H. M. Michels and M. G. Nix Bring In First Bales: Premium Is Divided

Stephen F. Austin, "Father of Texas," Endured Hardships

Although he had a vision of an empire in Texas, Stephen F. Austin, the great colonizer, could not mirror the Texas that is today.

Although his compatriots of the same era of the early 1830's, Green DeWitt, Edwards, and others predicted great things for the undeveloped empire they were founding, they could not see the mighty commonwealth of a century later.

With dogged perseverance Stephen F. Austin, "Father of Texas," stood by his purpose, including time in prison, long sojourns among a strange people in a strange country, distinguished service in civil life, finally to fall a victim of pneumonia just a short time after he had been made Secretary of State in the Texas Republic by Sam Houston.

For three days he labored in the quaint capitol building at Columbia on the Brazos River. The weather was cold, there was no heat and the fatal disease took hold. His last act was for Texas. His last hours were spent in framing documents for presentation to the United States government which eventually was to result in the annexation of the Republic of Texas.

He lay in state at the capitol for two days and was buried on the estate of a sister near Velasco.

It is a far cry from the Texas of the days of Stephen F. Austin and the Texas of today.

It is this century of progress that the State will celebrate with its great Centennial exposition in 1936.

That century of advancement is one of the outstanding events of all history.

Then schools were few, the buildings were of log. The children tracked an unmarked wilderness in some cases for miles to reach the little building where one teacher for a period of three and four months taught the rudiments of an education to a mixed assembly of children and of grades.

Then most of the settlers were along the rivers, because there was no method of transportation, save by water, ox wagon or on foot.

Then no oil fields, no gas fields, no coal mines, no mighty manufacturing plants dotted the landscape over the broad expanse of the State.

One of Austin's colonists, in a letter which has been preserved, even writes that a Bible could not be found in the settlement.

From the oppression of a despotic government the colonists rebelled. They were commanded by the former Governor of Tennessee, the honoré of Andrew Jackson, General Sam Houston. On the field of San Jacinto the few hundreds of men under General Houston won the sixteenth decisive battle of world history, this on April 21, 1836.

But prior to that on March 2 at old Washington-on-the-Brazos a band of Texans had solemnly declared that State to be a free and independent Republic. They realized it was in the making of that declaration they were inviting and most certainly would endure a sanguinary conflict with the enemy.

In the conflict intervening bloody battles were fought.

As a result Texas has its sacred shrine of the Alamo. It has its Goliad. It has its ancient mission and fortress of Refugio. It has the thrilling events centered around Nacogoches.

Texans of today have a century of romance, a century marked by valiant deeds of men and women, a century registering the most phenomenal progress ever recorded by a people to celebrate in 1936.

It is in the commemoration of this past, which shall be the outstanding feature of the celebration, that Texas will hold its Centennial of 1936.

While it is paying due and proper homage to the founders of our present civilization, it shall also, in this Centennial, accurately portray the progress of the century along material, spiritual, cultural, educational, social and business lines.

By contrast will be shown the few rude implements of civilization available in 1836, and how heroic has been the struggle to build from that beginning to the present proud empire State.

Munday received its first bale of cotton Monday, in fact it received its first four bales on that date, but to H. M. Michels goes the credit for having reached town with bale No. 1, which was ginned at the plant of the Pendleton Gin Company at about four o'clock Monday afternoon, and while the Michels bale was on the scales at the Pendleton plant M. G. Nix brought in a bale to the Farmers Union Gin, following Mr. Michels' bale by only a few minutes.

Both bales were ginned complimentary by the respective gins and both were sold to Jimmy Harpham, local buyer, for 15 cents per pound.

The Munday Chamber of Commerce Tuesday appointed a committee composed of R. B. Davy, J. C. Borden and T. R. Haney to canvass the town for a premium, which amounted to \$40.00, and was divided between Messrs. Michels and Nix, Mr. Michels receiving \$25.00 and Mr. Nix \$15.00.

W. D. McFarlane In Address Scores The Wichita Newspapers

Congressman W. D. McFarlane in an address here Saturday afternoon scored the Wichita Falls daily newspapers, the Times and Record-News, for failure to carry an impartial account of speeches made by him in the campaign. While conceding to them the privilege of opposing his reelection through their editorial columns, he charged that they failed to carry out their responsibility to the public by their failure to deal fairly with the issue.

Mr. McFarlane was preceded by Rev. H. C. Hand, pastor of the Methodist Church, who stated that he felt it his privilege and his duty to take an interest in political issues and he praised the record of Congressman McFarlane and commended him to the audience as a man of the highest type and stated further that it would be a calamity to the district to retire him.

Rev. Hand was followed by John Rhea, Wichita Falls attorney and native of this community. Mr. Rhea stated that he felt it his duty to speak a few words for McFarlane and praise his record as a public official and as a citizen.

Following Mr. McFarlane's address Claude Miller, father-in-law to Jimmie Allred, made a passionate appeal for Mr. Allred, charging that Tom Hunter was unfit to be governor and that his election was being sought by the oil interests of the state, pointing out that while Mr. Allred led the ticket by a large margin in the July primary, he fell margin to receive a plurality in any of the oil towns of the state, and he warned that a well organized plan was on foot to shift the tax burden from the oil interests to the farmers of the state, and that Tom Hunter had been chosen by the oil interests of the state to carry out this nefarious mission.

While Mr. Miller spoke over the loud-speaker equipment of a large Farlane, we have been requested by Mr. Miller to say that there was no connection between the two addresses. Mr. McFarlane having extended the courtesy to Mr. Miller at the conclusion of his address.

The advisory committee of Knox County for the Texas Centennial met for its first meeting Saturday morning at Benjamin with Mrs. Frank Patton presiding. At this time inter-county representatives were appointed as follows: Mrs. E. F. Heard, Gore; John J. Hoffman, Rhinecland; T. W. Harber, Sunset; Mrs. Tom Hearl and Mr. J. J. Collier, Vera; Chas. Moorhouse and Chas. Bisbee of Benjamin were elected to represent Knox County at the Centennial District meeting to be held at Wichita Falls August 17. Gov. Miriam A. Ferguson proclaimed the week of August 12 thru the 18th as Texas Centennial Observance Week.

Miss Shelly Lee, who is one of the Knox County advisory committee represented Munday at this meeting in Benjamin.

Glenn Wallace Kennedy came in last Saturday from Austin and will spend a week or more visiting his father and friends here. He has been taking some special work in the Austin High School during the summer months and will re-enter that institution in September.

Forty cotton checks were received by County Agent Rice on Monday, and more are expected daily. Of the forty checks received a majority were for farmers in the immediate vicinity of Munday.

Successful Revival Closes at Church Christ Wednesday

Evangelist C. A. Collins closed a successful two weeks meeting at the Church of Christ Wednesday with fifty-one additions to the church, 27 by baptism and 24 by reconfirmation and membership.

Wichita Valley and Red River Valley To Play All-Star Game

Skipper Lee Haney, manager of the Munday Champs of the Wichita Valley League, issued through the Wichita Falls Record-News a challenge to the Red River League for a game between either the individual teams of the league or an all-star team picked from members of the league. Haney's challenge was published in Al Parker's column Sunday, and on Monday afternoon the Vernon manager had an article in the same column accepting the challenge.

Skipper Haney is undecided just at this time when the game can be played due to the fact that he faces a play-off series with Hamlin but states that the game will likely be arranged early in September.

C. M. Brown Named Cattle Inspector Wilbarger County

C. M. Brown of Munday has been appointed Government Cattle Inspector for Wilbarger County and will assume his duties at any early date. In his capacity Mr. Brown will pass on the price to be paid by the Government for cattle purchased in the program now under way to stabilize cattle prices.

Frank Glover of Benjamin, office deputy to Sheriff C. R. Elliott, has been named to a similar position for Haskell County.

Heart Attack Kills Aged O'Brien Man

HASKELL, Aug. 15.—Relatives of T. G. (Uncle Tom) Carney, 70, of O'Brien, pioneer Haskell county resident, found him dead in his barn Tuesday night after he had been missing for several hours.

According to a physician's statement death was due to heart trouble. The aged man had told his wife he was going to feed stock. When he failed to return to the house about dark, search was made.

Funeral arrangements were incomplete pending arrival of relatives from distant points.

Correction

The last two issues of this paper have carried a gross error, and we have been reminded of the fact several times this week, and gladly make the correction. In revising our announcement column following the July primary we lifted the name of D. C. Osborne for County Commissioner and left in the name of Peter Loran, whereas we should have left Mr. Osborne's name in that column and taken out the name of Mr. Loran, which we have done, and sincerely trust that no confusion has arisen from our error.

Mrs. G. H. Beatty and sons, A. J. and Hugh, left Wednesday for Weatherford, Texas, for a visit with relatives.

Monday Is Last Day In Which To Make Application for Certificates

Monday is the last day—the final deadline—for making application for ginning certificates according to John Rice and C. M. Thompson, in charge of the local office over the Eiland Drug Store, and farmers who do not file applications on or before that date will subject their entire cotton production to the government tax. Since these gentlemen have no means of making a checkup on the farmers of the community they must rely on farmers responding to this announcement, and they urge any who have not filed applications to do so without delay.

Seymour Banker Slain; Woman Is Being Held In Jail

SEYMOUR, Aug. 16.—Horace E. Nichols, 38, assistant cashier of the First National Bank of Seymour and father of two children, was shot and killed as he sat in his car with a young woman companion on the highway north of here about 11:00 o'clock Wednesday night.

Miss Ruby Britain, 40, member of a prominent pioneer Seymour family, is being held in the Baylor county jail on a charge of murder and has refused to make a statement.

Miss Britain waived examining trial and her bond was set at \$10,000. Attorneys said it would be perfected momentarily. Four attorneys, two of them kinsmen of Miss Britain, were in conference with her here Thursday morning. Her brother, B. M. Britain, Amarillo attorney; and half-brother, A. H. Britain, former mayor and Wichita Falls attorney; S. A. L. Morgan, Amarillo, and Bert King, Wichita Falls, both former law partners of A. H. Britain, were in Seymour.

Miss Willie Mae Couch, 19-year-old Portales, N. M., girl who is visiting her sister, Mrs. Joe Blackburn, here, reported the shooting to officers and was held as a material witness until Thursday morning when she was released on her own recognizance. Miss Couch's family lived in Seymour until about eight years ago when they moved to New Mexico.

She made a statement to officers which was not made public, but was unable to give any information that might reveal a motive for the shooting. She was suffering from a slight cut on one cheek which she told officers she sustained from flying glass.

According to the story told officers by Miss Couch, she and Nichols had driven out on a road four and one-half miles north-west of Seymour and had only been parked a short time when a black Chevrolet coach with a lone woman as an occupant, drove alongside and stopped. Shooting started before a word was spoken, Miss Couch said. Miss Couch said she jumped out and ran to the rear of the car and Nichols left the machine and ran about 70 yards up the road before he fell.

Body Found
Miss Couch said she got back in the car in which she had been riding and drove to Seymour where she reported the shooting to Deputy Sheriff Pat Taliaferro.

Taliaferro, accompanied by City Marshal C. L. Jeter went to the scene where they found Nichols dead in a ditch beside the road. Justice of Peace Pat O'Reilly and an ambulance were called. A verdict of death from gunshot wounds inflicted at the hands of parties unknown was returned.

Taliaferro went down the road about half a mile where he found a car answering the description of the one from which Miss Couch said the shots were fired. The machine was in a ditch and had been wrecked, officers said. Taliaferro identified it as belonging to Miss Britain. While he was inspecting the wrecked car, Miss Britain and a kinsman, Ambrose Bowie, who is connected with a Seymour lumber company, came along in a second car, and Miss Britain was taken into custody and lodged in the Baylor county jail. She refused to make any statement concerning the shooting.

Taliaferro said Mr. Bowie told him that Miss Britain had called him with the request that he help her get her car out of the ditch and that he had come to her assistance. The officer told of finding a shell from a .380 automatic in the floor of the car and of finding several others near the scene. The gun from which the bullets were fired has not been located. Nichols was shot twice in the back in the upper part of his body.

Prominent Families
Miss Britain is a member of a prominent Baylor county family and has been a resident of Seymour practically all of her life. She is an attractive brunet and is popular in Seymour. She maintained her composure and her silence Thursday.

Nichols was born and reared in Seymour. He has been connected with the bank of which he was assistant cashier for 16 years. He is survived by his widow and two

MY OLD FRIEND GROVER JONES

I have knowed some tough hoss tamers
That could take the bucks an' groans
But the ace of bad hoss teachers
Was my old friend Grover Jones.
The slender lad of the prairies
Warn't much for helt an' size
But when he stepped a-crost a bad 'un
Well pard you'd be surprisid.

He never did care a dime's worth
When a bad hoss backed, nor where
He set that a smile'n plenty
Like the "cack" was a rockin' chair
He was allus plumb gentle to hosses
Never hurtin' their backs nor their bones
But many an outlaw surrendered
To my old friend Grover Jones.

He never did bother no leather
To him buckin' straps was taboo
When a bad hoss swallered his noggin'
An' started to come in two,
When a bad hoss swallered his noggin'
An' he never seemed to get enough
Of bathin' 'em down the hind leg
While a takin' 'em off the rough.

Back ther in the Lake Creek country
Where the wild T-Diamonds roamed
Over miles of green mesquite grass
Was Grover Jones at home
I believee old bronc mashers will side me
In sayin' it ain't any bluff
That the man who has sat on T-Diamonds
Will allus be a knowin' his stuff.

These hellians might paw at the new moon
An' take a few kicks at the sun
In showin' a would-be bronc buster
Just how tough buckin' was done.
Lost memories now come a stampedin'
An' I feel a thrill in my bones
Over some jobs of tough ridin'
By my old friend Grover Jones.

LATTIMORE LECTURES PRESS.

Judge Hal S. Lattimore lectures the press for calling attention to the fact that his name appears on the ballot as "H. S." instead of Hal S. Lattimore and for indulging in the speculation that an undetermined number of voters, who have been voting for many years past for his father O. S. Lattimore as Judge of the Court of Criminal Appeals, will reasonably vote for H. S. Lattimore thinking they are in fact voting to again return his father to the office he has held so many years, Justice of the Court of Criminal Appeals.

The sad thing about it is that all three of the candidates for Supreme Judge, which is an office of vastly more importance than that of Governor of the State, probably did not reach more than thirty per cent of the vote, that is not more than thirty per cent of the vote knew in any way any one of the three candidates for this high office; that its selection surely lay to the chance marking of the ballot by the seventy per cent who did not and do not know either of the candidates or indifferent voters.

Sunset began its present school year with an enrollment of approximately three hundred and forty-five. About one hundred of those are high school students, all of whom expect to do great things this coming year.

Behind this group of students we have a splendid faculty, four of whom are new to us—Mr. Akin, Miss Turman, and Miss Hutton, and Miss Curry—and we should all feel honored at having so brilliant a faculty as ours in this community.

The high school has been honored several times this year by visits of ex-Seniors. We are very glad to have any visitors; and especially the parents of various students.

The staff all seemed to be happy of a chance to inform the public of the school's doings, so we shall try, with the aid of Miss Blanton, to entertain you with information concerning the best school in this part of the country, Sunset Consolidated School.

As yet the staff is not complete, but we hope to select others as soon as possible.

SENIOR REPORT
Well, here we are, started once again on another school year, which we the Seniors, hope to be our last one. We have elected Mr. Akin, or his successor, Mr. Hughes, as our sponsor. Our class officers are: Rex Howell, President. Rogers Curry, Vice-president. Edna Hudson, Secretary-treasurer. Drucilla Wren, Class reporter.

JUNIOR SPONSOR
The school year of 1933-34 is past and this finds us in the Morning of a new school year. Last year is only a memory, but many are the things that we like to recall. This year with an enrollment of one hundred in high school we have greater ambitions—even thinking of making our grades, winning the County Championship in basketball, track, and literary events. With the cooperation that we had last year, we are looking forward to this year and planning to accomplish great things. May I express my sincere gratitude to the Junior Class for the confidence given me in choosing their sponsor and may this be one of the best years in high school for the best

SOPHOMORES

The title of this column seems rather unfamiliar as it was only about two and one-half months ago that we went under the name of Freshmen.

The Sophomores are still not satisfied with the examples which the Sophomores of last year or any of our upper classes have set before us. We shall strive to live up to our motto—"To Be, Rather Than Seem To Be."

It seems as if our lower classes, the Freshmen, have at last found themselves! They seemed lost at first, but we still wonder if they feel toward their upper classes as we did last year.

We have classes under both the new teachers, Miss Turman and Mr. Akin. We like them, and most of us will do the best we can to make their work more pleasant for them, which will probably result in making the work more pleasant for us.

FRESHMEN

Here's mud in your eyes, folks—as our old Dutch grandmother used to say. No, it isn't original, but she admits that too. Well, anyway, the new freshman class met Wednesday to get organized, and did we get organized? Officers for the coming year are: President, Nell Nix. Vice-president, Willie Joy Floyd.

Secretary-treasurer, J. B. King. Reporter, Fuller Shannon. Sponsor, Miss Turman. We surely are glad to be up here in high school. Ahem! But still, we won't fuss—the pleasure is all yours.

Take Note
A little bit of writing
On the cuff
Will help a guy remember
A lot of stuff.

Who says notebook backs? But the laziest man we ever heard of is the one who puts coffee grounds in his mustache and drinks hot water so he won't have to make coffee. But seriously now—"Us pore freshmen are mighty glad to be way up here in high school. Though we may be kinda bashful right now, you'll hear from us later. Already you have probably been hearing about how good looking we are. We are going to be the best Freshmen Class Sunset High School has ever had. Don't get jealous of us, because you have been warned."

RUBEN LOFTIN THANKS THE VOTERS OF 23rd SEN. DIST.

I wish to thank the voters of this District for their vote given me July 28th and I will appreciate their continued support on August 25th and I earnestly solicit the support of those who voted against me.

Many people have asked me who I am sporting in the Governor's race and I think that you are entitled to know, in as much as it is very important to elect a man for State Senator who is friendly to the Governor and his program. I voted for Tom Hunter in the first Primary and I am going to support him in the run-off, and if elected I expect to help him carry out his program.

I earnestly solicit your vote and influence on August 25th.

Respectfully, RUBEN LOFTIN.

CARD OF THANKS

We wish to express our sincere thanks for the help, interest and attention given Mrs. Victor Jungman during her recent illness, and wish to assure each of you that we shall ever feel grateful in our hearts.

Texas Pole Climber Thrills Fair Crowds

Harriett Wasiele, an employe of the Sears, Roebuck exhibit at the Fair, gives pedestrians on the Avenue of Flags a genuine thrill when she accepts the dare of Bud Fisher, the chap who climbs the flag poles at the Fair, to let him carry her down the 85-foot ladder on the Mack fire truck on which he performs daring stunts daily from 12:30 to 1:30. Up until three years ago Fisher was a cow-hand at Comanche, Texas, who liked to climb high things. At the opening of the Fair a year ago he got the job of climbing the flag poles at the Fair, which are 90 feet high.

Time Lost is Money Lost

It costs money to be sick. You see it directly if your pay envelope is short. You lose out on some important work if you live on a farm or if you are one of the few who are not docked for lost time. You can't afford to show up on the job unless you are feeling fit. The boss wants results—not excuses.

How many times do Gas on Stomach, Head-ache, Sour Stomach, That Tired Feeling, That Morning After Feeling, Neuralgic, Rheumatic, Sciatic, Muscular or Periodic Pains keep you at home or interfere with your doing a full day's work?

All these troubles are caused or made worse by too much acid in your body. To correct this condition take

ALKA-SELTZER

The New Pain Relieving, Alkalinizing, Effervescent Tablet.

It is called Alka-Seltzer because it makes a sparkling alkaline drink, and as it contains an analgesic (Acetyl-Salicylate) it first relieves the pain of everyday ailments and then by restoring the alkaline balance corrects the cause when due to excess acid. Alka-Seltzer is pleasant to take, harmless, non-laxative.

Why don't you try it? Get a drink at your drug store soda fountain for a nickel. Buy a package for home use.

Will You Let Your Child's Eyes Limp Through Life?

NOTICE the next time you are in a crowd of people just how many of them are wearing glasses. Why is it that so many eyes are defective? In a great many cases it is because of poor lighting and improper use of the eyes in childhood. If you permit your child to read, to study, or even to play where there is not enough light or where there is blinding glare you are making a mistake that may be disastrous. Take care now to prevent your child's eyes from limping through life. Good light cannot be obtained from bare lamps, or lamps improperly shaded. Use good light to eliminate harsh contrasts—between bright and dark areas. Enjoy the benefit of plenty of light, for it is inexpensive, and new eyes cannot be bought for any price. Let our home-lighting specialist tell you how to arrange your lamps, and get the full value of the light you buy. This service is free.

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule... and adds only a small amount to your total bill?

Evangelist Talks
At C of C Luncheon
Tuesday at Noon

Evangelist H. L. Cochran was the principal speaker at the luncheon of the Munday Chamber of Commerce Tuesday, while Rev. H. C. Hand and Rev. W. H. Albertson were guests.
Evangelist Cochran commended the group for their efforts to improve conditions generally and for their untiring and constant effort in the upbuilding of the town and community, and urged that more attention be given to the upbuilding and support of the churches of the town, which he stated was the most attractive asset that any community could have for the magnetism they possess in bringing good citizens to a town.

Thinking
Out Loud

By J. A. K.

While this column may not be so hot, it must be admitted that we've had very little to say about the weather.

About this time every two years we wonder why someone else did not get into the Governor's race.

And another thing: If Gabby Lee Haney doesn't repeat this season it will be necessary to get another name for his Champs.

When we see Dudley Kethley out front looking skyward we know for a fact that there are a few thunder heads in sight.

Dudley now has 'em timed and can tell you just about when they begin to appear and when they disappear.

And these whispering campaigns are becoming more effective each year. If we are to believe what the politicians say.

We have heard quite a bit of this kind of politics recently, but we just can't place much faith in lots of it.

We believe that the voter should be very cautious in changing his choice on the face of these last-minute rumors.

The campaign has been on for several weeks and if a man were so totally unfit for office as some of these rumors would indicate the opposition has had ample time to have brought out the facts long before now.

And another thing that we have to be thankful for in an abundance of pure, clear, sparkling water.

Many West Texas towns are confronted with a water famine, and a great many municipalities have been forced to restrict consumption, but here on the grand old Knox Prairie we know nothing of water shortage.

Mundays may continue to take their Saturday night's both without any misgivings, and may turn it on the lawn just as strong as their ability to pay will permit.

The Graham Leader figures it out that they have 1,700,000,000 gallons of water left in their lake, which figured out so as to be easily understood would be one hundred and eight billion gallons.

And since we have figured it out on the basis of recent election returns, water is the favored beverage in Knox county.

Of course, we base that assertion solely on the election returns.

We publish in this issue a little tribute to the old cowhand, Grover Jones, written by that old-timer in these parts, Walter Cousins, whose contributions in early issues of this paper are still remembered by many of the old-timers.

While he has since achieved no small measure of success, he is still at heart an old West Texas cowhand, and we have met many of the successful business men of his home city, Dallas, during the past fifteen years, and they'll usually recall that Munday is the old home town of Walter Cousins.

And despite the fact that he is a busy man, he has taken time out in recent years to do a lot of boosting for the Texas Cowboy Reunion at Stamford, and to him, probably to a greater extent than anyone else, belongs the credit of butting that show over in a big way.

And as the years have rolled by Grover has substituted a Buick for the bronc of former days and having watched him tinker with it for some time recently, we're convinced that he was a far better cowhand back in the good old days than he is an auto mechanic in the modern day of drug store cowboys.

Miss Jewell Perdue and little Jack Perdue are visiting in Knox City this week.

Our Job Printing Department is equipped to handle all kinds of printing in a highly satisfactory manner, and we solicit your business in this line. We are prepared to give prompt delivery, and we're never satisfied until our customers are pleased.

Our equipment is the most up-to-date in this section of the State and we spare no effort in workmanship.

A poorly printed piece of work is too expensive at any price, and we consider quality of workmanship first, and then price.

Remember, money spent for printing with us stays here in our town and ultimately finds its way back to our customers, while that given the outside printer goes out and stays out.

Our business is based upon service to this community, while the outside printer renders no service to this community, but merely send their representative here to take what money they can out of this town.

We strive to merit your printing business, and will appreciate it, be it large or small.

VOTE FOR
MRS E. F. BRANTON
FOR
COUNTY SUPERINTENDENT

Qualified by both education and experience to render efficient service.
Twelve years teaching experience in the rural schools of Knox County.
Holds B.A. degree from Texas Technological College.
Four years ago Mrs. Branton was defeated for this office by only one vote on the face of final tabulations.
In the July primary she received 1229 votes, leading her nearest opponent by 256 votes in the county.
Her home people at Knox City, among whom she has resided for 13 years, gave her 441 votes as compared with a total of 128 votes for her two opponents.
Her life has been devoted to school work in the rural districts, and by experience she is well qualified to raise the standard of the rural schools of the county.
Her experience is practical and not theoretical. Her qualifications are unquestionable. Her interest in rural schools is founded on years of actual experience in the school room and in the management of school affairs.
Since the duties of the County Superintendent pertain more exclusively to the supervision of rural schools, why not elect one with rural school experience, both in teaching and school management?
No one will appreciate your vote more than will Mrs. Branton and no one will strive more diligently to merit your confidence and render faithful and efficient service than will she.

FIRST BAPTIST CHURCH

We were happy over the good attendance and fine interest last Sunday morning.
The workmen are busy repairing and painting the church this week, which has been long needed.
We are planning for a baptizing service next Sunday afternoon at 3:30.

We especially urge you to come to the service Sunday morning. There will be no service Sunday night on account of the meeting at the Methodist church.

Can't Eat Can't Sleep Can't Work
A Sign You're Runkdown!

When your appetite has fled and you're tired and nervous you can't even work, much less sleep, it's a sign you're runkdown. It may be due to overwork, worry or sickness, but whatever it is, your condition calls for a good tonic. There is nothing better than Grove's Tasteless Chill Tonic, for it is iron and tasteless quinine combined. Iron, as you know, is a noted blood builder, while quinine tends to purify the blood. Thus you get two effects of vital importance in any runkdown condition.
Old and young find new appetite, new strength and energy in Grove's Tasteless Chill Tonic. Try it for just three days and see the difference it makes in you. You feel like a new person, Grove's Tasteless Chill Tonic is pleasant to take and contains absolutely nothing harmful. Get a bottle today at any store.
