## Callahan County Income Increased Through Outdoor Recreation

BAIRD — Incomes of many local landowners are being increased due to outdoor recreation. Les Ethetton, of the local Soil Conservation Service, states the demand for recreation has never been greater. In Callahan County hunting and fishing still rank highest in popularity. Vast acreages of the County's land are being leased out for hunting annually.

Ethetton states that people are seeking access to the outdoor for other reasons, also. These include picnicking, hiking, boating and swimming. People in the nearby cities are faced with the problem of finding a place to enjoy these different forms of outdoor recreation. Public facilities are becoming more and more crowded. People go to the country to escape the city crowds only to find crowded park areas. According to Ethetton, this is creating a demand for more private land to be developed for recreation.

Hunting leases have increased landowners' incomes in Callahan County substantially, but many of these recreational developments could be improved or expanded. The Soil Conservation Service is available to assist landowners in determining the recreational potentials of their lands. Ethetton states that recreational developments may be an income that landowners will not want to pass up and urges interested landowners to contact the Soil Conservation Service to develop sound recreational and wildlife plans for their farms and ranches.

# Rowden Enjoys Spring Weather Following Winter's Worst Cold Spell

January's worst cold spell was followed by a week of beautiful weather, with some days as warm as any spring day should be. Housewives did the family wash and clothes dried in the warm sunshine. Some farmers had to replenish the barns with extra hay and cubes for more winter cattle feeding, while others were building shelters for their cattle in case another severe storm comes to this area. Now comes the worry of fuel shortages for both the home and equipment on the farm. We

hope this can be resolved so no hardships will be created for anyone. Those visiting Mrs. Ruth Boen during the week and Sunday were Christine Bower of Abilene and Mrs. Harvey Davis. Bill Lawrence had the misfortune of getting hurt while working at the auction ring in Abilene last Monday. He is in Cox Memorial Hospital at this time, recuperating from two broken ribs and a cut on his head, and bruises, from being run over by a cow. Mrs. Lawrence has been spending her time between visits with him and keeping things going at the home. We hope you are up and going soon, Bill. Mrs. Bob Dye and Julie spent the weekend in Mason visiting her grandfather, Frank Mason and her parents, Mr. and Mrs. Douglas Dendy of Brownfield, who were there for a visit also. Ernest Sikes of Abilene visited in the N. V. Gibbs home Friday night while his mother, Mrs. Elveda Sikes was visiting Mrs. Leila Gibbs. Visitors in the Tony Steele home Sunday afternoon were Mr. and Mrs. John Steeie and four daughters of Ft. Worth, and Mr. and Mrs. James Steele and children of Clyde. Mr. and Mrs. Tommie Harris went with a tour group representing Farm Land Industries,

to Orlando, Florida, last week. The group toured Cape Kennedy, the Phosphate & Fertilizer Plant, and Walt Disney's World. Mrs. Harris reported a very enjoyable trip, but said there's no place like Texas. Mr. and Mrs. Charles Palmer of Clyde visited in the Sterling Odom home Saturday. Troy Harris attended a birthday party honoring Kam Godfrey in her home in Baird one day last week. Mrs. Ruby Russell is spending a few days at her home near Menard. Ivon Odom visited Mr. and Mrs. Jimmy Harris in Abilene Tuesday night. Nicky Harris stayed in the Don Harris home while his parents, Mr. and Mrs. Tommie Harris were in Florida. Mr. and Mrs. Warren Price were in Baird last Tuesday visiting Mr. and Mrs. Barney Gibbs. Mr. and Mrs. Sterling Odom and Mr. and Mrs. Brian Odom attended funeral services for Mrs. Bertha Weiler in Cross Plains last Tuesday. Mrs. N. V. Gibbs visited Mr. and Mrs. Walter Rose in Cross Plains Friday. Mr. and Mrs. Bob Dye and Julie visited in the Don Harris home Thursday night.

# STATE CAPITAL Highlights AND Sidelights

by Bill Boykin  
TEXAS PRESS ASSOCIATION

AUSTIN — Texas got a fast-starting legislature a new governor, lieutenant governor and speaker of the House all in eight action-packed days.

Dolph Briscoe of Uvalde and William P. Hobby Jr. of Houston were inaugurated as governor and lieutenant governor in spectacular ceremonies Tuesday, Jan. 16.

Price Daniel Jr. of Liberty won election as House speaker without opposition as the legislature convened January 9. The 31-year-old son of former Gov. Price Daniel (who now serves on the State Supreme Court) announced appointment of House standing committees four days after his election, and immediately referred bills for hearing.

Outgoing Gov. Preston Smith offered some good financial news to the arriving legislators. His \$9.7 billion biennial budget proposal estimated a \$300 million surplus for lawmakers to use in expanding programs or revising school finance formulas.

Governmental reform proposals backed by Daniel will be among the first bills to get House hearing. The House, with a minimum amount of opposition, promptly adopted the thick set of procedural rules the new speaker urged.

Smith in his swansong to the Legislature, advised that lawmakers move immediately to establish the constitutional revision commission directed by voters last November. He submitted as an emergency matter appropriation of funds to pay the commission's expenses.

The outgoing Governor further advised legislators ought to consider tackling the tough school finance system overhaul in a special session.

**APPOINTMENTS** — Governor Smith named Gov. Allan Shivers of Austin, former Ambassador Ed Clark of Austin and Dr. James Bauerle of San Antonio as University of Texas System regents. A. G. McNeese of Houston was named chairman.

Other Smith appointments included: Mrs. Wilmer Smith of Wilson, Richard A. Goodson of Dallas and Clyde H. Wells (reappointment) of Granbury to the Texas A&M University board of directors; Edwin R. VanZandt of Beaumont as chairman of the Texas Board of Mental Health and Mental Retardation; Dorsey B. Harde-man, formerly of San Angelo, as chairman of the Texas Water Rights Commission; Robert S. Rowland of Houston and Ernest S. Sterling of Tyler to the Texas Southern University Board of directors; former Sen. Joe Christie of El Paso to Texas Aeronautics Commission; former State Rep. Joe H. Golman of Dallas to the Texas Cosmetology Commission; Kent R. Hance of Lubbock to the West Texas State University board of regents; and Scott Hardy of San Antonio as Texas Film Commission chairman.

New Governor Dolph Briscoe designated former White House aide Robert L. Hardesty, 41, as his press secretary and special assistant.

Robert S. Johnson will head the new Texas Commission for the Deaf staff.

Jack H. Dillard will serve as executive director of the new Texas Center for the Judiciary here.

**JOB COMMISSION URGED** — Key legislative researchers recommend establishment of a governor's committee on equal employment opportunity in state government to police job discrimination.

A Texas Legislative Council staff report found blacks and Mexican-Americans under-employed in state government.

The report showed 79.92 per cent of state governmental employees are white and that they tend to hold higher paying jobs than the blacks and Mexican-Americans.

It recommended a six-member commission to report to the governor on employment practices and discrimination and to evolve policies and programs to encourage equal employment

opportunities at all levels of government.

**JAILS CRITICIZED** — Texas Legislative Council urged creation of a commission on county jail standards, terming present laws on the subject "totally unrealistic and meaningless."

The Council's report said only five jails in Texas (those at Andrews, Lynn, Oldham, Smith, Taylor and Wichita counties) meet health department standards. The State Health Department inspectors jails but has no authority to compel compliance with its own standards.

TCL said the proposed commission should promulgate realistic standards and regulations and prohibit confinement of prisoners in those which do not measure up to them.

The Council also recommended a work-release program for jail prisoners, allowing inmates to post 109 per cent of their bond on condition it would be refunded when they appear for trial and immediate transfer to the Department of Corrections of inmates convicted of felonies and waiting action on appeal.

## Card of Thanks

**CARD OF THANKS**  
We wish to express our  
thanks and appreciation for the  
acts of kindness, messages of  
sympathy, the food and beauti-  
ful flowers during the accident  
and loss of our loved one.  
May God bless you all.  
The Family of  
John T. Blankenhip.

**MESSAGE OF THANKS**  
It is with a sincere heart that  
we take this opportunity to  
thank each one who had a part  
in providing the beautiful  
stereo. Words are so inadequate  
to express the appreciation and  
gratitude we feel.

The residents' enjoyment has  
been beyond measure. Please  
come by and share with us the  
pleasure this very special gift  
has brought.

It would be impossible to in-  
dividually name each person  
who contributed either materi-  
ally or of their time for there  
were so many who willingly  
gave of both, but to each one  
we say "Thank You."  
May God richly bless you for  
your unselfish generosity.

Frances Green, Administrator  
Clyde Nursing Home.
