their earnings will be. If they don't earn the \$1200.00 their checks for all the months withheld will be paid to them at the end of the year, Tate said.

Gems Of Thought

"PROMISE"

An acre of performance is worth a whole world of promise. —William Dean Howells

Miss Claudia Mae Cooke And Mark E. Norton Marry Sunday In Goree Rites

Marriage vows were solemnized Sunday at 2 p. m. in the First Baptist Church in Goree for Miss Claudia Mae Cooke and Mark Edward Norton, Jr.

Double-ring rites were read by Rev. Clyde Cook, pastor of the Trinity Baptist Church of Stamford. Wedding prayer was given by Rev. C. R. Mathis, Goree Baptist pastor.

Parents of the couple are Mr. and Mrs. Lynn Cooke of Bomarton and Mr. and Mrs. Mark Edward Norton, Sr., of Fort Worth. Nuptial music was provided by Mrs. John Lloyd Lambeth.

The church was decorated with tall wrought iron baskets of white gladioli and white stock accented with large blue bows and streamers.

The bride was attired in a waltz-length gown of white lace over taffeta styled with a bouffant skirt, V-neckline and cap sleeves. The bodice was accented with a wide cummerbund featuring a bow in the back. Her fingertip veil was attached to a tiara of satin illusion. She carried a bouquet of white carnations atop a white Bible.

Maid of honor was the bride's sister, Miss Emma Jean Cooke. She wore a sheath dress of pastel blue velvet enhanced with rhinestones. Her bouquet was also of white carnations.

Tom Cooke of Fort Worth, brother of the bride, was best man.

A reception followed the ceremony in the church parlor. Miss Johnette Hill of Abilene registered the guests. The bride's table was covered with a lace cloth over blue and centered with a bouquet of white garza chrysanthemums and white snapdragons.

In the house party were Mesdames Clifford Chuck, Munday, aunt of the bride, Jim Cooke, Fort Worth, sister-in-law of the bride, G. C. Caswell, Goree, aunt of the bride, and Bob Cooke, Fort Worth, sister-in-law of the bride.

After a wedding trip, the couple will reside in Fort Worth.

The bride is a 1958 graduate of Goree High School where she

was editor of the "Wild Cat," school annual, class vice president, basketball manager and was voted friendliest girl. She attended Draughan's Business College in Fort Worth and is employed with the Liberator Drug Co. there.

The groom is a 1956 graduate of Kopperal High School and also of Texas Barber College. He is employed in Fort Worth.

Gilliland Club Meets January 21

The Gilliland Home Demonstration Club met January 21 at the luncheon with 17 members present, with two new members being added, Mrs. Bill Kinnibrugh and Mrs. Weldon Reed.

A stimulating game of the number seven and multiples of it was played, followed by a devotional by Mrs. Emil Navratil. The budget for the county council was accepted.

A revision of the standing rules and by-laws was begun, with a number of changes suggested. A reporter, parliamentarian and treasurer will be added to the list of officers.

There will be a Three-E committee of expansion, education and exhibits to replace the membership committee. There is a need for a civil defense, health and safety chairman.

Plans were made for those interested in the advanced dressmaking to meet under the direction of Mrs. Arnold Reeves and Mrs. Dwight Burgess. An all-day meeting will be held on Wednesday, February 4, to begin work on coppercraft.

Mrs. W. T. Cook was hostess, and members present were Mmes. Arnold Navratil, O. R. Miller, Dwight Burgess, Jim Cash, A. L. Cook, J. T. Cook, M. G. Duncan, Charlie Groves, Homer Martin, Charles Meek, Emil Navratil, Arnold Reeves, Jesse Rotherford, Hewitt Simmons, John Thompson, E. D. Welch, Billy Kinnibrugh and Weldon Reed.

Mrs. Williams Is Honored Friday At Birthday Dinner

Mrs. P. V. Williams was honored on her birthday last Friday with a surprise dinner in the home of Mr. and Mrs. Jerry Kane. Present for the occasion were Mr. and Mrs. Joe Bill Pierce and children of Midland, Mr. and Mrs. Perry Willson and sons of Dallas, Jack Williams of Klamath Falls, Oregon.

CARD OF THANKS

I am glad to call Munday my home. You friends were thoughtful to remember me with cards, flowers, visits and other gifts during my illness. Thank you, Mrs. Sargent Lowe 1tc

OUR CHANGING AGRICULTURE

by Wayne Clift, Teacher of Vocational Agriculture Goree High School

As our State and Nation become more highly mechanized, there is an ever increasing need for people to learn mechanical skills. Too, there is an ever increasing need for people to learn how to properly care for machinery.

Realizing this, the Goree Vocational Agriculture Department is adding increased emphasis on farm mechanics. In farm mechanics, such things are taught as farm welding, shop, rural electrification, farm buildings, and soil and water conservation.

Instruction in farm mechanics affords many advantages to the student. In addition to learning the knowledge, skills and ideals needed by present and future farmers, he learns how to intelligently handle the managerial problems connected with selecting, purchasing, and maintaining farm machinery, electrical equipment, and household appliances.

This learning, in addition to being applied on the farm, can be also applied to many non-farm situations. For example, the person who is serving as farm representative for an electrical power company must have a basic understanding of the use of electricity. Therefore, the high

school student who learns about electricity can apply this same learning not only to farming but to other occupations as well.

Instruction in farm mechanics also gives students an opportunity to do purposeful thinking, as well as to use their hands, in dealing with common problems of everyday living. Such instruction prepares the student for present and future problem solving where mechanics is involved.

Approximately 15 percent of the student's time in vocational agriculture at Goree High School is spent working in farm mechanics. Some of the major things that are studied are welding, woodworking, and masonry work.

WE'RE WORLD CHAMPS AS ICE CREAM EATERS

More ice cream is eaten in the United States than anywhere else in the world. Nearly 15 quarts per person are consumed annually.

Although summer still is considered the major ice cream eating season, according to Meadow Gold dairymen, recent trends indicate that ice cream is rapidly becoming the most popular year-round dessert.

Mr. and Mrs. W. E. Braly visited Mr. and Mrs. Ray Taylor in Quanah last Saturday afternoon and Sunday.

Club Sponsors Out-Doors Art In San Antonio

AUSTIN — "Art in the Out-Doors" is the subject of an interesting article in the January issue of Texas Game and Fish magazine. It deals with the work of 83 young artists of Bexar county, who has just completed their first annual art competition sponsored by Wildlife Unlimited. This is a sportsman's group in San Antonio.

Wildlife was the subject of all the art in the exhibit. The art consisted of both black and white and color. Winner of the high school division was Patsy Burk, 15, for her water color painting of a buck and doe at the watering hole. Second place was taken by Marcia Robertson, 17, and third place by Paul Lutonsky, 15.

Vernon Swigget, 12, took three places in the junior high division. His winning water color was of Canada geese. Robert Alvarez, 10, won first place in the elementary school division, with his penciled drawing of a mourning dove.

Judges in the competition were Mayor J. Edwin Kuykendall of San Antonio; Robert Mauer-mann, wildlife biologist, and Artist Warren Hunter.

The Wildlife Unlimited Club is an organization of San Antonio sportsmen headed by Hal Swiggett, staff photographer of the San Antonio Express.

Mr. and Mrs. Allen Embree and Mr. and Mrs. Buddy Fritz of Abilene visited in the home of Mr. and Mrs. L. W. Hobert last Sunday.

Mr. and Mrs. Dwight Key and family attended the fat stock show in Fort Worth and visited with relatives in Olney over the week end.

4-H Awards For Food and Clothes

Sandra Stump, 18, of Waka, won the 1958 state award in the 4-H Clothing program for her sewing ability.

Coats & Clark awarded Miss Stump an all-expense trip to the National 4-H Club Congress in Chicago.

In seven years of 4-H work, Miss Stump has exhibited and demonstrated at 16 fairs, entering 242 different items and winning awards on most. She has won 21 local, 42 county and 14 state first places. Three times she won top awards in state dress revues.

She has given 48 different demonstrations for women's clubs, community groups and church organizations, and has appeared on TV programs.

A girl who knows her way around the kitchen is Kay Botard, 16, of Alice, state winner in the 4-H Food Preparation program. She also received a trip to the congress, given by Betty Crocker of General Mills.

Miss Botard's record includes the preparation of 350 meals, 1,000 dozen of cookies, 300 salads, 250 pies and 500 cakes. In her seven 4-H years, she also cooked up 23 county fair blue ribbons.

Sandra Stump

Kay Botard

For her industry, Miss Botard was chosen Jim Wells County food preparation champion.

She has served as a junior leader for both the Alice Girls' and Lucky Clover 4-H Clubs, and as recreation leader for the district 4-H camp.

These 4-H programs are conducted by the Cooperative Extension Service.

VERA DEFEATS GOREE TEAM HERE TUESDAY

Doug Gore hit the hoop for 40 points, including 18 field goals, as Vera withstood a well-balanced Goree attack and defeated the Goree team 74 to 59 last Tuesday night in the Goree gym.

Goree had a 15-10 lead in the

first quarter, after having jumped to a 7-0 start. Gore soon hit his stride, and there was no stopping the Vera team.

Stacy Mathis hit 17 for Goree, Charley Latham and Jimmy Howell 11, and David Harlan and Don Lambeth, 10. Billy and Gary Hardin each hit 13 points for Vera.

In the girls' game, Goree took a 49 to 31 victory. Brenda Hutchens hit 16 and Rhogenia Beatty 10 for Goree. Ruby Petty and Donnell Hardin each scored nine for Vera.

Admission Parents:

If you live in the Goree School district and have children between the ages of six and 18 not enumerated on the 1959 school census, please see me this week, if possible. J. B. Lawson, Supt. Goree Schools.

Mr. and Mrs. Frank Harrison and daughter of Wichita Falls visited her parents here over the weekend.

Mr. and Mrs. Leon Dodson and daughter Haskett visited in the home of Mr. and Mrs. Willard over the weekend.

Jimmy Crouch and Bud Yates and daughter, Shirley Kay, of Wichita Falls visited in the home of Mr. and Mrs. George Crouch over the weekend.

Mr. and Mrs. Buster Styles and daughter, Bynour visited her parents, Mr. and Mrs. Buster Latham last Tuesday night.

Mr. and Mrs. Joe Bailey Roberts and children of Midland spent the week end with her parents, Mr. and Mrs. Pete Kelly.

MONDAY SCHOOL LUNCHEON MENU

Monday: Milk, pinto beans, buttered corn, mixed green salad, peanut butter and crackers, cornbread, cobbler.

Tuesday: Milk, barbecued Vienna sausage, mashed potatoes, green beans, cheese, cornbread, cobbler.

Wednesday: Milk, turkey and macaroni, sweet potatoes, green salad, hot rolls, butter, apple sauce.

Thursday: Milk, red beans, cooked cabbage, pickled beets, cheese and crackers, cornbread, cherry cobbler.

Friday: Milk, meat balls, mashed potatoes, English salad, cornbread, sliced apples.

Miss Laverne Hattox, who has recently returned from Sweden, visited friends here this week.

LOCALS

Mr. and Mrs. Jim Reeves visited relatives in Fort Worth and attended the fat stock show in Fort Worth over the week end.

Dr. and Mrs. D. E. Alexander and daughters visited Mr. and Mrs. Kenneth Searcey and son in Dallas last Saturday and Sunday.

Payne Hattox and son, Tommy, visited friends here the first of this week. Mr. Hattox and family have recently returned from Sweden where he has been doing missionary work.

Mr. and Mrs. H. T. Cunningham visited relatives in Fort Worth and attended the fat stock

show over the week end.

J. B. Reneau and son, John, attended the fat stock in Fort Worth where John entered his calf in the show. His calf placed 12th in the junior yearling show.

Mrs. Elmer Kuntz left last Wednesday to visit relatives in Cement, Okla. She was supposed to come home last Sunday but was snow bound.

Mr. and Mrs. J. C. Ledbetter visited their son and wife, Mr. and Mrs. Benny Ledbetter, in College Station over the week end.

Mr. and Mrs. Goodson Sellers visited with relatives in Odessa from Friday until Tuesday.

Mrs Baird's Bread stays fresh longer

"What are you Texans going to do about Alaska?"

This is the question that citizens of the Lone Star State have heard many times from their friends over the nation in the last few months.

The answer is, "Nothing — it won't be necessary."

Texas long ago became synonymous with size — and, once an idea finds lodgement in the human mind, it is next to impossible to uproot it.

If you wear a Panama, chances are that it didn't come from Panama but Ecuador; St. Patrick was not an Irishman; chili is not a Mexican food, as any Mexican will tell you, with considerable fire; no witches were burned in New England (they were hanged); Mount Olympus, the home

of the gods, would be a foothill in the Rockies; the grass in Kentucky isn't really blue and the composer of "My Old Kentucky Home" was not a Kentuckian; the Trojan War was only a minor disturbance in Asia Minor; Billy Rose says the Venus de Milo couldn't get a job as a Broadway show girl; and the Scotch bagpipe was invented by the Irish, who then wished it off on the Scotch.

But try to convince the public of these things!

Similarly —

Texas has come to be synonymous with "bigness." When someone asked Dr. Wernher von Braun if there was a likelihood that two man-made satellites would collide, he replied that such a happening was highly improbable, adding, "You must remember that space is large; it is even larger than Texas."

As a matter of mere statistics, Texas never really has been the "biggest." Not only is Australia larger but Canada has two territories and three provinces, each of which is bigger than Texas.

But who cares?

I have made a personal investigation since statehood was conferred on Alaska and have found that Texas is just as huge as it ever was; it's still 801 miles in a straight line north and south and 773 miles east and west; and it still has 254 counties, one of which lacks only two square miles of being twice as large as Rhode Island and Delaware combined, with the District of

Columbia thrown in.

But Texas is more, much more, than so many thousands of square miles. Texas has cowboys, mavericks, longhorns, mirages, horned frogs that live 31 years sealed up in courthouse cornerstones without air, food or water; and Texas Rangers, as all TV viewers and moviegoers throughout the world know. Texas produces more oil, cotton and sulphur than any other state; also more sheep, though there is nothing sheepish about Texas; and more salt, which is taken by visitors — a few grains at a time — with our tall tales.

Texans, mainly new arrivals from Southern states, it is true, but Texans nonetheless, won their own independence in 1836, set up a republic and sent ambassadors to foreign countries, including the United States; then, in 1846, entered the Union of their own free will. Yes, they did, later on, try to leave the Union but, after four years in which to reflect, reconsidered. Even so, the last battle of the Civil War was fought in Texas, weeks after Appomattox and of course, the Texans won it.

Texas A&M College contributed more officers to the Army in World War II than West Point did. Texas has the Alamo. The majority leader of the United States Senate is from Texas. The Speaker of the House of Representatives is from Texas. And the president of the United States is from Texas. The San Jacinto monument is taller than the Washington monument and the Texas capitol is higher than the national capitol.

And it is my understanding that the inventor of the Eskimo pie was from Texas.

Among the 49 states, Texas is what the forward pass is to football and what the slide trombone is to the band. Texas is tradition, history, courage, energy, friendliness, achievement, hospitality and humor that is good-humored.

Ask the man on the street who the present world's heavyweight titleholder is and it's better than even that he can't tell you but speak of "the Champ" and he knows you mean the greatest of them all, Jack Dempsey.

So, whatever the statistical tables show, Texas will always be "the Champ."

Weekly Health LETTER

Issued by Henry A. Holle, M. D., State Health Officer

A precedent-setting venture in chronic disease management has been launched by the State Department of Health. Immediate beneficiaries are 12,000 patients housed in Texas' 587 licensed nursing and convalescent care homes.

Built around nutritional and nursing needs of oldsters, the program promises to be the biggest boon to their health and comfort since passage of the nursing home licensure law in 1953. It works like this:

On request of county health officers and local health department directors, a nutritionist, a chronic disease nurse and two sanitarians instruct local health department staffs and nursing home operators in proper care of elder citizens, many of them disabled by chronic illness to the point of being bedfast.

A physio-therapist will be added to the team later. Many people are lying helplessly in bed, dependent on others for every need. With help they might learn to feed and bathe themselves—making the difference between optimism and despondency.

The program is purely educational, intended solely to help local communities meet their responsibilities toward aged and infirm citizens.

Half the course is spent in explaining and demonstrating to local health department staff members what their tasks are regarding nursing homes in the county, and in detailing how those tasks can be accomplished. Standards which homes must meet before being licensed are carefully discussed. Nurses are taught how to handle chronic disease patients. Sanitarians are encouraged to make frequent inspections, and to impress on home operators the importance of scrupulous personal and premise cleanliness and improved nursing care.

The object of such instruction

is to help local health department personnel become proficient in assisting and advising nursing home operators in providing higher standards of care.

Operators come in for their share of attention in a section of the course designed to meet daily problems they encounter. Discussion subjects, selected by operators themselves, range from records the law requires to be kept to special diets.

As an adjunct service, the Department provides food purchasing guides showing the amount and type of food needed for aged men and women, and evaluation guides for weekly menus.

Time has dealt harshly with most nursing home residents. The State Health Department is determined to help them hold onto the threads of their old dignity.

PICKLE POPULARITY

Americans spend an average of 9 cents a week on pickles, according to a Bond Pickle Company survey, with rural householders consuming larger quantities than urban dwellers.

Legal Notice

NOTICE TO BANKING CORPORATIONS

Notice is hereby given that the Commissioners' Court of Knox County will receive bids from any Banking Corporation, Association, or individual Banker, in Knox County, Texas, for the depositing of Public Funds belonging to said county, and funds in the hands of the county and District Clerks Trust Funds, up to and including ten o'clock A. M. February 9, 1959.

The Bank, Association or individual banker, will be required to enter into a bond, as required by law, before qualifying as County Depository, and the Commissioners' Court reserves the right to reject any and all bids.

Given under my hand and seal of said Court, this the 22nd day of January, A. D. 1959.

L. A. PARKER
County Judge,
Knox County, Texas.

SEAL 28-2tc

Tax-Man Sam Sez:

During the past few years the sick pay exclusion on line 6, on page 1 of the Form 1040, has provided an important tax benefit for many taxpayers each year.

There are specific rules to be followed in claiming the sick pay exclusion, but generally if you work for wages, become ill for a long period of time and your employer continued to pay you all or part of your wages and salary, you may be entitled to some benefit.

It is a good rule of thumb to read the sick pay exclusion tax instructions carefully if you lost any time off the job due to sickness or injury during the year

and received pay for the lost time.

Drive carefully. The life you save may be your own!

Linoleum Rugs

We are now equipped to install linoleum or rugs in any room in your home. New 1958 patterns arriving weekly. Gold Seal, Armstrong and Pabco.

United Community Fund Councils Of Munday

WHAT IT IS...

United Community Funds and Councils of America was organized in 1918 by the then existing Community Chests and Community Welfare Councils of the country as a service organization for their mutual benefit. At the present time there are member Chests, United Funds and/or Councils in some 1500 communities.

Specifically, the national association is:

- ... a clearing house for the exchange of ideas and experience
- ... an "enabler," bringing its members together for discussion of policies and techniques and for joint action
- ... a resource of facts and statistics about joint fund raising and joint planning
- ... a "radar" to feel out national trends and developments that would have an impact on local problems
- ... a representative of the local United Fund viewpoint in the deliberations of national agency and governmental bodies
- ... a national spokesman to the public on behalf of federation for health and welfare
- ... an adviser and consultant on local problems
- ... a referral source for paid personnel
- ... a producer of practical publicity aids and other work tools.

In general, these are the ways in which the organization works:

- ... Consultation, by mail or personal interview with local people
- ... Field visits, on invitation from local communities, to help with special problems
- ... Surveys, assistance to local communities in the planning and conducting of special studies
- ... National Conference, held biennially for professional and lay leadership; advisory service to six regional conferences held in

alternate years

Campaign Leaders Conference, an annual spring meeting, of, by and for local volunteer campaign leaders, devoted entirely to discussion of campaign problems and techniques

Council Leaders Conference, a biennial how-to-do-it meeting on planning

Summer Institutes, for community organization and agency administrators

Workshops, for community organization workers concerned with such fields as casework, groupwork, research, health, neighborhood organization, citizen or labor participation and state planning

Statistical studies, on subjects related to health and welfare expenditures, budgeting, trends in giving, corporate and employee gifts, volume of services, etc.

Representation, with such important bodies as the National Social Welfare Assembly, the Federal Government, national corporations and international labor unions

Library loan, service for members. Material from local communities available on all subjects

Publications, periodicals such as COMMUNITY, "Executive Newsletter" and monthly Public Relations Kit. Special pamphlets and bulletins on various phases of planning and fund raising

Campaign promotion, through national publicity media to reinforce local campaigns, including the production of materials for sale to members at cost.

The national association dictates no policies, enforces no programs, charters no locals. It is an association of local and state units with a program based upon their expressed needs. Its officers and board members are persons active in their hometown organizations, elected by the membership.

The United Fund was recently organized for Munday by Travis Lee, who was appointed by the Munday Chamber of Commerce, in order to cut down on the numerous drives for funds made locally—all worthy causes, but necessitating several drives for funds during the year.

The purpose of United Fund is to combine as many of these drives as possible into one drive.

The 1959 drive will be held during the week of February 9-14. This present drive is for 1959, and all donations may be deducted in your 1959 income tax return.

Organizations to be benefitted by this present drive are as follows:

- Heart Fund
- Cancer Fund
- Red Cross
- Library Fund
- Blue Birds
- Boy Scouts

The 1960 drive will be held in the fall, possibly in October, to coincide with national drives. At this time, the contributions you wish to make for 1960 may be made in cash or in pledges for quarterly or monthly payments.

Give Generously

LET'S MAKE ONE DRIVE
TAKE CARE OF THEM ALL!

WHAT IT DOES....

National Promotion. A strong nationwide program of magazine, radio and television publicity is conducted each year bracketing the autumn campaign season, behind the slogan "Give the United Way." The national symbol is displayed in hundreds of magazines and publications and may be used locally by association members. Television and radio programs, sponsored by national advertisers, appear throughout the campaign period. Radio spot announcements and program integrations are featured on all national networks.

Campaign promotion materials and year-round interpretation aids for local community use are also produced and sold at cost to its members. These include:

- Display materials (posters, etc.)
- Newspaper advertising
- Motion pictures (for theater and TV)
- Radio recordings
- Monthly publicity kits
- Public schools program
- Solicitor aids
- A great variety of other aids
- Consultation service is given on public relations problems

National Corporation Participation. Under the leadership of a strong national committee, services are rendered to and contact maintained with large firms having multiple local operations in the interest of obtaining and improving their financial support and active community service participation.

National Budget and Quota Committee. One of the most pressing problems faced by local communities is the multiplicity of campaigns, many of them national in origin. The national association is working toward coordination at the national level and a more orderly approach to the financing and the service programs of national agencies. It maintains jointly with the National Social Welfare Assembly a National Budget Committee composed of leaders from local communities whose function it is to review the budgets and support plans of national agencies. Recommendations are made to local communities concerning the finances and the services of each national agency submitting its budget.

The matter of national agency participation in local federations is of course one for local determination and direct negotiation between those concerned.

National Information Bureau. Every member of United Community Funds and Councils of America is entitled to the service of the National Information Bureau, 205 East 42nd Street, New

York 17, New York, without further charge. From this organization a confidential report on any national health and welfare appeal may be secured.

Research. The Research Department is the central information center for facts and figures regarding local operations, individually and in total. It is a ready and reliable source for factual data concerning trends in giving, distribution of funds, budgeting, analysis of pledges, methods of handling reserve funds, corporation and employee giving data, central service costs and similar matters.

United Funds. Competent, specialized consultation and information service is available on all aspects of the rapidly spreading United Fund idea.

Labor Participation. Working people are interested in taking part in planning, financing and administering community services. The Labor Participation Department is successfully developing closer relationships between labor and health and welfare services, through field service to communities requesting it, through contacts with national labor leaders, through institutes, training courses, union counseling, contacts with the labor press, etc.

Campaign Service. In addition to campaign promotion, the national association provides its members with campaign advisory service. The Campaign Division conducts a continual exchange of information about campaign techniques and practices through studies, publications, conferences, field visits and correspondence. Matters of legislative concern are closely observed and reported. A program of Federal government liaison is maintained in the interest of building government employee support and understanding.

Community Planning. Help is given to local communities in their efforts to analyze their own health and welfare problems, evaluate their existing services and overhaul their agency programs. Community Welfare Councils look to the national association as their clearing house and general service station on problems of organization and operation.

Personnel. The Personnel Department maintains an extensive file on employed personnel and refers possible candidates to member Funds, Chests and Councils; encourages resources for training personnel; in the development of effective personnel policies; recruits qualified persons for the field and sponsors institutes and workshops for beginning workers and refresher programs for veterans.

NEWS FROM VERA

(Mrs. Thelma Lee Coulston)

Lloyd Don Welch of John Tarleton College visited Sunday in the home of his grandparents, Mr. and Mrs. Ed Allen.

Mr. and Mrs. Hollis Gore of Hobbs, New Mexico, visited over the week end in the home of his parents, Mr. and Mrs. H. H. Gore.

Elizabeth Brown of Seymour spent Sunday with her parents, the Fred Browns.

Visitors in the home of Mr. and Mrs. Carlton Struck and family have been Mr. and Mrs. O. T. Reeves and family of Abilene.

A-3c Wilber D. Adkisson of Sheppard Air Force Base visited during the week end with his brother, Mr. and Mrs. J. H. Adkisson and girls.

The Vera High School boys and girls basketball teams will play Goree Tuesday night in the Goree gymnasium.

Olen Coffman, Jr., of Midwestern University visited with home folks between terms last week.

Mr. and Mrs. J. L. Trainham, Jr., and boys of Wichita Falls visited Sunday in the home of Mr. and Mrs. Jess Trainham.

Virginia Jackson of Midwestern University is spending this week with her parents, Mr. and Mrs. Buster Jackson and family between semesters.

Mr. and Mrs. Wesley Trainham visited last week with her sister, Mrs. C. D. Tanner, who underwent major surgery in the West Texas hospital in Muleshoe. Mrs. Trainham returned home Saturday and was accompanied home by little Russell Tanner who will visit for a few days.

Mr. and Mrs. Bud Morgan of Round Timber visited Sunday in the home of Mr. and Mrs. Alvis Petty and family.

Mr. and Mrs. S. K. Bengel of Seymour visited Sunday in the home of her daughter, Mr. and Mrs. J. A. Fuller and girls.

Mr. and Mrs. A. J. Caldwell of Holliday spent Sunday in the home of their daughter, Mr. and Mrs. Ferman Dowd and girls.

Mrs. Carl Coulston, Jim Frank and Vicki took Mr. and Mrs. Benny Carl Coulston back to their school at North Texas College Sunday. They visited with the Lyndal Hughes family in Burleson for a while.

Mr. and Mrs. A. M. Bradford spent the first part of the week with relatives in Burkburnett.

Mrs. Amelia Johnson and family visited over the week end with her parents, Mr. and Mrs. C. A. Parham, Sr.

Sunday guests in the home of Mr. and Mrs. Jake Feemster were Mr. and Mrs. John A. Coleman and Mr. and Mrs. Derie Coleman and daughter of Grapevine.

Mrs. W. C. Feemster is spending a few days in the home of Mr. and Mrs. Walter Snody in Benjamin.

The Vera Methodist Church was host to the J.O.Y. Sub-district M.Y.F. on Monday night.

Elmer Kuntz took four of his F. P. A. boys to Fort Worth on Wednesday of last week and remained until Sunday to attend the fat stock where the boys entered their livestock. The following boys attended; Tommy Cunningham, Bunny Norvill, Hank Haynie and Clifford Straw. None of the boys won but they reported a wonderful time.

Mrs. Nora Broach attended market in Dallas several days last week.

'A Scout Is Friendly' Is Theme Of Boy Scouts' 49th Anniversary

FOR ALL BOYS

BOY SCOUTS OF AMERICA
49th ANNIVERSARY 1959
ONWARD FOR GOD AND MY COUNTRY

OFFICIAL BOY SCOUT WEEK POSTER

The nation's 4,780,000 Cub Scouts, Boy Scouts, Explorers, and adult leaders observe Boy Scout Week, February 7 to 13, by launching the fourth and final year of the "Onward for God and My Country" program.

The 49th anniversary emphasis is "A Scout is friendly." Through their World Friendship Fund of voluntary contributions the Boy Scouts of America have helped Scouts in 48 other nations.

America will be represented by several hundred Scouts at the Tenth World Scout Jamboree next July 17-26 in Makiling National Park near Manila in the Philippine Islands.

During Boy Scout Week, honors will go to units that successfully carried out projects in traffic, outdoor, and home safety in last year's Safety Good Turn.

interesting, as each member made known her preference. This was followed by a lively and informative round table discussion in which each one freely gave her opinion on subjects mentioned. From these views, perhaps the program chairman may be able to glean some ideas which will help her in preparing the yearbook for 1959-60.

Mrs. P. F. Weinert, parliamentarian, gave a list of don'ts which should be observed by the presiding officer of any club or organization. Then she conducted a question and answer period on parliamentary usages.

Mrs. E. C. Liles and Mrs. C. T. Jones led in the reading of the constitution and by-laws of the club. Each member present took part in this reading.

The table was covered with a beautiful hand-done, cutwork cloth, centered with an arrangement of crystal. The refreshment plate consisted of spiced cake, mints and nuts, with tea or coffee.

The next meeting will be February 12, in the community center with a study of Alaska. Fifth and sixth grade school children will give this program, discussing the size, products, population, arts and culture of this new state.

Happy Blue Birds Meet In Home Of Mrs. Billy Mitchell

The second grade Happy Blue birds met at the home of Mrs. Billy Mitchell on January 27, with 100% attendance. There were 15 girls and four mothers present.

The meeting was opened with the candle lighting ceremony and the repeating of the Bluebird wish.

The girls each planted a crocus bulb in a little plastic planter. These will be taken home at a later date for forced blooming indoors. They also cut out pictures to be used in making a scrapbook to be donated to the county hospital when finished.

The meeting was closed with the singing of Taps and the Bluebird song "Green Trees" in a friendship circle. Refreshments were furnished by Mrs. Robert Patterson and Mrs. Keith Burnison.

Members of this Bluebird group are Jean and Jane Burnison, Donna and Diana Allen, Linda Hulse, Martha Moore, Donna Patterson, Sherry Carpenter, Sue Mitchell, Jacque Leflar, Patty Partridge, Lana Harper, Judy Lowe, Cathy Cypert and Sharon Boggs.

Dorcas Class Has Monthly Meeting In Smith Home

The Dorcas class met in the home of Mrs. C. N. Smith last Thursday in their regular monthly meeting. Mrs. Bertha Fincannon, president gave the devotional. Mrs. W. O. Mays led the opening prayer.

Roll call was answered with a Bible verse. Each member expressed their regrets at losing their beloved teacher, Mrs. Iva Gilstrap, who is moving to Abilene to make her home with her son.

Mrs. A. U. Hathaway led the closing prayer. Refreshments were served to fifteen members by the hostess, Mrs. Smith.

Mr. and Mrs. Larry Kuehler, Sherry and Jerry, Mrs. H. D. Henson and Bud Phillips visited with Mr. and Mrs. Dub Gresham and Mr. and Mrs. Billy Joe Pruitt in Wichita Falls last Saturday afternoon. Mr. Pruitt is recuperating from an appendectomy and is reported to be doing fine.

Mr. and Mrs. Scotty Ponder and son of Lubbock spent the week with her mother, Mrs. L. J. Hill.

SUNSET SCHOOL LUNCHROOM MENU

Monday: Beef and vegetable stew, cheese crackers, jello, chocolate cake, cornbread, butter, milk.

Tuesday: Beef with macaroni, tomatoes and onions, candied sweet potatoes, cabbage and apple slaw, rice with fudge sauce, cornbread, butter, milk.

Wednesday: Steak and gravy, boiled buttered potatoes, cheese, lettuce and pineapple salad, applesauce, hot rolls, butter, milk.

Thursday: Pinto beans, sliced spinach, whole kernel corn, sugar cookies, cornbread, butter, milk.

Friday: Tuna fish salad, whole baked sweet potatoes, green beans, chocolate pudding, hot rolls, butter, milk.

Miss Barbara Fields, daughter of Mrs. Dessie Fields, is now attending Odessa College where she has received a scholarship in the field of journalism. Miss Fields is doing two radio shows a day for the college in addition to an occasional TV skit. She is also employed part time as a legal secretary in the offices of Bell and Knight attorney at law.

Mr. and Mrs. Bob Jarvis were business visitors in Altus, Okla., last Friday.

Mrs. Jon Hagler, Weinert, Honored At Recent Shower

Mrs. Jon Hagler was honored with a pink and blue shower Saturday, Jan. 31, from 2 to 4 p. m. in the home of Mrs. W. B. Guess.

Guests were registered by Mrs. E. E. Roberts in a small blue leather book.

Gifts were opened by the honoree and displayed by Mrs. Frank Oman, Mrs. G. C. Newson, and Mrs. C. C. Childress.

The refreshment table was laid with a sheer pink scalloped all-over embroidered nylon cloth over pink. Center piece was an arrangement of white daisies, pink snapdragons and sweetpeas, holding a tiny plastic stork in the top. Container was white pottery. Mrs. Thomas Bevel poured punch from a white milk glass bowl.

Other hostesses unable to attend were Mrs. C. G. Gary, Mrs. Buck Turnbow, Mrs. John Therman, Mrs. E. S. McGuire.

Hostess gift was a blue basinette. Guests were present from Rochester, Knox City, Munday and Haskell.

ELECTION CALLED FEB. 7

\$55,000 Courthouse Improvement Bonds NO INCREASE IN TAX RATE

The Commissioners Court of Knox County last November employed a well known firm of Fort Worth architects to make a careful examination of the present condition of the Courthouse. Their report of this survey states that when the building was erected, it was a first class building, well built and designed, however, over the years much damage has taken place and deterioration has set up principally due to weather, water leakage, freezing and ravages of time.

According to the architects' estimate the cost will be approximately \$55,000.00 to correct the defective conditions now existing and to put the building in first class condition; so in order to conserve our investment in the Courthouse, an election on the authority to issue that amount of bonds will be up to the qualified voters in a bond election Saturday, February 7th.

Many questions will be asked with probably some inaccurate answers so we set out below important questions with correct answers.

QUESTION—When was our Courthouse built?

ANSWER —Completed in the year 1934.

QUESTION—How much did it cost?

ANSWER —\$93,300.00

QUESTION—How much would it cost if built at present prices?

ANSWER —According to architects estimate about \$350,000.00

QUESTION—How many bonds do we owe on our Courthouse?

ANSWER —NONE - All have been paid.

QUESTION—How much will my tax rate be increased to pay these \$55,000.00 of bonds?

ANSWER —NONE - Your tax rate for Courthouse, Hospital & Jail purposes will remain the same as heretofore.

QUESTION—Why will my tax rate for the above purposes be the same?

ANSWER Because all the Courthouse Bonds have been paid and because of the excellent condition of the Hospital and Jail Bond Sinking Fund set up to pay that debt.

QUESTION—When will all of the Hospital Bonds be paid?

ANSWER —March 1, 1966 - Seven years.

QUESTION—When will all of the Jail Bonds be paid?

ANSWER —February 15, 1974 - Fifteen years.

QUESTION—When will all of the proposed Courthouse Bonds be paid?

ANSWER —March 1, 1970 - Eleven years.

QUESTION—What tax rate is levied for Courthouse, Hospital & Jail purposes?

ANSWER —25c - The statutory tax for permanent improvements.

QUESTION—Would my tax rate for permanent improvements be reduced if this election should be defeated?

ANSWER —NO - Because this tax money must be used for temporary repairs and upkeep each year which will not solve the immediate need to prevent further deterioration of our Courthouse.

QUESTION—Who can vote in this election?

ANSWER —Qualified electors who have personal or real estate property on the County's tax roll and hold a 1958 Knox County poll tax receipt or are exempt from paying for same because of age.

QUESTION—When is the election?

ANSWER —Saturday, February 7th.

QUESTION—Where do I vote?

ANSWER —At the same place you vote in General Elections.

QUESTION—It apparently is good business to protect my investment in our courthouse without any increase in my tax rate. Is this correct?

ANSWER —Yest - PROTECT YOUR INVESTMENT -NO INCREASE IN TAX RATE-

VOTE FOR THE BONDS!

ly from \$18 to \$23.50, some stocker bulls to \$25.

Good and choice slaughter calves cashed at \$26 to \$29, a few above that range. Medium and lower grades sold from \$18 to \$25.50.

Medium and good stocker calves ranged from \$26 to \$33, with heifers from \$31 downward. A few extreme lightweights sold upward from \$33. Stocker steer yearlings drew \$31 downward and heifers sold from \$28 down.

HOGS ADVANCE 25-50c, AND SOWS SELL \$1.00 HIGHER

Choice No. 1 and No. 2 hogs scalling 200 to 225 pounds topped at Fort Worth Monday at \$27.25 and the rank and file choice hogs ranged from \$26.75 to \$27. Lightweights, mediums and some heavies sold from \$15.50 to \$16.50 and a few butcher pigs sold around \$14 to \$15. Sows sold at \$13 to \$15.

SHEEP AND LAMBS SELL ON FULLY STEADY TO STRONG BASIS

The sheep and lambs were in limited supply at Fort Worth and at other points around the marketing circle Monday. Prices were fully steady to strong, with spots 25 to 50 cents higher, quality considered.

Good to choice slaughter lambs sold for \$16 to \$17 and medium to good stocker and feeder lambs sold for \$15 to \$17.50. Yearling muttons sold at \$13 to \$15 and a few slaughter ewes and goats sold from \$7.50 to \$8.50.

MARCH 5TH SPECIAL SALE DUE IN HISTORIC LOCALE

Negotiations with the City of Fort Worth for the Market Institute to use the old show buildings of the Southwestern Exposition and Fat Stock Show for the special stocker and feeder cattle sale on March 5 were progressing this week.

The site is behind the Old North Side Coliseum and just across the street from the West Boundary of the Stockyards. The building was the scene of many memorable cattle sales in the years when the stock show was located on this site and the fine concrete and steel sale arena will make an unexcelled show case for the sale cattle.

The March 5 event will be an all-breed affair designed to offer a special sale for the cattle and calves of winter pastures in this Southwestern range country. It will provide northern and western buyers a good cross section of the Texas crop of stockers and feeders.

The sale will be the first one in this area since 1943. In that year, the Fort Worth Stock Show was halted by World War II and when it was resumed it was in the new location at Will Rogers Memorial Coliseum.

Mr. and Mrs. W. R. Moore, Sr., visited Mr. and Mrs. Ralph Bernard and children in Lubbock last Monday and Tuesday and attended the stage show in which Mary Martin starred.

Mr. and Mrs. Leland Floyd took her father, Jim Henslee, to Dallas last Sunday for a medical check-up on his leg and visited with Mr. and Mrs. Billy Joe Henslee over Monday.

News From The U. S. Congress

By Congressman Frank Ikard

Recently the President submitted to the Congress the budget for fiscal year 1960 which showed expected revenue for that year of 77.1 Billion Dollars and expected expenditures of 77 Billion. This is our largest peacetime budget. While the figures themselves are not discouraging since they are in balance, it is necessary to examine them carefully to see their true implication.

The balance that is attained is truly precarious. For example, in order to bring about this balance, it has been assumed that the revenue to the Federal Government from personal income taxes would increase in fiscal 1960 by some four Billion Dollars and that the revenue from corporation income taxes will increase approximately the same amount.

This increase in revenue from these two sources is not based upon any anticipated increase in tax rates but rather is based on the idea that our economy will show a rather dramatic growth and expansion. However, there are several new revenue proposals included in the budget. For instance, Congress is asked to increase the gasoline tax from three to four and one-half cents per gallon and to increase the rates on first class mail from four to five cents. These and other uncertainties make for a great deal of informed opinion to the effect that it will be impossible to maintain the balance that is suggested in the budget.

If we are to ultimately overcome the long-range threat of devastating inflation, we must control our fiscal management to the point that we can maintain a balanced budget. This is our greatest domestic challenge.

Historically, Congress has appropriated less money than has been requested in the budget. The political arguments develop over the allocation of funds within the budget but do not occur with respect to the overall amount; therefore, the chances of Congress exceeding the total budget figure are remote regardless of all we hear to the contrary. However, the allocation of funds within the budget will in all probability be different from that suggested.

Mr. K. J. Thornton of Haskell was a visitor in Washington this week.

Joey Davis of Abilene spent last Sunday with his cousin, Tony Hobert.

Knox Prairie Philosopher Finds He And A Few Others Around Here Are Not Eligible For Space Flights

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek has a few remarks about space flight this week.

Dear editor:
Not that I had planned on going myself, I've got things to do out here on this Johnson grass farm, but I was reading yesterday about the requirements for the first man to take off for outer space from the United States, and in case you missed the article I can let you know that I don't think I'd qualify and I don't think they'll be calling on you either, Mr. Editor.

In fact, right off, I don't know of anybody around here they're likely to call, at least nobody in this immediate vicinity.

For example, in the first place, the man has to be in superb physical condition and not over 40. On one count or the other, that

grounds a lot of men I can think of. There are a lot of other requirements, like being a university graduate with a degree in the physical sciences or engineering, a graduate of a military test-pilot training school with at least 1500 hours of flying time, etc.

But that first requirement throws a lot of us out, and as I see it, it'll be a long time before outer space is cluttered up with very many people.

This suits me all right. That is, I don't care how many others take off to explore space, but I'm just not going to have time.

When a man's five years behind in his work on his own farm he doesn't have any business taking off on inter-planetary travel, and in my case it's not necessary. I'm not dependent on space scientists to escape my obligations here on this farm. I know how to escape 'em on my own.

Besides, fast flight never has

appealed to me much. I've never had to leave town that fast. I read the other day where you can leave Los Angeles on the West coast at 8 a. m. and be in New York on the East coast at 12 noon by jet, thus, as the article pointed out, eating breakfast in Los Angeles and four hours later eating lunch in New York.

Well, I've got the same schedule out here on this farm. I mean, out here you can eat breakfast at 8 a. m. and four hours later you can eat lunch. The only difference is that out here it's easier, you don't have to take a cab to the air port, you're not bothered by the roar of a jet engine, my chair here is just as comfortable as the ones they have on those planes, and at the end of the four hours you're at home instead of being 3,000 miles away. You've also

saved \$300. Science is wonderful, but most people don't know how to employ it to their own advantage. Yours faithfully, J. A.

Interest Rate To Private Lenders Increased By FHA

Farmers Home Administration has increased its interest rate to private lenders under the insured farm loan program from 3 1/2 to 4 percent. Walter T. McKay, the Agency's State Director, advised that this change was made to encourage more lenders to advance funds for insured loans in order to meet the needs of qualified applicants throughout the Nation.

The insured farm loan program encourages the use of private capital in place of direct Government loans. Through this program private lenders can advance funds to eligible farmers for the purchase of land for building and land improvement, and for domestic and irrigation water systems. In addition to the 4 percent paid the lender, the borrower pays the Government 1 percent for insuring and servicing the loan.

Although the amortization period of the loan may be up to 40 years depending on the purpose for which the loan was advanced, the lender, at his option, may have the note redeemed by the Government at any time after five years. The note, held by the lender, is negotiable and may be

assigned to another investor at any time.

"The insured farm loan is an attractive investment for private lending institutions and individuals and has been well received here in Texas," McKay stated. "In fact, 928 of our more recent real estate loans totalling \$8,926,000 were made from funds provided by private credit sources. We anticipate that raising the rate of interest to lender to 4 percent will result in substantial increase in lender participation and thereby enable Farmers Home Administration to meet the credit needs of more farm families.

Missile Defense Not Feasible For Munday And Area

Officials at Washington were contacted recently by Goodson Sellers, member of the Munday Chamber of Commerce board, in regard to installation of a missile defense unit at Munday for defense of Dyess and Sheppard Air Force Bases. As reply came from Lt. Col. John W. B. Walters of Washington D. C., stating such a project was not feasible. His letter said in part:

"NIKE locations are established with primary regard for tactical considerations, specifically as

related to the most effective performance of the assigned mission. The selection of these locations results from such considerations as the most likely directions from which enemy attack may be made, the shortest and least sensitive communications routes between elements of the defense, and the pattern site locations which will provide maximum effectiveness . . ."

"In the case of the planned deployment for defense of Dyess Air Force Base and Sheppard Air Force Base, Munday will be outside the area in which effective sitting of the missile batteries can be accomplished. The Headquarters, Department of the Army appreciates the interest of the citizens of Munday in promoting the defense of the nation.

Their offer of assistance in setting NIKE units is nonetheless important, although Munday cannot be considered for the proposed NIKE deployment."

LOCALS

Mrs. L. E. Ledbetter of Fort Worth is visiting her son and wife, Mr. and Mrs. J. C. Ledbetter, this week.

Mr. and Mrs. R. E. Foshee visited Mr. and Mrs. Ronald Foshee and daughters in Midland over the week end. Mrs. Foshee remained for a longer visit.

Week end guests in the home of Mr. and Mrs. Walter Coody

were Mr. and Mrs. Ronald Coody and Julia of Wichita Falls, Mr. and Mrs. Weldon Herring and Robbie and Mr. and Mrs. Walter Paul Coody of Abilene. The Ronald Coody's also visited her parents, Mr. and Mrs. Vernon Rounton.

Glenn Amerson left last Thursday for Lubbock to resume his studies at Texas Tech after spending the midterm semester holidays with his parents, Mr. and Mrs. J. H. Amerson.

Tuggle and Sandy of Wayside, Mr. and Mrs. Dorris Tuggle and sons of Brownfield, Mrs. Richard Kirkland and children of Fort Worth, Mr. and Mrs. Jerry Tuggle and daughters of Newark, Calif.; Mrs. Larry Malms of Seymour, Mr. and Mrs. Jimmy Bell and children and Jerrell Lee Elliott of Abilene.

Speed doesn't shorten the road . . . it shortens your life!

COTTAGE CHEESE MAKES TASTY DIP

Cream style cottage cheese can be whipped smooth as whipped cream in an electric blender or mixer, says Beatrice Cooke, director of the Meadow Gold Test Kitchens. For a flavormore dunk, simply add a dash of salt, some scraped onion and a drop of soy sauce to the whipped cheese.

An inventory of your soil now will provide a basis for planning a fertilizer program which will supply needed plant nutrients and help your crops produce nearer their yield potential. A soil test will give this inventory, says Bill Bennett, extension soil chemist.
