FEDERAL LAND BANK ASSN. DROPS INTEREST RATES

COLEMAN — Leslie Bryant, Manager of the Federal Land Bank Association of Coleman, announced today that the Federal Land Bank of Houston will reduce the interest billing rate on variable rate loans to 7 1/2%. "This reduction will be effective on installments maturing on or after June 1, 1971, and affects more than \$110 million in variable rate loans to over 3200 Texas farmers and ranchers," Bryant stated.

The variable rate loan, which was introduced by the Houston Bank in July 1969, lets the interest rate "float" over the variations in the money market. This is the second time since January 1 that the billing rate

FARM BUREAU PROTESTING NEW TRANSPORTATION LAWS

Farmers and ranchers are being urged by Wayne Oliver of Loraine, president of the Mitchell County Farm Bureau, to let the federal government know how proposed farm truck driver regulations would affect their operations. Letters should be addressed to John A. Volpe, Secretary, U. S. Dept. of Transportation, Washington, D. C. 20515, Oliver said.

Proposed U. S. Dept. of Transportation regulations pertaining to farm truck driver qualifications will become effective on July 1 unless farmers and ranchers can convince the government that they should not be put into effect.

BANK TO TAKE HOLIDAY

The First National Bank of Baird will be closed Wednesday, April 21, in observance of San Jacinto Day, a legal holiday for banks.

Please do all necessary banking early so the holiday will not be an inconvenience to you, our customers.

The regulations would affect drivers of all farm trucks - including pickup trucks, Oliver said. Although the new regulations would be applicable to interstate commerce, recent court decisions indicate that the interstate commerce clause applies to anything and everything which might at some time enter interstate commerce.

Proposed regulations would include the following requirements for drivers of farm trucks:

- (1) Be at least 21 years of age.
- (2) Carry a certificate, executed by a physician during the preceding 24 months, evidencing fitness to drive a truck.
- (3) Pass a road test in truck operation.
- (4) Take and pass an examination on the federal Motor Vehicle Safety Regulations.

Oliver said letters to Secretary Volpe should include the farmer's personal appraisal of how his farm or ranch operation would be affected if the regulations are adopted. The local farm leader urged each farmer in the county to request that present exemptions for farm truck drivers be retained.

Also, he said, Congressman Burleson and the two Texas Senators should be contacted and requested to intervene with Secretary Volpe in the matter of retaining present exemptions, or at least in modifying proposed regulations so that they will not be so damaging to agriculture.

Farm Bureau is requesting that present exemptions be retained, he said. In the event that this is impossible, the Farm Bureau is asking that the following recommendations be included in any regulations which are issued:

- (1) An exemption for small farm trucks under 10,000 lbs. gross weight. This would include pickups.
- (2) An exemption for local farm hauling.
- (3) Postponement of effective date for six months more.
- (4) A comprehensive educational campaign in news media to let farmers and ranchers know what is about to happen to them.

The local farm leader said that farm truck drivers have an excellent safety record. In Texas, for example, the amount of bodily injury claims paid per farm truck policy is only one-tenth of the amount of bodily injury claims paid per policy for all non-fleet commercial trucks, he said.

Clydites Thank Firemen

CLYDE — Firemen from Clyde, Baird and Abilene fought grass fires in the Clyde area all day Wednesday and part of Thursday last week.

Several outbuildings were damaged, but no homes were destroyed, fences in the southern edge of Shalimar were damaged.

The Clyde Volunteer Fire Department is operated strictly on a volunteer basis, volunteer men and funds for operation. Business men leave their places of business to battle the fires we have been plagued with during recent weeks.

Trucks must be kept in running condition at all times. It takes their volunteer work again to maintain the upkeep of the trucks, this takes money, and comes from volunteer donations to the Fire Department.

A group of Clydites have expressed their appreciation to the Fire Departments who helped extinguish last week's blaze. They also have expressed a desire to help with funds. If you would like to help the Fire Department, leave your donation at The Peoples State Bank in Clyde, and it will be put to good use in protecting property from fire.

7 Fires Reported At One Time Near Clyde

CLYDE — Firemen from Clyde, Baird and Abilene battled grass fires last Wednesday and Thursday that threatened several outbuildings in the area. It was reported that there were seven different fires burning at one time, from about 5 miles east of Clyde to Elmdale. It was believed that the fires resulted from sparks from a train that went through the area about noon.

Every citizen should be extra careful to prevent fires. Everything is dry and dead and the smallest fire can be fanned by strong West Texas winds and become a devastating force of destruction.

Prevent fires from happening, be careful.

MANY VISITORS IN UNION AREA OVER EASTER WEEKEND

Hi neighbor! No, the wind hasn't blown me away yet but if it gets any stronger I think it will. Still no rain here yet.

Mildred and Gerald Carter of Vernon and Veda Yabrough spent the Easter holidays in Lake Jackson with Mr. and Mrs. James Carter and daughter, Lynn.

I hear the Putnam homecoming was a big success. Sorry I missed it, so I don't know who were there.

Mrs. Jim McIntyre of Clyde spent Tuesday night with John and Roma McIntyre. Having supper Tuesday evening with John and Roma were Mr. and Mrs. Barney Slough of Houston, their married son and wife and two boys of Pasadena, and a single son who lives with his parents in Houston. Now, Barney still dry here and the wind is blowing 75 miles per hour and think the rattlesnakes are still in hiding. I don't blame them - so dry and hot.

I think Callahan County will and should be counted as a disaster county.

Hi to all of you who were here at the Putnam homecoming - would have liked to have seen

and visited with you. It's been so long since I have seen a lot of you.

Well I just heard the weatherman - he said high wind and lots of it I hear something really banging on the house. Well, yes, it had whipped one of the west window screens loose on the living room, so got my hammer and nails to see what I can do. I hope the wind doesn't blow me away.

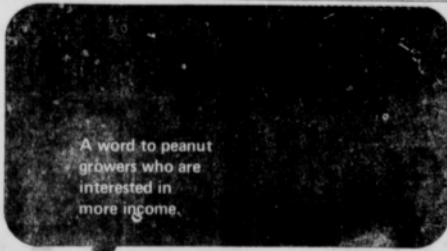

If I don't write next week I will be blowing around up in the air somewhere.

Helping Hand Club Meets In Young Home

CLYDE — Mrs. C. W. Yeary was hostess for the Helping Hand Club on April 8th. Vice President Griffin presided for the meeting.

A word to peanut growers who are interested in more income.

With limited planting acreage, you can increase your peanut profits only through more effective production.

And better production starts with better seed... with Wilco Certified Starr. The quality Starr seed that is grown and field-cured in the sunny southwest under Wilco's constant controlled supervision.

Wilco Certified Starr is the finest quality that can be produced. Because we take special precautions—in the field and in the mill—to protect Wilco Certified Starr from harm. We pamper the seed. And, as a result, we avoid splits and cracked skins almost completely.

Plant Wilco Certified Starr this year. See for yourself how much more you put in the bank next fall.

And when you get your Wilco seed—handle it with loving care. It's used to it.

Interest Revives In Grandfather Clocks

FAIRHOPE, ALA. — Emporer Clock Company of Fairhope, Alabama, has succeeded in generating a revival of interest in the traditional grandfather clock. The renaissance began just two years ago.

THE NECESSITY OF BEING BAPTIZED

Many people have been taught that baptism is of little or no importance. Some believe baptism is alright, but not necessary in order to be saved. Some believe that a person is saved before he is baptized, but that he ought to be baptized because he is saved. What does the Bible say? Surely we all want to believe and follow the Bible on this subject!

Baptism is plainly commanded. "And he commanded them to be baptized in the name of the Lord." (Acts 10:48) Can we be saved without obeying a plain command of the Bible?

Jesus himself placed salvation AFTER baptism, not before it. He told His apostles to preach it thus. "Go ye into all the world and preach the gospel to every creature. He that believeth and is baptized shall be saved. He that believeth not shall be damned." (Mark 16:15,16) Should we take the liberty to change things about from the way Jesus stated them? Are they any longer true if we change them to suit ourselves?

Peter, by the authority of Jesus, preached that baptism is necessary in order to have the remission of sins. "Repent and be baptized every one of you in the name of Jesus Christ for the remission of sins, and ye shall receive the gift of the Holy Ghost." (Acts 2:38) Observe that repentance and baptism are for the same thing. If one has to repent in order to have remission of sins, then he must also be baptized in order to have remission of sins.

Baptism makes one a member of Christ's body. "For by one Spirit are we all baptized into one body." (1 Cor. 12:13) Can one be saved without being in Christ's body?

Baptism washes away sins. (Acts 22:16) Can one be saved without having his sins washed away?
