THAT WAS good advice Mr. Norton's father gave him about not paying any attention to the kick of a donkey, but he ought to have gone a little further and told his son not to monkey with the business end of a wasp or fool with a "two-bit editor" who were loaded for "Anarchist."

P. D. NORTON says THE STAR called him an anarchist and a communizer and alleges this as his excuse for his onslaughts against this paper.

WE call the attention of the public to the Dallas Elevator Co.'s ad. in this issue. We are assured by the Texas Farm and Ranch that this company is perfectly reliable and our farmers would do well to ship their grain to this company.

THE Breckenridge Texan, in writing up a recent marriage, wishes the handsome couple "the fullest measure of happiness and prosperity, feeling assured that none are more deserving of such attributes."

OUR old friend J. J. Callan, editor of the Coleman Voice, was recently made the victim of quite a joke by the citizens of that town.

MR. P. D. NORTON, alias "Anarchist," says if THE STAR wanted a fair discussion why did it not publish his article in full.

THE papers speak of the mainly art when they refer to the prize ring. If there is anything more brutal or degrading to society than a prize fight...

DR. McDOW, who killed Capt. Dawson, was acquitted at Charleston, S. C., a few days ago and he was banqueted and made much of as though he had done some grand and glorious deed in place of killing a man by shooting him in the back.

GOV. LOWERY, of Mississippi, swore Sullivan and Kilrain would not fight in his state, and even called out the militia to enforce the law.

THE murder of B. C. Evans by one of his trusted clerks for some trivial matter is causing widespread comment upon our jury system.

WE have sold S. S. S. since the first day we commenced the drug business, and have heard some wonderful reports of its effects.

THE people of Tarrant county have a chance to make an example of a red-headed murderer that will have a very lasting effect upon those who are so fond of the law into their own.

EDITORIAL CORRESPONDENCE.

TECUMSEH, July 13, 1889. Most all editors of large weeklies, or weekies with large circulations, usually take a vacation during the summer months.

"ANARCHIST" said the Manufacturers' association was the power behind the throne which influenced the opinions of THE STAR. P. D. Norton says THE STAR took its cue from the Fort Worth Gazette.

WELL, we smoked out "Anarchist" at last, and in last week's Prodrial he takes up a column over the signature of P. D. Norton.

Rev. J. P. Hulse, of the M. E. Church, south, assisted by Rev. Frank Cary and Snooty, began a protracted meeting at the Tecumseh school meeting at the Tecumseh school.

Philip Yost is running his thresher most of the time; however, it is stuck in the mud, but he does not stop for rain or mud holes—that is not much long at a time.

There is no better country or people anywhere than in the vicinity of Tecumseh and Eagle Cove.

A serious accident occurred at Oklahoma during the Fourth of July celebration, in which hundreds of people were more or less injured.

Two movements are on foot to get the negroes to exodus. One plan is to send 100,000 negroes to Oklahoma, and two prominent negroes of San Antonio have recently paid a visit to President Diaz with a view of settling a portion of Mexico with the negroes.

Kelly says he has discovered the missing link for his motor, and announces that he will shortly demonstrate the value of his invention.

THE town of Tecumseh consists of one general store, one drug store and a blacksmith shop, school house and postoffice.

DRY weather is now upon us and the farmers are engaged laying by their cotton.

CURRENT EVENTS DISTILLED.

The Salvation Army invaded Terrell, Tex., last week. Maj. Penn gave a protracted meeting at Clarksville, Tex. July 7.

Gen. Custer's widow is busily engaged in writing a history of the life of her famous husband.

A fire at Willis, Tex., burned out Carson & McKelbin's tin shop last week. Loss, \$1,000.

Wm. Throckmorton, of Griffin, Ga., has a 'possum farm where this famous animal is raised for market.

Vergil P. Kline, of Cleveland, will probably be the Democratic candidate for governor of Ohio this fall against Frothingham Yokum.

A young man at Fokur, Tex., Wm. Bachon, deposited money with a merchant to pay his funeral expenses and then committed suicide.

San Antonio celebrated the glorious Fourth with a grand horse race. San Antonio never does things like other people no matter what the world may say or think.

A farmer named Head and a fiddler named Hull engaged in a deadly combat last week on Fish Creek, Cook county. Both parties are reported badly wounded.

Hon. George O. Jones, of Washington, ex-chairman of the defunct Greenback party, has issued a call for a convention to reorganize that party.

The great English ex-premier, Hon. Wm. E. Gladstone, is 80 years old and at last appears to be actively engaged in felling trees as a pastime.

### TORY

I called at S. L. Ogle's this morning for locals and I see the boys are still receiving new goods, and they are too numerous to mention. Just call and see them.  
Another big line of shoes arrived this week and I will be so crowded that I will almost give them away to get room. Come quick. T. E. Powell.  
John Bowyer, of Abilene, says he has the finest and the largest Holstein calf in the state, and its mother gives sixty pounds—over six gallons—of milk per day.  
M. J. E. McConnell, county attorney of Shackelford county, is in town, and we learn he will resign his office and locate in Baird. THE STAR welcomes Mr. McConnell to Baird.  
A baptism took place at the pond northeast of town last Sunday evening. Mr. N. T. Tucker was immersed in the faith of the Baptist church by Rev. Mr. Caperton.  
Ladies' slippers 65 cents; worth \$1 T. E. Powell.  
The Baptists of Baird will in a short time have a good building for church purposes. Their house is now up and the completion is only a question of a few weeks.  
The Ladies' Aid society of Baird (Baptists) held an ice cream festival Thursday last, at which they took in over \$30, which we learn is to add to their building fund.  
Judge T. H. Conner, our district judge, of Eastland county, came in last Monday on legal business. We acknowledge a very pleasant call. The judge returned home on Tuesday.  
We are indebted to Mr. W. R. Lotz for valuable assistance in getting out THE STAR last week and this. Also to Maj. D. Richardson this week for several items, which is highly appreciated.

before you take action. This road question is a matter of vital interest to every business man in town and they should see to it that all the roads leading to town are put in good condition during the summer.  
A suit was filed in the district court of Callahan county this week against the Virginia Land and Cattle Co. The suit is brought by Otis Bowyer, attorney, for Capt. W. C. Powell, who desires to have a receiver appointed to take charge of said company's property.  
The military company of Baird comes to a "halt." It seems Ellis Richardson has a letter from Adjutant-general King stating that the state has no available arms at present. Without arms the boys would make poor soldiers. They may, however, decide to organize and equip themselves with broom sticks, in which case they may ultimately attach themselves to the "Broom Brigade," which we think would be in pursuance of Scripture where it says "Go forth, multiply and replenish the earth."  
Eugene Barthold, grandson of Dr. Rettig, who has been sick for a long time, died last Friday morning. The body was carried to Henderson for interment. We extend our heartfelt sympathy to the family of the deceased. Eugene was a good boy and universally liked by all who knew him, and he leaves many friends here in Baird to mourn his untimely death. His mother arrived on Wednesday before he died. His father, Mr. Ed Barthold, came some time ago to carry Eugene home, but he was unable to make the trip.

Among the social events of the past week was the barbecue here on Thursday, 11th inst.  
A number of beaves, muttons, etc., were brought in and Capt. Whitley, of the steamer "Defeat," was made chief cook and vinegar dasher, and with his able assistants cooked the meats to a turn. Our people from the several neighborhoods arrived and a general good time was enjoyed by all.  
Speaking followed elegant music rendered by the Baird brass band. Judge Solomon introduced State Senator Glasscock, of Williamson county, who made an elegant speech, after which dinner was announced. The ladies were feasted first, and to the credit of the male visitors, we can say the ladies were not annoyed by crowding to the table, as is often the case, but all enjoyed the meal when the tables were replenished and the men and boys were admitted and all were amply provided for. After dinner Gen. Campbell, of Dallas, made a rousing speech in the interest of the Dallas fair, after which a number of our citizens repaired to the court house and organized a county committee to get up a county exhibit for Callahan county at the fair in October. It was ordered that a general mass meeting was to convene at the court house on the last Saturday in July. D. Richardson was made chairman and B. R. Webb secretary of the organization. At the close of this meeting our young people joined in a dance that consumed the remainder of the evening.  
We are happy to say not a drunken man nor any ill behavior was noted during the day.

Let us give the readers of THE STAR

remedy will admit that it is the most  
prompt, reliable and successful medi-
