Neuritis and Sciatica

BY DR. JUNE M. COOK

Neuritis is a painful inflamparts supplied by the The term is most frequently employed when there s an involvment of the nerves going to either arm. Sciatica i a neuritis of the sciatic nerve one of the longest nerves in the ody, extending from the small the back down the entire length of the legs. It is extremely painful and frequently renders the patient bedridden.

Of all conditions which respond to Chiropractic, it may be said that neuritis responds most readily to adjustments The reason is that most cases of neuritis result from a dis-turbance of body mechanics and displacements of spinal ver tebrae creating irritation of the nvolved nerve

Any sufferer from neuritis should avail himself of Chiropractic without delay.

(One of a series of articles published in the public interest to explain and illustrate the practice of Scientific Chiropractic, written by Dr. June M. Cook, Chiropractor, whose office is located at 308 East Commerce, Crowell, Texas. Telephone 117)

Now-How about traffic on the Santa Fe

With the cooperation of our officers, and of the employes who remained at work, Santa Fe managed to keep thousands of freight cars and all its passenger trains moving during the "outlaw strike" which began January 30th and which so severely crippled our country's rail transportation. Santa Fe could not, of course, operate at its top efficiency.

Now vital supplies, which have been piling up in freight terminals during the past several days, are starting to move.

A complex situation

There is one point, however, we know the public will understand. So complex a thing as America's transportation system cannot be turned off and on like a water faucet.

Thousands of "car days" were lost due to freight cars standing still. Even though cars are now moving it is bound to take a while before congestion

is relieved and delayed cars are unloaded at their destination.

Santa Fe was able to deliver more cars to other railroads than other railroads delivered to Santa Fe. Consequently, Santa Fe now has substantially less cars on its rails than when the "outlaw strike" began. Naturally, this will result in a shortage of cars until this complex situation has been cleared.

A word to our shippers

We are doing everything possible to speed up the return to normal. We ask, however, that shippers who now need cars bear with us during this period.

Santa Fe expresses its thanks to its shippers and passengers for their patience and understanding during the trying times we have all just passed through - and also to all our people who cooperated in this emergency, many of them responding beyond their normal call of duty.

THE ATCHISON, TOPEKA & SANTA FE RAILWAY COMPANY

Paying bills by check is just as easy as signing your name. No more running about from store to store, or keeping track of receipts. With you own checking account you can take care of all your financial obliga-

tions at once, from your own home. We will be happy at any time to discuss the merits of a personal checking account with you. Won't you stop in and see us soon?

Deputy Collector Will Be in Vernon March 5 and 12-15

The preparation of individual income tax returns for the year 1950 usually presents some problems to the average citizen with which assistance is desired. For this reason, a deputy collector of internal revenue, Murray C. King, will be at the City Hall in Vernon on March 5 and March 12 and 15 from 8:30 a. m. to 5 p. m., to render assistance with income tax problems to any who desire it. This will be the only visit that can be made to this area for this purpose before

March 15. Existing laws do not impose this duty upon the Internal Revenue Department or its employ ees, but it is the desire of the department to assist wherever possible, to the extent permitted by available personnel. The deputy collector's advice and assistance is extended purely as a courtesy and without cost to any citi-

Inductees of Area to Report Today

Local Board No. 131 of Vernon has sent out an induction call for 23 men in this area to be delivered today, Feb. 15, to registrants of the board and transfers from other areas.
