Volume 34

Munday, Knox County, Texas, December 8, 1938

Number 24

## M. E. CHURCH BEGINS WORK OF NEW YEAR

### Work of Organizing Church Officers Is Completed

Work of organizing the various departments of the local Methodist church was begun soon after Rev. H. A. Longino returned from annual conference at Memphis. The entire organization is almost complete, and plans are being laid for work of the new conference year.

Few of the officers were elected at the fourth quarterly conference, while others have been named since the beginning of the new year. Those who have been announced are:

E. W. Harrell, chairman of the Board of Stewards; Jim McDonald, secretary-treasurer; M. L. Wiggins, recording secretary, and J. A. Caughran, district steward.

The missionary committee is composed of Mrs. J. C. Borden, Mrs. Levi Bowden, and Miss Shelly Lee.

Golden Cross directors are Mrs. J. C. Campbell, Mrs. J. A. Caughran and Mrs. B. B. Bowden.

Trustees of church property are E. B. Bowden, Lee Haymes and G. R. Eiland.

The following compose the Board of Stewards: R. D. Atkinson, M. F. Billingsley, W. A. Baker, Pitzer Baker, J. C. Borden, E. B. Bowden, J. A. Caughran, Oates Golden, E. W. Harrell, Lee Haymes, L. S. Hardegre, Sherman Hill, Clyde Hendrix, W. R. Moore, Jim McDonald, Dr. R. L. Newsom, L. M. Palmer, J. C. Spann, J. E. Tidwell, M. L. Wiggins, and C. H. Giddings. Various other departments of the church will complete their organizations within the near future.

## Three Deaths, Three Births Are Recorded

The record of Justice of the Peace G. M. Bryan show that three deaths and three births were recorded at this office during the month of November. Mr. Bryan's duties include sending of records of births and deaths for the Munday area to the Bureau of Vital Statistics.

A peculiar phase of his November report is that all three deaths recorded here were persons who had reached 80 years of age. They were: Mrs. Callie Burns, 80, who died November 11; Mrs. Paresada Lee, 81, whose death was on November 14; and J. F. Clayborn, 84, whose death was on November 29.

Births which were recorded in the local office are: Glen Douglas Emerson, son of Mr. and Mrs. J. H. Emerson, born November 24; Robert Wayne Brown, son of Mr. and Mrs. Raymond L. Brown, born November 18 and John Dwayne Allred, son of Mr. and Mrs. A. D. Allred, born November 5.

Mr. Bryan explained that this did not represent the births and deaths for the county, but only those which occurred in Munday and immediate vicinity.

## Citizens Asked To Visit Sewing Room This Week

Mrs. Addie Layne, superintendent of the Munday sewing room, has extended an invitation to all citizens of Munday to visit the room and see the many toys which have been made for kiddies of Knox county.

"All of the toys are completed and are on display at the sewing room," Mrs. Layne said, "and we'd like very much for everyone to visit us and see these many toys before they are assigned for distribution on Christmas."

Ladies employed by the sewing room have been working on these toys for several weeks, and a large assortment has been made. Many children of Knox county will be made happy when these toys are distributed.

## J. E. Edwards And Wife Return From 18-Day Visit

M. and Mrs. J. E. Edwards returned to their home in Munday last Tuesday night, after spending the past eighteen days in San Antonio, Del Rio, and points in Old Mexico.

Mr. and Mrs. Edwards were visiting relatives and friends, and having a general good time, and Mr. Edwards made it appear that the only reason he came back was to "pay his bills and redeem himself."

During the trip, they spent four days at Stockdale, visiting Mr. and Mrs. A. L. Baker, and incidentally, doing some squirrel hunting. Some people have all the luck!

## JIM ISBELL RESIGNS AS LOCAL POLICE CHIEF, TO GO TO HASKELL

### City Council Names His Successor And Other Officer

Announcement was made this week of the resignation of J. F. Isbell of chief of the Munday police force, and members of the City Council met last Monday afternoon to name his successor for this office.

Mr. Isbell has resigned to accept a position with the sheriff's department at Haskell and will move to Haskell within the next few weeks. It is expected that he will continue in his present capacity until after the Christmas holidays, at which time his resignation will become effective.

Mr. Isbell has made an efficient police officer, and the Munday City Council expressed regret upon losing his services. He and his family will carry to Haskell with them the best wishes of many, many Munday citizens.

M. J. Franklin, present night watchman for Munday, was appointed chief of police by the council, and he will take up his duties immediately after Mr. Isbell's resignation becomes effective.

Z. T. Gray was named to serve as night watchman in the place of Mr. Franklin.

These changes in the police force will be made as soon as Mr. Isbell's resignation becomes effective, which is expected to be soon after Christmas. He takes up his duties at Haskell on January 1st.

## Good People Live In Munday

### Records Of Justice Of Peace Office Credit To Community

Evidence of the fact that Munday is composed largely of good, reliable, law-abiding citizens is shown by the records of G. M. Bryan, Munday Justice of the Peace.

Mr. Bryan stated last Monday that at the present time there are no cases of any nature pending upon the dockets of justice court. "It is quite unusual," he said, "that there is neither a criminal nor civil case on the docket."

This, Mr. Bryan believes, speaks highly for the type of citizenship in Munday. He states that justice of the peace dockets have been very light all during his tenure of the office, and he is content to have them remain that way and that Munday will always be a community of "good people."

## Tall Stories—

### Embarassing Moment Of Lions Told At Meeting

Failure of the program committee to provide a program led to the telling of "tall stories" at the regular Lions Club luncheon last Wednesday.

Lion Harrell, who acted for Lion President Moore, who was out of town, called on those present to tell their most embarrassing moment. Every Lion at the meeting admitted that he'd been embarrassed many times, and the stories varied in every detail.

L. M. Palmer came out with a hunting story which would have embarrassed the entire membership had he required them to believe his tale. But the whole arrangement stories and all, served as a program and proved to be entertaining.

## Brazos Valley League Play-Off To Be At Munday

Announcement has been made that the Brazos Valley League will hold its play-off games in senior and junior boys basketball and girls volleyball at the Munday High School gymnasium on Tuesday night of next week.

These games should be very interesting, and a good attendance is expected.

The Goree senior boys defeated O'Brien last Tuesday night at the Sunset gymnasium, which entitles Goree to enter the play-off here.

Munday volleyball girls went to Sunset also on Tuesday night, where they played the Goree team two games out of three.

Showing much improvement in the games, Munday's girls are dreaded competition in this section. They won another victory recently, defeating the Sunset team two out of three games on Friday night of last week.

William L. Clayton of Houston, head of America's largest cotton firm, has been named Texas chairman of the Committee for the Celebration of the President's Birthday. He will intensify the fight against infantile paralysis by naming county chairmen to arrange a series of balls and other events for celebration of President Roosevelt's birthday, January 30, 1939, in every Texas city and town.

Fifty per cent of all funds raised for the fight against the dread disease will be retained in the communities where the money is contributed and the remainder will be allocated to hospitals engaged in treatment of children crippled by infantile paralysis and for necessary scientific research work.

## Juanita Golden Has Operation

Miss Juanita Golden, daughter of Mr. and Mrs. Oates Golden of Munday, suffered an attack of appendicitis last Sunday morning.

She was taken to the Knox City hospital Sunday afternoon and admitted to an operation on Sunday night. Reports coming from the hospital are that she is resting nicely.

Her many friends in this county wish for her a speedy recovery.

## Knox County Gets Allotment On 1939 Cotton

The 1939 cotton acreage allotment for Knox county has been announced, County Agent W. W. Rice said Wednesday.

The county was given 71,558 acres, which is an increase of nearly 200 acres over the 1938 allotment.

County Committeeman August Schumacher and County Agent Rice were called to College Station last Monday to make minor adjustments in the allotments before they were released by the state office. Rice and Schumacher returned home Monday night.

The county office will mail the individual farm allotments out immediately. By getting the allotments at this early date, farmers should be able to plan their acreage before the land is put up.

## Patterson Moves To Terry County

J. E. (Red) Patterson was transferred from Knox County to Terry county this week, where he assumed his duties as assistant county agent.

Patterson has been in the office of County Agent W. W. Rice for the past five years, where he did efficient work and made many friends in Knox county. The transfer comes as a promotion to him.

Mr. Patterson received word of the transfer in Monday and reported for duty at eight o'clock Tuesday morning.

## ANOTHER WINDSOR ACQUIRES HABIT OF FALLING OFF HORSE

London, Dec. 4 (UP)—The Duke of Gloucester, brother of the King, received a broken collarbone Saturday when his horse threw him in a jump over a brook during a hunt with the Belvoir hounds in Rutlandshire.

The fall was a violent one. The injury was described as a simple fracture. It was announced that, due to the injury, the Duke would be unable to represent the King at the funeral of Queen Maund of Norway.

Gloucester's brother Edward, the former King and now Duke of Windsor, fell on numerous occasions from his horse under similar circumstances, but never sustained any serious injury.

## Festive Colors Add To Gaiety Of Yule Season

Donning her "Christmas dress" during the past week, Munday is doing her part toward spreading the spirit of the Christmas season among those who chance to visit our town.

The street streamers, with various colored lights, were strung last week, and the lights were turned on for the first time last Saturday night. The lights are strung all along the main business streets, and form a cross at street intersections.

Merchants of Munday are also co-operating by decorating their stores for the Christmas season. Practically all of the stores have completed this work, together with placing on display of a large variety of Christmas goods.

Local people are expected to "catch the spirit" of the Yuletide season, which tends to spread happiness and goodwill throughout the community.

Meanwhile, plans are going forward for the community Christmas tree which will be held on Christmas eve, beginning at five o'clock. Every child in the county is invited to be guests of the Chamber of Commerce for this Christmas party and there will be gifts of fruit, candy and a toy for every child who attends.

## Roxy Theatre To Have Free Show For Kids

Posey Williams, owner of the Roxy Theatre, announced this week that he will have a free Christmas show for the kiddies on Saturday morning, December 24, beginning at ten o'clock. This has been the policy of the Roxy Theatre for the past ten years, and all kiddies of the Munday trade territory are invited to be guests of the theatre for this show.

"As in the past, we will run our annual free show for the children," Mr. Williams said, "beginning at ten o'clock on the morning of Christmas eve day. We have a good program of short subjects, and all children are cordially invited to be our guests at this show."

"Be on time children. You might see Santa Claus!"

## Visits In Munday

A. J. Manuel, of Poteet, Texas, is visiting in the home of his daughter, Mrs. H. H. Harrison, and old time friends. Mr. Manuel was for fourteen years a resident of this city, and has many friends in this section.

Living now in the irrigated belt in south-central Texas, Mr. Manuel says that the dry weather in their section is not hindering the moving of a nice crop of strawberries.

## Farmers Vote On Quota Only

Farm Committee Urges Farmers To Vote In Election

J. W. Smith, E. A. Beck, August Schumacher and P. C. Phillips, County Committeemen of the Knox County Agricultural Conservation Association say that all farmers should go out and vote Saturday. Our Congressmen are anxious to know how the farmers themselves feel toward controlled cotton production. Farmers have never expressed their wants to our Congressmen as other interests have, and should go to the polls Saturday and vote.

Some few people have taken the opposition to the farm program from a selfish or personal motive and are using their influence on the streets, over the radio, and in the press to influence our votes in their favor. We should examine closely to learn if these persons are working for the good of the farmers of Knox county or if perhaps they seek some personal gain through uncontrolled cotton production.

Mr. Schumacher said "Farmers are too prone to take conditions as they are and not fight for their own best interests. The time has come when we must study the farm question from both sides, and then decide to fight for our just rights—a larger share of the national income which we are justly entitled to."

The county agent's office sent out letters this week informing farmers of the voting places. Balloting boxes will be open from 8:00 a.m. to 5:00 p.m., at the following places:

- Benjamin Court House
- Knox City City Hall
- Sunset School House
- Munday City Hall
- Rhindland School House
- Goree City Hall
- Vera Methodist Church
- Gilliland Co-Op Gin
- Truscott Lumber Yard

## WILD GAME DINNER TO BE SERVED AT OIL GATHERING AT ABILENE

### Gossett's Aide—

Congressman-elect Ed Gossett today announced the appointment of S. H. Sinclair of Denton as his secretary.

Sinclair assumes his duties immediately, Gossett said, and will go to Washington about December 15. The 76th Congress will convene January 3, 1939, at which time Gossett will assume his place as representative of the 13th Texas district.

The important post of secretary goes to a man born and reared in Denton. Sinclair was graduated from Denton high school and later from the North Texas State Teachers College with degree of bachelor of science and bachelor of arts, specializing in business administration and shorthand and typewriting.

During the school year 1930-31, Sinclair was secretary to Prof. B. F. Fronborgar, head of the English department of N.T.S.T.C., and during his last two years in college he served as assistant instructor in business administration. He began teaching shorthand, typewriting and commercial courses in Vernon High School in 1931.

Sinclair is 28, and was married in 1933 to Mary Elizabeth Piper of Vernon. For approximately 12 months, he has held a civil service position as assistant clerk in the Amarillo soil conservation office.

In announcing the appointment, Gossett declared, "I consider Mr. Sinclair eminently qualified to make an excellent secretary. He is an exceptionally well-trained young man of splendid character and habits, and I consider myself fortunate in procuring him as my secretary. He will be a great help to me in rendering good service for my district."

## Not Courteous—

### Gasoline Thieves Do Not Place Gas Cap Back On Car!

Two Munday homes had visitors last Tuesday night—not the type who come to spend an enjoyable evening, but those who enter your premises while you sleep and relieve you of your belongings.

The visitors went to the garage of Mr. and Mrs. Virgil Reynolds and took practically all of the gasoline out of their car. Virgil didn't particularly mind them taking the gasoline, but he thought they should have been courteous enough to place the cap back on the gas tank instead of leaving it on the ground!

Jimmie Harpham also reported visitors—and an empty gas tank on Wednesday morning.

## Visits In The South

Mrs. W. P. Farrington left Wednesday morning for New Orleans, where she will spend a few days with her son, Dr. N. C. Farrington, in Charity Hospital there, before going on to Tampa, Florida. Here Mrs. Farrington will spend the Christmas holidays in the home of her son, Dr. Charles L. Farrington and wife, and she will make the acquaintance of her granddaughter, who arrived in the home of the Farringtons last July.

## RELIEF CLIENTS INSIST ON PROPER ETIQUETTE

New York (IPS)—To thirty eight relief workers on WPA here, the thought of using a pick and shovel during the same day offended their better tastes so they walked off the job.

Foremen on the relief project had ordered that the workers use picks to dig out dirt and then shovels to remove it. This, however, outraged the workers' feelings of WPA etiquette and they protested that it was "inhuman." They quit when officials refused their offer to work only in pairs—the man with the shovel to rest while the man with the pick worked and the man with the shovel worked.

## TOM BAKER IS HURT MONDAY AT OIL MILL

### Employee Is Taken To Knox City Hospital

Tom Baker, employee of the Munday Cottonoil Company and well known in this section, received serious injuries in an accident which occurred at the oil mill last Monday morning.

Mr. Baker was working in the seed house, when in some manner he lost his footing and fell some 25 feet to the lower floor of the building. He struck a large belt, which partially checked his fall, but the belt was broken by the force, and Mr. Baker fell to the concrete floor.

He received a severe fracture in his right hip and limb, as well as a wide gash over his right eye.

Mr. Baker received emergency treatment at Munday, after which the Mahan Funeral Home ambulance took him to the Knox City hospital for treatment of the injured limb, where an X-ray examination was given.

Although resting nicely at this time, reports from the hospital are to the effect that Mr. Baker will be confined to his bed for a period of several weeks.

## FIGHT FANS PLEASED WITH LOCAL BOUTS

### Noses Are Mashed By Gloved Fists At Second Series

Fight fans got their money's worth with entertainment to spare at the second series of boxing matches last Monday night. These bouts, sponsored by the local Boy Scout troop, are being boosted by local people who are getting lots of enjoyment out of seeing the gloved fists find their marks.

Lots of improvement was shown in the boxing, and workouts twice a week under the direction of Cecil Cooper, scoutmaster, and Dr. Glen Stone, assistant, have served to improve the technique of all the boxers.

As a curtain-raiser last Monday night, to colored boys stood up and slugged each other like professionals to give fans a good starting performance. They were John Junior Ward, 136, and Ernest Williams, 135. Ward won the decision of the judges.

Next came Sargeant Lowe, 125 pounder, and Glenn D. Rayburn, 133, both Scouts, who put on a better exhibition than any of the Scouts' fights at the previous series. Sargeant drew unanimous favor of the judges.

War clouds darkened again as Jesse Tucker and Jack Brooks, colored, flew at each other like real business. Brooks, weight 145, saved the judges worry of deciding the winner by allowing Tucker, 143, a technical knockout.

Austin Jones, 140, and Donald Vaughn, 149, both Goree boys, put on a good show, but Vaughn was the winner after the fight had gone into two rounds.

Another battle royal drew lots of cheers and laughs from the audience. Scouts Jimmie Lee Haney, G. C. Conwell, Dick Harrell, and Hugh Longino, put gloves on one hand, a blindfold over their eyes, and fumbled around to find a tin can only to drop it and many times take a huge swing, hitting nothing but air. This went on for two rounds, and at times the boys took an awful beating, not being able to see the blows so they could dodge them.

Bennie Dean, 160, won from Bob Brooks, 143, in another bout by the colored boys.

Two brothers, Troy Dennium, 140, and Floyd Dennium, 141, of Goree, showed that they had been fighting each other before. This was a real display of scientific boxing, but they put so much into it that Floyd gave out in the second round, awarding the decision to his brother.

C. W. Hudgens, of Lubbock, 145, also showed some fistic ability by winning from Joe Morrow of Munday, 166, in the second round. Morrow suffered the loss of some blood in this battle.

Again the dark clouds loomed up, as L. B. Hill, 175, and Buster Colbert, 155, both colored, let go as a grand finale to the evening. Colbert won the bout, and fans left feeling amply repaid for having spent the two-bits!

Somewhere in the melee, Dr. Glenn Stone, who was referee, received a cute little black eye, but he didn't hit a lick in return.

The local Scout organization is mighty well pleased with enthusiasm shown by local fight fans—and if this same enthusiasm continues, the Scouts will have those uniforms before long.

On December 19th, Monday week, another series of fights will be staged, and a still larger crowd is expected.

## Principal Speakers To Be Texas' Leaders In Politics

The seventh annual membership banquet of the West-Central Texas Oil and Gas Association is expected to draw many prominent Texans to Abilene on Saturday of this week. A wild game banquet will be served the group on Saturday night.

An expected 1,500 people, about half of whom will be out of town people, will feast on deer and elk killed by hunters on West Texas trips as the climax of an all-day meeting Saturday.

Additions to the day's program include schedule of speeches by Russell B. Brown, general counsel for the Independent Petroleum Association of America, Washington, D.C., and William R. Boyd, executive vice president of the American Petroleum Institute, New York.

Convention program opens with a breakfast for directors at 8 o'clock Saturday morning, a business meeting with committee reports at 10 o'clock, a noon luncheon program at which members of the Texas Railroad Commission and Gerald C. Mann, Attorney General-elect, will speak. It will close with the membership banquet at the automobile building of the West Texas fair grounds and a dance at one of the downtown hotels.

## Football Boys To Be Feted On Friday Night

As an appropriate end to the 1938 football season, members of the Mogul team and their coach, Billy Cooper, will honor guests at a football banquet on Friday night of this week.

The banquet is being sponsored by the pep squad girls, who closed their ticket sale on Wednesday at noon. Place for the banquet will be at the elementary school building, and activities will begin promptly at seven-thirty o'clock.

A large number of tickets have been sold, and it is expected that a large crowd will attend the banquet. Tickets have been sold to anyone who desired them, the banquet not being limited to a select few. Fans who feel that it is altogether fitting that the Moguls be honored for having fought hard during the entire season, although they have not been in the winning column this year, have purchased tickets. These have included a large number of members of the Munday Lions Club.

The banquet will be served by girls of the home economics department, and the honor guests will be Coach Billy Cooper and thirty-eight football boys, it was reported.

## Over Thousand Head Hogs And Cattle Sold

Few Rejections Are Reported At Sale On Tuesday

Tuesday was "cattle and hog" day at the weekly livestock auction sale in Munday. And folks gathered from far and near to be on hand for the auction, which opened at eleven o'clock Tuesday morning.

The sale went off rapidly, and only a few rejections of livestock were reported during the day. It was after dark again, about seven o'clock, when all livestock had been auctioned and the sale closed.

Over a thousand head of cattle and hogs were sold during the day. Buyers were present from Vernon, Wichita Falls, Fort Worth and other points, and a goodly number of the animals sold locally. A large crowd filled the sales barn at all intervals of the day.

Due to the increasing number of animals brought in for each sale, it was decided that the sale next week would be a two-day event. The sale will begin at eleven o'clock Monday and will continue through Tuesday. The horse and mule sale will be on Monday, while cattle and hogs will be sold on Tuesday.

## Legion Meeting Slated Tuesday

Legionnaires of Knox County will meet on Tuesday night, December 13, at the Legion Hut. This will be a very important meeting, and plans for the new year will be discussed and outlined.

Post Commander Clay Groves and Ardelle Spelce, adjutant, urge all ex-service men to be present at this meeting.

“What a Man Does For Himself Dies With Him— What He Does For His Community Lives On and On”—

THE BIBLE EARNS A NEW TITLE

Elsewhere in this issue appears a statement from the President of the United States endorsing Universal Bible Sunday to be observed in the churches of the country on December 11. The theme for this year's celebration is "And Now—in a Thousand Tongues," for recently the Scriptures appeared in the one thousandth language into which they have been translated. The American Bible Society is celebrating the event by the publishing of a commemorative volume entitled "The Book of a Thousand Tongues" in which are facsimiles of pages or paragraphs from almost all of the languages into which the Scriptures have been translated.

Whatever one's religion, this is a fact that should command the respect of all serious-minded people. The Bible is more than just another book. It is a world institution. Other books have had phenomenal sales for a few years—one recent volume running above a million copies in the first year and a half of publication. Some books have been translated into a score or more of languages—but it is interesting to note that the leaders in this field, Charles M. Sheldon's "In His Steps," and John Bunyan's "Pilgrim's Progress" are both based directly upon the Bible. But the Scriptures have passed into more than a thousand languages, and the sales of Bibles, Testaments, and Portions have run into the tens of millions every year for scores of years. For the thirteenth successive year the American Bible Society, the largest distributors of Scriptures in this country, last year reported a distribution of over 7,000,000 volumes. Since its organization in 1816 the Society has circulated over 283,000,000 volumes.

Long ago the entire Bible was translated into all the great languages of the world. In recent years beginnings have been made in the dialects of the countless tribes in Asia, Africa, and the Islands of the Sea. It is estimated that nine-tenths of the people of the world might now read some portion of the Bible in their own tongue. When Americans call that their fair land with its schools and colleges, its churches, its culture, its courts, its freedom and its vast and efficient humanitarian enterprises—the things that make America great—have come from the teachings of the Bible brought here by our forefathers three hundred years ago, it is a fair question to ask if Americans could do anything better for the world in its present need of freedom and enlightenment than to encourage the wider circulation of the Scriptures which now have been made intelligible to most of the people of the world.

CHRISTMAS TRADE

For the ordinary run of people, Christmas is a time of unstinted pleasure, when they are delighted by beautiful and practical gifts they receive. They do some worrying over what to give this or that friend, but in the main the season is one of heartfelt satisfaction.

There are many for whom the coming days are a period of anxiety and strain. These folks are the merchants of our stores and all who work for them. The merchants have a great deal at stake. They have invested large amounts of money in Christmas goods. They have laid faith in their townspeople, that this enterprise would be appreciated, that these goods, so splendidly adapted for the purpose, would be readily sold. With so much money invested, it is not strange if they feel some anxiety. They will feel a lot better on New Year's day, if they have turned these goods into cash.

All the people in these stores, from the man at the head down to the newest clerk, know that a period of hurry and strain is ahead. No wonder if they feel uneasy. The public can remove these reasons for anxiety. It will show loyalty to the home town and make purchases at home, the merchants will be rewarded for their enterprise. The money will be kept at home where it will continue to benefit us all, and circulate among our own people and produce local prosperity.

If the people will do their shopping at the earliest possible moment, beginning this very day, they will relieve strain and anxiety for salespeople. If the rush could be distributed over a month, instead of concentrated into about 10 days, the strain would be less. Let us all take hold and thus aid our townspeople, who serve us so faithfully in these stores.—Stamford American.

An educator suggests a course in stock market buying and selling, but he doesn't tell where a reliable teacher could be found.

A high-class town is one where they have two bread-lines—one for white and one for rye.

When a London boy murdered his parents, his lawyer asked for leniency because he was an orphan.

We read of a man who celebrated his 100th birthday by paying all his debts. We hope to follow his example.

The world's best after-dinner speech: "Waiter, give me both checks."

Facts Worth Knowing

Florida truck drivers are going to school in Tallahassee. They're attending Red Cross classes to learn how to give first aid to motorists and pedestrians injured in accidents.

France is relatively poor in minerals, as compared to the other great countries of the world. The mineral resources of the country west of the Rhine have been one of the causes of strife between German and French nations for many centuries.

More than 48,000 communities in the United States do not have rail-

road service and depend upon the highways for their transportation facilities.

The principal markets for quinine are Batavia and Java from whence it is largely shipped to Holland.

League football in Britain is employing directly 10,000 people and finding work indirectly for many thousand more.

One hundred thousand barrels of cement or being shipped from the United States to relieve the shortage in the Philippines.

Quail Plentiful In This Section

Many local hunters have given their bird dogs a chance to "work out" since the opening of quail season on December 1st, and quail has been the chief item on the menu of many local homes this week.

Hunters who have "taken to the field" report that the birds are plentiful, and few hunters are returning home unsuccessful, although some report greater success than others.

Interest in hunting, which has been the talk of the day, is expected to continue throughout the remainder of the season. Attention is again called to hunting rules, which are as follows:

Guns must be plugged to three shell capacity, and must not be larger than 10 gauge. The season continues through January 16, with legal shooting hours from one-half hour before sunset until one-half hour after sunset. Bag limit on quail is 12 a day and not more than 36 in one week.

Hints for the Household

Green vegetables contain minerals, and these are needed to build up bones and teeth and to keep the blood and other body fluids in good condition.

Vegetables provide bulk, and bulk helps the intestinal tract carry off waste and prevents constipation.

Vegetables contain vitamins that are necessary for body building, good digestion, and appetite. They regulate body processes and safeguard against infection.

Green vegetables appeal to the appetite and add color, flavor, and variety to meals.

Recent experiments have shown that greens canned by approved methods retain more of their vitamins and as much of the minerals as freshly cooked greens, food specialists of the Texas A. & M. College Extension Service report.

Cook green vegetables in uncovered vessels to preserve the color. Extension Service food specialists advise.

Mutterings
A "sugar daddy" is a form of crystallized sap.

College is a place where you would not be so smart as you would have more money if you had not gone to.

Fowl Tale
"Are these chickens freshly killed?" asked the demure bride of the poultryman.

"Fresh killed, lady?" he exclaimed, "Why artificial respiration would bring 'em round again!"

Good At Raising
I came to ask you if you could raise my salary.

"I know that, but I thought I would speak to you about it today. Go back to your work, and don't worry. I've managed to raise it every week so far, haven't I?"

To Coin A Phrase
Two tired business men were comparing notes on their respective wives.

"My wife is always doing the 'Big Appalachian,'" complained one.

"What'd ya mean?" queried the friend.

"She's always making mountains out of molehills!"

Souvenir
Do you want anything on your face when I'm finished, sir?

"Well, I hope you'll leave my nose."

Mother's Fault
Buck Private: Why do you blame your mother because you're in the army?

Corporal: Maybe if she had prayed for a girl I wouldn't be here trying to make soldiers out of dumb clucks like you!

Somebody's Wrong
He was doing his best to fit his key into the lock, singing a happy song meanwhile. After a time a head appeared through the window above.

"Go away, you fool," cried the man upstairs, "You're trying to get into the wrong house."

"Fool yourself," shouted back the man below. "You're looking out of the wrong window."

Let Truth uncover and destroy error in God's own way, and let human justice pattern the divine.—Mary Baker Eddy.

Nothing that lacks justice can be morally right.—Cicero.

Santa To Carry 225 Million Pack Toys This Year

New York—Santa Claus' \$225,000,000 pack this year will reproduce in workable miniatures virtually every activity of American home life, industry and transportation. Scientific advance testing of 1938 toy models by children to determine fun possibilities, age suitability, safety and educational value was reported at the annual Christmas preview sponsored by toy manufacturers.

In the roster of 10,000 new American made toys, Snow White, the G-man, the cowboy, and a score of movie cartoons and radio stars competed for the spotlight of juvenile worship.

Old favorites with streamlined additions include new models in electric steam engines, two-faced, black and white boards, non-breakable marionettes, automatic scoring marble bowling sets, a shoofly modeled after a panda, and a new electric pencil for etching wood, leather and cork.

A new miniature organ boasts four octaves. A velocipede has a chain drive like a bicycle. A rapid-fire bubble-blower emits a continuous stream of large rainbow hued bubbles from a single dip, and there's a big repertoire of films for magic guns that shoot pictures on the wall. Sleds have gone streamlined—they have tip-proof brakes.

"Like parent, like child" is an inevitable guide to children's play interests, said James L. Fri, director of the toy association.

"It is a happy commentary on American life that children are principally interested in play that imitates and business activities. Scientific tests show that children have much more fun with toys that enable them to do things."

The housing boom is fulfilled in 1938 toylands. There are new styles in prefabricated houses made of blocks, bricks and cardboard.

Polarized light is the latest scientific gadget to be adapted to play room technique. A child may tell mother whether the tablecloth is cotton or linen.

The age level of dolls has progressed into the teens. Sophisticated dolls with pageboy bobs and glamor girl costumes appeared at the preview. They boast high style wardrobes that cover every occasion.

Evening dresses with trains, tailored sport costumes and afternoon gowns are featured for older dolls. Doll wigs are setting a new high in variety with page-boy bobs and a wide selection of ringlet arrangements. Dolls and animals have been modeled from favorite characters in popular children's books as well as the movies, cartoon and radio heroes.

A miniature vacuum cleaner has joined the large roster of household toys. Children's furniture in period and modern styles also was shown at the preview.

FISHIN' DAYS

Have you caught yourself a-wishin' Once again to go a-fishin' In the streams you knew so well in days gone by? Did you find yourself a yearnin' Just to hear the millwheel turnin' Well, you've got a fellow-yearner—I'm the guy.

An' whenever I get thinkin' Of that stream my eyes start blinkin' Like a softy, an' I call myself a loon— Boyhood memories come throngin' An' I cannot down the longin' So, I guess I'll have to go there pretty soon.

But you will not see me buyin' Fancy rods an' lines, or tryin' To use reels and feathered fly hooks or such truck. For I'll get my bait by diggin' An' I'll make a simple riggin' Like I used to— Seems it always brought me luck.

Then I'll fish an' fish, 'till fishin' Answers every wish I'm wishin' 'Cept a few that can't be answered any more, An' I'll come back here a smilin' With a rhyme or two beguillin'— Then just let the old world try an' make me sore.

War Hero

The school teacher was coaching her class of little boys on what to do in case of air raids.

"Now let us make believe," she stated, "that we hear the sirens warning us that planes are coming—whooo-oooo!"

As she imitated a siren all but one lad dived under his desk for protection.

"Sammy?" almost shrieked the teacher. "Why are you sitting there with your chin cupped in your hands so indifferently? Run for your life! Don't you know that this is war?"

"Yesum, but I'm the hero of this war. I will slay the enemy—one by one—then cut their heads off and stick 'em in poles."

Hungry People At Texas Tech

Lubbock, Texas, Dec. 7.—Not a giant's menu, but one month's provisions for approximately 700 residents of Texas Tech's two dormitories this; 3,800 pounds of potatoes; 4,500 pounds of bread and butter, three and one-half tons of meat, 840 dozen eggs, more than two tons of fresh vegetables, 400 pies, 4,000 gallons of milk, and 320 gallons of ice cream.

From these raw materials, Miss Mozelle Craddock, head dietitian, evolves balanced meals and a varied menu. Students pay \$25.00 monthly for room and board.

Daughter to Grahams
A baby girl was born to Mr. and Mrs. J. W. Graham last Saturday night. Both mother and daughter are reported to be doing nicely.

Boyd Carley was a business visitor in Abilene last Monday.

Jake Waldron of Benjamin was a visitor in Munday last Saturday afternoon.

Mr. and Mrs. W. R. Cabaness and son visited friends and relatives in Cisco over the week-end.

## SECOND DAY TURKEY

Sliced cold turkey is delicious. But a broiled turkey and cheese sandwich is an even more blissful affair. Here is how it's made:  
 Make sandwiches of buttered toasted bread—with slices of well-seasoned turkey or other left-over meat for the filling. Place on a baking sheet. Cover each sandwich with a thin slice of cheese. Place in the broiling oven, and leave until the cheese is melted. Serve immediately with hot creamed mushrooms (or thickened mushroom soup) poured over them.

Or if you should find yourself confronted with a company luncheon or supper when there are a few slices of cold turkey—or chicken—in the refrigerator, don't go and buy meat for the party. Make an elegant Turkey (or Chicken) Ring to serve as a frame surrounding a mound of green peas and golden carrot rings, or ruby red cubed beets, or cut string beans. There is as smart a luncheon dish as a hostess ever placed before her guests. You'll need cranberry jelly, a few relishes such as celery, pickles and olives, and some delicious rolls to complete the main course of this luncheon. A fruit steamed pudding or some minicame tarts with good coffee are all that's needed to make this a memorable luncheon for all your guests.

Here is the recipe for the Turkey (or Chicken) Ring:

- |  |   |
|--|---|
| 2 cups cooked turkey or chicken, flaked        | 6 tsp. baking powder  |
| 1 cup mushrooms (1 small can) cooked in butter | 1½ tsp. salt  |
| 2 tsp. green pepper, chopped                   | ½ cup shortening  |
| 1 pimiento, chopped                            | 1½ cups milk (1 cup plus 2 tbsp.)   |
| 1¼ cups rich milk                              | 3 cups thick creamy gravy (milk can be added to leftover gravy to make this amount) |
| 3 cups all-purpose flour                       |   |

Mix together the turkey or chicken, the mushrooms, green pepper and pimiento. Make a rich biscuit dough thus—Sift the flour once before measuring. Sift the flour, salt and baking powder together. Cut in the shortening with a pastry blender or 2 knives until finely blended. Add the milk and mix gently until smooth. Turn out onto a cloth-covered board (with flour rubbed into the cloth to keep the dough from sticking). Knead the dough gently to smooth up. Roll out into oblong shape ½ inch thick and about 6 inches wide and 18 inches long. Spread with 2 cups of the chicken mixture and just enough of the gravy to moisten. Roll up as for jelly roll, making one long roll. Cut into 1/2 inch thick slices, seal the two ends. Place the ring on a greased pan or corky sheet, shaping it so it will fit on a serving platter or chop plate. Cut diagonal gashes with scissors ¼ way through ring at 1 inch intervals (as for a Swedish Tea Ring). Twist each section over on its side to show the filling. Bake for 25 minutes in a moderately hot oven, 425° F. Serve hot with gravy filled with remaining bits of meat, mushrooms, etc. This recipe will make about 8 servings.

Question: Are sour milk and buttermilk the same?  
 Answer: Sour milk and buttermilk are not the same. But they can be used interchangeably in most recipes calling for sour milk. If one does not have either sour milk or buttermilk on hand, one can add a tablespoonful of vinegar or lemon juice to a cup of sweet milk and let it stand out in a warm room for about an hour.

Question: Which would it be better to use for a centerpiece, fresh fruit or artificial flowers?  
 Answer: Use the fresh fruit in preference to the artificial flowers. Artificial fruit or flowers are not in really good taste. Of course there are some very beautiful artificial crystal, china, and silver table ornaments that are very smart. But the usual artificial fruit or flowers are not considered correct. Bowls of holly or evergreens or Christmas tree balls make very attractive centerpieces for the season of the year.

This tied the games with Sunset having won the first and Monday the second. In the third tilt after letting their opponents get six scores in the lead, the girls finally awakened and started "stamping" for the lead. They left those Moruls behind and were in Sunset's favor, 9 to 13 in the second game. But the tide turned and washed Monday up and defeated the Sunset Eagles after an exciting game, the final score 15 to 13.

The girls feel the absence of their coach deeply, but they are trying all the harder to please Miss Spragins when she returns. They are at present working under their new supervisors, Mrs. Cash and Mr. Harber.

## Junior Basketball News

The Sunset Junior boys hung up another victory Friday night, December 2. The beat the Bomarton junior boys 26-1. Sunset took the lead at the first of the game and never lost it. Thomas was again high-point man with 16 points. Sunset juniors who have a record of four victories against only one defeat.

## Among the Grade School Classes

The second grade boys and girls are beginning to work on Christmas gifts. They really have the Christmas spirit, too.  
 Ray Black came back to school Monday. The fourth grade enrollment is now thirty-seven.  
 The fifth grade have a new pupil, Ruby Barham.  
 Darrell Lewis enrolled in third grade Monday morning. He

came from Clovis, New Mexico. Margie Lee Causey and Thelma Bois Black are back after an absence of nearly two months. The third grade folks are making letter holders and mats during construction period this month.  
 The sixth grade pupils are studying the "Fall of the Alamo" in History and find the battles fought very interesting.  
 This year the class drew numbers instead of names in order to give presents to the room. The boys drew odd numbers. They do not know the person they are getting their present for other than it is a boy or a girl.  
 The seventh grade pupils are working on a geography project which they find very interesting.

## Among the High School Classes

The Home Economics girls are very disappointed about Miss Spragins, but are very glad they can have Mrs. Wilson whom they all like. They are now studying their luncheon and supper units which will be as interesting or more as the breakfast unit was.

They are now studying about clouds and how they are formed and other interesting things in General Science.  
 The Sophomores are happy to have Ruth Poyner back in school after an illness of more than a week.  
 In World History, the Sophomores are studying about Julius Caesar, Mark Anthony, Cleopatra, and many of the famous Roman rulers.  
 In English they are studying

# UNIVERSAL BIBLE SUNDAY GETS ENDORSEMENT OF U.S. PRESIDENT

## Observance to Be Held Sunday, December Eleventh

Washington, D.C., Dec. 6.—President Franklin D. Roosevelt endorses the observance of Universal Bible Sunday on next Sunday, December 11.

The observance of Universal Bible Sunday will this year partake of the nature of a celebration of the appearance of the Christian Scriptures in the 1,000 tongue. During the year 1937 some substantial part of the Bible appeared in 17 languages hitherto without it, bringing the number to 1,008. In addition to special services in tens of thousands of churches, there will be two nationwide broadcasts. Over the Columbia network at 2:45 p.m., E.S.T., Daniel C. Roper, Secretary of Commerce, will be presented by Dr. John H. Finley, editor emeritus of the New York Times, and Vice-President of the American Bible Society. Over the Mutual network at 1:15 p.m., E.S.T., Dr. William Lyon Phelps and John H. Manson, president of the American Bible Society will speak.

The celebration, as formerly, is sponsored by the American Bible Society through whose efforts, beginning in 1816, with Protestant churches of all sects and creeds

approximately 300,000,000 volumes of Scripture have been distributed in more than forty countries and in 226 languages. In urging the observance of Universal Bible Sunday President Roosevelt says: "If evidence were needed of the continuing force and vitality of the Divine Word it would be found in the recent announcement that the Bible has now appeared in more than one thousand languages. What a tribute to the enduring strength of a spiritual message."

And through all the ages since Moses received on Mount Sinai the Ten Commandments and the Law and God entered into a covenant with Israel, men in increasing numbers, have sought the solace, the consolation and the guidance which the bible affords. Today, after the lapse of a prodigious period of time the power and influence of the Scriptures are undiminished and destined in the light of past conquests, to permeate an ever-widening sphere.

"This should bring real encouragement to the American Bible Society which has done such valiant work through so many years in disseminating the Sacred Word among the peoples of the earth. May the forthcoming observance of Universal Bible Sunday on December eleventh next, give all of our workers new zeal and new inspiration to carry on the task which remains to be done."

- "Little Cat"—John Prather.
- "Why I Like Christmas" (Song)—Luther's Cradle Hymn—Sandra Parker, Raymond Bales, Madge Hardin, Charles Harper, Ovella Davis.
- Reading: "Such A Good Boy"—Jimmie Parker
- "Poor Dear Susie"—Marjorie Freeman
- "Siest Night" (Song)—Donald Nix and Samuel Tankersley.
- Christmas Greetings—Fourteen Children.
- "The Santa Claus Express" (Song)—Entire Class.
- Mrs. I. W. Walling will have charge of the program.

## John Rice Dies At Waxahachie

### Stamford's Former Pastor Was Well Known Here

Word was received here last week of the death of John M. Rice, former minister of the Church of Christ of Stamford, who died at Waxahachie on Wednesday morning, November 30.

Mr. Rice was well known in the Munday section, having many friends in this county. Death resulted from a nasal infection, which spread to the brain. Mr. Rice had gone to Waxahachie for treatment after completing a revival meeting at Crisp.  
 Funeral services were held at Abilene at the Highland church, with Bryan McKinzie of Hugo, Okla., conducting the service. Burial was in an Abilene cemetery.  
 Mr. Rice is survived by his widow and three sons, Marion, Edwin and Delmon.

## Library To Hold Formal Opening On Next Monday

The Munday Study Club cordially invites the public to attend the formal opening of its library and a tea on Monday afternoon, December 12, from one until five o'clock.

Everyone is requested to inspect the books, which may be checked out at this time. The library room, which has been remodeled, presents a very attractive appearance.

The library committee and the Munday Study Club want to thank each person who has in any way helped to make their work a success. Nearly every business firm in Munday has contributed toward the library.

On the shelves will be found fiction, non-fiction, biographies, children's books, religious literature, books of games, poetry and science. Most of the books and magazines will be free, but there will also be a rental shelf.

**Library Rules**  
1. The library will be open every day except Saturday, from 10:30 a.m. to 5 p.m.  
2. Any book that is lost must be paid for.

**Non-Rental Shelf**  
1. Books and magazines are issued for one week.  
2. A fine of 3 cents a day will be charged for books or magazines kept out longer than a week.

**Rental Shelf**  
A rental fee of three cents a day will be charged for any book on this shelf.

The following have made cash donations since last week: Perry Brothers, Mahan Funeral Home, Moore Chevrolet, Haynie Beauty Shop, Figgly Wiggly, and Dr. Glenn Stone.

Book donations have been made by Mr. and Mrs. W. H. Chapman, Rev. and Mrs. H. A. Longino, Clay Dingus, Merle Dingus, Miss Maude Isbell, D. M. Wadlington, Mrs. W. V. Tiner, Harvey Lee, Mrs. Aubrey Smith, Broach Implement Co., Mr. and Mrs. Virgil Reynolds.

Magazines were donated by Merle Dingus and Mrs. W. V. Tiner. Mr. and Mrs. Lee Hamyos have loaned books.

## Dramatic Club Selects Name At Recent Meeting

Las Mascaras was selected as the name for the club interested in dramatics. The group shall officially be called by this name for the remainder of this school year and perhaps in future years.

The club elected Maxine Eiland to the unusual office of historian, whose duties shall be to keep a scrapbook of all the club's activities.

Different committees for the one-act plays were announced—committees on properties, costuming, lights. Then perhaps more important was the constitution committee, which was appointed to prepare a constitution and by-laws to be adopted by Las Mascaras.

The next meeting, which is to be held next week is for the purpose of casting two one-act plays to be given as an open house to the public in the near future.

## Future Homemaking Club Will Serve Football Banquet

The entire town will turn out Friday night for the biggest thrill of all, which will end "Football Season" for this year—the banquet. Not only the we sure that you will enjoy it because it is our "annual event" but because we are sure that the preparations will be the best that can be had. Behind these preparations will be Mrs. Dillon and the Home Economics girls.

## Miss Cloe Mayo Hostess to Members Of New Deal Club

Miss Cloe Mayo entertained members of the New Deal Club in her home last Saturday afternoon. Bridge was played, with high honors going to Mrs. Jack Mayes.

At the close of the games, a delicious refreshment plate was served to the following:  
Mrs. Edwin Roberts, Mrs. Ralph Johnson, Mrs. Virgil Reynolds, Mrs. Jack Mayes, Mrs. Carl Jungman, Mrs. Grady Roberts, Mrs. J. C. Harpham and the hostess, Miss Cloe Mayo.

Mrs. George Isbell left Wednesday for San Angelo, where she will visit her daughter, Mrs. Plummer Edwards. They will go from San Angelo to Pecos, where they will visit Hubert Isbell for a few days.

## Tommie Frances Yost Honored With Birthday Party

On Friday afternoon, Nov. 25, from three until five o'clock, Tommie Frances Yost was honored on her sixth birthday with a party given by her grandparents, Mr. and Mrs. E. Beecher, at their home.

Games were played until four-thirty, then the little folks gathered around the table which was centered with the birthday cake containing six lighted candles. It was a very pretty scene. After little Jo Ann Bryan gave thanks, the cake was cut and served with chocolate.

Those registering were Margueretta Fitzgerald, Freddie and Arlen Zeissel, Wanda Allen Johnson, Madeline Zeissel, La Rue Johnson, Wynelle Fitzgerald, Betty Sue Yost, Martha Nell Bullington, Jo Ann Bryant, Alta Joyce Beecher, Caroline Bryan, Charles Everett Yost and Mildred Yost.

Virginia Ruth Albertson was unable to attend because of illness, but she sent a very beautiful gift. At five o'clock each child was blindfolded and the drew for the balloons and candy which decorated the room.

Those present besides the children were Mrs. Fred Zeissel and baby, Mr. and Mrs. Pete Beecher, Mrs. Roy Bullington, Mr. and Mrs. Bryan, Mrs. T. V. Yost and the host and hostess, Mr. and Mrs. E. Beecher.

George Isbell left Wednesday for a few days business trip to Fort Worth.

County Agent W. W. Rice of Benjamin was a visitor in Munday on Wednesday afternoon.

## Menard Boys U. S. Champs In Stock Judging

College Station, Texas, Dec. 6—Three Menard county youngsters, representing Texas 4-H club boys at the national gathering of club members at Chicago, came home last week as United States livestock judging champions.

The team consisted of John Powell, 18, Harold Mogford, 17, and Billie Kidd, 18, all of Menard, and was trained by county agricultural agent H. A. Fitzhugh, recently transferred from Menard to Bexar county.

In addition the team honors, Texas had the high point man in John Powell.

The Menard boys, part of the Texas delegation of 47 members, have had several years of practical experience with livestock through beef calf and lamb feeding demonstrations.

The Texas delegation to Chicago was headed by L. L. Johnson, state boys' club agent, and his assistant, J. W. Potts, both of the Texas A. & M. College Extension Service.

## Sixteen Years Is A Long Time

Sixteen years is a long time to be in the same business, especially when it is that of manufacturing and selling ice. But George Hammett, local manager of the Banner Ice Company, has completed his sixteenth season in this business.

Changes in equipment and methods and satisfactory dealings with the public holds an interest for

the local manager, and he's altogether willing to "go through" another season in the same manner. Mr. Hammett, who has been in Munday a little over a year, has seen lots of boys start under his guidance, and at the recent convention at Houston he met many of them who started to work under him and who now have responsible positions with the company.

A recent addition to the local house in the meat curing vault, which automatically controls both temperature and humidity, giving the cured meats an exceedingly fine flavor. Mr. Hammett stated that customers of the firm are well pleased with meats which have been cured in the local vault.

## Rhineland News

Mr. and Mrs. August Schumacher and children, Ralph and Leona, were in Wichita Falls the past week.

Mr. and Mrs. Martin Kuehler are the proud parents of a baby boy.

Mr. and Mrs. George Petrus, John Schumacher and Joe Herring were in Vernon last Friday.

Mr. August Schumacher and Mr. W. W. Rice were in College Station attending to business recently.

Mr. Arnold Wilde and Miss Rosalie Wilde were in Wichita Falls visiting their brother, Mr. George Wilde.

A large number of the Rhineland men motored to Megargel Sunday to participate in a major degree initiation of the Knights of Columbus, of the 12th district of the State of Texas.

To envy is to admit inferiority—

## A Three Days' Cough Is Your Danger Signal

No matter how many medicines you have tried for your common cough, chest cold, or bronchial irritation, you may get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take a chance with any remedy less potent than Creomulsion, which goes right to the seat of the trouble and aids nature to soothe and heal the inflamed mucous membranes and to loosen and expel germladen phlegm.

Even if other remedies have failed, don't be discouraged, try Creomulsion. Your druggist is authorized to refund your money if you are not thoroughly satisfied with the benefits obtained. Creomulsion is one word, ask for it plainly, see that the name on the bottle is Creomulsion, and you'll get the genuine product and the relief you want. (Adv.)

### People Will Inspect the City Hall Saturday

#### Job Near Completion On This Project

Riley B. Harrell, city secretary, announced late Wednesday that the city hall will be opened for inspection by the public next Saturday.

Work of improving and remodeling the hall has been under way for several weeks and an expenditure of several thousand dollars has been made in repairing this building.

Rest rooms have been provided, and additional equipment has been added. Practically all of the building has been gone over, walls plastered, new flooring put down, etc.

The hall will also be used for voting of farmers Saturday on the 1939 marketing quotas.

Members of the City Council extend an invitation to all citizens to inspect the building and see the improvements which have been added.

### Scouters Will Have Full Day At Wichita Meet

A full day for Scouters was scheduled for Thursday of this week when the annual Northwest Texas Boy Scout council meeting convened in Wichita Falls. One of the principal speakers is Charles N. Miller of New York, assistant director, division of operations of the national scout council.

The meeting was scheduled to open at one o'clock Thursday afternoon with an executive board luncheon. J. H. Allison of Wichita Falls was in charge of the afternoon council scouter division, Boone McClure of Childress presiding over the troop scouters sectional meeting.

A banquet at 7 o'clock, installing officers elected earlier in the afternoon, will conclude the day. All sessions were slated to take place in the Wichita Club.

Prominent among those participating from area cities will be Pierre Stine, Henrietta; Joe Humphries, Olney; Henry Moore, Bowie; O. P. Caldwell, Seymour; Marvin Smith, Vernon; W. W. Price, Olney; Monte Garrison, Vernon; Mack Culbertson, Vernon; Boone McClure, Childress; Cecil Cooper, Munday; Rev. J. K. Falls, C. C. Haralson and E. R. Brown, Electra.

### Regional Tilt Will Be Friday At Crowell

Mayor C. T. Schlagal, of Crowell, has proclaimed a half holiday for citizens of that city on Friday afternoon, when the Crowell Wildcats meet the Newcastle Bobcats for the regional tilt which will close the high school football schedule for this section. Although Crowell has played in three regional championship games, this will be the first ever played on the Crowell field.

Ticket sales were going briskly, it was reported this week, with a number being requisitioned from neighboring towns. The game with Newcastle will be called at two o'clock Friday afternoon.

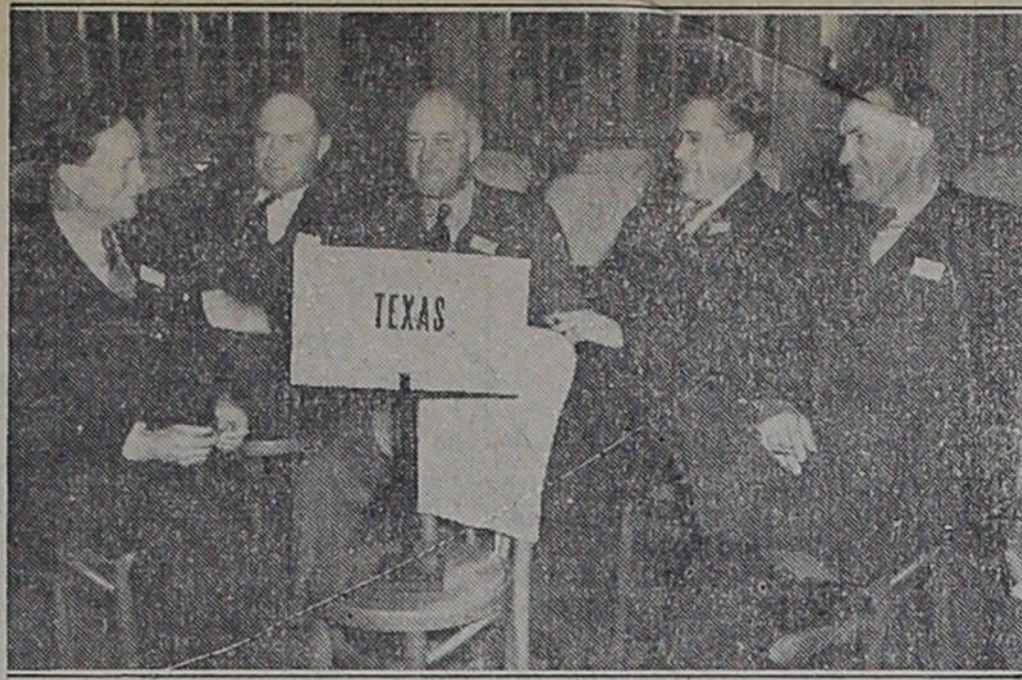

Crowell's all-steel grandstands will seat 3,000 people, and a crowd of 4,000 to 5,000 can be accommodated.

The Wildcats, untied and undefeated this year, won the regional finals in 1933 but lost to Rockwall in a game at Vernon. The following year, they defeated Plano.

Save and Profit . . . Rent Checks Will Buy a Home

A small down payment in cash and balance like rent. I will be glad to show you and tell you of the good values I have for sale. Every man a king in his own home. Opportunity is knocking at YOUR door. I will be waiting for you. George Isbell

### Would Place "King Cotton" On Throne

Leaders in the cotton industry are united to restore King Cotton to his throne.

Through mobilized efforts of all branches of the cotton industry, in 18 cotton producing states, the National Cotton Council of America was formed in Memphis with Oscar Johnson, Scott, Mississippi, manager of the world's largest cotton plantation, as its head. The objectives of the Council are indicated at Wichita Falls, to win the regional championship. This year, Coach Grady Graves and other school officials decided that they would give their home fans a chance to see the regional finals without making a trip.

### Mrs. Hutchinson Buried at Knox City Nov. 30th

Mrs. Ollie N. Hutchinson, a resident of Knox county for about 22 years, died at the home of her sister in Akron, Ohio, on Saturday, November 26th.

Mrs. Hutchinson was born April 30, 1883, and was 55 years, 6 months and 27 days of age when death came. She had been visiting her sister for about seven weeks.

Taken suddenly ill early Thursday, November 24, she was taken to the hospital where an emergency operation was performed on the following day. The operation was apparently successful, but at about 11:30 a.m., Saturday, November 26, her heart became so weak that breathing was difficult, and she was placed under an oxygen tent. Then at 6:05 p.m., the same day, her heart gave way entirely.

Surviving the six children; Mrs. Jessie Simmons and Mrs. Maud Waggoner of Urbana, Ill.; Mrs. Bert Lucas, Robert Hutchinson and Seisle Hutchinson of Knox City and Andy Hutchinson of Munday.

Funeral services were held from the First Baptist Church in Knox City at three o'clock Wednesday afternoon, November 30. Minister J. E. L. Harrison conducted the services and interment was in the I.O.O.F. cemetery at Knox City.

Palbearers were John McMahon, Charlie Evans, Lee Woodward, Billie Hutchens, Earl Woodward, Hermon Engenbacher, D. W. Davis and Park Woodward.

Increased consumption of American cotton through a coordinated effort on advertising, research and education.

Among the delegates to the organization meeting, the following leaders in the Texas industry were photographed together (left to right, above) J. B. McCrary, Calvert, chairman; George Payne, El Paso; Henry Womble, Caldwell; Aubrey Lockett, Vernon; and Chas. McKamy, Carrolton.

### Details Of Farm Program Coming Out

College Station, Texas, Dec. 5—The promise of AAA workers that farmers would know details of the 1939 farm program prior to December 10, referendum date on cotton marketing quotas, continues to hold good.

Because legislative delays threw the program late for 1938, farmers

last year were obliged to vote on cotton quotas in "pig-in-the-poke" fashion, without knowing how many acres they would be allowed to plant for compliance with marketing phases of the cotton program.

However things may seem, no evil thing is success, and no good thing is failure.—Longfellow.

### CITATION BY PUBLICATION OF FINAL ACCOUNT

The State of Texas, To the Sheriff or any Constable of Knox County Greeting:

Mrs. Kate Birkenfeld, Administratrix of the Estate of Henry Berkenfeld, Deceased, having filed in our County Court her Final Account of the condition of the Estate of said Henry Birkenfeld, deceased, numbered 459 on the Probate Docket of Knox County, together with an application to be discharged from said Administration and that a suitable person be appointed to serve as administrator of said Estate.

You are hereby commanded, that by publication of this writ for ten days in a newspaper printed in the County of Knox, you give due notice to all persons interested in the Account for Final Settlement of said Estate, to appear and contest the same if they see proper to do so, on Monday, the 12th day of December, 1938, at the Court House of said County, in Benjamin, Texas, when said Account and Application will be acted upon by said Court.

Given under my hand and seal of said Court, at my office in the City of Benjamin, this 1 day of December, A.D., 1938.

M. T. CHAMBERLAIN  
Clerk County Court, Knox County.

By Ila Jackson, Deputy Clerk.

Freshman Reporter: WILLARD REEVES  
Sophomore Reporter: EVELYN MCGRAW  
Junior Reporter: RAYMOND PHILLIPS  
Senior Reporter: PEGGY JO HAYNIE

The High School students of Munday were asked by Miss Mary E. Darnell if they would care to organize a Dramatic Club. Tuesday evening, November 29, those interested met and organized this club under the sponsorship of Miss Mary Ethel Darnell. Seventeen charter members were present for the election of officers, and for the adoption and discussion of our policies and purposes.

Truly this club is an important one. Not only are we planning social activities, but our club has an educational purpose, too: that of learning and putting into use things about drama which we learn.

Five of the most important officers were elected as follows:  
President: Maurice Stapp.  
Vice President: Peggy Jo Haynie.

Secretary: Ann Atkeison.  
Treasurer: Jimmie Boone.  
Reporter: Dixie Atkeison.  
Sponsor: Mary E. Darnell.  
Those interested in coming a member and were not present Tuesday, must hurry and hand in their names and ask for membership, for soon the doors are to be closed. Then it will be necessary to petition for membership.

### Junior Report

For the past week the Junior class has been selling chances on two turkeys to be given away Christmas. We are doing this in order to get a little money towards the Junior-Senior banquet. We wish to thank those who have helped us, and may the luckiest two get the turkeys.

Math Teacher: Now we find that X equals zero.  
Student: Whee! All that work for nothing!

Grammar Lesson  
Teacher: What is the Hague tribunal?

Jimmie: The Hague tribunal arbitrates national controversies.  
Teacher: Don't say 'The Hague tribunal are' Jimmie, use 'is'.

Jimmies: The Hague tribunal is Librarian: Why do you want so many books this time, Johnnie?  
Johnnie: My little brother's high chair is broken.

# GRAYMOOR FOR FORGOTTEN MEN

FOR forgotten men, there is a place where the Christmas spirit never ends.

Fifty miles north of New York City is one of the world's unique institutions—an inn whose doors stand open at all hours and in all weathers, at no price, to men of every class, color and creed. One thing is demanded of every wayfarer who asks there a lodging for the night; he shall be in need of the shelter, food and comfort which the Inn at Graymoor provides.

"All the roads of America lead there," says T. Everett Harre in the January Cosmopolitan Magazine. "All the roads, that is, along which tramp the shabby men who have lost their homes, their families, their self-respect. And the comfort they receive at St. Christopher's Inn is represented not merely by hot food and a clean bed; for men who have tasted defeat and who know no hope cannot be restored by a bowl of soup and a bath."

Forgotten Men

Lodgers for a night, many of them do not want to leave in the morning. So, quite humbly, in an abandoned chicken coop, began a unique experiment—a work in re-fitting derelict human beings for a normal living.

At the inn the "guests" now do the work—the cooking, cleaning, household chores—under the direction of one of the friars. One of the rules is that every member of the community shall work every day for the good of the whole, and this rule applies to both the Brothers Christopher and the friars. In this simple manner the Inn is run.

The master of the inn, Father Paul, keeps no case records for no one thinks of the men as patients. No man is pressed to discuss his "case" or the reasons that have brought him there. When a guest leaves, there is no following his trail upward or downward. In reply to a chattering woman's question, "How many rehabilitations can you claim?" Father Paul can only smile and say gently, "God knows."

She has always been very active in home economics. Mildred won second in a beauty contest last year.

She served as class reporter and did a very good job of it. Mildred was an active member of the pep squad.

She has a few favorites that she doesn't mind our printing—After finishing M.H.S. Mildred plans to attend college and then teach history.

Her favorites are:  
Subject: History  
Teacher:  
Color: Red.  
Pastimes: Sewing, writing letters, and dancing.

### 6B News

We all enjoyed the play Thursday night. We hope everyone else enjoyed it.

We are happy to have Allard Manire enter our room Monday. We hope all of us will pass this six weeks.

### 7A News

On Saturday night, Dec. 3, 7A pupils paid Lillian Booe a farewell visit. Various games were played and refreshments were served. Everyone reported a nice time, and we wish her success in her new school, Weinert.

County Judge E. L. Covey of Benjamin was a visitor in Munday last Tuesday night. He was a business visitor in Fort Worth on Wednesday, going there on business matters of interest to the county.

# Meat Curing

We invite everyone having meat to cure to bring it in and have it cured in our Meat Curing Vault, where the temperature and humidity is automatically controlled.

Take No Chances on Changeable Weather...!

We give you a complete cure, and the meat we are truning out is of the best quality and flavor obtainable. You will be pleased with the results.

### General News

Around R.H.S. we wonder... Why the Sophs can work Algebra so well.

Who taught the Freshmen how to work mathematics.

Why the Juniors do such excellent board work in geometry.

When a certain Senior will learn to give short talks.

Why the juniors and seniors do not like history. (Could it be the tests?)

If Bertha will learn to hit the volleyball in the right direction before we start calling her "Corrigan."

When Bernice will find "romance" in geometry. (We may as well include the other juniors.)

Why Jean likes candy so well.

If Lucille ever tried to wash her feet in a Maytag.

### Senior Class News

The Seniors have completed the civil government of Texas and will now continue with that of United States. We hope that this part of our course will be as interesting as the first part.

We wonder what certain Senior girl was taking a trip in a model T Ford when the steering wheel broke, the back seat came loose, and a tire blew out?

### Did You Know That...

When people borrow money, they usually mean to pay it back, but excuses are easier to dig up than money?  
Safety rules cannot be summarized by "don't take a chance"?

to talk about.

Genevieve—always laughing.

While the class was studying for a test on the fish in biology, Catherine asked if a fish had an antennae. Which one of the class can answer this question?

The eighth and ninth grade students will draw names to determine who shall give whom a Christmas present.

### Freshmen Report

The eighth grade is studying very hard now that Christmas is so near. We wonder why. In the English class we have been memorizing our poetry and find it very easy.

Our science is becoming very interesting. We are studying about the different constellations, and we are also drawing a star map so we can find different stars. We have also been studying about the different planets in order of their distance from the sun.

### Grade School News

In health we are studying cleanliness. We are all going to try to be clean so that some girls will not have to give us lectures and we will not have to listen to them.

We are sorry because some of our classmates were absent from the vaccination but that is better than taking the disease.

Last Friday we drew names to give Christmas presents.

The best theme of the week is worthy of publication:

The Jews in Germany

There has been an anti-Jewish campaign since a German official, Vom Rath, was killed by a Jewish boy. The boy was asked why he killed him. He said everywhere he went he was chased like an animal, he loved his people, he could find no job and thought he had the right to live just as well as anybody else.

The Germans have made the Jews pay a large sum of money for killing Vom Rath and have warned them if another German official is killed all the Jews will be killed.

The German people break into Jewish stores, break their windows, and throw their goods into the street. This has to be repaired by

the Jews and at their own expense.

United States and England are trying to make them stop but they only attack them in their newspapers.

—Elsie Schumacher

A Publication of the Benjamin Schools  
 Editor-in-Chief.....Nathan Mitchell  
 Assistant Editor.....Polly Chamberlain  
 Senior Reporter.....Polly Chamberlain  
 Junior Reporter.....Aline Smith  
 Sophomore Reporter.....Betty Jo Crenshaw  
 Freshman Reporter.....Nadine Parker  
 Sponsor.....Frances Diersing

The Seniors and their sponsors, Miss Diersing and Mr. Cunningham, are planning a party, which is to be given December 21, in the assembly room of the courthouse. Forty-two, bridge, dominoes, and other games will be furnished for entertainment. Refreshments which will carry out the Christmas scheme, will be served to everyone who attends.

The Seniors cordially invite all of the patrons of Benjamin and the adjoining towns to attend, for we assure them that they will be entertained. The price of admission will be twenty-five cents for each individual.

**Juniors**  
 The Junior play is to be presented to the public Friday night, the 9th of December. It is the last word in the field of entertainment and has the dynamic title of "Short Thirty-Six," which could mean anything. The characters display a fine talent for acting. They are as follows.

Mr. George Dansard (Douglas Meinzer) a manufacturer of Joy-heel Shoes, a new creation.

Mr. Gordon Dansard, (Buddy Sams) his somewhat irresponsible son.

Mr. Joe Ripley, (Billy Jo Sams) Gordon's friend and counselor.

Mr. Matthew Huff, (Thelton Brown) owner of a chain of shoe stores.

Mr. Eston Uphay, (Joe Barton)

a nutty millionaire and artist who is in love with Patsy.

Aunt Paralee Huff, (Gertrude Laird) a matchmaker.

Patsy Huff (Clodell Jackson) her pretty niece.

Myna Murrige (Juanita Brown) Patsy's friend.

Totsy Vantine (Mary Lucille Smith) a chorus girl.

Maizie (Ina Fern Parker) the saucy hotel clerk.

Mrs. Hannigan (Aline Smith) an Irish lady.

Carter (Carrie Neal Russell) the colored maid of the Hufts.

The synopsis is—

Act I. Hotel suite of Gordon Dansard. Early evening.

Act II. Same as Act I, three days later.

Act II. Lobby of the Westphal Hotel. One week later.

The story is more or less the adventures of Gordon Dansard, once heir to a fortune. After his father disowns him, he seeks to win the favor of his family again. And he finds it also a lover. But not until he has gone through some most embarrassing and peculiar situations does he find peace about him once more.

All this could not have possibly been put on without the help of our loyal sponsors, Miss Bayse and Mr. Watson. Miss Bayse is a home economics teacher of noted ability and if you are ever in doubt over a biological question, Mr. Watson can straighten it out. They have been very faithful, so when you applaud (I know you will!) remember that they are the ones responsible for furnishing you with enjoyable hours.

The price is only ten and twenty-five cents, and anyone who is willing to be entertained by us, we welcome with open doors and expectant hearts.

**Sophomore Class**  
 As Christmas is drawing near, the Sophomore class is thinking of a Christmas party. Our sponsors, Miss Miller and Mr. Vaughn, have approved the idea, so we feel sure we will have one.

In English class we are still reading "A Tale of Two Cities" and the class grows more enthusiastic every day, much to the satisfaction of our teacher, Miss Diersing.

Mr. Greer is giving us plenty of work in Algebra, and by doing so, we are progressing rapidly.

History seems to be the chief worry just now. We are studying for a test tomorrow, and we hope Mr. Vaughn "goes easy" on us.

Mr. Watson keeps us pretty busy in biology. We had a test Friday, which completed our work on two topics.

## After Dark!! ... by Rice

DID YOU KNOW THAT THE LIGHT YOU SEE BY IS REDUCED FROM 10,000 FOOT-CANDLES OF LIGHT WHEN THE SUN IS SHINING TO A FRACTION OF 1 FOOT-CANDLE AFTER THE SUN HAS SET?

WHEN YOU DRIVE A CAR AT NIGHT REMEMBER!

### HASKELL TRIMS CROWELL FRIDAY; TAKE HONORS FOR BI-DISTRICT

#### Wildcats Hold Upper Hand All Through Four Periods

Quite a number of Munday football fans journeyed to Haskell last Friday afternoon and saw the Crowell Wildcats show superior form by taking this bi-district tilt from the Haskell Indians to the tune of 18-0. Munday's turn-out compared favorably with other towns of this section, and some 3,200 fans filled the stadium for this titular battle.

Fumbles and wild passing marred the championship bout to some extent, with five of these costly miscues being chalked up to each club. Crowell intercepted five of the 26 passes attempted by the Indians.

Crowell was favored as the winner from the time Raymond Joy, 138-pound Crowell quarterback, ran over Haskell's left tackle for the first touchdown in the middle of the first period. It was expected, though, that Haskell would come back strong in the second half, but the Indians just couldn't get around those two stellar ends in the Crowell lineup.

Que Meason's 26-yard run over right tackle for a touchdown in the third quarter just about cinched things for the 10-B champions from Poard county. The finishing touch was added by Bernice Fitzgerald, towering 200-pound end, when he took a clothesline in the end zone for the good right arm of Joy late in the final period.

**HASKELL'S BID**  
 Haskell's only gesture came in the third period when Ballard, center, intercepted a pass on the Wildcats' 24 yard line. Two line plays failed and a fourth down pass was wide. Taking over on the 24 field to the 26, from which point Meason took off on his touchdown journey.

The towering Crowell line, led by end Fitzgerald, Johnson, tackle, Gafford, tackle, and Joy, who backed up line on defense, snuffed out the usual explosive thrusts of Sam Henshaw on sweeping end runs. While slowed to a walk, the black-thatched halfback managed to grub much of the yardage gained by Haskell.

Otis Henshaw, ace Indian passer and quarterback, was forced from the game in the third quarter by a badly wrenched knee received when he was run out of bounds, into the crowd, after picking up 25 yards.

**TALLY CALLED BACK**  
 Crowell scored another touchdown in the fourth period which was called back when both teams were offside. Fitzgerald, who played like an All-American, intercepted a pass on his 40 yard line and hit for the goal line. After passing the mass in midfield, he suddenly found himself in an open field. The massive end began throwing his hips at defensive backs in a manner that would have made a hula-hula dancer blush, then outran the safety for a touch, only to have it called back.

Halfback Orr started the Wildcats on their way to the initial score by a beautiful punt return to his 40. Joy ran to Haskell's 42, and Meason made 6 yards. Meason handed the ball off to Joy, who dove into right tackle, then cut to his left and raced untouched to the score. Attempted pass for extra point failed.

Joy started the second touchdown march with a 25 yard dash around left end and down the east sideline. Meason jabbed the center squarely and squirmed to Haskell's 44. Joy fumbled, but recovered for a 3-yard loss. He then passed to Canup for

17 and on next play ran to the 26 yard stripe, from which point Meason scored. Fitzgerald failed to convert from placement, but got a second trial when both teams were offside. Scott blocked the second attempt.

On an exchange of punts, featuring Rogers' beautiful 51-yard boot out on Crowell's five, Haskell gained the ball on the enemy 33-yard line. Bailey dropped a long pass from Rogers over the goal, but Haskell was offside so the mishap mattered little.

**MORE BOBBLES**  
 A series of fumbles preceded the last score. S. Henshaw fumbled on his 28 after a nice gain around end and Meason recovered. Joy ran to the 12 but Thomason intercepted a pass on the goal on next play, and wiggled out 12 paces. Then Haskell fumbled and Crowell recovered on the line of scrimmage. Meason made a first down two yards shy of pay and on next play the pay-off pass came.

Coach Crady Graves' lads, playing with professional precision, played smart heads-up football and

rightly deserved the privilege of meeting New Castle, winner over Baird, in the regional.

**Freshman**  
 We had an interesting experiment in General Science last Friday. All the demonstrations and experiments showed how we get our water supply.

The Home Ec 1 girls are planning to serve a breakfast for some of the teachers next week. The girls are anxiously awaiting this because they enjoy demonstrating their initiative imposed on them by their capable teacher, Miss Bayse.

The freshmen know that "it is they," is grammatically correct, but insist on saying "It's them."

Our English text states that "It's them" may be permitted in informal discourse. Gee, Miss Diersing thought it a crime for the book to suggest that such a construction was permissible under any circumstance.

**Girls Volleyball**  
 Friday night, December 2, the volleyball girls went to Goree in hopes of winning another conference game. They won the first game, but in the second game one of the girls became ill, which unnerved the players, and they didn't play quite hard enough. Goree won the next two games. The Benjamin girls were disappointed about losing a conference game, but they think that by playing a little harder they will be victorious next time.

**Junior Basketball**  
 Friday night the Junior boys played the Goree Wildcats. They had a very fast team which defeated us 23-8. Pete Rutledge scored 6 points and Perry J. Stark scored 2. The school has bought the boys new sweatsuits which have C-O-L-T-S on the back. We certainly do miss the help of our center and captain, Alonzo Cartwright.

The Mustangs also played at Goree and were defeated 52-24.

The junior team is going to White Flat to a tournament next week-end.

### Shirley Temple Dolls Will Go To Six Little Girls

The Roxy Theatre will give away six beautiful Shirley Temple dolls on the nights of December 20 and 21, it was announced this week. Three dolls will be given away each night.

Little girls under the age of 12 years who buy children's tickets will be eligible to receive one of these dolls. The beautiful dolls are now on display in a show window next to the theatre entrance.

Full particulars on the method in which these dolls will be given away will be furnished by the local theatre.

Six little girls will be made very happy at this Christmas time!

As well-styled garments make the man,  
 So parcels wrapped and tied  
 With tailored skill  
 Make nicer still  
 The gift contained inside.

So tailor-wrap your gifts this year  
 With dressings bright and gay  
 For gifts are twice  
 As smart and nice  
 If wrapped the HALLMARK Way!

● See our stunning new display of Christmas papers, seals, tags, enclosure cards, and ribbons.

### TEXAS TOURIST TRADE BOOMS

Washington, Dec. 9—Recreational travelers spent \$185,350,000 in Texas during 1937, the national park service reported to Secretary of Interior Harold L. Ickes today.

The sum is equivalent to \$30.30 for every person living in the state. In the matter of total amount spent, Texas ranked eighth among the states, outranked only by California and the more populous states of New York, Pennsylvania, Ohio, Illinois, Massachusetts and Michigan.

On the other hand, Texas stood only 37th in the states in the value of traveler expenditures per person. Nevada, sparsely populated and yet visited by numbers of tourists and prospective divorcees was first with a per capita value of \$135.

The report showed, in this connection, that New York, ranking first in total retail recreational expenditures with \$856,800,000, was only fifth in the per capita expenditures due to the large population over which the former sum had to be distributed.

The report, prepared by the United States travel bureau, with the cooperation of the departments of state and commerce and from data furnished by the bureau of public roads, bureau of immigration, interstate commerce commission, American Automobile association and the Automobile Manufacturers association, is the first official survey released by the bureau.

The bureau pointed out that money spent to lure tourists, like the proverbial bread cast upon the waters, often returns a hundred-fold.

#### POSTAL RECEIPTS GAIN

Reports from 38 representative Texas cities to the University of Texas Bureau of Business Research show an increase in postal receipts during October of 6.2 per cent over September and a gain of 0.4 per cent over October last year, the Bureau has announced.

Sam Roberts, owner of the Haskell Free Press, was in Munday last Saturday enroute to Byers, Texas, to visit his mother for the week-end.

Aaron Edgar spent the week-end with friends at Memphis and with his parents, Mr. and Mrs. E. M. Edgar of Wellington.

Mr. and Mrs. Grady Roberts visited Mr. Roberts' mother at Byers, Texas, last Sunday.

Wade Mahan spent the latter part of last week at Wellington, visiting his parents, Mr. and Mrs. J. A. Mahan. His father, who is ill with pneumonia, is reported to be improving rapidly.

Maybe we DON'T believe in Santa Claus. But we DO believe we have a mighty good selection of Christmas Cards this year. We are equipped to print your name on these cards the KINGSLY way as advertised in VOGUE.

## WEINERT FOOTBALL TEAM FETED AT BANQUET ON TUESDAY NIGHT

### Sixteen Players Will Receive Sweaters

Members of the Weinert football team were honored with a banquet on Tuesday night of this week, with 135 being present. This is the first banquet honoring the Weinert team, and hereafter, it will be an annual affair.

Toastmaster for the banquet was Rev. English, Methodist pastor at Weinert, and guest speaker was Rev. Dick O'Brien, Baptist pastor at Stamford, who delivered a very inspirational address. Other numbers on the program was a piano solo by Mrs. Raymond Lyles, and presentation of this year's letterman by Coach Elmo Cure.

Sixteen players lettered this year, Coach Cure said, and these will receive sweaters. They are: J. E. Sosebee, center; Vernon Anderson, left tackle and captain; Howard Sloan, right guard; J. C. Hayes, halfback; Jim Milton, halfback, all of whom are seniors; Leon Marsh, left end; Junior Owens, left guard; R. S. Sanders, right tackle; R. Tiffie, right end; Wilburn Earp, right end; Pete Tomlin, left tackle; B. L. Milton, guard, Henman Josselet, quarterback; W. T. Johnson, fullback; Raymond Ammons, right half, and Foy McKennon, left half.

Players who have been outstanding for Weinert this year are:

Leon Marsh, who played full time in every game of the season; J. E. Sosebee, who blocked five punts and was outstanding in both defense and offense; Raymond Tiffie, scored 19 points during the season and was on the receiving end of most of his team's passes; R. S. Sanders and Junior Owens, both outstanding in the line; H. Josselet, quarterback, who was the outstanding field general; and Johnson, outstanding triple threat who was a threat in passing, punting and plunging the line.

Honor guests included several Haskell citizens and Dr. Cadenhead, president of the Weinert school board.

### Mrs. Sied Waheed Has Operation

Mrs. Sied Waheed, whose husband operates the Economy Store in Munday was taken to the Knox County hospital for examination and treatment.

Mrs. Waheed underwent an operation at the hospital this morning. According to reports, she is resting nicely, and her many friends hope for her a speedy recovery.

Dec. 4	48	40
Dec. 5	32	25
Dec. 6	32	23
Dec. 7	33	30

Rainfall to date this year, 25.28 inches.

Rainfall to this date last year, 17.78 inches.

### Please, Santa Claus

Members of The Times force—the very last man—still believe in Santa Claus, and we have decided that a letter to Old Saint Nick at this time wouldn't be amiss. We submit the following:

Dear Santa Claus: We know, Santa, that you just have gobs and gobs of mail at this time, and we don't want to be a bother to you. But we feel that you can help us out with folks here in Munday and Knox county.

As a matter of fact, Santa, whether or not you come to see us this Christmas depends largely upon the kindness of our own Knox county people. We're not complaining at all, because they have really been nice to us. Many of them, lots of them really, have come in and paid their subscriptions to The Times—and we guess we should have been saving that money as a guarantee that you would come to see us—but we didn't!

There are a few yet who have not renewed their subscriptions—and we wish, Santa, you'd kinda speak to them about how their renewals, and new subscriptions, would help you to make us happy. A dollar won't mean much to them—but gee! Santa, think how wonderful it would be if they'd all come in and "kick in" their dollar between now and Christmas! Then, when we went to bed on Christmas Eve, we'd have the positive assurance that you'd visit us sometime during the night!

So, Santa, if you'll just get the word around to all our Knox county friends and make them generous to, and appreciative of, The Times this month, we'd remain very grateful.

Your friends,  
THE TIMES FORCE

### To Speak at Abilene Banquet—

Gerald C. Mann, attorney-general-elect, and Coke R. Stevenson-elect, above, will be among the principal speakers at the seventh annual meeting of the West Central Texas Oil and Gas Association at Abilene next Saturday night. Approximately 1,500 persons are expected to attend the meeting and partake of the wild game to be served at the banquet.

Other speakers include J. C. Hunter of Abilene, president of the body; Col. E. O. Thompson, chairman of the Texas Railroad Commission; Lon A. Smith, member of that body, and G. A. (Jerry) Sadler, commissioner-elect.

The Munday Chamber of Commerce is expected to have representatives at this meeting.

### Two Moguls Mentioned On All 9-B Team

Honorable mention was given two members of the Munday Moguls squad on the official All-9-B Team this year, which proves that Munday has football material good enough to attract attention of coaches and sports writers of this section.

The two local players receiving honorable mention are Pippin, backfield man, and Lowrance, lineman. Munday did not place a player in the first or second team.

Announcement of the all-district teams, both first and second, was made the first of this week. They are as follows:

First Team—J. Roberts, Albany, end; Mize, Anson, tackle; Scott, Haskell, guard; Williams, Stamford, center; Gregory, Albany, guard; Palmer, Albany, tackle; Gainer, Stamford, end; Bryant, Stamford, quarterback; Neville, Anson, halfback; S. Henshaw, Haskell, halfback; and Rogers, Haskell, fullback.

Second Team—McClain, Anson, end; Massey, Stamford, tackle; Toney, Stamford, guard; Edwards, Anson, center; Haynes, Stamford, guard; E. Taylor, Albany, tackle; Williams, Albany, end; Nixon, Albany, quarterback; Carleton, Hamlin, halfback; Harrison, Stamford, halfback; J. Jones, Stamford, fullback.

Those receiving honorable mention are: Backs—O. Henshaw, Haskell; Freeman, Albany; Z. Thomason, Haskell; Pippin, Munday.

Linemen—Sowell, Hamlin; Cousins, Haskell; Wilfong, Haskell; Lowrance, Munday; Barnett, Haskell; Thompson, Albany; Vaughn, Anson; Simmons, Haskell; Lewis, Albany; Locrer, Albany; Ballard, Haskell.

### IN MEMORY OF MY TRUE FRIEND AND PAL

On November 26th, a telegram was received announcing the passing of Mrs. Ollie N. Hutchinson, who was visiting her sister in Akron, Ohio. She was sick only a few days, but we are told she was very cheerful until the end—but that as and had been her attitude all through life.

She left here the last day of August to visit relatives in Kentucky and her daughter in Urbana, Ill., then on to her sister's in Akron, Ohio. She was to have returned to Texas in time for Christmas, but God in His loving kindness had a far better plan for her. We know she was ready to go, for I have talked with her so many times and she indeed gave me strength when my own spirits were low.

She and I made a trip to Urbana, Ill., in November of 1937, where I had an accident and lay in a hospital quite a while, and then she indeed proved herself a true friend and pal as she visited me every day and took upon herself the task of keeping my children and friends informed of my condition. For this I loved her like a sister, and re-

### 1938 GLAMOR GIRL A MODERN VENUS

THE Glamour Girl of 1938 has discovered that the proper blend of work and play can make Jill a very bright girl.

She is the professional model and in the January Issue of Cosmopolitan she tells her story to Elizabeth Dunn, famous New York model, in the magazine's "Autobiography of America: 1938" series, as a significant facet of contemporary life.

Modern Glamour Girl

gret very much that I was not near enough to do something for her in her last hours.

In the passing of Mrs. Hutchinson, I have lost a true friend, her children a wonderful mother. She was ever ready to lend a helping hand to everyone who needed it, whether friend or stranger.

She was a true Christian and loved to sing the wonderful old hymns. Her many relatives and friends gathered at the home of her daughter, Mrs. Callie Lucas, with whom she made her home, and there tried in their humble way to comfort her bereaved children.

The body of our loved one arrived on Tuesday, November 29, and we laid her beside her companion, who preceded her two and one-half years.

Dear children, I wish I could find words with which to comfort you, but all I can do is point you to the God your mother loved and served, and I know you can receive comfort there.

What is life without my friend? What are all the joys we meet when her loving smile no longer greets the coming of our feet?

### DON'T SLEEP WHEN GAS PRESSES HEART

If you can't eat or sleep because gas bloats you up try Adlerika. One dose usually relieves stomach gas pressing on heart. Adlerika cleans out BOTH upper and lower bowels.

CITY DRUG STORE

The nights seem long, the days seem drear, and time rolls slowly on. And oh! How few are our pleasures.

When her loving smile is gone, we miss her kind and gentle noise, her soft and tender love, and oh! how sad is life without her, when she is gone, when she is gone.

Written by her friend and pal,  
Mrs. Anna Bell Hutchens,  
Goree, Texas.

### CARD OF THANKS

We take this means of trying to express our thanks to the kind friends and neighbors who so nobly assisted us after the recent death of our dear husband and father. Words fail us when we try to express how deeply we appreciate every kindness extended to us, all through our affliction and sorrow. May Heaven's richest blessings

rest upon every one of you.

Mrs. J. F. Clayborn and Family  
Miss Nina Astin, county home demonstration agent, was a business visitor here last Wednesday afternoon.

Whatever makes men good Christians, makes them good citizens.—Daniel Webster.
