In addition to this the merchants will have many special bargains to offer the trade—(see ads in this issue of The Star)—Come to Baird on Saturday.

THE LIONS DISCUSS CALLAHAN COUNTY WOLF CLUB

The program period of the weekly luncheon of the local lions club last week was devoted to the discussion of the Callahan County Wolf Club and the election of an Assistant Lion Tamer and Assistant Tail Twister.

After what appeared to be a very "unusual" election the results showed that Lion J. E. Roberts had been elected Assistant Lion Tamer and Lion Cal Wright the Assistant Tail Twister. Both of these new officers wanted to make a speech but the members present contended that the had ben imposed on enough and refused to her them.

Lion B. F. Russell, vice-pres. of the Wolf Club made lengthy and interesting report on the activity of the club since it was organized April 1928, and explaining a more feasible way to support the organization than the method now used. Since the club has been paying bounties over 300 wolves have been killed in the county as a result of its efforts and the expense has ben much less than in any of the neighboring counties. Mr. W. R. Hickman was a guest at this meeting and made a very interesting talk as to the necessity and advantages of eradicating predatory animals.

The committee appointed at the first of the year to submit recommendations as to a working programme of the Lions Club for the year of 1929, suggested that the club indorse and support the work of the Callahan County Wolf Club and the discussion on the above occasion was to familiarize the members with the work the Wolf Club is doing.

IONA NEWS

Sunday was regular preaching day at Bethlehem, and Bro. Meador filed the pulpit at both morning and evening services.

Last Friday night the P.T.A. and Community Club met at their regular monthly session. A good program was rendered, and Mrs. Hill's orchestra from Baird furnished delightful music. Several speakers brought interesting information. It is to be hoped we can have such good attendance at the next meetings.

Last Wednesday the Iona basketball boys played Baird Juniors at Baird, winning by a score of 15 to 1. We hope to have a good crowd at the game Friday at Eula.

Mr. R. H. Robertson was called to Comanche Sunday by the serious illness of his father.

Miss Gladys Harris visited in Fort Worth last week.

The regular meeting of the school board was held Saturday night at the teacherage. After the routine business was concluded, several games of 42 were played, after which refreshments were served to Mr. and Mrs. Herschel Bryant, Mr. and Mrs. E. F. Rutledge, Mr. and Mrs. John Bryant and son Harold.

Olen Appleton is again substituting for Mr. Robertson.

Byron Harris has accepted a position in Abilene.

Mr. and Mrs. Nolan Duncan and children spent Sunday in Cross Plains.

Mr. and Mrs. A. L. Johnson spent Sunday with Mr. and Mrs. W. H.

ESPICOPAL SERVICES

Bishop E. C. Seaman of Abilene will hold services at the Episcopal church next Sunday afternoon at 3:30 o'clock. Everybody is invited to attend the services.

MAN SERIOUSLY HURT ON HIGHWAY

A man giving his name as Peeples, was seriously hurt by being run down by a car on the highway east of Baird Saturday night. He was found about 8 o'clock by two men in a truck who notified the officers.

W. O. Wylie went out with the ambulance and brought the injured man to Dr. Griggs office, where it was found he was suffering with a crushed arm and internal injuries. Dr. Griggs dressed his wounds and he was carried to the American hotel where he is being cared for. Little is known of him as he seems to be yet added from his injuries. He is scotchman, about 40 years of age and is a painter by trade. It is not known who ran over him.

GILES H. CONNELL, PIONEER WEST TEXAS DIES AT FT. WORTH

Giles H. Connell, 73 years of age, a pioneer banker and merchant of west Texas, died at his home in Fort Worth on Thursday morning, Feb. 28th following a two weeks illness and ten days after he and wife had celebrated their golden wedding anniversary. Giles Connell lived in Brown county when a young man, later with his brother, W. E. Connell, be engaged in the mercantile and cattle business at Sweetwater and Midland. Some years ago he moved to Fort Worth, where he has since made his home.

Mr. Connell was widely known from the New Mexico border to the Gulf of Mexico. He was a liberal contributor and member of the Baptist church wherever he lived. Christian living was first in his life. With his counsel and his funds he assisted many young men in business opportunite and education, never failing to tell them that God was first in all things.

Mr. Connell was a cousin to Mrs. H. Windham and Mrs. J. F. Barton, of Tecumseh, and was well known to the old residents of Callahan county.

Robert Estes and Ode Berry, made a trip to Coleman yesterday.

LEGION AUXILERY ENTERTAINED WITH "42"

The "42" Tournament given by the Legion Auxilary at the Chamber of Commerce hall on Thursday evening of last week was somewhat different as well as one of the most enjoyable affairs ever given in Baird. George Washington decorations were used throughout the hall. A large bell with streamers of red, white and blue, hung in the center of the hall.

The guests were greeted by Mesdames James E. Ross, B. F. Russell, C. L. McCleary and Haynie Gilliland. The hostesses dressed in Martha Washington costumes.

Passing into the hall they were relieved of their wraps by Misses Lillie and Millie Morrison, Lola Johnson, Thelma White and Clara Lou Gibbs, who were dressed in George Washington costumes.

Twenty-three tables of "42" were played. At the end of two hours prizes were awarded by Mrs. James Ross, the gentlemen's high score going to L. B. Lewis, low score to Dr. G. A. Hamlett. Ladies high score going to Mrs. R. V. Hart, low score to Miss Glyndol Elliott.

The following program was rendered Song, Miss Ely; Reading, Thaxton McGowen; Dancing by little Misses Carlene Hearn, Frances Mayfield, Edith Lewis, Ruth Ray and Maxine Williams; Song, Sarah Frances Roberts.

Refreshments of cherry pie, whipped cream, coffee and salted nuts were served to more than one hundred guests.

UNCLE JACK WRIGHT, PIONEER PASSES AWAY

Uncle Jack Wright who was near his 95th year, died a few days ago at the home of his daughter at Portales, New Mexico. Dick Wright, of Oplin and other members of the family were at his bed side when he died. The remains were carried back to Comanche, his old home, for burial the funeral being held at 3 o'clock last Friday afternoon.

Uncle Jack Wright, was among the early settlers of Comanche county and helped to rid this section of the Indians, suffering many hardships in helping to develop this wonderful country of ours. Peace to his memory.

McMURRY QUARTETTE COMING TO METHODIST CHURCH

The famous Girls Quartette, of McMurry College, will put on a programme at the Methodist Church, at eleven o'clock, next Sunday, March the 10th.

The Quartette is composed of Mrs. Earl Nowlin, Miss Sallie Bean, Miss Marguerite Jones and Miss Beulah Tracy. They have been heard over all West Texas, and are considered one of the best. They have had special training under Mrs. Gypsy Ted Sullivan Wiley, head of the McMurry College Fine Arts Department, and they will be accompanied by Mrs. Nat G. Rollins, of Abilene.

Mrs. Rollins is an outstanding citizen of Texas, being President of the Womans' Missionary Conference, member of the Latin-American Congress, member of the World's Missionary Conference, member of the General Board of Missions and trustee of Scarrit Bible School, of Nashville, Ten.

The people of Baird have been looking forward to the coming of the McMurry Quartette, and it is expected that a record breaking congregation will be present to hear them and Mrs. Rollins.

The pastor of the Methodist Church Rev. Cal C. Wright; the Superintendent of the Sunday School, Ben L. Russel Jr.; President of the Board of Stewards, Bob Norrell; the President of the Missionary Society, Mrs. H. H. Shaw, and the membership of the Church extend an invitation to their friends to hear this programme, next Sunday at eleven o'clock.

INDIAN RUNNER DUCKS AS A PROFIT

Last year Mrs. Geo. Biggerstaff of Putnam ordered from St. Louis one pair fawn white Indian Runner Ducks. From this one pair she hatched 32 ducklings sold \$15 worth eggs for siting besides used several, and at Xmas time sold \$6.50 worth drakes, kept 11 females, which are now laying. Their eggs, being white can be sold on the market. Cafes are glad to get them, as it takes just half the amount for baking as does hen eggs called for in a recipe.

Their meat is a delicious flavor feathers selling as high as \$1 per pound. Ducks are, by far more profitable than chickens. The duckling being very little trouble to raise. (See Mrs. Biggerstaffs ad in want column)

CHURCH OF CHRIST

(Albert S. Hall, Minister)
Last Sunday was a great day with us. Had large crowds at every service. Two additions to the congregation at the forenoon service and also two at the night service. Brother Smith preached an excellent sermon Sunday night, using for his subject: "Three Answers to the Same Question." Monday night one of our missionaries from Africa, Brother W. N. Short, gave a splendid lecture with illustrations from screen pictures that was received with great interest and enthusiasm by the large audience present. "Onward and Upward" is our slogan. Lets go "over the top" next Sunday. Everybody present, and On Time promptly at 10 o'clock. "Studies in the Life of Christ" will be the subject for the morning service. "Conversion" at night. Everybody welcome. P. S.—Thanks to thecity and to West Texas Utilities Co. for the splendid light in front church yard—A.S.H.

PRESBYTERIAN SERVICES

All are respectfully invited to worship with us especially those who have no church home in Baird.

S. F. McCaffity, Pastor.

More than a hundred Floydada farmers recently attended a meeting of the Hale County Dairy Association organized more than six years ago. After the meeting it was voted that such an organization be prefected in Floyd County. More than twenty five contracts were signed and leaders of the movement say that littletrouble will be experienced in getting a large membership for the new institution.

OBITUARY

Miss Effie Warren, one of our brightest jewels in the church and community fell asleep in Jesus Jan. 3, 1929. Our hearts were saddened beyond expression.

When our loss came we humble submit to the will of him who said all things work together for good to them who love the Lord.

Miss Effie was indeed a christian, loved and respected by all who knew her. Our loss is her gain, therefore we grieve not as those who have no hope.

She leaves a widowed mother, six brothers and two sisters to mourn her loss besides a host of other relatives and friends.

Miss Effie was born in DeKalb Co. Alabama, Sept. 13, 1885, and joined the Baptist church at Mt. Vernon at the age of 11 years came to Texas 1902 and to Oplin, fall of the same year. Was charter member of this church.

May God Our Heavenly Father comfort the bereaved ones and bestow upon them his richest blessings.

Committee: Mrs. J. H. Straley, Mrs. J. A. Scarborough, Mrs. Ola Stevenson.

T. & P. INSTALLING 110 POUND RAILS

With the arrival of a new contingent of steel rails today the Texas & Pacific has placed here to date 44 cars of these rails to be used in relaying the main line from Eastland to Baird. This steel is being unloaded and stored at the Cisco & Northeastern yards. Two large derricks are being used in unloading the steel as rapidly as it comes in.

About 125 cars will be required to relay the line between the two towns, according to C. P. Cole, Texas & Pacific agent here.

The steel that is being substituted for the 96-pound rails used on the line is of the 110-pound size. This heavy traffic which is carried over the T. & P. has necessitated improvement of the line in this fashion.

The new steel has been laid from the eastern terminus of the Texas & Pacific to a point a short distance west of Eastland. A crew of between 300 and 400 men is at work on the job and the substitution is taking place at the rate of about a mile a day. It is expected that Cisco will be reached within the next week. New steel will be laid to El Paso.—Cisco News.

Sweetwater is interested in the matter of city planing to the extent of obtaining a visit from Gardner S. Rogers, city planning expert of the United States Chamber of Commerce. The work of zoning traffic, building parks, beautifying school grounds, athletic fields, additions to city encouragement of individual pride in the home will be considered.

412 were injured and 156 killed in home accidents, and 416 were injured and 165 killed in industrial accidents.

The following is an interesting and informative analysis of accidents occurring in Texas for a period of four months from September 1, 1928 to December 31, 1928, made by the Texas Council of Safety at Austin. During that period 289 were killed and 2608 injured in automobile accidents, and other sub-heads show the number injured and killed for that particular description.

More people were injured by cars passing round cars ahead and skidding into the ditch. 118 injured and 16 killed during four months due to this cause.

A number of collisions were caused by cars passing round from the rear and turning into the road to soon.

67 were injured and 4 killed by cars being ditched to avoid collision.

Possible carelessness in driving on wet pavements caused cars to skid resulting in 8 deaths and 70 injuries.

Striking loose gravel and soft dirt was responsible for 67 injuries and 9 deaths.

Collisions on curves claimed 7 victims and 47 injuries.

Meeting cars on the wrong side of the road caused collisions, with 52 injuries and 2 deaths as a result.

Collisions with cars without lights parked in the road, sometimes not seen because of meetin gears with glaring headlights, caused 12 deaths and 33 injuries.

Glaring headlights was given as the cause of accidents causing 67 injuries and 8 deaths.

No lights and insufficient lights were responsible for 55 injuries.

Collisions with solid objects—bridges, culverts buildings, etc. claimed 9 lives and caused 71 injuries.

Defective brakes—no brakes, and defective steering gear caused injuries to 82 and claimed 6 lives.

Three persons lost control of cars and drove through plate glass show windows, injuring 6.

Injuries to 18 and 2 deaths were laid to the door of drivers "asleep at the wheel"

59 intoxicated drivers were responsible for injuries to 52 and the death of 67.

Twenty-two persons were thrown through windshield, there were 113 shattered windshields reported with consequent lacerations and cuts resulting.

A number of automobiles and trucks were reported "running into street cars."

Within the four month period 307 pedestrians were injured and 58 killed on our streets and highways. Of these 98 children under 15 years of age were injured and 22 killed.

Hit-and-run drivers struck cars and killed 4. 33 were injured. Pedestrians struck by hit-and-run drivers, 19 with death toll of 8.

Collisions at grade crossings claimed 47 lives and injured 82 others. Of these were children under 15 years of age, 6 injured and 3 killed.

Two little children under 5 years of age were killed while sitting on the track.

441 children under 15 years of age were injured, and 140 killed in accidents of all kinds, the automobile taking the greatest toll. Running from behind parked cars, and playing in the street being the chief causes of accident.

County Judge, Callahan County, Texas.

CLYDE GETS A CREAM ROUTE; NEARLY 100 COWS TO BEGIN

Before you will have received this issue of The Enterprise, Clyde farmers will have a truck passing by their door picking up their cream which is placed on the market as sweet cream.

This cream will bring to the farmers 7c more per pound than their sour cream will bring.

The route as now located will run from the first rail road crossing west of Clyde out to the north road, back to Clyde, up the highway through the Iona school district, to the Oplin road, thence to Denton, from Denton to Eula, and thence to the highway. The dates of getting the cream is Monday Wednesday, Friday and Saturday.

The Enterprise joins with the business men and farmers in rejoicing over this achievement. We consider this move to be one of the best Clyde has received in a good many years.

If you are not already a patron of the cream route see Mr. Hughes, M. H. Perkins, C. A. Bowman or Mr. Eli Perkins and they will be glad to explain in detail any question on the subject.

The value of the cream route cannot be placed on the cream alone. It furnishes the farmer with a year round income. It furnishes him an opportunity to market his feed by feeding it to his cows. The skimmed milk can be fed to his hogs and chickens. These two sources of income can be economically increased. All of these make is possible for him to plan and work out a balanced farm program on his farm. A program that will yield him money returns and build up his soil instead of allowing it to become poorer and poorer with each years cropping.

E. T. Hughes and Eli Perkins have organized the route. They have visited each person on the route personally and last Friday night they held a public gathering at Eula. At this meeting they had Mr. Metz head, County Agent of Taylor County, Mr. Brock, one of the directors of the Banner Ice Cream, Co. Mr. Heald was the principle speaker. Mr. Heald has made an extensive study and experienced in the cream route business, he having organized and directed for three years one of the largest routes in Texas. Mr. Heald remarked that the first day's run on his route in South Texas there were 17 pounds of cream gathered. Today they gather over 500 lbs. per day. The per capita income in that county has increased \$30.00 per person in the three years.

The number of pounds of cream that will be gathered on the Clyde route

would not be enough to pay but he remarked that the number of cows will be greatly increased with in a few weeks. It is urged that every one on or near the route patronize it as soon as it is possible.

The cream routes are an established thing in Texas, not an experiment. You do not have to experiment. With it others have already experimented.

Nearly 100 cows are producing sweet cream to begin with and others will be added from time to time.

—Clyde Enterprise.

MARRIED AT DeLEON

Miss Mary Louise Lowe, daughter of Mr. and Mrs. W. E. Lowe, of De Leon, was married to Mr. French Robertson, county attorney of Haskell county, Monday March 4th, the wedding taking place at high noon at the First Baptist church in that city, with the pastor, Dr. Campbell reading the service, Mrs. A. T. Schmidt played the wedding music, with her daughter, Miss Frances Schmidt, playing "Perfect Day" as a violin solo.

The romance had its beginning when the couple were students at the University of Texas where Miss Lowe was one of the beauties of the university, having her picture in the beauty section of the Cactus. She was a member of the Pi Phi sorority, and Mr. Robertson held membership in Pappa Sigma fraternity.

Miss Lowe, the daughter of W. E. Lowe, retired banker of De Leon, was for two years a student of Daniel Baker College at Brownwood, Mr. Robertson was a student at the University of Oklahoma before going to Texas University.

Mr. Robertson formerly made his home with his parents, Mr. and Mrs. J. E. Robertson at 416 Parramore avenue, and was for a time associated with his father in the grocery business on Chestnut street in Abilene.

For the past few years he has been residing in Haskell and was recently elected county attorney there.

Miss Lowe is a granddaughter of Mrs. M. L. Teeple, and is a frequent visitor at the home of her grandmother and is well known here. Her father is the senior member of the firm of Lowe-Barker Chevrolet Co.

POSTED—All my land known as the Cordwint Ranch is posted, no fishing or hunting camping or trespassing in any way. Any one violating these laws will be prosecuted to the full extent of the law. Mrs. J. B. Cutbirth.

HERBERT HOOVER TAKES OATH OF OFFICE IN PRESENCE OF MANY THOUSAND PEOPLE

Herbert Hoover, was sworn in as the thirtieth president of the United States on Monday, March 4th, the oath of office being administered by Chief Justice Taft, on the twentieth anniversary of the day Taft himself took over the reins of government from Theodore Roosevelt. A drenching rain was falling at the time but unmindful of this thousands of people witnessed the solemn ceremony. Vice-President Charles Curtis had been sworn into office a short time before in the senate chamber.

Thousands of people stood in the rain listening to the presidents address. Calvin Coolidge, retiring president, did not remain for the inaugural parade, but accompanied by Mrs. Coolidge, he left immediately for his home in Northampton, Mass. a private citizen again.

Several hundred Texas went on a special train to Washington to attend the inauguration and were given a prominent place in the parade.

The Cowboy band of Simmons University with the six flags under which their home state has been governed waving above their big sombreros, led 275 Texans past the reviewing stand of President Herbert Hoover this afternoon to the strains of "The Eyes of Texas."

Every Texas held his hat over his heart as the Lone Star state's most stirring anthem was played and President Hoover smiling acknowledged the delegation with a wave of his high silk hat.

Six Simmons girls, Paralee Payton, Lillian Shick, Elizabeth Faucett, Elaine Holt, Eoline Grisham and Dorothy Sandefer bore the flags under which Texas has served.

Reaching the capital at 9 o'clock Sunday morning the Texas delegation visited principal points of historic interest during the day. In the evening the Cowboys played a sacred concert at the First Baptist church, where President J. D. Sandefer of their Alma Mater filled the pulpit.

Sightseeing and preparations for the parade, with a pause to watch President Coolidge and Mr. Hoover ride to the capital, consumed the morning for the Texans. Earlier as a group they posed for a picture. Accompanied by a United States cavalry detachment they assembled at noon at their place for the parade. Though it was a wet, gray day plenty of pep was demonstrated in the Lone Star ranks during the wait until 3:30 p. m. for their signal to fall into the line of march.

"It Ain't Gonna Rain No More," "Dixie" and other popular airs were played by the tireless Cowboy musicians, who outdid themselves for this occasion.

The Texans will meet the president Tuesday morning, when the Cowboys will play if he wishes and Judge C. M. Caldwell, as official representative of the West Texas chamber of commerce, will invite Mr Hoover to that organization's convention at El Paso in May.

Following the inauguration and parade President and Mrs. Sandefer, Judge and Mrs. Caldwell and other anti-Smith and republican leaders of Texas attended a reception at the White House.

THE HOOVER CABINET

President Hoover's Cabinet is as follows:

Robert Patterson Lamont, of Illinois, Secretary of Commerce.
Arthur M. Hyde, of Missouri, Secretary of Agriculture.
Henry L. Stimson, of New York, Secretary of State.
Andrew W. Mellon, (incumbent) of Pennsylvania, Secretary of Treasury.
James D. Mitchell, of Minnesota, Attorney General.
Walter P. Brown, of Ohio, Postmaster General.
Chas. Francis Adams, of Massachusetts, Secretary of Navy.
James J. Davis, of Pennsylvania, Secretary of Labor.
James W. Wood, of Iowa, Secretary of War.

Ray Laman Welbur, of California, Secretary of the Interior.
President Hoover, found no place in his cabinet for the South, despite pleas of his close advisers that he include a southerner in his official family.

It was generally expected that he would do so in recognition of the contribution the south made toward his election. He carried four southern states, Texas Virginia, North Carolina and Florida from which he could have made a selection as cabinet member.

The name of the Abilene Times has been changed to the Abilene Record this change being made last week G. Fisk, who has been with the Times for some years, is the business manager and Homer H. Hutto is editor. The Record will be issued weekly.

The oath of office which President Hoover took upon becoming president of the United States last Monday contains thirty-five words and it as follows:

"I do solemnly swear (or affirm) that I will faithfully execute the office of president of the United States, and will, to the best of my ability, preserve, protect, and defend the constitution of the United States."

The constitution prescribes it and it has been repeated by every executive in the history of the country.

COL. DICK McCARTY WILL TAKE REST

Not old, not worn out nor tired, but wanted to get out from under the burden for a spell—Yes, want to sit down on the plow beam in the shade of the tree, unloose the trace chains and take a rest, get our breath right easy and for one time more be free, minus the burden of chasing up and down Main Street after business, digging up copy, reading proof and worrying about getting out on time—And doggone, today we feel like a bird out of a cage, can't hardly keep from shouting, we feel so good and free and easy like—No, we have not retired, but just a short vacation, so that our brain children can catch up on the job—Been working them pretty hard for the past thirty years, and so we have laid the plow gears back on the plow beam and going to take a rest, go down to the old swimming hole, ramble in the wild woods, sit on the banks of Hubbard Creek, and angle for trout and bass, talk to the birds and renew our acquaintance with the bugs—Just been so dog tacked busy that we have had to neglect our wild friends, they are a great solace, folks, if you will study their ways and learn their language. No, we ain't quit, we expect to hang around the Albany News office, help the new proprietor dig copy, and hustle business, we never expect to get away from the environs of the dear old Albany News, we love it better than anything on earth except our wife and baby, and we like Albany and Shackelford county, and all her peoples, they have been good to us, and we are still going to serve 'em, expect to be active just the same as ever, but what we want, is for some other "feller" to tote the burden, and let us be free and frolic around like a boy—And we are still a boy—Have kept young on the inside at least—Say, do you remember how you felt when you layed the crop by along the last of July or the first of August, plowed the last furrow and came to the turning row and then headed for the barn—That's the way we feel today. Now seriously, we have leased the Albany News for a period of months to Mr. Tom Durham, former owner of the Merkel Mail, and he's now in charge. Tom Durham is not a stranger in West Texas, was editor and proprietor of the Merkel Mail for something like ten years, and he made good over there. Tom is a love energetic fellow, a good hustler, a fine mixer and a good live newspaper man, and we are anticipating that he will give Albany an excellent paper, had we not thought so, the change would not have been made. Now we ask that the business men of Albany back Tom up in his efforts in getting out a live paper, and really we think that you will like his style better than that of the retiring editor. He and his family will move here, and will be identified with every in-

terest pertaining to our town, financially, morally, educationally, religiously, etc. Tom Durham has an excellent family, has given all of his children a college education, with the exception of the two younger at home. Mrs. Durham will be quite an addition to the town, she is a great church worker, and so is Tom. They are of the Methodist persuasion, a mighty good sort of folks, we were raised in the Methodist church, our Mother lived and died in that faith, and as evidence that it's a great church for good—Just look at us, even if we are a Baptist in these latter days. Again we ask that the people of Albany back up the News under its new management, like unto the way that you have stood by us in the days that have gone by—Selah.—Albany News.

A bill has been introduced in the Texas Legislature, asking for three million dollars, to renovate the state capitol. The Texas State Capitol when dedicated in 1888, was the seventh largest building in the world. No money price was paid for its construction, the state granting 3,000,000 acres of land in the Panhandle to the Capitol Syndicate in exchange for the building, which is built of Texas granite.

PREACHERS WORK HARD

Give a thought to your preacher. He is hard working man.

During 1928, President Coolidge wrote 22 public speeches and messages to Congress.

These required much concentrated thought. The industry of the President was commented on everywhere. True, the feat was remarkable and the work it necessitated heavy indeed.

But give a thought to your preacher. During 1928 he wrote 52 sermons.

Each time the congregation expected something new and true of him—something they hadn't heard before, couched elegantly, phrased interestingly.

This comparison in no way detracts from the importance of the messages delivered by Coolidge and our sincere admiration for his hard work and his courage in facing the arduous tasks of preparation for these messages of such world-wide importance.

We only make the comparison to picture to you vividly the giant task that is required of every preacher, poor and rich, obscure or famous, of every denomination, throughout the length and breadth of the land. These many bringers of light certainly deserve to have their churches well filled and to have the utmost attention paid to what they have to say.

Since the sixth grade class has been divided we have had less demerits. We were first in having the smallest from the grammar school.

In reply to the question about the picnic the fifth grade asked, we are ready.

The grammar school was going over to the high school building, we were going to listen over the radio there, to hear President Hoover inauguration, but we were very much disappointed to hear that we could not go because the radio would not work.

PERFORMANCE

Slow, Even Tread Wear

That's what the Goodyear All-Weather Tread Baloon Tire gives.

Real Non-Skid Performance—because the deep-cut, sharp-edged blocks in the tread's center seize, grip and hang-on.

Slow, Even Tread-Wear—because these sharp-edged blocks are placed in a semi-flat design. They not only grip the road, but retain their usefulness longer than any non-skid tread meretofore offered.

Come in and see it. We'll let the tire do all the talking. It's backed by our standard Goodyear service.

A HERO OF SCIENCE

There are all kinds of heroes, and not all of them are soldiers or sailors. Some of the bravest, kindest spirits were those that could be described as soldiers of science. Men who went down battling against disease and unhappiness and death. Soldiers of place rather than soldiers of war, great indeed have been their achievements.

One of these men has recently passed away—Dr. Joseph Goldberger, a member of the staff of the United States Health Service, who specialized in combating epidemics in southern areas.

Stricken with yellow fever, typhus fever and other lethal maladies as the direct result of his work, he lived to reveal how such diseases could be prevented and cured. Then he discovered the cause of pellagra, and his long studies demonstrated how that

dread disease could be eliminated. Now Dr. Goldberger is dead, leaving little money for his family. Legislation has been urged to provide a pension for his family now that his comparatively small salary has stopped. We are in favor of this legislation, and of steps being taken to protect the families and cherish the memories of all of our Soldiers of Science.

More than a hundred Floydada farmers recently attended a meeting of the Hale County Dairy Association organized more than six years ago. After the meeting it was voted that such an organization be voted in Floyd County. More than twenty five contracts were signed and leaders of the movement say that littletrouble will be experienced in getting a large membership for the new institution.

CALLAHAN COUNTY SCHOOLS RECEIVES LARGE AID GRANT

John Olsen, Rural School Supervisor with the State Department of Education, recently completed an inspection of the aid schools of Callahan County and as a result of his inspection, \$11,975 was granted to the various districts.

Mr. Olsen was very much impressed with the splendid condition of the and efficient corps of teachers of the county. Mr. Olsen states that the certification of the teachers of Callahan County is far above the average over the state.

Iona, Oplin and Putnam received the approval of the Inspector for the certificate of standardization and was of the opinion that seventeen out of the twenty four aid schools could be standardized in the event the district would maintain the required eight months term.

Aid was distributed to the districts as follows:

Iona, \$465.00; Union, \$810.00; Eula, \$675.00; Denton, \$675.00; Putnam, \$1000.00; Atwell, \$585.00; Deer Plains \$390.00, Rowden, \$345.00; Turkey Creek, \$113.00; Cedar Bluff, 102.00; Cottonwood, \$855.00; Burnt Branch, \$535.00; Gardner, \$360.00; Fairview, \$525.00; Dudley, \$840.00; Admiral, \$390.00; Midway, \$630.00; Enterprise, \$795.00; Bayou, \$120.00; Oplin, \$915.00 Lone Oak, \$645.00; Hillside, \$285.00.

Lanham, Caddo Peak and Dressy districts were refused aid being able to maintain the required term without special aid from the state.

WHAT'S DOING IN WEST TEXAS

When work is completed on the Lee Highway, according to a Crowell paper, Foard will be one of the first counties in Texas to have all bridges across the county 24 feet wide, and of re-inforced concrete. Foard will have 55 bridges, and culverts, with all culverts 30 feet in width.

Perkins & Reynolds, well drilling contractors of Kermit were recently awarded a contract for sinking a second well on Locust street property on the utility concern. The bore of the new well will be 8 1/2 inches and is expected to increase the available water supply 3,000 barrels daily.

During one stretch of nineteen days, J. T. Draper, of Lone Star made a profit of \$61.00 from his 400 hens. The eggs sold amounted to \$90.05, and the feed cost \$29.05, the price ranged from 30 to 36 cents. Draper intends to build his flock up to 1,000 hens and devote his entire time to them.

Good results in increased interest since terracing schools have been held near Lorraine have been noted. Since a demonstration of running terraces and contouring on the W. A. Hallman farm January 28, all of county Agent W. S. Foster's time was spoken for to demonstrate until the last week in February.

The Lockney Clinic and Hospital which was sponsored and recently opened by Drs. Mary M., and C. D. Henry has just recently completed the installation of X-ray to the facilities of the hospital. Lockney considers herself fortunate to have competent doctors and modern equipment in a good local hospital.

A contract has been let and work started on a \$225,000 cracking plant at Burkburnett. The plant is to be built for the Nobel Oil Company, and calls for a one unit plant with a capacity for handling 1500 barrels of fuel oil per day to produce 700 gallons of high pressure gasoline with the remainder in oil.

Work has been started on the completion of the Presbyterian Church at Snyder. When completed about May 1, the building will be one of the most modern church structures of West Texas consisting of an auditorium, ten Sunday School rooms, kitchen, session room, minister's study and other departmental rooms.

Clearing of the lots on which Abernathy's cheese factory is to be built has started and plans for the building proper are being completed. The factory is creating quite a bit of interest among farmers because of increased dairy products prices which are expected.

W. B. McQueen, who lives six miles southeast of Memphis gathered 80 bales of cotton from 40 acre field. He attributes his success to good seed and a good season. On another 240 acres, in cotton he gathered 250 bales of 500 pounds each.

A terracing school using the most modern of machinery was conducted March 1, and 2, between Stamford, and Haskell, by the Agricultural department of the west Texas Chamber of Commerce. C. H. Colvin secretary of the Eastland Chamber of Commerce assisted with direction of running the terrace lines.

Tom Ferris, and C. T. Smith shipped four cars of fat yearlings from their ranch near Muleshoe recently to the Fort Worth markets. The steers had been on feed for about 120 days, and being fat brought good prices. Messrs Smith and Ferris will send another bunch of cattle to the market soon.

HOUSE OF REPRESENTATIVE HONOR MEMORY OF HON. T. J. BARRETT

The House of Representative in session adopted resolution of Rep. Bowen Pope of Hamlin memorializing the life of T. J. Barrett, Jones County pioneer, who died in Anson on May 15, 1928, and who had served a number of years as a member of the legislature from this district. The committee that prepared the resolution was composed of Pope of Jones County, chairman; W. S. Barron, speaker of the House, and Louise Snow Phinney, chief clerk, has been forwarded to members of Mr. Barrett's family in Anson.

The following is the resolution offered and adopted:

IN MEMORY OF

HON. T. J. BARRETT

Mr. Pope of Jones, offered the following resolution:

Whereas, on May 15, 1928, in the city of Anson, Jones County Texas, the long and useful life on the Hon. T. J. Barrett a former member of the House of Representatives, came to a quiet and peaceful end; and Whereas, Mr. Barrett served in this House with distinction and honor during the Thirty first, Thirty-second and Thirty-third Legislatures, during which time he faithfully represented the counties of Jones, Shackelford, Callahan, Fisher, Scurry and Taylor; and

Whereas, Mr. Barrett's services as a member of the House of Representatives were earnestly devoted to matters pertaining to education, the establishment of the West Texas Teachers College, and in the support of prohibition; and

Whereas, West Texas has lost a useful and beloved citizen; therefore, be it

Resolved by the House of Representative, That we express our sympathy to the relatives of the deceased and that a page of the House Journal be set aside today in memory of Mr. Barrett and his faithful and honorable service, and that when the House adjourns today it be in respect to him.

Pope of Jones, Reid of Mitchell, Johnson of Scurry, Gilbert of Callahan, Speck of Taylor. W. S. Barron, Speaker of the House, Louise Snow Phinney, Chief Clerk of the House. The resolution was read second time and was adopted by a rising vote.

THE LAST LAUGH

Something less than a hundred years ago the city fathers of a small town in a New England state were debating over the advisability of changing from whale oil to the newly discovered kerosene for street lamps. The town was stirred by the controversy until finally a citizen, doubtless of the reactionary school, contributed this bit of verse:

"It would not cause us great surprise, If some presumptuous ass, Should snatch the lightning from the skies; Or light our streets with gas."

The author has been forgotten. But he unknowingly proved himself a true prophet. What was conceived in ire and sent on its way as a bid of withering satire became an actuality, probably within the author's lifetime.

Those who are skeptical of our modern industrial age and its future may find themselves in the same position as this village wit. Progress waits for no man and has a talent for turning jokes back upon their creators.—Industrial News

Tires for the new Ford are specially made to give long wear

WHEN the new Ford was designed, it was immediately apparent that a new tire would have to be made to match the car's performance. It was distinctly a new problem, for here was a car with quicker acceleration, greater speed and more braking efficiency than any car of similar size or weight.

So that every Ford owner might be assured of maximum tire mileage at the lowest cost, the Ford Motor Company devoted many months to research and experiment in conjunction with the leading tire manufacturers.

As a result, certain definite specifications were developed for tires for the new Ford. These specify cords of certain strength and texture, a large volume of tread and side-wall rubber, sturdy non-skid design, and reinforced plies for protection against bruise breaks—all the strong features of construction formerly considered for only the largest tires.

Great care also was taken to secure the best riding qualities in connection with the transverse springs and the Houdaille shock absorbers.

Though the Ford tires are designated as 30 x 4.50, they have the resiliency and air space of much larger tires because of the drop center rim of the steel-spoke wheels.

For best results, the tires on the new Ford should be kept inflated to an air pressure of 35 pounds and checked regularly to insure this pressure all the time. This is important. Low inflation breaks down the side-walls of a tire. By causing overheating, it also destroys the rubber that acts as an insulation, with consequent separation of the cord.

At the end of each 5000 miles, when you have the front wheels packed with grease, it is a good plan to have the wheel alignment checked. This will prevent premature wear.

When punctures come, as they will with any tire, you will find the Ford dealer particularly well-equipped to make repairs quickly and at small cost. See him, too, for replacements. Then you will be sure of getting tires built specially for the Ford car according to definite Ford specifications.

BAPTIST HAPPENINGS

Our Sunday School sure was a hummer Sunday, a number of new ones were present. The attendance and interest in the lesson was really inspiring.

We are to have a missionary program on the 4th Sunday. We have a good program to go along with a good lesson and we want to see everyone in their place on that date.

The preaching services were good. We had four additions to the church—another good deacon and his wife and another mother and her daughter.

Fine, come on folks, we need and want you with us. We have a place for you and we are at a big task and we want you to help us.

Our monthly worker's meeting was held Monday with the church at Cottonwood, a fine attendance and a great day Dr. Dutis from Brazil, was the main speaker. These meetings are fine, anyone would enjoy them if they would attend.

Here is one for you! "Remember the sabbath day and keep it holy." God kept it, Jesus kept it. He lay in the tomb in the old Jewish Sabbath. Even the old Jews kept it, but poor pleasure hunting, money mad Americans can't find time to observe the Lord's day of rest. What will be the cry when God comes to settle? Remember natural is real. Let us honor and obey the Lord and he will surely bless us.

W. E. HAWKINS TO PREACH AT PUTNAM

W. E. Hawkins of the Radio revival and his party will hold services at the Methodist church at Putnam on Friday night March 15th, at 7:45 o'clock. Everyone cordially invited to attend the service.

J. R. ESTES, AGE 75, DIES HERE SUNDAY AT HOME OF SISTER

Uncle John Estes passed away early Sunday morning at the home of his sister, Mrs. Klepper. He had been ill for some time, paralysis being the cause of death. Mr. Estes was the last of four brothers and is survived by three sisters: Mrs. Klepper and Mrs. J. W. Merrick of Clyde, and Mrs. Alex Williams, Kress Texas.

Uncle John was the last of his immediate family to pass over. He had been married twice and had three sons, all of whom preceded him in death.

Funeral service was held at the Methodist church Sunday afternoon at 3:30 o'clock the pastor W. L. Jenkins conducting the service. Burial was in Clyde Cemetery.

Mr. Estes had made his home in Alabama, coming to live with his sister a few months ago.—Clyde Enterprise.

G. J. STEELE, PIONER CITIZEN PASSES AWAY

G. J. Steele, age 70 years, eleven months and four days, one of the prominent pioneer citizens of Callahan county, died at his home near Caddo Peak last Thursday, and was buried in the Dressy cemetery Friday, funeral services being conducted by Rev. Ollie Dennis and Rev. G. C. Williams. Burial was conducted with Woodmen of the World rites. Deceased is survived by his wife, two sons and three daughters, Raymond and Lane Steele of Dressy, Mrs. Otis Odom of Slaton, Mrs. Dave Ingram of Cottonwood, and Miss Imogene Steele, who lived at the family home.—Cross Plains Review.

NOTICE TO CENSUS ENUMERATORS

I am receiving quite a number of letters from the various census enumerators of the county in regard to the enumeration of children six years of age for the coming scholastic year.

This law will not go into effect before the enrollment for the scholastic year, 1930-1931.

Only children who will be seven years of age and not over seventeen on the first day of September, 1929 should be enrolled.

As the enrollment of each child will bring \$16.00 to the home district the coming year, it is very important that the parent see that all children are properly enrolled. Next March, children who will be six years of age prior to the first day of September should be enrolled.

B. C. Chrisman, County Supt.

BAIRD BOY SCOUT TROOP

Each Friday evening at 7:30 at the Baptist Church Troop 18, the Baird Scout Troop meets. Every boy who is twelve years old and over is invited to be in these meetings. There are many boys in Baird that need the training that the Scout Organization offers, but are not taking the advantage of the opportunity. There is not age limit, other than being twelve years old, as is commonly believed. Recently President Hoover took his Tenderfoot Test.

The Scout Movement is neither military nor religious, but a proper observance of the Scout Oath and Law, which a Scout "On his honor" promises "to do his best" to live, will make the boy a citizen an asset to any community or town.

Scouting is not a substitute to the home, church or school, but tries to supplement the teaching that these institutions offer. If they cannot reach the boy, it is doubtful if Scouting can do very much for him, but there are instances where certain phases of Scouting reached boys where the others failed.

No Scout meeting is closed to any adult person at any time. The people of Baird are cordially invited and even urged to attend any meeting that we have.

W. O. Patton, Scoutmaster.

IN MEMORY OF MY MOTHER

The Death Angel visited our house on December 28, 1928 and called from us our dear mother Mrs. Isabelle Jackson Shackleford at the beautiful age of 66 years. Her death, after only a few days of suffering, brought intense sorrow to a host of relatives and friends. She was a kind, affectionate, and always cheerful mother. With her friends—"To know her was to love her" because she invariably looked upon the sunny side of life, letting her light so shine as to send encouragement and joy into the lives of all with whom she was associated.

For nearly forty years she was a member of The Church of Christ, the last thirty of them being spent as a member of the congregation at Putnam. This separation to us is hard to bear, but our loss is Heaven's gain and we humbly submit to His will, in faith and hope that the separation is but temporary, and we shall all be reunited at last in that house where changes never come.

"A light is from our household gone,
 A voice we loved is stilled.
 A place is vacant in our house
 Which never can be filled.

Her Daughter
 Tassie Jackson.

ATTENDS SOCIAL FUNCTION AT BRECKENRIDGE

Mrs. C. L. McCleary, attended an afternoon tea party at the home of Mrs. Horace I. Trout in Breckenridge on the afternoon of Feb. 13th. We take the following from the Breckenridge American:

What many who attended declare was one of the most beautiful and elaborate tea parties ever given in Breckenridge was that of Mrs. Horace I. Trout, hostess, at her home, 1101 East Walker street Wednesday afternoon honoring Mrs. C. R. Shirar.

It was also said to be one of the best attended affairs of its kind given here many months, tea having been poured for about two hundred between the hours of two and six. This number included a number of out-of-town guests, Nearly all denominations and creeds were represented by those who came.

The decorations were outstanding and aroused much enthusiastic comment. Carrying out the scheme of orchid and gold there were many silver vases, wall pockets and baskets filled with Golden Ophelia roses, orchids, sweet peas, tulips and lilies of the valley. The center of attraction and the occasion of much interest in the decoration scheme was a huge centerpiece of real Catlyia orchids, Golden Ophelia rose buds, lilies of the valley and orchid sweet peas and a bank of plumosus. This rested on a table cover of fine imported lace over gold Marie satin. And around the centerpiece there were tall gold candles burning in silver candelabra on which were tied dainty bows of orchid tulle. On the buffet rested a Ophelia roses, orchid sweet peas and lilies of the valley.

A King Alfred, long stemmed golden daffodil, with a spray of plumosus was given as a favor to each guest.

Real orchids were seen again in the corsage worn by the honoree, Mrs. Shirar, who stood in the receiving the many kind words from these who attended the tea in her honor. Mrs. B. S. Trammell met in a charming manner all guests arriving at the door of the living room presenting them to the hostess, Mrs. Trout, then others in the house party receiving line were Mrs. Shirar, Mrs. C. L. McCleary, of Baird, Mrs. Claude Lawson, Miss Mary Nesbitt of Abilene, Mrs. Joe Beatty and Mrs. S. L. Osgarciously by Mrs. H. A. Leaverton who ushered them into the dining room, were they were served in a lovely manner by Mrs. C. O. Hamlin ably assisted by Ethel Russell, Mrs. Mrs. Dan Harrell, Mrs. O. L. Alexander, Mrs. Bryan Oglesby and Mrs. N. M. Pritchard. Mrs. J. D. Sandefer Jr. and Mrs. O. K. O'Brien in their delightful way, poured tea. The refreshments included delicious pressed chicken, toasted nut, buttered sandwiches, cubes of cakes inced in the orchid and gold colors.

From the dining room they were ushered pleasantly to the quietness of the library by Mrs. Hubert Alexander, where Mrs. A. C. Bridon in her modest and gracious manner, presided over the registration table, each guest having the privilege of writing a verse and her name, this book being bound in orchid and gold being presented to the honoree as a souvenir of the occasion. Many and touching were the sentiments expressed by those who tried to pen a line complimenting Mrs. Shirar, who is leaving March 1st to make her home in Temple where Rev. Mr. Shirar becomes pastor of the First Baptist church. From the library guests passed into a guest room leaving the party by passing Mrs. T. B. Knox and Mrs. Sam Sterrett, who in a happy mood and with a delightful farewell word presented each guest with the beautiful favor flowers.

Much comment has been heard about the most wonderful music furnished by Mrs. Whma Dfafooo Caton, violinist, and Mrs. Norton, piano accompanist, both of Eastland and Mrs. Claude Lawson, pianist of this city.

CARD OF THANKS

The American Legion Auxiliary wishes to thank every one that helped in any way to make the "42" Tournament a success. The Methodist church was kind enough to let us use their chairs.

The Ladies in town very willingly let us have their tables and dominoes. Different ones donated the refreshments. The Quality and American Cafes let us use their dishes and silverware. Grant Bowler Jr., C. B. Holmes, W. B. Jones, Helpy Selfy grocery, A. & P. grocery donated the prizes that were given. All of these things we appreciate very much. We hope to have our "hut" built and furnished with all necessary equipment before many months have passed.

We wish also to thank the following young ladies who helped in serving: Misses Lola Johnson, Thelma White, Millie and Lillie Morrison, and Caralon Gibbs.

We thank the American Legion for their cooperation, also the people that gave us such a good program.

Mrs. E. F. Russell, Pres.

Twelve square feet of shelves

GENERAL ELECTRIC Refrigerator

You will notice that the General Electric Refrigerators are unusually roomy. The model illustrated—designed for an average family—has twelve square feet of shelf area. This means that you have a shelf a foot wide and twelve feet long to store your food. In no other refrigerator can you get such great shelf area for the same over-all size.

The General Electric Refrigerator

has no belts, fans or drain-pipes. It is unusually quiet. It never needs oiling. And it is made and guaranteed by General Electric.

The mechanical perfection of the design and the extra food storage area make the General Electric a remarkable value. We would like you to come in and study the wide range of models. Time payments can be arranged, if you prefer. Come in today.
