Are you gonna be one of the more than three million?

k-k

A report came from the Texas Department of Public Safety last Monday that over three million vehicles in Texas will have to be safety inspected during the next five weeks. Only about two million have been inspected since the 1965 inspections began last September.

k-k

Capt. Alan Johnson of the Motor Vehicle Inspection Service predicts there will be long waiting lines in order to get the vehicles inspected by the April 15 deadline.

k-k

And there will be no extension of the deadline date, he declares.

k-k

Will you be in the waiting line? We won't! We've had ours pass the inspection—so we can romp on you if we want to!

k-k

Munday now has two official inspecting stations—only one until a few weeks ago. One of the inspectors said Monday only about one-third of the area autos have been inspected. "I'm kinda worried about that waiting line, myself," he said, "cause I'll be doing those late inspections." Hurry on up, will you?, and get your auto out of the way.

k-k

"Merlin, The Great" will be in Munday for two shows on Friday and Saturday nights, and members of the Munday Lions Club are urging you to come see this hypnotist in his entertaining show. Many are still recalling some of his entertaining acts when Merlin last visited here.

k-k

Another event you will need to mark on your calendar is the annual Chamber of Commerce banquet, which will be held on Tuesday, March 23, at the school auditorium. Tickets are now on sale for this event, and most anybody connected with the Chamber of Commerce will be glad to let you have one or two, or more.

k-k

We've heard the speaker, Cayce Moore, on another occasion—and we think you'll get your money's worth. Moore is a barber down at Hearne, with a colorful background of wit and humor. He has been called America's number one barber, philosopher and humorist.

A total of 50 persons donated blood last Thursday during the visit of the Red River Regional Bloodmobile here. Those who are willing to share their blood to aid the sick and wounded are to be commended. We've heard, too, of several people who say they feel better after giving blood.

k-k

Most unusual among the donors was W. E. Taylor Jr. of Abilene, a traveling salesman who was here on business. Upon learning the bloodmobile was here, he contacted authorities, went to headquarters and gave his 64th pint of blood. Reports reached us that he has a rare type of blood; and, because of this, he is always willing to become a donor when the occasion presents itself.

We read of tragedy by automobile accident every day, but take it in stride as all in the day's news. It's not until it gets so close to home that we realize the tragedy of such accidents. The lives of two young Munday men were snuffed out in the twinkling of an eye last Sunday. It's just news to those way down state, but we and the community mourned with the bereaved parents as they completed arrangements for burial of their loved ones.

k-k

A day like last Monday can't be appreciated more by anyone than by this writer. After so many days of wind, then traveling to Quannah and on to Amarillo in varying stages of wind and sand, we feel that a quiet day like Monday is what keeps West Texans in West Texas.

k-k

The sand was really moving when we left Amarillo around 1 p.m. Saturday. As we put the miles behind us back to Quannah and Munday, the wind ceased to some extent and the sand didn't pepper the windshield so violently.

k-k

"I wouldn't like to live in Amarillo—the wind blows too much," said Quannah editor Ed Eakin as we started the home-bound journey—to which we and Editor Bill Klepper of Crowell readily agreed!

C. R. Parker, 86 Died In Dallas; Funeral Monday

Charles R. Parker, 86, resident of Munday for over 40 years, passed away at 5 a.m. Saturday in a Dallas recovery home, following an illness of one month.

Mr. Parker was born December 23, 1878, in Comanche and was married to the former Estelle Reese of Carlson. She preceded him in death in 1961.

Mr. and Mrs. Parker had lived in Munday since 1920. Following her death he made his home with a daughter in Dallas. Before his retirement, he was employed by the Munday Compress.

Funeral services were held at 2 p.m. Monday from the First Methodist Church in Munday with the pastor, Rev. John Street, and Rev. Frank Weir, pastor of the First Methodist Church, officiating.

Burial was in Johnson Memorial Cemetery under the direction of McCauley Funeral Home. Serving as pallbearers were B. B. Bowden, John R. Rayburn, Wallace Reid, Tommy Holloway, Charles Seale, and Cecil Fitzgerald.

Survivors include a daughter, Mrs. Alan Seale of Dallas; three sons, Homer Parker of Riverside, Calif., Weldon Parker of Grants, N. M., and Cecil Parker of Tempe, Ariz.; one sister, Mrs. Mae Snyder of Bakersfield, Calif.; a brother, J. F. Parker of Fellow, Calif.; 12 grandchildren and 17 great-grandchildren.

Local Donors Give 50 Pints

Those plugging for the Red River Regional Bloodmobile last Thursday kinda "beat the bushes" late that afternoon, but rounded out a quota of 50 pints of blood for the Munday area.

Learning of the bloodmobile's visit, a travelling salesman, W. E. Taylor Jr. of Abilene, cleared with technicians and donated his 64th pint of blood.

Also donating was Ray D. Ford of Munday, who joined the Gallon Club with his donation. The last donor was Gene R. Haynie, local barber. He arrived at the bloodmobile center in the First Baptist Church at 5:57 p.m., just three minutes ahead of closing time. He was the 50th donor.

Knox County's blood chairman is Herbert Bellinghausen of Knox City. Red Cross chairman for Munday is Jesse G. Smith, and blood drive organizer is Mrs. D. C. Elland, Sr., whose husband founded the program for Knox County.

Farm Bureau Is Moving This Week

"We're moving back to town" said Dianna Bruce, secretary of the Knox County Farm Bureau, when she called us Tuesday morning telling us that the Knox County Farm Bureau is moving their location to the building next to Clarice's Dress Shop. The building is owned by Mrs. Fred Broach, Sr.

She stated that they would start moving the office equipment Tuesday and would be going full blast by the time we got out the Munday Times.

Band Calendars To Go On Sale March 16

Band Booster calendars will go on sale Tuesday, March 16, when Band Booster members and parents of band members meet at the Shamrock Cafe for coffee before starting their canvass of the town. The meeting time is 9 a.m.

All members and parents of band members are urged to be present at the coffee and make this drive for selling band calendars a big success.

Munday P.T.A. To Meet On March 18

Munday P. T. A. will meet in its regular monthly meeting on March 18 at 7:30 p.m. in the Elementary School gym.

Mrs. J. S. Shannon will present her Kindergarten class in a program at this time. Music will be furnished by the Junior High School Band under the direction of Mr. John Holdridge.

Refreshments will be served and an award will be given for the class with the most parents present (daddys and granddaddys count two each).

Everyone is urged to be present. You'll miss a treat if you miss this program.

Man Of 1,000 Mysteries

Awe, skepticism, and bewilderment are just some of the thrills in store for those who attend the performances of "Merlin, The Man of 1,000 Mysteries." This fascinating figure of the entertainment world is being brought to Munday by the Lions Club. Curtain time will be 8 p.m. at the school auditorium on Friday and Saturday nights, March 12 and 13.

Winners In Science Fair Are Announced

Bonner Bowden, son of Mr. and Mrs. B. B. Bowden and a junior in Munday High School, took top honors in the high school division of the science fair here Wednesday. His exhibit was wallboard made of cotton burrs.

Winner in the junior high division was Dean Partridge, son of Mr. and Mrs. Wendell Partridge, who made heat from electricity.

Mary Kane, daughter of Mr. and Mrs. Jerry Kane, won the grade school division with her demonstration of a paper mache volcano, complete with eruption.

The exhibits drew a large number of interested spectators.

Knox Bond Sales Reach \$16,933

January Savings Bonds sales in Knox County totaled \$16,933. This announcement was made recently by W. E. Braly, Chairman of the Knox Savings Bonds Committee. This represents 11.2% of the 1965 goal of \$150,000.

During January, 1965 sales of Series E & H Bonds in Texas totaled \$14,311,691 or 9.3% of the state's goal of \$152.8 million.

In announcing the sales figures for the county, Chairman Braly pointed out that the rallying cry of this year's bond campaign is "Practical Patriotism."

"The purchase of U. S. Savings Bonds is 'practical' because it is easy and sure. It is patriotic because the purchase of bonds are a mark in the faith of our country and its future. 'Practical Patriotism' is just good common sense and I urge all the citizens of our county to buy bonds where they work or bank," Mr. Braly said.

Bulletins

Copies of the current issues of the Congressional Record, for both the U. S. Senate and House of Representatives, are being furnished the local City-County Library through courtesy of Congressman Graham Purcell. Interested persons may study these any time during library hours, or check them out for regular reading.

Mr. and Mrs. Kerri Brown, who operate the Munday Flower Shop, have purchased the Lansford property in Munday. Reports are that they plan to build a new home and flower shop on the site.

Mrs. Lila Masters left on Tuesday of last week to be with her daughter, Mrs. G. I. Gunter, who is ill in a Midland hospital. Mrs. Masters is spending this week in Denver City taking care of the Gunter children.

Two Men Killed In Auto Wreck

Two Munday men were fatally injured at about 6:50 p.m. Sunday in a one-car accident six miles west of Munday. Their car apparently went out of control, overturned several times and caught fire. Both men were thrown from the vehicle.

The dead are Leon Joelyn Michels, 22, Munday farmer, and Howard Neal Smith, 28, who was employed by the B-K Electric Cooperative in Seymour, who lived here with his parents, Mr. and Mrs. A. L. (Cotton) Smith.

Young Michels is the son of Mrs. Leon Michels of Munday. The accident was investigated by Highway Patrolman Mack Stout of Seymour and J. W. Massey, local police chief. Michels was reportedly driving the car.

Funeral services for Leon Michels were held at 10 a.m. Tuesday from St. Joseph's Catholic

Church with the pastor, Rev. Herman Laux, O. S. B., officiating.

Burial was in St. Joseph's Cemetery under the direction of McCauley Funeral Home. Serving as pallbearers were Jimmie Albus, David Earle, Billy Bumpas, Robert Albus, Charles Phillips, Louis Urbanczyk, Urban Bellinghausen and Gerald Kuehler.

A native of Knox County, Michels was born February 26, 1943, at Knox City, and graduated from Munday High School in 1962. He had been engaged in farming.

He is survived by his mother, Mrs. Leona Michels; three sisters, Mrs. Jerry Pestridge of Austin, Mrs. Kenneth Gresham of Lubbock, and Miss Carolyn Michels of Munday; three brothers, Collis Michels, Richard Michels and Gene Allen Michels, all of Munday.

Mr. Smith, also a native of Knox County, was born November 27, 1936, and was a 1956 graduate of Munday High School. He served in the Army during the Korean War and had been employed by the electric firm in Seymour for some time.

Besides his parents, he is survived by three sisters, Mrs. Elbert E. Owens and Mrs. Wm. L. (Spike) Bryan, both of Munday, and Mrs. Johnny Fields of Spade, Texas; and his paternal grandmother, Mrs. C. N. Smith of Munday.

Funeral services were held at 3:30 p.m. Tuesday from the First Baptist Church in Munday with the pastor, Rev. John Street, officiating. He was assisted by H. V. Fields of Hereford. Burial was in Johnson Memorial Cemetery under the direction of McCauley Funeral Home.

Serving as pallbearers were Don Roberts, Buddy Mayo, Don Jones, Lester Hutchinson, Byron Gass and David Earle. Employees of the B-K Electric were named as honorary pallbearers.

Banquet Speaker

Cayce Moore, above, of Hearne, Texas—barber, philosopher, humorist—has been secured as speaker for the annual Chamber of Commerce banquet here on Tuesday night, March 23.

As a member of the speaking staff of the Knife and Fork Clubs, he makes more than 100 talks each year. His years on the farm in East Texas, in the barber shop and experiences while writing a newspaper column have enriched him with a colorful background of wit and humor.

Tickets for the banquet are now on sale and advanced sales will continue through Thursday, March 18.

Four Names Filed For School Trustee

A total of four names have been filed in the Munday school trustee election, it was announced Tuesday. Deadline for filing was Wednesday, March 3, and the election will be held on Saturday, April 3.

W. R. Moore, Jr., filed for re-election, while John Phillips, the other outgoing member, did not seek another term. Also filing were: Ray D. Ford, Donald Hober and Doris Dickerson.

Three Names Filed For City Council

Three names were filed for places on the Munday city council prior to the deadline last Saturday, and three places are to be filled.

The city election will be held on Tuesday, April 6th.

Filing for re-election were Tom Morton and Charles R. McCauley. Kenneth Baker is the third candidate, replacing M. L. Wiggins, who did not seek another term.

Colored Man Burned In Butane Gas Fire

John Junior Williams, 40-year-old local negro, was painfully burned in a fire and explosion of a butane "bottle" here Tuesday morning.

Williams had stopped at the signal light in Munday and apparently started to light a cigarette, causing the fire and explosion. The leaky butane bottle was in the turtle of the car, apparently with the cutoff valve not securely closed.

Williams was painfully burned about the face, head and hands and was taken to the Knox County Hospital for treatment.

His car was badly damaged by the flames.

Hospital Puts New Admissions Policy In Effect

A new admission program has been put in effect at the Knox County Hospital in action taken by the hospital board in a meeting on Wednesday, March 1.

The new rules are fair, simple, and must be carried to perfection to enable the hospital to maintain rates at the present level. Here are the new regulations:

Anyone will be admitted with a valid insurance policy with proper signature, assigned to the hospital upon entering.

If no insurance policy, an estimated charge will be figured, and that will be the cost of your admittance to the hospital. For example: The admitting doctor will estimate the number of days you will be in the hospital. If it is three days in a \$16 per day room, you must deposit \$48 before being admitted to the hospital.

Obstetric (maternity) cases will require a \$50 deposit, without insurance.

Emergency patients will be put to bed and some member of the immediate family will have to make arrangements with the business office.

Elective admission: If the patient does not have a valid insurance policy and does not have the cash deposit, the patient will have to get a charity form from the commissioner of the precinct in which he lives.

Emergency (week ends of after house): If a person needs emergency treatment at the hospital's emergency room only, you must pay immediately after treatment—then if you have insurance, present your policy to the business office later, and your fee will be collected.

These are regulations that are necessary, due to the increase in delinquent accounts, it was explained. They were not made to work a hardship on anyone, but they must be enforced in order to maintain all hospital services.

HOME FROM HOSPITAL

Mrs. Ben Yarbrough was able to be brought home from the Bethania Hospital in Wichita Falls last Monday afternoon after undergoing surgery some two weeks ago. She is reported to be doing fine and is glad to be home.

ONCE BITTER, TWICE SHY

The staff of the Special Assistant to the President for Consumer Affairs asked the American Retail Federation to present its views on matters of consumer interest. In reply, the Federation's executive vice president sent a long and thoughtful letter, in which he outlined the position of retailing on the questions at issue.

The general substance of that position is found in these words: "We have stated repeatedly that the retailer sees his function as the purchasing agent for the consumer. As purchasing agents, the merchants of America have accepted the responsibility of fair value and fair treatment; their programs of inspection and testing and their record of service are known to all. We welcome programs which will help consumers increase their satisfaction from their purchases, and we are particularly interested in educational activities, directed to special consumer groups. We are of the firm belief that there are currently on the books, laws which, adequately enforced, are equal to and even go beyond some of the problems for which relief additional legislation has been used; that many other laws and regulations need to be pruned and reconsidered so that they will accomplish their objectives rather than impede commerce; and that there is wide room for voluntary cooperation among persons of good faith, leading towards solution of consumers problems and business differences."

That is a reasonable and constructive statement of policy. The danger lies in the proposed laws—such as the extremely restrictive labeling and packaging bills—that would lessen the consumer's freedom of choice, reduce competition, and increase costs. The American housewife is her own best policeman when it comes to ferreting out and correcting abuses. Once bitten, she's twice shy. And every successful producer and seller is fully aware of that fact.

SPRING

"Spring, with her golden suns and silver rain, is with us once again."

So Henry Timrod wrote. And many millions of us must have been thinking in those terms, though in a more prosaic fashion. For it has been a long, unusually hard winter in much of the nation, with snow, sleet, rain, floods, storms and extreme cold the order of the day.

But Spring is with us once again. To inform those who are statistically minded, it will arrive officially at 3:05 P.M., Eastern Standard Time, on March 20. This does not mean, of course, that the skies will clear and the air turn balmy all of a moment. Nature has a way of ignoring the calendar, and many a Spring in its beginnings has been indistinguishable from the Winter that preceded it. But have patience—the good days are near at hand. The buds will pop from the earth, the trees will flower. It will be time to check out the garden tools and the lawn mower again—the aphids must be sprayed away, the rose bushes trimmed and tended, the onrushing grass curbed. But, even with these chores to accomplish at regular intervals, there will be time for fishing and for just loafing and enjoying the scents and sounds that are uni-

NEEDED: "EMPLOYMENT"

Unemployment in this country holds persistently around the four million mark. At the same time, industries everywhere are clamoring, often unsuccessfully, for large numbers of workers to handle new jobs created by modern technology.

This apparent anomaly is easily explained. As President Carey of the Chamber of Commerce of the United States puts it, our schools are failing to build "employability" into high school graduates who seek jobs rather than go on to college. The result is that there is a labor shortage despite the unemployment rolls—a shortage of skilled labor.

To meet this challenge, he proposes a cooperative approach by educators and the business community. Business Advisory Committees would survey local manpower and skill requirements to help educators make their vocational and technical training programs meaningful. The caliber of instruction in vocational training courses would be improved by making practical experience the top priority in teacher certification. And the dignity of useful occupations would be elevated to overcome parental disapproval which forces some youngsters into college instead of into some form of advanced vocational or technical training for which they are better suited.

Mr. Carey is certainly on the right track. Technology is producing extremely profound changes in the kind and scope of needed skills. Education needs to change with it.

FEDERAL AID TO EDUCATION

It cannot be denied that the American people have been generous in their support of education. Last year, for instance, voters in more than 2,100 elections throughout the nation approved school bond issues totaling \$2,306,000,000. This was a new record.

So it certainly is highly questionable if a massive federal aid to education program is either needed or desirable. Beyond the huge sums of money involved, federal financial support of the schools would inevitably mean ever-increasing federal controls. Local control of the schools would be undermined and in time might even be destroyed.

This is a fundamental matter. School policy has always reflected local needs and views. Local people certainly have a better knowledge of what is needed than a distant administrator. We should think a long time before deeply injecting the federal government into education, well-meant as the programs may be.

In 1955, the federal government owned just under 408 million acres of land in this country—21.4 per cent of the total acreage. Last year it owned almost 770 million acres—or 33.9 per cent of all the land.

BENJAMIN NEWS

Benjamin Girls Win Bi-District

The Benjamin High School girls basketball team won their District this year by beating Weinert in a playoff game at Rule. They then met McAdoo in the bi-district playoff. The Mustangettes won the game by a one point margin, 24 to 23.

Last week end the Mustangettes traveled to Canyon for the regional tournament. They met Brisco Friday night at 7:00 o'clock. The Benjamin girls got off to a slow start and at half time the score was 14 to 8 in favor of Brisco. When the final buzzer rang the Mustangettes were still on the short end by five points, 34 to 29. Brisco went on to win the regional tournament and a berth at the State games.

Members of the Benjamin team include Gaye Duke, Judi Gilbert, Jo Carol Dowd, Patty Meinzer, Linda Bufkin, Sue Duke, Judy Roberson, Janice Daniel, Mary Ann Golden, Marie Golden, Brenda Conner, Glenda Conner, Gayle Chilcoat, Shirley Griffin, Jan Barton and Cathy Clower. Miss Pruitt Is Homecoming Queen At Pepperdine College In Los Angeles

Miss Ginny Pruitt, former resident of Munday, was recently named homecoming queen of Pepperdine College in Los Angeles, Calif. Selection of the queen and her court was by student balloting. Pat Boone, singer and entertainer, crowned Miss Pruitt at a special coronation ceremony held in the Friendship Hall on the college campus. He then presented her with the traditional bouquet of red roses. Miss Pruitt, a senior art major, is the daughter of Mr. and Mrs. Everett E.

Pruitt of 802 Elden Avenue, Whittier, Calif. Her father is a 1941 alumnus of the same school.

Culmination of two weeks of homecoming festivities included the presentation of the queen and her attendants at the customary basketball game between Pepperdine and Loyola University. The queen's trophy was presented to Miss Pruitt during a fifth-quarter celebration held on campus after the game.

Miss Pruitt represented her high school, California of Whittier, as a Rose Princess in the 1961 Pasadena Rose Parade. At Pepperdine, she has been active in student government, and has served her school as associated student body song-leader. In 1962 she was voted Valentine Sweetheart by the men on campus, and for two years she has been named to the "Ten Best Dressed" list, a national contest sponsored by Glamour Magazine. She is a member of the Art Club, and her displays in the student interior decorating contest, sponsored by Bullocks Pasadena, have won second and third prizes the past two years.

Miss Pruitt will be graduated from Pepperdine in August. She plans to begin graduate work at the Otis Art Institute in Los Angeles in September. She is the granddaughter of the Rev. and Mrs. S. E. Stevenson, formerly of Goree, and the late Mr. and Mrs. G. L. Pruitt of Munday. She is the niece of Mrs. Effie Alexander of Munday.

J. L. Hunter of Texas Tech in Lubbock visited relatives and friends here over the week end.

Details of Feed Grain Program Given

Growers who participate in the 1965 feed grain program will have definite advantages over growers who elect not to participate, according to O. E. Moore, Chairman, Knox Agricultural Stabilization and Conservation Committee.

First, he explained, the diversion payment earned for reducing the farm's 1965 acreage of corn, barley, or grain sorghum, assures the participating grower of a substantial income from the diverted acres, regardless of drought, flood, insects, hail, or crop disease.

This is also true of the price-support payment which is made on the acreage planted in 1965 to one or more of the three feed grains—no matter what disposition is made of the crop, the price-support payment is assured.

And, third, price support is available through loans and purchases on the participating farmer's entire 1965 production of the three feed grains.

Furthermore, the Chairman added, if the farm operator requests it, and advance payment of one-half of the estimated diversion payment will be made at the time of signing up or as soon as possible after that time.

Growers take part in the feed grain program by diverting at least 20 per cent of the farm's feed grain base acreage into an approved conserving use and carrying out other provisions of the program. If more than the minimum acreage is diverted, a higher rate of payment will apply. Maximum diversion is 50 per cent of the farm's feed grain base or 25 acres, whichever is larger.

The minimum rate of payment is based on one-fifth of the county's total price-support rate (the county loan rate plus the price-support payment rate). A higher rate (one-half the total price-support rate for the county) applies to diversion between 20 and 40 per cent of the base. If 40 per cent or more of the base is actually diverted, the higher rate applies to the entire acreage diverted.

Farm operators may file applications to take part in the 1965 feed grain program at the Knox ASCS County Office. The signup period extends through March 26.

Mr. and Mrs. Kenneth Phillips and Kenny of Dallas visited his mother, Mrs. Ellie Phillips, and brother and wife, Mr. and Mrs. Murray Phillips, last Saturday night.

A WINNER FOR THE FIFTH TIME

For the fifth consecutive year West Texas Utilities Company has been awarded first place in the Bureau of Safety Motor Vehicle Accident Prevention Contest. The 1964 award was presented to WTU President S. B. Phillips (right), by Ray Gillan of the Bureau of Safety at the annual management conference in Abilene.

WTU's frequency accident rate for the past 5 years is three accidents for every million miles driven. The national average for electric utility companies is twelve accidents for every million miles, or four times that of WTU.

In 1964 WTU vehicles were driven a total of 5,397,374 miles with only 25 chargeable accidents.

Curtis E. Fair Gets Early Promotion

FORT POLK, LA. (AHTNC)—Curtis E. Fair, son of Mr. and Mrs. J. C. Fair, Route 2, Goree, Tex., received an early promotion to Army pay grade private E-2 following successful completion of basic combat training at Fort Polk, La., Feb. 27.

Fair was awarded the promotion two months earlier than is customary because of his proficiency in firing the M-14 rifle, his high score on the physical combat proficiency test and his military bearing and leadership capabilities.

The early promotion program is the result of a new Department of the Army policy to recognize and provide incentive to outstanding trainees.

Fair entered the Army in December 1964.

The 22-year-old soldier attended Throckmorton High School.

No Time Extension For Safety Stickers

There will be no extension of the Motor Vehicle Safety Inspection deadline of April 15, 1965, announced Captain Alan Johnson of the Motor Vehicle Inspection Service, Texas Department of Public Safety, for this area.

"Only two million of the five and a quarter million registered vehicles in Texas have been inspected. This leaves over three million vehicles to be inspected in about five weeks," said Captain Johnson. Many thousands of vehicle owners can expect to wait in long lines in order to get their vehicles inspected by the April 15 deadline.

It is almost apparent now that many vehicle owners have waited too long for the inspections to safely inspect their vehicles by April 15. "Any driver operating a vehicle registered in Texas that is required to be inspected, on public roads after April 15 without a valid 1965 inspection sticker will be operating in violation of the law," stated the Captain.

The DPS supervisor said, "The purpose of the motor vehicle in-

spection program is to discover any maladjustment which might become a link in a cycle of events leading to an accident, and by removing the link, prevent the accident."

Garden Club Is Organized Here

Members of the horticulture committee for the 1965 Vegetable Festival met February 16 in the home of Mrs. W. E. Braly.

After plans for the festival were discussed, a much needed garden club for Munday and surrounding community was begun. The following officers were elected:

Mrs. W. O. Smith, president; Mrs. Harold Partridge, first vice president; Mrs. W. E. Braly, second vice president; Mrs. David Eiland, third vice president; Mrs. Weldon Floyd, recording and corresponding secretary; Mrs. Leonard Hannah, treasurer; Mrs. C. P. Baker, parliamentarian; Mrs. E. H. Nelson, reporter and scrapbook.

It was voted the club should be called The Munday Garden Club, and meetings would be held each third Tuesdays at 2 p.m. in the homes.

The next meeting will be March 16 at 2 o'clock in the home of Mrs. Braly.

All ladies interested in garden club work are urged to contact Mrs. Harold Partridge, telephone 6856. Interested ladies in surrounding communities please attend the March 16th meeting.

Tax-Man Sam Sez:

A problem that plagues taxpayers during income tax filing period is whether they can claim their children, grandchildren, and other members of the family as dependents.

Most of the rules on dependents are pretty simple. You don't have to be a Solomon and cut the exemption for a child born July 1 in half. Neither can you compromise with your ex-spouse and each of you claim 1/2 of the dependent.

Principal support is usually the deciding factor, but read your instructions carefully. Ask Internal Revenue or a good tax man if you need help. An exemption is usually worth \$120 or more to you.

Mr. and Mrs. John Miller of Wichita Falls spent the week end with her parents, Mr. and Mrs. J. O. McMahon.

Postmaster Aids In Savings Program

Postmaster Chan Hughes said today he had just been instructed by Postmaster General John A. Gronouski to extend all cooperation possible to students, educators, bankers, and other volunteers in promoting and servicing the Treasury's School Savings program in Munday, Texas.

"I am pleased to carry out Mr. Gronouski's instructions," he said, "because any program which stimulates young Americans to save these days, is for the good of the country and for themselves."

The School Savings Program during World War II, he noted, provided one of our most effective instruments for teaching thrift and good citizenship.

An adequate supply of Savings Stamps and books and promotional material, he said, will be on hand to meet the needs of the students and the community in carrying out the Stamp Consignment plan.

The Stamp Consignment plan, has in the past, greatly eased the burden borne by our school systems. The plan eliminates the financing problems of the school savings program which our schools have had to handle.

Mr. and Mrs. Harold Honeycutt and sons of Anson visited her parents, Mr. and Mrs. Clifton Patterson, last Monday.

Mr. and Mrs. Billy Hendrix and children of Floydada visited Mr. and Mrs. Clyde Hendrix, Jr. and children over the week end.

Week of Prayer Observed

Week of Prayer for Home Missions (Annie Armstrong Offering) was observed at the First Baptist Church here this week at 9:30 o'clock each morning.

Goree Junior-Senior Banquet

A sidewalk cafe with a definite French accent was the setting for the annual Junior-Senior Banquet Tuesday night, March 2, at the Goree High School. A huge mural of the Eiffel Tower dominated the scene. Tables for four were arranged around a garden cart filled with geraniums and ivy. A red and white canopy was on one side balanced by a sidewalk art show on the other. Authentic French posters were scattered about the walls.

Guest speaker was missionary Gerald Doyle, who gave a very inspiring message. Toastmaster David Tynes; Invocation, E. B. Hosea; Chuck Roberts gave the welcome, Kenneth Struck, senior, responded. Junior students, Don Hicks and Shirley Jackson read the prophecy, and Terry Patterson of the senior class presented an amusing class play. Music with French accent was presented by Janey Trainham, Pam Yates, Beverly Harlan, Shirley Struck and Cynthia Lain. They were accompanied by Mrs. John Lloyd Lambeth. Ray Hudson was the traditional spirit from the Sophomore class.

The banquet meal was prepared by the Junior mothers. Freshmen and Sophomore boys, Mike Hord, David Jackson, Charles

Kidd, Wayne Birkenfeld, Jackie Howry, Jose Andrade and Lonnie McSwain, were the waiters. Jackie Beaty was the sidewalk artist complete with smock, mustache and beret. The art work for the display was made by the fourth grade pupils under the direction of their teacher, Mrs. Mona Pribyla. Junior sponsor is Gary Green.

Talent Show

A talent show sponsored by the Goree Senior Class will be held in the school auditorium Friday night beginning at 7:30 p.m. This show will feature talent from several area towns. There will be four divisions: pre-school, first-fifth grades, sixth, seventh and eighth grades and high school pupils and adults. Plaques will be given for first places, ribbons for second and third places. Out of town judges have been secured.

Knox Prairie Philosopher Has No Intention Of Getting All Mixed Up With Big Growth Of The Cities

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek takes a side look at big cities this week.

J. A.

Dear editor:
According to an article I read in a newspaper which blew against my back door and I had to pull down anyway to see out—I know where that loose board is on the step but I like to see it before I put my foot on it—seventy per cent of the U.S. population now lives in or near big cities.

As you can see, this leaves 30 per cent in small towns and the country, which is all right with me, as it's not the percentage that counts, it's the quality, and when it's not the quality, it's the distance apart, which sometimes is nearly the same thing.

But the most important thing about the article was its statement that in 40 years all these big cities will double in population. I don't see how the cities can stand it. I never heard of solving the problem of over-crowdedness by crowding in more. What I mean is, go into any big city and try to imagine it with twice the traffic snarl it has now.

Furthermore, I saw a television report the other night showing one block in one city with 1600 people living in it. You try to picture 1600 people living on one block in Munday and then multiply that by a few more blocks and while I don't know what you'd come up with, it's not for me. I like my fellow man, but not that many that close.

I understand that the main purpose of most big cities is the keep growing; any time a census report shows one has gained in population its newspapers come out with big headlines, but it seems to me the cities may be carrying this too far. If they all double in size in 40 years, they'll be building highway loops half way around the country just to bypass them, and a man in the country wanting to get to another spot in the country will have a choice of driving 200 miles to get around one or losing a week trying to go straight through.

I don't know that there's anything that can be done about this, or should, but it's a problem I intend to watch from a distance.

Yours faithfully,
J. A.

After a week observing California Agriculture on the West Texas Chamber of Commerce Tour, I am back home again. About 80 farmers, ranchers, county agents, newsmen and various company representatives made up the group on the tour. I would like to take this opportunity to thank the following firms and individuals for sponsoring the trip: The First National Bank, Knox Prairie Seeds, Farmers Coop Gin, West Texas Utilities, Production Credit Association, Knox County Farm Bureau, all of Munday; Knox City Chamber of Commerce, Citizens State Bank, Sam Reed, Bruce Campbell, Sr., of Knox City; League Ranch and J. C. Moorhouse, Benjamin contributed along with B-K Electric, Seymour and Rhineland Coop Gin.

We were headquartered in Palm Springs and toured the Imperial, Coachella and Palo Verde Valleys and the Colorado River Indian Reservation.

We have been reading news stories about what California would be able to do without bracero labor. I was a little surprised to find that the large growers weren't very concerned about it. One of the top producers in the Imperial Valley told us he had not used any bracero labor in four years. Some of the smaller growers seemed to be the only ones worried about finding enough labor.

It was consoling to hear that other people have problems, too. Their production costs are higher than ours so they really have to watch their business.

We toured the Colorado River Indian Reservation. These boys were sure trying to get someone to develop their land for them. They are willing to give a 25 year lease on raw land if the lease would clear, level and put in the ditches. They will bring the water to the farm and they have first call on Colorado River water.

We saw lettuce and asparagus being harvested, cantaloupes coming up and the grapes were leafing out. We also visited several feedlots but we didn't envy these boys very much when we were told it costs 22 to 23 cents to put on a pound of gain.

Taking everything into consideration, it was a very enjoyable trip and we appreciated the opportunity to make it.

Remember the meeting on guar production which will be held Tuesday night, March 16 starting at 8:00 p.m. in the Sunset School. Speaker will be Mr. Lester Brooks, the man who probably knows more about guar than anybody we know. Everyone interested in growing guar is invited.

Scientists at the Lower Rio Grande Valley Research and Extension Center have developed a watermelon variety, Rio Gray, which may greatly affect the

watermelon industry. Assistant Horticulturist R. T. Correa developed the new melon.

The new melon originated from a single round shaped fruit found in a commercial field of Charleston Gray melons in 1958. Through eight generations, Correa has selected for fruit shape, earliness, internal flesh quality and freedom from blossom rot, a physiological abnormality which can cut yields by as much as 30 to 40 per cent.

In commercial trials for the past two years, Rio Gray has outyielded the Charleston Gray variety and has matured fruit 7-10 days earlier.

Rio Gray has good internal quality, is a good shipper, is resistant to blossom-end rot and is slow to become over-ripe. It produces round, gray, family-size fruit that averages 22 pounds. It is also resistant to sunburn and pimples, the ring symptom of the tobacco ringspot virus. The plant is also highly resistant to Fusarium wilt.

The variety has found good acceptance from growers, shippers and consumers.

Seed of the new watermelon variety are available from local seedsmen for commercial plantings this spring.

Goree Airman In Fleet Exercises

SILVER LANCE (FHTNCO) Feb. 26 — Aviation Electrician's Mate Second Class Robert F. Jackson, USN, son of Mr. and Mrs. William F. Jackson of Route 1, Goree, Texas, is participating Feb. 23-March 12 in a major fleet training operation called "Silver Lance" of the coast of California while serving with Patrol Squadron 17.

The operation, under the direction of the Commander of the First Fleet, is providing extensive training in every facet of Naval and amphibious warfare. Participating units are receiving training in strike, anti-submarine, mine and countermine, anti-air and electronic warfare.

"Silver Lance" involves more than 60 ships and 50,000 Navy and Marine Corps personnel.

During the operation, the squadron is flying anti-submarine missions in support of the amphibious task force and two carrier striking forces.

GRANDDADDY FETSCH IN AIR OVER KENDALL

Granddaddy at 39—don't know who is higher in the clouds—Daddy Ware or granddaddy Fetsch over Kendall, the little fellow who made his arrival at 10:46 p.m. Saturday, March 6, 1965 in the General Hospital in Wichita Falls. He weighed 8 pounds 5 ounces and was a full 21½ inches long. Oh yes, there were others involved, the mother, Mrs. Stanley Ware of 5122 Lakefront Drive, Wichita Falls as well as "granny" Fetsch, Granddaddy and Granny, otherwise known as Mr. and Mrs. Leo Fetsch of Rhineland. The other grandparents are Mr. and Mrs. Wallace P. Ware of Lufkin.

COAST GUARD READIES FOR SAFETY MOVE

The Coast Guard has ordered a crackdown on reckless boaters, according to an article in "Navy Times".

Heretofore emphasis has been on safety inspection of boats. Now, reports "Navy Times", roving safety patrols will stage surprise visits and issue citations to reckless boat operators and speeders. Fines of up to \$100 are possible.

Rev. and Mrs. Gerald Tidwell of Lipan visited their parents, Mr. and Mrs. Buck Tidwell and Mrs. H. C. Yandell, last Monday.

Miss Pat Yandell of McMurry College in Abilene spent the week end with her mother, Mrs. H. C. Yandell.

Mr. and Mrs. Charles Kotulek and Paula Kay of Odessa visited her parents, Mr. and Mrs. C. J. Albus, over the week end.

Mr. and Mrs. Charles Yost were business visitors in Dallas last Saturday and Sunday. Mrs. Yost, a representative of Midwestern University, attended the T. A. I. R. reading conference at S. M. U. on Saturday.
