Crowell Wildcats Swamp Chillicothe Eagles 42 to 6 Here Last Friday Night

Crowell High School football team had a very easy time of it here last Friday night over the Chillicothe Eagles by the score of 42 to 6. Coaches Ammonett and Don Welch, reserve center for Crowell, were entirely successful in their reserves entirely last half after having led up a 28 to 0 lead during the first two quarters.

Excellent talent for the Crowell coaches, George Moss, foxy signal caller, lead the reserves to two touchdowns in the third quarter. Don Welch, reserve center for Crowell, was all over the field, and looked good. Guy Todd, Jackie Hickman, Jerry Eubanks and Bill Smith also looked good on Crowell's two offensive drives during this third quarter.

Moss tossed a beautiful 30-yard pass to Don Welch, who had been shifted to left end, to set a score up on the five yard line. Guy Todd covered these five yards for the first score of the second half. Moss passed to Welch for the extra two points. Jackie Hickman, Crowell right halfback, ran 15, 9 and 14 yards on three straight gains to score the final Crowell tally.

Leland Hopkins, halfback for the Eagles, made Chillicothe's lone touchdown on a 7-yard run just before the game was over. This score was set up on an intercepted pass by Johnny Bivins, Eagle right halfback.

This lopsided 42 to 6 score gave the Crowell coaches an opportunity to use their reserves and give some of the regulars a much-needed rest. The Wildcats play the strong Quannah 2A team this week. Quannah gave the 3A Vernon Lions a good shellacking last week to the tune of 22 to 0.

Four Top Foard County 4-H Records to Be Judged in State Competition

Foard County 4-H Clubs have four top 4-H records going to the State judging. Those winning district awards are: R. H. McCoy, first in safety; Cecelia Drabek, first in canning; Margie Rasberry, 3rd in Santa Fe. Top four go to state in this awards program:

Charles ten Brink, \$15.00 for 4th in electric. Top 4 in this program also go to state.

Others from Foard County who placed in the district awards program are: Janie Bowers, second in leadership; Wanda Moore, 3rd in girls' achievement; Janice Morris, 3th in girls' home economics.

Twenty-two counties from District 3 participated in these awards programs. In all, 67 4-H records were turned in.

"We are very proud of these 4-H Club boys and girls and the work they have done," Mrs. Mary D. Brown and Joe Burkett, County Extension Agents, declared.

He joined the Margaret Methodist Church at an early age and remained an active member of the church until his health failed. He lived a consistent Christian life and was a highly respected citizen and loved by all who knew him. He had a host of friends in both Foard and Hardeman Counties.

Survivors include Mrs. Taylor; three sons, Hardy Taylor of Los Angeles, Calif., Rayburn Taylor of Dallas, and Henry A. Taylor of George West, Texas; one daughter, Mrs. Dora Fay Wharton of Dallas; four brothers, Sam of El Reno, Okla., Lester of Portland, Ore., Luther and Walter of Amarillo; three sisters, Mrs. John Mahoney of Dallas, Mrs. George Wesley of Margaret and Mrs. F. M. Brooks of Dallas; 11 grandchildren and four great grandchildren, and a large number of nieces and nephews.

J. M. Hill Jr. was one of 90 Texans whose names were drawn Monday, Sept. 8, for the controlled hunt of prong-horned antelope in the Panhandle area. There will be two hunts Oct. 14-16 and 17-19.

Permits have been filled out at the Austin office of the Commission and will be mailed to the ranch operators. Hunters will be notified as to which hunt-period and ranch they have been assigned.

Headquarters for the hunters will be either at the DeSoto Hotel in Dalhart or at the Vega Courts in Vega.

4-H Boy to Show Sheep at Abilene Fair This Week

M. L. Speer, Foard County 4-H Club boy, is showing 10 head of his registered Hampshire sheep at the West Texas Fair in Abilene this week.

M. L. will have entries in the following classes: one sheep in the yearling ram class, 3 sheep in the yearling ewe class, 3 sheep in the ram lamb class, and 3 sheep in the ewe lamb class.

In addition to the above, M. L. will show one pen of three yearling ewes, one pen of three yearling lambs, and a pen of three ram lambs. He will also show an exhibitors flock consisting of one ram, two yearling ewes, and two ewe lambs.

He will also compete in the get-of-sire class which is composed of four sheep any age from the same sire. His sheep will be judged Thursday, Sept. 18, beginning at 8 a. m.

M. L. plans to show his sheep the following week, September 22-27, at the Texas-Oklahoma Fair at Iowa Park.

Two new vehicles were registered in the office of P. W. Taylor, sheriff, tax assessor-collector, on Sept. 1 and 2. They are: Sept. 1, V. A. Johnson, 1958 Ford pickup; Sept. 2, Vernon Key, 1958 Chevrolet 4-door.

Wildkittens Defeat Chillicothe Last Monday Night

The Wildkittens, Crowell's Grade School football team, won over the little Eagles at Chillicothe last Monday night by the score of 14 to 8. This team had previously lost to the Lockett team one week ago by the score of 32 to 16. Dale Doyal was the "big gun" on offense for the Kittens.

Other boys representing Crowell in this contest were Bob Borchardt, Dias Lape, Paul Bax Ekern, Junior Hopkins, Jimmy Hudgens, Tommy Polk, Jimmy Thompson, Johnny Black, Joe Drabek, Jimmy Pen-dergraft, John Carl Borchardt, Larry Henry, James Corder, Kenneth Carroll, and Kenny Hough.

The Crowell "B" string also won Monday night from Chillicothe's "B" team, 14 to 6. Jackie Hickman and Don Welch scored touchdowns. Other backfield boys playing for Crowell were Wesley Cummings, George Moss, Guy Todd, and Ronny Bradford. Linemen for Crowell were Jerry Eubanks, Bryant Thompson, Taylor Johnson, Jerry Setliff, Charley Gidney, James Borchardt and Bill Smith.

J. H. Taylor Died Sunday After Lengthy Illness

Funeral Services Held at Margaret Tuesday Afternoon

Funeral services for J. H. Taylor, 79, long-time resident of the Margaret community, were held in the Margaret Methodist Church Tuesday afternoon, September 16, at 2:30 o'clock conducted by Rev. E. J. Knoy of Plainview, Rev. Tommy Beck, pastor of the church, and Rev. Clarence Bounds of Margaret.

Interment was in the Crowell Cemetery with Womack Funeral Home in charge of arrangements.

Funeral bearers were D. L. McGill, Gordon Taylor, Jimmy Moore, John Wesley, Raymond A. Bell and J. D. Mahoney.

A special musical number for the services was a duet, "In the Garden," sung by Mrs. W. A. Dunn and Mrs. Bob Thomas with Mrs. W. F. Bradford as accompanist.

John Hardy Taylor was born Feb. 23, 1879, in Robertson County. He came to Foard County as a young man with his parents, the late Mr. and Mrs. William Taylor, in 1897.

He was married to Miss Myrtle Dunn on Sept. 9, 1903, at the old W. T. Dunn place near Margaret. Five children were born to this union, four of whom survive. One daughter, Ramona Rue Locke, preceded him in death in 1933.

Mr. Taylor and his family moved to New Mexico in August, 1907, where he homesteaded a section of land and remained there until 1919. During that time he made many trips back and forth in a covered wagon between Elida, N. M., and Margaret. After returning from New Mexico to Margaret, he farmed in that community until 1924 when they moved to the Jackson Springs community in Hardeman County, and lived there until 1926, moving then to the Medicine Mound community in that county. The family moved back to the Margaret community where Mr. Taylor lived the remainder of his life.

He joined the Margaret Methodist Church at an early age and remained an active member of the church until his health failed. He lived a consistent Christian life and was a highly respected citizen and loved by all who knew him. He had a host of friends in both Foard and Hardeman Counties.

Survivors include Mrs. Taylor; three sons, Hardy Taylor of Los Angeles, Calif., Rayburn Taylor of Dallas, and Henry A. Taylor of George West, Texas; one daughter, Mrs. Dora Fay Wharton of Dallas; four brothers, Sam of El Reno, Okla., Lester of Portland, Ore., Luther and Walter of Amarillo; three sisters, Mrs. John Mahoney of Dallas, Mrs. George Wesley of Margaret and Mrs. F. M. Brooks of Dallas; 11 grandchildren and four great grandchildren, and a large number of nieces and nephews.

News About Our Men in Service

Airman First Class Willie P. Roberson, son of Floyd Roberson of Truscott, has been selected airman of the month at McClellan Air Force Base in California. Roberson was commended for his "high degree of tact and polish" used in performing his supply duties as well as the conscientious and thorough manner in which he performs his assigned tasks. Overseas duty includes Navy assignments in the Pacific theater during World War II and the Korean conflict. Following completion of his studies at the University of Texas, Roberson enlisted in the U. S. Air Force and spent one year with the Joint American Military Mission for Aid to Turkey U. S. Logistics Group. He was assigned to McClellan in November 1957.

Goose Bay, Labrador—Lt. Carlton R. Damonte, husband of the former Miss Marketta Louise Painter of Crowell, recently participated in a life saving mission at this subarctic base.

Just after midnight on a cold foggy morning a call was received by the 54th Air Rescue Squadron, from one of the lonely radar outposts of a northern defense line, that one of the airman manning the site was critically ill. The 54th was quick to respond by sending one of its helicopters, with Lt. Damonte as pilot, to the radar site to pick up the stricken airman and evacuate him to the Goose Air Base hospital.

Flying in hazardous weather conditions, the helicopter crew brought the airman to Goose Air Base and to a waiting ambulance which quickly carried him to the base hospital. Immediately an emergency appendectomy was performed, thus saving the airman's life.

It is the courageous efforts of rescue crewmen like Lt. Damonte that has enabled the Air Rescue Service to save thousands of lives in the past and to continue to save lives in the future.

Lt. Damonte received his basic pilot training at Reese Air Force Base near Lubbock and his advanced training at Randolph Air Force Base. He is the son of Mr. and Mrs. J. T. Damonte of Windsor Locks, Connecticut.

Crowell People Attend Heart of Texas Ramble

A. B. Calvin and E. Kenner, members of the Abilene Regional Group of the Horseless Carriage Club of America, attended the annual Heart of Texas Ramble in Waco, Sept. 13 and 14.

This tour included a drive of 40 miles from Waco to Lake Whitney, several types of contests and prizes for the best cars in each class. Over 49 of the best cars in Texas, dating from 1903 to 1931, participated in this tour.

Mr. Calvin, one of the judges of the 1900 to 1909 class, received the second place trophy for his 1912 Metz roadster in the 1910 to 1913 class.

Mr. Kenner, a judge in the 1916 to 1927 model T Ford class, got second place in the balloon race with his 1912 model T Ford.

Enrollment in Crowell Schools Shows Increase of Twelve over Last Year

The enrollment in the Crowell Public Schools is up twelve over what it was on this date last year. This is the first time in several years that the membership has been over what it was the previous term.

The enrollment by grades this year is as follows: First grade, 51; Second grade, 41; Third grade, 41; Fourth grade, 46; Fifth grade, 43; Sixth grade, 44; Seventh grade, 48; Eighth grade, 45; Ninth grade, 48; Tenth grade, 45; Eleventh grade, 39; and Twelfth grade, 44. The three grades that are below last year's enrollment are the second, third, and eleventh. The others all show an increase.

The primary department has 179 children, three more than last year. The elementary department has 180, three over last year. The high school membership is 176, an increase of six.

There are twenty-five teachers in the white school, sixteen in the grade school, and nine in the high school.

The Crowell Colored School has only ten grades this year with an enrollment of 56. There are three teachers in this school. There are nine students in the upper two grades and they are attending Vernon Colored High School.

Moisture Falls Over Foard County Monday Morning

Good Creek Area Receives Up to 3 Inches; .45 Here

Rain, totaling as much as three inches in the Good Creek community and west of Crowell was received Monday morning. Only .45 inch was recorded by the government gauge in Crowell.

The east and north portions of the county received from one half to about an inch.

Much of the Foard County wheat crop had been dry-sowed, and the rains will be of great benefit in bringing up the wheat for early pasture.

Temperatures recorded here this past week follow:

Thursday: high 92, low 71.
Friday: high 90, low 66.
Saturday: high 91, low 65.
Sunday: high 86, low 81.
Monday: high 85, low 71.
Tuesday: high 85, low 70.
Wednesday: high 83, low 57.

Grand Jury to Meet Monday

The following Foard County residents have been summoned by Sheriff P. W. Taylor to appear at the court house Monday morning for grand jury duty:

Mrs. Darvin Bell, Emmett Martin, Martin F. Jones, Mrs. Ed Huskey, Ray Brown, Ray Iseng, Bill Lynch, Mrs. Grady Halbert, Cecil Carroll, Mrs. Bill Cates, Jim E. Norman, Vernon Whately, Travis Vececa, Thomas L. Tampion.

The grand jury was to have met Tuesday of this week but was postponed until Monday on account of the illness of District Judge Jesse Owens.

Wildcat Planned on Big Four Ranch in Foard County

Five miles west of Foard City in Foard County, McMahon-Bullington Drilling Company of Wichita Falls, will drill a 6,750-foot wildcat as the No. 1-A Big Four Ranch Company, 467 feet from south line and 1,843 feet from most westerly west line of section 56, block 44, H&TC survey.

Eight Bales Ginned at Crowell Co-Op. Gin

Eight bales of the 1958 cotton crop had been ginned by the Crowell Farmers Co-Op. Gin, H. C. Duncan, manager, reported Wednesday morning.

The first bale, belonging to Hall & Zeibig, was ginned the first of last week. It was graded strict middling and weighed 507 pounds, bringing 35.89 cents per pound.

Farmers Have Choice of 2 Allotments

According to Ray Hysinger, chairman, Foard County ASC committee, the Secretary of Agriculture has announced that alternate (Choice B) farm allotments for the 1959 crop of upland cotton will be 40 per cent larger than the regular (Choice A) allotments for the same farms.

Under Section 101 of the Agricultural Act of 1958 (approved August 28, 1958) the Secretary is authorized to increase regular upland cotton farm acreage allotments by "not to exceed 40 per cent" for those who elect Choice B under the cotton allotment program. The determination announced September 5 means that such farmers may increase their 1959 upland cotton acreage for the full 40 per cent.

As provided by the legislation, if marketing quotas are in effect, each farm operator who has an upland cotton acreage allotment will have the following choice in 1959 between programs—Choice A and Choice B. (In the event marketing quotas were not approved by the producers, this optional choice plan would not be in effect):

(A) He may elect to grow his crop in compliance with his regular upland cotton acreage allotment, in which case he will be eligible for the full level of price support available for the crop (not less than 80 per cent of parity for 1959); or

(B) He may increase his upland cotton acreage by not more than 40 per cent over his regular farm allotment and be eligible for price support at a level which is 15 per cent of parity less than the level available under Choice A.

If any person operates more than one farm with an upland cotton acreage allotment, he must elect the same choice for all his farms; he may not elect Choice A for one farm and Choice B for another.

For the 1959 crop of upland cotton, each farm operator will be informed of the Choice A and Choice B farm allotments applicable to his farm.

Flower Bearers Listed for Blanche Hays Services

Active flower bearers at funeral services last week for Miss Blanche Hays were Leoma Rasberry, Effie Johnson, Maxine Messon, Marie Callaway, Mayme Lee Collins, Sally Archer, Florence Black, Ruth Kenner and Jo Hitt of Crowell, and Minnie Karcher of Thalia; Alice Smith, Auvarie Dodson, Alice Magee, Frances Drury, Helen Givens, Maurine Knowles, Iris Roberts and Frances Marie Owens of Quannah.

Honorary flower bearers were nurses and employees of the Foard County Hospital staff.

Lions Club Meeting

Nineteen members and one visitor, Larry J. Doing of Wichita Falls, were present for the Tuesday noon meeting of the Crowell Lions Club.

The program was presented by Bob Tillerson of Vernon who made an interesting and informative talk on Scouting. Mr. Tillerson is a Scout executive for this district.

CROWELL AND QUANAH PLAY HERE FRIDAY

Crowell High School football will entertain the potent Quannah Indians here Friday night in their third contest of the season. The Indians have been picked by the experts to finish fourth in the State race this season. Crowell, a team picked to finish first in the State, defeated them in the first game of the season, 22 to 0. The Indians bounced back last week to shellack the Vernon Lions, 22 to 0, by the score of 22 to 0.

The Wildcats got off to a good start by winning over Seymour two points and Chillicothe 42 to 6. However, these victories left Crowell boys in a crippled condition. It is very doubtful that

Gerald Bradford, all-district halfback, will be able to play due to injuries. Other Crowell boys on the injured list are Bobby Barker, Duane Nichols and Jim Henry. These three should see some service against the strong Quannah team.

Quannah's line has a weight average of 174 pounds per man and two of their backs, quarterback Jim Cromartie and halfback James Smith, are candidates for all-state mention. The odds are too great for an upset as the Wildcats pulled last season when they won over this team 14 to 7.

Probable starting line-ups for the Crowell-Quannah game follow:

Crowell	Wt.	Pos.	Wt.	Quannah	No.
Gary Carpenter	172	Left End	172	Alvin Ecott	73
Joe Barry	162	Left Tackle	190	Charles Swindell	71
Taylor Johnson	160	Left Guard	163	Dan Carroll	66
Tom Crowell	162	Center	162	Eddie Horn	69

Education—A Big Business

Today, education is truly a big business. Our nation has recognized the fact that in order to remain superior to other nations we must improve our standards of education. As it has helped agriculture and other phases of business in the past, it is now giving more government aid to education. This comes in the form of scholarships and loans to college students.

Big businesses must have management and labor; so must our schools—the superintendent, principal and teachers are the manage-

ment, and students as the laborers. All businesses must have rules and regulations for their employees; likewise, in schools, we are under rules which are best for all concerned.

Most modern businesses furnish some forms of relaxation and entertainment for their employees. Schools are not unlike this—we have various assemblies and activities to keep us out of the same old grind day after day.

Of course, all businesses are operating to realize a profit. We, as high school students, can reap profits from a school career which will repay us many times for our work and effort put forth. Businesses sometimes fail and go bankrupt because of lack of interest or lack of work. Students fail for the very same reasons.

Businesses take inventory of their stock at the beginning of each year; so let us take inventory of ourselves and see what we have to offer and what we need to complete a good, well-rounded education. Let's make this "business of education" a real business!

Meet Our Ham Radio Enthusiasts

In our midst are four enthusiastic ham radio fans: Robert and Gordon Fish, Eldon Whitman and Dennis Garrett. They find their hobby to be great for those interested in electronics; it is also fascinating to be able to span miles through space by using radio waves. Generating these waves consists of a sending and receiving set. Using the equipment makes it possible to talk to other hams, of which there are 123,000 in America alone. The ranks are gaining 10,000 people a year according to Federal Communications Commission count.

To be able to pass a ham, one must be able to pass a code and theory test issued by the FCC and given by a licensed amateur. The test is comparatively easy, considering the amount of enjoyment one receives once he has a workable set.

Great indeed must be the amateur radio hobby if it is so widely practiced that it is recognized and licensed by most of the civilized countries of the world; so valuable to nation security that it is sponsored by the United States Army, Navy and Air Force; so that it is encouraged by the electronics industry as a whole; so unselfishly dedicated to public service that it has earned the praise of municipal officials everywhere.

No wonder thousands of new converts are attracted to the "ham game" every year.

We invited these "hobbyists" to let us in on anything of unusual interest that they "tune in" on in their daily visits across the nation.

Rev. Carl Hudson Speaks to Student Body

The high school student body and faculty were honored to have Rev. Carl Hudson, pastor of the First Methodist Church of Crowell, as a guest speaker last Tuesday in assembly.

Lois Ann Painter and Charlotte Sledge, accompanied by Janie Bowers, sang "I Believe" and "Near to the Heart of God," which prepared everyone for serious thoughts.

Bro. Hudson brought a very inspiring message on the subject "What Can We Learn from Athletics?" He presented the following food for thought: If a thing is worth doing, do it well; doing a thing well will help make a game victorious; discipline makes activities creative; and competition makes activities inspiring.

If a thing is worth doing, it's worth doing well. Jobs done haphazardly reward little because you have to put something into what is being done in order to get something out of it.

Doing a thing well will help make a game victorious. Victory takes skill and ability which are accomplished through practice.

Discipline makes activities creative. When a game is played without discipline, it becomes destructive. The same rule applies to life.

Competition makes activities inspiring. Everything in life is competitive, and cooperation and fellowship makes any activity rewarding. Some people won't accept competition; they want to destroy. Athletics are great teachers if we let them teach us.

Students Acclaim First Southern Assembly a Success

Ray V. Maple presented the first Southern Assembly and High School student body last Friday.

Mr. Maple was employed in the Personnel Department of General Motors Corporation for many years. While thus occupied, he developed a number of interesting hobbies, including sand painting, ceramics, woodworking, and writing poetry. Recently he retired from General Motors, and sand painting his most fascinating hobby, has now become his vocation.

He has traveled many thousands of miles presenting his unique program to schools, lodges, churches, clubs, and other organizations. He has appeared on television many times.

This exciting and artistic hobby, sand painting, is a unique form of art that is seldom seen outside some of the Indian reservations in the Southwest.

Working on a black velvet canvas, Mr. Maple did all of his work upside down and backward. At the side of his canvas were 14 containers of colored sand.

A battery of lights, including black lights focused on the velvet, highlighted the sand's colors. Part of the sand containing fluorescent material glowed in the dark under the black lights.

Amusing, inspirational, and informative comments accompanied the painting of each picture.

A wide variety of subjects were painted, from the "greetings" card to the "the end" caption. Included among them were landscapes, humorous subjects such as "PTA" and such inspirational themes as "The Story of the Crosses." One of the most spectacular scenes done was the building of a house and then burning it down as the program closed with a curtain of falling sand.

Everything Mr. Maple did was as beautiful as it was unique. "Sandorama" is a fitting name for his program, and it emphasized the value of hobbies.

The student body is indeed fortunate in having the opportunity of seeing six unique programs each year for the total nominal cost of fifty cents.

I'll See You at the Ball Game

I was tired, very tired, last Friday night; everything seemed to be wrong. My back, oh it hurt! My feet, how they ached! But someone said, "I'll see you at the game"—so I went to see Crowell vs. Chillicothe in a ball game.

The night was calm, the stars were out, the breeze felt good on my cheek. I soon forgot my aches and pains and I was glad I had gone to the ball game.

An enticing aroma, drifting from the concession stand, made my appetite grow and grow—so I drank a cup of coffee and ate a sandwich or two, and I was glad I had gone to the ball game.

The "rooting" section cheered long and loud. They showed school spirit for which I was proud. Suddenly the lumbago went out of my back. I jumped up and yelled "Go after them, by heck," and I was glad I'd gone to the ball game.

I cheered so much I became haggard and worn, so I thought at the half I'd relax and rest my poor corn, but the sound of the whistle and the toot of the horns brought me to attention as the band flashed by, and I was glad I'd gone to the ball game.

The A team looked grand, and at the half the score at 26-0 stood. Then the B string took over and played like Red Rover, making the score 42-6 when the game was over, and I was glad I'd gone to the ball game.

So, take my advice: don't look back twice, just grab your hat, bring a friend or two, and turn out tomorrow night to see the Wildcats and Indians in a friendly fight, and you'll be glad you went to the ball game.

The meeting was called to order, and every girl answered call with her favorite author. Then, Mrs. King emphasized importance of the library and librarians to the student body. She also explained duties of the librarian.

Lois Ann Painter talked to members about their appearance in the library. She gave pointers on how to find books according to the different types.

Plans for the "Dewey Game" were discussed. Lois Ann Painter was elected editor of the paper and Lou Ann Summers assistant editor.

Dee Ann Christian and Vera Porter, hostesses, served delicious refreshments.

As I was being taken to office Thursday morning (it was a sack! Just as I was recovering from the shock, I saw Bettie da coming down the hall wearing one too. (Guess these girls mentioned in Paris). Just as I was being ushered into the office, I did I meet but Bobby Barker Wesley Cummings sporting bed pants.

Then Friday morning as I taking the Constitution to Black, everything looked more familiar. As usual, the girls on their levis and gay colored shirts. Bobby and Wesley changed to their levis, too. Gerald Bradford became the center of attraction, wearing, course, bright red pants.

Sunday morning, as I was going to church, I was wearing my feet by the image of a Southern belle who turned out to our own Carole Fisch. The crowd.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford

Austin, Tex.—Texas Democrats now look toward 1960, the year some think they might nominate the next U. S. President.

And added to the party's tumultuous history is the 1958 Democratic convention. It was billed as a "harmony" meet, but more resembled a family reunion to fight over grandpa's will.

Gov. Price Daniel's liberal foes are hotter under their collars than ever, but despite their noisy opposition, the governor "ruled the roost" in San Antonio. And, with an executive committee acceptable to him and a platform reflecting his views, he holds the reins of party leadership for two years.

U. S. Sen. Lyndon B. Johnson and Speaker Sam Rayburn also were honored by the conventioners. Johnson was urged to become a presidential candidate.

Test in the struggle between Daniel's supporters and the liberal DOT faction championed by U. S. Sen. Ralph Yarborough came over the selection of a presiding officer. Congressman Frank Icard of Wichita Falls, with the support of Senator Johnson, Speaker Rayburn and a comfortable majority of delegates, snowed under Corsicana Judge Jim Sewell.

But the real grudge being nursed by the Yarborough faction was over the bouncing of two executive committee nominees selected by the delegates from their districts. They were replaced, on the recommendation of the nominations committee and vote of the convention, by people regarded as more friendly to the governor.

Liberals, who haven't been "in" with a Texas governor for years, have fought bitterly against this traditional veto over the make-up of the executive committee. They feel the committee members should be like a legislature, reflecting the varying views of the sections which elect them.

Having lost out on this, as in 1956, they howled protests and finally stomped out, as before, promising revenge.

LEADERS—Jim Lindsey of Texarkana will serve a second term as chairman of the Democratic executive committee. So will Mrs. R. Max Brooks of Austin as vice-chairman.

J. Ed Connally of Abilene succeeds Jake Jacobsen, the governor's administrative assistant, as

secretary.

Forty of the 62-member committee are newly elected.

PRINCIPALS—State rights and cooperation within the official party framework were stressed in the Democratic convention resolutions.

Delegates resolved against: (1) Unauthorized use of the name, Democrats of Texas, by the DOT, (2) "overstepping of power" by the U. S. Supreme Court, (3) use of military troops to enforce school desegregation, (4) state income or sales taxes, (5) excessive foreign imports and (6) federal aid to schools.

The favored (1) enactment of laws to prevent members of one political party from voting in the primary of another and (2) Governor Daniel's platform for the next two years.

REPUBLICANS AGREE—Delegates to the GOP convention had little difficulty uniting on a "Down with the Democrats!" platform.

Conservative Democrats, they declared, must join with the Republicans to keep the country from going completely socialist.

With apparent nervousness, the Republicans adopted a "kid gloves" resolution on school segregation. They recommended the "solution in Texas be left to the people, the school boards and courts within this state."

Another resolution swatted at Democratic office holders who failed to support state rights legislation in the last session of Congress.

Republicans also affirmed their approval of Sec'y. of Agriculture Ezra Benson and their disapproval of federally financed hydro-electric dams.

SAME PAY, DIFFERENT WAY—Beginning this month, members of the State Board of Insurance are to be paid \$50 per working day rather than a straight \$15,000 a year.

This was Attorney General Will Wilson's ruling on a subject that was—and still is—a cause of strong feeling among legislators.

When the Insurance Department reorganization bill was being considered last session, House members strongly favored a full-time Board. Senate was just as set on a part-time Board.

Final compromise was a measure which said the Board should be full time for the first year with each member receiving \$15,000. Beginning in September, 1958, it was to become part-time with each member receiving \$50 per day. Up to 300 working days a year (worth \$15,000) was authorized.

Actually, to work 300 days out of 365 the Board would have to work Saturdays and holidays—or else give up vacations.

And an influential senator has openly implied there may be trouble if the Board doesn't comply with "legislative intent" that it serve part-time. Board members object strongly, say the work involved is at least a full-time job.

"SPEAKERS" STILL SPAT—So tense and tight is the race for Speaker of the House that the possibility of winning with Republican backing has become an issue.

Rep. Joe Burckett of Kerrville has accused present Speaker Waggoner Carr of Lubbock of seeking support among the GOP candidates for House posts.

Twenty-nine Republicans are opposing Democratic nominees for House posts. Conceivably, if a few, or maybe even one, of the Republicans won, his could be the deciding vote.

SERUM SHIPMENTS DEFENDED—A ban on airmail shipment of serums, vaccines and diagnostic specimens could be "disastrous," says State Health Commissioner Henry A. Holte.

A proposed amendment to postal regulations would allow airlines to refuse to carry such items. Dr. Holte said he felt danger to handling personnel was small compared to the crippling effect such as a regulation would have on the machinery for combatting disease outbreaks. "Numerous cases could be cited," he said, "where rapid transit was essential for diagnosis and identification."

Opposition to Federal Aid to All Private Schools

"... There is a group in the Education-Labor Committee of the House (and a similar group in the Senate) which argues that Federal money must be given to private schools—if they are to agree to go along with Federal aid to public schools. Because this is aid to little children, and pertains to education, which everyone supports, we are generally lax in applying the clear-cut limitations of the Constitution on the question of complete separation of church and state."

"We are opposed to Federal financial aid to all private schools—not just some. Yet we have often praised the private colleges of this country, which play such a vital and valuable role in our educational life."—Canton, Ga., North Georgia Tribune.

Outside the United States, baseball is played most extensively in Canada.

More Nitrogen May Be Needed on Wheat Crop

The heavy stubble from last year's wheat crop is responsible for a situation which makes the use of nitrogen fertilizer more important for this year's crop. The situation, says W. F. Bennett, extension soil chemist, means that more of the soil nitrogen will be tied up in the process of decomposing the heavy stubble and a nitrogen shortage will exist.

This shortage would result in a reduced growth rate for this year's wheat crop during the fall and winter months, says Bennett. The nitrogen needs will vary depending upon the amount of stubble and present level of soil nitrogen. Nitrogen needs at planting time, believes Bennett, will generally vary from 20 to 50 pounds an acre. A soil test can be used to determine the amount.

Phosphorus and potash are found in good supply in some soils but in others these vital plant food elements may be deficient. Here again a soil test could prove most helpful.

Bennett says that in addition to the nitrogen applied at the time of planting, another application in late January or early February might prove profitable if the supply of soil moisture is good or if the wheat is irrigated.

For information on soil testing, a chemist suggests a visit with the local county agent. Generally, he adds, about 10 days are required for making the laboratory determinations on the soil sample and for getting the results back to the farmers.

Question: My husband I have been separated for 15 years, but we have never gotten a divorce. I understand that I am now eligible for wife's benefits. What do I need to do in order to apply for benefits?

Answer: You should take your husband's social security number and your marriage certificate to your local social security office. Under the law it is possible that you may be eligible for wife's benefits if your husband is drawing a social security benefit.

Question: I recently married. What should I do to change my name on my social security card?

Answer: Obtain form OAA-N-7003 from your local post office or social security office and complete it and return it to your social security office with a portion of your social security card.

Question: My husband is 70 and is drawing social security benefits. We have been married three years this month. What evidence should I present to show that I am eligible for a wife's benefit when I am ready to apply for my social security benefits?

Answer: You and your husband should go to your social security office and present proof of your age and your marriage certificate. Also your social security number if you have one.

Question: I work as a domestic and am not sure my employer is reporting my wages to social security. Is there any way that I can check?

Answer: Yes. If you wish to check your record, call, visit or write your nearest social security office and ask for postcard form OAR-7004. This service is free.

Foard County Farmers Use Planned Waterways

by James H. Herring

Are your waterways and terraces planned so that they will drain the excess water off the farm without damage to the land and without hurting any of your neighbors?

In the Foard County portion of the Lower Pease River Soil Conservation District there are 525 farms which have conservation plans with the district. Of the 525 farms, it is estimated that 126 have a need for permanent grassed waterways or individual terrace outlets to safely dispose of excess water or to divert water from county road ditches. If you are going to practice conservation farming you should have a plan for doing all these things, as well as many others needed for soil and water conservation.

You hire an architect to draw up a detailed plan if you are going to construct or remodel a large building. Then you hire a construction engineer to supervise the construction. In like manner, you need a detailed plan if you are going to change your system of farming and install needed conservation practices such as waterways and terraces. The district furnishes trained Soil Conservationists to do this type of work, just as architects are trained to make plans for buildings.

Henry Borchardt took advantage of the assistance from his district for planning a permanent vegetative waterway to allow a safe disposal for terrace water. He did not have a pasture to dispose of excess field water. The only outlet he had was a county

road ditch, which already had as much water as it could handle, so he planned with Soil Conservationists to provide a shaped waterway adjacent to the county road ditch to handle the excess water that was later to be emptied into it by terracing.

In the summer of 1956, he asked for technical assistance from the district to design a waterway for this particular field. Then in the spring of 1957, he seeded the waterway to sideoats grama, blue grama, Buffalo, and vine mesquite. This year the waterway was well enough established to permanent vegetation to empty two terraces into it. Later this year Mr. Borchardt plans to finish this terrace system.

By having a detailed conservation plan, as did Mr. Borchardt, you too can provide conservation measures to fit the needs and capabilities of your land and suit your desires and needs. If you own one of the 126 farms in this district, which have plans to terrace, contact your district supervisors or SCS technicians for assistance in designing and laying out an adequate waterway to handle excess water.

Dinner Honors Visitors from Roaring Springs

A basket lunch was served at the home of Walter Nichols Sunday in honor of Mr. Nichols' sisters, Mrs. Jack Meason and Mrs. John Shirley of Roaring Springs, who are visiting here.

Other relatives who enjoyed the day with Mr. Nichols included his brother and wife, Mr. and Mrs. Grover Nichols, his sister-in-law, Mrs. Claude Nichols, Foy Nichols, Mr. and Mrs. Claren Nichols and children, Shirila, Mike and Charles, Mr. and Mrs. Sherman Nichols and son, Duane, Mr. and Mrs. Tom Nichols and son, Jimmy Pendergraft, Mr. and Mrs. Bill Nichols and daughter, Carol, Mrs. Ector Solis, Frank Meason and Ray Aydelotte, all of Crowell; Mr. and Mrs. J. D. Bursey and children, Jannice and Seth, and Mr. and Mrs. David Burkey and children, Kennie and Rickie Dale, of Quannah.

Each family brought a basket lunch and the day was enjoyed by all present. There were 31 present for this home-coming and all express thanks to Mr. Nichols for his hospitality and an opportunity to visit with relatives.

A Letter from God

There is one address in Chicago unpopular with mailmen. It belongs to Mr. W. Schultz, author, inventor and business consultant.

On an average day, Mr. Schultz receives 200 pieces of mail, but sometimes the figure goes up to more than 1,000 letters, cards and circulars.

Collecting mail is Schultz's hobby and the love of his life. His name is on more than 10,000 mailing lists and it goes on ten new ones every day. He spends an hour each evening analyzing and classifying new ideas and methods of direct mail advertising—a field in which he is an expert.

The biggest headache of his avocation, he says, comes from having to weed out duplications. Recently he received 179 spring catalogs from a mail order house, and 39 copies of a seed catalog, all from the same firm. One well-known eating club sent him 69 special invitations to join up.

Unlike Mr. Schultz, few of us bother to consider it unimportant. And few of us bother to read the Bible, God's great letter. Is it too unimportant?

The Bible is a lamp to our feet, a light to our path, and the gate to heaven. It is food for the hungry, water for the thirsty, and rest for the weary. The Bible is light for the heathen, salvation for the sinner and grace for the Christian.

The Bible gives us vital information, inspiration and consolation. It is a true friend, a wise counselor and a faithful guide. As a famous preacher once said, the Bible is the one book that knows the human heart—knows how to speak to it and how to answer its questions.

Are you reading God's letter?

More Money in Research, Promotion and Advertising

"Companies with an aggregate of more than 5 million workers have turned to self-help programs to pull themselves out of a recession. Those putting more money in research, promotion and advertising report sales up, and profits expectations higher. By the same token, pessimists are those who have pulled the shutters after them in the storm. These are some of the findings of American Management Association, which polled its members as they gathered for the economic mobilization conference to exchange views on restoring prosperity." — West Point, Miss., Daily Times Leader.

Soil Conservation District Election Set for October 7

Zone 5 residents of the State's 173 soil conservation districts have an election date to keep on October 7, Joe Burkett, County Agent, classifies the election as very important and urges all eligible voters to cast a ballot.

A qualified voter, according to Burkett, is a Zone 5 landowner who is over 21 years of age. Wives of landowners are also eligible to vote and the agent urges them to do so since they too are interested in soil conservation district activities.

Zone 5 voters will elect a farmer or ranchman as their supervisor and representative on the Soil Conservation District Board for the next five years. The election will be held Tuesday, Oct. 7, at the Farmers Co-Op, Station in Thalia. Zone 5 includes all the land east of highway 283 in Foard County.

The agent points out that the soil conservation districts are subdivisions of the State of Texas and are governed by locally elected farm and ranch landowners. The districts play a major role in local soil and water conservation programs. Through them technical assistance, equipment, leadership in small watershed projects and many other services are provided to the cooperating landowners.

It is because of the great importance of the districts and the supervisors who direct their programs that Burkett urges all eligible voters to participate in the October 7 election.

The county agent, soil conservation service personnel or soil conservation district supervisors can supply information on the election and also on how a farm or ranch owner may become a district cooperator.

Type, Age of Kenny Patients Almost Completely Changed

Minneapolis, Minn.—Type and age of patients receiving Kenny treatment and rehabilitation under the expanded program of the Sister Elizabeth Kenny foundation throughout the nation have changed almost completely during the past 15 months, according to Dr. Paul M. Ellwood, Jr., assistant national medical director.

"Overwhelming majority of cases now are strokes, cerebral palsy, arthritis and paralysis from spinal cord injuries," Dr. Ellwood said. "It is gratifying to see how readily the Kenny staff of medical people, vocational counselors, psychologists, social workers and others has been able to turn its attention from polio patients to victims of other crippling illnesses. Demand for Kenny services now is unprecedented."

Handling of stroke cases is one of the major medical problems facing the nation today, Dr. Ellwood pointed out. It is estimated that there are two million stroke patients, with paralysis on at least one side of the body, in the United States, he declared. The Kenny foundation is "going all out" in helping to rehabilitate stroke victims, he added.

"While centering major attention on other neuromuscular disabilities, the Kenny foundation remains staffed and equipped for treatment of new cases of acute polio and rehabilitation of those with residual disabilities from having been victims of the dread crippler in the past," Dr. Ellwood said.

As regards change in age of patients, Dr. Ellwood asserted that the Kenny foundation, in common with the entire medical profession, is now devoting more and more attention to the disabilities and diseases of old age which a few years ago were regarded as incurable.

Stressing that the number of persons over 65 in the U. S. has increased 300 per cent since 1900, Dr. Ellwood said, "The satisfaction in being able to return a crippled 'oldster' to self-sufficiency, instead of relegating him or her to a rest or nursing home, is great indeed. This is accomplished by teaching people to live full lives, in spite of their disabilities."

Star Entertainers On Radio, TV for Kenny Fund Drive

Minneapolis, Minn.—A galaxy of radio, screen, stage and television stars is being heard and seen in recorded and filmed appearances on national radio and television in the United States in support of the annual fund appeal of the Sister Elizabeth Kenny foundation now in progress, according to Marvin L. Kline, national executive director.

"Musical Showcase," a series of 15-minute televised radio shows, features Jill Corey, Bob Crosby, assisted by the "Bob Cats" and the "Modernaires," Mindy Carson, Steve Lawrence, Eydie Gorme, Frankie Laine, Pat Boone, the Andrews Sisters, Sammy Kaye and his Orchestra, Georgia Gibbs and Felicia Sanders.

"Disc jockey cut-ins" for radio have been made by Tennessee Ernie Ford, Rosemary Clooney, Gale Storm, Johnny Mathis, Gisele MacKenzie, Ray Anthony and his Orchestra, Tab Hunter, Nat "King" Cole, Tommy Sands, Guy Lombardo and his Orchestra and Debbie Reynolds.

Stars heard on "Celebrity Spots," 30-second and one-minute announcements, include Arlene Dahl, Richard Carlson, Hal March, Willard (The Great Gildersleeve) Waterman, James Arness, Don McNeill and Alfred Hitchcock.

"Expansion of the Kenny program to include treatment and rehabilitation for persons of all ages with neuromuscular disabilities as well as those with polio is stressed by the stars in their fund appeals," Kline said.

Marine Recruiter to Be in Vernon Every 1st Tuesday

Sgt. Jim Moore, of the Marine Recruiting Station in Wichita Falls, is now making regular stops at the Vernon court house on the first Tuesday of each month, from 10 a. m. to 2 p. m.

Two Marine recruiting programs recently announced are the buddy plan and the Marine aviation program. Under the buddy plan, two or more can enlist and stay together through recruit training. In the aviation program, a young man can enlist for aviation duty only and is guaranteed he will be sent to Jacksonville, Fla., for the Aviation Fundamental School.

UNCLE LUKE IS A SKEPTIC

To be truthful about it, Uncle Luke is plumb "ornery" about a lot of things. He rants at the blasted "airplanes" that scare his chickens . . . he fusses about the way women dress nowadays . . . he's never been to a picture show . . . and one of his pet hates is those "ix*x*" squawk boxes" somebody around the house is always turning on while he's trying to read his newspaper. Oh yes! Uncle Luke likes his newspaper . . . dots on it, in fact. Says it's the only way a feller could tell what's really going on in this crazy world nowadays.

Thank goodness we don't have to put up with many of the things Uncle Luke fusses about. But you have to read the paper to know what's really going on in this crazy world nowadays.

Prison Rodeo Has Star Performers Among Inmates

While the spotlight of the 27th annual Texas Prison Rodeo will be on five of the nation's top television and singing stars, 10,500 inmates of the Texas Department of Corrections want rodeo fans to know they will have some "stars of our own" in the lime-light each Sunday in October.

Albert Moore, veteran Prison Rodeo director, announced that in addition to inmate cowboys who have proven their ability in the arena during the past few years, there will be a number of new faces whose performances may surprise the "experts."

"Because of the way we get up our rodeo," Moore commented, "it's hard to predict what will happen as has been proven in past shows. Just about the time things may seem a bit dull, someone comes out of a chute to give fans the thrill of their lives."

Moore pointed out that the reason the Prison Rodeo is rough and tough is the fact that inmates get only two practice tryouts before the rodeo on prison rodeo stock brought in from the prison's several farm units.

Since inmate performers know that the success of the rodeo means more funds for their welfare program, they don't "spare the horses or bulls" to make every effort to please the crowds.

This year's top-flight stars to make personal benefit appearances at the rodeo include Richard Boone on October 5; Dale Robertson on October 12; Ward Bond on October 19; and Robert Culp and Tommy Sands on October 26.

Of course, inmates are happy about the coming rodeo, but they agree that no matter how good the show is, it will be better when they can see the stands of the \$1 million prison stadium in Huntsville filled to capacity.

Reserved seat tickets, at \$2.40 and \$4.40 each, may be purchased in advance by writing Rodeo Ticket Office, Huntsville, Texas, enclosing check or money order.

Social Security Tax to Be Increased Jan. 1st

Beginning January 1, 1959, the social security tax rate for employees and employers will be increased to 2 1/2 per cent each.

The rate for self-employed people will be 3 and 3/4 per cent for next year. These rates are scheduled to increase again in 1960 and every 3 years after that until they reach 4 1/2 per cent for employees and employers and 6 and 3/4 per cent for self-employed people in 1969 and thereafter.

Starting next year, the law provides that the first \$4800 of earnings in a year, rather than \$4200 as now, will be taxed for social security and will count toward social security benefits.

Two of Nation's Best Bands to Play at State Fair

Those folks whose pulse quickens when they hear the ruffle of drums and the blare of trumpets will have more than their share of thrills at the 1958 State Fair of Texas, where the martial music of top-notch military bands will resound almost continuously from one end of the big fairgrounds to the other.

Two of the outstanding service bands in the nation will be on hand during the 16-day fair, Oct. 4 through 19.

The 150-piece Marine Band of the Atlantic Fleet Marine Force will play daily concerts and will stand a formal retreat each evening. The far-famed musical organization will march in the State Fair opening day parade through downtown Dallas and will represent Notre Dame at the SMU-Notre Dame football game in the Cotton Bowl Oct. 4.

The 50-piece Randolph Air Force Base Band will also march in the parade and present daily concerts during the fair.

In addition to these and many bands of Texas colleges and universities, on Music Festival Day, Oct. 7, some 16 outstanding high school bands from throughout Texas will play concerts during the day and appear in a gigantic mass-

THE POWER OF A FOUNTAIN PEN AND A PIECE OF PAPER!

Consider the financial magic of pen and paper when you have a checking account. Whenever you want to pay a bill, secure cash, or make any kind of payment, you simply write out a check. The bank takes care of all the behind-the-scenes details to back up what you've written.

And consider the convenience. You avoid the risks of carrying too much cash; you save time and trips in making payments; check stubs give you a record of all expenditures and cancelled checks provide a bona fide receipt.

If you haven't a checking account now, plan to open one at this bank with your next income check.

Business Aircraft Now Exceed 26,000 Planes

An article in The Exchange Magazine states that business aircraft owned by corporations and individuals now exceed 26,000—15 times the fleets of all airlines combined. The business fleet flies nearly a billion air miles a year.

British Commonwealth refers to those countries within the British sphere which are completely self-governing.

THIS WEEK -In Washington

Washington is neither pleased nor appreciative of the record harvest. It has spent billions of dollars in an effort to reduce production, and it will have to spend more billions to dispose of the surplus.

Already there are more than \$8 billion worth of farm commodities stacked up in government-leased warehouses, cold storage plants and under loan on farmers. More billions will be added to that stockpile during the next few weeks.

Our total supply of wheat will be almost two and a half billion bushels, enough to meet our food needs for the next four years. We will have more than seven billion bushels of corn and other feed grains, enough to last us

pleased and appreciative. In Washington this week the reaction to the news that farmers are producing more than we can eat, wear and export during the next 12 months was anything but joyous.

What a Difference!
Washington is neither pleased nor appreciative of the record harvest. It has spent billions of dollars in an effort to reduce production, and it will have to spend more billions to dispose of the surplus.

Most Americans, unfortunately, emphasize the "cost" of this superabundance without stopping to think about the benefits. We are spending about \$5 billion a year on all types of so-called "farm program."

But farm prices of foods and fibers have not, because of the large supplies, gone up comparable to other living costs. Had food costs gone up as much as automobiles, for example, the past 10 years our annual food bill would have been \$25 billion a year more than it is.

The remarkable part of it is that this record has been established by the fewest number of farmers in more than 75 years on the smallest number of planted acres since the Civil War. We have, in fact, learned to produce not two but three blades of grass where one grew before.

Cost of Plenty
Most Americans, unfortunately, emphasize the "cost" of this superabundance without stopping to think about the benefits. We are spending about \$5 billion a year on all types of so-called "farm program."

But farm prices of foods and fibers have not, because of the large supplies, gone up comparable to other living costs. Had food costs gone up as much as automobiles, for example, the past 10 years our annual food bill would have been \$25 billion a year more than it is.

The \$5 billion a year is money well spent to assure the American people the best and cheapest

—in hours worked—food clothing in the world. More about one-third of that is the of sending food and fibers to less fortunate people in parts of the world.

We should be thankful for bountiful harvest which God's Mother Nature has bestowed upon us, rather than being resentful. We should be grateful that American ever need to go hungry, thanks to the best farmers in the world.

Alaska Will Formally Enter the Union This Year

Alaska, the 49th state, probably will formally enter the Union before this year ends. And it will be the biggest state by far—more than twice the size of Texas. In contrast, the entire population is only that of a mid-sized city—about 210,000.

Bubonic plague has been largely wiped out by international control measures.

Hold Position in Community

Despite the vast reshuffling of
consumer demand, the unprece-
dented migration to suburbia, and the
many changes in merchandising
methods since World War II, de-
partment stores have substantially
held their position in the retail
community, according to the Na-
tional Industrial Conference
Board. Last year an estimated
26.5 per cent of the nation's shop-
ping for apparel and home fur-
nishings (which accounts for three-
fourths of all department store
sales) was done in this class of
outlet as compared with about
27.5 per cent in 1948.

One-Eighth of One Cent

The railroads get one-eighth of
one cent for carrying a first-class
letter an average of 500 miles.
And for about an eighth of a cent
more they provide the mail cars,
workers, terminal services and so
on needed to sort and handle the
mail en route.

Bread is probably the oldest of
mankind's prepared foods.

THE WILDCAT

she was wearing was of grey and
red plaid, bearing long push-up
sleeves. There was a white inset
down the front, which came below
the waist. Carole accented her
outfit with black pointed toe shoes.
She was truly an example of fash-
ion. No, not in Paris, but in our
little home town!

Individual Pictures Made

Individual pictures for the 1958-
59 annual were taken on Wednes-
day of last week. The girls wore
dark clothing, and the boys wore
white shirts, dark coats, and black
bow ties.

Proofs will be back in about
four weeks. The pictures should
be back by Thanksgiving. The pic-
tures were made by Mr. and Mrs.
Myers of Vernon.

Wildcat Den,

Sept. 18, 1958

Dear Diary:
Well, here we are near the end
of the third week of school, and
I must take time out to record the
latest happenings.

After the ball game Friday night
the Canteen, sponsored by the
student council, was quite a suc-
cess. It was good to see everyone
enjoying themselves. Some of the
couples there were Roxie-Jimmy,
D-David, Pat-Jimmy Dean, Peggy-
Bubba, Carol-Dale, Jeanie-Joe,
Elie-Taylor, Carria-Joe, Ginger-
Bobby, Sue-Jackie, Sharon-Don H.

Ronald - Jerry Ann, Joe - Bar-
bara, Mary Ann - Albert, Ivan -
Charlotte were together Saturday
night and that Louis and Patsy
were seen Friday and Saturday
and Sunday! Judy-Early were mak-
ing the rounds after the game Fri-
day night.

Duane, Don, Karl and Roy Don
had quite a good time Saturday
night painting the town red. The
Plaza seems to be a popular place
for Saturday night for some of
the CHS couples, namely: Sue-
Jackie, Don-Carria, Jimmy-Roxie,
Gayle-Wesley.

The sophomores had a grand
time at their weiner roast Satur-
day night, especially Bobby-Wan-
da, Kay-Boob, Dale-Carol, Janise-
Guy.

I heard from a reliable source
that Dianne and Linda had a good
time in Munday last week end
with a couple of boys named Don-
ald L. and Jerry J. and also that
Lou Ann has an admirer, Jerry,
from Abernathy. These Truscott
gals do get around!

Crowell was really deserted Sun-
day. The reason: Pat P-Janie,
Judy Holland, Miles Welch, Bub-
ba-Peggy, R. H-Barbara Berry,
Gerald, Freddie all were in Ver-
non.

Our sympathies are with Denny
Todd who received a leg injury
in Friday night's game.

If a car with white comes up
behind you, you'd better watch
out—it could be a teacher, and
that might never do! In checking,
I found that the following teachers
have white on their cars: Mr.
Graves, Mrs. Manard, Mrs. Ken-
ner, Mr. Black, Mr. Welch, Mrs.
Halbert, Mr. Myers, Mr. Amnett
and Mrs. King. Of course, there
are always a few exceptions to
everything. Mr. Erwin, Mr. Hesse,
Mrs. Todd and Mr. Taylor would
be different! Their cars have no
white! So long.
A Fellow Wildcat.

Monday: light rolls and butter,
weiners stripped with cheese, po-
tato salad, creamed English peas,
cabbage and pineapple salad, ap-
plesauce cake.

Tuesday: corn meal muffins, pin-
to beans, kraut and weiners, car-
rot strips, cheese slices with crack-
ers, Jello with coconut and marsh-
mallows.

Wednesday: white muffins, ham-
burger steaks, potatoes creamed,
blackeyed peas, cabbage, celery,
carrot and onion salad, blackberry
cobbler.

Thursday: light rolls and but-
ter, chicken and gravy, candied
sweet potatoes, macaroni salad,
cookies.

Friday: hot biscuits and butter,
salmon loaf, whole green beans,
corn with peppers and pimentos,
lettuce and tomato salad, peach
preserves.

Home Demonstration Notes

MRS. MARY D. BROWN

The Gambleville H. D. Club has
started an order for pecans. If
you are interested in ordering any,
you may turn your order in to
your local marketing chairman,
or to Mrs. Glendon Russell of the
Gambleville Club, or to Mrs. Ed
Huskey, who is chairman of the
council marketing committee.

Don't forget that council will
meet Sept. 27 instead of Sept.
20. I'm sorry this change had to
be made and hope that you will
understand.

Our recipe this week is:
Chocolate Marlow
1 cup milk, 20 marshmallows,
2 squares chocolate, 1 cup whip-
ping cream, 1 tea-spoon vanilla.

Melt marshmallows in milk over
low heat or in double boiler. Add
chocolate and stir until melted.
Chill thoroughly. Whip cream and

Miss Marilyn Stone Honored at Bridal Shower Saturday

The Adolphian Club House was the scene of a bridal shower honoring Miss Marilyn Stone, bride-elect of Joe Don Brown, on Saturday afternoon, September 13.

Mrs. W. L. Johnson greeted the guests and presented them to the bride-elect; her mother, Mrs. Lewis Stone, and Mrs. Joe Brown, mother of the groom-elect, Miss Joyce Howard, cousin of the bride, sat at the register. Misses Janis Crowell and Betty Davis provided music for the afternoon.

In the dining room, the bride's chosen colors of aqua and white were carried out in a white satin cloth with full skirt, headed in aqua bows. The table was centered with an epergne filled with aqua and white flowers and graced with white tapers.

Mrs. Floyd C. Borchardt and Miss Nan Sue Shultz served frosted punch, mints, nuts and cookies from a crystal service. A lovely array of gifts was displayed in adjoining rooms.

Hostesses were Mesdames W. L. Johnson, Ted Reeder, F. A. Davis, Herman Kincheloe, Marion Crowell, Henry Borchardt, Guy Todd, C. S. Bartley, W. J. Garrett, Joe Smith, Blake McDaniel, Floyd C. Borchardt, Howard Bell, V. A. Johnson and Miss Nan Sue Shultz.

Granddaughter of Truscott Couple Weds in New Mexico

A double ring ceremony held recently at the Sunset Church of Christ in Carlsbad, N. M., united in marriage Miss Mary Eita McLaughlin, daughter of Mr. and Mrs. Loyd McLaughlin of Carlsbad, and Virgil Lee Smith, son of Mrs. Bill Throckmors of West Frankfort, Ill. Everett Hufford officiated.

The bride, who was given in marriage by her father, wore a white gown of alencon lace and tulle fashioned with betau neck-line, long sleeves and a moulded lace bodice. The wide tiered skirt was floor length. Her finger tip veil of illusion fell from a pearl crown and she carried a white Bible adorned with feathered carnations.

Attending her sister as maid of honor was Miss Kay McLaughlin, who wore a ballerina length pink nylon organdy frock. She carried a bouquet of turquoise carnations.

Bridesmaids were Misses Sandra Kay Smith, Nancy Galt, Sonja Pate and Lucille DuPont. They wore turquoise dresses after the fashion of the maid of honor and carried pink carnations.

Best man was Dale Perini. Ushers were Harlan Smith, H. L. Langer and Bob Sneed.

A male quartet furnished nuptial music.

For her daughter's wedding, Mrs. McLaughlin wore blue lace with pink and silver accessories.

After the ceremony a reception was held on the church lawn.

Among the out of town guests were the bride's grandparents, Mrs. Jewel B. McLaughlin of Lubbock and Mr. and Mrs. J. C. Eubank of Truscott.

After a wedding trip the couple will be at home in Abilene where they both will be students in Abilene Christian College.

Thalia Methodists Enjoy "Family Night"

"School Daze" was the theme for the September "Family Night" and basket dinner which was held at the Thalia Methodist Church last Wednesday night. Several of the members came dressed in "school girl" and "school boy" attire. The "back to school" motif was carried out in the room and table decorations which featured colored pennants on the walls, and books, slates and big red apples on the tables. All of the ladies present were required to wear perky red bows in their hair which added to the gaiety of the occasion.

After the dinner, Mrs. Duane Naylor, who portrayed a school teacher, called her pupils together and held a class session studying reading, riting, and "rithmetic. The "ornerly" school children were Mr. and Mrs. Beverly Gray, Rev. and Mrs. Garner Berg and Duane Naylor. Following this short skit, an old fashioned spelling bee was held with the older folks competing against the younger generation. Rev. Berg then conducted a short devotional service which concluded the evening's activities.

Mrs. Duane Naylor and Mrs. Beverly Gray were in charge of arrangements for the evening.

Garden Club

The Crowell Garden Club held its initial meeting Friday in Truscott with Mrs. Jack Whitaker and Mrs. J. M. Chowning as hostesses.

The regular session was opened with prayer led by Mrs. R. J. Thomas, vice president. Mrs. Clarence Garrett, president, presided. The following committee chairmen were named: publicity, Mrs. L. A. Andrews; flower show, Mrs. Glen Fox; telephone, Mrs. Walter Cates; cards to ill and absentees, Mrs. Grover Cole; membership, Mrs. R. J. Thomas.

"Looking Forward," the theme for the year and the new year and the new yearbooks were introduced by Mrs. Grover Phillips, program chairman. Mrs. Phillips began the lesson with a discussion on "How to build good soil for gardening." Mrs. John Cogdell brought news on the new varieties of "Bulbs to plant in the fall." "Picking shrubs to fit the place" was the subject of an interesting paper brought by Mrs. Glen Fox.

"Dates to remember" from the current issue of the Lone Star Gardener were given as: Oct. 16, Garden Club Day at the State Fair in Dallas. The lecture and demonstration to be called "Autumn Enchantment," Oct. 17-19, Fall board meeting in Texarkana. Here the main speaker will be the former "Club Woman of the Year," Mrs. Walter Colquitt of Louisiana, who received a travel award of a tour of Europe's gardens, Oct. 16-19, Tyler Rose Festival, Oct. 28-30, Flower Show School IV in Vernon.

After a plate of delicious refreshments were served, the club adjourned to take an inspection tour of the yard and garden of Mrs. Chowning. This was a vivid lesson on flowers, vines and shrubs to select for beautiful fall bloom.

Next meeting will be October 10, a lecture on "Table Know-How" by an accredited guest speaker from Burkburnett. This meeting will be held in the home of Mrs. Clarence Garrett with Mrs. Garrett and Mrs. Guy Morgan as hostesses.

Thalia M. Y. F.

On Sunday, Sept. 7, the Thalia M. Y. F. met in the youth room of the Thalia Methodist Church. Arlos Moore called the meeting to order. There were no minutes, as this was the first organized meeting. Janie Bowers read "What Is M. Y. F.?" after which a progressive dinner was brought up. After some discussion, they decided to have one on Saturday night, Sept. 20, at 6:30. This will be followed by a scavenger hunt of which Earlyn Hammonds is in charge.

After this, different members were elected to fulfill the assorted jobs of MYF. They are as follows: Earlyn Hammonds, Christian Fellowship; Wanda Moore, Christian Faith; Janie Bowers, Christian Witness; Beverly Ann Gray, Christian Outreach; Stanton Tucker, Christian Citizenship.

The following night, the MYF went to Estelline for a district meeting.

On Sept. 14, the group met again and discussed the coming progressive dinner. Janie Bowers was made foods chairman. There was a roll call and minutes were read by the secretary, Wanda Moore had the program. Earlyn Hammonds was in charge of recreation. It was decided that Janie Bowers would give the program for the next meeting.

Sunday School Class Social

A very enjoyable picnic supper and social hour was spent Saturday evening, Sept. 12, at the Methodist Church, when the members of the Home Builders Circle invited their families along.

Guests were Mr. and Mrs. V. A. Johnson and Mr. and Mrs. Jack Welch and children of Foard City.

Lee Roy Bice and Carol Darnell Wed in Dumas Sept. 11

Lee Roy Bice, son of Mr. and Mrs. Henry Bice of the Riverside community, and Miss Carol Darnell, daughter of Mr. and Mrs. C. A. McDonald of 420 Klein in Dumas, were united in marriage at the home of her parents Sept. 11 at 7:30 p. m. with Charles Richey, minister of the Church of Christ, performing the ceremony.

Judy McDonald, sister of the bride, was her only attendant. Several friends and relatives were present.

Mrs. Bice is a Dumas High graduate, and also a graduate of secretarial college in Amarillo.

Mr. Bice is a 1953 graduate of Crowell High School and before entering the service, attended Draughon's Business College in Wichita Falls. He is now employed with the American Zinc Company of Illinois at Dumas.

The couple will reside at 1003 Klein in Dumas.

Home Builders Circle

The Home Builders Circle met at the Methodist Church Tuesday, Sept. 9, with Mrs. Prudence Barker as hostess.

Hymn singing in unison opened

the meeting. Mrs. Baylor Weatherred brought a very inspiring devotional titled "What Man Lives By." followed a report on the "School of Missions" by Mrs. Glen Shook.

"Is This What It Means to See" was a very beautiful human program given by Mrs. Jo Ann Hughston.

A picnic supper was planned for Saturday night to be held outside at the Methodist Church.

A prayer by Mrs. Sybil Bell closed the meeting.

Thalia Junior MYF Meets

The Junior Fellowship of the Thalia Methodist Church met at

is president of this Junior Fellowship group.

the church Saturday afternoon for a "Capsule Party." The young people were divided into two teams and then were told to start looking for the tiny capsules which held directions for each team. Each capsule explained where the next one might be found, and the first team which returned to the church was the winner. The group played several more games and refreshments were served.

It was announced that the Junior MYF would be meeting every Sunday at 7 p. m. Steve Gray, son of Mr. and Mrs. Beverly Gray,
