Park And Museum Scale Drawing Presented At Town Texas Meeting

The third meeting of the Munday-Town Texas task force was held on Tuesday night, April 18th in the Chamber of Commerce meeting room.

Attending the meeting were: Chris Christensen, M.

L. Wiggins, Clint Norman, Dr. Bill Kingston, Curly Awalt, Bobby Hutchinson, Mrs. Mauryse Scott, Mrs. Edith Hobert, Norman Anderson and Mrs. Callie Ann Combs.

A report was given on the

meeting of the state-wide Town Texas meeting held in Austin on April 8th. Attending from Munday were: M. L. Wiggins, Curly Awalt, Dr. Kingston and Clint Norman. According to Mr. Norman, "The theme of the

Austin meeting was 'Revitalize Your Town' with discussion of problems and progress reports from every city who has held a Town-Texas meeting in the State. An effort is being made by the Texas Institute of Cultural Affairs to challenge every town in Texas to be self-dependent rather than depending upon the state and federal government for aid. This incentive was originated by the Institute during the Bicentennial year. Their efforts shall be continued in the future to challenge every rural town to: (1) to be self-dependent; (2) to motivate local citizens to become active in town-hall meetings to identify and solve problems; and (3) to adopt long-range programs for future development."

Curly Awalt reported "that the state meeting was one of the most enlightening and interesting he had ever attended." In continuing he added "it seemed to me that Munday is already far ahead of so many other towns in working out solutions to problems. We certainly impressed others by telling of our ambulance problem, and that it took only a few short months to accomplish our goal by providing emergency medical services to our area."

Dr. Kingston then related his impression of the meeting in saying "it takes a lot of courage and hard work on the local level to achieve the goals set by any community, but Munday, in the past, has proven that its people are a determined group and can, by working together, achieve almost any goal they choose. Town-hall meetings are simply brainstorming sessions whereby everyone can share ideas on what we need and how to get the job done. Motivating people and getting them actively involved is the key

Track Field To Be Discussed

Interested citizens of Munday are invited to attend a meeting at the Cottage Inn, Friday, April 28 at 8 p.m. to discuss the possibilities of building a new sports complex.

Discussion will be held on building a track field allowing room to add football facilities at a later

date. Also pros and cons will be discussed on building a complete complex, track field and new football stadium.

If you are interested in seeing the students of the Munday school district have these facilities, please attend the meeting.

Council Approves Fiscal Year Budget

The City Council of the City of Munday met Tuesday, April 18 in special session at 7:00 p.m. at the City Hall.

Members present were: Mayor Dale Selzer, and aldermen Von Marr, Donald Hobert, Ray Lynn Hardin, M. M. Booe and Jessie Andrade.

Mayor Selzer called the meeting to order and Donald Hobert led in prayer. Minutes of the April 11, 1978 regular meeting were read and approved with one minor correction at the top of page 193 in the minute book which should have shown one abstention. (Now corrected)

Mayor Selzer stated that he, former Mayor Clint Norman and Walter Hertel, city administrator had previously reviewed the budget and he recommended its approval without any increases other than property additions to the tax role at this time.

Hardin recommended that a fire truck fund be commenced this year by setting aside \$8,000 from the operating funds to Munday Fire Department Fire Truck Funds. Discussion. This is to be reviewed each year and the City's needs and financial status would help determine if additional funds and in what amounts could be

added to the fire truck funds in future years.

After discussion Marr moved that the proposed budget for the fiscal year April 1, 1978 to March 31, 1979 be approved and adopted as previously submitted and published in the Munday Courier as follows: cash balance, all funds \$57,985 and invested funds \$130,869; total \$188,854 plus estimated receipts \$293,440; less estimated disbursements \$292,388 for an estimated surplus total of \$189,906; motion states one exception, this being a transfer of \$8,000 from operating funds to Munday Fire Department, Fire Truck Fund, this to be invested in C.D.'s or approved securities for 6 years to earn interest. New surplus total after transfer of funds is \$181,906. (This is estimated as an increase in all funds of \$1,052 over one year ago). Andrade seconded the motion. Carried with all in favor.

The Council next discussed swimming pool operation and legal implications involved. Hobert moved that hiring an operator and lifeguard approval be delayed at this time to further check this out. Marr seconded. All for.

Next discussed was operation of Corporation Court. The April 6 minutes were discussed and reviewed in regard to hiring a full time city judge. Legal aspects as to requirements of office were also discussed. After discussion, Booe moved that the City continue as we are now operating and as also set out in the April 11 minutes and that we continue at this time on this basis. Hardin seconded. All members for.

Meeting was adjourned upon a motion by Hardin. Marr seconded. All for.

The Munday school music department will present their annual spring "Musicade" Tuesday, May 2, at 7:30 p.m. in the high school auditorium.

Program will include students in the fifth, sixth and high school bands, stage band, choir and several small groups will perform. Several entertaining skits are also planned.

Everyone is invited to attend for an enjoyable evening. Admission is \$1.50 for adults and 75c for students. Advance tickets can be purchased from any member of the Big Purple Cloud.

4-H DRESS REVUE winners were (l to r): Junior I (age 9-11) Amy Griffith, daughter of Mr. and Mrs. Charles Griffith of Benjamin; Junior II (age 12-13) Melinda Welch, daughter of Mr. and Mrs. Roy Welch of Munday; Senior (age 14-19) Susie Esquivel, daughter of Mr. and Mrs. A. C. Esquivel of Munday.

Sisters Qualify For State Track Meet

Last Friday and Saturday, Munday was well represented at the girls regional track meet at Odessa. The Mogulettes placed 6th in the meet with 24 points.

Leading the Mogulettes were state qualifiers Julie and Caroline Myers finishing first in the mile and the 880 respectively. Also scoring for the Mogulettes team was Vicki Toliver with a 4th place finish in the shot put.

The mile relay team of Nikki Urbanczyk, Janet Zeissel, Annelle Myers and Caroline Myers had the 6th best time in the prelims with a 4:18.8 clocking but did not make it to the finals. They were 5th in their heat and only the top four teams from each heat ran in the finals. The Mogulettes have

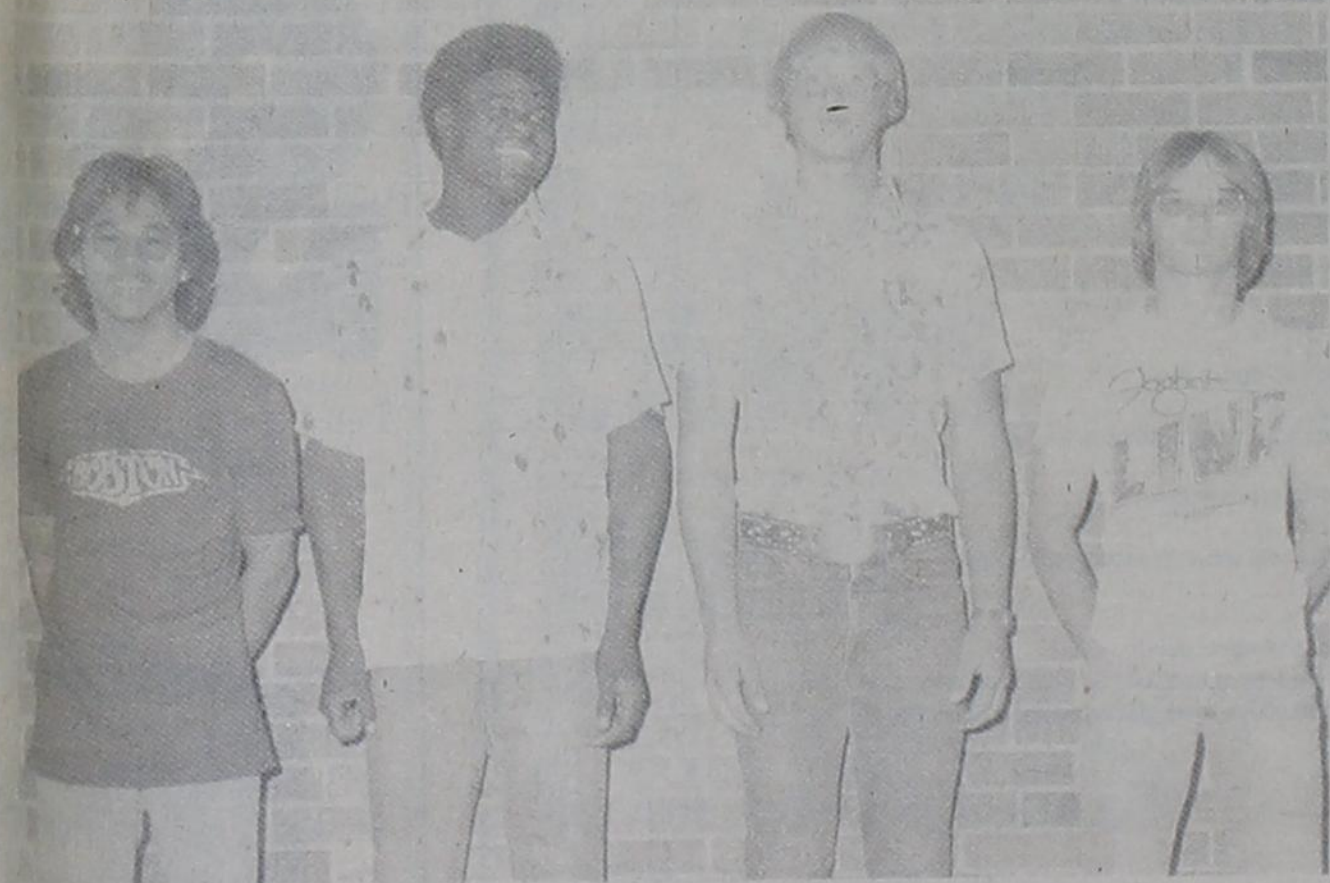

proven their abilities in the track and field events this year and we would like to take this opportunity to congratulate them and coach Diggs on an outstanding job done this year.

Information on the state meet will be in next week's paper.

DST In Effect At Midnight Saturday

Spring has sprung again and it is that time of year when everyone must roll their clocks ahead one hour to Daylight Savings Time. Saturday night before you retire to bed, remember to roll those clocks up one hour so as to be on time for Sunday services.

The change in time happens twice a year, once in the spring and again in the fall. You may not like it, but to conform with almost all the United States, those clocks have to be changed.

Father Of Local Woman Passes Away

L. B. White, 82, of Roch-ester died at 12:40 a.m. Tuesday in a Haskell nursing home after a lengthy illness. Services were at 2 p.m. Wednesday in United Methodist Church. The Rev. Aubrey Head-

stream, pastor, officiated. Burial was in Highland Cemetery in Stamford, directed by Smith Funeral Home.

Born Feb. 12, 1896, in Falls County, he moved to Haskell County in 1898 and married Mary Hazel Scott Dec. 23, 1917, in Eddie. He was an Army veteran of World War I and was a retired farmer. He was a member of the United Methodist Church. He was a member of the American Legion, Haskell Sheriff's Posse and charter member of the Haskell Farm Bureau.

Mrs. White died in 1969. Survivors include two daughters, Jean Haynie of Munday and Billie Ruth Cannon of Hale Center; a brother, Paul of Los Angeles; two sisters, Emma Cummings of Olney and Nora Mae Hicks of Littlefield; seven grandchildren; and six great-grandchildren. A son, Scott, also preceded him in death.

New Leaflet Available On Conservation At SCS

A new leaflet explaining the Resource Conservation Act of 1977 and the public's role in its implementation is now available at offices of the U. S. Department of Agriculture's Soil Conservation Service.

Under the new law, SCS will appraise the nation's soil, water, and related resources; develop a comprehensive 5-year strategy to guide conservation ef-

orts; and evaluate the effectiveness of ongoing conservation programs. SCS will carry out the work in cooperation with appropriate citizens groups; conservation districts; and other federal, state, and local agencies. The appraisal and program will be completed by the end of 1979 and updated every 5 years.

Copies of the leaflet "Your Role in Conservation's Future" may be obtained by calling 658-3526 in Knox City or coming by the SCS office.

"The Wichita Brazos Soil and Water Conservation District and the Soil Conservation Service will co-sponsor a workshop or open meeting about this legislation in the future," Arche Lieb, SCS district conservationist, said, "and it would be helpful to read the leaflet before the meeting."

Lieb said that public participation is a built-in feature of the Resources Conservation Act, and suggestions from interested groups or individuals are welcome at any time.

Frank Griffith Rites Held

Services for Frank S. Griffith, 70, of Olney and formerly of Knox County, who died Saturday, were Monday in the Knox City Church of Christ.

Travis Boyd, minister, and the Rev. Dick Turner, pastor of the Southside Baptist Church, officiated. Burial was in the Knox City Cemetery, directed by Smith Funeral Home.

Born June 29, 1927, in Knox City, he married Hazel Bond Aug. 16, 1959, in Nevada. He farmed and operated a cafe in O'Brien until 1963. They moved to California in 1965, and to Olney in 1972. He was a member of the Church of Christ.

Survivors include his wife; three sons, Frank of Antioch, Calif., Bob of Olney and Jerry Lynn of Poolville; a daughter, Rose Marie Childress of Dallas; two brothers, Sipe and Don, both of Knox City; two sisters, Laura Jones of Munday and Elizabeth Clark of Roswell, N.M.; and 15 grandchildren.

Social Work Detailed By Guest Speaker

Jim Bisbee, a native of Benjamin who has been in social work both in the military service and civilian life, gave a detailed report of this type of work at Tuesday's meeting of the Munday Lions Club.

After retiring from the military, Bisbee was an instructor in social work at Arlington. He gave several interesting stories of his activities in the social realm.

Returning to Benjamin, he and his sons did most of the work of constructing a new home on the river brakes north of Benjamin. He was then elected president of the Benjamin Ex-students Association, and in this capacity had a leading role in establishing and constructing the community center in Benjamin.

He said the building was not entirely completed, and it involves an expenditure of better than \$50,000. A large portion of the fund has been raised by voluntary contributions of ex-students of the Benjamin Schools. Bisbee is continuing social work on a limited scale in this area.

Engagement Announced

Mr. and Mrs. Bobby Owens of Munday are announcing the engagement, and approaching marriage of their daughter, Barbara to Gary Hoffpauir of Wichita Falls.

Barbara is a 1976 graduate of Munday High School and is presently employed by Aloha Telephone Answering Service in Wichita Falls. Gary is employed at City Concrete in Wichita Falls.

The wedding is planned for July 8 in the home of the bride's parents.

Why Should Dolph Briscoe Be Governor for 10 Years?

There is no good reason!

No other Texas Governor has ever asked for 10 years, much less been elected for 10 years. Dolph Briscoe's record does not merit 10 years in office:

- * Yet Briscoe has spent more than \$2 million in this campaign — including \$900,000 his supporters borrowed from 13 banks — to get 10 years in office.
- * Property taxes have increased by 1 BILLION DOLLARS since Briscoe was elected; so far, he has done nothing to provide property tax relief.
- * Welfare costs have more than doubled under Briscoe, without a fair increase in benefits for those people who really deserve them. The reason is waste. The worst example is Briscoe's own Office of Migrant Affairs, which spends \$8,000 for each person it helps find a new job.
- * Utility rates have skyrocketed while Briscoe has been governor, without a single sign of concern by the Governor.

Elect a New Governor

Endorsing John Hill, the Kilgore News Herald said: "He fought Southwestern Bell all the way to the Supreme Court to stop an unfair rate increase. He appears to have beat the Howard Hughes empire over millions in inheritance taxes. And he cleaned up Duval County."

Endorsing John Hill, Fort Worth Star-Telegram said: "In two terms as state attorney general, Hill has shown himself to be energetic, articulate and assertive. He can make firm decisions and work persuasively to see them carried out. As governor, he would be an active, accessible chief executive projecting a strong leadership image."

Endorsing John Hill, the Dallas Times-Herald said: "John Hill has been an outstanding attorney general. He has made impressive progress in making the office what he has always said it should be—the people's law office."

Andrade Advances To Regional In Tennis

Johnny Andrade and coach Dennis will leave Thursday for the regional tennis tournament in Odesa. Johnny will be representing District 7A as the number 1 singles player. He has been to the tourney twice prior to this season and is determined to better his past records and to qualify for the state tourney to be held in Austin, May 11-13, stated coach Dennis.

Andrade was the lone surviving Mogul netter in the district tournament held April 11 and 12. He got the finals by beating Brown of Crowell, 6-2, 6-0 and defeating Klepper of Crowell 6-1, 6-3. In the finals' tournament Andrade defeated Cook of Aspermont, (the defending district champ), 6-4, 6-3 and then defeated Morales of Rotan for the championship 6-1, 6-2.

Johnny Melton and Mike Hosea were defeated in the first round of the doubles finals by the district champs, Harris-Johnson of Aspermont to take fourth place.

The District girls competition was held in Knox City and the varsity doubles

JOHNNY ANDRADE ...regional qualifier

team of Hines-Dunlap progressed into the final day of competition, but were defeated in the first round to take fourth place.

The J. V. boys division was swept by Munday netters. Randy Routon and Perry Kuehler placed first and second respectively in singles. Choucair-McAfee and Andrade-Searcey placed first and third respectively in the doubles division.

The only other Mogul to

survive the maze of prelims and finals was Melissa Zeissel in the Jr. high girls division. Melissa emerged as the Jr. High Single Champion.

FREE BRUCellosis VACCINATION PROGRAM LAUNCHED

Texas cattlemen may now have their heifer calves vaccinated with Strain-19 brucellosis vaccine free of charge.

The vaccination program is voluntary and will be conducted through participating, accredited veterinarians. These veterinarians will be able to obtain the brucellosis vaccine free and will be reimbursed for their services from state and federal funds on completing a vaccination chart.

Only eligible female calves will be vaccinated and will be identified by an ear tag and tattoo. Female calves of dairy breeds from two through six months of age and beef breeds two through ten months are considered eligible.

All the cattleman has to

Irrigation Management

Meeting Thursday April 27

There will be an irrigation management meeting held tonight at the county courthouse in Benjamin, beginning at 7:30 p.m.

Participants on the program include Leon New, Irrigation Management specialist with the Texas

Agricultural Extension Service in Lubbock and Norman Brints, Economy-Management specialist from Vernon. Mr. New will discuss water management, requirements for various crops, proper timing of applications and show how to figure your pumps efficiency. Mr. Brints will discuss the economics of irrigation including which types of pumps are the most efficient and economical.

With the rising cost of energy making it more costly to irrigate cultivated crops in this area it becomes more important to utilize the most economical and efficient equipment and management skills to insure a return on your investment.

do is call his local veterinarian and schedule a time for the vaccinations. Of course, the calves should be confined. This new vaccination program does not include vaccinating calves at livestock markets.

There are several benefits from the vaccination program, including these:

1. Properly immunized heifers will be more resistant to the organism causing brucellosis.
2. Officially vaccinated calves should sell for higher prices if purchased for replacements.
3. The more animals that are vaccinated, the quicker the spread of brucellosis can be controlled, thereby minimizing the threat of quarantine.

To reimburse participating veterinarians, some \$450,000 of state and federal monies has been made available for this vaccination program for fiscal year 1978, and additional funds are expected for the fiscal year beginning Sept. 1. Due to the limited funds, interested producers should contact their veterinarians early.

How long can you depend on Lone Star for natural gas service?

- 10 Years 20 Years 50 Years More Than 50 Years

"Natural" is the key word in question. Unless regulatory price limitations make the development of new gas fields unprofitable for this area's producers, it will be many years before natural gas supplies run short for our million-plus priority customers.

The good news, however, is that these "natural" reserves can be supplemented with enough synthetic gas to keep Lone Star in the gas business for the next 50 years. And beyond.

Lone Star has weathered too many storms in the last 69 years to shy away from the challenge of the energy future. We know what must be done to meet that challenge, and we'll meet it.

The groundwork is done.

There are excellent reasons for optimism. Foremost of these is the fact that 50% of the known onshore gas reserves in the United States are in areas where Lone Star already has pipeline systems in operation.

The energy outlook becomes even more promising when you consider the enormous, long-term potential of the gas fields under development in Texas' Gulf Coast waters. Lone Star is already buying some offshore gas. And we intend to buy enough of it to satisfy our customers' demand as it becomes available in volumes large enough to be gathered efficiently and economically.

Lone Star's ability to take delivery of new natural gas reserves as they are developed gives us an outstanding opportunity to buy our

area's fair share—enough gas to last our customers for many years.

Whether we can take advantage of this opportunity depends mostly on whether we'll be allowed to recover our actual costs on a timely basis.

Without the ability to pay our gas bill, earn a reasonable rate of return on our investments and recover our operating expenses, we will be unable to continue an aggressive supply program in time for it to be really effective.

There is no shortage of natural gas.

There's only a shortage of the low-priced, easily accessible gas that nearly everyone took for granted in years past.

If gas producers are given incentives to continue their risks in exploring for deeper, more inaccessible reserves, there is little reason for our high-priority customers to face natural gas shortages until we're deep into the 21st century.

After that, the future for gas energy still looks good. The technology for gasifying coal is a fact, not some fantasy of the future. And our nation has enormous coal deposits.

Converting it into gas makes sense. Because gas burns clean and doesn't pollute. It also makes economic sense, because this gas can be distributed through the pipeline system we have, and the families who have gas appliances can keep right on using them.

How long can you depend on Lone Star for gas service? We intend to make sure your children's grandchildren can depend on us.

SENIORS CONDUCT EXPERIMENT

by Diana Redder
If you were at the high school on Monday, you may have noticed a lot of senior girls and boys in dresses and suits. You probably asked yourself "What's going on?" Since I was one of the girls wearing a dress, I'll tell you what was happening.

It all started out as a discussion in Miss Wilde's Civics class. The boys accused the girls of being unladylike and claimed that if the girls wore dresses Monday, they would be treated as ladies by the boys. The girls replied that if the boys wore suits and acted as gentlemen, they would wear dresses and act as ladies. So the bargain was made and all, but a few, showed up on Monday morning wearing dresses and suits. Everyone was very mannerly and courteous all day.

Of course, by Tuesday everything returned to normal, but the experiment on Monday proved that young people (even our seniors) can act as ladies and gentlemen. (It was still a relief to get back into blue jeans on Tuesday morning.)

STATE FHA MEETING

by Gala Myers
On April 20-22 representatives of the Munday FHA Chapter attended the 1978 state meeting of the Texas Association of FHA. The theme of the meeting was "The New Dimensions of FHA/HERO."

The people who attended the meeting were Pam Caram, voting delegate; Robbie Baker, alternate; and Joy Shawver, incoming Third Vice President. Also attending was Mrs. Winchester and Mrs. Shawver.

Workshops were held on topics of concern to young people such as careers, as-

sertiveness, communications, and issues such as child abuse and the elderly will involve all members.

FHA's who achieved accomplishments by completing all levels of Encounter, a special growth and development program were honored. The climax at the meeting was the installation of the 1978-79 state officers.

THE UPCOMING REVELATION

by Gala Myers
Are all of you Secret Second Mothers ready to find out who your secret second daughter is? Well, it won't be long now! All of the suspense and wondering that you have had all year will be over on May 1, 1978. The Munday FHA Chapter is sponsoring a salad supper, at 7:00 p.m. in the High School lunchroom. All FHA members, mothers, and secret second mothers are invited.

Also at the supper, the installation of officers will take place. The incoming officers and president will become official. See you then.

TSTI REP. GIVES TALK TO SENIORS

by Diana Redder
Zeke Luna, a representative from Texas State Technical Institute, gave a talk to the seniors on Thursday, April 20. In his talk, Mr. Luna gave some information concerning the various programs available at TSTI.

"Are you prepared for a full-time job after graduating from high school?" was the question Mr. Luna asked the seniors. He stressed the great demand for young people in technical-vocational fields. Mr. Luna also emphasized that TSTI was strictly a technical-vocational school and offered no academic courses.

State Farm Mutual Releases Profits

State Farm Mutual today reported its underwriting profits in 1977 were \$319.5 million, or 8.3 percent of its premium income. Income from investments and other sources was \$285.7 million, giving the company a net income of \$434.9 million after federal taxes.

In 1976, the company had an underwriting profit of \$16.5 million, or 0.5 percent of premium income. Its income from investments and other sources was \$221.6 million. Net income after federal taxes was \$199.5 million.

During the period from 1973 through 1977, the company's underwriting profits totaled \$310.8 million, or 2.2 percent of its premium income for the five years.

Out of the profit earned in the last half of 1977 from underwriting operations, dividends to policyholders of about \$126 million were declared by the company.

The dividends will be paid to policyholders in 32 states and the District of Columbia.

Lunchroom Menus

ELEMENTARY
Monday: Corndogs, vegetable salad, pork and beans, Jello with fruit, milk.

The company is currently paying a dividend of approximately \$44 million from its underwriting profits in the first half of 1977.

The number of vehicles insured by State Farm increased by more than 1.4 million in 1977, reaching 18.7 million on Dec. 31. The increase represented just under half of the estimated three million additional cars added to the nation's roads during the year.

The company reported sales of \$3.86 billion in 1977, up 25.2 percent from the 1976 sales of \$3.1 billion. Total assets climbed from \$5 billion to \$6.2 billion during the year. Policyholders' surplus increased by \$638 million to reach \$2.7 billion on Dec. 31.

State Farm's property insurance affiliates, State

Farm Fire and Casualty and State Farm General, reported an underwriting gain of \$115.6 million on sales of \$1.3 billion. That compares with \$46.9 million gain on 1976 sales of \$994.8 million. 1977 net income, after considering investment income and dividends to policyholders, totaled \$196.7 million. Last year's net was \$77.1 million.

During the five years from 1973 through 1977, the company's total underwriting profit was \$176.4 million, or 4.9 percent of premium income after dividends for policyholders.

State Farm Life, seventh largest life insurer (on the basis of individual life in force) in the United States, recorded a \$40.4 million net gain from operations during 1977. It added \$4.3 billion of

ordinary (non-group) life in force during the year to bring the company's non-group life in force total to nearly \$28.6 billion. The company added \$3.6 billion in 1976. Total insurance in force, including group, is now \$31.0 billion.

Another life insurance affiliate, State Farm Life and Accident Assurance, posted a net gain from operations of \$2.8 million. It recorded a \$108.6 million gain in non-group insurance in force in 1977 and had \$1.1 billion total insurance in force on Dec. 31.

CORRECT TAX RETURN ERRORS AFTER FILING ON FORM 1040X

Discovered an error after filing an income tax return? If so, correct the mistake by filing a Form 1040X, the Internal Revenue Service said.

The forms are available at local IRS offices or can be obtained by using the handy order blank in the tax package.

Some of the more common tax return errors that can be corrected on a 1040X include failing to report income, forgetting to claim deductions, or mistakes in the amount of credit claimed.

Generally, the 1040X form must be filed within 3 years from the due date of the original return or 2 years from the date of the tax payment, whichever is later.

Suzanne and Gretchen Watkins of Abilene spent the weekend visiting Mr. and Mrs. J. R. Gaines.

You can do just about anything.

It's spring. Almost everything living is renewed. And it's time to rejoice and reflect on those men and women, our customers, who teach us so much about the important things of life.

You can do just about anything. You weather the weather. You sacrifice. And you endure — even in the face of impossible odds and broken promises. Because we do care for you and because we truly understand your circumstances, we want to do our part and more.

At Olney Savings, we do what we say we'll do. You can depend on us — no matter what. And when you need help — we'll be there. When you need us to say yes, we will. And when we think it's in your best interest to say no — we'll say no.

Whatever the answer — you'll know you can always rest easy with Olney Savings. When we say you'll earn the highest interest rate on savings allowed by law — you can count on it.

And when you want to investigate a new financial program — you'll know we'll work together until every question is answered.

Come see us soon or call and we'll come see you. We know you can do just about anything. And we'll help when you need it. 'Cause it's the Olney way to save!

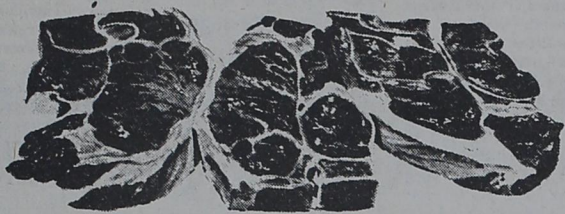

Olney, Seymour, Jacksboro, Bridgeport, Nocona and now Weatherford and Azle.

To us, people are worth a lot more than money.

TEXAS TALK

Scientists at the Beltsville Agricultural Research Center aren't sure why cement kiln dust increases weight gains in cattle, but cattle that have been fed the dust showed a 28% faster rate of gain than those fed a control diet. But before everyone runs out and buys the dust, which is high in minerals with 27% calcium, the USDA scientists want to do more tests. Research indicates they have a long way to go in understanding the mineral requirements of livestock, and they aren't sure yet what is happening to the animal eating the fine powder. Studies show that steers fed a low quality diet containing cement kiln dust gain weight faster, ate less feed and produced higher grading carcasses than those on a controlled diet. Gross studies of the liver, spleen, rumen, kidneys and heart of steer fed dust diets showed no abnormalities. Cement dust has not been approved by regulatory agencies as a feed additive.

SS was omitted Sunday morning because on last wk our meeting was held in Lubbock, Texas and of course Bro Doekin and Sis Colliar and family Decon Honsby and wife Murry and son and Pastor and wife of course they had to be their for this general meeting

And Sis Colliar reported a great meeting and the girls from Munday, Goree, Knox City, Rule and other parts of the church world of the Church of God in Christ was held in Lubbock, Texas.

Sis Colliar son Jerry Lyn is home from service over seas.

Sis Laura of Knox City Wilson are the trainers for the children work sun shine band and the purity class and trail blazers. they had a great meeting

You no we had a great Sun School lesson also subj Philip messenger outsiders Bible Basis: Lesson scripture: Acts. 8:4-8, 14-25. Background scripture: Acts 8:40

Bible truth: God sends messengers to share his free grace with the unreached. Bible verse: They that were scattered abroad went every where preaching the word. Acts 8:4.

Lesson Aim: That adult christian both support those whom God has sent unto unfamiliar territory to present the gospel and stand ready such a commission themselves.

Scripture lesson Acts 8:4,8,14,25 let us read the lesson and we will see that God is great.

Bro Manul from Knox City come in to see how I do on Sun and Bro Wilson also visit me on Sat.

I also rec'd a phone message from Haskel nurse home to day Mary Johnson was very low sick. Mrs. Slatin and Mrs. Spelch carried them over to see about her also Bro Alvin was busy also to get the word

Services For Gracie Harman Held Thursday

Services for Gracie Wilma Harman, 71, of Munday, who died Tuesday in a Hurst hospital, were held at 2 p.m. Thursday, April 20, 1978 in the Munday Church of Christ.

Payne Hattox of Stephenville officiated. Burial was in the Johnson Memorial Cemetery, under the direction of McCauley-Smith Funeral Home.

Police Report

April 10 - April 23
The Munday Police Dept. issued 15 citations and 26 warnings for this two week report period.

Haskell Sheriff's office called us about a stolen tool box about 11:30 a.m. on Thurs. the 13 of April. By 12:00 we had recovered the tool box and arrested the suspects. But the people in Haskell did not want to file charges. Therefore, the suspects were released and the stolen tool box returned.

Sun. the 23, 8 wheel weights were stolen from Cliff Rhoads place of business. The large wheel weights weigh approx. 150 lbs. per weight. The theft was investigated by Pete Hatfield and the Munday Dept. The weights were brought back to Mr. Rhoads business the following day by party or party's unknown.

One disturbance call at the school was investigated. One drinking in public charge was filed. Elementary school was broken into by two suspects. Vandalism occurred using fire extinguishers by spraying on the gym floor. Pictures of the footprints were taken and is being investigated by the Munday P.D.

Daniel Announces Knox County Coordinator

Price Daniel, Jr., Democratic candidate for Attorney General of Texas, has designated David Counts as his campaign coordinator in Knox County. Counts said, "I am honored to accept this important role in Price Daniel Jr.'s campaign for Attorney General of Texas, because I know that he is well qualified by his experience and outstanding record of public service to be the people's lawyer. As the reform-minded Speaker of the Texas House of Representatives following the Sharpstown scandal, Price Daniel, Jr. successfully led the effort to clean up State government. TIME Magazine called him 'incorruptible' and named him one of the outstanding young leaders in the nation, and the President of the United States honored him with a national legislative leadership award."

"Price Daniel, Jr. has studied law, administered

law, practiced law, and helped make law. He is independent and free from the influence of special interest and powerful lobbying groups. As the next Attorney General of Texas, Price Daniel, Jr. will be a good, honest lawyer for all Texans."

Daniel, who is leading in all the polls and has received endorsements from increasing numbers of statewide and local organizations as well as newspapers throughout the State, said, "I am proud to have the active leadership of David Counts in my campaign. With his hard work and the help of my many other friends in the county, I know that we will have a most successful campaign."

Daniel served three terms in the Texas House of Representatives, one as Speaker of the House. He successfully worked for the passage of a package of governmental and legislative reform legislation designed to avoid recurrence of the corruption and abuse of the Sharpstown scandals. The package included an ethics and public financial disclosure law, an open meetings law, and a lobby control and regulation law.

Anyone interested in becoming actively involved in the Daniel campaign in Knox County should contact Counts or Daniel's statewide headquarters in Austin.

Harry Ledbetter's Money Management Program

As a fiscal conservative, I have developed a comprehensive program to effectively manage the \$2 Billion dollars on deposit in the State Treasury. Here are aspects of it:

Rate of Return: The State Treasurer should not play politics with our tax money. I pledge to put the taxpayer's money to work earning the highest interest available.

Cash Flow Forecasting: Using modern management techniques, we can accurately determine how much money the state needs in liquid funds. The state's obligations must be paid on a timely basis at minimum administrative cost.

People all over Texas are responding enthusiastically to my campaign. I appreciate your support. I know that the public trust must be earned, and it is a responsibility I accept. I ask for your vote on May 6th. If you share my concerns, encourage your friends and neighbors to vote for Harry Ledbetter for State Treasurer in the Democratic primary election May 6th.

CANDYCE COLDREN, BRYAN KEY
...to be married

Engagement Announced

Mr. and Mrs. Bill Coldren of Bay City, Texas, announce the engagement and approaching marriage of their daughter, Candyce to Bryan Robertson Key. The future bridegroom is the son of Mr. and Mrs. Dwight C. Key of Munday.

The bride elect graduated from Bay City High School and is presently a student at Texas A&M University. Mr. Key graduated from Munday High School and will graduate in May from Texas A&M University with a degree in Agriculture Economics.

A June 18th wedding is planned at All Faiths Chapel on the campus of Texas A&M University, College Station, Texas.

The couple will live in Houston where he will be employed by the Republic National Bank of Houston.

Girl Scouts Entertain Fathers At Banquet

"Circus World" was the theme of the annual Girl Scout Father-Daughter Banquet held Tuesday night, April 18, at the Munday Community Center. Over sixty girls, fathers, leaders, and guests attended.

Cadette troop #112 was in charge of the program. After the presentation of the colors by the color guard, Cathy Cartwright offered the invocation. A delicious buffet dinner was enjoyed by all followed with entertainment provided by the three Munday troops.

After the singing of "Hello Daddy" by all the girls, an observation test was given to all the Brownie and Junior fathers to see just

how much attention they give to what their daughters are wearing. Prize ribbons were awarded to the most observant fathers.

The Junior girls entertained their dads by playing musical instruments. Cadette girls performed three skits which turned out to be hilarious.

Valorie Massey of Nor-CenTex in Wichita Falls presented the girls with the cookie badges they had earned during the annual cookie sale. Barbara Brock, also of Nor-CenTex, recognized the hard-working leaders and presented them with

awards.

To close the program, the entire group sang "Animal Fair." The color guard then retired the colors to bring the annual affair to an end.

Letters To The Editor

Today we know that mental illness can be prevented in many cases. We can do this through education, especially of parents, and by learning to cope with stress. There is a group of citizens, like ourselves, trying to see that this happens - the Mental Health Association.

During May, Mental Health Month, your neighbor will be coming to your door to collect for mental health. I urge you to give generously.

The Mental Health Association needs your support because:

- Mental illness can be cured,
- the cycle of child abuse can be stopped,
- education of parents can prevent some emotional problems in children.

Your support is needed to accomplish this.

Very truly yours,
Margie Allen

Judy Hicks, Clinton Aytes Are Married

LOOK WHO'S HERE!

Hi! My name is Jai and I'll be three years old this week. I want to tell everyone about my new baby brother. His name is Trae Floyd and he was born at Hendrick Hospital in Abilene on Tuesday, April 18, 1978 at 1:06 p.m. He weighs 7 pounds 7 ounces and is 20 inches long. Our parents are Mr. and Mrs. Floyd Reed, Jr.

Grandparents are Mr. and Mrs. Floyd Reed Sr. and Mr. and Mrs. Tommie Harper of Munday. Great-grandparents are Fleda Clark, Wichita Falls, P. O. Harper, Evant, and Mrs. Mary Reed, Goree. Our uncle, Tommie B. Harper, has promised to help me spoil the little fellow.

The bride, given in marriage by her father, wore a floor length gown of cream colored polyester rayon with set in lace of the same color. She carried off-white daisies and baby's breath with streamers of her chosen colors of yellow, green, and blue.

The reception, immediately following the ceremony, was held in the home of the groom's parents with Rhonda and Anna Aytes, sisters of the groom, presiding at the table.

The couple will make their home in Dallas where the bride is a student at Highland Park High School. The groom is a 1977 graduate of Goree High School and is employed by Rockwell International.

Miss Judy Carol Hicks and Clinton Dale Aytes exchanged wedding vows Sunday afternoon, April 2, 1978 in the home of the groom's parents with Rev. Leo McMahan of the Northeast Baptist Church in Seymour officiating. Parents of the couple are Mr. and Mrs. Grady Hicks, Seymour, Mrs. Beth Nickerson, Goree, and Ronald Aytes, Casper, Wyoming.
