**EDITORIAL**  
**Teen Town Opens**

The most worthwhile and beneficial things in life are not gained through simple gestures, but by long, drawn out hours of hard work. This has been proved by the many months it has taken to prepare the Teen Canteen for the youth of Crowell. Now the dream is a realization!

Each member of the Teen Town can truly be proud of the Cynthia Ann Parker Center that has been made available. It not only provides an attractive place for our recreation, but also provides an adequate place for us to invite teenagers for a period of fellowship after games during ball season.

Friday and Saturday nights were the initial opening of Teen Town. The sponsors Friday night were Mr. and Mrs. Bill Bell, Mr. and Mrs. H. B. Sanders and Mrs.

Clyde James; Saturday night seventh and eighth grade sponsors were Mr. and Mrs. Woody Lemons, Mrs. N. L. Looney, Leon Speer, Henry Black and Mrs. Clyde James; high school sponsors were Mr. and Mrs. Harry Travweek, Mr. and Mrs. Glen Goodwin, Mr. Warren Everson and Mrs. Clyde James.

Now it's up to us to show the people who have worked very hard to bring about the realization of this dream that we appreciate what they have done. Let's attend the Teen Town! Let's make it a success!

**All-District Team Chosen**

Congratulations are in order! Seven of our boys have been placed on the 11A all-district team.

Chosen on the offensive team are Dale Doyal, Jim Mac Gafford, Ronnie Bradford, backs; Jerry Setliff, center; and James Borchardt, tackle. On the defensive are John Stone, line backer, and Junior Hopkins, end. Dale Henry is given honorable mention as a guard.

We think this is a good record! We also think all our players did well as we recall the way our team held Albany. Albany scored an easy 46-14 victory last week over Forney. Let's watch her this week as she plays against Wink.

**Library News**

Do you have any extra time

on your hands? Why not read a brilliant account of the adventures and explorations of the great archaeologists. "Gods, Graves and Scholars," by C. W. Ceram brings to life the past mysteries of mankind in a bright narrative.

Mr. Ceram spreads the pictures of scientific achievements of the archaeologists which have, until now, been buried in technical and scientific treatises. He shows how they uncovered the fabled civilizations of the ancient world, and how, step by step, they pushed back the horizons of mankind by 5,000 years. Here, along with stories of the discoveries of ancient ruins, are many drawings and photographic illustrations. I am sure you will enjoy reading this interesting book.

**Sports in Shorts**

The girls team, coached by Jack Carroll, had a full schedule last week. On Tuesday night they overpowered the Rochester team 47-30 in the local gymnasium. On Thursday and Friday they played in the Oklaunion Invitational Tournament. They made a good showing as they battled the powerful Valley View and Northside teams.

The boys' team also looked good as they scored consecutive wins over Electra and Lockett.

On Thursday night, both boys and girls will play Rochester. The games are to be here beginning at 6:30 p. m. Let's turn out for these games. Let's be as loyal to our basketball teams as we were to our football squad.

**Spanish Club to Sponsor Experimenter**

The Crowell High School Spanish Club is to sponsor another student from Mexico this December and January. The young man, Javier del Corral of Mexico City, will arrive in Crowell either the 11th or 12th of December. His father is a highway engineer with the Ministry of Communications of Mexico City. Javier has completed his high school work and has studied one year of accounting in college. He also has a fair knowledge of English and is trying to perfect his English.

Last year the Spanish Club sponsored Felipe Rios of Guajuato, Mexico, who is now attending school in Monterey.

Students of this area who have been experimenters in other countries include Dr. Bobby Jack Stinebaugh who resided two months in Mexico in the home of a Mexican family and Don Brown of Truscott who spent a summer in the home of a family in Germany. Mary Brown of Truscott has made application to be an experimenter in Germany during the summer of 1962. Some of the Crowell High School students plan to make application to reside in Mexico during next summer.

**Dress-Up Day Set**

The Student Council announces that Tuesday, December 12, will be the day when everyone can dress up and look his best. The girls are to wear dressy dresses

and high heels; the boys are to wear white shirts, coats and ties. Don't forget.

**Senior Personality**

This week's senior personality is Jerry Setliff. This year Jerry is president of the Student Council. Mr. C. H. S., and football captain. In past years, he has been Junior class president, Spanish Club member and officer, and member of track and tennis teams. In other words, "Chunk" is a very busy "guy."

He enjoys anything dealing with sports, especially water sports. One of his hobbies, swimming, has also been "Chunk's" job the past two summers. He has been life guard at the swimming pool.

"Chunk" likes blue, steak, and strawberry shortcake, Lawrence Harvey, Elizabeth Taylor and Del Shannon.

He plans to go to college after he finishes high school. We know that "Chunk" will go far because of his leadership qualities and his intelligence. We wish you the best of luck, Jerry.

## BRIGHT IDEA

With kids in school you always have homework... and homework needs good lighting. Experts say that most people read by inadequate lighting. They also say that best lighting is provided by a bulb of at least 150 watts, properly shaded.

Better check on the kids' study lighting to be sure they have good lighting. Do this today!

## Home Demonstration Notes

JANET CARROLL

Is Christmas the most joyous season of the year at your house? Or is it a time when you spend too much, eat too much, go too much, and simply collapse when it is all over? Here are some suggestions that will help make your holidays go a little more smoothly.

Plan your Christmas spending. Start by making a list of all persons included in the family's gift giving. To the list add other Christmas expenditures such as cards, postage, decorations and extra food and entertaining. Set tentative cost limits on each item and total. Adjust the total cost to the amount you have to spend.

Plan the use of your time. Cut down on your shopping time by learning in advance where the items on your shopping list can be found. Watch for Christmas advertisements. Study Christmas folders and catalogs from local stores. The convenient order blank saves time and mileage for you. A few moments on the telephone can save hours of shopping time. Gifts wrapped and mailed from the store.

Have more free time during the holidays by doing those jobs now that can be done ahead of time—such as baking and freezing holiday foods, cleaning house, putting up decorations, repairing or making clothing that you know will be needed.

These suggestions can help you to plan in advance so that you will have more time to spend with your family and your holidays will go more smoothly.

Mrs. Virgil Johnson presented the special feature, "Love for America." Her talk was interspersed with slides of historic points in Washington, the highlight being the beautiful memorial and honor guard to the Unknown Soldier.

Following the meeting, Mrs. McDaniel served a refreshment plate. The Christmas meeting will be held Dec. 18 at Mrs. Virgil Johnson's home.
