PIONEER OF FOARD COUNTY DIED TUESDAY

With the death of R. P. Womack, 86, at his home here Tuesday morning, March 10, at 7 o'clock, Mr. and Mrs. Womack's record of being married longer than any other couple in Foard County was brought to an end at 62 years, 10 months and 22 days.

Mr. Womack's death was not unexpected as he had been in ill health for the past three years and Monday, March 2, his condition became worse and he went to bed, remaining there until death.

Besides his marriage record, Mr. Womack was one of the very earliest settlers of this section of Texas. In 1833 he settled in Baylor County, near Seymour, and then on Christmas Eve, 1836, he and his family came to what is now Foard County and settled on a section of land four miles south of Crowell, although Crowell had not been organized at that time. He continued to live on this farm until about 1910, when he moved to his home in Crowell, where he lived until death. The greater part of his life was devoted to farming and even though he moved from his large farm twenty-one years ago, he continued in this work on his twenty-acre place, in the south part of Crowell, until a few years ago.

Mr. Womack was also a veteran of the Civil War, having served two and one-half years with the Confederate forces in the 46th Mississippi Regiment, Company D, under General French. He joined the army at the age of 17 with his father, who died of typhoid fever while in the service. An older brother of Mr. Womack also died in service with the Confederate army. Mr. Womack received one injury during the war when he was knocked down by a fragment of a shell at Kenesaw Mountain, however, he was only slightly wounded.

Recie Plummer Womack was born in Rankin County, Miss., on Dec. 28, 1844. In order to gain an education he often attended school at night after laboring throughout the day. Following his service in the Civil War, he joined the Missionary Baptist Church at Gum Springs, near Rankin County, at the age of 21.

On April 16, 1868, he married Miss Martha Shields at Brandon, Rankin County, following a courtship of two years. Eleven children, 8 girls and 3 boys, were born to this union, 9 of whom survive.

They moved from Rankin County to Louisiana and after remaining in that state for one year they came to Texas in 1879, settling in Tarrant County, near Mansfield. One year later they settled in Dallas County and from there they moved to Baylor County, one mile from Seymour, in about 1883, and then from there to what is now Foard County in 1886. There were six children in the family at the time of their arrival here.

The children surviving are: Eugene S. Womack of Dallas; W. B. Womack and E. Womack of Crowell; Mrs. Ida Reavis, Mrs. H. L. Kinsey, Mrs. Clarence McKown, Kinsey, Mrs. Ben Greening, Mrs. Clarence McKown and Mrs. Curtis Ribble, all of Crowell, and Mrs. Mattie Hutchison of San Dimas, Calif.

All were present for the funeral with the exception of Mrs. Hutchison, who was unable to be present due to illness. Twenty-five grandchildren; one sister, Mrs. C. J. Patten of Braxton, Miss.; one brother, E. R. Womack of Placentia, Calif., and a 97-year old aunt, Mrs. Jane Howe of Jackson, Miss., also survive along with one great-grandchild, Joe Reavis Spencer, son of Mr. and Mrs. Alva Spencer, who was born on Mr. Womack's 78th birthday. Mr. Womack's death took place on the birthday of his eldest son, Eugene.

The two children that are dead are: Miss Lala Womack, who was buried in Seymour at the age of 14, and Mrs. W. E. Hallmark, who died in Crowell on March 18, 1917.

Mr. Womack's life is a worthy example for anyone to follow. He always held to the highest Christian ideals and for the greater part of his life he was a leader in religious work. In 1888 he assisted in organizing a Sunday school at the old Sand Rock school house, which became the meeting place for all this section until Crowell was organized in 1891. He was one of the first deacons in the Crowell Baptist Church.

Thirty Foard County Farmers Have Secured Drouth Relief Checks

Thirty drouth relief loan checks have been received to the present time by farmers of Foard County, according to Fred Rennels, county agent. The checks average about two hundred dollars each.

Over one hundred applications for loans have been made by Foard County farmers thus far. Quicker service on the applications may now be expected since a branch office for distributing the drouth relief funds has been established at Fort Worth. Heretofore the applications from here have been mailed to St. Louis and the funds have been distributed from the office there.

Applications for loans are being made each day by farmers of Foard County, Mr. Rennels stated.

New Consul-General

Gerald Campbell, Britain's new consul-general to N. Y. C., is no stranger in this country, having served in a similar capacity at San Francisco. Succeeding Sir Harry Gloster-Armstrong, Campbell becomes the highest ranking British consular officer.

All Teachers in Crowell Schools Are Re-Elected

Every teacher for the Crowell schools were re-elected for another year by the board of trustees of the Crowell Independent School District in regular meeting last Friday night. I. T. Graves, superintendent of the local school system, was re-elected on Feb. 12.

The other teachers that were re-elected are: Miss Louise Ball, Miss Winnie Self, Miss Ruth Patterson, Henry Black, Walker Todd and Grady Graves for the high school; grammar school—Miss Barbara Cryer, principal of the intermediate department; Miss Lottie Woods, principal of the primary department; Miss Florence Black, Miss Lucille Ellis, Miss Martha Schlager, Mrs. Esca Brown, Mrs. Jimmy Self, Miss Frances Hill, Miss Thelma White, Mrs. Ernest King and Teddy Burrow.

Meeting of Federation Postponed to Mar. 19

The meeting of the County Federation, which was to have taken place Wednesday, has been postponed to Thursday, March 19, on account of the R. P. Womack funeral, which was held Wednesday.

The annual election of officers will take place at this meeting, which is to open at 10:30 o'clock in the morning at the district court room. A covered dish luncheon will be served at noon.

SERIOUSLY ILL

Mrs. L. A. Parsons, mother of Mrs. E. J. Smith, is seriously ill at her home here. Mr. and Mrs. L. S. Clements and children of Sherman, and Mr. and Mrs. A. B. Stermer and small son of Medicine Mound are here with her now. Mrs. Stermer and Mrs. Clements are granddaughters of Mrs. Parsons.

Southwest Character in Film at Rialto

The motion picture, "Billy the Kid," is being shown at the Rialto Thursday, Friday and Saturday of this week. Johnny Mack Brown plays the part of the Kid in this historical picture, which is supposed to be a fairly accurate account of main events in the life of this notorious character of the Southwest in its early days.

"Common Clay," with Constance Bennett, will be shown Monday, Tuesday and Wednesday.

BIRTHS

The following births have been recorded at the office of J. W. Klepper, justice of the peace:

To Mr. and Mrs. A. H. Jones, Foard City, March 1, a girl, Mae.

To Mr. and Mrs. Velox Ward, Crowell, Jan. 24, a girl, Mildred Annie.

To Mr. and Mrs. A. W. Johnson, Foard City, Feb. 10, a girl, Ruby Jeanette.

To Mr. and Mrs. Chas. C. Hinkle, Feb. 14, a boy, Chas. C. Jr.

FUNERAL HELD WED. FOR MRS. W. L. CALLAWAY

Mrs. W. L. Callaway, 54, of the Foard City community, died Tuesday night, March 10, at 9:23 o'clock in the home of her husband's brother, Claude Callaway, in this city. She had been in the home in Crowell for the past two weeks and her condition continued to grow worse after suffering a third stroke of paralysis on March 1. She suffered the first stroke at her home, three miles west of Foard City on Feb. 11 and the second one there on Feb. 21. She was brought to the Claude Callaway home on Feb. 24, after partially recovering from the first two strokes.

Mrs. Callaway leaves her husband and five children, Mrs. J. D. Lewis of Bledsoe, Texas; Harold Callaway of the Foard City community, and the following children who lived at the family home: Mildred, Leon and Eldon. Two brothers, Walter Cooper of Garland and Jess Cooper of Dallas, and two sisters, Mrs. J. C. Palmer of Dallas, and Mrs. C. B. Pitts of Wylie, Texas, who was with Mrs. Callaway at the time of her death, also survive. Mrs. Palmer had been with her sister for several days but had to leave shortly before her death on account of illness in her own home. Mr. Callaway and all of the children were at the bedside when death came. Mrs. Callaway had been conscious only a short time in the last ten days, however, a few times she was able to recognize relatives who had come to see her.

Mittie Estelle Cooper, her maiden name, was born May 21, 1876, near Terrell, Kaufman County. At the age of 12 she moved with her family to Wylie, Collin County. On Jan. 31, 1892, she became the wife of Will L. Callaway and they continued to live at a farm home near Wylie until 1924 when they went to Cooke County. After remaining in Cooke County one year they came to the present home in November of 1925.

One daughter, Benecce, died at the age of 17 and was buried in the Foard City cemetery on Dec. 13, 1925. Two other children died in infancy.

Funeral services for Mrs. Callaway were held Wednesday afternoon at 4:30 o'clock at the Foard City church with Rev. Woodie W. Smith, Crowell Baptist pastor, officiating, assisted by Rev. E. J. Osborn, Crowell Methodist pastor, and Rev. R. O. Browder, Methodist pastor for Truscott and Foard City. A vocal solo was given by Mrs. Adolphus Wright, and another vocal number was given by a quartet composed of Mrs. Wright, Mrs. T. B. Klepper, C. V. Allen and E. A. Dunagan. Mrs. Woodie W. Smith accompanied at the piano.

Pall bearers were: E. V. Halbert, Fred Rennels, W. R. Ferguson, M. S. Henry, Pete Bell and Frank Weatherall. Flower girls were Misses Virginia and Faye Callaway, Grace and Annie Russell, Frankie Pendleton, Mrs. Tom Russell and Mrs. William Bell.

Interment was made in the Foard City cemetery.

Mrs. Callaway joined the Missionary Baptist Church at Wylie shortly after her marriage. She was a faithful Christian and was closely devoted to home life. She was ever interested in the welfare of her family and friends and was self-sacrificing in her interest for them. Although she had lived in Foard County less than six years, she made many friends here who mourn her loss.

Mrs. R. L. Palmer and son Charles of Vickey, near Dallas, and Mr. and Mrs. J. B. Callaway, Doxey, Oklahoma, were here for the funeral. Mrs. Palmer is a sister of Mr. Callaway.

Ex-Service Men and Wives to Meet Here Friday, March 20th

All ex-service men, regardless of whether they are members of the American Legion and their wives are urged to be present at a joint meeting of the Gordon J. Ford Post of the American Legion and the Legion Auxiliary, March 20, at the Odd Fellow hall.

A program of entertainment is being planned and will be announced in the next issue of The News. Special information regarding the bonus will also be given. Refreshments will be served.

INFANT DIES

Charlie William Burns, six-month old baby of Mr. and Mrs. C. W. Burns, who live six miles southwest of Crowell, died Thursday, March 5, at the family home, following illness of only a few days.

Funeral services were held Friday at the home with Rev. Woodie W. Smith, pastor of the Crowell Baptist Church officiating. Interment was made in the Crowell Cemetery. The child was born last August 24.

Spring Football Practice Started by Crowell High

Twenty-eight boys reported to Coach Grady Graves for spring football practice Monday afternoon. After being issued equipment work-outs were started at the local ball park, following setting up exercises two groups were formed with the prospective backfield men receiving the ball from the center prospects and passing it to all of the candidates for the 1931 squad.

As a whole the prospects are very light in weight, however, it is pleasing to note that practically all of the boys handle the ball as though they are thoroughly acquainted with it and there seems to be plenty of speed in the group.

The letter men from the 1930 team that were out for practice were: captains Bill Middleton and J. M. Crowell, Roy Mullins, George Fox, Hoot Gibson, Mitchell Allee, Gerald Knox, John Todd and Dan Hines Clark.

Other boys reporting Monday were: Glen Kashberry, Orville Orr, Dick Todd, Melvin Joy, W. C. Green, Venzy Vecera, Andrew Calvin, Clinton Ball, Fred Spears, Stanley Womack, Lester Patton, Henry Ashford, Berl Lovelady, Crockett Fox, Harold Hinds, Lorain Carter, Rudell Russell, Lewis Brown and Leslie Thomas.

Others are expected to report later on.

Guy Todd, star player for the past four years on the high school squad, is assisting Coach Graves in coaching the boys.

First Bonus Checks Are Received Here for Ex-Service Men

The first bonus checks for Foard County ex-service men were received in Crowell Wednesday night. There were five checks ranging in amounts from \$160 to \$430.

One hundred and seventy Foard County men have made applications for bonus loans, according to Que Miller, and it is expected that the checks will come in at a rapid rate in the next few days.

bonated in large numbers at more than 50 stations scattered over the continent and have been recovered as far south as Central America and the island of Trinidad. Small song birds have been banded in still greater numbers, and many interesting facts concerning their movements are being discovered. The Biological Survey, accordingly, desires to have a report on every banded bird that may be recovered, and it is hoped that you will continue to help in this work by reporting any bands that come to your attention, giving the number (with series designation, if any, as A. B. etc.), date of recovery, and the locality.

THALIA WINS OVER CROWELL ALL-STARS MON.

In a closely contested game at the local gymnasium Monday night the Thalia all-stars defeated the Crowell all-stars by the score of 27 to 25. The game ended in a tie, 25 to 25, and in the last few seconds of the five-minute extra time period Tole and Thalia shot a long field goal which won the game for the champions of the West Texas Basketball League.

With but a few seconds to play in the last quarter Roy Mints scored a field goal at close range to knot the count at 25 and 25.

At the start of the game Crowell took an early lead and led the first quarter 9 to 5. The score was tied 12 and 12 at the half. Crowell was held scoreless in the third quarter which ended with Thalia leading 19 to 12.

With Guy Todd leading the attack in the final period with three field goals, Crowell came from behind and soon took the lead, holding it until the last few seconds of play.

Clyde Fincher was the outstanding player for Thalia. Guy Todd featured for Crowell.

Over 700 Containers of Food Put Up by Mrs. C. W. Ross

Mrs. C. W. Ross of the Margaret community has turned in an excellent report to Miss Dosca Hale, home demonstration agent, showing that she has canned over seven hundred containers of fifty-four different varieties of food during the past year. Pork, beef and chicken are included in the canned meats. Two yearlings, three shoats and fifty chickens were canned and one big hog was cured.

The following vegetables were canned: new potatoes; butter green beans; carrots; beets creamed; onions butter; turnips and meat; greens, four kinds; peppers stuffed with meat; okra; squash, seasoned with butter; sweet potatoes; corn; peas with meat; asparagus; cucumbers and various kinds of relishes; pie melon and watermelon, fixed different ways.

Mrs. Ross stated that they have enough of all varieties to last until another garden.

Various kinds of fruits and juices, home-made soap and lard, were also put up on the Ross farm.

A live-at-home program is followed on the Ross farm. Around \$500 profit on chickens was realized last year. There are eleven milk cows on the place. All of the livestock and poultry on the place are of the very best blood.

As a result of the diversified program the family was able to purchase a radio and a gasoline washing machine and make a number of improvements about the place from the extra sources of income realized last year.

Mrs. Ross states that she is planning to give more time this year to gardening and 4-H pantry work.

T. D. Bull Is Taken By Death March 5 At Ardmore, Okla.

T. D. Bull, 86, well known to many Crowell people, died in Ardmore, Oklahoma, Thursday, March 5, according to word received by The News from his daughter, Mrs. J. W. Jonas, former Crowell resident, who is now living at Vernon. He was laid to rest in the Buckhorn Cemetery at Sulphur, Oklahoma.

Mr. Bull held an affectionate place in the hearts of many people who are grieved to learn of his passing. For the past few years he visited Mrs. Jonas here and it was usually this time of the year, the advent of spring, that he came to Crowell. Just about a year ago he celebrated his 85th birthday here by taking an airplane ride, an event which he termed as being one of the most enjoyable of his life.

Mr. Bull was a veteran of the Civil War. He enlisted with a cavalry force from Denton County, Texas, at the age of 16 and served throughout the war.

He was born in Wisconsin on Mar. 1, 1845. He was a member of the Church of Christ.

One of Mr. Bull's leading friends here was C. B. Garlinghouse, a Yankee soldier, who fought directly against him in a number of engagements during the war.

Ford Model A Mileage Contest Here Mar. 20

A model A Ford mileage contest will be conducted on March 20, Friday at 2 p. m., starting at Crowell, according to George D. Self, local Ford dealer. The cars going the greatest distance on one gallon of gasoline win the prizes.

Any model A Ford car, driven by anybody, is eligible to be entered in the contest. A first prize of ten dollars in cash, a second prize of a wash and greasing job, and a fourth prize of five gallons of gasoline will be given by Self Motor Co.

Mr. Self stated that the contest rules will be similar to the model T mileage contest held here in 1927. Detailed information concerning the contest appear in the Self Motor Co. ad in this issue.

Militiamen Guard \$50,000 Contest Mail

THE thousands of letters received in the \$50,000 Camel cigarette contest, advertised in newspapers from coast to coast, were guarded in the same manner as huge gold shipments. Photograph shows contest mail being loaded into an armored truck at the Winston-Salem, N. C., postoffice under guard for transportation to the offices of the R. J. Reynolds Tobacco Company. Charles Dana Gibson, noted artist and publisher of Life, Ray Long, president of International Magazine Company and Editor of Cosmopolitan Magazine, and Roy Howard, chairman of the board of the Scripps-Howard newspapers, were judges of the contest which called for answers to the question: "What recent change has been made in the wrapping of the Camel package containing twenty cigarettes and what are its advantages to the smoker?" The huge response to the contest announcements proved anew the great responsiveness of the public to newspaper advertising.

Blending makes it better

IN the test kitchen of a great soup-maker, the gifted master-chef creates the blend of ingredients to produce the perfect soup. In a scent-laden room in a corner of France an expert blender of perfume invokes his highest genius that our sense of smell may be gratified. In a work-room fragrant with the aroma of many types of coffee beans, a highly-paid specialist concentrates his energies that we may be provided with a coffee blend to please our palates. Whether it's soup or soap, tobacco or tea, music or mustard... blending is vital to the production of the best of each. Equally as vital, if not first in importance, is the knowledge and genius of the blender. He must know how.

The best gasoline, too, is blended. In the processes of a modern refinery three types of gasoline are produced. They are, Natural Gasoline, Straight-run Gasoline, and Cracked Gasoline. Each possesses certain desirable qualities necessary for perfect motor operation... but... no one of them possesses all these wanted characteristics.

So CONOCO Gasoline is a blend of the three. There is Natural Gasoline, to give quick starting. There is Straight-run Gasoline, to give power and long-mileage. There is Cracked Gasoline, with its desirable anti-knock quality. Just as carefully as the perfume blender at his delicate task, CONOCO refiners have developed their balanced blend of these three ingredients. This is the gift of knowing how to merge the qualities of the three gasolines to create a balanced, triple-test fuel. One brand of coffee outsells all others because of the expertise of its blender. And so, with CONOCO Balanced-Blend Gasoline, the skill of the blender accounts for the popularity of the product. Stop today at the sign of the CONOCO Red Triangle and have your gas tank filled with this better motor fuel.

What the NEW HUMIDOR PACK means to Camel Smokers*

COMPARE a package of Camels with any other cigarette and note the difference in the technique of packing.

Note that Camels are completely enclosed in an outer transparent cover of moisture-proof cellophane and sealed air-tight at every point.

We call this outer shell the Humidor Pack. It differs from the ordinary cellophane pack and while it is egg-shell thin, it means a lot in terms of cigarette enjoyment.

It means, for instance, that evaporation is checkmated and that Salt Lake City can now have as good Camels as Winston-Salem.

While Camels are made of a blend of the choicest Turkish and mellowest domestic tobaccos, it is highly important, if you are to get full benefit of this quality, that these cigarettes come to you with their natural moisture content still intact.

The Humidor Pack insures that. It prevents the fine tobaccos of Camels from drying out and losing any of their delightful flavor.

Aside from cheap tobacco, two factors in a cigarette can mar the smoker's pleasure:

Fine particles of peppery dust if left in the tobacco by inefficient cleaning methods sting and irritate delicate throat membrane.

Dry tobacco, robbed of its natural moisture by scorching or by evaporation gives off a hot smoke that burns the throat with every inhalation.

We take every precaution against these factors here at Winston-Salem.

A special vacuum cleaning apparatus removes dust and now the new Humidor Pack prevents dryness.

Check the difference yourself. It is a very simple matter to check the difference between Humidor Packed

Camels and other ordinary dry cigarettes.

First of all you can feel the difference as you roll the cigarettes between your fingers. Camels are full-bodied and pliable. A dry cigarette crumbles under pressure and sheds tobacco.

If you will hold a cigarette to each ear and roll them with your fingers you can actually hear the difference.

The real test of course is to smoke them. And here's where the new Humidor Pack proves a real blessing to the smoker.

As you inhale the cool, fragrant smoke from a Camel you get all the mildness and magic of the fine tobaccos of which it is blended.

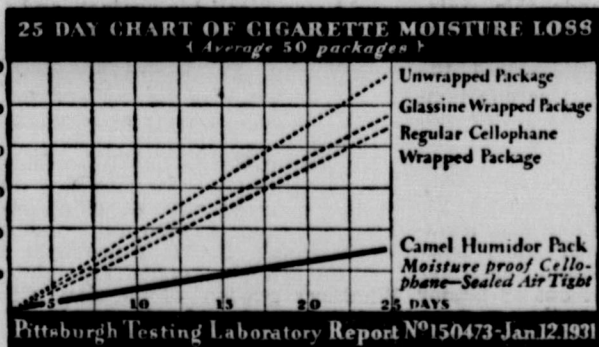

But when you draw in the hot smoke from a dried cigarette see how flat and brackish it is by comparison and how harsh it is to your throat.

If you are a regular Camel smoker you have already noticed what proper condition of the cigarette means.

But if you haven't tried Camels in the new Humidor Pack you have a new adventure with Lady Nicotine in store.

Switch your affections for just one day, then go back to your old love tomorrow if you can.

R. J. REYNOLDS TOBACCO COMPANY, Winston-Salem, N. C.

The Pittsburgh Testing Laboratory chart above graphically shows you that only the Camel Humidor Pack delivers cigarettes to you in prime condition

SCHOOL ORATORY

The national oratorical contest for high schools and secondary schools, which is being held in all parts of the United States, beginning with county contests and progressing into district and territorial, state and zone contests, until the winner is eventually selected in a final event in Washington, is proving of value not alone to the contestants, who are limited to a discussion of the constitution, but to those who have had an opportunity of hearing the orations.

Anything that arouses interest in or a desire to study the constitution of the United States is commendable. The entrants in the contest, in preparing their orations, no doubt had some difficulty in interpreting the basic law of the land.

They found that the constitution provides for three branches of government—legislative, judicial and executive. The authority of each is clearly defined.

But if they have been following the news from Washington, they probably concluded that the three branches of government now are investigative, judicial and executive.

They doubtless recalled that one school of thought advocates a law which will give congress authority to pass legislation even though it is declared unconstitutional by the United States supreme court.

The youthful orators were probably very much confused trying to square up the terms of the constitution with the trend of affairs in the present day.

But they expounded the constitution, its glorious success in piloting a republic through dangerous waters for nearly a century and a half, and its value as an ever-present, dependable friend in perilous times.

The young students will have performed a very valuable service if they influence any considerable number of people to study the constitution and to come to some appreciation of the part it has had in making this the greatest nation in the world.

known dictionary explains that the dictionary-maker's job is like that of the housekeeper never ending.

"From morning sunrise to the dawn of the next day, words pour in upon him," this dictionary editor says, "and have to be identified, sorted, dusted and classified, just exactly the same as plates and dishes on a shelf or other knickknacks in a home."

When most of us think of a dictionary, we think of something original, something that bears the badge of authority—never something that originated with those whom it is expected to benefit.

But when we consider the origin of some of the most recent words now in use, we find that the dictionary maker tells us something that we already knew.

The late president Harding did not go to the dictionary for "normalcy." It was a word of his own making and it was so expressive and so useful that popular usage soon fixed it in the minds of the people as a standard word.

When Grover Cleveland dug up "desuetude," using "innocuous" in front of it he startled the prim-minded students. "Desuetude" had been sleeping for years, but it suddenly took on new life after the president of the United States dignified it by using it.

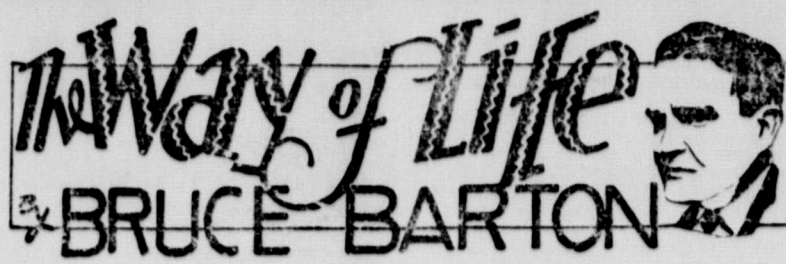

So new words are born over night and old ones are given the spark of life through usage by men in public life.

It is natural that our language should change and that our speech should move constantly. It would be unnatural for a people with vim, enthusiasm and energy, such as characterize Americans, to be satisfied with an unchanging language.

We need expressive words and the constant searching for them by alert minds is certain to be productive of a flexible language that will suit our ever-changing needs.

The only visible evidence of the interior contents of the earth comes from volcanoes and from digging deep mines and shafts.

Texas University has a course in sleeping, designed to give exhausted students enough sleep under proper conditions.

Doing Things for People

I have a friend who occupied a prominent official position in Washington for a number of years. After his retirement he opened an office and let it be known that he would act as an adviser to individuals and companies having business to transact with the government.

Recently he told me that his first year's income was about ten times as large as he had dared to hope for.

"The only way I can explain it is I am now cashing in on my life-time habit of doing things for people," he said. "When I was in office I never could see why it wasn't worth while to go to a little trouble for folks if you could do it properly. So when a man came to me I didn't try to side-step by saying, 'You will have to take that matter up with such and such a department.' I just tried to help him out.

"I wasn't scheming about it. I had no conscious notion that I was laying up treasure in Heaven, or anything of that sort.

"But apparently people remembered and appreciated, and now they are taking pleasure in paying me back."

Neither by temperament nor conviction do I belong to the United Brotherhood of Pollyannas. I do not hold that we live in the best of all possible worlds, nor that selfishness is always punished and virtue always rewarded.

On the contrary, I see many notable examples of men who have apparently never done a gracious thing in their whole lives who yet have achieved fortunes and are quite serene and contented in the enjoyment of the good things of the world.

But at several different times in my own experience I have been surprised by having bread which I had cast on the waters and forgotten come back to me spread with good butter and even considerable jam.

One of the most valuable contacts of my business life grew out of work which I did for a certain charitable organization, with no thought of personal gain. And a large piece of business once walked into my office, sent by the brother of a man whom I had been able to help many years before, and in an entirely different part of the country.

Speaking generally, I should say that the chance of being rewarded for good works is sufficient so that any man is justified, from a purely selfish standpoint, in going out of his way occasionally to be kind.

To say nothing of the fact that doing things for other people brings a personal satisfaction which is, in itself, a reward.

Goodyear Perfects New
Puncture-Proof Tube

Perfection of an inner tube for automobile tires designed to seal punctures and prolong the life of casings, identified as the Puncture-Seal tube, is announced by the Goodyear Tire & Rubber Company of Akron, Ohio, through M. F. Crowell, local dealer for the company.

"The Puncture-Seal tube," says Mr. Crowell, "has an inner lining of thick, semi-plastic rubber in the outer section of its circumference. The semi-cured lining or tread portion is vulcanized to the tube while it is wrong side out, prior to being turned and spliced. Puncture-Seal tubes are made in long sections, then cut to the desired length, after which they are vulcanized on circular mandrels to conform to the shape of the casing.

"Application of the soft rubber to the tube while it is wrong-side out on the mandrel or curing pole gives it a tendency to bulge inward when turned right-side out and spliced. When air pressure is introduced and the outer surface of the tube assumes proper shape, the inner layer of rubber is compressed.

"If a nail or some other sharp object penetrates the entire thickness of the tube, the soft rubber presses against it and prevents loss of air. When the object is removed, the rubber squeezes together instantly and seals the puncture.

"The Puncture-Seal tube has undergone strenuous trials with the Goodyear test fleet under all kinds of weather and road conditions and has proved that it prolongs the life of tires in many ways."

R. P. Womack—

Church and he was identified with this office at the time of his death. He also served as superintendent of the Sunday School for a long period. The ministers of various denominations always found a welcome in the Womack home, which always had an unusual record for hospitality.

The married life of Mr. Womack was particularly beautiful and it seemed that his greatest enjoyment came from talking about the goodness of his wife and about the members of the large family they raised. At his 62nd wedding anniversary last year Mr. Womack made this statement to a News representative: "The best thing about our married life is the large family we have raised. We have done our best to raise our family right and we sure are proud that there is not a black sheep in the group and that we have had no family rackets."

In speaking of how well he and his wife had always got along Mr. Womack said: "We agreed when married that we would leave the other alone if one of us got out of humor and we have stuck to that agreement. I used to be high strung and sometimes fly off the handle but my good wife would always say something nice to me and it has been because of her goodness that we have got along so well." Such modest expressions were typical of Mr. Womack.

Funeral Services were held Wednesday afternoon at 2:30 o'clock in the Baptist Church, which was filled to overflowing with people from all over the county, along with many others from out of the county.

Rev. Woodie W. Smith, pastor of the church, officiated, assisted by Rev. B. J. Osborn, pastor of the local

Methodist Church. A special vocal number was given by a quartet composed of Mrs. Adolphus Wright, Mrs. T. B. Klepper, E. A. Dunagan and C. V. Allen, with Mrs. Arnold Rucker as accompanist at the piano.

Pall bearers were: T. P. Reeder, H. G. Lankford, Frank Hill, Z. W. Smith, Julian Wright and J. C. Self. Honorary pall bearers, members of the American Legion, were: A. R. Sanders, Ed Maynard, Que Miller, D. R. Magee, John Long, Adolphus Wright, Geo. D. Self and A. Y. Beverly.

Flower girls were: Misses Ludell Green, Jimmy Lois Gaffard, Josephine Griffith, Frances Allison, Peggy Thompson, Victoria Owens, Evelyn Sloan, Lillie Mae Edgin and Dessa Housouer.

In respect to Mr. Womack's son, Will R., who is the local undertaker, the members of this profession in neighboring cities, assisted in directing the funeral. J. M. Underwood of Vernon was in charge and he was assisted by J. E. Norris of Paducah, B. H. Smith of Quanah, and E. W. Geoo of Chillicothe. Mrs. Underwood was in charge of the flowers.

Interment was made in the Crowell cemetery.

Friends from out of the county present for the funeral were: Mr. and Mrs. J. H. Richie and son, Mr. and Mrs. L. D. Campbell, Mrs. J. A. Walker, Mrs. Foster, Mr. and Mrs. R. B. Clifton and children, Mrs. Addie Ferguson, Mrs. W. H. Hawley, Miss Nell Ferguson, Mrs. Birdie Conley, Mr. and Mrs. P. L. THALIA 4-H JUMBO CLUB

The Thalia 4-H Jumbo Club met Tuesday night, March 10, 1931. The house was called to order by Charlie B. Wisdom, president of the club. Two songs were sung by the club, led by O. L. Fincher. The roll was then called by Herman Whatley. As each member's name was called he would stand, tell his project, and tell what progress he was making with the project. Nearly every member of the club has begun his project. Never before has the club taken as much interest in the club work as this year.

Following the roll call the following program was given: The value of the farm record, Herman Whatley; the value of the farm budget, Erwin Reed; the labor problem, Arlie Cato; big machines, Roland Whatley; garden proposition, Charlie Wisdom; feed for livestock, A. B. McElroy; how to cultivate cotton, Wilber Edens. Several special reports were then given by W. C. Jones on co-operation. Club work by Fred Rennels, our county agent, and the value of reading a farm magazine by O. L. Fincher. A short talk was then made by Mr. McLendon.

The talk from Mr. Rennels was greatly enjoyed by all. He discussed the problems of 4-H club work with us. We are all hoping that he can be with us at all of our meetings. Mr. Matthews and Mr. McElroy were present as visitors.—Reporter.

NEW VEGETABLE GROWN
BY MRS. TOM COOPER

Chinese celery cabbage was the new vegetable grown last year by Mrs. Tom Cooper, garden demonstrator for the Vivian Home Demonstration Club. It is a cross between cabbage and celery, having stems like celery and leaves much like lettuce. Mrs. Cooper found it good both as a raw salad green and cooked. She has canned a sufficient quantity for her own use and to furnish several of her neighbors. By protecting it from the cold with

cedar branches it lived in the cold all winter and became bleached very crisp. Mrs. Cooper has had carrots in her garden all winter having learned by accident last year that this vegetable would survive severe cold weather.

Nocona Winner of 4th Place in State Finals at Austin Fri. and Sat.

Athens High School won the state championship in basketball at the finals in Austin Saturday. Nocona, conqueror of Crowell in the bi-district meet, won fourth place. Nocona was defeated by San Jacinto High School of Houston, the team that played Athens in the final game. Bradwell defeated Nocona for third place honors. Zachary of Nocona was placed on the all-state team at forward by one expert, however, he was officially placed on the second team. Cunningham, center for Nocona, was one of the few to be given honorable mention. Nocona drew a bye and then defeated Plainview 27 to 26 to go into the semi-finals against San Jacinto. In the Plainview game Nocona came from behind an eight point lead to win the game in the last four minutes of play. Two free tosses by Evans in the final stages were the deciding factors in the contest.

Perryton Making Big Plans for Legion Convention, 21-22

Perryton, Texas, March 11—Pierce Johnson American Legion Post and the Auxiliary Unit are making big preparations for the entertainment of the hundreds of Legionnaires and Auxiliary members who will be in Perryton on Saturday and Sunday, March 21-22, for the annual spring convention of the 18th District. Fifty-three Panhandle counties comprise the district, it being the largest in the state in point of membership. Among the notables in Legion work who will be present are State Commander of the Veterans Bureau State Auxiliary, President, Mrs. F. H. Carpenter, Sour Lake, Texas; State Adjutant Robert O. Whiteaker, Austin, Texas; V. Earl Earp, Sweetwater, State Membership Chairman; Mrs. Tillman Jones, Post, Texas, Fifth Division Auxiliary President; and Major H. E. Gilstrap, regional manager of the Veterans Bureau at Oklahoma City.

Josh Lee, nationally known speaker and head of the Public Speaking departments at the University of Oklahoma will address the convention on "Taking the Profits Out of War." Many other prominent Oklahoma Legionnaires will be present. Perryton, being the furthest north Post in Texas, will have many Oklahoma and Kansas Legionnaires and Auxiliary members present. One of the high spots of the convention will be the Forty and Eight wreck on Saturday afternoon and evening. The Pampa and Perryton Voitures are uniting to make this the biggest wreck of the year in Texas. Open house for all visitors will be held on Saturday afternoon and evening with plenty of entertainment and dancing, etc.

The business sessions of the convention of the Legion will be under the direction of Dr. R. A. Webb, Pampa, 18th District Legion commander. Mrs. Van W. Stewart, Perryton, 18th District Auxiliary President, will preside at the Auxiliary business meeting. Major E. A. Simpson, prominent attorney of Amarillo, will respond to the address of welcome which will be delivered by W. B. Irvin, superintendent of the Perryton school system and a Legionnaire.

Railroad Situation Is Explained at Luncheon of Rotary Club Wed.

"The railroads are not asking for charity, but they do want a square deal," stated J. J. Wells of San Angelo, traveling auditor for the Santa Fe, in an address at the Rotary luncheon Wednesday. The greater part of his address was in regard to the competition furnished the railroads by trucks and busses. After reviewing some railroad history he stated that the railroads today were facing the greatest plight in their history and that they cannot long survive with present conditions. "There ought to be some system of justice as to taxation and regulation in regards to the railroads and the trucks and busses," stated Mr. Wells. He stated that the Santa Fe has paid in Foard County this year a total of \$5,130.10 in taxes, classified as follows: county—\$2,101.61; state—\$1,028.45; special road and bridge—\$212.14; rural schools—\$881.40; Crowell school—\$644; city—\$262.50. He mentioned that the trucks and busses were not regulated as to service and rates as were the railroads and that the railroads must handle any kind of freight, while the trucks could take what they wanted. He also said that it was an injustice for the railroads to maintain their own truckage and then have to assist in subsidizing their competition in having to pay heavy taxes to help build and maintain highways for the use of busses and trucks, which he termed were the greatest factors in destroying the highways of the state. The railroads spent over a half million dollars in maintaining their own tracks and roadbeds last year, Mr. Wells said. He mentioned that the local railroad once had a payroll in Crowell of over one thousand dollars per month in Crowell while its payroll now is about \$300 per month. Ralph Trolinger, traveling freight and passenger agent for the Santa Fe, also made a short talk. Que Miller, tax collector, made the statement that of the more than \$4,000 paid into his office by the Santa Fe, that over sixty per cent of this amount will be used for road purposes, as sixty to seventy cents of every dollar paid in taxes goes for roads and highways.

President John Rasor announced that an inter-city meeting of Rotary Clubs would be held in Wichita Falls Saturday night. H. K. Edwards was in charge of the program.

Insane Negro Caused Danger Here Saturday

George Howard, negro, was adjudged insane Saturday in county court by a special jury called together following his arrest as the result of his acts Saturday afternoon. Howard caused considerable excitement in the residential district in the northeast part of town and had it not been for the timely appearance of two other negroes, Arthur Williams and Johnson Parrish, he might have caused injury to a local woman, whom he chased from her home into the street. He was held in the Hardeman County jail at Quanah until Monday, when he was taken to the state institution for the insane at Terrell by Sheriff Que Miller and Constable J. H. Easley. He was a raving maniac when the officers left with him for Terrell.

Christian Science
Sunday, 11 a. m. Subject for Sunday, March 15, "Substance."
Sunday School at 9:30. Wednesday evening service at 8:00.
The public is cordially invited.

At the Methodist Church
Sunday School 9:45 a. m.
Preaching 11 a. m. and 7:30 p. m.
League 6:30 p. m.
W. M. Society Monday 3 p. m.
Praying meeting Wednesday 7:30 p. m.

Sunday School last Sunday was getting back to normal attendance since the bad weather. We had 249. Please keep in mind that we can easily have 300, if all who should attend the Methodist church were lined up. The attendance at the preaching service was encouraging. There are others who should have been present. We appreciate the loyalty shown by so many of our members by attending our services. We desire to help each and every person. We want as many of our people as can do so to attend the Crinum meeting at Vernon during the week, but we want them to stay at home on Sundays. The success of our local church depends upon everybody's being loyal to the services on Sundays. Pray that we may have great services next Sunday, and come.
B. J. OSBORN.

Christian Church
Ninety-nine were present at Sunday School last Sunday. A splendid spirit and interest was manifested and great blessings received. The only unsatisfactory feature being that several left before the communion service and preaching. Do not forget that the Lord's Supper should be the center of our worship service. Read Acts 20:7.
Another disappointing feature of our services is that we do not get to preach to the unsaved. Usually there are not more than one or three unsaved at our services, and they are generally small children. Our mission is to save souls. Let's get the unsaved to attend our services.
Miss Ida Pearl Harris gave the first of a series of talks on evangelism last Sunday morning. Margaret Cates will give the second one next Sunday morning.
All the young people of the church will meet at the church next Sunday afternoon, the time to be announced later, to re-organize our Christian Endeavor. Let's all come and have the best young peoples' organization in Crowell. We mean to have a Christian Endeavor orchestra and invite all who play musical instruments to help us in that.

The Vivian meeting conducted by our Gospel Team, is progressing nicely. Our brethren are doing a fine work. Pray for them and if possible be sure to attend Friday and Saturday evening.
Miss Gusta Mae Davis has kindly agreed to be secretary to the pastor. We certainly appreciate this fine assistance.
Miss Mary Clayton Giddings, Miss Gusta Mae Davis, Bro. Schooley, my family and I attended the Christian Evangelistic Association, Childress District, at the First Christian church in Memphis last Monday evening. The young ladies attending will give a report of this trip next Sunday morning.
We invite all who will to attend our services. Come early and remain for the whole morning service.
C. V. ALLEN.

Church of Christ
Services at the Church of Christ last Sunday were reported to have been attended by good attendance, and the entire service was animated with the spirit so favorable to good church services. The service was conducted by C. V. Ketchersid, following the singing, opened the service by reading and prayer, after which a song led by one of the song leaders. The stand was occupied by A. G. Ketchersid, with a short talk on "The Highway" making the application as pertinent to this age showing how, when and where we enter upon that Great Highway.
The next that took part in the conducting of the service was Phillip Hale, who attending the table, the Lord's Supper was enjoyed by all the members followed by the contribution, which brought the service to a close.
There is always a joy in doing service in the Lord's vineyard when there is a desire on the part of the worshippers to his will.
We are anxious for you to come to the Church of Christ and are always ready to welcome you with a good will and a hearty handshake.
E. J. SMITH, Minister.

Christian Science Churches
The subject of the lesson-sermon was "Man" in all Churches of Christ. Scientist, Sunday, March 8.
The golden text was from Psalms 37:23. "The steps of a good man are ordered by the Lord; and he delighteth in his way."
Included in the service was the following passage from the Bible: "And God said, Let us make man in our image, after our likeness; and let them have dominion over the fish of the sea, and over the fowl of the air, and over the cattle, and over all the earth, and over every creeping thing that creepeth upon the earth"—Genesis 1:26.

The lesson-sermon also embraced the following citations from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy (pp. 258, 336): "God expresses in man the infinite idea forever developing itself, broadening and rising higher and higher from a boundless basis—The human capacities are enlarged and perfected in proportion as humanity gains the true conception of man and God. The spiritual man's consciousness and individuality are reflections of God."

They are a lot who write that can't so it may be there is some who don't write that could. In fact we ain't heard of but one guy who can't write. A fellow was telling us, he says that the old man can't read nor write but he is pretty crude. Yesterday we had a sandstorm from the northwest and a letter from a bird way up on the plains. He says, (the man who wrote, not the sandstorm, of course), so the guy says, "Why we read your stuff in the old home paper every week and get a lot of fun out of it. That's all he said. We know they ain't nobody who gets mad fun of more'n these jumped-up amateur writers but we are thankful this fellow left us room to believe maybe he thought our stuff was really good enough to read. Anyway, so long as we are satisfied so we go ahead and try to be funny without knowing how funny we may be after all. What we don't know don't hurt us but lots of times makes us happy. We are out for a good time. One fellow says what we say ain't so funny as the way we express ourself. Next time we come back to Crowell we aim to express ourself. You can't expect us to know much this year for last year, you know, they took our census. Maybe that accounts for Tom Beverly calling for aid in making an orangeade. We also had a big run on the post office when word got out it was going broke. We work for the post office department, we also work for the war department. The War Department has been sick for a while but she feels well enough now to come back and help us run the post office department. Well, I believe we will shut down with this, we feel so tired and worrissome.

JESUS AMONG FRIENDS AND FOES
Luke 10:38-42; 11:42-46, 52-54
Rev. Samuel D. Price, D. D.

Far more than many may think, Jesus was a very friendly man. He accepted many invitations to be a guest and delighted in the friendships that were increased as He tarried in some familiar home. This time the incident is in Bethany, not far from Jerusalem. The wrighter was at the traditional site of this place and also entered the supposed tomb of Lazarus, brother of Mary and Martha who figure in this lesson.

Both of these sisters have probably been overestimated by their critics. Martha "also" delighted to sit at His feet and learn of Him. Mary had probably attended to her part of the house work that morning. Martha wanted to overdo in the matter of the menu that day, and this was merely in accord with oriental custom. Today many a visit is spoiled for both guest and host by too much entertaining. Mary wanted spiritual uplift rather than physical indigestion. It looks as if Martha had been worrying herself with self-pity and the fretting was allowed to increase until she exploded against her sister and before the Company.

Foes are seen when the Pharisees come around to find fault with this new Teacher Who presents such different rules for daily living. They have added more rules to the Old Testament scrolls than the people can keep in mind, let alone practice. They had fixed a certain day in each year when every grave must be whitewashed lest some one step thereon, but they would not do any thing to help the widow of the man whose body was buried there. Jesus wanted principals observed that would help mankind along the daily pathway. "Ye are my friends if ye do the things which I command you" is the Golden Text.

They are a lot who write that can't so it may be there is some who don't write that could. In fact we ain't heard of but one guy who can't write. A fellow was telling us, he says that the old man can't read nor write but he is pretty crude. Yesterday we had a sandstorm from the northwest and a letter from a bird way up on the plains. He says, (the man who wrote, not the sandstorm, of course), so the guy says, "Why we read your stuff in the old home paper every week and get a lot of fun out of it. That's all he said. We know they ain't nobody who gets mad fun of more'n these jumped-up amateur writers but we are thankful this fellow left us room to believe maybe he thought our stuff was really good enough to read. Anyway, so long as we are satisfied so we go ahead and try to be funny without knowing how funny we may be after all. What we don't know don't hurt us but lots of times makes us happy. We are out for a good time. One fellow says what we say ain't so funny as the way we express ourself. Next time we come back to Crowell we aim to express ourself. You can't expect us to know much this year for last year, you know, they took our census. Maybe that accounts for Tom Beverly calling for aid in making an orangeade. We also had a big run on the post office when word got out it was going broke. We work for the post office department, we also work for the war department. The War Department has been sick for a while but she feels well enough now to come back and help us run the post office department. Well, I believe we will shut down with this, we feel so tired and worrissome.

JESUS AMONG FRIENDS AND FOES
Luke 10:38-42; 11:42-46, 52-54
Rev. Samuel D. Price, D. D.

Far more than many may think, Jesus was a very friendly man. He accepted many invitations to be a guest and delighted in the friendships that were increased as He tarried in some familiar home. This time the incident is in Bethany, not far from Jerusalem. The wrighter was at the traditional site of this place and also entered the supposed tomb of Lazarus, brother of Mary and Martha who figure in this lesson.

Both of these sisters have probably been overestimated by their critics. Martha "also" delighted to sit at His feet and learn of Him. Mary had probably attended to her part of the house work that morning. Martha wanted to overdo in the matter of the menu that day, and this was merely in accord with oriental custom. Today many a visit is spoiled for both guest and host by too much entertaining. Mary wanted spiritual uplift rather than physical indigestion. It looks as if Martha had been worrying herself with self-pity and the fretting was allowed to increase until she exploded against her sister and before the Company.

Foes are seen when the Pharisees come around to find fault with this new Teacher Who presents such different rules for daily living. They have added more rules to the Old Testament scrolls than the people can keep in mind, let alone practice. They had fixed a certain day in each year when every grave must be whitewashed lest some one step thereon, but they would not do any thing to help the widow of the man whose body was buried there. Jesus wanted principals observed that would help mankind along the daily pathway. "Ye are my friends if ye do the things which I command you" is the Golden Text.

More than 73,000 miles in a New Ford

THE substantial worth of the new Ford is reflected in its good performance, economy and reliability. Stamina and endurance are particularly apparent in sections where bad roads and severe weather put a heavy extra burden on the automobile.

In less than a year a new Ford Tudor Sedan was driven more than seventy-three thousand miles over difficult route. The operating cost per mile was very low and practically the only expense for repairs was for new piston rings and a new bearing for the generator.

The car carried an average load of 1200 pounds of mail and was driven 250 miles daily. "The Ford has never failed to go when I was ready," writes one of the three mail carriers operating the car. "The starter did the trick last winter even at 34 degrees below zero. The gas runs about 20 miles per gallon. At times I pull a trailer whenever I have a bulky load."

Many other Ford owners report the same satisfactory performance. Every part has been made to endure — to serve you faithfully and well for many thousands of miles.

THE NEW FORD TUDOR SEDAN
LOW PRICES OF FORD CARS
\$430 to \$630

F. O. B. Detroit, plus freight and delivery. Bumpers and spare tire extra at small cost. You can purchase a Ford on economical terms through the Authorized Ford Finance Plans of the Universal Credit Company.

FEATURES OF THE NEW FORD
Attractive lines and colors, rich, long-wearing upholstery, sturdy steel body construction, Triplex shatter-proof glass windshield, silent, fully enclosed four-wheel brakes, four Houdaille double-acting hydraulic shock absorbers, aluminum pistons, chrome silicon alloy valves, torque-tube drive, three-quarter floating rear axle, more than twenty ball and roller bearings, and bright, enduring Rustless Steel for many exterior metal parts. In addition you save many dollars because of the low first cost of the Ford, low cost of operation and up-keep and low yearly depreciation.

Musings of the Owl

"Winkim, Blinkim and Nod sailed off in a wooden shoe," which had nothing to do with the Owl's silence, but if there are those who like our column we choose to hoot again. But the Indians have been taming wildcats for a long time. Adversity awakens some people, but some people will be awakened anyway.

This cold weather may force the thinly clad cupid back to warmer climates for a while, but we wager he will be back soon for better work. The Owl has noticed, from our roost that affords excellent observation, that when a public servant pleases everybody, it is a pretty good sign that that person has ceased to be progressive. It is only human nature.

And now our interests turn to track work, an institution that bids fair to absorb national interest to a point of equaling that of the other sports.

The basketball team that Crowell High School has turned out this year would be a credit to any community, the boys deserve first praise, but the excellent leadership of such an organization should come in for its deserving honor also.

The socializing value alone of the one-act-play contest should create interest with those who wish for better culture in our high school. This edition of the High School News is sponsored by the Freshmen. If you think their work creditable, speak to them of it, they will appreciate this courtesy. A well developed education in social life is just as important to one's well being as book learning, but some people can't agree with us. Ta-Hoot, Ta-Hoot, Ta-Hoot, THE OWL.

ASSEMBLY PROGRAM

The Sophomores presented a very interesting play Monday morning in assembly. The name of the play was "Spreading the News." The characters were played by: Peggy Thompson, Mrs. Tarry; Lorain Carter, Shawn Sarly; Gerald Knox, Tim Casey; Orville Orr, the Magistrate; Frances Todd, Martley Fallon; Jo Roark, Bridget Tully; Archie Campbell, the policeman; Clinton Ball, Red Jack Smith; Jim Lois Gafford, Mrs. Fallon; Wilburn Clary, James Wright.

In the play gossip caused a charge of murder to be brought against Martley Fallon for killing Red Jack Smith. Smith was not even dead, but a deaf woman was told that his wife had laid a sheet for the hedge and misunderstood it for a sheet for the dead. She was also told that Fallon had run after Smith with a pitchfork, but he had only gone to take the fork to Smith.

There was much humor in this play and everyone enjoyed it. We would like to thank all of the visitors who came, for we appreciate their interest.

C. H. S. RECEIVES THREE NEW PICTURES

Those little seals off of the theme paper have again proven more than beneficial. The three pictures: "The Virgin on the Chair," painted by Raphael, and a beautiful copy of "Texas Blue Bonnets" and "Poppies," by John Gamble were received this week. The school is always proud of each new picture. The prizes given by the Adelpian Club last year framed the pictures. The school has started its annual art contest this week.

GRADE SCHOOL ASSEMBLY

A committee of pupils from Mr. Barrow's room planned and presented the program for the grade school assembly Wednesday morning, March 4.

Two skits were given which were take-offs on intermediate and primary department faculty meetings. Doris Oswald, accompanied by Dorothy Pauline McKown at the piano, sang a solo. Fred Allen Beverly played several songs on the accordion. The intermediate chorus sang two numbers, "Oh, Susanna," and "Welcome, Sweet Springtime."

A number of visitors were present. This week's assembly was used for the tryouts in story telling, sub-junior and junior declamation.

The children from the second grade in Miss White's room will give a spring program next Wednesday morning. Lovely costumes are being made for the program. Visitors are invited to the assembly programs each Wednesday morning at 8:50.

JUNIOR PARTY

Just the usual group of jolly juniors met at the home of Mr. and Mrs. S. S. Bell Friday evening at 7:30 for the grandest party the Juniors have had this term.

Upon arriving the first thing enjoyed was the hot fire. When everyone had gotten warm a number of games of "Hearts" followed. Mrs. C. G. Graves acted as mistress of ceremonies and told the Juniors what was to happen next. She had planned some very interesting and even "nerve-racking" contests on birds, flowers and nature that even Mr. Todd could not answer. Of course refreshments are always the most enjoyable part of any entertainment and these were fully

OLD FOLKS SAY DR. CALDWELL WAS RIGHT

The basis of treating sickness has not changed since Dr. Caldwell left Medical College in 1876, nor since he placed on the market the laxative prescription he had used in his practice.

He treated constipation, biliousness, headaches, mental depression, indigestion, sour stomach and other indispositions entirely by means of simple vegetable laxatives, herbs and roots. These are still the basis of Dr. Caldwell's Syrup Pepsin, a combination of senna and other mild herbs, with pepsin. The simpler the remedy for constipation, the safer for the child and for you. And as you can get results in a mild and safe way by using Dr. Caldwell's Syrup Pepsin, why take chances with strong drugs?

A bottle will last several months, and all can use it. It is pleasant to the taste, gentle in action, and free from narcotics. Elderly people find it ideal. All drug stores have the generous bottles, or write "Syrup Pepsin," Dept. B.B., Monticello, Illinois, for free trial bottle.

needed after those thrilling games of "hearts." After the "eats" everyone crowded around the fire and had their gossip hour.

Coach and Danny Graves sponsored this party at Mr. and Mrs. Bell's and every Junior wants to tell these four what a swell time he had.

DISCOVERY OF AMERICA, 1492

Columbus settled himself in his overstuffed chair, turned on the radio, bit off the end of an expensive cigar, and started on his journey to discover America. The steamship ran well, but on mid-Atlantic something went wrong with the electric lights. The electrician soon repaired this minor trouble.

Columbus put the flag of Spain firmly in the ground and walked toward the glittering Cuban city. He entered the oriental furnished speakeasy and ordered a sumptuous meal.

After the dinner he ventured forth into the theater going crowd and phoned for a taxi at a corner drug. He was going to the Indian Chief to tell him to surrender, for America now belonged to Spain. This matter was easily settled with plenty of time left for amusement. He attended a vitaphone picture starring our own Clara Bow. He took a midnight airplane to the United States to see Hoover, Rockefeller and Washington. He returned by bus and train on the new across-the-sea bridge. On the second night after landing he took a dwelling place in the big Palace Hotel.

A week later he got his spirited bunch of sailors together and started on the return trip with some Indians to show Queen Elizabeth.

In 3 Months and Feels Years Younger

"I have been taking Kruschen Salts for nearly 3 months. I have continued taking one teaspoonful in warm water every morning. I then weighed 217 pounds, was always bothered with pains in my back and lower part of abdomen and sides.

"Now I am glad to say I am a well woman, feel much stronger, years younger and my weight is 170 pounds. I do not only feel better but I look better, so all my friends say."

"I shall never be without Kruschen Salts, will never cease taking my daily dose and more than glad to highly recommend it for the great good that is in it." Mrs. S. A. Solomon, New Bern, N. C., Jan. 1930. "P. S. You may think I am exaggerating by writing such a long letter but truly I feel so indebted to you for putting out such wonderful salts that I cannot say enough."

A bottle of Kruschen Salts that lasts 4 weeks costs but 85 cents at Ferguson Bros. drug store and at drug stores the world over. Take one half teaspoon in a glass of hot water every morning before breakfast.

Attention to diet will help—cut out pastry and fatty meats—go light on potatoes, butter, cream and sugar—the Kruschen way is the safe way to lose fat. Try one bottle and if not joyfully satisfied—money back. G2

PROGRAM ON TEXAS AT COLUMBIAN CLUB

An interesting program on "Texas" was presented at the meeting of the Columbian Club on Wednesday afternoon, March 9th. The hostesses, Mrs. Jack Roberts, used appropriate decorations of Texas flags, and the holiday idea was further carried out in an attractive ice course.

Names of prominent Texans of today were given in answer to roll call, after which Mrs. R. L. Kincaid told of the natural wonders of Texas and the things that have made Texas wonderful. Mrs. Jack Roberts gave the dates, and the reasons for the legal holidays in Texas.

"The Texas Mocking Bird" was read by Mrs. I. T. Graves, and Mrs. C. R. Ferguson reviewed "A Vandalism of the Bush Country," by J. Frank Dobie, and told interesting facts concerning Mr. Dobie's life, and recent popularity.

Guests were Mrs. G. W. Walthall, Mrs. M. L. Bird, Mrs. T. M. Beverly and the active and associate members of the club.—Reporter.

CHRISTIAN EVANGELISTIC ASSOCIATION MET MONDAY

The Christian Evangelistic Association, Childress District, met Monday evening, March 9th, with the First Christian Church at Memphis. This was the first regular meeting after organization at a meeting of pastors from the district recently held at Childress.

This association includes the following counties: Collingsworth, Donley, Hall, Childress, Cottle, Hardeman and Foard. The Christian churches in the respective county seat towns participating in this work at this time, most of which were represented at this meeting Monday evening.

The next meeting of the association will be with the Wellington church of which Rev. H. H. Neely is pastor, 3 months from now. These quarterly meetings are to be all-day meetings.

SIX O'CLOCK DINNER

Josephine Griffith entertained the Wildcat quintet and subs with a six o'clock dinner Saturday night.

When each one arrived he was escorted to the small living room by the hostess where jokes were told and were entertained by radio music. A door opened and everyone fell in line for the dining room.

A three-course dinner was served and it proved to be very delicious. After dinner eight games of "Hearts" were played and Rags Lanier received a small box of chocolates in the shape of hearts for making the highest score. After this several clever contests were offered.

Those present were: Evelyn Sloan, Mary Frances Self, Kathryn Crowell, Anabel Carter, Mr. and Mrs. Coach Graves, Guy Todd, Ragsdale Lanier, John Todd, Bill Middleton, D. S. Todd, Loraine Carter, Venson Hall, Harold Hinds and the hostess.—Contributed.

WIMODAUSIS CLUB

The Wimodausis Club met Wednesday, March 14th, at the home of Mrs. Tom Russell with 14 members present and one guest, Mrs. French. During the business, motion was made for an achievement-day contest. The president appointed Mrs. Roy Steele and Mrs. Pete Bell as garden demonstrators. Mrs. Reed led the lesson on "making canning budgets." Roll call was answered by "what I plan to do." Mrs. Reed gave a very interesting talk on her experience in canning. Mrs. Kelly Erwin talked on planning the family budget. Miss Dosca Hale's talk on canning was enjoyed by all.—Reporter.

THALIA HOME DEM. CLUB

Thalia Home Demonstration Club met at Mrs. Cap Morris' March 6th with Mrs. Luther Jobe as leader.

The club songs, Texasland and the Eyes of Texas, were led by Miss Dosca Hale. A business session was held. We decided the 2nd and 3rd weeks for planting trees and beautifying our homes. Forty trees, ninety-seven shrubs, roses and a variety of flowers have been planted. We ask the cooperation of the community at large.

The subject for the afternoon was "Making Canning Budget," which was made for the twelve housewives present, was 8988 containers. A talk on "what my pantry has meant to me" was made by Mrs. Scales.

Miss Dosca Hale gave us an instructive talk on food requirements for the body and valuations of food.

Our membership has increased each meeting this spring. The next meeting will be held at Mrs. W. A. Reid's March 20, 1931.—Reporter.

WEST RAYLAND 4-H CLUB

The West Rayland 4-H Club met February 25. Miss Hale demonstrated how pillow cases should be

made. She also showed us right and wrong ways to work them.

There has been a great improvement in the yards of this community. 135 shrubs have been set out and several beds of flowers planted.

The next meeting will be March 10th.—Reporter.

WEST RAYLAND CLUB

The club met Tuesday afternoon with Mrs. Pete Gregg.

The lesson on canning budgets was discussed by Mrs. Georgia Adkins and Miss Dosca Hale.

There were 15 members and 1 visitor and Miss Hale present.

The club will meet next with Mrs. Ben Hopkins on March 24.—Reporter.

THALIA 4-H CLUB

The Thalia 4-H Club met March 6th at the school auditorium. All were present with one new member, Miss Hale gave a very interesting talk on "how to improve your looks." The next meeting will be March 20.—Reporter.

FOARD CITY CLUB

The pre-school child was the subject discussed by the members of the Foard City Home Demonstration club at the meeting Feb. 17, at the home of Mrs. Grover Owens.

Feb. 27 the club entertained members of the various Home Demonstration clubs with a house warming party at the new club house.

Making canning budgets will be the topic given by the club at the next meeting on March 3 at 2 p. m. at the club house. A demonstration will be given by Miss Dosca Hale, home demonstrator.

HONOR ROLL IS ANNOUNCED FOR 4TH SIX WEEKS

The list of pupils of the Crowell schools to be placed on the honor roll for the fourth six weeks of the present school term has been submitted to The News by Superintendent L. T. Graves.

There are three honor rolls: high scholarship and attendance. To be on the scholarship roll a pupil is required to make an average of 85 per cent or not less than 80 on any subject. Model "A" Ford Gasoline Mileage Contest

Friday, March 20th, 2 p. m.

We are conducting another Mileage Contest, similar to the one we had with the Model "T" Ford in 1927. The following rules will govern the contest:

No entrance fee and everybody driving Model "A" Ford cars eligible, except employes.

After all the tanks have been drained, filled with one U. S. gallon of any kind of gasoline, and the caps sealed, the race will start.

Drivers will drive east to Lockett, turn and start back, and the three judges will check their mileage from one car. The judges' decisions will be final. The following oil companies will furnish the gallon of gasoline free: Gulf, Texas, Magnolia, Sinclair, Conoco, American, Falls, Panhandle, Waggoner and Phillips. Use any kind of regular gasoline, that is, white, red, green, Ethyl or yellow. Take your choice.

No kind of fluid will be allowed in the gasoline, and no gas saps will be allowed. The car must be regular equipment. Open and closed cars in the same class.

First prize, \$10.00 cash; second prize, a Firestone tire to fit car in race; third prize, wash and grease job, and fourth prize, five gallons of gasoline. Out-of-county cars especially invited.

The race will be held, rain or shine, hot or cold, sleet or snow. Come!

Hints to make your car get more mileage: Grease, adjust points to exactly eighteen thousandths, adjust spark plug gaps exactly thirty-five thousandths, see that brakes are not dragging, clean carburetor and blow out jets, time exactly and drive slow.

Friday night, we will have with us Mr. R. S. Beaty who will show moving pictures here in our place free and will give a lecture on lubrication. Prepare to stay and hear him. Everybody invited.
