OUR NOTE IN THIS SPACE last week that we were completely unfamiliar with the name of roque -- and that we felt others probably are equally in the dark -- brought quick response.

L. R. Hughes of Baird came through with a prompt offer to teach us, or anyone else interested, the fundamentals of this game which is often called billiards with mallets.

Hughes, who promised that the only cost of such lesson would be "a little energy," has a roque court in his back yard at 1025 W. 3rd. He also has plenty of balls and mallets.

The game, a highly scientific one which requires both an offense and a defense, can be enjoyed by players of any age. "And it sure will beat the rocking chair," Hughes said.

He has just returned from the national roque tournament at Wichita, Kan., which was washed out by heavy rains last week.

Hughes' invitation for roque instruction holds good to anyone who is interested.

THIS IS THE KIND of week which, a few years ago, would have caused weekly newspapers throughout this area to dust off their largest type and proclaim something about a "million-dollar rain."

We are glad that old cliché is gone. It would be virtually impossible to put a cash value on the rain which has fallen in this area since Friday. And it will be some time before the full value is known.

But for many stockmen in the area, the rain was literally a lifesaver. Many were getting dangerously low on stock water and grass for the winter was deteriorating.

The last few days have changed all that.

Putnam was very near an acute water crisis and Clyde had some water storage problems. While the last few days have not brought a permanent cure, the problems are not nearly so pressing for the time being.

NOTE THAT the hearing concerning a request by Texas and Pacific Railway to discontinue passenger trains Nos. 21 and 22 between Fort Worth and El Paso has been changed.

The hearing, originally set for Sept. 15 in Fort Worth, has been changed to Sept. 14 in the same place. The hearing will be held in the City Library Auditorium, northeast from the Fort Worth city hall.

Action taken following that hearing and two others set in Big Spring and El Paso, will affect Baird and passenger service through here.

The date was ordered changed by the Texas Railroad Commission.

TO CELEBRATE birthdays this week are:

Paula Harper, Tina Thompson, Jeannie Austin, Nancy Hunt and B. P. Stephenson, Aug. 23; Jolene Rowe Bobby Talley and J. E. Dennis, Aug. 24; Roy Meyer, Aug. 26; Glennas Rowe, Aug. 27; Roy Lee Allen, Terrell Williams, Connie Brown and Judith Lafon, Aug. 28; and Marsha Dianne Kieklen, Aug. 29.

We had one other birthday to report this week, given us Monday by the young lady herself. But we mislaid our note and cannot remember her name.

If she will contact us again, we will make our apologies and print about her birthday next week.

authorized by the State Building Commission, which recently signed the contract for their manufacture.

These markers, designed to inform tourists of historical sites in Baird, will be placed on the city limit signposts on U. S. 283 North and U. S. 283 South by the Texas Highway Department. They measure 24 by 24 inches and are made of steel with white reflective letters reading "Historical Markers in City" on a black background.

Town selection was determined by the Texas State Historical Survey Committee according to Official Texas Historical Markers previously erected there.

The program also calls for the erection of 260 Official Texas Historical Markers in three sizes to relate the history of Texas in the Confederacy. There markers will be made of cast aluminum with Swedish steel effect.

The Texas State Historical Survey Committee recommended the marker topics, determined locations, researched and wrote the inscriptions.

"People of the Baird area should appreciate the services he renders to them," Colonel Schwartz said, "as he is doing the work without pay as a public service to his country."

Moisture Helps But More Rain Needed

Callahan County will still be badly in need of moisture if additional rains do not fall within the next two weeks, a survey conducted this week by County Agent Pat C. Garner shows.

The rains which fell over the county over last week end varied in amounts from 3 of an inch to about six inches. But the scattered rains did not do as much good as general rain, Garner said after checking areas of the county.

The week end rains will green up the pastures and improve grazing in nearly all sections of the county. But it fell too late in the season to affect the grain sorghum crop.

Cotton and peanuts will be helped by the moisture, although it is still too early to accurately assess the full benefit. Aid to these crops will probably vary over the county as widely as did the rainfall measurements.

If the recent moisture is followed within two weeks by additional rain, it will give a good season for small grains which will be planted for grazing in the county.

"Certainly this rain has helped conditions in the county a lot," Garner said after his survey. "We still need some more to break the drought," he said.

Runoff water was caught in stock tanks in some sections of the county, while in most sections tanks got little or no new water. Around Putnam, for example, many tanks caught considerable water including a number which filled. But in the Oplin area, tanks still range from holding little water to half full.

The Putnam area received among the county's heaviest amount of rainfall during the three-day period. Measurements there ranged around

the the four-inch mark, including more than an inch and a half Sunday.

Monday showers helped boost total rain in both the Clyde and Baird areas to around three inches. Baird received the heavier amounts of the two Friday and Saturday, while Clyde received the most on Sunday and Monday.

Cooler weather and rainfall combined to help ease water problems of towns within the county. Baird Lake, for example, rose some three feet during and after the rains.

Farmers and stockmen across the county generally agreed that while the rains were neither general enough nor heavy enough, they will prove extremely beneficial.

The value would go up considerably, however, if additional amounts should fall before the month ends.

LARGE TURNOUT ATTENDS ANNUAL CALLAHAN COUNTY PIONEERS MEET

Callahan County's past drew more attention than its future for a day last Friday at the 26th annual meeting of the Callahan County Pioneers Assn.

Attending were an estimated 3,500 persons, including some 2,000 who were on hand for the traditional barbecue lunch. The huge reunion is held in Treadaway Park at Cross Plains each August.

Pioneers elected Jack Scott of Cross Plains to be president of the organization for the coming year, succeeding B. C. Chrisman of Baird. Paul Shanks of Clyde was elected vice president and Mrs. B. L. Boydston of Baird was re-elected secretary-treasurer.

The reunion was dedicated to the late Fred Heysler, a former

president and one of the organizations founders.

A street parade from downtown Cross Plains to the park opened festivities at 9 a. m., with the program beginning at 10 a. m.

Annual World War I Veterans' Reunion Attendance Over 300

By James C. Asbury

The weather was hot, the miles were long, but spirits were undaunted as some 30 or more persons gathered at the American Legion Hall in Baird last Thursday for the 6th annual World War I veterans reunion.

While these reunions are for all veterans of World War I, and are not an organization affair, this year's meeting drew most of the high officials of the World War I state organization, including Department Commander L. R. Morrison of Tyler; Senior Vice Commander Rufus Arp of Odessa; State Dept. Quartermaster E. R. Bruce of Amarillo; Mrs. E. R. Bruce, state president of the ladies auxiliary; Mrs. Lavada Morrison of Tyler, senior vice president; Mrs. Pauline Beard of Pampa, junior vice president of the ladies auxiliary; Margaret Shryock of New Braunfels, department chaplain and several district commanders and various other district and barack officials from over the state.

Some came early and some came late, but they came with the same spirit that has caused this affair to grow from a mere handful to several hundred and from the expressions of those present, all hope to be back next year and bring many others with them.

This annual event have put Callahan County veterans and the Baird Barrack in the limelight with a reputation of having the best food and the most sincere hospitality of any place in the state. Many of those present stated that they had heard of these meetings the last few years and had come to see if what they had heard was true -- everyone admitted that nothing had been exaggerated and they planned to attend each year as long as they are able.

These meetings are not sensational - these buddies and their families come quietly -- they talk, they visit, some play game, others gather round the piano and sing the songs of

World War I, usually ending with a real song-feast of religious songs.

At 7 P. M., C. P. Harris, chaplain of the Baird Barrack, renders the invocation and the line begins to pass in review of an almost overwhelming supply of food.

The Baird Barrack furnished coffee, tea, punch and ice, and Wallace Randle of Ft. Worth contributed bread and over 300 bottles of king-size soda pop.

One or more people were present from the following out of state cities: Tucson, Ariz., Lexington, Okla., Purcell, Okla., Morretta, Ohio, Lafayette, La.

Texas towns represented included: Baytown, Houston, Amarillo, Tyler, Lamesa, Midland, Dallas, Westbrook, Abilene, Rotan, Sweetwater, Pampa, Ranger, Putnam, Tye, Merkel, Carthage, New Braunfels, Ft. Worth, Olney, Junction, Cameron, Temple, Brownwood, Odessa, Trent, Big Spring, Eastland, Cisco, Cross Plains, Anson, Cottonwood, Clyde and Baird.

OPLIN OBSERVATIONS

BY DAPHNE FLOYD

Folks, if you are wondering what all the shouting is about, well, it is all because of the good rain that fell over the week end. Between 3 and 4 inches of rain fell Friday night, Saturday night and even a slow rain Monday until mid-morning. It is so good to hear the stock farmers and ranchers say that dry tanks caught full or even half full.

Quite a few from Oplin attended the 26th annual Old Settlers reunion at Cross Plains Friday. Mr. and Mrs. Ray Floyd, Mr. and Mrs. Dad Poindexter, and Mrs. Stella Yost took picnic basket lunches and attended. They had not been there long before they began to see other friends such as Mrs. Tommy Windham, Mrs. Frank Windham Sr., Mrs. Andrew Johnson, Mrs. Mallie Johnson, Mr. and Mrs. Herman O'Shields and sons James, Richard and Kenneth, Clarence Breeding, M. C. Miller and Mrs. Mattie Allen. Mrs. Allen really took away the ribbons as she was the oldest native-born woman present having been born in 1889. The day was pleasant for a change and the entertainment was enjoyed by everyone, especially the F.F.A. band from Baird and the Old Fiddlers Contest.

Mrs. Tommie Windham and Paula were dinner guests Sunday in the home of Mr. and Mrs. Al Echols and son, Little Al, of Abilene.

Paula Windham will leave Monday of next week for Florida where she will enroll in the University of Florida. Her mother plans to accompany Paula to Florida and remain for a few weeks until Paula gets settled.

Mr. and Mrs. Albert Betcher spent Sunday night with their daughter and family, Mr. and Mrs. Pete Frymire and children, Kenneth, Brenda and Jill.

Melonie Parks of Lorenza has returned home after spending 10 days with Mrs. M. A. Cline of Baird.

Bridal Shower Honors Miss Melba Shelton

Melba Shelton, bride-elect of David Miller, was honored with a bridal shower at the home of Mrs. Bruce Brown.

Mrs. Randall Ivy presided at the guest register and Mrs. M. L. Hughes and Mrs. A. V. Curtis

Jr. served guests from a lace covered table centered with an arrangement of blue and white flowers, the bride's colors. Other hostesses were Mmes. M. A. Cline, Hubert Ross, Lee Ivey, M. D. Davis, W. C. Gordon, J. T. Loper, H. W. Martin and Miss Katie Lou Walker.

Miss Shelton and Miller will be married Friday, August 21,

at 8 p. m. in the garden of her aunt, Mrs. Edgar Smith.

CARD OF THANKS

We would like to use this means of expressing our heartfelt appreciation for the wonderful help given for firefighters from Baird at the grass fire we had on our North Walls Tuesday night, Aug. 11.

Although the fire was about 10 miles northeast of Moran, help from Baird firefighters was prompt and unselfish.

We appreciate this display of neighborly spirit more than we can say.

UNION USUALS AND UNUSUALS

BY VEDA YARBROUGH

Hi neighbor! Every one out this way are almost shouting happy over the good rain we got the past three days. Some got 5 1/2 inches, some 2 1/2 inches, some 3 and some 4. It fell so nice. Put out some stock water, some tanks got full, others part full and some not very much. It was such a good rain, cooled the weather quite a bit.

We are very sorry to have to write about the passing of a very dear friend of ours, and a long time resident of this community, Mrs. Dick Park. She passed away in Dallas Saturday, Aug. 15. She made her home in El Dorado, Ark., the past few years with her daughter, Letha Brooks, till last December when she was moved to Dallas for treatment. We were privileged to know Mrs. Park since 1902 and was our neighbor for 50 or more years. She was a good, sweet neighbor to any who knew her. She seems more like a relative than just a neighbor. Mrs. Park was 101 years of age when she passed away. Our deepest sympathy to all her loved ones. We can not grieve over her passing on. She lived a long, good and useful life and we all miss her so much. But one thing we know, she was a good Christian woman and she has only gone home.

Chesley Pruet and daughters of Eldorado, Ark., Mrs. yBill Mac Jobe and children of Lincoln, Mo., are here visiting Grady Pruet and Mrs. Pruet. They came for the funeral of their grandmother Park. Dr. and Mrs. Royce Pruet and son of Abilene also visited the Grady Pruets and attended the funeral.

Several of the Park family visited a while Monday afternoon with John and Roma McIntyre. Mrs. Clint McIntyre spent Tuesday with John and Roma.

Our neighbors, Mr. and Mrs. Joe Hurley and children are on a vacation. They also are adding two rooms to their home. They already have a big house. Their home is where the Union school used to be.

Mark Burnam visited with Uncle Tom Butler Monday evening while Ollie and I went to church.

Lucille Kelley of Cisco visited part of last week and until Monday with Mark and Ollie Burnam. She spent two days with me. Was glad she could come out for a few days.

Betty Mobley and Mabel Car-

visited with me one afternoon last week. Ruth didn't like coming.

Still looks rainy this morning - hope we get some more rain.

Be good and I hope to see you next week.

TO: W. A. Hazelwood, E. C. Cobb, C. E. Atwood, J. A. Atwood, W. R. Atwood, Rosa Ridgeway, Laney Straley, and E. C. Atwood, their unknown heirs, legal representatives, assigns, and successors in title, and all unknown owners.

You are hereby notified that a Complaint in condemnation has heretofore been filed in the office of the Clerk of the above-named Court in an action to condemn the following estates for public uses, to adequately provide for the establishment of additional facilities for the use of the Department of the Air Force, and for other military uses incident thereto in connection with Dyess Air Force Base, Taylor County, Texas, and for such other uses as may be authorized by Congress or by Executive Order, which estates consist of the following rights in and to the land described in Exhibit "A" attached hereto:

A perpetual and assignable easement for the establishment, maintenance, operation and use for a restricted area in, on, across and over Tract No. S-11-107E, consisting of the right to prohibit human habitation; the right to remove buildings presently or hereafter being used for human habitation; the right to prohibit entry on said tract except by the owners, their employees, agents and lessees; the right to limit the use of said land to agricultural and grazing purposes; the right to prohibit the use of firearms and explosives; the right to limit the use of explosives in operations for the exploration, production and removal of oil, gas and other minerals to the use of explosive bullets or shaped charges in gun perforation or similar techniques, provided that (a) such perforation operations are conducted at depths at least 750 feet below the surface of the ground; (b) all safety measures normally observed by prudent and experienced operators are carried out; and (c) timely advance notice is given and acknowledged by the using agency; the right to prohibit all pits, exposed pipelines, heater-separators, storage tanks, transfer points and like or similar facilities within the easement area, except that slush pits and water storage tanks are permitted; the right to prohibit drilling or production of wells within 350 feet of the center of the site; such prohibitions to remain in effect as long as the easement estate remains in effect; furthermore, any proposed mining activity within the limits of said tract whether tunnel or open pit type must have approval of the Air Force Officer in charge; the right to post signs on said tract indicating the nature and extent of the Government's control in such manner as not to interfere with agricultural, grazing and mining operations; and the right of ingress and egress over and across said land for the purpose of exercising the rights set forth herein; subject, however, to existing easements for public roads and

highways, public utilities, railroads and pipelines; provided that if and when the United States of America and its assigns cease to use said tract for a period of one year, then and in that event, all interests hereby acquired shall terminate.

The authority for the taking is the Act of Congress approved February 26, 1931 (46 Stat. 1421, 40 U.S.C. 258a), and acts supplementary thereto and amendatory thereof, and under the further authority of the Act of Congress approved August 1, 1888 (25 Stat. 357, 40 U.S.C. 257); Sections 2663 and 9773 of Title 10, United States Code, which authorize the acquisition of land for military purposes; the Act of Congress approved August 10, 1959 (Public Law 86-149), which act authorizes acquisition of the land, and the Act of Congress approved September 16, 1959, (Public Law 86-275), which act made funds available for such purposes.

You are further notified that if you have any objection or defense to the taking of your property you are required to serve upon plaintiff's attorney at the address herein designated within twenty days after September 4, 1964, an answer identifying the property in which you claim to have an interest, stating the nature and extent of the interest claimed and stating all your objections and defenses to the taking of your property. A failure so to serve an answer shall constitute a consent to the taking and to the authority of the Court to proceed to hear the action and to fix the just compensation and shall constitute a waiver of all defenses and objections not so presented.

You are further notified that if you have no objection or defense to the taking you may serve upon plaintiff's attorney a notice of appearance designating the property in which you claim to be interested and stating the nature and extent of the interest claimed, and thereafter you shall receive notice of all proceedings affecting the said property.

You are further notified that at the trial of the issue of just compensation, whether or not you have answered or served a notice of appearance, you may present evidence as to the amount of the compensation to be paid for the property in which you have any interest and you may share in the distribution of the award of compensation.
