Odd Bits Salvaged
By The Editor

The return address on this piece of mail we received was The Continental Magazine, post-marked Detroit, Mich. It looked very much like "File 13" mail, and it almost went into this file without being opened.

Then we had a second thought, and received a surprise!

The envelope contained a copy of The Munday Times — one which we had never seen before, and we doubt if we could search this office and find one.

It was dated July 26, 1923, and was published just ahead of Munday's entertaining the locating board of Texas Technological College. Munday was making a strong bid for having the college located in Knox County.

Although Munday lost the bid, and the college went to Lubbock, we doubt if a more united and concerted effort has been made for any cause by leaders of our town.

The paper carried pictures of the six members of the locating board, and a program of speeches, male quartettes, and band music for their entertainment.

Local pictures were of W. R. McInnis, president of the Chamber of Commerce; Dr. Wm. P. Farrington, who wrote a column on "Health Conditions Good Throughout This Section; Edwin Heald, secretary of the Mid-West Poultry Show; W. A. Wilson, secretary of the Chamber of Commerce; T. G. Benge, manager of the Munday Cotton Oil Co., who wrote a timely article; J. S. Kendall, city attorney; Mrs. J. M. Diggs, who wrote a brief history of Munday; City Marshall C. R. Elliott, whose article was on "Law and Order"; Dr. J. R. Smith, who wrote on "Agricultural Resources of Knox Prairie"; Mayor Judd E. Hammond, whose article was on "Community Cooperation."

Publisher J. A. Kennedy said: "Our committee has arranged to escort the Board from Seymour, through Gore, arriving at Munday at 2:30 p.m. They will go into business session with the Board at once, placing before them Knox County's proposition for the school. After the business session it is planned to show the Board over the proposed sites for the college, going as far north as the Brazos river, thence back south over the other sites, and to Knox City and back to Munday. The Board is to remain overnight in Munday. This gives us an opportunity to show them some real West Texas entertainment. This the committee has arranged for, consisting of an old-time get together picnic supper to be followed by a most interesting program."

"Truly the citizenship of Munday is great," Kennedy said elsewhere in the paper, "and the future can hold nothing but enviable progress for such a people."

Oldtimers, especially will be interested in those who advertised in this paper. They included: Loveless Drug Co., Haley's Garage; George Isbell, Dodge dealer; Ed Bauman, Ford dealer; Fisher Drug Co.; John C. Spann, tailor; Elland's Drug Store; First National Bank; First State Bank; Home Bakery; P. B. Broach & Son, "prize winning meats"; Guinn Brothers, Hdw.; Arthur A. Smith, M. D.; Baker Campbell Co.; M. F. Billingsley, lawyer; Dr. E. E. West, dentist; Campbell Merchandise Co.; Peoples Theatre; Dr. D. J. Lowrey, veterinary surgeon; J. D. Kethley, optometrist; Munday Hardware and Furniture Co. Not many of these names we "newcomers" can recognize today!

We told a friend about getting this paper, and during the conversation, he remarked: "You know, if we'd gotten that school it shore would have ruined some good farming land!"

REV. POLNAC PREACHES AT WEINERT CHURCH

Rev. Huran A. Polnac, Jr., of Fort Worth preached at the Weinert Baptist Church at both morning and evening services last Sunday. He is a 1953 graduate of Munday High School.

His father is a former pastor of the First Baptist Church of Munday.

Large Growth Marks Stamford P.C.A. Annual Meeting; Board Is Reorganized

More than 1,150 stockholders and guests from an eight-county area of West Texas attended the 28th annual meeting of the Stamford Production Credit Association, held Saturday in the Cow-boy Reunion Hall in Stamford.

The business meeting of the agricultural credit organization was highlighted by reelection of a member of the board of directors, and addresses by Charles A. Winn of Austin and Alton Cook of Houston.

J. C. Moorhouse of Benjamin was reelected to his third three-year term on the board of directors following the withdrawal of R. J. McAteer of Spur. McAteer, who had been nominated, together with Moorhouse, for the director's post, announced his withdrawal by letter than made the motion to elect Moorhouse by acclamation.

Holdover directors are President C. G. Burson of Haskell, Vice President J. F. McCulloch of Stamford, Lasater Hensley of Guthrie and Mack T. Claburn of Anson.

At a board reorganization meeting held following the annual meeting, Burson and McCulloch were reelected president and vice president. Also reelected were General Manager J. L. Hill Jr., J. R. Gleaton and Cliff Cobb, all of Stamford.

Winn, the guest speaker, is Southwestern Representative of Farm Credit Services, Inc., publishers of "PCA Farming" magazine. He urged all farmers and ranchers to be good public relations practitioners on behalf of the Production Credit System and agriculture in general.

"We in agriculture should all thank our lucky stars for our Production Credit system of agricultural financing," Winn said, "and thank our lucky stars for the ability of our agricultural system to produce in the quantity it does."

Cook, assistant vice president of the Federal Intermediate Credit Bank of Houston, traced the growth and development of the bank as discount and supervisory agency for all 36 Production Credit Associations in Texas. The bank provided more than \$400,000,000 in credit for the associations and other financing organizations in 1961, Cook revealed.

In his report on directors' activities, Vice President McCulloch encouraged the use of the association services, saying, "Good credit is the badge of good citizenship."

Manager Hill gave the association's financial report. The as-

Absentee Vote Started Monday

Voters of Texas started picking their favorite candidates in the May 5 Democratic primary last Monday, when absentee voting got under way.

Ballots for Knox County were delivered to the county clerk's office in Benjamin last Saturday so they would be available for those desiring to vote absentee.

The state's large field of candidates are covering virtually every part of the Lone Star State in putting in their bids for votes.

Everything seems comparatively quiet in Knox County, with very little election talk going on among the voters, although there are a number of contested races locally. The five important offices in which there are two or more seeking election include those of county judge, treasurer, sheriff, and those of commissioner of precincts two and four.

In addition, the incumbents in the offices of state senator and state representative also have opponents.

Pre-School Children To Enroll April 26

Thursday, April 26, will be "school day" from 8:30 a.m. until noon for pre-school children—those who will be six years of age on or before September 1.

Children must be accompanied by a parent, so they may be enrolled. If convenient, school officials would like birth certificates and vaccination records.

After the child is enrolled, parents will be expected to leave them at the school and pick them up about 12:10. Lunch will be served them free.

Teachers will be assisted that day by the newly organized "Future Teachers" of the high school.

Raymond King of King County, chairman of the nominating committee, presided at the director's election and election of a new nominating committee. Named to the new group were O. L. Glover of Haskell County, C. B. Hager of Kent County, M. C. Pritchett of Dickens County, Freddie Wylie of Shackelford County, Herbert Bellinghausen of Knox County, Lee Smith of Stonewall County, B. H. DeBuck of Jones County and T. E. Long of King County.

The net cost of average loans in 1961 was only \$3.30 per \$100, Hill said. "The cost of money is more important than the interest rate," he declared.

President Burson served as chairman for the meeting and Director Claburn gave the invocation. Music was furnished by the stage band from Hamlin High School.

A barbecue luncheon was served to all stockholders and guests following the business meeting. Percentage of stockholders attending the meeting totalled better than 65 per cent, highest in recent years, Assistant Manager Gleaton said.

The Stamford PCA is owned and operated in its entirety by 1,450 stockholders in its eight-county area. It provides more than \$8,000,000 in short term agricultural credit each year in its area.

Offices are operated in Stamford, Haskell, Munday, Spur and Anson.

Goree Linksters Win Region Crown

Goree's players won the Region I Class B golf championship on Friday, April 13, at Lubbock's Meadowbrook Municipal Course. A field of six teams participated.

Paced by David Harlan, who captured medalist honors for the second successive year, the team racked up a total of 372.

Harlan fired an 82, with his teammate, Jackie Barger, the second lowest shooter, completing with 85. Others on the team were Joe Hunt, with a score of 102, and Jackie Green with 105.

The team will compete for state championship in Austin on May 3 and 4 for the second consecutive year.

Girls Rescued As Fire Damages Home On Saturday

Two small colored girls were saved from their burning home here about 3:30 p.m. Saturday by an alert resident.

Luther Odum rushed into the burning John McKnight home, in the colored section of town, and carried the two girls, one five months old and the other about 1 1/2 years old, to safety.

The children were alone at the home while their mother, Mrs. McKnight, was at the laundry.

The local fire department rushed to the blazing home and had the fire extinguished in about 30 minutes.

The fire started in a bedroom where a lot of clothing was on the floor, and damage was confined mostly to this room. Damage was estimated at about \$75 to the house, owned by Rev. R. S. Sanders, and \$150 to the bedding, clothing and furniture.

Corse Makes Statement In Senate Race

By now, all you folks whose names and addresses we could find, should have received a letter, telling you all about myself and my family.

I should like for you to know that each one of these letters was addressed personally, either by myself or Mrs. Corse; if you failed to receive one, I would appreciate very much your writing to me . . . George Corse Jr., 610 Oak St., Graham, Texas and we shall be most happy to mail one to you.

Since personal facts about myself and my family are in these letters, I shall not repeat them here; instead, I shall tell you how I stand, as you have a right to know:

"I am a democrat . . . not a rubber stamp (did you ever see two democrats agree on everything?) I reserve the right to disagree with party leaders if I feel that they are violating my Christian principles and ethics, or the good of the people of my district."

"I am a teacher of many years experience and a friend of education; however, I will not agree to any program where I feel the school patrons are being unnecessarily gouged. (witness my (Continued on Last Page))"

Wichita Girl Is Top Area Speller

Kathy Akin, 14-year-old daughter of Mr. and Mrs. Ned Akin of Wichita Falls, was named the 1962 district spelling bee champion at Midwestern University last Saturday. She will represent this district in the national bee finals in Washington D. C.

Runner-up in the contest was Miss Ann Parker of Wilbarger County. She was eliminated from the championship finals when she misspelled "Sema-phore."

Knox County's representative, Miss Anita Bartos, was one of the four disqualified during the morning session. Others were: Zaneta Middleton, Jack County; Johanna Sue Davis, Throckmorton, and Linda Lane, Young County.

Formby Visits Munday Area In Gov. Campaign

Marshall Formby, candidate for Governor, visited with friends Tuesday shaking hands with voters on the streets, and in the stores of Munday.

"The main issue in this Governor's race," Formby said, "is whether Texas will elect its own governor and be a free state, or whether the voters will allow LBJ to get by with sending his fair-haired boy down from Washington to run for Governor. LBJ wants complete control of the state government for his own political purposes and Texas will be in sad shape if this happens."

"We find that the people want a change, but they don't want LBJ running the state and resent his getting his fair-haired boy, John, appointed Secretary of Navy, and then sending him home after eleven months to run for Governor."

Formby is making an intensive tour of every area of Texas. He formerly was Chairman of the Texas Highway Commission, and has travelled in every county in the state of Texas. "I am the only man in this race who is absolutely free; I am not obligated to any politician in Washington. I am not obligated to any minority or special interest group in Washington or Austin. When I take office, I will be obligated only to the people."

"The LBJ machine is at work and will go to any extent to win this election. Pressures are being applied wherever possible. The Washington politicians want to completely run Texas."

"Everywhere I go," Formby continued, "the people are wanting a new face, a new executive in Austin. They are tired of the bickering and quarrelling going on at the state capital. They also want the next Governor to be a man who is not lined up with any of the political cliques in Austin or Washington."

"Folks also want the State to (Continued on Last Page)"

Seniors To Sponsor Wash, Grease Day

The Senior class of Munday High School is sponsoring a car wash Friday and Saturday at Stubb's "66" Highway Station. Many of the Senior boys are experienced in this type of work and will see that your car is serviced properly.

The wash and grease job, which will start at 7:30 Friday and Saturday morning, are priced at \$4.00. If you need your car serviced by a certain time contact any senior class member for an appointment.

Dr. W. O. Beasley To Preach Here Sunday

Dr. W. R. Beasley of the Bible department of Hardin-Simmons University, Abilene, will fill the pulpit at the First Baptist Church in Munday next Sunday, it has been announced.

Dr. Beasley, who will know in this area, will preach at both morning and evening services. The public is cordially invited to hear him.

"M" System Store Plans New Building On Site Of Locker Plant Property

Announcement was made Wednesday that the "M" System Super Markets of Seymour completed a deal this week to purchase the Munday Frozen Food Locker building, the building presently occupied by the U. S. Post Office, and the lots north to F Street.

According to Robert Nix, local

manager, plans are to build a complete new and modern super market, which will be more than twice the size of the present locker building. Construction is planned for the near future.

Mr. Nix stated that the response and patronage of the fine people of the Munday area to the present "M" System Store, together with "our faith in the future growth of Munday," prompted this action.

"It is our desire," he said, "to have in Munday one of the finest, most complete super markets in this area."

Rev. Clifton Igo, above, of La-mesa will be guest speaker at a fish fry sponsored by the Baptist Brotherhood of the Haskell-Knox Association. The event will be held at 6 p.m. April 26 at the Rule-Jayton Camp at Lake Stamford.

Around 750 men from the association are expected to attend. The Brotherhood of the First Baptist Church of Munday has set a goal of 100 men to attend from this community. Plenty of fish, fellowship and inspiration are promised.

Youth Meeting Is Held In Stamford

On April 2 a district Methodist Youth Fellowship meeting was held in Stamford. The purpose of this meeting was to install district officers for the coming year. Installed from Munday were Jan Pendleton, secretary-treasurer and Nancy Penick, publicity.

After the installation services, a missionary from Norway spoke to the group. The Stamford M. Y. F. closed the meeting with a devotional.

Those who attended from Munday were Mrs. Carl Booe, Mrs. J. C. Harpham, Jan Pendleton, Claire Harpham, Sue Kane, Marsha Moore, Pat Penick, Millie Moore, Jackie Booe, Charles Patterson, Lynn Montgomery and Kenneth Smith.

On April 29 the local M. Y. F. is planning a parent night. Miss Barbara Sumerville, secretary of youth work of the Northwest Texas Conference, will be the guest speaker.

Library To Add 400 New Books

The City County Library will have approximately 400 new books added to the shelves this year, which represents the largest single order ever placed during this period of time. From the distribution of monies from the Munday United Fund, \$598.40 was received, which, together with rental fees, fines and other donations, will make possible the total purchase of new books.

Books recently added to the library include: "Pictorial Atlas of the World" published by Life Magazine editors; "The Sea" from Life's Nature Library; additions to the Texas Bookshelf include "The Cowboy Reader," "The History of Texas," "Famous Texans" and "Why The Chisholm Trail Forks".

According to Mrs. Don Combs, librarian, a complete volume of twenty books known as "The Young People's Science Encyclopedia" is already on order.

As a tribute to the local Library, Mr. and Mrs. Ed Johnson gave a gift subscription of National Geographic Magazine for one year during National Library week. This gift will accommodate many students in their search for current material for themes and historical events.

Last year the Library added 238 new volumes by purchase and 138 by gift.

At this time new shelves are needed to accommodate the books on order. Records show the library's activities topped an all time high with a total of 936 books being checked out since January 1, 1962.

Three Injured In Accidents In County For March

The Highway Patrol investigated 3 rural accidents in Knox county during the month of March according to Sergeant Frank Jirick Patrol Supervisor of this area.

These wrecks accounted for three persons injured and an estimated property damage of \$2,050.00.

The rural traffic accident summary for Knox County from January through March of 1962 shows a total of 10 crashes. As a result of these crashes there were no persons killed and 9 persons injured. The estimated property damage amounted to \$5,645.00.

With the coming of April, motorists will be getting back out on the highway to enjoy the invigorating atmosphere and colorful country side. The patrol supervisor pointed out that this will cause highway travel to be multiplying by leaps and bounds.

He urges motorists, pedestrians and all street and highway users to know and obey traffic laws, regulations, ordinances and their application, and pledge their continuous vigorous support of these laws, so that accidents may be prevented and safety universally promoted.

MAKES HONOR ROLL

Among students making the dean's honor roll at Texas Technological College in Lubbock for the previous semester is Mrs. Elizabeth Janette Link of Level-land.

In order to qualify a student must have made a two point grade average or above.

Mrs. Link, who was reared in Munday, is a senior student, majoring in elementary education. She will receive her Bachelor of Science degree in the May commencement exercises. She is the daughter of Mr. and Mrs. Oscar Spann of Munday.

Pictured above are, l. to r., top row: Troyce Leann, daughter of Mr. and Mrs. Elwin Darter; Ricky, son of Mr. and Mrs. Joe Decker, and Le Ann, daughter of Mr. and Mrs. Lee Bowden; bottom row, Dennise, Ricky and Lennie Joe, children of Mrs. Dorothy Williams.

Clipping The Bible:

Paul, an inspired writer, said: "Therefore being justified by faith, we have peace with God through our Lord Jesus Christ." (Rom. 5:1.) James, another inspired writer, says: "By works is a man justified, AND NOT BY FAITH ONLY." (Jas. 2:24.) Question: Does Paul contradict James? Certainly not! Does James contradict Paul? No! Should we cut out-REJECT the statement of either inspired writer? We should never be guilty of REJECTING any portion of God's word, but look for a solution. Cutting out a verse of scripture does not settle the problem. Paul had been arguing that we are justified by faith in Christ, instead of by works of the law. James was arguing that faith without works would not justify. James was not arguing that the works of the law of Moses would justify, but that faith in Christ would not justify without obedience. NOTE: "Though he were a Son, yet learned he obedience, by the things which he suffered; and being made perfect, he became the author of eternal salvation UNTO ALL THEM THAT OBEY HIM." (Hab. 5:8-9.) AGAIN: "But God be thanked, that ye were servants of sin but ye have OBEYED FROM THE HEART that form of doctrine which was delivered you. BEING THEN MADE FREE FROM SIN; ye became the servants of righteousness." We are going to have to clip this out of the Bible or else admit that a man is justified by a faith which works, and NOT BY FAITH ONLY. Let us not be "Bible clippers," but accept all of God's word.

Letters From The People

Dear Editor:

At the beginning of the Miller's Creek project, there were three men appointed by the city councils of Haskell, Seymour, Goree, Munday, Knox City, Rochester and Rule to work with the engineers and the fiscal agent in seeing if a lake on Miller's creek was feasible.

Brazos River Authority was contacted, and they agreed to furnish about \$7,000 to help pay

for the core drilling, topographical survey, aerial pictures, engineering work, etc.

The various cities put in their proportionate share, according to the water meters that were installed at that time. The planning committee promised to repay the cities if, and when, the lake was built.

Everything came in favorable, so the bill was introduced in the House by Ed Cloud of Rule, our representative at that time. The bill was put through the Senate by Senator George Moffett, and the bill creating the North Central Texas Municipal Water Authority of Haskell, Knox and Baylor Counties was signed into

Notice

The regular annual meeting of the Farmers Cooperative Gins of Munday, Texas will be held Saturday, April 21, 1962 at 2:00 p.m. at the American Legion Hall.

Door prizes will be given away.

Mr. Ennis Moss, Mr. John Gordin, of the Moss-Gordin Co. and Mr. Weldon Martin, manager of the Farmers Cooperative Association of O'Donell, Texas will be the speakers for the meeting.

There will be three (3) directors elected, the audit for the year will be given, and the earnings for the year distributed.

This meeting is very important—DON'T MISS IT.

—VOTE FOR—

D. E. Whitworth

For SHERIFF, Knox County

Stands For: Equal law enforcement for all areas of Knox County.

Pledges: If elected your sheriff, that the sheriff's department will keep around the clock watch during the spring storm period and keep in close touch with all Civil Defense and storm warning stations to warn our citizens of the approach of tornadoes or damaging storms.

Believes: That the application of religious and moral teachings are essential in curbing juvenile delinquency.

Farm Facts

Agriculture is big business. It is one of the nation's biggest businesses. Farm investment in the U.S. exceeds \$200 billion and it has been climbing steadily over the years.

The Agricultural Marketing Service of the U.S. Department of Agriculture points out that total assets of agriculture—value of land and buildings, machinery and motor vehicles, crop and livestock inventories, household equipment, and financial assets—increased from \$53 billion on January 1, 1940, to more than \$208 billion on January 1, 1960. This was almost a fourfold increase.

Approximately 30 per cent of the increase in total farm assets resulted from investment by farmers in the various types of farm capital assets, in excess of depreciation or depletion. The remaining 70 per cent represented capital gains to the owners.

The aggregate increase in value of farm assets from 1940 through 1959, net of farm investment, was \$109.6 billion, or an average of \$5.5 billion each year. Higher val-

ues of farm real estate have been most important, accounting for about 80 per cent of all farm capital gains in the last 20 years. From 1952 to 1960 the value of farm real estate increased from \$96 billion to \$129.1 billion.

law by Gov. Price Daniel.

Then a confirmation election was called to see if the voters wanted to form the Authority. Knox City and Rochester dropped out in the election. Then the second election was held to vote the water contract and bonds. Seymour dropped out at this election.

The project was refigured, and some changes made, and the third election was held in Goree, Haskell, Rule and Munday. This vote was favorable, so directors were appointed to represent the various towns.

It became necessary to employ engineers and a fiscal agent. This we did, and they have completed their work up to the present time and have been partly paid, but there are still some outstanding debts we owe them that must be paid.

I am being asked daily if we are going to build the lake on Miller's creek. My answer is a positive yes. Law firms in Fort Worth, Dallas, Houston, Austin, Abilene and Munday have done a lot of research work of court records of cases similar to ours. For the last 44 years, where the judgment was upheld in favor of the Authority that was in question by the Supreme Court. Again, I would say yes.

When the people of Haskell, where there seems to be so much opposition, voted by almost four to one to build a lake, and did pay a little over three-fourths of their 1960 taxes, and a like amount in 1961—then I would say yes again.

We, as directors, were appointed to represent the various towns in building a lake, and were put

Bridal Shower Is Given To Honor Emma Jean Cooke

A bridal shower was given in honor of Miss Emma Jean Cooke, bride elect of Henry Pape, Thursday night, April 12, from 7:30 to 9:30 in the Memorial building in Goree.

In the receiving line with the honoree was her mother, Mrs. Lynn Cooke; her sister, Mrs. Mark Norton, the groom elect's mother, Mrs. F. W. Pape, and grandmother, Mrs. Ray Riddle of Quanah.

The table was covered with a white cloth over blue. The centerpiece was a miniature bride in a flower garden. The bride doll wore a replica of the honoree's bridal dress.

Hostesses for the occasion were Mrs. Dewitt Green, J. D. Hicks, Harold Beaty, George Weber, Jerry Williams, Jeff Lowrance, Johnnie Chamberlain, Cy Lain, W. H. Kelly, Noralene Wiloughby, Bob Brown and Earl Little.

Miss Sherry Cook And Abilene Man To Wed On June 2nd

Mr. and Mrs. A. L. Cook of Gilliland are announcing the engagement and approaching marriage of their daughter, Sherry Andra, to Jerry R. Miller of Abilene. The wedding is set for Saturday, June 2, in the college church chapel.

Miss Cook is a 1961 graduate of Munday High School and is presently a sophomore in Abilene Christian College. Mr. Miller, son of Mr. and Mrs. Ralph Miller of Merkel, is a 1961 graduate of A. C. C. and is now teaching in the Abilene School system.

SUFFERS INJURY

Mrs. Emmett Partridge fell last Sunday morning while preparing to go to church and broke her hip and wrist. She underwent surgery at the Breckenridge Hospital in Austin and stood the operation fine. She is visiting in the home of her son, Danny Partridge, and family in Austin.

Miss Sherry Cooke of A. C. C. in Abilene came in last Thursday, due to her illness, and is recuperating in the home of her parents, Mr. and Mrs. A. L. Cooke, in Gilliland.

Plans for the 53rd annual summer cotton school at Texas A&M College have been released.

The school will be held from June 4 to July 13. Attendance for the full period is advisable, points out Professor J. M. Ward, Department of Agricultural Economics and Sociology and in charge of the school, but persons in the cotton business who are unable to remain for six weeks may enroll for two or four weeks of study.

Ward said the purpose of the school is to provide training for persons who expect to enter the cotton trade; for producers who would like to learn more about cotton marketing and for buyers who wish to review grade and staple standards or become more familiar with the elements of quality in cotton.

Such important phases of the cotton industry as grading, stapling and the determination of cotton properties and trade procedures will receive major attention, Ward said. Much of the time will be spent doing actual practice work and in discussions, but visiting specialists will lecture on various phases of production, marketing and processing of cotton, Ward added.

Detailed plans for the school may be obtained by writing Ward in care of the sponsoring department, College Station, Texas.

Officers Recently Named For Weinert Cemetery Group

R. L. Edwards, president of the Weinert Cemetery Association, called a meeting for the purpose of approving the drawing of a blue print of the cemetery and for setting permanent dates for cleaning of the cemetery. The date decided upon was the last Saturday in April each year. April 28 will be the date this year.

Mr. Edwards asks for all that have lots to be at the meeting so that the blue prints may be correctly drawn up.

Clyde Mayfield was appointed to head the nominating committee with R. S. Sanders and Melvin Volkufka to select new officers for the year 1963-64.

Officers are as follows: president, R. L. Edwards; vice president, Mrs. Ben Bruton; secretary, treasurer, R. S. Sanders. Board members are Melvin Volkufka, Mrs. Marvin Phemister, Burgess Forehand and Mrs. Robert Hutchison.

SISTERS VISIT HAWAII

Mrs. J. S. Shannon returned home last Saturday from a two weeks vacation in Hawaii. For the trip to Hawaii, Mrs. Shannon joined her sister, Mrs. E. F. Bartlett, in Wellington and they joined their sister, Mrs. J. A. Graham in Denver, Colo. From Denver the three ladies went by train to San Francisco, Calif., and from there by plane to Hawaii for their two weeks vacation. They visited J. A. Graham, Jr., who is in the Marines and stationed in Hawaii. They flew back to San Francisco and while on the west coast took the tour from San Francisco to Los Angeles. Mrs. Shannon reports that they all had a wonderful time.

Mr. and Mrs. Joe Duke of Wichita Falls were Sunday guests of her parents, Mr. and Mrs. A. B. Warren.

AN IMPORTANT MESSAGE TO THE FARMER FOR 1962

The PANHANDLE MUTUAL HAIL ASSOCIATION has paid back to the farmers an average of 84¢ of each premium dollar over the last 3 years for HAIL LOSSES. The loss benefits is the important and simple crux of any insurance policy, and much sweeter than any high dividend or deviation.

TEN REASONS WHY PANHANDLE MUTUAL HAIL ASSOCIATION IS ONE OF THE LARGEST CROP HAIL WRITERS ON TEXAS CROPS:

1. All Texas policies are reinsured by the LLOYD'S OF LONDON with billions of dollar assets.
2. All liability is mapped and limited by section and township.
3. Approximately FOUR AND ONE-HALF MILLION dollars paid to West Texas farmers for losses the last five years.
4. A-PLUS (EXCELLENT) RATING BY "DUNNE'S FIRE AND CASUALTY REPORT."
5. Required legal reserve (policy holders surplus) maintained at all times and deposits are kept in LOCAL BANKS throughout the West Texas area.
6. The PANHANDLE SPECIAL cotton policy DOES NOT have the REPLANT clause and we DO NOT use the PLANT POPULATION adjustment at any time.
7. We do offer the FB-10 and FB-5 cotton coverage (with replant) at reduced rates for late cotton.
8. The PANHANDLE Wheat Policy is the only policy with the "Extra Harvest Expense Award" benefits, also with the 10% credit on Tassosa and beardless wheat, only 48 hour waiting period instead of 120 and a premium saving in most counties.
9. Free cancellation on crop failures (See Dates) . . . arbitration clause.
10. Your PANHANDLE MUTUAL HAIL ASSOCIATION wants to serve you with "THE THINKING MAN'S HAIL INSURANCE."

Be sure and talk to your PANHANDLE MUTUAL AGENT now to compare and study the coverages and rates, because of the many coverages that are now being offered, you need to know which policy fits your West Texas farming conditions the best.

Weekly Health LETTER

Issued by the State Health Department

AUSTIN—A rising tide of hepatitis, sometimes called "yellow jaundice," engulfed 3,155 Texans last year, a 38 percent increase in cases compared to the 1960 rate.

Cases of both serum and infectious hepatitis are included in those figures.

Infectious hepatitis has been rising throughout the Nation for the past two years. In Texas, cases reported during 1961 exceeded any other 12-month period since the State Department of Health began keeping records on the affliction in 1952.

The reason for the present upsurge is not known. Public health physicians say the disease seems to attack relatively large numbers of people—mostly youngsters and young adults—in regular cycles.

The elusive hepatitis virus attacks only humans. No other animal is known to be susceptible.

Infectious hepatitis—the virus of which is present in both blood and body wastes of patients—is usually spread by close contact with patients or carriers, and perhaps in contaminated food or water. Serum hepatitis produces almost identical symptoms but the virus is found only in the patient's blood.

Most cases of infectious hepatitis occur among children and young adults, but people of all ages are susceptible. Fortunately, the disease is rarely fatal. Doctors report that the death rate seldom exceeds two percent, even in epidemics.

Victims usually begin feeling sick three or four weeks after exposure. They usually lose their appetite, feel fatigued and weary. They might be severely nauseated, and will feel achy and sore. A sensation of heaviness may be felt in the stomach.

One of the most prominent symptoms is a yellow discoloration—known as jaundice—of the skin and whites of the eyes. But some persons never show such discoloration, and children some-

times contract the disease without showing any of the typical symptoms.

Having one bout with infectious hepatitis usually, but not always, insures against a second one. In any suspected case, a physician should be called at once. Bed rest and adequate diet are necessary to an uncomplicated recovery.

The most efficient tools for preventing infectious hepatitis are good personal hygiene, hand-washing before eating or preparing food, and a high level of community sanitation. Contacts of known cases should see their family physician as promptly as possible after exposure to see if injections of immune serum globulin are advisable for passive protection.

IT PAYS TO ADVERTISE:

Activities of The Colored People

By Fannie Mae Johnson

Sunday School was well attended at churches Sunday.

Sunday was a high day at West Beulah at the 11 o'clock hour. Rev. George Wilson preached, using for his subject "Who Am I." Two came to the church for membership. The spirit ran high with men and women giving God the praise.

At 7:30 o'clock Rev. Wilson came with another burning message from the 7th chapter of Genesis, using for his subject "God and the Church." Mr. Milton Murry came to the church for membership at that hour. The three nights meeting last week was by J. L. Shellman of Anson. On Wednesday he spoke from Isaiah first chapter and 18 verse. Thursday night he talk from Rev. 5th chapter and 4th verse. Friday night he talk from Matthew 13 chapter and 22 verse, subject lamps without oil.

Sunday evening the deacons' reunion was held at the Church of God in Christ. Our hearts burn within us. We are happy to know that men are standing on

the burning walls trying to point dying man to the living Christ. We realize that God have what the world needs. He told the woman at the well that He could give her that living water. He also said men should always pray and not faint.

Mr. Walter Jones went to DeKalb on the week end.

Mrs. Ella Mae McDonald of Dallas is visiting her parent, Mr. and Mrs. Walter Jones.

Mrs. Alta Faye Johnson of Tulsa, Okla., visit here on the

week end. Mr. Luther Oudens is credit with saving Mr. and Mrs. Johnny McKnight's two small children when he went into the burning house and carried them to safety.

Mrs. Willie Lee Scott of Knox City is visiting her parents, Mr. and Mrs. Willie Toliver.

We are asking all christians to attend Easter service at sunrise Sunday morning at the West Beulah Church. Come and let us worship together.

Knox Prairie Philosopher Is Mad Because The Increase Of Steel Price Won't Up The Price Of Farm Products

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek has found out about the increase in the price of steel, his letter this week indicates.

Dear editor:
As I understand it, a lot of people, including the President, have gotten mad because the steel industry raised the price of steel, but I had managed to control my temper until I read all the reasons why the price increase was called inflationary and therefore bad for the rest of the country.

According to the experts, you raise the price of steel and automatically you've raised the price of cars, homes, refrigerators, freezers, vacuum cleaners, tractors, plows, wrenches, nuts and bolts, etc.

But, and here's what made me mad, nowhere in the list did you read that raising the price of steel would raise the price of farm products.

I checked all the lists, from all the Congressmen eager to be quoted, from all the economic experts, and not a one was worried about the possibility of cotton or

corn or potatoes or fruits or vegetables or chickens or eggs or milk or beef or pork or anything else grown on a farm going up.

This is what burns me up. How come farmers ain't signed up with the economic index the same as steel and labor and nearly everybody else, outside of school teachers and preachers? How come we can't get in on the inflationary spirals?

The truth of the matter is, everybody takes farmers for granted so much that if we all announced that starting next Monday morning the price of all agricultural products would be increased 10 per cent on account of the increase costs of production, you think anybody would get on television and denounce us? Everybody would just bust out laughing.

We not only couldn't get anybody to denounce us, we couldn't get anybody to pay any attention to our price rise, people would just keep on paying the same old price, or possibly a little less.

Washington has nothing to worry about when it comes to us farmers doing anything inflationary. You're not going to catch us rocking the economic boat. We're too busy bailing water for that.

Yours faithfully,
J. A.

give the services demanded by its citizens, but they want the State to operate on a cash basis. This I intend to do if elected Governor."

Formby said that he didn't believe in making too many promises, but one promise he is making is that he will do something about the unfair, so-called "merit" rating plan for car insurance. "It is ridiculous for a driver to be penalized \$60 to \$100 on his car insurance just because he is convicted of a minor traffic violation," Formby said. "You can be penalized this amount by being convicted of going even 3 miles over the set speed limit. This ruling must be amended. It is double jeopardy."

The conservative Democrat's platform calls for simplified tax laws, raising speed limits on four-lane divided highways in rural areas—but with strict enforcement adequate doctors and nurses with the best possible hospitals and facilities for them, the finest schools and colleges, lower taxes on homes, and, less red tape for businessmen and farmers.

Formby is a successful businessman. He is a practicing attorney, a farmer, and co-owner of four Texas radio stations. Formerly a County Judge and a State Senator, he spent four years with the Army Engineers during World War II and 20 months in Europe.

Marshall Formby is a graduate of Texas Tech, has a Master's Degree in Journalism from the University of Texas, and studied law at Baylor University. He and his wife, the former Sharleen Wells of Alabama, have two children, Frances, 6; and David, 4.

"I am a business man (a little music store in Graham) but I cannot agree with sharp business practices, such as secret price agreements, secret "kickbacks," misleading advertising or unrestricted monopoly in any form."

"Most of us are better off materially than ever before in our lives, but there is widespread unhealthy cynicism among many people about our government, both state and national; I hope to help dispel some of this cynicism. There are many good men willing to serve their state and nation without getting rich in the process; at this time, as never before, we must have forthrightness and honesty in government. If necessary, this must be enforced with even stiffer laws and more severe penalties for those individuals who divert public funds for their own private use."

"I am a christian and go to church regularly. None of us is perfect, but I do try to practice Christian ethics through the week as well as on Sunday."

"As a real Democrat, I do not believe that anyone should hold the same office too long, such as a lifetime (that is the way they do in kingdoms and dictatorships, but it is not democratic). Therefore, I ask your vote in the democratic primary on May 5, 1962 for State Senator of the 23rd District."

Sincerely,
Geo. Corse Jr.

Spanish Club Has Meeting On Friday

The Spanish Club of Munday High School met Friday, April 13 with Dickie Partridge, vice president, presiding.

The main program was given by Kathleen Yeager which was a talk on "The Early Civilization of Central America." Dickie Partridge and Jan Pendleton gave a review of the history of Pan American Day, which was April 14.

WANTED BY THE FBI

Eugene Francis Newman

Newman is the alleged machine gun-carrying leader of a gang that attempted the robbery of an armored car carrying \$498,500 in American and Canadian currency in Buffalo, New York on August 2, 1955. He and his associates, wearing silk stocking masks, engaged in a running gun battle with the truck's guards and Buffalo Police, and a machine gun bullet, allegedly fired by Newman, seriously wounded a guard. Two bandits were quickly apprehended but Newman remains at large.

A complaint, filed before a U.S. Commissioner at Buffalo, New York, on August 5, 1955, charges Newman with fleeing the State of New York to avoid prosecution for robbery.

Heavily armed, with a violent temper, Newman has previously been convicted for theft of Government property, interstate transportation of a stolen motor vehicle, petty larceny, and burglary.

He is a white American, reportedly born on October 3, 1928, at Brooklyn, New York, who is 5'8" tall, weighs 170 to 180 pounds, has blond hair, blue eyes, a medium build, and medium complexion.

He has scars near his right eye, on the back of his right hand and on the center of his left chest. A birthmark appears on his upper left arm and a mole on his left index finger. Tattoos include the name "Danny" and a heart on the outside of his right forearm, and the number "13" within a dotted circle on the back of his left hand. He has worked as a bricklayer, clerk, construction worker, counterman, and laborer.

Consider extremely dangerous. Please immediately notify the nearest FBI Office of any information concerning his whereabouts. 4-19-62

Mrs. Charles Baker and Mrs. Tom Bullington visited in Dallas last Tuesday and Wednesday.

Plastic coated containers have been developed for packaging fluid milk and are now being used on a trial basis, reports A. M. Meekma, extension dairy specialist. The manufacturer says the new containers will eliminate loose wax particles in the milk, do away with leaky cartons and improve the appearance of the package.
