Will "Miss Liberty" get a new dress? She needs one! She's been wearing the same one for almost a century - 97 years to be exact.

"Miss Liberty" is the Statue of Liberty, a large copper statue on Liberty Island (Ellis Island) in New York Harbor presented in friendship to the U.S. by France, and unveiled in 1886.

Through the years, she has stood there, holding her torch of liberty high in the air as a symbol of hope for the tired and poor, seemingly as strong as the Rock of Gibraltar.

She has held up her torch since Grover Cleveland was president. Now, after 15 other presidents have held office, her hand is getting worn and tired, and she's in danger of dropping the time-honored torch.

She crossed the Atlantic about a century ago in 85 wooden packing crates; 59 years after she was declared a national monument; six years after Vietnam veterans occupied her overnight; three years after Iranian students chained themselves to her base; two years after a man clamored to her crown to launch his campaign for mayor; one year after French feminists demanded she be returned because the ERA had failed, after all this she needs remodeling.

Over time, the copper sheets have thinned and the iron bars have corroded. The statue, which cost \$400,000 to build, will cost \$39 million to restore. Repairs to Ellis Island will cost three times that much.

A government-appointed commission is trying to raise \$230 million to restore the statue and her crumbling statue-made, Ellis Island.

Two fund-raising experts are at the helm - Lee Iacocca, chairman of the board of Chrysler Corp., and J. Paul Bergmoser, a former Chrysler president and a 30-year veteran of Ford Motor Co.

Now we're hearing appeals over the TV tube to help re-clothe and restore the famous statue. They say the campaign will begin in earnest early next year and will continue through 1986, the statue's 100th birthday.

Children are at the forefront, just as children raised much of the money to pay for the 89-foot pedestal on which Liberty stands.

Among the proceeds received so far, \$43 came from a cookie, candy and cupcake sale at an elementary school; \$113.30 from a refreshment sale at a New Jersey school, and \$200 from a balloon, toy and greeting card sale at a school in New London, Conn.

A first grader named Greg wrote: Dear Statue of Liberty, we know that you're breaking. I sent 14 cents.

This brought Bergmoser to remark: At Ford, I almost felt like I had unlimited funds. But when school kids send a dollar in pennies, I feel obligated to spend it very carefully.

The federal government won't be helping to foot the bill. "President Reagan thinks people will get more knowledge of what this is all about if the money is raised by the people, and I agree," Bergmoser said.

He hopes to raise \$30 million from private citizens, \$55 million from small corporations and \$45 million from foundations.

For the balance of \$100 million, plans are made to appeal to big corporate givers, and here are some naturals:

Coca-Cola, General Electric and Johnson & Johnson, all will be 100 years old at the same time as the statue;

Hamburgers are as American as can be - and that's McDonald's. "America is hamburgers and America is the Statue of Liberty."

They say nearly half of all Americans trace their heritage to relatives who first walked on U.S. soil at Ellis Island.

Our guess is that they'll raise this vast sum of money. What's yours?

By July 4, 1986, it is hoped a newly refurbished "Miss Liberty" will grace the skyline of New York Harbor with her torch held high. We guess there's no limit to what dedicated people can do, once they set their minds to it!

AREA SHOCKED BY JURIST'S DEATH

50th District Court Judge Dies In Accident

THE MUNDAY CARDINALS are pictured here before a Little League game. They are coached by Frank Jackson, at left in back, and Montie McAfee, at right. Members of the team are, in back row, Mitch Mayfield, Michael Waggoner, Doug Tidwell, Brad Bureson and Shane Simmons. In front row are Ricky Huckabee, David Wilde, Kevin Jackson, Tyler Thompson, Matt Angerer and Bobby Dockins.

FOR MUNDAY, GORE

Parsonage Family Is Returned

The Northwest Texas Conference of Methodist Churches, in the annual meeting in Lubbock last week, was nice to congregations of the First United Methodist Churches in Munday and Gore.

The Conference returned our present parsonage family, Rev. Don Travis and wife, Dorothy, to resume their duties in the churches for another year. Thus, the members won't need to get acquainted with their new pastor, and the Travis duet can pick up where they left off just a few days before. They'll have no burdensome task of getting acquainted with a new membership.

It was pretty well settled that Don and Dorothy would occupy the parsonage

prior to the General Conference meeting. Rev. Travis announced from the pulpit earlier that "things had been worked out" for their return - that is unless something unforeseen came up.

So they didn't go through the tiresome task of packing things before the conference.

Members of the local congregations are, in the main, well pleased to welcome the "new pastor" and his wife to our midst for another year of service. This feeling seemed mutual as Rev. Travis announced his re-appointment to the Munday-Gore charges.

Methodists of the area are looking forward to another enjoyable and fruitful year under the leadership of Don and Dorothy.

As compared to other years, the Conference made a few changes in parsonages this year.

Two changes near Munday were made, as follows: John C. "Jack" Webb, who served two years at Hale Center, is the new pastor at Hamlin, replacing Sid Parsley, who, after two years of service at Hamlin, will take over pastoral duties at Crowell/Truscott churches;

Thomas L. Wilson is the new pastor at Rule/Sagerton after serving in the New

Mexico Conference for one year. He succeeds David L. Hestland, who was named pastor at Baird after serving three years at Rule/Sagerton. He replaced two-year church veteran Hendrix Townsley, who is retiring.

Rev. Alby Cockerell, who served for a time as assistant for Rev. Travis when he was away, was re-assigned to the Methodist Church at Margaret, near Crowell.

Crowell/Truscott Church Receives New Pastor

New pastoral appointments for United Methodist Churches throughout Northwest Texas were announced during the annual conference held in Lubbock May 31-June 2.

The only change in this county was the transfer of Sidney A. Parsley to the pastorate at the Crowell/Truscott United Methodist Church. Rev. Parsley comes from Hamlin, where he served two years.

Stephen Martyn, the former pastor at Crowell/Truscott UMC, is returning to school. He has been at the church for two years.

The Honorable D. J. Brookreson, II, of Seymour, judge of the 50th Judicial District of Texas, was killed instantly in a head-on collision at about 8:10 p.m. Tuesday, May 31.

The accident happened on the Lake Kemp Road, inside the Pony Creek entrance, Chamber of Commerce side of Lake Kemp. Brookreson's car was involved with another vehicle carrying Larry and Patricia Willings and two children, driven by Mr. Willings. The vehicles met head-on at the crest of a small hill, just east of the entrance into lake property.

Willings and his wife were taken to the Seymour hospital, where Willings was treated and released. Mrs. Willings remained overnight for observation. The children, ages 2 and 5, were not injured.

Judge Brookreson was in Crowell Tuesday, hearing a court case for Judge Leslie Thomas of the 49th District Court. He had returned to his office in Seymour briefly, then left for his cabin on Lake Kemp, where he and his wife, Paula, were accustomed to spending much of the summer.

Mrs. Brookreson was in Wichita Falls at the time and was contacted about the fatal accident. Members of the Baylor County sheriff's office and the Texas Department of Public Safety investigated the accident.

As soon as they had recovered from the shock, people of all walks of life began sending messages of condolence and praise to Brookreson's family, declaring him as a good judge, a good citizen, a good friend to all.

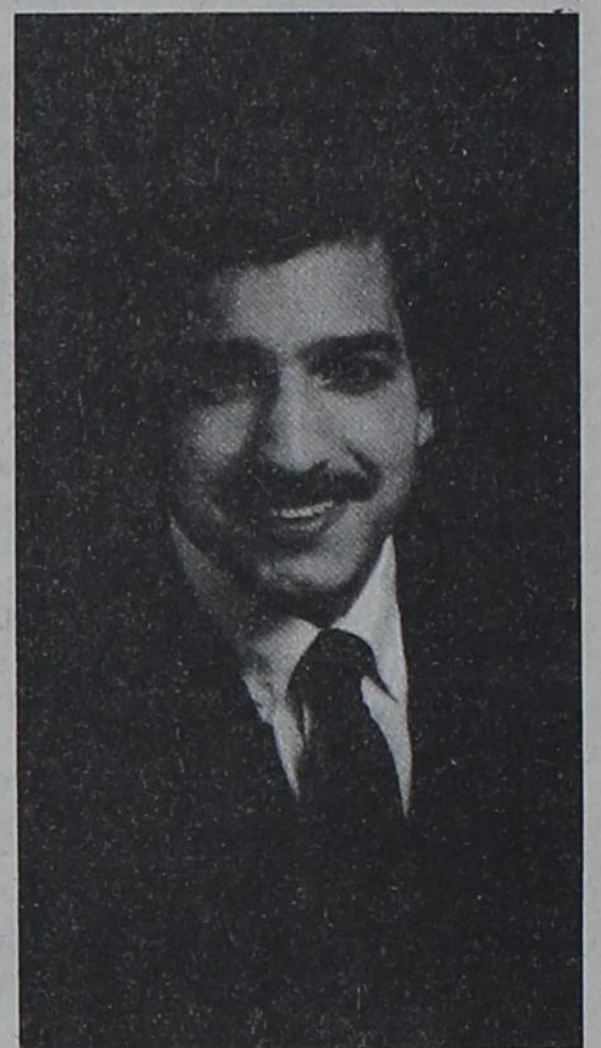

He claimed Benjamin as his "home of nativity", although he was born on December 2, 1923, in Taylor County. He married Paula Woodwood on December 22, 1960, at Round Timber, in Baylor County.

Brookreson served as 50th District Attorney from 1949 to 1951 and maintained a successful law practice until his 1980 election as judge of the 50th Judicial District, embracing the counties of Baylor, Knox, King and Cottle counties.

He was a Navy veteran of World War II and past worshipful master of the Seymour Masonic Lodge. He was a member of the American Bar Association and of the First Presbyterian Church in Seymour.

Funeral services were held at 4 p.m. Friday from the First United Methodist Church in Seymour with Rev. Ed Hart, pastor of the First Presbyterian Church, officiating. Burial was in Riverview Cemetery in Seymour under direction of Seymour Memorial Funeral Home with members of Seymour Masonic Lodge in charge of graveside rites.

Survivors include his wife, Paula; two sons, D. J. Brookreson, III and Charles H. Brookreson, both of Austin; a stepdaughter, Helen Knowles of Austin; three sisters, Mrs. Geraldine Neal of California, Mrs. Bernice Lott of Fairfield, and Mary Sue Cox of Abilene; and two grandchildren, Harry Knowles and Dannie Knowles, both of Austin.

RAMSEY CHOUCAIR

Choucair Receives Medical Degree

Ramsey Joe Choucair, son of Mrs. J. A. Choucair of Munday and the late Mr. Choucair, received his M. D. degree from the University of Texas Southwestern Medical School at Dallas in ceremonies held Saturday, June 4. He was one of a class of 204 to graduate from Southwestern, a component of the UT Health Science Center at Dallas.

Choucair, a 1975 graduate of Munday High School, received his B. A. degree in biology from Rice University in 1979. While at Southwestern he became a member of Phi Beta Pi, a medical fraternity.

The new physician will do his residency training in general surgery at St. Paul Hospital in Dallas.

Mrs. Choucair attended the graduation ceremony, accompanied by her daughters, Mona and Salwa. Another son, Omar, who is attending Baylor University this summer, met the family in Dallas.

Annual Horse Show Slated Saturday

The annual Knox County Open All Trophy Horse Show will be held this Saturday, June 11, in the Knox City arena. Starting time is set for 9 a.m.

Three divisions will be judged. The age divisions are under 13 years of age and between 14 and 18 years of age. The open division can be entered by contestants of any age. Trophies will be awarded through fifth place in each class, with \$100 belt buckles going to the winners in each division.

Pete Rehm of Weatherford will judge this year's show. He is an experienced judge and exhibitor and has served as a horse judging team coach for many years.

The show will feature halter classes for stallions, mares and geldings. Stallions may be shown in the open class but will not be allowed in the youth classes. Stallion handlers must be 19 years old or older.

Performance classes will include a walk-trot class for children eight and under, English pleasure, English equitation, showmanship, western pleasure, western horsemanship, western riding, reining, trail, barrels, flags, poles and stakes.

In order to qualify for all-around, a contestant must enter halter and three performance classes with one horse. Contestants may show as many horses as they like, but must name their point horse when entering.

Mrs. Joe Boone of Knox City is the person to contact for more information on the horse show.

Conservation Service Hires New Trainee

Jess J. Jackson Jr. has been employed as a range conservationist trainee at the Soil Conservation Service in Knox City. He began his duties May 31.

A native of Coleman, Jackson lived on the family farm and attended Coleman High School. He is a May graduate of Texas A&M University with degrees in range science and agronomy.

FOR SERVICE TO OTHERS . . .

Tribute To Senior Citizens Planned As Monthly Feature

It has been called to the attention of the Munday Chamber of Commerce that there might be many senior citizens in our community who deserve special recognition for unselfish deeds, or acts of kindness, to others that have distinguished themselves in a manner that most persons are unaware of.

In this vein, the Chamber of Commerce, through its president, David Key, and manager, Callie Ann Combs, has agreed to sponsor a "tribute to our senior citizens" as a monthly feature in The Courier. This will involve citing this individual for dedicated service, as well as running a brief background (or biography) of the person.

The Chamber will serve as a reception center for these articles, which should be accompanied by a photo of the individual if possible. If you know of such a person, please submit details to the Chamber of Commerce, and we will go from there.

The person need not be a member of any senior citizen organization, but one who helps bring happiness to others through these unselfish deeds. Your cooperation is needed in order that this feature in the newspaper can be carried

Former Truscott Man Is Honored

A. G. Glidewell of Vidor, former Truscott resident, was recently named "Mr. Senior Citizen of the Year" at the annual senior citizens' rally day at the VFW Post home in Orange. He received a plaque, boutonniere, and a savings bond.

Mr. Glidewell is currently serving as president of the Vidor chapter of the American Association of Retired Persons and is on the AARP legislative committee.

He is a Master Mason and a member of the Triple L Choir and Senior Citizens Choir. A member of the First Baptist Church in Vidor, he was cited for visiting the sick at hospitals and nursing homes.

He and his wife, Nellie, have been married 52 years and have three daughters.

Texas Department of Public Safety

The eighteenth gala opening celebration of "Texas" is only weeks away, and preparations are being made for the show's first performance of 1983 at 8:30 p.m., June 15 in Palo Duro Canyon's Pioneer Amphitheatre.

This year's celebration will be a tribute to the fifty states of the United States that send their tourists to the drama each summer. A colorful display of each state flag is being planned, and it is hoped that each state will have a representative at the opening of the show.

At the same time that this is being planned for the front of the theatre, back-stage work is progressing, too. The cast assembled for the first time on May 22, and immediately began the hard work that keeps "Texas" a show of quality and zest.

All seats for the production are reserved, and advance reservations are recommended. For reservations, call (806) 655-2182 between 8:30 a.m. and 4:30 p.m. Ticket orders should be mailed to "Texas", Box 268, Canyon, Texas 79015.

The final performance of the 1983 season will be on August 20.

AND THE WINNERS ARE . . . Jimmy Harlan, Charles Baker, W. O. Ratliff and Daniel Ramirez, who together shot the winning score at the golf scramble held Sunday afternoon at the Lake Creek Club course.

Twenty-Eight Golfers In Local Scramble On Sunday

A total of 28 local golfers engaged in the local "boys and girls" scramble held Sunday afternoon at the Lake Creek Club and Golf Course. Tee-off time was 1:30 p.m.

Topping the list for first place in the tourney was a team composed of W. O. Ratliff, Charles Baker, Jimmy Harlan and Daniel Ramirez, who turned in a low score of 60.

In second place were Doyle Lowrance, W. R. Moore Jr., Wynette Moore and H. Q. Richmond, score 61.

Third place winners were Louise Wise, Ricky Harlan, Ed Jetton and Dick Moore, score 65.

Tying for fourth, with a score of 66, Michael Bowman, Barbara Ratliff, James Steward and E. B. Littlefield against Jack Nuckols, Dean Nuckols, Oscar Cypert and Johnny Earp.

Tying for fifth, with a score of 68, Marion Waggoner, Betty Baker, "Red" Hurst and Leslie Hurst against Mitch Michalik, Stacia Cook, Gail Ramirez and Raymond Carden.

With the advent of summer, a number of activities have been scheduled for local golfers, and many pleasant hours will be spent knocking the ball around on the local course in the days to come.

Simple Maintenance Required To Get Car In Summer Shape

Many people want to go someplace sunny and warm for vacation, but no one wants to be stranded on the side of the highway in scorching temperatures under the summer sun.

R. J. Anderson of Munday Auto Supply, a Green Light Auto Parts store, says that planning ahead can save money, time, and bother. "A high percentage of car problems are caused by neglect of routine maintenance," Anderson said. "The good news is that car owners can perform many simple maintenance jobs themselves."

Anderson offered some suggestions for getting your car in shape for a long summer trip. Failure of the cooling system (which keeps the engine from overheating) is the number one cause of high-way breakdown. A 50/50 mixture of water and antifreeze is what is necessary to keep your car cool. Oil, transmission, power steering, brake, and washer reservoir fluids should also be checked and filled when needed.

Heavy loads, or towing, can put a strain on the engine and transmission. A transmission/engine oil cooler will protect your car from the damage that can be caused from overheating, and it is easy to install. If you plan to tow something, make certain your hitch is installed properly, and your boat or trailer is securely attached.

Batteries should be checked more often in summer than in cold winter months. They require a daily inspection on a long trip.

Look for loose or corroded cables, and add fluid and water as needed. Never smoke or light a match near a battery. Another caution - don't remove the radiator cap unless the car has cooled off.

Many of the simplest rules of car care are neglected, too, such as changing wiper blades. Tires should be fully inflated - underinflated tires can increase your gasoline consumption. Take a few minutes to see that all lights are working, including emergency flashers.

If your car is over four years old, it would be a good idea to check for bulging or rotting belts and hoses. The freon, which cools air from the air conditioning system, may need to be recharged to ensure a comfortable journey.

"People are often insecure about working on their cars," Anderson concluded, "but there is information available to help.

INFLATION-FIGHTING FOOD IDEAS

ECONOMY DISH FOR SUMMER PARTIES

Late spring is the traditional time to open the season for outdoor parties and gatherings featuring festive foods.

Many smart homemakers are aware of rice as an economical basis for budget-stretching meals. Some may not be aware that this nutritious food makes a marvelous base for cold salads as well as hot dishes.

This recipe for Golden Rice Salad teams cooked rice (simmer it in chicken broth for extra flavor!) with crunchy celery and chopped pickles, ripe olives and colorful pimientos. Hard-cooked eggs add extra protein and texture interest.

GOLDEN RICE SALAD

4-1/2 cups hot cooked rice (cooked in chicken broth)

1/4 cup vegetable oil

2 tablespoons vinegar

1-1/2 teaspoons salt

1/8 teaspoon ground black pepper

1/2 cup mayonnaise

2 tablespoons prepared mustard

1-1/2 cups sliced celery

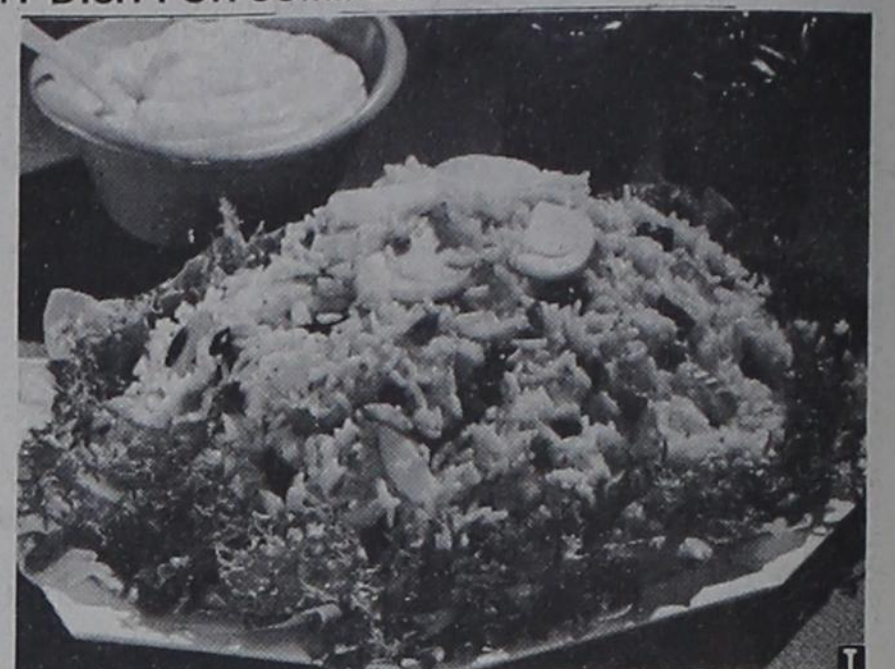

1 cup sliced, pitted ripe olives

1/4 cup chopped dill pickles

1/4 cup chopped pimientos

1 small onion, minced

2 hard-cooked eggs, diced

Golden Rice Salad: Rice, cooked in flavorful chicken broth, spiked with ripe olives, celery, pickles and hard-cooked eggs for color and appetite appeal, makes this a perfect dish for an outdoor party.

Spoon rice into a large mixing bowl. Blend oil, vinegar, salt and pepper; pour over hot rice. Mix well; set aside to cool. Combine mayonnaise and mustard. Stir into rice mixture. Add celery, olives, pickles, pimientos, and onion. Mix well. Gently stir in eggs. Chill or serve at room temperature. Makes 8 servings.

Another dish that's big with crowds is Classic Rice Salad. It is made with rice, onions, sweet pickles, pimientos and hard cooked eggs in a mayonnaise and

mustard sauce. Both Golden Rice Salad and Classic Rice Salad can be made to serve 25 people very economically. The recipes for these—and for a nicely ricey assortment of six other cool and clever salads from around the world—can be found in a free booklet, ideal to tuck away in your "party" file.

For a copy, send a stamped, self-addressed business-size envelope to: Rice Council, Dept. R.S., Post Office Box 740121, Houston, Texas 77274. Ask for Rice Salads.

Hospital Board Meets

The May Board of Directors Meeting of Knox County Hospital was called to order by Board President, Vernal Zeissel at 7:30 p.m., May 28, in the conference room of the hospital. Minutes of the April board meeting were read and approved.

Old business discussed was the respiratory therapy service

available at Knox County Hospital and the charges related to that service. Art Willie and Vernal Zeissel, from the respiratory therapy department, explained how respiratory therapy was used and the rate structure related with that service.

New business was to introduce the new hospital administrator, Richard Wheeler, and the new board member, Ray Lynn Hardin, to the board.

A financial report was then submitted for review. This report consisted of a profit and loss report for each department, cash flow position, and cash disbursements. A list of accounts payable were presented for board approval. Bernard Brown made a motion that accounts payable be paid as listed. Buster Lowery seconded the motion which passed unanimously. With no further business to discuss, Ray Lynn Hardin moved the meeting adjourn. It was seconded by Bernard Brown and also passed unanimously. The meeting adjourned at 9:45 p.m.

Members present were:

Vernon Zeissel, Bernard Brown, Buster Lowery and Ray Lynn Hardin. Others present were: Vernal Zeissel, Art Willie, Dan Powers, Randy Abernathy and Richard Wheeler. Members not present were Richie Smith and Stanton Brown.

EFFECTIVE JULY 1, 1983, WE WILL BE REQUIRED BY THE IRS TO TO WITHHOLD 10% OF THE AMOUNT OF INTEREST WE PAY ON YOUR INTEREST-BEARING ACCOUNTS.

Other than Individuals. - You may claim exemption from the withholding requirement if you are an "exempt recipient" as defined in section 3452. This includes:

- a simple trust where all beneficiaries are either exempt individuals, sec. 501 (a) exempt organizations, or individual retirement plans;
- a corporation;
- a sec. 501 (a) tax-exempt organization;
- an individual retirement plan, as defined in sec. 7701(a) (37);
- the U.S. Government, or a U.S. agency;
- a State, the District of Columbia, or a U.S. possession (including political subdivisions of these);
- a foreign government (including its political subdivisions, wholly owned agencies, and instrumentalities);
- an international organization, as defined in sec. 7701(a) (18) (including its wholly owned agencies and instrumentalities);
- a foreign central bank of issue;
- a securities or commodities dealer;
- a real estate investment trust, as defined in sec. 856;
- an entity registered under the Investment Company Act of 1940;
- a common trust fund, as defined in sec. 584(a);
- a middleman (including a nominee or custodian) between the payer and payee (you are then considered to be the payer, and must withhold on payments to the payee);
- a financial institution; or
- a trust exempt from tax under sec. 664(c), or described in sec. 4947(a)(1).

See the regulations under sec. 3452 for more details on these definitions.

Individuals. - You may claim exemption from the withholding requirement if you meet any of these tests for last year (1982 if filing form in 1983):

- Your tax liability for last year was \$600 or less; or
- You are 65 or older, and your tax liability for last year was \$1,500 or less; or
- You and your spouse filed a joint income tax return last year, and your tax liability was \$1,000 or less; or
- You or your spouse or both of you are 65 or older, you filed a joint income tax return last year, and your tax liability was \$2,500 or less; or
- You were not required to file an income tax return last year.

Your "tax liability for last year" is the income tax shown on your return minus any credits you were entitled to claim (other than the credit for withholding on wages, pensions, interest and dividends, etc.); the earned income credit; and the credit for Federal tax on special fuels and oils).

You must file a certificate in order to claim exemption from withholding. If your payer provides a certificate, please use it. Otherwise, use the one IRS provides.

When to Claim Exemption - File this certificate when you determine you are able to claim exemption.

If you qualify to claim an exemption on an interest bearing account, please come in now, and we will be happy to help you file this exemption. If you do not file an exemption by July 1, 1983, 10% will be withheld on interest-bearing accounts.

MRS. GREGORY ALAN MELTON
formerly Lynda D'Anne Burris

Means of Haskell, wore a long dress of mauve taffeta with a wide ruffle. Her dress was trimmed in white lace and waisted with a wide white satin sash. She carried a white basket of silk petals.

Best man was Jerry Marrow of Big Spring, brother-in-law of the groom. Groomsmen were Mac McMeans and Terry Blanks of Haskell and Kevin Wade of Stamford.

Candles were lighted by Scott Burris of Haskell, brother of the bride, and Seth Pace of Haskell.

Ringbearer was Matt Marrow of Big Spring, nephew of the groom. Groomsmen, candlelighters, fathers and the ringbearer wore silver tuxedos with white ruffled shirts and silver bow ties. The groom wore a white tuxedo with a white ruffled shirt and a white bow tie.

Jennie Hess of Abilene registered guests.

Wedding music was provided by the church chorus, and David Faltys of Early sang "I Pledge All My Love" and "Whither Thou Goest."

The bride's parents hosted a reception honoring the couple in the church annex. The table was draped in white and had an overcloth of tulle and a gathered lace ruffle. The five-tiered cake was decorated with fresh and silk flowers. Complimenting the table was a centerpiece of mauve and white carnations, roses and apple blossoms placed upon a mirrored pedestal. Punch was served from a silver punch bowl. Appointments were silver and crystal.

The groom's table was mauve with a white overcloth and an arrangement in the bride's chosen colors and silver appointments. The groom's cake was a two-tiered chocolate macaroon cake with silver almonds and the couple's last initial inscribed on top. A chocolate mocha punch was served from a crystal punch bowl.

Parents of the bridegroom hosted the rehearsal dinner at Mitchell's Porthole. Tables were decorated in mauve and white with a centerpiece of mauve and pink silk flowers.

The bride is a 1982 graduate of Haskell High School and is a sophomore at Abilene Christian University. The groom is a 1976 graduate of Levelland High School. He received both B. A. and M. A. degrees in history from Abilene Christian University. Mr. Melton teaches history at Haskell High School and will be a history instructor at Abilene Christian University during

The full circular skirt, with hemline bordered in multi-ruffles of matching lace, had lace ruffles cascading up on each side of the skirt to give a godet effect and were topped with small satin ribbon bows. The skirt flowed to a cathedral train. A small wreath of white silk flowers held the veil of silk illusion which flowed to a cathedral length. She carried a long cascade of white roses, dusty pink carnations, white button poms and gypsophilia tied with white ribbon. She also carried a lace handkerchief from Belgium which belongs to her cousin, Mrs. Cliff Murley.

Miss Denise Burris of Haskell was her sister's maid of honor, and Mrs. Cliff Murley of Amarillo, cousin of the bride, was matron of honor. Bridesmaids were Renea Biehl of Early and Mika Robinson of Brady. They wore identical full length gowns of mauve chiffon over taffeta. The fitted bodice, fashioned with puffed sleeves and a double ruffle of soft chiffon forming a V-neckline, was attached to a gathered skirt and accented with a wide, pleated cummerbund. They carried nosegays of white daisies, button poms, and pink carnations, which were accented with pink satin ribbon.

MR. AND MRS. BILL LEMLEY celebrated their 50th wedding anniversary on Saturday, June 4, with members of their immediate family. They were honored with a dinner and get-together in the home of Mr. and Mrs. Kenneth Baker. The quiet observance was a happy occasion for the Lemley family. Bill Lemley and the former Edna Alexander were married June 4, 1933, in Altus, Okla., and have lived in Munday most of their lives. Present for the celebration were Mr. and Mrs. Jerry Lemley and Suzanna of Houma, La., Mr. and Mrs. Mike Urbanczyk and Brian of Goree and Mr. and Mrs. Kenneth Baker and Chris.

Gift Tea Honors Miss Sloan

Miss Philda Sloan, bride-elect of Roy Don Dudgeon, was honored with a gift tea on Saturday, June 4, in the home of Mrs. Douglas Myers.

Mrs. Myers greeted the guests and presented them to the honoree, her mother, Mrs. Dan Sloan, and the prospective groom's mother, Mrs. Winona Dudgeon of Sudan.

The serving table was covered with a white cloth trimmed in lace and centered with an arrangement of silk flowers in shades of blue. The bride's chosen colors of blue and white were carried out in napkins, cookies and punch.

Joy Shawver of Wichita Falls and Mrs. Robin Herring of Munday served. Shanna Welch of Fort Worth registered guests.

the summer. Mr. and Mrs. Melton will make their home in Haskell following a honeymoon trip to New Mexico.

Attending the wedding were grandparents of the bride, Mr. and Mrs. Johnny Moore of Goree and Mrs. Ellen Burris of Irving, and grandmother of the groom, Mrs. Fay Jackson of Brownsboro.

Melton, Burris Exchange Vows In Haskell Ceremony

Lynda D'Anne Burris became the bride of Gregory Alan Melton on Friday, June 3, in a candlelight ceremony in the Haskell Church of Christ. Royce Clay of Big Spring officiated.

The bride is the daughter of Mr. and Mrs. Dale R. Burris of Haskell. Parents of the bridegroom are Mr. and Mrs. Don Melton of Big Spring.

Vows were exchanged before palm leaf greenery accenting the unity candle. Tree candles and spirals decorated either side of the altar. Pews were marked with mauve bows.

Given in marriage by her parents and escorted by her father, the bride wore a traditional gown of white luster sheer polyester over taffeta, a Bridallure Original designed by Michele. The fitted bodice, designed with a yoke of sheer illusion, was outlined with two deep lace ruffles falling softly from the yoke over the shoulders. The high neckline was fashioned with Venise lace and silk floss. Small lace medallions on the sheer yoke were sprinkled with sequins and seed pearls. The bodice was closed from the neckline down the back to the waist with small white satin buttons. The long, slim, sheer sleeves were cuffed with Venise lace and closed with

Public Water Meeting Set At Austin

The Texas Department of Water Resources will conduct a public meeting at 1:30 p.m., June 30, Room 118, Stephen F. Austin State Office Bldg., 1700 North Congress Avenue, Austin, Texas 78711, to discuss the draft Federal Fiscal Year 1984 Water Quality Management Strategy and Annual Work Program. The strategy and work program are key management documents which set forth the department's resource allocation and project commitments for programs funded by Federal grants under Section 106 of the Clean Water Act.

Because they are the state's primary management planning documents for programs to control and abate water pollution, the department invites comment and participation in the development of the strategy and work program. Both shall be reviewed by the State Advisory Committee on Water Quality Management.

Draft copies of the strategy and work program will be available to the general public from John W. Janak, Texas Department of Water Resources, P.O. Box 13087 Capitol Station, Austin, Texas 78711 (512/475-3926), and may be obtained for review at all Department of Water Resources District Offices. Copies will be available after July 1, 1983. Public comment on the strategy and work program will be accepted for 15 days after the meeting date.

ACU Band Camp To Begin June 26

Junior high and high school students from across the Big Country will have the opportunity to attend Abilene Christian University's annual Summer Band Camp June 26-July 1, and July 3-8.

More than 30 band directors and music instructors from across the state will staff the camp, coordinated by John Whitwell, director of bands at ACU.

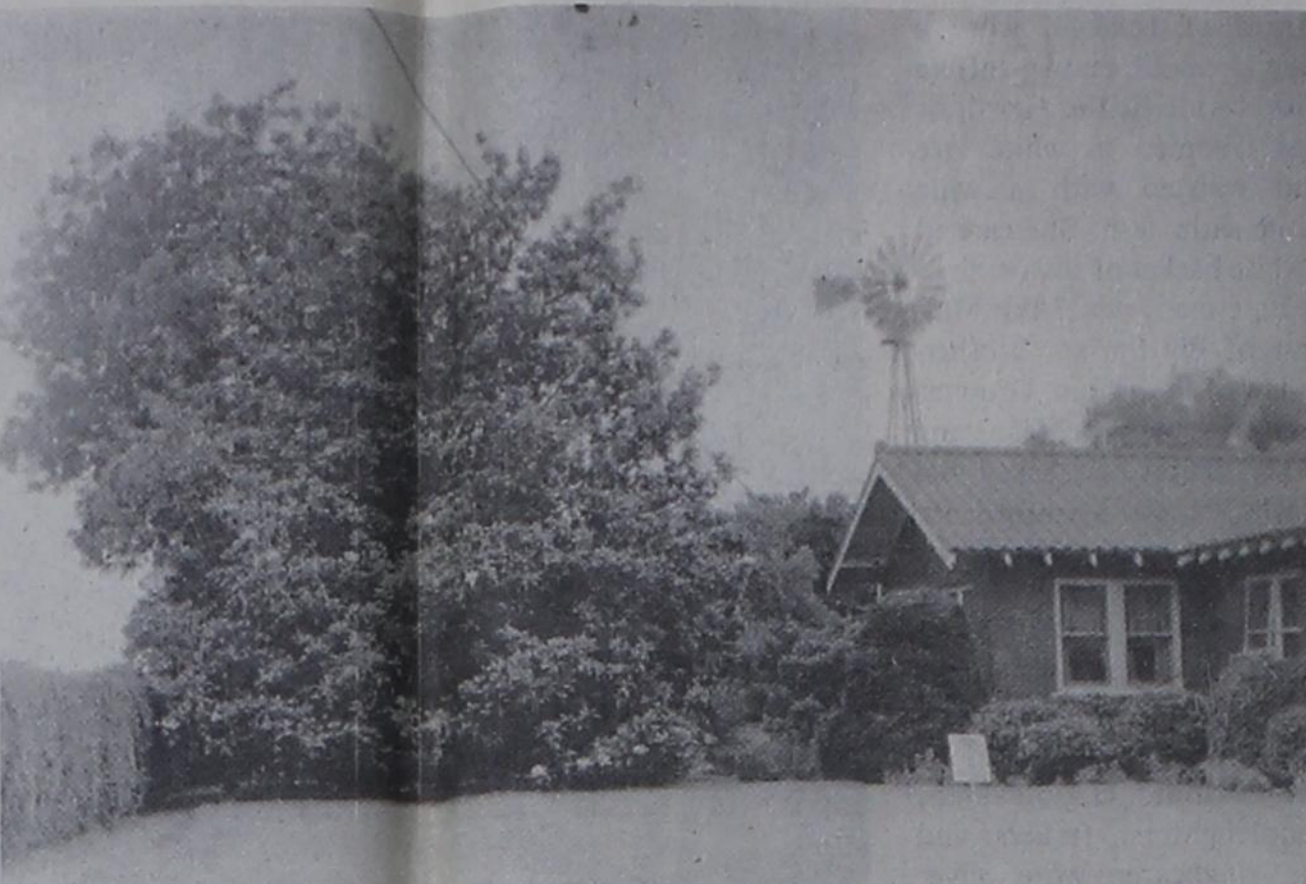

Students will spend two periods daily with one of the camp bands, one in section drill, one in rhythm class and two in optional instruction. Those interested in drum majoring, twirling and flag corps may take up to three periods in these specialized areas.

Auditions will be conducted for camp jazz bands.

Supervised activities and entertainment are planned for every night, including various sports tournaments, concerts and talent shows. Nightly devotionals are also scheduled.

Room and board in air-conditioned dormitories is \$70. Tuition is \$60. Meal tickets for campers who are staying off-campus are \$16, which includes five cafeteria meals.

For more information write ACU Summer Band Camp, ACU Station, Box 8151, Abilene, Texas 79699, or call Whitwell at 677-1911, ext. 2301.

Senior Citizens Meet Thursday

The Munday Senior Citizens held their monthly meeting on Thursday, June 2, in the Community Center with D. E. Whitworth president, presiding.

Opening Prayer was given by Eunice Raynes, followed by the Pledge of Allegiance given in unison.

Mrs. Louise Moore was welcomed as a visitor and hopefully a new member.

Minutes of the previous meeting were read and approved. The treasurer gave her report with 18 registered.

Prayers were asked for Mrs. Jewel Warren in the nursing home, who has had surgery on her hip, also Mrs. Moore's mother, who is in an out-of-town nursing home, along with anyone else we know of who are ill.

"Happy Birthday" was

sung for Beulah Hosea and Leona Blankenship, who have birthdays this month.

Leona gave a report on a visit to the cemetery at the place where Porter was reared. She told how it was cared for and was so lovely.

Tuck asked how many visited our cemetery on Memorial Day. He told about one of the members placing 106 flags on the Veterans' graves. She is also a member of the Veterans of World War I auxiliary. She has done this for the past 6 years.

Game nights for July are the 9th and 16th, with the 23rd for singing.

Grace for the noon meal was voiced by Frank Hendrix. A delicious meal was enjoyed by all, followed by a period of fellowship.

The meeting adjourned to meet again July 7 at 10:30 a.m.

Lime Recipe Booklet . . .

Includes Mexican Specialties

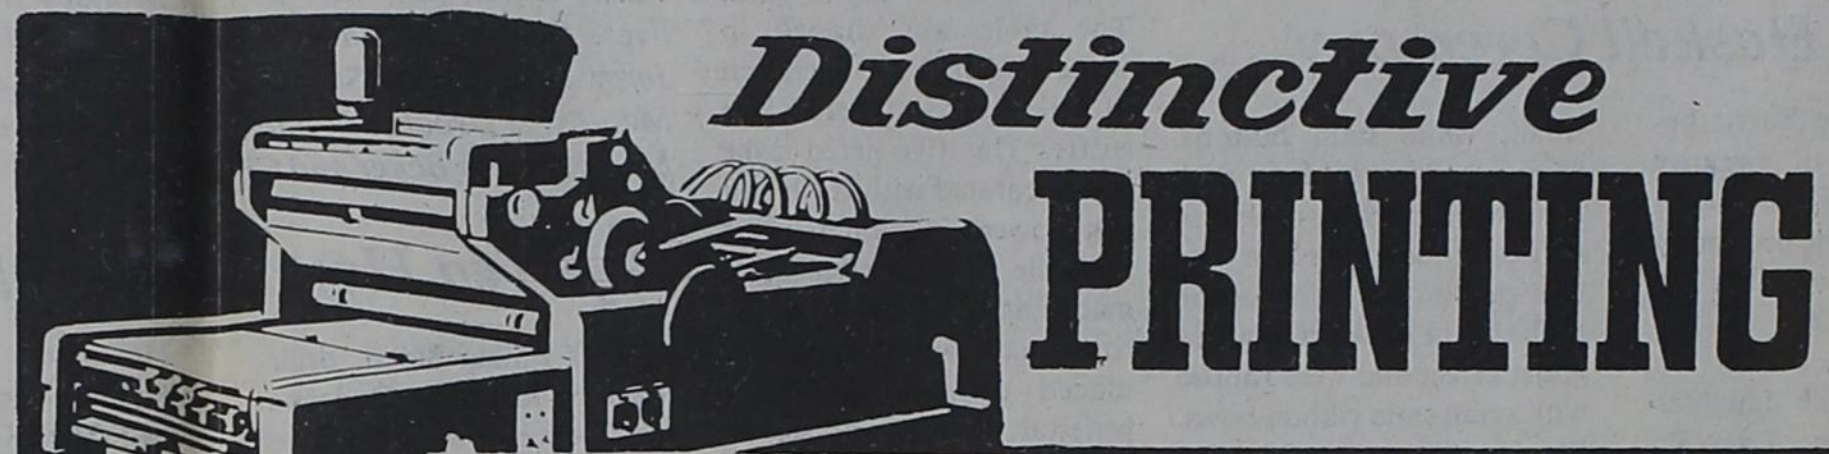

Gazpacho is the cool, Mexican summer soup that's good for appetizers or as the main course. It's just one of more than 50 recipes offered in a new booklet called "That Lively Lime Twist" from RealLime® Reconstituted Lime Juice.

For a copy send the word RealLime from the front panel of any size bottle (or 50¢ with no proof-of-purchase), plus your name, address and zip code to: "That Lively Lime Twist," P.O. Box 5733-D, Maple Plain, MN 55348.

GAZPACHO (Makes about 6 cups)

- | | |
|--|--|
| 3 medium, firm tomatoes, peeled (2 quartered, 1 diced) | 3 cups tomato juice |
| 1 large green pepper (½ quartered, ½ diced) | ¼ cup vegetable oil |
| 1 large cucumber, pared (½ quartered, ½ diced) | ½ cup RealLime® Reconstituted Lime Juice |
| 1 large onion (½ quartered, ½ diced) | ¼ teaspoon hot pepper sauce |
| 2 cloves garlic, finely chopped | 2 teaspoons salt |
| | ¼ teaspoon pepper |
| | 1 cup garlic-flavored croutons |
| | ½ cup chopped chives |

Place all diced vegetables in individual serving bowls and refrigerate until serving time. In blender container, combine ½ the quartered vegetables and garlic with ½ cup tomato juice; blend until smooth. Repeat with remaining quartered vegetables and ½ cup tomato juice. In large bowl, combine pureed vegetables, remaining tomato juice, oil, RealLime, hot pepper sauce, salt and pepper. Cover and chill. Serve with diced vegetables, croutons and chives.

Efforts To Eradicate Fire Ant Prove Hopeless

One of the most persistent insect pests around today is the red imported fire ant, and despite all efforts to keep the pest in check, it is slowly marching westward, leaving behind a pock-marked landscape and a barrel full of problems.

Fire ants erupted around Mobile, Alabama about 1940 and have since laid claim to all the South from the Carolinas to half of Texas. Their westward trek has reached as far as the San Angelo area.

Fire ants are well-known for their painful stings and for their damage to plants, young livestock and wildlife. Their mounds - often a foot-and-a-half high and as hard as concrete - play havoc with farm machinery during mowing and other field operations and lead to a lot of problems in lawns, parks, playgrounds, school yards, cemeteries, golf courses and the like.

"How to deal with these pests has kept many entomologists and others in the insect control business awake at night," says Dr. Phil Hamman, an entomologist with the Texas Agriculture Extension Service. "Once there was some talk about eradicating the imported fire ant, but now we've got our hands full just thinking about containment and management."

"While we have a number of chemicals that will kill fire ants, there is no such thing as permanent extermination due to reinfestations," points out the entomologist. "The best you can hope to do is to treat existing mounds and to stay on the lookout for new mounds."

A good time to treat mounds is when the ants are most active - during warm weather, late in the afternoon or evening when ants are foraging, and after a rain. During wet weather, the ants will increase the size of their mounds to move their brood up into drier soil. This makes

them more vulnerable to control measures, says Hamman.

For effective control, he suggests treating mounds with an approved insecticide diluted in water. Use a sprinkling can or a gallon-sized plastic jug with holes in the screw-on top to sprinkle the solution on the mound like a gentle rain. Wet the mound thoroughly.

A granular insecticide can also be sprinkled on top and around the ant mound.

"It's best not to disturb the mound before or during treatment," says Hamman. "Otherwise, part of the colony may move away from the chemical."

Amdro is an effective bait but works slowly, as do some other materials that have been effective in controlling fire ants. Colonies in treated mounds will usually die out in one to two weeks. However, products containing methyl chloroform, pyrethrum, acephate, diazinon or chlorpyrifos give more immediate results.

"Whatever insecticide you use, follow label directions," cautions Hamman. "And remember that one treatment won't last forever. Some time or another the fire ants will be back again, so you'll have to be on guard and ready to treat again."

Art Studio Visits Planned

Conservation Systems Can Be Improved

Farmers have an unparalleled opportunity this year to improve their soil and water conservation systems, said Peter Myers, chief of the USDA's Soil Conservation Service.

Under the Payment-In-Kind (PIK) program and other acreage limitation programs, farmers in Texas are taking 9.3 million acres out of production. One-fifth of the nation's cropland is pledged to the program and now farmers can put a great deal of soil and water conservation on the ground.

Some of the erosive and less productive acreage will be taken out of annual crop use and planted to grasses and legumes as cover crops. This has the potential for saving soil and water resources as well as building up natural fertility.

Myers said this is also a good time for planning ways to fit no-till or other conservation tillage methods into the farm operation.

On more erosive acres, permanent conservation practices such as terraces, grassed waterways, windbreaks and other enduring practices can be installed without interrupting cash crop production.

On the most erosive or other marginal land, farmers are encouraged to discontinue use of those acres for crop production. Those acres may be best suited for permanent grasses, trees, or wildlife habitat.

The 1983 programs, according to Myers, offer farmers a rare opportunity to balance their short-term cash needs with their longer conservation and productivity goals.

Utility Help Available To Low Income Families

Some low-income Texas households may be eligible for help in paying their cooling bills, according to the head of the Texas Department of Human Resources.

Human Resources Commissioner Marlin W. Johnston said the assistance with paying utility bills is available to low-income households who in June 1983 received food stamps, Aid to Families with Dependent

Children, Supplemental Security Income, or needs-tested Veterans Administration benefits.

Eligibility is limited by gross income. For instance, aid is available for a one-person household having less than \$334.49 gross income per month. The gross income limit is \$546.49 for a two-person household, \$749.49 for a three-person household, \$926.49 for four persons,

\$1,092.49 for five, and \$1,277.49 for six.

Eligible households must be subject to energy cost increases because of higher bills or rent due to rising utility costs. Households are eligible if they live in privately owned or rented housing even if the cost of utilities is included in the rent payment or if the household pays only a portion of its home energy costs.

Johnston said applications are mailed automatically to households which receive food stamps, AFDC, and SSI. Households receiving needs-tested Veterans benefits must request an application from DHR in June.

If you have not received an application and think your household may be eligible, contact a local office of the Texas Department of Human Resources, Johnston said.

FHA Officers Plan Activities For Coming Year

Even though school is out and the official Future Homemakers of America club year is over, members of this organization are not just waiting until the fall to get involved in club activities. Many of them have already participated in summer home-making classes and special meetings designed to aid in improving the local FHA chapter.

Five sophomore students at Munday High School enrolled in a five-day advanced clothing construction class. The girls, who completed sundresses during the class, were Kathy Sosa, Ann Kuehler, Janet Williams, Donna Welch and Kelly Wren.

On Wednesday, June 1, Julie Partridge and Wilda

Smith were hostesses for a special meeting of the 1983-84 FHA officers in the home of Mr. and Mrs. James Smith. The officers met with Mrs. Penny Winchester, their advisor, for a planning and leadership workshop. Mr. and Mrs. Wendell Partridge assisted the Smiths with the supper.

Cheryl Wilde, recreation chairman for the chapter, planned games for the session and had prizes for the winners.

Officers present were Julie Partridge, Wilda Smith, Salwa Chouair, Paula Waggoner, Cheryl Wilde, Laura Myers, Jeannette Kuehler, Janet Myers, Pam Welch, Donna Welch and Rhonda Redder.

Chamberlain Funeral Held At Levelland

Funeral services for H. L. (Fate) Chamberlain Sr. of Tahoka and formerly of the Brushy Community and Levelland, Texas, were held on Tuesday, May 30, at the George Price Funeral Chapel in Levelland, with Dr. J. Harold Cates, pastor of the First United Methodist Church, officiating.

Mr. Chamberlain was born in Texas and lived most of his life in the Brushy Community. He moved to Levelland in 1961, then to Tahoka in 1979. He was a retired farmer and stockman. He was a member of the First United Methodist Church and a 50 year member of the Goree Masonic Lodge No. 1029.

Survivors include his wife, Winnie, a son, L. O. (Mutt) Chamberlain of Goree, a daughter, Lelta Lawrence of Tahoka, a brother, Jack Chamberlain of Dallas, a sister, Nell Irick of Pilot Point, nine grandchildren and several great-grandchildren.

DONNA WELCH, shown in center of photo, and her mother, Jacquita Welch, look over some of the material displayed at the Energy Science Symposium at Austin with Steve Thomas, a representative of West Texas Utilities, one of the symposium's sponsors. The symposium was held at the University of Texas last week. Miss Welch is a student at Munday High School, and her mother is her science instructor.

Local Teacher and Student Attend Science Symposium

Twenty-one outstanding students and teachers from the area served by West Texas Utilities Company attended the 23rd Annual Energy Science Symposium at the University of Texas at Austin. The conference got underway Tuesday, May 31st and ended Friday, June 3rd.

Representing Munday were Mrs. Jacquita Welch, science teacher at Munday High School, and her daughter, Donna, a sophomore student at MHS.

The Symposium was jointly sponsored by the Texas Atomic Energy Research Foundation and the University of Texas. West Texas Utilities is one of the sponsoring companies.

The 500 selected high school science students and teachers who attended the session were offered the rare opportunity of hearing lectures by some of the nation's outstanding scientists.

The Foundation was formed for the primary purpose of conducting the world's first and largest privately financed research ef-

fort in the field of nuclear energy. Currently, the Foundation and University are sponsoring a program in nuclear fusion research aimed at controlling thermonuclear reactions for the production of electric power.

The goal of the Foundation and WTU is not research alone, but to also assist in the advancement of the knowledge of energy science in Texas schools. Of special interest to the sponsors is bringing to students and teachers a realization of the privileges, responsibilities and opportunities which scientific discoveries in the field of energy presents.

WTU paid all expenses for the 21 students and teachers attending from schools in the area served by the company. Lecturers at the Symposium were chosen from top men in their field.

There are over 1,000 accredited senior high schools in the state of Texas. Munday can be justly proud of its high school for having been chosen as one of the 150 high schools in the state invited to send students and teachers to the Symposium.

DPS Gives Advice For Safe Driving In Summer

Motorists should prepare themselves for summer driving, according to Major Vernon Cawthon, Region 5 Commander of the Texas Department of Public Safety. With summer approaching many people are planning vacations and he warned drivers that accidents can spoil vacation trips.

"Summer driving is different because the motorist is trying to get away from it all, and this means getting into an unfamiliar environment," he said. "A good rule is to plan your trip before leaving and know highway numbers and streets that you will travel," Cawthon said.

"For the urban driver the expressway can become a bore, luring the weary into a false sense of security. Drivers who normally drive on quiet country roads can panic in the confusion of the multilane mix of car and pedestrian city traffic," he said.

Cawthon said, "Fatigue and lack of alertness is a serious problem on long freeway trips." He advised the motorist to stop every two hours to rest or change drivers and to never drive more than 10 hours each day.

He suggested that motorists check all hoses, fan belts and tires and make sure the vehicle is in good mechanical condition before making any trip. He also advised motorists to get plenty of rest each night.

Motorists entering large cities should plan their trips

to avoid rush hour traffic, obey speed limits, avoid the use of alcohol when driving and be patient. Drivers who think ahead, stay alert and drive defensively can have a safe trip and a great vacation.

Continuing Education At MSU

The Division of Continuing Education at Midwestern State University is offering four schedules of classes on "Preparation for Parenthood" this summer.

Schedule I will be held Thursdays, 6:30-8:30 p.m., June 9-July 14.

Schedule II will be held Saturdays, 10:00 a.m.-12:00 noon, June 11-July 16.

Schedule III will be held Thursdays, 6:30-8:30 p.m., July 21-August 25.

Schedule IV will be held Saturdays, 10:00 a.m.-12:00 noon, July 23-August 27.

The purpose is to familiarize parents with the process of pregnancy, labor and delivery in an effort to reduce fear and make them better able to cooperate with their doctor and hospital staff. Participants will be taught relaxation, concentration and breathing techniques.

For additional information call the Division at 692-6611, extension 4307.

Write Your Own Insurance Policy

The Soil Conservation Service has insurance against damage by wind erosion. It's not free, but it's not for sale either, you have to write your own policy. During the spring of 1983 more than 4000 acres of land were damaged here in Knox County by wind erosion. Although the wind season is almost over, right now is the time to begin taking steps to ensure a minimum of damage by wind erosion next year.

The Soil Conservation Service is working on a new concept called Wind Erosion Control System. Wind Erosion Control Systems can be very simple or very complex, depending upon the erodibility of the soil and the desired level of control. A system might consist of merely a rotation of small grain with cotton to maintain organic matter in the soil to prevent erosion, or might also include several components such as strip crops, stubble mulching, cover crop, and field windbreaks. These practices all contribute to your insurance policy against wind erosion. The more components that you put into your insurance policy, the less your deductible will be in terms of tons of soil that you will lose from your farm each year.

CARD OF THANKS

We would like to extend our thanks to the people of the Munday area for the concern and kindness shown us after Jamie's accident. Your prayers helped give us the courage to keep going during the long days and nights, and the cards, calls and visits made his hospital stay a little brighter. The visits from his classmates were especially enjoyed and appreciated. Jamie is home now and improving steadily, and each act of thoughtfulness played a part in his recovery.

May God bless all of you. The Victor Vasquez family

PUBLIC NOTICES

"BECAUSE THE PEOPLE MUST KNOW"

NOTICE OF ELECTION
The Goree School Board in its regular June meeting ordered an election to fill the two year unexpired terms of Danny Lain and Don Bowman.

The election will be held the second Saturday in August at the Memorial Building, Goree, Texas.

Anyone wishing to be a candidate for a school trustee can secure the forms to have his or her name placed on the ballot at the office of the Superintendent during regular school hours, states Gerald Myers, president of Goree Independent School Board of Trustees. 35-2tc

CARD OF THANKS

We would like to thank everyone for all the love and kindness shown to us during our time of sorrow. Friends are so special, and especially at a time like this. You have shown us your love in your own special way and we pray that God will bless you and keep you in the days to come.

The family of
H. B. (Stub) Stubblefield

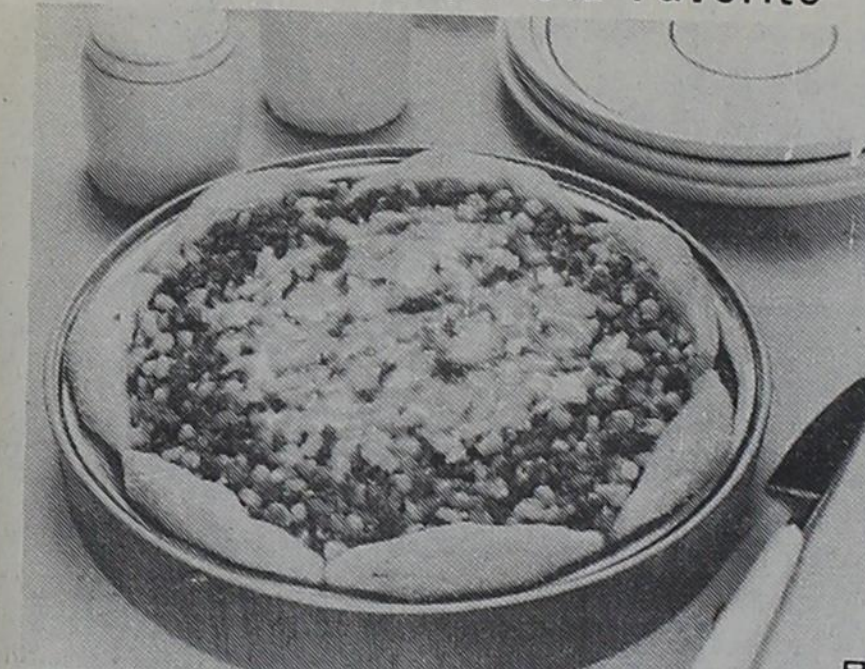

CARD OF THANKS

Thank you so much for the many ways you showed love and concern for me during my recent stay in the hospital and since my return home. Thank you for the many cards, phone calls, food and visits.

May God richly bless each of you.

Big Tastin' Sloppy Joe Pie Is New Twist On Old Favorite

Satisfy hearty appetites with this quick-to-fix main dish pie made with the popular ingredients of sloppy joes. The thick and chewy crust, easy to make with refrigerated flaky biscuits, is filled with a savory sloppy joe mixture topped with cheese.

BIG TASTIN' SLOPPY JOE PIE

- 1 lb. ground beef
- 1/2 cup chopped onion
- 8-oz. can tomato sauce
- 8-oz. can whole kernel corn, drained
- 1/4 cup water
- 1 envelope (1.31 oz.) sloppy joe or chili seasoning mix
- 10-oz. can Hungry Jack refrigerated flaky biscuits
- 2 tablespoons milk
- 1/3 cup cornmeal
- 4 oz. (1 cup) shredded cheddar cheese

Heat oven to 375° F. Brown ground beef and onion; drain. Stir in tomato sauce, corn, water and seasoning mix. Heat meat mixture until hot and bubbly; reduce heat and simmer while preparing crust. Separate biscuit dough into 10 biscuits; flatten slightly. Dip each in milk, then in cornmeal. Arrange 7 biscuits around sides and 3 on bottom of ungreased 9 or 10-inch pie plate; press biscuits to form crust. (Biscuits will form petal-like shape around rim of pan.) Sprinkle crust with 1/2 cup cheese. Spoon hot meat mixture over cheese; sprinkle with remaining cheese. Bake 20 to 25 minutes until crust is deep golden brown. Cool 5 minutes before serving. 4 to 6 servings.

CARD OF THANKS

The members of the West Beulah Baptist Church in Goree wish to express their thanks to Bro. Clint Norman for the generous donation he made to the Church Building Fund Program. We appreciate it very much.

May God bless you. Bro. Charlie L. Cooks

Albany To Host Annual Fandangle Performances

For 45 years the people of Albany, Texas have been reliving the settling of the western frontier with the production of the Fort Griffin Fandangle. Performances this year are scheduled for June 16-18 and 23-25.

Tickets for the two-hour outdoor extravaganza range in price from \$3.00 to \$7.00. Tickets can be reserved by calling 915-762-2525 or 762-3642. Written ticket orders can be sent to Fandangle, P.O. Box 185, Albany, Texas 76430.

This year's show will be told through newspaper accounts of frontier publications about colorful events that happened in the area. The production will also salute the centennials of the building of the Shackelford County Courthouse and the founding of The First National Bank of Albany.

Visitors are urged to come early and enjoy several other activities planned during Fandangle.

Barbecue will be served on the courthouse square from 5:00 p.m. to 8:00 p.m. nightly. Adult meals will be \$5.00 plus tax, and children's meals are \$3.00. Joe Allen's Barbecue of Abilene is the caterer.

The Old Jail Foundation, an art museum located in Shackelford County's first permanent jail building, will be displaying a collection of paintings, drawings and photographs of the 100-year-old Shackelford County Court-

house. The museum is located one block east of the courthouse, and admission is free.

The First National Bank will be host to two western art exhibits in celebration of its centennial, including 15 pieces from the Cowboy Hall of Fame in Oklahoma City. Visitors must make arrangements to enter the bank after regular closing hours. The Albany Art Association will hold an art show at the Pioneer Store located across the street from the courthouse.

The Matthews Memorial Presbyterian Church will be open to the public, and concerts will be given on the hand-made pipe organ from 5:30 to 7:30 p.m. daily. Tours of the Jacobs House and Ledbetter Picket House will be conducted, and downtown store windows will be decorated with memorabilia from the 1880 period.

Fandangle performances begin at 8:45 p.m. at the Prairie Theater northwest of the city limits. A calliope concert precedes the show.

Fandangle is entirely produced with local Albany talent with citizens from all walks of life singing, dancing and acting out the stories of their ancestor's lives. Almost 250 cast and crew members, along with a herd of Longhorns, buffalo and many horses and wagons are needed to make the Fandangle a reality. Several large sets, including the recreation of a western town, are used in the production.
