

Kracker Krumb's Odd Bits Salvaged at Random

People give up too quickly.
Especially when it comes to
the matter of telephoning with
our dial system.

We've come to the conclusion
that one should never hang up
after calling a number until
they've heard at least four full
rings.

This is especially true in our
case.

Believe it or not, we've had
occasion to be pretty busy way
back in the back end of our
shop.

Sometimes the work is dirty
work, and our hands are not
quite clean enough to pick up
the receiver.

We hear the warning tingle,
telling us the telephone is going
to ring.

We drop our work, snatch up
a rag to wipe some of the ink
off our hands enroute, and hit a
bee-line for the telephone.

By the time we get there, it
has emitted two full rings. Then
what do we get—that buzzing
sound that tells us the telephone
is ready for us to dial a number.

When we didn't want a number
at all. We hang up, wondering
just who wanted to talk at
our number.

We're getting just a little too
far advanced in years to be mak-
ing a race track from the back
of our shop to the front, where
the telephone is installed.

We doubt if in our younger
days we could have made it in
time to catch said telephone on
second ring.

We want you to call if you
have business for us, a message
for us, an ad for us, a news item
for us. But give us time to travel
the distance from the press to
the telephone.

We've kinda timed ourselves,
and we should catch the phone
on the fourth ring.

The point we're making is that
other people, like ourselves, may
be slowing down, too, so don't
hang up too quickly when you
dial a number.

We missed our 3 per cent; we
missed our 2 per cent; we lost
out 1 per cent, but we saved the
penalty.

At the close of the old year,
we started dickering around with
income tax figures on the busi-
ness.

We came to the realization
that our 1952 taxes had not been
paid, and all those discount peri-
ods had expired.

So we "vehickled" over to Ben-
jamin last Monday to get them
out of the way.

Noticed quite a bit of activity
in the fields, and those discs and
turning plows were turning up
a right smart of moist dirt.

"Hope lives eternal in the hu-
man breast," is a statement we
have heard many, many times.
And farmers are going forward
in 1953 hoping for better crop
conditions than they had during
the past year.

And how did you like the way
1953 was ushered in?

That duster was a reminder
of those old "dust bowl" days—
the type of days we don't want
to see return.

Heard a business man say he
was going to "take my knit-
ting somewhere else" is those
things continued.

He couldn't have taken it very
far directly south of us that day.
We learned traffic had been halt-
ed between Munday and Haskell
because of the dirt.

spending the Christmas holidays

Local Boys Begin Training For Boxing, Golden Gloves Tournament

The gloves are flying nightly
here, as a number of local boys
have started training for the
Golden Gloves boxing tourna-
ment and other boxing matches.
Sixteen boys are training
nightly under the direction of
Raymond Carden, local boxing
coach, and most of them are de-
veloping into good boxing ma-
terial.

It is the plan of sponsors to
have a boxing match here on
Monday night, January 19,
with possibly other matches to
follow in the future.

After the golden gloves tourna-
ment, it is planned to have a
local tournament which will like-
ly be scheduled some time in
February. These events will be
of interest to all boxing fans.

Haskell Cagers Down Moguls On Tuesday Night

The Haskell cagers, paced by
the Lauderdale twins, Roy and
Ray, came from behind in the
second half to defeat the Munday
Moguls 47 to 39 here Tues-
day night in the opening game
of the District 8-A race.

Coach Leverett's Moguls
jumped into a 14-7 lead at the
end of the first period, and held
a 19-17 advantage at the half-
time.

At the end of the third quar-
ter Roy Lauderdale had hit the
hoop enough to send the Moguls
behind, 26 to 32. Lauderdale
bank 25 points for the Indians,
while Fred Lang led Munday
with 12 points.

The Munday B team swamped
the Haskell B cagers in the op-
ener, 60 to 29.

Library Meet Set In Abilene

Librarians, library trustees,
friends of libraries, press and
radio representatives will meet
at McMurry College, Abilene,
Saturday, January 17 to discuss
in workshop fashion library de-
velopment in Texas, and West
Texas in particular, and media
of communication between li-
braries and their public.

The featured speaker at 11
o'clock will be Fred Folmer, As-
sociate Librarian at the Universi-
ty of Texas. Mr. Folmer is a
member of the Library Develop-
ment Committee, Texas Library
Association. He will tell the Tex-
as library story, pointing up the
present status of and plans for
library development being made
by the Texas Library Develop-
ment Committee of Texas Lib-
rary Association and the re-
sponsibilities of area librarians
and citizens in a Texas library
development program.

Postal Employees Meet In O'Brien Tuesday Evening

Postmaster Ross Walsworth
of O'Brien was host for the regu-
lar meeting of the Brazos Valley
Postal Employees Association
last Tuesday evening at
7:45 o'clock at O'Brien.

Postmaster Johnnie Britton
of Stamford, newly elected presi-
dent, presided at the meeting.
Mr. Walsworth led a discussion
on problems of postal laws and
regulations.

A refreshment plate was ser-
ved to postmasters and employ-
ees from Haskell, Rule, Stam-
ford, Wehnert, Knox City, Goree
and O'Brien.

A PRETTY GIRL FOR THE LAWRENCE KEGLEYS

There is happiness galore in
the Lawrence Kegley family,
and all because they are the
proud parents of a baby girl.
Debra Lee was born in the Knox
County Hospital Tuesday morn-
ing at 4:30, and she weighed 9
pounds and 2 ounces. Seems that
Lawrence is convinced that she
is the prettiest baby that ever en-
tered this old world. Makes one
wonder is there is any prejudice
there. Mother and daughter are
doing fine.

Moffett Leaves For Austin This Week

Sen. George Moffett left his
home in Chillicothe this week
for Austin to represent his dis-
trict in the coming session of the
Texas Legislature.

Senator Moffett is a member
of the Texas Legislative Council
and will attend a meeting of that
body on Saturday in Austin.

The 23rd senatorial district,
formerly comprising nine coun-
ties, now has 12. New counties
are Haskell, Cottle, King and
Throckmorton. Clay County, for-
merly in the district, has been
transferred to another district
through the redistricting.

A BOY ARRIVES AT JOE L. WOMBLE HOME

"With all my heart I give thee
joy,
Glad that we now have a boy."

A little misquoted by here is
the interpretation: There is a
junior in the Joe Layne Womble
home. He made his arrival at
the Knox County Hospital on De-
cember 30th at 6:48 p. m. and
he weighed eight pounds and
ten and one-half ounces.

Can't imagine anyone going to
the trouble of saying Joe Layne
Womble, Jr., so they decided to
call him "Joey" from the very
beginning. That's the human
thing to do.

Mother and son are home and
doing fine but we understand
Papa Joe is still soaring around
Poor Dad—Daddies have such a
hard time.

In Training

Marine Second Lieutenant
Bernard M. Brown, 21, son of
Mr. and Mrs. Joe A. Brown of
Route 2, Munday, Texas, is cur-
rently attending a special officer's
course at Marine Corps
Schools, Quantico, Virginia.

The special course is designed
to acquaint him with the duties
of an infantry platoon com-
mander and a junior Marine of-
ficer.

Upon completion of the course
he will be assigned to one of the
various specialist fields, such as
artillery, tanks, infantry, or com-
munications in a Marine unit in
the U. S. or abroad.

Lieutenant Brown received his
Marine Corps commission on No-
vember 19, 1952.

Oil Activities

An oil discovery in the Strawn
sand appeared likely for Knox
County last Monday in the Sohio
Petroleum Co. and the Chicago
Corp. No. 1 F. W. Thorman, 11
miles west of Knox City and four
miles north of the Katz field.

Operator topped the sand at
5,128 feet. A drill stem test was
taken at 5,113-61 feet. Tool was
open two hours and 20 minutes.
Gas surfaced in 50 minutes and
recovery was 4,550 feet of clean
oil and 450 feet of mud cut oil.
There was no water.

Flowing pressure was 1,470
pounds and 30-minute shut-in
pressure was 2,210 pounds. Oper-
erator then cored from 5,161-86
feet and recovered 25 feet of
shale. Casing was due to be run.

Guests in the Worth Gafford
home over the week end were
Mr. and Mrs. Buddy Gafford and
children of Wichita Falls and
Mr. and Mrs. Brice Farmer and
daughter of Novice.

Mrs. Eisenhower Is Guest at USO Luncheon

Mrs. Dwight D. Eisenhower made her first public appearance,
after her husband's election, at a USO luncheon in New York. Here
the wife of the President-elect serves cake to a GI at a campaign
luncheon given recently by the women's division of the New York USO
Defence Fund. Support for USO services is sought by United Defense
Funds through Red Feather and other united community campaigns.

Pioneer Knox County Woman Passes Sunday

Mrs. W. F. Bisbee, 70, pioneer
Knox County resident, passed
away at 8:30 p. m. Sunday in a
Haskell hospital. She had been
ill with a heart condition and
pneumonia for several days.

Mrs. Bisbee was born in Giles
County, Tenn., on October 13,
1882, and came to Knox County
with her parents, the late Mr.
and Mrs. T. B. Alexander, in
1886, the year the county was
organized.

She was married to W. F. Bis-
bee on December 10, 1902, at
Benjamin. She had lived in Has-
kell since 1950, moving there
from Arlington, and was a mem-
ber of the First Methodist
Church in Haskell. She was a
member of the Order of Eastern
Star at Benjamin.

Her husband founded the Ben-
jamin Reporter-News in 1892,
and published the paper until
1907. After selling out that year,
he regained control of the paper
in 1917. Mrs. Bisbee published
the paper for a time after his
death.

Funeral services were held
Tuesday from the First Metho-
dist Church in Haskell and the
Benjamin Methodist Church,
with Rev. J. B. Thompson officiat-
ing at both rites. Burial was in
Benjamin cemetery.

She is survived by two daugh-
ters, Miss Helen M. Bisbee, Phil-
lips, Texas, and Miss Grace
Bisbee, Haskell, Texas; four
sons, Charles Bisbee, Dallas; Wil-
liam F. Bisbee, Jr., Corpus
Christi; LeRoy A. Bisbee, East-
land, Texas, and James R. Bis-
bee, Austin; a sister, Mrs. E. Du-
val, Abilene; and five grandchil-
dren.

Goree Man Is Killed Sunday In Car Mishap

A Goree man and a Seymour
man were killed last Sunday in
a pre-dawn smash-up five miles
northwest of Henrietta.

Carl Junior Shelton of Goree
and Marion Lavan Tubbs of
Seymour, both 19-year-old seis-
mograph crew workers were the
victims.

Tubbs was pronounced dead
on arrival at a Wichita Falls hos-
pital at about 5 a. m. Shelton,
who received fractures of both
legs, one arm, multiple jaw frac-
tures and a brain injury died
about 19 hours later.

Highway patrolmen reported
that the coupe driven by Shel-
ton collided with a concrete
bridge abutment on U. S. High-
way 82 about a mile east of Jol-
ly. Shelton's father, Carl Shel-
ton of Goree, said the two
youths had been visiting friends
in Whitesboro and were return-
ing to Seymour when the acci-
dent happened.

Funeral services for Shelton
were held from the Baptist
Church in Seymour at 2 p. m.
Monday. He is survived by his
parents, Mr. and Mrs. Carl
Shelton, Sr., and grandparents,
Mr. and Mrs. Shade Shelton.

Bank Deposits At High Figure

The First National Bank of
Munday ended 1952 and started
the new year in a sound finan-
cial condition, according to its
financial statement published
this week in response to a call
made by the Comptroller of Cur-
rency in Washington.

The statement taken at the
close of business on December
31, 1952, showed a total of \$4-
276,214.99 on deposit, which was
less than \$800,000 less than the
amount on deposit at the begin-
ning of 1952. This statement com-
pares favorably with some of the
larger banks of the area, accord-
ing to bank officials.

This, too, reflects a rather
sound condition for people of
this area, which speaks well for
this section at large, which suf-
fered because of drought condi-
tions and short crops during the
past year.

Golden Jubilee Ford Tractor Show Is Great Success

Several hundred farmers visit-
ed the Munday Implement Com-
pany last Saturday to see the
Golden Jubilee Ford tractor, in-
troduced by the Dearborn Motor
Corporation.

Coffee and doughnuts were
served all day by the local deal-
ers, and balloons for the kiddies
seemed to complete the day for
all visitors. Prizes were also
given at the close of the day.

The new Ford tractor is still
on display at Munday Implement
Company and everyone is invit-
ed to come in and inspect it.

L. Fetsch Buys Tractor Agency For This Area

Announcement has been made
that the J. I. Case dealership,
formerly operated by Don L.
Ratliff, has been purchased by
Leo Fetsch, who plans to have
a complete line of tractors, im-
plements and parts to serve the
farmers of this area.

A complete service and repair
shop will also be operated in
connection with the agency.
Lambert Holub, who is experi-
enced in all types of tractors and
auto repair work, will be in
charge of the shop.

Mr. Fetsch will also handle
Wintroath pumps, irrigation cas-
ing, etc., or will contract com-
plete well drilling jobs.
The new Case dealer is well
known in this area as the agent
for the State Farm Insurance
Company, and has established his
office in front of the build-
ing. He cordially invites the pub-
lic to come in at any time to dis-
cuss auto, life or fire insurance.
He also has a good line of hos-
pitalization, polio and hail insur-
ance.

Kickoff Dinner Opens Drive For March Of Dimes

Mrs. R. M. Almanrode, County
Chairman of the March of
Dimes, announced the March of
Dimes kickoff dinner sponsored
by the Lions Club, Knox City
at the Methodist Church in
Knox City on Thursday, January
8th.

Community leaders are as fol-
lows: Mrs. Lewis Parker, Ben-
jamin; Mrs. E. J. Jones, Truscott;
Mrs. Glen Feemster, Vera; Mrs.
Omar Cure, Gilliland; Jimmy
Harpham, Munday; Mrs. Walter
Mooney, Goree; Mrs. C. J. Al-
bus, Rhineland; Rev. Floyd Bal-
ley, Knox City; Mrs. Finis Walk-
er, Brock.

Miss Jerry Badder, who has
been staying with Miss Maud Is-
bell the last few months, is visit-
ing her brother in Wichita Falls
before returning to her home in
Michigan.

Announcement has just been
made that Rev. J. Howard
Crawford, superintendent of the
Stamford District of the Metho-
dist Church, has been assigned
to the First Methodist Church
in Lamesa. Mr. Crawford is to
assume his new responsibilities
in Lamesa on Sunday, January
11. He has been serving as Su-
perintendent of the Stamford Dis-
trict for six years.

The pastors and laymen of the
District have been invited to at-
tend an informal open-house hon-
oring Rev. and Mrs. Crawford
at the St. John's Methodist
Church in Stamford Friday even-
ing, January 9 from 7 to 9 p.
m.

No announcement has been
made as to the minister who will
become the Superintendent of the
District. Mr. Crawford has
visited and preached in Munday
many times and a large number
of local Methodists plan to at-
tend the open-house Friday even-
ing, in Stamford.

School Men Go To Conference Held In Austin

School men of Knox County
left Wednesday to attend the
mid-winter administrators con-
ference, which is meeting in Aus-
tin on Thursday and Friday.

Attending from Knox County
are: County Supt. M. D. Mc-
Gaughy, and Supts. S. E. Reed
of Benjamin, Don Robbins of
Vera, J. B. Lawson of Goree,
Harold Bennett of Knox City,
and they were to be joined
there by Supt. Warren Morton
of Chillicothe.

This is the regular yearly
meeting which is sponsored by
the Texas Education Agency.
Opening session Thursday was
at the Paramount Theatre with
Governor Allan Shivers making
the opening address. J. W. Ed-
gar of Austin, state education
commissioner, also spoke on
Thursday morning.

Dean Haskew of the Universi-
ty of Texas was to give a pre-
view on the work. The confer-
ence is being carried out by su-
perintendents in committees dur-
ing the two days.

Junior Moguls Win Eighth Cage Game

The Junior basket ball team
won their eighth game without
a loss by defeating Goree 51
to 29 at Goree last Thursday af-
ternoon. They played Seymour
last Friday night in the Munday
gym and defeated them with a
score of 39 to 5.

The volley ball girls defeated
Goree on Tuesday afternoon.

The boys will play Throckmor-
ton here on January 12th. On
Thursday night both the boys
and girls have basket ball games
scheduled with Rochester to be
played in Munday at 7 p. m.

New Personnel At Sharp Chevrolet Co.

H. E. Sharp, owner of Sharp
Chevrolet Company, announcing
this week the addition of
personnel at the local agency.

Two men who are new to the
area have joined the Chevrol-
et force.

Johnny Peysen, well known
local mechanic, is now shop
foreman, and M. C. Hallmark,
who operated the Hallmark Auto
Supply here several years, is
employed as parts manager.
These men and others of the per-
sonnel will always be on hand
to serve you, Mr. Sharp said.

McAFEEs TAKE CHRISTMAS TRIP TO CALIFORNIA

Mr. and Mrs. Marvin McAfee
were accompanied by Mr. and
Mrs. C. L. McAfee and Shirley
and Phillip to Fresno, Calif., for
the Christmas holidays. They
visited the latter Mrs. McAfee's
sisters, Mrs. George Galnes and
Mrs. Olga Trice.

While there they took a trip
to the Sequoia National Park
and San Francisco, returning by
Los Angeles and Phoenix, Ariz.
They reported a very nice trip.

GRASS ROOTS OPINION

RATHDRUM, IDAHO, TRIBUNE: "The Utah Tax Commission, contemplating that state's per capita share—\$11 2/3 billion—of the \$263 billion federal debt, remarks that that share exceeds Utah's total assessed valuation which approximates one billion dollars. Most other states can probably show a similar comparison."

OTTAWA, ILL. NEWS: "After years of socialism under its Labor government, Britain has ousted the reformers who thought they could run every man's life better than he could run it himself. 'Cradle to the Grave' security just didn't pan out. So let's quit depending upon bureaucrats who dream of Utopia while the Ship of State heads for the rocks."

NEW CANAAN, CONN. ADVERTISER: "Today the free world stands in fear of a force which in place of moral value would substitute a creed based upon materialism. In place of freedom and the dignity of the individual it offers only enslavement of the minds of its followers."

CANYON, TEXAS, NEWS: "The only immediate results of the election of General Eisenhower comes from our neighbor to the North, Canada. Because of our heavy national debt, Canada has been discounting the value of our 52 cent dollar in exchange. The exchange rate has now been lowered, so that Americans are no longer penalized when they buy Canadian-made goods. This is a move of confidence in General Eisenhower's ability to cope with the tricky problems of government."

THOSE DANGEROUS CONTROLS

There is strong sentiment even in Administration circles for total abandonment of price and wage controls, and the President has the power to order this at any time. However, it is reported that President Truman has decided against it on the grounds that the decision should be made by General Eisenhower after he takes office.

It is certainly to be hoped that President Eisenhower will issue the necessary order at the earliest possible time. The controls are unnecessary as well as exceedingly costly, and are heavy burden on all kinds of enterprise, and, most important of all, undermine the normal operation of the free, competitive economy which is a cornerstone of representative government itself.

Moreover, and above and beyond the question of whether the price level will rise or fall in the future, the controls are powerless to prevent inflation, and under certain conditions can actually the owners and managers of enterprise. They government and the cost of running a business—and in the long run, the public-at-large pays all these costs. They substitute political judgment, which is often uninformed, for the judgment of the owners and managers of enterprise. They

create a controlled marketplace, in which political expediency is frequently substituted for economic reality. They undermine the classic supply and demand system, on which our unequalled progress and abundance was built, and attempt to replace it with the kind of system which has created scarcity and economic collapse in nation after nation.

IN ANY LANGUAGE

Some time ago the head of the American Medical Association said, "We beg to hear that the government's compulsory health insurance plans are not socialized medicine. That's ridiculous. Any plan supported by taxation of the people in which the rules are written by government bureaucrats who also determine the fees is socialized medicine in any intelligent person's language."

It's the old story of the camel who stuck his nose under the side of the tent. Before long he worked his whole body into the tent and took up all the room. That's the way socialism works. Attractive phrases may be used in an effort to camouflage it, but the result is always the same—more and more political domination of our lives, and much less freedom and opportunity and incentive for the individual.

In the case of medicine, moreover, socialization, as we have witnessed it abroad, has in many cases resulted in every serious decline in the standards of medical care. Regimented doctors, bound to follow the rules laid down in a politically-written book, aren't progressive doctors. And the costs of to the taxpayers have been staggeringly high.

The last election was a victory for those who believe in freedom and it was a setback for the socialists in and out of government. General Eisenhower opposed socialization of medicine. But that doesn't mean the issue is dead. It will keep on arising, in one guise or another. The socialist camel never stops trying to get his nose under the tent.

To the Democratic party goes the distinction of having written the shortest platform of the two major parties, that written, in 1860, which consisted of only 350 words.

"It is in the national interest that each segment of the transportation industry be healthy and fully self-supporting."—John W. Smith.

Knox Prairie Philosopher Aware Of The New Year, But He Is Ready For It With His Customary Calmness

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek is off on his 1953 comments.

Dear editor:

Along about this time, with a new year already on us and nothin we can do about it, I know it's customary to look back over the past one and try to figure out how you can make the new one a big improvement, but with the world so closely knit these days, with my future out here tied up with maybe the next unknown move of Stalin over in Russia or somebody I never heard of in Scandinavia, it's sort of hard to make any plans. A man wants to be careful about puttin up a new fence or fixin his saggin gate when he hasn't got the slightest idea of what the international situation is gonna be thirty days from now. Why go to the trouble of fixin a leaky roof when there may be a worse drouth in 1953 than there was in 1952?

It used to be all a man had to worry about was his personal affairs, all he had to do was to resolve to spend less and save more and behave better and get caught less and his New Year's resolutions were taken care of, but things are different now. It used to be all a Congressman had to worry about was keeping the voters in his own district satisfied or in the dark, but now a Congressman has to know not only what I want out here on my place but what England wants, France wants, Spain wants, etc. And while this seems to give England, France, etc. an advantage, they get the benefits of a Congressman without the expense and on-top of that they don't have to listen to em campaign, one Congressman is about as good as another for their purposes so long as he's quick on

the appropriation trigger, still it shows you how things have changed and also how long one of my sentences can get. While generally about half the people in this country for example will lose their vote in a Presidential election, don't anybody lose in England, they shift gears faster than we do and by the time the losing side is making up its mind to concede, England already has a diplomat eating dinner with the winner, and while I didn't set out this week to discuss the international situation, I'm just bringin it in to point out how hard it is for a thinkin, informed man to make any plans for the new year.

As for me, however, I am going ahead and makin plans. I plan to live each day this year like it was meant to be enjoyed. It'll take more than Stalin and an unsettled international situa-

Missing Model

There is a national hunt for old models like this—the motor not the girl. Johnson Motors of Waukegan, Ill., is offering brand-new 1953 motors in exchange for the 10 oldest Johnsons they can locate. They will be displayed this year when the company becomes the first firm to make a million outboards. The first motors were produced in 1922 and the serial numbers started with "A-501." However, they say numbers in the low thousands may well win as they are also offering 40 merchandise prizes for the oldest models reported to the company on its dealers before Christmas.

INSECTICIDES AND HERBICIDES

Which is the greater hazard—insects or insecticides?

Alarmists are telling the American people that insecticides are greater danger. They claim—and they're getting a lot of space in newspapers and magazines—that we're being poisoned by new chemicals.

This problem was pointed out recently by Dr. Edward F. Knippling, president of the American Association of Economic Entomologists. Dr. Knippling maintains that such fears result from cases where insecticides were misused with no regard for recommendations of entomologists. Toxicity hazard of any chemical is in direct proportion to how it is used, he claims.

Federal and Texas Department of Agriculture entomologists are aware that they must never underestimate their responsibility to the public in seeing that insecticides are used safely. When a new chemical is developed, they assume it is potentially hazardous to man and animal until adequate investigations prove otherwise. When tests are complete then recommendations are made for the safest methods of application.

When we consider that insecticides are man and crop savers rather than man and crop killers, it calls for an entirely different outlook on the insect control chemicals. We must realize that many diseases are transmitted by insects. Millions of dollars worth of crops are destroyed yearly by other types. Effective control programs, carried out through proper use of insecticides, then, are invaluable.

But there is another phase of control work carried out by the Texas Department of Agriculture which is sometimes confused with insect elimination. This is the regulation by law of hormone-type herbicides. Herbicides, such as 2,4-D, and 2,4,5-T, are used primarily in the eradication of weeds and brush. These herbicides are NOT poisons, although their use is controlled by Texas Herbicide Law, House Bill 59 (1951). This law is designed to protect crops which are susceptible to the

FIRST AIR CONDITIONED CHRYSLER DELIVERED

The first Chrysler equipped with Chrysler Corporation's newly developed automobile air conditioning unit has been delivered to a Houston, Texas, buyer. The new unit—the highest capacity air conditioning system yet developed for use in passenger automobiles and the first in the industry to be quantity produced—is a result of 13 years of research. Drawing 25 percent of its air supply from outside the car, this fresh air system gives the fastest cool-down time of any unit yet developed. The picture shows J. H. Horn, sales manager of Judd-Munroe Motors of Houston, Texas, explaining the unit's operation to Mrs. Arden B. Judd, the first buyer of a car so equipped.

Chemical

Hormone-type herbicides differ from insect poisons in that they energize a broad-leaf plant, causing it to "grow itself to death." Careless use of the chemical can cause severe damage to crops such as cotton. Because of this, permits for its use must be obtained from the department in Austin. Officials act as advisors in chemical application and also estimate the value of crops accidentally damaged for future settlement.

The worth of herbicides, like insecticides, is only as great as its effective use makes it. It can be a boon to agriculture when used properly, or a disaster when misused. Farmers who wish to take full advantage of the chemical are urged to obtain complete information on herbicides and pesticides by writing John C. White, Commissioner of Agriculture, Capitol Station, Austin, Texas.

Mr. and Mrs. I. V. Cook visited relatives in Abilene last Sunday. Mrs. Cook's mother, Mrs. W. F. Philips, returned home with them after a week's visit with relatives there.

Mrs. Delbert Montgomery of Fort Worth visited her parents, Mr. and Mrs. Dee Clough, over the week end. Mr. and Mrs. Paul Pruitt and children carried her back Sunday.

Mr. and Mrs. L. A. Muse and Mrs. May of Clarendon spent New Years with Mrs. F. T. Jarvis and son, F. T., Jr.,

Mr. and Mrs. J. F. Isbell of Bayard, N. M., visited in the home of Mrs. Lee Isbell last Monday.

I had always thought that Daniel Webster spoke very deliberately and in a book recently I came across the statement that he uttered 80 to 110 words a minute, which is a deliberate rate. However, I had always thought of John C. Calhoun as being deliberate, too, but the same writer said that the "Great Nullifier" spoke at the rate of 160 to 200 words a minute and that's more than three words a second. Rufus Choate, one of the greatest courtroom orators, spoke at the same speed. Henry Clay was somewhat slower—130 to 160 words a minute.

My Uncle Bolivar says that the man who is reputed to have the largest income in the United States got his start when he wanted to buy some of the wildcat leases of a veteran oil man but the old-timer said, "You buy all or nothing." So the other bought all the holdings. When the leases that he had really wanted were tested, only small wells were the result but on the half that had been forced on him, gushers were struck and so he became immensely rich and a very great man, all of course due to his highly superior intelligence, skill, foresight and daring.

But you should discount what my Uncle Bolivar says because the only oil experience he ever had was to buy some shares in one of Dr. Frederick Cook's promotions—so he is just plain envious.

"Originality is simply a fresh pair of eyes," wrote T. W. Hig-

ginson. And Lowell declared, "Though old the thought and oft-expressed; 'Tis his at last who says it best."

In a street intersection at Silled, La., there is a monument to a doctor. We have lots of statues of warriors and statesmen but that is the first one I can remember seeing to physician.

YUMMY is the word for Poppy Seed Cheesecake! Crush 1 1/2 cups zicback crumbs. Cream 2 tbs. butter, 2 tbs. sugar, blend into crumbs. Grease sides and bottom of 9" spring form pan. Press crumbs onto bottom and sides saving 3 tbs. crumbs. Mix 2 tbs. flour, 1/2 tsp. salt 1/2 cup sugar, 2 1/2 tbs. poppy seeds. Cream 5 1/2 pkgs. cream cheese (room temp.), beat in sugar mixture. Add 4 beaten egg yolks, 1 tsp. vanilla, 1 cup heavy cream. Fold in 4 stiffly beaten egg whites. Top with remaining crumbs. Bake in gas oven at low heat (325°F.) 1 hr. Turn off gas, open oven door, let cake stand to cool at back of oven.

The sediment which inevitably collects from water passing through pipes into the water heater should be drained periodically through the convenient outlet provided for that purpose on all automatic gas water heaters.

Onion Zip: 1 tsp. grated onion to 1 qt. casserole dish of macaroni and cheese. Lifts the flavor.

For easier asparagus cooking: Boil in frying pan over low flame. To drain, hold pan cover over the top and tip liquid into bowl.

Overloading the automatic gas dryer with too many wet clothes is as bad as overloading your automatic washer. The clothes just don't dry properly. Consult your owner's guide for hints on weight of dryer load.

When glass cooking pans become clouded from the minerals in water, remove film, by adding 2 tbs. vinegar to about one qt. water, boil over high flame for a few minutes.

Weekly Health LETTER

Issued by Dr. Geo. W. Cox
M. D., State Health Officer
of Texas

AUSTIN—If you have not had an audit made recently of your physical assets and liabilities, go to your doctor now and have it done. It is the advice of Dr. Geo. W. Cox, State Health Officer, to grown-ups in Texas. It is quite important to check up on your physical resources as it is to look into the state of your financial possessions. By regular care under your physician's directions, you can conserve your physical assets and avoid an accumulation of destructive liabilities.

Everyone starts with a certain amount of physical capital and as a rule, are safeguards for us. As we grow older, the responsibility for doing so rests upon the individual. The critical period for many comes in middle life with the sudden realization that the physical capital is yielding diminishing returns in the way of physical well being.

The records of health departments and insurance companies show that from 10 to 15 years have been added to the average length of life. But the same records show that a majority of the deaths are due to the degenerative diseases of middle age.

Nearly all of these diseases have slow beginnings and their onset discovered through physical examinations before they have gained serious headway. Early detection, adjustment of physical expenditures and better budgeting of activities under a physician's direction will help shift the balance from the unfavorable to the favorable side of the ledger.

Eisenhower Urges Nation Support March of Dimes

President-elect Eisenhower meets 1953 March of Dimes Poster Girls Pamela (left) and Patricia O'Neil, of Raleigh, N. C.

NEW YORK CITY—President-elect Dwight D. Eisenhower called on the American public to support the 1953 March of Dimes being conducted throughout the nation during all of January. He joined in the annual appeal after meeting the two Raleigh, N.C., sisters who are pictured on the 1953 March of Dimes poster. They are Patricia, 6, and five-year-old Pamela O'Neil, both of whom were stricken with polio but now are recovered completely. "It's hard to believe that these are the same little girls whose pictures are on the March of Dimes poster," he noted. "Now

they're completely recovered from polio, thanks to the generosity of the American people." He urged all Americans "to help the others like them by joining the March of Dimes." Later, he joined the poster girls in making a short film which is being shown by television stations throughout the nation. This year's March of Dimes follows the all-time record polio epidemic of 1952 in which more than 55,000 were stricken. At the beginning of 1953, there were 58,000 polio victims of former years still undergoing treatment, with financial help from local March of Dimes chapters.

SOMETHING TO THINK ABOUT
There is still a chance that winter legumes and small grains planted for pasture now will pay big dividends in the spring. According to E. M. Trew, pasture specialist for the Texas Agricultural Extension Service, the situation is such that perennial grasses will be slow in making a start in the spring and early grazing will further damage them. Grasses such as dallis and bermuda went into the winter in a

weakened condition because of the long drieth. To graze them as soon as spring growth commences will prevent proper rebuilding of their root systems and result in low vigor and poor production throughout the growing season, says Trew. They should be rested a few weeks, he adds.

Winter pastures of small grains and legumes will bridge this gap. Plantings made now are a gamble but may be justified if no other grazing is in sight, says the specialist.

FORT WORTH—Pressure on fed steers and yearlings and on fat lambs resulted in sales weak to 50 cents or more lower at Fort Worth in the first session of the first full marketing week in the new year. Other classes of livestock fared much better, however, than the fed heaves and lambs.

Cows were strong to higher, bulls fully steady to strong. Stocker buyers took high grade offerings at strong prices, and less than choice stockers and feeders ruled about steady in both cattle and sheep barns. There continues to be improved inquiry for suitable stocker cows and ewes. That touch of green on the hills and in the valleys as a result of recent rainfall is a prop for these classes.

Hogs ruled strong, selling at a top Monday of \$19.25 to \$19.50 at Fort Worth. Sows drew \$16 to \$17.50.

Good and choice fed steers and yearlings sold from \$19 to \$25. Ernest Windom, Callahan County, had two loads of 830-lb. heifers at \$24, and V. O. Hildreth of Parker County, had two loads of 917-lb. heifers at \$24. Cystelle Waggoner, Wise County, sold 40 steers at 794 pounds at \$23; Junior Duke, Scurry County, sold 20 steers at 702 lbs. at \$22. Lon and Guinn Campsey, Jack County, sold loads of fed steers at \$22. Common and medium butcher cattle drew \$12 to \$18.

Fat cows sold from \$13.50 to \$16.50 and canners and cutters drew \$10 to \$13.50. Stocker cows sold at \$12 to \$18.50, a load at \$18.50 averaging 727 lbs. from Earl Breeding, Miami.

Fat calves sold from \$19 to \$25 when good and choice, and cull, common and medium butchers sold for \$10 to \$18.

Stocker steer calves cleared at \$13 to \$23, and steer yearlings sold for \$22 down. Bulls sold from \$12 to \$18.50.

Good and choice fat lambs sold at \$18 to \$20.50, some 90-lb. woolled lambs from Glen McNees, Grandfield, Okla., at \$20.50 and Whitehead Bros. of Granbury and C. B. Hodge, Salado, had 83 and 85 lb. lambs, respectively, at \$20, with about No. 1 skins. Jack Kirby, Meridian, had some 82-lb. lambs at \$19.25 and C. L. Blast, Nolan County, had some \$19 lambs at 87 lbs. Medium to fair yearlings drew \$16. Stocker and feeder lambs at \$12 to \$17, with some shearing lambs upwards to \$19.50. Old ewes sold at \$7 to \$8.50 and some stocker ewes drew \$9 to \$10. Old bucks sold around \$7 to \$7.50.

Guests in the home of Mr. and Mrs. Bob Brown over the week end were Phillip Kays of Vernon and Charles Ray of Midland.

CARD OF THANKS

We take this means of expressing our thanks and gratitude to our many friends at Munday for their thoughtfulness and concern for our baby, Vickie.

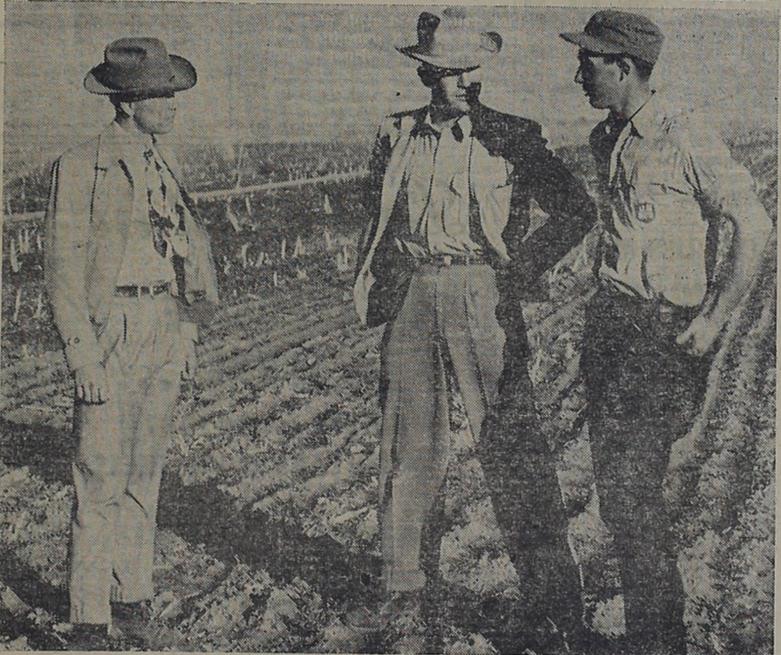

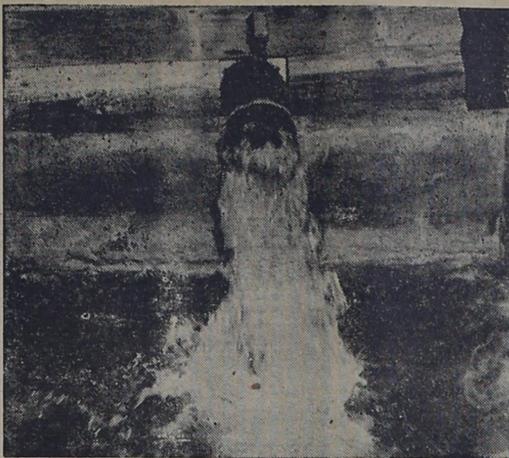

Each card, letter, and gift were really appreciated by us, as well as Vickie. They helped to make her stay in the hospital to be more pleasant. She is at home now, and doing fine. Thank you again.

What Will Irrigation Do For This Area?

Top picture shows the well on Dr. J. B. Reneau's place as it's pumping around 800 gallons per minute. Second pic shows the use of canvas dam and wrier to measure flow of water on the B. E. Smith farm. Instructor in recent irrigation schools, E. H. Bush, is shown, shovel in hand.

Third photo shows O. H. Spann, Jr., Bill Lemberg, Jones County agent, and Frank Crowden, Fisher County agent, discussing the sprinkler system of irrigation on Oscar Spann farm.

Many observers believe that with the proper use of legumes irrigation will prove to be a big boom to agricultural development in this area.

Glyndon Shipman, James Willis Are Wed December 27th

Miss Glyndon Shipman, daughter of Mr. and Mrs. Ceall Shipman, Seymour, became the bride of Mr. James Willis, son of Mrs. Minnie Willis and Mr. E. F. Willis of Fort Worth, on December 27, at 8 P. M., at the First Baptist Church, Red Springs.

Rev. Loyd McIntosh, pastor of the Assembly of God Church, Seymour, read the double ring ceremony.

A musical setting for the service was provided by Mrs. Loyd McIntosh, soloist, who sang "Always" and "Because." She was accompanied by Mrs. Alfred Trotter, Wichita Falls.

Decorations were white gladioli, greenery, and burning white tapers. Candle lighters were Judy Shipman and Wanda Thorn. They wore identical gowns of orchid net over taffeta. Their corsages were white carnations.

The bride, who was given in marriage by her father, was attired in a ballerina length dress of white satin, fashioned with a fitted bodice and a full skirt. The bodice featured a scalloped neckline, a yoke of Chantilly lace and long pointed sleeves. Her veil of illusion was attached to a bridal cap of white satin embroidered with seed pearls and orange blossoms, and she carried a colonial bouquet of white carnations.

Miss Nina Shipman, sister of the bride, was maid of honor. Her gown was of green taffeta, designed with a fitted bodice and full, gathered overskirt of nylon net. She carried a colonial bouquet of pink carnations.

Edward Willis, of Fort Worth, brother of the groom, served as best man, and duties as ushers were shared by Joseph Thorn, Seymour, and Claudia Shipman, Benjamin.

The bride graduated from Benjamin High School and for the past year has been employed as a secretary in the Seymour High School.

The groom received his education from Tech High School in Fort Worth.

Immediately after the wedding the couple was honored with a reception held in the assembly room of the church. The refreshment table was covered with a lovely cut-work linen

cloth and centered with a bouquet of white gladioli.

Miss Shirley Cowart presided at the crystal punch service and Miss Datherine Robertson served the three-tiered wedding cake. Miss Helen Miller secured names of the guests for the bride's book.

After the wedding the couple left for a short trip to Carlsbad, New Mexico and El Paso, Texas. For traveling, the bride chose a tan gaberdine suit with brown

accessories, and a corsage of white carnations.

Mr. and Mrs. Willis will establish residence in Fort Worth, Texas, where Mr. Willis is employed by the T. & P. Railway.

Mrs. Godby Lefler visited her sister, Mrs. R. C. Kendrick and husband, in Waco over the week end.

Kay Waheed visited relatives in Killeen several days last week.

Letters From The People

Editor's Note: The following letter, which is self explanatory, deals with a problem that's been confronting local people for several years. We are reprinting it all in eliminating such practices. al in eliminating such practices. Dear Mr. Edgar:

Having been born and reared in Munday, Texas, I have always taken considerable pride in my native town. While I now live in another state, I spend a good part of each year in Munday. I have come into contact with a situation there which I think should be brought to the attention of the citizens of Munday.

A number of young men of the town engage in throwing rocks or fire crackers on the residences of individuals, particularly the houses of women who live alone. This is not a new situation, by any means, but has gone on at least five years. Such utterly reprehensible conduct approaches vandalism and should certainly be stopped. The young men who engage in these night time activities are unidentified, but they and their behavior reflect no credit on the city of Munday.

Munday has the finest peace officer and town could have, but it would require more than his efforts, no matter how efficient, to patrol the streets and act as night watchman for all of its houses. I urge the citizens of Munday to give their assistance to Mr. Massey in his efforts to

New 1953 Model Chevrolet Cars To Go On Display Here Friday Morning

Expanded to include a third series of cars, and boasting more significant advances than ever incorporated in a model in the low price field, the widely discussed new Chevrolets make their first public appearance at dealer showrooms Friday, January 9.

For the 1953 market bodies have been completely re-designed. All cars have increased power, with special emphasis on a new power train that includes a new engine and improved automatic transmission. In performance, in economy, in driving and riding qualities, exterior and interior appointments, the latest Chevrolet models contribute importantly to automotive progress.

Features of the new cars range throughout the bodies and chassis. Of major interest:

1. The entirely new series, to be known as the Bel Air and credited with being the most luxurious models in Chevrolet history. To be produced as two- and four-door sedans, a convertible and sport coupe, the Bel Airs are included in the choice of 16

Fisher body types. Other passenger car series are designated as the "Two-Ten" and the "One-Fifty."

A new 115-horsepower "Blue Flame" engine and a refined Powerglide automatic transmission re-engineered for greater operating economy and faster pickup. The so-called "standard" engine also moves up to 108 horsepower, a gain of 17.4 per cent over 1952.

3. Two Chevrolet "firsts" in the low-price automotive bracket are registered in optional equipment available on all cars. Power steering, which reduces manual effort yet maintains traditional steering safety, makes its debut. The second innovation is the Autronic Eye, an electronic mechanism that automatically lowers headlamp beams for passing

4. Roomier and stronger bodies with greatly expanded visibility. All have curved, one-piece windshields from which the center divider has been eliminated. Other body construction highspots include front swingout door hinges to provide easier en-

trance; fold-away front seats backs in two-doors; and wrap-around windows.

5. Operating advances cover the automatic choke on all cars, softer, smoother brake action,

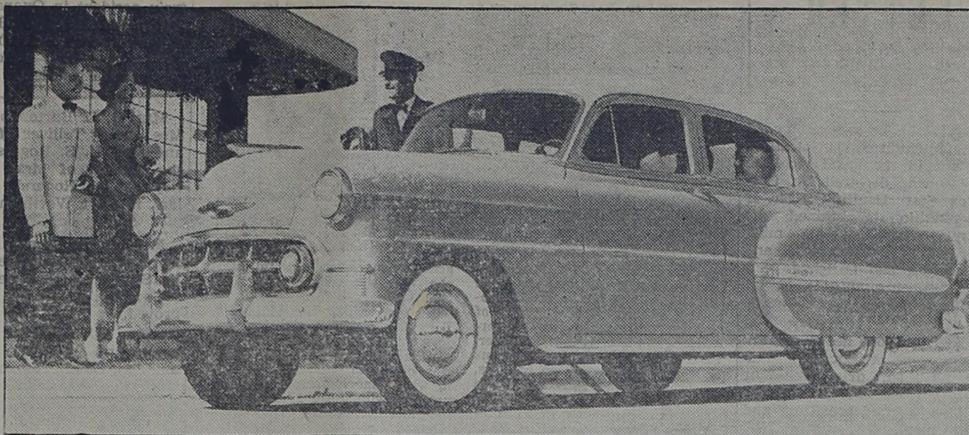

easier steering, even more reliable starting in damp weather, static-free ignition, softer front and rear springs for improved ride and higher capacity generator.

6. Unusual developments in the station wagon field. Three station wagons, one known as the Townsman (eight passenger in the "Two-Ten" series) and two as the Handyman (six passenger in the "Two-Ten" and "One-Fifty" series. The latter contain three-passenger rear seats that can be folded into the floor.

7. An array of convenience items including key-turn starting, crank-type front door ventipane controls and almost one-fourth more luggage space. Trunk lid openings have been enlarged and deepened. The sill is now virtually trunk floor level as an aid to luggage loading.

8. A lavish choice of colors marked by brilliant new greens and blues are offered in 13 solids and 10 two-tone combinations. Two-tone interiors harmonize with the selection of exterior colors in many of the cars.

Four-Door Sedan in New Chevrolet Bel Air Series

The Bel Air four-door sedan is one of four body types with which Chevrolet pioneers a completely new series of passenger cars for 1953. Richness in exterior and interior appointments gives the series

a distinction never previously achieved in the Chevrolet market. Increased performance, comfort, and convenience are common to the Bel Airs and the "One-Fifty" and "Two-Ten" series.

Leaders Of Farm Bureau To Meet In Wichita Falls

Legislative strategy and organization plans for the Texas Farm Bureau in 1953 will be discussed at a special District 3 conference of state and local Farm Bureau leaders January 15 at the Y. W. C. A. in Wichita Falls, Texas, according to Loys D. Barbour, state director from this district.

The meeting is one of a series of legislative and organization conferences being held this month in 12 of the 13 Farm Bureau districts in the state. The sessions will begin at 10 a. m. with a report in the last state board meeting by the district director.

Legislative, organization and publicity conferences start at 11 a. m. and continue until noon. Vice President C. H. DeVaney of Coahoma will preside at the legislative meet, State Field Representative Leon M. Lane will preside at the organization conference and Information Director Bill Hoover will meet with local newspaper reporters and county Farm Bureau publicity directors.

O. R. Long, southern field representative of the American Farm Bureau Federation, is scheduled to speak at a noon luncheon for the group.

NEW MUSIC LEADER AT TSCW

The college with the singing students is what Texans are calling the Texas State College for Women, Denton, since Dr. J. Wilgus Eberly, above, new director of music, is having every girl join in group singing throughout the Golden Anniversary year now underway. Kickoff day is November 6. Dr. Eberly, known for development of fine arts festivals in the South, came to TSCW in September. He also is expanding the all-girl symphony and choirs.

Weekly Health LETTER

Issued by Dr. Geo. W. Cox
M. D., State Health Officer
of Texas

AUSTIN — To assure good health for children, special attention should be paid to the school lunch, declared Dr. Geo. W. Cox, State Health Officer. If good nutrition is obtained the diet must include meat, milk, butter, fruit, vegetables, and whole grain and enriched cereals in proper quantities.

Inadequate lunches can deprive children of the nutrition necessary for good health and intelligent work at school. A sandwich and a soft drink are not sufficient even though the child may have a good breakfast and evening meal.

A child's lunch should provide at least one-third of the daily food requirements. Whether eaten at home or at school, it should include one-half pint of milk, a substantial protein food as meat, egg, cheese or peanut butter sandwiches, a vegetable for fruit or both and whole grain or enriched bread with butter. While some hot food is desirable, well planned cold lunches can be both appetizing and nutritious.

In addition to being nutritious and palatable, food should be safe. Food from unsafe sources or prepared under unsanitary conditions may result in illness. Milk should be pasteurized. Attention should be paid to the selection of wholesome meat, poultry, vegetables and other foods. It is also important that perishable foods prepared and stored in school kitchens be properly refrigerated.

The new catch-all cobbler skirts made of denim with detachable pockets will eliminate many back-and-forth trips when you're cleaning. These roomy pouches will hold all your sudsing supplies—brushes, sponges, dry and damp cloths. Don't worry about soil spots; rugged denims can be tossed into the washing machine in good hot soapsuds and they will bounce back just like new.

3 Texas 4-H'ers Win National Honors

HIGHEST HONORS were accorded 4-H Club members—recently when they were named national winners in their respective programs. Pictured here are Texas' national winners in Farm and Home Safety, Food Preparation and Beautification of Home Grounds.

Donald Bayer

Irene Polasek

Elwyn Ellis

Donald Bayer, 17, Muenster, Texas, a national winner in the 4-H Farm and Home Safety program, completed five years of safety work under the leadership of his father, Martin Bayer. He made a safety survey of his town, posted crosses on hazards, checked his own farm and home and assisted fellow members in their surveys. During Farm Safety Week he gave two talks, made four posters for display, and distributed 600 farm safety sheets. He is chairman of the safety committee in his club and has presented 19 demonstrations on this subject before 1,596 people.

Irene Polasek, 19, Corpus Christi, Texas, a six-year member, prepared 4,165 meals and baked 181 dozen rolls, 205 dozen biscuits, 474 dozen cookies, 236 cakes and 272 pies, won national honors in the 4-H Food Preparation program. Since her mother's death two years ago she has planned and prepared the family meals. She is the junior leader of her club. Irene has given numerous demonstrations, and baked many cakes, pies, cookies and biscuits for church suppers, parties and picnics. Last year she was foods chairman for the 4-H

All these programs are conducted under the direction of the Cooperative Extension Service.

achievement barbecue. In 1951, she was the county 4-H Gold Star Girl.

Elwyn Ellis, 15, Plainview, Texas, a six-year clubster, enjoys "watching things grow", so enrolled in the 4-H Beautification of Home Grounds program, in which she has been named a national winner for 1952. He and his mother, a former 4-H'er, planned improvements long before their three rooms were remodeled into an eight room home. Elwyn helped plant a fruit orchard north of the house, which is a windbreak and screen for outbuildings. Plantings include pecan, walnut, catalpa, ash, a privet hedge, lilacs, forsythia, roses, and red leaf barberry. He is proud of his lawn, and he helped build concrete porches, walk, outdoor living room and chairs. His father is club leader. Donald received a \$300 college scholarship from General Motors, Detroit, Michigan, and Miss Polasek received a \$300 college scholarship provided by Kelvinton, Detroit, Michigan. A trip to Chicago Club Congress was given to Elwyn by Mrs. Charles W. Lawrence of Chicago, Illinois.

LOCALS

Mr. and Mrs. Joe R. Collier of Grandview visited Mr. and Mrs. Blacklock during the holidays. Mrs. Collier and Mrs. Blacklock are sisters. While here Mrs. Blacklock and Mrs. Collier visited their sister, Mrs. Doyle Williamson, in Haskell and another sister, Mrs. J. F. Brown, in Levelland. They also visited in Lubbock.

Jerry Jones left Sunday for Reno, Nev., after spending his fifteen day furlough with relatives here and at Seymour.
